## A Freshman Fairy Tale

(A Story More Easily Imagined Than Described)

**O**NCE upon a time, when the birds were enjoying their morning songs, a number of Freshmen entered the University of Delaware.

There were few equals and no superiors to this phantasmagoria of personalities who hoped to make this world a bigger and better place in which to live. They were men of brawny arms and their hearts were like those of lions. They had a feverish desire to be like those men who lived out in the great open spaces.

The Frosh were poor but honest; therefore, they steadily rose like the moon in all its glory. The day of the class "rush" reigns supreme in the memory of everyone. A few hours before the "rush" the Frosh, like the bounding bellows, swept everything before them. With bated breath the heartless Sophomores hid themselves from view of the devouring Freshmen. Truly, the Frosh were the proud possessors of the campus for a short time.

On one certain evening the Commons were entirely lacking of Freshmen. Immediately, the Sophomores journeyed to Wilmington in order to try and hinder the functioning of the banquet. It is needless to say that the Frosh were only having a little fun with the second-year men.

One afternoon when the Freshmen had nothing to do, they decided they would like to elect some class officers. "Whity" Cherpak was elected President; "Lew" Kramer, Vice-President; "Ducky" Carlon, Secretary; "Len" Jones, Treasurer, and "Pat" Leahy, Historian.

By an unfortunate mistake on the part of the Freshmen, the Sophomores won the class track meet. Honorable mention must be given to the Freshmen that placed. They were: Prettyman, Robinson, Evans, Baxter, Leahy and Gregg.

In football, "Lew" Kramer surprised everyone by his defensive work; "Dutch" Weggenmann, in his first Varsity game made a name for himself by pulling a ninety-yard run that saved Delaware from defeat, and, "Whity" Cherpak played part of the season as Varsity quarterback. All three of these boys received Varsity letters. The others who gave valuable services to the team were Torbett, Barkley, Messick, Ladd, Graham, Eyre, Mannix, and Hanson.

After the class football game it seems the Sophomores were the worse for wear. Naturally, the score was Freshmen, 12; Sophomores, 0000.

"Rudy" Heinold starred in "The Magistrate." The other Freshmen in the cast were Levy, Yanowitz, and Leahy. "Jim" Grant acted as stage manager.

As for journalism, the contributors (It is alleged that these men caused Lord Northcliff's death on account of jealousy) to the "Review" were Hanson, Robinson, Heinold, Blieburg, King, Chalfant, and Leahy.

The Class of '26 showed that they had the deepest respect for Old Delaware. They gave all they could to make 1922-23 a success.

The Freshmen offer their loyalty and good-fellowship to the Upperclassmen. Shake !!!

—THE HISTORIAN
