504 Undergraduate Students Are Named On Dean's List

The Registrar's Office has just released the Dean's List for the first semester of this academic year. Of the total undergraduate student body, 504 students had indices of 3.00 or above. Only 12 of the above had straight A's for a 4.00 index. They are Arthur F. Arnell, Ag '53; Robert E. Baynard, Ag '53; Stanley J. Czerwinski, A&S '54; Richard O. Gifford, Ag '54; Alice M. Jefferson, A&S '53; Robert E. Krewatch, Ag '54; Richard R. Paris, A&S '53; Rae Lewis Priestly, Ed '53; Aileen M. Ritchie, Ed '53; Leonard M. Rosenbaum, A&S '54; Jules Jacob Schwartz, ME '53; and Nancy Ann Goyne, Ed '53.

A further breakdown indicates that 191, or 55 per cent of the senior class placed on the Dean's List, 129 or 35 per cent of the junior class; 76 or 20 per cent of the sophomore class, and 108 or 20 per cent of the freshman class. Those students in Arts and Science made up the largest majority, totaling 207; Education followed with 124, Engineering had 97; Home Economics, 44; and Agriculture, 32.

36 Undergrads, 2 Professors Elected To Phi Kappa Phi

At the recent annual election meeting of the University of Delaware Chapter of Phi Kappa Phi, the national honorary scholastic fraternity, 36 undergraduates and 2 university professors were elected to membership.

The two faculty members elected to the Delaware Chapter, in recognition of their scholarly activities, are Mr. William D. Lewis, University Librarian, and Professor Paul Dolan, Chairman of the Department of Political Science.

The students elected to the organization, all members of the senior class, are as follows:

- Lembit U. Lilleleht, Mary Aileen Ritchie, Jules J. Schwartz, Joseph A. Glick, Marlene Feinglass, Helen Samendinger, Virginia A. Wells, James Richard Nichols, Sally Goldman, Ruth Arak, Alice M. Jefferson, Nancy Ann Goyne, Arthur F. Arnell, Edward M. Lowicki, Janice H. Thompson, George R. Latham, Patrick Thaddeus, Robert Lee Wilson, Claire S. Hoffman, Lucile R. Gransky, Joan E. Homiller, Sanford Ackerman, Mary J. Guenveur, Diane Brodsky, Joyce L. Davis, Norma R. Hamstead, Doris E. Simon, Grace Schulze, Rae L. Priestly, Walter J. Norbert, Ruth Eckert, William D. Eisenberg, Donald K. Phillips, William R. Clendaniel, Marcia J. Boone, Jay L. Robinson.

Mr. Lewis, who is a graduate of Oberlin College and the Library School of the New York Public Library (now the School of Library Service of Columbia University), is a member of the American Library Association, the Association of College Reference Librarians, the American Bibliographical Society, the Delaware Historical Society, and the Delaware Library

Association. In addition to serving as chairman of several committees for the last organization, he has held the position of vice-president for two years and that of secretary for two years.

Dr. Dolan, who holds graduate degrees from the University of Pennsylvania and Johns Hopkins University, has been on the staff of the University of Delaware since 1940, except for three years on leave while serving in the Navy during World War II. He is a member of the Executive Committee of the Institute of Delaware History and Culture and is the newly elected chairman of the Institute. He is also a member of the American Political Science Association and the American Association of University Professors.

Business Manager

GLENN DILL

TED ZUTZ

Dill, Zutz, Sklut Hold Key Positions On Review Staff

The present issue of the Review marks the first under the direction of Glenn Dill, the new editor; Ted Zutz, business manager; and Phyllis Sklut, associate editor.

Glenn, a horticulture major, has been active on the Review for more than two years and has served successively as feature editor and managing editor. He is a member of Delta Tau Delta social fraternity, as well as Omicron Delta Kappa

and Alpha Zeta, honorary leadership and agricultural fraternities respectively. He is managing editor of the Needle and Haystack, publication of the Agriculture and Home Economics Schools, and is a member of the SGA College Hour Committee.

Ted, a business administration major, has previously served as national advertising manager for the Review. In addition to this, he is a former class treasurer in both his freshman and junior years, chairman of the junior store, business manager of the Junior Musical, house manager of Alpha Epsilon Pi social fraternity, member of Omicron Delta Kappa, and a varsity swimmer. He was recently elected president of the class of '54.

Phyllis, a psychology major, has served on the Review staff for two years, moving from copy editor to her present position; she also is a member of the Blue Hen staff for 1954. A member of the psychology club and the Hillel Councilors, she has been active in South Campus affairs since her freshman year when she was treasurer of her dormitory. She has also assisted with the interdorm playbills, Women's Weekend, and the SGA elections.

Wilber O. Sypherd Offers Series Of Weekly Readings

Wilber Owen Sypherd, University Professor Emeritus of the University of Delaware, will offer the first program in a weekly series of readings from the King James Version of the English Bible on next Monday evening, April 27, at 10:15 p. m. over radio station WDEL. This new program series featuring Dr. Sypherd is presented by the Division of University of Extension.

In this series of readings from the Bible, Dr. Sypherd has tried to cover in twenty-six programs the whole Bible story from Genesis to Revelation.

These fifteen-minute programs comprise selections from the Bible with brief introductory comments. The emphasis will be primarily on the literary effectiveness of the passages selected for recording and production.

In addition to selections from the King James Version as most people know it, two programs (No. 17 and No. 18) will be devoted to the Old Testament Apocrypha (The Truth Story from 1 Esdras, the story of Daniel the Prophet and Bel and the Dragon, and five little essays from Ecclesiasticus), and one program (No. 19) from the New Testament Apocrypha (The Story of Joachim and Anna and of the Infancy of Mary the Mother of Jesus). These New Testament

(Continued on Page 4)

House Parties And Picnics Complete Annual Festivities

Another big week-end will be ushered in tonight with dances given by Alpha Tau Omega, Delta Tau Delta, Alpha Epsilon Pi, and Theta Chi. These dances mark the beginning of the main social event held each year by the respective fraternities.

The Alpha Tau Omega week-end will open this evening with a dinner at the Northeast Yacht Club, followed by a formal dance with the music of Lou Razze and his orchestra. During the dance the ATO Dream Girl for 1953 will be selected. Saturday's festivities will include a house party with the announcement of the 1953 Sweetheart of ATO. A picnic on Sunday at the Wilmington Boys' Club camp will wind up the week-end.

A dinner-dance at Schaefer's "Chesapeake Room," Chesapeake City, Md., will start the whirl of activities for the Deltas. Following dinner, dancing will ensue to the music of Hank Meyermann's Orchestra. During the course of the evening, the 1953 Delt Queen will be announced and will be presented with a loving cup. The dates will take over at the house party on Saturday night and will furnish the entertainment for the evening. A picnic will be held on Sunday at former Delt Andy Anderson's farm on the Sassafras River in Maryland. National maneuvers will be held by the Delt team.

Alpha Epsilon Pi will begin their week-end at the Brandywine Country Club, with music furnished by Johnny Bennett's orchestra. The 1953 AEPi Sweetheart will be announced during the evening. Saturday night's activities include a dinner to be held at the house, followed by a party. Atmosphere will be created by a combo which will furnish dance music for the remainder of the evening. Following the house party, an outdoor weenie roast will be held. A joint picnic with Theta Chi will be held on Sunday.

A dance at the Italian-American Club will usher in the Theta Chi week-end, with the announcement of the 1953 Sweetheart. A house party will be held on Saturday, and a joint picnic on Sunday with AEPi will end another week-end of fun and entertainment.

Tau Beta Pi Initiates 5 Undergraduates

Five undergraduates of the University of Delaware will be initiated into the Alpha Chapter of Tau Beta Pi honorary engineering fraternity tonight at 6 p. m. in ceremonies at the Hob Tea Room. A banquet will follow the initiation.

The students are: Paul Hodgson, a junior chemical engineer from Newark; Seward Jones, a senior mechanical engineer from Wilmington; Martin A. Apostolico, a junior electrical engineer from Wilmington; John Pederson, a junior chemical engineer from Del-

(Continued on Page 10)

Sigma Pi Sigma Holds Annual Banquet April 24

The Physics honor society of Sigma Pi Sigma is holding its annual banquet at 6:30 p. m. tonight in the west wing dining hall of Old College. After the dinner, Dr. Donald Kerr of Johns Hopkins University will speak on "Solid State Physics" and will discuss the theory of operation of transistors. The talk by Dr. Kerr will be given at 7:30 p. m. in Room 6 of Recitation Hall.

All interested members of the faculty, staff, and student body are invited to hear this talk by Dr. Kerr.

The Old

Happy Regrets

Congratulations to the new Editor, Business Manager, and incoming staff of the *Review*. They are facing an honor and a privilege, but also a great responsibility. Their responsibility is to the students, and as is stated in the *Review* Constitution, "to present accurate accounts of events which are of interest . . . to improve the standards of the University by intelligent criticism, and to provide a medium of free expression for the students."

We of the outgoing staff have constantly striven for this ideal and are confident that it will continue to progress. The newspaper is in very capable hands, and it is a pleasure to pass it on to them. Their fine work in the past argues well for the future.

There is no doubt that work on the *Review* is hard work, but very satisfying. It covers almost every phase of campus life and plays an important part in extra-curricular activities. Although mistakes have not been lacking, we are proud in general of the product this year.

The coming year is a vital one to an expanding university. It will be the duty of the paper to not only report the news and reflect student opinion, but to lead the way in such important ideas as the Student Union Building and a radio station.

We would like to express our sincere appreciation to the members of this year's staff for their fine work and support. Any success we have had is due in large measure to them. We are especially grateful to the seniors on the staff, who in many instances have records of four years' service.

Good Luck! C. V. R.

And The New

The Review—Its Past and Its Future

The existence of a medium for free and constructive student opinions and student news is of utmost importance in a university today. Two thousand individuals see and hear two thousand different views every day, whether these differences be minor or major. An attempt to correlate these varied views can aptly be made through an organ such as this, the college newspaper.

In addition the paper can serve to mold student opinion. This does not insinuate that news can be presented in such a way that the students will have a distorted view, thus gaining the wrong impressions. Instead, the able presentation of student views should serve to enlighten the student body, thus resulting in a response of one form or another.

There are innumerable other functions which can be performed by the college newspaper's announcement of future events, presenting a verbal picture of college athletics, featuring various college functions which might otherwise go unnoticed, occasionally branching off on a lighter vein with an application of college wit, and voicing the approval or disapproval of members of the college community.

In the preceding years the obligations of the *Review* have been, for the most part, quite ably fulfilled; however, the execution of an operation as intricate in nature as is this newspaper can hardly be static. There must either be a step forward toward the goal of the ideal publication or a recession, a lowering of the standards made by former Delaware students. The latter is not considered a probability, but merely a constant warning against laxness on our part.

A glance back over the year just passed brings one noteworthy fact to light—the encouraging cooperation of the entire staff of the *Review*. If for no other reason, this condition would warrant an optimistic viewpoint concerning the issues to come.

The sudden additional responsibility realized by the new occupant of an office presents a direct challenge to that occupant. Here's a toast . . . to the challenge ahead in the furor of difficulties and of opportunities . . . and to the eventual mastery of these obstacles. W. G. D.

Notice

There will be an open meeting of the Delawarettes on Wednesday, April 29, at 8 p.m. in Old College Lounge. Mr. Arthur Hanby from Feinberg's will give a talk on Interior Decoration. You do not have to be a member of the Delawarettes to attend.

HOME EC CLUB

Elections: Wednesday, April 29, 9-5.
 Where: Robinson Hall.
 Ballots will be given to paid members only. Therefore get dues in to Doris Crouch, treasurer, before April 27. Ballots will be in the mail boxes.

Reviewing The REVIEW

By PAULINE PEPPER
TEN YEARS AGO

THE U. OF D. REVIEWS ITS ROLE IN THE WAR EFFORT

This week's issue of the 1943 *Review* consisted of ten pages of pictures and columns showing how the U. of D. was contributing its efforts to the 16-month-old World War. Delaware was among the group of 281 colleges and universities first selected for the Army and Navy training program which sent enlisted men here to school and gave advanced technical courses. The *Review* carried a complete list of 650 Delaware alumni and 60 faculty members who had left the university for the armed forces or war industries. This list did not include the several hundred students who had enlisted or who were drafted prior to graduation. In only 16 months the U. of D. had changed from a little state university in the sleepy town of Newark to an "Arsenal of Democracy," a busy factory producing on its assembly line soldiers, sailors, officers, engineers, chemists, and hundreds of other weapons of war.

FOUR YEARS AGO

THE PROBLEM OF CHEATING

April 28, 1949, was set as a big date for the students of the U. of D. Yes, that was the date set for the mass meeting of students for the purpose of discussing the problem of cheating. Printed pamphlets on the topic were distributed to each and every student and faculty member. Three suggestions were made by a committee of students who had been working on the problem, and they were:

1. Reduction of emphasis on examinations and the marking system as a whole; wherever possible, elimination of final examinations.
2. Improvement of the student-faculty relations.
3. Adoption of some form of honor system.

The mass meeting of students was to be held in Mitchell Hall, and it was stressed that the meeting was to be closed to the faculty. Any questions or objections were to be brought up at that time.

FRATERNITIES EXHIBIT EQUIPMENT

This issue of the *Review* featured for the first time the Greek Column. In connection with the new column, the I. F. Council sponsored the first "Know Your Fraternities Week," the purpose of which was to acquaint the student body with the fraternities existing here. An exhibit was placed in the west wing of the Memorial Library. The exhibit included interesting fraternity equipment of each organization.

TWO YEARS AGO DR. JOHN A. PERKINS INAUGURATED

On April 20, 1951, Dr. Allan P. Colburn, provost of the university, announced that all the classes were to be terminated at 1 p. m. that day to allow the students to attend the formal investiture of Dr. John A. Perkins as the twenty-first president of the university. The ceremony began at 2:45 p. m. with an academic procession of the faculty from Wolf Hall to the steps of University Hall.

In his inaugural address, Dr. Perkins spoke on the philosophy of education. Others who participated in the program were Dr. W. Owen Sypherd, a former president; Samuel J. Talucci, president of S.G.A.; Governor Elbert N. Carvel, governor of Delaware; and Dr. Augustus H. Able, professor of English.

COLONEL JOSEPH HAFER TAKES POSITION

Two years ago, Colonel Joseph B. Hafer, a veteran of thirty-four years of military duty, was assigned by the Department of the Army to serve as professor of military science and tactics here at the U. of D.

ALUMNI NOTES

By
Martha
Shillito

Jack Runkle, in uniform at Cedar Inn, enjoyed an evening of gaiety Saturday night under the protective wing of Miss Jane Banks.

Tom Powers, class of '52, took up his last year's station in the Scrounge on Monday. Wonder if he likes it better than the station for this year as a 2nd Looie in Pittsburgh. Tom, you'll remember, was one of the U. of D.'s most experienced "indoor sportsmen."

Bill Hearn, grad of '52, now employed by IBM in Wilmington, is breezing around in a new Buick. Padding that expense account can pay off if you know how to do it, can't it, Billy?

Tom O'Donnell, class of '52, has finished his Basic Training at Indian Town Gap and is en route to a new assignment at Fort Holabird, Md.

Ad Brodhag, the Theta Chi who made the All-American baseball team last year, and John Ponton, a Snake of '52, are on their way to Korea. Let's show 'em what Udelles can do, guys.

Milt Keene is connected with a radar station in Pittsburgh. He hasn't spotted any enemy planes yet but he can spot a female within a ten-mile radius. Come to think of it, this ex-Thet did all right here on campus—without radar.

KA Week-end brought a number of grads back. Bill Utt, former basketball high scorer from last year, squired Marianne Reinke to the festivities. Dave Kirkby visited the hallowed halls again, too. He's working for the Atlantic Refineries. Bill Bolton, another grad of '52, was also back. How about these KA's? Could anyone other

than Bolton make a second Looie's pay buy a new Plymouth?

Another Free Man bites the dust. Luke Broadway, ATO '52, pinned Miss Mary Anne Catts. Them happy bachelor days are over, Lukey.

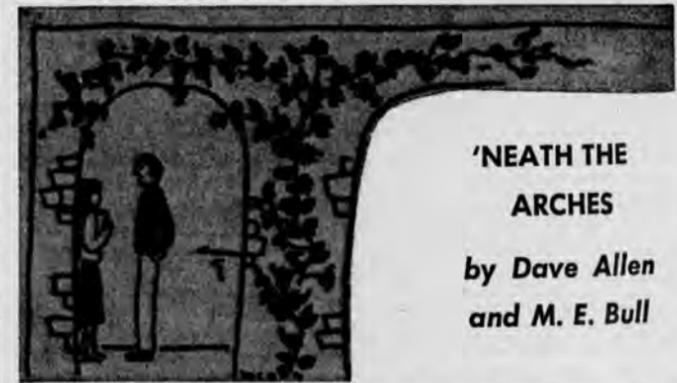

Sue Brown, class of '52, is teaching little urchins their ABC's at Wyoming, Delaware.

Bob Miller, '52, and Lorraine Robinson, February, '53, decided to pool their talents. They are Mr. and Mrs. R. M. of East Orange, New Jersey.

ATO's alumni banquet at the University Club last Saturday night brought back as many grads as did KA's weekend. Here are just a few: Charles Wollaston, commonly known as "Chisel," Jack Symonds and Mr. John Wells. (Apparently Mrs. Wells had heard about these fraternity get-togethers . . . she came along to chaperone hubby.)

Irving Schulman, class of '51, has sailed for Paris. He says he may study there. Why, Irv, what else is there to do there except study? We hear there are some wonderful (liberal) arts courses offered on the Left Bank.

There are some big heads in Phi Kappa Tau as this goes to press. They celebrated their Frat Week-end last weekend, so you see we don't mean the heads are big due to conceit. The festivities brought back to the Halls of Ivy Gene and Maggie Lent, Al Loomis, Frank Springer, Tony Sockler, Bob Moore, Augie Bellanca, Jim Micheals and Sam MacCrum. This partial list explains the sagging walls and leaning doors that appeared on the Phi Tau Frat house Monday morning. Must have been quite a party?????

'NEATH THE ARCHES

by Dave Allen
and M. E. Bull

DAVE ALLEN and MARY ELLEN BULL

Well, the big thing this week-end was the Fraternity weekends. Reports have it that they were all treemendous, so we'll brief you on each one.

PIKES: Pikes convened out at Newark Country Club, where Joanne Fisher was named Dream Girl of PIKA. Our Delmelodians furnished the music, and a great time was had by all. Saturday, Pete Peffer was host out at his farm to the Pikes and their dates for a roaring picnic. Sunday found the Hilltoppers basking in the sun at Rehoboth Beach. Among those attending the weekend were: Harold Prettyman, Olive Smith; Dick Singley, Nancy King; Bill and Blanche Bailey; Bill Keyser and Ann Platt. Pinned: Frank Serpico and Carolyn Hewitt.

K. A.: The Brandywine C. C. was the setting for the Confederate Ball. Pat Billings was chosen to represent the Delaware KA's in the National KA Rose Contest. Ed Hoffman's parents were hosts to the rebels for an after-the-party party Saturday night. Sunday found them at Dr. Lewis' cottage

on the Sassafras River. Among those present at the Weekend were: Dick Gordon, Georgie Schaeffer; Tex Williams and Ann Cook (newly pinned); Bob Wilson, Ann Short; Ken Smith, Jackie Hackett; and newly-engaged Corny Robbins and Janet Porter.

PHI TAU: The Kennett Square C. C. was the scene for the Phi Tau's formal. Chris Clark was named queen over the affair. A local farm was chosen for the picnic on Sunday, and reports have it that it was chilly. Those attending the weekend were: Corky Clendaniel, Nancy Peck; Giff Carother, Babs Nespor; Dan Strecker, Joanne Chandler; Chick and Marilyn. Newly pinned: John Fernandez and Lois West.

Frenchtown was rocking Saturday night. Tom Schaeffer and Janice Thompson; Art Vande Poelle, June Jarrell; Dan Enterline, Bill Nicoli; Bob "Uncle" Christfield, Mickey Blaine; Tommy Bratton, Dick and Shirley, braved the nasty precipitation to live it up.

Out at Katies, Bark MacLaren, Babs Reed, Faith Ward, Herbie Bascom, Ann Holland, and Ingo.

Children's Theater Presents Tour Of Cinderella, April 30 To May 9

Kase, Ungerleider Have Leading Roles

Final arrangements are now in progress for a smoothly run schedule for the Sixth Annual Children's Theater Tour which starts April 30 in Mitchell Hall. The fantasy *Cinderella* will be given in fifteen performances on April 30, May 1, 2, 6, 7, 8, and 9, in eleven towns and cities.

Judy Kase plays the main role of Cinderella. This is her fifth tour of Children's plays. Previously, she has acted in *Sleeping Beauty* with the University Drama Group and in *The Elves and the Shoemaker* with the same group, in *King Midas and the Golden Touch* and *Pinochio* with the E52 players. Earlier this year she appeared in *The Male Animal*, *Twelfth Night*, and last year in *One Touch of Venus* and *Life With Father*. She is a junior, a drama major, and has recently been elected secretary of the E52 Players.

Ellen Ungerleider plays the fairy godmother. A member of E52, she has mostly worked backstage, with sound on *Pinochio*. She also acted in lab theatres last year.

Bobby Baker is the stepmother. She is the past president of the E52 Players. A senior drama major, she is active backstage on all productions. Bobby was the assistant director of *The Male Animal*, and acted in *Life With Father*.

Prince Charming is acted by Howard Seebach. He has previously played in *The Male Animal*, *Bloomer Girl*, and *Pinochio*. He was on the casting and play selection committee, and has directed lab theaters.

Ed Phillips is cast as the chamberlain. At present, he fills the post of president of the Players. He has acted in *The Male Animal*, *High Tor*, and *Marco's Millions*.

The parts of the two sisters are being played by Irene Klahr and Ann Armstrong. Ann played in *Twelfth Night* and *The Male Animal*. Irene has been in lab theater productions. Both Ann and Irene are freshmen.

Ellen Ungerleider (left) and Judy Kase posed in a scene in the Sixth Annual Children's Theatre Tour beginning soon in Mitchell Hall.

24 Local Schools Accept Invitations For French Contest

For the seventh consecutive year the American Association of Teachers of French is conducting a nationwide contest to determine the best students of French in the secondary schools of the country. Under the auspices of the Delaware Chapter of the Association, tests will be given locally this week to discover the highest ranking students in Delaware. The best papers in each of the four years of French will be forwarded to the regional committee for judging, and the best papers in each region forwarded to the national committee for final selection of national winners. Medals for winners at all levels will be awarded by the French Government.

Invitations to participate in the local contest have been accepted by 24 schools with a total of 146 student contestants. Last year approximately 46,000 students of French in some 1270 schools took part in the national competition. For the first time since the inception of the contest, a Delaware

student, Gail Melvin of Rehoboth, won first place on the national level in second-year French.

Public and private schools in the Wilmington area participating are: Bayard Junior High, Warner Junior High, Claymont High, Salesianum High, P. S. du Pont, Conrad High, Wilmington High, Mt. Pleasant High, Howard High, Sanford Preparatory School, Tower Hill, Tatnall School, Ursuline Academy, Newark High, and Delaware City High. Contestants from these schools will meet in the Wilmington High School on Thursday, April 16, at 3:30 p. m. Students from the high schools of Rehoboth, Seaford, Harrington, Millsboro, Middletown, Bridgeville, and Laurel will meet at 3:00 p. m. on Friday, April 17, in the Wesley Junior College of Dover.

The University of Delaware is again offering a scholarship of \$100 to the winning student entering the university in September. Judges for the contest on the chapter level are: Miss Edna C. Frederick, University of Delaware, chairman; Miss Martha Bossard of Tatnall School, and Mrs. Emma Green of Wilmington High School.

DSTA Conference Opens Tomorrow

The Delaware State Teachers' Association of this university will hold its annual conference for the future teachers of Delaware this Saturday, April 25, from 11:30 to 5:30. All high school students from the state of Delaware who are interested in teaching have been invited. Mr. Howard Row, Executive Secretary of the Delaware State Education Association, will be the speaker.

The program will consist of:
Registration . . . 11:30-12:30 at Old College
Tour of Campus . . . 12:30-1:30
Lunch . . . 1:30-3:30 at Kent Hall
Group Meetings . . . 3:30-4:30
Introduction of new officers . . . 4:30-5:30 at Warner Hall.

The Delaware State Teachers' Association is comprised of 60 students. The organization meets once a month to discuss teaching methods. Speakers on education meet with the group throughout the school year.

The newly elected officers of this organization for the coming school year of 1953-54 are:

- President—Phyllis Schulman
- Vice-president—Lea Wellikson
- Secretary—Barbara Simon
- Treasurer—Hope Orloff
- Historian—Esther Klahr

Col. Hafer Announces Annual ROTC Inspection

The University of Delaware ROTC Cadet Corps will receive its annual inspection next Tuesday, April 28, 1953, it was announced today by Colonel Joseph B. Hafer, Professor of Military Science and Tactics at the University. The inspection board will consist of Colonel Robert Lutz, Armor; Colonel Raymond T. Beurket,

Chemical Corps; Major Edgar L. Casey, Artillery; Major William E. Kish, Artillery; Major Carl F. Decker, Infantry; and Captain Rance E. Cotton, Engineer Corps.

This inspection board is one of a group of similar boards which are conducting inspections of all ROTC units in the Second Army Area.

The object of the inspection is to determine the standard of military training and administration maintained throughout the school year. The board members will observe classroom instruction to be given by Lt. Col. Chester Dombrowski and Captain Samuel A. Grayson. In addition, the members of the board will administer practical tests to all classes of the ROTC to include the Freshman, Sophomore, Junior, and Senior classes in all subjects taught during the year in military courses.

The chief of the board, and Colonel Hafer will confer with Dr. John Perkins, the President of the University.

The inspection will be concluded with a review of the ROTC Cadet Corps on Frazer Field at 11:45 a. m.

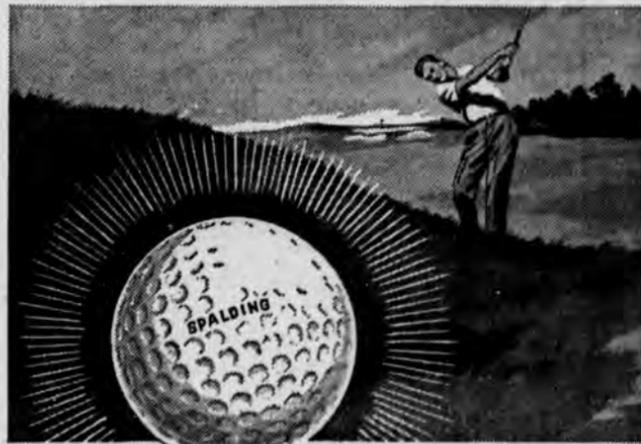

Notice

In order to provide adequate services for visiting press and radio officials at Delaware football games in 1953, the Athletic Publicity Office must secure a number of student assistants for various duties.

Students interested in information on any of the following positions, please contact Sports Publicist Elbert Chance immediately:

- (1) Statistician.
- (2) Permanent radio spotter.
- (3) Member of "spotter pool" for visiting radio stations.
- (4) Photographer.

New! SPALDING GOLF BALLS ARE LIFETIME WHITE

RESISTS SCUFFING, BRUISING, STAINS

SPALDING does it again! Adds a spectacular new permanent whiteness to the game's greatest golf balls.

New LIFETIME WHITE, exclusive with Spalding, is the brightest, whitest white . . . the toughest,

highest gloss white of any ball you ever played.

Proven by "torture tests," Spalding LIFETIME WHITE resists scuffing, bruises, stains . . . won't yellow or chip . . . keeps its sparkling sheen for life.

SPALDING

Sets the Pace in Golf

There's a Spalding golf ball for every game and pocketbook. See your golf professional or dealer.

Apoeryphal writings have never appeared in any Christian Bible, but the inclusion of this one story seemed justified in that it illustrates the doctrine of the Immaculate Conception.

These programs appear at a favorable moment in that an opportunity will thus be offered to contrast the passages from the King James Version, the English classic literary version of the Bible, with the Revised Standard Version which has just been published.

36 Undergrads

(Continued from Page 1)

He has been appointed by the Governor of Delaware to membership on the Committee on Reorganization of State Government.

Both Mr. Lewis and Dr. Dolan have published several books and are the authors of articles appearing in scholarly journals. Mr. Lewis' latest publication is his edition, in 1951, of *The Diary of a Student at Delaware College*, August, 1853, to November, 1854. Dr. Dolan's most recent article, "Party Convention," will appear in the *American Political Science Review* this spring.

In addition to the elections to membership in the organization, officers for the coming academic year were selected by the group. The new officers are as follows: Professor Edna C. Fredrick, president; Professor G. Cuthbert Webber, vice-president; Professor Clinton W. Woodmansee, secretary-treasurer; and Mrs. Sara B. Rogers, Phi Kappa Phi Journal correspondent.

The retiring president of the organization is Professor Arthur E. Tomhave.

Dean Penrose Speaks At Social Studies Meeting

Dr. William O. Penrose, Dean of the School of Education, was one of the principal speakers at a special meeting of the Middle Atlantic States Council for Social Studies held yesterday at the Hotel Henry Hudson.

The special meeting, commemorating the fiftieth anniversary of "Citizenship Education, 1902-1903-2003," was based on the general theme "Contemporary Emphases in Citizenship Education." Dean Penrose's topic was "Teachers and Loyalty Oaths."

ATTENTION SENIORS!

All candidates for degrees in June must arrange for their caps and gowns **NOT LATER THAN APRIL 30, 1953.**

Order blanks for caps and gowns are available at the Bookstore. Please obtain these blanks at your earliest convenience.

Please contact Mrs. Mylrea for information concerning the above.

Junior Chamber Of Commerce Sponsors Miss Newark Pageant

The Junior Chamber of Commerce of Newark is sponsoring a Miss Newark Pageant to be held on Tuesday, May 19, in the Newark High School auditorium.

The aim of the contest is to recognize and reward talent, beauty, and personality by assisting the winner of the pageant with a sizeable scholarship to further her education in her chosen field. The scholarship must be used solely for

educational purposes and can not be turned into cash. The Jaycees also wish to stress the fact that in the past Miss America contests, the most beautiful girl has not been the one to win.

Miss Newark may not be the most glamorous girl in the world, but she will possess the poise, intelligence, character, talent, and ambition that mark her as a typical American girl. All entrants must possess and display talent in a three-minute routine. This talent may be singing, dancing, playing a musical instrument, dramatic reading, art display, dress designing, etc.; or she may give a three minute talk on the career she wishes to pursue.

All entrants must have been a resident of Newark or vicinity for the past six months. This rule is waived only for contestants whose residence is out of the city or state, but who are residents at the college or university where the contest is being held. She must not have competed in more than one official preliminary contest this year. Also, all entrants must be at least eighteen by September of this year and not over 28 by the same date. All entrants must be single and never have been married, divorced, or had a marriage annulled.

The Jaycees of Newark wish to extend a cordial invitation to each and every girl who can meet the qualifications to fill out an application blank and mail it to Charles Warner, chairman of the entrants committee, whose address appears on the application. Mr. Warner and his committee will make arrangements to meet with each applicant and her parents to answer any further questions and to have the applicant fill out an official entry blank.

The winner of the Miss Newark Pageant will represent Newark in the Miss Delaware contest to be held July 25 at Rehoboth Beach, preparatory to the September selection of Miss America in Atlantic City. The winner will have an all-expenses-paid trip to Rehoboth Beach.

Entrance blanks here on campus may be acquired from either Milt Roberts in Hullahen Hall or from the Review office.

LAWRENCE INSTITUTE OF TECHNOLOGY

It's All in the Grip

When a girl squeezes tooth paste, does she use the death grip, the middle squeeze, or the top-end squeeze? It might make a difference in the kind of housewife she'll be.

At the University of Wyoming, twenty girls were tested on their tooth paste tube squeezing habits. It was found that the girls who carefully squeezed from the bottom of the tube and rolled it up as they went along tended to be neat in other things.

Girls who grabbed the tube and squeezed at random tended to be careless. Some of the "careless" girls said they were still half asleep when dealing with the tube and didn't care very much how they squeezed it.

Secretary Of Labor Sees Job Openings For June Graduates

Secretary of Labor Martin P. Durkin reported in an open letter on April 13 that the employment outlook for college graduates this year is excellent. Following the usual spring custom of the Department of Labor, he discussed the general over-all situation with job opportunities in a number of broad fields, most of them professional.

Durkin said the economy of the United States is at present operating at extremely high levels; consequently unemployment is low. The main forces responsible for our present high production and employment are consumer purchases, new construction, and capital investment in new enterprises. All these forces, now operating at highest levels, can be expected to continue a number of months but can also be expected to edge downward within the foreseeable future.

Often a glamour is attached to the job openings created as industries are born or expanded. College graduates will be filling jobs, as usual, which are vacated by other workers. It follows that most of the openings will occur in large industries.

In engineering, opportunities are excellent for new graduates. During the forthcoming period of partial mobilization an average of 30,000 new engineers is expected to continue for a number of years.

Demand for personnel in most of the natural sciences has increased in the past two years, especially in activities related to defense production and research and development. Administration and technical sales also need personnel. While bachelor's degrees will be accepted, the greatest demand will be for those having graduate degrees. Chemists, physicists, and earth scientists are needed in many fields. In 1951, chemists with a Ph.D. earned on the average \$6,900; median income for physicists was \$6,300.

The demand for elementary school teachers is greater for 1953-54 than for 1952-53. Over a million additional children will swell the already crowded enrollment. Around 35,000 college students will meet the requirements for grade school teaching in June, and many times that number are needed. The demand for high school teachers is expected to rise slowly over the next several years; at present many vacancies exist in home economics, girls' physical education, agriculture, industrial arts, and physical sciences. Salaries for teachers continue to increase. Average salaries of more than \$4,000 were received by teachers in Delaware.

The U. S. Civil Service Commission reports pressing needs in engineering, physics, metallurgy, cartography, cartography draftsman, chemistry, mathematics, meteorology, geology, oceanography, as well as in medicine, dietetics, and library specialties.

In health professions, shortages existed even before the present mobilization program was begun. Besides the need for physicians and dentists, demand is also growing for physical therapists, occupational therapists, pharmacists, dietitians, public health nutritionists, medical laboratory technicians, medical and psychiatric workers, and veterinarians. Growing civilian needs indicate a critical demand for nurses with new hospital construction calling for 20,000 nursing recruits in institutional nursing alone. Average annual earnings in 1952 of industrial nurses ranged from \$2,730 to \$3,588.

Industry is actively recruiting college graduates trained in business administration. Those combining technical skill and executive ability will have best opportunity for selection by large firms recruiting for potential executives. Oppor-

tunities for women have improved in the field of law. The demand for men graduates for trainee-positions in banks remains high; accountants are also in great demand; especially if they have had courses in business administration in college.

Social work is enjoying an expanding field. Trained personnel to handle case work, group activities, and work connected with community organizations are needed. Median annual salaries in 1950 ranged from \$2,960 for case or

group work to \$3,710 for teaching or research.

looked down horrified, then quickly threw her coat around her again and ran out.

She'd forgotten to wear a skirt. "The only trouble with getting to class on time," comments the *Cavalier Daily*, University of Virginia, "is that there is seldom anyone there to appreciate it."

YEARS AHEAD OF THEM ALL!

Don't you want to try a cigarette with a record like this?

1. THE QUALITY CONTRAST between Chesterfield and other leading cigarettes is a revealing story. Recent chemical analyses give an index of good quality for the country's six leading cigarette brands.

The index of good quality table - a ratio of high sugar to low nicotine - shows Chesterfield quality highest

... 15% higher than its nearest competitor and Chesterfield quality 31% higher than the average of the five other leading brands.

2. First to Give You Premium Quality in Regular and King-size . . . much milder with an extraordinarily good taste - and for your pocketbook, Chesterfield is today's best cigarette buy.

3. A Report Never Before Made About a Cigarette.

For a full year a medical specialist has been giving a group of Chesterfield smokers regular examinations every two months. He reports . . . *no adverse effects to nose, throat and sinuses from smoking Chesterfield.*

BEST FOR YOU

Trackmen Break Two Records Against Johns Hopkins Jays

Two new records were established Saturday afternoon as the Delaware thin clads extended their winning ways at the expense of Johns Hopkins to nine consecutive victories, which covers a two year span.

Tom Baylis began the record breaking as he and Jim Holcomb raced shoulder to shoulder the entire 440 yards with Baylis breaking the tape by a scant step for the new record time of 50.5 seconds. The old record for the 440 yard was 51 seconds, established in 1921 by F. Harmer and posted again in 1935 by J. Perkins.

Not to be outdone, Billy Reybold and Johns Hopkins' Don Manger continued the close races as they finished the 880 in a photo finish. After considerable discussion among the field judges, Bill Reybold was declared the winner in posting 1.57.6 seconds for the distance. Reybold shattered his previous record time of 2:01.6.

Hen runner Ron Watson and Joe Hlavin of Hopkins had an even closer race as they finished in a tie in the 120 high hurdles. Their time was 16.7.

This was the Blue and Gold's second win for the week after having trounced Lehigh.

Coaches Ken Steers and Ed Bernauer will split up the squad Saturday, sending the mile relay team to the Penn relays and the rest of the squad to Baltimore for the Baltimore relays.

The Blue Chick freshman trackmen also won by downing Johns Hopkins frosh 70-51.

Summaries
Mile—Manger (J), Fouracre (D), Taylor (D).
440—Baylis (D), Holcomb (D), Martin (J).
100—Flynn (D), Heck (J), Thompson (J).
120 HI—Watson (D), and Hlavin (J), Saunders (D).
880—Reybold (D), Manger (J), Lambert (J).
220 LH—Thompson (J), Hlavin (J), Saunders (D).
Javelin—Diek (D), Carney (D), Palomba (D).
Discus—Butcher (D), Pedreck (J), Cunningham (D).
Pole Vault—Harper (D) and Miller (D), Saunders (D).
High Jump—Watson (D), Saunders (D), and Carney (D).

Mile Relay—Delaware (Flynn, Holcomb, Reybold and Baylis).

Blue Hen Varsity Linksmen Defeat Temple Owl Golfers

The Blue Hen varsity golfers opened the season last week with an impressive 9-0 victory over the linksmen from West Chester at the Newark Country Club, and later in the week they played another brilliant match by overwhelming the Temple Owls, 9-0. Bob Waples, Carl Wolf, and Tom Martin all stood out with their splendid play.

Yesterday Captain Watson and teammates tackled the tough Engineers from Lehigh. Since Lehigh has not lost a home match in the last 33, the game proved to be very interesting. The match was played at the beautiful Saucon Valley Country Club. This coming Tuesday Bucknell University will be host to the Blue Hens with tee-off time scheduled for 2 p. m., at the Newark Country Club. The team is still made up of Captain Watson, Bill Vallar, Bob Waples, Dana Burch, Carl Wolf, and Tom Martin.

The summaries of the West Chester and Temple matches are as follows:

Watson defeated Sicoli, 6 and 5; Wolf defeated Kerns, 3 and 2. Best ball, Delaware, 4 and 2. Valer defeated Swartz, 6 and 5; Waples defeated Eckroth, 5 and 4. Best ball, Delaware 4 and 3. Buch defeated Blatt, 4 and 3; Martin defeated Stoeckle 6 and 5. Best ball, Delaware, 5 and 4.

Watson defeated Hanuscin, 2 and 1; Wolf defeated Kramer, 3 and 2. Best ball, Delaware, 2 and 1. Valer defeated Felis, 7 and 6; Waples defeated Abrams, 9 and 8. Best ball, Delaware, 8 and 7. Burch defeated Scott, 3 and 2; Martin defeated Perkins, 9 and 8. Best ball, Delaware, 7 and 6.

Sieman's Hen Nine Meet Washington College Team Tomorrow Afternoon

Shown above are several members of the baseball squad before a recent game. Seen in the background are Ray Hoopes, Coach Sieman, and Lew Wright who is sitting on the bench, right foreground.

Coach Bob Sieman's hapless Hen nine will try to gain its second win of the season tomorrow when they meet the Shoremen of Washington College on the Frazer Field Diamond. The Hens have now lost five in a row; and, to make matters worse, second baseman Jim Money-maker has left the team, possibly for the season. Gordon Murray or Ray Hoopes will probably replace Money-maker. Either Lew Wright or Dave Woodward will start on the hill for Delaware.

Last week saw two more defeats hung on the diamond men, first by West Chester 12-5 and then by Ursinus 9-8 in ten innings. The West Chester game saw Delaware tie the game at one all in the second; then the roof caved in as the Hen mound staff gave another one of its high run exhibitions, allowing nine runs to cross home plate in the second and third innings. Fred Hoffman winning pitcher for the Rams fanned thirteen Delaware batsmen while scattering seven hits. Lew Wright was the loser for Delaware. Against Ursinus, Delaware came from behind to tie the game six up in the ninth on Ray Hoopes' hit. Two more were scored in the tenth when Bob Trivits singled, but again the pitching lapsed. Ursinus came up with three big runs in the bottom of the tenth to win the ball game and hand Pete Kelleher his first loss of the season. Kelleher is the lone Hen hurler to win or complete a game. John Allen had four singles to lead the Delaware attack.

Diamond Dust: John Allen took over the team batting lead getting five for nine for the week, raising his average to .323.

Capt. Chuck Abrams dropped to second with .306 as he went two for ten.

Jack Messick, regular left fielder, missed the Ursinus game because of a sore arm sustained when he was hit by a pitch against West Chester.

Jim Meyers, red hot for Williamsport of the Eastern League, recently got a homer, triple and a pair of doubles in one game.

Georgetown, Swarthmore Are Next Opponents Of Netmen

Co-captain Frank White of the Blue Hen Tennis Team opened the season with a decisive win over George Pohlman of Johns Hopkins last Saturday, 6-3 and 6-2, but the remainder of the Jays' squad scored a clean sweep and the Hopkinsmen came out on top, 7-1.

The next few weeks will be busy ones for the Delaware netmen, who will play an average of two matches per week for most of the schedule. Today they face a new opponent, Georgetown University, on the Frazer Field Courts at 2:30 p.m., and tomorrow they face perhaps their strongest foe of the season in Swarthmore, which shut them out in the last meeting between the two clubs. The match to watch in this latter is the duel slated between Frank White and Tim Coss. Coss edged out Frank in their last encounter, 6-1, 6-8, 6-4, gaining the decisive games only after the count was tied at one set apiece and four-all in the third set.

This coming Wednesday the Hens travel to West Chester to encounter the Teachers on their home grounds. The Pennsylvanians copped last year's meet, 6-3.

Despite the somewhat disappointing showing in the opening tilt, the Hens hope that through play against high-caliber opposition they will improve as the season moves along.

Box Score:

Delaware vs. Johns Hopkins
Singles: JH—7 Del.—1
White (D), defeated Pohlman (JH), 6-3, 6-2.
Jennings (JH), defeated Cooperman (D), 6-3, 6-1

Yost (JH), defeated Shuerman (D), 6-0, 6-3
Stretton (JH), defeated Runkle (D), 6-2, 6-1
Smith (JH), defeated Schupp (D), 6-2, 6-1
Doubles:

Van Scotten and Shapiro (JH), defeated Cooperman and Runkle (D), 6-2, 6-1

Yost and Smith (JH), defeated Schuerman and Schupp (D), 6-2, 6-1

Chick 'n' Chat

By VIRGINIA WELLS

Don that bathing cap and forget about those curls for a couple of weeks, for the inter-class swimming marathon has started off with a big splash. This year "Pug" Dobb is the big wheel mermaid, and she has planned a terrific marathon and final swimming meet for the season. The theme of the marathon is "Swimming down the Mississippi." Which class can swim the Mississippi? Right now it looks as though three years of hard (?) work and study have weakened the juniors, for they are swimming along in last place. Splashing away just ahead of them with a strong crew stroke, are the freshmen. In second place are the "tired-of-school" but "still-going-strong" seniors. Must be the last stretch spurt!! The mighty sophomores lead the pack. Looks like the Mississippi currents mean nothing to those sophomores, for they are skimming along at a fine speed.

The marathon will last until the night of April 30, and on that evening the climax of the swimming season will be an inter-class swimming meet. Be sure to check the W.A.A. bulletin board for meet requirements! We want everyone in the meet!! You don't have to be another Florence Chadwick to have fun in our annual meet!! Come out for the marathon and meet! Help lead your class on to victory!!!!

Congratulations to the Modern Dance Club for terrific performances on Wednesday and Thursday evenings. On both nights the audience showed a great deal of enthusiasm for each and every composition. The dancers portrayed such ease, composure, and enthusiasm, that the audience was able to sit back and thoroughly

enjoy the rhythm and naturalness of each dance selection. Yes, the Modern Dance Club has indeed added "one more notch to their staff of success!!" The Spring Concert was indeed "A good job well done!!!"

Well, basketball season is over for another year. Faye Green did a terrific job with the entire organization and is to be congratulated for making this season such a successful and enjoyable one for everyone concerned. The champions of the 1953 season are the Warner I team!! Most of us have seen them play, so we can all see just why they came out on top. It was a great team of great players! Nice going, girls!!

Intramural Track Meet Is April 28

At a meeting of the Intramural Sports Council, it was decided to have an intramural track meet this year. The meet is scheduled for April 28 at 4:15.

The meet is open to all students except those who are members of the cross country or track squads. Any ex-track lettermen are also ineligible. Under the guidance of Coach Rawstrom, it was decided to have seven events, which are listed with the time they will be run off, below.

The Inter-fraternity 880-yard relay will end the meet and be the highlight event. This relay is for fraternities exclusively.

The Events
4:15 440-yd. relay—shot put—broad jump
4:25 Mile run
4:40 100-yd. dash—trials
4:55 880-yd. run
5:10 110-yd. low hurdles
5:20 100-yd. dash—final
5:30 *880-yd. relay
*For Fraternities only

The Armchair Umpire

By CHARLIE WILLIS

Last Saturday concluded the spring football practice sessions for Dave Nelson's 1953 edition of the Blue Hens. In the scrimmage game with Temple, the Blue and Gold performed very well with their one platoon team, even though they were on the short end of the 2-1 touchdown score. The team blocked and tackled hard and recovered several Temple fumbles. Jim Cooper, guard and linebacker, was impressive on defense along with Don Miller, safety and quarterback. Jim Zaiser, halfback up from last year's frosh squad, provided the spectacular run of the day with a 70-yard punt return which was set up by a series of key blocks. "Skip" Crawford made several circus catches of Miller passes for sizeable yardage as did left end Warren Allen. Next year's squad, which will be strengthened by several athletes now participating in spring sports, appears to have sufficient strength for a fine season next fall.

Track fans were treated to several thrilling races last Saturday against Johns Hopkins, even though we overwhelmed the Jays 94-37. Bill Reybold, in winning the half mile, barely edged out Manger of Hopkins in the record time of 1:57.6. Tom Baylis and Jim Holcomb staged a torrid battle in the 440 with Baylis coming from behind on the outside for the close victory and a new Frazer Field record of 50.5 seconds. Versatile Ronnie Watson was a triple winner, being victorious in the high and broad jumps and the 120-yard high hurdles.

Tomorrow, the golf team will meet Bucknell at the Newark Country Club in quest of their third straight home victory. The Delaware linksmen have been very impressive in downing West Chester and Temple by identical 9-0 scores.

Swarthmore's powerful tennis squad will be the guests of the Delaware netmen tomorrow on the clay courts. The outstanding match of the afternoon will feature Tim Cross of Swarthmore vs. Frank White, Hen Capt. Cross is recognized as one of the East's leading players. Few will forget last year's thrilling three set match in which Cross was the eventual winner.

Coach Bob Sieman's baseball nine has a home encounter tomorrow against Washington College, their first home tilt since March 30. Coach Sieman hopes to build a winning streak during the home stand as four of the next five games are home games.

SIDELIGHTS: Bob Wagner will captain the Blue Hen mermen next year . . . a Wilmington battery might face the Delaware nine when they meet Lafayette May 8. They are pitcher Roger Gorden and catcher Maynard Dill . . . Assistant Coach Ed Bernauer is all smiles when you mention this year's track team.

Pictured above are members of Coach Fred Emmerson's powerful undefeated golf team. They are (left to right) Parvis, Cowan, Martin, Watson, Capt.; Waples, Roseberry, Vallar. Missing from the picture are Wolf and Burch.

Spring Football Closes With Scrimmage Against Temple

Spring football came to a close Saturday afternoon as the Temple Owls invaded Frazer Field for a controlled scrimmage with the Blue Hens. The Owls were in possession of the ball, and on the first play, Delaware's Don Miller had to come from his safety position to stop a Temple halfback from going all the way. The Owls kept control of the ball until they had scored; then the Hens took over. The Blue Hens moved the ball very well, both on the ground and in the air. Don Miller convinced the crowd that he has not lost any of his passing ability, as he continually completed passes to Skip Crawford, Warren Allen, and Rocco Carzo. The Blue Hens are the possessors of two glue-fingered ends in Crawford and Allen. Each of the boys made several circus catches.

Rocco Carzo, Jim Zaiser, Dan Ford and Don Miller presented the most yardage for the Hens as one backfield. With their speed and hard running there four men could give any opposing team a headache.

Dan Ford, Coach Dave Nelson's converted fullback, carried would-be tacklers with him for extra yardage numerous times. Freshman Jim Zaiser scored the only time for the Hens. He gathered in a punt, reversed his field, and behind beautiful blocking, went unmolested over 80 yards through the entire Temple team.

The line, lead by Captain Johnny Borresen and Jim Cooper, looked in mid-season form with their blocking, both in the line and downfield, as they threw a stone wall in front of the Owls backs.

As the helmets and pads are packed away until next fall, it's a job well done by Coach Dave Nelson and his staff. The players showed they are ready to continue where they stopped last fall and the Hens of '53 are going to be a mighty rough ball club to handle. Opponents, beware!

Lacrossemen Down Western Maryland

Lacking any individual stars, the Delaware lacrosse team exhibited fine team work as they downed Western Maryland, 8-5, on Frazer Field, Saturday. Eight men shared in the scoring, as the Blue Hens rolled to their third win in five starts.

The Delaware stickmen opened the scoring at 10:05 of the first period as Wayne Kirklyn recovered a rebound near the net and fired it past the visiting goalie. Jim Schaubel and Fred Brown followed Kirklyn's efforts with goals, and Delaware led 3-1 at the end of the first quarter. This was as close as the score was to get, as goals by Tuley, Kinter, Williams, Peterson, and Banks outdistanced the efforts of the Marylanders.

Blue Hen Of The Week

If you witnessed Delaware's one-sided triumph over the Johns Hopkins thinclads last Saturday, you couldn't help but get the idea that the track tuteleges of Ken Steers and Ed Bernauer are on their way to one of the best, if not the finest, seasons in Delaware's history. One of the big reasons for this bright outlook is a lean and lanky runner named Bill Reybold. Letter winner in crosscountry, swimming, and track, this speed artist out of Delaware City romped to a record 1:57.6 time in the 880 yard run against the Blue Jays Saturday; and it puts him in the Blue Hen of the Week circle. A last minute lunge at the tape gave him the nod over Hopkins' great runner, Don Manger, and enabled Reybold to break the previous Frazer Field mark of 2:01.6 which he himself set a year ago. Manger, incidentally, has only been beaten three times in his high school and college track career, and Delaware's Mr. Reybold has turned the trick twice against the Baltimore speedster.

Breaking records is nothing new for this aggie in the class of '54. Four days after the recent swimming campaign ended, Reybold set a new Delaware indoor track mark against Albright for the half mile. He had damaged Albright before last fall in the last cross country meet of the season, when he turned in a sparkling 21:17 time for the four and a quarter mile Newark Country Club course. Ironically enough, his time against Albright was a lower figure than the winning time posted by the Middle Atlantic Champion, Manger, over the same course a week earlier. So hats off to Bill Reybold, also president of the Intramural Athletic Council and a member of Sigma Phi Epsilon.

SUMMER EMPLOYMENT

Fuel Sales Department, Diamond Ice and Coal Company Men completing junior year. One resident of Newark desired, two others from Wilmington area. Salary: \$200 per month. Car desirable, suitable allowance paid. Interested men contact Milton Roberts, Assistant to Dean of Students, Hulihan Hall, Room 112.

Discrimination Is Disapproved By College Students

Most college students are against discriminatory clauses in fraternity constitutions, according to the ACP National Poll of Student Opinion. Clauses which discriminate against Negroes meet with more approval than clauses which discriminate against Jewish people.

The poll was taken last December against a backdrop of increasing student dissatisfaction with national bias clauses. Fraternity chapters at Williams, Amherst, and elsewhere have recently violated their national constitutions by admitting either a Negro or a Jewish person. Student governments at more than a dozen universities and colleges have set deadlines for fraternities to get rid of bias clauses, on penalty of expulsion.

In February, the student council at Rutgers University, N. J., opened a nationwide drive to help Greek chapters persuade their national organizations to change the clauses.

ACP asked the question: "Some fraternities have clauses in their constitutions stating that they will accept as members only individuals of the white race. How do you feel about this policy?"

The answers:
Approve25%
Disapprove65%
No opinion 7%
Other 3%

"I would have it no other way," says a student from the University of the South, Tenn., referring to all-white fraternities.

A freshman at the University of Nebraska is sorry he approves of bias clauses. "Wish I felt differently," he says, "but habit and training are hard to overcome."

Students in the South are evenly divided on the question, while students in the North are overwhelmingly against discriminatory policies. Here's the breakdown:

	North	South
Approve	20%	44%
Disapprove	71%	44%
No opinion	7%	8%
Other	2%	4%

As for policies which limit membership to non-Jewish, student opinion is as follows:

Approve	12%
Disapprove	80%
No opinion	6%
Other	2%

"People of the Jewish faith usually have their own fraternities," says a sophomore coed at Richmond Professional Institute, Va.

Says a senior at the University of Toledo who disapproves of "Aryan" clauses, "I believe in equal rights."

Anyone here named "Cannonball" Frobisher?

BASES FULL. Fat part of the opposition batting order coming up. The manager needs a new pitcher—fast!

So he did what most everybody does in an emergency—reached for the telephone. It connects bull pen and dugout. "Cannonball" was elected to put out the fire.

Ever wonder why people place so much faith in telephones in time of emergency? It's because they know it is dependable—a real friend.

This dependability is a tribute to the men and women of the Bell System. They are forever working on new ideas or improving old ones to give the nation the best telephone service in the world.

The interesting and rewarding work they do could be yours as well. Your Placement Officer will be happy to give you details about the many opportunities for employment in the Bell System.

Bell Telephone System

Greek Column

Pi Kappa Alpha

The Pikes' Dream Girl Whirl was just that as was proven by the manner in which Bob Fisher danced with his wife, Dusty, after she was awarded the Dream Girl Cup. The only thing that could possibly have put a damper on the week-end, and which did, was the %!%\$ rain at Pete Peffer's annual picnic at Perry Point.

The decorations at the country club were simply deeevine, thanks to the decoration committee under the able guidance of Herb Heyl, who got pinned to Marilyn Parr on Friday, and who also got picked up for driving too slow on the New Jersey Turnpike in the new Ford convertible he bought that afternoon. Congratulations are in order for Herb and also for Frank Serpico who gave up what little freedom he had left when he pinned Carol Hewitt Friday night.

We would like to welcome into the Pike fold three new pledges who joined us last week; they are Frank D'Armi, Ralph Dickerson, and Jack Sporey.

Phi Kappa Tau

"Let's have another one next weekend!" This was the unanimous opinion by Phi Tau at the end of our Weekend. On Friday night we started off with a dinner and formal dance at the Kennett Square Country Club where our new Phi Tau Sweetheart, Christine Clark, was announced.

On Saturday night, the scene switched to "346" for a house party, with the pledges providing the entertainment.

Sunday found us enjoying a picnic at which the Brothers trimmed the pledges in softball to round out three days of fun and fraternal spirit. Dick Thomas, new member of the Polar Bear Club, gave us a wading demonstration.

Congratulations are in order for Lois West, who was pinned by John Fernandez.

Ron Watson had a successful week athletically, as he won two golf matches and helped the Delaware track team in beating Lehigh and Johns Hopkins.

Alpha Tau Omega

Last Saturday, Brother Dick Hammond, '52, and Ruth Smoyer exchanged vows in Allentown, Pa. Quite a few brothers traveled up to the wedding.

From the looks of things, this weekend should be one of the best ever. Tonight we open with a dinner and our Spring Formal at the Northeast Yacht Club. High-lighting the dance will be the selection of the ATO Dreamgirl of 1953. Saturday night we are having a houseparty, featuring the presentation of the Sweetheart of ATO for 1953. Sunday afternoon will see the brothers, pledges, and dates gathering at Camp Matahoun for a picnic to close the weekend's festivities.

Brothers Bill Harkins, Dyke Politt, Fred Werner, and Pledge-brothers Owen Boyer, Dick Perry, Jules Prevost, Jim Myers, and Dean Steele have advanced to the second round of the intramural badminton tourney. Good luck, men, and keep climbing up the ladder.

Congratulations to Brother Tom Hopkins and Joan Hayes, who is now wearing his Maltese Cross; also to Brother Al Spang and Hope Draper, who is now wearing his.

Alpha Epsilon Pi

Rho Deuteron takes pleasure in announcing the election of Carl Goldenberg as master for the coming year. We are sure that he will be able to do as excellent a job as did Dick Okonow, our retiring master. The other officers of the fraternity are Bobby Goodman, lieutenant-master; Ted Zutz, scribe; Harvey Porter, exchequer; Dave Schulman, steward. We wish them all the best of luck for the future.

This week the pledges threw a pre-weekend party for the brothers. Seen sipping cokes and ginger-ale

were Jack Frankfurt and Gloria Maisel, Joel Seres and Sandy Gottlieb, and Marv Baliek along with Judy Brown.

It seemed odd seeing Alfie (His Majesty) Isaacs at the party stag. He told us he just got back from an O.D.K. convention in Virginia. Ellie, we think it's shady.

Delta Tau Delta

Ye Olde Delt Shelter is still intact after four pledges. — Bill Brown, Dick Chilcutt, Rob McDonald, and Joe McCafferty went through Hell Week several days ago. This week finds pledges Jack Davidson, John Long, Jack Richter and Jim Sabo going through their paces. Never a dull moment, eh, gang?

Tonight another terrific Delt Weekend begins with a formal dinner-dance at Schaeffer's restaurant, in Chesapeake City, Md. Let's live it up, seniors!

Congrats to Bob McFarlin '51 and wife on the arrival of a bouncing baby boy.

Al "Foot in the Bucket" Tanyer expects to have the Drivin' Delt end up in first place in intramural softball, so the grapevine says.

Nice to see Lieutenant Tom Phillips '52 around campus lately.

Sigma Nu

On Saturday, April 18, 24 pledges were welcomed into brotherhood. They are: Rex Barber, Pete Brosius, Dale Boyd, Clark Carbaugh, Jack Miller, Ron Haines, Bill Lotter, John Kennedy, George McBride, Tom Baker, Frank Pettyjohn, Bud Kimmel, Dave Wood, Dave Tait, Tom Duff, Sandy Whitney, Jay Badgely, John Reeder, Bob Manolakis, Ed White, Bob Strouse, Dave Sharp, Dick Taylor and Mike Ferver, who was the winner of the outstanding pledge award.

The new officers for the coming year are: commander, Dan Enterline; lieutenant-commander, Hugh Martin; recorder, Jerry Angulo; and treasurer, Kenny Edwards. These men take over the reins from Tom Sheaffer, Fred Brown, Dan Enterline, and Carl Wolf, who have been outstanding in their work this past year.

Kappa Alpha

If this column appears slightly disjointed it is the result of a really tremendous weekend.

Friday evening everyone journeyed out to the Brandywine Country Club for the banquet and dance. Everyone is talking about the

"strange-looking" uniforms and brother "TEX" Williams terpsichorian capers with Ann Cook.

The Saturday nite festivities consisted of a house party at the Kastle and a tea afterwards at "George" Hoffman's home. Sunday everyone relaxed and enjoyed many leisure moments at Brother Lewis's cottage. A perfect ending for a perfect weekend.

Our congratulations to Bob "Salvatore" Wright who gave his pin to Miss Kay Zengo of Wilmington. Watch out for "Sal," he's a rascal! Congratulations also to the men who received the following awards: Outstanding Pledge — Bernie Andrews. Goober Gorman Lyin' award — Punch Gordon. Outstanding Senior — Neal Robbins. Will Fisher Memorial Award — Butch Wright.

ATTENTION

Boys cheerleading tryouts will be held on Monday and Tuesday evening, April 27 and 28, at 7 p.m. in Taylor Gymnasium. Show your school spirit!!

THE DU PONT DIGEST

A GROWING FIELD—

Instrumentation

Modern manufacturing trends at Du Pont bring ever-increasing opportunities for technical men

Do you think of instrumentation as applying only to work in electricity and electronics?

Or would you also include problems in chemical processing, materials of construction and materials handling, as well as application of equipment — both mechanical and hydraulic — for measurement and control systems?

At Du Pont, instrumentation is applied to widely diverse areas of manufacturing operations. It calls for many different technical backgrounds. In a typical instrument group there may be men whose formal training has been in mechanical, chemical, electrical or metallurgical engineering, or in physics, etc.

Instrumentation is becoming more and more important in the chemical industry. In fact, many of today's processes and products would not be possible without modern measurement and control systems. The trend toward continuous processes means challenging and constantly increasing opportunities for instrumentation men.

Du Pont's instrument program includes research, development, design, and supervising installation of process control equipment. Some of the work is done in the central Engineering Department at Wilmington. However, most of the major plants across the country now have their own organized instrument groups.

Fred R. Struder, B. Metal W., Rensselaer P.I. '50, examines a pressure strain recorder with Allen R. Furbeck, E.E., Princeton '39.

Richard G. Jackson, B.S. in Ch.E., Columbia '42, and Gregory L. Laserson, Ph.D. in M.E., Columbia '49, test an infrared gas analyzer.

Paul D. Kohl (left), B.S. in M.E., Purdue '46, checks the assembly of an experimental control instrument.

So you may visualize the scope and diversity of the work, here are examples of instrumentation recently developed and designed by Du Pont technical men:

1. A device to measure flow of approximately 30,000 lbs. per hour of gas at more than 10,000 p.s.i. To give 1.2% accuracy and be responsive to flow-changes of five cycles per second.
2. A device to monitor continuously 1200 similar temperatures. Equipment to record temperature and sound alarm at a deviation of 1°C. from desired point.
3. An automatic control system to maintain a predetermined pressure-temperature relation in a large-batch autoclave during spontaneous reaction between two chemicals.

Thus it can be seen that Du Pont instrumentation is limited to no single avenue of engineering. Men with an aptitude for the work get experience in many phases of the Company's technical activities — and an excellent background for positions in management and administration.

ASK FOR "Chemical Engineers at Du Pont." New illustrated booklet describes initial assignments, training and paths of promotion. Just send post card to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington, Delaware.

It's the size of the FIGHT in the man!

That's right! In the U. S. Air Force, it's not the size of the man in the fight—it's the size of the FIGHT IN THE MAN! And Aviation Cadets must have plenty of it. For Cadet training is rugged. If you're good enough . . . tough enough . . . smart enough . . . if you can take it while you're learning to dish it out, you can have one of the most fascinating careers in the world. You'll be equipped to fly the latest, hottest planes. You'll be prepared to take your position as an executive, both in military and commercial aviation as well as in industry. And while you're helping yourself you'll be helping your country.

WIN YOUR WINGS! It takes little over a year to win your wings as a Pilot or Aircraft Observer (Navigator, Bombardier, Radar Operator or Aircraft Performance Engineer). But at the end of your training you graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year.

ARE YOU ELIGIBLE? To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will give you a physical examination.
3. Next, you take a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet training class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

WHERE TO GET MORE DETAILS:
Visit your nearest Air Force Base, Air Force Recruiting Officer, or your nearest Air Force ROTC unit. Or write to: Aviation Cadet, Headquarters, U. S. Air Force, Washington 25, D. C.

SHOCKING!

By BATTERY

Well, my battery ran down over vacation and I was one of the fortunate ones who went to Florida for a change, which I certainly got. I indulged in some sun but was handicapped for the next few days because I was afraid I'd turn into a snake with the way my skin would change. Those two Saturday classes didn't make me any happier toward the administration as I would have been there when I was sitting in class—but it was worth it; the trip, that is, not the classes.

Curious ideas about anatomy prevail in the press. It was stated the other day that a colonel was recently "shot in the ticket office." Another paper says a man was "shot in the suburbs." "He kissed her passionately upon her reappearance." "She whipped him upon his return." "He kissed her back." "Mr. Jones walked in upon her invitation." "She seated herself upon his entering." "We thought she sat down upon her being asked." "She fainted upon his departure."

Editor: Say, this story can't be printed. It says here that the heroine was nude.

Author: That's all right. I cover her with remorse in the next paragraph.

"John, take that ink away from the baby."

"What?"

"He's too young to write a novel."

Agent (to newly rich client, engaging talent for her "At Home")—What about Madame D'Oprano?

Client—Is she good?
Agent—Good? Why she's a great virtuosa.

Client—Never mind about her morals. Can she sing?

"What accounts for Dauber's success as a cubist?"

"He found a model with hiccups."

A wealthy Detroitier, returning from his grand tour abroad, was asked by an artistic friend whether he had managed to pick up a Van Gogh or Picasso abroad.

"Naw," said the traveler. "They're all right hand drive, and I got three Buicks anyway."

"Why are you so much interested in art studies in the nude?"

"Oh, I guess it is just because I was born that way."

A Scotch couple going home from a dance:

"Mary, my lass, will you give me a small kiss on the cheek?"

"A'ny, Johnny me lad, for I see a slight gleam in your 'ey."

On the following Saturday night he says, "Mary me lass, will you give me a small kiss on the cheek?"

"A'ny, Johnny me lad, for I see a slight gleam in your 'ey."

The next Saturday Johnny wears a pair of sunglasses to the dance.

"Mary me lass, will you give me a small kiss on the cheek? And this time you canna' say 'I see a gleam in your 'ey' for I've got sunglasses on."

Mary says: "'Tis true I canna' see a gleam in your 'ey, but I do see a tilt in your kilt."

Tau Beta Pi Initiates

(Continued from Page 1)

mar, Delaware; and Harry E. Mayhew, a senior mechanical engineer from Milford, Delaware.

These men have been selected by the thirteen active members of the local chapter to receive this honor on the basis of their scholastic standing, college extra-curricular activities, and general character qualifications. Both the local and national association have found these students sufficiently equipped in the aspects of integrity, breadth of interest, and adaptability to warrant membership in the honorary fraternity of engineers.

The banquet following the ceremony will be highlighted by an address by Mr. Emery Loomis, vice-president of the Westinghouse Electric Company. In addressing his fellow members in the engineering field, Mr. Loomis will discuss "Problems of Graduate Engineers."

The spring semester initiation comes on the twentieth anniversary of the University of Delaware chapter. In 1933, Delaware joined the ranks of colleges having Tau Beta Pi groups. The organization, founded in 1885 at Lehigh University, is currently composed of 92 chapters including more than 75,000 members. The primary functions of Tau Beta Pi are directed toward recognizing those engineering students who have brought honor to their Alma Mater by distinguished scholarship and exemplary character, and toward fostering a spirit of liberal culture in the engineering colleges of America.

Only Time will Tell...

HEY, THAT WAS SOME BEAUTIFUL DOLL I SAW YOU WITH!

BEAUTIFUL... AND INTELLIGENT! BROTHER, THIS TIME IT'S LOVE!

LOVE UNDYING! LOVE TILL THE END OF TIME! WOW!

HOW CAN THEY TELL SO SOON? HE JUST MET HER LAST NIGHT!

Only time will tell about a new love! And only time will tell about a cigarette! Take your time...

Test CAMELS for 30 days for MILDNESS and FLAVOR!

THERE MUST BE A REASON WHY Camel is America's most popular cigarette—leading all other brands by billions! Camels have the two things smokers want most—rich, full flavor and cool, cool mildness... pack after pack! Try Camels for 30 days and see how mild, how flavorful, how thoroughly enjoyable they are as your steady smoke!

MORE PEOPLE SMOKE CAMELS than any other cigarette!

R. J. REYNOLDS TOB. CO. WINTHROP, N.C.
