

VFW WAR MEMORIAL COAL SET AT \$5000

A. S. Maclary Named Post Commander In Election

A \$5000 goal has been set by the V. F. W. Post in its current campaign to provide Newark with a permanent war memorial honoring all veterans of the community.

The monument itself is expected to cost about \$3,000, V. F. W. officials say. The remainder will be used for landscaping the site and for general maintenance.

Enthusiasm for the plan spread to other town groups the past week, with members responding to the V. F. W.'s asking for cooperation. More letters will be sent, it was said, until every fraternal group has been invited to join.

The letters are sounding out opinion on the project and asking permission to send V. F. W. delegations to club meetings to outline details.

Current plans call for the erection of an originally designed monument between the town library where the Honor now stands. However, neither the type of design will be definitely selected, officials asserted, until groups backing the project have a voice.

Recently elected commander of the V. F. W. is A. S. Maclary, who succeeds Ren George as a result of the group's annual vote last Thursday evening.

Others elected for a year's term are: R. Crossan, senior vice-commander; Harry F. Maclary, junior vice-commander; Raymond Giles, chaplain; James Campbell, quartermaster; Raymond Edmonson, Jr., was named 3-year term as a trustee.

OMHAVE N SCIENCE OMMITTEE

Is Appointed To Biological Survey Group

E. Tomhave, chairman of the Department of Animal and Poultry Industry at the University of Delaware, has been appointed to the Committee on Biological Sciences of an organization of federal agencies and colleges in the area.

The purpose of the organization is to develop more effective cooperation between colleges and federal agencies in the Third Civil Service region. At an organization meeting of the group in Philadelphia, the background and purpose of the committee was discussed. Plans outlined for doing something constructive to improve opportunities for federal service in the fields of biological science.

As a result of the meeting, a committee was appointed by Dr. W. G. Harrison, chairman of the Committee on Biological Sciences, to make a general survey of the biology curricula in various colleges and universities in the Third Civil Service region. Dr. Tomhave is chairman of this committee, assisted by Dr. W. G. Hutchinson of the University of Pennsylvania and Dr. Tomhave.

Thieves Enter Three Business Places Here

Thieves broke in three local business establishments over the week-end but failed to get anything of value, according to police. In all three cases, the thieves gained entrance by breaking through a window.

The first occurred Saturday night at the Baltimore and Ohio R. R. ticket office here on Elkton Road. Nothing was taken, it was said, except a few tickets, later found scattered about nearby.

On Sunday night, Frank Smith's Atlantic Service Station was singled out. Only a small amount of change was taken.

Sometime in between these two attempts, police said, the Newark Bowling Center was entered. Glass was scattered about, but police could find nothing missing.

RECITAL BY WOHL TRIO ON MAR. 29 AT CENTURY

Family Group, Residents Here, To Be Featured In Club Event

The Newark New Century Club will present Dr. and Mrs. Kurt Wohl and their son, Hellmut, in a two piano and violin recital on Monday evening, March 29, in the Club House at 8:15. The concert is for the benefit of the piano fund.

Greta Wohl, born in Zurich, Switzerland, received her education in Germany where she earned the rank of Music Teacher from the Danzig Conservatory. After teaching, she continued her piano studies in Berlin under the tutelage of Mayer-Mahr, Edwin Fischer, Gorrfield Galston, and Egon Petri. She did much concert work in Germany playing Chamber Music. Piano solo recitals, and was accompanist for both instrumental music and Lieder.

Kurt Wohl, whose father was a professor of chemistry at Danzig University, studied piano at the same conservatory as his wife, although at a different time. In addition, he took university work in chemistry at Danzig University. Later he studied at Heidelberg and received his Ph. D. in chemistry in Berlin. He taught at Balliol College, Oxford.

When it seemed likely that Hitler would invade England, Mrs. Wohl and their small son came to America. Dr. Wohl followed much later to take a professorship of physics at Princeton University.

During the years prior to Dr. Wohl's arrival in this country, Mrs. Wohl both taught and did concert work in Farmington and Hartford, Connecticut.

Their son, Hellmut, was 12 years old when he came to the United States with his mother. He received a scholarship. (Continued on Page 8)

RAUB FUND PRESENTED AT U. OF D.

Mrs. C. B. Evans Makes Gift At Exercises Tues.

Over 500 persons attended exercises at the University of Delaware on Tuesday night when Mrs. Charles B. Evans, of Newark, a daughter of Dr. Albert N. Raub, president of Delaware College from 1888 to 1896, formally presented a trust fund to the university, which will enable purchase of books for the Memorial Library.

The ceremonies were held in Mitchell Hall, and the gift was received by Dr. William S. Carlson, president.

The speaker was Dr. John A. Munroe, assistant professor of history, who traced the growth of Delaware College during the presidency of Dr. Raub.

Dr. W. Owen Sypher, a graduate of Delaware College in the last class of Dr. Raub's administration, and subsequently associated with the college and university for 40 years as teacher and administrator, presided at the exercises. It was announced that an exhibit of the 20 textbooks written by Dr. Raub, together with several documents relating to his administration, has been placed in the west wing of the Memorial Library. The exhibit was arranged by William D. Lewis, the librarian.

After the exercises, a reception was held in Warner Hall honoring Mrs. Evans and her sisters, Mrs. Joseph H. Hossinger, Newark, and Mrs. Jennie Frazer, Wilmington.

NHS Senior Is Winner In Nation-Wide Contest

Joseph Marshall Brown, 17, a senior at Newark High School, today was informed that he had been chosen from among 46,112 high school students to receive a Pepsi-Cola Scholarship which will send him to college with full tuition, a monthly allowance, and traveling expenses paid for four years.

The announcement that Joseph had been awarded top honor in this \$330,000 nation-wide scholarship competition was sent to Frederick B. Kutz, principal of Newark High, by John M. Stalnaker, director of the Pepsi-Cola Scholarship Board. Principal Kutz said that Joseph was one of 121 students in the United States to win the Four-Year College Scholarship and that he had participated in the competition with 120 other Delaware students from 32 public, private, and parochial schools.

Newark's winner is the son of Mr. and Mrs. Joseph M. Brown, of Elliot Heights. He is active in all sports, and has played varsity football for four years and is now co-captain of the team. He is a member of the Honor Society, band, chorus, and the school orchestra. A leading citizen of his home town, Joseph is the president of his home room, and he is secretary of the Hi-Y. Racing control-line model airplanes is his hobby, and he has done considerable research study on propellers. He has made high scholastic ratings in his classes, particularly in science, and he plans to study chemical engineering.

This is the fifth winner that Newark High has had in the Pepsi-Cola Scholarship competition. In 1945 Jane E. Fouracre also won a scholarship and she is now attending Pennsylvania State College. Previous winners of College Entrance Awards have been Richard R. Evans, John L. Fossett, and Paul M. Kraemer.

Another Delaware student, William A. Morgan, 16, a senior at Claymont

Senior High School in Claymont, also won a Four-Year College Scholarship in this fourth annual Pepsi-Cola competition.

Joseph M. Brown

petition. He is the son of Mr. and Mrs. W. A. Morgan, of 27 Hillside Road, Claymont.

The scholarship awards, which have a value of \$330,000, are financed by the Pepsi-Cola Company upon the recommendation of its president, Walter S. Mack, Jr. Designed to discover young men and women of outstanding ability and train them for leadership within their own fields, the entire program is offered as a public service to the youth of America. Stalnaker said. The administration of the program has been placed in the hands of the Pepsi-Cola Scholarship Board, which is incorporated separately from the company and composed of some of the nation's leading educators.

PARTY FOR NHS STAFF IS PLANNED BY PARENTS

P-T. A. Fete Next Month Here To Be Innovation

In an ever-expanding program of activities, the Newark Parent-Teacher Association came up this week with plans for another innovation here, when officials announced that teachers of the Newark Schools will be guests at a P-T. A. party in the high school gym, April 30.

The fete, it is believed, will be the first such event ever held here, and, according to P-T. A. vice-president Fred Steigler, is being planned as a gesture of appreciation from the parents of Newark pupils to the teachers. An evening of dancing and informal entertainment will be offered.

The party will be substituted for the regular April P-T. A. meet and will be preceded by a short business session when a nominating committee to select candidates for the annual P-T. A. election will be named.

Informal workshop talks featured the March meeting of the P-T. A. last Thursday evening, when members divided into four groups for discussions with teachers. The group leaders were: Dr. F. B. Parker, primary; B. H. Mackey, intermediate; C. H. Cooper, junior high; Dr. A. P. Colburn, senior high.

An outline of progress to date on the career conference being organized by the P-T. A. was also given by Col. L. A. Zimmer, general chairman. The event will be held May 13, with about 15 experienced counselors on hand to advise high school students on choosing a life's work.

The counselors, who will represent a number of professions and job fields, are being selected with the help of officials of the University of Delaware, the DuPont Company and local industries.

Later in the meeting, Miss Dorothy Draper announced that the play, "The Purple Door," will be presented by Newark students here on April 7 in the high school auditorium. The drama will be presented in competition with plays by Conrad High, Wilmington High and A. I. duPont as elimination tests for the Delaware Play Festival.

FFA Boys Hosts To Fathers At Dinner

Members of the Newark Branch, Future Farmers of America, were hosts to their fathers in a covered dish supper in the school cafeteria here last week.

F. DURNALL TO OPPOSE WOLLASTON IN ELECTION

First Contest In Town Race; F. A. Wheelless Also In Vote

The first contest in the municipal election, set for April 13, developed this week when Frank M. Durnall, 78 Kells Avenue, filed in the middle district opposing Herman Wollaston, incumbent, who is seeking his eighth term on the town body.

Mr. Durnall, a life-long resident of the Kells Avenue area, is currently employed by the Westbrae Water Company in Greenville, Delaware.

Only other development the past week was the entrance of F. A. Wheelless in the Council race. Mr. Wheelless, who is filling the unexpired term of the late J. F. Richards is unopposed thus far in the western district. A retired business man, Mr. Wheelless is currently devoting much of his time to municipal affairs. In addition to his Council duties, he is serving as chairman of the citizen's committee, which is holding weekly sessions while drafting a new version of the town charter.

No one has filed as yet from the eastern district John S. Hopkins, veteran Councilman whose term is expiring, has thus far failed to indicate his intentions regarding running again.

As reported last week, Mayor C. C. Hubert and Herman Wollaston have filed for reelection. Oldest member of the Council, Mayor Hubert, first took over as head of the town body in 1943 on the death of the late Frank Collins and is now seeking his third full term as Mayor.

With only one contest lined up to date the campaign is falling to develop into the heated race predicted in many quarters. Balloting for filing is ten days before the balloting on Saturday, April 3. Written notice must be submitted by then to Town Secretary Vernon Steele.

RED CROSS DRIVE HERE NETS \$5925

2000 Make Contributions To Campaign

Incomplete returns in the Red Cross drive which ended here last Sunday total \$5,925, Dr. R. O. Bauman, general chairman, said yesterday. The figure is expected in top the \$6,000 mark when the final count is made.

Approximately 2,000 persons contributed to the campaign in the Newark branch area, he said, in extending thanks to the public and the volunteer solicitors for their cooperation.

Noteworthy aspect of this year's drive, he said, was the increase response from rural areas. In zone 4, for instance, along the Pleasant Valley Road, a total of 38 families contributed \$50. Last year the return from the same area was \$11.

Contributions by University of Delaware students also proved a boon to the drive, with some 550 students contributing \$210. This far exceeds student contributions in previous years.

JAYCEES TO VIEW FILMS

Sanitation To Be Theme

Films on restaurant sanitation will be shown at a meeting of the Junior Chamber of Commerce in the Academy Building tonight at 8 p. m.

The showing has been arranged as a phase of a program now underway here to improve sanitary standards in local restaurants. R. C. Beckett, state sanitary engineer and W. P. Gainer, state restaurant inspector, will be present at the session.

The two are working with the Newark Board of Health in the sanitary program here, which also includes regular inspections of public eating places. Restaurant personnel are expected to attend the meeting.

VALLEY SCHOOL REPORT

Honor Roll List Given; P-T. A. Meet

Reports for the fourth marking period were issued recently at Pleasant Valley School, Iron Hill. The following students were on the first honor roll: first grade—Barbara Jean Himes, Alvira Peel, "Billy" Pollari and Paul Zisti; second grade—Karina Pollari, "Teddy" Schwartz and Laura Jane Weatherlow; third grade—Shirley Ann Zisti; fourth grade—Maya Zisti; fifth grade—Betty Jane Zisti.

The March P-T. A. meeting, advanced a week because of spring vacation, will be held next Wednesday at 8 p. m. The program will consist of motion pictures shown by a representative of the Delaware Safety Council and accordion music by Miss Viola Pollari, a graduate student at the University of Delaware.

The Easter vacation will begin next Thursday at the close of school. The annual Easter hunt will be staged prior to the closing hour. School will reconvene on Monday, April 5. The holiday period will coincide with that of the Newark Special School District.

A benefit card party will be held by the P-T. A. at the school on Wednesday, April 7, at 8 p. m. Mrs. Harry McCormick, president, Mrs. Gunnar Nelson and Mrs. Francis Thorpe of the Ways and Means Committee, will be in charge. Prizes will be awarded and refreshments served.

The local school is displaying an attendance banner again for placing first in its group in New Castle County during February.

The Junior Red Cross has just sent 136 decorated napkins, 64 nut cups and three pounds of candy to veteran hospitals for use on St. Patrick's Day. The pupils are now working on Easter favors for the hospitals and on bottle caps for the Delaware Hospital.

S. W. SMITH GIVES TALK

Interviewed Over WDEL

Dr. S. W. Smith, secretary of the State Board of Examiners of Optometry, and a resident of Newark with offices here, was interviewed last Wednesday evening over WDEL in a program marking Save Your Vision Week.

Drawing attention to the inconvenience and hazards of inadequate vision and the wonders that can be achieved through modern visual care, Dr. Smith stated that "a key to greater industrial production and fewer accidents, both at work and on the highway is the adoption of a thorough eye-care program."

A person may be able to see quite well yet still have visual problems which cause headaches, nervousness and even ill health. Dr. Smith stated. The important part of any visual care program is the individual's acceptance of the responsibility of caring for his own eyes.

\$300,000.00
THE BOARD OF EDUCATION
OF THE NEWARK SPECIAL SCHOOL DISTRICT
NEW CASTLE COUNTY
STATE OF DELAWARE
SERIES OF 1948

Pursuant to the provisions of Article II, Chapter 71, Revised Code of Delaware, 1935, The Board of Education of the Newark Special School District, New Castle County, State of Delaware, up until 7:30 o'clock P. M. on Friday, March 26, 1948, will receive sealed proposals for the purchase of units of ONE HUNDRED THOUSAND DOLLARS (\$100,000.00) each or all of an issue of THREE HUNDRED THOUSAND DOLLARS (\$300,000.00) of School Bonds, Series of 1948, in ONE THOUSAND DOLLAR (\$1,000.00) denominations bearing date April 15, 1948; authorized to be issued by the Board of Education of the Newark Special School District, New Castle County, State of Delaware, by virtue of the provisions of the School Building Law of the State of Delaware, numbered consecutively, exempt from all State, County and Municipal Taxes; not subject to registration; principal and interest payable in current lawful money at the Farmers' Bank of the State of Delaware at Wilmington, Delaware; said bonds to bear interest at the rate named by the purchaser thereof and such rate must apply to said unit, and/or the entire issue and must be stated in multiples of one eighth of one percentum; interest payable on each bond semi-annually on October 15th and April 15th, of each year hereafter until the date fixed for redemption thereof, at which time the interest shall cease on bonds called for redemption.

These Bonds shall constitute Series of 1948 of Newark Special School District, New Castle County, Delaware, and shall mature in numerical order and shall be retired at par as follows: TWELVE THOUSAND DOLLARS (\$12,000.00) principal amount on April 15th of each calendar year, and ending with the year 1973 inclusive. The Law provides that the bonds to be retired shall be ascertained each year by lot or otherwise, and the resolution of the governing board authorizing the issuance of these bonds provides that they shall be retired within the meaning and intent of the method designated as otherwise, namely, in numerical order.

The Board of Education of the Newark Special School District requires that bids be made in accordance with the purchase of these bonds, are to be by cash or certified check. In accordance with the Law these bonds will be issued on the credit of the Newark Special School District.

Subject to the provisions that the Bonds shall not be sold at less than their face value, the bonds will be awarded to that bidder naming the best offer in the opinion of the Board of Education after con-

sidering the lowness of the interest rate named in such bid. The Board of Education reserves the right at its option, to reject any and all bids and to waive any irregularities in such bids.

The Board of Education reserves the right, at its option, to waive the failure to comply with any provision of this notice by any bidder for said bonds.

A certified check for five percentum of the principal amount of an unit of ONE HUNDRED THOUSAND DOLLARS (\$100,000.00) and/or the entire amount must accompany each bid; such certified check will be returned to each unsuccessful bidder but the check of the purchaser and/or purchasers of said bonds will be forfeited in the event that the purchaser and/or purchasers shall fail to comply.

Bids will be opened in the presence of the bidders or their representatives and of the public at the office of the Board of Education of the Newark Special School District, located in the School Building, situated on the Easterly side of Academy Street in the Town of Newark, New Castle County, Delaware, at 7:30 o'clock P. M. on Friday, the 26th day of March, A. D. 1948.

By order of The Board of Education of the Newark Special School District, New Castle County, Delaware,
JOSEPH M. McVEY,
President.

FEDERAL AID FOR SCHOOLS NOW PENDING

Separate Bills In Senate And House Outlined

Bi-partisan legislation, providing federal aid for the nation's schools, is pending in both houses of Congress. There are slight differences in the senate and house bills, but they are alike in principal and purpose. Under the senate bill, \$285,000 would be available annually for the Delaware schools. This is \$5 for each child of school age.

As interest in this legislation is increasing throughout the nation, the National Education Association has pointed out some of its features. The federal aid bills are intended primarily to raise the standard of education of the poorer schools. The funds would be apportioned among the states on the basis of their need, ability, and effort to support education. Continued state control of the schools is assured specifically in the bills.

A recent NEA study of present school conditions emphasizes their urgent need of federal aid. The rise in state school appropriations has been twenty per cent less than the increase in cost of living within the last eight years. This means that the school crisis has become even more serious. NEA reports show that the instruction of 2,000,000 of the nation's children is being impaired by the teacher shortage and inadequacy of school facilities. More than 5,000,000 other school-age children are not attending any schools.

During the last 150 years, the NEA says, federal funds have been used repeatedly to help the states in meeting educational emergencies. This has thoroughly established the tradition for federal aid, but in the past it has not been extensive enough to improve all phases of public school work. The pending federal aid legislation, however, would help each one of the states in meeting all types of their school needs and would thus uplift the education of the entire nation.

SUBSTATION READIED FOR CHICK TESTS

U. Of D. Plant To Be Site Of Nat'l. Contest

Preparation of the broiler houses at the University of Delaware Substation near Georgetown has been completed to receive the Nation's top baby chicks which are to compete in the National Chicken of Tomorrow finals which are to be held at the Substation starting March 22.

A. E. Tomhave, head of the department of animal and poultry industry of the university and chairman of the Delaware Chicken of Tomorrow Committee, reports that both of the 300-foot-long houses will be used in the contest. To provide adequate space for each of the competing lots of chicks the houses have been partitioned into 15-by-20-foot pens.

Tomhave says that each of the pens will have the usual complement of broiler house equipment. This will include one automatic water, four small feeders to start, and five larger feeders as the birds become older.

Peant hulls will be used for litter in all the pens. Heat in each pen will be supplied by coal burning brooders. The feed used in this contest to produce a superior type of meat-type bird is based on a formula prepared by a special committee of the American Feed Manufacturers in this area. It will be delivered as called for by Karl Seeger, university assistant research poultryman, who is supervising the growing of the birds at the Substation.

On March 22, members of the poultry department of the university and poultrymen of the State will join a corps of other poultry specialists in winging all chicks at the hatchery prior to their being placed in the pens at the substation.

Food Sales Reported High As Net Earnings Drop

General Foods Corp. reported recent sales for 1947 the highest volume of dollars in its history, but earnings were less than in 1946. There was only slight increase in unit sales volume. Net earnings were \$18,303,594, or \$3.19 a share. In 1946 they were \$21,147,515, or \$3.79 a common share. Sales were \$407,266,000, against \$317,000 in 1946.

Expenses went up because of "increased costs of materials and supplies, higher level of salaries, wages, freight rates and other service costs," annual report said.

The company said it did not pass all these on to the consumer, so that 1947 earnings "represented 4 1/2 per cent of sales after taxes while in 1946 was more than 6 1/2 per cent."

School Journalists Hear Address By Tennis Star

A group of Newark High Journalism students heard Miss Alice Marble, former world's tennis champ, discuss "The Will to Win" in a talk at the University of Delaware last week. The college hour was sponsored by the Student Government Association.

"Being physically fit," Miss Marble said, "is of primary importance if one is to become a champion in his field." In this connection she set forth a four-point program, including plenty of sleep, proper food, real exercise and a high moral spirit.

The Newark group included: Tony Cosetti, Ronald Rich, Robert Hopkins, Alice Morrison, Ronald Ewing, Elaine Herbenor, Walter Colmery, Dorothy Keeley and Julian Wallace.

Dr. Munroe also stressed the importance of the coming Italian elections.

UMT URGED IN TALK AT CLUB MEET

Rotary Hears Arguments For Preparedness

It is foolish for the U. S. not to be prepared for any military eventuality in a world where potentially hostile forces are arming to the hilt, declares George Ebinger, past president of the Dover Rotary Club, in a talk on Universal Military Training before the local group here Monday night.

Mr. Ebinger, who is also past commander of the Department of Delaware, American Legion, said preparedness does not mean sacrificing peace or lead to militarism. There are less than a million and a half members now in the U. S. armed forces, he said, and they face potential enemies far greater in numbers.

A trained reserve, he believes, is more desirable than a huge professional army and more in accord with democratic principles.

Program chairman for the evening was William Campbell.

The community service committee reported that Dr. S. W. Smith, a local Rotarian, is contributing his services in the current program offering eye examinations to all first grade pupils at the Newark Schools.

Guest at the meeting was William Richardson, commander of the J. A. O'Daniel Post, No. 10, American Legion. Next week Rodney Dann will offer a program of movies under the general title "Pictorial Pursuits."

NEW U. OF D. DEPT. PLANS DEL. SURVEY

Statistics Laboratory Is Formed

A statistical survey of the population of the State of Delaware is the first major project of a newly formed statistics laboratory at the University of Delaware.

Dr. W. Halder Fisher, assistant professor of economics, Dr. Frederick B. Parker, chairman of the Department of Sociology, and Mrs. Sylvia Kaskey, a statistician, are combining efforts on the project, which will require two years to complete. Originally serving as a central location for the more advantageous use of calculating machines from a few departments, the unit has enlarged its scope to include use by all 14 departments in the School of Arts and Science.

Dr. Fisher, head of the laboratory, said today, the unit has great possibilities for the future, but development will be slow until the idiosyncrasies of operation are familiar to a larger percentage of the university faculty. Currently a pool of qualified personnel is being formed.

At present the unit can handle the flow of students and the ordinary work required by the administration.

This summer it is planned to open the facilities to the research problems of the faculty. A number of research fellowships will be made available to the faculty during the summer recess.

Meanwhile, as the possibilities of such a unit become realized more fully, its use is becoming more widespread. Graduate and extension students in particular are making use of it in the solution of complex data problems.

The advent of the unit made possible the central administration of all the statistics courses taught at the university. Because of its addition, several new courses in statistics have been added to the curriculum and have been made requirements in some courses of study. At present, the only prerequisite to the study of statistics is a course in college algebra.

Presently the laboratory is being used extensively by both the Physical Education division and the School of Agriculture.

CHRISTIANA LISTS PLANS FOR EASTER

Presbyterians Schedule Two Guest Speakers

Dr. Ernest Freeman Hall, of near Barksdale, will fill the pulpit on Palm Sunday at the Head of Christiana Church as well as conducted the regular quarterly communion service on the evening of Holy Thursday, at 8 o'clock.

The latter will be a candlelight ceremony, and all members and friends of the church are urged to attend.

Dr. Elliot Fields, of New Castle, will conduct the Easter service at 11 a. m., and special music is being arranged by both the Adult and Youth choirs.

Dr. Hall and Dr. Fields are both members of the New Castle Presbytery, and their return to the pulpit for the Holy Week services is greatly anticipated.

Mrs. John W. Milburn has been appointed to engage Branson Frye, of Wilmington, for a recital on the new Hammond Organ at the church on Sunday, April 11, at 8 p. m.

Everyone is cordially invited to attend these services.

DELAWARE FARM FRONT

Phosphate Aid To Root Growth

According to C. E. Ocheltree, chairman of the State PMA committee, the application of phosphate in connection with the fertilization of approved legumes and grasses is a part of the Delaware Agricultural Conservation Program.

The real purpose of this feature of the program says the chairman, is to increase the growth of roots in the soil. Since grass and legumes are the more permanent types of farm crops and their root systems are very effective in holding the soil, the application of phosphate has been especially encouraged for these crops.

Grass and clover also are good crops for livestock and conservation farming systems.

So the effectiveness of the application of phosphate as a conservation practice, the chairman explains, is in the accelerated growth of grasses.

HOMEMAKER CLUB WORK IS REVIEWED

Over 2,000 Farm Homes Aided By State's Program

A total of 2,158 Delaware farm homes and 1,177 other than farm homes have reported changes made in homemaking practices as a result of home demonstration work during 1947. Of these, 638 homes were reached for the first time this past year, reports Miss M. Gertrude Holloway, state home demonstration leader of the Delaware Agricultural Extension Service.

County home demonstration agents and extension specialists in nutrition, clothing and home management carried information and recommended homemaking methods to these families through club meetings, project schools and home visits.

Help in selection and use of electric lights and home electrical equipment was given to 3,150 farm families last year, while 1,767 families requested aid in food preparation. Farm families also were given assistance in the following practices: Repairing, remodeling and refurnishing furniture—659 families; freezing foods—1,527; economic information and family problems—1,421; clothing construction—1,153; and financial planning—1,285.

Sixty-one home demonstration clubs with a total membership of 2,014 were listed at the end of 1947, as compared with 55 clubs and 1,785 members the previous year. The first urban club in the state was organized at the Kingswood Community Center in Wilmington. There were three new clubs in Kent County—the Merry-makers Club at Harrington; Happy Homemakers Club at Milford, and the Todds Club in Sussex County, the Bacons Club was organized near Laurel.

Local volunteer leaders from the home demonstration clubs held 216 club meetings during the year, with an attendance of 7,341 persons. This represented five of the monthly meetings scheduled in the year's program.

REORGANIZE U. OF D. UNIT

With the objective of raising the standard of military training in American colleges, the national honor military society of Scabbard and Blade has been reorganized at the University of Delaware after a lapse of several years. Other aims are to foster esprit de corps in the ROTC unit and uniting personnel of the military department in closer relationship.

Eight students were initiated into the Delaware chapter of Scabbard and Blade this week, with James M. Myers of Newark being elected captain of the group, which is to be known as Company I, Seventh Regiment. Other officers are: Phillip R. Tatnall of Wilmington, first lieutenant; George L. New of Wilmington, second lieutenant; and Kurt L. Seligman of Arden, first sergeant. The other members are Wallace F. McFaul, Milford; Weston H. Beale, Lincoln University, Pa.; Robert H. Papy, Newark; and Richard G. Silver, Wilmington.

Newark Band Plays In State Festival

The Newark High School Band made an impressive showing at the third annual State Band Festival held last Saturday at P. S. duPont High. Eighteen bands from throughout the state took part in the opening parade.

Adjucator for the event was Arnold Christman of the Julliard Institute of Music, New York. Written criticisms of the performance of each band will be received within two weeks.

Also announced was the fact that the New Castle County Band will make its annual tour of schools in the county soon after the Easter vacation. The group will offer concerts at assembly programs. Ernest R. Wilder, of the Newark faculty, is one of the directors.

WareAbouts

Spring beat the gun by just about a week with warm, balmy days bringing out the laziness in many of us the early part of this week—even though spring doesn't make its appearance, officially, that is, until this Sunday.

We're keeping our fingers crossed in hopes that guy who predicted several snowfalls upon calculations formed from bobbles on the moon, will be bay-wire on his fourth prediction (three have been right so far) that we will have another snow tomorrow—March 19.

Personally, we've had quite enough snow and inclement weather for one year. But, March and April both have had tendencies in the past to be erratic. So, we'll just have to take it as it comes, we suppose—like it or not.

"Uncle Homer says Aunt Harriet is just like an umpire—she never thinks he's safe when he's out"—Tips & Topics.

A Cartwright, who writes an "A La Carte" column in the Wilmington afternoon paper every so often had an interesting paragraph on a Newark boy one day last week. Said Cartwright:

"SIRC Eugene Schaeen, former Newark High School all-round athlete and son of Mr. and Mrs. George Schaeen, 82 Kershaw Street, is the sensation of the service basketball season in the Philippines. . . . Playing with Sangley Point's Navy team against the Okinawa Sharks in a three-game set for the championship of the islands, Schaeen led all the scorers with an average of 22 points per game and won recognition from the Army's Daily Pacifician as the outstanding performer of the series. . . . His team beat the Sharks in the deciding game before 2,000 in Manila, and now is competing in the inter-command championships in Tokyo. . . . The Newark boy's hitch will be up in July, and he expects to enter the University of Tennessee. At Newark High, Schaeen was also a star in baseball and football."

Davey Douglas kept Newark in the national golf parade, Sunday, when he wound up in a four-way tie for sixth place in the Jacksonville (Fla.) invitational golf tournament, with a 290, thereby pocketing \$425 in prize money. The 1948 horse racing merry-go-round opens in these parts on Monday, March 29, when Bowie, the Eastern outpost of racing, inaugurates its season.

Rex Willis and Melvin Nutter have taken over and are operating the Newark Cash Feed Store, on Elkton Road, with Rex dispensing Pratt's Feeds and Melvin promoting his 100% meat, Dog and Cat food.

Mayor C. C. Hubert—oldest member on the Town Council, in point of service, will seek (and we think, win) his third full term as Mayor, or President of the Council, at the Town Election . . . to be held here on Tuesday, April 13.

It is rumored that there will be full-scale opposition to incumbent members when election day rolls around, but we're inclined to doubt it at this writing. . . . although we know definitely that there will be opposition in the middle district.

With the local golf season officially opened, March 15, the following transcript from the "Information Please Almanac" may bore some of you but it will undoubtedly interest some of the local, sub-par Tee-Men.

"It may be that golf originated in Holland—historians believe it did—but certainly Scotland fostered the game and is famous for it. In fact, in 1457 the Scottish Parliament, disturbed because football and golf had lured young Scots from the more soldierly exercise of archery, passed an ordinance that 'futeball' and golf be utterly 'cruit down and nocht usit.' James I and Charles I of the royal line of Stuarts were golf enthusiasts, whereby the game came to be known as 'the royal and ancient game of golf.'"

"Golf balls used in the early games were lather covered and stuffed with feathers. Clubs of all kinds were fashioned by hand to suit individual players. The great step in spreading the game came with the change from the feather ball to the gutta-percha ball about 1850, and in 1860 formal competition began with the establishment of an annual tournament for the British open championship. There are records of 'golf clubs' in the United States as

far back as colonial days but no actual proof of play before John Reid and some friends laid out six holes on the Reid Lawn in Yonkers, N. Y., in 1888 and played there with golf balls and clubs brought over from Scotland by Robert Lockhart. This group then formed the St. Andrew's Golf Club of Yonkers, and golf was established in this country.

"However, it remained a rather sedate and almost aristocratic pastime until a 20-year-old caddy, Francis Ouimet of Boston defeated two great British professionals, Harry Vardon and Red Ray, in the United States Open Championship at Brookline, Mass., in 1913. This feat put the game and Francis Ouimet on the front pages of newspapers and stirred a wave of enthusiasm for the sport. The greatest feat so far in golf history was that of Robert Tyre Jones, Jr., of Atlanta, Ga., in winning the British Open, The British Amateur, The U. S. Open and the U. S. Amateur titles in one year, 1930."

Now that most of the obnoxious, winter colds are on the mend, we understand that many local youngsters are bedded with—of all things—the measles.

IN MEMORIAM

In sad and loving memory of our son and brother, Bobby Vannoy, who passed away one year ago, March 17, 1947.

One sad and lonely year has passed. Since you left us Bobby dear, We often sit and think of you. And wish that you were here. We miss you still, our hearts are sore. As times goes by we miss you more. Your loving smile, your fond embrace. No one can ever fill your vacant place. Sadly missed by Mother and Daddy, Sister and Brothers.

The Sports Post

By Sean N. Hurd

Completion of the first two rounds of the National Invitation Basketball Tournament in Madison Square Garden has shown that those who made the official seedings are thus far 75% correct whereas the slickers who set the betting odds are still batting 1,000.

The teams were seeded with Western Kentucky in front, followed by New York University, North Carolina State and St. Louis University, in that order. On the other hand the gambling gentry established NYU as the team favored to take the crown, with Western Kentucky, St. Louis and DePaul the next best bets. That was sharp selecting by the odds-makers because it was indeed the Demons of DePaul who pushed North Carolina State's Wolfpack out of the tournament 75-64. The other three common favorites came through their preliminary clashes successfully as the Hilltoppers from the Blue Grass tumbled LaSalle, the Missouri Billikens bounced Bowling Green, and the Violets topped Texas. Tightest squeeze to gain the semi-finals was made by NYU. A field goal with only six seconds to play broke a tie and enabled the New Yorkers to top the Texans 45-43.

On Wednesday (none other than St. Patrick's Day) the invitation champ will be determined by a clash between the winners of the games between Western Kentucky and St. Louis on the one hand and NYU and DePaul on the other.

On the night after that tournament title is tucked away the same Garden on Manhattan will be the scene of the opening engagements of the NCAA Eastern play-offs. Pitted against each other on the 18th will be Columbia, the Ivy League champ (20-1), and Kentucky (32-2), and Michigan's Big Nine titlists (15-5) and Holy Cross (22-3), the defending NCAA champions. Our guess is that it will be the Kentucky Wildcats who face the winner of the Western play-offs to be held in Kansas City.

With the press wires filled with news from the baseball training camps (and some local odd addicts already getting in some practice swings) can long-awaited spring be far away?

There being plenty of interest in these parts in Bob Carpenter's Phillies, who finished in a dead-heat with the Pirates for the National League cellar last year, we were interested in one AP prediction that the Blue Jays would finish in undisputed eighth place this year.

In some ways it's hard to refute that discouraging prognostication. Yet there are many reasons to believe that the Phils should, and perhaps will, do better. By retaining last year's standouts, such as second-sacker Emil Verban and National League batting champion Harry (The Hat) Walker, some smart horse trading which brought Eddie Miller, Bert Haas and Roy Cullenbine into the fold, and the promotion of the most promising farm chain chaff, the Carpenter-Chapman combination appears definitely to have strengthened the Phils.

As a result of these management achievements it appears that team achievements on the playing field will depend on the answer to one big question mark—the hurling corps. Little doubt seems to exist but that pitching is the Phils' most pressing problem. Apparently they're going to have to depend again on such aging (if not already aged) moundmen as Dutch Leonard and Rowe, still called Schoolboy. Being relied upon to furnish additional pitching prowess are Dick Koehler, up from Utica, and Wilmington's Charlie Bicknell and Curt Simmons. The southpaw from Egypt (Pa.), who won 13 while losing only five for the Blue Rocks and turned back the New York Giants in the Phils finale for 1947, looks like the best bet to turn the trick.

SPORT SPECKS. As predicted here last week, PMC won the MAS Southern Division play-offs by tripping Uralinus, conquerors of Swarthmore. News emanating from the local campus that about 75 gridiron candidates have responded to Bill Murray's call for spring practice is accompanied by word from College Park that 110 U. of Maryland men are working out under Jim Tatum. Incidentally, Tatum's line mentor last year, Walt Driskill, has returned to the U. of Oklahoma from whence he came in 1947, as coach of the Sooners' forward wall.

The Naval Academy undoubtedly has taken its bumps on the gridiron these last several years, but another of its athletic teams has been setting an enviable record during that same period. The Middies wrestlers have now registered 46 consecutive mat victories. It would seem that the scoring of 72 points in one basketball game by one player would be a record which would stand for some time—but it ain't so. On the very day that Nat Delong racked up 72 points to lead his River Falls (Wisc.) Teachers to a 96-48 win, a young lad named Wally Piekarski, playing for Tilden Tech Junior high school in Chicago, poured in 37 field goals and 17 fouls for 91 points. This generous contribution by Piekarski enabled Tech to come out on top with a mere 100 point margin—122-22. Figure this one out. Ring magazine has just advanced Leo Q. Murray from fifth ranking heavyweight contender to the No. 3 spot. This came about just after Murray (ever hear of him?) had been on the canvas 21 times in less than three rounds in two fights and had drawn a 90-day suspension.

OVER \$1,000,000 IN PURSE AND ADDED MONEY WILL BE OFFERED AT DEL. MEETING

Stake Program Expanded To 15 For Session Opening May 29 At Stanton Oval; Added Money To Total \$200,000; New \$5,000 Added Stake Is Scheduled

Combination purse and added money to be distributed during the 30-day Delaware Park meet opening May 29 will total over a million dollars, race officials announced this week. The total outlay in added money will come to \$200,000.

The Delaware stake program will thus be increased for the eleventh consecutive year, making the race session at the Stanton oval one of the richest in the country. The meet will close July 5.

Part of the increase this year will be due to the addition of the new \$5,000 added National Maiden Hurdles, bringing the 1948 stake total to fifteen, according to Delaware Park's Racing Secretary and Handicapper, J. G. (Gid) Haus.

There will be eight stakes at \$10,000, the Wilmington Handicap, for three-year-olds and upwards, six furlongs; The Brandywine Handicap, three-year-olds and upward, the mile and a sixteenth; the Polly Drummond Stakes, for two-year-old fillies, five furlongs; the Christiana Stakes, two-year-old colts and geldings, five furlongs; the Tom Roby Steeplechase Stakes, four-year-olds and upward, about two miles; the Georgetown Steeplechase Handicap, four-year-olds and upward, about two miles; the Dover Stakes, two-year-olds, five and a half furlongs, and the Indian River Steeplechase Handicap, four-year-olds and upward, about two and a half miles.

With both the Delaware Oaks and the Leonard Richards, Delaware's two early-closing stakes, carrying \$17,500 in added money, there will be five stakes run at the meet grossing approximately \$25,000 as the three traditional \$25,000 stakes, the Kent, Sussex and New Castle, will be renewed.

Haus said the Leonard Richards will gross approximately \$25,000, while the Oaks will gross approximately \$30,000. Jumping will begin at Delaware Park on Tuesday, June 15. The rearrangement of the New York dates, and the scheduling of the United Hunts racing during the period of the Delaware Park meeting, caused 14 days of conflict.

Since it is virtually impossible to conduct two first class jumping meetings at the same time, due to the limited number of jumpers, and the even more limited number of riders, Delaware Park has bowed to the circumstances. There will be three steeplechase and two hurdles races per week, subsequent to June 15, with the stakes concentrated in the latter half of the meeting.

May 29—The Wilmington Handicap, 3-year-olds and up, 6 furlongs, \$10,000.
May 31—The Brandywine Handicap, 3-year-olds and up, 1 1/16 miles, 10,000.
June 2—The Polly Drummond Stakes, 2-year-old fillies, 5 furlongs, 10,000.
June 3—The Christiana Stakes, 2-year-olds colts and geldings, 5 furlongs, 10,000.
June 12—The Kent, 3-year-olds, 1 1/16 miles, 25,000.
June 13—The Tom Roby Steeplechase Stakes, 4-year-olds and up, about 2 miles, 10,000.
June 14—The New Castle Handicap, 3-year-olds and up, fillies and mares, 1 1/16 miles, 25,000.
June 21—The Delaware Spring Maiden Steeplechase, 4-year-olds and up, about 2 miles, 5,000.
June 24—The Georgetown Steeplechase Handicap, 4-year-olds and up, about 2 miles, 10,000.
June 26—The Leonard Richards Stakes, 3-year-olds, 1 1/16 miles, 17,500.
(Estimated gross, \$25,000)
June 29—The National Maiden Hurdle, 3-year-olds and up, about 1 1/2 miles, 5,000.
June 30—The Dover Stakes, 2-year-olds, 5 1/2 furlongs, 10,000.
July 2—The Indian River Steeplechase Handicap, 4-year-olds and up, about 2 1/2 miles, 10,000.
July 3—The Sussex Handicap, 3-year-olds and up, 1 1/4 miles, 25,000.
July 5—The Delaware Oaks, 3-year-old fillies, 1 1/2 miles, 17,500.
(Estimated gross, \$30,000)

VARSIITY FIVE TOPS NHS STAFF

Overwhelm Teachers, 47-34 In Court Tilt

Newark High's varsity basketball team overwhelmed the Faculty All-Stars last Thursday afternoon by a 47-34 score.

Gregg starred for the Yellow Jackets, while Ott paced the faculty five. Gregg scored 10 from the field for 20 points. Ott racked up 3 field goals and six fouls for a 12-point total.

The preliminary game saw the Intramural All-Stars edge out the Newark Jayvees, 35-29. Rumer was high with nine points for the Jayvees. The All-Stars' Rich was second with 8 points.

U. S. Gives Farms To Forty-Four Vets

Uncle Sam recently gave veterans 44 farms—worth \$20,000 each at current prices—and the lucky winners included a girl.

She is Frances Jeanne Ivory, 28, former WAC first lieutenant of Redding, Calif. Her name was among those drawn for award of irrigated homesteads on the Klamath reclamation project.

A total of 2,757 World War II veterans had applied.

The 98-acre farm she won lies not far from the homestead of Mrs. Eleanor Jane Bolesta, an ex-WAVE. Mrs. Bolesta was the only woman to win a farm in the 1946 drawing here.

JACKETS LAUNCH BASEBALL DRILLS WITH SQUAD OF 44 FIRST GAME HERE APRIL 9

Claymont To Provide Opposition In Opener; 18-Game Schedule Lined Up By Mercer; Tough Competition Expected For All Varsity Berths

Baseball took over the sport's stage at the Newark High School this week as Coach Frank Mercer sent a record squad of 46 hopefuls through limbering up paces on the athletic field in preparation for the season's opener less than a month away.

It's too early for an estimate on this year's prospects, Mercer said, but added that candidates are plentiful for every position and competition will be stiff for varsity berths.

A 15-game schedule has been lined up, with the Jackets making their debut before the home fans here on April 9 in a game with Claymont High. The season will wrap up on May 28 also in a home game with Salesianum providing the opposition.

Boxing Opens At NHS With 10 Winning Bouts

A number of boxing bouts were held at the Newark High School the past week in a new program being supervised by Walter Matt, athletic director.

The victors were: George Martin, Merritt Buchanan, Dallas Rash, Buddy Palmer, Donald Rumer, Ralph Pierce, Bill Monison, Thomas Mattson, Donald McElwee, and Roger Williams.

Ronald Tyler and Harold Folk battled to a draw. Genuine interest is being shown in the sport, with boys from all classes lining up for bouts.

U. of D. Military Staff Member Gets Promotion

Technical Sergeant Alfred E. Fuller, Jr., an instructor in the Military Department of the University of Delaware, has been commissioned a second lieutenant in the U. S. Engineer Reserve. Announcement was received by the University's Military Department from the Department of the Army.

Lieutenant Fuller entered the Army in 1942 through the ASTP at City College of New York. He joined the U. S. Engineers and served with them until his assignment at the University in 1946. He served in the Asiatic-Pacific Theatre, and wears that ribbon as well as the Philippine Liberation Ribbon.

He is also attending classes at the University in order to complete the few credits necessary for a degree of BS in Education. He is acting as coach of the ROTC Rifle Team.

ATOMIC DATA TO BE LEGION MEET TOPIC

Post Sponsors Talks On UMT At Clubs Here

Major Charles L. Wright, on active duty with the ORC in Wilmington, will discuss atomic power as applied to modern warfare at the next meeting in the Lt. J. Allison O'Daniel Post, No. 10, American Legion, scheduled for Tuesday, at 8:15 p. m. in the Legion Rooms in the Academy Building.

Announcement of Major Davis' visit was made by William K. Richardson, post commander, who also announced that O'Daniel Post had sponsored talks before several civic organizations on the subject of universal military training. On Monday, March 15, he reported, George Ehinger, of Dover, past departmental commander, addressed the Rotary Club. Previously Rev. John Oldman, of Wilmington, former Navy chaplain, spoke before the Lions Club, and Major Barney Gere addressed the Newark Jaycees.

Report will be made on Tuesday of a recent committee meeting, over which J. Q. Smith and Roy Reed presided, at which recommendations were made that the post purchase 8 American Legion uniforms for the use of the Post Color Guard.

On the agenda for discussion will be the proposal by the VFW that a memorial be erected in front of the Academy Building for all those who served in World War II.

ship at Avon Old Farms Preparatory School, and was graduated from there at the age of 15. He then entered Harvard University, where he will graduate in June at the age of 19, as a major in fine arts. This very talented young man studied violin for several years under Adolph Busch in New York. Since entering Harvard he has continued his music studies, and plays in the university orchestra, a string quartette, and does a good deal of solo work. He is frequently heard in first performances of new works written by members of the music faculty of Harvard.

During their residence in Princeton both were frequently heard in concert, and Mrs. Wohl not only taught piano, but conducted classes in "music listening." Since coming to Newark she has continued these classes two days a week in Princeton.

Tickets for the event are limited, and reservations should be made early with Mrs. Don Martin at Newark 2-0852, or Mrs. Mylrea, Newark 4431.

SPRING!

Say, don't look now, but isn't there a hint of Springtime in the air? A patch of green begins to show, where once the ground was piled with snow. And, though there may be few days when the weather will be rough again, the signs we see can leave no doubt that Winter is on its way out.

And, with the approach of Spring, your house needs the new look. A refrigerator, by Frigidaire, will give your kitchen the new life it needs. There is a beautiful Frigidaire, designed to suit your particular needs, at the

Grade Teachers Here Stay After School To Study — Find It's Fun

If a stranger had peeked in a certain window at the Newark Schools after hours one afternoon last week he would probably have reeled back aghast and immediately summoned Farnhurst authorities.

Inside he would have seen entire elementary faculty, headed by Superintendent Wilmer E. Shue, gleefully cutting paper dolls, modeling clay or whittling. Apparently the dignified teachers had finally cracked and were reverting to their kindergarten days.

There was no need for alarm, though, because it was all in a good cause. The group was under the able direction of the state's superintendent of art, Miss Edith Mitchell, who was convincing them by demonstration of the effectiveness of her art teaching theories.

The session was a part of the in-service workshop program for the local elementary teachers, who are holding weekly sessions to study the latest ad-

vances in their field.

At last week's session, after Miss Mitchell had explained her methods for encouraging creative expression in children, she suggested that her listeners put her advice into practice. The teachers plunged into the clay and paints with a will and spent an absorbing hour. Incidentally, they convinced themselves that Miss Mitchell was right. Her theory is that the exact form of what a child produces in art is not so important as the fact that he gains a sense of satisfaction and creative achievement from doing it. She thus rules out all coping and making things according to a set pattern.

At this week's workshop, the teachers of grades three and four considered problems in language-arts. They set up teaching goals in reading, English, spelling and writing, then devised methods of attaining these objectives with their pupils in the classroom.
