

## Betty Bottle's Life Story Brings Home Winning Playbill Honors For Warner

Warner Hall captured first place honors in the Women's Playbill competition held last Monday and Tuesday evenings in Mitchell Hall.

The award was made to what the judges considered the best directed, most original and best acted skit presented during the two-day period. Topsy, Turvey and Boletus drew second place with their production, "As Different as Black and White," with Sussex Hall coming in third.

Warner's production, "Shape Up," concerned the life of Betty Bottle. Her life was influenced, or "shaped", by many Bottles, including Fragrance Bottle, Old Spice Bottle, Dr. Castor Oil, Miss Iodine, Jean Tomato Juice, and Broken Bottle.

The Barracks' production was the reminiscences of two aging sister, one a famous newspaper editor and the other a housewife, with the question of career versus marriage being portrayed.

The story of Little Beanie was the subject of the production by Sussex Hall. Beanie, by Mary Lou Mauro, wanted to flee from the dominance of the fierce Captain Plume in reality Joan Henderson and lead a glamorous life on shore.

Other productions were presented by Cannon, New Castle, Johnston, and Smyth Halls, and the commuters.

Cannon portrayed the attempts of a Delaware student Murgatroid, depicted by Mary Bell, to join his girlfriend in Heaven. New Castle Hall produced a western farce. The hero (Dot Polhemus) saved Prunella Purity from the clutches of the villain, Snaggle Tooth Joe (Nancy Stewart).

The Johnston House, through the medium of a Sphinx, carried a treasure-hunting Englishman, played by Joan Healy, to the land of the vain Sharah (Barbara Dunn) and the evil Cleo. "Dreamer's Holiday" was the title of Smyth's production. Through their imagination, the secret desires of five plane passengers were revealed.

Two graduates of Delaware recalling the joys and trials of a typical day of a commuter's life was the theme of the production by the women commuters organization.

## Fraternities Compete For Playbill Awards

Budding young male talent will be featured in the annual Inter-Fraternity Playbill which will be held in Mitchell Hall on March 13 and 14.

Each fraternity will present a play, to last not over thirty minutes, on one of the two nights. A corps of judges will determine the best play on the basis of originality, acting and directing and will award a trophy to the winner. The cost of producing each of the plays is not to exceed \$25, according to an IFC ruling.

Alpha Tau Omega, winner of the playbill for the past five years, will lead the parade of this year's productions on Tuesday night along with Pi Kappa Alpha, Kappa Alpha, Delta Tau Delta and Phi Kappa Tau.

On Wednesday night, Sigma Nu, Sigma Phi Epsilon, Theta Chi and Alpha Epsilon Pi will go before the footlights.

Dr. Ann M. Weygandt, Mr. Charles Bohner and Mr. Marvin X. Lesser, all of the English department, will serve as judges, together with David D. Preston, drama critic for the "Journal-Every Evening."

THESE ARE ANGELS? This scene comes from Cannon Hall's playbill entry presented in Mitchell Hall last Monday night. The skit centered around a Delaware student trying to get into Heaven.

## UD Phi Beta Kappa Chapter Elects Dr. A. H. Able President

Dr. Augustus H. Able, Professor of English, has been elected the first president of the newly organized Alpha of Delaware Chapter of Phi Beta Kappa.

An honor graduate of Philadelphia's Central High School and a Phi Beta Kappa student at the University of Pennsylvania, where he received his bachelor's, master's and doctor's degrees, Dr. Able has been associated with the University of Delaware faculty since 1937.

Other officers of the chapter are: Dr. Evelyn H. Clift, vice president; Dr. Herbert E. Newman, secretary; Associate Professor E. Wakefield Smith, treasurer and Dr. Quaesita C. Drake, historian.

In addition to the officers of the chapter, Dr. John C. Wriston was elected to the executive committee and two special committees were chosen.

The committee on members in course is comprised of Dr. A. Janney DeArmond, chairman; Dr. Bernard Phillips, Dr. Mary Russell, Dr. William V. Smith, Dr. Robert F. Jackson and Dr. Kimberley S. Roberts.

Dr. Russell Remage was named chairman of the committee on alumni and honorary members.

## Dr. Robert Hillyer Presents Reading

Dr. Robert S. Hillyer, professor of English, will present again this semester poetry readings in Brown Hall Lounge on Monday evenings at 7:30.

Readings are scheduled for March 5, April 16 and May 7.

On March 5, Dr. Hillyer plans to give selections of Shakespeare, including lyrics, sonnets and passages from several plays. The programs for the remaining two evenings have not yet been made up, but they will consist generally of selections from English and American poets, with a critical commentary on each poem or a few notes on the poet himself. Each program will conclude with two or three poems written by Dr. Hillyer.

## Five Fraternities Top Student Body Average, Seven Beat All-Men's

"The fraternity scholastic averages for the fall semester show that seven fraternities achieved averages above the All-Men's Index," stated John E. Hocutt, Dean of Students.

Alpha Epsilon Pi received the highest scholastic index with a 2.60 while Sigma Phi Epsilon ran second with 2.48. In the re-

port compiled of the fraternities' indices, only two of the fraternities are below the All-Men's Index showing a great improvement over the last years. Two years ago, second semester, only two fraternities were above the All-Men's while the first term last year six were above. Also the All-Fraternity Men's Index is only two hundredths below the Student Body Index, while it was six hundredths below at the same time last year. Thirty-two percent of the Men's Student body are fraternity men (initiates, and pledges.)

"This is the best scholarship record made by Delaware fraternities over the past several years," remarked Dean Hocutt.

"There are institutions in this country where all social fraternities regularly achieve scholastic averages above the All-Men's Index. This is a situation which can and should exist at the University of Delaware," he continued. "With concerted effort on the part of Delaware fraternities to create an atmosphere which will stimulate substantial intellectual progress and superior intellectual achievement, as stated in the National Interfraternity Conference, 'Fraternity Criteria,' then each of our fraternities will be rendering a genuine service to its members."

The fraternities were ranked on the basis of composite indices which included both initiates and pledges.

Fraternity	No.	Index
Alpha Epsilon Pi	23	2.50
Sigma Phi Epsilon	58	2.48
Sigma Nu	64	2.44
Kappa Alpha	56	2.43
Alpha Tau Omega	43	2.42
Student Body Index		2.40
All Fraternity Men's Index		2.38
Phi Kappa Tau	35	2.37
Pi Kappa Alpha	20	2.34
All Men's Index		2.33
Delta Tau Delta	39	2.31
Theta Chi		2.18

## Students To Plan Group on Monday 'Weekend Doings'

A new University student group — the Week-End Activities Club — will hold its first organizational meeting next Monday afternoon at 4:15 pm in Brown Lab Auditorium.

The purpose of this new organization is to promote social activities which would be open to every University student and which would supplement the existing social activities carried on by other student groups.

Other organizations, especially the Women's Commuters, have either sponsored co-rec nights or are thinking of some sort of co-rec program, but as far as the club's founders know this is the first club formed specifically to run social functions.

Eleanor Burke, a sophomore education student, first conceived the idea of a club devoted entirely to social promotion. A committee of five students, Eleanor Burke, Shirley Riley, Jo Croce, Eddie Myers and Frank Garosi, have taken the preliminary steps necessary to starting a club and have prepared a tentative constitution.

The organizational meeting on Monday will be for the purpose of opening the club to every interested student, electing officers, and adopting a constitution. Milt Roberts, the co-ordinator of student affairs for the University, will be the faculty advisor.

Any student who is interested in helping to organize co-ed recreational activities are invited to attend the meeting.

## Welshmen Reign In 'The Corn Is Green' Starring Liz Barber And George Cavey

JOHN GORONWY JONES (Richard Stewart) and Miss Ronberry (Mary Minkiewicz) look over Miss Moffat's plans for organizing a school. Elizabeth Parkhill Barber plays the warm hearted schoolteacher, Miss Moffat, in the forthcoming E-52 production, "The Corn Is Green."

'Sgwllwchlin dda, d'widi torri'r bloda.' That's Welsh and it comes from the E-52 University production, "The Corn Is Green," to be presented next weekend in Mitchell Hall at 8:15 p. m.

Some of the play's lines and songs are Welsh and the cast members who play Welshmen have discovered that this language is one of the most complicated. The opening sentence which is spoken by a Welsh boy is translated as such: "Cut the sweet peas and the dump is smelling terrible." Mrs. Arthur Brown, a Wilmington resident of Welsh background, has been assisting several cast members with their lines.

This Welsh comedy concerns Miss Moffat is a good-hearted school teacher whose arrival in a remote Welsh village sets off a string of events that liberates Morgan Evans, a Welsh mining boy, from a life of drudgery so that he may achieve greater heights. She fights the pompous, self-centered Squire in order to start a school. Just about defeated, Miss Moffat is ready to give up the school when she sees a

(Continued on Page 12)

## 'Liz' Barber Adds Parts Of Spinster To Character List

Miss Moffat, the leading character in "The Corn is Green," will come to life in the person of Elizabeth Parkhill Barber on Mitchell Hall stage, March 8, 9 and 10.

The setting of the play is the British Isles in the 1800's. At that time, it wasn't the right thing for women to have college degrees, but Miss Moffat, a spinster, had her Masters.

While a social worker in London, Miss Moffat inherits a house in a Welsh community from her uncle. Upon arriving in the community, she decides to use her money for reforming the people—educating them, etc. At first, she feels that she is going to fail, but after meeting Morgan Evans, a promising pupil, Miss Moffat decides that nothing will stop her from starting a school.

When the play ends, Miss Moffat has succeeded in slightly educating everyone in the community. The people living there have a change of heart and completely respect and admire Miss Moffat.

"The Corn is Green" was originally produced in the British Isles. When it appeared on the Broadway stage Ethel Barrymore portrayed Miss Moffat. This was the longest run of her career. In the movie version, Miss Moffat was acted by Bette Davis.

In addition to this play Liz has had leading roles in various other E-52 major productions. They include: Mrs. Allen—"Bloomer Girl," Mrs. Allen—"Dark of the Moon" and Mrs. Antobus—"Skin of our Teeth." She has also worked backstage in practically every other show. Liz, who is a senior drama major, says that her hobbies include anything dealing with the theatre. She doesn't have time for anything else.

## A Cappella Choir To Present Concert With Newark High

Du Bois' "The Seven Last Words" will be presented by the university's A Cappella Choir and the Newark High School Choir, in a joint concert March 14, in the Newark Junior High School auditorium.

Dr. Ivan Trusler, director of choral music at the university, will lead the combined choir of 130 voices. The concert is open to the public, and should be of interest to the community in general, since the two largest educational institutions in Newark are cooperating in the program.

"The Seven Last Words" is a Lenten cantata which sets to music the seven last statements made by Christ. Written in the 17th century, this oratorio won its composer the "Prix de Rome," one of the highest musical honors of that time. Today it is a favorite of church choirs and is sung in churches throughout the nation during the Easter season.

## High School Girls Attend AAUW Tea Today In Alison Hall

The American Association of University Women will hold a tea this afternoon at 2:15 p. m. in Alison Hall for eighth grade girls and their mothers.

Called a College Motivation Tea, the event is planned to encourage high school girls to take college preparatory courses.

A panel consisting of Mrs. John Eldridge, Mrs. Geraldine Wyatt and students Shirley Tibbet and Irene Klahr, will discuss the cost of attending college, why bother going to college, the enjoyment of college life and careers open for college grads.

## The Big Switch!

## Joan Russell Reigns As Queen; Assumes Cadet Colonel Rank

Joan C. Russell, sponsor of Cadet Company "E," was named Queen of the Military Ball, as a result of the vote of the couples in attendance at the dance held last Friday evening.

Aside from being queen, Joan also receives the honorary rank of Cadet Colonel, which will be in effect for the remainder of the college year. A new sponsor for Company "E" will be named in the near future.

## Women's Weekend Theme Gives Hint Of Wet Celebration

Women's Weekend (Delaware's answer to Sadie Hawkins Day) is creeping up, girls! So don't be like the men—don't wait until the last minute to get your dates.

Sponsored by the Women's Executive Council in cooperation with the south campus dorms, this year's "turn-about weekend" will be held on March 16, 17 and 18.

Highlights of the affair will be the formal dance on Friday night with Jack Dougherty's orchestra playing from 9 p. m. to 1 a. m. Cost of the dance will be \$2.75 per couple. Decorations will be centered around the theme of "Underwater Paradise."

Saturday night and Sunday afternoon the dorms have scheduled individual parties and picnics. Commuters will attend the parties of the dorm with which each has been affiliated.

Favors for the weekend will be a surprise according to advance reports. And men, just remember, the girls will take charge of everything!

## Delaware Debators Travel To Hofstra For Annual Tourney

Delaware debaters split with Villanova over decisions in the national debate question of the year.

The affirmative team, composed of William Brown and Richard Sutton, won the decision of the topic, "Resolved: that the non-agricultural industries in the United States should guarantee their employees an annual wage." Villanova won the negative side.

A team of four undergrad debaters will enter the tournament at Hofstra, N. Y.

Under the tutelage of Dr. Ray E. Kessey, associate professor of dramatic arts and speech, the Delaware entrants will consist of William Brown and Richard Sutton, affirmative and Stanley Lowieki and John Maybee, negative.

The group will participate in four rounds of debating tomorrow, with the decisions to be announced—and the winners cups presented late in the afternoon. The contests will be judged by faculty coach-judges who accompany the teams.

After the queen was crowned by Cadet Colonel Andy Wagner, she and her court witnessed a performance by the Delaware Rifles Drill Team under the command of Cadet Major Jack Eagle.

Joan, a senior in the School of Home Economics, is majoring in foods and nutrition. The Ardmore, Pennsylvania resident has received such honors as a candidacy for the Homecoming Queen of 1954 and a membership in the May Court of 1955.

She is a member of numerous organizations on the campus which include: Tassel, Dormitory House Council, Women's Chorus, A Cappella Choir, WAA Activities, Blue Hen Staff, Home Economics Club and Home Economics representative to the S.G.A. Music, reading, sports, sewing, knitting and cooking constitute her major interests and hobbies.

## AEPi To Be Host To Region Groups During March 9-11

Delaware's Rho chapter of AEPi Regional Convention is to be held on the campus March 9, 10 and 11.

Delegates representing the AEPi chapters from nine colleges and universities will attend. Participating schools include George Washington, Penn State, Johns Hopkins and the University of Virginia.

A house party is planned for Friday evening, so representatives may get acquainted. Convention business such as fraternity scholarship, housekeeping and dues will be discussed on Saturday.

If the Field House can be procured, the AEPi Regional Basketball Finals will be played on Saturday afternoon. In the evening the delegates and their dates will dance to the music of Manny Klein and his orchestra at the Agricultural Hall. Culmination of the work-play weekend will be after brunch on Sunday.

## Juniors To Combine With SGA For Dance

There will be no Junior Prom this year, according to the executive Committee of the Junior class.

Instead of the dance, the juniors and the SGA will jointly sponsor the spring dance, scheduled for April 6, with Les Elgart's band supplying the music. It was necessary for the class to combine its dance with the SGA

## UD Master Degree Candidate Exam Scheduled For April 21

Mrs. Elizabeth Eager, Chairman of the Master's Degree Candidacy Examination Committee of the University of Delaware, has announced that the next examination will be given in Room 311, Alison Hall, 9 a. m. to 12:30 p. m., April 21.

Students who wish to take the tests in April should make application by March 10. Each applicant is sent forms which must be completed and returned before March 21. Unless these requirements are met by the specified dates it will not be possible for the applicant to take the examination in April. Time to process the information is required.

The candidacy examination is not a pass or fail test, but is used for guidance purposes. The results of the examination are used to aid students and their advisers in planning the remainder of the students' graduate program, especially with respect to whether they should write a thesis.

The examination will be administered to those students who have: (1) been admitted to the School of Graduate Study as a regular student; (2) completed nine hours of graduate study

with a grade of B or better; (3) submitted application to take the qualifying examination; (4) signed and returned a slip signifying intention of taking examination on April 21; (5) completed and returned the personal information sheet before March 21.

## UD Symphonic Band Begins Concert Tour

The sixty-seven piece Symphonic Band made its first tour of 1956 on Tuesday, presenting three concerts in New Castle County high schools.

Appearances included Claymont High School, Mt. Pleasant High School and the Newark High School.

Band Director J. Robert King consisted of marches and musical compositions especially written for bands. Special numbers, for demonstration purposes were played by selected members of the band representing the different sections.

Subsequent concerts in other high schools of the state have been planned for March 21 and April 12.

## PLACEMENT BUREAU

Week of March 12	Interview Calendar
Deadline for signing up: Wednesday March 7	
Monday, March 12	Procter & Gamble (for Juniors and Graduates—Chemical, Mechanical, Electrical Engineers & Chemists)
Summer Program: Men available at least five weeks. Workshop Program: 2 weeks for ROTC or Summer School Students	
	Shell Development PhD — Chemical Engineers and Chemists (Preferably Physical)
	C. F. Braun All degree levels — Chemical Engineers
Tuesday, March 13	Bachelor — Mechanical and Electrical Engineers
	Provident Mutual Life Insurance Bachelor — College Degree — any field
	Gallery Chemical Co. Chemists, Chemical, Mechanical and Electrical Engineers
	The Travelers (Insurance, Indemnity & Fire Insurance Companies) Bachelor — Accounting, Agricultural, Business Administration, Economics, Engineering, Liberal Arts, Math
	NOTE: Interested in veterans and non-veterans. Special training program for non-veterans
	Standard Oil of Ohio Master & PhD—Chemists and Chemical Engineers
Wednesday, March 14	Wright Air Development Center Bachelor & Master—Mechanical and Civil Engineers, Physics and Math
	W. T. Grant Co. Bachelor — College Degree
	Parke, Davis & Company Bachelor & Master — Chemists, Biology and Bacteriology
	Women's Army Corps—Officer Program Bachelor — College Degree
	Also Juniors for Summer Program
	Dewey & Almy Chemical Company All degrees — Chemists and Chemical Engineers
Thursday, March 15	Connecticut General Life Insurance Company Bachelor & Master — College degree
	Management Training for: Administration, Technical & Professional (Accountants, Statisticians, Security Analysts, Accountants) and Sales
	Combustion Engineering, Inc. (Including Nuclear Power Division) Bachelor — Mechanical Engineers — All levels Chemical Engineers, Engineering Physics
	Prudential Insurance Co. Bachelor — Liberal Arts, Business Administration Math
	City of Detroit Bachelor — Civil, Electrical and Mechanical Engineers and Chemists
	Price, Waterhouse & Co. Public Accountants Bachelor — Accountants
Friday, March 16	Eastman Kodak and Co. Master & Bachelor—Juniors Graduates: Mechanical, Electrical, and Chemical Engineers, Chemistry and Physics
	J. E. Greiner Company (Consulting Engineers) Bachelor — Civil Engineers
	Houdry Process Corp. All Levels — Chemical Engineers
	Penn Mutual Life Insurance Co. College Degree — men and women
	Bureau of Aeronautics Bachelor & Master—Mechanical, Electrical and Civil Engineers and Math

(Continued on Page 5)

## Twelve High Schools To Appear At Delaware Theatre Festival

Twelve high school theatre groups and six community theatres have been admitted to the 14th Delaware Play Festival. Dr. C. Robert Kase, chairman of the Department of Dramatic Arts and Speech and director of the University Dramatic Center, has announced. The Play Festival will be held on March 20 and 21.

The high schools which will participate in this year's program include: Dover, Newark, Smyrna, Conrad, Brown Vocational, P. S. duPont, Mt. Pleasant, Oak Grove, William Penn,

William Henry, Wilmington High and Ocean City High School, Ocean City, New Jersey.

The six community theatre groups are: the Kent County Theatre Guild, University Drama Group, Arden Players Guild, Wilmington Drama League, Little Theatre of Elkton and the Strolling Players of Arden. Applications of four additional theatre groups are also being considered.

## Dr. Kase To Judge National Students' Writing Contest

Dr. C. Robert Kase, chairman of the Department of Dramatic Arts and Speech at the university, has been named one of the judges for the Fourth Annual National Collegiate Playwriting Contest sponsored by Samuel French, Inc., theatrical publishers.

Any student registered in a college or university in the United States during any part of the 1955-56 school year is eligible for the contest. Both long and short plays, musical books and librettos, together with lyrics, are eligible for the awards, but the latter will be judged on the basis of dramatic value rather than musical composition. All scripts must be delivered to the editorial department of Samuel French before noon, May 4.

Awards will include three prizes of \$200, \$100 and \$50 for short plays and \$350 and \$100 for the two best long plays. The winning short play will be published and all of the other award winning entries will be considered for publication. The drama departments of the colleges in which the winning students are enrolled will each receive a bronze-on-ebony plaque inscribed, "For Excellence in Instruction in Playwriting."

## Seventeen Achieve 'Four-Point Plan' During Past Term

Competition for high grades is getting mighty tough these days as seventeen undergraduates tipped the scales, making perfect 4.00 indices for the fall semester.

Ten received this overall for the fall semester last year and thirteen for the spring term. This seems to indicate that the number is increasing yearly.

Those who made 4.00 averages are Henry Brinton, Bill Brown, Filomena Giammarco, Bill Hamaker, Jane Nuckols, Charley Skinner, Glenn Skinner, Bob Strimble, Dick Sutton, Bob Ulin, Manny Vegh, Joan Mulrooney, Barbara Waldman, John Gallagher, Mary Kaleel, Edith Priestley and Joan Russell.

A total of 329 students achieved the goal of Dean's List this time while exactly 100 less, or 229, made it for the first semester 1955 and 218 were on it for the second semester.

It's true that economy is the road to wealth—the problem is to economize.

## Verse: What's Worse

Manhattan, Kan. — (ACP)—

With finals looming ominously ahead, Ann Weathers sat down and penned a short verse in her "Over the Ivy Line" in the "Kansas State Collegian." It reads:

Tests, tests, everywhere,  
With drops and drops of ink;  
And never a prof who'll leave  
the room  
And allow a guy to think.

It is not the best fighter, but the best runner that wins the political battle.

## Dr. Kakavas Replaces Squire As A & S Dean For One Year

Dr. James C. Kakavas, Chairman of the Department of Biological Sciences, has been appointed Acting Dean of the School of Arts and Sciences for the second semester of the current academic year by Dr. John A. Perkins, President of the university.

Dr. Kakavas temporarily replaces Dr. Francis H. Squire, who has been granted a leave of absence to complete research on a historical account of 17th century England, Dean Squire and his wife have already departed for Great Britain, where he will study and photograph manuscript documents concerning the life of the country gentleman who was the dominant figure in England during the Stuart period. The account will deal with the time when English people were migrating to this country in large numbers, bringing with them their customs and institutions.

Dean Squire's attempts to complete this volume previously were foiled by circumstances be-

yond his control. He had planned to make his voyage to England in 1940, but the declaration of World War II between Great Britain and Germany caused a postponement of his trip. His own U. S. Navy service from 1943 to 1945 further delayed his research and almost immediately after his discharge from active duty, he assumed new administrative responsibilities as Dean of the university and Dean of the School of Arts and Science. His leave this year marks the realization of plans initiated over fifteen years ago.

Dr. Kakavas has been associated with the University of Delaware continuously since 1929, except for a brief period as a research fellow at Yale University. He has been chairman of the department of biological sciences since 1947 and has distinguished himself in research work on infectious diseases of cattle and chickens under the sponsorship of the University of Delaware Research Foundation.

## Spot Shots

### On The Campus

The Delaware State Police have been raising havoc with students over the University of Delaware's car registration tags. Several students have been stopped and told the tags are illegal according to a state restriction. Needless to say, the students are in a quandry. The question is: Do you follow the state law or the university restriction? The REVIEW will have an answer to this problem next week.

The release of fraternity indices for last semester seem to show that fraternity men are not so ignorant after all. Seven fraternities stayed above the All Men's Index and five of the houses were above the All Student Index. On the same subject: The IFC met with President Perkins Wednesday to discuss how to raise the scholarship of those men who live in fraternity houses.

Final word on Les Elgart's appearance at the university will be due next week. If the engagement is not cancelled by March 9, he will definitely appear here on April 6. The chances are extremely good that he will be here. He has accepted a date in Baltimore for April 5.

A committee headed by Dr. Olaf P. Bergelin is considering a cultural affiliation of the University of Delaware with another foreign university. The basis for this affiliation will be the exchange of various ideas and projects between the universities.

Other college newspapers are having their problems, too. The University of Texas paper, "The Daily Texan," is fighting a censorship ruling. The dispute arose over the demand of the Regents that the Texas Student Publication Board effect a more rigid interpretation of the Publication Board rules which would, in effect, take away the "Texan's" power to comment editorially on state or national issues.

To test the new ruling the editor submitted a "guest editorial" from the New York Times and several selections from the writings of Thomas Jefferson to the board. Ironically, they were all turned down. At this point it is nice to note that the Review is not a censored college publication.

RDV

## Integration

### In The South

The "New Republic" magazine has released an interesting survey on the desegregation issue. The magazine queried six college newspaper editors after the rioting at Alabama early last month. Their opinions and reports tend to show the feeling of the South toward the integration question.

The five questions which "New Republic" posed and the answers (which are shortened) follow:

#### 1. What campus reaction do you find to the rioting at the University of Alabama?

Tulane: Students were not responsible, but Miss Lucy could and should have sought her education elsewhere.

Texas: A great majority look on the Alabama affair with much disfavor.

V.P.I.: The student, Miss Lucy, was foolish to attempt to fight the system at Alabama.

Emory: She was done a grave injustice, a feeling of disgust remains on this campus.

North Carolina: Total disgust even among those who favor segregation.

Anonymous: Rioting was wrong.

#### 2. Do you anticipate difficulties on your campus comparable to those at Alabama?

Tulane: No, at least not so violent.

Texas: No, integration is going slowly but smoothly in Texas. Because of the integration of Latin Americans, the problem isn't in Texas now.

V.P.I.: No trouble so far. The arrival of the first Negro student went practically unnoticed.

Emory: No anticipation of difficulties.

North Carolina: None whatsoever.

Anonymous: No. Our state has recently passed interposition.

#### 3. What opinion-making groups, either on campus or off campus, are influencing student attitudes for or against Supreme Court compliance?

The consensus was that student newspapers, the YMCA, Human Relations Commissions and politicians were the

(Continued on Page 5)

## TODAY

by Frank Garosi

Christian Dior has the "Arrow Look." Chrysler has the "Forward Look" and N. Khrushchev and Company, noted Moscow architects have come up with the "Popular Front" look.

Addressing the twentieth Communist Congress last month, which is also the first since 1939, Communist boss Khrushchev made three statements in particular, that, if not startling, are certainly "different."

First of all, Khrushchev refuted the theory of the inevitability of war as long as capitalism exists as a pet theory of Lenin, the high priest of Marxism. Khrushchev said that the idea of capitalism leading inevitably to war is not compatible to the facts. Secondly, the Red leader attacked the cult of the individual, or the leader, which Stalin built around himself. Russia, he explained, is now under the guidance of collective leadership vested in the Presidium.

Most important to the West, however, were Khrushchev's "Popular Front" remarks. Communists everywhere should join with Social Democrats and other Socialists to achieve majorities for the working classes in the world's parliaments, so he says. In effect, this means a respectable pose-concealing conquest through subversion. Incidentally, this is working well in France and Italy — especially Italy — where the Communists have backed needed reforms and expressed the will of 25 to 33 percent of the voters.

Furthermore, the old Marxist dogma that the transition to Socialism must be through revolution, has now been replaced by a Socialism — through — legislation movement. If this trend continues, the new Communist program will have as much resemblance to the old Bolshevik revolutionary movement as the A.F.L. - C.I.O. has to the turn-of-the-century "Wobblies" (International Workers of the World.)

Khrushchev digressed slightly to take a few potshots at the U.S.S.R.'s bureaucracy and some of its unproductive officials. He described the lack of centralization, the poor transportation, the fooded-up food distribution and the muddled wage system of the "workers' paradise." A tacit admission that Communism was managing Russia's Communist government rather badly.

In summing up it appears that the wily Khrushchev was appealing to the neutral Asian nations, the uncommitted Arab countries and the restless, discontented pro-West Europeans. The danger from Communism lies not in its theories, but in the avowedly expansionistic design of its proponents. Call it a "popular front" or what-you-will, the Kremlin's goal of world domination remains, unpredictably the same.

## Campus Calendar

**SATURDAY, MARCH 3**

All Day — Muhlenberg — MACWA Championships

8:30 p.m. — Field House — Varsity Basketball vs. St. Joseph's

**MONDAY, MARCH 5**

12 noon — Robinson Hall Lounge — Women Commuters Club Mtg.

"At Least It Keeps Us Awake!"

## Off Stage

By George Spelvin

It's time for a movie review, but I'm going to pass it up temporarily to take a look at the new campus show coming up next week—"The Corn Is Green."

What is the significance of the title? It has puzzled me! Dick Stewart, publicity director for the show, stated that when the corn is green, it can be nurtured into full maturity if encouraged, provided that it receives the proper treatment. Personified, this is exactly what Miss Moffat, a warm hearted schoolteacher, does for the backward but talented Morgan Evans.

Liz Barber and George Cavey are again leading the cast; they played together as Mr. and Mrs. Antrobus in "The Skin of Our Teeth," but then Liz Barber was Liz Parkhill. Belated congratulations from the Spelvin crew. Both George and Liz are senior dramatic students and it has always been a pleasure to see them on the Mitchell Hall stage.

"The Corn Is Green" was recently produced on television by Maurice Evans with Eva Le Gallienne. This is the second show on the E-52 agenda which has been telecasted before the E-52 show; the situation was duplicated with the first major, "The Skin of Our Teeth." Also,

the Wilmington Drama League is presenting "Skin" sometime in the near future—apparently it's a big year for Wilder.

Liz Barber is stepping into a role that two of the great ladies of the theatre have played. Ethel Barrymore scored her longest run on Broadway as Miss Moffat, and the part also provided Helen Hayes with one of her greatest parts in the radio dramatization given on the Theatre Guild of the air.

Best luck to all the cast—so till next week—enjoy yourself.

## Neath The Arches

By Nancy Alvarado and Ellin Coffee

A perennial favorite with high school students all over the country is the awarding of Superlatives or Who's Who. We'd like to nominate our choices for miscellaneous awards.

"Best figure:" The Delaware Blue Hen.

"Nature lovers:" Those who frequent White Clay Creek.

"Most optimistic:" The Child D. majors who thought they were going to be kindergarten teachers.

"University mystery:" The people who don't show up for class meetings.

## University Increases Amounts Of Masters' Degree Grants

Fellowship grants for teachers who enroll in the master's degree program in the natural sciences at the university have been increased from \$115 to \$250 for the six-week summer session of 1956.

Announcement of the increase was made by Dr. Cecil C. Lynch, newly appointed chairman and advisor for the program. Dr. Lynch, a professor of chemistry at the university, replaces Dr. E. Vernon Lewis who has directed this important work since the program was initiated in 1952.

Twelve duPont Fellowships of \$250 each will be awarded to teachers this year. This stipend is awarded to cover living expenses during the summer session in addition to tuition, which is also provided.

Teachers of chemistry, physics, mathematics and the biological sciences in secondary schools frequently find that the usual master's degree programs, specializing in a single field, do not contribute sufficiently to their general knowledge of sci-

ence, nor do they prepare them to teach science in a vital, stimulating and comprehensive way.

Work in the natural sciences may be carried on very satisfactorily during the summer; some courses are available throughout the academic year. Six credits may be earned in the regular six-week summer term and three in a three-week post session.

For information regarding the fellowships or other phases of the program, interested persons are invited to write to Dr. Cecil C. Lynch at the University of Delaware, Newark.

## Junior Class

(Continued from Page 2)

in order to make the appearance of a name band at the university a financial possibility.

The committee also announced that class dues would be conducted on a group-residence basis. One junior in each dormitory and in each fraternity will be responsible for collecting the dues.

Proceeds from the Junior Musical, which was a financial success, will be applied to the expense of the Senior Week-end next year.

The committee is also planning an Employment Guidance Program. Mrs. Wyatt, Director of the Employment Bureau, will coordinate the proposed program.

## In The South

(Continued from Page 4)

main influential factors among students.

4. Can you estimate what proportion of the students believe the Supreme Court ruling should be obeyed?

The majority believed the Supreme Court should be obeyed, but they believe it should be a gradual movement. The editor of the Texas newspaper stated: "... I sincerely believe southern college students are far more willing to meet the problem squarely than their elders."

5. Do you have Negroes enrolled now? What has been the effect of their presence?

Tulane: None enrolled — never any unpleasant incidents even with visitors.

Texas: Negroes have been enrolled here since 1950. No sensitivity now as there used to be.

V.P.I.: Several Negroes are enrolled but there is practically no comment.

Emory: None enrolled.

North Carolina: Several Negroes have been admitted. There has been no trouble.

Anonymous: None enrolled.

## Special Italian Class Resumes Meetings

The special class in Italian which was started last semester is being continued this semester.

The class, which is taught by Dr. Kimberley Roberts, meets in Room 216 Hullahen Hall at 4 p.m. on Monday afternoons.

During last semester there were several people who were taking the non-credit course. With the advent of exams however, the classes were postponed until this semester.

## Neath The Arches

(Continued from Page 2)

"Most pleasing personality:" The Warden. (If you don't get the cut, see Tish Allen.)

"Whistler of the Year:" Ralph Snowberger, and we promise never to turn him in to the Dean.

"Unsung heroes of the athletic world:" The members of the wrestling team.

"Most lab hours:" A local high school girl.

"Best dressed profs:" A tie between the Parisienne and the cowboy.

"Quietest:" The workmen on Laurel Hall.

"Most secluded spot:" The Art library.

"Done most for Delaware:" The administration.

"Most likely to succeed:" The university candidates for Miss Delaware.

To see our nominations for "Biggest contributors of the Campus Chest," visit the library.

Honorary mention goes to the South Campusites who break the one-minute-mile every noon in their mad dash for the lunch line.

## AZ Initiates Five New Members

**ALPHA ZETA BROTHERS** Bill McNeill, Yorke Rhodes, Jim Toomey, Orlando Houston, Mike Ferver, Frank D'Armi, President Ron Smith, Jim Ehler and Jack Gallagher are shown in the process of serving dessert in the cafeteria of Agriculture Hall.

R. William McNeill, John L. Gallagher, Frank A. D'Armi, Richard B. Howell and William H. Larsen were made members of Alpha Zeta, honorary agricultural fraternity, at initiations held recently.

These undergraduates were elected to Alpha Zeta after meeting the qualifications for entrance. The requirements are that a student whose scholastic index places him within the upper two-fifth of his class must be regularly enrolled in a school of agriculture and have completed three semesters of college work.

Activities this semester for the Alpha Zeta brothers included the serving of a luncheon to visiting members of the profession of agriculture at the Farm and Home Week program on February 7, 8 and 9. The program was jointly sponsored by the agriculture and home economics schools. Over eleven hundred people were served a reportedly "ravishing" meal during the three-day period.

**NORTH AMERICAN HAS BUILT MORE AIRPLANES THAN ANY OTHER COMPANY IN THE WORLD**

engineers, scientists, physicists, mathematicians...

## CAN YOU THINK BEYOND MARCH 2?

Designing Airborne Vehicles of the Future traveling at speeds so great that thin air becomes a blazing, solid wall... is the challenge that North American offers to aeronautical engineers and to specialists in most other sciences.

Join North American's engineering operations at Los Angeles. Here's where the F-100 SUPER

SABRE\*—holder of the world's first supersonic speed record—was designed and built. Share the knowledge and experience that has led to North American's supersonic supremacy. Be a part of a compact team of top engineers and scientists. Work on the most advanced projects right from the start. Enjoy personal rewards and recognition from challenging assignments.

## Alpha Tau Omega Fraternity Elects 1956-57 Officers

William A. Krebs was elected Worthy Master of the Alpha Tau Omega Fraternity at elections held at the fraternity house last week.

Krebs was elected to the fraternity's top chapter post after serving as Worthy Keeper of Exchequer during the past year. Hailing from Springfield, Pennsylvania, he is a junior chemical engineer. Among his campus activities, Krebs claims the presidency of the local chapter of the American Institute of Chemical Engineers and vice-presidency of Alpha Chi Sigma, honorary chemical fraternity.

William A. Krebs

J. Alan Woodruff was elected Worthy Chaplain at the same meeting. An agricultural business major and co-captain of the 1956 tennis team, he is a native of Bridgeton, New Jersey.

Other newly-elected officers include: Garry W. Hoffman, Worthy Keeper of the Exchequer; Yorke E. Rhodes, Worthy Keeper of the Annals; David Norcross, Worthy Scribe; George A. MacFarland, Worthy Usher; Earl H. Beck, Jr., Worthy Sentinel and T. William Orlando, House Manager.

## Food Sales Raise Financial Fortunes Of Home Ec. Club

Projects, such as food sales, are steadily advancing the profits of the Home Economics Club.

The Home Ec. Club cleared \$30 on this sale, which, in addition to the profits made on past and future sales, will be used partly for national and state dues. Most of the money will serve to further the plans for an annual banquet, which will be held this year on March 21. The possibility of cash awards to deserving students is also being considered by a committee headed by Joan Russell.

Carolyn Phillips is chairman of the committee which holds the monthly food sales. Dormitory representatives are: Judy Atkins, Lee Lee Hannold, Marilee Buslers, Jane Hargadine and Muriel Bowne from Smyth; Janet Briggs, Sussex; Ginny Renwick and Audrey Hardenbergh, New Castle; Joyce Adams and Kathy Schulz, Cannon; Carole White, Barracks; Janet Hedreen, Johnston and Kay Nopper, Warner.

## Westminster Elects Student Moderator

George A. MacFarland is the newly elected moderator of the Westminster Foundation student body.

MacFarland is in the School of Engineering at the university and is a member of Alpha Tau Omega fraternity.

Other officers for 1956 are: J. Richard Brady, vice-moderator; Shirley Watson, stated clerk and Jack Fitch, treasurer.

## Theta Chi

Many thanks to Brother Stenger for writing last week's column. Think he will ever pass E 101? In his haste to go out and buy a tube of toothpaste, he forgot to mention our fine entertainment last week, put on by the best actors of the house, the girls. Nancy Stewart put on a particularly fine skit about the plight of the poor rushee. By the way, Harry Nagles' pin doesn't really have bottle caps on it.

Well, it's getting to be that time of year when young men's thoughts turn to the same things that their girls have been thinking of all winter. Last Friday night it seems that the old salt, Bob Brubaker, was found down at Hances Point observing the effects of the coming vernal equinox. The only trouble was that he got stuck and had to be pulled out of the mud.

Bud Bullock and Hernando De La Cuesta are running neck and neck with Bob Jaichner in the annual beard contest. Who will get the mouldy man of the year award?

We wish to extend Congratulations to our new pledges who were installed last week. They are a fine bunch of guys. We are really getting some weird noises out of Room 2 with the "sounds" of Bud Lynch and Clint Deitz. They keep mumbling something about cool jazz, dig that and out on cloud seven. They must be cracking up.

Someone left a car in our parking lot last month. We are placing it up for sale. It is a green Dodge, 1953, in very good shape. If you are interested contact Box 543 or see Bob Morrison.

Jay Harford

## Kappa Alpha

One of the best weeks of the year passed at Kappa Alpha last week. The brothers welcomed in our new pledge class Wednesday evening and are looking forward to great things. Kappa Alpha heartily welcomes pledges George Adams, Carl Borror, William Burroughs, Michael Clarke, William Donnelly, Roscoe Exley, Arthur Henry, John Hildreth, Richard Holden, Robert Kupelian, William McCafferty, Thad Pilewicz, Wright Pottenberger, Richard Prettyman, Howard Priestly, Charles Richards, Richard Schaffer, James Stritzinger, Morris Turner, John Webb, Scott Wilson, Robert Wortz and Edwin Zippe. It's nice to have such good men with us.

Also during this past week, Kappa Alpha's undefeated basketball team took on defending champions Sig Ep and, in a great game, came home with a 40 to 38 victory. All those at the game agree that all round team play can't be beaten. Hats off to the whole team, led by Brother Doug Evans' 11 point — high for the game — and Bernie "The Clutch" Andrews. With three more wins Kappa Alpha will win in the intramural league.

After our serenading last week, Brother Charley Thompson almost lost an M.G. to the masses of Rebels returning to the house. Some of the brothers thought it would be nice to put the little "toy" on the front porch. However, Charley, now well known as "Barney Oldfield" out-guessed all his pursuers and got away. A few of the pledges and brothers almost got run down, but it was fun for a while, at any rate.

Kappa Alpha would like to congratulate Miss Joan Russell, who was recently pinned to brother Tom Metz, on being crowned Queen at the Military Ball.

Question of the week: what jeep driver has been taking a checker board with him while on trips to White Clay Creek?

Steve Voorhees

## Alpha Tau Omega

Now that the pledges have been through the ceremonies and celebrations of pledging, it's time for all to settle down. Congratulations to our new Pledge Brothers, A. Burton Chase, Ray Christian, David Derbyshire, David Dunlap, Neil Fowler, Richard Gilbert, Robert Gore, Benjamin Lane, David Messick, Bruce Paul, John Peterson and Henry Tingle.

Last Wednesday night Epsilon Rho Chapter elected officers for 1956. Congratulations to Worthy Master, William A. Krebs, Jr.; Worthy Chaplain, John Alan Wood; Worthy Keeper of Exchequer, Garry W. Hoffman; Worthy Keeper of Annals, Yorke E. Rhodes, Jr.; Worthy Scribe, David F. Norcross; Worthy Usher, George A. MacFarland; Worthy Sentinel, Earl H. Beck, Jr. and House Manager, T. William Orlando.

Over the weekend the brothers journeyed to Maryland Psi Chapter, only to be beaten in Inter-Province Basketball. The pajama party that followed was a howling success, however.

This weekend a costume party will be held Saturday evening at the Taus Mahal; the theme will be "The Wide, Wide World." See you all there. Yorke Rhodes

## Sigma Nu

This week Sigma Nu in its column would like to offer congratulations to its pledges, who are the following: David M. Bloodworth, Urban N. Bowman, Jr., Wallace M. Bryant, Charles Larry Dean, Anthony M. DeLucas, III, John E. Ellis, William A. Hudson, Arthur J. MacDonald, John B. Pilewicz, Edward R. Pray, Donald M. Reid, Jr., William H. Ruth, III, George F. Starzmaun, John F. Walker, William H. Walston, Jr., Oliver Lewis Walter, George J. Westcott, Harlan E. White, Frank O. Wickes, John C. Wieland, Samuel W. Wright and Herm Bruce. We of Sigma Nu are proud to have such a fine pledge class.

Tonight the "Snake Pit" will be jumping once again to the living music of Clyde Bessick and his combo.

We are glad to report that Brothers John Higgins and "Animal" Temple are out of the hospital and both well on their way to recovery. Both of the brothers would like to thank everyone for their well-wishes.

"Pete" Green

## Sigma Phi Epsilon

There is an old adage that quality is better than quantity. In regards to this statement, Sigma Phi Epsilon believes that it has both of these qualities in its new pledge class. Last week Sig Ep pledged twenty-seven men, which is tops in numbers on campus. Also, we believe that these men are one of the finest groups ever amassed behind the Big Red Door. Their spirit and willingness to cooperate with the brothers was evident from the very first activities in which they engaged.

In intramural basketball the Big Red fought down to the last minute before being handed their first league defeat in two years. Despite this loss, the team is hopeful of finishing high in the race. This Saturday night, Brother Jack Waddington will make his final basketball appearance for the Blue Hens, against the St. Joseph Hawks. Jack has performed for three years on the varsity five, and holds school foul-shooting and rebounding records.

Dick McKelvey

## Delta Tau Delta

Congratulations and welcome to our new pledges — Ed Haugh, Bob Lovell, Bart Rinehart, Butch

Pierce, Ben Payne, Gene Saville, Art Heath, Fred Moore, Hal Hultman, Ray Sneller, Bruce Furman, Jack Terres, John Strong, Monty Simpson, Dick Pruitt and Don Davis. After formal pledging last Thursday night, the boys got together with "The Royal Grand Pledgemaster," mild-mannered Huch Checkert, and were given a run-down on the laughably easy life of a Delt pledge. They were all assured that any normal American youth could, with a little luck, survive at least two days of the training program — as long as he is in good health and not allergic to boiling in oil.

Congrats are also in order for Brother Phil Reiss, who is the new Captain-elect of the Blue Hen swimming team. That's the second Delt to lead the Delaware mermen in the past three years, Brother Bob Wagner being the first. And looking over the present roster of Delaware swimmers, we realize that there are more Delts than fish in the Blue Hen pond (whatever that means).

Saturday night found that warmed-over Romeo, L. P. Lore, once again in circulation when he and several other brothers, plus dates, were seen at the basketball game. What was to have been an ice-skating party was changed by typical Delaware liquid weather into a roller-derby as Brothers Davidson, Buretz and Brown and female companions, turned up at the rowdy rinks. Rumor has it that Brother Brown narrowly escaped

a horrible death under the wheels of several hundred more able skaters.

Brother Guzzle . . . he'll never make the monk-hood. Be seeing you at the hidden wonderland of Brother Bill Moore this weekend . . . if you can find it . . . we can't.

Fred E. Barcus

## Pbi Kappa Tau

Last Saturday the walls of the old Phi Tau fortress were bulging with people dancing, singing or just having fun. With a real cool combo and a Fiesta for the theme, how could it go wrong. You should have dug those crazy awnings.

Since last week two new men decided to join our circle. Congratulations to Bob Bunting and Tom Wise.

In line with congratulations, the brothers of Phi Tau find they have a new brother. Brother Ed Kimmel was initiated last Wednesday. We sure are glad to have you with us.

If Pledge McCauley can make it, it looks as if he is going to win the push-up contest in back room, but the Scorp is running a close second.

(The Scorp used to be known as the Spider.)

Bruce Stewart

## Alpha Epsilon Pi

Last weekend saw many of the Apes traveling hither and yon throughout the countryside. Brother Berkman and Pledge first class Leeds slid up to West Chester whilst Brothers Finch and Kugler headed down-state. J. Fred Muggs remained at the house, carefully guarding the

pantry from straggling brothers. Brother Martin relaxed at the Y in Wilmington with the sister of a fraternity brother who had gone out with another fraternity brother the night before. Ellie.

Congratulations are in order to the new pledges: Lenny Leeds, Stan Gruber, Dick Wachtel, Jerry Katz, Allen Goodman, Jake Haber, Bruce Evans, Paul Baskin, Harvey Caney and Allan Podell. Regrets are in order for Brother Katman and Yummie who missed the Temple Express. Brothers Spector and Spivack spent Saturday night in Wilmington seeing "The Rose Tattoo." The drama critics award it the "Order of the Meow" . . . a citation originated by Brother Spivack.

This coming weekend, the Apes are going to invade the ATO house for a return party in our honor, the theme being "The Wide, Wide, World." The following weekend Apes from all over our district will be invading the campus for our annual regional convolve. If any are found roaming around the campus at weird hours in the morning, please return them to the Ape Cage . . . 151 West Main St.

Question of the week: Why is Brother Handloff so interested in the Wilmington TV program "Bandstand?"

Hiram Finch

WHERE PARKING IS NEVER A PROBLEM

## Grapplers End Season With Championship Meet

With the completion of a successful season, the wrestlers of Coach Whitey Burnham are looking forward to the Middle Atlantic Championships which will take place this weekend at Allentown.

The Hens dropped their final match of the season last Saturday, 19-13, to Bucknell, and thus finished their schedule with a 5 and 4 record. In losing the match, two team records were broken by the grapplers. The first was the total number of points scored in one season by a Delaware wrestling team. The record total now stands at 172 points. The other record was the individual point total of 39 points set by Captain Dale Boyd. This broke the previous

existing record which was set by teammate Bill Baur. Only a week ago, Baur lost his first match of the year to Al Grande in a close 2 to 1 decision. Besides Boyd, other Delaware point scorers were Ed White, who pinned Larry O'Hara and Steve Voorhees, who decisioned Jack Wilson.

Eight teams will participate in the two day Middle Atlantic Championships. Gettysburg, the defending champions, are favored to retain their title. Gettysburg will probably receive their toughest opposition from Lafayette, who, like the Bullets, have two defending champs returning. Coach Burnham feels that the Hens will be close to the top and that Dale Boyd has an excellent chance of carrying the 123 pound crown.

### Delaware vs Bucknell

123 lbs.—Dale Boyd, Delaware, pinned Bob Hoffman in 4:19 (half nelson and bare arm).

130 lb.—Al Grande, Bucknell, decisioned Bill Baur, 2-1.

137 lb.—Ed White, Delaware, pinned Larry O'Hara, in 6:53 (half nelson and crotch).

147 lb.—Steve Voorhees, Delaware, decisioned Jack Wilson, 3-0.

157 lb.—Charles Anderson, Bucknell, decisioned James Zawicki, 5-0.

167 lb.—Larry Dempster, Bucknell, decisioned William Walker, 9-3.

177 lb.—Stan Ellison, Bucknell, pinned Ray Salamone, 5:10 (body Press).

Hwt.—Bill Denton, Bucknell, pinned Tom Oves, Delaware, in 4:38 (stack up).

## Dennis Wins High Jump As Morgan State Gains Lead In Opening Round of AAU

A new Carpenter Field House record was set last Saturday as George Dennis of Morgan State College, cleared 6 feet 6 1/4 inches to help the state college gain the lead in the South Atlantic AAU Track and Field Championships.

Five new records were established and two others were tied in the indoor classic, in which 63 athletes from six colleges and organizations participated.

Delaware came into its own in a record effort as freshman Bob Cuthrell and sophomore Cliff Browning each reached 12 feet, 3/4 inches in the pole vault.

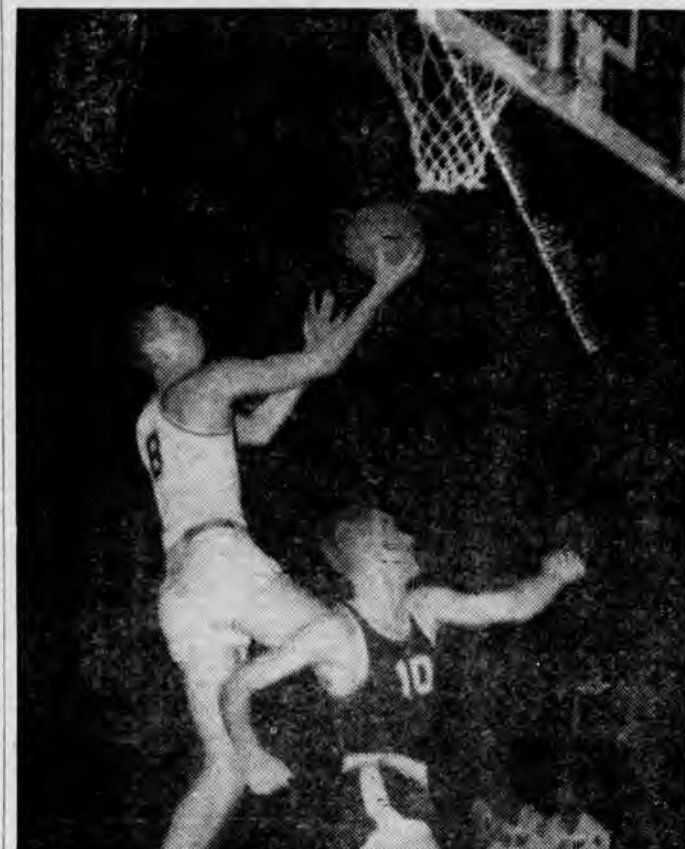

On the basis of the showing on Saturday, Morgan State is favored to win the championship. Remaining events scheduled for Baltimore this week-end include several distance running events. Morgan is very strong in runners, often passing up some of the field events.

The following is the manner in which the schools finished:

1. Morgan State — 40 Points
  2. Baltimore Olympic Club — 33 1/3 Points
  3. Delaware — 12 2/3 Points
  4. Washington College — 2 Points
  5. Towson State Teachers College — 0 Points
  6. Oriole Track Club — 0 Points
- INDIVIDUAL — BREAKDOWN:**  
 High Jump: 1. George Dennis, Morgan; 2. Bob Barkdale, Morgan; 3. Lyman Frazier, BOC; 4. John Simpson, Delaware, 6 feet, 6 1/4 inches (Meet record, old 5 feet 10 by Dick Lentz, BOC 1955)  
 50 High Hurdles: 1. Leon Moss, Morgan; 2. Lyman Frazier, BOC; 3. Ham Bauer, Washington; 4. William Jimison, BOC, 6:4.7  
 50: 1. Ken Kave, Morgan; 2. Lynwood

(Continued on Page 10)

## Hens Meet St. Joe's In Final Game Smith's 43 Points Trip Swarthmore

CENTER JACK WADDINGTON all alone up in the air as Swarthmore player looks on futilely. Waddington scored 13 points in the 99-89 victory.

## Swarthmore Bows 99-89 After PMC Upends Hens In 88-64 Revenge Game

Delaware' varsity eagers will close out their season tomorrow night as they play host to the mighty mites of St. Josephs.

During the course of the season St. Joe's has proved it worth by thumping St. Francis and Temple. They have run up a list of seventeen victories.

Delaware, on the other hand, has posted a meager 7-14 log though they have gained impressive victories over Drexel and Ursinus.

Sparked by a 43 point contribution of Jim Smith, the Hens tromped Swarthmore, 99-89, last Saturday in the field house.

The 5-11 red-haired guard has a jump shot that is virtually unstoppable and a repertoire full of set shots and layups. His shooting percentage is a commendable 43.7 per cent on field goals and 72.3 per cent in free throws.

The Hens had little difficulty in subduing Swarthmore as they led 43-35 at halftime. The Garnets put on a rally in the second half but were still outscored by two.

Aside from "Smitty's" effort, Ed Kwiatowski added 17 while Jack Waddington contributed 13. Jack Greenwalt paced the Garnets with 35.

The Cadets of PMC blasted Delaware, 88-64, on February 22 in Chester, Pennsylvania.

In a complete reversal of results from the previous meeting of the two teams this season, Delaware didn't pose any threats after the first five minutes of play. The score at halftime was 52-33.

Joe Hearn bucketed 28 points to lead the victors while Jack Waddington and Jim Smith tallied 17 and 16 for Delaware. Center Jack Klotz scored 19 for PMC.

### The tabulation:

## Spring Training Changed; Don Miller To Aid Coaches In Grid Practice Sessions

Inclement weather conditions forced the postponement of football practice for the University of Delaware team, Coach David M. Nelson announced Monday.

The first of twenty days of spring drills was originally scheduled to get underway on Monday afternoon. Nelson stated that, if weather conditions permit, the first practice session would be held Thursday afternoon on Frazer Field.

Group work will take up most of the first practice, with an effort being made to acquaint the new additions to the Delaware varsity with the techniques of the wing-T system used by Nelson.

In addition to Nelson, Scotty Duncan, Mike Lude and Newark High coach Don Miller will be on hand to work with the team. Irv Wisniewski, varsity end coach who devotes his attention to basketball during the winter months, will join the team on Monday following the last basketball game of the season.

## Temple Defeats Blue Hen Merman 47-37 After Date Misunderstanding And Extra Trip

Temple splashed to a 47-37 victory over the Hens last Wednesday at the Temple University pool. Due to a misunderstanding concerning the day on which the meet was to be held, not known until the Blue Hens had arrived at Temple on Tuesday, the meet was postponed until Wednesday. The contract had called for the meet to be held on Tuesday. This hampered the Hens in two ways. First it caused them to lose their "edge" and, secondly, Bob Brubaker and Jack Ryder were unable to represent the Hens on the postponed date due to prior

engagements. This cost the Hens two first places which they might have otherwise had.

Tom Duff and Bruce Stewart were the Hen winners winning the 200 yard breast stroke and 200 yard back stroke, respectively; while Boyer and Sorokin each won two events and also swam on the winning 400 yard free style relay team. Boyer's firsts were in the 200 yard individual medley and the 440 yard free style and Sorokin's firsts were in the 40 yard free style and 100 yard free style.

300 yard Medley Relay: 1. Kimmel, Reiss, Crompton (D) 3:43.7

220 yard Free Style: 1. Fekete (T), 2. Webber (D), 3. Horenban (T) 2:49.6

50 yard F.S.: 1. Sorokin (T), 2. Simpson (D), 3. Stewart (D) 26.8

200 yard Ind. Medley: 1. Boyer (T), 2. Duff (D), 3. Dunn (T) 2:31

Diving: 1. Hoffman (T), 2. More (D), 3. White (T) 45.7

100 yard F.S.: 1. Sorokin (T), 2. Webber (D), 3. Miller (D) 1:02.8

220 Yard Stroke: 1. Stewart (D), 2. Fekete (T), 3. Kimmel (D) 2:41.2

220 Yard Breast Stroke: 1. Duff (D), 2. Bunn (T), 3. Reiss (D) 2:42.7

400 yard F.S.: 1. Boyer (T), 2. Webber (D), 3. Verin (T) 6:32.6

400 yard F. S. Relay: 1. Temple (Fekete, Sorokin, Boyer, Bunn) 4:10.5

## Chicks Compile 11th Win As Wickes Dumps 23 Pts. In 77-59 Win Over PMC

Last week, the Blue Chicks high-flying basketball team racked up victories number 10 and 11, defeating PMC's J. V's, 77-59, and Swarthmore's, 90-46. This brings the Chicks' record up to 11 wins in the Swarthmore game, eight Chicks hit for double figures, led by Frank Andrusko with 14 points. In the PMC game, Frank Wickes poured in 23 points. Bob Schliro got 23 points and Fred Walters 13 points for top Delaware scores. In league competition, the Chicks sport a gaudy 9-0 mark, and with only one game remaining against Ursinus, are a pretty good bet to finish undefeated.

## LACROSSE... by Milt Roberts

In 1947, seventy years after intercollegiate lacrosse made its debut in the United States, it arrived on the campus of the University of Delaware. As far back as 1929 there was some student interest shown in the game, but it was only passing enthusiasm, and soon died out. A brief note in the minutes of the athletic council is the only written record. There was no further mention — no intercollegiate contests were scheduled until 1947. That year, Gordon Blerman, an undergraduate from Swarthmore, began to spread the stick gospel among the students, and succeeded in converting a group of adventure-some Blue Hens into lacrosse men. They figured that they had nothing to lose (except their heads) and a lot of good, clean fun to gain.

For anyone who has ever played, fun will always be the word which best describes lacrosse. Those pioneering Hens considered it as such. Whether

they won or lost, the results were accepted gracefully. What really intrigued them was the

Milt Roberts

"crazy" spirit of fellowship that the sport created in the squad members. It was a unique adventure in sport, made on an in-

formal club basis.

The following year it was recognized as a varsity sport by the Athletic Council, and Director Bill Murray, (Duke's present football mentor), appointed Harry Rawstrom as coach. He had never been exposed to the appeal of the sport before, but took to it "like a duck to water." On April 24, 1948, Delaware won its first victory by a 10-1 count over Franklin and Marshall, the first collegiate lacrosse game ever played in the State of Delaware. It has since wormed its way into the hearts of all campus groups, fraternities, dorms and commuters alike.

That first group recruited everyone in sight. An amusing story of their enthusiasm concerns the coralling of Billy Cole, fleet halfback, for one game only, in which contest, incidentally, he managed to score a goal in his initial try. Since that episode, many fine athletes, with

## SPOTLIGHT ON SPORTS

By FRANK GAROSI

"I got a lot of help, often the other guys passed off to me when they could have shot. They seemed to want the record as badly as I did." This was the comment Jim Smith had to make about his tremendous scoring effort against Swarthmore's courtmen last Saturday night. Smith's 43 points broke the old Fieldhouse record by five points. It was, however, nine points shy of the Delaware all-time record of 52 points established back in the dark ages, circa 1911.

Following this year's basketball schedule has been something like riding a roller coaster — down and up and up and down. There were some pretty bad games — losses to Drexel 75-52, Villanova 88-62 and Haverford 115-82, in which the team operated below par. There were some pretty good games also — the 108-81 loss to Temple in which the team never stopped fighting, and the two return-match victories over Drexel and Swarthmore, 83-70 and 99-89, which were truly all-out team efforts.

Tomorrow night, in the season's finale, Coach Wisniewski's Hens will run into an aroused St. Joseph's team which is probably still smarting from last year's upset loss to Delaware and who have the added incentive of a possible National Invitation Tournament bid if nothing (i.e. a loss) messes them up. Good luck to the Hens.

Congratulations to Coach Whitey Burnham whose wrestling team posted the only winning record among varsity winter sports, five wins and four losses. Dale Boyd, captain of the matmen, is also to be congratulated on his record-setting 39 season points. Tomorrow the Hens travel to Allentown to grapple with various and sundry opponents at the Middle Atlantic Championships. Good luck to them also.

Condolences to Coach Harry Rawstrum's varsity men. The natators (we picked up this high class word in Gettysburg's paper) have come so close a couple of times this year, but haven't been able to crack the winner's circle.

The Blue Chick's, under the vociferous tutelage of James V. Sullivan, are breezing along with an 11-3 won-lost record as of February 27. They have consistently shown a balanced attack; as a prime example, against Swarthmore no less than six frosh warriors hit double figures. This Sully appreciates.

There may still be some reservations left for the Delaware-St. Joseph's basketball game tomorrow night for students and faculty members who have not as yet gotten their reservations and who wish to attend the game. The reservations must be obtained from the Athletic Office.

## Smith And Waddington Pace Cagers As Record-Breaking Season Closes

With only one game remaining on the Blue Hen court schedule, statistics are becoming very much more important. When the season is over, the statistics stand to the majority of the people as the best "history books" of the past season. When this paper went to press, the Wednesday evening contest with Ursinus had not been played.

### Kent State: HI-Q Athletes

Columbus, Ohio—(ACP) — All those stories about college athletes who can't spell their own names fall to pieces as a result of this story. It's about Kent State University and comes via the College Crossroads column in the Ohio State Lantern.

It seems Kent State has a varsity dormitory filled only participates in a varsity sport and also holds down an outside

job. That dorm ranked above both the all-fraternity and all-men's grade averages for the past quarter.

After a stellar performance by Guard Jim Smith, who bucketed 43 points against Swarthmore on Saturday evening, the Hen's won-loss record stood at 7 and 14. Smith leads the quintet with 437 points for an average of 20.8. Center Jack Waddington is close behind Smith with 415 points for an average of 19.8 per game. Smith has hit on 42.7 per cent of his shots from the floor with a 72.3 percentage from the free throw line. Waddington has hit on 47.5 per cent of his shots from the floor, and 72.8 per cent from the free throw line.

The statistics:

### A Campus-to-Career Case History

Dick Abraham of Bell Telephone Laboratories, here experimenting with closing the loop on a transistor feedback amplifier.

### "I'm working with top names and top talent"

That's one of Richard P. Abraham's comments about his career with Bell Telephone Laboratories in Murray Hill, N. J. "In 1954, after I'd received my M.S. from Stanford," Dick continues, "I was interviewed by a number of companies. Of these I liked the Bell Labs interview best — the interviewer knew what he was talking about, and the Labs seemed a high-caliber place."

"The Labs have a professional atmosphere, and I'm really impressed by my working associates. As for my work, I've been on rotating assignments — working with transistor networks and their measurement techniques, studying magnetic

drum circuitry, and doing classified work on Nike. This experience is tremendous.

"In addition to the job, I attend Lab-conducted classes on a graduate level several times a week. Besides that, the Labs are helping me get a Ph.D. at Columbia by giving me time off to get to late afternoon classes. That's the kind of co-operation you really appreciate from your company."

"What are important to me are the opportunities offered by the job and the work itself. My wife and I own a house near Murray Hill, and we've found a lot of friends through the Labs. All in all, I think I'm in the right kind of place."

Dick Abraham is typical of the many young men who are finding their careers in the Bell System. Similar career opportunities exist in the Bell Telephone Companies, Western Electric and Sandia Corporation. Your placement officer has more information about these companies.

## Lacrosse

(Continued from Page 8)

reputations in other sports, have played lacrosse at Delaware. Football men including Bull Murray, Leo Mullin, Bob Burke, Glen Wright, Carl Stalloni, Don Swan, Phil Genthner, Frank Guttridge, Pete Braungart and Jerry Weis took up the game and became devoted to it. Soccer contributed Carl Walbeck, Haight West, Dan Cappel, Jack Kinter and Jim Holden; basketball gave John Daly, Gene Lent, Jim Kinch and Fred Brown; wrestling, Paul Cotts and Jerry Angula; swimming, Bruce Stewart and baseball, John Wiberg. Billy Reybold, who still holds the Delaware mile record in track, showed great interest in the sport, even though he was a dedicated track man. Other ath-

letes have been tempted to try out, but could not afford to divide their talents between two sports.

Delaware's finest season was in 1951, when Don Swan established one national scoring record and tied another. Those marks still stand today: 65 goals in one season, 14 in one game. Swan had made the second All-American team in 1950 when he led the nation in scoring 57 goals. Last season, a sophomore Hen, Bob Tait, scored 35 goals in 8 games for the best scoring average in the country.

The Blue Hens are a member of the United States Intercollegiate Lacrosse Association and have been represented three times in the post-season, all-star, North-South game. Four men have gained honorable mention All-American.

Lacrosse is still in its infancy at Delaware (this is the tenth season) when compared to Stevens Tech, whom they meet this year, where the game has enjoyed 71 consecutive seasons since its beginning in 1884.

In all quarters where lacrosse is well established, enthusiasm is unbounded on a balmy, spring afternoon in Troy, New York, Hempstead, Long Island or Baltimore, Maryland, where it is not uncommon to see five to ten thousand fans cheering madly, as masked monsters chase each other over the greenward, brandishing webbed sticks.

If you wonder what the sport has that appeals to spectator and player alike, come see it played this spring on Frazier Field. Perhaps you will disagree with the immortal words of our

own university photographer, Lloyd Teitsworth, who insists that, "Lacrosse is positive proof that the Indians were smarter than the white men — they quit playing the game."

## Library To Announce Possible New Hours

On two Sundays in March, the 11th and 18th, the Memorial Library will be open from 1 to 5 and 7 to 10. A count of the students using circulation, reference and reserve facilities will aid in determining the possible future hours of service. This experiment is being conducted by the Library as an evaluation of student needs.

## 'Mr. Potato' Alias E. Nixon To Give Speech At Ag Club Father, Son Banquet

"Mr. Potato" of Potato City, Pennsylvania, will be guest speaker at the annual Father and Son Banquet, sponsored by the Ag Club March 15 at 6 p.m.

"Mr. Potato" is really Mr. E. L. Nixon who will speak on "The Founder of Potato City, Pennsylvania." Mr. Nixon is nationally acclaimed as one of the most important men in the potato industry. He is the uncle of Vice-President Richard Nixon of the United States.

Invitations to the banquet have been extended to many prominent state citizens, including Governor J. Caleb Boggs, ex-Governor Elbert Carvel, Senator J. Allen Frear and the members of the Agricultural Committee of the Board of Trustees.

Features at the banquet will include the presentations of the "Aggie of the Year" and "Teacher of the Year," selected from the School of Agriculture. Thomas Metz will act as Master of Ceremonies for the evening. The Kappa Alpha Fraternity Quartet will sing at the banquet.

## LOCKHEED

Aircraft Corporation

California Division

Missile Systems Division

### Staff Representatives

will be on campus to discuss your future

**Monday, March 5**

in Lockheed's expanding research  
and development program

*Both divisions of Lockheed are engaged in a long-range expansion program in their fields of endeavor.*

California Division activities in Burbank cover virtually every phase of aircraft, both commercial and military. 46 major projects are in motion, including 13 models of aircraft in production — extremely high-speed fighters, jet trainers, commercial and military transports, radar search planes, patrol bombers. The development program is the largest and most diversified in the division's history.

New positions have been created for graduates in: Aeronautical, Civil, Electrical and Mechanical Engineering and Mathematics and Physics.

Missile Systems Division, Van Nuys, California specializes in the technology of guided missiles. Its research and development cover virtually every field of scientific endeavor, and offer Engineers and Scientists problems of increasing complexity.

Positions are open for B.S., M.S. and Ph.D. candidates in: Aeronautical, Electrical and Mechanical Engineering and Mathematics and Physics. In addition, a scholarship program leading to M.S. Degrees has been established for those able to qualify for graduate standing.

This broad expansion program is creating new positions in each division.

Graduates in fields of Aeronautical Engineering, Electrical Engineering, Mechanical Engineering, Mathematics and Physics are invited to investigate their role in Lockheed's expansion.

*Separate interviews will be given for each division.*

## New UD Junior Counsellors To Be Announced This Spring

The Junior Counsellors for next year will be announced in two weeks. Out of 129 sophomores that qualified, about 42 will be chosen.

To the incoming Freshmen, these girls will be looked upon as the source for any extemporaneous information they wish to know about the campus.

### Impressions

By Ellin Coffee

During rushing, fraternity men are concentrating on making an impression and so are the rushees. We felt that an interesting slant on the parties could be obtained from the coeds who are always being rushed. We asked a few what their impression of the parties they attended was, and these are the replies.

**Marilla Bayer:** It was really neat. The boys were sincere. They weren't just making an impression, they were themselves.

**Marilyn Cook:** I felt a great contrast between the fraternities I visited. I enjoyed myself very much and was glad the parties were staggered so that we were able to visit more.

**Joyce Mitchell:** They were very good and I felt they were better than last year.

**Anne Gast:** I thought they were all real nice. They were a lot of fun and had a lot to offer.

**Jane Perkins:** I think it was a good way to get to know the fraternities. Although all the fraternities were putting on their best, you could still recognize the ones which put forth the most effort to make the parties a success and were sincerely interested in the boys as individual.

**Shirley Conaway:** I thought they were much better this year. Everyone was more congenial and there was less strain.

This program was first culminated in 1951 when Dean Amy Rextraw, then Dean of Women, realized that the Big Sisters were not always serving the purpose. At that time all volunteers from the fields of education and sociology were accepted by the university for the position. Since then the rules have been rearranged yearly and now the qualifications are determined by the freshmen who fill out a form at mid-year.

Last year typical answers as to qualifications included friendliness, ability to get along with people, a well-rounded personality and a high index. In this latter requirement, the minimum index has been set at 2.25. These have resulted in a much greater response from the girls. The final choice of counsellors, after they have qualified academically, is made by a group of people who have known and worked with the girls.

In comparison with earlier days, representatives of a wide range of majors now make up the council. Each freshman is now assigned to a particular group which has interests similar to her own. The commuters are apart, as they have counsellors in that group also. Apart too, are the freshmen above the average age group.

Purdue, Illinois, Florida State, Bucknell and Ohio State also boast of this system. Delaware's status differs from some, however, in that it is one of recognition without any label, pin or award.

## Atlas Powder Co. Renews Grant E-52

Atlas Powder Company, manufacturer of explosives, chemicals and activated carbons, will award eight \$1,000 college scholarships again this year, Ralph K. Gottshall, president, has announced.

The grants will go to students who will be seniors during the 1956-57 college year, majoring in chemistry or any branch of engineering.

Last year, the second year that the scholarships were offered, over 120 applicants were screened before the eight winners were selected.

Mr. Gottshall said that the awards are part of the company's program to enable outstanding students to complete their scientific education, in order to

meet some of the industry's pressing needs for technical personnel.

The program, in which the University of Delaware and 37 other colleges and universities have been invited to participate, will be administered by the Atlas committee on scholarships, headed by Dr. Thomas Kennedy, the company director of industrial and public relations.

Scholarships will be awarded on the basis of scholastic records and the recommendations of faculty members who are acquainted with the applicants. Extra-curricular activities and financial need will also be factors.

The grants will be used to pay tuition, board, travel and other senior year costs, as approved by the student's college.

Winners of the awards will be announced May 15.

Successful candidates also will have a chance to gain practical experience by summer work between their junior and senior years, either in one of Atlas' eleven plants and three research laboratories, or with an Atlas technical field representative.

Pay for summer work will be in addition to the \$1,000 scholarship. However, successful candidates will not be obligated to work for Atlas either during the summer or after graduation, nor will Atlas assume any commitment to employ the student.

### Dunlap To Lecture In Graduate Series

Dr. Arthur R. Dunlap, professor of English, will deliver the next in the current series of graduate lectures next Monday evening in Room 200 Hullen Hall.

"Languages and Cultural History in Delaware" will be the topic of Dr. Dunlap's talk. Dealing with the different languages spoken in the state from the seventeenth century to the present time, the lecture will be illustrated with slides. Special reference will be made in the speech to the English of the present day, and there will be a question period at the end.

(Continued from Page 1) spark of talent in a mining boy. All her efforts are then turned to nurturing the young coal miner's hindered genius.

Elizabeth Parkhill Barber is portraying the generous school teacher, and George Cavey is playing her protegee, Morgan Evans. Miss Moffat enlists the aid of a striving Welshman, John Goronwy Jones, (Richard Stewart), and a hopeful old maid, Miss Ronberry, (Mary Minkiewicz), to help organize a school. Representing the local power, the Squire, is Thomas Waters; and Suzanne Kozak plays the promiscuous Cockney girl who almost ruins Morgan's plans.

Other leading supporting roles

are played by Connie Goodman, as a reformed shoplifter and Mona Lawson, as the Welsh postmistress. Rounding out the cast are: Joanne Spittler, Marilyn Meekins, Charles Ogle, Sherman Webb and Carl Seltzer.

Bing Pusey, production manager, has selected the following production personnel: Dan Robertson, stage manager; Shelton Spector, lights; Beverly Harris, sound; Jane Edwards, props; Joan Jackson, costumes; Sheri Stolper, makeup and Dick Brooks, scenery construction.

The Box Office is open Monday through Friday from 3:30 p. m. to 5 p. m., and from 7 p. m. to 8 p. m. University students can receive free tickets upon presenting their ID cards. All seats are reserved.

### Phi Beta Kappa

(Continued from Page 1)

ate of the United Chapters of Phi Beta Kappa. The local organization has provided for the following classes of members:

(1) Charter members — School of Arts and Science personnel to whom the charter will be officially granted; (2) Associate members — other faculty members and officers of administration who are members of Phi Beta Kappa; (3) Members in course — students elected to membership by the local chapter; (4) Alumni members; (5) Honorary members.

The installation of the chapter will take place on April 25. Professor William Hastings, Brown University, President of the United Chapters of Phi Beta Kappa, will present the local chapter's charter to its members. Immediately following the installation ceremonies, students elected to membership from this year's senior class will be initiated.

Plans for the installation dinner and ceremonies to be held are being made by a committee on arrangements composed of Dr. Newman, chairman; Dr. Able, Dr. Clift, Dr. DeArmond, Dr. Remage, Professor Smith and Dean of Students, John E. Hocutt.
