UNIVERSITY OF DELAWARE

PRICE SEVEN CENTS

## City Guardsman Killed Sunday As Gun Unit Drops Off Bridge

Sgt. Charles H. Clinton, 25, One of Three Delaware Army National Guardsmen Lost As Self-Propelled Gun Drops In Water Near Woodland Beach; Was UD Student

Sgt. Charles H. Clinton, 25, of Newark, was one of three Delaware Army National Guardsmen killed last Sunday morning when their 24-ton tank-like vehicle crashed through a wooden guard rail on a Rt. 6 causeway bridge between Smyrna and Woodland Beach, and sank in a 15-ft. deep tidal inlet.

A junior at the University of Delaware, Sgt. Clinton resided at 313 Ashley Drive in Newark. To finance his college studies, he worked part-time with the Wilmington Parking Authority. Also drowned in the M-42 self-propelled gun vehicle, were Lt. Edward L. Simpkins, 25, of Pleasant Hills, and Pfc. David Ellingsworth, 24, of Millington, Md.

**Four Escape**  
Injured in the accident were Sgt. William T. Olechyn, 24, of Maryland, and Pfc. John Oberly, 20, of Foulk Woods. They were reported in good condition at the Philadelphia Naval Hospital.

Two other men, Sp4 William D. Dugan, 24, of Silverbrook Gardens, and Sp4 James E. Farmer, 25, of Alban Park, were taken to Dover Air Force Base Hospital for observation.

According to eye-witnesses, the accident occurred when the M-42 began weaving from side to side and crashed through the guardrail on the bridge.

**Dangerous Route**  
The causeway had claimed four other victims since 1962, and plans to improve it and provide steel guard rails were on the State Highway Department drawing board.

Two years ago, school bus operators refused to cross the causeway to pick up children and fuel oil dealers refused to cross it with their heavy oil trucks.

Although the M-42 is listed at 24 tons, the vehicle is posted against use by vehicles weighing more than 10 tons.

Asked why a 24-ton vehicle was allowed to cross a bridge with a 10-ton weight limit, Adj. Gen. Clarence E. Atkinson said he had been informed that fire-fighting equipment weighing as much as 27 tons had used the bridge.

The self-propelled gun plunged into the inlet at 11 a.m., three-quarters of a mile west of Woodland Beach.

The vehicle was returning to the Allen McLean Army in Smyrna and had already safely negotiated the causeway bridge once.

A board of inquiry was appointed by Gen. Austin B. Chidester, commanding officer of the 198th Artillery.

Sgt. Clinton is survived by his widow, Mrs. Bonnie J. Clinton; his parents, Mr. and Mrs. Harvey S. Clinton of Northwood; two brothers, Harvey J. of Atkins, Ark., and Carl W. at home; and a sister, Deborah M. Clinton at home.

Services were held Wednesday afternoon at Hillcrest-Bellefontaine Methodist Church, Wilmington, with interment in Graceland Memorial Park.

## Scholastic Index Rises At College For 2nd Semester

Scholastic indices for the second semester at the University of Delaware reflect improvement through experience according to statistics released by the office of admissions and records.

A total of 5,708 students attained a university-wide mean of 2.56 as compared to the first semester average of 2.48 for 7,182 undergraduates.

Comparisons between selected groups, such as fraternities, dorms, classes and men and women, showed a definite pattern of improvement in second semester marks over those in the fall.

Top group scholastic average on campus (3.21) was achieved by the 18 residents of Belmont Hall, men's honor hall for upperclassmen who have a 3.0 cumulative index. Belmont Hall also led the list in the first semester with a 3.17 overall index.

Women seniors followed in second place with a 3.05 average attained by 430 women. The index for all seniors was third at 2.97, a mark achieved by 939 June graduates.

Alpha Tau Omega fraternity repeated as the top scholastic fraternity with 45 brothers achieving a 2.79 overall. Last semester their average was 2.51.

A comparison of grade averages by classes shows 939 seniors leading with a 2.97; 1,689 juniors next at 2.69; 1,622 sophomores following with 2.53; and 2,139 freshmen averaging 2.32. All class indices reflect improvement over the first semester.

Women students on campus again earned higher indices as a group than men.

A scholastic index of 2.00 in all work taken at the university is required for the baccalaureate degree.

## University Faculty Additions Reported For 1969-70 Year

Art History, Geology, Computer Science Aides Join Staff At Delaware

New faculty members in the department of art history, geology, and statistics and computer science have been announced by the University of Delaware for the 1969-70 academic year.

Dr. John Stephens Crawford has accepted a three-year appointment and Stuart Edward Rutherford has accepted a one-year appointment in the department of art history.

Dr. Frederick M. Swain will join the teaching staff in the department of geology.

Dr. Kali S. Banerjee and Mrs. Louise H. Jones have accepted positions with the department of statistics and computer science.

Crawford received his BA from Michigan State in 1965; his MA from Harvard in 1966, and completed doctoral requirements there this year. He is a member of Phi Kappa Phi and Tau Sigma honoraries and held Harvard Fellowships from 1967-69.

Rutherford was born in England, and from 1962-66 attended Gonville and Caius College, Cambridge, and received an MA from Cambridge this year.

He has traveled extensively in Europe and North Africa and won a travel award to study art in Italy in the summer of 1956.

Until this year, Swain was a professor in the department of geology at the University of Minnesota. Prior to that he had been an assistant professor at Penn State.

He received an AB from the University of Kansas in 1958, an MS from Penn State in 1959, and his PhD from Kansas in 1963.

Swain received the President's Award for the American Association of Petroleum Geologists in 1959, and his latest book, "Organic Geochemistry of Freshwater Sediments and Sedimentary Rocks," is in preparation with Cambridge University Press.

Banerjee, a native of India, earned his BA, MA and PhD from Calcutta University. He held positions at Calcutta University and with the Indian government before coming to Cornell in 1962 as a visiting associate professor. He returned to India in 1963 where he served as deputy director of the state statistical bureau for the government of West Bengal.

He spent two years as visiting professor at Kansas State University and became a member of the faculty in 1968.

Mrs. Jones graduated magna cum laude from Radcliffe in 1952, and holds MA degrees from Radcliffe and the University of Delaware.

She was a physicist and research physicist for the DuPont Co. from 1953 to 1966, and held a National Science Foundation Fellowship for 1952-53 and an NSF traineeship from 1967-69.

## Local Registration For Kindergarten To Begin Aug. 18

Parents who expect their children to enter kindergarten in the Newark schools this year are urged to register their children before school begins.

More than 1,000 children are expected to enter kindergarten classes in Newark schools in September. In order to make class assignments, bus routes, and other plans, an accurate prediction of enrollment is essential.

Children may be registered at the elementary school they will attend from Aug. 18 until school opens on Sept. 3, with the exception of Labor Day, Sept. 1, which is a legal holiday when all schools are closed.

Parents who may be out of town during this period may arrange registration by calling the Newark school district office.

Children must be five-years old on or before Jan. 1, 1970, to enter kindergarten this year.

## Thomas Cooper Auxiliary Offers VA Hospital Bingo

Thomas Cooper Auxiliary of VFW Post 475 in Newark held their monthly bingo party for 37 patients at the VA Hospital in Elsmere on July 17.

Auxiliary members assisting patients and serving refreshments were Hospital Chairman Donna Vivod, Dorothy Naylor, Marge Charnick and Anna Marie Dondero, Publicity Chairman Dorothy Foster reports.

## Marine Theodore Barrett In Vietnam Bravo Group

Marine Lance Corp. Theodore Barrett, of 3 Terry Lane, Newark, is serving with Force Logistic Support Group Bravo in Vietnam.

## Music, Arts Festival To Feature Events Of Week In Newark Playground Program

The feature for the seventh week of Newark playground activity is the Music and Arts Festival tonight at 7:30 in the Downes School Cafeteria.

Each playground will be represented in songs, skits, and music, and there will be a display of arts and crafts from the six areas.

Mrs. Vivienne Henkrichson is director of arts and crafts, and Nan Butterworth has been supervising music and drama.

Tot-Lot children will perform and their craft projects will be shown.

A set show and model contest are planned for this week.

The Rec. Olympics at West Park Place was won by West Park with 71 points, followed by Downes, Edna C. Dickey, and New London.

Rittenhouse Park took fifth place, and George Read Village, sixth.

Events included broad jump, obstacle, wheelbarrow, and relay races; basketball foul shooting and a tug of war.

Playground closing date is Aug. 8.

## Field Day Tours To Feature Result Of Crop Research

Visitors At Georgetown On Aug. 13, To Inspect Demonstration Row Plot

Visitors to University of Delaware Farm and Home Field Day on Aug. 13, to the Georgetown Agricultural Substation will have opportunity to examine crop research efforts in more than 50 major project areas. Among research areas included in free bus tours of the university's 310-acre experimental farm is Demonstration Row—a 36-row plot of new and unusual crop varieties and demonstrations.

Horticultural displays in Demonstration Row include plantings of dwarf snapdragon and petunia varieties and an exhibit of Carefree geraniums, recently developed seed-propagated geranium completely available for the first time in 1969.

Vegetable plots include plantings of several standard tomato varieties; two recently released varieties—the University of Delaware's Diamond State and Rutgers University's Romapo Hybrid—and demonstrations of relationship between milts, nitrogen and pole beans leaf damage.

Other plantings in Demonstration Row include the experimental UD61-1806 soybean; the recently developed Verde edible green soybean; the University of Delaware's promising No. 4 cantaloupe; general public; high lysine corn; a high protein experimental variety; and three varieties of dwarf Russian sunflowers, major competitors of U.S. soybeans in the world oil market.

Bus tours will begin from the substation grove on Delaware Rt. 28, at 10 a.m. and 1:30 p.m.

## Grant Of \$20,000 To Train Parents Of Youth Cottages

The University of Delaware extension division has received \$20,000 to train cottage parents for the Delaware Youth Services Commission.

The grant by the office of juvenile delinquency and youth development of the Department of Health, Education and Welfare, will provide a one-year training program for cottage parents to enhance their skills, techniques, and general capabilities to deal with problems encountered in cottage supervision.

At present, Delaware has no staff development program for the 44 persons serving as cottage parents at the Ferris School for Boys and the Woods Haven-Kruse School for girls.

The part-time teaching faculty includes the University of Delaware's Drs. George Brabner, Jack Neisworth, John McGrath, Albert Duchnowski, Searles Grossman and Irwin Weintraub.

From the State Department of Mental Health are Dr. Mary Trainor and Leon Petty.

Max Colpetner, Newark psychiatric social worker; William McDonough, New Castle County Family Court; Dr. Theodore Zink, Glassboro State College; and Albert Elias, superintendent of the Youth Reformatory and Treatment Center, Yardville, N.J., round out the teaching staff.

Jacob Haber program coordinator for the university, said that the program was developed as a result of surveys and consultations with representatives of the Youth Services Commission over the past two years.

## Capt. Robert R. Hart Wins Air Medal In Vietnam

Army Capt. Robert R. Hart received the Air Medal in Vietnam on July 7, for meritorious service while participating in aerial flight in support of ground operations in Vietnam.

He entered the Army in 1959 and was stationed at Ft. Leonard Wood, Mo., before arriving overseas in July, 1968.

The captain holds the Bronze Star and Army Commendation Medal.

He received his commission through Officers Candidate School. His wife Susan lives at 161 Thorn Lane, Newark.

## Danforth Leadership Grant Awarded UD Ag Senior

A senior in the University of Delaware college of agricultural sciences has been awarded a Danforth leadership training scholarship for outstanding agricultural students.

Richard H. Perry, Jr., New Providence, N.J., will attend the three-week Aug. 9-30 session, with the first first week to be spent at Camp Minilwanca, Mich.

## House Mosquitoes Surviving Winter Pose Germ Threat

U. of D. Entomologist Frank Murphy Reports Encephalitis Carry-Over

University of Delaware researchers have uncovered evidence that hibernating house mosquitoes may serve as an overwintering reservoir for viral encephalitis.

Intense controversy has long surrounded the possibility of blood-fed female mosquitoes—those mosquitoes feeding on man or animal—being able to survive a temperate winter climate, explains Dr. Frank Murphy research entomologist. Recent studies in Northern Delaware, however, show that a rather large number of these insects can, and in fact, do overwinter in Delaware.

The biological impact of this discovery is of major significance, says Murphy. If blood-fed mosquitoes overwinter in Delaware—and we know that they do—they may also serve as a reservoir for overwintering viral encephalitis. This would explain survival of the encephalitis virus from year to year.

Murphy offers this explanation: "Assuming that the blood-fed Culex does serve as an overwintering reservoir, the encephalitis virus simply spend the winter months within the hibernating mosquito's body. When the insect resumes blood feeding or biting activities during warmer months, the virus is transmitted to man and animal."

Key to eradicating viral encephalitis may be increased mosquito control measures within the hibernation environment, Murphy adds. But this is easier said than done.

Current control methods are relatively ineffective on hibernating mosquitoes because of their reduced metabolic level in the overwintering state.

In short, elimination of viral encephalitis probably lies in additional mosquito control research aimed at developing and implementing improved methods of destroying overwintering mosquitoes.

## Wm. E. McDaniel Heads Experiment Ag Station Ass'n

A veteran University of Delaware faculty member has been elected chairman of the Association of Northeastern Directors of Agricultural Experiment Stations.

Dr. William E. McDaniel, dean of the college of agricultural sciences and director of the Delaware Agricultural Experiment Station, won the position at the group's summer meeting on the University of Delaware campus.

Prior to his selection as association chairman, McDaniel served as chairman of the group's research committee.

A second Delawarean, Dr. Donald F. Crossan, was named to a three-year term on the association's research committee.

Crossan is associate dean of the college of agricultural sciences and associate director of the Agricultural Experiment Station.

A primary function of the Association of Northeastern Directors of Agricultural Experiment Stations is to approve and coordinate research efforts of experiment stations in 12 Northeastern states.

## State 4-H's Vie At Delaware Fair In Varied Tests

Hundreds of Delaware 4-H's are competing in this week's activities at the 50th annual Delaware State Fair at Harrington, reports State 4-H leader James O. Baker.

Beginning yesterday afternoon youngsters representing each of Delaware's three counties competed in state 4-H horse judging activities. The 4-H's, trained in judging by the University of Delaware equine specialist Mel Reintner, were competing for one of six 4-H scholarship prizes.

Contestants from New Castle, Kent and Sussex counties vied for state honors in the annual 4-H tractor operators contest this morning.

Winner of this event will represent Delaware in the Eastern United States Tractor Operators' Contest in Richmond next September.

This Friday, more than 62 teams of 4-H youngsters will compete for 4-H scholarships in the 1969 visual presentations contest. Youngsters have entered a variety of demonstrations in agriculture, home economics and related projects, including electricity, entomology, home beautification, health and photography.

Finally, on Aug. 2, Delaware 4-H's will participate in the annual state 4-H horse show. Winners will receive trophies and ribbons.

All 4-H club member exhibits will be displayed in the Cooperative Extension Service Building through Aug. 2.

## Beltway Route, Public Hearing Undecided By Governor, Aides

Peterson, Staff Members Appear At Public Meeting Sponsored By Greater Newark C. of C. At UD Student Center; Eller Reports No Alignment Set For Beltway

At a public meeting sponsored by the Greater Newark Chamber of Commerce with Gov. Russell W. Peterson and his aides last Tuesday night in the University of Delaware Student Center, Charles S. Eller of Newark, chairman of the State Highway Commission, reported that no alignment of the proposed beltway has been decided nor has a public hearing on the beltway proposal been scheduled.

**State Highway Leader**  
Ernest A. Davidson, director of operations for the State Highway Department, said Maryland officials have been asked about setting up a joint venture with the idea of running the western portion of the beltway through Maryland, a proposal advanced by a Newark citizens group.

There has been no reply from Maryland, Davidson declared.

**Creek Dam**  
Peterson told 250 persons in the Rodney Room of the Student Center, that he favors damming White Clay Creek to provide a water-storage and recreation area.

A detailed study of alleged beneficial economic impact on Cape May and Lewes is what Peterson said he wants from William Miller, a member of the Delaware River and Bay Authority, which operates the Delaware Memorial Bridge and the Cape May-Lewes Ferry.

**Water Service**  
The governor said that he has asked the Public Service Commission to investigate water service in suburban New Castle County, particularly in the Newark area.

Peterson said he received complaints from legislators in the past two weeks about water service, particularly service provided by Artesian Water Co., which is seeking a rate increase.

He said he has asked the commission if the complaints are valid and, if so, what steps will be taken to improve the service.

In addition to answering complaints as it has in the past, Peterson said he expects the commission to take the initiative, in finding problems and correcting them.

**Other Problems**  
Peterson said he would check a claim that none of the personnel in the meat inspection division of the weights and measures division of the State Department of Agriculture qualified for a recent state pay increase because their work had been found to be inadequate.

The governor said the state cannot afford to implement the proposed \$483-million 1985 highway plan for New Castle County. A list of priorities will have to be established to determine which projects will be funded.

He promised he would hold a public meeting in Wilmington before the ad hoc legislative committee on sex education makes its report in October, and reaffirmed his support for sex education, to the displeasure of a small group in the audience.

The group claimed to represent a majority of Delawareans who oppose sex education, but Peterson disagreed.

## Police At Newark Arrest Local Trio In Narcotics Case

Three Newark men were arrested Friday by Newark police and charged with narcotics violations.

Newark police identified the three as Richard Hodson, 18, of Lark Drive; Wayne L. Bonner, 21, of Delaware Avenue; and John C. Davis, 19, of Kenilworth Drive.

Bonner and Davis, both arrested at a Newark motel shortly after midnight, were charged with possession of marijuana with intent to sell and illegal possession of a hypodermic needle.

Bonner, on leave from the Coast Guard, also was charged with false registration at the motel and for obstructing a police officer in performance of duty.

Police said Bonner locked himself in a motel bathroom and tried to flush the evidence down the toilet.

He was released under \$5,000 bail on the narcotics charges and fined \$75 plus \$15 costs on the other two charges.

Davis was committed to the New Castle Correctional Institution in default of \$5,000 bail, and he was fined \$10 plus \$7.50 costs on a motor vehicle violation.

Hodson, apprehended at his home about 10 a.m., was charged with the illegal sale of dangerous drugs (LSD) and released under \$1,000 bail.

## Steven Emory In Vietnam Graduates At FLC School

Marine Lance Corp. Steven W. Emory, son of Mr. and Mrs. William G. Emory of 720 Chestnut Hill Road, Newark, graduated recently from a non-commissioned officers' leadership school conducted by Marine Force Logistic Command in Vietnam.

FLC is the largest supply, service and maintenance support organization in the Marine Corps.

It supports Marine and South Korea forces operating in Vietnam's northernmost tactical zone.

## Susan Cramer Wins Honor As Lebanon Valley Soph

Susan Cramer, daughter of Mr. and Mrs. Francis Cramer of 48 Townsend Road, Newark, is one of 122 Lebanon Valley College students attaining the dean's list for scholastic excellence as a sophomore biology major.

Susan gained the dean's list for scholastic excellence as a sophomore biology major.

## Mill Creek Hundred News

Sara Pennington Evans, Correspondent  
Phone 239-7798

Grangers from all sections of Delaware are busy working this week at the State Grange fair booth at Harrington where Mrs. Norman Dempsey, Flora and wife of the state master; Mrs. Edward Holler, state lecturer, and Mrs. N. Thomas Dempsey, Jr. — all Harmony members — are in charge.

This food booth is a regular place to eat with its homemade pies, cakes, fried chicken, sweet corn, and potato salad. Much of the proceeds from this project will be used to replenish the Robinson educational aid fund of Delaware State Grange.

Set up in 1924 by the former state master and state governor, Robert P. Robinson, the fund is available to grange members or their children. At first few used this fund for college education but since 1937, 24 young men and women have obtained loans.

Mr. and Mrs. Paul W. Mitchell have worked at the fair booth, as has Mrs. J. W. Pennington. Mr. and Mrs. Robert Hanby and sons

from Union Grange were there from last Friday through yesterday.

Y's Owl 4-H Club will meet next Thursday at 7 p.m. at the home of Mark and Alan Ellis in Grendon Farms.

**Red Clay Creek Presbyterian Church**

The Rev. Ronald W. McNeur, study secretary in the general division of higher education, board of Christian education of the United Presbyterian Church, Philadelphia, will be the guest minister this Sunday at 10 a.m.

The Rev. Dr. John W. Christie, pastor emeritus of Westminster Presbyterian Church, baptised Patrick Alan and Michaela Petra, children of Mr. and Mrs. Peter H. Brutsche. The Brutsches are newcomers to the area and are from Switzerland and Germany. The daughter was born in Zurich, Switzerland, and the son in British Columbia.

Starting last Monday at 8 p.m. and continuing for the next four Mondays, meetings of Organization Interest will be held in Fellowship Hall.

Steve and Allen Nelson are spending this week at Chesapeake Center near Port Deposit, Md.

About 30 members and guests of Union 4-H Club attended the picnic last Tuesday at the home of Mr. and Mrs. Ferris H. Dempsey, Corner Ketch.

Mrs. Dempsey announced all project books must be returned by the Aug. 20, meeting at the home of Joanne and Francis Stafford.

Starting in September, this club will meet on the first Wednesday of the month.

Mrs. Melvin Dempsey of Corner Ketch underwent surgery last Friday at Wilmington General.

**St. James Episcopal Church**  
Vacation church school will begin here next Monday and continue through Aug. 15. Sessions will be held in the parish house from 9 a.m. to noon.

Mrs. Harry White and Mrs. Robert Burns will be directors.

The teaching staff includes Mrs. Kenneth Germain and Mrs. Wayne Carmean, kindergarten; Mrs. Angelo Terranova and Mrs. Richard Whip-

## Senior Center Calendar

Monday, Aug. 4—Crafts, 10 a.m.; bridge, 1 p.m.

Tuesday—Bowling, 9:30; beginner's bridge, 10 a.m.; Movies "Follow The Sun" and "World In Your Kitchen," 1:30.

Wednesday—Bingo, 1:30

Thursday—Bridge and games.

Friday—Bridge and games.

**Hog Market Profitable**

W. T. McAllister Reports

Hog prices and profits have been quite favorable for the past few years, reports University of Delaware Agricultural Economist W. T. McAllister. Yet production has not expanded as rapidly as expected.

The June 1, USDA Hog and Pig Report showed fewer pigs on farms than a year ago, he says. But farmers reported a slight increase in expected farrowings this summer and indicated an increase in breeding herd size.

Next spring's hog prices are not likely to be as favorable as 1969 prices because of a substantially larger total supply of red meat and poultry, adds McAllister.

Even with a small decline in price, hogs should be profitable through next year.

ple, first grade; Mrs. James Freeman and Debbie Altamus, second grade; Mrs. Robert Koch and Mrs. Ronald Johnson, third grade; Mrs. William Armstrong and Mrs. Larry Goldstone, fourth grade; and Mrs. Reese Parker and Mrs. Donald Matthews, fifth and sixth grades.

The theme for the school will be "Living God's Way." There will be Bible-based lessons, handicraft related to these lessons, singing, recreation, and refreshments. Students will conduct daily workshop services.

Rainy weather last Wednesday forced the Womans Home Economics Club to hold its picnic at the home of Mrs. Ruth Churn in Sherwood Park instead of at Brandwine Springs State Park. There were 19 members and guests in attendance.

Plans were made for a card party to be held next Wednesday at 11:30 a.m. at the home of Mrs. Dale Seymour on Lancaster Pike.

Members discussed another Embassy tour in Washington, Oct. 11. The group will go by bus.

The Sept. 17, meeting will be held at the home of Mrs. Elmer Taylor in Hockessin.

Games were played and prizes were won by the hostess, Mrs. Bayard Taylor, and Mrs. Mary Lindsay. Mrs. Thomas Hale and Mrs. Jack Kennedy are the committee in charge of the annual family picnic for Springer Lane Home Economics Club this Saturday afternoon and evening at the parkland.

The annual Sunday school picnic for Ebenezer Methodist Church was held Tuesday night at Lenape Park. A basket picnic supper was followed by a ball game.

**Trinity Baptist Church**  
The Rev. Robert Faatz, pastor, and his family are on vacation. He will attend the conference on the church at Green Lake, Wis., next week.

Eight new members were received into membership recently. They are Mr. and Mrs. James Byrnes, Mr. and Mrs. Jean Lindell, Mr. and Mrs. William Partington, Lanny Scott, and Jeff Willis.

This Saturday and Sunday, senior high youth will hold a beach party at Rehoboth with Mr. and Mrs. James McClure as chaperones.

A representative from the American Baptist Convention, will be the guest speaker this Sunday.

The message was brought by the Rev. John Drury of Limestone Road, an American Baptist minister, and psychologist at Delaware State Hospital, last Sunday.

Members of this congregation are assisting residents of Seventh Street Apartments to renovate their homes. This group is working on Wednesday evenings and all day Saturday. Jeff Willis is chairman of this committee.

A picnic and get-together was held last Wednesday by American Baptist Women at the home of Mrs. Joyce Valentini at Landenberg.

Plans have been started for a church Boy Scout troop this fall. David Higinbottom is Scoutmaster, with Jack Kraus, Milton Richards, and Lanny Scott, the troop committee.

The troop is open to all boys 11 or older.

The Rev. Willett Smith returned to his pulpit at Limestone Presbyterian Church Sunday after a month's vacation.

## Ag Student At UD Touring Panama As FFA Delegate

A University of Delaware agriculture student is spending six weeks touring Panama and advising schools on their agriculture programs.

Charles S. Postles, Jr., 19, of Milford, is representing the Delaware Future Farmers of America Association.

Charles left July 18, and will spend a week in each of six schools evaluating their agriculture instructional programs at the request of Panamanian officials, and will aid in organizing FFA programs in the schools.

On his way home, he will stop in San Juan, Puerto Rico, to meet with representatives of the Puerto Rican FFA organization.

Charles is a junior at the university, majoring in agricultural business. Active in FFA on local, state, and national levels for over four years, he was president of the state FFA association and is Delaware's American Farmer for the 1969-70 school year.

## News of Bear

Mrs. J. Leslie Ford, Correspondent  
Phone 328-6484

Mr. and Mrs. James C. Wingate of Chesapeake, New Castle, announced the engagement of their daughter, Miss Ann Marie Wingate, to Harold M. West, II, son of Mr. and Mrs. Harold M. West of Fir Road, Fairwinds, Bear.

The bride-elect is a graduate of Wm. Penn High School and is employed by Abex Corp.

Mr. West, a graduate of Wm. Penn, is employed by William Young, Co.

Miss Sandra Ruth Fox and Glenn F. Ferguson were married July 23, at 7:30 p.m. in the First Baptist Church of New Castle, by the Rev. Leonard Chavis. A reception was held at Nur Temple.

Parents of the couple are Mr. and Mrs. Samuel Fox of 22 West Clairmont Drive, Glendale, and Mr. and Mrs. J. Franklin Ferguson of Jefferson Farms, New Castle.

After a wedding trip to Virginia Beach, the couple will reside in Maple Square, Newark.

Miss Patricia Ann Taylor and Gordon Michael Raser were married July 19, in Our Lady of Fatima Church, Wilmington Manor, by the Rev. James J. Hanley. A reception followed at Schraft's near Newark.

Mr. and Mrs. Joseph P. Taylor of Bear are parents of the bride, and the groom is the son of Mrs. Rose Shields of Philadelphia, and Gordon Raser of Carlo Road, Glendale.

"Guidance and the Teaching of Reading," by Ruth Strang, professor emerita at Columbia University, is the most recent publication in International Reading Association's Reading Aids series, and can be obtained from the association at 6 Tye Avenue, Newark.

## EXTRA COVERAGE

Blue Cross and Blue Shield of Delaware is preparing to offer optional benefit programs to cover a large share of health care expenses, H. V. Maybee, managing director, said. The staff has been studying for about a year various ways to boost benefits through optional, extra coverages. The object is gradually to increase coverage for groups who desire broader benefits at extra costs.

Cystic Fibrosis Campaign  
Needs Volunteer Workers

A 50,000-member volunteer army is being recruited in Delaware, Eastern Pennsylvania and Southern New Jersey to wage war against children's lung diseases, as the National Cystic Fibrosis Research Foundation will seek to raise \$200,000 during the September campaign.

Volunteers are needed to march in the 15th annual Cystic Fibrosis door-to-door appeal, starting Sunday, Sept. 7.

Workers may enroll by contacting Mrs. Sidney Stein, 2211 Riviera Lane, Wilmington.

Local Girl Scout  
Takes Canoe Trip  
On Canada Border

Karen Lewis, daughter of Mr. and Mrs. Kenneth W. Lewis, 119 West Park Place, Newark, won the senior Girl Scout opportunity to participate in the Canadian boundary water canoe trip in Minnesota from July 20 to Aug. 2.

Karen is a member of Senior Girl Scout Troop 685 in Newark, with Mrs. Herman Thurman and Mrs. Norman Collins, leaders. She graduated from Newark High School on June and will enter the University of Delaware this fall.

Joining 64 Girl Scouts from all parts of the United States, Karen practiced canoeing and backpacking skills at Camp Ilcott, Half Moon Lake, Eveleth, Minn., and then the girls took to the wilderness waterways, portages and foot trails in Minnesota and Canada.

A graduate of Christiana High School, he is employed by Wm. H. McDaniel, Inc.

The bride-to-be, also a graduate of Christiana High, is employed by DuPont.

## Western Melon Shortcake

Are you a perfectionist about wanting perfectly round melon balls? Try laying the melon baller or measuring teaspoon flat on the surface of the melon. Apply enough pressure to cut, then give a twist to make the ball. Usually melon balls are made by cutting into the melon flesh at an angle so it leaves one side flat. How you cut the whole melon will also make a difference as to the number of perfect melon balls you can cut out of the flesh. By cutting the melon lengthwise you have more surface to cut from.

### Western Melon Shortcake

Mash 4 cups of melon balls or cubes with a potato masher and mix with  $\frac{1}{2}$  to 1 teaspoon almond flavoring; chill.  
Prepare biscuits according to your favorite recipe, or use a package mix if you prefer. Split each biscuit in half and spread out sides with butter or margarine. Spoon melon sauce over the bottom halves of the biscuits. Cover with biscuit tops and spoon more melon sauce over entire biscuit. Serve with whipped cream.

Mash 4 cups of melon balls or cubes with a potato masher and mix with  $\frac{1}{2}$  to 1 teaspoon almond flavoring; chill.

## Beach Boys At Delaware State Fair

THE BEACH BOYS, whose rock'n'roll triumphs have made them favorites of teen-agers, are among stars appearing at the Delaware State Fair. They will bring fair entertainment to close when they feature two grandstand shows, at 7:30 and 9 p.m. this Saturday.

## Cliff Merritt's SCRAPBOOK of MAN ON THE MOVE

## Chicken-Quick Picnic Is Easy Outdoor Cue

Everyone loves cold fried chicken for a picnic. It's delicate and juicy, the crisp crust providing just the needed contrast in texture. The National Broiler Council points out that chicken is economical, too. To bring out all the natural sweet juicy taste of the meat, use Ac-cent as a basic, like salt and pepper. Ac-cent is a flavor friend both at the range and at the barbecue. And if you're feeling adventurous, there are many variations of spices, herbs or cheese that will give your fried chicken extra flair. Happy picnicking!

### Picnic-Fried Chicken

$\frac{1}{4}$  cups flour  
2 teaspoons Ac-cent  
2 teaspoons salt  
2 teaspoons paprika

Combine flour and seasonings. Rinse chicken pieces in cold running water, but do not dry; immediately roll pieces in seasoned flour. Heat oil  $\frac{1}{2}$  inch deep in skillet, until drop of water added to oil sizzles. Place chicken, skin side down, in skillet. Put larger, meatier pieces in first; add liver last few minutes of cooking time. Cook uncovered 15 to 25 minutes on each side, turning only once. Drain well on absorbent paper.

YIELD: 8 servings.

Variations: Savory-Fried Chicken: Add 2 teaspoons poultry seasoning, savory or thyme to flour mixture. Curry-Fried Chicken: Add 2 teaspoons curry powder and  $\frac{1}{2}$  teaspoon ginger to flour mixture. Parmesan-Fried Chicken: Decrease flour to 1 cup; add 1 cup grated Parmesan cheese and 2 teaspoons oregano to flour mixture. Crispy-Fried Chicken: Do not rinse chicken. Dip pieces in evaporated milk, then roll in seasoned flour.

## Burton Howells Attend Civil War Music Drama

Among those enjoying the July 15 performance of "Honey In The Rock," the nation's first Civil War Musical drama, at Grandview State Park near Beckley, W. Va., were Mr. and Mrs. Burton Howell of Newark.

Sixty-two performances of the colorful story of West Virginia's successful struggle for statehood are being presented this summer at 8:30 nightly, except Mondays, through Aug. 31.

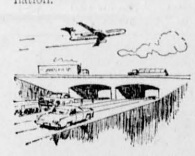

## GI LOANS

The economy of Delaware has been boosted \$258,963,781 in the past quarter-century by GI Bill loan programs, Manager Leon Fields, of the Wilmington Veterans Administration reports.

## Observe Family Reunion Day, Sun., Aug. 10 Reassert the Strength of the Family

Family life is the basis of our society. Families are the ties that give us identity; fulfill and strengthen us, and our nation.

Dramatize the family as the strength of our society. Hold a family reunion — most traditional of all celebrations on FAMILY REUNION DAY, Sunday, August 10th.

Family Reunion Day is a program for all people.

Suggested by Kiwanis International and The Freedom's Foundation at Valley Forge.

## LID MEDALLIONS

Attractive medallions can be easily cut from the lids of Canada Dry cans. Two or more medallions of different design, glued atop each other, are assembled and mounted on plywood or coat hanger frames to form wall plaques or Christmas wreaths or other decorative items.

Lids can be cut into many unusual designs. All designs

depend upon the number of spokes into which a lid is cut and the way the spokes are bent, curled or trimmed. Your only tools are metal shears and long nose pliers.

The patterns below show nine different ways of dividing

8-16-32 Spokes 6-12-24 Spokes

5-10-20 Spokes

a lid into spokes of equal size. Mark the desired design on the lid with a grease pencil before cutting. Designs shown above are labeled with required number of spokes. Create your own. All you need is patience and practice.

Entered as second class matter, March 10, 1910, at the Postoffice at Newark, Delaware, under the Act of March 3, 1879.

Newark, Delaware, 19711, Thursday, July 31, 1969

GOOD! LET'S ALL TAKE A HARD LOOK!

## LET'S FIND OUT

With nearly everybody picking on the military, President Nixon has set up a blue-ribbon panel to make a 12-month study of the Defense Department's management, research, procurement and decision-making machinery.

In charge, he wisely placed a top grade businessman who cannot remotely be considered a part of the defense supply industry — Gilbert W. Fitzgugh, chairman of the board and chief executive officer of Metropolitan Life Insurance Co. The need for a new fact-finding panel was in fact foreseen by the Administration at the time it took office and was recommended by Defense Secretary Laird some weeks ago.

At the same time, the President tightened the procedures under which the Budget Bureau examines our Vietnam and other military spending.

Whereas defense budgets under the Johnson Administration went directly to the President with the Budget Bureau role limited to the right to appeal, they now go, like all others, to the bureau for final approval. The Defense Department, in turn, has the right to appeal to the President.

The new Administration does not accept as gospel all the shrill cries of critics who see a conspiracy between the military and manufacturers behind every procurement contract. It wants the facts—and invites the public in to help find them.

## CITY OF NEWARK BOARD OF ADJUSTMENT Public Hearing NOTICE

August 18, 1969 — 8:30 P.M.  
The Board of Adjustment will hold a public hearing in the Council Chambers, Academy Building, Main & Academy Streets, Newark, Delaware, on Monday, August 18, 1969, at 8:30 P.M. ## Opportunity Still Knocks

### Horatio Alger Awards Prove It

"Our success is a result of a great desire to do something worthwhile, backed with implicit faith; faith in ourselves, faith in all those who work together making something people need, faith in America and the American way of life, and faith in Providence."

— E. J. Culligan

Punching holes in the bottom of a coffee can, Emmett J. Culligan made a homemade water softener. He used his water to wash his new baby's diapers. It sparked the idea that created a worldwide industry, and brought the benefits of improved water to millions of homes.

That achievement has now won him the Horatio Alger Award, a recognition given annually by the American Schools and Colleges Association to a select few Americans whose inspiring careers demonstrate that the door to success is still open to all.

But success didn't come easy to Emmett Culligan. The son of a Yankton, South Dakota farmer, he took over as breadwinner at nine when his father died. He repaired fences, painted barns, worked at odd jobs until he started his softening business in 1923

in St. Paul. Then he was wiped out in 1932 when the depression tumbled sales to nothing.

Four years later, with \$50 in his pocket, he started a new business in the rear of a mortgaged blacksmith shop in Northbrook, Illinois. His plan was to furnish softened water to homes on a utility basis. Thus, Culligan Inc. was born, a company which now has 1,000 franchised dealers in the United States and Canada, and operates in 73 other countries. The slogan "Hey Culligan Man" has become synonymous with conditioned water.

Chosen by ballot distributed to 500 colleges and universities, the Horatio Alger Award winners this year include Governor Ronald Reagan of California and U.S. Supreme Court Justice Thurgood Marshall.

## Mother Of Three Mrs. Janis Dorey Dies At Age Of 26

Mother of three, Mrs. Janis J. Dorey, 26, of 6 Sheffield Lane, Newark, was pronounced dead on arrival at Wilmington General Division on Tuesday night last week.

Mrs. Dorey had been under a physician's care.

Wife of Gerald F. Dorey, she had been a Newark resident for three years, moving here from Wilmington.

Mrs. Dorey, the former Janis J. Jubenille, graduated from Georgetown High School in 1961. She was born in Hackensack, N.J.

Surviving, besides her husband, are two sons, Mark C. and Bradley F., and a daughter, Nicole, all at home; her parents, Dr. and Mrs. Charles P. Jubenille of Springfield, Ill., and a brother, Charles P. Jubenille Jr. of New Castle.

Her father organized and directed day-care centers for the State Department to Mental Health for 10 years until he resigned two years ago to join the Illinois Department of Mental Health.

The funeral was private. In lieu of flowers, the family suggests contributions to the Delaware Heart Association.

## HEW Supplements Nursing, Teaching Grants By \$20,204

The University of Delaware has received supplementary grants from the Department of Health, Education and Welfare totaling \$20,204.

The college of nursing received a supplement of \$14,904 to bring its total grant for a graduate training program in psychiatric nursing to \$85,346. The program is under the direction of Dean Mary K. Carl.

Senior professor for the psychiatric nursing training program is Marguerite Termini, nationally known expert in the field.

Before coming to Delaware she was psychiatric nursing consultant for the community mental health program in the National Institute of Mental Health and currently serves as consultant to the Veterans Administration Hospital in Perry Point, Md.

Dean Carl said approximately 12 full-time graduate students will be enrolled in the master's degree program this fall.

The college of education was the recipient of a \$5,300 grant to bring its total for a graduate teaching program in the area of the emotionally disturbed to \$31,800.

The program is under the direction of Dr. Abraham Nicolaou, who said persons interested in enrolling in the program may write to him at the college of education.

To enroll in the program for teaching the emotionally disturbed, one must have a bachelor's degree.

## Elliott, Edwards Attend VFW Conference In NYC

The Veterans of Foreign Wars held their Eastern States Conference in New York City last Sunday, and local VFW members attending were State Commander Robert C. Elliott and Vice-Commander Raymond Edwards.

Michael Zavacky, George Seidle and Joseph Kaminski of Wilmington also attended the conference. Publicity Chairman Dorothy Foster advises.

## SECOND HOMES.

A vacation home is usually as different as possible from one's year-round residence. The suburban dweller will head for the hills; the inlander for the shore. The apartment people will choose the old barn or the pre-revolutionary schoolhouse, while the split-level-Colonial family will like a swinging contemporary.

The idea is to make a change, set a new pace, get far away from every day cares and chores.

Easy maintenance is the key word for vacation homes, for

no one wants to spend summer weekends with paintbrush or lawnmower. To all-but-eliminate yard chores, landscaping is kept to a minimum, while flowers and plants are kept in pots and boxes right on the deck or patio.

The materials used in building vacation homes are usually made to be carefree, too. A key feature of many of these homes is nylon shutters, which add a gracious, decorative color note without requiring extra maintenance. DuPont shutters look just like fine wood, but they have none of the problems of wood. The slats will never fall out, the material will never rot, the shutters come prefinished, and they are not harmed by the weather. They are held fast to the side of the house, by special hidden fasteners, and snap off and on very easily.

One of the fun things about vacation homes is that the owners can go over board on interesting color combinations and many people deliberately choose colors for their shock value. Bright shades with plenty of white to add snap and sparkle are preferred. A bright yellow home, for instance, might be given deep rusty red shutters; a marine-blue cottage could take clean yellow shutters. Lavish use of color makes a vacation home even more of a holiday home.

## PUBLIC SALE OF VALUABLE MERCHANDISE

This is to serve as public notice that there will be a public sale of a 1966 Rambler 2 Door Hard Top on the premises of Short's Garage, The Causeway and S. Market Street, Wilmington, Delaware at 10:00 A.M., Thursday, August 7, 1969.

## General Foods Forecasts

### Accelerated Growth Rate

General Foods Corp. with a plant at Newark looks forward to an accelerated rate of growth during the next 10 years as it continues to develop new food products and explores moves into areas outside of the food industry.

Stockholders at the annual meeting in Tarrytown, N.Y., on July 23, also heard that the company, which last Thursday marked its 40th year of incorporation under the General Foods name, foresees "no ceiling on growth."

## DP&L Stock Earnings Up For First Half Of 1969

Delmarva Power & Light Co. earnings per share of common stock for the first six months of 1969 amounted to 97 cents compared to 79 cents for the first half of 1968. Net income applicable to common stock increased from \$7,087,507 in 1968 to \$8,728,178 for the same period in 1969.

## CITY OF NEWARK CITY COUNCIL Public Hearing NOTICE

## SHERIFF'S SAID

By virtue of a writ of LEV. FA.  
No. 1 June A. D., 1969 to me directed  
will be exposed to Public Sale at the  
Court House, Southeast Corner  
Eleventh and King Streets, City  
Wilmington, New Castle County, Del.  
ware, on Tuesday, the 12th day  
Aug., 1969 at 10:00 o'clock A.M. Daylig  
Saving Time, the following describe  
Real Estate viz:

ALL THAT CERTAIN lot, piece or parcel of land with the two-story brick building thereon erected, situated in the City of Wilmington, New Castle County and State of Delaware, bounded and described according to survey by Phillips and Dickinson, Civil Engineers and Surveyors, dated July

15, 1960, as follows, to-wit:

1. BEGINNING at the North West corner of Washington Street at the distance of thirty-six feet and thence Southwesterly and parallel to the North West corner of Washington Street to the westerly side of Thirty-fourth Street to the distance of thirty feet to a point, thence Southwestwardly and parallel to the westerly side of Thirty-fourth Street to the distance of Eighteen feet Three inches to a point, thence Southwesterly and parallel to the westerly side of Thirty-fourth Street through the middle of the brick building known as the "Hotel" on the west side of Washington Street, through wall between the house on the west side of Washington Street and the house on the Southwest Ninety-fourth Street, to the North West corner of the Southwest Ninety-fourth Street, thence Southwesterly and parallel to the westerly side of Washington Street and thence Southwesterly Northwesterly to the North West corner of Beginning. BE the contents thereof and the same are hereby Premises 3311 Washington Street.

2. BEING the same premises, to-wit: William J. Brittingham, and his heirs and assigns, to have and to hold unto and intended to be forthwith conveyed unto the said William J. Brittingham, his heirs and assigns, New Castle, granted and conveyed unto the said Mortgagors, in fee.

3. BEING the same premises, to-wit: the property of DAVID J. PAYNE and DOROTHY N. PAYNE, his wife, and her heirs and assigns, to-wit:

JOHN J. SMITH, Sheriff July 1960.

Sheriff's Office, Wilmington, DE.

TERMS OF SALE: 10% When Sold, 90% When Bought. See Sequence to this July 24-31 Aug. 1960.

SHERIFF'S SALE

By virtue of a writ of LEV. FA. No. 4, June A.D. 1960 to me direct to be executed I have caused to be sold by public auction to the highest bidder, the following described real estate, to-wit: Situate in the Eleventh and King Streets, City of Wilmington, Delaware, and sold on Tuesday the 12 day of Aug., 1960 at 10 o'clock A.M. D.A. 1960. The following is the full and correct description of the above described Real Estate viz:

ALL that certain lot, piece or part of land with the dwelling house thereon erected, situate in Brandywine Hundred, New Castle County and State of Delaware and known as No. 59 Block Four Avenue as shown on a Plan

KNOWLLWOOD prepared by Howard L. Robertson, Civil Engineer and Surveyor of Wilmington, Delaware, dated January 16, 1964, revised April 28, 1964 and being more particularly bounded and described in accordance with a survey by the said Howard L. Robertson, dated May 1, 1965 as for

**BEGINNING** at a point in the North easterly side of Balfour Avenue (fifty feet wide) a corner for this lot and No. 61 Balfour Avenue, said point

of Beginning being located the following two courses and distances from the point of Beginning of a twenty-foot radius intersection of the line of the Southeastly side of Colby Avenue (at fifty feet wide) with the Southeastly side of Balfour Avenue; (1) along the extension of the aforementioned Southeastly side of Colby Avenue, North fourteen degrees, thirty minutes, fifty-three seconds East, seventy and eighty one-hundredths feet to a point in the Northeastly side of Balfour Avenue; (2) in a Southeastly direction, South Northeastly side of Balfour Avenue, North thirty degrees, thirty minutes, thirty seconds of a curve to the right having a radius of three hundred twenty feet, an arc distance of two hundred fifty

feet to the point of Beginning; then from said point of Beginning by a line passing through the party wall between the dwelling erected on the lot and the dwelling adjoining on the Northwest, known as No. 61 Balfour Avenue, North fifty-nine degrees, fifty-nine minutes, fifty-three seconds East two hundred sixty-one and thirty-one hundredths feet to a point; then South, fourteen

...thirteen degrees, four minutes  
fifty-three seconds West sixty-six  
and forty-eight one-hundredths feet  
to a point; thence by No. 57 Balfour  
Avenue, South sixty-five degrees, five  
minutes, forty-three seconds West  
two hundred seventeen and eighteen  
one-hundredths feet to a point in the  
aforementioned Northeastly side of  
Balfour Avenue; thence thereby  
a Northwesterly direction by an  
of a curve to the left.

of three hundred twenty feet and a distance of twenty-eight and four-eighths feet to the place of Beginning. Be the contents thereof what they may. Being known as a Balfour Avenue, Knollwood, Claymont Delaware.

Seized and taken in execution as the property of JOHN A. ROBINSON and ARLEEN ROBINSON, his wife and

JOHN J. SMITH, Sheriff  
Sheriff's Offices, Wilmington, Del.  
July 9, 1969  
TERMS OF SALE: 10% When Sold  
Balance on or before September 1, 1969  
July 24-31 Aug. 7

By virtue of a writ of 4th PLURIE  
LEV. FAC. No. 6 June A.D. 1969 to m  
directed will be exposed to Public Sal  
at the Court House, Southeast Corne  
of Eleventh and King Streets, City o  
Wilmington, New Castle County, Del  
aware, on Tuesday the 19th day

**ALL** that certain lot, piece or parcel of land with the buildings thereon erected, situate in New Castle Hundred, New Castle County and State of Delaware, and known as Lot No. 18, Block No. 1, on a plot of land known as Chelsea Estates prepared by Howard L. Robertson.

gineer and Surveyor, dated September 20, 1950 and recorded in the office for the Recording of Deeds in and for New Castle County in Plat Record II, Page 50, more particularly bounded and described according to a survey by Phillips and Dickinson Civil Engineers and Surveyors, dated July 30, 1964, as follows, to-wit:

BEGINNING at a point in the South-easterly side of Jax Drive

of curve, the Northeastern end of a twenty foot radius junction curve joining the said side of Jay Drive with the Northeastly side of Basin Road as widened and shown on said plan (1) curving to the left by the arc of a circle with a radius of one hundred ninety-six and ninety-two one hundredth feet, a distance of

(2) North thirty-four degrees, forty-two minutes, forty seconds East eight hundred thirty-seven and forty-three one-hundredths feet, said point of Beginning being in the division line between Lots Nos. 17 and 18; thence by said side of Jay Drive North thirty-four degrees, forty-two minutes, forty seconds East fifty-five feet to a point in the division line;

Lots Nos. 18 and 19; thence thereby South fifty-five degrees, seventeen minutes, twenty seconds East one hundred feet to a point in line of land of Wilmington Manor; thence thereby South thirty-four degrees, forty-two minutes, forty seconds West fifty-five feet to a point in the first mentioned division line and thence thereby North fifty-five degrees, seventeen minutes, twenty seconds East

SUBJECT to any state of facts an accurate survey would show. BEING premises No. 36 Jay Drive, Chelsea Estates, New Castle, Delaware.

and taken in execution as the property of OSCAR T. SMITH and ELEANOR SMITH, his wife and to be sold by  
JOHN J. SMITH, Sheriff  
Sheriff's Offices, Wilmington, Del.  
July 9, 1969  
TERMS OF SALE: 10% When Sold  
Balance on or before September 1, 1969  
July 24.31 Aug. 7

## All-State Halfback Pedro Swann To Play College Football With Diamond Hole Card

If Pedro Swann doesn't make it as a collegiate football player — and there's no reason to believe he won't — he can always fall back on baseball.

Swann, the two-time All-State halfback from Newark High School, is batting over .400 for the Newark Mets in the Delaware Semi-Pro League and has already had some nibbles from baseball scouts.

"But football is my No. 1 love," Swann said. "I love to run, especially with a football. The fact that I love running so much is the reason I competed in track instead of baseball at Newark."

Swann will do his next serious running in the Delaware All-Star High School Football Game. The 14th annual contest, again to benefit the Delaware Foundation for Retarded Children, will be played in Delaware Stadium on Saturday afternoon, Aug. 23.

The 5-6 and 180-pound Swann will join five other Newark players and his coach when the All-Star training camp opens Aug. 12 at the university. Coach Bob Hoffman will handle the Gold Team.

Pedro will be joined by teammates Gary Hayman, All-State end Leigh Hesseline and Steve Stengard, tackles; Bob Tucker, All-State quarterback; and Dave Ward, guard.

Swann, who won the scholastic scoring championship last fall with 134 points, was voted by his teammates as Newark's most valuable player as the Yellowjackets stretched their winning streak to 33 straight games.

Swann was a starter for three years and has never played in a game in which his team was beaten. He also lettered in wrestling, basketball and track.

Swann, son of Mrs. Pearl Swann, 69 New London Avenue, Newark, doesn't talk too much about the prospects of a baseball career.

"I was offered a professional contract from a major league scout," he said. "But I'd rather not say which team. Right now I'm looking forward to playing football at Delaware State. If I can't make it, maybe I could turn to baseball."

So that Pedro can play baseball this summer — he is an outfielder — and still have time to work out for the All-Star Game, he took a job as a night custodian at the University of Delaware.

"That gives me an opportunity to use their facilities," he explained. "I've been playing basketball, running and doing some work with weights to build up my legs. I hope to be in pretty good shape when camp opens."

When Swann enrolls at Delaware State, he will be majoring in physical education.

"But I plan to take as many sciences as possible," he said. "When I complete my studies there, I hope to be able to study mortuary science for two more years. I have an aunt in Washington who is in the business and I have become very interested in it. I'm hoping that maybe I can go over there some summer and work with her."

Swann says his biggest thrill was the night Newark ended Middletown High's long winning streak in 1967.

"When I scored five touchdowns against McKean to break the Blue Hen Conference record, I was very excited. But that was as an individual. You always get more satisfaction out of things the whole team achieves. That was what was so great about the three years at Newark. We did everything as a team."

"With Coach Bob Hoffman and all of us playing for the Golds, we're hoping we can keep it going. That would be nice."

Mets in the Delaware Semi-Pro League and has already had some nibbles from baseball scouts.

# THE NEWARK POST

EIGHT

The Newark Post, Newark, Delaware, Thursday, July 31, 1969

Christiana High School has a real Viking in a member of its next junior class, Jimmy Bennett of Oglethorpe, who serves as the seafaring mate aboard Capt. Gus Kuratle's Tobe II out of the Indian River Inlet Yacht Basin.

Young Jim unhooked 157 bluefish hauled aboard last Saturday by a hungry crew including Big Jim Pusey, Cousins Charlie and Jim Farrall, George Schlifkin and New York Post Composer Bobby Williams, some five miles offshore from Rehoboth Beach in the Atlantic Ocean.

Jimmy Bennett not only courted disaster at the snapping jaws of these blue choppers, but was endangered more than somewhat by the big hooks on six lines almost constantly in action. In between times, he toiled in disorienting tackle troling from the busy stern of the Tobe II.

At a dim, early 5:30 Saturday morning, we arrived to find the Indian River Inlet Yacht Basin in a near Times Square hustle and bustle with party boat skippers, mates, and hordes of fishermen already assembled, and it was with some relief that we noticed the white lettered "Tobe II" on the blue blazer worn by a tall, lean, hard and handsome skipper standing quietly beside the dock, waiting for the Bobby Williams party of the day.

"I only caught three fish yesterday," Cap'n Gus Kuratle said yesterday. "But that was yesterday."

Insuring a bountiful breakfast at the yacht basin with handful of anti-seasickness tablets, Master Williams with the Farrall boys, Big Jim and George came aboard, and we were off in the dawn's early light for a specific try at bluefish with frozen squid in tow, reserve for a last chance go at trout, sea bass and flounder by bottom fishing if all else failed.

Some 12-miles out, with no evident markers on hand, Skipper Kuratle throttled down the Tobe II's twin gasoline engines, and after five minutes of trolling, Bobby Williams' portside rod on the stern, whipped into an arc with the thrust of the first bluefish of the day — a snapper blue of some pound in heft, that danced in splashing silver over the green-blue sea, settling down from time to time to dig in the drag of the cruiser.

And then Jim Pusey had one — and Charlie Farrall and George Schlifkin followed with fish of their own, while Jim Farrall and a Newark editor grew restive in roles as observers.

"I ran five minutes too long," Gus Kuratle said later, when commented on his ability to locate bluefish so quickly in what is a big and mostly barren ocean.

Eventually, Jimmy Farrall and a Newark fisherman got with things and began catching bluefish, too — and all hands caught all the fish they could want.

The blue fish, beautiful, streamlined, satin-silvered, streamers ranging from three-quarters to a pound-and-a-half in weight — not big, but plenty big enough — and an extra quarter-pound in a blue's anatomy can be detected with no great mental effort on the part of a troller with the light tackle used.

No two bluefish fought alike — some taking to the air immediately, and others diving deep and staying down for all the world like a bonito. These choppers afforded plenty of variety, despite the fact that they were all bluefish.

Other boats were hauling blues, too, and from far offshore, we heard good reports of white marlin and dolphin including some action reported by Dick Pleasanton aboard Gibby Young's Young Lady out of Ocean City, Md.

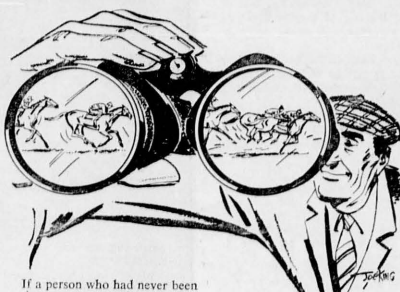

"What are we going to do with all these fish?" Big Jim Pusey asked near noon with the box near full, and with no real worry evident in asking the question.

Divided six ways, the 157 fish presented no disposal problem, and everyone had a just-right pair of baker's dozens.

A good trip with a good skipper and mate and a good crew — thank you Bobby Williams — and the weather was perfect with the ocean almost calm under a big, gentle ground swell.

On the way back to Newark, we stopped for a few moments on the shore of Red Mill Pond for a brief bit of casting with a spinning rod to miss a pair of strikes and catch a dark green chain pickerel that would have puzzled any ichthyologist peering into the cooler where it was leed down with the bluefish.

## OFF AND RUNNING by John I. Day Fields of Horses

If a person who had never been racing were to go to the race track with a friend who advised a "bet on the field," the newcomer might be puzzled. The word "field" has numerous usages both as a noun and a verb. Definition No. 13 in one dictionary is "all those in a game, contest, or outdoor sport."

When the Widener Straight Course was used at Belmont Park, fields of 24 horses were not uncommon and bargain hunters had a field day; a wager on No. 12.

This field, not defined in any of several dictionaries referred to, more correctly known as the pari-mutuel field. In totalisator betting the machines provide for only 12 betting units at most tracks, but there might be 15 horses in the race. In that event the horses believed to have the least chance would be numbered 12 through 15 in the "field" and stated as an "entry" (two horses running for the same owner) and a bet on one would be a bet on all.

When the Widener Straight Course was used at Belmont Park, fields of 24 horses were not uncommon and bargain hunters had a field day; a wager on No. 12.

This field, not defined in any of several dictionaries referred to, more correctly known as the pari-mutuel field. In totalisator betting the machines provide for only 12 betting units at most tracks, but there might be 15 horses in the race. In that event the horses believed to have the least chance would be numbered 12 through 15 in the "field" and stated as an "entry" (two horses running for the same owner) and a bet on one would be a bet on all.

## Gibby Young, Jr. Tops Ron Mitchell In NCC Title Play

Gibby Young, Jr., won the Newark Country Club golf championship last Sunday by defeating Ron Mitchell by three strokes in the 72-hole medal play tournament.

Young followed Saturday's 76 with a 74 on Sunday, while Mitchell, the leader with a 143 after 36-holes, checked in with a pair of 78's in last weekend's two 18-hole rounds.

The new champion carded a 76-76-74 — 226, while the runner-up shot a 69-74-78-78 — 299.

The junior Gibby's father is a former Newark Country Club golf champion.

Harry McCavana won the first flight title with 312.

Mike Fenol won the second flight with 325.

James Dolan's 339 took the third flight, and Pete Moroz and Don Blackman tied for fourth flight honors with 342's.

Millard Humphrey won the fifth flight with a 363.

The Aug. 3, United States Auto Club late model race at Dover Downs International Speedway, the Mid-Atlantic 300, will bring a new breed of stock car competition to the Eastern United States.

Headed by veteran Indianapolis drivers A. J. Foyt, Roger McCluskey, Al and Bob Unser, the USAC stock cars have some of the fastest late model drivers from across the country.

USAC hasn't had a major race of 300 miles or more since 1968. This is the first appearance of the rejuvenated USAC stock car division in the East.

The Mid-Atlantic 300 will get underway with time trials at noon. The feature event starts at 3 p.m.

A. I. du Pont's Ednie Named To Blue All-Stars

Alexis I. du Pont's Blue All-Stars Ednie was named to the new addition to the Blue squad for the Delaware All-Star High School Football Game.

Ednie replaces Mt. Pleasant Track le Elmer Potts who was forced to withdraw because of summer classes at West Chester State.

The 14th annual game, to be played in University of Delaware Stadium on Saturday afternoon, Aug. 23, will again benefit the Delaware Foundation for Retarded Children.

The 175-pound Ednie was a co-captain at A. I. du Pont and scored two touchdowns as a defensive linebacker.

A member of the honor society, Doug will attend Delaware in September.

SAVE THE CAN AND KEEP AMERICA BEAUTIFUL

CANDLE HOLDERS AND NITE LIGHTS

Cans, being metal, are natural for fashioning into Nite Lites and candle holders.

## Tatnall Grid, Wrestling Star Jim Krapf Prepares For All-Star Test, Bear Bryant

Jim Krapf is so busy these days that he doesn't have time to must if you want to ask him about football or any of his other interests.

"He is almost a stranger to us," his mother, Mrs. Frederick G. Krapf, smiled at their rural Newark home. "About the only time we see him is when it's time to eat, or go to bed."

The burly 19-year-old Krapf was one of the most sought-after scholastic athletes among last year's seniors. Paul "Bear" Bryant won over nearly 60 other college coaches and Krapf will take his football and wrestling talents to Alabama late next month.

Before that, however, Krapf will put on a blue team uniform for the 14th Delaware All-Star High School Football Game to benefit the Delaware Foundation for Retarded Children. The game will be played in Delaware Stadium on Saturday afternoon, Aug. 23.

The 5-11 and 225-pound Krapf has mapped out such a rigorous program for himself this summer, that he may be slightly out of breath when the All-Star camp opens Aug. 12, at the University of Delaware.

Each morning he goes to Tatnall School where he graduated last month, and works out for about two hours. Then, in the afternoon, he reports to work with his Dad's Wilmington construction firm, Fred, Eric G. Krapf Sons, where he is working the 4 p.m. to midnight shift.

In his spare time he might be found flying the family's Piper Cherokee, or boating on the Sassafras River.

"The summer is going quickly," said Jim, who won five letters each in wrestling, track and football at Tatnall. "I have been attempting to get myself on a weight-lifting program. I have heard that's what they will have at Alabama, so I wanted to be ready. I have never had too much success with weights before, but I am trying."

"It couldn't come at a better time for me," he said. "I should be in nearly top shape by then and I report to Alabama on Aug. 28. That will make it a little easier at Alabama."

Jim is not certain where Claymont Coach Archie Raposelli will use him, but Krapf's not concerned. "I suspect it will be linebacker," said Jim, who played that position as well as all backfield positions at Tatnall.

"Mike Webb, Salesianum All-Stater, is a good fullback and probably will start there, but maybe he will be used at halfback and I will get a shot at fullback."

"It really doesn't matter. Just playing in the game will be a great experience."

Krapf, who plans to major in physical education with a minor in business, was named to the All-Independent Conference football team three times and was a second-team All-State selection his senior year.

Despite a series of nagging injuries, he scored 253 points. He tallied 40 touchdowns and 18 extra points for the Hornets. He scored 25 points as an eighth grader.

Krapf had just as much, if not more success in wrestling. He is national prep school heavyweight champion and won over 100 straight scholastic matches. He will wrestle at Alabama.

## Newark Notes

GIBBY YOUNG

GOLF CHAMPION

One of the H. G. Young Associates, Inc., associates — son "Skip" or Gibby, Jr. — won the Newark Country Club Golf Championship last Sunday with a final round of 74 for a total of 296 to edge another fine young golfer — Ron Mitchell — by three strokes.

Had is proud of the new club champion, but then Pop was proud of him before — as a fine son and able member of the real estate and insurance firm at 95 East Main Street, where H. G. Young Associates, Inc. is happy to be of service.
