REESE & BROTHER,

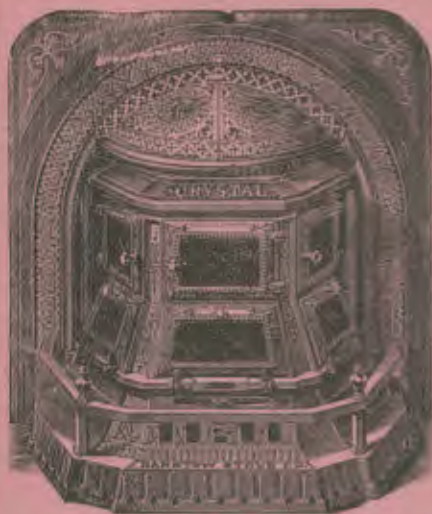

No. 6 E. FOURTH STREET.

Stoves, Heaters, and Ranges,

REFRIGERATORS, AND WATER COOLERS,

Also, Willow and Wooden Ware; in fact, Everything Needed in Housekeeping.

As both of these gentlemen have worked successfully at the business in this city for the last eighteen or twenty years, they feel confident that they can give entire satisfaction, and only ask for an inspection of their stock and prices by the public. They are also prepared to furnish, at any time, estimates for all kinds of HEATER WORK AND ROOFING.

THE CRYSTAL HEATER.

Beauty of Design, Economy and Convenience.

Sectional Fire Pot, Clinkerless Grate used in the Heater; can be easily removed and replaced when occasion requires, without removing or disturbing the Heater. This is a point of great convenience. Nearly all other heaters now in use require to be removed from the fire-place when repairs are to be made, which, of course, must be done by skilled workmen, and at no small cost; while in the Crystal the fire pot, magazine, or grate can be easily removed and replaced in a short time by the most inexperienced,

without removing or disturbing the connections of the Heater, or occasioning any unusual dust or dirt in the room by the operation.

Upright and Chest Refrigerators, Water Coolers, Ice Cream Freezers and Cooler Stands, Filter Cooler, Oil Stoves, and a general line of Housekeepers' Furnishing Goods.

ROOFING, GUTTERING, AND SPOUTING.
