VOLUME 33

NEWARK, DELAWARE, MARCH 14, 1917

NUMBER 20

MECHANICAL LABORATORY

The above cut is of the stamping ground of Professors Smith

and Belding. It is the Mechanical Laboratory where the to be mech-

anical engineers pull steam engines, condensers, gasoline en-

gines, pumps, etc., apart and try to reassemble them.

## FRESHMAN BANQUET AT HOTEL DU PONT

Attend Production Of "So Long Letty" At The Playhouse

The annual Freshman blow-out occurred last Thursday evening. Said blowout consisted of a banquet in the Rose Room of the du Pont followed by a box party at the Playhouse where "So Long Letty" was playing.

The entire evening was a most enjoyable one and practically the entire class of seventy-five were present to celebrate the passing of their first mile-stone, the Mid-years, on the road to graduation.

Professor Dutton, the class adviser, and the presidents of the three upper classes received invitations to the festivities and all were on hand to cheer and be cheered.

One of the features of the occasion were the fine menus which were of black leather with Delaware 1920 and the college seal embossed. This was quite a departure from the usual custom of having ordinary paper menus.

Following an excellent eight course dinner, speeches were made by Professors Dutton, Leroy Steele, D. P. Horsey, and William Fitzpatrick, the presidents of the upper classes, and by Daly, Carter, and Selby, members of the class. George Madden, the president of the class made an excellent toast-master.

Dr. Mitchell was to have attended but was prevented from doing so at the last moment.

During the show the "boys" brought those in the audience back to the days when they were at college by old Delaware's yells and songs.

## Sigma Nu Fraternity Holds Informal Dance

The local chapter of the Sigma Nu Fraternity held its second party and informal dance of the collegiate year, on last Saturday evening at the New Century Club.

Previously, all of the parties had been held at the chapter house, but on this occasion it was decided to use the Century Club on account of more room, available for dancing. The Century Club is a new building and is particularly well-adapted for small dances.

About sixty persons were present including the members of the chapter and a number of local and Wilmington guests. The affair was considered highly successful, and was thoroughly enjoyed by all who were present.

## Widdoes Residence To Be Second Annex

At the meeting of the Board of Trustees of Delaware College held on Tuesday, it was decided to convert the residence occupied by O. W. Widdoes, into a dormitory, in order to provide for the Freshman Class of the Women's College, next September. That the building may be used during the coming Summer School, possession has been requested by June first.

## Attend Orchestra Concert

Among Newark faces seen in the crowd at The Playhouse, Wilmington, on Monday night, the occasion of the last concert of the series given by the Philadelphia Orchestra, were Dean Robinson of the Women's College, Miss Rich, Miss Caudell, Miss Waterman, Miss Marion Campbell, Miss Ledenham, Miss Stevens, Miss Harter and Miss Butterworth. Dr. Rawlins, Dr. Greenfield, and Mr. Donald Horsey.

The Russian program, at the last concert, was pronounced by many the most delightful of the series

## Delawarean Makes Good At Iowa State College

George O. Smith, who graduated from Delaware College last June, is making good as is shown by the following letter. Mr. Smith after graduating from Delaware received a scholarship at Iowa State College where he is doing graduate work this year.

Prof. H. Hayward, Dean and Director,

Delaware College, Newark, Del.  
Dear Prof. Hayward: I wish to acknowledge receipt of your valued favor of February 14. We are pleased to state that Mr. G. O. Smith is a good worker, intelligent, painstaking and very conscientious. This means that he is doing good work. We find that he has been very well trained in his previous work. I do not know that we ought to rank him with our other fellowship students because this is a very difficult thing to do, inasmuch as the men are working along different lines, but if such comparison were asked for, I am inclined to believe he would be placed very near the top.

With best regards, I am

Yours very truly,  
W. H. Pew,

Prof. of Animal Husbandry.  
Ames, Iowa, Feb. 22, 1917.

This letter offers fresh proof of the high standard of work which is done at Delaware College. It is particularly gratifying to receive this word from Iowa State College which is one of the best in the middle west.

## Catalogue Out Tomorrow

The Catalogue for 1917-1918 will be out Wednesday. Sophomores, Juniors, and Seniors of the Arts and Science course should make a tentative list of elections of studies at once. Such schedules should be in the hands of the committee by May 15th. A Sophomore should map out courses generally for the next three years to enable him to get in all he wants.

## DELAWARE TRUSTEES HOLD IMPORTANT MEETING

Three New Buildings Dedicated At Commencement

At the regular meeting of the trustees of Delaware College, held at the president's office in Recitation Hall, yesterday, the urgency of a new engineering building, to be erected opposite the new Wolf Hall, was presented by Henry B. Thompson, president of the Board, presiding. In response to an appeal from Dr. Mitchell, president of the College, a committee composed of Henry B. Thompson, chairman, H. R. Sharp, and S. C. Mitchell, was named to take under advisement the matter of raising funds for a permanent Y. M. C. A. secretary. A number of new professors and instructors, as published in "The Post" of last week were appointed; also Dr. Earnest M. R. Lamkey, Plant Physiologist, at a salary of \$2000 a year.

President Thompson's report follows:

On the completion of Wolf Hall we will have made adequate facilities for the Department of Agriculture and it is my duty to call to your attention the needs of the other Departments of the College.

Today we have 97 students in our Engineering Department, or 43 per cent of the total enrollment of the College. The first step in the development of this Department was in securing a head and our appointment of Professor Cullimore as Dean of this Department has unquestionably proved a wise one. In the statement which I will make to you later, Dean Cullimore says "It seems to me fundamental that this College should, in both scholarship and material facilities, stand definitely on a level with other colleges similarly maintained." I think we are all in agreement with this statement.

(Continued on Page 3)

## DELAWARE CLOSES SEASON WITH VICTORY

Johns Hopkins Defeated In One-sided Game, 29-15.

H. Horsey Plays

The basketball season at "Delaware" closed Friday night when the "Blue and Gold" quintet scored an easy victory over the "Blue and Black" collegians from "Hopkins." The game was not a very interesting one because of the superiority of the local five.

"Hopkins" secured the lead in the first few minutes of play when Woodland dropped in a foul. Several minutes later he added two more and then Delaware scored several field goals in succession, the half ending with a lead of 13-10 for the "Blue and Gold."

It was in the second period that Delaware began to display its true form and they quickly piled up a commanding lead. With several minutes to play in this half, the entire second team was substituted and they succeeded in holding the Baltimoreans without a field goal for the rest of the game.

Harold Horsey who has played two years on the varsity, ended his basketball career at Delaware last night, as he graduates in June. He was high scorer in the matter of field goals. The score:

Johns Hopkins		
	Field	Foul Pts.
Love, f. ....	0	0 0
Woodland, f. ....	1	9 11
Pfisch, c. ....	2	0 4
Sutton, g. ....	0	0 0
Branhan, g. ....	0	0 0
Cox, g. ....	0	0 0
Totals .....	3	9 15
Delaware		
D. Horsey, f. ....	3	0 6
H. Horsey, f. ....	4	0 8
Marston, f. ....	0	1 1
Ferguson, f. ....	0	0 0

MARCH 14, 1917

A Permanent Y. M. C. A. Secretary

It seems a general opinion that next year we shall need a permanent Y. M. C. A. secretary. Not that the present Christian Association cabinet has in any degree failed in its duty; far from it. But it is thought the need will result from the change in quarters from Purnell House to Old College Hall.

The duties of planning and holding lectures, Bible classes, arranging rooms and hours for different meetings, and the responsibility of caring for the large building would seem more than any student could assume and at the same time carry his studies.

And to such a secretary would many tasks accrue which are now borne with fine patience by various members of the faculty: some of the personal counsel and advice, "odd jobs for spare time," and the solving of the thousand knotty problems which arise in college affairs.

Every student should help in order that the efforts of those who are at work on this point will be successful.

#### For Your Consideration

In order to bring before the student body some of the principles and rules on which the honor system is based at other colleges, the Committee on Rules for Delaware's system has deemed it advisable to print some of these rules in another column of this issue. Many students have a very vague conception of what an honor system consists in; and it is the desire of those compiling

this list of rules to arouse discussions among the students. It is important that more intelligent consideration be given to the matter of the honor system and the regulations that are laid down. The list of rules should enable all to obtain a more definite idea of what the honor system stands for in other institutions.

#### W. C. D. Notes

Saturday evening, March 3, the Dramatic Club entertained. The program consisted of four charades, each of which was worked up into a little sketch. The entire work of composing, coaching, and acting the little plays was done by the girls, and their result was delightful and clever. The entertainment was given in the chapel room where a small stage and a large curtain helped the more imaginative ones of the audience to think that they were at the Playhouse. The first word given, which had been worked up by Miss Catherine Jackson, was criterion. Thru the medium of a tea in a college girl's room, the syllables were worked in. The next word, directed by Miss Catherine Fletcher, was negotiate. The main theme of the play was the heartbroken grief of a young girl when her wounded lover recovered and had to return to the war. Miss Elizageth Dawson directed the third word—fellowship. In that sketch several quartettes and a scene on board a ship were given. The last word, which was corpulent, was directed by Miss Pauline Smith. Each of its three syllables had been worked into a tiny sketch, one, a scene in a hospital, another, a scene in a church, and the third a scene outside of Coverdale's. A great many "slams" were given in the plays, but these were all taken in good fashion by the victims. After the enjoyable entertainment, every one adjourned to Warner Hall where they danced until the ten o'clock bell put an end to merriment.

### Small Town Stuff

BY WILL MINGTON

#### Rubaiyat of a Student

The years roll on and still I labor  
o'er my book,  
So that in future time my country  
I may serve,  
Ahead for greater things to conquer  
I must look,  
And careful be lest from my purpose  
I may swerve.

These front page pictures are giving many of the Arts men their first glimpse of the inside of the engineering rooms.

The fellow working for flunks needs no signposts.

"What is the red that greets my view?  
'Tis past the time for rising sun."  
"List' here, my boy, let me tell you,  
The freshman caps again are come."

The Undertakers' Union met last Friday night and passed two resolutions. One was that they regretted that Nathan Hale and all others have only one life to give to their country. The other offered a liberal reward to the scientist who discovered the means of making us live oftener and die sooner.

When my friend George writes that his stuff is not dry because of the "quart a month" proviso he must remember, contrary to textbooks, that one quart often makes a peck of trouble.

#### Black-Mail Department

What would it be worth to a contemporary Columner to have it suppressed that he was one of the chloroformers of a certain dog, named Seldom?

Or a certain professor to withhold the fact that you can't notice a week's growth of hair on his chin?

\*Sesquipedalianistically yours,  
Will

\*I'll bet this stumbles some of the profs.

### Campus Nik Naks

(Heard at the Fresh Banquet)  
1st Fresh—"May I have the pleasure of escorting you into the conservatory?"

2nd Fresh—"Certainly! To tell the truth, I'm half starved now!"

There is only one thing that future diners at the Hotel duPont should be afraid of, namely, pigeon soup.

In 1907—"You are bound to find him there. He wears tortoise shell glasses."

In 1917—"You can't miss him. He doesn't wear tortoise shell glasses."

Doc Penny—"Now Mr. Plam, where is glucose found?"

Mr. Plam '19—"Oh, Doctor, why—in grapes and a—(heavy whispers, 'Raisins') raisins, Doctor, why raisins."

Tiff—"I told you to notice when that solution boiled over."

O'Rourke '19—"I did. It was a quarter to four."

### Faculty-Senior Game

The Faculty-Senior game will be played on March 21. About a month ago the Seniors sent a challenge to the Faculty for a basketball game. The effect was magical. Faculty athletes are now holding practice almost every evening from 7.00 until 9.00. They say they are getting hardened up.

They have many new tricks, one of which slipped out somehow. At one of the practices, Professor Tiffany shot two field goals. In each instance he was in the act of falling when he shot; so now in the big game the Faculty is going to get the ball and throw it to Professor Tiffany. About this time some one will upset him and two points will be chalked up to the Faculty.

With such new plays what hope can we have for the Seniors ???

### Class Teams Out For Basketball Games

For the last week the various class basketball teams have been utilizing all spare time in preparing for the coming series of games. There seems to be much good material in all of the class-teams and a close score is expected in all of the contests.

Last year the Sophomore class won the championship, but in the course of a year two of its members have become ineligible, and one is not in college. "Ernie" Wilson and "Don" Horsey are varsity players; Hugh Downing is not in college at present.

The schedule will probably be as follows:

Monday, March 12—Freshman-Sophomore.

Tuesday, March 13—Junior-Senior.

Friday, March 16—Finals.

Some of the candidates for the teams are the following:

Senior class: Steele (Capt.); Marshall, Applebee, Campbell, Fildance, Smith, Smyth, Beauchamp.

Junior class: Holland (Capt.); Bowen, Lauritsen, Smith, M. Wilson, Taylor, Alexander, Lovett.

Sophomore class: Marston (Capt.), Taggart, Craig, M. Plam, Longland, L. Plam.

Freshman class: Selby (Capt.), Ritz, Chillas, Barnard, Gaugh, Carter, Marvel, Brewer.

### The Annual Maryland Student Missionary Conference

Delaware College was represented at the Annual Maryland Student Missionary Conference held March 2, 3, and 4 at St. John's College, Annapolis, Maryland, by J. C. Hastings, president of the Y. M. C. A. at Delaware College. The object of the conference

was to learn more about what is being done and what needs to be done by students in the foreign and home missionary fields.

The Conference was a grand success. There were about one hundred delegates present. There were short addresses at each meeting by men and women who had spent a number of years in the foreign mission fields. The point that was stressed by all the speakers was that "The harvest is ripe but the reapers are few." Dr. C. B. Reed, a man who has spent twenty years in China as a medical man stated that there is only one physician to every hundred thousand people.

Saturday afternoon there were addresses given by students of non-Christian nations. India, China, and Japan were the nations represented. The attitude which these students took in looking at foreign missionaries was very impressive. The young Chinese boy said, "Too many people of the Christian nations say that they give to foreign missionaries because they pity the poor people. As a representative of the Chinese people I say to you that the Chinese do not care for your aid if it is thru pity that you give it. If, on the other hand, you give us aid and seek to give us a higher standard of morality, as an act of love for an unfortunate brother or sister we shall be only too glad to accept your aid."

The conference closed Sunday night.

It is almost a certainty that the Conference will be held at Delaware College next year.

Mr. William Miller, the district Secretary of the Y. M. C. A. returned with Mr. Hastings to Delaware College and spent Monday and Tuesday in Newark. The object of Mr. Miller's visit was to discuss plans for the Y. M. C. A. for the coming year.

From all indications the coming year will be a banner year in the life of the Y. M. C. A. at Delaware College.

### DELAWARE TRUSTEES HOLD IMPORTANT MEETING

(Continued from Page 1)

Today our greatest need is an increase in our material equipment. A brief survey shows we are absolutely deficient in laboratories for important work and tremendously overcrowded in the laboratories that we possess; for example, we have no laboratory for Physics, for the testing of materials, for road work or for hydraulic work. Our Electrical laboratory is so overcrowded that it is with difficulty our students can work there. The apparatus that we have is good and serviceable but efficient use of it is impossible, due to the serious overcrowding. Our Mechanical laboratory is inadequate in size and equipment. The following figures show the inadequacy of our Drawing Room: a room built for 32 men is now serving 97 students.

Dean Cullimore has made a careful study of conditions and has prepared tentative sketches of a building, which should properly face Wolf Hall and be in keeping with the style of that building. A building properly designed for civil, electrical and mechanical engineering and with the necessary modern equipment would cost in the neighborhood of from \$300,000 to \$350,000. It seems to me that our task will be to start a movement for the securing of this amount. The industries of Wilmington today are in need of the type of men that we are educating in our Engineering Department and the big development that we see in our river front industries in Wilmington

would warrant us in making an appeal for the installation and equipment of such a building as I have designated.

It is my duty to present this whole matter to you for your serious consideration."

Dr. Mitchell's report presented much interesting and encouraging information for those interested in the development of Delaware. He said:

### Enrollment

Eight students, chiefly men who have returned from the Mexican border, have entered Delaware College for the second term, making a total enrollment for the year of 229, the highest attendance in the history of the college.

# HONOR CONSTITUTION

## Of The Students' Association Of Amherst College

### Article I. Purpose

Sec. 1 This, the Honor Constitution of the Students of Amherst College, puts the members of the student body on their honor in all their relations with the Faculty and with each other.

### Article II. Committee

Sec. 1 There shall be a committee known as the Committee on Honor, which shall be in general charge of all matters pertaining to honor in the college.

Sec. 2 This committee shall consist of six members, the presiding officers of the Student's Association and the four classes, and one Senior to be elected in the first three weeks of each academic year by the Association. In the event of any vacancy on the Committee, the Association shall elect a new member from the Senior class to fill the vacancy as soon as it occurs.

Sec. 3 The president of the Association shall be chairman and the president of the Junior class secretary of the committee.

Sec. 4 Should any member of the committee have fraternal or family relations with any man accused of violating the Constitution, such member shall be relieved of the duty of sitting on the case, and the committee shall elect a temporary member from the class of which he is a member.

### Article III. Publicity

Sec. 1 The committee shall make provision for interpreting this Constitution to the members of the Freshman class in the first three weeks of each academic year.

Sec. 2 The Constitution shall be published in the "Student" in the first number of each academic year and in the last number of each semester before the final examinations, and in the "Student's Handbook."

Sec. 3 This Constitution shall be posted in lecture rooms, on college bulletin boards, and in the library.

Sec. 4 This Constitution shall be discussed annually at such times as the committee shall direct.

### Article IV. Honor

Sec. 1 The Faculty may require the following pledge on any work: "I pledge my honor that I have neither given nor received aid in doing this work."

Sec. 2 Every member of the student body shall be on his honor to aid in maintaining this Constitution.

### Article V. Dishonor

Sec. 1 It shall be deemed dishonorable (1) either to give or receive aid in any curriculum work without the knowledge or consent of the instructor concerned, or (2) to abuse the privileges of the library, or (3) to commit such acts as may be considered dishonorable by the student body in the annual discussions as provided in Article III, Section 4.

Sec. 2 In case the committee is in doubt as to the honorableness of any act, they shall submit the question to a vote of the student body, and the result shall become precedent for future cases.

Sec. 3 In case any person believes another is acting dishonorably, he shall either (1) ask for an explanation and, should such explanation be unsatisfactory, present the case to the committee, or (2) report the case directly to the committee.

Sec. 4 If the committee finds that a man has acted dishonorably, they shall make such recommendation as they see fit; it being provided that in case a man is twice convicted of dishonorable action, the committee must recommend to the Faculty his immediate expulsion.

Sec. 5 Five votes shall be necessary for conviction.

### Article VI. Amendments

Sec. 1 This Constitution may be amended by a three-fourths vote of those present at a meeting of the student body, provided that notice be given at least one week in advance and that the proposed amendment has been printed in the "Student."

Note:—Each week the Honor System Constitution of some college will be printed.

### Mandolin Club To Take Trip

On Saturday, March 24th, the Mandolin Club, assisted by Miss Grace S. Saylor, soprano, and the Delaware College Quartette, will give a concert and dance in the New Century Club, Wilmington. With the exception of the concert at Odessa last fall, this will be the first public appearance of the

Club. Thursday, Friday, and Saturday of the following week the Club will take its first annual tour down State, going to Dover, Milford, Salisbury, and Laurel. The personnel of the Club is as follows:

First Mandolins—E. E. Plumley, '19, Prof. R. R. Pailthorp, Dr. K. R. Greenfield, J. Robinson.

Second Mandolins—C. L. Weigle, '18, F. E. Proctor, '19, F. B. Martinis, '19, N. Thomas, '20.

Third Mandolins—H. R. Loose, '19, R. B. Walker, '20, T. E. Williams, '20.

Flute—J. W. Humphrey, '19.

Mando Cello—D. P. Barnard, '19.

Banjo—J. F. McWhorter, '20.

Piano—George Madden.

No better dance music could be wished for than George Madden at the piano, Ernie Marks with his cornet, Tom Booth and Frank MacWhorter with banjo mandolins, and Harold Grier at the traps and drums.

The male quartette consists of E. E. Ewing, G. H. Ferguson, J. C.

Hastings, and H. W. Ewing. Miss Saylor will need no introduction to Wilmington audiences.

She has sung a number of times at the Sunday Afternoon Concerts at Hotel DuPont.

### Your Glasses Were Fitted When?

If your eyes have not been examined within the past two years they should be looked after now; particularly if you have suffered from a severe illness.

Improper lenses can prove harmful not only to your eyes but to your health as well.

In all Delaware there is no better optical service than ours.

Let us test your eyes and prove it to you.

MILLARD F. DAVIS  
OPTOMETRIST

### DIRECTORY OF ADVERTISERS

We believe in reciprocity. "If you deal with us, we will deal with you" is a fair and square business proposition.

The Review is dependent upon its advertisers. Without their help in the form of advertisements it could not be published. Therefore it is only right and proper that the students and entire constituency of the College should patronize those concerns which patronize the Review. Your trade and business dealings should preferably go to them.

Below is a classified list of those advertisements which appear in "Our" paper and "Your" paper. Look it over and then follow that doctrine of Reciprocity.

Buffalo White Pine Shavings.

## because Nature made them so BUFFALO WHITE PINE SHAVINGS

Buffalo white pine Shavings stay dry because nature made them that way—

Buffalo Shavings are the natural bedding—

Do your dairy herds sleep on Buffalo Shavings?

Make a test.—Get the right to form an opinion of the value to you of

BUFFALO SHAVINGS

Why DRY bedding is best—

Need not be frequently changed. Hence, less of it is used—SAVES MONEY

Stays clean, does not attract germs—PREVENTS DISEASE.

Send Post Card To-day—Asking for testimonials from the best known cattle raisers in the U.S.—men whose written advice convinces you that you should save money and prevent disease by using naturally dry BUFFALO SHAVINGS.
