FINANCES OF TOWN IN SPLENDID CONDITION

Uniform Fine For Parking Violations Proposed

An ordinance to establish a uniform fine of \$1.00 for parking violations in the Town of Newark was introduced before the Town Council at its regular monthly meeting Monday night.

The proposed ordinance would eliminate the present provision for fines of from \$2.00 to \$5.00 for parking violations on South College Avenue and establish a uniform fine of \$1.00 for parking violations anywhere in town where signs proclaim a restricted area. There is a fine of \$1.00 for parking violations on Main Street.

Also, parking stalls would be painted on Main Street and cars required to park in the allotted space. This would eliminate wasted space by persons parking either too far or too close to other cars.

The ordinance was referred to Attorney J. Pearce Cann for final draft and will receive its first reading at the April meeting of the council. Mayor Collins presided over the meeting Monday night with Councilmen Hubert, Richards, Ferguson, Johnson and Wollaston present.

Treasurer's Report

Reading of the treasurer's report showed town finances in excellent condition with profit of \$2,888.84 after \$3,550 had been paid on notes payable of local banks. The largest single disbursement item was the peak payment of \$4,094.90 to the Delaware Power and Light Company.

Receipts for the month of February were \$15,762.84 against disbursements of \$12,874.00 leaving a cash balance on hand at the end of February of \$2,888.84.

To Install Culvert

Town Engineer G. C. Price reported the installation of a new street light under the E. & O. bridge on North Chapel Street. Water consumption for February showed a two percent increase over last month with a total consumption of 13,814,700 gallons.

The town engineer was instructed to invite bids for installation of a concrete culvert to replace the wooden bridge on East Park Place. Snow removal costs for the month were \$234.25. Price also reported that part of the aeration equipment had been received and that the rest of the equipment and installation was expected the immediate future.

Police Report

Chief of Police Wm. H. Cunningham reported a total of six arrests made during February with fines collected the amount of \$22.00. Six accidents were investigated and over-night lodging given to thirty-five transients; 133 police calls were made and stolen property received was restored to its owner.

ELECTION DISTRICTS APPROVED TUESDAY

Proposed Changes Sanctioned By Co. Department Of Elections

Two new election districts were created in the White Clay Creek Hundred Ninth Representative District Tuesday night when the New Castle County Department of Elections approved proposed changes published in the February 15 issue of The Newark Post, with minor alterations.

Creation of the two new districts will serve to eliminate congested voting conditions in overcrowded precincts and establish five voting districts where there were only three.

Four new districts were added in Wilmington increasing the total number of voting places there from 144 to 148. The new districts were established in the fifth, seventh, eleventh and twelfth wards.

Proposed changes in Christiana and New Castle Hundreds are expected to be adopted this week. They would increase the number of districts from ten to fifteen in Christiana Hundred and place the Delaware State Hospital in the Minquale district instead of the New Castle district in New Castle Hundred.

Official boundaries of the Ninth Representative District's five voting districts as adopted by the Department of Elections at the Tuesday evening meeting will be published next week as lack of space does not permit in this issue.

MDSE SHOW OPENS NEXT THURSDAY AT ARMORY

New Exhibits Will Greet Record Crowd Expected

Success of the third annual Merchandising Show and Food Exhibit was assured with the announcement of four new exhibitors yesterday which more than offset the loss of Reeves, Parvin & Co., and Layton Co., who are not participating in the event this year.

Final plans for the occasion were discussed at a meeting of the committee Tuesday evening. Numerous prizes of value will be awarded at each session. The doors will again be open from one to ten o'clock daily with music furnished by the high school orchestra.

The balcony will house school exhibits of industrial art, manual training and home-making projects. Mrs. Mary V. Gambeau, home economics expert of the Delaware Power & Light Company will conduct a cooking school and again award the food prepared to Show visitors.

Dennison Motor Company, Betty Flower Shop, Harmony Supply Co., and Archie Peel will be in the Show this year for the first time as will Miller Bros. Furniture Company and Poole's Electric Stores Co., both of Wilmington. The Kell Motor Company will provide an attractive display although they are not strangers to Newark, having been in the Show in 1938.

Acquisition of the newcomers is due to the efforts of D. A. McClintock who is working in conjunction with George F. Jackson, general chairman, in selling floor space. Mr. McClintock, chairman of the prize committee, requests that any merchant or manufacturer willing to donate prizes to be given away at the Merchandising Show next week contact him.

Newark, Delaware, March 7, 1940

HEADACHE TIME

Headache time is here again. The headache epidemic makes its annual appearance nationally about this time of year as the deadline for filing state and federal income tax reports approaches.

Many a business man and individual burns the midnight oil these days in a desperate attempt to conjure up exemptions that will decrease the premium placed on making a living under already none too favorable conditions.

Pencil-sharpeners and erasers are worked overtime as auditors, accountants, bookkeepers and tax experts reap a harvest in the frantic scramble to beat the deadline—and maybe the Tax Collector too if he doesn't have sharp eyes.

Only one week remains to file state income tax reports. Under state laws, returns are required to be filed by every resident of Delaware twenty-one years of age or over, regardless of the amount of income; minors with income of more than \$1,000 guardians and trustees, individual or corporate, who hold property of any kind in trust for residents. Also, by every employee of the state government including teachers, relief workers, etc., regardless of residence outside of Delaware.

If you haven't done so, you'd better get busy on that income tax report or the Tax Collector'll get you if you don't watch out.

MOTORISTS GET A BREAK

New 1940 blue on yellow license tags will make their first appearance on Delaware motor vehicles next week—three and one-half months later than usual due to a change in state laws making the compulsory new tag date April 1 instead of January 1. The law went into effect this year thereby giving motorists a benefit of four additional months use of their 1939 plates.

Motorists generally are grateful for this respite and appreciate the change in the date which was designed to give them a breathing spell to catch up on finances after the usual Christmas spending spree.

The new tags are the same as usual in size, style, numerals, etc. They are printed in state colors, blue on a gold background, and bear the legend "Del. Ex. 3-31-41" underneath the number.

License applicants can no longer request the same number they enjoyed in previous years, the date for special tag requisitions having expired on March 1. Applicants will now receive plates as they are issued, in consecutive order.

New tags may be displayed on and after next Friday, March 15, but not before. They MUST be displayed after midnight, March 30.

The 1939 operator's licenses do not expire until May 31. Motorists may, if they desire, have the expiration date marked on their licenses at any of the state motor vehicle offices, state police stations or A.A.A. headquarters although, according to Motor Vehicle Commissioner William D. Denny, it is not necessary as the 1939 operators' licenses will be recognized as valid until May 31.

MORE VOTING PLACES

Voters of White Clay Creek Hundred will undoubtedly welcome the creation of two new election districts in the Ninth Representative District as adopted by the New Castle County Department of Elections at a meeting held on Tuesday evening.

The increase of local voting places from three to five will alleviate overcrowded conditions in the larger precincts and make it possible for all registered voters in each district to cast their ballot under more favorable and convenient conditions.

Under the old arrangement there were so many registered voters in some districts that it was almost a physical impossibility for all of them to vote during the prescribed time the polls were kept open.

Newark and that portion of the Ninth Representative District involved have increased in population since the establishment of the original three districts and the adoption of the new boundaries and addition of two precincts is in keeping with the progress of our community.

CONGRATULATIONS

Happy birthday to Arthur E. Tomhave who will celebrate his birth anniversary on Sunday, March 11. Many happy returns of the day and may this anniversary mark another milestone of health, happiness and prosperity for a fine fellow, a loyal worker and outstanding citizen.

Mr. Tomhave came to Newark in June, 1921, and is head of the department of animal husbandry and poultry research at the University of Delaware. He is a native of Minnesota and now entering upon his twentieth year of service in Newark.

He has been of untold value and service to our community and has served in many capacities. He is first vice-president of the Newark Lions Club, a member of the J. Allison O'Daniel Post, American Legion, treasurer of the Legion Bowling Alleys, member Boy Scout troop committee, member of the Presbyterian Church and assistant superintendent of the Presbyterian Sunday School.

Mr. Tomhave served as Scoutmaster here during 1928-30 and has always evidenced a keen interest in any movement designed to promote youth activities. His latest achievement was the Junior Baseball League which he sponsored and was largely instrumental in making it successful.

Weekly Sermon

By Rev. Wm. H. Lee Spratt, Director of Correspondence School Moody Bible Institute, Chicago.

TEXT: Christ is all, and in all. —Colossians 3:11.

The seven ancient wonders of the world were so regarded because of their size and strength, and the seven modern wonders were selected because of their practical benefit to the human race. But a person stands alone in unapproachable grandeur as the world's greatest wonder—the Lord Jesus Christ, God's gift to the human race.

Among the many, let us consider five aspects of Christ's pre-eminence revealed in God's Word.

I. Christ is the Center of Creation

"For by him were all things created, that are in heaven, and that are in earth, visible and invisible . . . all things were created by him, and for him" (Col. 1:16). Since Jesus Christ lived and died here, our earth is indeed the center of God's thought and providence. What holds the planets in their orbits? "Gravitation," says the scientist. What holds the bodies of matter together in a solid, compact mass? "Cohesion," replies the physicist. But what does God's Word say? "By him," that is, by Christ, "all things consist," or hold together (Col. 1:17). The mysterious force which the scientist calls gravitation or cohesion is, according to God's Word, "the power of Christ." "In him all things subsist."

II. Christ is the Pivot of the World's History

The great events in the history of the world either converge toward or radiate from the divine focus—Jesus Christ. He diverted the channels of history. He changed the method of reckoning time. We date our letters, not "anno mundi," the year of the world, as would be natural, but

"anno Domini," the year of our Lord. III. Christ is the Grand Theme of the Bible

Christ is the sum and substance of Scripture. In Genesis it is Christ who crushes the head of the serpent, and the Shiloh who is to come. He is the "I AM" in Exodus; the perfect offering in Leviticus; the star and scepter in Numbers; the Rock in Deuteronomy; the Captain of the Lord's host in Joshua; the Redeemer in Job; David's Lord and Shepherd in the Psalms. In Isaiah He is called Wonderful, Counselor, the mighty God, the everlasting Father, the Prince of Peace; in Zechariah, the Branch; and in Malachi, the Messenger of the covenant and the Sun of Righteousness. He is the way, the truth, and the life in the Gospels; the Lord of glory in the epistles; and in Revelation the Alpha and Omega, and the bright and morning star.

IV. Christ is the Only Saviour from Sin

Sin is a terrible reality. Romans 3:23 tells us, "All have sinned, and come short of the glory of God," and Romans 6:23 warns that "the wages of sin is death." The guilt of sin is the sting of conscience. It cannot be reasoned out of existence. It cannot be legislated out of the life. It cannot be legislated out of society. Jesus Christ is the only remedy for sin—the only Savior for sinners. "Neither is there salvation in any other: for there is none other name under heaven among men, whereby we must be saved" (Acts 4:12).

V. Christ is the Supreme Satisfaction of the Human Heart

The world is full of unrest. Hearts are yearning for peace and joy which satisfies. The intellectual alone does not satisfy the soul. The world with all its allurements only gives temporary appeasement. Emotionalism is explosive. Jesus Christ alone satisfies.

If you know Him, as your Savior and Lord, and can rejoice in that "he is all, and in all," but if you have never given Him the supreme place in your life, will you not accept him now as your Saviour?

Auxiliary Makes Plans For Session With Legion

Plans for a joint meeting with the Legion on April 1 were made at a meeting of the J. Allison O'Daniel Unit No. 10, American Auxiliary at the organization's regular weekly session Monday night. The joint session will serve two purposes, celebration of the Legion's twenty-first anniversary and observance of child welfare work.

Mrs. Harry S. Gabriel heads the department's child welfare committee while Mrs. I. Newton Sheaffer is chairman of the local committee.

Mrs. Harold Sheaffer, a member of the local unit, will serve on the Americanism committee, which will make plans for the Girls' State to be held in Dover on Saturday, April 27. Mrs. Lucille Gooden, of Dover, is department chairman.

Radio questionnaires were distributed by Mrs. J. Harvey Dickey, radio committee chairman, to be filled in and sent to the New York City headquarters. Mrs. Clarence Hopkins, vice president, presided in the absence of Mrs. Leon Kane who is ill.

Marks Anniversary

Mervin S. Dale

A resident of Newark since 1932, Mr. Dale, who came to Newark in the employ of Joseph Smock, recently celebrated the seventh anniversary of the founding of his own jewelry business. He has been associated with the trade for 15 years.

Acting as manager of the Smock establishment, located at 73 East Main Street, for four months, Mr. Dale bought the business in February, 1933, and proceeded to build a growing business through courteous and efficient service.

His steadily increasing volume of patronage, after two years, permitted him to change his location of business and the progressive merchant moved into a thoroughly modern establishment at 59 East Main Street in May, 1935, where he is still operating.

Offering a wide variety of products, Dale's is equipped to fill practically every jewelry need of the local consumer. Hamilton, Elgin, and Bulova watches, Keepsake diamonds, International silverware, Waterman's pens and pencils feature the completely up-to-date line.

I'M A PUNK SALESMAN!

• Whenever some people want to describe a cracker-jack salesman, they say, "He could sell refrigerators to the Eskimos!"

Well, I guess I'm a pretty punk salesman!

Because I wouldn't want to sell refrigerators to Eskimos. I wouldn't want to sell anything to anybody who didn't need it, and who wouldn't get full value out of it. I wouldn't even want to sell refrigerators to Fiji Islanders, unless I knew that refrigerator was the greatest all-around value in the refrigerator industry!

My business is selling Ford cars. I wouldn't be in that business unless I knew that the Ford V-8 is the greatest all-around automobile value in the world! Strong words? You bet they're strong words, and if I knew any stronger, I would use them.

But like I said, I'm a punk salesman according to that Eskimo angle, and my technique of selling a Ford V-8 is just to tell what I know about that car and its advantages, and the car sells itself. That may not be salesmanship, but it's the way I like to do business. And I'm going to keep right on doing it that way! Thank you.

HO HUM! AND though we face Fossett's accusations of romanticizing in the orchard, we humbly submit the thought that spring is showing its pretty little head around the corner. Not that any tangible signs (robins, daisies, sulphur and molasses, lover's lane strollers, etc.) have put in an appearance, but we can't deny this bone creaking that keeps us awake—even during business hours.

MF. FOSSETT, RIGHTLY LISTED as Newark's Number One Heckler, has been showing signs of spring fever himself, for the last eleven months, what with his early morning Coca Cola excursions sans coat, hat, and gloves. The only way you can tell the disease has reached a crisis is by the decreasing gait which falls from a canteen in January to a surly shuffle in March.

While we are subject to the infection only 365 days in the year, it reaches its peak this month when an arrested mind and sluggish reflexes strike up discords with our normally active life. (Who made that funny noise?)

TRUE ENOUGH, WE HAVE SEEN no robins to justify the intensity of this lethargic state of mind and body, but who are we to question the dictates of a tired being that tempts us to challenge Rip Van Winkle's mattress marathon in the Catskills. Even the absence of our feathered friends and an anemic front-porch thermometer don't form the nucleus for debate.

(We tried to spare you the pain of this treatise, but no less than twenty-one acquaintances turned down our invitation to be guest columnist this week—another link in our chain of arguments that spring fever is already upon us. They're too lazy, too.—Ed. Note.)

THREATENED, AFTER HE RUDELY refused to write this column, Leo (The Lion) Laskaris, (he's expecting this) pretender to the local tennis crown, is conspicuously showing the ravages of rapidly approaching spring (in a romantic sort of way) for the technique displayed in cornering three members of the opposite sex in one booth recently was worthy of only some divine inspiration.

While Spring takes two methods of attack—rheumatic with us, romantic with Leo, this esteemed member of the House of Laskaris waxes eloquent in his very joy in living and through a silver tongue, he manages to transfer his moonlight and water thoughts to the gals. And all without extra charge. The way those blondes gazed, though, he could have doubled the coke price with nary a protest.

OFFICER SAMUEL TIBBITT, whose marksmanship would have put William Tell's son under six feet of good, clean earth, is another who might be isolated because of this pleasant disease. Our aim, which is at best no better than a soused gentleman's shot with a catapult, was good enough to take the local cop's measure, 1-0, in knocking off "the little man that goes around."

Officer Tibbitt's left arm wavered on every shot as he scored none for ten, all of which we tabulated as spring spreading her rheumatic infection. (Officer Tibbitt needs practice—Ed. note.)

Even Grover Tennyson Surratt, boss of the climbing Travellers in the table tennis league is feeling the touches of a fast-increasing balmy March 21st, for he's threatening to knock off every team in sight, including our own Bearcats.

MIKE PILNICK, LOCAL SHOE merchant, beat us all to the punch two weeks ago. When his window blossomed out (despite neck-high snow drifts) with the latest fashions in Men's women's, and children's white footwear—all priced to conveniently fit the housewife's budget. (Free advertisement—Ed.)

AT A TIME LIKE THIS, WHEN THE DELUGE OF THOUGHTS BEGINS TO DWINDLE TO A MERE TRICKLE, WE VICTIMS OF THE SPRING FEVER EPEDEMIC USUALLY START TYPING IN CAPITAL LETTERS, WHICH YOU WILL AGREE IS AN EFFECTIVE IF INSIGNIFICANT WAY OF FILLING OUT A COLUMN

At time like this, however, the writer can't be choicy, even if his five readers can, so he's forced to resort to a few tricks of the trade such as: indenting the type at one end of the column or indenting the type at the other end of the column or even indenting at both ends.

A few leads (a printer's most valuable tool) also come in handy when a little spacing out is needed and a guy just runs out of words. Ho Hum!

HEN LEADER ENJOYS BIG YEAR DESPITE POOR RECORD

Eddie Anderson Compiles Grand Total Of 186 Points As Team Wins Only Four Of Sixteen Contests; Douglass Scores 143

Despite the poor season which saw the University of Delaware cagers turned back in no less than twelve of their sixteen trips to the boards, Captain Eddie Anderson enjoyed a high-scoring year as he paced his teammates with a grand total of 186 points.

Averaging fourteen points per game for the first six contests, it was not until the seventh tilt when he was held to nine points by P.M.C. that the Hens' leader dropped out of the double scoring columns. High points in his shooting were marked up on the New York trip when he piled up a 21-point total in the 64-41 defeat at the hands of Pratt, and a 20-point aggregate in the 63-45 shellacking at the hands of Upsala. Anderson's season average was 11 1-2 points per game.

Second scoring honors went to a former Newark High School cager, Carty Douglass, who compiled a grand total of 143 points for the season's work, while Benny Crescenzi, a freshman, rolled in 100 points to cop third laurels.

Others listed in the scoring columns are: Bill Gerow, 92; Conrad Sadow-ski, 34; Cas Blaska, 28; George Barlow, 17; Lew Selby, 12; Dick Reed, 10; Guy Wharton, 5; Earl Sheats, 2; and Steve Burke and Bob Siemen, 1 each.

The Hens, off to a slow start, at the beginning of the season, showed promise of developing into a winning bal club as they dropped slim one-point decisions to Dickinson and West Chester Teachers' College before cracking the win column at the expense of Haverford. Pratt and Upsala inserted two setbacks, however, before the Blue and Gold passers notched their second triumph, a three-point win over Drex-el.

Victories proved more and more scarce as the season progressed as P.M.C., American University, and Swarthmore drubbed the locals who finally made it two straight against the Dragons for their third conquest of the season.

Washington College then started another losing streak that included Haverford, the Shoremen, West Chester, and P.M.C., all in return engagements, punctuated only by the Hens' alumni home coming-day win over Brooklyn Poly.

Delaware's opponents rolled up a total of 781 points to the Hens' 631.

Preparations for the state regimental inspection on March 26 and the federal inspection on April 9 were made at the regular meeting of Battery E, Delaware National Guard, in the Newark armory Tuesday night.

Capt. H. Wallace Cook, former commander of the local unit, inspected the men.

Lt. Richard E. Ramsey, commander, announced that new lockers and equipment have been received for 111 men. The present strength is 105. One-hundred percent attendance is required at the state and federal inspection, Lt. Ramsey emphasized.

WALLS IS VICTIM IN TENTH CUE TEST

Pace Setter Falls 70-69 As Morrison Snaps Win Streak

By Q. Ball

With Ernie Spence showing the way, three local cue-wielders continued their stretch of victories as Bob Walls, the pace-setter up until last week, fell before the superior stroking of Curtis (Huck) Morrison, defending champion in the Class B billiard tournament at Jimmy Martin's State parlor.

Beck Is Victim

Walls, after hanging up a total of nine consecutive conquests, was turned back, 70-69 by last week's winner, but later added a decisive 75-31 victory over Woodrow Wilson Beck for his tenth of the tourney. Still in position for a successful defense of his crown, Morrison has chalked up seven wins against only one setback.

While Walls joined the defeated ranks, Spence increased his win total to nine when he scored a 65-23 victory over Chris Laskaris, the latter's fifth turnback against three triumphs.

Charlie Daly and Frank Porter, still to taste defeat, each added a win to their totals last week. The former downed Eddie Morgan, 60-57, while Porter shellacked Ernie Smith, 65-23 for his sixth win of the campaign.

Smith Popular Victim

Smith, winner only once in nine starts, proved to be a popular victim when he met defeat on three occasions. Not only trounced by Porter, Smith fell before Bill Thompson, 60-29, who chalked up his first win in eight starts since the tourney started, and Harry Williamson, 60-55. It was the latter's third triumph in six engagements.

In other matches player, John Grundy marked up his fourth win in nine starts, a 63-34 win over Laskaris; Beck downed Alfred MacLary, 60-34; Leroy C. Hill nosed out Drex Harrington, 60-54, and Leslie Eklund chalked up a 75-62 win at the expense of Bill Murphy.

Bruce Lindsay Paces Locals To 37-25 Victory With 19 Points

Paced by Bruce Lindsay, former University of Delaware cage star, the St. John's basketball team, first-half winners in the Tri-County League, turned in a 37-25 triumph over Port Deposit at the Newark armory Friday night.

The erstwhile Blue and Gold captain enjoyed a scoring spurge as he racked up 19 action shots and a foul conversion for a grand total of 19 points. Hassan was top scorer for the Maryland team with five field tosses and a foul for 11 points.

In the preliminary contest, the St. John's reserves were led by Leroy C. Hill, Jr., to a 27-14 victory over Battery E. Hill topped the scoring with five double-deckers, while Drex Harrington was top man for the Soldiers with three two-pointers.

Increasing Growth

When soils in old alfalfa fields contain plenty of lime, growth of the plants already present on the old stands may be increased by applying potash or a combination of potash and superphosphate.

Because visitors complained Jutus, a 20-year-old python at the Seattle Zoo, was treated for offensive breath. Keepers washed out his mouth with an antiseptic.

By Ned Ball

Grover T. Surratt's Travellers, vancing steadily, moved into a lock for third place in the Table Tennis League last week as gap between the first and second divisions widened.

Officer Hill Takes Pistol Instructions

Officer Leroy Hill, of the Newark Police department, is taking instructions in pistol marksmanship at the Delaware State Police pistol range under the supervision of Lt. Roger P. Elderkin.

Upon the completion of his course he will give instructions to other members of the local force and be placed in charge of fire arms.

Hearing a faint cry from the bottom of an empty well, Mrs. Cecil McKnight of Pontotoc, Miss., called to her small son, "Keith, are you there?" Yes, and I'm dirty, too," replied the child.

Make Low-Cost Hamburger

A Feast for a King

on this High-Broiler Quality Gas Range

No doubt about it... broiling brings out the flavor as nothing else can. And with the least fuss! Done on a modern gas range, it makes simple, low-cost food a feast.

And on sale now is a new Quality range, with broiler waist high—right where it's easiest and most convenient to

use. Never has a range with this feature been offered at so low a price. Not only broiling, but top and oven cooking, have been vastly stepped up.

NEW BROILER MENUS FOR THE ASKING. Drop into our showroom to see this brand new range. Ask for latest broiler menus by which you can perform broiling miracles. Or write or telephone for them.

SOME OF THE FEATURES THAT MAKE THIS RANGE OUTSTANDING

HIGH BROILER. No stoop. No bend. Drop-front glider drawer mounted on roller bearings. Smokeless. Will not fire fats. Much faster than earlier types. Makes broiling delightfully easy. Fast pre-heating because it uses clean, hot, economical gas.

TOP. One giant and 3 standard Flexo-Flame burners make possible new simmer-save cooking methods that preserve vitamins and retain garden-fresh vegetable colors.

OVEN. Automatic temperature control. Makes possible "low temperature oven" cooking that largely eliminates shrinkage of meats.

How to Broil

HAMBURGER PATTY GRILL

HAMBURGER PATTIES... PEACHES... CARROTS
Combine 1 lb. of ground beef with 1/2 cup of cracker crumbs, 1 egg diluted with 2 tsp. water, 1 tsp. salt, a dash of pepper and 1 small onion grated. Shape into 5 patties. Wrap each patty with strips of bacon and skewer. Place meat patties on pre-heated broiler grill and broil 10 minutes. Turn and surround with 4 halves of canned peaches and 6 to 8 cooked whole carrots brushed with butter. Fill cavities of peaches with brown sugar. Continue to broil about 10 minutes or until brown. Serve on platter garnished with greens.
Set dial to highest temperature. Pre-heat 5 to 8 minutes. Broil 20 minutes.
