VOLUME 33

NEWARK, DELAWARE, MARCH 20, 1917

NUMBER 21

WILLIAMS' COLLEGE HONOR SYSTEM

ARTICLE I

Section 1. Each student must, in order to make his examination or any other written work done on paper in the class-room valid, sign the following statement: "I have neither given nor received aid in this examination (or exercise)."

Sec. 2. Fraud in examination shall consist in any attempt to receive assistance from written or printed aids, or from any person or his paper; or any attempt to gain assistance, whether the one so doing has completed his paper or not. This rule shall hold within and without the examination room during the entire time in which the examination is in progress, that is, until the time specified has expired.

ARTICLE II

Section 1. The presence of proctors in examinations is hereby discontinued.

Sec. 2. The instructor may be present in his examination room at his option.

Sec. 3. The instructor shall announce beforehand the time that will be allowed to complete an examination, said time in no case to be more than three hours for final examinations and one hour for each of the other examinations. The nature of the paper is to be adjusted to these requirements.

Sec. 4. During the examination each student shall have perfect freedom of action and conversation provided he does not annoy or interfere with the work of others.

ARTICLE III

Section 1. There shall be a committee consisting of ten members, who shall represent the student body and deal with all cases involving violation of the honor system.

Sec. 2. The members of this committee are to be elected at a class election to be held during the week beginning with the second Thursday of the first semester of each year, with the exception of the representative of the Freshman class, who is to be elected during the second week of the second semester. The committee shall organize for the year during the week beginning with the third Thursday of the first semester of each year.

Sec. 3. The membership of this committee shall consist of four Seniors, three Juniors, two Sophomores, and one Freshman.

Sec. 4. The chairman of this committee shall be chosen by the committee from its Senior representatives, and its secretary from its Sophomore representatives.

ARTICLE IV

Section 1. In case of reported frauds in examinations, the committee shall summon the accused person or persons, and witnesses, who shall be from the student body only (except that a member of the Faculty may present evidence of fraud in any paper handed in to him), and shall conduct a formal investigation, publicly or secretly, at the option of the accused. In case of conviction the committee shall determine the punishment under the following regulations:

First: In case of fraud by a member of the Senior, Junior, or Sophomore class, the penalty shall be a recommendation to the Faculty.

(Continued on Page 3)

FRESHMEN WIN CHAMPIONSHIP

Defeat Juniors In Final Game

As a result of the Inter-class basketball series last week the championship of the college rests with the Freshmen. This honor was gained after two hard-fought victories by the first year men over the Sophomores and the Juniors.

On Monday the Freshmen earned the right to take part in the "finals" by defeating their rivals, the Sophs, in the most interesting and best played game of the series. The first half of this game ended in a 9 to 3 score with the second year men leading. The Fresh got together in the last period and coming from behind, swept the Sophs off their feet and won out 17 to 14. Craig was the shining light in the Sophomore line-up. Carter and Ferguson played best for the Freshmen. The score:

Freshmen			
	Field	Foul	Pts.
Ritz, f.	2	5	9
Ferguson, f.	2	0	4
Barnard, c.	2	0	4
Blickle, g.	0	0	0
Carter, g.	0	0	0
Totals	6	5	17

Sophomores			
	Field	Foul	Pts.
Taggart, f.	0	0	0
L. Plam, f.	1	0	2
Craig, c.	3	6	12
Truss, g.	0	0	0
Marston, g.	0	0	0
Totals	4	6	14

(Continued on Page 4)

Mandolin Club Concert In Wilmington

On Saturday, March 24th, the Delaware College Mandolin Club will give a concert in the Wilmington New Century Club. The Newark Post printed an article last week that was intended only for the Wilmington papers, in which the Newark New Century Club was implied. There is to be no concert in the Newark New Century Club. The Wilmington program will include such numbers as Salut D'Amour, by Elger; Serenade D'Amour, Von Blon; Brahm's Hungarian Dance No. 6; Sunny South, Lampe; Poor Butterfly, Alcha Ae, Shades of Night, etc., by the Club; My Heart at Thy Sweet Voice, from Samson and Delilah; Mesetta Waltz, from La Boheme, and several numbers, by Miss Grace S. Saylor, and Carry Me Back to Old Virginia; When You and I Were Young, Maggie; Suwanee River with Humoresque as a mandolin obligato; and How's Every Little Thing in Dixie, by the Quartette. There will be dancing after the concert from 10 to 12.

Engineer's Society

The Engineer's Society will hold a live meeting tonight in Room 2, Recitation Hall at 7 o'clock. Professor Preston will talk on the manufacture of wire rope, Clinton Todd will speak on the wireless telegraphy, its development and uses, including the steering of torpedoes and other military uses. The Engineer's Society is one of the most potent factors in the life of the engineering student, and the student can not afford to miss its meetings.

DELAWARE HAS EXTENSIVE TRACK PROGRAM

Dual Meets With Lehigh, Swarthmore, F. & M., And Muhlenburg

Enter In Penn Relays, Middle States And M. A. C. Inter-collegiate Meets

Delaware has scheduled Swarthmore for a field and track meet the coming season, and this gives the Blue and Gold the strongest schedule in the history of the college. Coach C. E. Keyes, who will have charge of the training of the track and field candidates is already doing some of the preliminary work, and is much pleased with the prospects for a strong team. Delaware was well represented in track events last year, and Coach Keyes thinks the team will be much stronger this year, but this will be necessary for the team to make any showing on account of a much stronger schedule.

The first event on the track schedule will be the U. of P. relays on Saturday, April 28. Delaware won second place in the relay in which the team was entered last year, and is hopeful of capturing first place this year. All of the men who ran in the relays a year ago are out for the team again and should be much faster. They are Steele, Crockett, Marshall, Craig and Fitzpatrick, substitute. The latter is in much better shape than he was a year ago, and will make some of the others hustle to make the team. In addition to these, there are several promising freshmen who will try for the relay team, and the positions are open to the men who show best. Among them are Williams and Graves.

On May 5, Coach Keyes will take some men to the intercollegiate meet at Maryland A. C. This meet is for Maryland teams, Delaware being the only outside college invited. The best men in the various events from Delaware will be taken to College Park for this meet.

On May 11, Delaware will have a dual meet with Drexel at Runnymede, the occasion being the special spring opening of Drexel track events.

The inter-scholastic and the inter-class events will both be held on Saturday, May 12, on Frazer Field. The inter-scholastic is expected to be held on the same day.

(Continued on Page 2)

Mt. St. Mary Cancels Football Game

Delaware College is without a football game for next Thanksgiving Day and Manager Bowen and members of the Athletic Council are much concerned as to where they can schedule a strong game for that day. It was thought that all arrangements had been made for Mt. St. Mary's, the same team that played here last Thanksgiving to return on the same day this year, but some hitch has developed and Mt. St. Mary's refuses to sign a contract.

Manager Bowen received word several days ago of this decision on the part of St. Mary's. Most all teams have completed their schedules by this time and although every effort is being made to get a game it will be a difficult proposition at this time.

DELAWARE WINS EIGHT GAMES OUT OF SEASON'S FOURTEEN

Blue And Gold Out-totals Opponents, 381-375. Games Hard-fought Last Game

Delaware 24; Pratt Institute 31.
Delaware 27; P. C. P. 19.
Delaware 25; Moravian 16.
Delaware 15; Lafayette 29.
Delaware 19; P. M. C. 18.
Delaware 35; Ursinus 33.
Delaware 35; Drexel 18.
Delaware 29; Leb. Valley 38.
Delaware 27; Schul. Sem. 35.
Delaware 23; Moravian 42.
Delaware 34; Schul. Sem. 29.
Delaware 28; St. Johns 16.
Delaware 31; Penn. State 36.
Delaware 29; Johns Hopkins 15.

One of the most successful basketball seasons at Delaware was brought to a close with the victory over Johns Hopkins.

At the outset of the year it appeared as if Coach McAvoy would have difficulty in rounding out a winning combination with only one man left from the preceding year to serve as a nucleus. With this handicap, however, one of the fastest and best teams in the history of the college was developed before the season closed. Altho the record of 8 wins and 6 reverses does not appear to be an extraordinary one, it stands as an exceptionally good one when we consider the difficult schedule which the "Blue and Gold" quintet had to face.

The fact that every man who played such an important part in these victories, with the exception of one, Harold Horsey, will be back at Delaware next year is probably a more gratifying fact to the followers of the "Blue and Gold" team than the successful season just closed. With 4 varsity men to work with next year there is no reason to doubt that Delaware will have another winning five.

Below are the figures which give the point scores of the past season. Altho these figures do not seem to show the Delaware guards up to good advantage, it must be remembered that it was due to the good defense work of these men that Delaware was able to come out on the long end in many of the games.

	Field Goals	Foul Goals	Total
Pierson	27	123	177
D. Horsey	47	1	95
H. Horsey	23	0	46
Clancy	14	17	45
Selby	4	0	8
Casey	3	0	6
Wilson	2	0	4
Totals	120	139	379

Cornerstone Laid

An event of signal importance took place yesterday afternoon at which time the cornerstone was laid for the New Dormitory. A procession formed at 4:15 headed by the battalion and consisting of the faculty, trustees and friends of the college. Dean Smith laid the cornerstone in which had been placed the signature of every stu-

PITCHER AND FIRST BASEMAN NEEDED TO GIVE DELAWARE FAST BALL TEAM

Opening Game On April Eleventh

Now that the basketball season has closed at Delaware College, Coach McAvoy and the prospective players are beginning to think of the baseball season and the prospects. If the weather will permit practice will probably start in at least a week as the opening game is scheduled for April 11 with P. M. C. at Chester and on April 14 the first home game with Drexel. There are thirteen games on the schedule and all but four will be played on Frazer Field. Games are scheduled with P. M. C., Drexel, St. John's, Rock Hill, Gettysburg, Haverford, Mt. St. Mary's, Franklin and Marshall, Ursinus, Muhlenburg, and Western Maryland. Manager Lauritsen is being commended on the excellent schedule that he arranged under all the circumstances.

If Manager McAvoy can develop a good pitcher and a hard hitting first baseman the prospects for a fast team are excellent. Every other position on the team seems to be well taken care of. Only one player, "Doc" Doherty, was lost by graduation last year but "Buck" Hoch, who was the mainstay in the box for three years, quit college. "Mike" Fidanze, at third, Taggart at short and "Don" Horsey at second, all three of whom played fine ball in 1916 look to be sure of their same position again. Captain Harold Horsey in left, and Stewart in right of the 1916 varsity will no doubt make those positions again while the indications are that Madden, a freshman, will cover centre. Madden has had considerable baseball experience, having played on New Castle and Wilmington teams. There will be a number of last year's scrubs and several freshmen out and it is possible that a first baseman can be found. One likely candidate is Selby, a freshman who made the football team his freshman year. Selby is an infielder and may fit into the first base job.

Clancy, a freshman, is highly recommended as a pitcher. He pitched at Wildwood and Cape May the past two years. He is a south-paw and much depends on how he shows up. Ewing of last year's scrubs will also be a pitching candidate.

There is plenty of material for back of the bat. Pierson who did most of the catching last year, should be much improved, while "Mike" O'Daniel, who made his "D" in 1915, will be out again. Another likely candidate is Walter Ritz, a Newark boy, who formerly caught on the Newark Tri-County League team and also the Newark High.

dent in college according to their classes. Dr. Mitchell and Dr. Harter made short addresses. The exercises closed with the singing of the Alma Mater.

The new Dormitory will be completed by next September. The workmen have progressed rapidly considering the inclement weather. They are at present at work on the second story.

MARCH 20, 1917

What Is The Matter With Chapel?

The attendances at the morning chapel exercises are growing smaller and smaller. Some days at least half the seats are empty. Only on days when a class meeting is to be held is the attendance anything near what it should be. Can it be that the faculty has to hold the axe, probation, over our heads before we will assemble in the only meeting in the week at which our class might be present in a body? Dr. Mitchell puts a great deal of thought and preparation on the quickening word which he utters each morning. We ought to be present out of respect to him even if we don't care enough about our own hopes and ambitions to have them stirred by the propelling thoughts and vigorous personality of our President. Let us, then, throw off our indifference and devote the mere pittance of our time,—twenty minutes a week, to the quickening influence of Samuel Chiles Mitchell, the true value of whom we shall realize only after many years.

The Infirmary

The effects of the Infirmary have been two fold, those visible, and those invisible. The latter, while of course not so obvious as the former, are of at least equal importance.

That seventy-five out of two hundred and ten students at college have applied for medical attention and been relieved is visible evidence of beneficial results. And many of these seventy-five were in the Infirmary several times, either for different ailments or for further attention in

the way of dressings or medicine.

The less obvious but equally important effects of the Infirmary have been, first, the assurance to the students and their parents that there was the proper equipment for medical attention if needed, and secured, the prevention of the spread of illnesses such as grippe. It is a speaking fact that in spite of this most severe winter, we have been practically free from grippe. Those cases which did occur were nipped in the bud and not allowed to spread. As a result, while last year there were at one time twenty-three men in bed in one fraternity alone, and the college was virtually disbanded for several days, this year there have not been more than a dozen cases through the entire winter. Surely much of this must be accredited to the Infirmary and the wisdom and care of the matron, Miss Beck.

It is the duty of every man in college, as soon as he feels himself becoming sick to go to the Infirmary. It is his duty, not only to himself but also to the other students.

A Suggestion

To the Editor of the Review,
 Dear Sir: Why should not the greenhouses be used to grow decorative flowers and pot plants to use in the buildings of the college? For the centers of the tables in the Commons next year they would lend a much needed home-like touch. Such plants as ferns and palms would be of use in the lounging rooms or even the class rooms. For dances they would be of great aid in decorating.

I often recall with pleasure the two little pots of pansies which Mr. Barton used to care for at Purnell House. I believe that the extensive use of flowers would not only cheer us through the winter but subconsciously would have a permanent cultural effect.

A Student.

DELAWARE HAS EXTENSIVE TRACK PROGRAM

(Continued from Page 1)
 pected to be larger than ever before this year.

Delaware will send a delegation to the Middle States inter-collegiate meet at Lehigh, on May 19. This is the first year that Delaware has been a member of this association, and Coach Keyes is especially anxious to make a good showing. Such colleges as Lehigh, Lafayette, New York University, Haverford, Rutgers, Franklin and Marshall and others will be represented at the meet.

The remainder of the schedule follows: Dual meet with Swarthmore, at Swarthmore, on May 23; dual meet with Franklin and Marshall at Newark, on May 26; dual meet with Lehigh, at Newark, May 30, and dual meet with Muhlenburg, at Allentown, June 2.

Coach Keyes has been putting the men through some light inside work but the hard work will not be started some time. It is expected that Frazer Field will be in shape to be used in two weeks.

In order to increase the strength of the team this year several changes are contemplated. Coach Keyes is thinking of trying to develop Hearne into a two miler. Hearne had some running experience at Mercersburg, where he was a quarter-mile runner and sprinter, but he shows natural qualities for a long distance runner.

Fitzpatrick, who ran the quarter and half last year, will be tried for the mile the coming season and looks good for that distance. Practically all the varsity men of last year's team are back with some good material added.

Some of the candidates talked of are: 100 yards, Craig, Crockett, Marston and Williams; 220 yards, Craig, Marshall and Heinel; 880, Steele and Fitzpatrick; mile, Fitzpatrick, Tyson, Taylor and Kite; hurdles, Crockett, Marston, Marshall, Williams, Mackie and Ewing; high jump, McDonald, Meyers, and Catts; weights, Loose, Wilson, Googin, Marconetti.
 The team is handicapped by the few candidates for the weight events, but Coach Keyes proposes to spend considerable time in trying to develop some men for the discus and shot put. The hammer will not be used in any of Delaware's meets.

Delaware College
 is better equipped than ever before to care for the graduates of Delaware High Schools.
Three New Buildings
 A Science Hall, a Student's Building, and a Dormitory for Freshmen—will be ready for use when college opens next September.
The Faculty
 which has been strengthened by the addition of twelve professors and instructors this year, will be still further increased and strengthened next year by teachers of business administration and other courses.
New Courses
 have already been provided for or established. The curriculum of the college now includes courses in Arts and Science, Engineering (Electrical, Civil, Mechanical, and Chemical), Agriculture, and Teacher-Training.

With Stewart gaining 32 pounds and Hearn's falling heir to \$7,074,832, Arts '19 can be said to be growing rapidly both physically and phi-nancially.

Some people will be glad to see all women go to the polls. That is, the North and South Poles.

Most men that marry for gold find out sooner or later that they could have gotten it with far less discomfort in Alaska.

"Professor, this room is as hot as an oven."

Dr. Vaughn—"Well, this is where I make my bread."

—All of which was merely a warm-up for the morning's re-partee in H-3.

The modern grafter is often a paragrafter.

The trouble at Washington of late seems to be that our statesmen are not scientists enough to get fuse from confusion.

"No Chem. Lab. today, Lew."
"You don't think that just because I cut 'Tiff' would close up the 'Lab,' do you?"

If food continues to get scarce we suggest the grinding up of the dogs of war into sausages.

Alsace-Lorraine is the bone of contention between France and Germany but between the U. S. and Germany it seems to be the jaw-bone.

Campus Nik Naks

We hope during the Senior-Faculty game:

That Tarr doesn't get stuck.

That the "Lieut" has his first aid kit with him.

That Tiff doesn't delay the game by telling the players how much he is overworked.

That Steele doesn't lose his temper.

That Miss Brady doesn't lose her voice, rooting.

That the players remember they are playing basketball and not polo, thus mistaking Campbell's legs for the goal posts.

Mr. Pohl—"Oh, this world is so beautiful."

Stude—"Is that so? What's her name?"

"18—"Why did you take Sumwalt's violin, you can't play it?"

"19—"No, but he can't play it either while I have it."

"19—"What position did you play on the football team last year?"

Weston, '20—"Why, I was one of the drawbacks."

We heard the following happened in Stiltz's bus:

A maiden entered the midnight car and firmly grasped the strap.

And every time they hit a curve she sat in a different lap.

The hills grew higher, the turns grew worse:

At last she gasped with a smile:

"Will someone kindly tell me, please,

How many laps to a mile?"

Dance In Gym Probable

The Student Council is trying to make arrangements whereby it may hold a subscription dance in the Gymnasium Friday evening, March 30th.

The dance would probably have been given this Friday evening had not the Mandolin Club Concert in Wilmington been set for Saturday evening.

All will recall what a success the first effort of the Council was after the Thanksgiving Day game and the dance on March 30th should prove as delightful. Subscription fee will be one dollar per couple. Lay your plans accordingly.

Williams' College

Honor System

(Continued from Page 1)

ulty of his separation from college.

Second: In case of fraud by a member of the Freshman class, the penalty shall be a recommendation of suspension for a time to be determined by the committee.

Sec. 2. A vote of four-fifths of the committee present shall in all cases be necessary for conviction.

ARTICLE V

Section 1. Every student of the college shall be expected to lend his aid in maintaining this constitution, and to report to the committee of ten any fraud observed by him in any exercise conducted under the honor system.

ARTICLE VI

Section 1. The Faculty shall make provision for printing and distributing this constitution to the members of the Freshman class on or before the second Thursday of the first semester of each year, and shall publish a general statement of the system in the college catalogue.

Sec. 2. The student committee shall make provision for interpreting the honor system to members of the Freshman class on or before the second Thursday of the first semester of each year.

ARTICLE VII

Section 1. This constitution may be amended by a three-fourths vote of those present at a mass meeting of the college, provided that the amendment so adopted be ratified by the Faculty.

Williams College, September, 1905

(Section I of Article I amended, 1908)

REGULATIONS GOVERNING INSTRUCTORS IN THE ADMINISTRATION OF THE HONOR SYSTEM

I. The "honor statement" shall be required on all written work done on paper in the class-room, but on no other work.

II. The "honor statement" shall read in every case: "I have neither given nor received aid in this examination (or exercise)."

III. The students shall be seated alphabetically and separated in such a manner, and shall take every necessary precaution to prevent the accidental giving or receiving of aid.

IV. Students shall not change the seats assigned them without the permission of the instructor, and examinations shall be held only at the time and place designated by the Faculty.

V. In case of the presentation of a paper without the signed "honor statement," the instructor shall notify the student, who shall sign the paper in his presence. Otherwise, the paper shall be counted a total failure.

VI. Students must be present at the opening of the exercise, or, if tardy, render an excuse satisfactory to the instructor; otherwise, the student shall be reported absent from the exercise.

VII. There shall be only two

announced examinations each semester in addition to the semi-annual examinations.

VIII. The same examination questions shall not be used in any course for divisions meeting at different hours.

IX. The instructor will be present in the examination room solely to insure the observance of these regulations, to issue the question papers, to answer questions, and to receive the examination books.

X. Final examinations are to occupy three hours only, and no other examination may extend beyond one hour. The instructor shall announce beforehand the time allowed for the examination, and the nature of the paper is to be adjusted accordingly.

Dr. Counts Arts And Science Speaker

The Arts and Science Club held its bi-monthly meeting last Monday evening. President I. R. Reynolds presided. Dr. G. S. Counts, the speaker of the evening, took for his subject, "Tests of Intelligence." Dr. Counts began his talk by referring to the most primitive methods of making tests, that of magic and fortune telling. It was the rule to draw conclusions from the number of bumps on a person's head or the features in general. If a child was fed on lion's flesh he would become strong and brave. The wearing of tiger's teeth about the neck was an equally favorable omen of prowess.

The second stage, that of mediaeval clairvoyance, was based principally on Astrology. If one had the good fortune to have been born during the month of February one would embody nearly all the virtues and little of value was beyond that person's power. Such persons should marry ladies born in January and October. Of course, we in this age and day, have little faith in such things, but those members of the faculty and students present whose birthday happened to come in February, followed Prof. Counts remarks in this matter with unusual interest.

The last point discussed by Prof. Counts had to do more strictly with guidance and selection by various tests consisting of Phrenology, Physiognomy and special attention to the mental processes, such as self-analysis and analysis by others; the school curriculum and Psychological tests. The purpose of the latter is to discover aptitudes, determine attainments, and measure general intelligence. While not an infallible guide, it has been generally noticed that the grades made by a student during his Freshman year in High School are indicative of what grade of work he will do in college.

In closing his discussion Dr. Counts gave several tests to the members of the club. At the earnest request of several members of the faculty, the speaker refused to divulge the results of the tests. We have been informed, however, that some were graded "D" while others just pulled through.

The club meetings never grow tiresome. The meetings extend far over the time allowed them. Members of the faculty always form a good percentage of the attendance; and by their presence, splendid talks, and readiness to enter into discussions open up many new avenues of thought to the student members.

FRESHMEN WIN CHAMPIONSHIP

(Continued from Page 1)

Junior-Senior Game

The Junior-Senior game was played on Tuesday afternoon and resulted in a victory for the former and with it went the right to meet the Freshmen for the championship. The Seniors lead 10 to 6 at the end of the first period, but the Juniors clearly showed their superiority in the final session and won out 24 to 16. Steele, Bowen, and C. Smith showed to advantage. Bowen did remarkable well, shooting 10 fouls out of 12 chances. The score:

Juniors		
	Field	Foul Pts.
Bowen, f.	2	10
C. Smith, f.	3	0
Lauritsen, c.	1	0
O'Daniel, g.	1	0
Holland, g.	0	0
Totals	7	10

Seniors		
	Field	Foul Pts.
Steele, f.	3	4
Smythe, f.	1	0
Fisher, f.	0	0
Marshall, c.	2	0
Campbell, g.	0	0
Appleby, g.	0	0
Totals	6	4

Final Freshman-Junior Game
Although the final game was the hardest fought of the series, yet it was by no means the most interesting from the standpoint of good basketball. The players thought more about how to get in rough work than they did about putting up a good exhibition of basketball. Many fouls resulted. The game, however, was exciting. The Juniors started the scoring with a foul goal by Smith. But a field goal by Barnard started the Freshmen and from then on they were never headed. The score at all times was close, however. The first period ended with the Fresh-

men leading 10 to 6. During the second half the Juniors showed a great flash of form and brought the score up to 14 to 12 with the Champions leading. The Freshies then proceeded to score four points before the game ended with an 18 to 12 score. To Bowen and Chet. Smith go the honors of the Juniors, whereas, Ferguson and Barnard performed best for the Freshmen. The score:

Juniors		
	Field	Foul Pts.
Bowen, f.	3	0
C. R. Smith, f.	0	6
Lauritsen, c.	0	0
O'Daniel, g.	0	0
Holland, g.	0	0
*Lovett, g.	0	0
Totals	3	6

Freshmen		
	Field	Foul Pts.
Ritz, f.	1	0
*Marvel, f.	0	0
Ferguson, f.	1	6
Barnard, c.	4	0
Carter, g.	0	0

Blickle, g.	0	0	0	Fouls committed, Juniors, 11
Totals	6	6	18	Freshmen, 12. Referee, Don Horsey. Timekeepers, Wilson and McAvoy.

Your Glasses Were Fitted When?

If your eyes have not been examined within the past two years they should be looked after now; particularly if you have suffered from a severe illness.

Improper lenses can prove harmful not only to your eyes but to your health as well.

In all Delaware there is no better optical service than ours.

Let us test your eyes and prove it to you.

DIRECTORY OF ADVERTISERS

We believe in reciprocity. "If you deal with us, we will deal with you" is a fair and square business proposition.

The Review is dependent upon its advertisers. Without their help in the form of advertisements it could not be published. Therefore it is only right and proper that the students and entire constituency of the College should patronize those concerns which patronize the Review. Your trade and business dealings should preferably go to them.

Below is a classified list of those advertisements which appear in "Our" paper and "Your" paper. Look it over and then follow that doctrine of Reciprocity.
