

Students to Vote Next Week In Constitutional Referendum

IS THERE A COLONEL IN THE CROWD? — Seven of the nine candidates for Queen of the Military Ball are pictured here reviewing the troops. Left to right: Joan Stephens, Sheila Cunningham, Connie Rutter, Elaine Leary, Pat Erickson, Roberta Reusing and Mallory Hughes. Missing are Barbara Cumberley and Karin Venetian.

Scabbard, Blade Initiates New Men

Twelve cadets will be formally initiated into Scabbard and Blade Society during the intermission of the Military Ball which will be held tonight in Carpenter Field House from 9 p. m. to 1 a. m.

Ciro C. Poppiti, Captain of Scabbard and Blade, will pin five-star ribbons on the following cadet sergeants as the symbol of their formal initiation: Earl Alger, Dick Brady, Morton Collins, John Kane, Benson Klingler, John Matuzeski, John Pollack, Frank Waller, Fred Weinstein, Ray Sneller, Dave Burkhart, and Mike Carlton.

The Queen of the Ball, who will also receive the title of honorary Cadet Colonel of the ROTC regiment, will be entertained at half-time by a military precision drill by the Delaware Rifles. Mallory Hughes, Karin Venetian, Barbara Cumberley, Roberta Reusing, Patricia Erickson, Elaine Leary, Constance Rutter, Sheila Cunningham and Joan Stephens are the candidates for the titles of queen. These candidates, who are "sponsors" of the various companies and regimental units, will be elected during the dance by those present.

Charles Morris is chairman of the dance which is sponsored annually by the ROTC regiment under the auspices of the Scabbard and Blade Society and the Delaware Rifles.

Tickets are \$2.50 per couple

Jack Jones Joins Staff of 'Venture'

Jack Jones, a sophomore English major, has been selected as the new associate editor of *Venture*. Jones was chosen from a group of six other sophomore men who were selected to appear before the editorial board.

The associate editor will work with the editor for two semesters and will then be eligible for election to editorship.

A resident of Wilmington, Jones graduated from Wilmington High in 1952. While in high school, he worked on the yearbook, and received an art scholarship for lessons at the Delaware Art Center.

E-52 to Present 'Gilded Hoop' Next Weekend

Ticket sales for "The Gilded Hoop", E 52-University Theatre's last major production of the season, began Wednesday and will continue Monday thru Friday, 3:30 - 5 and 7 - 8 p. m., Saturday, 7 - 8:15. University students can get free reserved seats by presenting their I.D. cards at the Mitchell Hall Box Office.

"The Gilded Hoop," a new play by Marie Anna Barlow, will open its three-day run in Mitchell Hall Thursday night, March 7, at 8:15 p. m. The new play is being presented by the E 52-University Theatre in cooperation with The New Dramatists Committee, Inc., a nationally known organization that encourages and develops the new playwright talent of America.

The play is a story about inter-collegiate basketball scandal and its repercussions on the family of a team's high scorer. Miss Barlow describes the show as a dramatized commentary on our times; it concerns the backsliding of our morals and the young people that take the blame for it.

In the role of the basketball player is Jack Scott. Thomas J. Waters and Elaine Labour play his parents and Homer Liviso, his older brother. Jan Cox is cast as his girl friend. Playing the neighbors are Ginger Bruce and Richard Swartout. In a walk on role is Deveraux McCarthy.

Thomas Watson, technical director for the University Theatre, has designed the set, which consists of two rooms, the living room and kitchen of the Campbell household. Dr. C. Robert Kase, chairman of the Dramatic Arts and Speech Department, is directing the show with Suzanne Kozak as the assistant to the director.

Peter Ellsworth, production manager for the E 52-University Theatre announced the chairman (Continued on Page 2)

Revision Provides For Senate Body

A completely new Student Government Association constitution will go before the students in a referendum next Monday and Tuesday. Voting will take place in the lobby of Mitchell Hall from 9 a. m. to 5 p. m., according to Charles Thompson, chairman of the SGA elections committee.

The constitution was approved by the SGA at their regular meeting last Thursday and now requires approval of two-thirds of the students voting in order to become effective.

Senators Receive Ike's Appointment Of John Perkins

President John A. Perkins' appointment as Under-Secretary of Health, Education and Welfare was sent to the Senate for approval last Monday by the President of the United States.

In a statement issued from the White House, President Perkins was described as a "political independent."

Dr. Perkins' academic training was in the field of political science and he received the degrees of Bachelor of Arts, Master of Arts and Doctor of Philosophy in that course of study from the University of Michigan.

In 1946, Dr. Perkins was called by the State of Michigan as a consultant on government and, later, was appointed state budget director. During the latter half of 1948, Dr. Perkins assumed the duties of state controller, preparing and administering the state budget and supervising other aspects of Michigan's government.

Dr. Perkins came to the University as president in 1950 after serving two years as assistant provost at the University of Michigan.

Work on the new constitution ended early last week as the elections committee submitted its final draft to the SGA for approval, after it had been okayed by the university administration. The document is the culmination of about two years' work by members of the SGA. The elections committee was appointed by SGA president Al Walters last fall to complete the project.

Completion By Spring

Starting almost from scratch, the committee under the direction of Ray DeVries, held semi-weekly meetings in an attempt to complete the constitution in time for the spring elections.

Other members of the committee were Jean Leonard, Ron Nowland, Bill Starkey, Karin Venetian, Dick Meier, Barbara Sobocinski, Dave Tompkins, Earl Alger, Jim Shelton and Thompson.

Under the provisions of the proposed constitution, a senate is to be set up to be the governing body of the Student Government Association. The senate is to be composed of 28 members, corresponding to the present SGA.

To Act for Senate

An executive committee composed of the major officers of the Senate will act for the Senate when a quorum is not present at a regular or special session of the senate. Another change calls for the senate to meet twice monthly instead of weekly as now. A senate member who is absent from three regular meetings during his term without excuse will be subjected by removal under the proposed constitution.

New index requirements for office holders are pending under the revised constitution. All major office candidates shall have earned a cumulative index of 2.25 to be eligible. Other members of senate must have earned a 2.00 overall in order to qualify.

A new system of representation on the basis of living groups will be established under the proposed constitution, replacing (Continued on Page 10)

Elaine Labour Enters State Beauty Contest

Elaine D. Labour, a senior in dramatic arts and speech, has been accepted in the 1957 Miss Delaware Scholarship Pageant to be presented May 4, at the Playhouse in Wilmington. Miss Labour, of Middletown, sang "Summertime" at her recent audition.

Currently rehearsing for a part in the E-52 university theatre production, "The Gilded Hoop," Elaine has also appeared in "Connecticut Yankee," "Mrs. McThing," "Midsummer Night's Dream," "Agomemnon," "The Homecoming," "Ann of a Thousand Nights," and the children's production "Sleeping Beauty."

A member of the university A Capella Choir, Elaine sang soprano solo part in the Christmas program and in last spring's Mozart Festival.

Following her college freshman year, she taught dramatics at Camp Marownista in New England. In the summer of

Elaine Labour

1955, she was a member of the singing chorus in "Unto These Hills," a historical drama produced in Cherokee, North Carolina.

Kent Dining Hall To Close Saturday

The meals on Saturday, March 2 in the University Dining Hall will be served at Commons Dining Hall instead of at Kent. The regular Saturday meal hours will be observed.

All meals on Sunday, will be served as usual at Kent Hall.

Honorary to Sponsor Basketball Game Tues.

By Rincy Levy

In a post-season basketball finale which will take place on March 5 at 7:30 p. m. in the Field House, the Blue Hen Quintet, the Men's Faculty, Intramural All-Star and Freshmen Chicks will 'battle it out.'

Sponsored by Tassel, women's honorary scholastic and leadership society, the evening will consist of four fifteen-minute periods and be conducted as a round-robin type game in which the four teams play each other. The opener will feature the Men's Faculty playing the Chicks. This will be followed by the Varsity versus the All-Stars, then the Varsity versus the Chicks. In the final part, the Men's Faculty will oppose the All-Stars.

There is a rumor that the Men's Faculty have a secret

weapon up their proverbial sleeve—they are said to be inducing the seven foot two-inch maintenance employee to play on their team. When quizzed on this possibility, Coach Wisniewski noncommittally remarked, "Well, we only have the tentative lineup so far."

The probable starting lineup for the faculty team will be as follows: Irvin Wisniewski and Milo Lude, Assistant Professors in Physical Education; Raymond Duncan, Russ Trummer Harold Raymond, Jerry Bacher and Rocco Carzo, Instructors of Physical Education; Don Miller, football coach of Newark High School plus a host of others.

Skip Crawford and Jimmy Smith, Delaware's high scoring varsity teammates, will play on a college basketball court for the last time in this game. Barbara Cubberey, the university's majorette and twirler for the past four years, will also perform for the final time.

The twelve players recently selected for the Intramural All-Star squad are Sid Kugler, Alpha Epsilon Pi; Ron Heiley and Bob Jones, Theta Chi; Ralph Bingham, Bill McCafferty and Roland Corson, Kappa Alpha; Dick Atkinson, Tom MacEmoye, Bill Taylor and Andy Rice, Sigma Pi Epsilon, and George MacFarland Alpha Tau Omega. Student identification cards will not be honored at this third annual benefit game. Admission will be \$2.50 per person.

Grubb Announces New Office Hours

Charles E. Grubb, Business Administrator, has announced that the Business Office will be open, with a cashier on duty, from 8:30 a. m. to 12 noon on Saturdays. It will remain open continuously from 8:30 a. m. to 5 p. m., Monday to Friday, inclusive.

The new hours will afford a maximum convenience to students in making payments of University charges, obtaining parking tags, etc.

"FLASH! — Local college involved in basketball scandal!" Matt and Beanie Campbell with their son Fred are dismayed, because their younger son, Jim, is the team's high scorer. Left to right: Tom Waters as Matt, Hank Lividos as Fred, and Elaine Labour as Beanie.

Gilded Hoop

(Continued from Page 1)

for the production staff. David Hurt will stage manage the production and Bob Waples will be the chairman of the lighting committee. Other chairmen include: Mona Lawson, costumes; Leslie Riley, properties; Gretchen Berguido and Sherry Stolper, make-up; Danny Robertson, scenery construction and painting; Jim McConney, sound; and Pat Simpler, house manager.

Miss Barlow visited the University Wednesday and Thursday to view the progress of her new play.

During her two day visit on campus, Miss Barlow had radio interviews throughout the state, was presented to the governor and attended rehearsals. Cast members were able to consult with Miss Barlow about role interpretations and Miss Barlow offered many suggestions for the production. Next week end Miss Barlow will again be on campus for the performances of "The Gilded Hoop."

Last year, Miss Barlow became the recipient of the John Golden Playwrights Loan. This loan of \$500 is enabling her to complete work on another play, "Taffy," a drama with a Southern locale.

Campaign Posters

To Meet Standard

The Women's Executive Council has passed a ruling that all posters for student campaigns, etc., placed on Kent Dining Hall bulletin board must be 6½" by 10". This was announced this week by Loretta Wagner, chairman.

The Honor System Committee has asked the house councils of the women's dorms to draw up and submit all suggested changes in the University Honor System.

WEC along with the Women's Athletic Association, has also begun to make plans for the annual May-Day celebration.

One of the other current projects of WEC is the evaluation of Women's Playbill.

Substitutes for Playbill such as a choral program are being discussed.

Dr. J. Munroe to Do Research On Distinguished Delawarean

Dr. John Munroe, chairman of the history department, has taken a sabbatical leave until September 1957 in order to do research on Louis McLain, a prominent Delawarean.

Louis McLain, who was born in Smyrna in 1784, attended Newark Academy and was one of the trustees of Newark College when it was chartered in 1834. His picture now hangs in the East Wing of the Memorial Library. During his career, McLain, who was a lawyer, served as president of the Wilmington branch of the Farmer's Bank of Delaware, and was one of the proprietors of Breck's Mill.

From 1817-27, McLain served his state as the U.S. Representative during the presidential terms of James Monroe and John Q. Adams. He went back to Washington in 1827 as a Senator, a position which he held for two years when Andrew Jackson appointed him as his minister to England. Jackson recalled McLain in 1831 and gave him the job of Secretary of the Treasury. From 1833 to 1834 McLain was Jackson's Secretary of State.

After spending 18 years with

the government, McLain went back to being a private business man. In 1835 he became the president of the Morris Canal and Banking Co., and in 1837, the president of the Baltimore and Ohio Railroad.

During the rest of his life, with the exception of two years, he remained out of government affairs. James Polk sent him back to England in 1845, as the United States minister. He died in Baltimore, Maryland, in 1857.

Women Commuters Get New Officers

Joanne LaFountain, president of the Women Commuters has announced the election of the following officers: Phyllis Shtofman — recording secretary, Harriet Herman — vice-president, and Grace Miller — WEC representative. These officers were elected to fill posts that had been recently vacated.

In addition a new advisory council has been formed consisting of Dr. Greta DeLong, Mrs. Jack Gibb and Mrs. Paul Hodgson.

March 4, at 12:15 p. m. in the Women's Commuter's Lounge in the basement of Robinson Hall, will be the next meeting of the club.

A color filmstrip entitled "University of Delaware — 1970" will be shown to the club members.

Karin Venetian Voices Views Of Revised SGA Constitution

By Kathy Perone

"All the members of SGA, I am sure, feel as confident as I do about the success of the newly-revised Constitution of the organization. I feel that it is a step forward in its plan for representation. Both student and faculty representatives have conscientiously strived to see that all groups are given equal voice in proportion to their size," stated Karin Venetian, Vice-President of the Senior Class.

Karin, a senior Home Economics major, is a member of the Election Committee of the Student Government Association through which she was appointed to a sub-committee whose purpose was to revise the Constitution. She is also a member of the Cultural Activities Committee of the organization, which invites guest speakers and visiting scholars and arranges Artists Series and similar type of affairs on campus for the benefit of the student body.

Her extra-curricular interests are not limited to the SGA alone, however. This year Karin has held the position of Scholarship Chairman of House Council and has been active in such organizations as the Home Economics Club, in which she was a member of the Home Economics Senate during her sophomore year, and Cosmopolitan Club. Last year she was assistant head of house and treasurer during her sophomore year.

Karin has proven that beauty and brains, despite the eternal controversy, do combine. She has been a candidate for the

title of Homecoming Queen two consecutive years and is again a candidate for Queen of the Military Ball, as she was during her Junior year.

Karin Venetian

Noted Writers to Choose Manuscript in Prose Contest

"The most distinguished judges in the history of the Creative Writing Contest will select this year's winning manuscript," announced Mr. Richard Francisco, instructor in English and chairman of the contest committee.

The judges are Kay Boyle, American short story writer and novelist; Bruce Dearing, recently appointed Dean of Arts and Science from Swarthmore College; and Berton Rouche, novelist and staff writer for *The New Yorker* magazine.

Miss Boyle has twice been the recipient of the O. Henry Memorial Award. Her stories are widely acclaimed for "the high-mindedness and faith and daring . . . of those of all countries whose ideals are more precious to them than their safety." Kay Boyle will be Visiting Professor of English at Delaware for the Summer Session of 1957.

Mr. Dearing will assume position as Dean of Art and Science at Delaware in July. Currently, he teaches courses in contem-

orary poetry and satire in world literature. In addition to his Ph.D. in English from the State University of Iowa, he holds a masters degree in psychology from Swarthmore.

As staff writer for *The New Yorker*, Mr. Rouche was the originator of its "Annals of Medicine" series. His most recent

book *The Last Enemy* was published first in England, where it was acclaimed by the *London Times Literary Supplement*, and has been issued lately in this country.

The winning poetry and prose selected by the three judges will be published in *Venture*.

APO to Sponsor Rushing Smoker Next Wednesday

The Alpha Phi Omega service fraternity will initiate a rushing program with a smoker on March 6, at 7:30 p. m. An open meeting will be held on March 11, at 6:30 p. m. in Allison Hall, room 213. At the open meeting the fraternity brothers will discuss the meaning of A. P. O.

"The purpose of Alpha Phi Omega are to provide opportunities for leadership, fellowship, and service," remarked Bill McClain, president of the organization. He further stated, "I hope that many men who wish to serve the campus community in the spirit of the Scout Oath and Law will pledge A. P. O. The spring pledge class is dedicated to the memory of the late Dean Francis H. Squire, who devoted many years of service to the university community. Former Cubs, Boy Scouts, and Explorers are cordially invited to attend the smoker."

I'll Meet You There

go where an engineer can rise to the top

How to make the most
of your engineering career
ONE OF A SERIES

In many companies, an engineer rises, but soon encounters a low ceiling. Promotions tend to go to non-engineering executives. And engineers (surveys show) find it difficult to make their ideas understood—or appreciated.

So select a company in which you'll be working with, and for, engineers—where an engineer is given an opportunity to advance when positions ahead open up.

Another point: choose a company that's growing, preferably in an industry that's growing and expanding too.

Boeing, you'll discover, fills the bill on all counts. Engineers at Boeing hold jobs right to the top. They talk your language. They appreciate the vital contributions engineers make. And they reward engineers. Boeing is growing fast, and today employs 400% more engineers than 10 years ago. Besides, Boeing operates in the dynamic, fast-growing field of aviation.

At Boeing you'll enjoy assignments that lead to an excitement-filled future. A future with a future: in supersonic flight, jet-powered civil and military aircraft, gas turbine engines, guided missiles. At Boeing, engineers and scientists of all types, and advanced mathematicians, are probing the very frontiers of knowledge. They invite you to join them. You'll find high salaries, career stability, retirement programs, and company-financed opportunities for graduate study. And you'll live in wide-awake, young-spirited communities.

The Review

The Undergraduate Weekly of the University of Delaware

Page 4 March 1, 1957 Vol. 78, No. 18

Students,

Take One Giant Step!

Students will go to the polls next Monday and Tuesday to vote on a completely revised Student Government Association constitution which, if passed, will significantly improve the student administrative set up at the university.

Printed in full in this paper is the new, workable document which will replace the old, out-moded and useless one. A new set of names accompanies the new constitution. The SGA, formerly considered the governing body of the student body, will be defined to include all full-time students of the university. The governing body will be designated as the Senate, with an executive committee of officers to speed up the operation of the Senate.

Many loopholes in the old constitution have been plugged and many technicalities ironed out. For example, no designation as to who is a member of the SGA is made in the present constitution. The term "full time" in the new document cuts out those non-resident students who take only two or three courses perhaps at night, who have no active interest in student affairs and who, therefore, should have no voice in student administration. For the first time, also, a set of by-laws have been set up which clearly and completely outline the duties and functions of the SGA.

Probably the most important aspect of the constitution and its by-laws is the new basis which it provides for representation in the Senate. The students are represented by delegates who most nearly meet their individual needs. All fraternity men are represented by fraternity representatives; independent dormitory men are represented by independent dorm residents; independent men commuters have a representative as do women commuters; and resident women are represented by dormitory women. In addition, class officers represent their constituents in the Senate.

At first glance, it appears that fraternity men who reside in dorms and those that are commuters have no voice in the SGA. However, it should be pointed out that these men are more closely allied with their houses than to the other groups. Also, they represent a minority in the dorms and among commuters. Therefore, they are represented through the fraternity members of the Senate. The restriction that resident and commuter male representatives must be independents assures representation in the Senate of non-fraternity men.

Furthermore, it should be realized that the independents, in the Senate work, will act for their fraternity constituents as well as the independents.

The new basis for representation under the proposed constitution is approximately proportional to the students' living status. According to estimates by the administration, the growth of the university is expected to keep pace with the anticipated increase in enrollment, therefore keeping the present proportions of residents, commuters, women, fraternity men, etc. The present representation by schools is unequal due to the vast differences in the size of the schools.

Much credit is due the committee under the direction of Ray DeVries and to Dean of Students John E. Hocutt, who worked diligently during the past semester in the preparation of the new constitution. The final draft should be credited to Dean Hocutt, who took the ideas of the committee and moulded them into an air-tight constitution and by-laws.

We are sure that the work of the committee, the Dean, and the present SGA members who approved the document will not have been in vain. We urge that all students turn out at the polls next week and that they vote for an adequate and vastly improved SGA constitution.

DOT

Letter to the Editor

The appearance of the sun and warming of the weather give hints that the spring sports season is here. Last year I was pleased as I hope Mr. Roberts, our coach, was to see the increase of spirit and participation in Lacrosse. As before, I urge not only the freshmen, but upperclassmen as well, to give Lacrosse a consideration. Spirit is all well and good, but participants are needed to play a game. I'm sure John LaFountain, Harry Kline, Dick

Swarthout, Kent McKinnon, Bob Seaman, or any other members of the team will verify that it is possible to learn the preseason art in time to participate as a frosh team in all other sports and by their sophomore year are under way in their knowledge of the sport. I strongly urge any who are interested to attend the meeting on Friday, March 2, at 1:30 p. m. in Carpenter Field House.

Bob Cossaboon

'Neath the Arches

Janet Bonin and Rincy Levy

With the "concerted" efforts of the numerous musical groups performing on campus, the university marched its way into the music world this past week.

The Choir gave the downbeat when it sang before the State Legislature on Friday. During the program it was announced that one of the number would be "Rockin' All Night" (a negro spiritual). Breaking the silence of the audience, one official boomed, "Hey, rock and roll yet!"

A crashing note was supplied Sunday night when the Claremont Quartet failed to appear for their performance in Cannon Hall. It seems that they had a slight accident; however, they could have made it by ten. Too bad the dorm didn't take them up on it; The question is—would they have gotten out?

It looked as if the Wagner Choral started off with a dis-"chord." When the bus arrived it first drove up along the narrow path beside the Scrounge. Imagine the sight that greeted the singers—the back door of the Scrounge with garbage pails adorning the steps. (Tin "Can" Alley) One of the maintenance men on a high ladder trimming the ivy took one look at the bus and scurried down murmuring something about not getting caught in the crush. By the way, the concert was tremendous.

Even if you didn't go to the Mendez concert last night, we're sure you've heard about it by now. So, instead of a rundown, here's an insight into the rehearsals. The band practiced the Mendez arrangements and compositions with only the accompaniment—no melody. Mendez played the melody himself. Also oddly enough, the scores didn't match either—for instance, in one piece, the conductor's score contained two less measures than those of the band members.

For variations on the theme, we turn to pinning and engagements. Those pinned are Ginger Shelter to Midshipman Bob Holyrod, Toby Rudolph to Howard Schaeffer, Marcy Getz to Freddy Freibott, Peg Kirkland to Mike Carlton, Pat Bryan to Knute Bertin and Joan Gustine to Ronnie Strauss.

Those engaged are Barbara Fogg to Charley Sands and Chris Hurlock and Jack Evans.

Further improvising brings to mind the co-ed who holds the distinction of "being sweetheart at a nurses' Prom. It seems that Alice Matuszewska a biology major held the winning door prize ticket. This entitled her, probably the only one not a student nurse, to be crowned Queen of Hearts of the dance.

Speaking of dances, Co-Rec was a success. People were really in the mood—one couple even danced the Charleston to a Dixieland record.

Religious Speaker Commits Near Sin

From the Daily Texan:

The director of the Texas Union was speaking recently to a mass meeting of people interested in working with Religious Emphasis Week. At one point he challenged them with the words:

"You've got to get out on the campus and give 'em... he paused for effect... 'Heaven!'"

Sports Headline In The Daily News Rag: —
"Watch Out For The 'Bean's' Terrific Offensive Work Tonight!"

OFFSTAGE NOTEBOOK

By George Spelvin

Well—the news is out! The 1956 Academy of Motion Picture Arts and Science awards nominations were released last week and the final voting of the 1770 academy members will determine the recipients of the "Oscars" which will be presented on March 27 on a National TV hook-up.

The Academy Award Contest which we promised you will start in next week's "Offstage Notebook." As you should expect the prize for the contest's winner will be

a book of free passes to the Warner Theatre in Wilmington. (The Warner Theatre has been closed for several weeks due to a fire but it is expected to be open within the next two weeks.) So don't miss us next week for all the details of our Academy Award Contest.

A new situation arose this year when Michael Wilson, screenwriter of "Friendly Persuasion," had his nomination void because he invoked the fifth amendment in reply to questions about Communist affiliations before a congressional committee. This new ruling of the Academy was just made public before the nominations. To complicate matters there is some confusion whether Wilson's script was used for filming.

Theatre Sidelines... Eugene O'Neill's "Long Day's Journey Into Night" has been selected by the State Department to represent the American Theatre in the International Festival in Paris the first week of July... The Student ticket play which has been meeting the expected success. Perhaps they could take a tip from the smooth student plan the University Dramatic Center has with the Wilmington Playhouse... Next week end the University Theatre will again spark with the new play, "The Gilded Hoop" which looks to be a big hit... And so till next week... enjoy yourself.

CLIPPINGS

CULTURE BY OSMOSIS

(ACP) — University of Akron BUCHELTITE writer Jeanne Donovan criticizes "the American way" in her "observations" column.

"Mister Average Citizen," she says, "selects the easiest jobs and the easiest methods of doing these jobs. And he uses the same basis for the selection of his leisure activities."

KEEP IT CLEAN

(ACP) — "Shorter" showers have been the rule after gym classes lately at Kansas State Teachers College, Emporia, Kansas, because of a water shortage in the Sunflower state.

But college officials labeled as "false" rumors that the school could close because of lack of water.

Text of Proposed Constitutional Revision

Preamble

We, the students of the University of Delaware, believing that common problems can be resolved and common purposes can be achieved through united efforts, and desiring to achieve the purposes of college life and to promote widespread interest in and furtherance of student activities, and desiring to assume and promote the responsibilities of self-government as may be delegated to us by the University, do hereby establish this Constitution.

Article I—Name

The name of this Association shall be the Student Government Association of the University of Delaware.

Article II—Membership

The membership of this Association shall consist of all regularly enrolled full time undergraduates of the University of Delaware.

Article III—Powers

The powers of the Student Government Association as herein provided for under this Constitution and the By-Laws thereto shall be subject to the regulations of the Board of Trustees and of the Faculty of the University of Delaware.

Article IV—Officers

Section 1. There shall be a President of this Association who shall be elected by the Student Body at large.

Section 2. There shall be a Vice President who shall be elected by the Student Body at large.

Section 3. There shall be a Recording Secretary who shall be elected by the Student Body at large.

Section 4. There shall be a Treasurer who shall be elected by the Student Body at large.

Section 5. There shall be a Corresponding Secretary who shall be elected by the Student Body at large.

Article V—The Senate

Section 1. The Senate shall be composed of twenty-eight members as follows: The five officers of the Student Government Association, The Chairman of the Women's Executive Council, The Chairman of the Men's Executive Council, The Chairman of the Delaware Student Center Board of Directors, The Presidents and Vice-Presidents of the Senior, Junior, Sophomore, and Freshman Classes, Twenty Representatives distributed as provided for in the By-Laws to this Constitution.

Section 2. The President of the Student Government Association shall be the presiding officer of the Senate.

Section 3. The legislative and administrative powers of this Association shall be vested in the Senate.

Section 4. The duties of the Senate shall be such as are provided for in the By-Laws to this Constitution.

Section 5. The Senate, subject to such limitations as may be otherwise contained in this Constitution, shall:

(a) determine its own rules of procedure

(b) fix its own time and place of meetings

(c) adopt such rules and regulations for the conduct of its meetings and for the performance of its duties as the legislative and administrative authority for the Student Government Association as are not otherwise inconsistent with the provisions of this Constitution and By-Laws thereto.

(d) establish (through its standing Committee on Elections) regulations for the conduct of all Student Body and Class elections herein and hereinafter provided for, including the election of its own membership.

(e) have the power of impeachment and dismissal from the Student Government Association of any officer or member for just cause by a two-thirds vote of the total membership of the Senate.

(f) have the power to enact, amend, or cancel By-Laws to this Constitution by a two-thirds vote of the total membership of the Senate. Such changes may be made from time to time in the By-Laws must be approved by the President of the University or his designated representative before these changes shall become effective.

(g) allocate and supervise the expenditure of all monies received by the Student Government Association, subject to the review and approval of the Dean of Student Affairs.

officer as may be designed by the President of the University, and recognize the formation of new student clubs and organizations at the University, subject to the approval of such clubs and organizations by the President of the University of his designated representative.

(ii) represent the official student viewpoint of the entire Student Body.

Article VI—The Executive Committee

Section 1. The Executive Committee shall be a permanent standing committee of the Senate. This committee shall be composed of the five officers of the Association and the Chairmen of the Men's and Women's Executive Councils.

Section 2. The President of the Student Government Association shall be chairman of the Executive Committee.

Section 3. The Executive Committee shall prepare agenda for Senate meetings, call special meetings of the Senate, and make all appointments to the Senate. The Executive Committee shall be empowered to act (except in making changes in the Constitution and By-Laws) for the Senate when a quorum is not present at a regular or special meeting of the Senate.

Article VII—Amendments

Amendments to this Constitution may be made by a two-thirds vote of the total membership of the Senate after a resolution for amendment has been approved by the Executive Committee, as published in an issue of *The Review* appearing at least five days prior to the Senate meeting when the amendment is voted upon. Such amendments shall become effective when approved by the President of the University.

Section 1. This Constitution and By-Laws thereto shall go into effect immediately upon ratification by two-thirds of the votes cast by the underclassmen of the Student Government Association, and upon its adoption by the President of the University.

Section 2. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 3. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 4. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 5. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 6. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 7. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 8. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 9. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 10. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 11. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 12. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 13. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 14. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 15. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 16. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 17. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 18. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 19. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 20. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 21. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 22. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 23. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 24. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 25. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 26. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 27. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 28. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 29. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 30. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 31. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 32. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 33. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 34. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 35. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 36. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 37. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 38. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 39. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Section 40. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

upon being installed in office. "I do solemnly swear to uphold the Constitution and By-Laws of the Student Government Association of the University of Delaware and to discharge faithfully and to the best of my ability the duties and responsibilities incumbent upon my office."

Article III—Rules of Order

Section 1. The Vice-President shall preside at Senate meetings in the event of the absence of the President.

Section 2. The President shall present the order of business:

(a) The Recording Secretary shall call the roll and read the minutes of the previous meeting.

(b) The President shall call for reports of officers.

(c) The President shall call for reports of committees.

(d) The President shall call for old business.

(e) The President shall call for new business.

(f) The President shall call for voluntary remarks.

(g) The President shall call for a motion for adjournment.

Section 3. Roberts' Rules of Order shall be followed, except in conflict with the By-Laws.

Section 4. Voting shall be by a show of hand unless a majority vote is required by secret ballot. A majority vote shall suffice to pass all business before the Senate, except as otherwise specifically provided for in the Constitution and By-Laws.

Section 5. Senate meetings shall be open, except that a meeting may be closed by an accepted motion.

Article IV—Attendance at Senate Meetings

Section 1. A regular attendance at regular meetings shall be kept and shall be posted on a public bulletin board for inspection by the Student Body.

Section 2. A Senate member who is absent from three regular meetings during his term of office without having been excused in advance by the President shall be subject to removal from office by a two-thirds vote of the Senate.

Article V—Responsibility of Retiring Officers

Every officer leaving his office shall turn over to his successor all papers, documents, books, and money belonging to the Association which shall be a part of the permanent record.

Section 1. Appointments to standing and special committees shall be made by the Executive Committee on the recommendation of the President of the Student Government Association. These appointments shall be made at the beginning of each school year and no later than October 1. Appointments to fill vacancies shall be made promptly as they may occur during the day.

Section 2. The Executive Committee shall have the authority to create from time to time special committees as may be deemed necessary for the conduct of Student Government Association business.

Section 3. The President of the Student Government Association shall be an ex-officio member of all standing and special committees.

Section 4. Any member of the Student Government Association who shall act as Chairman. The duties of this Committee shall be:

(a) To review all requests from organizations and student activities for financial support from the Association.

(b) To prepare the annual budget of the Association for approval by the Senate no later than the first meeting in October.

(c) To prepare a report reflecting the status of expenditures by organizations and student activities under the approved Association budget as of December 1, March 1, and May 1 for review by the Senate following each of these three dates.

(d) During the spring semester, prior to May 15, to give instructions to organizations and student activities regarding the preparation of budget requests for the succeeding school year, and to hold preliminary budget hearings to review requests for Association funds for the succeeding school year.

(e) To act in an advisory capacity to the Treasurer in the performance of his duties.

Section 5. There shall be a standing Committee on Elections composed of three men and three women who shall be members of the Senate. One of these six members shall be the President of the Senate Class who shall act as Chairman. The duties of this Committee shall be:

(a) To set the time, place and procedures for holding regular and special elections, provided that such regular elections shall be held between March 20 and April 20 and (for Freshman Class elections) between October 15 and November 15.

(b) To announce the date of each election and the hours and location for voting at least four weeks in advance of the election.

(c) To establish rules regarding the submission of names of persons, campaigning and voting, and to promulgate these rules when the date of an election is announced.

(d) To devise an official petition form to be used in nominating candidates for office. These forms shall be obtainable from the Office of the Dean of Students. Candidates shall be responsible for seeing that their petitions are submitted on the proper form and that signers of the petition

Constitution Highlights

Article V (Constitution): Changes name of present SGA to Senate and gives composition of Senate.

Article VI (By-Laws) Section 5, Paragraph (h): Proposes two methods of avoiding unopposed offices: (1) re-opens nominations for such offices for 3 days, (2) provides for nominating committee to fill posts still unopposed.

Article VII (By-Laws) Sections 3, 4: Raises index requirements for candidates.

Article VII (By-Laws) Section 13: Explains in detail the twelve representatives who replace the present system of representation by schools, distributed proportionally and according to estimates of potential relative contribution.

form are qualified to endorse their petitions.

(e) To announce in *The Review* the official call for petitions of nominees for Student Government Association, Class, and Senate offices at least three weeks in advance of the election.

(ar) To determine, with the assistance of the Dean of Students and the Dean of Women, the eligibility of all candidates to run for the offices for which they are nominees according to qualifications in these By-Laws.

(as) To post on a designated public bulletin board the names of candidates for office whose nominations have been certified and to notify these candidates at least one week prior to the election that their nominations have been approved.

this Committee are made by the Executive Committee. A member of the editorial staff on *The Review* may be appointed by the Executive Committee as a seventh member of this Committee to serve in an ex-officio capacity, subject to approval by the Editor. The duties of this Committee shall be:

(a) To direct the operation of the Student Union, located in the basement of the library.

(b) To plan, schedule, and conduct a program of all-University dances and other social events.

(c) To work with an officer of the Administration or a Committee to be appointed by the President of the University to draft a Constitution and By-Laws for the Board of Directors of the Delaware Student Center.

(d) To act in a consulting capacity to the University Administration in the formulation of plans for facilities and services to be provided in the new Delaware Student Center now under construction.

Section 1. A student nominated for any office to be filled by a Senior, Junior, or Sophomore shall have completed by the end of the first semester of the junior, sophomore or freshman years, respectively, the number of credits hours required for classification as a Junior, Sophomore, or Freshman, respectively, in good standing in the School in which the student is registered, and must have earned a cumulative index of at least 2.25 to be declared qualified to run for office.

Section 2. A student nominated for any office to be filled by a Freshman must have been admitted to the University in good standing, must be classified as a Freshman in the School in which the student is registered, and must not have attended any other college or university more than one semester prior to enrolling at the University of Delaware.

Section 3. Candidates for the offices of President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, Chairman of the Board of Directors of the Delaware Student Center, Chairman of the Men's Executive Council, and Chairman of the Women's Executive Council shall have earned a cumulative index of at least 2.25 to be declared qualified to run for office.

Section 4. Candidates for offices, except those named in Section 3 of this Article and except Freshman Class officers, shall have earned a cumulative index of at least 2.0 to be declared qualified to run for office.

Section 5. A candidate for office who is on disciplinary probation shall be deemed ineligible to run for office.

Section 6. After election to an office, a student whose qualifications drop below those stated in Sections 1 through 5, inclusive, will be required to vacate the office held.

Section 7. Official University records shall be the only records used for checking the eligibility of candidates to run for office and/or to continue in office.

Constitution

(Cont. from Preceding Page)

President, Vice-President, Secretary, and Treasurer. They shall be elected by the members of their respective classes.

Section 13. (a) Four Women's Representatives: one Sophomore, one Junior, and one Senior in Freshman, a Sophomore, and a Junior, respectively, when elected, who shall be women dormitory residents and who shall be elected by the women's dormitory residents at-large. The four Women's Representatives shall be a Freshman dormitory resident who shall be elected in the fall by the Freshman women dormitory residents at-large.

(b) Three Independent Men's Representatives: one Sophomore, one Junior, and one Senior in Freshman, a Sophomore, and a Junior, respectively, when elected, who shall be non-fraternity men residing in dormitories, and who shall be elected by the non-fraternity men at-large who reside in dormitories.

(c) Three Fraternity Representatives: one Sophomore, one Junior, and one Senior in Freshman, a Sophomore, and a Junior, respectively, when elected, who shall be fraternities having chapters at the University of Delaware, and who shall be elected by fraternity men at-large. The Sophomore Representative in Freshman when elected need not have been initiated by a fraternity at the time of election. However, this fraternity pledge must be initiated no later than the June 1 following election to be eligible to continue in office.

(d) Two Commuter Representatives: one man and one woman who may be either Sophomores, Juniors or Seniors in Freshman, a Sophomore, or a Junior, respectively, when elected, and who shall be elected by independent students at-large who are commuters.

Section 14. At such time as a student who has been elected to an office may change his (her) resident/commuter status or his (her) independent/fraternity status so that he (she) is no longer a member of the group he (she) was elected to represent, then this student must resign forthwith from the office to which elected.

Article VIII—Filling Vacancies in Association and Class Offices

Section 1. Should the office of President become vacant prior to the regular election held each spring, the Vice-President shall succeed to this office. In this event, a Vice-President protem shall be elected from among the senior members of the Senate by that body.

Section 2. Should a vacancy occur in the Presidency of any class, the Vice-President of that class shall succeed to the office of President, and the Secretary shall succeed to the office of Vice-President. In this event, the new President of the Class shall appoint a Nominating Committee of two men and two women which shall nominate two or three candidates for the office of Secretary. The eligibility of such nominees to hold office shall be checked in the Office of the Dean of Students. The President shall call a class meeting for the purpose of electing a new secretary. The call for this meeting shall list the nominee (s) for Secretary and shall be published in *The Review* at least one week prior to the date of the class meeting when the election is to be held.

Section 3. A special election shall be conducted by the Elections Committee to fill any vacancies which may occur in the office of Recording Secretary, Corresponding Secretary, Treasurer, Chairman of the Board of Directors of the Delaware Student Center, Chairman of the Men's Executive Council, and Chairman of the Women's Executive Council.

Section 4. Vacancies which may occur among the Representatives to the Senate shall be filled by vote of the Senate. The Representative or Representatives of the group he (she) represents shall constitute a Nominating Committee which after consultation with its constituents will make nominations to be voted upon by the Senate.

Article IX—Duties and Responsibilities of Officers

Section 1. The President shall serve as the official representative of the Student Body, shall preside at meetings of the Senate, shall see that all provisions of the Constitution and By-Laws are executed faithfully, and shall give leadership and direction to the Executive Committee in the planning and the implementation of a program for the Association for the year.

Section 2. The Vice-President shall serve for the President on all occasions when this officer is not present and shall perform such other administrative duties as the President may direct.

Section 3. The Recording Secretary shall keep minutes of all Senate meetings, shall reproduce these minutes and distribute copies to Senate members before the next meeting, and shall perform such other administrative duties as the President may direct.

Section 4. The Corresponding Secretary shall be responsible for the Association's correspondence, and files and shall perform such other administrative duties as the President may direct.

Section 5. The Treasurer shall be the chief fiscal officer of the Association, shall supervise the receipt and expenditures of all Association funds, maintaining appropriate records of all such transactions, shall be responsible for seeing that a yearly audit is made of the accounts of all student organizations and activities which receive Association funds, and shall serve as Chairman of the Committee on Finance.

Section 6. The Chairman of the Board of Directors of the Delaware Student Center shall serve as Chairman of the Student Center and Social Committee.

Section 7. The Chairman of the Women's Executive Council shall be concerned with those matters which are closely associated with women

students. She shall serve as a consultant to the Dean of Women in the formulation and administration of rules of conduct. She shall serve as a member of any group or committee appointed to enforce Freshman rules.

Section 8. The Chairman of the Men's Executive Council shall be concerned with those matters which are closely associated with men students. He shall serve as a consultant to the Dean of Students in the formulation and administration of rules of conduct. He shall serve as a member of any group or committee appointed to enforce Freshman rules.

Section 9. The officers of the Senior, Junior, Sophomore, and Freshman classes shall be responsible for organizing these classes, developing programs of interest to the members, and collecting and accounting for class dues. The President and Vice-President of each class, who shall be members of the Senate, shall be responsible for the presentation to the Senate of business concerning their respective classes.

Section 10. The twelve Representatives to the Senate shall be responsible for the presentation to the Senate of business concerning the groups they represent.

Article X—Voting Rules

Section 1. A student shall be eligible to vote in a special or regular election only as a member of the class or representative group in which he is classified by official University records.

Section 2. Seniors who are candidates for graduation at the June commencement immediately following any regular or special election shall be permitted to participate in the nomination of and may vote for candidates for the offices of President, Vice-President, Recording Secretary, Corresponding Secretary, Treasurer, Chairman of the Board of Directors of the Delaware Student Center, Chairman of the Men's Executive Council and Chairman of the Women's Executive Council.

Council.

Article XI—The Freshman Class

Section 1. The President of the Association shall be responsible for the initial organization of the Freshman Class. The President shall see that the Committee on Elections schedules the election of class officers between October 15 and November 15, and the President shall arrange for the installation of elected officers promptly following their election.

Section 2. The officers of the Sophomore Class shall be responsible for the formulation and promulgation of "Freshman Rules." Such rules as are established for each entering class must be approved by the Senate and by the Dean of Students before they are issued. "Freshman Rules" must prohibit any form of hazing. The Senate shall constitute a committee to supervise the enforcement of "Freshman Rules" by the Sophomore Class.

Article XII—Women's Executive Council

Section 1. The Women's Executive Council shall constitute the student governing body for women concerns with self-government in the women's residence halls, with women's social rules and regulations, and with dormitory and social activities affecting women students.

Section 2. The Women's Executive Council shall consist of the following members:

(a) A Chairman, elected by the women students.
(b) The elected student Head of House from each of the women's residence halls.
(c) A commuter representative from each of the four classes.
(d) A member of Tassel.
(e) The Dean of Women, ex-officio.

Section 3. The Judiciary Committee, a subcommittee of the Women's Executive Council, shall have authority to try cases and impose punishments in instances involving infractions of rules and regulations estab-

lished by the Council with the approval of the University.

Article XIII—Publications

Section 1. The Student Government Association recognizes the following student publications:

(a) *The Review*, a weekly newspaper.
(b) *Venture*, a literary magazine.
(c) *The Blue Hen*, a yearbook.
(d) *The Student Handbook*, published each fall.
(e) *Silspick*, a publication by the students in engineering.

Section 2. Each editor of each student publication shall have the ultimate responsibility for the quality and the form of all materials published therein and for the sound business management of the publication.

Section 3. Only those recognized student publications may be considered for financial support from Student Government Association funds.

Article XIV—Clubs and Organizations

Section 1. The Senate shall have the authority to establish criteria for student clubs and organizations, inclusive of the national honor societies and the social fraternities.

Section 2. New student clubs and organizations must petition the Senate for recognition. Such a student group must submit a copy of its constitution and by-laws to the Senate for review before action may be taken to recognize such a group. Action taken by the Senate to recognize a new group will become final after approval of the group's constitution and by-laws by the Office of the Dean of Students.

Section 3. Each student club and organization shall appoint or elect a member of the faculty to serve as advisor to the group.

Section 4. The Senate may with-

draw recognition of any student club or organization which fails for a period of one semester to meet the criteria established by the Senate for student clubs and organizations.

Section 5. Only those student clubs and organizations which are recognized by the Senate shall be eligible to submit requests for Association funds.

Article XV—Records and Reports

Section 1. A permanent minute book shall be maintained in which the official approved minutes of all regular and special Senate meetings shall be recorded by the Recording Secretary. To insure safekeeping, this minute book shall be retained in the Office of the Dean of Students between Senate meetings.

Section 2. Officers and Committee Chairmen when reporting at regular and special Senate meetings shall submit written copies of their reports which shall be made a part of the records of the Senate.

Section 3. Each Officer and each Chairman of a Standing Committee shall present a comprehensive written report once each semester covering his activities as an Officer or the activities of his Committee, respectively. These reports shall be made a part of the records of the Senate. The Executive Committee shall announce at the first Senate meeting of each school year the dates when these reports are to be submitted.

Section 4. Beginning in 1950 and every four years thereafter, the permanent Senate minute book and Senate files shall be transferred to the Library for possible cataloging and incorporation in the University archives.

Article XVI—Adviser

At the first meeting of each school year, the Senate shall select with prior consent a member of the faculty to serve as adviser to the Senate.

MESSAGE to Botany majors: today's lesson is easy. No spore lore, plant cant or stalk talk. Just the fact that Luckies' fine tobacco is A-1 Puff Stuff! This information won't help you graduate, but it'll cue you to the best smoking you ever had. You see, fine tobacco means better taste. A Lucky is all fine tobacco... nothing but mild, good-tasting tobacco that's TOASTED to taste even better. Why settle for less? You'll say a Lucky is the best-tasting cigarette you ever smoked!

STUDENTS! MAKE \$25
Do you like to shirk work? Here's some easy money —start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

Luckies Taste Better

Freshmen Vie For Top Berth On Grid Squad

Spring football is now in full swing, according to head coach, Dave Nelson. The practice sessions are progressing very successfully, he said. The team had a very good week of practice, highlighted by a high degree of enthusiasm on the part of the candidates. Nelson remarked that if the good weather remains, the spring practice will terminate at the end of 19 days. An intra-squad scrimmage on Saturday, March 9, will follow.

Lee Ella, hot freshman halfback of this year's undefeated team, has shown some improvement, but will have to keep working to land the first string position on next year's squad, Nelson remarked. Ella is also working at halfback during this early practice session.

Other contenders for the top quarterback notch for next September are: Gaspare Pellegrini, Carl France and Bill Strandwitz. Joe Harvanik is also looking top notch at end so far, Nelson says he has the ability to make it and probably will, depending on himself only.

On commenting on the fresh prospects, Nelson says look good. Among them are: John Bowman, fullback or halfback; Pelligrini, quarterback; Franco, quarterback; Strandwitz, quarterback; Don Osenin, halfback; Tony Suravitch, fullback; Greg Kramadas, fullback; John Turner, halfback; Pete Shelton, halfback; Bob Reeder, end; Al Huey, end; John Mordas, tackle; John Coffin, tackle; Ray Klapinsky, tackle; Jim Garvin, center; Mark Hurn, guard; Bob Johnson, guard; Otto Fad, guard; Earl Erdner, guard; Darrell Foraker, guard; Charles Melvin, end.

As far as next year's starting lineup goes, Nelson says no one has a place in it as yet. He says each man will have to prove himself now as well as in the fall, in order to have his position on the squad.

Nelson added that there is a change in the original schedule, the last game of the season will be with West Chester at home.

HEN GETS THE POINT — Jim Smith, ace Delaware guard, drives in to tally one of his 12 field goals against Lehigh last Saturday. His 25 tallies were more than enough to push his three-year total over the 1000 mark.

Rocky Carzo Rocks Phys-Ed Department

By Gene Arouowitz

"Hey, where can I find Rocky?" Ask that question and you might get an answer that sounds something like this: "I don't know, he might be out on the football field, or working with the divers in the swimming pool, or then again he might be teaching one of his phys-ed classes. 'If you still can't find him, look in the equipment cage, he's probably working in there.' That's right, look for Rocky J. Carzo and you'll find out that he might be anywhere in the vast regions of the Physical Education Department. Rocky's story starts back at

Came in 1950

In 1950 he came to Delaware, and enrolled in the School of Education as a physical education major. Rocky started on the frosh eleven as a fullback. The year 1952 was his biggest. He led the Hens in rushing with 486 yards in 90 carries, for an average of 5.33 yards a try.

Midway in the season, Delaware took on PMC of Chester. The Hens had three gridders from the Chester area, Don Miller, from Prospect Park, Tommy Fannon of Chester, and Rocky who comes from Woodlyn. The local stars were eager to make good and did, to the tune of 43-20.

A Great Afternoon

Rocky outdid himself. On the first play from scrimmage, Miller handed him the ball and on an off-tackle play, Carzo drove 43 yards to the 3. On the next play it was again Rocky, up the center for the score. All together he drove 135 yards for the day's work.

At the beginning of his senior year, Rocky suffered a dislocated shoulder, but by the time the season rolled around, he was ready to see plenty of action. His big game was against Lehigh, when he scored two touchdowns. (Continued on Page 9)

Blue Hen Cagers Victorious; Extend Streak to Five Games

By Dave Heeren

Jim Smith joined teammate "Skip" Crawford in the 1000-point club last Saturday night as he placed Delaware (8-15) to a 78-61 victory over Lehigh in Carpenter Field House. The jump-shooting Blue Hen guard entered the game with a three-year total of 989 points and reached the 1000 mark about midway through the first half.

Smith tallied a total of 22 points in the initial session alone as he helped pull the Hens to a 43-29 halftime lead which they easily held, even with substitutes playing most of the second half.

The Blue Hens led through the entire contest as they avenged a double-overtime setback at the hands of the Engineers earlier in the season. Crawford chipped in with a fine performance and wound up with a respectable total of 15 points in support of Smith's game high of 25.

Five-Game Streak

The triumph was a notable one for Delaware in other respects, too. First of all, it raised the Hens' winning streak to five games, by far their best of the season. Secondly, it represented

the first success for the Blue Hens this season in a non-conference game. However, with their two remaining games slated to be played against Navy and Lafayette earlier this week, it appeared likely that the Lehigh victory would be the only one for the Hens over a neutral opponent.

Last Wednesday, Delaware completed a successful league season by defeating Ursinus 70-48 and thereby clinched second place in the Southern Division of the Middle Atlantic Conference with an overall mark of 7-3.

Early Lead

The trend of the game followed practically the same pattern as it did in Saturday's tussle with Lehigh. Delaware took a big early lead and coasted with substitutes seeing considerable action late in the fray.

With most of the laurels going to Crawford, Smith and Frank Wickes this year, a Blue Hen not to be forgotten for his fine contributions is Dick McKelvey. Much of the late season success enjoyed by the Blue Hens can be attributed to his fine all-around play. Unobtrusively, he has hit double figures several times lately as he did against both Ursinus and Lehigh. His rebounding has been outstanding.

Girl Athletes Hold Play Day

By Barbara Jenkinson

A big note of thanks goes out to all who attended the WAA Co-Rec Night and made it such a huge success. Everyone seemed to have a good time, so again, thanks.

Also a big success this weekend at the Women's Gym was the high school play day sponsored by the junior physical education majors under the guidance of Mrs. Elizabeth France. The girls and Mrs. France were aided by various WAA members.

Heard today about the table tennis tournaments. So far Anne Mesnel and Shirley Gross have won two games in the doubles matches. Marian Goodrich and Betsy Langer, Janet Wickham and Mary Masland have won two games and lost one. All the pairs mentioned have done very nicely, so keep up the good work.

In the single matches, Langer, Mesnel and Morrel each have won three games for a good percentage. Congratulations to them for their efforts thus far.

Basketball bows out for the boys and bounds in for the females. New Castle has fared best. (Continued on Page 9)

Delaware Wrestlers Conclude With Triumph Over Bucknell

Delaware's wrestling team closed out a successful season with a 17-10 victory against Bucknell last Saturday in Lewisburg, Pennsylvania. The victory set the season's log at 3-3-3.

Coach Whitey Burnham expressed his delight by saying, "I guess I can't complain because after the Drexel loss I thought we'd had it — but the team really came through in good shape considering our loss due to injury."

Delaware Captain Bill Baur at 123 made his last dual match a winner by beating George Callahan handily, 12-7. Baur had a takedown, three reversals and four points for a near fall against the pesky Callahan.

Tiger Pins

Blue Hen Bob Peterson, wrestling at 130, closed out his first season on the varsity with a victory over Bob Glickman. Peterson wrestled to a 2-1 lead before he pinned his man in 7:45 with a half nelson and body press.

With the score 8-0 for Delaware, Bucknell's Dick Reed decided Jack Matuszeski, 2-0, in the 137 pound class Reed collected one of his points on a time advantage.

Seaman's Revenge

The turning point of the afternoon came as Delaware's Bob Seaman came up with a 5-4 decision over Rowland Bell. Seaman had two reversals and one point for a near fall in the match. Bell, incidentally, had beaten Seaman three times before, in previous seasons.

Bucknell's Larry Dempster brought in a victory in the 157 pound class. He decided Monty Simpson, 7-2.

Bill Walker brought the Hens back to the victory column at 167 as he won a decision over Ray Bores, 6-2. Walker had two takedowns and an escape for his points as well as time advantage.

At 177, Jim Zawicki closed out a successful season by shutting out Ken Johnson, 4-0. Jim had an escape and a three point near fall, rolling to his sixth victory in the nine-match season.

Delaware's Swimming Season Winds up with Twin Setbacks

Delaware's swimming team which closed its regular season last week, with a duel meet against Swarthmore, is now preparing to enter its forces in the post season tournaments. The first of these is the Middle Atlantic Conference Swimming Association Championship Tournament which opens tonight at the home pool of Franklin and Marshall in Lancaster, Pennsylvania.

Fred Freibott, by far the best Blue Hen hope in the post season activities, lowered another record in the Swarthmore meet. As usual, however, he had insufficient aid from his teammates and Delaware (1-8) was trounced by Swarthmore, 60-24.

Earlier last week, Coach Harry Rawstrom's watermen were beaten, 52-33, by Bucknell at Lewisburg, Pennsylvania. Nothing very exciting happened from Delaware's point of view in either meet excluding Freibott's fine

performances. In fact, the Hens were able to win only one race in each meet not counting those in which Freibott was entered.

The Blue Hens never led in either meet as the scores mounted constantly against them. In the Swarthmore meet, only Freibott and George Webber were able to break the monotony of defeat with victories.

Freibott took the 50-yard freestyle in 0:24.2 to break the old Swarthmore pool record by three tenths of a second. He followed up that victory with one in the 100-yard freestyle and Webber garnered the Hens' final five-point in the 440-yard freestyle.

Against Bucknell the Hens were a little more successful, winning four of the 10 events. Nevertheless, outside of Freibott, only Jack Fisher was able to win an individual event for Delaware. He took the 200-yard butterfly in 3:02.8.

downs, a 9-yard sweep and a drive from one yard out.

Three-Year Mark

The Hens ended the season with a 7-1 record, and said goodby to Carzo, who had managed to grind out 833 yards in his three years on the varsity gridiron.

Coming back to Delaware on a fellowship, Rocky taught classes in physical education coached the football team, and at the same time went to graduate school. He earned his master's degree in Education in the spring of 1956.

The next year, Rocky was assistant coach of the football team at Salesianum High School in Wilmington. He also took charge of the first swimming team in the school's history. The Sallies mermen placed second in the Delaware Interscholastics.

Last fall, Rocky signed up at Delaware as an instructor in physical education and carried out the many jobs he tackled before. He filled the vacancy left by James Sullivan, who went to Maine to accept a teaching position.

Dave Nelson, university foot-

bail coach, said of Rocky: "I

Rocky Carzo

think he's going to do a good job. He's a student of the game and is interested in coaching."

After hours Rocky isn't so hard to find, unless you don't know where Thompson Circle is. He lives there with his wife, Terry, and his son, John, who is a year and a half old.

Girls Sports

(Continued from Page 8)

so far, according to tabulations. The dorm represents the largest county in Delaware, at this little clue need not frighten you other gals from competing with them. In fact this information should be motivation plus to arouse your teams to a fighting pitch.

Personally, we think all the teams could use some moral support in the form of spectators. After all, the girls who are playing are representing your dorm as well as you. Get out and cheer for them.

All for now,
Jenk

Stickmen to Meet

Milt Roberts, coach of the Delaware Lacrosse team, has announced that the first meeting for the freshman and varsity candidates will be held tomorrow in Carpenter Field House at 1:30 p.m. The Blue Hens will open their season on April 4 with a home game with Washington and Lee.

Delaware's basketballers may have closed out another unsuccessful season, but it was a real pleasure to watch them in last Saturday's encounter with the Engineers of Lehigh. Jim Smith, the proverbial controversy of the Blue Hen caker squad, proved his worth in Delaware's fifth consecutive victory. The fans looked happy to see hit the 1000-point mark for his career.

There is no question. The red-headed marksman was uncanny with his jump shot. This guy has seen Smitty play all through high school and college, and last Saturday was his best — or at least it appeared such. Jim has scored more points in one game, like 43 against Swarthmore last year, but his 12-goal effort must have been tops as far as percentage.

Smittymay not remember the jay vee ballplayer who scrimmaged against him in high school. But that frustrated cager does. And he's got one thing to say: it's too bad Smith wasn't playing in the Paletsra, cause up there he would have had some decent recognition. Yep, Whiz has had a rough season. We hesitate to ponder on the outlook for next year. Not only Smitty will be gone, but so will Skip Crawford.

It kinda hurts to think that the greatest scoring combo in the university's history were part of one of its worst teams.

Our hopes for Whitey Burnham's wrestlers were not completely realized, but the Blue Hen grapplers showed hustle when the chips were down. A 3-3-3 log is not one to acclaim, yet it is respectable when all considerations are made.

Injuries to Bob Seaman and Steve Voorhees and the loss of Hugh Mooney through ineligibility is about enough for one coach. But this is one time when outlooks seem to flicker. A glance at the freshmen wrestlers shows that Whitey may still have that winning season. A couple of real workers are Tommy Maddux and dSkip Foraker. We hope they hold true next year.

This year's varsity, though, is not one to complain about, as Whitey put it. Jim Zawicki, Bill Walker, and Bob (Tiger) Peterson are to be commended.

When it comes to improvement, Dick Duerr is the man to cite.

As far as swimming, there's not much to say. We name a few outstanding performers, however: Ed Kimmel, Jack Fisher, Bart Rinehart, and Fred Freibott. All garnered a few points from time to time, with the exception of Freibott. He was consistent. But 10 to 15 points and then some can't win a meet.

Strangely enough, the mermen did the trick against Drexel. That was the first victory for Delaware in two years.

IT'S FOR REAL!

A Campus-to-Career Case History

Al Morris (right) discusses a new amplifier system with Howard D. Thomas, one of his foremen.

"After training...it's up to you"

That's what Alfred E. Morris says about the Bell System. "And that's the way I like it," he adds. "Right now I'm in a job I didn't think I'd have for ten or fifteen years."

The job Al thought was more than a decade away is Plant Superintendent for the Hutchinson district in Kansas with Southwestern Bell. "You can sum up my work by saying I'm responsible for the installation and maintenance of all telephone equipment in a large part of central Kansas," Al says. "In times of emergency—a tornado, for instance—I have complete charge of maintaining and restoring service."

Here's how Al describes the steps that led up to his present job: "I started out

in Bell's management training program in 1951. This gave me an excellent opportunity to learn about all jobs in the company—not just the job I'd be doing. The program was well organized, and I got a lot out of it.

"My first assignment was to coordinate a dial conversion in La Crosse, Kansas, a quarter-million-dollar operation. My next assignments were in Abilene and Lawrence. Both carried increased responsibility.

"I knew I was moving along pretty fast—but I was really surprised when my present job came up. It bears out what my wife and I thought when I joined Bell—there would be great chances for advancement."

Al Morris graduated in 1951 from the University of Kansas with a B.S. in Industrial Management. He is typical of many young men who are finding interesting career opportunities in Bell Telephone Companies, Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer has more information about these companies.

Students to Vote on Constitution

(Continued from Page 1)
the present basis of representation by schools.

Under revised voting and petitioning rules, all candidates for office must submit official SGA petition forms available from the Dean of Students' office. All petitions must contain the names of 25 qualified endorsers. If at the end of the petitioning period, there remain unopposed offices, the period will be extended for three additional days. After that time all unopposed offices will be filled by a nominations committee composed of

members of the elections committee.

The constitution which is going before the voters next week has received the endorsement of the campus leaders.

In a statement issued Monday, Al Walters, SGA president, said: "This revision of the SGA constitution is something that should have been done long ago. One of the highlights that I am impressed with is the diversified representation. Now I feel it is up to the students to prove they want this additional representation by voting for it next

week."

Loretta Wagner, chairman of the Women's Executive Council, says: "I definitely feel that the new system of representation is a step in the right direction, for it will assure the women equal representation, and there will no longer be a danger of an all-male SGA."

Said William Baldt, IFC president: "I approve of the proposed SGA constitution and will do my best to support it through the fraternities. I feel confident that the fraternity men will turn out in force at the polls to vote for the revision."

Reading, Education Conference To Hear Noted Dr. G. Derthick

Dr. L. G. Derthick, United States Commissioner of Education will be the major speaker at the annual Education and Reading Conference to be held on the university campus today and tomorrow.

Individualized reading will be the theme of the conference. Speaking on this topic are Dr. Albert J. Harris, Director of the Educational Clinic at Queens College, Flushing, New York; Dr. Guy L. Bono, professor of education at the University of Michigan; Dr. Charles Brehm,

Pennsylvania State Superintendent of Public Instruction, and Dr. Anne McKellop, associate professor of education at Columbia University.

Several topics of the speakers' addresses are "Tests and Materials Used in Carrying Out Individualized Reading Instruction," "Procedure Used in Directing Individualized Reading Instruction" and "Special Problems Encountered in Individualized Reading Instruction."

This conference is expected to draw between six and eight hundred teachers, administrators, parents and students. As Russell George Stauffer, Acting Dean of Education, commented, "I think this is a wonderful opportunity for uniting in education. It's something that students don't want to miss."

General registration for the conference will begin at 1:30 p. m. in Mitchell Hall Lobby on Friday.

Western Electric's new TUITION REFUND PLAN can help you continue your studies while launching an exciting career

Under the new plan, Western Electric will refund tuition costs for after-hours study at graduate or undergraduate level, to a maximum of \$250 each year.

Say, for example, that you decide on a career at Western Electric in one of many rewarding phases of telephony—electronics, development engineering, design, manufacturing production, plant engineering, or some other. You may be eligible for financial assistance to help defray the cost of graduate or other study from the very first day. Choose engineering, science or any course that is appropriate to your job or that adds to your ability to accept greater responsibility, and the Company will refund to you up to \$250 a year for tuition. (You'll note from the map on this page that Western Electric's work locations are well situated in terms of major population areas. That means that many of the nation's best schools are close by.)

Plus values, like the new Tuition Refund Plan, give Western Electric engineers many opportunities that others never have. There's specialized training both in the classroom and on the job... a formal program of advanced engineering study that includes full-time, off-job courses of up to 10 weeks' duration... a retirement and benefit program that's one of the best known and most liberal in industry... low-cost life insurance that would appeal to any man with his eye on the future. And of paramount importance is the chance to work alongside top men in the field of communications.

There's a good deal more for which there isn't space here. Why not write us or contact your placement office to schedule an interview when Bell System representatives visit your campus.

As one of us, you'd help engineer the manufacture, distribution or installation of the equipment needed for the nationwide communications network of 49 million Bell telephones.

Here—where transistors were first developed for production; where repeaters for the new transatlantic telephone

"Western Electric is helping me get my master's degree"

JOHN MORAN, who joined Western Electric's engineering staff at the Kearny, N. J., Works recently, is now studying for his M.S.M.E. under the new Tuition Refund Plan. Western Electric expects to refund the tuition for John's graduate study at the Newark College of Engineering this year.

cable were tailor-made—there's a constant need for new products and new processes. Two-thirds of the equipment we make today for the Bell telephone companies is of types developed since World War II.

Besides telephone work, Western Electric—over the years—has been responsible for a continuous flow of defense jobs for the government such as the Nike guided missile system and the DEW Line.

There's plenty of room for advancement... whatever your field of specialization. So—whether you'd be helping with

our telephone job, or working on a major defense project like guided missile systems—with Western Electric you can expect to grow!

For your copy of our College Tuition Refund Plan booklet and additional information about Western Electric write: College Relations, Room 1029, Western Electric Company, 195 Broadway, New York 7, N. Y.

Western Electric has major manufacturing plants located at Chicago, Ill., Kearny, N. J., Baltimore, Md., Indianapolis, Ind., Allentown, Pa., Winston-Salem, N. C., Buffalo, N. Y., North Andover, Mass. Distribution Centers in 30 cities. Installation headquarters in 16 cities. General headquarters: 195 Broadway, New York, N. Y. Also Teletype Corporation, Chicago 14, Illinois.

Dr. John M. Gaus To Visit Campus

Dr. John M. Gaus, professor of government at Harvard University, will be on campus March 5 and 6 as a Visiting Scholar sponsored by the Department of Political Science.

Professor Doctor Gaus will deliver an address to be entitled "People, Place, and Government," in Wolf Hall Auditorium at 8 p.m. next Tuesday. This meeting will be open to the public. In addition, he will meet informally with classes and other student groups in political science on Tuesday and Wednesday.

A well known figure in the field of political science and public administration, Dr. Gaus has served as president of both the American Political Science Association and the American Society of Public Administration.

In regard to the meeting Tuesday evening, Dr. Inis L. Clause, Jr., Acting Chairman of the Department of Political Science stated that his department "will especially welcome the attendance of students of all schools and departments of the university."

Freshmen Elected To Wesley 'Team'

Catherine Collings, Barbara Phillips, Jack Sirman, Dennis Fuhr, and Nancy Watson have been elected by the Wesley Foundation as freshman team co-chairmen.

Direction of the Wesley Foundation is undertaken by two groups, the executive council and the team chairmen. This new group will work under the present team chairmen composed of upperclassmen.

Dr. Clift, Kirch Speak At Language Seminar

Dr. Evelyn H. Clift, associate professor of ancient languages and literature, and Dr. Max S. Kirch, assistant professor of modern languages and literature, will be among the guest speakers at the first foreign language conference to be held at Delaware, on March 9. Delaware teachers, who teach on all levels and who come from both public and private schools, will attend this conference.

The conference's general morning session, which will begin at 9 a. m. in the Old College Lounge, will treat the problems of language teaching in elementary and secondary schools and college. According to Dr. Kimberley S. Roberts, chairman of the department of modern languages and literature, "Teachers on one level do not understand different levels and their problems. This conference is designed to discuss and to clarify these problems."

Speakers of the morning session will include teachers who

are acquainted with all levels of education. Dr. Clift and Dr. Kirch, who have carried out foreign language programs in elementary and secondary schools, will speak on behalf of the university.

The afternoon sessions, beginning at 2 p. m., will be devoted to group meetings based on French, Latin, Spanish and German. Each group will have a chairman from an elementary or secondary school.

Will Watts Replace Profs?

By Matt Shilling

Will electricity replace profs?

At a meeting of the Arts and Science faculty members last Monday in Hullahen Hall just that question was asked. But the majority of the faculty instead of being alarmed at the prospect were actually thankful.

The meeting was conducted by Carl J. Rees Provost, and Dr. Gorham Lane, Professor of Psychology and the Arts and Curriculum Research Commit-

tee.

The meeting was called to ask the Arts and Science faculty to submit ideas that would allow instructors more time for other pupils without sacrificing any time to their present instructees.

The committee has the power and money to underwrite projects which they deem worth underwriting for experimental purposes.

An outgrowth of a similar project at Harvard was an elec-

tronic teaching machine which flashes a question and will not continue until the proper answer is given. This machine is saving many valuable hours of the instructor's time. In addition, it allows the student to take the time suitable to him for the work.

Dr. Lane expressed the committee's hope that ideas of this type will be submitted by the faculty for consideration and might in the future meet the influx of students that will bring teacher shortages.

ENGINEERING OPPORTUNITIES AT MELPAR TO BE DISCUSSED ON CAMPUS SOON

One Of Nation's Leading Electronic R & D Companies To Interview Engineering, Physics, Math Majors

Unusual opportunities for rapid professional growth and advancement at Melpar, Inc., one of the Nation's leading electronic research and development organizations, will be detailed to interested engineering, math and physics majors in a series of interviews to be held on campus soon.

A subsidiary of Westinghouse Air Brake Company, Melpar is now engaged in a program of expansion involving substantial increases in staff and facilities.

Despite Melpar's rapid expansion, the highest standards of personnel selection are constantly maintained. This selective process has produced a vigorous organization of great experience and competence in all fields of electronics.

Younger men who wish to apply their engineering knowledge to problems of a varied and challenging nature are required to fill important posts in Melpar project groups. Plan to interview the Melpar representative when he visits your campus.

No Waiting For "Automatic" Advancement at Melpar

At Melpar there is no waiting period for "automatic" advancement. Instead, an engineer, regardless of his age or tenure, may move ahead as rapidly as his skill and performance dictate. Each engineer's achievement is reviewed at

least twice a year. In this manner engineers deserving advancement can be quickly "spotted" and promoted. As soon as an engineer is ready for more complex responsibilities they are given him.

Melpar Gives Financial Assistance For Advanced Study

The list of universities located near Melpar laboratories that offer graduate and undergraduate courses in engineering subjects includes: Georgetown University, George Washington University, American University, Catholic University, University of Maryland, University of Virginia, Harvard, Massachusetts Institute of Technology, Northeastern University, and Boston University. Melpar offers financial assistance for study at these distinguished schools.

Many Extra Benefits

Melpar's personnel policies and salary structure compare most favorably with those of the industry as a whole. The Company maintains a liberal program of benefits too extensive to detail in this space.

Choose Assignments From Varied Fields

Engineers who join Melpar may choose their assignments from one or more of these challenging fields:

Flight Simulators • Radar and Countermeasures • Network Theory • Systems Evaluation • Microwave Techniques • Analog & Digital Computers • Magnetic Tape Handling • UHF, VHF, or SHF Receivers • Packaging Electronic Equipment • Pulse Circuitry • Microwave Filters • Servo-mechanisms • Subminiaturization • Electro-Mechanical Design • Small Mechanisms • Quality Control & Test Engineering

Fine Living Conditions Offered By Melpar Locales

Melpar's R & D operations are centered near and in Washington, D. C. and Boston, Mass. Both are rich in cultural and educational facilities. The Northern Virginia area in which Melpar's headquarters laboratory is located is within easy driving range of beaches, lakes, mountains, as well as other recreational and scenic points. The climate allows outdoor recreation 215 days of the year. Fine homes and apartments in all price ranges are readily available.

Melpar's Boston area plants allow engineers to enjoy the pleasant tempo of New England living coupled with Boston's splendid cultural and educational advantages. Melpar pays re-location expenses.

Booklets Available

An attractive, fully-illustrated booklet describing living conditions prevailing in the Washington, D. C. area can be obtained from your campus Placement Officer.

Grads Go To Work At Once

The college or university graduate who joins Melpar is not required to undergo a formal training program. Instead, he immediately becomes a member of a project group and is assigned to work with an experienced engineer whose guidance and assistance enable him to advance rapidly. Members of Melpar project groups gain experience in all phases of engineering problems by free and frequent interchange of ideas during group meetings. Such experience is valuable in leading to eventual managerial responsibility.

Melpar Experiences Sure & Steady Growth

Founded in 1945, Melpar has doubled in size every 18 months for the past 11 years. Recently it completed erection of a complete new headquarters laboratory near the Nation's Capital, and is presently making substantial additions to its Watertown, Mass. laboratory (6 miles west of Boston), and to its research department in Boston.

Located on a 44-acre landscaped tract in Fairfax County, Virginia, only 10 miles from Washington, D. C., Melpar's main laboratories encompass over 285,000 square feet under a single roof. Fully air-conditioned, they are equipped with every facility. In addition to the new, ultra-modern headquarters plant, Melpar maintains additional facilities in Arlington, Virginia, Boston and Watertown, Massachusetts, for a total of 460,000 square feet.

University Courses Offered at Melpar

Melpar staff members, both holders and non-holders of degrees, may take advantage of the many fully-accredited courses in engineering subjects which are offered at Melpar's headquarters laboratory.

Qualified Graduates Offered Paid Inspection Trips

After a personal interview on their campus, qualified candidates may be invited to visit Melpar's headquarters laboratory at Company expense. Information on opportunities available for graduates together with details on living conditions in Northern Virginia is available by simply writing: Mr. William Schaub, Melpar, Inc., 3000 Arlington Blvd., Falls Church, Virginia.

Make Appointment Now For Melpar Interview March 5th

To secure an appointment with the Melpar representative when he visits your campus, contact your Placement Officer today. At the same time ask him for booklets on Melpar and the Northern Virginia area. We believe you will find them of unusual interest.

Remodeling Sale! Final Reductions

on
100 DRESSES
\$7 up
Values up to \$30.

Casual, date and party dresses included in this terrific season-end close out of Junior Miss & Misses dresses—wools, crepes, taffetas, corduroy and lovely novelty fabrics. Many of our smartest dresses make their exit at low season-end prices!

Others at \$5 and \$11

RAINCOATS Excitingly Reduced

All-weather, they are! And smart—in pastel colors for Spring and checks, plaids and town colors—Bonnie Cashion, Aquatogs and other popular makes. Good size assortment.

FORD INSTRUMENT COMPANY TO INTERVIEW ENGINEERS HERE

What engineers are doing at Ford Instrument Company

ELECTRONICS AND RADAR:

Ford Instrument engineers are doing advanced work in electronics for defense equipment. Radar design, electronic warfare, airborne equipment, and both digital and analog computer development are the backbone of the company's research. The techniques FIC has developed in this work have applications in the design of some military and industrial electronic systems.

CLOSED CYCLE GAS-COOLED REACTOR:

This specialized application of nuclear power is being studied at FIC. Operation of this type of reactor is based on the use of nitrogen or helium under pressure as the working fluid for direct transfer of energy from nuclear fission. The feasibility of building for 1961 a power plant using this type of reactor to propel an aircraft is now being studied at FIC's laboratories.

AIRCRAFT INSTRUMENTATION:

Ground position indicators, course and distance computers and other navigation equipment designed at FIC.

Instrument Company are being installed in the most modern aircraft. Instruments for altitude, speed, heading, and attitude are being developed for the future.

GUIDED MISSILES:

Typical of FIC's is its work on the guidance system for the Redstone missile and the Army Patriot Missile. As an example, development and design of some advanced systems, Ford is also working with the Air Force and Navy on the missile guidance system.

For more than forty years, Ford Instrument has been designing the computers and controls that drive our radar guns and launchers, direct our rockets and warplanes and move missiles, control nuclear reactors, and safely guide them for their missions. Not highly regarded by the experts in the field, the achievements of the 3000 people of Ford Instrument Company have been advancing control engineering and computer development in many fields. Very soon, FIC will interview applicants for this national job opening positions for some of the most rewarding and interesting projects in America. Write for further information.

FORD INSTRUMENT CO.

Engineers at Ford Instrument have exceptional opportunities

1. You get a chance to show your abilities

Ford Instrument Company is large enough to offer a variety of interesting work, and small enough to give its engineers a sense of individuality. Your engineering knowledge and abilities will certainly be put to the best possible use. The people you work with will be stimulating and energetic, and the opportunities for your future will be unlimited. It is a company made up of technically minded people. When we tackle problems, we solve them. We take part, and each member watches every step of progress from new idea to practical reality.

2. The work involves America's future

On this page we show a few projects which Ford Instrument engineers have worked on. There are many others, but they all have one thing in common: These vital projects encompass a variety of technological advances which are important steps in the scientific and industrial progress of the country.

3. Job benefits are unusually liberal

Salaries are as good as better than offered by other companies in the field. There are many other job benefits, such as payment by the company of full tuition for advanced study, pension, and insurance. Your future at Ford is stable, because our positions of responsibility are offered.

4. Advanced study is at your doorstep

Such excellent schools as Columbia, New York University, Polytechnic Institute of Brooklyn, City College of New York, Cooper Union, Pratt Institute, Stevens Institute of Technology, and Manhattan College are within easy reach. For those interested in advanced degrees this is of value. In addition, most scientific and engineering societies have their headquarters in New York. You can enjoy their regular meetings and the contacts with other engineers.

We often forget the advantages of living in New York or its suburbs. The city, with its opportunities for entertainment, culture, shopping and sports, has everything — it is truly the capital of the world. From the U. S. Building in Radio City, from the corner of Broadway to the shops on Fifth Avenue, from the Battery to Central Park — New York is an exciting city to see and a stimulating one in which to work.
