

Cabinet Member To Visit Newark

Governor Miller To Preside At Public Meeting

Secretary of Agriculture Houston and United States Senator Willard Saulsbury will make addresses at Delaware College next Thursday afternoon. Governor Charles H. Miller will preside at the meeting. Secretary Houston is making his first trip to Delaware on this occasion since he became a member of President Wilson's cabinet and Dr. Samuel C. Mitchell, president of the college, took advantage of the opportunity to have him and Senator Saulsbury address the students of the two colleges.

The visitors will arrive in Newark shortly after 1 o'clock, over the Baltimore & Ohio Railroad from Washington. Governor Miller, who is to preside, will probably make the trip from Wilmington in his automobile. The meeting will not be restricted to the college students, as Dr. Mitchell is anxious to have the townspeople and residents of the rural sections hear the talk.

The meeting will be held in the Oratory on Thursday afternoon at 2 o'clock.

All college classes will be suspended between two and three o'clock, in order to permit the entire student body to attend. The college orchestra, under the direction of Mr. Martin, '16, will furnish music. The ushers will be the following Seniors in Agriculture: Frazier Groff, L. G. Mulholland, W. C. Newton, James H. Salvean, G. O. Smith, R. Weimer.

The Honorable O. F. Houston, Secretary of Agriculture, is to make an extended tour through the State of Delaware, as the guest of Senator Saulsbury. On Thursday afternoon, September 30, both Secretary of Agriculture David F. Houston and Senator Willard Saulsbury will speak at Delaware College at a meeting presided over by Governor Miller. They will spend Thursday night in Wilmington, and leave there on Friday morning for Middletown, the first town to be visited on their trip. From Middletown they will go to Smyrna and after that to the State College for Colored Students at Dover. They will lunch at Dover as the guests of the State Board of Agriculture. In the afternoon they will meet the Farmers of the community in the orchard of Frank C. Bancroft, who is now harvesting one of his largest crops of apples, and they will have an opportunity to see how Delaware apples are prepared for market. After leaving Mr. Bancroft's they will visit the orchard of F. M. Soper, sometimes known as "The Apple King of Delaware," whose orchard is one of the largest in the State. They will then visit Harrington and have dinner in Bridgeville, and spend the night with Mr. Isaac Giles at Seaford. On Saturday they will visit Laurel, Selbyville, and Georgetown, and spend the night and Sunday at Rehoboth. On Monday they will visit Lewes, Milton, and finally Milford.

Crowd Attends Oxford Fair

Many Newarkers mingled in the crowd of ten thousand persons who attended the Oxford Fair last Friday. The attraction to many was the race track which was in fine condition, and trotting time fast. The 2.14 class was changed to a special, and with three starters was an agreeable disappointment to the crowd. The horses finished neck and neck in all four heats. The 2.28 trot was a walkover for Royal J., but the 2.21 resulted in several close drives, J. J. M., of Coatesville, winning out.

Parent-Teachers' Meeting

The Newark Parent-Teachers Association will meet in the Grammar school, Thursday afternoon, Sept. 30th, at 3.30 o'clock. All parents are invited to attend.

Mary T. Williams, Secy.

Moore Farm Sold

E. H. Beck, real estate broker of Middletown, has sold the farm belonging to Jacob B. Moore, near Milford Cross Roads, containing 125 acres, to George R. Elliott for \$11,000.

Hen At College Farm Breaks World's Record

A white leghorn hen in The North American Egg-Laying Competition being conducted at the Delaware College Farm, on Sunday laid her 278th egg in 330 days. The little hen to perform this notable feat weighs exactly 3 1-8 pounds, and her seemingly modest performance makes her the greatest utility hen the world has ever known.

The previous authenticated world's record is 286 eggs in 365 days, made by Columbian Queen last year in the third international egg-laying competition.

Lady Eglantine, which is the name of the new world's champion, has thirty-five days in which to add to her fame, and barring accidents she should pass the 300 mark. This white Leghorn world beater is an American-English bred hen, and her breeder is a Philadelphian.

In the first year of the competition the high individual record, 254 eggs, was made by a Rhode Island Red from Kentucky. In the second competition an English-bred and owned white Wyandotte laid 282 eggs and held first place. The third year a Columbian Plymouth Rock won the highest honors with a record of 286 eggs.

Now the world's record for individual egg production is held by Lady Eglantine, a white Leghorn, and is the first time this variety has attained first place. But it should be borne in mind that this phenomenal white Leghorn still has thirty-five days in which to add to her already matchless fame.

Lady Eglantine has produced more than twelve times her own weight in pearly eggs in less than eleven months, and with each one of these measuring 2 1-4 inches long, she has built a monument to herself greater than fifty-four feet high. From this pinnacle Lady Eglantine sings the praise of American chicken breeding along scientific lines.

Lady Eglantine has been a consistent layer. She has had no serious break during the year. Next year she will be bred with a male whose "Ma" laid 282 eggs. Speaking of sickness, the North American in commenting on the competition in the issue of Monday, September 27, says, "Only twelve birds died out of five hundred entered this year. The care taken by Superintendent A. M. Pollard, who is in charge of the big work going on in Newark, Del., is mostly responsible for this extra record, and it must not be forgotten that modern breeding makes healthy pullets. Conditions at the Delaware College Experiment Station are ideal for such a competition. There are no violent climatic changes and the soil on which the pens are built is free from noxious elements." Out of sixty-seven birds forty-six have reached or passed two hundred eggs. Three more should touch the two hundred mark. Four pullets have laid more than two hundred and fifty eggs, and two more will equal this figure. Forty-nine birds have laid 10,875 eggs, with an average of 222 each.

Prisoners Whipped At Workhouse

Five prisoners at the New Castle County Workhouse, who were convicted on charges of larceny and sentenced at the September term of Court of General Sessions, were whipped at the whipping post in the yard of the Workhouse Saturday morning. But a few persons witnessed the whipping.

Lewis Berry, serving six months, received ten lashes; Clifford Hugler, serving six months, received ten lashes; Stephen Kirby, serving six months, received twenty lashes; George Butler, serving six months, received twenty lashes; Frank Harrison, serving nine months, received twenty lashes. All the prisoners were negroes.

Reception At St. Thomas'

A reception to the members of the congregation of St. Thomas P. E. Church, will be given in the Parish House this Friday evening, October first, at seven thirty. The committee extends a cordial invitation to everyone.

ENTERTAINMENT N OPERA HOUSE

Minstrels Give Show For Local Lodge

The Temple Club of Wilmington, coached and directed by J. Reed O'Donnell, one time director and manager of the St. Paul's Mask and Wig Club of Wilmington, will give an entertainment this Friday evening, October 1, for the benefit of the Good Templars Lodge of Newark.

Mr. O'Donnell has arranged a sketch for his performance as a finale, namely "A Day at Plattsburg," which will be a fun maker from start to finish. The soloists will consist of Messrs. Sullivan, O'Rourke, Branard and others, while the fun makers will include Messrs. Hagan, Collins, Manion, Richmond, Kennedy, and Gilbert. Following is the program:

PART I

Opening Overture—

Arranged by J. Reed O'Donnell

"When I Was a Dream" H. Brainard

"Jubilee in My Old Kentucky Home" James Kennedy

"A Little Bit of Heaven" William Conway

"All Aboard for Dixie Land" Earl Gebhardt

"Tomorrow May Bring Me You" F. O'Rourke

"Night Time in Dixie Land" John Collins

"If We Can't Be the Same Old Sweethearts," H. Richmond

"Down in Bom Bom Bay" Richmond and Manion

"Nobody Has More Troubles Than Me" Dan Hagan

"This You" John Sullivan

PART II

"National Emblem" Orchestra

Selection Temple Club Quartet

"In Springtime" Orchestra

Waltz Clog

Music from "Il Trovatore" Orchestra

Finale

"A Day at Plattsburg"

Arranged by J. Reed O'Donnell

GOVERNMENT PLAN TO TEACH CIVICS

Dr. Dunn To Work In Delaware

Dr. W. G. Dunn, an expert from the United States Bureau of Education on community civics, has started to work in this State, his activity being a part of the plan outlined by the Delaware Co-operative Educational Association. At a conference held at Delaware College last week the work to be done by Dr. Dunn was outlined.

Dr. Dunn will devote four days of each week to the work in Delaware until the first of the year. The time will be divided between Wilmington and the two colleges here and some other center yet to be decided on. In Wilmington Dr. Dunn has a class of teachers whom he is familiarizing with the methods of teaching community civics under the direction of Superintendent Scott of the public schools and Principal A. H. Berlin of the High School. The work in Wilmington, it is said, has started off well, and the teachers are much interested in the plan.

For the work in Delaware College Dr. Dunn will have one section of the freshman class in Delaware history and inasmuch as the matter is unwritten, a part of the work will consist of gathering facts of local history and the bearing it has on the life of the community.

At the Women's College Dr. Dunn will have a class of about 30 young women who are planning to become teachers. He will instruct them in the methods used in making community civics interesting and effective.

Musical At Home Of Mrs. Blake

Musical for the benefit of the New Century Club building fund, will be given on Saturday evening, October 9, at the home of Mrs. Charles R. Blake. Out of town talent will furnish entertainment for the evening. Vocal selections will be rendered by Mr. Richard Carl Lind and Mr. Frank Huss, baritone, of Wilmington, and Mrs. W. T. Morrison, soprano, of Wilmington. The singers will be accompanied by Miss Wilson, piano, and Mr. Samwalt, violin. An admission of twenty-five cents will be charged. The meeting is an open one to which the public is cordially invited.

Members Of Athletic Council Elected

With the re-election at the meeting of the faculty on Monday of Dean E. Laurence Smith and Professor Charles A. McCue, as members of the Delaware College Athletic Council the entire seven members of the Council have been chosen for the college year 1915-1916. The membership of the Council is now as follows: representing the faculty, Dean Smith and Professor McCue, both re-elected; representing the Alumni, Dr. Walter H. Steel and Norris N. Wright; representing the student body, Gerald P. Doherty, Jr., Leroy B. Steel, and Donald P. Horsey. Dean Smith, Professor McCue and Dr. Steel, have been members of the Council since it was first organized three years ago. Mr. Wright succeeds Joseph McVey as one of the alumni members. Each year the three upper classes of the student body are represented on the Council with one member each and this plan makes it necessary for new members from the student body each year. The student members last year were, Linden Owens, John W. Jones, and Harold Horsey. Coach William J. McAvoy is general manager and an ex-officio member of the Council.

The Athletic Council has done excellent work since it was organized several years ago. This body has control of all college sports and under its management athletics have been better conducted than ever before in the history of the institution. The management the two past years of the Inter-Scholastic meet by the Council is an illustration of the good work that it is doing.

The Council will organize at a meeting to be held in a few days. Dean Smith will probably be re-elected president.

County Roads Being Repaired

Extensive repairs to the improved roads of New Castle county are being made at the present time, the repairs including the resurfacing of a number of the main traveled roads. In connection with the repairs, experiments to determine the relative merits of many types of binders are being conducted.

The road leading from St. James Church to Newark is being repaired and resurfaced. This road was in a very bad condition, the surface being worn away and large holes worn in the road.

The portion of the State Road, from Wilmington to Farnhurst, has also been resurfaced and treated with a binder preparation. Concord Pike, from McKee's Hill to Talleyville, has been treated with a binder and repaired.

On the roads from Middletown to Mt. Pleasant and from Middletown to Odessa experiments to determine the relative merits of various types of binders are being conducted. Short distances on each road have been treated with different types of binder and the results are now being carefully observed.

Wreck On B. & O. Railroad

Several freight cars were demolished, one engine overturned and another derailed about eleven o'clock Sunday night, in the east yard of the Baltimore & Ohio railroad, at Elsmere. According to official reports no person was injured. Traffic over the main line was completely blocked for several hours, all trains being run over the Pennsylvania railroad until early morning.

A freight train going south was crossing from one track to another when a freight train going north sideswiped it. The engineer and fireman on the locomotive drawing the south bound train saw the impending crash in time to save their lives by jumping. Six freight cars were derailed and smashed. The second engine was derailed but did not overturn. The wrecking trains worked several hours clearing the tracks and removing the overturned engine.

An excursion train returning from Washington was detained at Newark from eleven o'clock until 1.30 a. m.

Thompson Assists In Arrest

Tuesday evening of last week Officer Apsley and William Thompson, colored, of Newark, deputized by W. H. Dean, County Constable, arrested Frankie Woolford, wanted in Georgetown for attempted murder. In the news item relative to this arrest, published in last week's issue, no credit was given Mr. Thompson for his share in the arrest.

The article also contained the erroneous statement that Asbury Watson at first refused to allow the searches upon his premises. In fact Mr. Watson assisted the officers in locating the prisoner.

Pollard To Represent Delaware

Governor Charles R. Miller has appointed Mr. A. M. Pollard director of the Egg-Laying Competition at the Delaware College Farm, to represent the State of Delaware at the Fortieth Annual Educational and Business Convention of the American Poultry Association, in connection with the Panama-Pacific International Exhibit at San Francisco, to be held in November, 1915.

New Dry Goods Store

Newark is to have a new splendidly-stocked dry goods store, in the store building recently vacated by J. R. Chapman, West Main street. J. Rankin Armstrong, proprietor of the new store, for the last ten years has carried a stock of ready-made clothing, and boxed goods only. Going back to his early custom, he has put in the new store building a complete line of dress goods, trimmings, millinery, etc. The entire new stock has been carefully selected from the large wholesale houses, by Mr. Armstrong's daughter, Mrs. Samuel Zinberg.

Football Season Opens Saturday

Delaware Men Play At Chester

Coach McAvoy is gradually getting the Delaware College football eleven in shape for the opening game of the season with Pennsylvania Military College at Chester on Saturday. The last scrimmage of the week was held this afternoon. Tomorrow and Friday afternoon the squad will be put through signal drills and practicing the forward play.

Delaware will likely have a much harder proposition with P. M. C. this year than in former seasons. "Bill" Hollenbach, the former U. of P. star, is coaching the Chester eleven and has some excellent material. They also have an advantage over Delaware in the matter of training, as Hollenbach has been working with his squad much longer than McAvoy.

Coach McAvoy will not likely announce the lineup of the team that he will send in against P. M. C. until Friday, but most of the varsity is now known. Captain Handy, who no doubt play full-back, while Taylor at half and Fidance at quarter are sure to start the game. For several days Weldin, the former Wilmington Friends star was tried at halfback on the varsity, but recently a switch was made in the lineup. Weldin was moved to the line and Bratton taken from the varsity line and placed in the scrubs backfield. Lowe, a freshman from Knoxville, Tenn., took Weldin's place at halfback on the varsity, and he will no doubt be started in that position against P. M. C. Bratton seems to be improving every day, and may yet land a position in the varsity backfield. Chester Smith, who was looked on as possible varsity backfield man this year because of the fine work he did on the scrubs last season, has been prevented from getting out to practice regular on account of having a late class several afternoons each week.

Crothers at centre, T. Wilson and Newton at guard and E. Wilson and Weldin at tackle are likely to start the opening game in those positions. Smart right end has been out of the game for several days with a sprained ankle but is expected to be in shape to take his position on Saturday.

Marston, last year with Wilmington High School, is making a strong bid for the other end position and will likely land it for the P. M. C. game.

Delaware plays Haverford at Haverford on Saturday of next week and the first home game will be against P. M. C. here on Saturday, October 16.

PLEASANT HILL

Mr. Harry Buckingham and son Curtis of Newark, spent Sunday with Alban Buckingham and family.

Mr. Jos. Higgins entertained on Sunday Mr. Samuel McDaniel of Wilmington.

Mr. Samuel Eastburn of North Star spent Sunday with his cousin, John E. Buckingham.

Miss Alma Little was the recent guest of her cousin, Mrs. Gray Lomax of Iron Hill.

Mrs. Katharine Vansant and daughter Nellie spent Thursday with Mrs. Lewis Lee of Mermaid.

Mrs. William Cloud has been entertained her sister, Mrs. Alice Meredith of Red Mills.

Mr. and Mrs. A. T. Buckingham entertained on Sunday Rev. H. O. Klug of Ebenezer.

Mr. Harvey J. Whiteman of Wilmington visited his brother Frank Whiteman on Saturday.

Mr. and Mrs. Arthur Whiteman entertained on Sunday Messrs. Harold and Herman Little and Misses Lora and Elizabeth Little.

Mr. Thomas Harkness and son Clarence was the Sunday guests of Alban Buckingham and family.

Mr. and Mrs. Harvey Wollaston and sons Joseph and Leonard of New Garden, Pa., were the recent guests of Mr. Joseph Eastburn and family.

Mr. R. G. Buckingham and grand daughter, Miss Brita Buckingham are spending the week with relatives in Washington, D. C. Mr. Buckingham is attending the G. A. R. Encampment of which he is a member.

WHITE RIBBONERS MEET AT HARRINGTON

Strong Declarations For Suffrage Feature Of Convention

More than 100 delegates from all parts of Delaware attended the State W. C. T. U. Convention held in Harrington last week. Mrs. Lena Messick, State president, presided.

Mrs. Martha M. Cranston of Newport, who has been an ardent suffragist for the past thirty years, addressed the convention on the subject of "Equal Rights for Women," on Wednesday.

Wednesday afternoon session was opened with a selection of music, sung in concert by the entire convention, after which the convention was called to order by the president, Mrs. Lulu Potter, on behalf of the Harrington Union, gave the delegates a very cordial address of welcome; and responses were made to this address by Miss Ray Heydrick, President of the State Federation of Women's Clubs and Miss Bertha M. Carey on behalf of Sussex county.

Mrs. Lena Messick, State President, in the course of her annual address said in part: "The most striking and beneficial result of the great war that is convulsing Europe in this great struggle is the banishment of booze from the Continental nations." She stated that "Russia has become dry in a day, Austria has prohibited the manufacture of any additional distilleries, and the Italian Government has placed wine under the ban." In regard to local political issues she stated that "the liquor men were already lining up candidates for the next legislature." Dramatically she exclaimed that "no presidential bee could live in alcohol, and likewise no legislative candidate in Kent and Sussex can live in alcohol." Mrs. Messick, in conclusion, made a strong plea for Women's Suffrage and remarked that "the Congressional Union of the Equal Rights Association, will endeavor this month to get an anti-booze plank inserted in the platforms of both the Republican and Democratic parties."

Among speakers of prominence at the convention was Daniel A. Poling, former prohibition candidate for governor of Ohio. In the course of his remarks Mr. Poling said:

"The sphere of womanhood is the home, but not the home as it was yesterday, but the home as it is today; not the home that was confined to a log cabin and the settlers clearing with the pioneer envions of the pioneer, but the home of modern day life which is a chain in the link of modern society. Woman cannot protect her children and conserve the interest of her fireside without the ballot. The institutions that menace the hearthstones are always entrenched in politics. The only weapon for their destruction is the vote."

"The only thing that can keep prohibition from being the paramount issue in elections next year is war, and even war will not greatly retard the general campaign for national prohibition."

The following officers were elected: State president, Mrs. Lena Messick, Bridgeville; corresponding secretary, Miss Lizzie Raughley, Bridgeville; recording secretary, Mrs. Levina Lynch, Mt. Pleasant; State treasurer, Mrs. Clara Marshall, Lewes; vice-president, Mrs. Emma Caulk, Dover; vice-president for New Castle county, Mrs. Mary B. Donnell, Newark; vice-president for Kent county, Mrs. Ella D. Cordray, Farmington; vice-president for Sussex county, Miss Lillian Cade, Milton.

Delegates to the National W. C. T. U. Convention, which is to be held at Seattle, Washington, in October, were elected as follows:

New Castle County

Delegate, Mrs. Mary B. Donnell, Newark; Miss Annie Lynch, Mt. Pleasant. Alternates, Mrs. Harry Brooks, Wilmington, Mrs. Annie Sargent, Wilmington.

Kent County

Delegate-at-large, Mrs. M. E. Curtis, Harrington; alternate, Mrs. Annie M. Wolcott, Harrington.

Sussex County

Mrs. Matilda Sudler, Bridgeville; alternate, Mrs. Jessie M. Graves, of Milford.

The next W. C. T. U. Convention will be held in New Castle county, the place to be selected at the next meeting of the State Executive Committee.

M. E. Conference Gossip

The following review of pending changes in the Wilmington M. E. Conference is clipped from The State Register, Laurel, Del.

"A pastoral shake-up, the appointment of three district superintendents and the election of four delegates to the General Conference will be enlivening features of the forty-eighth annual session of the Wilmington Methodist Episcopal Conference, which will be held in Union Church, Wilmington, next March. The presence of the Lay Electoral Conference, which meets quadrennially, will increase the interest."

"Selecting pastors for the retiring district superintendents may cause considerable ministerial shifting. Wilmington is likely to be greatly affected, and it is predicted that there will be a clean sweep of the churches on the east side. Rev. Edmund L. Hoffecker of the Wilmington district, Rev. Robert K. Stephenson of the Dover district, and Rev. Robert Watt of the Easton district are the retiring district superintendents. Pastors suggested for Dr. Hoffecker include St. Paul's and Union, Wilmington, and Bethesda, Middletown. Rev. Clinton T. Wyatt, who has been at Middletown three years, also is proposed for Union. Changing the relation of Rev. Cornelius W. Prettyman from active to retired will create a pastoral vacancy at Asbury Church, Smyrna, and it is thought Dr. Stephenson will be assigned to that charge or to the Avenue Church, Milford. There is a rumor that Dr. Watt may be given some official position by the General Conference, which will convene at Saratoga, N. Y., next May, but there is no inkling of the office. Many persons, however, believe Dr. Watt will resume pastoral work in the Wilmington Conference."

"Rev. George T. Alderson, pastor of Harrison Street Church, Wilmington, Rev. Vaughn S. Collins, pastor of St. Paul's, Rev. Wilbur F. Corkran, pastor of Union, and Rev. William A. Wise, pastor of Scott, are said to be aspirants to the Wilmington district superintendency. Rev. William R. Mowbray, pastor of the Avenue Church, Milford, is the choice of the ministers of the Dover district for superintendent of that district. Rev. William L. White, pastor of Ebenezer Church, Easton, Rev. George C. Williams, pastor of Centenary, Laurel, and Rev. Clinton T. Wyatt, pastor of Bethesda, Middletown, are competing for the Easton district superintendency."

Some ministers say Rev. Theodore A. H. O'Brien, superintendent of the Salisbury district, and the three retiring district superintendents will be elected delegates to the General Conference, and others believe three district superintendents and one pastor will be chosen delegates, as was done in 1912. Since Dr. Hoffecker was the only district superintendent in the Wilmington Conference not elected a delegate in 1912 it is stated that his election in 1916 would be a gracious act. An admirer of Dr. Watt predicts that he will lead the 1916 delegation.

"Rev. William G. Koons, who recently resigned the position of corresponding secretary of the Wilmington Conference Claimants Endowment Fund Commission, has throat tuberculosis, and his condition is so serious that he deemed it advisable to go to Saranac Lake, New York. Acceptance by Rev. Edward H. Dashiell of the corresponding secretaryship of the commission created a vacancy in the pastorate of Asbury Church, Crisfield, that may be filled by Rev. Louis E. Barratt, who is finishing his seventh year at Chestertown."

Fire Prevention Discussed

On Thursday morning, September 23, Mr. Gilbert E. Stecher, surveyor for the Home Insurance Company of New York, addressed the student body of the Women's College on "Fire Prevention in the Home." Mr. Stecher gave a careful survey of the heating and lighting systems common to our houses, with special relations to the fire risk involved, and the best methods of prevention. He then discussed a typical house, room by room, pointing out possible defects in construction which would inevitably lead to fire loss, and suggesting means of avoiding these unnecessary danger spots. Mr. Stecher's main emphasis was placed on the fact that careful foresight and presence of mind are the best fire preventions known. His talk was practical as well as interesting.

Government Pays Award

Condemnation proceedings on the part of the Government for the right of way for the inland waterway at Rehoboth were ended in the United States Court in Wilmington on Saturday when \$69,710 was paid by the Government for delivery of the deed for the property, the amount fixed by the commission. Part of the land was used for the railroad approach to Rehoboth.

Cuts Throat To Escape Arrest

Facing arrest for breach of the peace on complaint of his wife, Harry A. Bryant, aged 35, of 845 Bennett street, Wilmington, on Thursday night, hearing police officers talking below, slashed his wind pipe with a razor in his bedroom. He was rushed to Delaware Hospital, where it is said he will recover if blood poisoning does not develop.

Mrs. Powell's Pardon Refused

Mrs. Mary A. Powell, 68 years of age, serving a life sentence at Greenbank for the murder of Estella Albin, employed at the Powell home in February, 1904, for whom Attorneys Henry Ridgely, R. R. Kenney, and A. M. Daly of Dover and eleven members of the jury which tried her, supported by letters from the Workhouse warden and physician urged a full pardon, failed in her second attempt to gain her liberty when the State Board on Tuesday unanimously denied the application.

Find A Liquid Treasure

William Watson of Broad Creek hundred, Sussex county, while tearing down his old dwelling to erect a new one, found a small stone vault under the foundation in which was a barrel of peach brandy, supposed to have been distilled and stored by James Harmon who lived on the farm forty years ago. About a third of the barrel's contents had evaporated. Watson and some friends sampled the brandy and voted it the finest they had ever tasted.

Farmer's Fight With Angry Sow

While fixing a bed in the pen for a litter of pigs Harley Lowe, a farmer of lower Gumboro hundred, Sussex county, was attacked by the sow as he was nailing boards with a hatchet with his back turned to the animal. The hatchet dropped from his hand and he was severely gashed by the sow's tusks. He managed to recover the hatchet and kill the angry animal.

Soudan Grass In Sussex

George Hatfield of the Georgetown section, sowed a quantity of Soudan grass seed, obtained from the Government and has succeeded in growing a large patch. The grass has a fine pencil-like stalk growing upwards of 12 feet in height with seed in a tassel on the end. He grew some of the grass for seed and has been feeding the rest to cattle and horses who prefer it to corn and oats as its stalks are very succulent. He thinks the grass will prove a fine forage crop well suited to the light sandy soil of Sussex county.

Home Makers' Schools Established

Miss Elizabeth Jefferson of the Women's College, the recently ap-

Why Worry....

Over Your Family Wash?
Let Snow White Laundry Do It

Rough Dry Department

Everything washed, dried, all bed linen, table linen, underwear, in short, all flat pieces IRONED and starch pieces starched ready to iron.

Price, 6c per Pound

Average weight of a family wash 20 to 25 pounds. Cheaper and better than you can have it done when you figure wages, fuel, your own labor for ironing, to say nothing of the inconvenience and bother.

Wrap Your Starch Pieces Separate

and place in bundle of Family Wash.

Each Family Wash is done separately, no mixing of washes, no marking with ink. THE RESULT IS ABSOLUTELY SANITARY.

Flat Pieces by the Dozen, Including 1 Spread
Price 36c per Dozen

Individual Pieces Done at List Price

Our Shirt and Collar Department Cannot be Excelled
Blankets and Lace Curtains Made to Look Like New
Quality of Work, "Snow White"

Our Delivery Truck will be in Newark on FRIDAY AFTERNOON. Our Solicitor will be glad to call on all who may desire further information. Calls may be left at the office of the Newark Post and any bundle collected will be returned on Tuesday. Any bundle collected on Tuesday will be returned on Friday.

pointed extension worker in Home Economics, has begun active work with the establishment of two Home Makers' schools, one in Ocean view and the other in Frandfurt. Classes are to be held in the two towns on alternate days. Miss Jefferson traveling from one to the other, for a period of five weeks. The success of the Home Makers' schools last year, as well as the cordial reception of the women in the district concerned, promise well for this new endeavor.

Wonderful Record Of Cow At College Farm

A Guernsey cow in the Delaware College Farm herd has earned \$665 in one year. After the deduction of \$143 for feed, and \$42 for labor, her activities show a net profit of \$480 for the year. This

cow, Imp. Yenadizze's Flora 36340, produced in 365 consecutive days 13,861.1 pounds of milk and 668.23 pounds of butter-fat. Her product was sold in the form of 22 per cent cream for 20 cents per quart, and the skim milk fed to young stock. 1,565 quarts of cream at 20 cents, and 10,731 pounds of skim milk at 25 cents per cwt., are worth about \$340; the manure was worth about \$25, and her calf was sold for \$300.

She received for roughage alfalfa hay and corn silage, and her grain was taken from a mixture of the following proportions: 200 lbs. of bran, 200 lbs. of hominy, 125 lbs. of dried brewers' grains, 100 lbs. of dried beet pulp, 75 lbs. of cotton seed meal, and 50 lbs. of oil

meal. In addition to the above mentioned feeds, she received daily 4 lbs. of dried beet pulp and 1 1/2 lbs. of molasses. Her bedding was shredded corn stover and all of it went into the manure. She carried a calf during the last six months of the year's test, and was milking quite heavily at the end.

The fact that the average cow of Delaware produces yearly only 3,000 pounds of milk and about 130 pounds of butter-fat, makes the record of this cow especially notable. It shows that it pays to keep a high grade of stock, and also that a profit like that of this cow will easily justify a greater outlay of capital on breeding stock than is usually made.

Safety First

Use PAXSON'S SANITARY SWEEPING COMPOUND while sweeping.

It catches the GERMS as well as the DUST. If your jobber or dealer does not have PAXSON'S COMPOUND, then write us and we will see that you are supplied.

MANUFACTURED BY

Paxson Manufacturing Co.

219 Sansom St., Philadelphia, Pa.

Packed in barrels, 1/2 bbls. and tins for use in stores, factories, theatres, hotels, churches, schools, etc., and in 5c, 10c and 25c packages, for household use. Bell Story Number 1

The butcher who made good

You don't see Jones making up his own orders these days. No sir! He's too busy with his telephone-customer calling list.

Time was when Jones—but that's past! He opened up a fine, big field of steady customers—customers who don't relish the down-town trips—when he got a Bell Telephone and started his "Special attention to telephone orders" plan.

Are you trying to grow without the Bell?

HERE AND THERE

Mayor Price has designated next Sunday, October 3, as Community Day in Wilmington.

A Choral Club with 50 members has been formed in New Castle with Miss Pauline H. Rogers as directress.

Charged with embezzling \$122.93 from the Prudential Insurance Company, Walter J. Martin, one of its Wilmington agents, is held for Court under \$500 bail.

Owing to large yields of fruit and the low prices offered Sussex farmers are storing considerable stocks of home-made wine.

Wilmington bank clearings last week totalled \$2,136,906.69 as against \$1,827,782 for the like week last year.

Mattahoon Tribe of Red Men of Elkton, cleared \$112.50 from its recent carnival.

Joseph H. Perkins has purchased the interest of the late Dr. Charles M. Ellis in the Elkton gas works for \$6,000, and will conduct the business along with his grandfather, Joseph Hinchliffe, the joint owner of the plant.

William Murphy, night operator for the Delaware Railroad at Laurel, while returning from work one morning last week, was attacked by a savage mastiff and took refuge in a tree until other men drove the animal off.

The Levy Court, it is stated, will improve the Philadelphia pike from Wilmington to the Pennsylvania line, planning to meet the cost by improving the road from Centerville to the Kennett pike, 12.3 miles, instead of the original plan calling for 3.1 miles to the Ashland road, bids for which were received but were all rejected.

Mrs. George Murray of Lewes, was seriously burned when a gasoline stove exploded at her home, one day last week.

Georgetown High School students have formed an athletic association with an advisory board composed of local business men.

Boarding the harbor dredge Minquas in Wilmington, one day last week, a sneak thief stole money belonging to two members of the crew and watches owned by two others.

A 12 gallon milk can fell upon Warren Collins of Hockessin on Thursday, fracturing his hip.

The interior of the Bridgeville Methodist Church is to be repainted and new carpets will be laid in the church and Sunday School room.

Charged with attempting the life of Nellie Potter, colored, by giving her poison in whiskey, Lena Blake and Harold Howard, also colored, are held in default of \$1,000 bail in Wilmington.

Falling off a wagon, one day last week, Otto Gibson, a baker of Lewes, broke his right arm and mashed his left foot.

Ladies of Red Lion M. E. Church cleared \$30 from their recent festival.

Rev. Charles E. Davis has resigned his charge of Marshallton M. E. Church to pursue a course of instruction at Dickinson College.

Thieves, one night last week, stole a wagon load of watermelons from Nathaniel Garrel's patch, near Hockessin.

The George W. Helme Snuff Company of Yorklyn, has given a voluntary increase of 15 cents a day to its laborers.

Brandywine hundred residents will fight the consolidation of two rural mail routes and the change of postoffice address from Edge Moor to Wilmington.

Mrs. John Farmer's class in the New Castle Baptist Sunday School cleared \$31.83 from a bake.

Richard Falls, aged 47 years, was struck by James P. Winchester's automobile in South Wilmington, one day last week and was injured about the head.

Buried under a toppled load of salt hay James J. Johnson, a farmer of the Milton section, was nearly suffocated last Tuesday. When rescued he was unconscious and one of his arms was broken.

Mrs. Helen M. Stout, aged 57 years, wife of Albert Stout, was found dead in a bath tub at her home near Harrington on Wednesday. After an examination by the Coroner's physician the jury found that death was due to dilation of the heart caused by sudden contact with hot water turned into the tub.

Mrs. James W. Way, of New London, Pa., has been notified by cable of the death of her brother, Dr. B. James Bing, a prominent dentist of Paris, France, in that city, on September 16. Dr. Bing practiced in Elkton in the middle sixties and is well remembered by old residents of the surrounding neighborhood. He later located in Paris where he ranked high in his profession.

Despondent owing to protracted ill health, Mrs. Jeremiah Cauffman, aged 35 years, swallowed carbolic acid on Saturday afternoon at her home, 1100 Pullman Place, Wilmington, and died from its effects. Her husband and five young children survive her.

Five automobilists, among them Philip L. Garrett, attorney for the Delaware Automobile Club, were fined \$3.55 each by Justice Van Buskirk for failing to sound horns at street crossings in Chesapeake City.

About 100 Civil War veterans left Wilmington on Monday to attend the annual National encampment of the G. A. R. in Washington, D. C.

Thomas F. Grady of Kennett Square has received the contract to erect a \$23,000 dwelling and garage on Pierre S. S. du Pont's estate, Longwood.

Miss Gladys Muriel Austin, reader and pianist of Philadelphia, and Madeline Davis, soprano of Wilmington, will give a costume recital on Saturday evening in the Odd Fellows' Hall, St. Georges, for the benefit of the Presbyterian Church in that town.

Milford Establishes Scholarship Fund

Milford High School Alumni Association arrived at a definite decision at a meeting on September 17, in regard to the establishment of a \$75 scholarship fund, the same to be a loan, expected to be paid back within five years after the recipient has begun to earn. An interest of four per cent after that time will be charged. The money can be paid back in small amounts of five or ten dollars. The Scholarship Committee expresses a preference for Delaware College, but no one college is made compulsory. The making of the scholarship a loan was not only the popular opinion of the association, but of the public. By this method the Association will be able to send two students every year instead of one, and as it grows the number can increase.

Cut Made On School's Cost

Thinking \$4,000, the lowest bid, excessive for a two story, four room, brick addition to the Milford grammar school, the School Board bought material and had the work done by the day. Former Sheriff Frank Reedy, one of the members of the board, served as supervisor without pay. The building was completed with water supply and drainage at a cost of \$2,600, a saving of \$1,400 from the lowest contract figure.

Found Refuge On Stump

While Carlton Hearne and Granville Windsor and Misses Labelle Kennerly and Rhoda Windsor of Laurel, were rowing on Record's Lake, last Monday evening, their boat struck violently against a stump and began to fill rapidly. The young people clambered out upon the stump and called for help till they were tired. A colored man rowing homeward finally saw them and took them ashore.

Held On Perjury Charge

Arrested while drunk in Milford on Thursday evening William Miller on Friday morning swore before Alderman Ramsey that he had bought his liquor from a local business man. Brought before Justice Cannon, Miller swore he did not buy the liquor. Told that he would be charged with perjury he said he had bought the liquor for which he paid \$1.25. Upon advice of Deputy Attorney General Hutton, Miller was held for Court for perjury, in default of \$500 bail.

Prowler Shoots And Flees

Roused by noise in his poultry house early last Monday morning William Rutledge, living near New Castle raised a window in his bed-

room and about the same time a colored farmhand did likewise. Seeing dimly a man's form in the yard Mr. Rutledge hailed the party who fired a revolver, the bullet lodging in the window frame, and took another shot at the farmhand. Rutledge and the farmhand grabbed guns and ran to the yard and saw a team driven rapidly down the road which soon disappeared.

DuPonts Buy Machine Plant

The J. Marton Poole Company, large machinery manufacturing plant in Wilmington, operated under lease for several months past by the DuPont Powder Company, has been purchased by the latter and will be used to turn out machinery for powder mills throughout the country. T. K. Burns is superintendent of the plant.

Lincoln Highway In Wilmington

The Street and Sewer Department of Wilmington has suggested that the Washington branch of the Lincoln Highway pass through that city via Market street to Tenth, to Delaware Avenue to Pennsylvania avenue to DuPont street, to Fourth, to Union and along the Elsmere road.

Shut Polls—Held For Court

Judge Rice on Saturday held Levy Court Commissioner Samuel L. Burris, Chairman of the Republican Committee of the Second Ward in Wilmington and Charles Virden, Inspector at the Second Ward polls at the Republican primary election in Wilmington on May 15, in \$500 bail each for the Court of General Sessions on the charge of violating the election laws. Mr. Burris, it is alleged, gave, and Mr. Virden executed the order to close the polls to prevent Democrats who had no right to vote at the primaries, casting ballots.

Edward Sadler and John Hoodcock, election judges who were likewise charged, were dismissed.

War Relic For Wilmington

The pennant flown from the mast head of the gunboat Wilmington while in action off the coast of Cuba during the Spanish-American war, torn by Spanish shell fire, which her commander, the late Captain James P. S. Laurence, gave his wife, will be presented to the city of Wilmington tomorrow evening, September 30, by Mrs. Laurence, who now resides in Washington, D. C. Mrs. Laurence will make the presentation address and Mayor Price will respond. The exercises will be held in the City Council chamber and will be opened to the public.

Five Saved From Fire

Wilmington firemen worked for an hour checking a blaze in Mrs. Mary Reed's apartment house, 411 Lombard street, which followed a mysterious explosion at the rear of the building, which Patrolmen McGranary and Zebley heard about 2 a. m. Saturday. They ran to the house which they found on fire. They roused the occupants, all of whom got out safely but Mrs. Reed and her sons, Edward and James, 4 and 5 years old. The officers and three firemen, James Gormley, James Hammerer and Windle Brownhall, groped through the smoke to Mrs. Reed's room and found her and the children lying senseless in bed. They were hurried to Delaware Hospital where they were revived. Firemen also rescued an infant child of Mrs. Reed's which the smoke had not affected. Ralph Roberts and wife were rescued by means of a ladder from their room on the third floor.

Yearly Meeting At Historic Church

The yearly meeting of the Cow Marsh Old School Baptist Church, near Petersburg, Kent county, was held last Sunday. The church organization was formed during the latter half of the eighteenth century and has an unbroken record of meetings at the same place, though not in the present building, covering approximately one hundred and fifty years.

This church, together with the Pedee River Church, in South Carolina; the London Tract, Duck Creek, Wilmington and Mispillon Hundred churches sprang from the Welsh Tract Baptist meeting in Pencader Hundred, which was founded in 1701, and which in 1703 erected the third Baptist meeting house in America, the first being in Rhode Island, erected by Roger Williams and the second in Swansea.

SEPTEMBER 29, 1915

A MONUMENT TO NEWARK

Some years ago The Delaware Ledger, in a burst of enthusiasm for the glory and honor due Newark, advocated a monument to be set in our Public Park. Considerable comment was made on the suggestion but no one seemed to be able to hit on an idea that would give expression to the part Newark is playing in the world's history.

Well, here's an idea. There are several boys at College this year that a simply "dead up against it." Time is slipping away. They want the training that a College course would give them—but—There you have it—But. An interesting chapter could be written on the Buts of Life and History. To the monument! Let some of our citizens endow a Newark Loan Fund for Delaware College. Say about \$2500. The interest on this to be loaned to a student in need of funds, the student to give his note for same, obligating to pay when he goes out in the world. This payment of course would be added to the endowment. Accounting for deaths and proportion of failures to make good, look what this would mean in the course of twenty years. Twenty-five Hundred Dollars for a Monument for Newark! We will not make any dedicatory address concerning this beautiful shaft. It is a memorial worthy of the best that is in us. Those who judge an investment entirely by its returns can find most flattering figures here. Are there twenty-five or fifty men in town who will contribute this amount toward erecting such a monument to Newark?

THAT NEW RURAL SERVICE

During the last week, there has been considerable half-cocked comments on the news article in last week's Post telling of the "discharge without notice" of three of the rural carriers. Without smack of reason, the Post was accused of trying to make political capital out of the affair. Our modesty forbids such assumption. If this paper can ever make Republican votes as fast as the action of the Democratic Post Office Department, we shall take command and try to change the policy of our Levy Court. The rural delivery of Newark is perhaps better than any community of its size in the county. Our carriers on their own initiative had given us auto service, making it possible for every rural patron to receive his mail by the noon hour. The new regime—well! It is based on gross ignorance of conditions or shameful lack of business sense. Take your choice. There isn't a Democrat any where around these hills that will dare say the new system will give as good service. Making political capital! Fudge! One of White Clay's most prominent Democrats said this morning, that the action was utterly foolhardy; that it gave his party absolutely no chance of boosting of a business administration. As to our comments on the Civil Service, we stand hatched. It still remains a political action, pure and simple. Such summary discharge is not in keeping with good business—and is to our mind, very poor politics.

Looking at it entirely from a political stand point, we express our opinion that, this Democratic action has served our party.

Helping Delaware College Students

One year ago the President of Delaware College appointed a Committee to assist students in obtaining employment. A large number of applications were received and the Committee placed most all of these students in positions where they could work during certain hours that did not interfere with the regular college work.

As this new department met with such favor and was of so much assistance to students the Employment Bureau will be continued this year, some having already registered with the Committee for work of various kinds.

Those registered to date include the following: Clerks, gardeners, chauffeurs, carpenters, salesmen, stenographers, horticulturists, furnace care takers, (let the college students care for your furnace this winter), general labor of all kinds, tailors, proficient in the art of cleaning and pressing clothes.

Those having work of any kind to do are requested to communicate with Prof. H. E. Tiffany, chairman, Student Self Help Committee.

FRUIT GROWERS, NOTICE

For this Fall or for next Spring planting, we offer a fine lot of peach and apple trees.

PEACHES—Consett, Champion, Carman, Belle, Ray, Elberta, Miron, Frances, Hiley, Crawford, Fox, Walker's Variegated, Thurber and many others.

A Wonderful Feed

NO MIXING NO BOTHER

Will positively produce more milk than any ration either home mixed or purchased. Feed it without giving your cows constant labor or under trouble. Ready to use right out of the sack without any mixing or bother.

Larro-feed

Absolutely free from adulterants and fillers. Just like the feed you would mix for yourself. Is a special combination of choice cottonseed meal, dried best quality alfalfa, corn, timothy, grain, wheat bran, wheat middlings and a little salt, that's all; each ingredient weighed by automatic scales and all thoroughly mixed in huge power-driven mixers, so that it is always perfectly uniform, and always good. An extra quart or two of milk daily from each cow may turn a loss into a profit. Try LARRO-FEED for more profits. Feed on a trial of "Larro-feed" if you are not satisfied.

EDW. L. RICHARDS, Newark, Del.

A Call to the Patriots of Newark

SOME men think that patriotism consists of jumping into a uniform when the country gets into trouble.

That's all right as far as it goes.

But you don't need to wait for trouble to show your patriotism. There is the patriotism of peace, quite as important to your country as the patriotism of war.

And that patriotism demands that you jump into a uniform right now.

--The Uniform of prosperity and plenty.

--The Uniform of good times and good cheer.

--The Success Uniform.

That is the uniform which every nation-loving American ought to consider it his sacred duty to wear this fall.

Come on, Boys—dress up! This is the only nation in the world that hasn't a kick coming.

Our crops are the biggest we ever knew. Our factories are working to supercapacity. Our gold is swamping our banks and treasuries.

And it's treason in these days to wear sorrowing mugs and dowdy duds.

Come on, Boys—dress up.

Right now the sun is shining over this land as it is shining no where else.

But the sun cannot shine for any man unless it shines in his own heart.

Dress up, Fellows! It's up to you to indicate our gratitude to Uncle Samuel, not merely by thinking it but showing—in our looks and clothes.

It's a National duty this Fall to get that Million Dollar Look.

SOL WILSON

THE TAILOR

WORKING AND SAVING

Working for a living? Making regular wages? Then every time you receive your wages take out of it some sure, certain, fixed sum and BEFORE you spend a single dollar of your wages bring that sum of money here and put it in your Account. It isn't the amount that counts—it's the doing it regularly, systematically—keeping at it all the time.

Save from your wages BEFORE you begin to spend your wages. That is the one, sure, great Secret of Success. Savings First!

—Labor and Thrift are the Cornerstones upon which the Structures of Success and Wealth are erected.

Miss Helen Pollard has returned after a western trip, which included the two California Expositions.

Mrs. James Maxwell and daughter have been spending two weeks in Atlantic City.

Mrs. Lee Porter and daughter, Mrs. Ernest Kruger, leave the 5th of October for Georgia.

Mr. and Mrs. John Jex have returned to New York, after spending the summer at their country place near Newark.

SOCIAL NOTES

The Misses Whittingham entertained last Wednesday evening in honor of the birthday of Miss Edythe Whittingham. The young folk had a jolly time toasting marshmallows, dancing, and playing cards. The guests included the Misses Davis of Wilmington, Miss Scott of Georgia, Miss Duffy of Philadelphia, Miss Katharine Wilson, Newark; Mr. Rankin Davis of Wilmington; Messrs. Pepper, Hastings, Hearn, Wilson, and Mulholland, Newark.

Miss Edith Spencer entertained a number of friends in a delightful manner last Saturday evening. A large bonfire was built in the orchard, at the rear of the Pilling residence, where corn was roasted and marshmallows toasted amid much merriment. Later the young folk adjourned to the porch and enjoyed dancing for several hours. The guests included Misses Ethel and Marian Campbell, Katharine Wilson, Dora Law, Katharine Bowen, Anna Gallaher, Margaret Cook, Katharine, Alberta and Olive Heiser, Elsie Wright, Agnes Medill, Cornelia and Eleanor Pilling; Messrs. Carlton Pepper, George Wilson, James Hastings, Frazier Groff, Dick Taylor, T. R. Wilson, Robert Wheeler, William Hoeve, C. R. Smith, J. W. O'Daniel, V. Hearn, Robert Sumwalt, F. T. Campbell, Messrs. Weigle and Wood.

Mrs. J. P. Laurence of Washington, D. C., widow of Captain Laurence, U. S. N., was the guest of Mrs. R. A. Whittingham, last week. Mrs. Laurence has in her possession a number of interesting souvenirs from the battleship Wilmington of special local interest. These she will present next Thursday evening at a special meeting of Wilmington City Council, to the city. The committee of citizens who presented the handsome silver service several years ago, to the battleship, will be present at the

meeting. Mrs. Laurence will give the ship's pennant shot through during the Spanish-American war, also a piece of cable, cut by the sailors, during the war.

GREAT FUN AT RESIDENCE HALL

Academic Cares, For One Brief Spell, Forgotten

A visitor would have thought that an orphanage had gone amuck had he ventured into Residence Hall of the Women's College on the evening of Saturday, September 25, for no less than sixty little boys and girls romped recklessly through the long corridors of the building. But no visitor was so misled, for no visitor was invited. The Young Women's Christian Association limited the attendance to its "Children's Party" to members of the Women's College, but there was no lack of enthusiastic youngsters among either the faculty or students. True, the little boys appeared the next morning in the common garb of Sophomores, and the little girls proved to be everyday Freshmen; but for Saturday night all academic distinctions were forgotten. Everybody joined in the fun-making, and ate popcorn balls and lollypops, as though no graver life were ever known. It was with a sigh that the college woke up the next morning, to find themselves grown-ups after all.

Railroad Conductor Honored

Our townsman, Mr. Amos Osmond, an employee of the P. R. R. for the past 45 years, was last week honorably retired from active service. He will henceforth receive a pension from the company. His many friends rejoice with him in this well-deserved mark of appreciation.

Mr. Osmond began his career as a railroad man in 1870, while yet a young man, entering the service of the P. R. R. Company as a brakeman, July 15, 1870. This position with that of flagman and freight conductor he filled for six years, until on June 6, 1876 he was promoted to passenger conductor on the Philadelphia division. After eight years of service in the capacity he was, on April 7, 1884, made passenger conductor on the Pomeroy and Newark division of the P. R. R. He has served con-

tinuously in this position for 31 years.

Mr. Osmond has always been a most obliging and careful employee, considering the welfare of the company, as well as the comfort and safety of the patrons of the road, as important as that of his own personal interests. The kindly concern of his fellow employees and the patrons during his serious illness, has attested to the high esteem in which he is held.

To show their respect for their friend, the conductor, the school children who make daily trips on his train, a few days ago sent him a beautiful bouquet of carnations, which little act was greatly appreciated.

Mr. Osmond, who has been dangerously ill for the past month, is now gradually improving, and his friends may expect him to be moving among them again in the course of a few weeks.

For the many tokens of appreciation and the kindly attentions of his numerous friends, both Mr. and Mrs. Osmond desire to express their thanks.

Among numerous recent out-of-town callers to inquire for Mr. Osmond were Dr. and Mrs. Roe, and Mr. and Mrs. I. G. McLaughlin of Oxford, who motored to Newark last Sunday evening; Mr. Alfred Hughes of Landenberg who called on Tuesday; Mr. Robert J. Foulon, of Philadelphia, a retired railroad employee; Mr. Morris Aiken of Chester; and Mr. John H. Osmond of Coatesville.

Motored From Michigan

Mr. and Mrs. A. F. Fader returned on Saturday from a trip to Pontiac, Michigan. Mr. Fader has been having trouble over the delivery of the popular Oakland cars, for which he has the agency in this territory. Upon receiving word from the Michigan company that the cars were built but they were unable to get hold of the freight cars by which to make the shipment, Mr. Fader decided to go to headquarters and bring on his order himself. He was accompanied by Mrs. Fader and the Wilmington representative. The party left Pontiac with two large touring cars last Tuesday, reaching Newark Saturday night.

Enroute they stopped at Pitts-

burgh, and made a short visit with W. L. Fader and family. The motorists report bad roads from Pontiac to Pittsburgh. They covered the distance from Pittsburgh to Philadelphia by way of the "Lincoln Highway," recently completed.

CONSTABLE'S SALE

Household Goods to be sold at R. T. Jones' Store Room, SATURDAY, OCT. 9th, 3 P. M. W. H. DEAN, Constable

Kennard & Co.

Well Worth Seeing

Our selections for the coming fall season are shown in such a profusion of styles as to merit the attention of those who are acquainted with the widest range of styles. The following are well worth seeing:

Top Coats, \$10.00, \$12.00, \$15.00 and up to \$50.00 each.

Very unusual Top Coats made of corduroy, silk lined, \$18.00 each.

Wonderful Suits at \$15.00 each. Others up to \$50.00.

Dresses that possess style and economy at \$15.00 each and upwards.

Separate Skirts of corduroy, serge and poplin at \$5.00 each.

Waists for every occasion at \$2.50 each and upwards.

New fall models in front and back lacing Corsets.

Fall weights in knitted Underwear.

Bedding of all sorts for this cool weather

Household Linens are being chosen by many persons who are anticipating their real needs.

Our Silk Hosiery department contains the best values we know of at 50c, 75c, \$1.00, \$1.50, \$2.00, \$2.50 pair.

Complete showing of kid and fabric Gloves. Many novelty effects are shown in our Ribbon section.

Ask to see our yard wide, pure dye Taffeta Silk at \$1.50 yard.

Complete showing of Dress Goods.

Splendid assortment of Laces, Trimmings and Braids.

We solicit charge accounts from those of established credit, and deliver purchases free within a reasonable distance.

Talk No. 4

ASTIGMATISM

Astigmatism is an unequal refractive condition of the eye. In this condition the rays of light do not all come to a focus at the same point, and this gives a distorted image of any object at which we look. For instance, a circle might look oval in shape, while in another form of astigmatism an F looks like a P or T, and it is this that causes a great many children to be backward in school and called dull, when the trouble is they cannot see correctly. The only relief for this condition is a lens specially ground for each case—such a lens properly fitted brings all the rays to a focus on the retina and gives perfect vision without any muscular effort and its consequent strain.

The above discs are all equally black and distinct. If one should appear blacker than the others, or the lines in one appear clearer, it shows an astigmatic eye. This is only a very rough test.

Every child in school should have its eyes examined. They cannot do good work with defective vision.

Have your eyes examined

Base Ball Games of the Week

NEWARK TAKES FIRST FROM CONTINENTAL

In the first game of the series for the local championship on Saturday a team represented by the Newark club of the Del-Mar League defeated Continental 7 to 1. Hogan and Spence composed the battery for the winners but the remainder of the team was players picked for the game. Ferguson was the only other player who had played with Newark in any of the league games.

Although defeated the Continental was not disgraced as the game was not such an easy victory for Newark as the score would indicate. Crow started to pitch for Continental but the opposing players found his delivery to their liking and collected seven runs in the four innings that he remained in the box. Crow did not have to be invited to quit as he walked out of the box himself after four runs had been scored on him in the fourth.

Fossett, who succeeded Crow, proved a puzzle to Newark and one scratch hit was the best they could do with his delivery in the five and one third innings that he pitched. Had Fossett been in the box from the start the result might have been different.

Delaware College was well represented on the Newark Club. Tarr, a new member of the Experiment Station, who formerly played with the Massachusetts Aggies, played short while "Doc" Doherty, who played with Traction Co. all season and also a Delaware College player, and Ferguson and Wright, two Delaware College freshmen, played the infield positions. Hogan allowed but four hits, but one of these was a home run drive by Moore in the first innings, the ball bouncing into the hedge in right field. This was the only run scored by Continental.

Newark scored one run in the first inning by the clever base running of Doherty. Doherty lead off with a drive that was too hot for Robinson and stole second while Ferguson was striking out. Tarr hit a slow grounder to Crow and Doherty scored from second while the runner was being thrown out at first. In the third inning Hopkins double, Staple's single, a

stolen base and Tarr's single scored two more runs.

In the fourth inning Spence lead off with an infield hit. Wright fanned but both Hogan and Spence were safe on Harrigan's error. Ellison walked filling the bases. Hopkins' single scored two runs and two other runs scored when A. Crow threw high to first after Doherty had hit an easy grounder. It was at this stage that Crow to the surprise of his friends quit and walked out of the box. Fossett relieved him and fanned Ferguson for the third out. This ended Newark's run getting. The score follows:

Newark		R.	H.	O.	A.	E.
Doherty, 3b	1	3	2	0	0
Ferguson, 2b	0	4	2	1	0
Tarr, ss	1	0	1	0	0

THE WAY THEY DO THINGS IN KENNETT

A Story Filled With Ideas For Newark

Have you heard of Kennett's Anniversary Week? A display of community spirit that lasted, with unflagging zeal, for a whole week! Kennett Square, in Chester county, Pennsylvania, about twelve miles north of Newark, has 2040 inhabitants. During the last week the citizens have celebrated the sixtieth anniversary of the incorporation of the borough. They have dedicated a \$30,000 high school; presented the dramatization of "The Story of Kennett," Bayard Taylor's thrilling story which has made the town famous, on three different nights, held a meeting at Cedarcroft, the home of Bayard Taylor, where the work of their famous fellowtownsman was reviewed by no less a critic than Hamilton Wright Mabie; presented a wonderful historic pageant, in which six hundred took part, and inaugurated, to continue during the winter, a series of community services to be held in the town auditorium.

The new high school is a handsome building of marble and brick. The entire outside wall in the various schoolrooms is window space, the wall being done away with by the use of steel girders on the outside of the building. The floors are of finely finished maple. Beautiful metal ceilings of extremely delicate and exquisite colorings finish every room, the walls of which are bordered by a deep moulding for pictures. On the second floor a large auditorium occupies the main part of the building. A modern system of ventilation has been installed which completes the sanitary feature. The new school has been made necessary by the State law which gives to the pupils of smaller adjoining towns the privilege of coming to Kennett—the nearest four year high school. A Philadelphia architect, a specialist in designing school buildings, planned the building. Surely nothing but the best will satisfy Kennett. And to think of it! All this in a town the size of Newark.

It is difficult for anyone removed from the center of action to appreciate the vast amount of work involved in carrying out the plan of

the week. Everybody worked for it! And therein lies the beauty of this story. The week's expenses were cleared from the first two performances of The Story of Kennett; the proceeds from the third were given to the free library of Kennett.

The pageant portraying the major events of historical significance in the life of Kennett, held last Friday, was staged by a pageant master from Philadelphia. Incident after incident, conspicuous in the local history of the place, was presented on a beautiful hillside, near the limits of the town. About four thousand persons witnessed the performance, which lasted four hours. Among scenes portrayed were the pact between the Indians and the first Quaker settlers; the life in colonial days, the village school, the old lyceum, the escape of a runaway slave, etc. And the reason for it all? Just to get the people together, and develop community ideals. A few long-headed folk, chief among them a minister, in the community, believed the greatest necessity in the town's development to be to get the people to know each other better. Then they believed, the old animosities and hatreds would melt away; fraternity and neighborliness in large measure, would reign in their stead.

The closing and perhaps the most significant feature of the week was the large union service held in the auditorium on Sunday evening. By mutual agreement the Protestant churches of the town have discontinued their separate evening services, to unite in a large union service, during the coming winter. A chorus of sixty five voices led the singing; about six hundred persons made up the audience. Dr. S. C. Mitchell of Delaware College was the speaker last Sunday evening.

EDUCATIONAL RETURNS FAIL TO SATISFY

Young Men Should Qualify For Citizenship

The American Review of Reviews in the September issue, contributes to the discussion on educational methods of the present day, the following pertinent observations:

"All over the country, at ever-increasing cost, we are constructing splendid buildings for the service of primary and higher instruction of all the children and young men and women. We are training teachers from the scholastic standpoint, and are trying to make the schools serve in a better way the individual preparation for industry, commerce, and agriculture. But we are almost wholly failing to utilize the educational system for the specific training of citizens in their various duties as such. The consequence is that the standards and methods of our political and organized life are lower than those of our private life. There is perfect consistency between the ideals of those who glorify peace, and the aims of those who would train every American boy to be ready to help maintain peace in any time of emergency or danger. We are not getting anything like the social and public values that we ought to be reaping from our investment in schools and education. Scholarship is not popular in our universities and colleges. Athletic life furnishes no proper outlet, because it is vicarious and quasi-professional. A few young gladiators monopolize the athletic activity of our institutions, and the vast majority are taught to look on and yell for the maintenance of college or school spirit.

"Thus our great institutions, though more and more costly in their appointments and maintenance, are painfully aware that they are not producing the results that ought to be manifest. Many of their students—a possible majority—cannot write a well-phrased or correctly spelled letter. They do not know the Bible, or Shakespeare, or Charles Dickens. They are not capable of reading the editorial page of a good newspaper. This criticism does not apply to all, but to what in at least a good many large institutions must include fully half of the undergraduates. It would be unjust to locate blame in any specific quarter. The faults lie deep in our current life, and are widespread. There are great resources of worth and of power latent in those very youths who do not find themselves absorbed in the study of textbooks or held to discipline by the sternness of the football coach. But there is a gospel of social and public duty, accompanied by certain practical applications, that might be used to bring out the earnestness and personal worth of thousands of these young men. They should be strongly impressed with the gravity of the issues of this momentous time in which we live. Without much if any additional burden to the taxpayers, every one of these students of high schools, normal schools, colleges, and universities could be so taught and trained as to be well prepared to exercise many of the usual, and some of the unusual duties of citizenship. Such training would benefit students in their health and morals, would give them a finer sense of private as well as of public duty, and would furnish them with various kinds of practical experience and knowledge that would redound to the welfare of our political and governmental life.

He goes on to suggest: "After a reasonable interval of time, no young man should be admitted to the privilege of voting until his fitness had been passed upon by a competent committee. He should have some mental and ethical training in the duties and obligations of citizenship, and should accept not merely the established principle of liability to military duty, but also the obligation to be prepared to serve efficiently. The kind of training we have in mind would be valuable from every standpoint. It would not merely fit a boy to be a soldier or a junior officer in a company or a regiment of citizens called to arms, but it would fit him to exercise the power and discretion of a policeman or to show the courage and skill of a fireman. It would make him understand the duties of a sanitary inspector. It would not only teach him how trenches are made in time of war, but it would teach him how good roads are constructed and maintained in times of peace. It would allow him to specialize, and to learn many necessary modern things regarding inventions and the practical use of machinery. There are a great many boys who cannot learn mathematics, physics, and chemistry by way of theory or the use of textbooks. But beginning with the practical machine as a concrete thing in its construction and its use, they can be led to a very earnest study of mathematics, physics, and other branches of science.

Courses Offered At Women's College

Two courses, one in Education and the other in Home Economics, are offered, on Saturday morning, at the Women's College of Delaware, to teachers and others who care to do the work.

The course in Education offered by Professor Mary E. Rich, will deal with the general principles of psychology and their application to actual conditions in the school-room or the home. Such a course will be of practical value to all who come in touch with children. College credit may be secured upon completion of this work. The only expense will be the cost of text books, the Twitmyer Library being open for reference work.

The Home Economics Course in Cookery offered by the Extension Department will furnish an opportunity to any woman interested in a scientific and practical study of foods. The satisfactory completion of this course of ten lessons will insure college credit. The Laboratory fee is \$3.00, but the instruction is free of charge. The class meets for the first time October 9, from 9.40 to 12.40.

This Saturday work has been arranged so that one may take either or both courses. For further information communicate with Miss Winifred J. Robinson, Dean of Women's College of Delaware, Newark, Del.

Delaware Sophomores Win At Tennis

The Sophomore Tennis Team, assisted by Walls, '16, and Pepper, '17, defeated the St. Paul's Racquet Club, of Wilmington, on the college courts last Saturday afternoon, winning every match. R. H. Pepper and R. B. Wheeler defeated Blackiston and Cleave, 6-3, 6-3; Walls and Sumwalt defeated Baird and Cavender, 6-0, 7-5; Walls defeated Cleave, 6-2, 6-3; Sumwalt defeated Baird, 6-0, 6-0; Lauri sen defeated Cavender, 6-0, 6-1; Wheeler defeated Blackiston, 6-2, 6-3. A return match will be played in Wilmington on Saturday, October 9.

Youth Escapes Prison Term

Zebbley Martin, aged 17, pleaded guilty in the General Sessions Court in Wilmington on Friday to robbing two stores in that city and owing to his youth was committed to the Ferris School, escaping 10 years at Greenbank and 40 lashes. After robbing the stores he disposed of some of his plunder in Elkton, where he has relatives and while there entered and robbed S. H. King's hardware store.

Wrecks Taxi In Flight

Signalling the driver of a fast speeding taxicab to halt on Delaware street, New Castle, on Thursday night, Officer Eugene Lewis, entered the cab when it stopped and ordered the chauffeur to drive to Mayor Rodney's home. When it stopped at Second and Delaware streets the officer got out of the cab and the driver started it at full speed. At Second and Harmony streets the cab struck a pole, the four tires exploded at the same time, and the front axle was broken. The driver escaped injury and fled along the river bank. Later he was arrested and gave his name as Clarence Ingram. Mayor Rodney fined him \$40 and costs for violating the speed law.

SUFFRAGE DEBATE HELD IN WILMINGTON

Honors Go To Mrs. Hilles

The question, "Shall Women Vote?" was debated and decided in the affirmative last Friday evening before a crowded audience in McCabe Methodist Episcopal Church, Wilmington. Mrs. Florence Bayard Hilles argued in the affirmative, and Miss Emily P. Bissell in the negative. Dr. Charles A. Wagner, State Commissioner of Education, Professor Clifford J. Scott, superintendent of the Wilmington Public Schools, and Rev. J. R. Stoner, pastor of First Presbyterian church, were the judges.

Mrs. Hilles, the first speaker, was allowed 25 minutes. She started the debate by saying "We are supposed to be governed with the consent of the governed, when there are 3,000,000 women in this country who are disfranchised, and many of them want to say something about the conditions under which they live."

One of her strong points was that the women educators of Wilmington, a disfranchised class, turn out the coming citizens of that city. In 12 states and territories, she said, suffrage is assured. She quoted several statements by Representative Edward Taylor of Colorado, showing the effect of suffrage in that State. If suffragists controlled Delaware, she declared, the Delaware Industrial School for Girls would be on a firm basis.

Suffrage is making the same strides toward victory, Mrs. Hilles continued, as Florence Nightingale made when she went out of her home to nurse on the battlefield against the wishes of her parents and friends and won by keeping at her work. Mrs. Hilles said: "There are 8,000,000 working women in this country. Do you think for a minute that they go out from their homes to work for mere pleasure? There are thousands and millions of women who haven't the protection we have, and it is our place to go out and help them. You can't do things indirectly, and indirectly is not the way to deal with things anyway."

Miss Bissell next took up the negative side of the debate, speaking for 25 minutes. She said the agitation for woman's suffrage began in 1850. To the audience she submitted the question "If the majority of women want the vote why haven't they succeeded in getting it before this time?" As a foundation stone, she said, the vote was not necessary for education, as some of the larger institutions of learning were established by anti-suffragists. As far as property rights are concerned we are ahead in Delaware. The statement was made that nearly all the suffrage states are "wet" states. Miss Bissell said "The suffragists are sincere in their belief, but being sincere does not make it the right thing."

"Perhaps we are ignorant and not public spirited, but most of the women who have done things in this State are anti-suffragists, she held. She stated that club women can accomplish more without the vote than they could if they were voters. She spoke about some conditions among the women voters in Colorado and pictured them as being on a par with men voters. Each speaker was given five minutes for rebuttal, and each made good points.

After hearing both sides the judges withdrew for conference, and 20 minutes later they reached a verdict in favor of the suffrage side. Announcement was made by Dr. Josephine M. R. White de la Cour that the annual meeting of the Wilmington Equal Suffrage Association will be held at her home next Thursday night.

Joy Ride Brings Death

Theodore Hopkins, colored, on Tuesday morning about 5 o'clock, walking past the Cowgill bridge over St. Jones Creek on the outskirts of Dover, noticed that several feet of the iron guard railing had been broken off and near the end of the bridge saw an automo-

bile lying overturned down the embankment about 20 feet below the roadway. He saw the feet of an occupant protruding from under the car. He notified Garrett Wharton and E. E. Clements, farmers living nearby, who on going to the scene found the body of Outten Laws, aged 25 years, a well-known resident of Dover, under the car with the head and the left ear nearly severed. His watch was found under the machine and had stopped at 4:18 o'clock. The car, it was learned, belonged to Carl M. Walker, a drummer for the Morgan Miller Company of Baltimore. Laws and several companion had gotten the car at a Dover garage about midnight and drove about the town. It is thought that he wound up by driving the car alone toward Kitt's Hammock to obtain some clothing he left in a cottage there. Who his companions were was not learned at the inquest.

Extension Work At Delaware College

Recognizing that the function of a state college is to meet the educational needs of the people in all feasible ways, the Delaware College Extension Committee has just issued a bulletin setting forth the extension work that the college is prepared to do. This work

PATCHPOCKET SUITS

that you will like because they are the New Styles and good makes.

\$10 to \$25

New Browns, new Blues, new Neat Mixtures and plenty of the ever popular Blue Serges and Blue Unfinished Worsteds.

Young Men's Sizes, 34 to 40

Come in and look them over, and try on the different models.

FALL OVERCOATS

\$10 to \$25

Silk Lined, Silk Faced, Velvet Collars, Plain Collars and the New Patchpocket Loose Back Coats in the nobby styles for the young fellows.

Mullin's Big Home Store Wilmington

includes lectures, correspondence study, reading courses, etc. Last year 125 lectures were called for. With respect to this phase of extension work the committee says in its preface: The extension work of the college is primarily educational. In this work the ideals of the college are maintained, but the lectures are so arranged that they should appeal to all classes of people. Some of the lectures will be illustrated by lantern slides. As the first duty of the college instructors is to their regular classes, however, each member of the faculty can deliver only a limited number of lectures each month. All inquiries concerning the extension work should be addressed to Professor E. V. Vaughn, Newark, Delaware.

IN SUMMER TIME

Many people suffer from **EYE STRAIN** caused by the intense brightness of the sun, more particularly when driving or on the water. Frequently colored glasses (of which we have a most complete stock) will give relief—but in other cases it is necessary to have glasses made to correct some error of the eyes that cannot endure the increased strain. In either case consult our Optometrists. They'll advise you conscientiously.
