NEWARK, DELAWARE, THURSDAY, NOVEMBER 13, 1930

NUMBER 42

STATE EDUCATION ASSOCIATION HOLDS ANNUAL CONVENTION IN NEWARK TODAY, TOMORROW

More Than 1000 Teachers Here for Gathering of School
Leaders; Are Welcome to Newark

BRINSER HEADS ASSOCIATION

The annual convention of the Delaware State Education Association opened in Newark yesterday evening with an assembly in the Newark School auditorium, with more than one hundred educators from all portions of the state present for the opening event of the convention. Greetings to the guests of the town were expressed by Edward L. Richards, of the Newark Board of Education, and Ira S. Brinser, Superintendent of Schools in Newark and president of the State Association.

This convention brings to Newark the largest gathering of educators in the history of the town. More than 1200 are expected to attend the meetings. Mr. Brinser has directed his untiring efforts toward the success of the meeting for several weeks past, and under his direction all plans for the meeting and the various social and business affairs that are connected with it have been completed and are in force.

The convention opened this morning in Mitchell Hall, at which time an imposing list of speakers addressed the assembled teachers. The theme of the meeting this morning was, "The New Teacher in the New Education; and Unity and Continuity of Educational Experience." Speakers were Dr. P. M. Harfield, Dr. H. V. Holloway, Dr. J. M. Brewer, Dr. Henry C. Morrison, and Dr. William C. Taylor. Greetings were expressed to the meeting by Dr. Walter Hultken, president of the University of Delaware, by Harrison Gray, of the Newark Board of Education, and by Mayor Frank Collins. A response to the greetings was made by D. A. Petry.

This noon, five luncheons were given to accommodate the throng of teachers. Other restaurants of the town did a thriving business as the luncheon parties were overflowed.

During the afternoon session, departmental meetings were held. At 4:30 o'clock, a representative assembly

was held in the auditorium of the Newark School. This evening a banquet will be held at the Women's College of the University of Delaware at 6:30 o'clock, and tonight a reception will be held in Old College.

A breakfast will be given tomorrow morning at the Deer Park Hotel for the Past Presidents of the Association. Warren K. Yerger will be chairman of the meeting.

The sessions scheduled for tomorrow are:

Department Meetings, 9:15-10:30 a. m. (1) Primary Department, Methodist Church Auditorium. Chairman, M. Phyllis, Mason, Wilmington; speakers, Dr. J. F. Hoscic, Dr. Carleton Douglas. (2) Elementary Department, Wolf Hall. Chairman, J. C. Messner, Harrington; speakers, Dr. Carleton Douglas, Dr. J. F. Hoscic. (3) Junior High School Department, New Century Club. Chairman, (Continued on Page 4.)

NEGRO SHOT IN BATTLE ON "ROW"

James Burton May Lose Arm;
James Pendleton Held
for Shooting

An argument between two young negroes last night on "The Row" resulted in the serious wounding of one, and the arrest of the other on a charge of assault with intent to kill.

At about 7:30 o'clock last evening, James Burton, 25, and James Pendleton, about the same age, got into an argument over the attentions that Burton was paying to Pendleton's sister. The argument developed into a fist fight, in which Burton gave his opponent a thorough trouncing. The fight ending, Pendleton went to his home and got a shotgun and returned to the scene of the argument in search of Burton. Burton was standing in Jackson's Store when Pendleton saw him. Without any warning, Pendleton fired through the glass front of the store, the charge of shot striking Burton in the left arm, nearly tearing it from his body.

Burton was taken to the office of Dr. J. R. Downes, who sent him to the Delaware Hospital in Wilmington. Physicians at the hospital fear that Burton will lose his arm, and his condition is serious.

Pendleton, after shooting Burton, disappeared from Newark. Town Officer James Keeley was called to the scene, and after a quick investigation, determined that Pendleton was probably hiding with a brother near Kennett Square. He notified Pennsylvania police, and at 5 o'clock this morning, Pendleton was found and arrested. At the request of Officer Keeley, Pennsylvania police are holding Pendleton until he can be removed to this State to face trial.

NEW FIRM TO CARE FOR ASH REMOVAL IN NEWARK

A new business firm, Brown and Gebhart, of Wilmington, has announced that it will be open for contracts and orders for the removal of ashes in Newark. This firm has the approval of the Town Council of Newark, and will start its work this coming week.

Ash removal has been somewhat of a problem in Newark for some time. Town Council has been unable to care for the removal of ashes, as the Clean-Up Day activities have kept its trucks busy. The firm of Brown and Gebhart, however, will specialize in ash removal entirely, and orders, mailed to General Delivery at the post office, will be answered by a representative of the company.

THANKSGIVING HOLIDAYS TO BE NOVEMBER 26-28

The Thanksgiving holiday at the University of Delaware will be short this year compared with some previous years, but the Christmas holidays will be longer. The Thanksgiving holiday will not start until noon Wednesday, November 26, and ends with the first class Friday morning, November 28, giving the students one and one half days. The Christmas holiday will start after classes Thursday afternoon, December 18, and will end the morning of January 2.

The Newark Post

extends the greetings of the Press of Newark to the
Delaware State Education Association.

May your meeting in Newark result in a greater and a deeper appreciation of the needs and problems of the education of the youth of our state, and may this broader knowledge help you and enable you to carry to even greater heights the splendid standards of education in Delaware.

We deem it an honor to call you the guests of Newark during your stay here. We wish you success in your convention, and extend to you a sincere invitation to "come again and stay longer."

EVANS HOST TO POSTMASTERS

State Association Meet Here
Yesterday for Semi-Annual
Session

Postmasters from about 25 towns of the State were gathered in Newark yesterday attending the meeting of the Delaware Branch of the National League of District Postmasters. The visitors were welcomed by Mayor Frank Collins, Postmaster William H. Evans, A. G. Wilkinson, business administrator at the University of Delaware, and others.

The postmasters timed their visit to Newark with the first anniversary of the opening of the new Newark post office, one of the most modern Federal buildings on the Peninsula. Among the visitors is Congressman Robert G. Houston.

The business meeting in the morning was held in the new post office after Postmaster Evans had shown the visitors over the building. After this the postmasters were taken by Mr. Wilkinson on an inspection of the university.

At noon the party had luncheon at the Deer Park Hotel. Those attending included Congressman Robert G. Houston, Mayor Frank Collins, Postmasters Alex. R. Abrahams, Wilmington; Roy W. Anderson, Magnolia; Elizabeth P. Clayton, New Castle; Lulu M. Chambers, Stanton; Bessie M. Davis, Bear; J. Irvin Dayett, Cooch's Bridge; Leon C. Garrett, Strickersville, Pa.; A. L. Hudson, Smyrna; Levin R. Hill, Selbyville; Ella W. Johnson, Newport; Katherine M. Prettyman, Ellendale; W. L. Parrott, (Continued on Page 4.)

E 51 TO PRESENT OUTWARD BOUND

Famous Drama to be Given
at University on Dec. 11

An announcement of interest to everyone in Newark was made this morning when C. R. Kase, assistant professor of English, in charge of dramatics in the University of Delaware, announced that the Class E 51 will present Sutton Vane's famous drama, "Outward Bound," in Mitchell Hall on December 11.

This play, acknowledged to be one of the most outstanding dramas ever to be presented in the United States, has recently been made into a talking picture, and has been playing to crowded houses all over the country. It is hailed as one of the greatest pictures of the year, and owes a great measure of its popularity to the fact that it follows the script of Vane's play almost without any change. The play itself has one of the most unusual plots ever written, and is to be the only play of its type ever presented.

Another feature of interest to residents (Continued on Page 4.)

ANOTHER ACCIDENT AT COOCH'S BRIDGE

Another accident at Cooch's Bridge occurred Sunday night, when a car en route from Glasgow to Cooch's Bridge skidded on the loose gravel shoulder at the side of the road, turned completely around, and then turned over on its side in the ditch. The car was not seriously damaged, but both fenders and the running board were crushed and one wheel was broken.

Four occupants of the car, the names of whom were not discovered, escaped serious injury, but were badly shaken and bruised. After repairs were made to the car and after it had been righted, the car was moved to Wilmington.

CHARTER NIGHT HELD BY LIONS

Service Club Has Large Gathering in Celebration of
Birthday

Charter Night, which was also Ladies' Night, was celebrated Tuesday evening in Old College Hall by the Lions Club of Newark with a banquet, program and dance. More than 120 guests attended the affair, coming to Newark from Baltimore, Frederick, Kennett Square, Paradise, Pa., Gap, Pa., and Wilmington.

The large hall was decorated with flags and banners in honor of the date, Armistice Day, November 11. Tall candles and flowers on the tables added color to the scene. The guests were arranged at small tables in front of a large speakers' table at the side of the hall.

Dr. L. M. Caley, rector of St. Martin's Church, Philadelphia, was the speaker of the evening. His address, while humorous, carried a splendid message to the Lions and their guests, and was greatly enjoyed and appreciated. Other speakers included Dr. W. M. Johnson, president of the club, Dr. P. K. Musselman, past president, Richard F. Simmons, district governor of Lions, International, and other members of the organization who represented other clubs from other cities.

Following the dinner, several selections were given by Robert Strahorn and Wesley Dempsey, and by Miss Mildred Poole. Prizes were presented to guests holding lucky numbers, and prizes were also presented to each other by L. Newton Sheaffer and George Danby, the leaders of rival teams in the recent attendance contest held by the Newark Lions.

LEGION FOLLIES TO BE NOV. 17-18

Directors Predict Great Hit;
Many Surprises Promised

Intensive rehearsals for the presentation of the second annual show of the American Legion Follies, to be given Monday and Tuesday, are being held this week, and the directors of the show report that from the finished manner in which the cast is going through the dances, musical numbers, and specialty skits, the show will be a great success.

A minstrel show, tap dancing, chorus dances, songs, comedy acts, surprise numbers—in fact, all of the best kinds of entertainment will be given in the show. Under the direction of Bob Parrott and Eddie Parlett, of the Parlett Producing Company, the cast has been drilled and (Continued on Page 4.)

C. OF C. TO START DRIVE TO DECORATE MAIN STREET

A committee of business men, representing the Newark Chamber of Commerce, will begin Monday morning on a drive to raise the necessary funds to provide Christmas decorations for the town. The present plan of the Chamber of Commerce is to decorate Main street from Newark Centre to the Baltimore and Ohio Railroad with streamers of colored electric lights across the street. Twenty-five of these long streamers of gay lights will be used in the decorations, each streamer having a large white star, made of small electric lights, hanging down from the center of the streamer.

The decorating of the business street of the town will add a spirit of Christmas cheer to the coming month, is the opinion of the Chamber of Commerce, and will stimulate buying in Newark.

NEWARK PUPILS WIN HONORS IN ESSAY CONTEST

Reid Stearns and Virginia
Hurlock Awarded Prizes
for Compositions
1700 IN CONTEST

Two Newark School pupils, Reid Stearns and Virginia Hurlock, have been chosen as prize winners in the statewide essay contest on Fire Prevention. The contest, which was entered by more than 1700 school pupils throughout the state, was sponsored by the Industrial Fire Chiefs' Association of Delaware, and the following letter notifying the local students that their essays have been selected as prize winners was received this week by Superintendent of Schools Ira S. Brinser.

Dear Mr. Brinser: The judges of the essay contest on Fire Prevention submitted their report and the essays of the following pupils of the Newark schools were selected among the prize winners.

7th prize—\$2.50 in gold for the best essay written by a boy under 12 years—Reid Stearns.

8th prize—\$2.50 in gold for the best essay written by a girl under 12 years—Virginia Hurlock.

As we do not have the home addresses of these pupils, we would be thankful if you would inform the winners that Chief Wm. Lutz will distribute the awards on Wednesday, November 12, in No. 1 Engine House, 10th and Tenth streets, Wilmington.

If the children are unable to attend, I will see that they receive their awards as soon as I have their addresses.

Congratulations on the showing of your pupils in this contest, which was entered by 1700 pupils.

Sincerely yours,
JOHN NURNBERG,
Secretary, Industrial Fire
Chiefs' Association of Delaware.

ORCHESTRA TO GIVE CONCERT

All-State School Orchestra to
Hold Recital Friday
Afternoon

The presentation of the first All-State School Orchestra will be given in Mitchell Hall tomorrow afternoon at 2 o'clock before an audience composed of the school teachers and executives who are attending the Delaware State Education Association meeting, and before the townspeople of Newark.

This All-State Orchestra is a new departure in education in the schools of the State. Music is now considered a vital subject in modern education, but it was not until the plans were being formulated for this meeting of the Education Association that the idea of a large orchestra, composed of players from schools all throughout the State, was conceived.

Each school orchestra chose its best players, and these players assembled in groups in certain portions of the State and carried on rehearsals and practices. Tomorrow morning all of these units will hold a final practice together in Mitchell Hall, and tomorrow afternoon, the concert will be given.

This is expected to be a real musical treat, and the Delaware State Education Association has extended an invitation to the residents of Newark to be present for the concert.

BATTERY E. DRILLS

Battery E, local unit, Delaware National Guard, under the command of Captain H. W. Cook, held its weekly drill at the Armory, Tuesday night with quite a number of the members present.

This winter the Battery Commander is planning to have intensive practice with the 22 target rifles and pistols on the indoor range at the Armory, under the direction of First Sergeant John L. Sullivan. Those members not engaged on the range are being given their winter uniforms. Second Lieutenant Powell is trying to get his basketball team in shape for the coming season.

APPLETON HOMEMAKERS CLUB

The Appleton Homemakers' Club will give an entertainment in Lofland's Hall at Cowtown, Friday evening, November 21. The program will consist of a pageant, "American Girls," and several playlets and songs. Home made candies for sale.

CONTRACTS ARE GIVEN FOR NEW SCHOOL WING

Homan Company to Build
Addition to Newark
School
TO COST \$136,419.00

At a meeting held Friday afternoon at Dover by the Building Committee of the Newark Special School District, contracts were awarded to three firms for the construction of the new wing to the present High School Building at Newark. The new addition to the present building will make the edifice one of the most attractive in the State. The north wing with a center adorned with white columns was completed several years ago. Appropriate grounds are now being planned for the new wing similar to those which now enhance the beauty of the present building.

The Homan Company of Philadelphia was awarded the general contract for construction amounting to \$100,552. The heating and plumbing contract was awarded to the Weldon and Son Company of Wilmington and amounted to \$31,740. The electrical contract amounting to \$4,127 was given to the Arrow Electrical Company of Philadelphia. About twenty-eight bids on the work were received by the committee which included fifteen for the general contracting work, eight for the heating and plumbing work and five for the electrical work. The architects are Gilbert and Betelle of Newark, N. J. A. J. Taylor, of the Delaware School Foundation, is the chief engineer in charge.

Edward L. Richards is chairman of the Building Committee. Ira S. Brinser, Superintendent of the Schools of Newark, sat with the committee as secretary of the Board of Education. Other members of the committee included Harrison Gray, R. S. Gallaher, Charles Hubert, J. Pierce Cann, all of Newark, and H. F. Brown of Wilmington, George S. Williams of Millsboro and Lewis Price of Smyrna. Dr. H. V. Holloway, Director of the Bureau of Education of the State and also secretary of the Building Commission, met with the committee.

LOWELL THOMAS NOT TO ADDRESS COLLEGE HOUR

Gives Last Minute Notice of
Cancellation of
Contract
CRITICISM VOICED

The lecture by Lowell Thomas, scheduled by the College Hour for this evening, has been cancelled by the management of Mr. Thomas. The reason given for this action was that the contract that Mr. Thomas has with a well-known national magazine, calling for a radio address each evening, could not be broken to care for the engagement here, and that it would be impossible for him to carry out both contracts this evening.

Considerable criticism is being voiced around the University of Delaware at this action on the part of Mr. Thomas. No notice was received by the officials of the College Hour of the cancellation of this contract until last Friday, when it was too late to arrange for a suitable substitute. Although Mr. Thomas has been making these broadcasts for several weeks, no notice was given that he would not recognize the contracts made prior to the contract for the broadcasts until last Friday.

Under the circumstances, arrangements will be made to secure another feature for the College Hour later in the season to take the place of the address of Thomas. In case holders of season tickets for the College Hour are dissatisfied with this arrangement, a refund of fifty cents per ticket will be made at the Business Office of the University on or before November 13.

POSTOFFICE TO BE PAINTED

Postmaster William H. Evans has called for bids from local painters for the painting of the interior of the post office building here, to be received up to December 1, 1930.

On December 1, these bids will be opened and tabulated, and the contract will be awarded. Specifications may be obtained from Postmaster Evans at his office in the post office building.

Elkton

The Captain Jeremiah Baker Chapter, D. A. R., held its November meeting at the home of Mrs. Lynn Biddle Gillespie, on Locust Lane, Elkton. Mrs. Elva Gilpin Donney, Regent, presided. Reports of officers were read and other routine business attended to.

Candidates for State Regent and State Vice-Regent of the Maryland Society, were placed before the Chapter as follows: Mrs. J. H. G. Liburn, of St. Mary's county, for Regent, with Mrs. Dellar, of Washington county, as vice-regent, will be opposed by Mrs. Henry M. Roberts, Jr., of Annapolis for Regent, and Mrs. Frank Madison Dick, of Dorchester county, as vice-regent.

The Regent announced the arrival of the marker to be placed where the "Old Post Road" crosses the Mason and Dixon Line, about two miles east of Elkton. Plans were made for the formation of a new chapter in Elkton, to be known as the "Head of Elk" chapter. The location of the Captain Jeremiah Baker Chapter was changed to North East.

Cecil Post, American Legion, installed officers Monday night as follows: Philip Neve King, commander; Calvin Fox, vice-commander; Harry Caldwell, adjutant; Ralph Dean, finance officer, and Ellis E. N. Rollins, chaplain. A banquet was held in the Howard House, with William John Bratten, toastmaster.

Mrs. Arthur H. Owens, of Perryville, was the guest of Elkton friends on Saturday.

Mrs. George White Dawson, of Centerville, has been spending a few days with Elkton relatives.

Mr. and Mrs. David Livingstone Sloan, of Philadelphia, spent the week-end with Mr. Sloan's father, Joseph H. Sloan.

Mrs. Joseph Hinchliffe Perkins, of Swarthmore, has been visiting Mrs. J. Will Perkins, of Elkton.

Richard Reese, Sr., and Richard Reese, Jr., of Wilmington, were North East visitors on Sunday.

Mr. and Mrs. William H. Gilmour, of Centerville, Md., were recent Elkton visitors.

The Rev. and Mrs. William Garfield Harris, of Georgetown, Del., spent Saturday with friends in Elkton.

Former Cecil County Agricultural Agent Thomas H. Bartleson, of Washington, D. C., spent last week with friends in Elkton.

Mr. and Mrs. Garrett Letts, of North East, have been entertaining Mrs. Oscar Stauffer, of New York.

Earl W. Nash, of Bay View, left on Thursday for a visit to Florida.

Mrs. Virginia Clendenin Hickling, of Moose Lake, Minn., is visiting her parents in Liberty Grove.

Mr. and Mrs. Lyden C. Kibler, of Baltimore, spent the week-end with Mrs. Kibler's parents, Dr. and Mrs. R. G. Underwood, of North East.

Mrs. George Symonds, of Ventnor, N. J., was a recent Chestertown visitor.

Dr. and Mrs. E. T. Rowland, of Liberty Grove, entertained at dinner on Saturday evening.

Mr. and Mrs. Thomas Warrington, of Gadsden, Ala., have been the guests of Mr. and Mrs. William Pugh, of North East.

County Treasurer Edwin S. Dorcus, has been visiting his sister, Mrs. Ernest Baker, of Port Deposit.

Dr. Walter Gillespie Boyd, of Baltimore, formerly of Elkton, visited his brother William E. Boyd, of Perryville, on Sunday.

Mermaid

The November meeting of the Harmony Parent-Teacher Association was held last evening in the school house.

Miss Emilie L. Mitchell, of Woodside Farms, was a week-end guest of Miss Betty Moore in West Chester.

Mr. and Mrs. Irvin G. Klair entertained at dinner on Sunday the following guests: Mrs. Mary Klair, Mrs. Bertha Armour, Merritt and Mary Ella Armour, Miss Annie Klair, Mr. and Mrs. Clarence Stroud, of near Newark, and Miss Annie Sayers, of Wilmington. Sunday visitors at the Klair home were: Mr. and Mrs. Frank Miller, Richard and Frances S. Miller, Mr. and Mrs. Maris Miller, Ellen and Maris Miller, 3rd, Marie and Jean Stephenson, all of Wilmington, Mr. and Mrs. Abner Woodward and daughter, Eleanor, of Roselle.

Miss Susan Frazier, of Wilmington, was a guest on Sunday of her sister, Miss Lillian Frazier.

Mrs. Alec Jarrell who has been suffering from a carbuncle on her left elbow, is improving.

Mr. and Mrs. P. C. Vansant and family of Eastburn Heights, spent Sunday at their cottage at Rehoboth.

Mrs. George Jones, of Wilmington, is spending some time at the home of Mrs. W. P. Peach.

Miss Mildred Dennison, Mrs. Eleanor Wollaston and daughter, Jean, were week-end guests of Mr. and Mrs. A. B. Dennison, in Hockessin.

Dr. and Mrs. Will Wright, of Wilmington, were guests on Sunday at the home of Mr. and Mrs. Frank V. Whiteman at Pleasant Hill.

Mr. and Mrs. William H. Naudain had as their dinner guests on Sunday, Mr. and Mrs. Bennett, Miss Margaret Burns, of Paoli, Pa., Mr. and Mrs. T. Wilton Porter and daughter, Twila, of Stanton. Other guests at the Naudain home were: Mrs. George K. Ball, Miss Ruth Ball, Miss Frances Maclary, Lloyd Porter.

Mrs. Frank Cooper, of Toughkenamon, spent the week-end at the home of her parents, Mr. and Mrs. William Collins.

Summit Bridge

Mr. John W. Straughn and mother, Mrs. Lewis Straughn, and Mrs. Ada Shaw and daughter, Margaret, of Penns Grove, N. J., were Sunday guests of Miss Edith W. Golt and father, W. Thomas Golt.

Mr. and Mrs. Charles W. Kane and daughters, Nancy and Marjorie Kane, were week-end visitors with her parents, Mr. and Mrs. James N. Lewis, of Claymont.

Mrs. Walter Dickinson and daughter, Mrs. Myrtle Ford and sons, of Chesapeake City, Md., were visitors on Sunday with Mr. and Mrs. William Dickinson.

Mr. and Mrs. Millard Golt entertained on Sunday Mr. and Mrs. Walter Crompton, Albert, Charles and Helen Crompton, of St. Georges.

Mrs. Katherine Kane and daughter, Kathrynne, were Sunday guests of her son, George T. Kane and family, of Wilmington.

Mrs. Kate Calhoun has returned to her home in the village after spending a few days with her brother, Mr. Harry Murray, and Mrs. Murray.

Rev. Orin B. Rice and wife of Parsonsburg, Md., were recent visitors with Mrs. Katherine Kane.

Mrs. Kate Wright, of Parsonsburg, Md., is visiting friends in and near the village.

Mr. and Mrs. Harry Golt, of Wilmington, were visitors with W. Thomas Golt and daughter, Miss Edith W. Golt.

Mr. and Mrs. Herman Price and children, Helen, May, Herman and Alice were Wilmington visitors Saturday evening.

Mrs. Benjamin Johnson and daughter Ethel were Saturday visitors with Mrs. Johnson's daughter, Mrs. Charles Hawk and Mr. Hawk, of Wilmington.

George T. Kane and sons, Roland and Donald, of Wilmington, were Wednesday visitors with his mother, Mrs. Katherine Kane.

Mr. and Mrs. Harry Deputy and daughter, Betty, and Miss Mary Atwell, spent the week-end with their brother, Edward Atwell and Mrs. Atwell, of West Chester, Pa.

Mr. and Mrs. J. Olin Clark, of Newark, and Mr. and Mrs. Walter Deputy, of Mt. Pleasant, were dinner guests of Frank Blackburn and daughter, Miss Helen Blackburn.

Mrs. Katie Hushbeck, of Salem, is visiting her daughter, Mrs. Anna Dickinson.

Pierce Aldrich, of Wilmington, was a week-end visitor with his sister, Miss Ruth Aldrich.

Mr. and Mrs. Claude Voshell and children, Leonard and Louisa Schrader, were recent visitors with Mr. and Mrs. Fred Austin.

William Bender, of Chesapeake City, Md., was a week-end visitor with his mother, Mrs. Eliza Bender.

HUNTERS REPORT DUCKING VERY POOR THIS SEASON

The ducking season on the Susquehanna Flats at the mouth of the Susquehanna river, off the shores of Cecil county, which has now been open for more than a week, has so far been poor. The number of ducks are not only reported to be fewer, but the weather conditions have been most unfavorable. Windy and cold weather keeps the feathery tribe on the wing and thus afford the gunners more and better shooting.

So far, except for one day, the weather conditions have been more or less mild. Canvas backs and red heads, the choice varieties of ducks, are reported unusually scarce, some gunners not bagging a single one the first day of the season, which has been the best one so far as conditions are concerned.

As colder weather approaches the number of ducks are expected to increase because they will be compelled to take a Southern flight from their northern homes in and about the lakes and rivers of Canada.

NATIONAL SOJOURNERS TO HAVE DINNER MEETING

A dinner meeting of the National Sojourners will be held in the Blue Hen Tea Room next Wednesday, November 19, at 7 o'clock. Lieutenant Colonel S. J. Smith and Captain Scotten, of Newark, will have charge of the dinner and the arrangements for the meeting.

The program includes, in addition to the necessary business to be disposed of, action by a nominating committee to be appointed, and a report of the National Defense Committee on recent developments of underground communism, or pacifism.

The speaker of the evening will be Lieutenant Harris Samonisky, city editor of the Wilmington Every Evening, who will recount some of his experiences as a newspaper reporter.

QUICK FROZEN POULTRY

A new method of marketing frozen poultry by preparing it full drawn has come into considerable use in the last few years, says the Bureau of Agricultural Economics, U. S. Department of Agriculture. After the poultry is dressed, the head, feet, and entrails are removed, and the giblets are cleaned, wrapped in parchment or waxed paper, and replaced. Then the whole carcass is frozen by a quick process and marketed in a frozen state. It is thought that the meat is sweeter and finer flavored than when the entrails are not removed; and removal of the inedible parts saves freight.

Facts for Farm Folks
Written by
AGRICULTURAL AUTHORITIES

PROF. JOHN M. EVVARD

RAISE BETTER CALVES

By Dr. John M. Evvard

There are a number of essentials which one must keep in mind in the raising of calves, otherwise disappointment is the rule.

Good feeding, of course, is first in order for without feed of desirable quality rightly allowed progress cannot be made even though all the other essential requirements are taken care of. One can save considerable whole as well as skimmed milk by the intelligent use of a superiorly blended calf meal, but what we are most interested in now is some of the other factors which have to do with the health and well being of the calves.

Both sunshine and feed should be available so that the calf may have a choice as regards the meeting of his needs. The calf that has access to an outside run whereby sunshine and fresh air is gained, practically always shows good judgment in regard to the needs for each. Sometimes the calves should be prevented from going out into the sunshine particularly if the days are too cold but one must use his judgment in these regards.

To promote exercise which gives the calf a chance to unbend his limbs and thus promote growth, a reasonable size paddock is in order. The feeding and sleeping quarters should be kept scrupulously clean so that they may always be comfortable and sanitary.

In providing ventilation, one needs to be careful to fix things so that cold draughts are not experienced; this needs to be watched much more carefully in the late fall, winter and spring months than during the summer time.

Many folks make a mistake in not keeping clean, fresh water before the calves at all times. Since most of the growth of the young calf is water and since he needs so much of it to promote his digestive and other functions, it should be available at all hours of the day or night.

The feeding utensils must be kept very clean and a good sunning of the equipment every day helps out wonderfully. The utensils should be placed when in sunning in such manner that the sun gets to the inside so as to promote proper sanitation through sunshine disinfection.

One needs to watch carefully for vermin such as lice and get rid of them when they are first observed, otherwise they multiply rapidly and create much discomfort and much disturbance.

Then too the wise herdsman sees to it that when the calves are in the barns they are not confined to dark, dingy, sultry quarters but are kept in stalls that are well lighted, pleasant and well aired.

Finally one of the greatest cautions to observe is not to over feed for more calves are lost from over feeding than under feeding when the feeds are right.

TWO ROUTES GIVEN TO DELAWARE GAME WITH DREXEL SATURDAY

Pleased with the success of the University of Delaware football team in having this year, many Delawareans are planning to attend the game between Delaware and Drexel on Saturday at the Drexel Stadium, 46th and Haverford Road, Philadelphia. For the benefit of motorists, the Travel Bureau of the Delaware Motor Club, A. A. A., suggests the following routes to the stadium.

Follow U. S. 13 through Chester to Darby. At traffic light in Darby bear right on Woodlawn avenue to Cobb's Creek parkway and follow this to the Baltimore pike or avenue. Turn right on Baltimore avenue to 49th street; then left on 49th to Market street; right on Market to 46th; turn left on 46th street which leads by the Pennsylvania Hospital to Drexel Stadium, at Haverford road.

To avoid all traffic congestion, although three miles longer than above route, it is suggested that the motorist follow the Concord pike to Foulk road. Bear right on Foulk road through Booth Corner in Pennsylvania to Chelsea or No. 61; turn right on 61 to Village Green; thence left on No. 452 to Glen Riddle; turn right on 552

in Glen Riddle through Elwyn to U. S. 1 or Baltimore pike and follow through Landsdowne to 49th street, thence as above outlined.

Parking will be allowed on both sides of the two-way streets near the field with traffic officers directing the parking.

A baby does not need shoes until walking time. Shoes put on before then, generally for appearance, do more harm than good. The first walking shoes should have flexible but firm soles, unpolished, preferably slightly buffed, and broad enough to be a steady platform under each foot. Very soft soles curl and make more difficult the baby's task of learning balance. Stiff or boardlike soles are also to be avoided. The toes of the uppers should be full or puffy, not flat and cramping to the toes.

Trading Agreements

Commercial paper is a general name for checks, drafts, notes, bills of lading, bills of exchange, warehouse receipts, treasury warrants, orders for delivery of goods, certificates of stocks and bonds, etc., and is sometimes applied to contracts and agreements.

ARE MY DAMPERS SET AND MANAGED CORRECTLY?

In a very slight fraction of the time that it took you to learn how to handle the controls on your automobile, we can show you how to manage the draft controls of your heater correctly.

This will enable you to conserve coal and get heat quickly and easily.

We make no charge for this service and we'll be glad to have you phone us if you need it—or any other advice about your heater.

NEWARK SCHOOL NOTES

Written by Students of the Newark School

A SURPRISE

Written by Eva Gregg, Newark School, Eighth Grade

Jim Blake hurried down the platform, as the train which had brought him to Dilmore pulled out. He was going to enter college, and he wondered if he would enjoy college as well as he did high school.

"Sandy" Jones was Jim's roommate, but they weren't as good friends as they could have been.

One day as Jim was strolling along London Avenue, he saw a poor dog lying on the pavement. After a quick examination, Jim discovered the dog's leg was broken. He carried the dog back to his room. Sandy was reading when he entered carrying the dog, and gave him a surprised look.

"Say, what did you turn into? A doctor?" he asked.

If he expected an answer he didn't receive one because Jim was busy setting the dog's leg.

As Jim came down to breakfast the next morning, he received several stares from the boys.

"Hey, Jim, I didn't know you started a dog hospital in your room," said one of the bolder boys.

Jim grew uneasy, but didn't say anything. After many attempts to get an answer from him, the boys stopped. Jim knew it was some of "Sandy's" work.

As he passed out of the room, he stopped to read a notice, which was on the bulletin board.

"All boys who care to go out for baseball please report to the athletic field today, at three fifteen."

Jim was anxious to be on the team, so he reported. A few nights later he started to practice.

For many years Dilmore had lost the championship. Everyone was anxious for the championship this year.

Friday morning the baseball team took an English examination. If they failed this they could not play in the game tomorrow, which they played "Galiton" for the championship.

Saturday morning Jim received notice that he had failed his examination. He felt disappointed about it, and stayed in his room all morning.

Saturday afternoon the grandstands were full, and still more people were crowding through the gates.

In the first seven innings the score was tie. It was "Galiton's" turn at bat. The first batter struck out. The second made a single, and the third up, had two strikes, and two balls, when he made a home run. That brought in two runs.

"Sandy" Jones ran up to the manager, and spoke to him in hurried tones.

"Listen," began "Sandy," "The day we took our examination I changed papers with Jim Blake and that's why he failed. Get him in the game, or we are going to lose!" and he walked away.

The manager ran to Jim's room.

"Get into this suit, Jim. I've got a surprise for you," he exclaimed.

"A surprise?" replied Jim.

"You're going to play in today's game, so hurry up."

"This is a surprise!" said Jim, as he got into his suit.

In the eighth inning, the "Galiton" men were at bat, with two out. The third man hit a fly out to Jim at third base. He jumped two feet in the air and caught the ball. The crowds roared, because it was the best catch seen for many years.

It was Jim's turn at bat. The bases were full, and two out, in the ninth inning.

"Two strikes," called the umpire.

The next ball was slow, and Jim swung at it, hitting the ball over the wall, for a home run. That made the score five to two, and the game was over!

Jim was carried away on the shoulders of the team, and from then on was the hero of the college.

EDUCATIONAL MAGAZINE IS GIVEN NEW NAME

"Signposts" is Published as Aid to Parents and Teachers

MISS WILSON, EDITOR

The November issue of "Signposts," the Delaware bulletin of education, published jointly by the Delaware State Board of Education, the Delaware Parent-Teacher Association and the Delaware Citizens Association, is in the hands of subscribers. The magazine is edited by Etta J. Wilson, Executive Secretary of the State Parent-Teacher Association with an advisory council consisting of:

H. V. Holloway, State Superintendent of Public Instruction.

W. A. Wilkinson, Department of Education, University of Delaware.

Allan Hulsizer, Director State Demonstration School Project.

S. M. Stouffer, Superintendent City Schools, Wilmington.

H. T. Ennis, President State Parent-Teacher Association.

The new name has been chosen to indicate the type of material presented since the publication hopes to help chart the way for those who are interested in following the new trails blazed by research and science in the educational world. An appropriation from the State Board of Education has again made it possible to send complimentary copies to all the teachers in the State. To others the six issues (November-April) will be mailed for fifty cents.

This number contains suggestive material for speakers interested in observing American Education Week (November 10 to 16) in churches, clubs and other public meetings; that is, "Facts about Delaware Schools" released by the State Department of Education and extracts from a challenging sermon, "Character and the Child," delivered by the Rev. Harold E. Nicely, of the Brick Church (Presbyterian), East Orange, New Jersey, at the union service of Georgetown churches at the opening of the Demonstration School.

National meetings reported include those of the Child Study Association of America, in session in New York, October 20 to 22, and the Seventeenth National Recreation Convention held in Atlantic City, October 6 to 11.

Three addresses delivered before different groups in Delaware during the month of October by E. C. Lindeman, of the New York School for Social Work, a conspicuous leader in the field of adult education, are also summarized.

Among articles contributed by workers within the State are: "The Junior High School in Wilmington," by Sallie Reid Shaw, principal; "Factors that Influence the Child in the Formation of Food Habits," by Margaret E. Owen, nutritionist in charge of the cafeteria in the Georgetown Demonstration School and hostess in charge of the Dormant House, the residence for teachers. "Happenings in the Demonstration School" and "Parent Activities at Georgetown" are also recorded.

As this review indicates the magazine is edited with the idea of serving the parent as well as the teacher. The cover design is by Miss Amy E. Gardner.

D.I.A.A. TEAMS TO PLAY OFF TIES

Newark High and du Pont High to Battle Here for League Honors

Newark High School and du Pont High School football teams will play off their tie for sectional D. I. A. A. honors on Friday, November 15, at 2:15 o'clock and the prospects are the largest crowd to ever witness a high school game in Newark will be on hand. The University of Delaware football team is scheduled to play Drexel in Philadelphia that day.

Newark and du Pont have played two tie games to date. The winner Saturday, if there is a winner, will take the New Castle County sectional title in the Delaware Interscholastic Athletic Association and earn the right to meet Dover in the State semifinals. The State was divided into four divisions this year.

Millsboro and Dover have won their divisional titles and are awaiting the decision as to their foes in the semifinals. Another tie exists in the Western Sussex section and Delmar and Seaford are the dead-locked teams. They will meet in a play-off today at Salisbury, Md., and Millsboro meets the winner.

In the northern district there were three schools with teams on the field this season. Newark, du Pont, and Middletown. Both Newark and du Pont have played two ties against each other 6 to 6 and 7 to 7. There is little to choose between them and it would not be a surprise if another tie should develop here Saturday.

METEOR SHOW IS DUE THIS WEEK

Display of Leonids Expected to Occur Saturday Night

The scattered outriders of the world's greatest meteor display are due this week.

Few in numbers, they are the advance guards of the vast main swarm of Leonid meteors which appear in great numbers three times a century, and which are due either to hit or miss the earth in 1933. No one knows which.

If they hit, astronomers expect a repetition of the fiery rains which they have produced occasionally on past visits during the last thousand years.

Most of the advance guard this year is expected in the early morning hours of Saturday, November 15. All over North America and Europe astronomers and their friends will be out counting these 1930 Leonids, hoping thereby to find indications of the position of the oncoming main stream.

If more Leonids show up than on November 15 last year, when about ten per hour were counted for three hours at the Blue Hill Observatory near Boston, it will be taken as a sign that the "big show" is possibly headed this way. If there is no increase in numbers it may mean they are off the track the earth intersects.

A request for amateurs to turn out between midnight and daylight Saturday and Sunday mornings to assist in counting was issued by Dr. Charles P. Olivier, director of Lower Astronomical Observatory of the University of Pennsylvania.

The meteors should be looked for in the eastern part of the sky. A quarter moon will interfere with seeing the fainter ones.

One of the most brilliant visits of these meteors was a century ago in 1833, when an observer at Augusta, Georgia wrote:

"Stars descended like snowfall to the earth."

In all their history there is no record of a Leonid reaching the earth. This is attributed to their high velocity, calculated at 44 miles a second, which causes them to burn up in the air.

FORMS MAILED TO MOTORISTS

License Renewal Blanks Sent to 50,000 Auto Owners

The work of mailing out 50,000 forms for renewal of automobile licenses to Delawareans is expected to be completed by next Saturday, according to announcement made Tuesday by Elmer E. Bailey, of the Motor Vehicle Department's office at 1404 Market street, Wilmington.

Persons desiring the same tag number in 1931 that they now have, should note that fact on their application form when received this week. It has been especially requested that no personal letters on this subject be written, as it causes confusion and complications at the Dover offices of the Motor Vehicle Department. The applications should be mailed back to Dover before December 1.

Persons who wish a different number from the one they now have, should note that fact on the application form, and give the exact number desired. If the person who had that number this year does not apply for it again, then it is available for the other applicant.

The color scheme of the license plates for 1931 is the opposite of the present ones. Next year's will be gold background, with blue numerals. The tags have been received at Dover from the manufacturer, the National Colorotype Company, Bellville, Ky., and are to be on sale in magistrate's offices in Wilmington beginning December 1, for those desiring to obtain them here.

Secretary of State Charles H. Grantland has been confined to the Delaware Hospital, Wilmington, for four days, after being ill since Monday two weeks ago, and Governor Buck is looking after Mr. Grantland's duties, including motor vehicle work, with the cooperation of the various heads of departments at the State House in Dover. Mr. Grantland is suffering from a general impairment of his health, and it may be several weeks before he resumes his official duties.

Tomatoes, fresh, raw, or canned, are a good source of vitamins A, B and C. Include them very frequently in your menus. Give tomato juice to young children and even to babies.

The GREATEST MOTHER.

THE RED CROSS

BUSINESS AS USUAL

Our national resources are as great today as they were last year. Our great business organizations are in strong financial condition and our industrial plants are at the highest state of efficient development. Credit is abundant. With the exception of the difficulties that have arisen as a result of the drastic deflation of commodity prices, the business horizon is reasonably clear. All that is lacking is courageous and intelligent effort and confidence in the future of the country. We all know that the present period cannot long endure, yet many good citizens are hesitant and wait for others to show their courage and initiative. If everybody would get into the swim they would all realize how fine it is.—Los Angeles Times.

Single copies 4 cents.

We solicit and invite communications, but they must be signed by the
writer's name—not for publication, but for our information and protection.

**"Good Roads, Flowers, Parks, Better Schools, Trees,
Fresh Air, Sunshine, and Work for Everybody."**
—OUR MOTTO.

NOVEMBER 13, 1930

Welcome to the D. S. E. A.

Today and tomorrow, Newark is host to the largest gathering of educators ever to assemble here. That the Delaware State Education Association should have chosen Newark as the site for its 1930 convention is an honor to our town, and an honor not to be taken lightly.

Newark welcomes the members of this worthy organization. It not only extends the hand of greeting, but it compliments the hundreds of teachers and educators who have come here for their interest and enthusiasm in the subject that is of vital importance to all of us—the education of the youth of our State. We feel that the attitude of the Delaware State Education Association—that of working together for the youth of Delaware—is a most commendable one, and deserving of the highest credit.

Newark invites the group of educators who are its guests to inspect the fine schools here. This town is proud of its schools and the fine work that is being done here. It is especially proud of its Superintendent of Education, Mr. Ira S. Brinser, president of the Delaware State Education Association. Under Mr. Brinser's leadership, and due to his unceasing labor and his keen judgment and foresight, the schools of Newark have risen to a point of prominence in this State, and can offer an excellent example to others in methods and results.

The Newark Post has always stood for better schools. It recognizes the value of a strong school system to the community and to the people who reside here. It has in the past, and shall continue in the future, to offer its most wholehearted co-operation to the Newark Board of Education and to the State Board in any program for the betterment of schools and school children. It stands ready and willing at all times to lend its influence and its aid to any project that is in the interests of better education.

We hope that the delegates to the Delaware State Education Association convention will gain a great inspiration from this meeting here. We hope that your stay here will be a pleasant one, and that the memory of this town that you carry away with you will be a happy memory, and one that will soon bring you back again to our midst. We enjoy having you with us—we hope you will come again.

The Postmasters Meeting

The hospitality of Newark was again demonstrated this week when Postmaster William H. Evans was host to the Delaware Postmasters Association meeting here Wednesday. The visiting postmasters and postmistresses apparently enjoyed themselves to the utmost, and many compliments were made concerning the beauty and the interesting features of our town.

Postmaster Evans is deserving of a great deal of credit for bringing the meeting of the association to this town. Many of those who attended were not familiar with Newark, and the visit here was a revelation to them. Mr. Evans had arranged a program which kept the interest of the meeting at a high pitch every minute of the day. Besides an inspection of the new postoffice here, an inspection of the University, arranged through the kindness of Mr. A. G. Wilkinson, was made, and an organ recital was given in the new Mitchell Hall for the postmasters. At noontime, a luncheon at the Deer Park Hotel was served to the guests.

Gatherings such as this are splendid things for our town to have. They advertise Newark throughout the State as a wide-awake, progressive community—always ready to serve others, and always ready with the extended hand of greeting to visitors and guests.

HOLD NEGRO FOR THEFT OF DUCKS

Paul Hopkins Held Under Suspicion as 21 Ducks Disappear

Paul Hopkins, negro of near Glasgow, is being held in the New Castle County Workhouse under bond of \$500 on a charge of suspicion of larceny on a charge brought by Raymond Cochran, who resides on the Lincoln Highway near here.

Hopkins was arrested Saturday night by State Highway Police, when he appeared at the station on State road and tried to gain possession of an automobile held by the police. The car was seen on a road near Mr. Cochran's place shortly before Mr. Cochran discovered that twenty-one ducks had been stolen from his flock. The car was seen by Ralph Larson, who also saw two men in a field near the car herding a flock of ducks towards the car. Mr. Larson took the license number of the car, and called the State Police. When he returned to the place where he had seen the car it was gone, but a short time later the State Police found the car near the Black Cat, on State road.

The car was registered in the name of Andrew McGlotten, of Wilmington, but Hopkins appeared at the station and claimed that he was a half-owner in the car. He was then arrested and was brought before Magistrate Thompson, who held him under the charge of suspicion of larceny. He will be arraigned tomorrow night before the Squire on the charge.

Curtis Artists Will Be Heard Here on Nov. 20

(Continued from Page 1.)

Marcella Sembrich at the Institute for the past two years. Mr. Cato is an accomplished organist, well known as the organist of Christ Church in Philadelphia. Young Briselli, who was granted a scholarship at the Institute when only twelve years old, made his debut as a concert artist in New York a few years ago; and has since been completing his training with Mr. Efram Zimbalist at the Institute.

The Newark Music Society has appropriated \$150.00 out of its treasury toward defraying the expenses of the three Curtis Institute Concerts which will be given in Newark this winter. This action of the Society makes it possible for the people of Newark to enjoy these splendid concerts without cost, as it is the policy of the Curtis Institute that no admission fee be charged. Admission to these concerts is not restricted to members of the Newark Music Society, and the general public is urged to attend.

ORGAN RECITAL PROGRAM

Firmen Swinnen, organist, has chosen the following program for the sixth organ recital in Mitchell Hall next Monday night at 7 o'clock:
1. Prelude in B Minor.....J. S. Bach
2. Meditation.....J. Massenet
3. Ballet Egyptian.....A. Luigini
4. Sketch No. 4.....R. Schumann
5. Second Hungarian Rhapsody.....F. Liszt
6. Largo.....G. Handel
7. Scotch Fantasia.....W. MacFarlane

WAGES AND BUSINESS PROFITS

By DR. B. F. HOLME, Detroit (Methodist).

Why pay minimum wages? Why not generous wages, gospel-measure, heaped up, pressed down, running over? I am not thinking of a leveling process in income and distribution of wealth. But isn't there in a great many instances an unwholesome discrepancy between wages and profits? We should not be working on a competitive basis as between man and man, as between employer and employed, as between one business or industry and another.

Love is the basic law of life in human relations, not the survival of the fittest. We need a larger inclination to share with each other the blessings of life, even to the point where our own comfort be touched.

Placing \$1,600 to \$1,800 as the minimum income for a standard of living providing for health and decency for a family of five, one wonders how multitudes of people get along. Economic investigators make up what they call a minimum budget, but necessity is the mother of many an invention in economy which may not contribute to the development of a full, rich personality, but at least keeps the body and soul together. One wonders about a good many things. Why, for instance, should men in this day and age be dealing in minimums at all?

Education Association Holds Meeting

(Continued from Page 1.)

man, C. W. W. Schantz, Smyrna; speakers, Dr. Morrison, Dr. McAndrew. (4) Senior High School Department, Newark School Auditorium. Chairman, H. E. Stahl, Claymont; speakers, Dr. McAndrew, Dr. Morrison. All departments will organize for 1930-31 at these sessions, electing officers who will carry on from the present meeting. (5) Teachers of One- and Two-Teacher Schools, Methodist Church Sunday School Room. Chairman, Albert Earley, Georgetown; speaker, Dr. Agnes Snyder.

Presentation of Units of Work and Session Meetings, 10:45 to 12:00.—Primary Department: Grade 1, Rooms 1, 2, 3, Delaware Avenue Building; Grade 2, Rooms 4, 5, 6, Delaware Avenue Building; Grade 3, Rooms 7, 8, 9, Delaware Avenue Building. Elementary Department: Grades 4 and 5, Main Street Building; Grade 6, Rooms 1 and 3, New Building. Junior High School Department: New Building—English, Room 4; Mathematics, Room 2; Science, Room 21; Social Science, Room 26. Senior High School Department: New Building except Agriculture—Commercial, Room 25; Foreign Languages, Room 24; Industrial Arts, Room 15; English, Room 35; Home Economics, Rooms 32-34; Mathematics, Room 31; Science, Room 23; Social Science, Room 33; Physical Education, Room 22; Agriculture, Portable.

Luncheons, 12:15-1:30
D. I. A. A. Luncheon, Blue Hen Tea Room. Tickets may be obtained from Major P. S. Prince, Dr. Maroney guest.

The Library Committee of the Newark New Century Club will serve a luncheon in the Club House. Your co-operation with the New Century Club will not only be appreciated by the Library Committee but will help the Public Library in Newark.

Both of these luncheons are priced at sixty cents.

The restaurants will be glad to serve you.

General Session, 1:45-3:30

All-State Orchestra, Messrs. Hosie, Maroney, Morrison and McAndrew

CHARLIE ROGERS STAR OF FOOTBALL GAME TUESDAY

Fifty per cent of the Delaware football coaching staff displayed itself in no uncertain manner Tuesday on Franklin Field in Philadelphia, when Charlie Rogers, former Penn luminary and assistant to Gus Zeigler, played the hero role in the American Legion's 13 to 7 victory over the crack Quantic Marines.

Rogers, the one time "Camden Comet," was a star every minute of the game. It was like old times to see him at the quarterback post galloping here, there and everywhere in his loose hipped dashing fashion. And it certainly was reminiscent when he slanted off his left tackle from the one yard line for his team's first touchdown five minutes before the final whistle took.

STUDENT IS ARRESTED

Frank Lynch, a student at the University of Delaware, was arrested Monday by Officer Cunningham, on a charge of driving an automobile without having an operator's license. Lynch was taken into custody after the car he was driving, a "collegiate model" Ford touring, crashed into a truck driven by a negro. Lynch was taken before Magistrate Thompson, who fined Lynch \$10 and costs on a plea of guilty to the charge.

CONDUCT CLASSES

The Brandywine Springs Parent-Teacher Association has decided upon two adult classes: Child Welfare and Music. An eighth grade boy was awarded a prize of \$2.50 for securing 44 new members for the association. At a recent meeting the three teachers provided the program.

Evans Host to Postmasters

(Continued from Page 1.)

ker, Millsboro; Howard Rash, Cheswold; J. D. Robbins, Milton; Ethel Reynolds, Townsend; N. B. Register, Lewes; Howard Schweitzer, Hartly; W. T. Seth, Elk Mills, Md.; B. F. Simmons, Dover; Charles L. Talpey, Claymont; A. T. Vandegrift, Odessa; William B. Walton, Iron Hill, Md.; A. L. Hudson, Smyrna.

Benjamin F. Simmons, of Dover, president of the association, presided at the business meeting. Following the luncheon the visitors were taken to Mitchell Hall, the new auditorium at the University of Delaware, where an organ recital was given.

An invitation was extended to the meeting by Postmaster Abrams, of Wilmington, to hold the next meeting of the association in Wilmington. The invitation was accepted, and the date set as the second Monday in May, 1931.

At the morning meeting, it was moved and passed that the group send an expression of regret on the death of T. Coleman du Pont to his family.

MILFORD CROSS ROADS SCHOOL NOTES

The following pupils made no grade lower than "B" for the month of October: Karl Greer, Hazel Johnston, Agnes Kwiatkowski and Carolyn Guthrie.

Adult Education—The first of the adult classes in music was held in the school room last Friday evening. The large and appreciative audience enjoyed, first of all, the moving picture, "County Library in Action," shown by Miss Nellie Morton. Music, under the direction of Miss Opal Wheeler, of Tower Hill School, completed the evening's entertainment.

The regular teacher, Mrs. Elizabeth Bacon, of the Warner Junior High School, Wilmington, will be with us tomorrow evening, Friday, November 14, at 8 o'clock. Let's give her even a larger attendance than we had last week. People of Newark and vicinity are invited to be present. Everything is absolutely free.

P. T. A.—The November meeting of the P. T. A. will be held in the school room next Wednesday evening, November 19, at 8 o'clock. The adults are in charge of the program. Mrs. Ambrose Cameron, program chairman, has arranged a most worthwhile entertainment. Remember the date, November 19.

Education Week—Education Week was observed at the school. On Wednesday the parents visited to observe the methods of the teacher, Mrs. Herman W. Stradley. The community approves heartily of the methods used in this age of progressive education.

PARENT-TEACHER ASSOCIATION FORMED IN FAIR HILL DISTRICT

On Tuesday evening, November 17, a large crowd attended a meeting and organized the Fair Hill Parent-Teacher Association, electing the following officers: Harry Strahorn, president; Mrs. Ray Kerr, vice-president; Mrs. Harry Strahorn, secretary; Mrs. Thomas Kay, treasurer.

The first activity of the association will be a supper on Friday evening, November 21, to raise funds to buy a pump for the school property. The public is cordially invited to this supper. It is understood that for years the children have had to carry water quite a distance from a spring for drinking purposes, which is not only injurious to the children's health but a dangerous undertaking, since the school abuts on the main highway and several children have had narrow escapes from accident. These conditions have existed for several years, but now the parents have taken steps to remedy them.

With the increase in taxes within the past two or three years, the Fair Hill P. T. A. feel that the school authorities should include in their budget for the next year the items necessary to properly maintain the school, especially a pump, and that the county commissioners should grant them this request.

GOVERNOR BUCK ISSUES THANKSGIVING MESSAGE

Governor Buck Tuesday issued the following Thanksgiving proclamation in accordance with President Hoover's proclamation issued last Friday:

State of Delaware
Executive Department
Proclamation

Continuing the custom hallowed by our forefathers in setting apart one day to show gratitude to the Almighty for the blessings of the year just passed and to implore the fostering care which has made and sustained us as a nation, I, C. D. Buck, Governor of Delaware, do hereby proclaim the day appointed by the President of the United States, Thursday, November the twenty-seventh, nineteen hundred and thirty, as Thanksgiving Day, and bespeak its observance by

all our citizens in spirit consistent with the meaning of the day, assembling in their respective places of worship or in their homes, for the purpose of gratefully acknowledging and returning thanks to Divine Providence for life, health and guidance.

In testimony whereof, I, C. D. Buck, Governor of the State of Delaware, have hereunto set my hand and caused the Great Seal to be hereunto affixed this tenth day of November, in the year of our Lord, one thousand, nine hundred and thirty, and of the Independence of the United States of America, the one hundred and fifty-fifth.

By the Governor,
C. D. BUCK,
Charles H. Grantland, Secretary of State.

WRIGHT MAY BE LEVY COURT HEAD

Reports are that He will Again Be President of Group

According to reports in political circles, Delaware S. Wright, a former president of the court, will likely be elected president of the new Levy Court that takes office next January. Mr. Wright was president of the body from 1924 to 1926, the last two years of his first term as Fourth Levy Court district commissioner.

I. J. Hollingsworth, whose term ends in January, when he will assume office as sheriff, is the present president of the Levy Court, having been elected to the office after the death of James Meharg.

The personnel of the new Levy Court will be: Charles E. Anderson, Republican, succeeding Ralph Morgan, Republican, who was appointed to succeed Clarence L. Pierce, resigned; James Keenan, Republican, who has been elected from the district represented by Mr. Meharg until his death; Joseph H. Martine, Republican, a holdover; Mr. Wright, Republican, succeeding Mr. Hollingsworth, Republican; Frank B. MacFarland, Republican, a holdover; J. W. Carrow, Jr., Democrat, succeeding Eugene E. Paxson, Republican, who is filling the unexpired term of Thomas W. Truitt, Democrat, deceased; Royden Caulk, Democrat, a holdover. Thus the new court will be composed of five Republicans and two Democrats.

In addition to Mr. Wright, the name of Mr. Anderson has been mentioned as a possibility for election as president of the court.

Legion Follies To Be Nov. 17-18

(Continued on Page 6.)

trained so that it will present a "knockout" performance. The first part of the show will be the minstrel, and the second part will be entirely composed of specialty numbers, dances, songs, short and snappy skits, and comedy acts. More than 100 people are in the cast, and more than 20 acts and scenes are promised. The show will be given in the State Theatre.

Excellent talent for the show has been brought into use. The endmen in the minstrel show are Ray Buckingham, John R. Fader, Harold Sheaffer and Grif Moore. One of the outstanding numbers in the minstrel show will be the singing of the Sextette from the opera "Lucia" in ragtime.

Mrs. Edna Dickey and Wayne Brewer will present a comedy act called "Married," and the three Tweed brothers will do clever dancing. A number of well-known singers will take part in the show, including Miss Rita Tatman, winner of the Atwater Kent Audition in 1928; Miss Mary Louise Pleasant, second in the 1930 audition; and Miss Mildred Ehart, WDEL star. Wesley Dempsey and Robert Strahorn, local favorites, will also take part.

BLACKBIRD P. T. A.

At a Halloween party attended by 50 people the Blackbird Parent-Teacher Association made plans for the coming year. Adult classes were discussed and the County Parent-Teacher Association Institute reported by Miss Rachel Hastings. Appropriate decorations, various stunts, including fortune telling, and a grand march for the masqueraders contributed to the gaiety. The school presented a short program. Refreshments were served.

IVY CROW TEMPLE, No. 4

Ivy Crow Temple, No. 4, Ladies of the Golden Eagle, held a very interesting meeting last Saturday evening. Companion Mary J. Greenplate has again been appointed Deputy of this Temple. This is Companion Greenplate's third term as Deputy.

COWS MAKE HIGH RECORD IN OCT.

68 Bovines in Testing Association Produce Over 1000 Pounds in Month

Sixty-eight cows in the New Castle County Cow Testing Association produced over 1,000 pounds of milk each during the October testing period, while thirty-six gave over 50 pounds of butterfat each during the same month. Five hundred and twenty-seven cows were on test during the month and produced 317,962 pounds of milk and 14,260.9 pounds of butterfat. The average cow produced 603.7 pounds of milk and 27.0 pounds of butterfat. All of these figures were taken from the monthly report of the association made by Frederick Sammendinger, supervisor.

The ten highest herds in butterfat with their averages were: J. Mitchell, Hockessin, 36.1; Wilson Price, Bear, 36.0; Robert Proud, Hockessin, 33.7; Irvin Klair, Marshallton, 32.8; Frederick Stafford, Montchanin, 32.4; Levis Phipps, Wilmington, 32.2; Fred Martenis, Elkton, 31.2; J. H. Mitchell and Sons, Hockessin, 31.1; J. W. Willis, Glasgow, 29.9; Breddall Farms, Marshallton, 29.3.

The following are the ten highest herds in milk production for October: J. Mitchell, Hockessin, 1031; Frederick Stafford, Montchanin, 953; Robert Proud, Hockessin, 930; Fred Martenis, Elkton, 775; Robert Walker, Hockessin, 752.5; Levis Phipps, Wilmington, 723.5; Irvin Klair, Marshallton, 700.7; Wilson Price, Bear, 683.6; Harold Little, Newark, 643.5; Gracogue Farm, Guyencourt, 628.5.

The ten highest cows in butterfat for October were in the herds of the following men: (1) J. Wirt Willis, Glasgow, Jersey, 98.7 pounds of fat; (2) Irvin Klair, Marshallton, Jersey, 97.5; (3) Wallace Cook, Newark, Mixed, 81.3; (4) Fred Martenis, Elkton, Holstein, 74.1; (5) Frederick Stafford, Montchanin, Holstein, 71.8; (6) John Govatos, Wilmington, Holstein, 65.1; (7) J. Wirt Willis, Glasgow, Jersey, 63.4; (8) J. Mitchell, Hockessin, Holstein, 61.7; (9) J. Wirt Willis, Glasgow, Jersey, 61.5; (10) Wilson Price, Bear, Jersey, 60.1 pounds.

E 51 To Present Outward Bound

(Continued from Page 1.)

dents of Newark is that two local boys will be starred in the production. Robert Potts will play the part of Henry, the "half-way" exile, and Harold Plummer will interpret the character of Tom Prior, dissipated and drunken young gentleman.

Others in the cast have been chosen as well. Betty Martin will play Anna, the other "half-way"; John McVagh, the steward, Scrubby, who is placed in command of the ghostly ship at which the action takes place; Fred Stewart, Mr. Lingley, the unscrupulous businessman; Betty White, Mrs. Clivedon-Banks, the social climber; Catherine Kaseeling, Mrs. Midget, a charwoman; John Walker, the Rev. Frank Thompson. The character of the Rev. William Duke is to be decided between Paul Smith and David Waxman.

The play will be directed by Mr. Kase, who will be assisted by Miss Dorothy Deiser.

REVIVAL CAMPAIGN TO BE HELD AT EBENEZER M. E.

A revival campaign will be held at Ebenezer M. E. Church at Pleasant Hill from November 16 to November 30, by the Rev. and Mrs. R. M. Calkins, by the Rev. and Mrs. D. Bradley.

Services will be held each evening at 7:30 o'clock, with special songs and programs and preaching. A chorus of singers will take part in the revival services, and Mr. Calkins and Mrs. Calkins, both of whom are skilled musicians, will provide special music for the meetings. An invitation is made to the public to attend these meetings, which are terminated by the pastor of the church.

PERSONALS

Mr. John C. Pool, who has been at-
tached to the American Consular
Service in Montreal, has returned to
pursue his studies at the Foreign Le-
gation School in Washington. He is
the week-end guest of Mr. and Mrs.
George L. Townsend.

The card party held in the home of
Miss Mary E. Wright on Wednesday
was attended by more than one hun-
dred people, who spent the afternoon
playing bridge and five hundred. The
party was sponsored by the Welfare
Committee of the Newark New Cen-
tury Club.

Mrs. J. R. Downes spent some time
this week in Baltimore.

Master Billy Burnett is confined to
his home on West Main street with a
cold.

Miss Margaret Vinsinger, daughter
of Mr. and Mrs. H. E. Vinsinger, who
will be studying abroad this year,
will sail from France Saturday for
New York. Miss Vinsinger is expected
to arrive in Newark in about ten
days or two weeks.

Mr. and Mrs. J. M. Biery and chil-
dren will spend the week-end in
Philadelphia.

Miss Betty Johnston, daughter of
Mr. and Mrs. J. K. Johnston, is con-
fined to her home with an injured
leg.

Mrs. Margaret P. Waples has been
the guest of her son and daughter-in-
law, Mr. and Mrs. Weldon C. Waples,
this week, in their home on Orchard
road.

Mr. and Mrs. A. E. Fletcher attend-
ed the Army-Navy football game in
New York last week-end. While there
they visited with their son, George,
who is a member of the Army team.

Mr. and Mrs. Weldon C. Waples had
as their guest this week-end, Mr.
Waples' sister, Mrs. Nell M. Campbell.

Little Miss Vera Gould has been
confined to her home for the past
week with a severe cold, but is now
improved.

Mrs. Linda Woods was a Philadel-
phia visitor this week.

Mr. and Mrs. J. Fletcher Price, of
Baltimore, were the week-end visitors
of Mr. Price's mother, Mrs. Caleb
Price, of West Main street.

Henry Vinsinger, Jr., has been un-
able to attend Friends School in Wil-
mington this week on account of a
cold.

Mr. and Mrs. James Hastings en-
tertained a few friends at supper
Sunday evening in their home.

Miss Frances Hultihen, who is a
student at Vassar, is spending this
week with her parents, Dr. and Mrs.
Walter Hultihen.

Miss Catherine Townsend will be a
guest this week-end of Miss Rowena
Woods, at Drexel Manor, Pa.

Mr. and Mrs. Pierce Whitcraft en-
tertained on Sunday Mr. and Mrs.
John Peck and two daughters, Mar-
garet and Elizabeth, of Reading, Pa.,
also Mr. Allison Palmer, of Phila-
delphia, Pa.

Miss Eleanor Smith, of near Milford
Cross Roads, and her nephew, Robert
Smith of Eastburn Heights, and her
sister, Miss Sana Clark of Wilming-
ton, visited the Byrd Expedition dis-
play on the City of New York on
Wednesday evening.

Mr. Jos. McVey is in New York on
business trip.

Mrs. Elton Richard, of Media, Pa.,
spent the week-end with Miss Bessie
Wingate.

Mr. and Mrs. T. Jackson Willis and
Miss Emma and Lillie Willis,
who were dinner guests on Saturday
evening of Mrs. Effie M. Lewis, at
Catherine's Tea House, Conshohocken,
Pa., attended a party and spent the
week-end with Mrs. Walter A. Smith,
Glenide, Pa.

Mrs. T. Jackson Willis is spending
several days with her cousin, Miss
Lillie M. Steele, Conshohocken, Pa.

Mr. and Mrs. Wm. Hochwald, of
Bala, Pa., and Miss Amelia Wagner
and Mr. and Mrs. Jos. White, of Phila-
delphia, were Sunday visitors of Mr.
and Mrs. Wm. J. Lovett.

Mrs. D. H. Gallagher and Clayton
Gallagher, of Pough Bottom, Pa., are
visitors of Miss Jane Smith, this week.

Miss Blanche Maleon has been ill
at her home here since last Friday.

Colonel and Mrs. S. J. Smith have
as their guests Chaplain and Mrs. C.
Watkins, who have just returned
from the United States after being sta-
tioned for the past three years at Fort
Schaefer, Honolulu, Hawaii. Chaplain
and Mrs. Watkins will remain here
for a few days, and will then motor
to Fort Moultrie, at Charleston, S. C.,
where Chaplain Watkins has been
assigned.

On Monday evening of this week
Miss Ruth Marritz entertained at a
dinner party at her home. The eve-
ning was spent in dancing and sing-

ing. Refreshments were served at a
late hour. Those present were: Misses
Marie Gregg, Florence Johnson, Fran-
ces Brown, Betty Fort, Dot Wilson,
Charlotte Jackson, Doris Strahorn,
Dot Freeman, and Ruth Marritz. A
very enjoyable evening was had by all.

Members of the Beta Epsilon Chap-
ter of the Kappa Alpha fraternity of
the University of Delaware gave their
annual Fall Informal Dance at Old
College Hall Saturday night. George
Madden's orchestra furnished music
for the affair. Patronesses were: Mrs.
Charles A. Owens, Mrs. Albert S.
Eastman, Mrs. George L. Townsend,
Mrs. George E. Dutton, Mrs. Norris
N. Wright, Mrs. Ernest B. Wright,
Mrs. James Hastings, Mrs. Paul K.
Musselman, Mrs. C. Bradford Mitchell,
Mrs. Robert P. Robinson, Mrs. T.
Blair Ely, Mrs. Horace Brown, Mrs.
Julian C. Walker, Mrs. George L.
Long, Mrs. Earl T. Cooper, Mrs.
Ernest F. Smith, Mrs. Paul Bright,
Mrs. George E. Plummer.

Miss Helen Gregg, a student of
Coombs Conservatory of Music, Phila-
delphia, spent the week-end at the
home of her parents, Mr. and Mrs.
William Gregg.

Miss Anne Frazer, who is in the
staff of Brandywine Sanatorium, spent
the week-end with her parents, Mr.
and Mrs. Ernest Frazer.

Miss Martha Wollaston and William
Wollaston attended the Penn-Notre
Dame game in Philadelphia Saturday.

Allan Wade spent the week-end in
Baltimore and attended the Ohio-
Navy game Saturday.

Herbert Henning, who has been ill
for the past few days, has resumed
his duties at the postoffice.

William Wollaston, of Middleburg,
Va., spent the week-end with his
parents, at Belmont Hall.

Miss Charlotte Dayett, of West
Chester, Pa., spent the week-end as
the guest of her parents, Mr. and Mrs.
Irvin Dayett, at Cooch's Bridge.

Whitney Cherpak, of Philadelphia,
spent the week-end with friends in
Newark.

Miss Margaret Hamilton, of Harbo-
son, was a guest of Miss Evelyn Stoll
Sunday.

Richard Draper, of Milton, was the
guest of his mother, Mrs. Daniel
Thompson Sunday afternoon.

Miss Beulah Thompson attended the
house parties at Penn State College,
at State College, Pa., last week-end.

Norman Locates, of Laurel, spent
the week-end with Newark friends.

Henry McVaugh, of Trenton, N. J.,
spent the week-end with Mr. and Mrs.
B. T. Eubanks.

STATE HOSPITAL
IS CRITICIZED

Grand Jury Blames Escape of
Prisoner on Laxity of
Officials

The Delaware State Hospital at
Farnhurst was criticized in the an-
nual report of the New Castle County
Grand Jury, submitted to the court,
Wednesday, for the escape of Abe
Reich, after the man had been de-
clared insane and transferred to the
hospital early this year.

The report stated that the hospital
was fully informed as to the charac-
ter of the man and of the number of
times that he had escaped other in-
stitutions, and that adequate facili-
ties and vigilance were not maintain-
ed or his escape would not have
occurred.

Reich was indicted at the January
term of the court and later removed
to Farnhurst when he was found to
be mentally afflicted. He had been
there but a short time when he made
his escape.

The Grand Jury named a committee
of citizens whom it asked to consult
with Governor C. Douglass Buck, the
1931 Legislature and the New Castle
County Bar Association, to discuss
the recommendations of this and
juries of past years.

The committee named is: James N.
Robertson, Thomas M. Monaghan, J.
Rogers Holcomb, Robert D. Kemp,
Walter G. Tatnall and Edward W.
Cooch.

VISITING NURSES REPORT
SHOWS ACTIVE MONTH

The Visiting Nurses report for the
month of October shows that 247 calls
were made by the nurses in this com-
munity. Of these calls, 158 were
nursing, and 91 were instructive.

The classification of the calls is as
follows:
Prenatal, 5, visits, 12; deliveries
attended, 2; maternalities, 4, visits, 28;
typhoid fever, 1, visits 12; pneumonia
1, visits 3; diabetes 2, visits 31; inter-
stitial disorders 7, visits 23; miscel-
laneous 15, visits 52. Treatments 72.
Quarantined 1 case of typhoid and
1 case of mumps. Delivered 12 birth
certificates. Held 5 children's clinics,
Held 1 tubercular clinic, attendance, 4.

PLACE WREATH
ON PLAQUE IN
OLD COLLEGE

Delaware Students Who Died
in War Honored by
R. O. T. C.
SCHOOLS CLOSED

Armistice Day was observed in the
usual manner by the R. O. T. C., of
the University of Delaware Tuesday
morning when a wreath was placed
on the plaque in Old College Hall by
the students. This plaque was erected
in honor of Delaware College stu-
dents who lost their lives in the World
War. There was an escort to the
colors and the wreath was placed on
the plaque by Caleb Borgs, president
of the Student Council.

There was no other celebration of
Armistice Day at the college, classes
being carried on as usual.

The local schools, however, were
closed and will be closed today and
tomorrow for the annual meeting of
the Delaware State Teachers' Asso-
ciation.

At the assembly at the high school
Monday afternoon an interesting
Armistice Day program was present-
ed. In addition to some numbers by
the students there were short talks by
Colonel S. J. Smith, of the local post
of the Veterans of Foreign Wars,
A. E. Tomhave, of the local post of
the American Legion, T. A. Baker,
also of the American Legion, Ira S.
Brinzer, superintendent of the schools
and Harold Barker. The student part
of the program included a recitation
of "Flanders Field" by Carolyn Cobb,
"America's Reply" by Nannie Cox,
a talk on the "Great War" by Arthur
Huston.

QUARANTINE ON DOGS LIFTED

The following letter has been sent
out by Ralph C. Wilson, secretary of
the State Board of Agriculture:

"As no further cases of rabies have
occurred in certain sections quaran-
tined on account of that disease, and
as the State Fish and Game Commis-
sion and the State Board of Health
recommend the revoking of the quar-
antines in such sections, the State
Board of Agriculture hereby lifts the
quarantines on dogs in the following
sections:
"Christiana Hundred, New Castle
County, State of Delaware, this sec-
tion quarantined on August 25, 1930.
"Town of Stanton, New Castle
County, State of Delaware, this sec-
tion quarantined on September 9,
1930."

—Ralph C. Wilson, Secretary,
State Board of Agriculture.

DIVIDEND PAID

The regular quarterly dividend of
\$1.75 per share on preferred stock,
payable January 2, 1931, on stock of
record December 31, 1930, was de-
clared by Andale Company, 1600 Arch
street, Philadelphia, at their quarterly
meeting, held October 28th.

PRESIDENT TO ADDRESS
WHITE HOUSE CONFERENCE

On Wednesday evening, November
19, at 9 o'clock, Eastern standard
time, over a nation-wide radio hook-
up, President Hoover is to address the
delegates to the Conference on Child
Health and Protection to be held in
Washington, November 19th to 23d.
This will, no doubt, be one of the most
important broadcasts ever made on
child interests, says Miss Pearl Mac-
Donald of the Extension Service of
the University of Delaware.

In July, 1929, President Hoover,
through Secretary Wilbur and Sec-
retary Davis, called together a number
of those especially interested in health
matters to serve on a Planning Com-
mittee and to conduct studies on "the
progress and present situation in the
health and protection of childhood;
that out of this investigation should
be developed common sense plans for
further advancement in these direc-
tions." The studies have been carried
on for more than a year by public
officials, associations, and others in-
terested in these questions, the work
being grouped in four main divisions:
1st, on Growth and Development; 2d,
on Medical Service and Public Health
Administration; 3d, on Education and
Training; and 4th on the Handicapped
Child.

Every one who has a radio should
"listen in" on President Hoover's
address.

On Saturday, November 22d, at
12:30 o'clock, Eastern Standard Time,
Secretary Wilbur, Chairman of the
Conference, will summarize the work
of the Conference. This, also, will be
an important message to the people
of the country. Do not forget the
dates and the hours.

MISSIONARY MEETING

The Women's Home Missionary So-
ciety of the Methodist Episcopal
Church will hold its regular monthly
meeting on Thursday afternoon, No-
vember 20, in the church, at 2:30
o'clock. Mrs. W. A. Wilkinson will be
the group leader. This will be the
Thank Offering day. It is hoped to
have a large attendance at this meet-
ing.

TO INSTALL JR. A. O. U. W.
OFFICERS FRIDAY EVENING

Officers of the Grand Lodge of Dela-
ware, A. O. U. W., will visit Newark
Friday evening, November 14, for the
purpose of installing the recently
elected officers of the Children's
Branch of the A. O. U. W. This will
be a special honor for the Newark
Junior Lodge.

ILLNESS FATAL
TO MISS WORRELL

Library at Women's College
Founded in Her Honor
Two Years Ago

The funeral of Miss Emma Worrell,
96 years old, who died at her home in
Wilmington yesterday, after a long
period of illness, will be held from
her late home tomorrow afternoon at
2 o'clock, with the Friends' service.
Interment will be private in the Wil-
mington and Brandywine Cemetery.

Miss Worrell was the daughter of
the late Thomas and Miriam E. Wor-
rell and had she lived until next Jan-
uary, would have celebrated her 97th
birthday anniversary.

For years Miss Worrell had been a
leader in the intellectual life of this
community and she had taken a prom-
inent part in the women's club activi-
ties of Wilmington. She was one of
the founders of the Wilmington New
Century Club, and until a few years
ago was active and interested in all
its affairs. She saw the club grow
from a membership of 35 to a mem-
bership of 600.

After giving up her active work
as a teacher, Miss Worrell continued
her interest in all movement for the
educational betterment of the children
of the city and State.

Several years ago she broke her
hip and since then had been confined
to her home the greater part of the
time. However, within the last few
years, she had been able to go places,
and attended the recent annual an-
niversaries of the Wilmington New
Century Club, at which she was the

guest of honor. Within the past two
years, a library in her honor was
started at the Women's Club, Univer-
sity of Delaware. She has visited the
library since it was founded.

MRS. H. C. McSHERRY NAMED
ON NATIONAL COMMITTEE

The appointment of Mrs. H. C. Mc-
Sherry of Dover to the National Mu-
sic Committee of the American Legion
Auxiliary has been announced at the
Auxiliary's national headquarters in
Indianapolis.

In her new office Mrs. McSherry
will have part in the direction of the
Auxiliary's musical activities through-
out the country and will help direct
the national music contests at the
national convention in Detroit next
year.

CARD OF THANKS

Mr. H. Wilson Price wishes to
thank the voters of Pencader Hunder-
ed for their loyal support at the
election on November 4.

CLUB TO GIVE TEA AT COLLEGE

Home Economics Club to Receive this Afternoon for Miss Coon

The Home Economics Club of the Women's College gave a Halloween Party for the freshmen in home economics last Wednesday night. A taffy pull and many appropriate stunts added to the fun.

The officers of the club this year are: President, Amy Culver, Delmar; Vice-President, Margaret Melson, Bridgeville; Secretary, Elizabeth Sirman, Laurel; Treasurer, Margaret Morris, Bryn Mawr, Pa.

Activity in the Home Economics Club is an important part of the training in home economics at the College. Teachers of home economics who have the responsibility of high school clubs, and extension leaders are grateful for the training in club procedure gained in undergraduate days.

The state home economics teachers have been invited to tea at the Practice House this afternoon to meet Miss Beulah Coon, the speaker at the afternoon meeting of the home economics section of the State Teachers' Association. Tea will be served by the sophomore class in home economics with the seniors acting as hostesses. Tea will be poured by Edith Lafferty, Wyoming, and Iva Eastburn, Newark.

Miss Amy Rextrew, Director of Home Economics, will leave for Washington on Friday to attend the meetings of the Land-Grant College Association. While in Washington, she will attend a meeting of the executive committee of Omicron Nu, the home economics honor society. Miss Rextrew has been asked by President Hoover to be a delegate to the White House Conference on Child Health and Protection. This conference will be held in Washington November 19 to 22.

Try sausage and fried canned pineapple. Cook sausage meat in fat cakes one-half an inch thick. Brown slices of drained pineapple in the sausage fat and place one sausage cake on each piece of pineapple for serving. Have the plate and the plate very hot.

Raw chopped celery is good in fritters.

THE NEW GYMNASIUM AT THE WOMEN'S COLLEGE, U. OF D.

By Miss Frances Jefferis,
Class of 1931

At the very edge of the lower campus of Women's College stands an imposing brick edifice. Its roof is slate colored, and its window casings are painted white. It harmonizes as to architecture with the other buildings on campus, except for the fact that its windows are larger—about three times the length of an ordinary window, and twice as wide. This is the long-looked-for-to gymnasium, and it is one of which any college in the country might be proud.

The exterior is complete, even down to the detail of an amesite path leading to it. This path is thoughtfully constructed so that there will be no cinders or mud to track in on the floors. There are several maple trees about, but the new look of the building will remain until shrubs have been planted. These have not yet been obtained, but the optimistic authorities in charge are hoping for some.

The interior, however, has not, as yet, been finished because of the lack of funds on hand to pay for its completion. Upon glancing over the inside, you can readily imagine what it will look like when the plans for it have been finally achieved. When you enter, the space for lockers faces

you. Farther on are to be found the tiled showers and bathrooms. The most important feature of the whole place is the seventy-five feet long white tiled swimming pool. It has a place for two diving boards which have not, as yet, been put in. Its gleaming whiteness is tempting—but there is no water in it.

Upstairs is the part where exercises, drills, aesthetic dancing, and apparatus work will be taught. There is a huge room, flooded with light on all four directions from the long windows around its sides. A partition is to be put up, eventually, which will divide this space into two rooms. A balcony extends along the side of one room, which will be useful for seating visitors in time of exhibition of gymnasium work.

The upstairs region is also incomplete. The apparatus has not been installed; a piano will be necessary; and, above all, the cement floor must be covered with hardwood before it will be safe for gymnasium work.

The building stands aloof and unused, and will remain so until money is obtained with which to finish it. It will be worthy of Women's College, and will undoubtedly encourage prospective students to attend the College.

MRS. THOS. SPROGELL HEADS LADIES AUXILIARY V. F. W.

Lt. J. Allison O'Daniel Post and Thos. Cooper Auxiliary, No. 475, V. F. W., held a joint installation of officers in the Post Room, Academy Building.

Mr. Paul Podolsky, Department Commander, of Wilmington, installed the officers of the Post.

Past President Mrs. Alva Wagner installed the ladies. Distinguished guests present were: Commander Podolsky, Comrade Kenneth L. Drake, Chief of Staff, Comrade Zebley, Q. M. C. of Del. Dept. Comrade Bailey, Sister Jennie Ohman, Secretary of Wilmington Auxiliary, Commander Harry J. Wagner, West Grove, Pa.

More than a hundred guests from Wilmington, West Grove, Philadelphia and surrounding communities attended the installation. Luncheon was served by the Newark Branch of the Auxiliary.

The Treasurer, Mrs. Harold Lewis, and the Secretary, Mrs. Lewis E.

Pierce, received gold tokens in appreciation of their services.

Col. S. J. Smith related quite a bit of history of the Auxiliary and V. F. W. in general. Col. Smith is a very able speaker and his speech was thoroughly enjoyed by all present.

The retiring President was presented with a Past President's jewel. Mrs. Wagner recommended continued effort for the success of the organization.

The new President, Mrs. Thomas Sprogell, accepted her office very ably. She asked the co-operation of the members of both the Auxiliary and the Post.

The parent's job in training children in good food habits is only half done when it is well begun. There is always the possibility of the influence of playmates who are allowed to pick and choose what they will eat, or to spend money for sweets and other foods between meals. Good food habits, supervised carefully throughout childhood, make for good nutrition, which is the basis of sound physical development.

NEEDS FOR RED CROSS SERVICE ON INCREASE, SAYS CHAIRMAN PAYNE

Disaster Relief and Service to War Veterans Make Heavy Demands—First Aid on Highways New Plan.

Demands upon the public services that the American Red Cross is organized to give are increasingly heavy, and will continue to be so in the future, John Barton Payne, chairman, has announced.

The two major services of the society—service to war veterans and their dependents, and relief in disasters—show each year a greater number of persons helped by the Red Cross.

Pension legislation passed recently for World War Veterans, and increased allotments to all Spanish-American War Veterans, have given to Chapters and the national society many thousands of additional cases to handle, Judge Payne said.

In the past year help was given in 108 disasters. Ninety of these were in the United States, twelve in foreign possessions and six were in foreign countries.

Health activities of the Red Cross also are being extended, especially in the rural communities where all health authorities agree the greatest need exists. Red Cross, with 794 nurses in its employ, is the greatest employer of public health nurses in rural areas in the United States.

In its campaign against accidental deaths, begun twenty years ago with its life saving and first aid programs, the Red Cross now has adopted an additional program—that of combating the huge toll of life from automobile accidents on the highways.

Expenditures of the Red Cross in the past year were \$4,254,796.34, of which \$1,208,151.09 was spent in disaster relief, the chairman pointed out.

"The Red Cross depends upon the public for its support, through their memberships enrolled once each year in the period from Armistice Day to Thanksgiving Day," Judge Payne said.

"We do not receive any support from the Government, or through other taxation, although as the President of the United States is president of the society, and one-third of its governing members are representatives of U. S. Departments, it ranks as a semi-governmental agency.

"By joining as a member, in the local Red Cross Chapter, once each year, during the annual Roll Call, every citizen will have a part in carrying on this great humanitarian task."

Motor Injuries Treated By Red Cross First Aid

In line with its work for the preservation of life and prevention of accidental death, the American Red Cross has adopted a new program of emergency first aid stations on the highways of the nation, where victims of automobile injuries will be helped.

In the last year 31,000 persons were killed as the result of automobile accidents and more than 1,000,000 were injured. As its contribution to the nation wide safety campaigns of other organizations, the Red Cross will aid through the emergency stations. A number already are in operation by Chapters on such important traffic arteries as the Westchester County, N. Y., park system, the Valley Forge and Gettysburg highways in Pennsylvania and the White Horse Pike in New Jersey, connecting with Atlantic City.

Saving Mothers and Babies Is Important Red Cross Task

Saving mothers' lives and better babies were important features during the past year of the Public Health Nursing Service of the American Red Cross. About four-fifths of the 794 nurses in the Red Cross work made more than 100,000 prenatal and maternity visits, in addition to assisting doctors in the examination of 1,309,403 school children.

Statistics reveal that the lives of two out of three American women who die in maternity cases could be saved if they received proper medical and nursing care. As more than 15,000 women die in the United States each year from various diseases of the maternal state, this means that more than 10,000 of these deaths are preventable.

Comfort Kits Sent 40,000 Service Men by Red Cross

Gay patterned crocheted bags, or comfort kits, containing articles useful and amusing, are sent by the Red Cross to 40,000 soldiers, sailors and Marines, on foreign service, as Christmas remembrances.

The little gift bags are donated and packed by women in Red Cross Chapters all over the country. They are despatched by Army transport in the early autumn in order to reach the foreign ports and posts of the U. S. services in time to be hung on the Christmas trees. Giving the remembrances from home is the outgrowth of a plan adopted by the Red Cross prior to the World War when so many National Guard regiments were on the Mexican border.

DELAWARE WEEKLY INDUSTRIAL REVIEW

The following record of industrial activity lists items showing investment of labor and business activities and opportunities. Information from which the paragraphs are prepared is from local papers, usually of towns mentioned, and may be considered generally correct.

Wilmington—New bank building of Colonial Trust Co. completed and opened at northwest corner of Fourth and Lincoln streets.

Dover may have new post office.

Millville—Town Commissioners making preparations to get sufficient water supply.

Wilmington—Residents of Holly Oak request New Castle County Levy Court to open Maple street between Pennsylvania avenue and Holly Oak road.

Wilmington—Estimates will be prepared for contemplated work on Federal building at Ninth and Shipley streets.

Richardson Park—Community Hall being improved.

Wilmington—Citizens presented petition to have Elliott street from Twenty-fifth street to Concord avenue resurfaced.

Talleyville—New Alfred I. du Pont school here formally dedicated.

With completion of short stretch from Lancaster pike northward, entire old Baltimore pike now open to traffic from Price's Corner to Kennet pike.

Dover—Wesley M. E. Church completed \$3000 sanctuary.

Elsmere—Lockjoint Pipe Line Co., of Amherst, N. J., to locate here while working on pipe line for new reservoir at Old Mill dam.

Wilmington—Cadets of Ferris Industrial School added another building to plant.

John Forrest of Milford received

\$1630 contract by Navy Department to repair and improve heating system at naval radio compass station at Bethany Beach and Cape Henlopen.

Milford—Slag being placed on Milford Neck road.

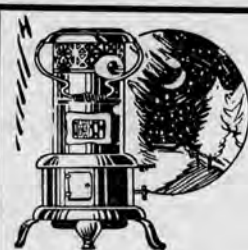

Rehoboth Beach—Rehoboth Blackware and Variety Store moved to new headquarters on Rehoboth avenue.

TURKEY CROP IN MARYLAND AND DELAWARE IS LARGER

The 1930 turkey crops of Maryland and Delaware are estimated to be slightly larger than last year, according to reports of turkey raisers. Richard C. Ross, Federal Agricultural Statistician for these states, reports sold in Maryland this year about 40 per cent will be ready for market at the Thanksgiving season, about 44 per cent after Christmas, and about 8 per cent about 46 per cent will be ready about Christmas, and 9 per cent after Christmas.

In general the dry, hot weather of the past season was exceptionally favorable for raising young turkeys and the proportion of turkey raised to poulters hatched was larger than usual. This had the effect of increasing to considerable extent the decrease in hatchlings due to the relatively unfavorable prices received last year.

The unused pit of a permanent hotbed may be utilized as a winter storage place for celery by removing the surplus earth and substituting a covering of boards for the sash. Some of the celery the same way as in a trench and cover the bed with material that will keep out frost.

Remove the chill from those upstairs rooms.

An oil stove will do it quickly, cheaply and comfortably.

We have all kinds of stoves and heating accessories in stock.

Come in and inspect our display.

Finest quality at lowest cost.

No More "Beef and Beer", As Athletic Records Fall

EDITOR'S NOTE:

Lawson Robertson is without question one of the greatest trainers known to the American track. He not only has coached many famous runners and weight men, but he also was a notable athlete himself, competing in the Olympics at St. Louis in 1904 at Athens in 1906, and at London in 1908. He was trainer and coach of the American Olympic teams in 1912, '20, '24, and '28. In view of the new records constantly being established, we have asked Mr. Robertson to explain the improvement in speed and stamina of the present day athlete. Surely no one is better qualified to speak authoritatively.

—EDITOR.

By Lawson Robertson

(Famous coach of the University of Pennsylvania, and trainer of American Olympic teams)

THE balanced diet now is so common in the training of the American athlete, that I doubt if many of the present day track enthusiasts ever stop to consider how comparatively new this present system really is. We take it more or less for granted that runners, jumpers and weight men naturally balance their meat and other protein foods with certain cereals and fibrous or leafy vegetables to provide the bulk so necessary for proper elimination. Whole rice, which is nearly ideal because of its smoothness and volume of bulk—spinach, lettuce, carrots and beets—all are found regularly on college training tables these days. But let's see how this differs from the way things were done only a few brief years ago.

Beef and beer—believe it or not—were the mainstays of many an athlete whose hair now is just beginning to show signs of gray. The poisons from such a diet were worked off with plenty of physics and innumerable sweats. Today, of course, we know that this is neither a normal nor a healthy way of providing necessary bodily elimination. We now promote intestinal hygiene as nature planned that we should—through eating bulky foods such as rice (the cereal form of which has been found to be most palatable and efficacious), and quantities of the coarser vegetables. With the indigestible matter furnished by such foods, sweats and physics are unnecessary for carrying off the residue and the poisons.

Only a few years ago, too, I remember that milk was banned entirely from the training table. It really is hard to imagine such a thing, isn't it? But then even the training was sort of a bit of

LAWSON ROBERTSON

mass affair. We didn't realize then, as we do now, that a man really runs on his stomach.

I remember a conversation I had with Pat MacDonald some 10 or 11 years ago, when he was at his peak and was heaving the hammer and putting the shot farther than any other mortal. Pat was 44 years old then. As a kid in County Clare, Ireland, he had lived on buttermilk and potatoes. At the time he was breaking weight records right and left he was 6 feet five inches, and weighed 220 pounds. Did he eat what he liked? He did.

"Pat," I said to him the day the N.A.A.U. met opened in Philadelphia. "I suppose you are in good shape for this meet."

"Sure," said Pat. "I had a shave and a haircut last night."

Pat's records have since fallen before younger and more wisely conditioned men.

It has been my theory for a long time that any person's diet—athlete or dub—should be regulated so

that the intake just equals the output. Balancing our meat with plenty of fruit and cereal or vegetable cellulose—bulk, in other words—will do it, and at the same time help keep the weight normal for those whose lives are sedentary. Don't misunderstand me, however. I don't advocate putting a lot of fatness on certain foods. As a matter of fact I let my men eat pretty much what they like, so long as they keep a proper balance of roughage in their diet.

When we consider the almost complete revolution in the dietary habits of our present day athletes, it is not hard to understand why competitors go right on breaking records. The men of today aren't the super-bulks that some authorities would have us believe. They simply are keeping their running, jumping and throwing machinery in better shape through "sane stocking" and they maintain their bodies in fairly good condition the year round, all of which naturally makes the trainer's task much simpler.

Everything considered, it's my belief that a sane, balanced diet is mainly responsible for sweeping in to the discard those records of the "beef and beer" days. After all, most athletes are made—not born. They win with their stomachs, and not in spite of them!

DR. C. R. LAYTON DIES TUESDAY

Prominent in Politics in State
for Many Years; Was
79 Years Old

Dr. Caleb Rodney Layton, former Governor of Delaware, died at his home on East Cedar street in Georgetown at 7:15 o'clock Tuesday morning at 79 years old.

He had been in failing health for several months. Last summer he was in the Jefferson Hospital, Philadelphia, for some time. He suffered with stomach trouble at that time. Early in the fall he returned to Georgetown and apparently improved. He was taken critically ill about two weeks ago and continued to grow weaker until death came. Heart trouble is said to have been the direct cause of death.

Dr. Layton had been prominent in political and civic affairs in Delaware for more than half a century. For many years he was one of the chief opponents of J. Edward Attkins during his fight to get into the United States Senate. He served as Secretary of State under Governor John H. Ryan and later served two terms in Congress, being defeated for a third term.

Both Dr. Layton and his second wife, who survives him, had the distinction of having served as Secretary of State for Delaware. His wife, Mrs. Fannie Herrington, who for many years was chief clerk in the corporation department of the Secretary of State's office was appointed Secretary of State by former Governor Robert P. Robinson after the late William G. Taylor, who then held the office, was lost at sea on a trip to Florida. She served several months, being succeeded by the late Sylvester D. Townsend, Jr.

Although Dr. Layton had been a Republican all his life he announced during the last campaign that he would support Thomas F. Bayard, Democrat for United States Senator. Dr. Layton is survived by his wife, two sons, Daniel J. Layton, of Georgetown, and City Solicitor Caleb S. Layton, of Wilmington, and one daughter, Mrs. R. R. Layton, of Bridgeville.

The funeral will be held at 2 o'clock Friday afternoon in St. Paul's P. E. Church, Georgetown, which he served as vestryman for many years. The Rev. Martin J. Bram, rector of the church will have charge of the service. Interment will be made in the adjoining cemetery.

NEARLY EVERY CAR INSPECTED

Motor Vehicle Check-up is
Declared Successful

It is estimated that well over 90 per cent of the automobiles in operation in this State have been properly inspected.

Harry C. Rodway and Elmer E. Bailey of the Motor Vehicle Department, have found but few automobiles without the requisite red sticker on the windshield. During the inspection campaign over 500 letters were sent out to motorists who did not have their automobiles registered, requesting that they have them registered.

All of these letters, Mr. Bailey said, were returned to the department unclaimed due to incorrect addresses. Therefore, these 500 persons will not be mailed applications for 1931 license, as it is considered useless to do so.

It was stated today that anyone who has moved during the year should write to the Motor Vehicle Department, Dover, giving their full name, old address and new address to which they have moved. Each year there is a lot of trouble experienced by the public on the receipt of renewal applications, due to incorrect addresses.

The front of the application must be signed by the same name on the application printed on the lower portion of the application, and the back of the application must be filled out to the best of the applicant's knowledge. The applications are signed in two places. The operators' licenses will hold over until March 1.

Charles C. Rodway of Dover, connected with the Motor Vehicle Department at Dover, has been making a drive on the license inspection tags.

DORMANT SPRAYS

Spraying during the dormant period of the trees is the best remedy for the San Jose scale, one of the serious orchard pests of the country. Lime-sulphur sprays, petroleum sprays, and soap washes are effective against this pest. Spray the trees in late fall after the foliage is off, in the winter, or in the spring before the foliage appears. It is usually desirable to prune infested trees severely, to simplify the work of spraying and to promote new growth of non-infested wood.

Color in Camels

Camels seem to be singularly free from the color variations that affect so many domestic animals—melanism and albinism. Black camels, presumably melanics, are rare. A breed called Arabian camel is of a very light shade. This seems to be a regular color strain, however, and not a case of albinism.

Lesson for November 16

THE BELIEVING CENTURION, A GENTLE WHOSE FAITH JESUS COMMENDED

LESSON TEXT—Matthew 8:5-13.
GOLDEN TEXT—And from the east, and from the west, and from the south, and from the north, shall sit down in the kingdom of God.

PRIMARY TOPIC—A Man Who Believed Jesus.
JUNIOR TOPIC—A Man Who Believed Jesus.

INTERMEDIATE AND SENIOR TOPIC—Being Fair to Other Races.
YOUNG PEOPLE AND ADULT TOPIC—Overcoming Racial Prejudice.

I. Who the Centurion Was (vv. 5, 6).
His name is not given. His title was derived from the word meaning "a hundred." He was, therefore, officially the commander of a hundred men. "The ordinary duties of a centurion were to drill his men, inspect their arms, food, and clothing, and to command them in the camp and in the field."

II. The Centurion's Need (vv. 5, 6).
He had a very dear servant who was gravely afflicted with the palsy, and at the point of death (Luke 7:2). This slave was highly valued for this character and ability. We are not told in this account as to whether the centurion had employed doctors. In all probability they had been employed and were unable to give help. "The centurion had, no doubt, heard of the wonderful power of Jesus to heal. Therefore, he came to him as the only one who could help."

III. The Centurion's Request (vv. 5, 6).
It was that Christ would come and heal his servant (Luke 7:3). From the account in Luke we learn that the centurion first sent the leaders of the Jews. Being a Gentile, he doubtless believed that he could best secure the attention and consideration of Jesus through the mediation of the Jews. The centurion was of good report among the Jews. The leaders who were sent testified to the good reputation which he bore in the community. They especially mentioned his benevolent deeds to the Jews.

IV. The Centurion's Humility (vv. 7, 8).

As Jesus was nearing the centurion's house the friends were sent to say to him that he was unworthy for him to come under his roof, but because the case of his servant was so grave, he brushed aside all difficulties and personally appeared for help. Jesus is pleased when men realize their utter helplessness and appeal to him for help.

V. The Centurion's Faith (vv. 8-10).

In spite of his unworthiness he committed his case to the Lord. He believed that if Jesus would but speak the word, his servant would be healed. It is most interesting to note his philosophy of authority. He said, "I am a man under authority, having soldiers under me, and I say to this man, 'Go,' and he goeth, and to another, 'Come,' and he cometh, and to my servant, 'Do this,' and he doeth it." He believed that disease was under control, that Christ could order it about just as he ordered his soldiers about. By faith he saw Christ as completely in authority over the most violent malady as he himself was in control over the soldiers under him. His faith was so unusual that Christ marveled at it. He did not marvel in the sense of being surprised at it, but marveled at its intelligence. His faith was based upon the true philosophy of the universe; namely, that the universe is based upon a law and Jesus Christ is the Director and Controller of that law. So greatly was Christ pleased with his faith that he declared that it exceeded anything found among the Jews, that many Gentiles would have a place in the kingdom to the exclusion of many Jews.

VI. Christ's Wonderful Power (v. 13).
He said to the centurion, "I will come and heal him" (v. 7). Note his perfect confidence in himself. He did not say, "I will come and see what I can do," but "I will heal him." He knew that all power was given unto him by the Father. He did not need to go and touch the centurion's slave, but needed only to speak the word, and it was done. He could heal from miles away as well as when in the presence of a sick person. How wonderful is the power of the Lord Jesus Christ! Let us trust him at all times and under all circumstances.

Success in Christian Work

Our success in Christian work depends on our own spiritual life. We can never bring a soul nearer Christ than we are ourselves.—Presbyterian.

Jesus With Us

Jesus is more likely to be with us in our prayer meetings if we are quite anxious to be with Him in our social evenings.—Echoes.

Oil Is Needed

"A lamp that's going out doesn't need a match—it needs more oil.—Missionary Worker.

He Is Risen

He is risen, I am risen to him, why, then, should I cleave unto the dust?—C. H. Spurgeon.

STATE MAY BUY SCHOOL BONDS

Governor Buck Suggests Plan
to Get Securities with
Surplus Funds

To have the State assume all school bonds in the State, amounting to \$2,500,000, pay off the remaining debt of the State amounting to about \$4,500,000 and to pay for all new schools in the State out of State funds, instead of compelling the districts to share in the cost, is the plan of Governor C. Douglass Buck. The State is already caring for county road bonds as rapidly as they come due.

In order for the State to assume responsibility for the school bonds it will be necessary for the Legislature to pass a law making such provision and providing a means for the bonds to be taken care of. The highway bonds which make up most of the State debt can be cared for by the Governor and other officials as they become due. This is provided for in the State Highway Law.

When the school bonds were issued by the various districts no provision was made for redeeming them and they must run to maturity unless the State is able to purchase them from time to time. The plan of Governor Buck is for the Legislature to pass an act providing that the State assume responsibility for these bonds. This fund would be invested by a commission to be appointed and the proceeds used to pay interest on the bonds and pay the bonds themselves at maturity. As the bonds pay different rates of interest and some rates are high it is doubtful if the State could invest funds at a sufficient rate of interest to take care of the interest on the bonds.

It is the intention of the Governor to pay off \$1,000,000 additional in highway bonds the first of the year. This is possible because the law makes provision for redemption by the Governor and other state officers. Incidentally the Highway Act is the only one which provides for the redemption of bonds before maturity.

At the time Governor Buck assumed office there were \$12,500,000 outstanding highway bonds. Of this amount \$7,785,000 have been paid. Highway bonds issued by the counties have been taken care of by the state for more than two years. Each Legislature, however, is compelled to pass an appropriation to take care of the bonds maturing and it is likely that the same action will be taken by the next Legislature.

By treating with coal-tar creosote, short-lived woods such as soft maple, beech, sweet gum, young or sap pine, and red oak may be made more durable for use as posts and poles on the farm. The longer life of the treated wood and the possibility of using some of the cheap and inferior kinds more than offset the cost of treatment, says the Forest Service. Timber should be peeled 3 or 4 months before treatment and should become thoroughly seasoned. Keep the butts of the posts for 1 or 2 hours in creosote heated to 180 to 220 degrees F., treating the wood to about a foot above where it will meet the surface of the ground. In a southern climate, the whole post should then be put into cold oil, 80 to 100 degrees F., for 1 to 2 hours. In northern climates, where decay is less rapid, the cold treatment is applied usually to the butts only, the tops being treated by painting or dipping in creosote.

SIMONTON MAY LEAD SENATE

Appears Choice of Republican
Party to be President
Pro Tem

Senator William A. Simonton will be the choice of the 1931 session of the State Senate as its president pro tem, according to reports current in political circles. He served in that post at the past session, and due to his re-election last Tuesday, it is anticipated that he will be the choice again.

The Republican party, of which Senator Simonton is a member, has control of the next State Senate by a vote of 12 to 5. Whether or not there will be any opposition to Senator Simonton in the Republican ranks, is unknown as yet. However, friends of Senator Simonton believe that he will be the caucus choice for president pro tem.

Senator Simonton represents the First Senatorial district of Wilmington. He was first elected in November, 1922. Four years later he was re-elected and last Tuesday the voters of his district chose him for another four year term.

While serving as president pro tem at the last session of the Legislature, Senator Simonton made himself a host of friends throughout the State in both parties. He has sponsored many important measures in the Senate and has led his party's battles for several bills.

Senator Simonton is a retired official of the du Pont Co., with which firm he was connected for many years. He is well known as a sportsman, his favorite recreations being trapshooting, hunting and fishing. He is a member of many organizations and has toured the world. During his most recent trip of the world, he took many interesting photographs of the sights which he saw.

MILK EASILY SPOILED

Under no circumstances should milk be placed in a refrigerator in an open pitcher, bottle, or other uncovered container. It should be tightly stoppered and should not be opened until immediately before use. If only a part of the bottle of milk is used, the cap should be replaced.

The temperature of the home refrigerator, in the milk compartment, should be kept at or below 45 degrees F. if possible. Refrigeration is used to retard the development of bacteria in milk, and above this temperature, bacterial growth is very rapid, causing changes to take place in the milk that may render it unfit for food.

BUCK URGES AID FOR RED CROSS

Issues Statement on Opening
of Annual Roll Call

Governor C. Douglass Buck Tuesday issued a statement in which he termed Armistice Day as a fitting time to begin the annual roll call of the American National Red Cross, and Thanksgiving Day as a proper time to close it successfully.

The statement follows: "On Armistice Day, which day recalls to us the sacrifices of those who died and the suffering of those who struggled in the greatest war of the history of the world, it would seem fitting that the annual roll call of the American National Red Cross should be begun, and on Thanksgiving Day, which day offers to us the privilege of expressing our gratitude for life, liberty and peace and brings to us the opportunity to consecrate our best efforts spiritually and materially to their advancement, it should be brought to a successful close."

"The necessity of maintaining at all times a National organization prepared to act instantly and efficiently in times of great disaster is universally recognized, and not since the World War has the American Red Cross organization faced such demands upon its resources, which must be financed largely through the enrollment of members during the Roll Call period."

"The service activities of the local Red Cross organization in teaching home hygiene, in training for care of sick at home, in encouraging first aid in accidents, and in assisting in claims for war veterans also warrant the interest and cooperation of all of us."

"To this end, I would earnestly call to your attention the Fourteenth Annual Roll Call and confidently urge the hearty response of the people of the State of Delaware to this call by enrolling under the banner of the American Red Cross."

"C. D. BUCK,
Governor of Delaware."

TREATED POSTS LAST LONGER

By treating with coal-tar creosote, short-lived woods such as soft maple, beech, sweet gum, young or sap pine, and red oak may be made more durable for use as posts and poles on the farm. The longer life of the treated wood and the possibility of using some of the cheap and inferior kinds more than offset the cost of treatment, says the Forest Service. Timber should be peeled 3 or 4 months before treatment and should become thoroughly seasoned. Keep the butts of the posts for 1 or 2 hours in creosote heated to 180 to 220 degrees F., treating the wood to about a foot above where it will meet the surface of the ground. In a southern climate, the whole post should then be put into cold oil, 80 to 100 degrees F., for 1 to 2 hours. In northern climates, where decay is less rapid, the cold treatment is applied usually to the butts only, the tops being treated by painting or dipping in creosote.

On the Down Grade
We expect old men to be conservative, but when a nation's young men are so, its funeral-bell is already rung.—Henry Ward Beecher.

GIVE "MOVIE" SHOW

Hockessin Colored Parent-Teacher Association cleared \$12.00 at a benefit moving picture show during October. At a meeting on November 5 plans were made to have a benefit concert by a quartet from Oxford, Pa., on November 20th. A number of people joined the association. Refreshments were served.

Dumplings for stew or soup must be cooked tightly covered. Don't remove the top during the cooking to see if they are done or they will not be light. Boil 15 minutes and then serve.

In getting the house ready for winter, keep in mind its warmth, safety, convenience, economy of operation and appearance. Let your fall housecleaning contribute to these ends in each detail.

TREASURY DEPARTMENT

HOLD STATE RED CROSS MEETING TUES., NOV. 11

Judge J. B. Payne Speaker at Annual Meeting of Chapter
300 WERE PRESENT

Judge John Barton Payne, chairman of the American National Red Cross, was one of the speakers at the luncheon held Tuesday by the Delaware Chapter of the American Red Cross in the du Pont-Biltmore at 12:30 to start the annual roll call. The chairmen and their committees and members of the executive committee were the guests of Henry P. Scott, chairman of the chapter in Delaware and Pierre S. du Pont at the luncheon, which was followed by the annual meeting and election of officers.

Walter Davidson, assistant manager of the Eastern Area at the national organization, also was a speaker. Mr. Scott presided.

The Rt. Rev. Philip Cook, Bishop of the Episcopal Diocese of Delaware, gave the invocation. The benediction was given by the Rev. Charles L. Candee, D. D., former pastor of Westminster Presbyterian Church. Mayor George W. K. Forrest extended greetings from the city to the group.

Those at the speakers' table were Judge Payne, Mr. Davidson, Mr. Scott, George Winchester, treasurer of the Delaware Chapter, Miss Emily P. Bissell, Bishop Cook, Dr. Candee, Mayor Forrest and Mrs. H. Margaret Whitcomb, who is field representative from the national body for Delaware and Maryland, and is acting executive secretary.

Executives from all the social agencies in the city were invited to attend the affair and many accepted. Other well known Delawareans who were present are: Mrs. A. D. Warner, Mrs. Pierre S. du Pont, Mrs. Henry P. Scott, Judge and Mrs. John P. Nields, Henry J. Bailey, president of the Rotary Club, William A. Staving, president of the Kiwanis Club; James T. Chandler, Jr., president of the Lions Club; S. M. Stouffer, city superintendent of schools; M. Channing Wagner, assistant superintendent of schools; Walter Dent Smith, of the Delaware Safety Council and chairman of the first aid committee of the chapter; George Carter, editor of the Evening Journal; A. O. H. Grier, editor of the Every Evening; A. W. Cummins, editor of the Morning News; Harry H. Cleaves and A. E. Fletcher, editor of the Press of Kells; C. E. Bounds, editor of The Newark Post; Mrs. Frank L. Reynolds, president of the New Century Club.

About 300 guests were present. These included officers and workers from all of the branches in the state, namely: Bellefonte, Bridgeville, Camden-Wyoming, Claymont, Clayton, Delaware City, Delmar Dover, Frankford, Georgetown, Greenville, Harrington, Hockessin, Kenton, Laurel, Leipsic, Lewis, Middletown, Milford, Millsboro, New Castle, Newark, Newport, Odessa, Port Penn, Seaford, Smyrna, St. Georges, Townsend, Rehoboth, Felton and Farmington.

WHITE, SLOAN MAY BE LOST TO BLUE HEN TEAM

Injuries May Prevent Delaware Stars from Drexel Game

MAYER IS FIND

University of Delaware football squad was given a day of rest Monday for the fine work they did on Saturday in defeating Mt. St. Mary's 13 to 6. This made two hard games on successive Saturdays that the Blue and Gold had won, one against Swarthmore and the other against the Maryland team, and in view of this fact the coaches decided to give them a rest before starting the grind of practice Wednesday.

It will not be known for several days whether or not the hard game on Saturday has handicapped Delaware for the remainder of the season. Because of the fact that none of the players were required to report in uniform it is not sure just how serious some of the injuries to players were.

There is much concern over the condition of "Boo" White, whose offensive work featured the first half of the game for Delaware and who scored the Blue and Gold's first touchdown. It is feared that he has a couple of fractured ribs that may keep him out of the game on Saturday with Drexel. Then there is Captain Sam Sloan, who sustained an injured knee which according to present indications may keep him out for a couple of weeks. Both of these star players are under the care of physicians and it is hoped that they may recover from their injuries in time to play against Drexel. Drexel is looked on as probably the hardest game remaining on the schedule and Coaches Zeigler and Rogers are anxious to have their entire varsity available for this game.

Players and fans alike continue to commend the great playing of "Winnie" Mayer, the local boy in the Mt. St. Mary's game on Saturday. It is generally believed that the work of Mayer in this game will win him a regular berth on the varsity.

Fortunately regardless of the injuries to Sloan and White the team has some excellent reserve material that can be used even should they not be able to play on Saturday. It is thought that Lane, a good back and Donaghue a star end, who have been out with injuries will be in shape to play on Saturday.

STATE HIGHWAY POLICE MADE 446 ARRESTS LAST MONTH

A report of the arrest of an aviator appeared for the first time on the report of the State Highway Police for October. He was arrested near Dover on a charge of taking up passengers without a proper license.

The report in full follows: Fines paid, \$4,672.50; fines imposed but not paid, \$1,930; total number of arrests, 446; total reprimands, 2,535; arrests, reckless driving, 117; no operator's license, 61; unregistered automobiles, 31; drunken and disorderly, 28; overloaded truck, 23; operating while under influence of intoxicating liquor, 21; permitting unlicensed driver to operate, 20; no chauffeur's license, 15;

improper lights, 10; larceny, 10; improper tags, 9; failing to stop at cross roads, 9; held as witnesses, 7; assault and battery, 6; interfering with an operator, 6; improper brakes, 4; disorderly conduct, 4; assault, 4; no title, 3; no mirror, 3; no windshield wiper, 3; on photo on paid driver's license, 3; passing on the right, 3; lending operator's license, 3; passing worthless checks, 3; taking car without consent of owner, 3.

Two arrests were made for each of the following offenses: Overloading rear axle of truck, failing to signal, using a muffler cut out, no clearance lights, making threats, carrying concealed deadly weapon, trespassing, highway robbery, displaying fictitious operator's license. One arrest was made for each of the following offenses: Parking on highway, leaving scene of accident without reporting it, failing to stop at request of officer, no horn, no airplane transport license, no parking light, allowing live stock to roam at large, forgery, felonious assault, manslaughter, insanity, wife beating, abduction, murder, fugitive from justice, breaking and entering, using female child for immoral purpose, and robbery.

SOCCER CAPTAIN OUT FOR SEASON

Fear Caulk Has Broken Ankle; Injured in Practice

The University of Delaware soccer team suffered a severe setback Wednesday when the possibility loomed that James Caulk, center-forward and captain of the team, will be out of the play for the remainder of this year's schedule due to an injury he suffered in practice.

While attempting to head the ball on a difficult play, Caulk tripped and fell, injuring his ankle. A report from the physician has not yet been received, but it is believed that the ankle was fractured. If this is the case, he will in all probability not be able to play again this year.

Captain Caulk is one of the strongest assets on the team. Throughout this season and last he played a consistently strong game and was one of the principal factors that enabled the Blue and Gold team to hold the strong Chalfont-Haddon Hall aggregation to a score of 3 to 0 last Friday. The game was played at night in the new Atlantic City auditorium.

Two more games, both of them away, remain on the Delaware schedule for this year. They are the matches with the Army varsity team and that of Franklin and Marshall. The Army game is scheduled for next Wednesday at West Point.

So far this season, the Delaware booters have had to content themselves with the short side of the story. While they have succeeded in holding strong teams to low scores, they have not yet managed to march off with a win.

This condition of affairs is attributed largely to two factors, lack of a coach and lack of good material for the line. While the turnover was larger this year than ever before was larger this year than ever before and an exceptionally large number of promising men were discovered, there has not been enough time to develop them as yet.

GEN. T. C. DUPONT, EX-U.S. SENATOR, DIES TUESDAY

Founder of Good Roads in State Succumbs in Home; Funeral Today

WAS G. O. P. LEADER

General T. Coleman du Pont, former United States Senator, financier, philanthropist and the father of the good roads system in Delaware, died at his home, 808 North Broom street, Tuesday afternoon at 3 o'clock. He was 67 years old.

General du Pont had been ill for several years, suffering from a complication of troubles that developed from a serious throat ailment.

Members of his family were at his bedside when he died.

General du Pont's funeral will take place from his home this afternoon at 2:30 o'clock. Services will be held at his home and interment will be private.

He is survived by his wife, Mrs. Alice du Pont and the following children: Mrs. Holliday S. Meeds, Jr., Mrs. C. Douglass Buck, Mrs. John Donaldson, of Irvington, N. J., and Frank V. du Pont.

Mr. du Pont came to his home in Wilmington last Tuesday from his country home at Cambridge, Md., and apparently withstood the strain of the trip well. During the latter part of the week, his condition grew more serious until death resulted Tuesday.

Although in failing health and especially more so since his resignation from the United States Senate, Mr. du Pont never lost interest in Delaware or his native State of Kentucky.

Considered the leader of the Republican party in Delaware, he was well informed of his party's affairs in the State and nation, even though confined practically to the seclusion of his home.

During the last political campaign in this State, he issued a statement to the voters, asking them to return to the next Congress, the candidates of the Republican party that they might serve the best interests of the Hoover administration and aid the President to carry out his legislative policies.

Mr. du Pont was the donor of \$230,000 to the commonwealth of Kentucky for the purchase of the Cumberland Falls area for a state park.

A native of Louisville, Mr. du Pont sent the money after passage by the Legislature of an act accepting the gift and authorizing the state to take action toward acquiring the land for park purposes.

Always being interested in good roads Mr. du Pont in 1912 conceived the idea of a concrete boulevard the entire length of the State. The Legislature approved his plan of building the road at his own expense but there was litigation over the subject and it was sometime before the road was built. When opposition to the original plan was shown he deposited a fund for the completion of the road by the State and it was completed and named du Pont Boulevard. He spent about \$4,000,000 on the road. This road led to the establishment of one of the finest road systems in the country in this State. It was one of the largest and at the same time one of the most useful gifts ever made a State. The first part of the road was built by Mr. du Pont himself and it was given his personal attention during the construction.

INTERESTING EXHIBITS ON DISPLAY IN SCHOOL
A number of interesting exhibits have been arranged in the Newark

school in connection with the annual convention of the Delaware State Education Association here today and tomorrow.

An exhibit of art objects and work has proved of great interest to 1000 or more teachers here to attend the convention. This exhibit is of the work that has been done by the students in the schools in the field of art. A school exhibit is also at the school, showing what each school has done and accomplished during the past year.

One of the most extensive displays of school equipment, including seats, chairs, books, drawing materials, school material, blackboards and other apparatus necessary in the modern school, ever to be seen here is on exhibition. Here the educators can see the latest and most modern things in school equipment, and can gain helpful ideas to take back to their schools.
