UNITED STATES SENATE
Washington D.C. 20510

June 9, 1969

Mr. William F. Wilgus, Jr.
Secretary of the Senate
Dover, Delaware 19901

Dear Mr. Wilgus:

Enclosed is a copy of the response I received concerning Senate Resolution 36. As you can see, the Corps of Engineers does not favor installation of lighting as lack of it has not proven to have caused any auto accidents and the addition of it presents a navigational hazard.

With best wishes and highest regards, I am

Sincerely,

J. CALEB BOGGS

4 June 1969

Honorable J. Caleb Boggs
United States Senate
Washington, D. C. 20510

Dear Senator Boggs:

This is in response to your recent inquiry concerning Resolution 36 of the

125th General Assembly of the State of Delaware which seeks installation of lights to illuminate the roadway of the St. Georges Bridge across the Chesapeake and Delaware Canal.

Fixed high level highway bridges cross the Chesapeake and Delaware Canal at St. Georges, Reedy Point, Summit, Delaware and Chesapeake City, Maryland. Roadway lights are not provided on these bridges. The Philadelphia District Engineer reports that he is not aware of any accidents which have occurred on these bridges as a result of inadequate lighting of the roadway. The Delaware State Highway Department has no criteria which would require the lighting of these bridges, and does not install roadbed lighting on their bridges constructed over other waterways.

Roadway lighting was previously installed on the St. Georges Bridge, but was removed approximately 20 years ago at the insistence of navigation interests since it interfered with visibility beyond the bridge and thereby endangered navigation. Roadbed lighting, as requested in the resolution, is not recommended as it would not provide a discernible benefit to highway traffic whereas it would create a hazard to navigation.

Sincerely yours,

FERD E. ANDERSON, JR.
Colonel, Corps of Engineers
Acting Assistant Director of Civil Works
for Atlantic Divisions

State of Delaware
Senate
Dover

June 18, 1969

Mr. Charles Eller, Chairman
Delaware State Highway Department
Dover, Delaware

Dear Sir:

We the undersigned are and have been extremely concerned by the reluctance of the Delaware State Highway Department to provide an acceptable Dover By-Pass.

The increase in traffic and its concomitant hazzards makes it mandatory that immediate engineering and funding begin to alleviate this frustrating impasse.

We wish to assure your Department that we are prepared to amend the current Capital Improvement Program now before the Delaware Senate, to include funds for a Dover By-Pass, so long as it does not follow the previously discussed "West Dover Alignment."

We make this appeal to you because we are pre-cluded from directing a specific alignment by Constitutional Prohibitions. If it were not for this Constitutional Prohibition, we would amend the Bond Bill to fund this much needed traffic artery.

We earnestly solicit your cooperation in this matter and shall await your prompt reply.

Sincerely,
ANDY FOLTZ
ALLEN COOK

Senator Robbins made a motion that the following report be made a part of the record. Motion prevailed-without objection.

STATEMENT OF THE SENATE COMMITTEE Investigating the State Department of Welfare With Respect to the Review and Response Of the AD HOC Committee of the Board of Welfare Dated May 19, 1969

1. It is concluded that the Review and Response of the Ad Hoc Committee of the Board of Welfare dated May 19, 1969 is a self-serving statement which does not go to the root of the problem of mismanagement and incompetence of the Board and the staff of the Department of Public Welfare.

2. The seven page forepart of the Ad Hoc Committee's report entitled INTRODUCTION dwells on the law, the Department of Public Welfare's apparent interpretation thereof and some of its philosophy. It can be quickly observed that the Department's understanding of the words in the law "...assistance shall be administered in such a way and manner as

to encourage self-respect, self-dependency and the desire to be a good citizen and useful to society" is not in harmony with that of the taxpaying public.

The Department does little to implement the above stated objectives. To the contrary it subsidizes criminals, wastrels, loafers and promiscuity. Its staff puts most of its emphasis on seeking out new candidates for welfare benefits and little if any on weeding out the undeserving. Recent public statements by its chairman, Dr. Walter A. Dew, which implied that given enough staff the Department could find 50,000 more people to put on the welfare rolls is indicative.

3. The Federal Bureaucracy of "give-away artists" produces ridiculous rules and regulations to promote the ever enlarging "welfare state". The team of "kooks" from Washington that visit the Department's headquarters a few times a year, by late morning train; a relaxing lunch with staff and an early afternoon return train to Washington, are no help, but certainly insidious.

4. The four page summary entitled THE PROBLEM in the Ad Hoc Committee report in effect says "it is not our problem it is society's problem". It refers to a number of reports and studies, but it has done precious little to heed them, instead it merely asks for more money. If the Department were an elected body, it would have been voted out of existence long ago.

5. The next fourteen pages of the report entitled REVIEW concern themselves primarily with money and the need for more of the same. Had the Department tried a little harder it could probably have made a case for asking twice as much. Never have we seen suggestions of any import for ways of saving money. Abuses in the system are justified as being a small percentage of the whole. If they were corrected instead of being waved aside, the confidence in the Department on the part of the public and its Legislature might engender a more favorable attitude for funds for the truly needy.

6. The next eighteen pages of the report entitled COMMENTS ON SENATE INVESTIGATING COMMITTEE RECOMMENDATIONS AND ON LEGISLATIVE RECOMMENDATIONS quickly accepts those recommendations which it sees may require more staff and funds to support them, but it rejects recommendations which are intended to "tighten up" as being "repressive".

The SUGGESTIONS at the end of the report are in the same vein. All seven suggestions could quickly add up to millions of dollars of additional burden on the taxpayers, annually.

7. It is high time that the Department should undertake a critical self-analysis. It should ask itself what the public is asking, such as:

(a) Should welfare recipients cash welfare checks in liquor stores and purchase liquor while children go without food and milk, so that neighbors must bring food to the table at Christmas time?

(b) Should women and children be left presumably to live alone in order to obtain welfare grants, while their men presumably live elsewhere (even with another woman) and drive a truck at \$125 a week, with occasional clandestine visits back home on days other than that of the preannounced visit of the welfare worker?

(c) Should Federal food distribution to welfare recipients be of such commodities that the recipients will not use them, but will sell

them or throw them away?

(d) Should welfare recipients own color television sets and stereo radios and record players which many hard working people cannot afford?

(e) Should welfare recipients drive up to banks in their automobiles or taxis and deposit their welfare checks in savings accounts?

(f) Should welfare recipients make installment payments on their automobiles at banks and finance companies with welfare checks?

(g) Should nests of prostitutes, on the welfare rolls, be allowed to ply their lucrative trade?

(h) Should employed persons be permitted additional welfare grants which then provide total incomes at an annual rate of from \$3,900 to \$6,600?

(i) Should welfare rolls welcome persons who became unemployed because of their own irresponsibility such as drunkenness, absenteeism or refusal to work within an area of their limited competence?

(j) Should welfare be granted to persons who refuse jobs within their area of competence or even refuse training for such jobs?

(k) Should the Department retain persons on its management team who persist in obstructionist tactics destructive of the morale of the staff?

(l) Should the Department hire political hacks who make little if any contribution to its productivity or progress?

(m) Should the Department retain malingerers and alcoholics whose work performance is nil?

(n) Should the Department condone the promotion by staff of so-called "WELFARE IS OUR RIGHT UNIONS" composed of both staff and welfare recipients?

(o) Should the Department condone staff personnel hanging out in taverns or other places of leisure during working hours?

(p) Should the Department management resist constructive efforts on the part of a few dedicated staff members to "tighten-up" or improve methods and procedures by an attitude of "forget it" and don't make waves.

(q) Should the Department condone the uncooperative and sometimes insulting manner of some of its black employees toward poor applicants who happen to be white?

(r) Should not the Department be more helpful in aiding women burdened with unwanted children who wish to become sterilized?

(s) Should the Department continue payments to recipients who have been previously overpaid and failed of restitution?

(t) Should the Department continue payments to recipients who falsify their financial and income status?

(u) With the profusion of unskilled job opportunities available in the area, does the Department's "pass the buck to other paper shuffling agencies" approach, with little if any effective follow-up, help to make welfare recipients self supporting?

(v) Is the public policy well served when a child who has been a part of a family on the welfare rolls all her life proceeds to breed an illegitimate child of her own and is thereupon continued on the welfare rolls in her own right?

(w) Is the public policy well served when a single man with

two dependents and a record of 46 arrests is allowed to become a welfare recipient?

Dear Bill:

This acknowledges receipt of your letter of June 10, 1969, along with the copy of Senate Joint Resolution No. 8, wherein I am asked to

reconsider my earlier decision not to run for re-election.

I would not be human if I did not deeply appreciate the sentiment behind this resolution; however, I am confident that my decision is in the best interests of the state and the country.
