NUMBER 12

LOCAL OFFICERS CATCH AND JAIL HIT-RUN DRIVER

Pennsylvania Car Forced From Road And 4 Injured; Keeley and Cunningham Find Car And Negroes, Who Caused Accident and Sped Away.

OTHER TRAFFIC CASES

Two Elton negroes are in the New Castle County Workhouse and two others are held in \$500 bonds as material witnesses as a result of a hit-run accident in Newark, Sunday, in which four persons were injured.

The accident occurred shortly after six Sunday evening, on the Elton road near the Mackenzie and Strickland Garage, when a car driven by Robert L. Hendrickson, of Chester, Pa., was struck by another car passing and cutting in, and forced from the road into a telephone pole. The driver of the other car put on a burst of speed and disappeared. There were four persons in the Hendrickson car and all were injured. The most seriously injured were Mrs. Hendrickson, wife of the driver, and Charles Arthur, of Chester, both of whom are in the Homeopathic Hospital, Wilmington. Mrs. Hendrickson is suffering from several fractured ribs, severe lacerations and possible internal injuries. Mr. Arthur is suffering from fractured ribs and injury to his back and lacerations. The hospital reports their conditions improved today.

Mr. Hendrickson and Mrs. D. Colony, of Elmhurst, Pa., another passenger, received bruises and lacerations. All four were taken to the Flower Hospital, where first aid was given them. No doctors could be located in town and the Newark ambulance was in Wilmington on a call, so Mrs. Hendrickson and Mr. Arthur were taken to Wilmington in the Elton ambulance.

The Hendrickson car, a Ford sedan, was badly wrecked. It struck the pole with such force that it left an imprint of the license tag.

Another car, which was following the Hendrickson car, chased the car causing the accident far enough to take the number, and the local police found that the number had been issued to Nathan James, colored, who lives near Newark. Neither the car nor James were located until Monday morning, when Chief Keeley and Officer Cunningham took James into custody and confiscated his car. The car, (Continued on Page 4.)

NEW PASTOR ARRIVES

Dr. Walter E. Gunby and his family moved into the M. E. parsonage on Wednesday. Dr. Gunby was in charge of the prayer meeting that evening and will, in the course of his regular duties, occupy the pulpit of the Methodist Episcopal Church next Sunday.

Rev. Daston W. Jacobs and Mrs. Jacobs moved into the district parsonage in Wilmington yesterday.

Last Sunday morning, Dr. W. E. Gunby preached in the M. E. Church and immediately following the service Dr. Harvey W. Ewing, in behalf of the congregation and friends, presented Rev. and Mrs. Jacobs a beautiful radio.

Next Monday there will be a reception in the Church for Dr. Gunby.

LEGION AUXILIARY WILL DISTRIBUTE POPPIES

The Woman's Auxiliary of the Lieutenant J. Allison O'Daniel Post, American Legion, will have charge of the sale of the Legion Poppies in Newark for Memorial Day. Mrs. Wayne Brewer is chairman of the poppy committee. The sale of poppies originated in France with the American Legion.

The Auxiliary of the Newark Legion Post has won a prize offered by the Post for securing thirty members in thirty days. One of these is a gold star mother.

COUNTRY CLUB DINNER

The annual Newark Country Club get-together dinner will be held in Old College on Saturday, April 27, at 6:45. It will be a he-golfers orgy from which the ladies will be excluded. The dinner committee is composed of Dr. W. H. How, Courtland Houghton and Dr. W. O. Sypherd. Dr. Sypherd will be toastmaster.

On May 20, the Country Club will hold its annual card party in the New Century Club.

ALUMNAE MEETING

The Newark Chapter of the Women's College Alumnae Association will meet on Monday, April 23, at 8 o'clock at Mrs. Russell Morris' on Orchard Road.

Free Scouts Eagle

The grey eagle, presented to the Delaware Boy Scouts, last week, is again soaring over this part of the country in freedom. The Scouts took the eagle to the Wilmington Zoo, but no cage there was large enough to hold it. Canby Mammele, who maintains a private zoo in Wilmington, was appealed to. Mr. Mammele examined the eagle and said that it was two years of age, and too old to thrive in captivity. The Scouts then brought the bird to Newark and released it.

The eagle was caught near Strickersville by Fred Ferguson, in a hawk trap, and Mr. Ferguson brought it to Walter Powell who gave it to the Scouts as a mascot for their summer camp. The bird measured exactly six feet from wing tip to wing tip.

FRANK COLLINS BECOMES MAYOR

Sworn Into Office With New Councilmen; Officials Elected, Committees Appointed; Council Votes For Advanced Time Schedule

At a special organization meeting of the Council of Newark, held Tuesday night, Mayor-elect Frank Collins and the new members of Council were sworn into office and seated. Councilman Hubert, who retired as president pro tem of the body, swore and seated Mayor-elect Collins, and Mayor Collins swore and seated the three new members of Council: Daniel Stoll, Herbert Henning and Ralph L. Haney.

At the conclusion of the special organization meeting, Mayor Collins called, immediately, another special meeting for the discussion of pertinent business.

After some discussion, the Council voted in favor of a schedule of advanced time, beginning April 29, and decided that town employees and town business would operate on that schedule.

The street improvement program was discussed at length, and Mayor Collins stated that he would scale the streets and report at the next meeting, the amount of work to be done and the possible extent of the program for this year.

At the organization meeting the following town officials were elected to officers, unanimously: Mrs. Laura Hossinger, secretary-treasurer; Chas. B. Evans, attorney; Daniel Thompson, alderman; Robert Motherall, assessor; Miss Alice Kerr, bookkeeper; H. R. Baker, milk inspector; C. R. E. Lewis, superintendent of streets; W. R. Kennedy, plumbing inspector; James Keeley, chief of police; William Cunningham, police officer.

It was voted that the regular meeting night should be the first Monday of the month.

Mayor Collins appointed the following committees: Light and Water Committee, Daniel Stoll, chairman, O. W. Widdoes, W. P. Wollaston; Town and Sewer Committee, C. C. Hubert, chairman, Ralph Haney, Daniel Stoll; Street Committee, O. W. Widdoes, chairman, Herbert Henning, W. P. Wollaston.

Mayor Collins reappointed the Newark Board of Health, which is composed of the following: Dr. J. R. Downes, Dr. W. Hurdle, Paul Lovett, O. K. Strahorn and H. R. Baker.

On recommendation of Councilman Stoll, chairman of the Light and Water Committee, Jacob Shew was reappointed superintendent of the light and water works; Elmer Ellison, assistant superintendent; A. M. Sakers, operator of the water works; and Homer Vansant, sewer operator.

On motion of Councilman Widdoes, the salary of Miss Alice Kerr, bookkeeper, was increased to equal that of the secretary-treasurer, and the salary of A. M. Sakers was increased \$5 per month.

COL. SMITH METHODIST MEN'S CLUB SPEAKER

Colonel S. J. Smith was the speaker at the Tuesday evening meeting of the Methodist Church Men's Club and gave a very interesting talk on "The Summer Palace and the University of Peking, China." Colonel Smith was completely familiar with the atmosphere of his subject as he had been in Peking during his service with the United States Regular Army.

CHIMNEY FIRE

The Aetna Hose, Hook and Ladder Company had a cold, wet run Tuesday morning to extinguish a chimney fire on the McElwee house in Glasgow.

POPPY PROCEEDS FOR VETS RELIEF

Newark Foreign War Veterans Will Sell "Buddy" Poppies; Drive For Memorial Home Launched; Post To Refurbish Cooch's Bridge Monument

The Flanders poppy, symbol of America's tribute to its war dead, will make its appearance on the streets of this city on May 27, when members and friends of Lt. J. Allison O'Daniel Post, Veterans of Foreign Wars, will make their annual appeal in behalf of disabled and needy veterans and their dependents.

Those who purchase the little red flowers will be contributing to various phases of welfare work that have been assumed by the Newark Post and the national organization. Primarily they will be buying poppies that have been fashioned by the hands of disabled veterans, still patients in government hospitals throughout the land, who are thereby afforded a source of income for necessities not included in government regulations.

In addition, the fund created by the sale of V. F. W. Buddy Poppies will serve to maintain many other branches of local and national welfare work for the benefit of ex-service men. By means of the sale of poppies, the local Post is enabled to give aid and relief to comrades in distress, those whose disabilities have destroyed their source of livelihood and others who have been the victims of unemployment or misfortune. Dependents of needy ex-service men are cared for by this fund, which also makes it possible for the Post to give all deceased veterans military funerals and provide proper maintenance of all graves.

A certain percentage of the poppy distribution proceeds goes for the maintenance of service and liaison work at the various Veterans Bureau regional offices and in Washington. (Continued on Page 4.)

SCHOOL BOARD ELECTION MAY 4

R. S. Gallaher, Retiring Board Member, Will Probably File For Reelection; Newark Schools Have Prominent Part In State P.-T. A. Meeting

The annual school election of the Newark Special School District will be held, on May 4, in the new school building, from 2 to 5 p. m. One member of the Board of Education will be elected to serve a term of three years. Robert S. Gallaher is the retiring board member, and it is expected that he will file for reelection. Any citizen, living in the school district, is eligible to vote at a general election, is eligible to vote at the school election.

The Newark schools took a prominent part in the annual State Parent-Teacher Association Meeting, held in Dover last Saturday. The meeting was in three parts: exhibitions, demonstrations and a general meeting.

Grades one, three, six and the junior high school, of the Newark Schools, had displays in the school activities' exhibits. Ira S. Brinser, superintendent of the Newark Schools, was chairman of the committee on exhibits and demonstrations.

There were three teaching demonstrations and the teachers and classes of two were from the Newark Schools, and one of the third from the University of Delaware. Miss Harriet Wilson and her third grade pupils from the Newark Schools gave a demonstration lesson on the uses of a school library. Newark School, grade 6, with its teacher, Miss Sarah Glass, gave a geography lesson on Japan. The last demonstration lesson was taught by Miss Rena Allen, of the University of Delaware faculty, who taught a class of Women's College teacher training course students.

The speakers at the general meeting were: Dr. H. V. Holloway, State superintendent of public instruction; Bishop Philip Cook, of the Episcopal diocese; and Dr. Burton Fowler, head of the Tower Hill School.

"AN OLD FASHIONED MOTHER"

The date of the presentation of the play, "An Old-Fashioned Mother," which was to have been given in the Ebenezer Church, Tuesday evening, by the Epworth League of Elam Church, for the benefit of the Young People's Society of Ebenezer, because of stormy weather, has been postponed to Wednesday, April 24. All are invited.

STATE POULTRY SHOW PLANNED

Will Be Held In Milford In December; State Appropriation Aids Program

At the call of Warren C. Newton, president of the Delaware State Poultry Association, a special meeting of the executive committee including members of standing committees was held in the Grange Hall in Milford on Friday evening of last week to consider definite arrangements for the state poultry show which will be staged in Milford on December 3, 4 and 5, under the auspices of this association in cooperation with the State Board of Agriculture and the Extension Department of the University of Delaware.

In connection with the plans for this poultry show the following officers have been appointed:

H. S. Palmer, secretary; N. J. Lannan, assistant secretary; N. J. Lannan, superintendent of exhibition department; Charles E. Grove, Glen Cowles and W. W. Dasey, superintendents of production department; Byron Pepper and H. R. Lemex, superintendents of baby chick department; W. V. Steen and Fred Smith, superintendents of broiler department; M. C. Dager, superintendent of egg department; Wilson C. Hatfield and Thaddeus Warrington, superintendents of record of performance department; Frank B. Austin and A. E. Nunn, superintendents of building and commercial exhibits.

M. C. Kilpatrick, Russell E. Wilson, C. R. Snyder and Ed Willim, Jr., have been appointed on the publicity and advertising committee; Warren C. Newton and M. C. Vaughn on the program committee; and Gus Swanson and E. D. Smith on the committee to decorate the exhibit building.

The poultry show which was held in the Community building in Milford last January resulted in being the largest exhibit of its kind ever held in the state, as there were approximately 100 exhibitors. (Continued on Page 5.)

GENERAL COX LEGION SPEAKER

National Committeemen Will Attend County Legion Banquet, Tonight, In Old College

Lieutenant J. Allison O'Daniel Post, American Legion, will be host to the New Castle County Legion posts tonight, at a dinner and get-together in Old College, at 7 o'clock. Besides Legionnaires from the county and state, the guests will include department officers from Maryland, Pennsylvania, New Jersey and the District of Columbia. The speakers are all prominent National committeemen.

The purpose of this dinner, which is one of a series to be held throughout the state, is to promote a better understanding of the work of the Legion and to further the work among local posts. Fred Strickland, commander of the Newark post, will preside, and Ira S. Brinser, State Historian, will be toastmaster.

General Albert Cox, of Raleigh, N. C., will be the main speaker. General Cox is chairman of the National Defense Committee; was a member of the Peace Conference Commission; and was instrumental in having the Cruiser Bill passed by Congress.

Other speakers will be Watson B. Miller, chairman of the National Rehabilitation Committee; and John Thomas Taylor, vice-chairman of the National Legislative Committee.

Shakespeare's Orchestra will furnish music for the evening. The affair will be staged, but will not be limited to Legionnaires. Any man interested in the work of the Legion will be able to get a ticket at the door. The banquet committee is composed of Fred Strickland, chairman; Harold Sheaffer, J. R. Fader, A. E. Goudiss and Mr. Gormley, both of New Castle.

The Newark Legion Post will hold a movie benefit in Wolf Hall on the evening of May 3. The picture will be furnished by the National Legion Headquarters.

"ANN WHA'S HER NAME"

A play entitled "Ann Wha's Her Name" will be given in the Sunday School room of Head of Christiansa Church, Friday evening, April 26, at 8 o'clock, by the Christiansa and Salem Epworth League Societies. Music between acts. Proceeds for heater fund.

PYTHIAN SUPPER

The annual supper of the Pythian Sisters will be given Friday, April 26, in Fraternal Hall. Supper at 5:30.

Rubbish Collection

Today and tomorrow are the bi-monthly clean-up days appointed by the Council of Newark. Today rubbish is being collected in the west end of town from North and South Colleges avenues to the western town limits. Tomorrow the remaining portions of Newark will be serviced. Those whose rubbish will be collected tomorrow should have it out on the curb tonight. Collectors will not go into yards to collect, nor will they take newspapers.

COUNTY AGENTS RADIO PERIOD

Agriculture And Home Economics Agents Broadcast From WDEL

The County Agricultural Extension radio broadcast period inaugurated some time ago through the courtesy of Station WDEL in Wilmington, announces the following programs for the next three weekly periods on the air. On Tuesday, April 23rd, Mrs. Kate Henley Daugherty will talk on "Laundering of Delicate Fabrics," and County Agent Ed Willim, Jr., will tell of Current Agricultural Events. Mrs. H. S. Palmer will tell of the National Egg Week plans and other poultry items, along with Mr. George M. Worrlow, whose subject will be, "4-H Club News," on Tuesday, April 30th.

In discussing "Laundering of Delicate Fabrics," Mrs. Daugherty says that this is about the time when some of the delicate fabrics in the form of woolen goods will be washed before they are stored away for the summer. Special attention should be paid to the manner in which these should be laundered, and Mrs. Daugherty will mention these ways in her talk next Tuesday evening. Statistics of Agricultural Interest in New Castle county farmers will be the County Agent's part of the period on the same evening.

National Egg Week, May 1-7, will be the main theme of Mr. H. S. Palmer's speech on Tuesday, April 30th. It is expected that he will also tell of other events which should interest poultry raisers in the state. County Club Agent, George M. Worrlow, will use part of this same broadcast period in telling of 4-H Club news in the county.

While the speakers on the May 14th period have not been announced, it is expected that the results of the first month in the New Castle County Cow Testing Association will be discussed by the Association Tester, Mr. Alois Leinen or County Agent Ed Willim, Jr.

"This broadcast period is not a University of Delaware affair," said the County Agent, during the broadcast period of this week. "It was started and is being put on each week by the Extension Agents of New Castle county, through the courtesy of Delaware's pioneer radio station WDEL. Of course we are all members of the State Extension Department under the University of Delaware's direction, but the broadcast period is to be used only to help interest our county people in this Agricultural and Home Economics Extension."

SENTENCED FOR YEAR ON NON-SUPPORT CHARGE

Last Thursday in Municipal Court, Wilmington, Clarence Nichols, of Academy street, Newark, was tried before Judge Lynn on a non-support charge brought by Nichols' wife. Nichols was ordered to provide his family with \$20 a week and to give bond of \$500 to guarantee this amount. As Nichols was unable to furnish bond he was sentenced to one year in the New Castle County Workhouse, or until such time as he can provide bond.

Nichols was severely scored by Judge Lynn following testimony by Mrs. Nichols that he had on numerous occasions abused and beat his wife. Only a plea on the part of witnesses saved Nichols from being sentenced to the jail.

FACULTY CLUB DANCE

The Faculty Club sponsored a dance at Old College Hall Tuesday evening. About 50 couples, members and invited guests, attended the affair. The hall was decorated with silhouetted panels and the lights were decorated in crepe paper. There were seven tables of bridge for those who were not dancing. The committee in charge comprised: Dr. Herbert Dozier, Mrs. C. A. McCue, R. W. Heim, Mrs. J. Gray, Mrs. R. W. Heim, Alfred Krawatch, H. K. Preston, Mr. and Mrs. Phillip Myers.

"Duke" Chalmers and His Revelers furnished the music.

GOVERNOR BUCK KILLS RED MEN'S BILL BY VETO

Disapproves Measure On Constitutional Grounds; Attempt To Override Veto Fails In House; Political Pressure Leaves Governor Unmoved

VETO MESSAGE

Last Friday afternoon, Governor C. Douglas Buck returned to the House, where it originated, Bill 112, which provided an indefinite abeyance on all claims or assessments on the Red Men's Fraternal Home property in Newark. He returned this bill with a veto and a veto message explaining his action on constitutional grounds.

After the veto message had been read, Representative Virden, who had introduced the bill, made a motion that the bill be reconsidered, but the motion was lost by a vote of 21 to 13. It is considered that any further attempt to reconsider the bill will be futile.

By his action, Governor Buck saved the taxpayers of Newark the immediate sum of \$5,392, which is the total odd assessments which have already been made by the town against the Red Men's property. These assessments are for sewer and curbing improvements. In his message Governor Buck stated that the General Assembly of 1927 had authorized the improvements and the assessments, and that it would be inequitable to deprive the town of Newark of the right to collect its just claims against the property.

The bill, a piece of vicious class legislation, was forced through both houses of the Legislature by the political power of the Red Men's State organization despite a determined fight on the part of the Council of Newark and local taxpayers to have the measure defeated. The same political pressure was brought to bear upon Governor Buck, but he studied the measure purely on its merits and demerits, and based his judgment on fair play and constitutional propriety. MISSIONARY MEETING

The Women's Home Missionary Society of the Newark Methodist Episcopal Church held its regular monthly meeting on Thursday, April 11, at 2:30 o'clock. As the president, Mrs. Thomas F. Manns, was unable to be present, the meeting was called to order by Mrs. Wilkinson. Mrs. John Moore had charge of the devotions and Mrs. Daniel Stoll had charge of the program.

Miss Worrall, deaconess, of the Deaconess Home of Wilmington, was the speaker. She gave a very interesting talk on the work being done by the home, after which refreshments were served and social time enjoyed.

THIRD CURTIS CONCERT IN WOLF HALL, MAY 13

The Newark Music Society has been fortunate beyond its hopes and through its president, Dr. George H. Ryden, has persuaded the Curtis Institute of Music, Philadelphia, to send its student-artists to Newark for a third concert. It will be given in Wolf Hall on Monday evening, May 13. Miss Edna Hochstetler, soprano, and Miss Jeanne Behrend, pianist, will be the artists. The public is invited.

Two Curtis concerts have already been given here this season, and it was thought that the Institute would give no others until next fall.

LEAVING LIBERIA

In a letter received by his parents, last week, Raymond Russell, who is in the Republic of Liberia, South Africa, with the Firestone Plantations Company, states that he will sail for the United States from Moravia, Liberia, June 25. Apparently the climate of the African jungle has agreed with Mr. Russell as he reports an increase in his weight, though he has just gone through the hottest season in that part of the world.

HILLSIDE SCHOOL BENEFIT

There will be an entertainment and concert at Hillside school, Thursday evening, April 25. After the entertainment there will be a box social and ice cream and cake for sale. Ladies please come and bring boxes; Gentlemen come to buy them. Proceeds are to be used for benefit of the school.

RECEIVE DELAWARE HISTORY

This week the Newark Schools received a set of the four-volume History of Delaware, edited by Dr. Wilson Lloyd Bevan, formerly of the University of Delaware faculty.

The total receipts were \$2,286.22.

Mrs. Yeger, county nurse, gave the report of what had been done for the crippled children during the year. Two clinics were held during the year, in which 31 children were examined. As a result, nine received hospital care, five cases are pending, several refused treatment and some were not recommended for any further care.

Miss Beardsell, director of the Welfare Association, gave a report of the

year's work. Seventy-seven cases were reported to the society, 14 requests for investigations from out-of-town agencies were received, and 12 children have been under supervision in foster homes or with relatives. One of the outstanding problems in the county has been juvenile delinquency.

400-GALLON STILL, TWO KETTLES, MAN, GIRL IN DRY NET

Cecil County Corn Liquor Source Hard Hit; Girl and Man Taken To Baltimore

Winding up a series of raids Saturday morning with the arrest of a man and a woman, and the seizure of 300 gallons of alleged liquor in a house where they were found on the Elkton-North East road, Cecil county officers with prohibition agents from Baltimore, have reduced Cecil county's liquor source by one 400-gallon steam operated still, the largest ever found in this section, and two 250-gallon "kettles," together with an aggregate of 5200 gallons of mash.

The raids which began Friday, represented the stiffest blows that have been delivered to the corn liquor industry of Cecil county so important to city bootleggers' trade. The wind-up, however, netted the only two prisoners—Miss Mary Passwater, of North East, and Wallace McKinney, a Pennsylvania, formerly of North East—and the only alleged liquor found. This pair were found in a small house along the wooded section of the road, and were turned over to Federal officers to be taken to Baltimore for a hearing on charges of violating the Volstead Act.

The huge steam plant found in a shed in the woods on the Perryville-Port Deposit road near Blythesdale, Friday, is one which is believed to have been one of the chief sources of illicit liquor from this section. It was equipped with a 10 H. P. boiler, and other modern appliances which put it almost in the distillery class. It had been in operation no later than the night previous to the raid. There were 500 gallons of mash setting for distillation. No one was on the premises. There was no liquor found.

The other two stills found were smaller affairs of the 250-gallon class, common to this section. One was found in a wooded section on the Charlestown-North East road with 1200 gallons of mash setting. The other was found in the Elk Neck section with 1000 gallons of mash nearby. All of the still properties and mash were destroyed.

Members of the committee are: George Pyle, Frederick Bringham, William Lord, Miss Roberta Ford and Edward Ehart.

A reception will be held at the M. E. parsonage tomorrow evening to welcome the Rev. and Mrs. Tilghman Smith and family. The Reverend Mr. Smith was returned to the Marshallton charge for another conference year at the recent session of the Wilmington Annual Conference. Several former pastors of the Marshallton Church and ministers from churches in neighborhood towns will be special guests.

Funeral services were conducted at 2 o'clock last Tuesday afternoon for Edward Gideon Clark, 66 years old, who died at his home the Saturday previous. Services were in charge of the Rev. Ernest Rich, and interment was in Red Clay Creek Cemetery. Mr. Clark's death followed a stroke of paralysis. He was a life-long resident of New Castle county and for many years was connected with the Delaware Hard Fibre Company. His wife, Mrs. S. Emily Clark, and a daughter and son by a former wife, Mrs. Elmer Broadbent and Howard Clark, survive. There are also a sister and a brother and three grandchildren.

Charles P. Ware, an old resident of this town, was found dead in bed on Saturday, April 6. Mr. Ware's death is said to have resulted from a severe attack of indigestion. Funeral services were conducted from his late home last Tuesday afternoon by the Rev. Tilghman Smith. Interment was in the Christiana Cemetery. He is survived by one daughter, Miss Florence Ware, and three sons, Frank, Lewis and James Ware.

The 13-cent supper held on Saturday evening in the social hall, by the Marshallton Civic Club, was very successful, the attendance being more than two hundred persons. The entertainment, following, was also well attended. The program included vocal and instrumental numbers by Miss Lucie Hickman, Miss Lois Simmons, Miss Eleanor Edge and Miss Agnes Thoms, of the Women's College; vocal numbers by Raymond Wivel; a reading by Miss Satterfield; piano selection, Miss Ernest Work, and selections by an orchestra under the direction of Thomas Collison.

The proceeds of a bake held on Saturday afternoon by the Ladies of the Golden Eagle amounted to \$28.

The weekly dance of the Mill Creek Fire Company will be held on Friday evening in the Postoffice building.

Marshallton

Work in remodeling the plant at Stanton recently acquired by the Ad-Tissue Corporation, was started the first of this month and officials have announced that operations will start about May 1. The building is now being remodelled and new machinery will be installed.

At a meeting of the Guild of St. Barbara's Church, on Tuesday evening, announcement was made that officers will be elected at the May meeting.

Mr. and Mrs. Isaac Mackinson, Mr. and Mrs. York Smith, and daughter, Mary Ruth, visited in Baltimore, Md., last Sunday.

Miss Mildred Caldwell is recovering from an operation for appendicitis in the Delaware Hospital, Wilmington.

Howard Clark spent the past week-end with his mother, Mrs. James Voshell, of Claymont.

Mrs. H. Ector has returned to her home in Kennett Square after visiting for the past week with the Misses Agnes and Sarah Speakman.

A. W. West, formerly manager of the local American store, has been transferred to the company's store at 9th and Madison streets, Wilmington.

Miss Bertha Mackinson, a student nurse in the Wilmington General Hospital, spent last Friday with her parents.

Christiana

On account of illness, Rev. Samuel L. Irvine, pastor of the Presbyterian Church, was unable to preach on Sunday. In his absence the services were in charge of Rev. Dr. Henry Rumer, retired, of Wilmington. Rev. Mr. Irvine has been confined to his bed with a heavy cold, but is reported to be improving quite satisfactorily now.

The local lodge of the Knights of the Golden Eagle attended morning worship at the Christiana M. E. Church last Sunday, between forty and fifty members being present. The sermon was preached by the pastor, Rev. Preston W. Spence, Jr., who took as his subject, "Christian Joy."

On Thursday evening of next week, April 25, there will be a reception given to the newly appointed district superintendent, Rev. D. W. Jacobs, and Mrs. Jacobs and Rev. and Mrs. P. W. Spence, Jr., in the Methodist Church here at Christiana.

At the meeting of the Ladies' Aid Society of the Presbyterian Church, held at State Road Chapel last Wednesday evening, Miss Anna Moody, chairman of the entertainment committee, presented the following program: songs by the society; recitation, Alice Walker; vocal solos, Mrs. Chandler H. Gebhart, of New Castle; reading, Mrs. Harry C. Dance; songs by a quartet, composed of Mr. and Mrs. Edward Weer and Mr. and Mrs. H. A. Phelps; and a playlet, "They Do Say," with the following ladies taking part: Mrs. Chandler Gebhart, Mrs. Thomas Appleby, Miss Florence Appleby, Mrs. Harvey Maclary, Mrs. Wilkinson E. Cranston, Mrs. Frank Moody and Miss Anna Moody.

The Christiana Fire Company took part in the parade and further ceremonies connected with the housing of a new chemical engine at Newport by the firemen of that town last Thursday evening.

The Christiana Ladies Auxiliary, by means of the Bingo Party, held at Stanton last week, netted a substantial sum for the benefit of the local fire company.

Dr. Seth Hurdle, of the State Board of Health, was at the local school last Thursday, administering the toxin-antitoxin immunization treatment for diphtheria. There are now very few of the Christiana children, from six months of age on up through the schools, who have not received this treatment, which is as it should be, in view of the wonderfully beneficial effects resulting from the course of treatment in helping to stamp out this dread disease. All parents should cooperate in this matter, not only for the benefit of their own children, but for the whole community, the state, and the nation itself.

Mrs. Hill and Mrs. Kennard, teachers of the Christiana School, have begun active preparations for the eighth grade graduation exercises, to be held at the close of school. Mrs. Frank Morrison, Jr., formerly Miss Elizabeth Davis, of this place, is assisting with the musical part of the program. There was a very light attendance at school on Tuesday of this week, due to the heavy rain and wind storm, only twenty pupils being present in both rooms—less than a third of the total enrollment.

The Girl Reserves were to have had a party at the home of Marie Mason, one of their members, on Tuesday evening, but because of the very inclement weather, the affair was postponed till Thursday of this week.

The storm which descended upon us Monday afternoon, and which was evidently so loath to leave, was by far the worst of the season. The downpour of rain, together with the violent northeast gale, caused the Christiana Creek to rise out of all bounds, over flowing the meadows and flooding people's cellars. Old-timers,

however, tell us that it never rises as it used to do years ago, when, according to some tales, this little hamlet must have been transformed into a veritable Venice!

Personals

Miss Dorothea Rothwell has recovered from an attack of illness, which confined her to her home for several days last week.

Mrs. Nicholas Vlasvelt, of Atlantic City, has been called here by the death of her uncle, Mr. James Marshall.

Mr. and Mrs. Harvey W. Maclary had as week-end guest Mr. Maclary's sister, Miss Rebecca Maclary, of Newport. Mr. C. W. Maclary was also a visitor at their home on Sunday afternoon.

Mr. and Mrs. William Howell and daughters, Eleanor and Naomi, visited Mr. Howell's mother, at her home at Strickersville, on Sunday.

Miss Lois Phelps attended a party at the home of Misses Dorothy and Edna McVey, in Newark, last Thursday evening.

Mr. and Mrs. Raymond Louth, Mr. George Ward, Miss Frances Louth and little John Smith, Jr., were Sunday visitors at the home of Mr. and Mrs. John Ward, of Charlestown, Md.

Mr. and Mrs. Henry Eastburn and son, Warren, with Mr. and Mrs. Horace Eastburn, of Bear Station, visited friends in Dover Sunday afternoon.

Mr. and Mrs. Harry Appleby and family, of Red Lion, visited the family of Mr. and Mrs. William Howell on Sunday.

Mr. and Mrs. John T. Hanna entertained the following guests at their home here on Sunday evening: Mr. and Mrs. John Palmer, Jr., Mr. Parke Ebey, Miss Helen Ebey, Mr. James J. Donlon, Jr., Mr. James Dean and Miss Elizabeth Vincent, Mr. and Mrs. Alfred Vincent, Mr. and Mrs. Homer Vincent and son, of Christiana; Mr. and Mrs. Harry Appleby and family, of Red Lion; Mr. and Mrs. Robert Vincent and Miss Ruth Rash, of Wilmington.

Little John Smith, Jr., is spending some time with Mr. and Mrs. Raymond Louth.

Mrs. Jane Cleaver motored to Lombardy Cemetery with friends on Sunday.

Master James Moore, son of Mr. and Mrs. John W. Moore, was confined to the family home by illness during most of last week.

Mrs. James Ward and son, Richard, were guests on Sunday of Mrs. Ward's sister, Mrs. J. P. Walker, at her home in Newport.

Mr. James Marshall, one of the older residents of Christiana, died at his home here on Monday afternoon, April 15, after having been in ill health for a number of years. He made his home with his brother, Mr. Harry Marshall, in the house next the old wagon shop, which is one of the landmarks of this vicinity, and where Mr. Marshall was engaged in business during his active years. The funeral will be held in the Presbyterian Church on Thursday afternoon, April 18, at two o'clock, followed by interment in the adjoining cemetery.

Summit Bridge

Miss Virginia M. Brady, of New York City, and friends, Misses Madeleine Janis, of Montclair, N. J., and Lorraine Powell, of New York City, were week-end guests of Mr. and Mrs. Harry S. Brady, of Mt. Pleasant.

Home grown asparagus is now being sold in the local market.

Miss Elizabeth Ellison spent the week-end in Washington, D. C.

Mr. and Mrs. J. S. Childs, of Holmes, Pa., spent Sunday with Mr. and Mrs. William Ford. Mrs. V. H. Ford, Mr. Ford's mother, who has been spending some time with her son here, returned to Holmes with Mr. and Mrs. Childs.

Mr. and Mrs. Clarence Bendler, of Delaware City, spent some time last week with his brother, Norman Bendler.

Messrs. Harry Murray and Harry Cavender were visitors with their sister, Mrs. Katie Calhoun, Thursday.

Mr. Roy Bloomer, of Wilmington, was a Wednesday visitor with Mrs. Belle Salmon and family.

Mr. and Mrs. Ray Griffinburg, of Wilmington, were Thursday visitors with his mother, Mrs. Lou Griffinburg.

Mr. and Mrs. Fred Austin and sons, Medford and Claude, were Sunday visitors with her parents, Mr. and Mrs. Harry Voshell.

Mr. and Mrs. Winifred Frazier, from near Elkton, were guests on Friday with Mr. and Mrs. William Dickinson.

day with Mr. and Mrs. William Dickinson.

Mr. and Mrs. Mitchell Golt entertained on Sunday their sister and husband, Mr. and Mrs. William Pagan, of Wilmington.

Mr. and Mrs. Harry Golt, of Wilmington, were Sunday evening visitors with their cousins, Miss Edith W. Golt and Mr. W. Thomas Golt.

Mrs. Katie Calhoun and daughter, Florence, were Sunday visitors with Mr. and Mrs. Harry Cavender.

Mrs. Merritt Kirk, of Kirkwood, spent Friday with her aunt, Mrs. Katie Calhoun.

Those from in and near the village attending the base ball game at Delaware City Monday were Misses Edith Golt, Florence Calhoun, Anna Golt, Katherine Kane, Paul Golt, Holten Evans and Medford Golt.

Mr. and Mrs. Woodland Wilson and children, from near Glasgow, were Sunday guests of their daughter and son-in-law, Mr. and Mrs. Howard Reynolds.

Stanton

At the last meeting of Unity Lodge No. 41, Noble Grand R. J. Hitchens appointed the following committees to serve during his term of office:

Ways and Means—J. H. Dickey, H. V. Lynam, Wm. Marvel, W. P. Weir and Alex. Bedwell. Entertainment—Franklin Anderson, Irvin Stradley and Essler Powell. Widows and Orphans—Chas. P. Dickey, John Marvel and Audrey Blanchfield.

Delinquent—Frances Michael, Alvin Satterthwaite, John Marvel, Clifton Abrams and Audrey Blanchfield.

The Platter Supper given by St. James Branch G. F. S., was well patronized and all sides we hear praise of the way in which it was served. The Girls wish to take this opportunity to thank all those who so generously helped them. The next meeting of the branch will be on Wednesday, April 24, at the home of the Branch president.

Diamond State Grange made the final arrangements at their meeting, on Monday night, for the play entitled, "Peggy of Primrose Farm," to be given in the Odd Fellows' Hall on Wednesday night, April 17, by the Young People of Ebenezer Church.

The Young People's Fellowship of St. James P. E. Church, at their regular Sunday afternoon meeting, discussed the question, "Christ's call to the youth of today," led by Edward Ehart. The question was ably handled and many points brought out. The regular monthly business meeting of the Fellowship will be held at the home of Mrs. W. T. Boyce on Tuesday evening, April 16, and it is hoped there will be a full attendance as business of importance is to be discussed.

The Ad Tissue Corporation have begun work on renovating their plant, the old brick mill property, and expect to begin business the latter part of this month. Large, especially designed presses, capable of a production of 130,000 rolls per day of nine

working hours, will be installed, together with other needed machinery. It is hoped that by May 1 the plant will be in operation. New contracts are continually being asked for by the customers of this advertising corporation, who are putting over a new idea in advertising.

The regular monthly meeting of the Woman's Auxiliary of St. James P. E. Church will be held at the home of the president, Mrs. Wm. A. Mitchell, on Thursday afternoon, April 18. Plans will be made for the bake to be held in Mrs. Speakman's store at Marshallton, on Saturday, April 20. Any one wishing delicious pies, rolls or cake for Sunday should place their order. Plans will also be made for the Silver Tea, to be held in the near future.

Services in the Stanton M. E. Church on Sunday were in charge of the new preacher, Rev. J. B. Vaughn. All services were well attended and the support of the members were pledged to assist him in his work.

Friends of Ernest Lacey will be sorry to hear that he is ill in the Homeopathic Hospital, where he underwent an operation for appendicitis.

The Stanton Community Association will hold their regular monthly meeting in the Friends Meeting House on Friday evening, April 19.

Harmony Grange

Despite the stormy weather on Monday night, twenty-five members of Harmony Grange were present at their regular meeting. During the business hour, the need of more sign boards along the highways to mark the newly improved roads was discussed. This matter was placed with the resolutions committee for further action. Two applications for membership were received.

At the meeting next Monday night, former State Senator Louis A. Drexler will speak on "Safety." This meeting is open to the public. It is desired that the hall be filled as Senator Drexler's talk will be very interesting. The program of the lecturer's hour, in charge of Mrs. T. Clifford Simpson, consisted of two piano solos by Miss Beatrice Banning; two readings by Miss Hazel Simpson; and several readings by Mrs. William Dennison.

Governor Buck Keeps Faith

At rare intervals a prominent political figure will stand out as a practical idealist, who has high and sound principles and the courage and strength to put them into force. A man with a high sense of integrity and justice, who refuses to be influenced or coerced by anything other than his feeling of responsibility to the people he serves. Delaware has recently produced such a figure in Governor C. Douglas Buck, and he has proved himself in the early stages of his administration.

We suspected Governor Buck of these attributes some time ago, before he was Governor. At the time that he was head of the State Highway Department we heard one of his highway officers characterize him as a "square shooter" with "guts." We will let the expression stand because we can think of no more polite expression as strong and apt, and because it was used by a man who is not easily fooled in the judgment of such attributes of character.

The Town of Newark has had convincing proof of Governor Buck's squareness, and moral uprightness and strength. The taxpayers of this Town went out to fight a piece of vicious class legislation, directed against them. The bill, introduced in the State Legislature, was a direct and deliberate gouge at the Town of Newark. It had no basis of equity or precedent. It was unfair and unreasonable, and it was openly admitted that it had no place in the State Legislature. However, when Newark put up a determined fight against the measure, it found arrayed against it political influence which made Representatives and Senators repudiate pledges and promises, and, which forced the bill through both houses by a two-thirds majority vote. There is every reason to believe that the same pressure was brought to bear on Governor Buck, possibly in a greater force and measure than was used on the members of the two houses. Governor Buck made a thorough study of the measure and refused to approve it on constitutional grounds.

The bill, in itself, was not an important State issue. It concerned only the Town of Newark and a fraternal organization. However, the fraternal organization had state-wide political influence, which was valuable to Governor Buck. Governor Buck saw an injustice to a small minority of people and he acted firmly and unhesitatingly on the side of honesty and fairness, rather than on that of political expediency. Governor Buck might easily have withheld his veto from this measure and it would have been lost and forgotten and the political powers would have been satisfied. Instead he kept faith with his ideals and with the small minority who were suffering an injustice.

Local Officers Catch and Jail Hit-Run Driver

(Continued from Page 1.)

A Pontiac roadster, bore marks of having struck something. James said that he had loaned the car to Frances G. Grinnage on Sunday afternoon and that he had had the car at the time of the accident. Grinnage was arrested in Elkton that afternoon by the same officers, assisted by Officer Humes of the Elkton Police.

Grinnage admitted that he was driving the car at the time of the accident and that he knew that he had caused an accident. He said that three other Elkton negroes were in the car with him, Lacey "Billy" Stanton, who was riding on the front seat, and William Wilson and Harrison "Hambone" Black, who were riding in the rumble seat. Grinnage said that he was driving at a rate of 35 miles an hour, when he passed the Hendrickson car on the way into Newark. He said that as he was opposite the other car, Stanton grabbed the wheel, causing his car to swerve and hook the other automobile. He said that Stanton then shouted, "You've hit them. Step on it!" Grinnage admitted that he did step on it. He admitted taking a drink in the morning, but said that he had had nothing to drink during the afternoon. He said that he could not say whether the others were drinking or not, but that they might have been.

His testimony was taken in Magistrate Thompson's office, was typed, and he signed it as a confession. He was held on three charges: reckless driving, leaving the scene of an accident, and technical assault and battery. Magistrate Thompson held him in \$2000 bond for the Court of General Sessions, and as he was unable to furnish bond he was committed to the Workhouse.

Officers Keeley and Cunningham went back to Elkton, Monday night, to seek the other three negroes, and early Tuesday morning arrested Harrison Black and William Wilson. They also arrested a negro named Stanton, but he was the brother of the man sought and was released. Black and Wilson were examined separately, Tuesday afternoon, and their testimony corroborated that of Grinnage. They were held in \$500 bond each as material witnesses, and furnishing the bond, were released. The two officers worked 39 hours to locate and round up these men.

On Tuesday night, Stanton was arrested in Elkton by Officer Cunningham, assisted by Officer Humes, and brought back to Newark. His testimony was somewhat different than that of the others and he denied grab-

bating the wheel. He testified that all four were drinking while in Elkton and that Grinnage bought a half pint of liquor and drank it. He said that they all started for a ride to Newark and that Grinnage drove so fast and recklessly, that he, Stanton, protested at the way he was driving. He said that Grinnage kept cutting in and out around cars on the way up and finally cut around the Hendrickson car, striking it as he passed. Stanton denied telling Grinnage to keep on.

Stanton was booked by Magistrate Thompson on a charge of interfering with the driver of a motor vehicle and contributing to an accident. His bail was placed at \$1000 and in default of this amount, he was committed to the Workhouse.

Other motorists who were passed by the car driven by Grinnage told of the reckless way in which he was driving, and of his cutting in and out of line by narrow margins.

James' car is being held by the police.

Other Traffic Cases

Besides the occupants of the hit-run car, nine other traffic and motor law violators faced Magistrate Thompson during the past week.

On Saturday, Harold L. Watson failed to observe a stop sign at Christiansburg and was fined \$10. On the same day, William Klair, of Stanton, was arrested by State Officer Boyer for driving an unregistered motorcycle and was fined \$25 and costs.

On Sunday four speeders were arraigned on reckless driving charges by state highway officers and fined \$25 and costs each. John R. Cotter, of New Brunswick, N. J., was arrested by Officer Jewell. Archibald Metz, from New Jersey, was overtaken by Officer Boyer. Joseph L. Fisher, of Brooklyn, N. Y., was halted by Officer Sullivan. Alfred N. Joseph, of Philadelphia, was checked in his flight by Officer Hayes.

On Monday, William R. Lewis tried to beat the red light at Chapel street and lost. Officer Cunningham observed the incident and took Lewis to pay the Squire a visit. The fine was \$5 and costs.

Yesterday, State Highway Officer Boyer brought in two prisoners, Harold Swift, of Stanton, and William Mennies, of Vineland, N. J. Swift had loaned William Klair the plates he had used on his motorcycle. He was fined \$25 and costs for his generosity. Mennies passed cars on a hill and had crossed a white line dividing four lanes of traffic in so doing. His fine was \$10.

The greater the difficulty the more glory in surmounting it. Skilful pilots gain their reputation from storms and tempests.—Epicurus.

Poppy Proceeds For Vets Relief

(Continued from Page 1.)

This service helps the veteran in need of hospitalization or compensation to make his way through the endless miles of red tape and ceremony that is always involved, but with which he is so unfamiliar.

Last night in a meeting at the Wilmington Post, Veterans of Foreign Wars, plans were completed by the Department of Delaware and a drive was launched to raise \$100,000 for a Memorial Home for overseas veterans, to be erected in Wilmington. State Commander William Rupp, of Newark, assisted by Commander Paul Podolsky, of Wilmington Post, and Senior Vice-Commander B. McCormack, of Newark, placed the first letters in the post office.

It is the desire of the veterans to erect a Memorial Home in honor of those Delawareans who made the supreme sacrifice during the late war. This will leave something which the generations to come will have to remind them of the sacrifices made for civilization. While many citizens have expressed themselves as willing to give towards such a memorial the acceptance of these donations had been postponed until the drive was formally opened.

All contributions to this fund will be received by a citizens' committee made up of Dr. William H. Speer, chairman; John S. Russell, finance officer; William J. Highfield, Henry R. Isaacs, Josiah Marvel, Major E. C. McCune, Carroll W. Griffith and Philip Laird, who will have entire charge of these funds.

John S. Russell, finance officer, will be custodian of these funds, representing the citizens' committee. It is their hope, as well as the hope of the members of the Veterans of Foreign Wars that this drive will be a great success, as they consider there is no more fitting way of showing appreciation for the sacrifices made by the boys overseas, than by erecting a memorial home to their departed comrades.

At a meeting of J. Allison O'Daniel Post, Tuesday night, a committee was named to refurbish the Cooch's Bridge Monument before Memorial Day. The monument will be cleaned, the cannon painted and a new flagpole and flag supplied. The committee is composed of Thomas Sweetman, Harry Mercer and Frederick Connor.

The Post will attend memorial services at Cherry Hill Church on May 19 and at Ebenezer Church on May 26.

At the meeting Tuesday, George A. Cox was sworn in as a Post commander.

POULTRYMEN CHEATED BY UNKNOWN DEALERS

The poultry industry has reversed the old Latin warning, "Caveat Emptor" and many Delaware poultrymen have been victims of gyp buyers, who have swindled sellers of eggs and chickens out of payment for shipments. To reduce these losses from extending credit to unknown dealers, the Delaware State Board of Agriculture is sending out the following letter:

"The poultry industry seems particularly attractive to the so-called 'gyp' buyer or dealer, and many complaints reach this office from shippers who are unable to collect their money."

"The large majority of those engaged in the buying and selling of poultry and eggs are, of course, honest, up-right, business men and there are enough of them so that it is unnecessary to take the chance of shipping or selling your poultry or eggs to a person or firm who is unknown or who has an undesirable rating."

"During the course of a year many egg shippers will receive quotations high above the market. Beware of such quotations and do not make any shipments until you have learned something of the financial and moral rating of the person or firm who sends out these high quotations, for this is a favorite method of inducing shipments. Another method is that a person soliciting consignments calls on the various shippers and offers two cents or three cents above regular price stating that a check will be mailed immediately on arrival of the goods. Such a person usually is in a great hurry for the products and insists that you make shipment immediately. Do not do so until you have investigated, for it is better to lose the two cents or three cents per dozen than to lose the entire amount. Another method is for the buyer to come around to your place of business in a truck, offer you a few cents above market quotations, and request that you accept a check in payment. Do not accept such checks unless you know something of the person who gives them and do not hesitate to insist on cash from prospective buyers whom you do not know. It will not embarrass the reliable dealer to ask for cash and you will not lose any future business by doing so."

"We have investigated numerous cases. In one instance, a man buying for a firm in New York City, offering about two cents above market quotations and promising to send check on arrival of shipment. This gentleman secured about \$300.00 worth of eggs in one day. Those who made the shipments did not receive a penny and upon investigating we found that the firm had no place of business and could not find any person connected with the firm, and even though we cooperated with the District Attorney's office in New York City and the Post Office authorities, no trace of the re-

ceiver has been found. The shipments were delivered to 'someone,' but that 'someone' vanished along with the eggs."

"We receive numerous requests from buyers and commission merchants for the names of poultry and egg shippers in this State; however, we never supply such names without investigating the moral and financial standing of the applicant."

"Before making shipment or extending credit to any person or firm whom you do not know, either write or telephone this office for information or ask for information at your local bank and do not make shipment or extend credit to any unknown person or firm until you have satisfied yourself that they are reliable."

Women's College Notes

The competitive class play contest, held in Wolf Hall on Friday evening, under the auspices of the Women's College Dramatic Club, was won by the Senior Class. They presented "Op-o-Me-Thumb," by Frederick Fenn and Richard Pryce, with the following cast:

Madame Didier, Kathryn Hubert; Clem (Mrs.) Galloway, Alice Rawson; Celeste, Ethel Dunton; Rose Jordan, Miriam Lysle; Amanda Affick, Edith Passmore; Horace GreenSmith, Dorothy Baylis.

The play was directed by Miss Elizabeth Beatty.

The Junior Class won second place with their production of "Pierre," by Duncan Scott. The Sophomore play was "Peggy," by Rachel Crothers, and that of the Freshmen, "Overtures," by Alice Gerstenberg.

Miss Elizabeth Kelley, Dr. W. O. Sypherd, and Professor E. P. Conkle acted as judges.

National Sewing Week is being observed this week at W. C. D. with appropriate exercises in the chapel each day at noon. On Monday, the Freshman class in Home Economics displayed numerous very attractive pajama ensembles, which had been made in class. On Tuesday, members of the Sophomore sewing group demonstrated curtain making. Today's program is in charge of Josephine Hossinger and her committee. On Friday, Myrl McNichol will have charge.

For the publicity, a poster committee is at work under the direction of Jean Eastburn, consisting of Elizabeth Walker, Eleanor Friedel, Mary Baker, and Julia Edgell.

On Monday in chapel second nominations for next year's student government officers were held. The following were nominated: For president, Barbara King and Ann Walker; for treasurer, Phoebe Steel and Mary Helling; for third vice-president, Helen Swain, Minnie Smithers, and Katherine Kesseling. Final elections for these offices will be held on Friday.

Theresa Scott and Lillian Steele have been elected as Senior attendants for the May Day Court.

On Thursday afternoon of last week, Dr. Crooks took his Sociology Class to the Ferris Industrial School. The class witnessed a dress parade and afterwards inspected the school with Colonel Tanner. From there, they went to the County Workhouse at Greenbank. Those who made the trip were Ethel Merritt, Elizabeth Erickson, Helen Baker, Edith Passmore, Barbara King, Elizabeth Conard, Martha Weldon, Grace Holden, Ethel Dunton, Esther Pearson, Dorothy Sharpless, and Carrie LeCates.

The Senior Class conducted the first of the Step Sings on Monday evening. Because of the unfavorable weather conditions, the affair was held in the Hilarium. Class and College songs were sung. A skit, arranged by several members of the Senior Class, including Anna Mae Starling, Ann Thompson, Alice Sparks and Elizabeth Beatty, was presented. These sings will be held each Monday evening immediately after dinner. When the

weather permits, they will be held on the steps in front of Residence Hall. Next week's program will be in charge of the Junior class.

Try-outs for "Sherwood," by Alfred Noyes, which will be presented some time during May by the Dramatic Club, were held on Monday evening. Miss Keely, faculty adviser of the club, Blanche Malcom, Hazel Gibney, Dorothy Baylis, Margaret Middleton, and Ann Walkers, members of the Dramatic Board, heard the try-outs. The cast will probably be chosen this week.

Miss Quaesita Drake, head of the department of chemistry, attended a meeting of the American Association of University Women, which was held last week in New Orleans, La. Women's College was taken into full membership in the association. Miss Drake is the secretary of the Middle Atlantic section.

Christian Science Churches

"Are Sin, Disease and Death real?" was the subject of the lesson-lesson in all Churches of Christ, Scientist, on Sunday, April 14. Golden Text: "The prayer of faith shall save the sick, and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him." (James 5:15).

Among the citations which comprised the lesson-lesson was the following from the Bible: "Art thou not from everlasting, my God, mine Holy One? we shall not die. Thou art of purer eyes than to behold evil and canst not look on iniquity." (Hab. 1:12, 13).

The lesson-lesson also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God is as incapable of producing sin, sickness and death as He is of experiencing these errors. How then is it possible for Him to create man subject to this trial of errors,—man who is made in the divine likeness?"

JAPANESE PEARL MAKING A THRIVING INDUSTRY

Pearl-making has become an important industry in Japan. The Japanese pearl-maker is not a manufacturer after the fashion of the occidental, who has learned how to blow glass bubbles and fill them with talc to meet the demand of those whose taste for pearls is satisfied with such imitations as they can afford. He is a farmer, rather, growing pearls by artificial stimulation on his watery plantation. The Japanese pearl farmer, no longer leaving the production of these jewels to the natural inclination of the oyster, has learned how, with the assistance of science, he may make the mollusk engage in systematic pearl culture, to his profit.

This industry is centered on the southeast side of the main island of Japan. Here, almost forty years ago, a one-time peddler on the streets of Yamada and Toba, Kochichi Mito moto by name, launched in a modest way the enterprise that since has brought to him the title "Pearl King." From the small beginning of pearl culture then made on and about a rocky little island in Ago Bay has grown an industry with many branches, utilizing tens of thousands of watery acres and employing more than a thousand people. The output of these farms is more than a million pearls a year—not perfect pearls, pearls that scientists have pronounced equal to natural pearls in shape, color and lustre.

Research has shown that natural pearls originate from what is known as the pearl sac, the cells of which secrete the pearly substance, sometimes with, sometimes without, a nucleus. This pearl sac is removed from the living oyster and into it is introduced a fragment of the shell of a fresh water mussel to serve as a nucleus. The mouth of the tiny bag is tied and the whole sac is then inserted into the subcutaneous tissue of the shell-secreting epidermis of another oyster. The oyster is then returned to the sea.

Every great and commanding movement in the annals of the world is the triumph of enthusiasm.—Emerson.

State Poultry Show Planned

(Continued from Page 1.)

Approximately 500 birds on exhibition in addition to several displays of baby chicks and eggs. Due to the success of this show and the great interest which many of the leading poultrymen displayed in planning and conducting it, the Delaware State Legislature passed the Morgan bill appropriating the sum of \$600 annually for the next two years to the State Board of Agriculture to be used as prizes, expenses of speakers and other necessary expenses which may be incurred in conducting the poultry show this coming winter.

According to the plans as outlined by the various committees, both floors of the Community building will be used this year, thereby providing for at least twice as much exhibit space as was available for the previous show. Those who are interested in securing space for commercial exhibits, however, are requested to get in touch with H. S. Palmer, Newark, Delaware, secretary of the show, as soon as possible as this space is being assigned at an early date this year.

In order to stimulate more interest among the boys and girls of the state in the raising of better poultry, the committees in charge of the show are offering space to all club members who desire to exhibit.

Another important subject which was discussed at this special meeting was the annual poultry tour which will be held sometime during the latter part of August, the definite date of which will be announced later in the season after final plans have been made. The purpose of this tour will be to study the results of the grow healthy chicks campaign, and the construction of the long-type hot-water heated broiler houses, and the itinerary will include from eight to ten representative poultry farms in the state.

This tour will be a two-day affair again this year, but the program for the evening of the second day will consist entirely of recreation and entertainment in connection with the annual banquet. The tour committee consists of M. C. Vaughn, Glen Cowles and H. S. Palmer, and every effort is being made to stage one of the most interesting and profitable inspection trips ever held in this section of the country.

ODOR INHALED BY COWS FLAVORS THE MILK

Milk containing objectionable flavors probably causes as serious losses to the American dairy industry as the production of milk that sours, according to County Agent, Ed Willm, Jr., of Newark. Dairymen, he says, are giving considerable attention to keeping their products sweet, but are not paying as much attention to the flavor and odor. Yet a pleasing flavor will have a tendency to extend their market through increased consumption.

Two weeds—garlic, or wild onion, and bitterweed—are of considerable economic importance in affecting milk flavor in many dairy regions. Garlic, or wild onion, has almost instantaneous effect. Experiments carried on by the Bureau of Dairy Industry show that garlic flavor can be detected in milk drawn from a cow 1 minute after she has consumed one-half pound of garlic tops, and in milk drawn 2 minutes after she has inhaled garlic odor for 10 minutes. It is necessary to remove cows from garlic-infested pastures from 4 to 7 hours before milking to prevent the garlic flavor in the milk. Bitterweed, found particularly in the South, makes the milk bitter, and, unlike most feeds, the effect of eating bitterweed does not pass away between milkings.

"The best way to control off flavors in milk is to prevent them," says Mr. Willm. "In the production of palatable milk preventive measures are always best. Therefore, dairymen should (1) feed milk-tainting feeds just after milking, (2) keep cows and barns clean, (3) properly ventilate cow stables, and (4) aerate milk in order to decrease the intensity of feed and barn taints. Finally, prompt cooling and storing of milk at a low temperature will retard the development of flavors and odors from biological action."

UNION VETERANS' SONS MAY HAVE CAMP HERE

Frank P. Gentieu, organizer for Delaware and the Eastern Shore for the Sons of Union Veterans, is taking steps to organize a camp of the order in Newark. Sons, grandsons and great-grandsons of veterans of the Union Army or Navy, whether paternal or maternal, are urged to communicate with Mr. Gentieu at 2511 West 18th street, Wilmington. Any descendant over 16 years of age is eligible. In speaking of the possibilities of a camp in this section, Mr. Gentieu says:

"As some of our older citizens are well aware, this section of Delaware furnished its full quota for service in the great conflict and the proposal that is placed before the descendants of these noble men is to organize into a recognized branch of the order of Sons of Union Veterans of the Civil War."

"Delaware forms part of the Department of Maryland in the national organization, the other units being the states of Maryland, Virginia, West Virginia and the District of Columbia. The present Commander of the Department is Col. U. S. Grant, 3rd, a grandson of the distinguished Civil War leader and himself a World War veteran with a Distinguished Service Cross. Col. Grant is in the U. S. service at present and has charge of the public buildings and grounds at Washington, D. C."

"The recent death of Dept. Commander Charles Waters of the Reynolds Post, No. 9, which with other recent deaths has weakened the local Post of the Grand Army of the Republic, emphasizes the need of a Camp of Sons of Veterans to assist the remaining members and to work in conjunction with the other patriotic and service organizations in the continued observance of Memorial Day which was first observed by Reynolds Post many years ago and has been continued to this date."

"It is hoped by those interested that the new Camp may be organized in time to have a part in the coming Memorial Day celebration."

PHONE RATED AS FRAUD

"In a newspaper printed sixty years ago a man had been arrested in New York for attempting to extort funds from ignorant and superstitious people by exhibiting a device which he says will convey the human voice any distance over metallic wires so that it will be heard by the listener at the other end. He calls the instrument a telephone. Well informed people know that it is impossible to transmit the human voice over the wires."

DEL. TRACK MEN WINE EASILY

Take Nine First To Beat St. Josephs, 78 1/2 to 46 1/2

Showing an all round form improvement, the University of Delaware track team won nine out of fourteen firsts to beat St. Josephs, Saturday, by a score of 78 1/2 to 46 1/2. The meet was held on Frasier Field.

The sensation of the meet was Smith, a St. Josephs freshman, who took three of the five first places to his team. He scored in the 100 and 200-yard dashes and the broadjump. Sloan, of Delaware, took the shotput and the pole vault. Other Delaware winners were: Captain Paxson, Wells, Garrett, Wright, Riggan, Collins and McCarthy.

The summaries:
120-yard hurdles—Won by Paxson, Delaware; second, Wells, Delaware; third, Dorges, St. Joseph's. Time, 17.2.

100-yard dash—Won by Smith, St. Joseph's; second, Sortman, Delaware; third, Goldberg, Delaware. Time, 10.2.

Two-mile run—Won by Palmer, St. Joseph's; second, Casino, St. Joseph's; third, Vorse, Delaware. Time, 12.12.

440-yard dash—Won by Riggan, Delaware; second, Wells, Delaware; third, Kearney, St. Joseph's. Time, 57.1 seconds.

Discus throw—Won by Nicholas, St. Joseph's; second, Parkinson, Delaware; third, Benson, Delaware. Distance, 116 feet, 9 1/2 inches.

One-mile run—Won by McCarthy, Delaware; second, McMullin, St. Joseph's; third, Phillips, Delaware. Time, 5 minutes, 3 seconds.

High jump—Won by Garrett, Delaware; second, Sloan, Delaware; third, Palmer, St. Joseph's. Height, 5 feet, 5 1/2 inches.

880-yard run—Won by Wright, Delaware; second, Durkin, St. Joseph's; third, McVaugh, Delaware. Time, 2:16 1-10 seconds.

220-yard low hurdles—Won by Wells, Delaware; second, Paxson, Delaware; third, Dorges, St. Joseph's. Time, 28 1-10 seconds.

Shotput—Won by Sloan, Delaware; second, Smith, St. Joseph's; third, Mulligan, St. Joseph's. Distance, 34 feet, 7 1/2 inches.

220-yard dash—Won by Smith, St. Joseph's; second, Sortman, Delaware; third, Kearney, St. Joseph's. Time, 23.1.

Pole Vault—Won by Sloan, Delaware; second, Barrett, St. Joseph's; third, tie between Dunn and Kearney, of St. Joseph's and Ruggerio, Delaware. Height, 9 feet, 6 inches.

Javelin throw—Won by Collins, Delaware; second, Garrett, Delaware; third, Kevney, St. Joseph's. Distance, 149 feet, 11 inches.

Broad jump—Won by Smith, St. Joseph's; second, Paxson, Delaware; third, Ruggerio, Delaware. Distance, 20 feet, 1/2 inch.

NEWARK JUNIORS WIN

Newark Junior High School advanced another notch in the D. I. A. A. baseball state championship race by defeating Mt. Pleasant School on their home grounds, 6 to 4, last Thursday.

This is Newark's second win out of as many starts, having previously defeated Hockessin, 26 to 1. Mt. Pleasant has defeated du Pont Junior High. Newark will play du Pont Juniors at Newark today.

Newark Golf Schedule

The match committee of the Newark Country Club has announced the golf schedule for the 1929 season. It contains thirteen club events and six team matches with other clubs. The first event will start on May 4 with the qualifying round for the classes of eight. The first team match will be on June 8 against Kennett Square Golf and Country Club, at Kennett Square.

In addition to these events there will be 18 silver spoons awarded for low medal scores on Saturdays and Sundays throughout the season. Dates of competition for spoons will be announced later.

The committee announces that the handicaps of all players have been increased two strokes, and urges that their score be turned in this month in order to establish new handicaps in keeping with present game of the player.

Blue and Gold Shows Best On Score Sheets, Drops Game Through An Error

The University of Delaware baseball team played another one of its good statistical games, Saturday afternoon in Philadelphia, again the figures were too scattered to count, and Drexel won the game, 2 to 1. However, the game was fast and tight, both sides exhibiting a first class brand of ball. The Blue and Gold outthrew Drexel, 7 to 4, but an error on the part of Delaware's moundman, Hall, coupled by two sacrifice hits, gave Drexel its winning tally. Hall and Marnie, opposing pitchers put up a thrilling duel, with the honors going to Hall, excepting his error. No player hit for more than a single bag.

Delaware will open the home diamond, Saturday, against P. M. C.

SCORE BY INNINGS

Delaware 0 0 1 0 0 0 0 0 1
Drexel 0 2 0 0 0 0 0 0 x—2
Two base hit—Jaquette. Struck out—By Marnie, 3; by Hall, 2. First base on balls—Off Marnie, 2; off Hall, 1. Double plays—Hughes to Eshelman to Lieberman. Stolen bases—Sheldahl, Redmond, Taylor. Sacrifice hits—Eshelman, Taylor. Sacrifice fly—Roman. Umpires—Miller and Voorhees.

LEGION BOYS LEAGUE WILL PRACTICE SATURDAY

Practice for the American Legion Junior Baseball League started on the High School diamond last Saturday. Another practice will be held this Saturday on the same diamond at 2 o'clock. It is expected that four teams representing the eastern, western, northern and southern districts of the town will be picked to play for the town championship. A team will then be picked to play for Newark in state competition, and the state winner will play for the national championship. The first Newark league game will probably be April 27.

This is part of a national movement fostered by the American Legion to instruct the boys of the country in the discipline of sport and sportsmanship. Prizes are given by the local posts for town winners and the national winners have their expenses paid to the World Series. Boys who want to compete in the Newark league should be at the High School diamond at 2 o'clock, Saturday.

GAMES POSTPONED

Games scheduled by the Newark High School baseball team for Friday, April 12, with New Castle, and this Tuesday with Wilmington High School, were postponed.

"THE KITCHEN FLOOR"

"Whether the kitchen is new or old, one of the home maker's biggest problems is the kitchen floor," says Kate Henley Daugherty, County Home Demonstration Agent of the University of Delaware. If the kitchen is to present a neat and attractive appearance the floor must be clean and well kept. How can it be treated to give it this well kept appearance with the minimum expenditure of effort and time is the question that many home makers are asking.

In the new kitchen it is largely a matter of deciding upon the kind of wood to be used. There are a number of suitable woods from which one may choose. Norwood floors are very beautiful in one's home, but it is not wise to put such an expensive floor in the kitchen, as this type of floor requires much care to keep it looking well and this is hard to do in a room that is used as much as the kitchen.

A well seasoned floor of pine properly laid will give good service. Well seasoned wood is good insurance against warping and splintering.

Having decided upon the kind of wood then the next important step is that of the finish. Is the floor to be waxed, varnished, painted, covered with linoleum or left in the natural state? Left in the natural state is the least desirable of all, because it is the hardest of all to care for.

If one has an old kitchen with the kind of floor that often accompanies such a work shop then the problem is quite a different one from the new wood floor. However, if one has such a floor it may be treated so that it is attractive and less time required for the cleaning and care.

Whether one owns her home or rents will determine in a measure the way in which the kitchen floor is treated. However, one should choose the covering or treatment that will withstand the hard wear that the average floor receives, that will be sanitary and easy to clean, that will be comfortable to stand upon and be attractive in appearance.

As yet, it seems that one cannot say that there is a perfect floor, floor covering or floor treatment for the kitchen, but there are some that have decided advantages over others. The personal preference of the home maker determines that the floor treatment or covering shall be, but often the choice is not a wise one which results in much time and labor being spent in caring for the floor.

If one owns their home, according to Mrs. Daugherty, the best and most economical treatment in the long run is to cover the floor with a good quality of cork inlaid or plain linoleum properly laid over a felt paper base, properly pasted to the paper felt and floor with linoleum paste. A linoleum of this type properly laid on a good smooth floor with proper care in washing and waxing will give a covering that will last almost a life time.

The second choice of floor covering is a good quality of printed linoleum laid over the felt paper base the same as advised for the cork linoleum. Mrs. Daugherty continues that while the plain and inlaid linoleum should be kept waxed to preserve them, the printed linoleums should be kept varnished, applying a coat of good linoleum varnish about twice a year. This prevents wear on the linoleum and preserves the pattern that would otherwise wear off.

Painted Floors

Paint is used to restore or revive old floors and on new soft wood floors. A coat of good spar varnish applied after the last coat of paint has thoroughly dried will preserve the paint. Painted floors properly done and given proper care will last for some time.

Use a good quality paint. Many have found battleship deck paint most satisfactory. One gallon of paint covers 300-500 square feet of surface. Always follow directions given on the paint containers.

Oiled Floors

Oil offers another treatment for the kitchen floor. After the floor has been thoroughly cleaned and allowed to dry, it may be oiled. If a darker floor is desired, a stain may be applied at this time before the oil treatment is applied. An acid or alcohol floor stain of the desired color may be had from local dealers, but a less expensive stain and one that has proven very satisfactory is a home made stain of permanganate of potash. (See Farmers' Bulletin 1219, page 8, Stain 1.) It is better to allow the floor to dry out a day or two after being stained before applying the oil.

A very satisfactory floor oil may be made at home by combining:

1 part boiled linseed oil

3 parts turpentine.

This is applied hot or cold with a mop; a floor thus treated can be wiped up with a dry mop daily and

IN MEMORIAM

Sacred to the sweetest and everlasting memory of our only child, Herman A. Messick, who fell asleep April 19, 1928.

Dearest son how we miss you, Miss you more than tongue can tell; But in Heaven we hope to meet you, There Jesus does all things well.

We are lonely, Dear, without you, Lonely, and oh, so sad at heart; You were our joy and sunshine, Why was it we had to part?

Though this world is full of trouble, Full of sorrow and of pain, Yet to us it would seem like Heaven If you were only here again.

"Henry of Primrose" given by the Young People's Society of St. Andrew's Church, presented twice during the First, Wednesday night in the Fellowship Hall at Stanton, for the Fellowship State Grange, and Thursday night in Concordville, Pa., for the Episcopate of St. M. E. Church.
"An Old-Fashioned" play, which was to have been given at the Episcopal Church Tuesday night, because of inclement weather, postponed to Wednesday evening, April 24.
The Parent-Teacher Association of the School met Wednesday evening in the schoolhouse. A very good report of the State meeting held in last Saturday, was given.
Mrs. L. H. Pennington, Miss Pennington, and Mr. Joseph Johnson will motor to Winchester, today, to visit relatives for a day. While there, they will attend the Blossom Festival of the Shenandoah Valley.
Mrs. Emily Stevenson and small son, daughter, spent Sunday with Mr. and Mrs. Will Blair.
Mr. and Mrs. Irvin Blair and Marvin spent Sunday with Mr. and Mrs. Woodward.
Wm. Naudain visited his mother, Wm. P. Naudain, at the University of Pennsylvania Hospital, last Sunday evening. Mrs. Naudain, who has been ill for some time, is at the hospital for further treatment.
Dr. and Mrs. Will Wright, of Wilmington, were guests on Sunday of Wright's sister, Mrs. Frank V. Whitman.
Miss Mildred Armstrong, of Roselle, was a weekend guest of Mrs. Walker Pennington.
Mrs. W. P. Peach and Miss Carolyn were Sunday visitors of Miss Brian T. Gray, of Overlook Colony, Mount.
While splitting some wood at his home on Saturday, Edgar Hitchens, of the Baltimore, almost severed the finger of his left hand.
Quite some excitement was caused at night by a fire at the old Peach mill works; three fire companies responded to the call, but neighbors had the fire under control at the arrival of the companies on the scene.
Considerable damage, trees, uprooted, telephone poles and wires down, and windows broken was caused by the recent storm which swept this section.
The Young People's Society of the White Clay Creek Church will present play, "The Beans on a String," Thursday evening, April 25, at 8 o'clock, in Odd Fellows' Hall, Stanton. The following is the cast of characters: Benny Davis, Zezalee Davis, Miss Lillian Frazier; J. H. Davis (Benny's father), Ralph Larson; Benjamin Davis, Esq., (a rich uncle, Franklin Greenwalt; Harold Beem (a friend of Benny's); John Murray; Mrs. Ah Dinkler (a would-be detective); Calvin Hall; Mrs. J. DEMONSTRATION CLUB FORMED AT PORT PENN
A group of home-makers of Port Penn met last Monday afternoon at the home of Mrs. Frank Torbert and organized a Home Demonstration Club for their community. Mrs. Harry Hickman was elected President of the club. Mrs. Kate Henley Daugherty was present and gave a demonstration on Labor Saving Equipment for the kitchen.
The home-makers that enrolled in the Port Penn Home Demonstration Club are Mrs. Sarah Shelton, Mrs. R. E. Eabor, Mrs. Harry Hickman, Mrs. Frank Torbert, Mrs. Harry Taunce, Mrs. Mary Yearsley, Mrs. William McMillan, Mrs. Clifford Bandler, Miss Marie Oulson, Mrs. Frank Yearsley, Mrs. Raymond Quillen, Mrs. Robert Carpenter, Mrs. Bertie Dyer, Mrs. Bertie Fleming, Miss Emilie Carpenter.
Mrs. Daugherty says that there are now five Home Demonstration Clubs in New Castle county. The other four are at Middletown, Glasgow, Christiansburg and Hockessin.
Aside from the regular organized Home Demonstration Clubs, Mrs. Daugherty is working with many other home-makers in individual projects such as kitchen improvement, labor saving equipment, renovating of old furniture, dyeing and re-dyeing of clothes, laundering of delicate fabrics, etc.
TO ISSUE 500 POSTERS ON NATIONAL EGG WEEK
The Delaware State Poultry Association at a meeting of its executive committee held at Milford last Friday evening, authorized its educational committee to purchase 500 National

Egg Week posters from the National Poultry Council, at a cost of \$25.00. These posters will be displayed in grocery stores, restaurants, hotels, and other food dispensing places throughout the state during the week of May 1 to 7, which has been designated as National Egg Week.
The purpose of these annual Egg Week celebrations is to call attention to the value of eggs in the diet and to increase the consumption of eggs during the spring months of high production and low prices.
"What is there of interest to the working man in National Egg Week?" is a question recently asked Miss Pearl MacDonald, nutrition specialist of the University of Delaware.
"Eggs for Health" has a very definite interest for the working man," replies Miss MacDonald, "both from the nutritive and the economic standpoint. The daily physical work causes a certain amount of wear and tear on the muscle and other tissues of the body just as there is wear and tear in the operation of an automobile or any other machine.
"This daily wear and tear on the tissues must be made good through the food supply. Naturally, when a person takes his automobile to the garage for repairs, he does not want the mechanic to put in cheap or low grade parts. If his car is to render the best service, worn parts must be replaced with those of the best quality. Just so with the body machine, food eaten must supply materials of excellent quality in proteins for repairing and maintaining muscle tissue; in mineral matter (especially lime, phosphorus and iron) for helping to regulate the work of the body and keeping it in condition; vitamins for maintaining the general well-being.
"Eggs answer these requirements and rank next to milk in the quality of proteins, minerals and vitamins, (except in amount of vitamin C).
"Tradition and dietary habits have fixed in the minds of people the belief that meat is the food that gives strength to the worker. The protein of meat is of good quality, but muscle meat is deficient in lime particularly and in vitamins except that it has some vitamin B.
"Meat is almost always one of the most expensive items in the food budget of the working man's family. Therefore, both from the economic standpoint and from the point of view of quality in nutritive value," concludes Miss MacDonald, "the working man may very well alter his dietary habits by using less meat. Authorities agree that meat once a day is sufficient. (As a rule people should also use less sweets as well as less meat). An adequate diet is one which furnishes plenty of milk (one to two pints per day for the adult), eggs (one or two a day), cheese, fruits and vegetables (always with some fresh fruit and vegetables, and some of the leafy vegetables), and grain products (breadstuffs and breakfast foods)."
4-H CLUB ORGANIZED AT TOWNSEND SCHOOL
A 4-H Club has been organized at the Townsend School, the members coming from the Townsend community. This club is under the supervision of County Club Agent, G. M. Worrlow, who is in charge of the Junior Extension or Boys' and Girls' 4-H Club work in New Castle county, and Miss A. Katherine Ratledge, Principal of Townsend School.
The following farm boys make up the newly organized club: James Hobb, president; Sylvan Webb, vice-president; Kermit McGinnis, secretary and treasurer; George Thomas, James Dickinson, Clarence Luty, Martin Insolo, Reyburn Isaacs, Leonard Nabbs, Carl Hutchinson, Joseph Hutchinson, Clarence Schwatka, James L. McLain, Preston Lattomus, William Luty, Burton Mannering, Edgar Slaughter, Elmer Faries, Floyd Lancaster, Andrew Brothers, and James Dailey.
The aim of 4-H Club work is to better educate the rural boys and girls of the county in the modern methods of farm practices, and to increase their interest in their farm life and their community.
Every boy or girl enrolling in a 4-H Club selects the project they wish to carry on, care for their project and keep a record of all expenses and returns on their project during the year. When their project is completed their record is sent to the County Club Agent.
To reward 4-H Club members for their achievements, each club member completing his or her project is awarded a 4-H Club Achievement pin, with the four-leaf clover inscribed

upon it with an H on each leaf; these pins are donated by the New Castle County Farm Bureau. In addition to winning an achievement pin each club member competes for free trips to the Kent-Sussex Fair, Scholarships to the Junior Short Course at the University of Delaware, held one week during June, a one week, free trip to Camp Vail held in conjunction with the Eastern States Exposition at Springfield, Mass.; all dairy Calf Club members are eligible to compete for the State Dairy Judging Team which will represent Delaware 4-H Clubs at the National Dairy Exposition held at St. Louis, next fall.
SELLING IN ENGLAND
A Wilmingtonian in London visited a friend; while there the local man became enthusiastic about the electrical appliances of America. He was especially strong on his description of the help the women now have in the home, referring particularly to the Kitchenaid, which this gentleman had at home. The family where he was visiting absorbed this enthusiasm for this kitchen robot, so the local man cabled his wife, who got in touch with the local representative, Mr. Joseph Workman, General Manager of the Roofing and Improvement Company. Mr. Workman advised where the Kitchenaid could be obtained in London, and a sale was made. This little incident indicates the progress of America and the local ability of Wilmingtonians was attested, too, in this instance.

Governor Buck Kills Red Men's Bill by Veto

(Continued from Page 1.)

rather than on political expediency. His veto message on the bill read as follows:

"To the Members of the House of Representatives, 102nd General Assembly, Dover, Del.

"Gentlemen: I return herewith without my approval, House Bill 112, entitled, 'An Act in reference to the Red Men's Fraternal Home of Delaware, Inc.,' and offer the following as my objections to it.

"The purpose of the bill as I understand it, is to exempt the property of the Red Men's Fraternal Home, in Newark, so long as the title remains in its possession, from liens for sewers and crabs, assessed against it by the Town of Newark for public improvements of the sort that have been provided.

"It would appear that the Council of Newark, in accordance with the provisions of an Act of the General Assembly of the State of Delaware, being chapter 118, volume 35, Laws of Delaware, approving the construction of sewers in the town of Newark, Delaware, and providing means for the payment of the same, did construct an addition to its then sewer system, a part of which was along and under the streets binding the property of the Red Men's Fraternal Home of Delaware.

"It is my understanding the said sewers were constructed in strict compliance with the above recited Act of Assembly, and the assessments for the costs thereof were duly apportioned to the properties along and in front of which it was constructed, as provided in said Act. I believe the Council of Newark also erected and constructed curbs and gutters along the Red Men's property, with the knowledge and consent of those in control of the said Red Men's Fraternal Home of Delaware.

"I find that the aforesaid Act of Assembly in Section 19 thereof, provides that the Council of Newark shall have the right to, and shall assess the cost of constructing said sewers upon the property abutting the streets along which said sewers were built, whether owned by and used for churches, schools, colleges or any other purpose, and whether exempt, under any general or special law of the State of Delaware for assessment for town taxes or other assessments.

"It is evident that it was the intent of the 1927 General Assembly to give the Town of Newark authority to assess all classes of property abutting the streets along which sewers were to be built regardless of their ownership or use.

"Having proceeded with the work in accordance with authority thus granted it and having extended its sewer system along streets where certain adjacent property is owned by the Red Men's Fraternal Home of Delaware, it would appear to me inequitable to now exempt it or any other property similarly located from its share of the cost of the improvements made by the town in accordance with the above mentioned Act of the General Assembly, and especially as the amount of any exemptions permitted would have to fall upon and be paid by additional assessments against other property holders in the town, who will already have been assessed their due charges for the work.

"For the reasons given, I cannot bring myself to approve the bill, and I therefore return it without my approval to the House in which it originated.

"Yours respectfully,
"C. D. BUCK,
"Governor."

Let us carefully observe those good qualities wherein our enemies excel us; and endeavor to excel them, by avoiding what is faulty, and imitating what is excellent in them.—Plutarch.

Lodge Notes

JR. O. U. A. M.

Despite the inclement weather, Monday evening, twenty-five loyal members of the American Flag Council No. 28, Jr. O. U. A. M., assembled in session. Councilor Norton presided, with Vice-Councilor Scarborough giving valuable assistance. Plans are being formulated to attend service for Memorial Sunday next month. Brother Dempsey is ready to tell how to win one of the prizes for the open meeting, June 3. These prizes are a large cedar chest or a floor lamp made at "Our Home."

Several candidates took the final degrees in Wilmington Tuesday night. Our charter is now open for all loyal Americans to enroll.

Next Monday evening we will have special attractions in our session, also a quiz tournament and several card games after meeting.

A. Neal Smythe,
Jr. Past Councilor.

THE CARE OF LAWNS

A CORNER OF ROOFING & IMPROVEMENT CO. SHOWROOM

This photograph shows a glimpse into a corner of the show rooms of the Roofing & Improvement Company, 1316 Union street, Wilmington, Delaware. Visitors are always welcome to come and view the latest in color shades of tile for bathrooms and kitchens.

There are many home improvements to be seen here. The McDougall built-in domestic science kitchen, radiator cabinets, floor and wall finishes, all kinds of roofing materials. In fact, all those improvements that the home that final something that distinguishes it from the "older type of home."

This week the Cooking School in Wilmington is featuring the Kitchenaid, one of the home improvements offered by this company. This is a marvelous piece of machinery—at a snap of a switch it mixes dough, makes potatoes, beats eggs, cuts shortening into flour, creams butter, whips cream, makes mayonnaise, strains fruit, sieves beans or peas for purees, chops meat, grinds coffee, cereals, shreds cabbage, nuts, slices fruits and vegetables, extracts fruit juices, chips ice, freezes ice cream. This woman's robot does all these things and many more. Phone call to Wilmington 8310, without any obligation on your part whatever, will bring to you a demonstration of your own kitchen, also ask about the liberal household budget plan.

possible. The persons having the largest number will secure \$25; the second, \$15; third, \$10. Boys and girls who are hustlers have an unusually good chance to make some vacation money. The contest closes on May 15, and all returns must be made on that day at the Mundorff plant. Mr. Mundorff conducted a similar contest last year, and had unusually good results.

Business, with the advent of warm weather, has shown a decided increase at the bottling establishment. During the past week, the beverages of this company were consumed in large quantities at the military carnival held

in the Wilmington armory, Tenth and Dupont streets. Among the leaders was Pepsi-Cola, the new drink being bottled by Mr. Mundorff. Although a new product, it has achieved instant popularity.

AUTOMOBILE PARTS

Dozens of Newark people are familiar with the advantage offered by Mr. D. Ploener, 520 South Market street, Wilmington, for spare and replacement parts for all makes of automobiles and trucks. The price of a trip can generally be more than saved when you need a replacement part for your machine. Mr. D. Ploener also purchases all machines and trucks, offering a fair price and a good market.

AUTOMATIC TALKING MACHINES POPULAR

James R. Lake, of Shilling and Lake, at Ninth and West streets, Wilmington, was in receipt of a letter from Stamboul, Turkey, requesting in-

formation concerning the automatic coin operated phonographs for which this concern has the agency for Delaware, Maryland and New Jersey. The inquirer was a former resident of Wilmington and had been favorably impressed with the machines. He is of the belief that they would be successful in Stamboul, where he is in business, and writes concerning the success there.

These machines, which are efficient and very sturdy, will play twenty-eight double-faced records without any more effort on the part of anyone except the placing of a coin in the slot. Thus, fifty-six records are available. Mr. Lake has installed many of these in confectionery and tobacco stores, restaurants, hotels and other establishments, and invariably receives word that business has shown an increase. Last week, nine were stalled.

REGULAR MOWING IS BEST LAWN BUILDER

A lawn is a thing of beauty. It and the sky really are the frame that encloses a beautiful home. The care of the lawn depends largely upon the seed, food, and drainage, and particularly the proper mowing or cutting. Mr. Harry Solomon, of 102 North Union street, Wilmington, has discovered from his years of experience that those who have and maintain a good-looking lawn are those who start taking care of their lawn early in the spring by use of a good fertilizer and then with frequent and regular cuttings. It is here particularly where Mr. Solomon's advice is of value and that is in keeping your lawn mower not only sharpened but also in A1 condition. Mr. Solomon has been sharpening lawn mowers for years and has installed special factory machinery which is handled by an expert machinist. Mr. Solomon advises you to cut your lawn regularly and often enough so that the clippings will not have to be removed from the lawn. Leaving the cuttings provides more plant food for the grass, in fact, it strengthens the sod by forming a mulch which keeps the moisture in the ground.

WILMINGTON BANKER ATTENDS CONVENTION

A discussion of new business plans and the operation of various phases of industrial banking, were the outstanding features of the April meeting of the Atlantic States group of executives from Morris Plan Banks and companies held in the main office of the New York company, 33 W. 42nd street, New York City. Royden C. Bryan, vice-president of the Wilmington Morris Plan Bank attended the meeting and took an active part in the various sessions.

White Sulphur Springs has been selected for the annual convention of the Morris Plan Bankers Association, to be held the latter part of September. The program and news committees directed by W. A. Fox of Columbus, Ohio, and R. B. Umberger, of Chicago, have been named. The summer meeting of the Atlantic States group will be held in conjunction with the New England group, a custom of many years. A large number of Morris Plan banks and companies are located in the New England section and the June conference usually occupies two days. The convention city will be named in May.
