PRICE SEVEN CENTS

New Central Post Office Site Considered For Dameron Tract

Proposed Ordinance To Rezone 4-Acre Tract For Use As Leased Post Office Facility, Approved At First Reading; Vannoy Property To Be Bought As Parkland

A site for a new, central U.S. Post Office in Newark received preliminary approval with the first reading of a proposed ordinance at the meeting of Newark City Council last Tuesday night, to rezone a four-acre tract of the Dameron property on the west side of Marrows Road from Residential RM to Business C.

"For approximately four years, the department has been surveying the town for a site," Acting Postmaster Ott W. Widdoes said. "And gentlemen from the regional real estate office said 'this is it,' referring to the four-acre Dameron tract. Widdoes added that the proposed post office would be a "leased facility" and that the city would not be deprived of any tax revenue with such use of the property.

Council authorized purchase of a seven-acre portion of the Ralph Vannoy farm property west of New London Road at a price of \$65,000 with a \$5,000 down payment, for municipal parkland.

Option To Buy
Councilman Frank J. Osborne, Jr., urged that the city take an option to buy the Vannoy residential property for additional parkland, and council endorsed this proposal.

M. E. "Dick" Prettyman, Jr., in the audience, cited the need for access to the Vannoy parkland from Stanford Drive, and City Manager Edward R. Stiff said that such access would be provided with extension of the drive adjacent to the Vannoy property.

Continuation of the Halloween Mardi Gras parade program was approved in a 4-1 vote over Councilman Arthur P. Mayer's objection.

Mayer cited a deficit in the budget for the annual Memorial Day parade program of last May, and proposed that funds allocated for the Halloween program be diverted for "one first class parade in Newark — and the Memorial Day parade should be it."

Traditional
Mayor Norman B. Handlon said that the Mardi Gras parade is a tradition in Newark, and Councilman Olan R. Thomas said that its abandonment would be "a great disappointment to small children."

"Certainly, with the recreation program we have, if we can't put on a proper Halloween parade, we might as well call it quits," Thomas added.

Planning for the Halloween program is to proceed next month.

The project for drainage improvement in the Fairchild Country-Club-Windor Drive area was approved at an estimated cost of \$10,000 for inclusion in the new capital budget, and contracts for fencing the Edna C. Dickey Park at a cost of \$1,179 and for extension of 5-KV overhead primary lines at \$6,296.12 were awarded to Anchor Fence Co. and Henkels & McCoy, Inc.

A request from Albert H. Marts for city annexation of 15.114-acre north and adjacent to the Paper Mill Terrace Apartment tract was referred to the planning consultant, and four immediately adjacent property owners are to be contacted for views on annexation.

Commendation
Council adopted a resolution presented by the city manager, commending participants for rescuing a gasoline tank truck driver in the Aug. 18, accident at the I-95 interchange on Rt. 896 near Newark — firemen of the Newark, Christiana, Elkton, Mill Creek, Middletown and Newport volunteer companies; the Air National Guard, and the city electric, police and public works departments.

Proposed ordinances to include a portion of McKees Lane in the street map of 1955; and to rezone 1.9-acres on the south side of West Chestnut Hill Road for a medical center, were approved at first readings.

City Solicitor Clyde M. England, Jr., is to prepare an amendment to the ordinance requiring a three-quarter vote of the entire council to override a Newark Planning Commission decision, the amendment to permit a simple majority rather than three-fourths vote.

Council Mayor who proposed this amendment, expressed disappointment at the planning group's recent rejection of the Newark Post Office site as a use of the Dameron tract.

(Continued on Page 4)

Staff Sgt. James Potter Promoted In Air Force

James M. Potter, son of Mr. and Mrs. Richard D. Potter, 9 Carlisle Road, Brookside, has been promoted to staff sergeant in the U.S. Air Force.

Sgt. Potter, an aircraft mechanic at Offutt AFB, Neb., is assigned to a unit of the Strategic Air Command.

He is a 1965 graduate of Christiana High School.

Schools To Open Next Wednesday For 1969-70 Year

Double Sessions Slated For Wilson-Maclary Pupils Due Construction Delays

The schedule for operation of Newark public schools for the 1969-70 school year was announced this week, with the first day of school next Wednesday.

With the exception of children involved in the Wilson-Maclary school double sessions the schedule for the first day includes elementary school dismissal at 11:45 a.m. and secondary schools dismissal at 12:25 p.m.

Agriculture and special education pupils at Newark High School and special education pupils at Christiana Junior High will be dismissed at noon.

Elementary special education pupils at Christiana-Salem and West Park Place schools will be dismissed at 11:25 a.m.

Elementary special education pupils at the University of Delaware will be dismissed at 11:15 a.m.

Kindergarten classes will not meet next Wednesday.

Wilson School, which will not begin sessions until 12:30 p.m. will be dismissed at 4:30.

Grades one through 12 in the Newark schools will be on full-day sessions beginning Sept. 4.

Kindergarten classes will meet for the first time on Sept. 4, with morning classes from 9 to 10:30 and afternoon classes from 2 to 3:30.

Beginning Sept. 8, kindergarten classes will be held from 9 to 11:30 a.m. and from 1 to 3:30 p.m.

Separate buses will be operated for kindergarten pupils.

Building principals are responsible for assigning kindergarten pupils to morning or afternoon sessions and notifying parents of section assignments and bus routes.

Ralph E. Purcell Conducts Seminar On U.S. Defense

Prof. Ralph E. Purcell of the department of political science at George Washington University is conducting an Aug. 26-29 series of seminars on "Comparative Plans of Government" at the Industrial College of the Armed Forces, Ft. McNair, Washington, D.C.

Senior civilian defense management personnel and military officers are attending the seminar as part of a six-month course on political aspects of defense of the United States.

Purcell resides at 115 Old Oak Road, Newark.

Prior to his position at George Washington University, he was Chester W. Nimitz professor of political and social philosophy at the Naval War College, Newport, R.I., and was chairman of the department of political science at the University of Delaware in 1959-1962.

Principals' Radio Host

H. Nelson Freidly, Jr., Maclary, Wilson

School Principals To Speak On Radio

Because of the strike of construction workers, the Eta J. Wilson and the R. Elisabeth Maclary schools will be on double sessions at the Maclary School until the Wilson School is completed.

This Sunday at 12:30 on Radio Station WNRK "Newark Schools on Parade" Host H. Nelson Freidly, Jr., will have guests Thomas A. Cobley, principal of the Maclary School, and Floyd Weidman, Jr., principal of the Wilson school, discuss implications of these double sessions on education of some 1,300 children involved.

Children who regularly attended the Maclary School will go to class from 8 a.m. to noon, and children who should attend the Wilson School will attend class at Maclary from 12:30 to 4:30 p.m.

Details of the kindergarten operation during the period of double sessions will be explained in this Sunday's broadcast.

Youngsters Offered Tours This Autumn Of University Research Farm At Newark

For the 12th consecutive year, the University of Delaware college of agriculture students will provide guided autumn tours of its Newark research farm for kindergarten and elementary school classes.

Kindergarten classes are invited to visit the farm Sept. 23-30; elementary grades one to three may tour the facility through Oct. 31.

Tours, which must be arranged by appointment, are conducted Monday through Friday from 10 a.m. to 3 p.m. Each tour lasts about an hour.

Many Delaware youngsters, particularly city-dwellers, have never seen a farm, observes New Castle County Agricultural Agent Ed Schabinger. "They've never had an opportunity to see where the food and clothing comes from and to examine farm animals and crops on a first-hand basis."

Tours of the university farm answer a great many questions for these youngsters. Children have a chance to watch cows being milked and animals being fed.

They see chickens, cattle, horses, pigs, sheep and other farm animals; they see farm machinery and field and vegetable crops; they see the first time what a farmer does and how he does it.

DSBA Representative

Chairman Ronald Osbourn and Scott Downing of Wilmington, both graduate students at the university, report purpose of the conference is to promote the science and business of agriculture, nationally and internationally.

Keynote speaker Edward Givens, Southern State Cooperative, will discuss the problems and challenge of agricultural industry.

Role of the chemical industry in the world food situation will be the topic of Dr. A.C. Suesy, Rohm & Haas; Merle E. Ward, DuPont, and Olaf Steen, Hercules.

The food producers share in the world food problem will be discussed by J. Frank Gordy, executive secretary, Delmarva Poultry Industry, and William Hollis, National Canners Association.

Dr. Ralph Cummings, North Carolina State University, will talk on "Foodstuffs: Production, World and Freedom Services, will speak about the accomplishments of that agency.

The international conference is sponsored in Delaware by Alpha Zeta, national honorary agricultural fraternity, and the college of agricultural sciences.

Wins Pilot's Wings

Enid, Okla.—2nd Lt. Michael A. Dauth, whose wife Joanne is the daughter of Mr. and Mrs. Harold Kerslake of Fox Den Road, Newark, has been awarded U.S. Air Force silver pilot wings upon graduation at Vance AFB, Okla.

Dauth received his B.S. degree and his commission in 1968 upon graduation from the U.S. Military Academy.

His parents are Lt. Col. and Mrs. Albert Dauth.

Ex-Governor Honored

Long-time Laurel resident and former Delaware governor, Elbert N. Carvel was cited by Sussex County service clubs on Tuesday night, Aug. 12, for outstanding contributions to agriculture in Southern Delaware.

Carvel, Sussex County farmer and agribusinessman, received the 12th annual Sussex Service Club Award in ceremonies at the University of Delaware Georgetown Agricultural Station.

Dr. William E. McDaniel, dean of the college of agricultural sciences, presented the award.

President of Valliant Fertilizer Co. of Laurel, Carvel is a member of the Delaware State Grange and honorary member of Alpha Zeta national honorary agriculture fraternity.

24th Annual St. Thomas Antiques Show To Be Presented Sept. 22-24 At Newark

Newark's 24th Antiques Show will be held Sept. 22-24, at St. Thomas Episcopal Church on South College Avenue when dealers from five states will display antique furniture, oriental rugs, early glass, earthenware, jewelry and old metals.

The show opens Monday at 7 p.m., closing at 10 hours for Tuesday and Wednesday are 11 a.m. to 10 p.m. Luncheon will be served from 11:30 to 1:30 Tuesday and Wednesday by a snack bar will serve, sandwiches, and homemade desserts from 2:30 to 10 p.m.

Mrs. Matthew C. Sullivan, staff member of Winterthur Museum, will lecture on oriental rugs on Tuesday at 11:30. Mrs. Sullivan, a Winterthur Guide for more than 12 years, is a member of the Halli Baba rug society of Washington D.C.

Dr. John A. Munroe, H. Rodney Sharp professor of history at the University of Delaware, will speak Wednesday at 11:15 on Delaware history.

Kramedas Reports On Adult Evening School Offerings

Courses To Begin Sept. 16 For 15 Tuesday Evenings In Newark High School

William Kramedas, newly appointed supervisor of adult and community programs for the Newark school district, has announced the schedule and courses for the fall semester of Newark's Adult Evening School.

Included in the Adult Evening School this year will be driver education which provides 30 hours of instruction; beginning French, stressing pronunciation and fluency in common situations; beginning and intermediate sewing; and a year-long course for those who have never had shorthand.

A course in tailoring for those interested in construction methods and techniques for tailoring suits and coats will be offered.

There will be a course in wood-working and furniture refinishing; and a new course on gourmet cooking.

The purpose of Newark's Adult Evening School is to provide instruction for interested citizens on a non-credit basis.

Classes are conducted Tuesday evenings from 7 to 9:30 for 15 weeks beginning Sept. 16.

There are three ways to register — by mail to William Kramedas, in person at the District Administration Building, 83 East Main Street, from 8 to noon and from 1 to 4; or in person on the first night of classes at 6:30, Tuesday, Sept. 16, at Newark High School.

Harry W. Dowling To Head Newark Plant For Atlas

Harry W. Dowling has been appointed manager of Atlas Chemical Industries' Stuart pharmaceutical division plant to be built near Newark.

R. J. Kroenert, Atlas vice-president and general manager of the division, said the plant will make selected products of the Stuart line of more than 40 ethical pharmaceuticals, and will serve as the division's distribution center for the Eastern United States. Stuart headquarters and other production facilities are in Pasadena, Calif.

Construction has just begun on a 107-acre site bordering the John F. Kennedy Turnpike near Newark.

The plant is scheduled to open in late 1970, initially employed about 150 people.

Born in Palmetto, Fla., Dowling holds a BS from Millsaps College, Jackson, Miss. (1957), and an MS in chemistry from Louisiana State University in 1959.

He joined Atlas as a laboratory supervisor in the company's Darco Experimental Laboratory, Marshall, Tex., in 1959 and later was chief quality control chemist at Atlas Point Plant, New Castle, Del.

Since 1967 he has been derivatives project manager in the Atlas chemical engineering laboratories there.

At present, Dowling is at the Stuart Pharmaceuticals facility in Pasadena preparing for his new assignment.

Vietnam Telethon Gifts Top \$1,000 In VFW Program

The Vietnam Gift Pae Telethon was held throughout the country last Sunday from 2 to 8 p.m. with radio and TV Star Dennis James heading the national hour-long broadcast locally over WILM.

Political figures, sportsmen, stage, screen and TV personalities spoke on behalf of this appeal for donations for U.S. servicemen in Vietnam.

Norman Schutman of Spelling & Spelling Employment Agency, Wilmington, provided VFW Auxiliaries use of his office and equipment.

Department President Emma Mazzeo, Chairman Edith DuBois, and Co-Chairman Dorothy Foster of Newark's Thomas Cooper Auxiliary, with 22 auxiliary members, answered phone calls and over \$1,000 was pledged to the Wilmington office.

S/Sgt. Charles Hutchison Wins 4th Army Medal

Staff Sgt. Charles Hutchison, whose wife Mary lives at 1014 Gerald Drive, Newark, received his fourth award of the Army Commendation Medal on July 25, while serving at the U.S. Army Ordnance Center and School, Aberdeen Proving Ground, Md.

Hutchison earned the award for meritorious service during his last assignment with the 101st Airborne Division in Vietnam.

He is an instructor in the brigade's headquarters company at Aberdeen.

Aetna Launches Mail Campaign In Fire Protection Fund Drive

Newark Volunteer Firemen Seek Public Contributions Of \$34,900 For Budget Of \$88,000 To Maintain Fire Protection For 60,000 People In 25-Sq. Mi. District

Early this week, the Aetna Hose, Hook & Ladder Co., mailed to 10,585 homes in the Newark fire district, folders containing the 1970 budget and explaining the annual fund drive; pictures of Aetna's fire-fighting equipment and the two fire stations, along with a business reply envelope.

The folder appeals for financial support and requests contribution be mailed as soon as possible in the envelope.

Aetna Fire District

The Aetna Fire District covers over 25-sq.-mi., with more than 60,000 residents.

The fund drive is a complete mailing operation — no one will call house to house, Thomas stressed.

"Please send your contribution today," Thomas continued. "These dollars help maintain and buy the apparatus and equipment necessary to help us protect our community."

Aetna volunteer firemen supply the manpower, but need community financial help. Aetna's total budget is \$88,000 and of this amount \$34,900 must be raised by public subscription.

"Newark firemen receive no pay and ask only that you help them by sending the dollars to maintain modern apparatus and equipment."

With the necessary dollars for equipment they will provide the service," Thomas concluded.

King, Blackinton To Conduct Camp For Band Practice

Delaware Marching Band To Offer Six Half-Time Shows For Home Football

The University of Delaware marching band, 104 strong, will begin practicing for the 1969 football season during Sept. 1-5 band camp at Camp Tockwood in Wornton, Md.

Under the direction of J. Robert King and David P. Blackinton, the group will rehearse six shows to be presented during halftime at University of Delaware home football games.

Special features in this year's musical entertainment include an all-band dance number, a show based on a circus theme, and appearance of a newly organized alumni band.

The first show on Sept. 20 will present the entire trumpet section playing a special arrangement of the bull fighter's song "La Virgen de Macarena" in a south of the border format.

That same day Delaware high school bands will recognize the 100th anniversary of football by playing well-known gridiron songs.

On Sept. 27, the band will celebrate the 10th anniversary of Hawaiian statehood and 100th anniversary of the first transcontinental railroad, the invention of the typewriter and the beginning of college football.

The tuba section of the band will be singled out for a special dance routine in the Oct. 18 circus show. The program will end with a drum spectacular to "Tune Is Bustin' Out All Over" arranged by John Anderson, instructor of music.

The Oct. 25, show entitled "That Wonderful Year," will be based on tunes written in 1941. Irving Berlin's "Play A Simple Melody" has been turned into a double dance routine for the band by King. The entire band will dance in this number which is a Delaware marching band first.

Another feature of the day will be the first appearance of a marching band composed of former members of the Delaware band, when 50 alumni will be on hand to play a few numbers for the audience and then join the marching band in the Alma Mater.

Following a Nov. 1 program based on "Funny Girl," the band will give their final show on Nov. 8. The music for this program will be based on compositions of Berlioz, Adinolfi, De Falla and Stravinsky.

Horace Dennison Assigned With Infantry In Korea

Army Pfc Horace P. Dennison, 23 son of Mr. and Mrs. John W. Dennison, Hockessin, has been assigned to the 2nd Infantry Division in Korea.

His wife Karen lives on Ott's Chapel Road, Newark.

Mill Creek Hundred News

Sara Pennington Evans, Correspondent
Phone 239-7798

The new North Star Elementary School located on six acres of land which included the site of the old one-room school, will open next Wednesday.

Ira Bennett, principal of Hockessin and Yorklyn schools in the Alexis I. du Pont district, will supervise this school. There will be kindergarten, first, second, third and fourth grade classes here.

The teaching staff will include Mrs. Amy Wickes, Mrs. Hilda Poin-dexter, Mrs. Rojean Ellis, Mrs. Theresa Dempsey, and H. David Henry.

The first North Star School was built in 1847 according to Henry C. Mitchell, oldest resident and student of this area, and on whose property the school is located.

The large school bell was removed from the old building, and has been placed on the new school.

North Star rural school was consolidated with Hockessin district in 1962, with a vote of 15-5. When residents voted in 1967 for a new school to be erected in the old North Star district the vote was 554-204.

Twenty-five acres of land has been acquired for a new middle school which to be built at Benne and Meeting House roads between Yorklyn and Hockessin.

Andrea White of Brackenville Road, a 1969 University of Delaware graduate, will teach home economics at North East (Md.) High School starting next week.

Red Clay Creek Presbyterian Church

The following youth attended Chesapeake Center Presby-terian church camp near Port Deposit, Md. last week — Judy Cashell, Janet Gilbert and Karen Philhower.

Martin Keen is at the center this week.

Representatives from 50 churches attended the special program given by the staff of Organization In-terest to explain rehabilitation of

ex-offenders last Monday at this church. Dr. Tom Dunn of Red Clay was in charge.

The fall schedule will begin Sept. 7, with worship services at 9:30 and 11 a.m. with church school classes at both periods.

Twelve members of Union 4-H Club held a swimming party and hot dog roast last Wednesday at the home of Francis and Joanne Stafford.

Virginia Gibson and Donna Con-nell are Union members who at-tended State 4-H Conference this week at the University of Dela-ware.

The club has changed its meet-ing date to the first Wednesday of each month starting next Wednes-day at the home of Michael and Debbie Moore. Officers will be elect-ed.

Hill'n'Dale 4-H Club will meet today at 7:30 p.m. at the home of Aron and David Insinga in Cooper Farm for annual election of officers.

Harmony Junior Grange is do-nating \$25 to the restoration fund for historic Greenbank Mill which was destroyed by fire last Thurs-day.

A campaign has been started by Historic Red Clay Valley In-corporators of this property, for money to rebuild this old grist mill built in 1790 along Red Clay Creek.

Thomas C. Marshall of Yorklyn, will receive donations large or small for this work.

Ebenezer Methodist Church

Charles Betters, layman and member of Red Lion United Metho-

dist Church, who is entering East-ern Baptist Seminary this fall, will preach this Sunday at 10 a.m.

Mr. Betters is founder and di-rector of Victors in Christ for col-lege and high school students who give sacred musical programs for various groups.

Julie Williams of Limestone Road, is spending this week at Camp Pe-Co-Moth at Preston, Md. Julie, a member at Ebenezer, is caring for children of migrant workers.

Douglas Unger is a patient in St. Francis Hospital.

Limestone Presbyterian Church is planning its annual church school picnic at Brandywine Springs State Park on Sept. 7.

Danny Dempsey of Corner Ketch has been spending several weeks with his uncle and aunt, Mr. and Mrs. A. Carl Nelson, Jr., at their home in Chapel Hill, N.C.

Mr. and Mrs. Albert Humphreys have moved from Greenwood to their new home in Henderson Heights.

The Rev. B. F. Ferguson, pastor of Antioch Presbyterian Church, Red Springs, N.C., was a guest last week of his brother Henry Fer-guson, his sister, Mrs. Mabel Riale, and his sister-in-law, Mrs. Elva Ferguson, all in Klair Estates. He also visited his sisters, Mrs. Wil-liam David at Bear and Mrs. Walter Seidel in Newark, and was a guest of Mrs. Sara P. Evans and Sallie Evans at Memraid.

Mr. and Mrs. Willard Ball, Viv-ian and Gregg Ball of Limestone Road with Mr. and Mrs. W. S. Atwell of Paper Mill Road spent last week at Atlantic City.

Local young people are starting their college days. Lynn Naudain of Limestone Road left last Sun-day for Chowan College, N.C. He is a 1969 graduate of Dickinson.

Sandra Lawrence of Auburn, a 1969 graduate of A. I. du Pont High School, entered Clemson Uni-versity, S.C., this week.

Donna Thompson returned this week to Jefferson Hospital after being home for a brief stay.

Trinity Baptist Church Choir will resume weekly rehearsals Wednes-day evening.

The percentage giving program committee training for Trinity will meet next Thursday evening. Y's Owl 4-H Club will elect of-ficers next Thursday at the home of Margaret and Doug Ennis.

Mr. and Mrs. William G. Sabine of Limestone Road, spent last week at Wildwood, N.J.

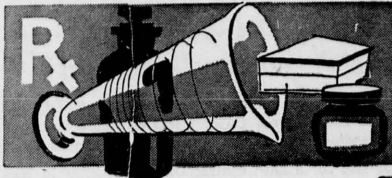

Mr. and Mrs. Charles Harwell and family are vacationing this week in Ocean City, N.J.

Mr. and Mrs. Thomas Watson and son of Rochester, N.Y. spent the past weekend with Mr. Wat-son's parents, Mr. and Mrs. Thomas W. Watson in Hyde Park. They are vacationing this week in Ocean City.

Former Teacher

Anna Crossan Dies

In Short Illness

Mrs. Anna Crossan, 77, of 102 Tyre Avenue, Newark, died Saturday in Brandywine Springs Nursing Home after a brief illness.

Born in Chester County, Pa., she taught in the public school system there.

She was a member of Landenberg (Pa.) Methodist Church and was active in the Sunday school and youth programs in the church.

Her husband, William V. Crossan, died in 1954.

She is survived by a son, William R. of Fairfield, and two grand-children.

Services were conducted Wednes-day afternoon in the Worrall and Kuzo Funeral Home, Kennett Square, Pa.

Interment was in Kembleville Cemetery.

Native Of England

Bertram J. Owen

Succumbs At 80

Bertram J. Owen, 80, of Landenberg, Pa., died Saturday in Newark Manor Nursing Home after a long illness.

Born in England, he came to the United States in 1907 and had lived in the Landenberg area all his life.

He was a farmer until his retire-ment in 1961, and was a member of Flint Hill Methodist Church, near Strickersville, Pa.

He is survived by a son, Bertram Jr. of Landenberg, Pa.; four daugh-ters, Mrs. Ruth S. Newton, of New-ark, Mrs. Clare E. Connell of New-ark, Mrs. Grace T. Waltman of Ocean City, Md. and Mr. and Mrs. Hilda O. Smock of Newark; 17 grandchildren and seven great-grandchildren.

Services were held Wednesday morning in the Robert T. Jones and Son Funeral Home, Newark, with interment in New London Ceme-tery.

Ben Wolfe Heads

Office At Newark

For Harris-Hanby

Ben A. Wolfe, real estate sales consultant with Harris-Hanby Co., has been named vice-president and general manager of the company's Newark office at 72 East Main Street.

Calvin J. Harris, president of the real estate firm, said Wolfe suc-ceeds Alden Bugher, who has re-signed from Harris-Hanby to es-tablish his own business.

Wolfe has been with the firm for six years and during four of those years led the force in amount of sales.

He is a graduate of the Weaver real estate and Goldy Beacom Jun-ior College courses in real estate law.

With his wife Lucille and their three children, he will live at 2 Blue Jay Drive, Arbour Park, New-ark.

Frances Whitten Of Bear Succumbs In Brief Illness

Mrs. Frances S. Whitten, 77, of School Bell Road, Bear, died last Thursday at Delaware Division after a short illness.

Mrs. Whitten was a lifelong resident of the area, and a member of Christiana Presbyterian Church.

Her husband William J. Whitten, died in 1942.

She is survived by a son, Donald S. of Christiana; a daughter, Mrs. Anna W. Stafford of Bear; three brothers, Charles Smith of Christiana, Harold Smith of Yorklyn, and Albert Smith of Richardson Park; and sister Mrs. Dorothy Burris of Christiana; and six grandchildren.

Services were conducted Monday morning at the McCrery Funeral Home, Prices Corner, with interment in Mt. Salem Cemetery.

BEHIND YOUR HEALTH

H. E. Kingman, Jr., D.V.M.

Unravelling the mystery of viruses is a study of life itself involving both man and animals—the victims of these invisible invaders.

The first breakthrough in preventing viral diseases, vaccination to protect against small pox, came out of work in comparative medicine—study of diseases common to man and other animals. Sophisticated techniques like tissue, cell, and embryo cultures and electron microscopy have greatly refined modern research, but the experimental animal remains a vital role in the continuing search for an understanding of the many diseases caused by viruses, among them hepatitis, the common cold, and possibly some cancers.

Milestones in virology, like Louis Pasteur's rabies vaccine and Max Theiler's vaccine for yellow fever, were the dividends of exhaustive research on animals. Countless animals aided in the fifty years of research leading up to the Salk and Sabin polio vaccines.

In the future it may be easier to combat viruses by altering their chemical structure or inducing the body's own built-in wonder drug "interferon" to fight off viral infections. Whatever the course of research, animals are sure to play an essential part. The partnership between the virus researcher and his experimental animal has been a reaffirmation of the close interrelationship of the entire animal world and the wisdom in the dictum: "Study life to protect life."

For a free pamphlet on viruses, write National Society for Medical Research, Public Information, 1330 Massachusetts Avenue, N.W., Washington, D.C. 20005.

City, Schools Join For Evening Play On Tennis Courts

Residents of Newark have a new set of tennis courts completely resurfaced and fully lighted for evening play, thanks to the cooperation of the Newark Department of Parks and Recreation and the Newark school district.

During the 1968-69 school year the city and Newark schools agreed on a plan to resurface the tennis courts at Newark High School, to light them, and to make them available to the public during hours when school was not in session.

The work was completed just in time for the city tennis tournament through Aug. 22.

In refurbishing the tennis courts the school district assumed the cost of the courts themselves and the City of Newark the lighting.

The city electrical department installed 16 flood lamps of 1000 watts and mounted them on eight 35-ft. poles surrounding the courts.

Dr. George V. Kirk, Newark school superintendent, hailed the cooperation between the schools and city which made these new courts available, saying that he was delighted that citizens have another opportunity to make use of facilities they supply primarily for the education of the boys and girls in this community.

Kirk reminded school district residents that another set of tennis courts is available for their use after the close of the regular school day, at Christiana High School at the intersection of Salem Church and Chapman roads.

GOOD BY ANY NAME

In Italy, it's ricotta; in Scotland, it's bonny clabber; in Pennsylvania Dutch, it's smearcase. But whatever the name, cottage cheese is good eating, according to Marguerite Krackhardt, extension foods and nutrition specialist at the University of Delaware.

CONTACT LENSES AND YOU

by GEORGE THOMPSON

THE ELDERLY

Not long ago, mention of grandpa or great aunt Min conjured up visions of bent figures searching the ground about for each step. Often the familiar, stooped posture was less the result of time than failing eyesight, or cataracts, which required heavy specs that distorted the things around them.

Today, due to tiny plastic contact lenses, a new generation of venerated relatives are happier, younger-looking folks. And, they are scanning horizons not the ground.

According to Barnes-Hind Pharmaceuticals, Inc., makers of ophthalmic fluids, aphakia another name for cataracts, is an affliction of non-youth, and it usually starts around the age of 50 and up. The crystalline lens (focusing mechanism of the eye) becomes cloudy and opaque. In many cases the clouding-up increases until vision is nil and surgery is required. When the cataracts are removed, a substitute vision aid must be found to replace the "lost" crystalline lens in order that useful vision may become possible.

Until 20 years ago the usual remedy for the post-operative cataract patient was cumbersome bottle-bottom thick eyeglasses. These would restore only limited vision and, almost no peripheral (side) vision, both so vital to confident bodily movement.

Now plastic contact lenses, no larger than an aspirin and paper-thin, are fitted to the healed surface of the eye. And, because they most closely resemble the natural contour, aphakia patients can have undistorted, clearer vision, sometimes achieving up to normal 20/20 acuity.

In addition to better vision, contact lenses give a strong morale boost to these patients. Since the tiny lenses go undetected and offer freedom of movement, they provide a psychological lift.

While millions of Americans now wear contact lenses, it's the regions of elders who have made dramatic use of them. With a hat of the eye, they can keep up with younger kin, as nature might have intended.

People, Spots In The News

"AIR-FORCE" vehicle is parked on pad near Saigon. Air-cushioned 13-ton craft can speed 70 mph over soggy Mekong Delta on 5-foot air column.

BIRTHDAY cake is eaten atop 90-foot swaypoles by Joseph Bauer and wife at Old Forge, N.Y.

WOMAN'S WORK is dusting off plates—home plate, that is—for Mrs. Bernice Gera of Jackson Heights, N.Y., first female baseball umpire. Her contract, with N.Y.-Pa. league, capped three-year legal battle to break in.

THE GREAT RIVER RACE

It is hard to believe that the gentle 10-foot stream flowing from northern Minnesota is the same river as the swift current that sometimes becomes 5 miles wide and 60 feet deep before it pours into the Gulf. But they are both the mighty Mississippi.

Its majestic waters are fed by more than 250 rivers and its history, by even more powerful currents: the great cities on its banks, a language and a music all its own, the tales of Mark Twain, and the men who plied its fast waters in mighty boats.

One of the river's most legendary stories, according to the famous marine archives of The Atlantic Mutual Insurance Company, is the fabled race of the "Natchez" and the "Robt E. Lee."

Two of the old river's most fabulous characters were Captain Thomas P. Leathers, whose "Natchez" steamboat had been for years the glory of New Orleans, and Captain John Cannon who built the gaudy and speedy "Robt E. Lee."

The two proud competitors tried for weeks to out-dazzle each other. Finally, they agreed to a race up the river to St. Louis. The news quickly flashed out to the world and excited bets were placed as far away as London and Paris.

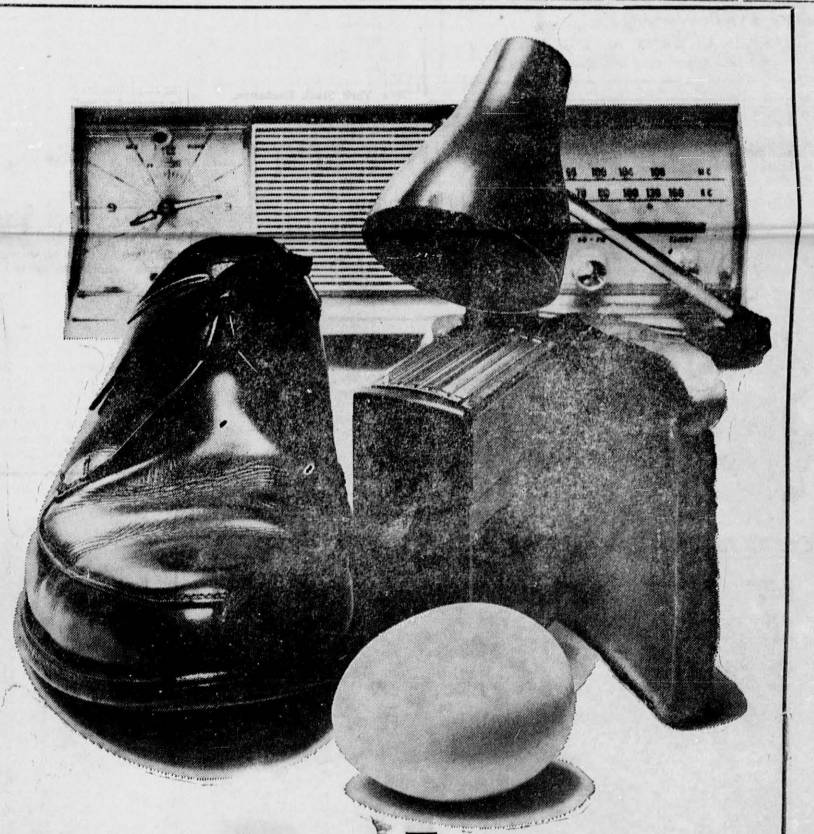

On the evening of June 30, 1870, the "Natchez" and the "Robt E. Lee" pulled out. Steam soon flew from the bows. Passengers and crews yelled themselves hoarse. Multitudes waved and shouted from the levee.

The "Natchez" and the "Lee" coursed the Mississippi through fog, whirlpools and treacherous waters. Steam plumed from their escape pipes and black smoke billowed behind them as the two boats strained forward until their every timber shook.

As reported in Atlantic's Marine Library, the "Lee" was ahead from the start, but the "Natchez" hung on. They passed Memphis 63 minutes apart. At Cairo, the "Lee" was leading by 70 minutes, but then the "Natchez" ran into fog—and engine trouble.

On the morning of July 4 the "Robt E. Lee" steamed into St. Louis, only 3 days, 18 hours and 14 minutes out of New Orleans, a record that has to this day never been equaled. Six and a half hours later the "Natchez" churned in, a puffing but glorious loser.

Today, the Mississippi is still a great artery of commerce, and if you travel it at night, they say you can still hear the thrashing paddles of the "Natchez" and the "Lee."

Today,

we'll help wake you to music, shave you, shine your shoes, brush your teeth, take the lint off your clothes, cook your eggs, make your toast, sharpen your pencils, cool you if it's hot, warm you if it's cold, make your dinner, wash and dry your clothes, provide you with entertainment, keep you warm all night, and protect your home from theft.

All with the low-priced energy we supply at the flick of a switch or the turn of a dial... twenty-four hours a day. Today and every day.

MARY ANN KEESEY, S. J. SCOTT TO WED

Mr. and Mrs. Ray E. Keesey of Newark, announce the engagement of their daughter, Miss Mary Ann Keesey, to Mr. Simon J. Scott, son of Mr. and Mrs. John J. Scott of Wilmington.

Miss Keesey, is an alumna of Newark High School, attended the University of Delaware and graduated from Dickinson College, Carlisle, Pa.

GREENPLATE FAMILY ATTENDS 34TH REUNION

The 34th annual reunion of the Greenplate family was held Aug. 24, at Hibernia Park, Wagontown, Pa., with 52 descendants present. Officers for the 1970 reunion were elected at the business session presided over by Norris Greenplate, vice-president.

Ralph Thomas of Hungerford, Pa., is the new president; Carbon Franklin of Cochraneville, Pa., vice-president; Mrs. Norris Greenplate of Delaplane Manor, secretary; and Mrs. Edwin Greenplate of Polly Drummond Hill Road, treasurer. Mrs. Lindsay Greenplate of Heritage Park, is chairman of the entertainment committee, with Debbie and Suelien Greenplate, daughter and niece.

The family decided to hold the 1970 reunion at the same place rather than rotating to York County, Pa., or Newark every other year. Awards for oldest and youngest members went to Carbon Franklin, and Denise Marie, 18-month-old daughter of Mr. and Mrs. Jeff Belyon of Codorus, Pa.

BETHEL NO. 3 PRINCESS ON WISCONSIN TRIP

Susan Murray, senior princess of Bethel No. 3, Newark, and Lorraine Scott, guide of Bethel No. 5, Georgetown, have returned from a trip to Milwaukee where they attended the 49th annual supreme session of the International Order of Job's Daughters, Aug. 18-23.

They were accompanied by Mr. and Mrs. Elmer W. Randall and Mrs. Arnold Granke.

Mr. Randall was elected supreme officer for 1969-70.

Thursday — Community services group meeting.
Friday — Bible discussion 10 a.m.; retired men meet, 1:30 with film on "New York Stock Exchange."

City Council

(Continued from Page 1)

Thomas requested a report from the city manager on "how much of the \$1-million has been spent on parkland purchase?"

Miscellaneous
Stiff is to proceed with the agreement for design of new police headquarters by Architect Richard P. Fox at the former Evangelical Lutheran Church property on East Main Street; the Bellevue Road contract is to be renegotiated; and decision to close Briar Lane at Old Oak Road is pending consultant's report.

Thomas obtained deferment of a summons issued a property owner for obstructing view with a hedge at a street intersection, pending personal contact and explanation by a municipal staff representative.

Councilman Thomas cited hazards created with opening of the Woodland Avenue extension to Capitol Trail prior to completion, and urged that the road be closed until it is complete.

Warning of the traffic problem at the Woodland Avenue-Capitol Trail intersection, Thomas said that of drivers on Woodland Avenue, "90 per cent are trying to make a left turn" onto Capitol Trail, and that the same is true of those proceeding from Cleveland Avenue.

Councilman Osborne cited the dust problem with construction on Elkton Road, and the contract is to be reviewed for a dust clause.

No Detour
Maver urged review of engineering to permit traffic on Elkton Road to proceed directly from Delaware Avenue to Main Street, and stressed need for rezoning of the Carroll W. Mumford, Jr., property to permit construction of an office building for tax revenue on the new vacant lot off North Chapel Street.

Councilman Mayer's proposal for city representation at meetings of the New Castle County Civic League, to oppose metropolitan government, was endorsed by council.

David Gallo in the audience proposed that notices of assessment changes be sent by registered mail with appropriate forms, and said that his attorney has received no reply to a query concerning city failure to hear Gallo's appeal regarding tax assessment. England said that he had prepared an answer for Gallo's attorney, which should have been received, and that information would be duplicated.

Dick Pretzman requested the city to have the State Highway De-

ROBERT H. DAVIS WEDS MISS ANDREA ADAMS

Miss Andrea Catherine Adams and Robert Hamilton Davis were married July 26, at White Clay Presbyterian Church by the Rev. Philip Foster. The ceremony was followed by a reception at the church.

Parents of the bride are Mr. and Mrs. Andrew Adams of Newark. Marcella Adams, sister of the bride, was maid of honor.

Thomas B. Davis was best man for his brother, and Tommy Davis, nephew of the groom, was ring-bearer.

The bride attended East Carolina University and is studying in Germany at the Goethe Institut.

Mr. Davis graduated from East Carolina and is completing work for his master's degree this August.

Psychology Dept. Faculty Additions Announced At UD

The University of Delaware has announced four new faculty members in the department of psychology.

New staff members — all associate professors — are Drs. Fred L. Damarin, Jr., Joseph M. Jaspers, Saul M. Levin and Marvin Zuckerman. Damarin received an AB and PhD from the University of Chicago. As a graduate student he held the Ida Noyes Scholarship for two years and research and teaching assistantships for three years.

In 1953, he served as an intern in clinical psychology at Washington University Medical School, St. Louis, Mo., and in 1955, was assistant medical psychologist at Anderson Hospital in Houston, Tex.

Damarin spent two years as research associate and assistant professor at the University of Illinois, and has been research psychologist for the Educational Testing Service since 1960.

Jaspers, a native of Holland, completed undergraduate studies at Hendrick van Veldeke College in 1953, and received his PhD in 1961 from the University of Leiden.

In 1962, he was visiting fellow at Ohio State University and the University of Illinois, and returned to the Netherlands in 1963 where he has been a lecturer in social psychology at Leiden.

Levin holds a BA from Swarthmore and received his PhD in clinical psychology from Duke in 1959.

Post-doctoral fellow in clinical psychology for the U.S. Public Health Service at the University of Minnesota Hospital for a year before joining the staff of the Lafayette Clinic in 1960, he has been chief psychologist there since 1962.

Zuckerman did his undergraduate work at the University of Kentucky, and New York University where he received a BA from the Washington Square College of Arts and Sciences in 1949. He completed doctoral requirements at NYU's graduate school of arts and science in 1954.

Clinical psychologist at Norwich (Conn.) Hospital for a year, he conducted research and therapy in Indianapolis for two, and became research associate and assistant professor at Indiana University's Medical Center in 1956.

He comes to Delaware from the Albert Einstein Medical Center in Philadelphia where he has been an associate member since 1963.

Stop hunger — Start progress

The underdeveloped nation are in a race with time. While they struggle to catch up with modern progress, mankind's oldest enemies do their damage now.

Hunger and malnutrition kill 10,000 persons a day, maim children for life — stunt their bodies, deaden their minds. Needless diseases cripple and weaken many more. Lack of education and training doom young people and adults to a hopeless cycle of poverty.

America would not be America if we closed our hearts to human agony at home or abroad. CARE is a way to reach the needy in countries whose resources are far less than our own.

Your contribution does more than keep people alive. CARE's Food, Self-Help and

MEDICO programs help the hungry grow self-sufficient. Health, education, food production, job training, construction of community facilities from schools to roads and water systems — these are the supplies and services CARE provides in the name of the American people.

Your dollars are multiplied by those you help: local governments share operating costs, and community groups give what they can in materials and volunteer labor. Our Government gives farm abundance for many of the feeding plans.

Every dollar can serve lunch to 90 children... \$10 treats 14 patients at a clinic... \$300 per classroom can buy materials for parents to build a school.

Whatever you give, your

REAPING THE FRUITS

WHOM CAN WE THANK FOR THIS?

Labor Day is meant for rest and recreation but that shouldn't rule out constructive activity. Why not, then, set aside a little time to consider why it's one of our most important holidays.

The way the meaning of the word "labor" has changed over the years is one clue to why this anniversary is increasingly significant to all Americans. When the holiday was started nearly a century ago, men really labored—and hard. Then the one day respite provided much-needed relief from toil.

Today people still work diligently and ambitiously—but enervating drudgery and sheer expenditure of muscle are no longer the standard pattern... thanks to modern facilities and a huge expansion in creative occupations. Moreover, the worker of 1969 has both the opportunity and energy to enjoy his day off and the fruits of his labor.

This has been brought about by the ingenuity of industrial science, which—coupled with a remarkable partnership between employer and employee—has made the American worker the most productive in the world.

In counting our Labor Day blessings, we should bear in mind the need to maintain a balance in the relations between management and employees.

While resolving to extend the cooperative spirit that enhances our economy, organized labor and management might do well to sign another pact: a contract to work jointly to improve the lot of those who still do not share in the material and social benefits of our times.

LETTERS TO THE EDITOR

Aug. 26, 1969

To the Editor:

Your final tribute to Mrs. Eleanor Bedford Wilkins Cooch who died—as she wished—at her home and historical site of Cooch's Bridge on Aug. 8, was appreciated with sorrow and profound gratitude.

We, the city of Newark, and the VFW in particular, will miss her indeed. She resided on that threshold of our American independence from where, to us, she always was a patriotic figure and an example of true love and patriotism for our country, as she watched and guarded, year after year, the only 13

Stars and Stripes that waves still at her residence at Cooch's Bridge in little Delaware.

Loyalty Day was always a very special and happy event for her and her family, which we the Vets will keep on celebrating in remembrance of the soldiers who died there in 1777, and to the memory of the grand Lady of Cooch's Bridge—Mrs. Eleanor Cooch—who died there in 1969.

A passing away—yet a new name in the history book of this great nation.

On behalf of VFW Post 475, John Sadot Public Relations Officer.

Capt. Ferris Lee Honored For Service In Vietnam

Army Capt. Ferris Lee, son of Mr. and Mrs. H. Preston Lee of Newark, recently received a Certificate of Achievement for serving as chief of ground forces at the U.S. Army Depot near Long Binh, Vietnam.

Capt. Lee is a Newark High School graduate.

Students, Adults Visit In Virginia At Historic Sites

Seventy-nine students and seven adults including Mrs. Elizabeth Batt, Mrs. Virginia Schwartz, Mrs. Martha Hall, Mrs. Verna Marrs, Robert Sokol, Daniel French and Dean Boshart from the S.O.S. (Sequences of Success) team at the Wilmer E. Shue School spent three days exploring Williamsburg and historic Virginia.

Jamestown, site of the first permanent settlement in America, was visited, followed by an exploration of Yorktown.

The students slept at York House in Williamsburg where almost every brick is steeped in history.

The Williamsburg Restoration has completely reconstructed 350 buildings and restored 82 others to their original beauty.

An overnight stop at Camp Hanover in Richmond, preceded the trip up the historic Shenandoah Valley to the Luray Caverns on the return trip to Newark.

NATIONAL TRUCK DRIVER OF THE YEAR

...ARE YOU

A TURNPIKE TURTLE?

PLAY IT SAFE!
Start now to save their hearts

Help your children form good health habits now to reduce risk of heart attack later:

- Encourage normal weight; obesity in youth may persist throughout life;
- Build body health through regular physical activity;

- Serve them foods low in saturated fats;
- Teach them that cigarette smoking is hazardous to health;
- Make medical check-ups a family routine. Set a good example. Follow the rules yourself and guard your heart, too.

9 Added To Staff Of UD Languages, Literature Dept.

Two Former Delaware Faculty Members Return As Additions To Group

The department of languages and literature at the University of Delaware will add nine faculty members to its staff this fall, including two former Delaware faculty members.

Returning faculty members are Bennett Cole, Spanish instructor, and Anne Williams, French instructor.

Faculty newcomers are James C. Davidheiser, German; Mary P. Donaldson-Evans, Betty R. Hursh and Michael A. Keane, French; William McNabb, German; James M. Sharkey, French; and Daniel Sheer, classics.

Davidheiser, a graduate of LaSalle College, received an MA from the University of Pittsburgh where he is a PhD candidate.

Mrs. Donaldson-Evans received an AB in French from Marquette, a certificate and diploma from the Catholic Institute in Paris, and in 1968, was awarded an MA from the University of Wisconsin where she held a teaching fellowship.

Miss Hursh, a graduate of Ohio State, earned her master's degree in 1966. She had been a teaching fellow at the University of Pennsylvania before coming to Delaware. Keane received his BA from St. Peter's College in 1956, and has been attending graduate school at Duke University. He expects to complete his PhD this summer.

McNabb returns to his alma mater where he earned a BA in 1965. He did graduate work at the University of Arizona, receiving an MA and remained at Arizona for two years as a teaching assistant before joining the staff of the University of California.

Sharkey did his undergraduate work at Quincey Preparatory Seminary in Chicago and is a graduate of Mundelein College. He received an MA in philosophy from Loyola of Chicago in 1964 and expects to complete his PhD in French at the University of North Carolina this year.

Sheer attended St. Louis University where he received a BA in 1965, and he has been attending graduate school at the University of North Carolina where he expects to complete his PhD this summer.

Cole was awarded a BA from the University of Virginia in 1964, graduated with honors from the American Institute for Foreign Trade in Phoenix in 1958, and received his MA in Spanish from Delaware in 1965.

He had been on leave from Delaware since 1967 to study for his PhD at Georgetown. At Delaware

4-H's ALERT to

ACCIDENT PREVENTION

The National 4-H Safety program is sponsored by General Motors.

"Safety starts with you!" That is the assumption of 4-H youths throughout the state. Regardless of where they live, who they are or what they do, they soon learn that safety pays big dividends.

These young citizens participate in the national 4-H Safety program sponsored for 25 years by General Motors. Scores of adults work with the 4-H's as volunteer leaders under the supervision of the Cooperative Extension Service. For boys and girls to become safety conscious early in life is the aim of the 4-H Safety program, says a 4-H spokesman.

The program is beamed to youngsters in the 9 to 19 age bracket. A checklist of hazards encountered in everyday activities becomes the focal point of many projects.

Right now during vacation time 4-H's, and their families as well, strive to stay safe while they enjoy swimming, boating, hiking, camping, hunting, fishing, bike or horse-back riding.

Teenage drivers are urged to take extra precautions around town and on the highways because of the many visitors who are unfamiliar with the area. Older teens serve as extra eyes and ears for the elderly and the very young at parks, beaches, street crossings and the like.

In recognition of noteworthy safety projects, General Motors annually provides county, state and national 4-H awards. In the order named they are: safety medals, expense-paid trips (one per state) to the National 4-H Congress in Chicago; eight \$1,000 scholarships.

NHS Students, John F. Guy Attend Michigan Meeting

The 11th National Student Safety Conference with student safety leaders throughout the nation, was concluded recently at Eastern Michigan University, Ypsilanti.

At the three-day meeting were Harry S. Shinton, III, Patricia Foster, and Sue Guy — Newark High School students accompanied by John F. Guy, driver education instructor.

he will be supervisor of the Language Laboratory.

Mrs. Williams received her BA with honors in French in 1961, from the University of Birmingham, and her MA from the University of Delaware in 1966 where she was a graduate assistant.

She taught French at DeWarr High School in 1962-64.

MAKING LIFE EASIER

Here's An Idea...

by Barbara Bee

Women's Home Consultant
Bruner division of Calgon Corporation

If it took you all summer to slim down to a comfortable "at the pool" figure, plan this year to keep in shape all year long. Start a fall program of keeping away those excess inches that seem to accumulate during the winter. Continue to take walks (not rides) to the grocery store. Put on an extra sweater and keep up the bike trips to see the leaves change into a lovely new season.

Work off special meals by swimming at indoor pools at local Ys or health centers. Not only won't you have to crash diet next summer, but you will maintain a trimmer and healthier all-around look.

If you have ever had the problem of removing the first piece of brownies or sheet cake after baking, line one edge of the pan with a strip of aluminum foil leaving a little extra to hang out as a tab. Lifts out

in seconds!

Would you like to save 100 or more hours of housework a year? (You're right, it is a silly question.) Well, you can save just that and use less soaps and detergents. The secret is conditioned water. It leaves clothes and dishes cleaner with less soap and leaves no soapy film or water spots. Think of it—no awful bathtub ring! Now that alone is surely worth it!

Removing chewing gum from clothing is no longer a sticky problem. One of our readers suggests freezing the gum with an ice cube and then crumbling the gum away. For small clothing articles, just put it into your freezer compartment for a half hour and then break the gum away.

Boys Advise On Control Of Avid Aphid Attacks

Aphids are usually a predominant insect pest on many Delaware trees, ornamentals and garden flowers, reports Frank E. Boys, extension entomologist at the University of Delaware.

Feeding by these insects may weaken plants and cause leaf curl

and wilt, he explains. In addition, aphids transmit several plant disease producing viruses.

If aphid control on fruit and vegetable plants becomes a problem, check with the county agent in Newark, or contact the department of entomology and applied ecology at the University of Delaware.

Ferguson, Hurt, Pong Added To UD History Faculty

The University of Delaware history department will add three new faculty members this fall — Eugene S. Ferguson, professor; and John J. Hurt and David B. P. T. Pong, assistant professors.

Ferguson received his MS in mechanical engineering from Iowa State, and was associated with E. I. du Pont de Nemours & Co. as a repairs engineer four years before serving in the U. S. Naval Reserve. He has been professor of mechanical engineering at Iowa State since 1961.

Hurt holds an AB from Mercer and an MA from North Carolina where he expects to complete his PhD this year.

Pong received a BA with honors in history from London University in 1963. A PhD candidate at the University of London, he expects to complete his doctoral studies this year.

DuPont Engineer Robert A. Willing Dies At Age Of 51

Robert A. Willing, 51, of 800 Cambridge Drive, Fairfield, died last Thursday at his home.

Mr. Willing was a civil engineer at the DuPont Louviers Building. He moved to the Newark area three months ago from Seaford, and was a native of Newark, N.J.

A member of St. John's Lodge AF&AM in New Castle; the Delaware Consistory; Nur Temple of the

Cliff Merritt's SCRAPBOOK of MAN ON THE MOVE

Shrine; and the American Society of Civil Engineers; he was a registered professional engineer in Delaware.

He is survived by his widow, Mrs. Mildred M. Willing; a son, Robert A. Jr. at home two daughters, Sandra L. and Cheryl L. Willing, both at home; and an aunt who raised him after his parents died, Mrs. Mabel P. Willing.

Services were held Monday morning at the William J. Warwick Funeral Home, Newark, with interment in Silverbrook Memorial Park.

The family suggests that in lieu of flowers contributions be made to the Seaford Presbyterian Church Building Fund.

Freedom is just a word.

Until you lose it.

What do you give the guy who has nothing?

You get him off to a good start. With U.S. Savings Bonds. On his first birthday. On his first Christmas. As he grows, the Bonds grow. When he's ready for college, the Bonds can help put him through. And if everybody in the family gave him Savings Bonds, someday he'd be a very tough guy to buy anything for. Because what can you give a guy who has everything?

3 Local Phi Taus Attend Kentucky Leadership School

Three Newark residents — Stephen Nelson, a student at Bethany College, Kenneth Snow, student at Bryant College, and Walter Surratt, University of Delaware, were among 300 undergraduate members of Phi Kappa Tau fraternity attending IMPACT, the fraternity's second annual leadership school, Aug. 24-27 on the campus of Georgetown College, Ky.

Experts in the fields of management, group dynamics, and fraternity life have been recruited from all parts of the U.S. to share their knowledge and experience with undergraduates to assist them to better serve college, community, and fraternity chapter.

Phi Kappa Tau, the leadership school sponsoring organization, was founded at Miami University, Oxford, O., in 1906.

The fraternity has chapters or colonies at 96 U. S. colleges and universities and has a total living membership in excess of 35,000.

SUNDAY SERMON
The subject of the Lesson-Sermon in all Christian Science churches in Delaware this Sunday will be "Christ Jesus." Morning service and Sunday school are at 11; Wednesday evening testimonial meetings at 8.

Why The Christian Science Monitor recommends you read your local newspaper

Your local newspaper keeps you informed of what's happening in your area — community events, public meetings, stories about people in your vicinity. These you can't — and shouldn't — do without.

DST Has The Answer

If you're ever caught in that fix, here's the answer.
A modern phone has 752 parts, according to local telephone company manager Richard Evans.
"And chemically, there are 35 elements present including gold, silver and platinum," Evans added.

Two Boys Escape From House Fire In Early Morning

An 18-year-old youth and his five-year-old brother escaped last Friday morning when fire damaged their home at 717 South Harmony Road, Tanglewood.

Smoke and water damage was caused to the property of Mr. and Mrs. James King before firemen from two volunteer companies brought the fire under control.

Firemen said the Kings, both employed, were at work when the fire was discovered at 7:27 a.m.

Their oldest son James, and his young brother Buddy were awakened by the smoke, escaped and were sheltered at the home of a neighbor.

Fire Chief James McCall of Christiana said the blaze started in the utility room of the split level dwelling.

Christiana volunteers were assisted by others from the Aetna Hose, Hook and Ladder Co.

Douglas Hill Graduates

In Navy At Great Lakes
The U.S. Navy Recruiting Station, 6th & King streets, Wilmington has announced that Airman Apprentice Douglas L. Hill, son of Mr. and Mrs. Edwin F. Hill, of 111 Brewster Drive, Newark, has graduated from nine weeks of recruit training at the U.S. Naval Training Center, Great Lakes, Ill.

After 14 days leave with his parents Hill is scheduled to report to aviation school at the Naval Air Station, Lakehurst, N.J.

Albert Thorp, 60 Dies In Hospital After Long Illness

Albert Thorp, 60, of Old Baltimore Pike, Newark, died Saturday

in Memorial Division after a long illness.

Born in Christiana, he had been a Delaware resident all his life, and was employed as a pumping station operator for Delaware Water Co. He is survived by his widow, Mrs. Nellie V. Thorp; two brothers, Martin of Wilmington and Francis of

Newark: a step-brother, Lewis, of Christiana; a step-sister, Mrs. Clara Hutchison of Christiana; his step-mother, Mrs. Effa Thorp of San Antonio, Tex., and a grandson. Services were held Tuesday afternoon in Gracelawn Memorial Chapel, with interment in the adjoining cemetery.
The family suggests contributions to the American Cancer Society in lieu of flowers.

Telephone Talk

by ACE ELLIOTT
Your Telephone Manager in Wilmington

PHONEVATORS?

In the 1800's phone booths were placed mainly in hotel lobbies. Most were huge wooden structures with rugs and curtains. People often mistook them for elevators and waited patiently outside. Today's streamlined pay phones are placed just about everywhere. There are some 3,800 in Delaware alone. Mighty handy when you're away from home or office for checking on things, making appointments, spur-of-the-moment calls — you name it. Use them for all they're worth.

SAY AGAIN PLEASE...

We've heard that elevators in a Tokyo hotel have phones in them with signs reading: "How to use the Telephone: Please push a White Button of the receiver after you took it off and you can tell."

SCHOOL DAYS AHEAD

For most youngsters, September means back to the schoolroom. For a few, because of prolonged illness or injury, that's out of the question. And there's where we can help — with a 2-way speaker-microphone hook-up that brings the schoolroom to the child. Speaking of schooldays — we're all reminded to drive with extra care once the school term begins.

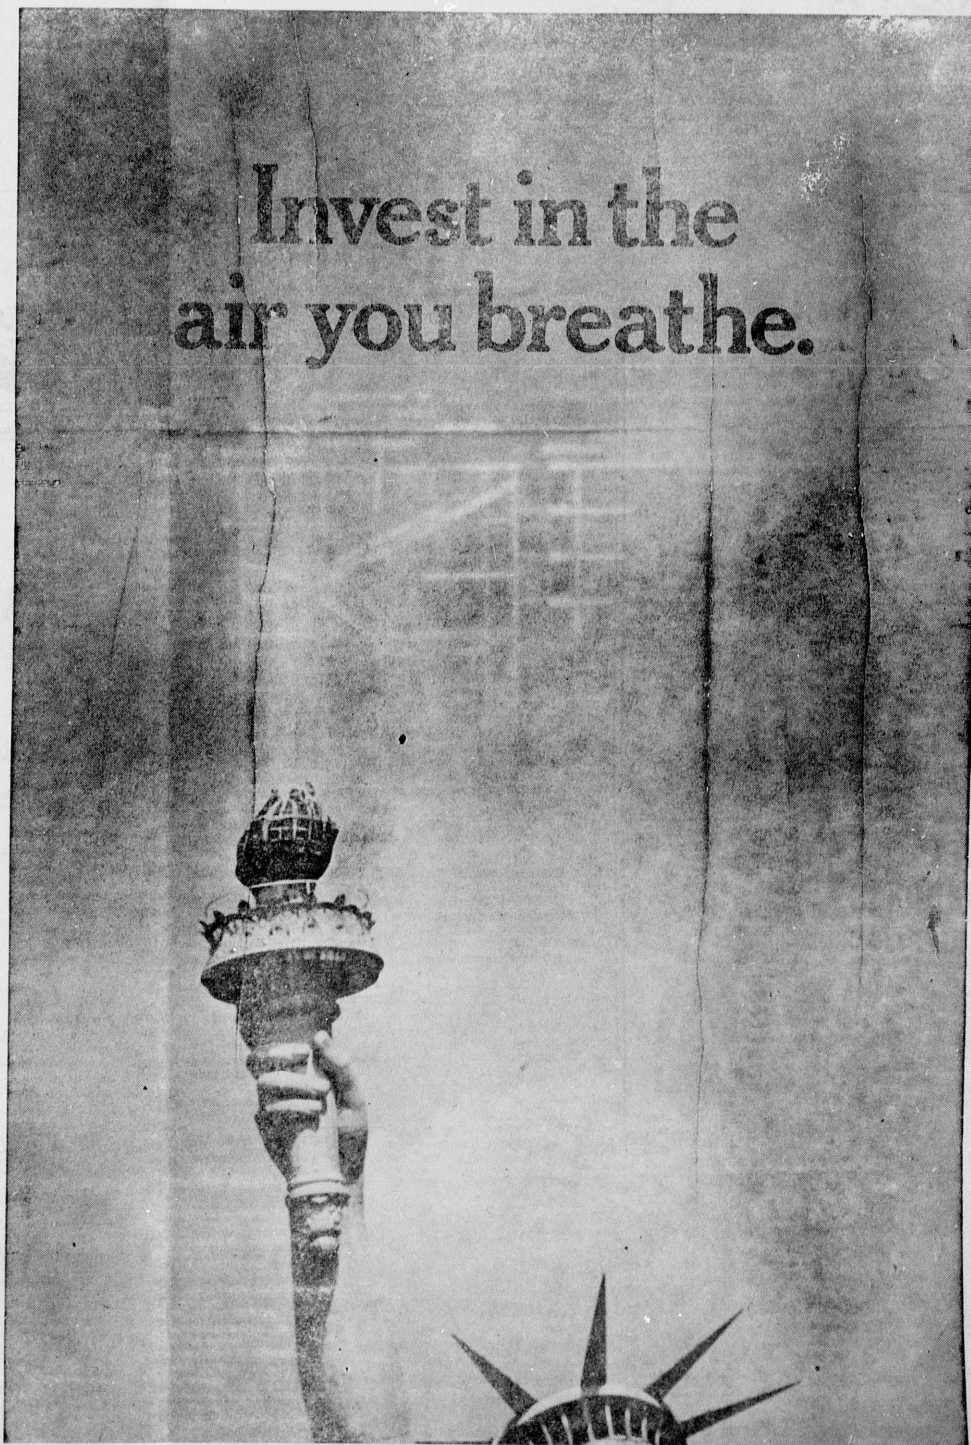

MONKEYSHINES

We understand there's a chimpanzee in a big city zoo who has his own private phone. Seems the chimp often gets depressed and the one thing that cheers him up is a phone call from his beloved former trainer.

Like our ads say: A telephone is an "I love you" when you need a little love.

Hen Backfield With Newark's Dick Kelley Features Raymond's Offensive Strength

The offensive backfield appears to be one of the strongest parts of the Delaware football team as it begins practice tomorrow for the 1969 season.

The Blue Hens — winners of the Lambert Cup, Middle Atlantic Conference championship and the Boardwalk Bowl last season — have all four starting offensive backs returning from last year's 8-3 team.

"Our general backfield depth is one of our strengths," says Coach Tubby Raymond. "We have experienced people available and we have some promising sophomores."

The Hens have both quantity and quality at quarterback, the most important position on any team.

Tom DiMuzio is the quarterback. A 6-1 and 200-pound senior, DiMuzio set a single season total offense record last year with 1,396 yards — 1,221 passing and 375 rushing.

DiMuzio developed into a polished passer as the season progressed. He capped the season with a brilliant passing performance in the Hens' last-minute victory over Indiana in the Boardwalk Bowl. He completed 15 of 22 passes for 264 yards and three touchdowns in the Hen win.

DiMuzio will be backed up by sophomore Jim Colbert and Junior Bob Buckley.

Colbert, a fine runner and adequate passer, had an outstanding practice and wound up as the No. 2 quarterback behind DiMuzio.

Buckley, the second unit quarterback last year as a sophomore, skipped spring drills to play baseball.

The Hens are strong at halfback with returning starters Dick Kelley and Sam Brickley the top men.

Kelley gained 894 yards in 146 carries last year and was the Hens' second best pass receiver with 11 for 187 yards. He earned all-MAC honors last year as a sophomore.

Brickley, a stocky senior, was a part-time player early last season. He came on strong and wound up with 440 yards rushing and a team-leading average of 6.9 yards per carry.

Brickley and Kelley are backed up by letterman Dan McGee and Jim Lazarski and Sophomores Bill Armstrong, Sonny Hayman and Dave Smith.

The fullback position was weakened when it was learned that George Lacey would be unable to play this season. Lacey was expected to share the fullback job with Chuck Hall last year, but was sidelined with a knee injury in the opening game. The injured knee has not responded to treatment.

Hall, ECAC Division II Sophomore of the Year and an all-MAC choice last season, returns as the regular fullback.

The stocky Hall set MAC and Delaware season rushing records last fall when he gained 1,019 yards. Behind Hall are Sophomores Gary Kahoe, who scored nine touchdowns in five freshman games last year, and Junior Nick Donofrio, last year's second level fullback.

Newark Notes

GIBBY YOUNG THE GREATEST

Newark's Vince Lombardi — Coach Bob Hoffman — and Hoffman's three All-State wonders

led the Gold All-Stars to a record 44-0 rout of the Big Blue team last Saturday in Delaware Stadium, with End Gary Hayman, Halfback Pedro Tucker and Quarterback Bob

Hayman, Swann and Tucker scored all 44 Gold points and won all trophies available. With Gary winning the Newark Touchdown Club Trophy as outstanding linemen, Swann and Pedro and Bob shared the Notre Dame Trophy as top players. And everyone believes Hayman should share that one with his teammates.

OFF AND RUNNING by John I. Day "El Perfecto" is Back

A little over a year ago it appeared that North America had seen the last of one of the most capable and colorful jockeys of the century. Avelino Gomez had apparently lost his battle with the internal machine manufactured by Toledo and could not get the needle to stop below 125 pounds.

In recent years Senior Gomez has confined his riding to Canada, and the tracks of The Jockey Club Ltd. in Ontario in particular.

Now he is back in action, making 114 pounds, feeling a decade less than his 41 years and giving credit to the U. S. Government for his successful comeback.

It was a difference of opinion with his draft board in 1951 that caused El Perfecto to leave the U. S. by request in 1964. Now,

AVELINO GOMEZ

again promising to be Canada's leading rider, he recently told an interviewer: "You put down, Avelino Gomez very grateful to United States government. That's the truth." The U. S. had relented last year and granted him permission to return and he was able to spend the winter in Florida where he galloped horses and worked himself back in condition. "The winter before," he explained, "I stay here (Canada) go to health club every day but eat too much. I stop smoking and can't get the weight off." With some 3,500 winners to his credit and the intention of riding for another five years at least, El Perfecto might get ideas about topping John London's record.

Dick Bauer Wins Over Gibby Young For Senior Title

Former club champion Dick Bauer defeated another ex-club champion, Gibby Young, by three strokes to win the Newark Senior Golf Championship at the Newark Country Club last weekend.

Bauer carded a 74-80—154 to defeat Young, defending senior champion.

Sam Keim scored the low gross 159 in the 50-54 age class, and Mitch Justice shot a 148 for low net.

Bill Turnbull won low gross in the 55-59 group with a 159, and C. Sweeney was low net with 150. Sank Richards scored a low gross 159 to win the 60 and over class, while Harold Cliff carded a 146 low net.

Tatnall Star John Shortell Enrolls As Trinity Fresh

John T. Shortell will enter Trinity College in September with the Class of 1973 at the 147-year-old liberal arts institution.

Shortell is the son of Mrs. John J. Shortell of Corner Ketch Farms, Newark.

A 1969 graduate of Tatnall School, Wilmington, he was active in the student government and earned varsity letters in football, baseball, basketball, and track.

His father was a star third baseman and teammate of Bob Carpenter, Jr., the Phillies owner, at Duke.

South Jersey, writes "Lots of porages and weakfish!"

Cap'n Shaffer, who provided some nice, novel Boston mackerel fishing for Bus Humphreys and a friend last spring, has been offering a sea trout or weakfish bonanza for his party boat clients.

In an Aug. 17, report, Cap'n Charlie said that weakies, as they are known by Jerseymen, abound from Great Egg to Townsend's inlets, just a few hundred yards off the beach, with an average of 50 weakfish per person from the party boats.

CITY OF NEWARK
BOARD OF ADJUSTMENT
Public Hearing
NOTICE

Pursuant to Section 1503, Chapter XXIII, Code of Ordinances of the City of Newark, the Board of Adjustment will hold a public hearing in the Council Chambers, Academy Building, Delaware and Academy Streets, Newark, Delaware on Tuesday, September 9, 1969 at 7:30 P.M., E.D.S.T., to hear the appeal of Edward J. Schoenberger, Attorney, representing Mr. Ray B. Blackwell, 5 New Casino Mill Road, who is requesting a variance to the side yard set back provisions as required under Section 40-1(c) of the Zoning Ordinance; said variance being 24 feet to permit an existing chimney.

Raymond Champs To Begin Practice Friday With 70

Delaware's football team returned this week to start practice for the 1969 season.

Coach Tubby Raymond's Blue Hens will defend the Middle Atlantic Conference university division championship and the Lambert Cup.

Raymond expects 70 players to begin two-a-day practice sessions on Friday.

Delaware plays six home games for the first time in its history this fall.

The Hens open the season at home against Gettysburg on Sept. 20.

Other home games are with Villanova, West Chester, Temple, Rutgers and Lehigh.

The Hens will play Massachusetts, Hofstra, Boston University and Bucknell on the road.

The Hens first fielded a team in 1889, but there were no formal teams in 1943, 1944 and 1945 because of World War II.

McDowell-Winton Foursome At NCC Cards Low Gross

Mrs. John N. McDowell and Mrs. Clifford A. Winton with their guests Mrs. Rudy Otten of DuPont and Mrs. Ellis Taylor of Cavaliers Country Club, scored the low gross 77 in best ball foursome play last Tuesday with the Newark Country Club's Member-Guest Tournament.

Mrs. Samuel Crews and Mrs. R. H. Osterloh of Newark, with Mrs. Clayton Adams and Mrs. Clifford Lang of DuPont, carded the low net 57.

Mrs. M. Wilson Gasper and Mrs. John C. Mueller were chairmen of the Member-Guest Tournament.

Hayman, Swann, Tucker Score All Points For Coach Bob Hoffman's 44-0 Gold Win

Newark High School's All-State trio of Gary Hayman, Pedro Swann and Bob Tucker at end, halfback and quarter scored all 44 record points for Coach Bob Hoffman's Gold All-Stars in whitewashing the Blues in the 14th annual All-Star High School Football Game at Delaware Stadium last Saturday — the highest scoring by any team in the history of the game played for the benefit of the Delaware Foundation for Retarded Children.

Hoffman, who coached the Gold squad to a 6-6 tie in 1960, had three more of his Yellowjacket champions in the Gold line-up last Saturday — Tackles Steve Stengari and Leigh Hesselstine, and Guard Dave Ward.

Hayman won the Newark Touchdown Club Trophy as the outstanding lineman, and Swann and Tucker shared the Notre Dame Club Trophy as the game's outstanding players.

As in 33 consecutive victories at Newark High School, Tucker, Swann and Hayman were unstoppable and unbelievable. The trio passed, ran and kicked for every point on the board as 24 records were set or tied during the three hour classic before a record 12,988.

Penn State-bound Hayman caught three touchdown passes, including one from Swann who also scored twice, once on a 65-yard punt return.

Swann also hit Tucker for a 65-yard TD.

Hayman's scintillating play sparked the Gold rout. Early in the first quarter he picked off a Blaine Griffith pass and scored untouched after a 50-yard sprint.

On the Gold's offensive play six minutes later, Hayman homed in on Swann's left-handed floater at the 35 and romped to the end zone.

Hayman caught his second TD pass at 4-41 in the second quarter, a 50-yarder from Tucker which he leaped to grab between Loveless and Griffith.

Tucker then raised the score to 24-0 on a razzle-dazzle play, catching a pass from Swann on his own 45 and sidestepping tacklers all the way.

After intermission, Swann scooped up a rolling punt as the Blue defenders stood watching the ball, and Pedro sped 63 yards for another TD.

"Coach Bob Hoffman always told me to keep away from rolling balls like that," Swann smiled later, "but I saw the Blues were loafing down field — they knew they were beat, I guess — so I picked it up."

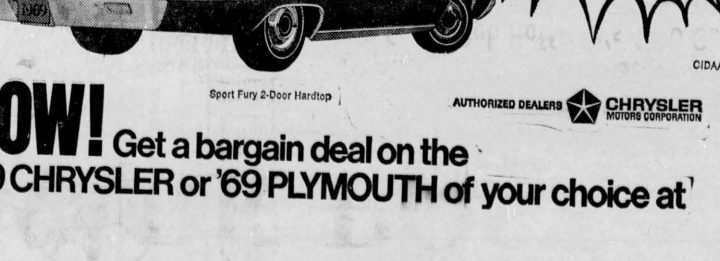

Hayman's kick made it 31-0 — a record for most points scored by a team and by an individual.

Hayman's assault on the All-Star record books ended in the fourth period when he took a 24-yard Tucker pass at the goal line and bowled over a defender to score again.

After Swann's three-yard plunge in the waning minutes, Hayman added his second conversion and that was it — 44-0, Gold!
