

## Tax Rise, School Construction Program Approved By Voters

Newark Special School District Referendum Results In 817-Vote Victory Margin For 50-Cent Tax Increase To Meet Current Expense, 2,042 Construction Majority

A 50-cent increase in the local school tax rate to meet current expenses with monetary inflation and increasing enrollment was approved by 817 votes, and bonded indebtedness for a \$3.5-million construction program with no tax increase was approved by a 2,042-vote margin at last Thursday's public referendum conducted in the Newark special school district.

The increase from 90-cents to \$1.40 per \$100 assessed property value was approved 2,413-1,596; and the construction program, 3,025-983.

Plans for the building program are to be completed by Architect Richard Phillips Fox.

New buildings include a 28-classroom elementary school; a 1,000-pupil capacity middle school for grades six to eight; the addition of 16 classrooms to existing schools for special education classes to accommodate mentally retarded and physically handicapped pupils, and kindergarten classes.

### Construction Program

Also planned are renovations to the Central Junior High and elementary schools, additions to the district administration building for warehouse space, and land for future construction.

The 50-cent tax increase was defeated at but one polling place — Eden School — in a 59-101 vote.

Voting results for and against the tax increase and the construction program at the 13 school building polling places follows:

Brookside, 184-109 and 211-82; Central, 269-173 and 333-109; Christiana-Salem, 84-42 and 94-32; Christiana High, 58-40 and 65-33; Downes, 389-229 and 514-111; Eden, 59-101 and 87-72; Gallaher, 96-98 and 129-35; MacLary, 191-129 and 250-70; McVey, 265-127 and 319-74; Medill, 245-229 and 341-132; Newark High, 118-76 and 141-53; Smith, 165-125 and 216-75; West Park, 281-148 and 325-105.

## Rosarian To Speak For DRS Meeting Next Wednesday

The annual meeting and banquet of members of the Delaware Rose Society and their guests will be held in the Crown Room of Horne's Restaurant on South College Avenue next Wednesday, and after an informal social hour, a buffet dinner will be served at 7 p.m.

Immediately following dinner, Mrs. Gretchen Mercer, society president, will conduct a business meeting when officers for 1969 will be elected.

Program chairman Melville G. Kershaw, has announced that John A. Bortman, Norwood, Pa., will speak on "Roses From The Ground Up."

"We are very fortunate to have such a well known rosarian on our program," Kershaw said. "He is president of the Philadelphia Rose Society; past-president of the Delaware County Garden Club, and Delaware County Rose Society; and is a consultant rosarian for the Penn-Jersey District of the American Rose Society."

According to Mrs. Mercer "anyone interested in roses is invited to attend the dinner and meeting. Reservations should be made with John R. Fader by Oct. 19."

Organized 10 years ago, DRS sponsors spring and fall rose shows, and acts as a clearing house for exchange of information on rose culture through monthly meetings and news letters. A. D. Cobb reports.

## Kathryn B. Klair Funeral Services Scheduled Friday

Mrs. Kathryn B. Klair, 57, of 4402 Capitol Trail, Marshallton, died Tuesday at St. Francis Hospital after a short illness.

## VFW Has Birthday Party For Ferris School Boys

Community Service Chairman Dorothy Foster of VFW Post 475, reports that on Oct. 9, the VFW Post and its Thomas Cooper Auxiliary held a party at Ferris School for boys who have birthdays in October.

Eugene Feher, social case worker, had nine boys on his list. Youth Activity Chairman Dorothy Naylor, Donna Vivod and Pat Goodchild served cake, punch, chips and candy, and each boy received a gift of socks and handkerchiefs.

Criteria for fair housing legislation will be discussed at the Newark League of Women Voters unit meeting tonight at 8 o'clock at the home of Mrs. Robert Bauman, 148 Dallam Road. Guests are welcome to attend.

## Near 300 Register At Voters Wagon Provided By LWV

League Of Women Voters Offers Registration Site, Information On Elections

Nearly 300 persons registered or recorded changes of name or address during the three days the Newark League of Women Voters "Voter Wagon" spent in this area.

The wagon made nine stops of from one to three hours, including shopping centers, public housing, industries, and a final pre-homecoming game stop at Delaware Stadium.

There are still many eligible residents of the county who have not yet registered; the Department of Elections reminds, and deadline for registration is Oct. 19.

The "Voter Wagon" is an election year service of the league, and 19 members volunteered a total of almost 60 hours, answering questions on election procedures, distributing non-partisan candidate information, and demonstrating the model voting machine.

"We had wonderful cooperation from the Department of Elections and from Rittenhouse Motors which supplied the wagon, and from the Newark Jaycees who drove it," said Mrs. Harry Hutchinson, Newark LWV president.

She added that display materials furnished by the league, including the model voting machine, may be borrowed by organizations or by teachers, and that the league still has copies of "You and Your Vote in Delaware" for sale at the publication price.

## Retired Teachers Meeting Planned Oct. 25, At NHS

The annual meeting of the Delaware Retired Teachers Association will be held Friday, Oct. 25, at Newark High School.

## Needlework Guild's Clothing Collection Underway To Aid Needy In Newark Area

The Newark branch of the Needlework Guild of America announces that its annual membership drive and clothing collection is underway and will continue until Oct. 31.

For the 47th consecutive year, members of the Newark branch are collecting new clothing and household linens to be distributed to needy in this community.

The guild invites all local women to participate in this traditional work of charity. A contribution of two or more articles of new clothing are the only "dues" — the only membership requirements.

The work of the guild is accomplished with "a minimum of overhead, a maximum of volunteer work, and no red tape at all." Mrs. E. D. Foster said this week. "It is a warmly human way of helping our less fortunate neighbors," Mrs. Foster added.

All clothing collected by the guild during October will be distributed to people residing in the Newark special school district. As the population of this area increases (it has reached 50,000) requests for help increase and more garments are needed than ever before, Mrs. Foster said.

## E-52 To Present Lamp At Midnight Next Wednesday

Thomas S. Watson Directs Student Theatre Production For Play At Mitchell Hall

The University of Delaware E-52 University Theatre opens its 37th season with Barrie Stavis' "Lamp At Midnight" at 8:15 p.m. next Wednesday in Mitchell Hall.

Set in the early 17th Century, the play traces the struggles of Galileo, from his discovery that the earth revolves around the sun.

Director Thomas S. Watson's staging accents men and three women. He will direct the flow of action between Florence and Rome through lighting effects applied to simple settings on stage and platform areas.

Prof. Michael Rabbitt's set design offers a multiplicity of acting areas, affording freedom to director and actors.

Linda Kelly, a senior drama major, is stage manager.

The cast of 25 features Dr. William Jaeger, of the dramatic arts department, as Galileo.

Supporting roles will be played by Michael Walls, Steve Ullman, Val Nardo, Ray Andrews, Jerry Schwartz, Russell Haag, Joseph Stewart, Joan Goodfellow, Harlan York and David Flemming.

Lamp At Midnight will be given five performances through Sunday, Oct. 27. Tickets may be reserved at the Mitchell Hall box office, and all undergraduates are admitted free.

Less than two per cent of all life insurance salesmen qualify for the Round Table in any given year. Representing more than 20 nations and 300 life insurance companies, membership of the organization in 1968 totals 6,400.

## Increased Speeds Of Freight Trains Requested By City

Ass't City Manager Sowa Petitions PSC For Help In Railroad Bottleneck

Philip Sowa, assistant Newark city manager, asked the Public Service Commission last week to impose a minimum speed limit on C&O-B&O freight trains going through town.

Sowa complained that trains have to cross two rights-of-way in Newark and have been paralyzing traffic in the city. He received little encouragement from the PSC and even less from railroad officials attending an informal hearing on safety practices of the C&O-B&O.

The meeting stemmed from an accident on Aug. 22, when 10 cars at the end of a 55-car freight were derailed about 80 yards east of North College Avenue.

R. H. Minner, superintendent of the railroad's Baltimore division, asked: "What kind of safety requirements can we maintain if you people set a minimum speed limit? What do we do when we have poor weather conditions?"

Also attending the meeting was the railroad's attorney, Robert O. Smith, Jr., who said it was the first time he had heard of a request for a railroad to operate under conditions involving minimum speed limits. The C&O-B&O operates in 13 states.

The initial purpose for calling the meeting was for the railroad to explain exactly what caused the accident on Aug. 22, which Newark officials say was the third since 1965.

Minner said that the railroad was able to determine that the cause came from a malfunctioning in the 4th car — one carrying peaches from California. But to narrow the specific failure in the freight car had been made impossible because much of the equipment was destroyed. No evidence indicated that there was anything wrong with the track.

Minner said it had been inspected the day before.

Newark officials succeeded in getting the railroad to promise to take better care of weeds along its rights-of-way.

## Mrs. Agnes Reeves Honored At Party On 90th Birthday

Mrs. Agnes V. Reeves, widow of the late Senator Joseph Napier Reeves of Delaware City, celebrated her 90th birthday last Sunday with open house from 4 to 6 p.m. at her residence, 164 West Main Street in Newark.

Some 50 friends and relatives helped her mark the occasion.

Mrs. Reeves has been a resident of Newark since 1929, moving here from Delaware City soon after the death of her husband.

Her sister, the late Miss Alice Vail, was a New Castle County visiting nurse.

## City Parks-Recreation Dept. Wins Final Council Approval

Local Municipal Program To Be Established For Parks, Recreation At \$72,000; Bonds Dated Dec. 1, Approved For \$2,011,000; Mayor, Mayer Named City Delegates

A municipal department of parks and recreation was authorized for a cost of some \$72,000 with unanimous approval of an ordinance at a final reading at the regular meeting of Newark City Council last Monday night, with \$49,000 to be spent for recreation programming, according to City Manager Edward R. Stiff.

"I feel as though this is a big step forward," Mayor Norma B. Handloff said of council approval for a locally conducted parks and recreation program.

With the passage of two other ordinances at final readings, council established a fine from \$5 to \$25 heretofore unspecified as a penalty for refusal to obey a police officer, and provided additional parking and traffic regulations.

Parking is to be prohibited on the east side of Phillips Lane; on the south side of Prospect Avenue 75-ft. east of North College; and on both sides of Center Street 75-ft. north of East Main.

Stop signs are to be installed on Lark and Arbour drives at Oriole Drive; on New Casho Mill Road at Church Road; on Delgrove Drive and Rock Lane at West Chestnut Hill Road; on Continental Avenue at Haines Street; on Manuel at Courtney Street; and on Rahway Drive at Barksdale Road.

## Fraternity Plans Addition To House For Phi Kappa Tau

Groundbreaking ceremonies for a \$50,000 addition to the Phi Kappa Tau fraternity house will be held at 10 a.m. this Saturday, according to Steve Ackerman, the fraternity's publicity director.

The new wing of the house at 720 Academy Street, will include dining facilities for 60 persons, six new study rooms, and house mother's quarters.

Work will begin immediately, and is expected to be completed by next Feb. 1.

Frank McMullan, of the Alumni Graduate Council, is head of the building committee, and Jeff Bross is house manager.

Officers of the 50-member house include Michael Boyle, president; Drexel Morgan, vice-president; Jerry Dixon, secretary; and Robert Starr, treasurer.

Ackerman said invitations to the ceremony have been extended to University of Delaware President E. Arthur Trabant, the four vice-presidents and other officers and faculty members. Also invited are National Phi Kappa Tau Secretary Jack L. Anson and chapter alumni.

## Margaret Allen's Art On Exhibition With Smithsonian

The Smithsonian Institution has placed on tour an exhibition of 57 black and white and colored photographs by Margaret Allen, assistant professor of art at the University of Delaware.

The exhibit entitled "The Carvings of Sanchi," were taken by Prof. Allen several years ago in India. The photographs, approximately 19x21-in. show architectural ornamentation on ancient gateways and railings of the Great Stupa at Sanchi, an Indian place of worship.

Booked solid for the first year of its three-year tour, the exhibit is on view at the Hopkins Center at Dartmouth. From there, the exhibit will be shown at Montana State University, Texas Technological College, Cornell, Mount Union College, Foxcroft in Virginia, and East Tennessee State.

The exhibit is the one shown in the Fletcher Brown wing of the Wilmington Art Center last April, and the show was exhibited earlier at the Kershaw Gallery in Newark.

A member of the Delaware faculty for 26 years, Mrs. Allen's painting and sculpture have been shown in the Northwest Annual Touring Exhibition and the Weyhe Gallery in New York.

**Bring House Plants Inside Before Frost Stevens Says**  
Bring house plants in from the garden before autumn frost damage occurs, suggests Robert F. Stevens, extension horticulturist at the

University of Delaware. Most house plants should be repotted in fresh soil to assure proper growth during winter, says Stevens. And this applies to all plants—even those that have been inside all summer.

## Keep your County moving forward!

Sgt. Klossiewicz demonstrates the emergency telephone system for Chief Brophy and County Executive Bill Conner.

**How has the new County Government been able to expand its police force from 19 to 54 men in 22 months?**

By placing the emphasis on training, opportunity, and the establishment of a fair pay scale, the new County Government . . . under the direction of Bill Conner and Doug Buck . . . has been able to attract qualified applicants and to nearly triple the force since January 1967.

Recruiting standards have been raised, clear rules have been laid down, and new equipment has been provided. It is now common to see well-marked County Police cars patrolling the highways and neighborhoods. Emergency telephones have been placed at strategic points.

Let's keep moving forward!

**YOU CAN DAMP THE FIRES OF VIOLENT CHANGE.**

How can you help bring about justice with order, progress without rioting? Elect Richard Nixon President. He knows the need for change, and respects the right of dissent—but here's where he draws the line:

"In a free and open society, where there are legal and peaceful means for change and progress, there is no cause that justifies going outside the law and no cause that justifies the resort to violence."

## SHOOTING AND SAFETY

A favorite gambit of those who favor virtual extinction of the right of U. S. citizens to own firearms is to quote the number of people who die in a year "by gunfire." The statistic itself is pointless, and yet one national publication uses it to argue that "... anyone who wants to buy a gun must show reasonable cause why he wants it." In other words, in the matter of guns, this publication espouses police-type surveillance of private citizens.

On the same basis, mortality statistics could be used to support the abolition of a great many things — the bathtub, for instance. Thousands of people are killed or injured falling in bathtubs. And what about the automobile. This lethal device accounts for hundreds of thousands of deaths and injuries every year. Of course, it would be ridiculous to attempt to eliminate the bathtub or the automobile. But then is it any less ridiculous to go to the extreme in controlling gun ownership on the theory that such action would cure the crime wave? As a matter of fact, guns and their ownership by a responsible citizenry under a moderate degree of regulation are a most basic and essential right — not a frivolous privilege. Time after time, in peace and in war, the legendary marksmanship of the U.S. rifleman has been a source of pride and national security.

The great body of U.S. sportsmen today are a responsible lot when it comes to guns. And, they have good reason to be. There are countless clubs and organizations that make it a business to promote safety and intelligent use of firearms. One of the most prominent in this area is the National Rifle Association, whose work to educate public-spirited citizens in the safe and efficient use of small arms for pleasure and protection, began back in 1871. The NRA's Hunter Safety Course has increased in stature as an effective tool in the hands of game and conservation administrators to reduce shooting accidents.

Continuing safety education and reestablishment of respect for the law, as well as stern enforcement of laws on the books, are the best answers to the so-called gun problem.

## Reservist Robert A. Ford Trains At Great Lakes

Seaman Apprentice Robert A. Ford, 19, son of Mr. and Mrs. Lawrence P. Ford of Newark, completed his two weeks of annual duty for training at the Naval Training Center, Great Lakes, Ill., and has returned to his local Naval Reserve unit.

Naval Reservists receive intensive training in naval history and organization, customs and courtesies, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty. A physical fitness program rounds out the training.

## LETTERS TO THE EDITOR

Oct. 11, 1968

The City of Newark mailed this year over 6,000 copies of its annual report so that its citizens might be better informed on what its local government is doing. Each year it updates and publishes a five-year capital program. Each year it also publishes its annual operating budget in detail, consuming over 130 pages, and publishes a summary of this budget in the local newspapers.

As I entered the school on voting day and voted for both parts of their referendum, I must admit I did so out of ignorance. I want to support my schools as best I can for we have one of the better educational systems in the country. We also may have a good school administration, but I don't know for certain because we just don't get the facts.

I dare say there are thousands of men and women in this community capable of reading and understanding financial reports. I urge our school administration to make these reports in comprehensive form available so that we, the citizens, can judge their needs not out of ignorance but out of intelligence.

Cordially yours,  
A. K. Martin

A lone first-term Congressman, William V. Roth, Jr. (R., Del.) set out last year to find out just how many programs of federal aid there are, what they do, how and where they are administered. He found that 1) nobody knows how many programs there are, and there is no place to go in the whole federal system to find out; 2) Congress does not have the information to judge which programs should be kept and which should be stopped; 3) the Executive Branch does not know how much overlapping and duplication there are in order to unify and streamline the operation.

Roth's researches reveal that, at the very least, the federal government is attempting to administer 1050 separate assistance programs with more than \$20 billion a year to dispense. As many as ten cabinet-level departments and 15 or more agencies operate programs de-

### Ralph, Vapaa Win National Awards As County Agents

Two Delaware extension agricultural agents have been selected to receive public information awards by the National Association of County Agricultural Agents.

Kent County Agent George K. Vapaa was named regional winner in the photo category and received a \$50 cash award. Vapaa's photo, which appeared in the Harrington Journal, showed members of the Kent County technical action panel planning a survey with the McCauley's Pond Watershed Community Improvement Association.

Vapaa's photo will be entered in national competition against three other regional winners.

In other competition, Associate Sussex County Agent Ed Ralph was

**DIABETES DISCUSSION**

The Delaware Diabetes Association will conduct a public meeting and panel discussion with the topic "Obesity—Relationship to Diabetes," next Wednesday at 8 p.m. at the Academy of Medicine, Lovering Avenue and Union Street, Wilmington.

Ralph's color slide series explained crops work of the Cooperative Extension Service including corn hybrid tests, subirrigation work and variety testing.

Ralph also took third place honors in the news column category. He is a University of Delaware graduate, and the husband of the former Miss Lannie Richards of Newark.

Awards were presented at the annual meeting of the National Association of County Agricultural Agents in Louisville, Ky.

**Slobojan Coaching Teams In Kansas City Nationals**

Four Future Farmers of America judging teams are representing Delaware in National FFA judging contests, Oct. 16-17, in Kansas City, Mo., according to Fredric Meyer, state supervisor of vocational education.

FFA members from Laurel and Caesar Rodney high schools competing in the four national contests, are coached by vocational agriculture instructor Alan Slobojan of Newark.

**McAllister Cites October As Cooperative Month**

Gov. Charles L. Terry, Jr. has designated October as Cooperative Month in Delaware, according to W. T. McAllister, extension agricultural economist at the University of Delaware.

Delaware's agribusiness community, including production, marketing and distribution of agricultural commodities, accounts for over one-fourth of the state's gross annual output, says McAllister.

Farmer-owned cooperatives play a major role in helping farmers maintain prosperity by securing production supplies at reasonable cost; providing essential services for farm and home, and giving farmers an effective voice in the marketing of agricultural products.

**Lunchbox Magic Cited By Marguerite Krackhardt**

For lunchbox magic—a lunchbox with taste appeal—add variety. And make that lunchbox meal a nutritious one, not a sack of snacks.

The packed meal should include one-third the essential nutrients for the day, according to Marguerite Krackhardt, extension foods and nutrition specialist at the University of Delaware. For the school child, follow the pattern set by the school lunch program.

Include a two-ounce serving of a protein-rich food such as meat, fish, poultry, cheese or peanut butter.

Use a serving of bread, spread with butter or margarine, and vegetables or fruit. Don't forget a pint of milk.

### "If there's one God, why are there so many religions?"

That's a question that has plagued thoughtful people for centuries. Religions often have seemed to divide men rather than join them—which could hardly be God's will.

In our time, so full of wonders, we're witnessing what may be the greatest wonder of all: the growing force of inter-faith understanding. It seems to promise a fuller flowering of God's hopes for man. You and me.

Great new things are happening in churches and synagogues these days. But find out for yourself. This week. Then take your strengthened faith out into the world—and put it to work!

## World War II Vet Paul Markland, 48 Dies In Detroit

A former resident who moved to Detroit a month ago died there Saturday after he fell down a flight of steps and suffered a brain hemorrhage.

Homicide detectives, from the Detroit police said that Paul Markland, 48, formerly of 6 Karlyn Drive, was dead on arrival at Detroit General Hospital at 4:30 p.m. Mr. Markland, an assembly line worker at the Newark Chrysler plant and father of nine children, was found by police unconscious, sitting in front of his apartment entrance. Police have termed the death an accident.

A native of Elizabethtown, Tenn., he was an Army veteran of World War II.

Surviving are his widow, Mrs. Violet Markland; five daughters, Mrs. W. Gayle Schaeffer and Mrs. Betty Brown, of Wilmington, and Irene F., Kathy A. and Della A. Markland of Brookside. Four sons, Paul Jr., Conley J., Gregory L. and John J.; four brothers, Burel, Detroit, Orval, Homer and Henry, all of Wilmington; a sister, Mrs. Annie Pierce, Wilmington, and a half brother, James Lacey, and a half sister, Pearl Lacey, of Elizabethtown.

Services were held Wednesday at Grace-Lawn Memorial Chapel, with interment in the adjoining cemetery.

## Ens. Norman Smith, III On Guided Missile Ship

Navy Ens. Norman F. Smith, III, husband of the former Miss Judy Reed of 520 Capitol Trail, Newark, is serving aboard the guided missile cruiser USS Springfield in the North Atlantic in support of Operation Silver Tower.

Operation Silver Tower is a large scale NATO maritime exercise with more than 100 ships from nine nations participating.

Purpose of Silver Tower is to exercise NATO and national forces in their defense tasks on both sides of the Atlantic.

## THE TRAVEL LOG

By Ian H. Corbin

### THE SOUTH PACIFIC

For uncounted centuries the South Pacific was an awesome challenge, its limitless waters uncharted, its islands unnamed. Today it is an invitation to travelers from all over the world. That invitation is being eagerly accepted by thousands more people each year.

There has always been a magnetic lure to that tropical world. One of Somerset Maugham's best known works "Rain" had its setting in Pago Pago. Gauguin deserted his family in France to paint his masterpieces in Tahiti. Robert Louis Stevenson's former home on Western Samoa is now the residence of the island's governor. One of the theater's classical musicals was adapted from James Michener's famous "Tales Of The South Pacific".

Into the latter half of the 20th century the South Pacific still holds some of its ancient secrets. Despite the research of modern history and its legions of explorers, the mystery of the mutiny? About the mutiny? About the mutiny? About the mutiny?

Island. Captain Bligh made a 100% conflicting report before the Admiralty Board when he at last reached London.

What are the origins of the natives of the Pacific? Did they, by some navigational miracle, sail in their handmade canoes from the West Coast of South America as the skipper of the Kon Tiki tried to prove some years ago? Are the Polynesian descendants of migrating natives of the Middle East as some anthropologists insist? What were the beginnings of the Maoris of New Zealand? How far back into the millennium must one go to know the first aborigines of Australia? The secrets remain.

But the recent years have brought about changes. The vivid paintings of a French exile who died a prisoner hung in the great museums of the world, worth a king's ransom. The ocean is no longer uncharted, endless stretches of water. The lovely islands have names. The floating palaces of cruise ships long ago replaced the lumbering sailing ships. A Clipper today means not a ship but a jet aircraft crossing the

Pacific at 30,000 feet at nearly 600 miles an hour.

There are still the explorers; thousands of them from all parts of the world determined to see the magic of the Pacific for themselves. They come with guide books, cameras, drip-dry holiday clothes, and the assurance they will have the best of it without the inconveniences or downright hardships of the past. There will be air-conditioning, soft beds, international cuisine as well as local specialties, and one-day laundry service at the new hotels which have sprung up all over the South Pacific.

An example are those of Inter-Continental Hotels. Their locations form a kind of horseshoe on the map of the Pacific. Starting with Tahiti where the Hotel Tahara's Inter-Continental will open late in 1968, across to American Samoa (the United States' only possession south of the Equator) where the Hotel Inter-Continental Pago Pago looks up at Rainmaker Mountain. Down to New Zealand where the new Hotel Inter-Continental Auckland was opened last March, overlooking the historic harbor of Auckland. Over to Australia and in the gracious city of Melbourne rises the Hotel Southern Cross. A continent away is Indonesia with the Hotel Bali Beach on the shores of that fabled island and the Hotel Indonesia in the capital city of Jakarta. Then to Singapore to visit the Singapore Inter-Continental and on to Bangkok for the Siam Inter-Continental, Thailand's newest and most luxurious hotel.

Somerset Maugham, Captain Cook, Dutch planters, Australian colonials, and Anna of the court of the King of Siam would have envied today's traveler. He can enjoy the world they knew; only he can do it so much more pleasantly.

### Physical Exams

Schedule periodic physical examinations for children of school age. During grade school years, annual check-ups are recommended. A thorough examination for school beginners will detect any hearing or vision problems that may hamper the child's schoolwork. Also, a thorough examination is recommended for children who intend to participate in school athletics.

### Hiking

When planning a hiking trip, select clothing which is comfortable and suitable for weather conditions. Shoes should cover the ankle and be properly "broken in." Wear properly fitted wooden socks, since wool absorbs perspiration and builds its shape. Refrain from eating too heavily before or during the hike. Avoid over-exertion and allow sufficient time for your return trip.

### Hunting

Carelessness accounts for virtually all hunting accidents. When carrying a loaded gun, always maintain control over the direction of the muzzle. Never cross over or through a fence with a loaded gun. Either unload the gun or place it beside the fence and pick it up after you are on the other side. Never fire the gun until you have clearly identified your target.

## Trabant Organizes Group For Project On Drug Abuse

The University of Delaware's new president, Dr. E. Arthur Trabant, has established a committee of students, faculty members, and administrators to establish a program of education on use and abuse of drugs.

The committee is part of President Trabant's efforts to establish a University of Delaware Community Design, as proposed in his convocation address last month. "The committee's aim is to design a program of lectures, films, discussion groups, and any other useful media, that will provide information about effects of the use of such drugs as marijuana, LSD, the amphetamines, the barbiturates, and related drugs," according to Dr. Howard Harlan, chairman of the sociology and anthropology department, who heads the committee.

Student members of the committee include Peggy A. Bedingfield, a sophomore, and Frederic A. Multer, a senior from Newark. Other committee members are Dr. Mary K. Carl, dean of the college of nursing; Donald P. Hardy, dean of men; Herbert L. Walter III, associate director of Student Health Service; Dr. William Kerr, director of Student Counseling Services; and Dr. Albert A. Branca, associate professor of psychology.

## Telephone Company Plans Exhibit For DSEA Event

Diamond State Telephone Co. will exhibit its aids to education when teachers of the Delaware State Education Association hold their 50th annual convention at the University of Delaware's field house next Wednesday, Thursday and Friday. Telephone company school representative Gloria Johnson of Wilmington will be hostess at the exhibit of science aids and communications training tools available to Delaware schools.

## Pinching Doesn't Pay With Purchase Of Fruit

Buying fresh fruit is a touchy subject. People touch, pinch and rub fresh fruit trying to squeeze out the best ones.

It doesn't pay to pinch, says Marjorie Krachavitz, nutrition specialist at the University of Delaware. Rough handling causes fruit spoilage and waste, and the grocer has no choice but to pass this loss to the consumer, so costs go up.

## Newark's All-Stater Dick Kelley Paces Delaware Rushing Leaders At 2-2 Point

Former Newark High School All-Stater Dick Kelley continues as Delaware's leading rusher through four games.

Kelley, a speedy 170-pound sophomore, has gained 350 yards in the Blue Hens' four games. Delaware is 2-2 with wins over Hofstra and Massachusetts and hard-fought losses to major colleges Villanova and Buffalo.

Kelley added 51 yards to his rushing total last week when the Hens bowed 29-17 at Buffalo. Rushing honors in that game went to fellow sophomore Chuck Hall, who had 100 yards in 24 carries.

Hall, a hard-running fullback from Springfield, Pa., is second in the rushing race with 300 yards for the season. Junior halfback Jim Lazarski of Wilkes-Barre, Pa., is third with 145 yards.

Quarterback Tom DiMuzio, who had four passes dropped at Buffalo, still managed to complete 11 of 27 passes for 141 yards. The Bishop Neumann High School ace from Philadelphia is the team leader in total offense with 462 yards passing and 46 yards on the ground.

Junior Ben Withelid of Folsom, Pa., is DiMuzio's favorite target with 12 receptions for 265 yards and three touchdowns.

Kelley is second in the receiving department with seven catches for 138 yards.

Junior Dick Keller, called the leader of the secondary by defensive backfield coach Mickey Heineken, had an outstanding game against Buffalo. Keller made two tackles in a row and then intercepted a pass and returned it 39 yards on one of the Blue Hens' goal-line stands in the second half.

The Blue Hens blanked Buffalo in the second half.

Delaware is leading its opponents in nearly every statistical category.

## Harrington Hits Half-Way Mark In Record Meeting

Harrington Raceway hit the half-way mark of its 60-night meeting last week, buoyed by prospective records in handle and attendance.

The Central Delaware harness track, blessed by exceptional autumn weather and popular exacta wagering, already shows advances of 24 per cent in handle and 23.5 per cent in attendance.

Competition continues nightly through Nov. 14, with a 7:30 p.m. time.

**Newark Notes**  
by GIBBY YOUNG  
FULL SATURDAY

Newark won its 27th straight football game — the hard way, too — by edging Conrad 13-6.

Coach Sam Dixon's Christiana Vikings came from behind in a 6-0 count to wallopp Dickinson 26-6, and Coach Tubby Raymond's Delaware led big league Buffalo 17-7 before a 22-point second quarter gave the Big Bills a 29-17 victory over the Hens in New York for a full Saturday of football for local fans.

There's more on tap this Saturday with Newark playing at Dickinson at 2 p.m.; Christiana away at Brandywine at 1:30; and Delaware hosting West Chester with a 2 o'clock kickoff in the local stadium.

The Blue Hens have 957 rushing yards to the opponents' 834 and boast a 487-475 edge in the passing department.

"We are getting there," coach Tubby Raymond says. "We are building a football team and we feel we are making progress. The defense played very well in the second half at Buffalo and the offense appeared to be more consistent in the first half."

Raymond is hopeful that his team will put it all together when the Hens return to Delaware Stadium this Saturday to take on West Chester in a Middle Atlantic Conference game.

West Chester, defending Lambert Cup champion, is 3-1.

"Get with it, Dad!" Billy said on Wednesday last week in prepping a birthday present of a handsome Heddon open face spinning reel and a glass rod to a parent who has been an unconcerned fly rod and bait casting man. And the Heddon reel was most appropriate. Jim Heddon started the sport of bait casting just before the turn of the century.

After swallowing a lump in the old throat at this generous gesture on the part of a 20-year-old son working his way through the University of Delaware, we will join Bassmaster Ott Widdoes in getting with it in this modern spinning business. For some time, Mr. Widdoes' conscience has caused him a unease or two while witnessing a companion standing by the old fashioned practice of bait casting. As Young Al Jezyk said not long ago on the Bill Richards farm pond in observing a bait casting rod and reel in use, "you don't see many of those old time outfits any more."

Well, Billy's father got in some preliminary practice with a spinning rod off Cape Lookout a couple of weeks ago when he borrowed Cap'n Dick Pleasanton's son David's gear for some rousing roundelays with strong, swift, satin Spanish mackerel swimming in the green and white surf off the North Carolina Outer Banks bar — and a first time out with a son's birthday gift won't be entirely new stuff. We're looking forward to it.

Missouri Clyde Brown, a spin-fisherman since breaking in on a plain cane pole back home, has been trying hard for bass at the mouth of the Susquehanna off his Havre de Grace home — and with no special success.

Last weekend in a four-hour stint with Mike Donlin — and Master Brown, the Post's linotype operator, is not yet certain how Mike spells his last name — caught plenty of yellow and white perch in some jigging with shad darts while minnows swarmed beside barges at the second bend where the Susquehanna joins the Northeast Elk, Bohemia and Sassafras rivers to form the Chesapeake Bay.

"There were millions of minnows," Clyde concluded with a fisherman's faith if not fact, "and they were trying to climb out of the water onto the barge," but other than perch and a 10-inch rock that was somewhat reluctantly restored to the water to grow to legal size, Messrs. Brown and Donlin encountered nothing of major marine magnitude.

One of these days Clyde, you'll hit things right off Havre de Grace — as we did with Gibby Young some 13 years ago when we almost threw back a two-pound black bass after nearly swamping the skiff with six near 15-pound rock of telephone pole segment proportions.

Getting back to the fishing trip off Cape Lookout, Gentleman Jim Etheridge of Edenton, N. C., by way of Williamsburg, Va., noticed a special two-pound Spanish mackerel among the 150-odd in the Young Lady's fish box — a satin Spaniard that had healed a great gash in its belly — a bite that may have been taken by its classic cousin kingfish in a slashing strike. How any fish could survive such an attack remains a mystery — but this Spanish did. And if we had been as observant as Jim Etheridge, we would have put the fish back in the water while it was still living on precious borrowed time.

**Mueller-Whitcombe Duo Win Avon Partners Golf**  
Mrs. John C. Mueller and Mrs. C. R. Whitcombe won the recent Avon Better Ball of Partners Golf Tournament at the Newark Country Club.

Mrs. Paul Cundiff and Mrs. Halsey MacPhee were runners-up in the Avon tourney.

**PRATT'S HARRIERS**  
Coach Loren Pratt's Blue Hen harriers run against the Towson variety and froth near Baltimore this Friday at 4 p.m., and Delaware's cross country team faces St. Joseph's next Wednesday away at 3 o'clock.

## Rushing Defense Faces Stern Test With Rams' Visit

Delaware's rushing defense is in for a stern test when the 2-2 Blue Hens host 3-1 West Chester in Delaware Stadium this Saturday.

The Delaware front four of Jim Seelba, Pete Cornelius, Chuck Avery and Bruce Hanley have been doing a respectable job all year, but West Chester has a stable of fine runners.

"Our defensive line will really have to be up for the game," says Hen Line Coach Ed Maley. "We have been generally pleased with our defensive line play, but we will need another good effort on Saturday."

Seelba, one of two seniors on the Delaware defensive unit, has been a leader in the defensive line. A 215-pound end from Beachwood, N.J., Seelba has been strong against the run and has applied pressure to opposing quarterbacks.

Hanley, a junior from Beachwood, N.J., has done a solid job on the other side of the line. A former back, the 200-pound Hanley makes up in aggressiveness what he lacks in size.

Cornelius and Avery have emerged as starting defensive tackles. Cornelius, a 200-pound Trenton, N.J., native, started last year as a sophomore.

Avery, a sophomore from Sonoma, Calif., is the tallest and heaviest man in the defensive line at 6-4 and 225 pounds.

The front line is backed up ably by middle linebacker John Favero, Captain Bob Novotny and one of two sophomores — Mike Barbieri or Ray Holcomb — at the other line-backing spot.

Favero, a 215-pound junior from Paramus, N.J., has been an outstanding player for the Hens.

West Chester is led by Fullback Bert Nye, who led the nation's small colleges in scoring last year with 129 points. Nye, a stocky 200-pound senior, has taken up right where he left last year. He leads the visiting Rams in rushing with 611 yards and in scoring with 54 points.

Nye is joined by 205-pound Sophomore Halfback Rocky Reese, who has gained 285 yards in the Rams' four games to date.

## Delaware's Defeat Of Massachusetts Cited By Raymond

Coach Tubby Raymond rates the Hens' victory over Massachusetts as one of the best wins in Delaware football history.

"This was the best comeback by any Delaware team since I have been here," Raymond says of Delaware's 28-23 victory over the Red-men. "We were down twice, but the players never let up. They gave one of the best efforts in the second half that I have ever seen on a football field."

Raymond, in his third year as head coach, has been at Delaware since 1954.

The Blue Hens overcame deficits of 13-0 and 23-14 to post the victory before a record Homecoming crowd of 13,261 at Delaware Stadium on Oct. 5.

"I think perhaps some people underrated the achievement of beating Massachusetts," Raymond says.

"Massachusetts is a very good football team and any time we beat a major college, we have to be proud."

## Mrs. E. C. Mahanna Wins Newark Ladies Day Golf

Mrs. E. C. Mahanna won first place honors in Tuesday's committee surprise Ladies Day golf event at the Newark Country Club, with her closest to the hole drive on No. 2 hole.

Mrs. John N. McDowell won second place for the longest drive on No. 7 fairway, and Mrs. C. Sweeney took third place for her closest to the pin shot on No. 12.

## Gary Hayman, Pedro Swann Collect TDs As Hoffman's Champs Beat Conrad 13-6

Coach Bob Hoffman's state champion Yellowjackets won their 27th straight football game last Saturday afternoon, defeating previously unbeaten Conrad 13-6 at the Newark High School Stadium as All-Staters Gary Hayman and Pedro Swann accounted for all of the Yellowjacket scoring.

Swann, a first team All-State halfback last season, broke away for a 25-yard gallop in the first period to provide the Newark champions with a 6-0 edge at the end of the half, after a dogged defensive display.

Newark twice stopped the Redskins within the Yellowjacket five-yard line with Hayman's interception of a Conrad pass, and again with a goal-line stand.

**Saunders Scores 2 TDs As Hornets Beat Howard**  
Quarterback Norris Saunders scored two touchdowns for Delaware State as the Hornets walloped Howard University 46-7 in Washington last Saturday.

The former Newark High School star scored on a sneak of one yard, and on a roll-out pass pattern with no receivers open, ran the ball for a 12-yard touchdown.

Delaware State entertains the St. Paul Tigers of Lawrenceville, Va., with a Homecoming kickoff this Saturday at 2 p.m. in Dover.

**Williamson's Vikings Face Dickinson, Mt. Pleasant**  
Defeated 15-50 by powerful 5-1 Wilmington last Monday, Coach Ken Williamson's Viking cross-country team faces 3-3 Dickinson this afternoon at Rockford Park.

The winless Christiana harriers meet 1-5 Mt. Pleasant next Monday at Rockford Park at 4:30 p.m.

**VOLLEYBALL GIRLS**  
Coach Joann Witmyer's girls volleyball team at Christiana High School plays at Mt. Pleasant next Monday at 3:30 p.m.

**IRV FISHER'S TELAFILLY Wins Race At Marlboro**  
A thoroughbred owned by Irvin Fisher of Newark, won the fourth race at Marlboro last Saturday.

Fisher's Telafilly topped the field to return \$7.80, \$4.40 and \$3.20.

## COMER'S BOOTERS

Coach Tom Comer's Yellowjacket soccer varsity plays at St. Andrews this Friday; hosts Isaac Mapp's Christiana Vikings next Tuesday, and plays at Chester on Wednesday next week, with all games slated to begin at 3:30 p.m.

## Hayman, Kahoe Get 2 TDs Apiece In Chicks' Victory

Coach Paul Billy's Blue Chicks, with Wilmington High's Bill Hayman and Fullback Garry Kahoe scoring two touchdowns apiece, blitzed Bulls Prep 41-14 in last Friday's Delaware freshman football opener here.

Hayman recovered teammate George Armstrong's fumble in the Bulls end zone for his first score, then ramblled 11 yards for his second.

Kahoe, a Germantown Academy product, opened the scoring with a 34-yard run and later ran 84 yards on a fake punt for another six-point play.

End Paul Frantz caught a 19 yard pass from Quarterback Bob Smith and Armstrong scored from three yards out for other Delaware tallies.

Fullback Ken Laesny of Pittsburgh, Pa., converted four of five extra point tries for the Chicks.

The Chicks play away this Friday at 2:30 p.m. with the Villanova frosh.

## Misfits Win Top Honors In Weight-Lifting Test

NORRISTOWN, Pa.—The Misfits, an independent team of University of Delaware students, scored 10 points to take top honors in a novice weightlifting meet held here Saturday.

Leading the Misfits were James Lamanna, who won the 123-pound class with 480 pounds, and Tony Lauria, tops in the 132-pound class with a 505 lift.

## Sam Dixon's Vikings Beat Dickinson 26-6 As Thompson, Dolphin, Hubbard Get TDs

Trailing 6-0 in the first quarter, Coach Sam Dixon's Vikings stormed back with a pair of touchdowns by Halfback Glen Thompson on a 37-yard run and a two-yard plunge to lead Dickinson 13-6 at the half last Saturday in the Christiana High School Stadium.

And Dixon's valiant Vikings added single touchdowns in the last two quarters to defeat Dickinson's Rams 26-6 and take over a 2-1 tie for second place in the Blue Hen Conference A-Flight.

Dickinson's Bill Eubanks capped a Ram drive to the one-yard line by plunging for the TD in the opening period.

But in the second quarter, the Vikings took command.

Quarterback Dave Webster kicked his first of two conversions after Thompson's second touchdown in the first half, and in the third quarter after Quarterback Dan Dolphin raced 31-yards for Christiana's third TD, Webster came on to kick the extra point for the Vikings' 20-6 lead.

In the final period, Webster passed to End Bob Hubbard for an 18-yard touchdown and the final 26-6 count.

Others in action for Dixon's Vikings against Dickinson last Saturday were Halfbacks Dan Shanor and John Fleckinger; Fullbacks Neal Fairchild and Harold Resinger; Ends Fred Neal and Curt Payne; Tackles George Rawson, Jesse Moore and John White; Guards Jerry Thorpe and Mike Burke; and Center Chuck Gruver.

Dixon's Vikings face the Bulldogs at Brandywine High School this Saturday at 1:30 p.m.

## Ciesinski's Yellowjackets Beat Cross Country Lions

Coach Ray Ciesinski's Yellowjackets defeated DeLaWarr 25-31 in last Monday's cross country test at Rockford Park.

Newark, 2-4 in the Blue Hen Conference, faces 5-1 Wilmington High today, and the Yellowjackets meet 3-3 Dickinson next Monday at Rockford Park at 4:30.

## MAPP'S VIKINGS

The Christiana soccer team coached by Isaac Mapp entertains Concord this Friday, and next Tuesday, plays Tom Comer's Yellowjackets at Newark at 3:30 p.m.
