

Commencement Ceremonies Scheduled For June 14

Sunday, June 14, marks the graduation day for approximately 360 members of the Class of 1953 of the University of Delaware. In addition to the presentation of the bachelor degrees, seventy-three masters degrees and nine doctors degrees will be announced. Also, five regular army artillery officers commissions, thirty-eight reserve artillery officers commissions, and thirteen reserve chemical officers commissions will be bestowed.

The ceremonies of the day will be in at 11:00 a. m. with the Baccalaureate Service in front of Hullahen Hall. Following this is a noon luncheon for graduates and their parents in Kent Hall. The commencement exercises, highlight of the day's activities, will begin promptly at 3 p. m. in front of Hullahen Hall. The new alumni and alumnae will conclude the ceremonies on Sunday at a President's reception in Warner Hall.

Delivering the Baccalaureate sermon at 11 a. m. on June 14, will be Charles Samuel Jarvis, S. T. M., pastor of the Salem Methodist Church

of Selbyville, Delaware. Candidates for advanced degrees are invited to attend the baccalaureate exercises. The ceremony will be held on the campus in front of Hullahen Hall, or in Mitchell Hall in case of inclement weather. No seats will be reserved for this occurrence.

The final commencement ceremonies at 3 p. m. on June 14 will be preceded by a one-half hour concert by the University of Delaware band in front of Hullahen Hall. The *Festal March in C* (by Cadman) by the band will be the signal for the procession of graduates and faculty members to parade down the parallel walks from Brown and Harter Halls to the steps of Hullahen Hall. The commencement invocation will be given by The Reverend Willard G. Purdy of the First and Central Presbyterian Church of Wilmington, Delaware. Following this will be the commencement address by Mr. Albert Edmund Forster, president of Hercules Powder Company.

Following Mr. Forster's address is a musical interjection by the Delaware band, *March from the Second Suite in F by Holst*. Once more rising to the center of the platform, Dr. John A. Perkins, president of the University will confer the degrees. At this time the certificates of commission into the Army of the United States of America will also be granted to ROTC graduates. The commencement exercises will be concluded by the graduates and audience singing the Alma Mater, the benediction by Reverend Purdy and the recessional, the *Military March* by Beethoven.

Commencement exercises are scheduled to be held on the campus. In the event of rain, the ceremonies will be conducted in Carpenter Field House. Each candidate for a degree is entitled to receive four tickets to the reserved section for the commencement exercises. Should commencement be held in the Field House, only a very limited number of unreserved seats will be available, because of the limited floor space.

Plans Complete For Senior Weekend

Dick Lohmann, president of the Class of 1953, recently announced the completion of the plans for the Senior Week-end, the three days prior to Commencement. The initial function, the Senior Class party, is slated for Thursday, June 11. This is followed by the Senior Ball on Friday and the class picnic on Saturday.

The Senior Class party, first of the three social events, will convene at the Italian-American Club at 9 p. m. on Thursday, June 11. The informal gathering at the Kennett Square Club is, in terms of the class president, a "loosening-up party." The presence of a local dance band plus the facilities of the Italian-American Club insures a very complete evening.

Twenty-four hours later, following the opening of the party, will find the graduating class arriving at the DuPont Country Club for the formal Senior Ball. The dance will be in progress from 9 p. m. until 1 a. m. Seniors graduating in February, June, or September, '53, will be admitted without tickets.

On Saturday, June 13, the pre-commencement activities will be concluded with a Senior Class Picnic at Crystal Beach Manor. On the shores of the Chesapeake the outgoing seniors will literally make one last splash before assuming the roles of alumni and alumnae.

New Members, Alumnae Of Tassel Hold Banquet

On Tuesday, May 26, the Tassel Banquet will be held at 5:30 p. m. in the College Inn. The dinner will follow the formal initiation of five new members at Old College.

Among those present will be local members of Mortarboard, Tassel alumnae, this year's members, and the newly elected members.

Pres. of Senior Class

DICK LOHMAN

NOTICE
Scheduling meeting for 1953-54. Chem. Auditorium, Tuesday, May 26, 7:30 p. m. Each student organization should send a representative with scheduling plans for 1953-54.

It is suggested that alternate dates be prepared in case of conflicts in scheduling requests.
Milton R. Roberts

Barbara Martin Is Winner Of Annual Hullahen Award

Miss Barbara Martin, a senior from Drexel Hill, Pa., was elected on Tuesday night of this week to receive the 1953 Hullahen Award commending her as the outstanding member of the senior class. The award, presented by Omicron

BARBARA MARTIN

Delta Kappa, denotes a period of service and loyalty to the university during the recipient's college career.

In the words of Jim Hoey, President of ODK, "She is the outstanding senior in service to the school. Always a hard worker, she has been in many activities and will pitch in and lend a hand anywhere. She can help the university."

Barbara's activities include: recording secretary of SGA, vice-president of sophomore class, freshman class secretary, recording secretary of cheerleaders, publicity manager of cheerleaders, inter-dorm playbill chairman, chairman of Frosh-Soph Hop, chairman of sub-committee for decoration of Junior prom, dorm social chairman, A Capella choir, women's chorus, freshman duchess of May Day, member of '53 store committee, vice-president of SGA, student union committee member, faculty rating plan chairman, and 1953 May Queen.

Correspondent For "Life" And "Time" Speaks Of Peron

According to Mr. Frank Shea, foreign correspondent for "Life" and "Time" magazines, the Neofascist government of Juan Peron in Argentina is being watched and abetted by the Russians. Mr. Shea in an address Tuesday afternoon to the political science classes of the University spoke of several current events which point to this fact.

Shortly before his death Stalin received the new Argentine ambassador in a private conference. This was the first time Stalin had ever met personally with any western ambassador. Also, the U.S.S.R. and Argentina have recently resumed trade relations. Russia is now shipping oil refining equip-

H. Rodney Sharp Receives Outstanding Alumnus Award

Mr. H. Rodney Sharp, member of the Delaware graduating class of 1900, received the Outstanding Alumnus Award, the top recognition available to an alumnus of the University of Delaware. At the alumni banquet held in Kent Dining Hall on Saturday evening, May 16, Dr. W. Owen Sypherd of the faculty rose at the request of William Duffy, Jr., and made the presentation.

Mr. Sharp has been spectacular in his service to the university. He has been very active in the alumni group and the board of trustees,

of which he is one of the few life members. For a number of years he served as chairman of the grounds and buildings. Mr. Sharp and his committee have been largely responsible for the beauty that soon after the conclusion of the surrounds—the structures on our campus—the layout, the trees and shrubs, the absence of signs. He was instrumental in preparing a master plan of the campus (a model of which is now on display in Old College) and in assuring close adherence to that plan. The

(Continued from Page 9)

Mr. H. Rodney Sharp is pictured above receiving the Outstanding Alumnus Award from Dr. W. Owen Sypherd.

Blue Hen Sales Begin May 25

The 1953 *Blue Hen*, yearbook of the university, will be distributed beginning Monday, May 25, in front of Kent Hall immediately after the evening meal.

On successive days, the books will be obtainable at the *Blue Hen* office next to the Student Union in the basement of the Memorial

Library. Form May 26, books may be secured by persons who have previously paid a deposit.

No extra books will be available during the period of May 25-29. Persons failing to pick up their books by the 29th, will forfeit the deposit and the extra books will be placed on public sale after the 29th.

Mr. Fenema Leaves Our Campus After Three Years Here

By LEE RICE

After a very successful tour downstate last week, members of the A Capella Choir and Men's Chorus were surprised, and greatly disheartened, to learn of the resignation of their most capable conductor, Mr. Marvin R. Fenema. During his three year stay, Mr. Fenema has done much to bring about some of the finest choral arrangements ever to be heard by faculty and students of the University of Delaware. In 1951, the opera *Down in the Valley* was presented, and in 1952 the Brahms *Requiem* was the outstanding presentation. Most recently, the opera *Amahl and the Night Visitors* was staged at our Mitchell Hall. Successful production of such music is possible only through the efforts of a tireless conductor.

When asked to what he attributes his constant struggle for perfection, Mr. Fenema referred to his tour with the Westminster Choir school. During performances with this group, there was complete silence, and the slightest movement was not tolerated for fear of distracting the leader.

Sharing his fondness for good music, and also quite capable along these lines, is Mrs. Fenema. The two met while at Westminster and were married shortly thereafter. In addition to her lovely voice, the Mrs. can boast a right mean hula, quite naturally acquired from her native Hawaii. The tropical climates of her homeland, however, are thought to be partially respon-

Scabbard And Blade Completes Dance Plans

The Scabbard and Blade has completed plans for a dance and party to be held at the New Castle Airbase Officers Club on Saturday, May 23. George Madden and his band will furnish the dance music. The members will be guests of Captain H. B. Elliot. The Society has had one other such party.

\$\$\$\$\$\$

Any Bookkeepers?

Students present at the S.G.A. meeting last Thursday night were taken back a bit by a letter from the administration requesting payment of \$1,000.00 next fall to partially cover the expense of keeping the books for student activities. The initial shock was lessened not one bit by a further statement concerning the payment of \$1,700.00, the entire bookkeeping expense, the following year.

'Twas pointed out by the administration that a bookkeeper employed by the school spends approximately one-half of his working hours in working with the financial accounts of the various student organizations on campus. The student organizations include all those that are subsidized by the Student Government Association, plus religious groups and others which receive no S.G.A. grant.

Just one minute!

How does this service differ from the many others similarly performed for the students benefit—the placement bureau, the various facilities of the library which are not primarily directed toward academic information, the space allotted to student groups for meetings and work, and the janitor service for this same space?

Can the students pay for it — \$1,000 this year and \$1,700 in successive years? Let's review things for a minute. The S.G.A. receives \$15.00 per student per year. One dollar of that automatically goes to E-52. Three more dollars are quickly dropped in the "kitty" of the S.G.A., the sinking fund. Approximately ninety cents more would disappear for this new added expense. How about the appropriations to the various organizations? This year found the *Review* confronted with an added expense—printing costs were increased 10%. In the budgets entered for the next school year, the *Blue Hen Cauldron*, and *Needle and Haystack* have likewise requested larger sums than have been granted in the past. To put it in the words of Jimmy Durante, "What a revoltin' development dis is!"

This problem will face the S.G.A. again this week. What'll be done? What can be done? One possibility is to continue with the present system of bookkeeping and enlist the aid of students, as is done with the student union. This has certain drawbacks, such as the mammoth job, responsibility, etc., but it hardly seems that there are \$1,700 worth of drawbacks connected with it. Another possibility seems to be the discarding of the present voucher system. The present system facilitates the quick passage of checks to recipients, as opposed to a former system which necessitated a lengthy period of delay. A return to the former system would probably involve more time spent in accounting by the organizations themselves. This is bad? It's very true that time is money. The author of that statement would no doubt readily admit that \$1,700 is also money—quit a stack of it.

There are two points about this matter that seem quite interesting. One—much of the expense involved in the bookkeeping of student activities is, directly or indirectly, connected with the red tape of passing through the various channels of the administration. Were the students to have complete control of their own money, the system of bookkeeping would be far less complex. Two—the students' plan for paying for the annual Senior Weekend by yearly installments (through a portion of the student activity fee) received criticism because of the fact that many students were required to pay money which never brought them any return (because of transferring, dropping from college, etc.). If this request is paid by the S.G.A., then every student had best make a mad rush to get his "John Hancock" on the membership list of several clubs, or the ninety cents he pays annually for this service will be paid in vain.

W.G.D.

Editorial

The Year Ahead

This issue of the *Review* is important for at least one reason. This final newspaper of the school year 1952-53 will be the freshest in the minds of the senior class, and probably will be remembered the longest.

Undoubtedly, many remarks could be made to graduates from their younger contemporaries—we wish we were in your shoes (which might not be too far from wrong), things will sure be different (which is also close to the correct), etc.

Somehow the thoughts of underclassmen take a slightly different, and possibly just a little more selfish, trend. In particular, the juniors are confronted with the realization that, once June 14, (???) is past, they'll be the "elder statesmen" of the college community. Since, freshman days they have looked for advice and good judgment toward the leaders among the student ranks. With the departure of the class of 1953, the proverbial reins will be handed over.

In traditional respect, we wish lots of luck to the class of 1953. If such is ethical, we would like to wish a little for ourselves for the coming year.

See you next year in the *Review*.

W. G. D.

Letters To The Editor

This letter constitutes my parting comment on Delaware as an institution for the cultivation of a sense of affection towards an Alma Mater, since I am a graduating senior. All things considered, I must sum up my past experiences by saying I have developed little, if any, ardor for my soon-to-be Alma Mater.

I have asked myself why—perhaps it is due to the fact that I am not a native Delawarean. But I believe this to be an insignificant factor. I am more inclined to think that what has occurred between the students and the Administration in the past two years will be the major factor in my indifference to the university after I graduate.

Much pro and con has been said and printed in the *Review* over the efforts of the Administration to make some changes in the policies followed heretofore. In several instances, I feel they are fully justified in what they intend to do or have already instituted; in such matters as enforcement of what I do resent in the manner in which these policies were thrust upon us. I have often felt that my intelligence was being insulted by the logic employed to make me docile to proposed innovations: my sense of what is acceptable moral conduct was being underestimated, and there was a general disregard for my personal opinion on any of these matters, since it was probably considered as immature, if not significant. I dare say that my impressions are held by many students.

Rather than go into a long dissertation about what is the solution to each particular policy about which there is contention, I would rather suggest the adoption of a new attitude on the part of students and certainly on the part of the Administration, since they are a much more mature, experienced, and flexible group of men.

My suggestions are these: for future changes in established policies and practices, that an appeal to the intelligence and good sense of the student body, not an arbitrary decision that is announced as the last word, like it or not! On the student side, I think that a little more appreciation of the requirements and plans of the university for the future are in order. If the students are appealed to, they will be more appreciative and less recalcitrant towards the policies of the Administration.

In closing, I would say that if the students develop the feeling of being an integral part of the university and not just the means of revenue, perhaps some of this school spirit I feel very lacking in can be cultivated. I hope these reflections will be given more than a scoff by those who exert themselves to read them.

Arthur R. Eglington
ChE '53

Dear Sir:

After having observed the relations between the Administration and the student body for four years, a glance at the present status has not revealed any notable improvements in the overall betterment of harmonious relations. To the contrary, the situation is one of mistrust, apprehension, and pessimism.

Above all, there should be a close working together of the student body and the Administration (their chosen representatives, of course) if there is to be effected any semblance of order, peace of mind, and loyalty to the university. The attitude of the student is thusly influenced and affected. This attitude is not what it should be. It all stems from

THE YEAR IN REVIEW

... A Synopsis Of The Outstanding Events Of The Past College Year ...

By NEAL ROBBINS

With eager, smiling faces, and voices merrily singing "School Days," 591 freshmen got the current school year off with a bang (1) on September 14—stamping to invest their money in dinks and notebooks (both of which were soon discarded). Also on hand were several hundred sloppy sophomores, jaded juniors and slumping seniors. It was also "New Dean Day," featuring Collins and Hocutt.

BULLETS BLAST BIG BLUE

With the hope of opening up in a new stadium blasted by steel troubles, the Hen gridders had troubles of their own, dropping one to Gettysburg 14-13. Paul Mueller scored twice, on his way to a stellar year.

Professor Robert Hillyer arrived under the aegis of the English Department.

A headline in the *Review* read "Local Police Check Illegal Parking by University Students." This was a big surprise to everyone.

PARTIES VOICE SOUNDS OFF

The campus contributed a little to the national furor over the presidential elections with a "Voice Of The Parties" column. The prospective politicoes started by discussing world-shaking issues, and ended with Jim Griffiths and Paul Ellis yelling "You're one, too!"

Also appearing was an abortive column entitled "This 'N' That," which rapidly deteriorated into mostly that.

Jim Carbonetti, amid much polishing of the brass, was appointed head of the ROTC regiment. Other big defenders of our country included Robert Fisher and Frank Heilig.

THE WAY YOU LOOK AT IT

After much discussion among the Student Publications Committee, it was decided that the "jokes" in the *Review* were a matter of taste—and they still taste ugly.

The social season got under way with the Stardust Ball, despite the efforts of Blue Barron. The football team won a thriller up at Lehigh 7-6, and dropped one of the same variety to a hopped up Muhlenburg eleven, 24-20.

A junior counselling service was announced to help frosh girls, and IFC prexy Alf Isaccs made a gallant speech offering the services of fraternity men.

E-52

The players, after finally squeezing some geetus out of the Nicoll-nursing SGA, opened its season with a hilarious production of "The Male Animal." The show was closed when the administration found out how Howie Seebach did the drunken scene so effectively. Amidst all the torch-light parades and car floats, the cheerleaders announced rules for the trophy, then changed them, then changed them, then changed them. M. J. Guenver reported the new rules each week.

On November 15, a monstrous week-end featured the opening of our long-awaited stadium, the choosing of a football queen, and the campus chest drive. Surprisingly enough, it rained in Newark. And rained, and rained. Marianne Rienne made a lovely, if muddy, queen. A surging throng of 127 attended in the stadium, and ODK had multi-chrysanthemums left: "Anybody wanna buy a Chrysanthemum?" became the saying of the week. Oh yes, Delaware beat Lafayette and then ended with a stunning victory in more mud over Bucknell.

TO PROFIT OR NOT ...

A report was released in which it was pointed out that the profit of \$17,000 on the dining halls was not really profit... someone broke a lot of dishes or something. This was readily understood by all.

E-52 produced "Twelfth Night" . . . and the Deltis and Warner Hall produced winning efforts for the cheerleaders trophies. The sophomores and frosh forgot their recent rivalries long enough to produce a good Christmas Dance on December 13, featuring Ray McKinley.

HAIL THE SEED

The usually slushy Newark winter scene was brightened by the advent of the basketball season. Successfully defending Middle Atlantic honors, Captain Dick Evans, "500 point" Crawford, Frank White and Matt Lamkin led the Hens through a thrill-packed season. Ditto for the grapplers, featuring star heavyweight Tom Schultz.

SOCIAL BLUES

Patty Phillips sang "Mother" in "Amahl and The Night Visitors," and three fraternities sang the blues over their failure to read the fine print in the social regulations . . . the drought is still on.

Blasting through the round of hour tests, students took a long (Continued from Page 3)

The Year In Review

(Continued from Page 2)

Christmas vacation for a change and refilled the exchequer. Sabres clashed and the Scabbard bled as the Military Ball got social life whirling again, with the usual fine program.

Also as usual, the Hen mermen were splashing to another fine season—featuring Presnell, Mayer, and cohorts.

Making their semi-annual appearance, finals came and left, along with a goodly number of students. The old maxim "They don't flunk seniors," was disproven again. Those who remained were pale, wan and shaken, but at least they were.

Dr. Perkins asked the legislature for a cool \$3,261,612, which rounds off to a cool \$3,261,612, and it couldn't go to a better place.

The IFC successfully played the part of leeches, sponsoring a successful blood drive . . . it doesn't hurt a bit.

POOR MIXTURE

University Drama Group presented "Strange Bedfellows" in Mitchell Hall (an odd place). An even poorer mixture was the Junior Prom held on February 13, featuring Buddy Williams. Since the prom was cleverly scheduled on the same night as many fraternity parties, the trombone section outnumbered the paying guests. This was tossed around until authority told the SGA to decide that all future dances would have to be approved. Oh boy, oh joy.

The fraternities conducted a highly successful rushing season, snaring 149 willing frosh. And the Review got in on the Alumni Fund drive, mailing a special issue to all grads.

The women's dorms, under the chairmanship of Bobb, L. Baker and Margie Woodward, put on their usual good show in the Women's Playbill, with New Castle Hall taking the honors."

SOMETHING YOU ATE?????

Long lines were in evidence in vital spots around campus, as 225 students came down with a monster flu epidemic. The victorious virus was never located.

Eleven campus lovelies lined up to have their pictures taken for the Annual Cherry Blossom Princess voting. Some fiardy fool attempted to interview them on Mitchell Hall stage—oh well, good for laughs. The loveliest of the lovelies won by a great majority—Margie Brennan.

The Engineers Ball and a little later Women's Week-end featured the Delmelodians and both were fine affairs. Another affair was the fabulous "Walk to Wilmington" won by John Quinlan over Sid Balick. Later a past winner informed us that the walk was supposed to be a walk, but then it was too late to walk, since they had already run. Better luck next year . . . Bloomer Girl smash success!

POLITICS AGAIN

Amid howls of displeasure from all, it was announced that the SGA had been helped to decide that the seniors had been getting too much money and that the SGA appropriation would gradually be done away with. Since there was so much controversy, it was handled in the usual manner . . . put off and forgotten.

Then came the SGA elections. Amid the usual howls over the fraternity ticket, someone squealed to the women that they had been given the franchise, so they put in some of their own candidates. . . . including the first independent president since Zilch, Frank Swain — with Marianne Reinke as veep.

Then came the best Review of the year, which was not a Review but a Revile. The winner of the Hog Callers contest was not announced.

ATO took top honors in the I. F. Playbill, with what is becoming as regular as Sigma Nu winning the swimming trophy.

CUPID RIDES AGAIN

And before you could say "My index is 1.9999" the spring social whirl had begun. All the fraternities held whiz-bang week-ends, with the usual fatalities of pinnings and engagements taking their toll.

The Dean's list finally came out, and it seemed like there were more on it than off.

E-52 presented Cinderella, and Delaware had a princess of its own as lovely Bobby Martin reigned as queen of the May.

Baseball under Bob Siemen had a rocky season, but the Hen Trackmen shone in an undefeated season, while those who liked tennis watched the golf team win.

The "Fotine Frolic" was another name for the final social event of the year, the May Dance. Dig that crazy "You Are My Sunshine." Oh well, we made money 'cause he plays for free drinks.

AND SO FINIS

If you've read this far you might as well finish. Ahead lie finals, senior week-end, and then that lovely piece of blank paper. This year may not be remembered for academic successes, it may not be remembered for social successes . . . as a matter of fact, it may not be remembered. That's the way the ball bounces; it's been real; see you around the quad. Etc

READING-KNOWLEDGE TESTS

The Reading-Knowledge Tests in French, German and Spanish Will Be Administered by the Modern Language Department On Friday, May 29, At 4:00 P. M. As Follows:

FRENCH CHEMISTRY AUDITORIUM
GERMAN 220 HULLIHEN HALL
SPANISH WOLF AUDITORIUM

The Passing Of a Reading-Knowledge Test Is Required Of All Students In Arts and Science and Secondary Education, Except Those Who Matriculated In An Accredited College Before September, 1945.

Students Who Are Completing Or Have Completed the Second-Year College Course (104) and Others Judged Competent by the Modern Language Department For Special Reasons Are Eligible For Admission To the Tests.

Information Concerning the Requirements May Be Secured In the Registrar's Office Or In the Modern Language Office, 214 Hullihen Hall.

Letters To Editor

(Continued from Page 2)

this pressing problem of being made subservient to the desires of the Administration without any apparent regard for student opinion.

Without a doubt, both sides are at fault for the general attitude which pervades, for the most part the student body. The fly in the ointment which seems to be the crux of the matter is the so-called steamroller policy imposed upon the student body. In addition the existing social regulations do not appear to be at all fair or liberal in many aspects; i.e., unchaperoned parties, consumption of alcoholic beverages, and prohibitive measures on south campus. These matters are certainly not being approached from an adult and mature point of view by either side.

In order to regain the proper respect due the Administration of such a growing university, the entire student-administration relationship will have to be re-examined carefully. The present spirit should not be allowed to continue. The time has come for all to place their cards on the table for a restatement of respective positions. The students demand and justly deserve the right to be heard. Being proud of one's university and all of its parts is perhaps a Utopian endeavor. The ideal, however, could become a reality.

T. F. Sandstrom, Jr. A&S '53

To the editor:

As an undergraduate reader of the Review, I take an interest in the paper as a whole and especially in the several columns which appear as weekly features.

Among these weekly features is the column entitled 'Neath the Arches, for which the former authors did an excellent job of reporting during the past year. However, the new reporters have, in the last issue, presented their readers with as nasty a little piece of yellow rag journalism as one could hope to find in an undergraduate weekly.

Do the writers of the column realize that their job is to report cleverly, not to degrade? There is a line between wit and sarcasm which they do not clearly define. There are several such comments in the week's installment so obvious that they do not need indication. Perhaps it would be advisable in further editions to check all the so-called "facts" before publication.

A Disgusted Reader

Shorts From Other Colleges

By NANCY PROCIOS

Randolph Macon

Class Distinction:

You can tell the rugged sophomore, 'Cause she never comes to harm; You can tell the greenest freshman

By her look of great alarm; You can tell a stately senior By her manner, dress and such; You can also tell a junior But you sure can't tell her much.

College of William and Mary Thefts Reported: Threat to Honor System

A widespread series of thefts has occurred recently in several of the men's dormitories and in the fraternity lodges, according to Jim Grant, chairman of the Men's Honor Council.

Students at William and Mary are very angry because these thefts pose a threat to their own system of honor and freedom. Such infractions of the honor code pose a threat to the system and restrict the atmosphere of honor and freedom which exists in the college community under the honor system. They anxiously await the apprehension of the thieves so they can put "honor" back in the honor system.

Guest Editorial

Athletic Policy

In The Field

I have been asked several times over a period of three years to state the inter-collegiate athletic policy of the University. It would take a great deal more space than is available at this time to give all the details of our policy, but I welcome the opportunity to outline our basic philosophy concerning athletics.

It is the realm of sound reasoning to conclude that the University of Delaware desires to be the best and the symbol of perfection for an institution of its type and size. By the same token, each department and activity should be fulfilling its responsibility toward this desired end. In the total picture of Delaware's aims, no department, school or activity can be isolated from the University as a whole. The quality of program, organization, instructional staff and facilities must reflect the overall objective of the University and the athletic policy of the University of Delaware is dictated by this philosophy.

There are a great many phases of an inter-collegiate athletic program and at Delaware one basic principle is fundamental for all areas of the program that the inter-collegiate athletic program is considered at all times a part of the total educational process and the desired ends of this activity should be of an educational nature.

It is understood that the function of athletic activities and the contributions they make, such as better public relations, development of prestige, building of pride and the rallying of friends and alumni of the University of Delaware to demonstrate loyalty are only by-products of the educational process and not the ends of the sports program.

The University of Delaware believes that the proper intense emotional expression shown by the student body and alumni toward athletics is justifiable and desires that same enthusiasm toward all University undertakings. Delaware enjoys having a great many people witness her sporting events, appreciates their ability to help support them financially, encourages the alumni to have an interest in sports and recognizes the desire of news outlets to publicize sports activities. However, the University is again cognizant that these factors must never become ends in themselves and that the original purpose of education is not prostituted to gain these ends.

Inter-collegiate athletics are a phase of the total physical education program and under no circumstances will the service or teacher training program be subservient to the athletic program. However, sports take a unique position in that they offer the participant something not found in any other University activity. What nuclear physics is to the science field, inter-collegiate athletics are to the field of health and physical education. The average and below average athlete finds his limit at the physical education service class level. The student who seeks physical competition but is unable, or is unwilling, to make the sacrifices to play at the varsity level is an intra-mural participant. Finally, the student who has the ability to compete with other students of outstanding ability finds his work in inter-collegiate competition. The ultimate is reached in the program as the young man is able to represent his University. It is at this level of competition that the institution must be absolutely sure that the sport is of an educational nature. Under no circumstances should performance be the only requirement for participation.

In order that as many students as possible can give physical expression at a competitive level, Delaware sponsors eleven varsity sports. It would be an ideal situation if all male students were able to participate in some varsity activity but the limiting factor to this dream is one of finances. In fact, it is quite possible that a reduction in the number of varsity sports and services rendered is forthcoming. The expense of eleven varsity sports and the administration of these activities is financed by approximately \$25,000. This amount varies with enrollment as it is based on a percentage of each tuition paid. The reduction of income from football over the last several years has eliminated financial aid which, in the past, has helped to support the other sports. At the present time, football is the only sport which is capable of supporting itself from income other than the student fee.

Athletically, the comparison of Delaware with other institutions is more demonstrative than are other phases of University service and activity because it is on a competitive level. At the present time, such schools as Lehigh, Lafayette, Bucknell and Rutgers are considered our level of competition. It is impossible to have a complete schedule in all sports embracing only these schools, so it becomes necessary to compete with other institutions. Some larger schools are played as a challenge; some smaller ones balance the schedule. However, the results of our seasons are judged by the success we have against teams from our natural level of competition.

We feel that there is a great need for an organization of the schools in this area which we regard as similar to our own, by athletic and scholastic standards. It is hoped that in the near future such a conference will become a reality.

This has been a brief sketch and a very general one, but I hope that students who have any questions concerning this area will not hesitate to contact us for information.

MR. DAVID NELSON

Military Honors Awarded 20 Men

In the military ceremonies held on Thursday of this week on the green in front of Wolf Hall, twenty awards were presented to deserving students in the University of Delaware ROTC corps.

Reviewing the parade were the Honorable J. Caleb Boggs, Governor of the State of Delaware; Dr. John A. Perkins, President of the U. of D.; Colonels Donald M. Ashbridge and Donald Dutton, former professors of Military Science and Tactics at the university; Col. Harry B. Van Sciver, Director of Selective Service of the State of Delaware; and Deans David L. Arm, John E. Hocutt, Wm. O. Penrose, Carl J. Rees, George L. Schuster, Francis H. Squire, all of the university; and several other military officials.

The basis for awards covers such varied topics as proficiency in military science, highest rating in military science, highest qualities of leadership, most outstanding cadet commanders outstanding in the various years of ROTC, and top scores in marksmanship.

Seniors Hold Luncheon

The Senior Luncheon will be held on Sunday, June 14, at 12 a. m. immediately following the Baccalaureate Services.

Tickets for the luncheon are on sale at the Book Store for \$1.55. The last day for buying tickets will be Friday, June 5. Seniors, parents, and their guests are welcome to attend. Since many people will be crowding the restaurants in Newark on this day, the luncheon affords an excellent opportunity for the graduates and their guests to be assured of a meal in the time allotted between the Baccalaureate Services and the Graduation Exercises.

Harry E. Mayhew, Jr., Doug Haller, and Bill Reed, members of Scabbard and Blade, in the act of turning a leaf in the Memorial Book in Memorial Library.

Politics Theme Of Warburton Address

The old line politicians are interested in the ideas that young people bring with them when they enter the political field, Rep. Herbert Warburton (R-Del.) told the panel of college news reporters on "Junior Press Conference" televised over WFIL-TV and the ABC-TV Network on May 10.

Warburton, the lone Congressman from Delaware, who is serving his first term, was interviewed by Frank Swain, University of Delaware; Richard Murphy, President of the U. S. National Student Association, from the University of North Carolina; Marie Minnick, University of Pennsylvania, and Elmer Paul Brock, U. S. National Student Association.

The 36 year-old Representative predicted that the House of Representatives would probably reduce President Eisenhower's \$5.8 billion foreign aid program. Warburton told the college news reporters on the telecast that he believed the \$5.8 billion figure recommended by the President

had been presented on the basis of Eisenhower's past experience as chief of NATO, and with the advice of business men appointed to survey the overseas program of the Mutual Security Administration. In this light Warburton said he would vote for the measure. "But" he continued, "I think on the basis of experience with appropriations bills so far submitted, this figure probably would be revised downward by the House."

Warburton said that one of the most difficult questions facing Congressional and Senate leaders at the present was the possibility of having to send American troops into new areas of warfare. Taking a firm stand on this issue the Congressman said, "I hate to think of sending American troops into another war, but if necessary I would vote to send the troops to the troubled areas." He said, "In any situation the citizens of the country attacked should make the first concrete efforts for their defense. We could follow up first by sending arms and material to aid them, and the last alternative would be to send our own troops to the troubled spots."

Alumnae Elect New Officers

At the Executive Council meeting of the Alumnae Association of the University of Delaware, the following officers were elected: Mrs. Hugh F. Gallagher of Newark, vice-president; Mrs. Helen S. Carothers of Wilmington, treasurer; and Miss Helen Baylis of Wilmington, member-at-large on the Joint Executive

Committee of the Alumnae and Alumni Associations.

As vice president of the Alumnae Association, Mrs. Gallagher will serve as Alumnae Chairman for the Fall and Spring Reunions of the Alumnae Association usually held on the same day as the Alumni Association Reunions.

Mrs. Helen Carothers, whose class reunioned on campus today, was a member of the Reunion Committee. She is a member of the Wilmington Alumnae Chapter.

Miss Helen Baylis also celebrated a reunion year on campus today and helped make arrangements for the event. Miss Baylis, principal of David W. Harlan Elementary School, is a past vice-president of the Alumnae Association. As a member-at-large on the Joint Executive Committee, Miss Baylis will be one of the three alumnae representatives on this overall planning committee.

Lab Theater Gives Two One-Act Plays

Two local residents will have important parts in the Laboratory Theatre program to be presented in Mitchell Hall this Friday night, May 22, at 8:15 p. m. Tommy Thomas, from the Newark Elementary School, is a guest actor playing the part of Robin in "Eastern Shore," and Judith Kase, a graduate of Newark High School and now a junior at the university, is both the author of this play and its director.

"Eastern Shore" is a one-act comedy taking place in a small resort hotel on the Eastern Shore. It is being given its first production anywhere, having just been written by Miss Kase in the current class in playwriting at the university.

The other play to be presented on the program is "The Vallant," one of the most popular of one-act plays and a prize winner in many play competitions. It is being directed by John Maybee, who played the leading role some years ago when the Dover High School presented the play in the Delaware Play Festival.

The aim of the Laboratory Theatre programs is to try out new plays, new staging techniques, and new talent. The Friday night program will be the last presentation in the University Theatre for the current year. The public is invited. There is no admission charge.

Delaware Rifles Elects New Officers

After another successful year of the Delaware Rifles, the new officers were elected for the forthcoming year. Norm Williams was elected Captain to head the organization next year. His assistants will be Jack Harper, Executive Officer, and George Glackin, Adjutant.

Besides giving several exhibition drills this year, the Rifles enjoyed a recent trip to Aberdeen Proving Ground to see many ordnance vehicles and weapons in action. The highlight of the afternoon session was the firing of the new 280 mm. "Atomic Cannon."

Next year more field trips are planned and also a social calendar. This coming fall opportunities will be given to join this organization for those interested in carrying out the activities planned.

TRIPLE THREAT MAN!

The Brains of the Team

Teamwork can work miracles. In a football game the man who sparks these miracles is the quarterback. He's the man who calls the signals. There's a man who calls the signals for an Air Force flying team, too! They call him an Aircraft Observer.

Do YOU have what it takes to become an Aircraft Observer? It isn't easy. It's tough. You have to be a MAN to qualify as an Aircraft Observer. But when you are one, brother, you're SOMEBODY! The success or failure of a mission involving over a million dollars worth of flight equipment depends on you.

THE AIRCRAFT OBSERVER IS THE SOMEBODY WHO:
 As *Bombardment Officer*, is number one man on a bombing run, the man who controls the plane in the target area!
 As *Navigation Officer*, is the pilot's guiding hand on every flight!
 As *Radar Officer*, is master of a new science and operator of the device that sees beyond human sight!
 As *Aircraft Performance Engineer Officer*, is the one who "keeps the plane flying", the man who knows his plane in-

side and out, who keeps it fit for the skies and sees that it stays there!

If YOU can accept a challenge like this, you'll take your place beside the best—you'll find your future in the clouds!

TO BE QUALIFIED you must be single, a citizen, between 19 and 26½ years old, have had at least 2 years of college and be in tip top physical shape. If this describes you, then YOU, too, can qualify. Today!

HERE'S WHAT YOU'LL GET! The world's best training. Good food and plenty of it. Uniforms, flight clothes, equipment. Medical and dental care. Free insurance. Flight training in Uncle Sam's greatest aircraft.

AND THEN, AFTER GRADUATION, you'll win your silver wings, and earn more than \$5000 a year as an Air Force Lieutenant. You'll enjoy an adventurous, exciting career with a hand-picked crew of real men. You'll be **THE BRAINS OF THE TEAM, A TRIPLE THREAT MAN** . . . as a Bombardment Officer, as a Navigation Officer, as a Radar Officer, as an Aircraft Performance Engineer.

★ **THE SOONER YOU APPLY, THE SOONER YOU FLY!** ★

GET THE DETAILS: Visit your nearest Air Force Base or Air Force Recruiting Officer. Or write to Director of Training, Headquarters, USAF, Washington 25, D.C., Attention: Aviation Cadet Branch. If you are in a school that has an Air Force ROTC program, see your Professor of Air Science and Tactics.

The Senior Poll

By BILL DUBELL
 The seniors of this university were asked a week or so ago to fill out a form which the Review provided for them. Hours of hard labor were necessary to tabulate the votes, all eight of them. The results of the senior poll follow.

Bill Nicoll copped the first item on the list, so most likely he will succeed. Next in line under him were Dick Lohmann and Henry Maier with three and one votes respectively. Bill Nicoll again breaks into the lead, almost, in a tie for the title of "man most likely to graduate." Running neck and neck with Bill are Bill Eisenberg and Lem Lilleht. Jules Schwartz and Bo Guequierre are tied for second and last place.

The I. Q. of Dorrance Barrell is not rated too high by some of his classmates as he is expected to buy the Brooklyn Bridge some day. Bill Evans, Dick Lohmann and Jim Carbonetti, also received a vote apiece as men most likely to buy the bridge from Dick Okonow—he must be a shrewd salesman 'cause he won the title, "man most likely to sell the structure."

The "cutest couples on campus" are Bill Evans and Trudy Gilgenast, Jan Thompson and Tom Schaffer, and Lois Alava and Adam Czarnicki.

Of the R.O.T.C. seniors, Jim Carbonetti will most likely be a general. Other generals are Charles Hyde, Bob Rudrow, Charley Rodriguez, Charlie Presnell, Bill Nicoll and Paul Ellis.

Not only is Bill Nicoll going to be a general, but he is also to be busted, along with John Roseberry, Ed Cunningham and Paul Ellis.

Those who dress the best are Dick Lohmann (man) and Margie Brennan (woman). Others who wear nice clothes are Ingo Zeiss, Don Vane, and Bobby Martin, Jan Thompson, Lois Alava, Marty Forsythe, Dot Kaeks, and Alice Jefferson.

Dick Okonow and Ed Cunningham are slated to make a million dollars before any of their classmates, but Neal Robbins and Dick Gorman are also expected to become rich. Dev McCarthy and Neal Robbins must be planning to live well; anyway they will spend a million before long.

Dick Lohmann and Bill Nicoll have been voted into the presidency of the U. S., but it was a tough race with Dev McCarthy only two votes away from victory. Maybe he'll seek a recount.

Whether this is a vote of bad confidence or good agility with tools, we don't know, but Dev McCarthy has been voted "man most likely to make a successful break from Alcatraz." Lem Lilleht and Bill Eisenberg have been voted men most likely to get their doctor's degrees, and—Uh-oh! Their doctors' nurses are most likely to be gotten by Don Vane, John Allen, Jim Carbonetti, Jack Binter, George Ester, Joe Miller, Sid Ballick and Woody Joy. Sometimes it pays to get sick.

Those to become famous are Bill Nicoll, Pat Thaddeus, Howard Seebach, Jim Carbonetti, Joe Sherwood, Dick Okonow and Russ Myers. The most infamous man will be, again, Bill Nicoll, along with Bill Evans, Dev McCarthy, Ingo Zeiss, Ed Cunningham, Charlie Rodriguez, and Art Arnell.

Chances are that Bobby Martin will marry the man who will become president. Sid Ballick is believed to be the man with the tallest tales, while the ones of Charles Allmond and Dev McCarthy are just a wee bit shorter. Mary Jane Guenveur tells some pretty good stories, too.

Last on the list we find Polly Goller "Co-ed Most Likely to Replace MARILYN MONROE."

-SPORTS REVIEW-

The Armchair Umpire

By CHARLIE WILLIS

The varsity sports picture is rapidly drawing to a close for another year. Six varsity sports this school year have turned in winning performances; five sports have had losing records, while one sport finished at the .500 mark. Taken as a whole, the University of Delaware's athletes have compiled a 65 won, 55 lost, 1 tied record thus far for a successful sports year. Although this was a fine sports year, it failed to measure up to last year's ledger of 82 wins, 42 losses and 4 ties.

	1951 - '52	1952 - '53
Swimming	9 1 0 .900	8 1 0 .889
Wrestling	6 1 1 .857	6 2 0 .750
Cross Country	5 1 0 .833	4 1 0 .800
Basketball	17 6 0 .739	18 7 0 .720
Baseball	13 6 0 .684	6 11 1 .353*
Track	4 2 0 .667	5 0 0 1.000
Football	5 3 0 .625	4 4 0 .500
Golf	6 5 0 .545	6 2 0 .750*
Lacrosse	6 6 1 .500	5 8 0 .384
Tennis	6 6 0 .500	1 7 0 .125*
Soccer	5 5 0 .500	2 8 0 .200

* Not complete.

I would now like to take this opportunity to express my thanks to the entire sports staff for their excellent cooperation and help in making the sports page a success this year. Four seniors, who have done fine work, depart from the sports staff this year. They are Virginia Wells, Dorance Barrell, Bill Eisenberg, and Fred Brown. Virginia has covered south campus athletic activities in the Chick 'N' Chat column. Dorance, after stepping down from the sports editorship, has been writing the Blue Hen of the Week feature. Bill has also written the Blue Hen of the Week feature during the year, but he has currently been covering the tennis team. Fred's contribution to the sports page has been lacrosse and intramural sports. Hats off to the graduating sports reporters.

Sidelights—There is an outside chance that LaSalle and Delaware may hook up in an at home and away basketball series . . . away next year and home the year after . . . good chance to see Gola in his senior year. Good luck to Paul Mueller who has just signed with the Philly Eagles . . . Johnny Allen, who hawked the outfield like Mickey Mantle last Saturday against Bucknell, is pounding the pill at a .363 clip with 13 RBI's and 14 stolen bases.

Annual Interscholastic Track Meet Will Be Held Tomorrow

Tomorrow the 38th annual Delaware Interscholastic Track Meet will be held on Frazer Field at 1:00 p. m. Eighteen high schools and fourteen junior high schools will be represented. There are 231 entries in the senior high division and 112 entries in the junior high division.

In last year's meet four new records were established. "Bunny" Blaney of Newark sped to victories in the 100 and 220 with record times of 9.9 seconds and 22.6 seconds respectively. Bob Ptak of Wilmington High broke the former high jump mark with a leap of 6' 8" and Chuck Hayden of Sanford Prep pole vaulted 11' 6¼" for a new record.

The shot put and broad jump records are the marks which have stood the longest period of time. The shot put records of 49' 5½" by D. Montero of Salesianum was set in 1937 and V. Reed from Middletown holds the broad jump mark with a jump of 21' 8½" which he set in 1939.

P. S. DuPont was first and Newark second in the high school team standings of last year's meet; Warner Junior High captured the junior high honors.

High School Events

Hen Linksman End Season, 7-2 Record

Delaware's golf team suffered its second loss of the season last week, when it dropped an 8-1 decision to the Red and Blue of Pennsylvania on the Valley Forge golf course. Bob Waples and Carl Wolf were the only Blue Hens able to salvage victories, with Waples' partner, Bill Vallar, tasting defeat for the first time this season.

Last Monday, with the Hens on the comeback trail, the linksman defeated St. Joseph's College 5-4 at the Llanerch Country Club. It was the seventh victory for the Hens and the fifth defeat for the Hawks. Bill Vallar played an outstanding game, winning his match in 19 holes. Also in this match, Bob Waples was defeated for the first time this season.

With the record now standing at 7-2, the Blue Hens were host to Drexel Wednesday at the Newark Country Club. This match drew the curtain to a very successful golf season at the University. Much credit should go to Captain Ron Watson, Coach Fred Emmerson, and all the members of the team.

Summary of the St. Joseph's match:

John Finnegan, St. Joseph's defeated Ron Watson, 4-2; Jack Barry, St. Joseph's, defeated Carl Wolf, 8-7; St. Joseph's won best ball 3-1.

Bill Vallar, Delaware, defeated Jim Dever, 19th hole; Joe McCready, St. Joseph's, defeated Bob Waples, 2 up; Delaware won best ball 3-2.

Tom Martin, Delaware, defeated Ed McKeon, 4-3; Dana Burch, Delaware, defeated Tony Papaneri, 2-1; Delaware won best ball, 4-3.

Hen Nine Defeat Bucknell Bisons, 2-1; Meet Drexel In Phila. Saturday

Coach Bob Sieman confers with the umpire before the Blue Hen Nine's victory over Lehigh, 9 to 8. The baseball season closes Thursday, May 28, at 3:30, when the Blue Hen's entertain the Temple Owls on Frazer Field.

Hens Place Seventh In Mid-Atlantic Track And Field Meet

The University of Delaware's track team, winner of five consecutive meets this year, and first undefeated varsity team in any sport since 1946, came home from the 42nd annual Middle Atlantic Collegiate Track and Field Meet last Saturday rather disappointed. Considering their fine performances during the regular season, they had expected to fare better than they did. However, it just didn't seem to be one of the Hens' better days.

The Blue and Gold placed 7th out of a field of 17 colleges and universities participating. Tom Baylis, Ron Watson, Buck Jones, and Joe Miller were Delaware point earners. Baylis turned the best Hen performance by taking a second in the 440. Joe Walker, who scored victories in the 100, 220, in addition to the 440, barely eked out a half step victory over Baylis. Ron Watson scored a fourth in the broad jump; Joe Miller tied for fourth in the pole vault, and Buck Jones took a fifth place in the 220. The 1953 Delaware track team and its coaches deserve hearty congratulations for its outstanding track season. Although graduation hits the team hard this year, it is hoped that members from this year's strong frosh squad will help take up the slack for next year.

Team scores:

1. LaSalle, 52¼ points; 2. Lafayette, 37¼; 3. St. Joseph's (Phila.), 29¼; 4. Haverford, 24½; 5. Lehigh, 16½; 6. Ursinus, 10; 7. Delaware, 9½; 8. Albright, 8; 9. Swarthmore, 5; 10. Juniata, 5; 11. Gettysburg, 4½; 12. Bucknell, 4; 13. Pennsylvania Military College, 3; 14. Scranton, ¼.

220-yard low hurdles—1. Fred Tabbutt, Haverford; 2. Charley Peoples, LaSalle; 3. Dick Eshbach, Ursinus; 4. Gene Glavin, St. Joseph's; 5. James Croke, Albright. Time—0:24.7.

220-yard dash—1. Walker, LaSalle; 2. Forrest, Lafayette; 3. McCloskey, St. Joseph's; 4. Lewis, Haverford; 5. Jones, Delaware. Time—0:21.7.

Pole vault—1. Albert, Albright; 2. Tio, Thomas, Haverford, and Patterson, LaSalle; 4. Tio, Miller, Delaware, Maurer, Lehigh, and Powell, Swarthmore. 12 ft. 4 inches.

440-yard run—1. Walker, LaSalle; 2. Baylis, Delaware; 3. Gola, LaSalle; 4. Man-

A.Y.R. Elects Officers

At a general meeting of the University group of the Active Young Republicans, Hugh Martin was elected to succeed James Griffiths as president for the coming year. Lewis Harrington will serve as vice-president, replacing William Ritchie.

Peggy Muth will assume the post of secretary from Joanne Kowalewski, and Warren Beh will retain the position of treasurer for another year.

Reeling from three straight defeats, Bob Sieman's hot and cold baseball nine came through with one of their best games of the season Saturday, when they bounced Bucknell's Bisons 2-1 before a capacity crowd of chattering alumni. Earlier in the week they had lost to Lafayette 8-0 despite John Allen's two hits, Villanova 8-3 and were sunk by Navy 4-0. Allen had four hits against the Mainliners while Capt. Chuck Abrams broke loose with four against the Sailors. The Hens also played a 4-4 tie with Swarthmore in a twilight encounter. Pete Kelleher pitched a creditable game against the Midshipmen in losing.

Burly Ed "Moose" Morrow, aided by some spectacular catches by John "Baxter" Allen, set the Bisons down with but four base hits in Saturday's contest. Bucknell's lone run was unearned and came in the third inning when with two outs, Ray Hoopes booted a grounder back of second, George Klauder singled, and the upset Morrow commenced to walk the run in by issuing two consecutive free passes.

Delaware came to score their two runs when Gary Buckwalter singled, took second on a wild pitch, and scored on Allen's single to center. Allen then stole second and scored when Abrams came up with his sixth consecutive hit. Morrow was in trouble in both the sixth and seventh innings but managed to overcome his wildness with some clutch pitching. Again in the ninth, Morrow was in trouble when the Bisons loaded the bases on two walks and a single with one out, only to have the portly southpaw bear down and strike out the next two men. Morrow struck out eight while walking the same number in picking his third win of the year.

DIAMOND DUST:

Sieman completely revamped his lineup in Saturday's winning cause putting Serpico behind the plate, Allen back in center, Buckwalter (Continued on Page 7)

With the spring season now all but over, one of the Review's final nominations for **Blue Hen of the Week** honors is lean and lanky senior, **Tom Baylis**, who could fittingly be dubbed as "Terrific Tom" because of his outstanding performances on the cinderpaths this year for Delaware's highly successful track squad. The fleet 440 stylist has never been a slouch in the running department, but he picked his fourth year here at the U. of D. to really blossom out into his own as a top flight 440 man. Up until the present spring, Tom had never been able to break 52 for the 440 yard scamper. But training as never before in his entire track career, he proceeded to shave that time of 52 by quite a sizable margin during the present campaign. Taken under Ed Bernauer's wing, the elongated speedster from Wilmington really began to strut his stuff and posted a record-breaking mark of 50.5 on April 18 against Johns Hopkins, shattering a previous Frazer Field clocking for the 440. He kept up this improvement by running up a time of 49.5 as anchor man for Delaware's mile relay team in the Penn Relays. He broke the tape in 49.7 against Muhlenburg in the last regular meeting of the spring. The climax came last week up at F & M in the middle Atlantic finals when he finished second to LaSalle's great speed merchant, Joe Walker, coming out with a reading of 49.6 despite the fact that he drew an inside starting position, and got off slowly because he had to start from a standing position due to an injured knee cartilage. Tom gives the credit for his tremendous improvement to his coaches and to diminutive teammate, Jim Holcomb, who pressed Baylis closely in most of his 440 triumphs.

Tom began participating in track back in 1947 at P. S. duPont high school, and established a record for the 440 in the Delaware Interscholastic Meet. In 1949 at Delaware, he dented the record books twice as a freshman, running to 52.3 in the 440 and 23.4 in the 220. He is a Sig Ep, and also a member of the Varsity Club. He is majoring in Mechanical Engineering and is in ASME. However, Tom may devote his time to the insurance business during the coming year after graduation, so he says. If he works as hard in business as he has in track, Tom Baylis can't miss!

Lacrossemen Win Over Lafayette, 8-3

With a convincing win over Lafayette College the Delaware lacrosse team closed its 1953 season with their fifth win in thirteen starts. Ex-captain Jack Kinter paced the winners in his final game with three goals, as the Blue Hens rolled to an 8-3 conquest. The score belies the true picture of the game. Delaware had almost complete control of the ball throughout and had many shot opportunities that were warded off by the Lafayette defense.

Delaware opened the game with Curt Banks firing one into the nets. Jim Schaubel and Kinter followed, and the visitors had a 3-0 advantage. Lafayette found their mark in the second quarter and closed the margin to 4-2 at halftime. The Hens wasted no time, for within 32 seconds of the third quarter, Norm Williams cashed in with his second of three goals for the day. The victory from this point was assured as Coach Roberts cleared the bench.

Though the season was a losing one, the lacrosse team did well considering the lack of manpower available. Prospects for the future are good. Only two men, Jack Kinter and Fred Brown will be lost through graduation. The freshman squad has four or five men who will be capable of filling these vacancies.

The following is a resume of the scoring for the year:

	Goals	Assists	Total
Kinter	13	5	18
Schaubel	14	0	14
Williams	11	0	11
Klein	7	1	8
Brown	4	2	6
Banks	2	2	4
Pedersen	3	0	3
Knoll	2	1	3
Kirklyn	1	2	3
Tuley	1	0	1
Horne	1	0	1
Cook	0	1	1

Ray Hoopes Heads Intramural Council

Last week, officers were chosen for next year's intramural council. Ray Hoopes of Sigma Phi Epsilon was elected president; Bob Wagner of Delta Tau Delta, vice president; and Stan Crewe of Alpha Tau Omega, secretary. Outgoing officers Bill Reybold, John Allen and Jack Ryan, along with the other members of the intramural council, are to be congratulated for the success of this year's program.

Intramural participation this year far exceeds last years turnout. To date there have been 550 participants out of a total male enrollment of 1108. Last year there were 367 performers in a total male enrollment of 1082.

Sigma Nu seems assured of both the team and individual championships this year. They lead the team standings with 720½ points while Theta Chi and Sig Ep trail with 550 and 415 points respectively. Sigma Nu's Dick Beri has passed Jack Kinter in the individual competition. Beri has amassed 132 points while Kinter trails with 125 points. The Training House captured the independent honors with 114 points while Brown and Harter Hall racked up 64 and 42 points respectively.

Theta Chi has swept past seven softball opponents and only a tie mars their record. Sigma Nu and Kappa Alpha follow with 7-1 and 6-1 ledgers. The softball schedule will be complete this week as only make-up games have to be played.

Jim Moneymaker of Sigma Nu (Continued on Page 11)

DRIVER WANTED

Mrs. Niels of Wilmington is trying to locate a boy to drive her to Providence, Rhode Island, July 1, and return with her August 1.

Travel expenses paid plus pay for driving.

Chick 'n' Chat

By FAYE GREEN and PHYLLIS DOBB

The girls' softball season is now in full swing, and games have been played all week. The scores of the games are not definitely known as yet but will be posted by the end of the week. Come on gals, get your dorm out in full force when you are scheduled for a game or check with Jane Frederick, softball manager, to see when your dorm plays.

Except for three seniors, we have completed our short biography of the senior physical education majors. Therefore, let's have a glimpse of three more active physical education majors.

First is Mary Lou Pinder who comes from Wilmington, Delaware. Twenty-two year old Mary is a transfer student from St. Mary's Junior College where she also attended high school. It didn't take Mary long to get in the swing of things when she came to Delaware. She has played on her class hockey and basketball teams for three years, and for two years she has been a member of the Aquatic Club and was secretary in her

senior year. Mary is hoping to teach physical education upon graduation.

Mary Little is another senior physical education major who has contributed a lot of time to extra-curricular activities on campus. Mary is twenty-one years old and attended P. S. du Pont High School in Wilmington; however, Mary and her family are now living in Wellesley, Massachusetts. During her four years at Delaware, Mary has played volleyball and basketball, and in her senior year she was president of the Modern Dance Club and played the lead role in the E-52 production of "Bloomer Girl." After graduation, Mary plans to attend Tufts College and work for her Master's degree.

Third, but not least, is Dinny Wells. Dinny is twenty-two years old and attended Newark High School. While in high school, Dinny was also active in sports, playing varsity hockey and basketball, and was a member of the Girls' Leader Corps. Since coming to Delaware, Dinny has kept up her interest in sports by taking an active part in all sports. For four years she has been a member of the Aquatic Club, and in her senior

year she was vice-president. Dinny's interests, however, aren't limited merely to sports. She is a member of E-52, Review, Tassel, Kappa Delta Pi, and has just been initiated into Phi Kappa Phi.

Wesley Downs Hens' Frosh Nine by 5-2

Coach Gene Stauber's Freshman Nine had their season's record evened at 2 wins and 2 losses, as the Wesley Junior College "Whippets" avenged an earlier defeat by the Chicks.

Wesley scored one run on the Chicks starting pitcher Kimmel in the first inning. The Chicks tied the game in the fifth with a lone tally, but their run was to no avail as the Whippets come roaring back in the seventh inning to drive Kimmel to the showers and score 4 big runs before relief hurler Ellis could put out the fire. The Chicks have one remaining game in which to climb above the .500 mark.

Hen Nine

(Continued from Page 6)

on first, Murray in left, and switching Annonio and Abrams at short and third. It seemed to pay off, as Allen made no less than five sensational catches, one of the double play variety.

Lafayette is now 10-1 and will probably receive the district N. C. A. A. tourney bid.

John Allen, who is currently leading the Hens in hitting, .363, hits 24, stolen bases 15, and runs 14, is being pushed for the District No. 2 All-Star team.

Capt. Abrams has broken out of his slump, bringing his average right up under .300 with his six consecutive hits, possibly a school record.

Box score:

Winning pitcher—Morrow (3-2).

In shorthand class we learn brief forms for words used frequently; And here's our sign for fresh, clean smokes: It's L.S./M.F.T.

Jean Dorrell
Lamar Tech

I've tried most brands of cigarettes. Discarded all the rest — I'm sure your taste will tell you, too, That Luckies are the best!

Barbara Kaplan
University of Chicago

Nothing-no, nothing-beats better taste and **LUCKIES** TASTE BETTER! Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?

You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy—GO LUCKY!

I get a thrill from catching trout And love to fish for pike; But fishing ain't complete without My good old Lucky Strike!

George Morhaus
Holy Cross College

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

U. of Delaware's Colorful Past

By Nancy Precious

The *Review* is featuring a series of articles concerning the "little-known" fact about the University and its buildings. Before telling you about any specific buildings or events, we thought you would like to know a little about the early history of your alma mater.

Like most schools founded during the pre-revolutionary period of American history, the forerunner of the University of Delaware was started as a church school having been organized in the year 1743 near New London, Chester County, Pennsylvania, by a Presbyterian minister, the Reverend Francis Alison.

In May 1744, the Presbyterian general assembly, known as the Synod of Philadelphia, took over the Alison school but retained Alison as master. Eleven clergymen were appointed as trustees, their duties being to visit the school and inspect Alison's work and disburse funds.

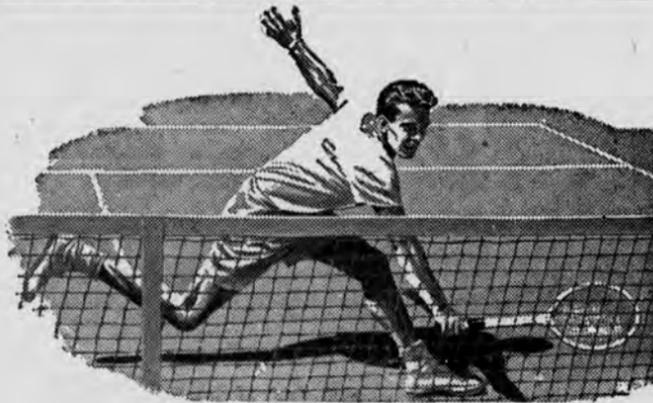

Allison went to the Academy of Philadelphia in 1752, and Alexander McDowell took over the school. In 1765, McDowell moved the Academy to Newark. During this time, before the revolution, the Academy offered courses similar to those given at Prince College. Even though hostilities were breaking out, Dr. John Ewing who had been sent abroad to England, Scotland, and Ireland to canvass funds, returned with six or seven thousand dollars for the Academy. This along with donations from the Penns and others, the school began to expand. However, the revolution stopped all progress. In fact, when General Howe's British and Hessian troops marched through Newark on their way to the Brandywine, the Academy was deserted. The Academy was closed thereafter, and the building was used as a factory for the manufacture of shoes for the Delaware State troops.

After the peace treaty was signed

in 1783, the Academy was reopened. The citizens of Delaware urged the General Assembly to establish a degree granting institution. These early attempts to establish a college were unsuccessful. In 1818, the General Assembly passed an act which enabled the Trustees of the Academy to raise the sum of \$50,000 by lottery for the purpose of establishing a college in Newark. This started the action. In 1832 the committee appointed to select a site for the college decided on a site northwest of the town of Newark. The General Assembly in February, 1833, passed an act establishing a college at Newark for the instruction of students in languages, arts, and sciences.

The name of this new institution was Newark College. The Academy was merged with the new institution in 1834. The college was opened according to plan on May 8, 1834; only two students having been enrolled in the collegiate department. There were, however, 63 students in the preparatory department. The college progressed rapidly. In 1843 the General Assembly changed the name to Delaware College, and the Women's College of Delaware later became affiliated with Delaware College to form the University of Delaware.

DISAPPEARING COIN
Ask for a quarter . . . Throw a handkerchief over coin . . . Snap the "hank" in the air and the quarter has disappeared . . . Easy? Why, Shore! Have a small rubber band in hand before you start . . . When you place handkerchief over coin snap band around coin through cloth as shown in sketch.

Writer Speaks

(Continued from Page 1)

ment to Argentina and is receiving quantities of unspecified raw materials and ores. The Communists in Argentina make no attempt to publish or spread derogatory propaganda against the Peron government. This is not necessary. The propaganda being spread by the Neo-fascists is all that the Russians need.

Mr. Shea believes that the Good Neighbor Policy of the United States toward her neighbors to the south has been sadly neglected in the past few years. One reason for this has been our great concern with European and Asiatic affairs which has come to overshadow our interest in South America.

During recent elections Peron supported men were elected to the presidency of Bolivia, Ecuador, and Chile. This is only one evidence of the Peron tactics which have been employed ever since the dictator came into power in 1946.

Under Peron the usual purges of government offices and universities has taken place, text books have been re-written, the educational system revised and the CGT has been firmly established.

It was this CGT, a sort of second army, comprised of trade unions, led by fanatics, and organized and controlled by the government, that was instrumental in the closing of the great Argentine newspaper, "La Pense."

Argentina is a police state with only one political party, that of Peron. There is a great illiterate peasant working class toward which carefully constructed propaganda is continually being aimed. One form of this propaganda is the anti-United States feeling which is being fostered by the press with stories and pictures attacking the U.S.

Argentina is a country of social extremes. There is really no middle class. The government as a whole is dedicated to the peasants. However, Peron does have his enemies in the rich land and cattle owners. Also high prices due to the attempt to industrialize the country and two years of drought have helped to weaken Argentina's economic status.

Mr. Shea feels that in case of a real economic failure it would be the place of the U.S. to aid Argentina. At the present time a visit from a U.S. representative might help to strengthen relations between the two countries.

He also believes that Peron will lead his country down the Communist path only if things were to go badly for the United States.

Pictured here are four of Delaware's feminine fencers.

Senior University Students Receive Exchange Grants

Two University recipients of Fullbright Scholarships have been announced by the United States Educational Exchange Program. They are Claire S. Hoffman of Wilmington, and Patrick Thaddeus of Arden, Delaware. Miss Hoffman will use her scholarship to study Linguistics and Literature at the University of Paris or University of Remmes, France. Thaddeus plans to study Astronomical Physics at Corpus Christi College, Oxford University, in the United Kingdom.

These two grants are included within a total of approximately 900 grants for graduate study abroad in the academic year 1953-1954. As provided by the Act, made by the 79th Congress, all students are selected by the Board of Foreign Scholarships, the members of which are appointed by the President. Students are recommended by the Institute of International Education and by the campus Fullbright committees, whose local campus adviser is Dean Frances H. Squire. Funds used under the Fullbright Act are obtained through surplus property sales abroad.

The United States Educational Exchange Program is designed to promote a better understanding of the United States in foreign countries. The program also provides opportunities for foreign nationals to study in American colleges and universities, and for an exchange

of teachers, lecturers, and specialists between the United States and more than seventy foreign countries.

Ladies' Choice

By JAN SHAW

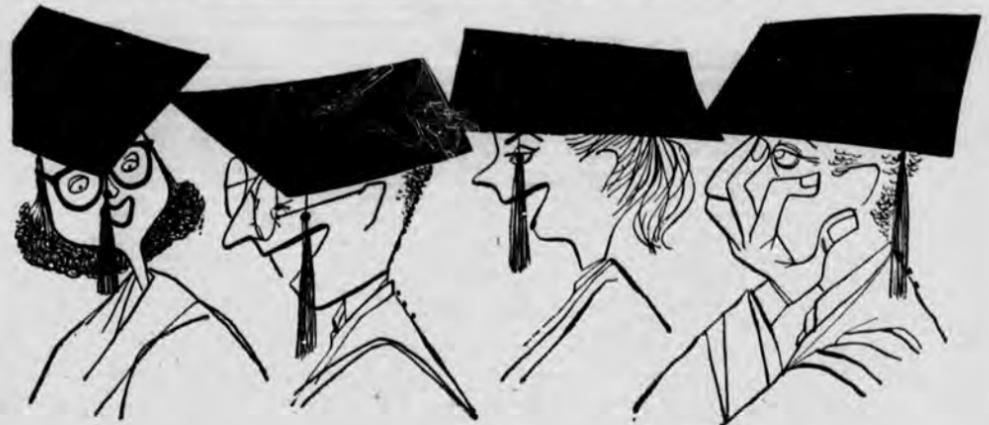

One bout won! After three years of untiring interests and money-raising projects, a Women's Fencing Club has at last been organized. Last year the club was accepted into the W.A.A. sports program, so that it is now in line for its share of the budget appropriations and can afford to buy its expensive equipment. Choose your weapons!

All women's fencing is done with a foil. All fencers are required to wear face masks, padded jackets, and foils must be tipped. The club provides equipment and supervised instruction, and membership is open to all interested co-eds.

This year's Women's Fencing Club had a lively program. Its members have learned the basic skills and rules and the judging of fencing bouts.

The Fencing Club gave a demonstration of techniques and bouts for the W.A.A. Play Day. Later in the term, the president of the Wilmington Fencing Club talked with the group and gave them some professional pointers. Then he and Roland Walls, Delaware's Fencing Club coach, exhibited their skill in fencing with the foil, the saber, and the epee.

Anyone who is interested is welcome, and the equipment will be furnished free of charge. Remember, members of the Fencing Club get W.A.A. credit points.

Greek Column Delta Tau Delta

If you found the highways out of Newark crowded this week-end, it wasn't a mass evacuation. It was only the newly initiated Deltas, some nine of them, who were on their way to several Eastern chapters of D. T. D. for their pledge quests.

Jack Richter and Lee Rice, chaperoned by Jack Pollock, hit the highways for Lehigh University. Meanwhile George Washington University was invaded by Rob McDonald and Jack Davidson.

Bill Brown and Jim Sabo found themselves bound for Stevens Institute in Hoboken, N. J., along the banks of New York's East River. Rumor has it that the next night they were seen crashing the President's home at Lehigh! The roving kind, I'd say! Everybody's back now, thanks to luck and some kind-hearted drivers who couldn't resist those charming, dashing, courageous Delt explorers!

Footnote: Congratulations are in order for "Satch" Howlett, who became the father of a bouncing baby boy last Thursday nite. Lots of luck to Mom, Pop, and son!

Sigma Phi Epsilon

Congratulations to Bill Annonio and Dick Knoll who were elected president and secretary, respectively, last week.

Sig-Ep wishes to thank the S.G.A. for a fine May Frolic. Despite the weather, there were many brothers and their dates in attendance. At an extended intermission party held at Frenchtown, Bill Dick led the literary discussion with a very thorough and enlightening review of the month's Confidential. He is available as a guest speaker for any organizations desiring the vivid details. There also seemed to be quite a group weathering it out at that local "place we love so well."

Newark Country Club was the scene of Sig-Ep's Alumni dinner and Golf Tournament last Friday. Slugging Pierce Crompton tore up all previous course records, and, by the way, the course too, to finish in the big money.

Dick Knoll and Bebe Hahne, and Ed Riggan and June Lapetina journeyed to the Phila Zoo Sunday. Most of the afternoon was spent watch-

ing the monkeys perform, and Bebe was offered a contract by the zoo management.

Pi Kappa Alpha

The Pikes, last Sunday, held a picnic to make up for the one which was rained out. Needless to say, this last picnic didn't fare too well with the weather, although the elements were tolerable, almost, until 6 p.m. when the rain came.

Present at the bottom of the hill at State Park, Md., were Hal Prettyman and Olive Smith, Butch Thompson and Jane Cox, Bull du Bell and Herb Hachman, Diz Downham and Jeanette Leigh, Rob Pillow and Lynn Missimer, and Herb Heyl. Jim Sownham broke off studying late in the afternoon to join the party. Herb and Bill found the hill rough on those who had to carry an ice-box full of—well anyway it was drunk in order to make the uphill climb easier.

Not too much else has been happening to the Pi Kaps, with the exception that the baseball team lost another contest. Jim Cowan got his golf clubs back along with a few mugs that disappeared from Pikes' Peak and a few other points on campus.

Sigma Nu

Over the weekend our house was filled with many returning alumni; May Day Weekend had brought them back to their school's campus. Many old memories and friendships were renewed. Although the weather was overcast and dull, spirits were extremely high. Brothers Percy Alexander, Milton Draper, Whitey Cherpak, and Newt Edwards were just a few of the many returning brothers.

The May Day Dance attracted many of the brothers, and the last dance of the semester proved to be a fine one. An intermission party was held at the home of Mr. and Mrs. (Henl and Helen) Wolf. This party climaxed a fine evening. Brothers Dick Berl, Bill Nicoll, Charlie Presnell, Charlie Koening, Frank Baylis, Don Lewis, Bob Collingwood, Bud Kimmel, Bill Lotter, Ed White, and their dates were present at the dance and party.

Brothers Jack Kinter, Fred Brown, Pat Morris, Jim Schaubel, Jerry Angulo, Norm Williams, and Hugh Martin completed a success-

ful year with the Lacrosse team; Carl Wolf and Bob Waples also ended a fine season with the golf team.

Alpha Tau Omega

Last Saturday, Delaware Epsilon Rho welcomed the following men into active membership in Alpha Tau Omega: Dean Steele, Jim Mipro, Dick Perry, George Graham, Joe Camp, and Davy Huggard. Our heartfelt congratulations to them all. Also initiated were Jack Corticely and Walter Matt, charter members of our Florida Zeta Epsilon chapter. Congrats also to them.

Special congratulations to Brother Doug Huggard who was awarded the cup for making the most outstanding pledge plaque.

Following the initiation ceremony, the Brothers gathered for the formal dedication of "The Hammond Room," in loving memory of Brother George W. Hammond, who joined the Chapter Eternal last November. A large portrait of "Chips" was unveiled. Following the unveiling, the chapter presented Mrs. Hammond with our Sweetheart pin. Mrs. Albert Hammond then presented Brother Dean Steele with the George Hammond Memorial Pledge Award for accumulating the highest number of merit points during his pledge period. "Chips" was the first winner of this award that now carries his name. The ceremony was closed with the singing of "Our Jewels."

Phi Kappa Tau

With softball just about over, Phi Tau holds a 4-5 record. Jack Beatty and Marty Olsen have provided our pitching, with Bill Shaw and Jim Bradford supplying the hitting.

Congratulations to Polly Goller who won the Miss Greater Wilmington contest.

Pledges Ewing, Anderson, Ferguson, Steward, Schmalfuhs, and Hastings safaried to the Phi Tau chapter at Maryland over the weekend. Lisa Kirk, Andy? Pledges Pfeiffer, Martin, Cook, Rau, and Russell journeyed to Muhlenburg and enjoyed the hospitality of the Eta chapter and the girls at Cedercrest.

Congratulations are in order to Tom Runk and Dotty Melick who announced their engagement. Also belated congratulations to Dave Hoyer and Sue Anderson who are engaged.

Ron Watson led the Delaware track team in scoring, with twice the points of the next man.

Theta Chi

Last Friday night the annual Theta Chi Alumni Banquet was held at Masonic Hall at 7:00 p.m. It was really great to see the old grads again. Prexy Charlie Sullivan expressed the feelings of the

active chapter with a wonderful dissertation, even though it was a little repetitive. After the banquet, the party adjourned to Jim Lewis' home to watch the fight, which didn't take very long. The party, after that, went long into the night.

Brother Vince "Vaseline" Stallone desires that his name appear in this column. Here it is, Vince! We would like to mention the fact that the Katzenjammer kids, Frank Gytevan and Gordy Murray are now going steady.

It seems that a few familiar names are missing this week due to previous commitments. I hope no one takes exception to this fact.

Libertas

Today marks another step forward for LIBERTAS, The Independent Men's Association. For the first time an independent column will be viewed alongside the fraternity columns, and if location means anything, we can look forward to a closer cooperative effort to improve conditions here on the campus.

As the years go by, and when we look back to this day, we can say that it was through our efforts that the University of Delaware's spirit of understanding between students was fostered. Each and everyone of you can also take pride in contributing to the record voting turnout for the S.G.A. and class elections. The percentage of persons voting even topped the nation's presidential election vote. This is conclusive proof that the majority of students are interested in the administration of student affairs which directly concern them.

Our aim as an independent organization is to provide better conditions of housing for all through coordinated action, better to acquaint freshmen and new men students, provide opportunities for the development of leadership, have representation in the student government, and to provide a social and recreational program for those independent men.

Officers of LIBERTAS are: Paul Bailor, president; Joseph Marra, vice president; Harry Croney, executive-secretary; Harold Bronstein, treasurer; John McFadden, historian; executive board members: Joe Givens, John Rash, Fred Miller, and Sam Gallucio.

We, the members of LIBERTAS, sincerely hope that we may foster a spirit of unity among all groups, and that we may work together to achieve better administration of matters that concern all the students of the University.

WANTED
Riders or persons interested in forming Car Pool for Summer School. Contact E. J. Maloney, Box 864, or call Wilm. 2-0810.

Alpha Epsilon Pi

This column is for the seniors. To them we bid adieu. Don't think no one wants you fellows.

'Cause your Uncle Sam needs you. Charlotte and Dick are engaged you know.

They're getting married in June. They attended their last Delaware dance.

'Cause next month's their honeymoon.

Larry and Bobbie went to the dance. They double with Hope and Joe, too.

What they did after they left We'll leave that up to you.

Working on his lab reports Was Sandy, Saturday night. Just the same as with the girls This also was a tough fight.

Seen at the play were Phyllis and Barry.

A cultured evening, you see.

Barry brought Phyl home early that night.

—A call from the ASME.

Saturday night they went to Logwood.

They went to drink and dance. Sunday they went to a picnic. Ruth gave Mark another chance.

No report from the prexy and Ellie. We don't know where they went. Alfie lost his job last week.

There was no money to be spent.

H. Rodney Sharp

(Continued from Page 1)

University's expansion from the small Women's College and the men's North Campus to the present tract was due, in part, to the work of him and his committee. The contribution of Rodney Sharp that is most noticeable at first glance is none other than Mitchell Hall. The construction costs plus a fund for maintenance was contributed by this gentleman.

Mr. Sharp's award was presented meal at the Alumni Banquet.

The program following the banquet was conducted by Mr. J. Alex Crothers, '16, president of the Alumni Association and toastmaster William Duffy, Jr., of the Class of 1940.

I. Hammond Cabbage, '48, received the appointment of chairman of the 1953-54 Reunion Committee. Other members of this committee include Judge Richard S. Rodney, '04; Victor H. Jones, '09; Charles E. Grubb, '14; Jay Robinson, '19; Allan F. Kemske, '34; and John E. Healy II, '39. Other committee members will probably be added to this list; however, no confirmation has yet been announced.

Following the announcement of the new Reunion Committee came the presentation of the list of the election results for the year 1953-54.

The new officers consist of: Ernest S. Wilson, '18, president; James C. Stewart, '38, vice-president; Alex J. Taylor, Jr., '30, treasurer; Richard I. Rinard, '30, and Gerald C. Smith, '22, Alumni Council members; and Robert L. Hunter, '49, Robert W. McKelvey, '27, W. Wright Robinson, '30, Ralph W. Beach, '32, and Nathaniel W. Taylor, '18, members of the nominating committee. These are all one-year terms with the sole exception of the Alumni Council members who are elected for three-year terms.

Dr. John A. Perkins, president of the university, gave a short talk on the university, its functions, and its widespread importance. Dr. Perkins was followed by Mr. John N. McDowell, '31, who presented the fund report. Next on the agenda was the Honorable Herbert B. Warburton, '38, congressman from Delaware, who was the featured speaker for the evening.

Once more taking the floor, President Crothers awarded gifts to William Hoey, '18, for traveling the longest distance to the gathering (from Fenton, Michigan) and to Mr. Carl Harrington, '95, for being the oldest alumnus present (seventy-eight years old).

Grid for crossword puzzle with numbers 1-123 indicating starting points for words.

ALUMNI NOTES

By Martha Shillito

Jean Thomas, class of '52, was with us at the May Dance. Ditto Sue Emmett who brought along her fiancé, Mr. Garrett Forsythe. Sue is working in Linwood, Pa. for the Houdray Processing Company and plans to become Mrs. Forsythe in June. Calling Dr. Kildare . . . Bill Hearn, Udell of '52 and bright young man of IBM in Wilmington scheduled for a tonsillectomy. Jack Daley, former Lacrosse player and grad of '50, is back from Korea and working for a law firm in Wilmington . . . Dick Vernon, Udell of the same year, has just re-

turned from the same address, "somewhere in Korea," and is employed by the Scott Tissue Company. KA had an Alumni Smoker last weekend . . . Hear tell it was quite an affair. Not sure whether this belongs in 'Neath the Arches or this column, but anyway . . . Norma Kliener has announced she will be the Missus of Bob Miller, one of Uncle's Paratroopers . . . Congrats. Another engagement: former capt. of the tennis team, Tom Runk, also a wrestler, has been thrown by Dottie Melik, a little gal who be-

lieves that beauty can beat brawn any time. Dewey Showell has exchanged his place on campus for a uniform and a base in Pensacola, Fla., where he is serving with the Naval Air Cadets. He too is no longer a free man and loving the fact. His gal is Mabel Pierce. Dewey, a Delt, was Secretary of IFC. Also seen at the May Dance . . . Chisel Wollaston . . . he was the fireman. Dowson Stewart, Thet of '50, has been elected President of the Seaford Junior Chamber of Commerce. He is employed by the Atlantic Refining Company. Woody Branner is back in the States after a tour of duty in Germany with the Intelligence Branch of Uncle Sammy's government. That class of '50 really is in there pitching. Joe Kwiatkowski, class of '51, visited the old haunt last weekend. Not that he was glad to be in

'NEATH THE ARCHES by Spen Hedger, Martha Shillito, and Frank Gyetvan THE THREE SNOOPERS

May Day festivities finally reached the U of D, with the cutest of the campus cuties. The crowning of Bobbie Martin by Lois Alava brought the festival to a climax. The question of which dance was best is still hotly disputed with the sophs loudly claiming the honors. The seniors say they are still dizzy from the traditional May-Pole Dance but we think it would be interesting to check on where they went AFTER the dance. . . . Saturday night was a big success, more people there than could be counted. . . . April in Portugal now familiar to all who attended. . . . A promenade by the new May Queen and escort that ended in a waltz-tango. . . . All reported a wonderful time. . . . Nancy Tobey there introducing Don to eight gals at a time, she must be testing her hold . . . looks pretty good. . . . Margie Woodward not sharing the wealth "Six foot two, eyes of blue, and what a man. . . . Him so coot" (this is a direct quote!). . . . Saw where John Farley, Ginny, Tommy "Dimples" Metz and Betty Manges held their own intermission party. . . . Another intermission party held by Carl Wolf, they say that singing was the order of the evening. . . . Picnics really in demand this week . . . example: KA and Topsy . . . Men's Chorus and A Capella held beach fest at Rehoboth. . . . Patty Phillips following Ed's example of last week in an unscheduled swim. . . . Dave Allen and Mrs. Fennema doing a hula. . . . Apartment hunters Dick Evens and Shirley King struck gold in North Wilmington. . . . Another picnic, the old SGA officers journeyed all the way to Uncle Bill's Cabin . . . question: do ya need any help? answer: No help wanted! . . . Don Junghans still complaining that the weather's too good to spend time on a thesis. . . . New coat of tan on Merrily Burford, Lucia Corey and Cinney Fiery who found the duPont Picnic grounds good for sunning as well as swimming, etc. . . . Poor Mary! Don Rau entertained his twin brother at the dance Saturday night. Was the gal as confused as the spectators. . . . Phi Taus on pledge quests to U of Maryland. . . . Also Delt pledges visiting the Capital along with Delt chapters throughout Penn. . . . On the subject of Delts: Jack Richter, Lee Rice, accompanied by chaperone Pollock to Lehigh. Hear they made quite an impression on residents of Allentown. . . . Paul Mueller did his last, good deed on campus: he fixed the cigarette machine. Shall we say, better late than never or just let it pass? . . . An intrepid hunter in the Thet pledge class had trouble with a man with a star. That mean ol' game warden charged The Prussian twenty-five clams and didn't even let him keep the pheasant. . . . Kathy Valentine celebrated her twenty-first birthday on Wednesday (pm), how do you feel, Cunningham? Charlie Sullivan requests the mention of a friend's name, can't Charlie, Reds has a spy in the office. . . . Franny Geasey also celebrated a birthday

American Chemical Society Hears Dr. Herrington Speak

The May meeting of the American Chemical Society was held on Wednesday, May 20. This was the annual Ladies' Night program of the local Delaware section. An informal dinner was served at Old College dining room at 6:30, with a charge of \$2 per plate. Following the meal, the society moved to Mitchell Hall, where at 7:45 p. m. the guest speaker addressed the group. Dr. L. P. Herrington from Yale University spoke on "Biological Birth of the House." Under this title Dr. Herrington discussed the biological requirements of houses and their relation to housing design and construction. Dr. Herrington is an outstanding environmental physiologist in the United States. He received professional training at Stanford University. He continued his studies under a post doctorate Rockefeller Fellowship in the Neuropathological Clinic of the Charite Hospital, University of Berlin. Teaching appointments at Stanford and Illinois were followed by a combined teaching and research appointment at the John B. Pierce Foundation, at Yale University. He has continued in his affiliation for the past twenty years and is currently Director of Research and Professional Lecturer in Environmental Physiology in the adjoining institutions.

1953 Fraternity Sweethearts

During the past semester the national fraternities on campus each selected its sweetheart for the coming year.

The IFC wishes to extend its heartiest congratulations and best wishes to the women who have had the honor of becoming a fraternity "dreamgirl."

Sweetheart of A.E.Pi

Miss Rhoda Sue Weisman, freshman elementary education major, is the newly crowned Sweetheart of A.E.Pi. On Friday evening, April 24, Rhoda was presented with a bouquet of red roses and a gold loving cup at the A.E.Pi formal dance at the Brandywine Country Club.

Rhoda had a whirlwind evening at the formal dance. She was not only selected as the Sweetheart of A.E.Pi, but she was also pinned to Hank Bertuch in the same evening.

This year's sweetheart will be right back at home when she competes as Rho Deuteron's representative for national Sweetheart of A.E.Pi at the convention in Atlantic City—her hometown.

ATO

Miss Cena O'Brien, sophomore home economics major, is the Sweetheart of ATO for 1953. Cena, who is pinned to Dyke Pollitt, received her loving cup and bouquet of white tea roses on Saturday, April 24, at the ATO house party.

Cena comes to Delaware from Parker Head, Maine, where her family makes its home. Cena's father, also an ATO (Colby '14) had every right to be proud of his daughter, the youngest in the family of seven.

Delt Queen

The new Delt Queen of Delta Upsilon has been chosen by the brothers for 1953. Lovely Miss Toni Hubert of Wilmington, Delaware was the honored recipient of a loving cup presented to her by President Preston Day at our annual weekend, April 25, held at Schaefer's Restaurant.

Toni, who is the third queen to be selected as the most representative girl of the chapter, was given an orchid corsage by last year's queen, Mrs. Sara Stowers, following the dinner on the twenty-fifth.

Toni, an employee of Hercules Powder Company, is currently engaged to brother Charles Hann, a senior.

Kappa Alpha

The third weekend in April is set aside every year to re-live the days in the Old South. Here at the U of D, the fraternity has a weekend in which the Old South Ball is the feature, but at many universities down in rebel country, the ladies and gentlemen wear the old style costumes for many days, making the event a very colorful one. It is also customary for each chapter to choose a young lady as their sweetheart. The girl we choose is called our K A rose. Our selection this year was Miss Pat Billings of Felton, Delaware. At the Order's National Convention in Dallas, during September, Pat will vie for the title of the national K A rose of 1953.

PKT Sweetheart

Christine Clark, a 1951 graduate of P. S. DuPont High School who attended the University of Delaware last year, was selected as sweetheart of Phi Kappa Tau this year. She was a Freshman May Court attendant last year. Chris is twenty years old and is now employed by Henry DuPont in Wilmington. Congratulations and best wishes in the future, Christine.

PIKA

Jo Ann Fisher, wife of Bob Fisher, present treasurer, became the fifth Dream Girl of Pi Kappa Alpha,

Delta Eta Chapter, on Friday evening, April 17. Mrs. Fisher, better known as Dusty to many of the Pikes, was awarded the loving cup at the "Pikes' Dream Girl Whirl" at the Newark Country Club by George Palmer.

Jo Ann was born in Kerville, Tenn., 22 years ago and at one time attended Memphis State University. Jo Ann was married to Bob in 1950 and has been living in Newark for two and one half years.

Sig-Ep Sweetheart

Friday, May 1, Miss Nancy Diehl was chosen "Girl of The Golden Heart" by Delaware Alpha of Sigma Phi Epsilon at their annual Spring Formal held at Newark Country Club. Nancy was awarded a dozen American Beauty Roses and an engraved loving cup. Nancy is the fourth "Girl of The Golden Heart" to be chosen.

Nancy is a native of Newark and attended the University of Delaware until graduation in 1952. She majored in Home Economics and now has her own T.V. program, *The Cosmopolitan Kitchen*, on WDEL three afternoons a week. Nancy is 22 years old and is pinned to ex-president John Rosebery.

Theta Chi

Miss Kay Oliver, a twenty-one-year-old junior from Milburn, N. J., is the Sweetheart of Theta Chi for 1953. This popular co-ed is a transfer student from Maryland College for Women where she was president of the Sophomore class. Kay is a psychology major.

Kay was presented the Theta Chi Sweetheart Pin at our fraternity formal on April 24. She is very active in campus activities being a member of the Newman Club, and having participated in Women's Playbill and the Junior Musical.

Mr. Fennema

(Continued from Page 1)

sible for an increasingly troublesome laryngitis infection. The climates of Delaware are certainly no boon to this condition, and doctors think the Southwest would be far more favorable.

With a quick smile, Mr. Fennema recalled a few of the pleasant and sometimes trying moments. There was the trip to A. I. duPont some years back. After considerable worry and shuffling back and forth, the good conductor finally got his troupe together and, with a sigh of relief, settled into his own car for the trip to town. This proved uneventful enough and everyone arrived in ample time for the performance. Rehearsal was about to take place when someone mentioned the music. Resting on the same sidewalks over which the entire choir had hurriedly departed from, were numerous sheets of music to be sung. Fortunately there was a fast driver in the crowd and the day was saved. Then there was the time just recently when the entire base section had a solo part but came through with only a terrifying silence. Amazingly, no one made a sound during this hiatus, and three or four measures later, they all came in in unison.

In closing, Mr. Fennema expressed his deepest appreciation and highest praise for those with whom he has worked. There was no mistake as to the sincerity of statement when he said that his best hopes for the future would be realized only when he finds himself in a position resembling that which he must now leave. I feel sure that I express the feelings of everyone here at Delaware by saying "Thanks, Mr. Fennema, and to you and your family, the best of luck."

Dr. Ray E. Keesey Addresses Speech, Hearing Unit

The May meeting of the Delaware Speech and Hearing Association was held at the Murphey School on King's Highway in Dover on Thursday evening, May 21, at 8 p. m.

The program consisted of a panel discussion moderated by Dr. Ray E. Keesey, director of the Speech and Hearing Clinic, University of Delaware, and five panel participants: Miss Martha Badick, Speech Correctionist in the Wilmington Public Schools; Miss Ellen Ruth Blattspieker, Speech Correctionist with the State Board of Health; Mr. Richard French, Speech Correctionist employed in New Castle County; Mr. Darwin Knapp, Speech Correctionist, Audiology and Speech Center of Delaware Hospital; and Mr. Charles Parker, Speech Correctionist employed in Sussex County.

The members of the panel discussed methods they had found helpful in working with a child who stutters as well as indicating some of the things that should not be done in working with a child who stutters. The meeting was conducted informally with questions welcomed from the audience.

Optimists Plan Recreation Rooms

Through the generosity of the Wilmington-Newark Optimist Clubs, a desire of the residents of Brown and Sharp Halls is about to be realized. By September, the dormitories will have their own completely furnished recreation room.

On June 11, when Mills Brothers' Circus rolls into town, it will turn over one-half of the money collected in admission fees to the Optimist Clubs. Half of this money will be allotted to the Club in the Newark area.

The Optimists, who are greatly interested in civic projects, plan to use part of the money to establish a Little League baseball team and to buy much needed playground equipment for the community. The rest of the money will be given to Brown and Sharp Hall residents to help in the furnishing of their recreation room.

Part of the necessary money has already been furnished by the dormitory account, but the funds supplied by the Optimists will be of great help in the purchasing of playing cards, magazines, ping pong equipment, records, and a record player.

Anyone buying a ticket for the June 11 performance of the circus, whether he plans to attend or not, would be helping both the community and the men of the University by doing so. Tickets may be had by asking dormitory residents, or by inquiring at either the University Book Store or at the office of the Assistant Dean of Students.

Polly Goller Is Miss Wilmington

Polly Goller, business administration senior from Warner Hall and Aldan, Pennsylvania, was crowned Miss Greater Wilmington of 1953 in the Gold Ballroom of the Hotel DuPont last Saturday evening.

One of numerous prizes awarded to Polly was a \$300 scholarship, which she will use to study for her master's degree in business administration here at Delaware.

Polly was runner-up in last year's pageant.

The University of Delaware had "its day" at the pageant, as Miss Georgina Schaffer, freshman from Wilmington, won the runner-up position.

Swain Announces Chairmen, Members Of SGA Committees

Student Government Association president, Frank Swain, has announced the chairmen and members of next year's SGA committees. Eleven committees have been slated: student union, finance, bookstore, elections, sophomore court and freshman week, cultural activities, properties, college hour, social, publicity, and dining hall.

The Student Union Committee is headed by Dave Menser and Cynthia Flery, with Jerry Dye, Carrie Weimer, Paul Hodgson, Gail Conway, Tony Mitchell, and Keelin Fry as members.

Finance Committee chairman is Janet Smith; members include Pat Lecrone, Ted Zutz, Wayne Kirklin, Ralph Schwab, Mildred Blaine, Stan Lowicki, and George Tunis.

The Bookstore Committee, with Ted Zutz as chairman has Pat Collins and Robert Swain as members.

The Elections Committee is led by Joe Stout, with Bill Harkins, Dick Greenstein, Marvin Ballek, William Newell, and Janet Leary as the other members of the committee.

The Sophomore Court and Freshman Week Committee has as chairman Stan Lowicki, who will be assisted by Jackie Hackett, Dave Menser, Nancy Peck, Pat Collins,

Jean Evensen, and Pat Lecrone.

Head of the Cultural Activities Committee is Bill Harkins, with Jerry Dye, Cynthia Flery, Judy Kase, John Maybee, and Irv Rinard as members.

Chairman of the Properties Committee is Nancy Peck.

College Hour Committee chairman is Dick Saunders, and Martha Thomas, George Tunis, Jane Banks, and Pat Gerstenberg will assist him.

The Social Committee, whose members are Dan Enterline, Jackie Hackett, Dick Saunders, Kay Knighton, Bird McCord, Peg Tiguer, and Hank Bertuch is headed by Wayne Kirklin.

Publicity Committee chairman is Martha Thomas, with assistants Lucy Lasher, Mary Martin, Jean Sloman, Joyce Leap, and Merrily Burford.

The Dining Hall Committee is led by Janet Leary, with Louis Roemer, Rita Timmons, Jean De Vries, Marie Bayruns, and Dick Greenstein as the other members of the committee.

If any other members of the student body are interested in serving on an SGA committee they should contact any one of the committee chairmen or SGA members.

Senior girls perform the annual dance around the May Pole at the May Day festivities.

4-H Club Speaking Contest

Teenagers from all of New Castle county will be present in Wolf Hall Auditorium on Monday, May 25th, at 7:30 p.m., for a junior council meeting of the 4-H Club. At least fourteen entries from eight different clubs in the state will participate in the program. There are twenty-four clubs of this kind in the county.

This type contest has been sponsored since the junior council meeting of 1950, and is part of a widespread county program. The entries are not seeking any outstanding awards for their orientation, but rather have entered purely for the interest they have in 4-H club programs. Two gold filled medals of honor, one for the outstanding boy and one for the outstanding girl, will be awarded. The winners of the state title will receive a 17-jeweled gold wrist watch in a gift box for the boy, and a beautiful set of silverware for the girl.

Judges of the contest are Dr. Ray E. Keesey, Mr. George Van Horn, and Mr. Samuel Gwinn. The officers of the junior council will run the entire program, and Mr. William Reading, the president, will preside throughout the contest.

Example titles for speakers to be given are, "4-H Club Builds Citizens," and "My 4-H Club Project." Everyone is invited to attend the meeting.

Ray Hoopes Heads

(Continued from Page 7)

won the badminton title last week to complete the badminton championship. Several quarter final winners have been posted in the tennis play offs, but the semi-finals and finals won't be played until next week.

S.G.A. Minutes

By MARIANNE REINKE

Treasurer

The amounts in the various accounts are as follows: SGA Account, \$1089.96; Social Fund, \$1350.67; Sinking Fund, \$480.00 plus the \$10,000 Government Bond.

Social

Complimentary tickets for the May Dance will go to the members of the May Court.

Student Union

A formal bid was sent to President Perkins requesting space in Old College for student activities.

Men's Executive Council

An organization meeting was held to plan topics and activities for next year. Included were social improvements, unchaperoned house parties, the drinking problem, the council taking over more enforcing responsibilities.

Women's Executive Council

The A. B. Catts' Award was given Tuesday night at 6:30 to the most outstanding girls dormitory of 1952-53.

The Council has been instrumental in reviving the tradition of serenading the May Queen at about 6:30 a.m. on May Day.

Junior Class

The class officers will meet to make tentative arrangements for graduation announcements for 1954.

College Hour

The past college hour about the Campus Radio was very poorly attended. A discussion was held again as to whether or not College Hour programs should be continued.

A suggestion was made of having a college hour outside to draw up interest. It was also mentioned that an outside bulletin board would be the best publicity for programs. Closer cooperation with the faculty or with the Cultural Activities Committee might help the programs.

A committee will be appointed and will meet with Nancy Brooks Browning before the semester ends.

Religious Council

A recommendation was made that the appropriation to the freshman handbook be enlarged to give more space to details on the religious organizations on campus and that mimeographed sheets be prepared to hand out to all University students at the very onset of the year.

Faculty Advisor

It was moved, seconded and passed that Dean John E. Hocutt be asked to be the faculty advisor for the session 1953-54.

Radio Station

Warren Beh will check with President Perkins and the Town Council within the coming week concerning the Radio Station. There is a possibility of using space in Old College for the station. WDEL has offered suggestions and help.

Stadium Seating Plan

There can be a student reserve section as last year from the fifty to the fifteen yard line on the Delaware side if desired. Game tickets will be obtained from the Athletic office in exchange for activities tickets. These will be shown at the gate along with an identification card.

The problem concerning guests of students will be taken up at the next committee meeting.

Rings

Joe Miller was present to display the sample rings just sent by the Josten Company. Prices are the same as the other ring. Delivery will be much faster since the company is going to keep the rings in stock. A salesman will be on campus the beginning of next fall to display and take orders for the class rings.

A letter will be sent to the Loren-Murcheson Company terminating the contract since they have broken it repeatedly.

It was then moved, seconded, and passed that the meeting be adjourned.

Respectfully submitted,
Marianne Reinke
Recording Secretary, SGA

Don't you want to try a cigarette with a record like this?

1. THE QUALITY CONTRAST between Chesterfield and other leading cigarettes is a revealing story. Recent chemical analyses give an index of good quality for the country's six leading cigarette brands.

The index of good quality table—a ratio of high sugar to low nicotine—shows Chesterfield quality highest

... 15% higher than its nearest competitor and Chesterfield quality 31% higher than the average of the five other leading brands.

2. First to Give You Premium Quality in Regular and King-size . . . much milder with an extraordinarily good taste—and for your pocketbook, Chesterfield is today's best cigarette buy.

3. A Report Never Before Made About a Cigarette.

For a full year a medical specialist has been giving a group of Chesterfield smokers regular examinations every two months. He reports . . . *no adverse effects to nose, throat and sinuses from smoking Chesterfield.*
