GOP RADIO SCHEDULE ANNOUNCED

Mayor James To Address Voters On Station WDEL

The second in the series of 15-minute radio messages sponsored by the Republican State Committee will be delivered by Mayor Albert W. James of Wilmington on Monday evening at 7:30 P. M. over Station WDEL.

The radio series, comprising 13 messages over Stations WDEL and WILM, was inaugurated last Monday evening by Rep. Earle D. Willey of Dover, Republican candidate for reelection, who warned that "a continuance of the policies of the present Administration will certainly make impossible that feeling of freedom and that spirit of independence and initiative which has caused in large measure the great development which our country has had over the years."

Mr. Willey declared that freedom is a precious heritage and one issue in the election is "whether we intend to preserve it. In the problems that must arise after the war, we will need to be united as a people. We will need to work in partnership, government, labor, capital, farms and all other productive agencies."

The schedule of the series of radio broadcasts through which the Republican State Committee will bring to the homes of Delaware voters the various issues of the current campaign and a better knowledge of the Republican candidates, follows:

Newspapers Praised By Director of O.D.T.

Country-wide newspaper support of the Government's transportation conservation program was praised this week by Col. J. Monroe Johnson, director of the Office of Defense Transportation, who said that need for this effort will continue acute until Japan finally is defeated.

"Without the aid of the newspapers and the associated public information media, the remarkable record of war transportation in the United States would not be possible," Col. Johnson wrote Cranston Williams, General Manager of the American Newspaper Publishers Association. A similar letter, commending radio broadcasters, was sent to Harold J. Ryan, President of the National Association of Broadcasters, Washington, D. C.

UNITED WAR FUND DRIVE OPENS HERE OCTOBER 1

Working Kits Distributed To Solicitors At Sunday Meeting

Newark's United War Fund campaign for 1944 opened Sunday with a meeting of Zone captains and workers in the high school auditorium.

John Leach, state chairman of the campaign, was presented by Newark Chairman, William K. Gillespie. Mr. Leach gave a timely and interesting talk concerning agencies that will benefit from this drive and the splendid work they are accomplishing.

Mr. Webster, manager of the United War Fund of Delaware, Inc., spoke next and further explained how allocations of funds are made from the national fund to the participating agencies. He brought out the fact that the organization is flexible enough to meet any emergency, to increase or decrease allocations as the need arises. Gerald Swepe heads the committee on allocation of funds.

Following these talks, the Quentin Reynolds film "Memo To Joe" was shown. The workers kits were distributed after a few announcements by the chairman.

The United War Fund drive is a campaign conducted only once during the year thus eliminating many separate solicitations previously made. The only other campaigns to be held here will be the Red Cross and Visiting Nurses Association.

Contributors will find listed on the back of the pledge card all agencies participating in this combined fund and have the privilege of checking the organizations they would like to have receive their money.

All contributions received in Newark are applied to budgets of national agencies such as the U.S.O., Boy Scouts, etc., and not to local agencies of Wilmington unless otherwise specified.

All the people of Newark and vicinity will be approached by solicitors with the exception of persons in the University and Biochemical Laboratory as they will have contributed within their respective institutions. No other organizations will do this.

Let us all wear our blue feathers with pride symbolic of our small sacrifice for our boys who are called upon to make the supreme sacrifice. Greet our hard working and loyal workers with words of understanding and be as generous as possible.

The meeting was held by Lynette Steinouer, assisted by Melissa Baker.

COMMUNITY SWIMMING POOL IS COMPLETED

Will Be Used For Swimming, Skating And Boating

Members of the Newark Lions Club who have been engaged in the construction of a swimming pool for the community, report that the project has been finished and is ready for use.

The dam which was constructed on the farm of George Martin about a half mile south of Newark on the Elkton Road, has impounded water from a nearby stream and has been built with the cooperation of the J. Allison O'Daniel Post No. 10, American Legion.

Built principally for the younger children of the community, it is believed that the older people may enjoy the pool as well. Besides swimming, it is felt that it will provide other sports such as ice skating and boating, according to the season.

Numerous hazards were overcome by the builders of the dam, from inception to completion. Even under wartime stresses, the builders were successful in contributing materials, labor and funds, and in receiving donations of funds from outside sources.

Just previous to completion, an exceptionally heavy rain storm threatened to destroy the entire dam. Fortunately, however, only one end of the incomplete dam was washed out. This event, perhaps, increased the Lions determination to succeed, since greater fervor was manifested for the repair and completion of the project.

The pool will be named the George Danby Swimming Pool in recognition of the time and materials donated by International Councillor George Danby.

CHRISTIANA EQUIPMENT

Christiana, September, Twentysecond—Earlier this year money was donated by an interested person in the community for the purchasing of two slides, a battery of swings, and a group of see-saws. This equipment recently arrived at the school, and the children are anxiously awaiting its installation.

At the assembly this week, the principal, Miss Ruth E. Elliott, announced that the school would cooperate in the drive for the collection of milkweed which is being used to replace kapok in life jackets.

The seventh grade presented the play "The Boy Who Was Different" which was their adaptation of a story which had read. Recitations were given by Nancy Thorp, Carol Thorp, Andrew Greene, and a group of third and fourth grade children. "Our Delaware" was sung by the entire assembly.

Needlework Guild Week October 8th to 14th

The week of October 8 to October 14 has been proclaimed National Needlework Guild Week.

Some branches feel that because of increased employment during the war, the need in their community is not so great. We have to put effort in all we do these days—nothing is easy.

We are hoping for a great response from the membership this year and that we may make up the loss of garments last year.

This Membership Week is an opportunity to increase interest and we urge you to plan early and give generously.

Anything appearing in this column is purely the opinion of the writer and does not express the views or policy of the paper. Any exceptions should be taken up with the writer.

Extra! Extra! Read the Newark Post and hear all about the Police Department playing 'cowboy' and rounding up Mr. Brown's bull. Hi-Ho Silver!

A certain employee of the Newark Post, when asked what kind of meeting his wife had attended Tuesday afternoon, stated that he was too busy with his wife checking on him to have time to check on her. There are those who still believe that the female is the weaker sex. This party referred to is not Sureshot although I am checked on real regularly.

All the big-town papers are loaded down with the political speeches of the two opposing candidates and they have about come to the mud-slinging stage. FDR made a speech Saturday night and of all places to make a speech—at a meeting of the Teamsters Union. That man just don't care who votes for him as long as he gets elected.

Dewey claims if he is elected he will get rid of that fellow who is the head of the FUEL racket in this country, Mr. Ickes, and then he is going to start on Madam Perkins who is supposed to be connected with the Labor Department but has let so many other boards or outfits run the labor situation in this country. The women folks should confine their efforts to other things than running labor.

We still have restrictions on gasoline and oil. What about that secret oil deposit found in Great Britain. Those English will use all our resources and keep back their own stocks so that they can charge high prices when this war is over. We folks in America have always been the goats.

Roosevelt and Churchill are talking about trying to get Italy started on its industrial feet again. Why spend our money helping an enemy country? For my part, I don't care what happens to any country on the other side of the Ocean. I don't have one penny to give them. They can't be trusted—they will only use our gifts to fight us in another twenty-five years or so. Italy can be trusted less than any other country.

No one ever knows whose side they are on. Let them get along any way they can as long as we are not taxed to rebuild their country. We helped the Japs in one of their disasters and they turned around and bit the hand that helped them. Why fight a people and then help them out? That is not the way I do things. After we lick them, we should take every thing away from them. That is what they would do to us. We should also send back those Italian prisoners. Why should feed them. It is ridiculous. One minute we shoot at them and try to kill them, the next thing we hear we are trying to be nice to them.

We don't want any of those folks left in this country after the war. We have enough boys who need jobs. AND we don't want any more WPA or handout systems put in effect at the public's expense.

A letter was received recently from Gerald L. Walker who is "Somewhere in Salpan". Gerald wants to be remembered to all the folks on the Main Stem. Gerald, you might send me one of those Enemy Guns. The boy you speak of is somewhere over on the other side of the Atlantic.

Admiral Albie Vogel sent a letter in this week—his address is Somewhere in the Pacific. Albie is high in his praise for the avy. Why shouldn't he praise the Navy. With him in that outfit, its personnel raises 100 per cent. Albie is missed by all the fair sex at the Newark High.

Staff Sergeant Anne Timko writes from Fort Des Moines, Iowa, and says "Your Column is Really on the Ball". "We folks in the service think it is

NEWARK YELLOWJACKETSTO OPEN THEIR 1944 FOOTBALL SEASON AT HOME SATURDAY

Brown Vocational Team Will Invade Yellowjacket Gridiron For Opener As Coach Stanley Gibbs Is Preparing Team To Duplicate Last Year's Victory

With Saturday set for the opening of the Newark High School 1944 football season, Coach Stanley Gibbs is working his charges overtime in an effort to duplicate last year's victory. The kickoff is scheduled for 2:15 o'clock.

GRANGE MEETING

Vernon Connell, a graduate of the Newark High School and Delaware champion in the Future Farmers of America public speaking contest for the past two years, was the guest speaker at the Boosters Night meeting of the Appleton Grange held on Monday night in the Appleton grange hall.

Mr. Connell spoke on the "Outlook of the Farmers for the Future". Other speakers included Miss Helen Irene Smith, Home Management Specialist at the University of Maryland and Captain Grubb of Calvert, Md.

Mrs. E. Orville Otley, lecturer of the Appleton Grange gave statistics of vital interest pertaining to Grange history, past and present, and also conducted a miscellaneous quiz program.

"I am glad that the WAC's like this column. I am just Wackey enough to like the WAC's. Sgt. Timko has celebrated her second year at Ft. Des Moines and she states that she loves the service as much as when she joined the outfit. That is just grand and the folks at home feel that you are doing your part to help win the scrap.

The Newark High School football team will play their first game of the 1944 season on Saturday when the Brown Vocational team from Wilmington will invade the local gridiron in an effort to gain revenge for last year's upset when the local boys journeyed to Wilmington and gave them a 19 to 0 drubbing. Coach Stanley Gibbs is working hard with the Yellowjackets and if he has anything to do about it the Brown Vocational boys will get another walloping just as bad as last year's.

Coach Gibbs has a good bunch of fellows out this year and several of them have had experience on last year's team and the local fans are looking for a good scrap when the whistle blows at 2:15 Saturday afternoon. We are told that Eck Morris is giving Stan a lot of assistance with the team. That fellow is a hard worker and he has done a fine job as director of athletics at the school. We are told that his big headache right now is getting basketball shoes for the team this fall. In case anyone don't know what that means, we are told that RATION stamps are needed to get those shoes.

Well, who furnishes the shoes for those professional teams. If we can't get shoes for our athletic teams it is time that we scrap the OPA.

Officials for Saturday's game will be Jake Warner, Allen Ware and Emil Huber. It was announced this week by Coach Gibbs who also stated that Herbert Murphy will be on the sidelines due to an injury to his collar bone which was broken in practice scrimmage. Tommy Silk who suffered a slight concussion in drill will be in the starting lineup.

The tentative lineup for the starting whistle as announced by Coach Gibbs will be Corbit VanSant and Bob McKenry at the end positions; Allen Smith and Ronald Ewing as tackles; John Wells and Gray Lomax as guards with Sammy Talucci in the center position. In the backfield, Donald Griffin will be calling the numbers with Brandon Davis and Gerald Gilston as halfbacks and Tommy Silk in the fullback position.

It is expected that the majority of the boys will see action in Saturday's game as the coach will be anxious to watch each of the boys in action.

Other games on the schedule are: Oct. 7—Open (Friends pending); Oct. 14—Wilmington High (away); Oct. 21—A. I. duPont (Home); Oct. 28—Claymont (Away); Nov. 3—Open; Nov. 10—P. S. duPont (Away); Nov. 17—Open; Nov. 23—Conrad (Home)

The Homewood Driving Park Club will sponsor another one of their regular Saturday afternoon Harness Races at the Old Huber Race Track on the Samuel E. Dameron farm at the east edge of Newark on Saturday afternoon, September 30 with the first heat of the first race scheduled to start at one-thirty o'clock.

J. Wirt Willis, one of the most prominent Delaware horsemen, will again act as starter for the six card event which will in all probability be the last matinee race of the 1944 season at the local track.

Louis Seth of Elkton, Md., Robert Shallcross of Chestertown, Md., and Arthur Lusby of Cecilton, Md., will again act as the timers and judges.

It is gratifying to note that several new stables have been entered in the last few races and more and more lovers of the sport are buying horses and getting enthusiastic in this sport.

A graduate of Newark High School, Staff Sergeant Edmanson attended Beacom College, Wilmington, before entering in the Marine Corps.

ROSE TREE RACES AT MEDIA, PA. OCTOBER 21

Foxcatcher Plate And Ormead Cup Steeplechase Carry Purse of \$1,000

Very keen interest is being taken in the Rose Tree Races which take place at the Rose Tree track at Media, Pa., on Saturday, October 21st. Five races are on the card of which three are challenge cup events. These are the Riddle Cup race for the Riddle Cup at one mile, the Cread Cup handicap steeplechase at two miles and a half and the Autumn Stayers' handicap at one mile and a quarter for the Henry Reed Hatfield challenge Cup. All three races should fill well. John E. Cooper of the National Steeplechase and Hunt Association will do the handicapping. The other two races are the Foxcatcher Plate two mile steeplechase and the Agricultural Stakes at six furlongs.

The Foxcatcher Plate and the Ormead Cup steeplechase each carry a purse of \$1,000 and this should assure very good entries. All the horses in these races will, of necessity, be from the big tracks as there is but very little hunt racing for steeplechase horses to contend in. Both Mr. Wickes' Gala Quest and Mrs. Weir's Himmel, the winners of these two races last fall are expected to enter. Both are going well as they have both won at the New York tracks. One of the best meetings in years seems assured. A very large crowd is also to be expected as reservations of boxes, parking spaces and subscriptions are running far ahead of last season.

The recent rains have done wonders for the track as before the rains, the surface was baked hard as iron. Now it is in the best of shape for racing. The large number of racing fans of the city and district should come out to Rose Tree on October 21st as they will see one of the prettiest tracks in this country and watch in action in the steeplechase races, the same horses they see at Belmont, Aqueduct, Pimlico and other big tracks.

GUARD IS INSPECTED

Three Recruits Join Company

Captain William B. Donnell, commander of Company "G", Delaware State Guard reports that the local company has recruited three new members in the past week and fifteen new members since the company has returned from their summer camp at Fort duPont.

Two members of the local company were court-martialed for failing to attend drill. Captain Frank Carrow of Headquarters Company presided at the court martial.

John R. Sullivan, who was a corporal in the local company and recently enlisted in the Paratroopers has reported that the training he received in the local Guard unit has enabled him to skip his basic training in the regular armed forces.

The regular quarterly inspection was held in the Newark Armory last week when the company was inspected by Col. Paul Heinel, commanding officer of the Delaware State Guard and his staff.

Club Women

(Continued from Page 1)

Members of the local unit were pleased with a V-mail letter received by one of the officers, a former ASTP boy who recently arrived overseas in which he paid tribute to the work of the Red Cross. "They have been home to us on the way over, and here. They have been swell. When we boarded the ship they were there with hot coffee, lemon-ade, doughnuts and candy, just when we needed it. A while after we were out to sea they gave each of us a kit containing a pack of cigarettes, razor blades, bar of soap, deck of cards and other toilet articles. It really was nice. Then when we were sadly wishing we had some cigarettes they gave each man a half carton apiece and a package of tobacco. Now they are providing all our needs, of most of them, free of charge. I have only praise for the Red Cross and thousands of other boys feel the same.

These kits are being made at the local work rooms and it is hoped that this message of appreciation will encourage other workers to have a part in bringing comfort to men from our own community.

WHAT FARMERS WANT WHEN THEY BORROW

KEYED TO LOCAL FARM NEEDS

It stands to reason that our bank, part and parcel of the community and dependent for its success on the success of local people, would know local farm problems better than any outside lending agency. It also is good horse sense that a lender who knows your problems is in a good position to help you solve them. So we invite you to do your borrowing here, because it's for your own best interest.

"Wonder which Long Distance lines are crowded?"

You can't tell by looking at the telephone but the operator will help. . . . When Long Distance lines to war-busy centers are crowded, she will say—"Please limit your call to 5 minutes." . . . That's a good idea for these war days.
