

ALUMNI WELCOME HOME!

Creamer Scores for Delaware in Tennis Tournament.

Beats Out Johns Hopkins

Wayne, Pa. (Haverford News Press)—Bucknell University, with a total of twenty-one points, won the team prize in the Middle Atlantic States intercollegiate tennis tournament, completed at Haverford College on Saturday afternoon. The preliminaries were played in the various districts the previous week.

The winners barely nosed out Lehigh, which was runner-up, with 20 points. Swarthmore and N. Y. U. tied for third place with 12 points apiece. Delaware scored 8 and Johns Hopkins 4. The rest of the fifteen colleges represented failed to tally.

Neil Sullivan, a Philadelphia boy, representing Lehigh, won the individual championship by defeating Fritz Rudisell, of Bucknell, in a well-played and interesting match, featured by spectacular tennis at times. Sullivan held the upper hand throughout and kept Rudisell running from one side of the court to the other, striving to return his well-placed drives.

The Bucknell man fought gamely during the entire match, making gets that seemed impossible, and taking games when his cause appeared hopeless. In the first set with the score at 5 to 0 against him, Rudisell took four games in a row, and almost won the next.

The latter advanced to the final round by conquering Hodge, of Swarthmore, in the morning in a hard-fought three set struggle. Sullivan had a much easier time in qualifying for the finals, and won his match with Creamer, of Delaware, with the loss of only three games. Summaries:

Final round:
Rudisell, Bucknell, defeated Hodge, Swarthmore, 6-4, 5-7, 6-4.
Sullivan, Lehigh, defeated Creamer, Delaware, 6-1, 6-2.
Final round:
Sullivan, Lehigh, defeated Rudisell, Bucknell, 6-4, 6-2, 6-3.

EARLIEST "AMERICAN" ARTIST SETTLED IN DELAWARE; CAME FROM SWEDEN

IMPORTANT HISTORICAL ITEM

Lewisburg, Pa. (The Bucknellian Press)—Gustavus Hesselius has been called "the first painter of recognized merit known to have practiced his art in this country," but he was not an American by birth. He was born in Folkarna, Sweden, in the province of Delecarlia, in 1682. He came to America in 1711, to the Swedish colony on the Delaware River, landing at Christina—now Wilmington, Delaware. He soon went to Philadelphia, where he made his home and where he died May 25, 1755.

On September 5, 1721, Hesselius received the first public art commission known to have been given in this country, "to draw ye history of our Blessed Saviour and ye twelve apostles at ye last supper" for the altar of St. Barnabas' church in Queen Anne parish, Maryland.

FOREIGN STUDY GROUP SAILS ON JULY 17; FORTY-FIVE STUDENTS ENROLL

LOW COST FOR UNUSUAL COURSE

On Saturday, July 17, the 1926-1927 Foreign Study Group sails on the steamer "France" for Havre. The group will be composed of twenty-five women and about twenty men, selected from colleges all over the United States.

This year there will be a number of changes in methods of guiding and supervising the group. The increased enrollment makes this necessary. The Oxford tutorial system is to be put into operation as a regular feature of the Foreign Study organization. The tutors will meet each student individually at least once a week for discussion of lectures, criticisms of reports, and assignment of outside readings. The increase in the number of students will permit an extension in the curriculum. Additional courses in music, art, and architecture are to be offered at the Sorbonne, the Ecole Libre des Sciences Politiques, and one or two of the special schools.

The supervision of the girls of the Foreign Study group is under the direction of an American woman, a member of the staff, who acts as group chaperon and adviser. The supervision of the men is under the direction of Professor Kirkbride. The total cost for each student for the year is estimated at \$1,350 for men and \$1,450 for women.

Plattsburg Exodus Starts

Sergt. Davis will leave tomorrow for Plattsburg where he will renovate his private offices and make way for the Delaware men who must report in camp by June 18. It is rumored that Sergt. Green will not be at camp this summer and that Captain Whittemore will be company commander in place of Captain Morse. Lieutenant-Colonel Castle from Cornell will again be in charge of the camp. Yanowitz and Murphy, end-men in the Footlights Club, will undertake the ordeal of giving special acts in the Park Theatre in Plattsburg.

Blue Eyes; Chic and Coy—Perfect Minnesota Coed

Minneapolis, Minn.—(By D. U. Collegiate Press.)—One hundred men at the University of Minnesota recently described the "perfect university coed."

Here is their composite description.

"Chic and coy, a distinctive brunette with blue eyes and bobbed hair, in manner quiet rather than talkative, and a bit pleasingly plump instead of thin" are distinctive features.

"Dainty hands and small feet, fairly intellectual, quiet in her manners, and a woman who dances well but does not care for liquor" are others.

"Most men do not strenuously object to smoking; it is not condemned by the majority. Many left the matter entirely to the woman.

Her eyes are blue, but by a narrow margin, for brown is a close second."

Cohen Heads Debaters

Philip Cohen, '28, has been elected by the Debating Council to head the organization next year. Cohen has distinguished himself in his work as a member of the team for the last two years and in winning the Pennsylvania Oratorical Contest at Scranton several months ago.

Joseph D. Craven, the retiring president, has been elected secretary as a reward for his meritorious work. The Executive Committee will consist of Cohen, Craven, and Handloff.

Hop!

The annual Senior Farewell Hop will be held at the Army, Monday evening, 9.00 p. m. to 2.00 a. m., standard time. The graduating class and their fair partners will dance to the tuneful syncopation of the well-known Shorter's Orchestra.

All Seniors are admitted free; price of admission to all other students is \$3.50.

Register!

The date for registration next September has been changed from Monday, September 20, to Wednesday, September 22, for Sophomores, Juniors, and Seniors.

Seniors!

President and Mrs. Hullahen announce that the Reception at the Knoll on Saturday from 4.30 to 6.00 is given in honor of the graduating classes. All friends of the University are invited. It is especially desired that the members of the Senior Class should attend.

Sock!

Ursinus socked Delaware last Saturday to the unhappy tune of a 13-0 score. Frazer Field was the scene of the annihilation and poor old "Jimmy" Mannix had a hard time backing up the infield and chasing flies as he has been doing all season. Let us get down on our knees and pray to "Allah" that we may have a better season next year.

Can It Be True? Students Refuse To Leave Class!

Pittsburgh, Penn.—(By D. U. Collegiate Press.)—When a professor checks up on his students, it's hardly news. But when the students check up on their professor, it's different. Also it's news.

And yet that was the situation last week when Latin students in a class under Professor Stinchcomb at the University of Pittsburgh refused to leave their room until a substitute teacher was provided to conduct the class in the absence of their regular instructor, who was sick.

A delegation was sent to the Latin office to ask for the substitute.

In contrast to the above story comes word from the School of Business Administration, where it is reported that an instructor, returning after a three days' absence, was confronted with an empty room and had to spend a number of days collecting his class members before he could resume hostilities.

Glee Club Revives

John Thoms, of Wilmington, has been appointed by President Hullahen as director of the University of Delaware Glee Club. The new director will begin his musical work here in the fall. Thoms is regarded as the dean of the music field in Delaware and his acquisition promises a fine organization for the Men's College. President Hesseberg is endeavoring to arrange a downstate tour for next year.

Costly Portrait Here

Senator Saulsbury will present the University of Delaware with a portrait of Delaware's greatest man of the day, John Bassett Moore. John Bassett Moore is the only member of the World Court from the United States. This costly portrait will be presented on Commencement Day before the entire student body. Other portraits will soon be added to this one in Old College.

ALUMNI RETURN TO OLD DELAWARE; FORMER ATHLETES ASSEMBLING

REUNIONS—AND REVELRY CERTAIN

On Saturday the Alumni will be back with us to renew old acquaintances and college memories. In the afternoon, at 2.30 standard time, the baseball team of former Delaware stars will oppose our present Varsity. In the lineup of the Alumni will be: Dick Hoch, the best catcher Delaware ever had, then there will be Joe Rothrock and Dory Collins to twirl for the "has-beens." With this battery to face, the Varsity will have plenty of work to do to score. "Iron man" Jack Williams will hold down the in-

Council Elects

At the annual election of the Student Council, McKelvey, '27, was elected vice-president; Grant, '27, secretary, and Wilson, '28, was made treasurer. Plans for next year include four unusual dances, step-singing, a unique Freshman Handbook, additional upperclassman privileges, etc.

Forstburg Returns; New Assistant Likely—Sports on Wane.

Schedule Needs Revision

Coach Forstburg will return to Delaware in the fall for his second year as Physical Director. Forstburg is under a two-year contract and although his first season has been far from a success it is expected that the end of a next year will find the University of Delaware back again on the map of intercollegiate sports. Coach "Duffy" Meyers, it is rumored, will not return and Coach Forstburg is on the lookout for a new assistant.

In the consensus of opinion, secured by various questions asked of the students by "The Review," it has been discovered that the football season would have been more successful if the team had used more open field running, more trick plays and forward passing and that the usual Delaware teams are entirely too light to be continually running through line plunges. That Delaware should have used a fast, light attack was illustrated by the game with Dickinson last fall—forward passing, end runs and trick plays were what counted.

The schedule next year is far from perfect—Rutgers is out of our class and the \$1300 guarantee (Continued on Page 2.)

France Calls Dr. Bevan

Dr. Bevan, head of the History Department, will leave for a sojourn in France via the Dutch Line on June 12. Dr. Bevan is of the opinion that one "can live cheaper in Europe during the summer months than in the States."

John Poole, '28, member of the Foreign Study Plan, will sail for home next week. Poole will take up summer school work here and at Penn State. The remainder of the Paris group are expected to sail the early part of July although a few of the men have signified their intention of traveling the Continent before returning.

tial sock the same as he did his four years in college.

At shortstop will be Mike Underwood, who still plays baseball with a fast semi-professional team in Wilmington. "Chockle" Gibson will play the hot corner. With an infield of this calibre it can easily be seen that the game will be well worth watching. In the outfield there will be Ted Dantz, Sook Jackson, and a few other of the Alumni that have not been heard from as yet.

At 5.30 the Alumni Association will hold a business meeting at which time some important affairs concerning the college will be discussed. Immediately after the business meeting the Annual Dinner will be enjoyed. After dinner the "grads" will wander to their respective fraternity houses, where a big reunion is being counted on by the active chapters. All of the houses will hold reunions on Saturday. So, we bid you welcome, back to Old Delaware.

A diploma? What does it signify? The right of a graduate to take his place in the world or the culmination of four difficult years of college work? Or is it the license to begin to acquire a bank account in a less irksome manner than the unschooled individual? Is the culture received during the past four years nothing and is the financial aspect the main element? Should a graduate hurry into the commercial world and strive for greater financial gains or should he secure a mediocre position and find pleasure in his books and his acquaintances? Will it be better to strive night and day to accumulate money and be labeled a "success" or to work leisurely and enjoy life? Which is greater, the commercial office with its robotized ways and huge salary checks or the freedom of "little jobs" with freedom and eighteen dollars per week? Which? "Success" or freedom?

Forstburg Returns

(Continued from Page 1.)
 antee should have been overlooked. With Foster Sanford back at Rutgers they will have a heavy, well-balanced team.

Springfield is too far away and the academic requirements are not very strict—it is a Y. M. C. A. college laying stress upon the development of athletes. Alfred University and Manhattan College both asked for

games to be played at Delaware. Why these teams were not accepted remains a question. Haverford, out of good sportsmanship consented to come to Delaware to play after Manager Donahue wrote them, telling

them that we had but two games will be played away as will Ursinus. Their teams, from all reports, will be on a par with our eleven. What's wrong?

HEARTY APPETITE!

For a good healthy appetite take a little of the old-time Goff's Bitters in water of vichy, before meals. Goff's Bitters warm you up inside, put your stomach in order, and give you a new feeling of life and pep. These bitters are made of pure herbs which correct the CAUSE of your bad appetite. Then Nature, in her wisdom, does the rest quickly. From Mr. F. G. Reust, Harbeson, Del.—"For years I was thin and yellow. I lost all confidence in medicines. Finally my mother insisted upon my taking your Herb Bitters. I began to improve at once."

WILMINGTON, DEL.

Where two steam locomotives formerly puffed and strained to pull a 360-ton freight train up the steep slope of Maltrata incline, two electric locomotives haul a 660-ton train with power to spare.

Electricity levels the Mountains

In Mexico, romantic land of pretty señoritas and languorous minstrelsy, practical American engineers have harnessed streams so that mountains may be leveled.

The winding thirty-mile Maltrata incline on the road from Vera Cruz to Mexico City is now electrified. Ten electric locomotives replace twenty-three steam engines. The electrics haul twice the tonnage of the steam locomotives—and in half the time, with obvious benefits to traveler, rail-roader, and shipper.

Yet Maltrata is but an example of electrical progress. For electricity is conquering the grades of railroads and of industry alike, the world over.

Impressive, no doubt, but still modest when compared with the possibilities of electricity in years to come. And it remains for college-trained men, with trained capacity for initiative and leadership, to become ambassadors for further electrical conquests in foreign lands.

The General Electric Company required but eighteen months to electrify Maltrata incline—locomotives, power plant, transmission equipment complete. Engineering skill, backed by vast manufacturing facilities, has enabled G-E to serve humanity in many ways.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

 GENERAL ELECTRIC COMPANY, SCHENECTADY, NEW YORK

The Secret of How This Graduate Made a Five Figure Income In Five Years

LIVED in Newark, Ohio.

His folks wanted him to go into some business around home.

Wasn't a thing in the town that he wanted to drudge along in.

Figured that having spent four years at college, he didn't exactly cotton to tying himself down to "just a job."

Neither did he want to go into his father's old business.

So you see, it was the same old story so many of you college fellows have to have sooner or later.

Being a red blooded, two fisted kind of a fellow, with lots of pep and go, he wanted to get into something where he wouldn't have to keep all bottled up.

Looked around a lot during his college days, and finally decided he would build some greenhouses and grow lettuce and tomatoes.

From the very start he made money.

That was 12 or so years ago.

Now he and his Dad have a fine residence on top of a hill, and from their porch now look down on acres and acres of greenhouse-covered fields of lettuce and tomatoes.

Both of them are having the time of their life.

If Carl Weiant of Newark, Ohio can do all this, so can you.

We'll build you the greenhouses and help you in every little detail of getting started.

Write us. Let's get the idea working and plans started.

If interested, write to the Manager of our Service Department, 30 East 42nd Street, New York City, will give it his personal attention.

When comes that day of days—and suddenly you know you're a Senior, at the top of the world —have a Camel!

WHEN comes the day that can come but once. And as a Senior you've reached your place at the top of the world—have a Camel!

For Camel shares of its own enchantment with life's memorable events. Camels are of such choice tobaccos that they never tire the taste or leave a ciggarett after-taste. Regardless of the money you pay, there is no mellow, friendlier or better ciggarett made than Camel.

So this day as you've safely passed all the hazards to life's sublimest moment—know the taste, the contentment that is the due of the world's experienced smokers.

Have a Camel!

No other cigarette in the world is like Camels. Camels contain the choicest Turkish and Domestic tobaccos. The Camel blend is the triumph of expert blenders. Even the Camel cigarette paper is the finest—made especially in France. Into this one brand of cigarettes is concentrated the experience and skill of the largest tobacco organization in the world.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price. R. J. Reynolds Tobacco Company Winston-Salem, N. C.
