PRICE FIVE CENTS

CLUB WOMEN TO SPONSOR PLAYGROUND PROJECT

Family Court Bill Explained By Friends School Headmaster

Wilmot Jones, headmaster of Friends School in Wilmington, addressed the Newark New Century Club at their regular meeting on Monday afternoon and explained the Family Court Bill which is being sponsored by the Women's Joint Legislative Committee composed of representatives of about thirty different organizations in Delaware.

It was stated that the Court would extend the powers of the present Juvenile Court and would make it possible for trained workers to discover why something went wrong rather than just mete out punishment and fine the culprit.

Mr. Jones is chairman of the steering committee and appealed for the support of his audience for this bill which involves no selfish interest. He was introduced by Mrs. Arthur J. Jackson, chairman of the legislative committee.

Mrs. George L. Schuster, chairman of the committee on American Homes announced that Mrs. Herbert French, chairman of the committee on American Homes for the General Federation of Women's Clubs and immediate past president of the Massachusetts Federation will be the speaker at the next meeting of the club to be held on January 22.

Mrs. Schuster introduced a resolution which was unanimously passed by the members that the club go on record as being heartily in favor of the playground and recreation center for the children of Newark and expressing their appreciation of the bequest of the late Edward L. Richards for \$1,000 to be used for this purpose. The resolution also went on to state that the club would offer the use of their building for a mass meeting of members of civic organizations and town-folk to help get this project started. The club will also make a substantial contribution for this worthy purpose.

Following the meeting, tea was served by Mrs. Paul Musselman and her committee, composed of Mrs. Leonard Fosssett, Mrs. Arthur Hauber, Mrs. J. J. Mackenzie and Mrs. C. M. Palmer. Mrs. John Pearce Cann presided at the tea table.

OFFICERS INSTALLED AT LODGE

Grand Officers Conduct The Ceremony

Grand Chancellor of Delaware Arthur C. Gray and his staff of Grand officers installed the newly elected officers of Osceola Lodge No. 5, Knights of Pythias at the regular meeting of the lodge held in Fraternal Hall this week.

Other Grand Officers present were: Grand Vice-Chancellor, H. B. "Doc" Sheaffer of Wilmington; Grand Prelate, John Wharry, Jr., of Wilmington; Grand Keeper of Records and Seal, G. W. Souder, Wilmington; Grand Master of Exchequer, H. W. Herzog, Wilmington; Grand Master-At-Arms, John W. French, Dover; Grand Inside Guard, Isadore Levy, Wilmington and Grand Outside Guard, Ross W. Ferguson, Newport.

The officers installed were: Chancellor, Commander, Donald B. Coleman; Vice-Chancellor, Herbert Wood; Preceptor, Clarence Sutton; Master of Work, Jay Steinhauer; Master at Arms, Willie Gray; Inner Guard, Ollie W. Leverage; Outer Guard, David O. Haines; Master of Exchequer, C. D. Grant; Master of Finance, G. I. Durnell; Keeper of Records and Seal, James P. Greenblatt and Trustee, George T. Bierlin.

Short talks were given by the Grand Chancellor and other members of his staff.

Following the meeting refreshments were served and a social hour was enjoyed.

ART BOWLSBY AWARDED MEDAL

Pvt. John Arthur Bowlsby, Jr., 22, son of Mr. and Mrs. John Arthur Bowlsby, Sr., of 46 North Chapel Street, has been awarded the Expert Infantryman badge for having passed tests demanding physical stamina and technical knowledge of weapons, according to a report received from the Public Relations Officer at a Central Pacific Base before entering the service. Pvt. Bowlsby was employed at the Continental-Diamond Fibre Company and was one of Newark's best bowlers.

Newark Boy Receives Flying Cross and Citation

Charles F. Carrieco, A.R.M., 16, is spending a short furlough with his parents, Mr. and Mrs. R. G. Carrieco of Newark. Young Carrieco is Radio Man and Gunner on one of the Helldiver Bombers attached to the U.S.S. Bunker Hill.

He has participated in 37 combat missions since March and he has received the Distinguished Flying Cross and Presidential citation for his part in the engagement with the Japanese fleet in the Battle of the Philippines on June 19-20.

Carrieco was one of the heroes of the famous ship, Boise which sank six ships in 27 minutes in the Battle of Cape Esperance in October, 1942. He was aboard when the Boise came to Philadelphia for repairs.

534 ARRESTS ARE MADE BY NEWARK POLICE

Police Chief Gives Annual Report To Town Council

The Newark Police department made 534 arrests for the year 1944, according to a report presented this week by Chief William H. Cunningham. Arrests for the previous year totaled 344 which is an increase of 190 over 1943.

Fines collected during the past year amounted to \$4,296.50 as compared with \$2,720.25 for the year 1943. Seventeen cases were committed to the New Castle County Workhouse, four were held for court and twenty-four cases were dismissed during 1944.

The 534 arrests were classified as follows: carrying concealed deadly weapons, loitering on the streets, obtaining money falsely, fugitive from justice, bastardy, no lights on car, using profane language, disobeying the blackout law, rape and fighting on the streets, one arrest for each offense.

Vagrancy, passing a red light, breaking the health law, non-support, and tampering with a motor vehicle, two arrests for each offense; larceny, unnecessary noise, and hit-and-run, three arrests for each offense.

Failing to stop at stop sign, and driving an unregistered motor vehicle, four arrests for each offense; driving while drunk and trespassing, five arrests for each offense; knowingly permitting an unlicensed driver to operate a motor vehicle, nine arrests; resisting arrest, fourteen arrests; threatening bodily harm and speeding, fifteen arrests for each offense.

No operator's license, seventeen arrests; drunk and disorderly, thirty-five arrests; assault and battery, 41 arrests; reckless driving, 43 arrests; parking tags, 54 arrests; drunk, 112 arrests; and disorderly conduct 132 arrests.

During 1944 the Police Department investigated four breaking and entering cases; 43 accidents; 27 larceny cases, fifteen of which were cleared; seven hit-and-run cases, three of which were cleared up.

Five persons were turned over to the military authorities; two runaways were picked up; one stolen automobile was recovered and one fatal accident was investigated. Twenty-seven transients were provided with over-night lodging.

There were 1914 police calls for 1944 as against 2543 calls in 1943. The police car patrolled 30,115 miles in 1944 and 36,000 in 1943; the police motor cycle patrolled 544 miles in 1944 and 2,000 in 1943.

ROTARY MEETING

Two Members Join Club

The Newark Rotary Club held their regular weekly dinner meeting at the Newark Country Club house on Monday night. Following the dinner the regular monthly business meeting was held.

Two new members, E. O. Houseman and C. E. Ocheltree were formally accepted into membership in the local club by Dr. Harold E. Tiffany, chairman of Fellowship.

With half of the Rotary year passed it was stated that the Newark club has earned just half of the required 24 credits for the year. The most important of the credits earned so far having been the Summer Playground project sponsored by the club.

E. Newman Rose, president of the local club introduced the following visitors: Dave Haines of Elkton, Maryland, Club, and George Ellis and Elliott Evans of the Selbyville Club.

NO DATES ARE SET FOR BLOOD DONATIONS

Wool Donations Are Received; More Kit Bags Are Needed

It has been announced that there will be no dates available for blood donations from Newark Area Number one during the month of January as the time has been taken by several large corporations in Wilmington. Mrs. R. L. Burnett, chairman, will make further announcements as soon as dates can be secured for those who wish to have a part in this most important service.

The fine spirit which is making possible the work on so many afghans is shown nowhere more plainly than in the way in which the children of the community are dropping pennies in the glass jars that have been placed in many sections of the town.

It has been noticeable that at Fader's Bakery many of the youngsters with only five cents to spend for candy will divide their pennies between candy and contributions for wool for afghans for the wounded soldiers. \$23.35 was collected from the jars recently, bringing the total contributed in this way to over \$55.00.

Since wool is becoming difficult to secure, many workers are finding off-bits at home to contribute. Some have ripped old knit suits and used the wool for squares and one contribution of white wool was successfully dyed and made into an afghan.

An emergency kit for kit bags has been received in the sewing room and one hundred bags have been distributed throughout the Newark area and it is hoped that these will be finished as soon as possible as a definite emergency exists for these bags.

DEL MAR VA PRESS ASSN. MEETS SOON

31st Annual Meeting To Be Held January 27

The Del-Mar-Va Press Association will hold its thirty-first annual meeting on Saturday, January 27, in the Hotel duPont with an opening business meeting and the election of officers. The annual luncheon will be held at 1 o'clock, in the duBarry Room with editors and publishers from the Eastern Shore counties of Maryland and Virginia, as well as Delaware participating in the day's sessions. A. O. H. Grier, president of the group, will open the business meeting at 11 a. m. in Parlor G of the Hotel. Wartime problems in the field affecting newsprint and community cooperation with governmental regulatory agencies will be considered.

Guests of honor invited to the meeting are:

Gov. Walter W. Bacon, Mayor Albert W. James, Col. Randolph Russell, commanding officer of Port duPont; Col. Edwin M. Dixon, Dover Army Air Field commanding officer, Lieut. Col. William B. Hooton, New Castle Air Base commanding officer; U. S. Representative Philip A. Traynor, Gerrish Gassaway, manager of the Chamber of Commerce; U. S. Senator James M. Tamm, U. S. Senator C. Douglas Buck and Hugh Wagon, chief of bureau, Associated Press, Philadelphia.

Other officers of the association are: G. Marshall Townsend, Milford Chronicle, vice president; W. Murray Metten, News-Journal Company, secretary-treasurer and directors, Wallace H. White Salisbury Advertiser, Salisbury, Md.; G. Arthur McDaniel, The Times, Federalburg, Md., and C. E. Bray, Star-Democrat, Easton, Md.

Taggart Evans Attends St. Louis Conference

G. Taggart Evans, executive secretary of the Delaware Anti-Tuberculosis Division of the United States Public Health Service represented the division at a meeting of state tuberculosis secretaries in St. Louis Tuesday and Wednesday. The federal program was explained by Dr. Herman E. Hilleboe, director of the Federal Tuberculosis Division.

Another subject for discussion was on tuberculosis among those discharged from the armed forces. Dr. Kendall Emerson, managing director of the National Tuberculosis Association, will preside.

WOUNDED NEWARK SERGEANT RECOVERING

Wm. P. Morgan Hit By Shrapnel On Mission Over Germany

Wounded by enemy flak that sent his Flying Fortress into a crash-landing in Belgium following a raid over Germany, Staff Sergeant William P. Morgan, 28, of Route 3, Newark, is recovering at the 162nd United States Army General Hospital in England. He has been awarded the Purple Heart.

His ward surgeon, Captain Herbert G. Barak of Kalamazoo, Michigan, said "Sergeant Morgan's condition is very satisfactory. He has made a good recovery and will be ready for duty after two weeks in the rehabilitation section of the hospital."

"We were on a mission to blast oil refineries," the Newark waste-gunner said. "We had a pretty quiet trip. There were no fighters and no flak until we approached the target. Things were pretty hot on the bombing run, and just about the time of 'bombs away' the ship was hit in several places. I was hit in the right arm by shrapnel that crashed through the waste window."

"Both right engines of the ship were shot up," he said, "and we had to make a crash landing on an airstrip in Belgium."

Sgt. Morgan was operated upon at an evacuation hospital and the shrapnel was removed from his arm. He was later flown to England.

The son of Mr. and Mrs. William P. Morgan of Newark, he was employed in the textile plant of Joseph Bancroft and Sons at Wilmington before entering the Army in August, 1941.

TELEPHONE LIONS CLUB TOPIC

Joseph Cherpak Is Speaker At Service Club

The Newark Lions Club held their regular weekly dinner meeting at the Newark Country Club on Tuesday night. Fred Evans, president of the club presided at the business session. Jay Steinhauer, chairman of the entertainment for the evening introduced Joseph Cherpak, manager of the Wilmington office of the Diamond State Telephone Company who was the guest speaker for the evening.

Mr. Cherpak explained how telephone service under war time conditions could not be brought to everyone requesting it as the company that manufactured the equipment was so busy on war production. He told of the vast quantities of material that is being used by the Armed Forces and the part that this equipment plays keeping open the lines of communication.

Following his address Mr. Cherpak showed moving pictures of thrilling battles and other global war activities. Mr. Cherpak was assisted by B. H. Monahan.

Recent stamp and bond sales were \$707.50 bringing the total club sales to \$302,140.50.

C. W. Woodmansee of the Delaware Agricultural Experiment Station, Chemistry Department was the guest of D. O. Wolfenbarger.

UNIVERSITY ENROLLMENT

322 Civilians At University

An enrollment of 322 civilian students was announced by Dr. W. O. Syphard, Acting President of the University of Delaware, at the opening of a new term on Tuesday, January 2. Of these students 80 are enrolled in Delaware College and 242 in the Women's College.

It is of interest to note that nine are returned soldiers, six of whom were former students at the University and that two girls are registered as engineering students.

The next commencement will be about July first and the next registration day, except for Summer Session students, will be in September when the University plans to discontinue the accelerated program and return to the two-semester college year.

28,000 Delawareans Buy Christmas Seals

Approximately 28,000 Delawareans have acknowledged the Christmas Seal appeal of the Delaware Anti-Tuberculosis Society since its beginning on Nov. 20, officials of the society said yesterday.

Although the society's fiscal year does not end until March 31, F. S. Johnson, treasurer, said the society will make a special effort to get in as many belated returns as possible during the next few weeks. This, he said, will enable the executive committee to make up its budget for the ensuing fiscal year.

Mr. Johnson said the returns thus far have been encouraging, running slightly ahead of the returns at this date last year.

ELLISON UNOPPOSED REELECTED FIRE CHIEF

Daniel Stoll Is Elected As President Of Fire Company

The Aetna Hose, Hook & Ladder Company held their regular monthly meeting in the meeting rooms of the fire house Friday night and voted four new members into the fire company. The new members are Millard E. Ritchie, James Tasker, Bertram Jones, and Joseph Wagner.

Fire Recorder Charles E. Moore reported five fire calls in town for the month of December with a loss of \$4,000.00 and one call out of town but in the district with a loss of \$600.00.

Fire Chief Elmer Ellison reported 19 ambulance runs for the month of December with a distance travelled of 516 miles.

This being the first meeting of the new year the company held their annual election of officers and Elmer J. Ellison who was unopposed for the position of Fire Chief was again elected for another year; Edwin Shakespeare, unopposed was reelected as First Assistant Fire Chief.

In the contest for the office of Second Assistant Fire Chief, Clifford Moore defeated Bert Crow for the office. Ewell Buckingham was elected to the office of Chief Pipeman and the newly elected Assistant Pipemen are: Frank Tolomeo, William A. Robinson, William Conway, Ray Gregg, Clifton Knotts, Leslie Braune, Ernest Peacock, Benjamin Badders, Woodrow Singles, Ernest Reed and William Warwick.

Charles E. Moore was reelected as Fire Recorder. Eugene Stultz was named Chief Engineer and Horace Null was named as Fire Assistant Engineer and Irvin N. Chalmers was named as Second Assistant Engineer.

The following directors were named: Horace Null, George Neighbors, J. Earl Dougherty, Charles Colmery, Clem Cannon, Norman Bramble, Ira C. Sheldener, Daniel Stoll and George Dobson.

The directors held their annual meeting following the election and elected Daniel Stoll as president of the company for another year. Ira C. Sheldener was elected as vice-president; Charles W. Colmery as secretary and J. Earl Dougherty as treasurer.

NEW PHONE BOOK TO BE DELIVERED

Diamond State Directory Has 42,775 Listings

Delivery of approximately 35,300 copies of the new volumes will start here on Saturday it was announced today by Donald M. Huber, manager of the Diamond State Telephone Company. This is an increase of about 425 copies over last year's distribution.

The directories will have green covers this year, Mr. Huber said. The old books will be picked up for salvage during the distribution, which is expected to be finished by January 27.

"The directories list many new and changed numbers," Mr. Huber said. "Telephone users can help maintain the efficiency of war-time telephone service by checking numbers in the new books before making calls."

The directories contain approximately 42,775 alphabetical listings of subscribers in the following exchanges: Delaware City, Hockessin, Holly Oak, Middletown, Newark, New Castle, Smyrna and Wilmington, in Delaware; Elkton and Warwick, in Maryland; Pottsville, Kennett Square, Landenberg and Mendenhall in Pennsylvania.

E. D. MILES MISSING IN ACTION IN GERMANY

Writes To Wife Day Before He Was Reported Missing

Mrs. Elmer D. Miles of East Main Street, Newark, has received word from the War Department that her husband, Private First Class Elmer D. Miles was reported "Missing in Action" somewhere in Germany, since December 17.

Pfc. Miles is the son of Mr. and Mrs. Edmund Miles of near Appleton, Maryland and his wife is the former Miss Helen Krauss of Lancaster, Pa. One brother, Charles, is employed in Newark, and another brother, Staff Sgt. Edmund Miles is stationed at Tonopah, Nevada.

Private Miles was married on June 27, 1943 and entered the Armed Forces in August 2, 1943. He received his training at Camp Lee, Va., Camp Hahn, Calif., Camp Irwin, Calif., Camp Meade, Md., and from there was sent to Camp Meade, Md., before being sent overseas on July 27, 1944.

He has served overseas in the 9th Army in England, France, Belgium and Germany and was awarded the Expert Infantryman Badge on November 25. He has sent his wife many pieces of French, Belgian and German money and other articles of interest. He was one of the first soldiers in the front lines to go to Paris.

He was educated at Elkton, Maryland schools and before entering the service was employed as a ship carpenter at the American Car and Foundry Company in Wilmington.

His wife received a letter from him dated December 16 from Germany which sounded very cheerful. He was reported missing the next day.

ROBERTS RED MEN SPEAKER

Great Chiefs Pay Official Visit To Lodge

Minnehaha Tribe No. 23, Improved Order of Red Men held their regular weekly meeting in their lodge rooms in Fraternal Hall with Sachem Oscar Fowler presiding. One new member was voted into the lodge.

Great Sachem John H. Roberts and his staff of Great Chiefs paid their official visit to the lodge and Great Sachem Roberts told about how the order was progressing throughout the state.

He told about the visits his staff had made to the other lodges and explained the present campaign for new members. He also told about plans for a public adoption to be held in the early spring.

Other Great Chiefs who spoke were Great Senior Sagamore Joseph Williams, Great Sannap John Geary; Great Chief of Records Millard Shepherd and Bayard Smith, chairman of the State Propagation Committee.

Past Sachem Mark P. Malcolm spoke for the local lodge and stated that Minnehaha Tribe was progressing nicely and stated that every member should do everything in their power to hold the lodges together so that the boys when they get home will have some real fine organizations to come home to.

Following the meeting refreshments were served and a social hour was enjoyed.

COMMERCE BANQUET

The Newark Chamber of Commerce will hold their annual banquet and election of directors on Wednesday night, January 17 at 6:30 P. M. at the Newark Country Club.

Herbert E. Hollingsworth is the head of the committee in charge of the annual affair and is being assisted by William S. Hamilton, George F. Jackson, Samuel Handloss and Cyrus E. Rittenhouse.

The nominating committee for the naming of four directors will be Cyrus E. Rittenhouse, Weldon C. Waples, M. James Parsons, George F. Jackson and William S. Hamilton.

The directors whose terms expire this year are J. Irvin Dayett, Norris N. Wright, William S. Hamilton and Cyrus E. Rittenhouse.

DELAWARE FARM FRONT THIS WEEK

Poultry Edict Lifted North Of Canal

All farmers regardless of size who had gross incomes of \$500 or more during 1944 must file either declarations of income tax liability or final income tax returns on or before January 15. Representatives of the Bureau of Internal Revenue are now giving farmers in local communities help in filling out the necessary forms. If you need help, check the schedule for your community—your county agricultural agent has extra copies of the schedule.

New AAA farm plans will be prepared in county offices this month as soon as they are received and will be ready for farmers early in February. Community committees will be trained to help farmers fill out these plans in county meetings scheduled for January 23 in New Castle, January 24 in Kent, and January 25 in Sussex.

New Castle County north of the Delaware and Chesapeake canal was released from the poultry restriction order WFO-119 last week.

January 1 through February 28th is the period for making applications through AAA for dairy feed payments on milk produced during November and December.

The present milk production period in connection with these dairy production payments covers the three months of January, February, and March—a combined payment for these three months will be made on applications which are to be filed during April and May.

Deadline for filing of AAA 1944 performance reports is February 15. About 10 per cent of Delaware farmers participating in the program have already made applications for payment, having already filed the performance reports, and many farmers have already received their payments.

New aluminum pressure canners will be appearing in retail markets during the coming winter and spring months. Last fall the WPB allowed manufacturers enough aluminum to make 630,000 pressure canners between October 1944 and July 1945.

A joint state and county AAA meeting was held in Dover last week to discuss farm plans, the changed period of dairy feed payments, new basis for ordering lime, county 1945 production goals, and plans for giving greater service through county offices. The meeting had 100 per cent attendance.

Extension Service workers are developing plans for the 1945 rat poisoning campaign to be held February 2 in cooperation with the U. S. Fish and Wildlife Service. Further details of the program will be presented to farm people in the near future.

Watermelon maximum prices for the 1945 crop, f.o.b. country shipping points are as follows: From beginning of season to June 9, \$35 per ton; June 10 to July 4, \$29 per ton; and from July 5 to end of season, \$20 per ton.

Extension specialists urge farmers to order all seed, fertilizers, insecticides, fungicides, and other necessary materials for the 1945 producing season as soon as possible in order to insure delivery and to help manufacturers keep products moving so that they can meet requirements.

Tire Quotas Show Reduction In January

A sharp reduction in January quotas of tires for passenger cars and trucks was reported yesterday by Charles W. Hardesty, Delaware OPA director.

"Increased military demands in the past month have brought about the said. The quota of new tires for passenger cars for January is 1,800,000, a reduction of 200,000 from the quota of December. In the small truck and bus tire groups the January quota is 216,000, a reduction of 64,000 from the December quota. Heavy truck and bus tires, for which accumulated high priority applications for 100,000 are unfilled, have a January quota of 110,000, reduction of 10,000 from December.

LESSON-SERMON

"Sacrament" is the subject of the Lesson-Sermon of First Church of Christ, Scientist, at 1201 Van Buren Street, Wilmington, Del., on Sunday, Jan. 14, 1945.

EBENEZER SERVICES SUNDAY

Soung Folks In Charge Of Evening Service

Lindsay Greenplate, superintendent, will be in charge of the Sunday School service at the Ebenezer Methodist Church on Sunday, January 14. The Sunday School hour will begin at 10 A. M. and the students of the school will be given dime banks which will be used to help the Sunday School department to fulfill their pledge in the "Crusade For Christ".

The morning worship service will begin at 11 o'clock at which time the pastor, Rev. A. Dudley Ward will be speaking of the topic "Striving For Two Worlds and Losing Both".

The evening service will be held at 7:30 P. M. at which time the Methodist Youth Fellowship will be in charge of the service. The theme of the service will be "Lighting Candles for 1945".

Seven young people will each speak for a few minutes on the following seven subjects and each lighting a candle: "Christ," "Crusade," "Church," "Community," "Boys in Service," "Friends" and "Our Homes".

Mrs. Gladys Unger is in charge of the evening service and special music will be rendered.

Validity of Fuel Oil Coupons Is Extended

Fuel oil coupons No. 4 and No. 5 of the 1943-44 heating season have been extended and are valid through Aug. 31, 1945. Charles W. Hardesty, Delaware district OPA director, said today. Coupons No. 1 and No. 2 of the current heating season are valid through Aug. 31, 1945.

ARMY WANTS STUDENTS TO TRAIN FOR THERAPISTS

Applicants With Phys. Ed. Experience Are Urged To Apply

The Army's Physical Therapy Training Program is endeavoring to meet the increasing demand for trained therapists by training physical education graduates as students and apprentices in Army hospitals.

To insure the continuance of this important work, the United States Civil Service Commission is issuing an appeal to physical education graduates and senior students to apply for appointment to the Army's Physical Therapy Training program. More applications must be received if the training class scheduled to begin in February is to continue as planned.

Women who are trained in the basic sciences of physical education are among those qualified to enter the field of physical therapy. These women are offered an unusual professional opportunity to participate in the rehabilitation program for the war-wounded. Student Physical Therapy Aides are appointed to trainee positions in Army hospitals at \$1,752 a year, with deductions for quarters and subsistence. After successfully completing 6 months of training, students are advanced to apprentice positions at \$1,970 a year, with deductions for quarters and subsistence. After 6 months further training, apprentices are eligible for appointment in the Army as Medical Department Physical Therapy Aides, with the rank of Second Lieutenant. Base salary is \$1,800 a year, with quarters furnished and \$21 a month allowed toward subsistence. Civilian appointments may also be made to positions in Federal hospitals at \$2,190 a year including overtime pay. (Salaries quoted above differ from those stated in Announcement 318 because of a recent reclassification of positions.)

Graduates and senior students in physical education are urged to get Civil Service Announcement 318 from the nearest first- or second-class post office or Civil Service Regional Office, or from the Commission in Washington. Full information on these positions is contained in the announcement.

Students are urgently needed for the class beginning February 10, at Ashford General Hospital, White Sulphur Springs, West Virginia. Applicants who wish to be included in this class should get their applications to the Commission at once.

Applications must be filed with the United States Civil Service Commission, Washington 25, D. C. Persons now using their highest skills in war work should not apply.

FOR VICTORY—

WHY 85 MILLION AMERICANS HAVE BOUGHT WAR BONDS

They didn't do it to get \$4 for \$3, any more than our fighting men are risking their lives for service pay. They did it to save American lives, to save time—because they know that the quickest way to clean and final victory is to overwhelm the enemy with superior equipment—no matter what the cost. They did it for America—for Victory. And they'll keep on buying bonds until victory is won.

But that \$4 you'll get back in 10 years for every \$3 you put into War Bonds now is important, too—mighty important, both to you and to America. Because we must not only win the war but the peace. And to keep the wheels humming so that there will be jobs for all, we'll need money—all of us. Money for repairs, replacements, education, travel. Money we can draw on out of reserve—War Bond money. So for Victory today—and prosperity tomorrow—keep buying Bonds, and keep the Bonds you buy!

FOR SECURITY IN A CHANGING WORLD

Your WAR BOND is the best investment in the world—keep it

KEEP FAITH WITH OUR FIGHTERS—BUY WAR BONDS FOR KEEPS

BOARD SAYS PREMATURE BIRTH RATE TOO HIGH

Series of Letters Are Available To Expectant State Mothers

Prematurity was the out-standing cause of death among Delaware babies last year says Dr. Edwin Cameron, executive secretary of the State Board of Health, who states that of the 273 deaths of infants less than 1 year of age, 91 died because they were born too soon.

Any baby weighing 5 pounds or less is considered a premature infant and needs special care to insure its life and help it grow into a normal, well developed child. This care is needed from the moment a premature is born and includes such things as warmth, very clean surroundings, handling as little as possible and then only by people who are well, for premature babies are even more susceptible to germs than are normal babies.

Incubators are one method of maintaining body temperatures of babies born prematurely. The State Board of Health has recently had more of them built so there are now 8 incubators available through the County Health Units in Newark, Dover and Georgetown. These are for loan free at the request of physicians whose patients need them.

Midwives routinely report all births they attend by card to the public health nurse in their district. However, when a premature baby arrives the midwife is urged to telephone the County Health Unit at once in order that an incubator may be taken to the home immediately, or better still, that the baby is taken to a hospital.

The State Board of Health incubators are very simply constructed and may be kept warm either by electricity, or by hot bricks if electric current is not available.

One of the big problems concerning a premature infant is teaching the mother to adapt her home surroundings to the needs of her baby when it is able to leave the hospital. Dr. Cameron states that Board of Health nurses throughout the state stand ready to help mothers of such infants learn to care for them at home. Hospitals and physicians are asked to inform the County Health Unit in the area of the need before it is time for the mother and premature baby to be discharged from the hospital.

An increased inter-locking of services between the physicians, the hospitals, the clinics and the public health nursing staff is advocated by Dr. Cameron as a means of reducing the infant deaths in the state.

Keeping well before the baby comes is an excellent way to prevent premature birth and those mothers who practice good health measures, including sufficient rest and proper nutrition are much more apt to have healthy babies.

Diet sheets for expectant mothers are available through the County Health Unit or by writing to Miss Eleanor Wilkinson, nutritionist, State Board of Health, Dover. A series of 9 prenatal letters are also available either through the Units or the Division of Maternal and Child Health, of the Board in Dover.

State To Be Allotted \$2,032,182 For Roads

Delaware will be apportioned \$2,032,182 out of the first \$500,000,000 to be distributed in the \$1,500,000,000 highway program authorized by Congress, the Federal Works Agency announced yesterday. The money still must be appropriated by Congress, however.

The Delaware share includes \$1,096,875 for federal aid highways, \$731,230 for feeder roads, and \$204,077 for urban highways.

Once the money has been provided, only \$100,000,000 will be immediately available, primarily for financing surveys and plans, and for purchase of rights-of-way.

The other \$400,000,000 will not be available to the 48 states, the District of Columbia, Hawaii and Puerto Rico, until the war emergency is declared over by the President, or the Congress authorizes the expenditure.

The road construction program will be undertaken by the states with cooperation of the federal government.

Wartime Marriages Are Increasing Population

America's wartime marriage boom will be echoing around in our national economy for many years.

The Commerce Department, predicting this today, said that in each of the four years, 1940 through 1943, there were more marriages than in any previous year in U. S. history. And the main economic impact is yet to come.

Here's how a census bureau expert figures it:
The increase in marriages was followed by a boom in babies. This has already caused a record demand for children's clothing. It will be reflected in an upswing of elementary school enrollment around 1946 and 1947.

High school enrollments will jump in 1955-1956. Finally there will be an increase in marriages when the children grow up.

THIRD WAR YEAR FINDS HEALTH IN STATE GOOD

98 Infantile Paralysis Cases Reported; Other Diseases Down

Despite 3 years of war, the morbidity report of the State Board of Health for the close of 1944 shows that there were 1,626 less cases of communicable disease reported in Delaware in the year just ended than there were in 1943. The total number of the cases of communicable diseases reported by physicians to the Board during 1944 were 1,370, as compared with 2,996 cases reported by them in 1943. (The height of the 1943 figures was due to an epidemic of measles which numbered 1,788 patients as compared to only 375 measles cases last year.)

Of gravest concern to the public during 1944 were the 93 poliomyelitis cases, compared to only 7 cases of this disease in Delaware in 1943. On the other hand, meningococcus meningitis was down with only 47 cases as against 71 in 1943, and typhoid cases 3 against the previous year's 11. Deaths from "polio" (also known as infantile paralysis) numbered 7 out of the 73 cases reported and there were 6 deaths from meningitis.

More tuberculosis cases were reported in Delaware last year — 187 against 145 in 1943 but Dr. L. D. Phillips, director of the Brandywine Tuberculosis Sanatorium, when questioned about this stated that he did not feel that tuberculosis was so much on the increase in the state but that rather the cases already existing were being reported better to the Board. Selective Service reports cases of tuberculosis found among the men examined even though the disease may not be in a contagious stage. The State Board of Health nurses have carried on an intensified program this past year of trying to locate all contacts of known "TB" cases and having these people report to tuberculosis clinics for examination. This helps to locate early cases of the disease in order that people may have early treatment, and thus have a better chance to cure.

The only diseases shown on the State Board of Health's weekly morbidity report are those which are communicable, so the report does not show diseases like cancer, heart disease, diabetes, etc.

Pneumonia advanced 9 cases past last year's 22 and diphtheria marched from 11 to 21 despite a comprehensive diphtheria immunization program.

Scarlet fever's increase from 216 to 311 in '44 was partially balanced by whooping cough's decrease from 212 to 56 and chicken pox reduction from 365 to 121. These diseases of childhood tend to run in cycles.

Mumps stayed fairly constant with 119 cases in 1944 as compared to 115 in 1943.

Delawareans were thankful that Rocky Mountain spotted fever (also known as "tick fever") had subsided from 14 to 4 cases and that though colds flourished as usual during the winter months, there were no cases of the dreaded influenza reported.

Three cases of tularemia or "rabbit fever" developed in the lower part of the state before Christmas, resulted in the death of one of the hunters who had handled a diseased rabbit.

No anthrax and only 2 undulant fever cases were reported during 1944.

On the whole, the health of Delawareans has been remarkably good during the 3rd year of war, according to Dr. Edwin Cameron, executive secretary of the State Board of Health, in commenting on the communicable diseases reported during the year just ended.

CAREFUL FUEL USE IS URGED

No Increase In Allotments Seen For Fuel Users

Householders are advised to use all fuels sparingly as no increase in fuel allotments is in prospect, said Leon Walker, solid fuels administrator for Delaware.

"There is no indication at present that consumers of anthracite and eastern coke can possibly get more than a maximum of 87 1-2 per cent of their normal requirements of these fuels, which was the estimate made last spring by the Solid Fuels Administration for War," Mr. Walker said.

Householders are urged by Mr. Walker to use all fuels as sparingly as possible. This will not only protect them against possible emergencies later in the winter, but it will help meet a national need for general economy in manpower and transportation facilities.

Many dealers are unable to make deliveries promptly because their trucks or other equipment are wearing out, or because they cannot find enough workers to deliver coal. At some points, even a slight easing of demand would improve the situation considerably.

Administrator Walker pointed out in addition that over one-fourth of all the freight hauled by railroads consists of coal and stated that if consumers of anthracite reduce their demands for fuel, it will help to ease the crowded condition of railroad transportation.

Due to an orderly and equitable distribution of the anthracite available since April 1, the beginning of the current coal year, the general situation in solid fuels throughout the state is at present greatly improved over the conditions prevailing this time last winter.

"FREE ENTERPRISE"

In a contest for the best editorial on "Free Enterprise" in the newspapers of the United States, Editor George W. Hopkins of the Lake Region, Eustis, Florida, won first place in the Herrick award made at the recent meeting of the National Editorial Association in Milwaukee. His editorial not only merited the award, but is worthy of the widest distribution. Editor Hopkins said:

"Free enterprise is not a political term. Some people seem to think that as soon as one begins to advance the idea that American business, industry, commerce or agriculture was built up on free enterprise in this country, one must be a Republican.

"As a matter of fact, free enterprise is a basic American principle, as free from politics as the Constitution of the United States itself. It came into being with the Constitution. It emerged from such episodes in American history as 'the Boston Tea Party,' and drew its first baptism of blood at Bunker Hill.

"The implication of free enterprise is simple, straightforward and honorable. It derives its rights from a natural human impulse; the right of the individual to the initiative, and to enjoy the liberties guaranteed in the Constitution; liberties bought with the blood of patriots who 'pledged their lives and their sacred honor' to establish those liberties.

"The American people have never surrendered their liberties to their representatives, or the government, which is of, by and for the people. Whatever liberties we have lost through these agencies has been usurped by them by assuming powers not found in the Constitution.

"Our form of government is definitely set up for the Congress to follow. The President of the United States and the Congressmen have taken solemn oath that they will 'defend' the Constitution against all enemies.

"If Congress had dutifully considered this sworn obligation, free enterprise would today be a fact instead of a tradition.

"Congress can, and should, reverse its trend and return to the basic principles of the American enterprise system. If such action is not voluntary on the part of the Congressmen, the American people have the right to replace every mother's son who has by voice and vote indicated that he has little or no regard for Constitutional government.

"Free enterprise has financed two world wars. It has created more wealth among 130,000,000 people than exists in the rest of the world; it has enabled us to spend approximately 400 billions of dollars to train, equip and mechanize an army to fight for the principles of free enterprise for ourselves, and that other peoples may be enriched. Therefore, free enterprise is not a selfish system as claimed by some; it is not founded upon greed. It is based on human initiative and the right to create, share, enjoy and spend the wealth amassed by our individual and collective efforts as a people.

"As Democrats and Republicans, and especially as Americans, we will not surrender free enterprise to national socialism; to any system of paternalism; to bureaucracy or dictatorship. Such agencies have been the downfall of governments since the beginning of history, because they fail to recognize a fundamental human right—the right to 'life, liberty and the pursuit of happiness' and the right to the wealth the individual has honestly earned by creative genius and the sweat of the brow.

"Free enterprise is American democracy in action!"

BIG AND LITTLE FELLOWS

Did it ever occur to you that in the past a great number of small concerns have eventually become big businesses—and that in reverse order there are equal assortments of big businesses that have shrunk into small businesses?

Look about in your own neighborhood and you will find a large number of small businesses that are dependent upon large businesses and industries that exist in other places. The business of manufacturing and selling automobiles, for instance, is the most disrupted enterprise in the whole nation. The big companies that make hundreds of thousands of automobiles in a year are now working for the Government. Small manufacturers of parts, material and supplies from thousands of concerns fit into the picture.

In peace time, about half of all the products manufactured and sold by automobile companies were produced by sub-contractors engaged in supplying fabricated parts, and in the majority of these smaller concerns fewer than 500 people were employed.

The manufacture of automobiles actually begins in the cotton fields, forests, and at the mines, where raw materials are collected. Great quantities of raw material comes from nearly every State in the Union.

Thus, all kinds of industries, big and small, are necessary to a prosperous America—the small industry cannot exist without a market, and the big industry would be unable to keep its wheels in motion except for the small business groups. Even the signs and advertisements on business houses in every town and city connects our major establishments on the Atlantic, in the middle West, on the Pacific, and in all the States. National affairs are local affairs.

THE GOLD STANDARD

There's plenty of gold in the World even if you never see a ten or twenty dollar gold piece. It is interesting to know that the United States owns nearly 21½ billion dollars worth of gold, or more than two-thirds of the World's total supply. The United States Government is holding out for a modified gold standard of international money. However, before this question is settled there should be a complete review of the whole subject.

Meanwhile, it is to be hoped that Uncle Sam will not pull all his quota of gold out of the holes in which it is buried, and continue the lavish methods of sprinkling our national assets around the world.

In The WEEK'S NEWS

JAPS SHELL YANKS—Japanese 90mm mortar shell explodes amid American soldiers during the fighting in the village of Limon on Leyte Island, Philippines. Three Yanks were injured by the explosion.

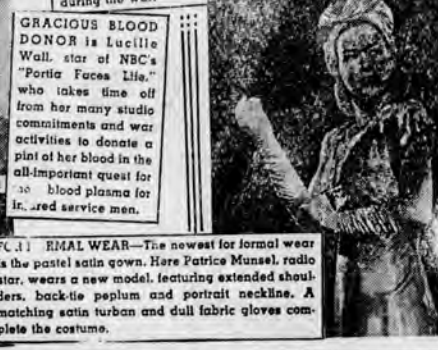

TURN-OF-THE-CENTURY SLACK SUIT—What if young lovelies of the early 1900's didn't wear slacks? Film player June Haver in "Irish Eyes Are Smiling" displays what the girls might have worn if slacks had been popular. Dick Haymes, star of NBC's "Everything for the Boys" radio show, thinks June's ensemble could be called "Embraceable You."

IMPORTANT JOB 100—Guy Lombardo, famous band leader, watches with pleasure while Mrs. Lombardo performs her important job of saving waste lots, one of the war's most necessary materials.

AMONG THE LAST—"Longshot" wins in a photo finish at Tropical Park, Miami, Fla., in one of the last race meets to be held, due to government suspension of all horse racing during the war.

GRACIOUS BLOOD DONOR—Lucille Wall, star of NBC's "Portia Faces Life," who takes time off from her many studio commitments and war activities to donate a pint of her blood in the all-important quest for blood plasma for injured service men.

FC-11 REMAL WEAR—The newest for formal wear is the pastel satin gown. Here Patrice Munsel, radio star, wears a new model, featuring extended shoulders, back-tie peplum and portrait neckline. A matching satin turban and dull fabric gloves complete the costume.

FOOD FOR THOUGHT

"Conserve by Stretching Your Food Dollar"

Our grandmothers knew most of the answers when it came to stretching their food money over the most ground. Modern grand-daughters are adopting grandma's ideas and adding a few tricks of their own to conserve food and help it fight for freedom. Here are some ideas we've gathered at random which will help conserve food in your kitchen.

1. Save those bones! The pup may need an occasional one but give the family a break with the rest by simmering with plenty of seasonings. Makes a delicious stock to use for soups, as a base for casserole dishes, gravy, etc. Skim the fat from clear meat broth for a simmering soup.
2. Get two vegetables for the price of one by cutting up outer green leaves of cabbage, cauliflower, broccoli, cooking in salt water, then butter or serve with white sauce. Don't forget beet, celery, young radish and turnip tops too.
3. Now the canning season approaches so cook the peeling and pulp from apples, grapes, plums and orange or lemon rind for their pectin. Combined with fruits low in pectin, they make wonderful jelly.
4. Get a couple of beef kidneys and hunt up your favorite kidney stew recipe. It'll be mild, delicious and you'll pat yourself on the back at seeing thirty cents worth of meat feed six people generously.
5. Save that sour cream, make into salad dressing or bake a cake. Best of all, pour it over browned liver, veal cutlet or meat balls and let simmer until tender.
6. Learn to cook by the clock to save yourself time, fuel and flavor.
7. Wrap squeezed orange and lemon rind in waxed paper and store in the ice box. Slice to cook with prune, veal, lamb and pork roasts. Grate for flavoring in applesauce, custards, puddings, cakes, cookies or what have you.
8. Keep a stock jar in your refrigerator in which you'll drain excess vegetable cooking water, bits of left-over vegetable, meat and gravy which add just that much flavor. You'll find it invaluable for soups, gravies and casserole dishes.
9. Save your sugar for summer drinks by sweetening when hot and with a sugar syrup. Remember that fruit juices and milk drinks are "builder-uppers" for children and grown-ups alike.
10. Can all you can and see how much better your food budget and ration books fare this winter. Store in cool, dark place to save color and food value.

IN REVIEW

25 Years Ago

Fibre Co. Closes Down One Mill

As a result of the scarcity of coal the local plant of the American Vulcanized Fibre Company closed down the paper department last Saturday. By this action 30 employees of the plant were thrown out of work temporarily. At the plant today, Superintendent Durnall was unable to say just how long this branch of the plant would be closed, that depending on future coal supply.

Burning Car Attracts Much Attention

The Aetna Fire Company was called out on Monday afternoon by an alarm sent in from the Pennsylvania station that a car load of oranges was on fire. This car was one of a train of refrigerator cars on a through freight bringing southern freight to northern markets. The fire which probably originated in a hot box was discovered when the train was near Elkton. The crew proceeded to the pumping station east of town where they made unavailing attempts to control the blaze. A shifting engine was pressed into service and shunted the car to the siding near the passenger station, where it was hoped the local fire company could render aid.

They were handicapped by the difficulty of securing water. The nearest fire plug is a short distance below the Post building, and attachment to this required more than 1000 feet of hose. This was promptly secured and the fire brought under control before any considerable damage was done to either trucks or track. The damaged car was hauled away yesterday morning.

War Time Prices At Recent Sale

War time prices prevailed at Thomas H. Green's sale held last Thursday according to auctioneer W. S. Armstrong whose price getting ability is attested by the long list of sales on his calendar for the winter.

"It was some sale..." Chickens brought 40c a pound; hogs 15c — and turkeys 57c live weight. Horses sold from \$107 to \$175, cows from \$150 to \$385. Many expressed the opinion that it was in many respects the most unusual sale ever held in this vicinity.

Christmas Services To Be Held

A Christmas service will be held at the Presbyterian Church next Sunday. The Christmas sermon and the Christmas music will be given in the morning.

Lectures Before Improvement League Rev. Frank Herson, pastor of the M. E. Church delivered a lecture on Ireland before the School Improvement Association at Jackson School House last night.

Ready for Grammar School Play The committees in charge of the plans for the play to be given by the Eighth Grade on Monday evening, December 22 at the Opera House have everything in readiness.

The chief characters in the play, "Where Love Is There, God Is Also," are as follows: Buford Denny, Marion Hopkins, Irving Cashell, Iva Wollast-

on, Charlotte Hossinger, Herbert Leverage, Catherine Holton, John Morrison, Marion Durnall, Alma Chambers, Laura Perkins, Gladys Berry, Reginald Rose and Robert Jaquette.

Christmas Entertainment

Welsh Tract School will give a Christmas entertainment at the school, Monday evening, December 22, 1919, at 8 o'clock. Admission free.

The following pupils have not missed a day since school opened in September: Margaret Reed, Leona Reed, Jane Reed, Henry Whitman, Paul Whitman, Vera Conner, Elmer Smith and Bessie Coleman.

To Nominate Officers

An important meeting of the members of the Aetna Hose, Hook and Ladder Company will be held in the Town Hall on Friday evening next to nominate officers for the coming year. The election will be held the first Friday in January.

Vital Phase Discussed

The Women's Home Missionary Society of the Newark M. E. Church held its regular meeting on Friday afternoon at the home of Mrs. R. S. Gallaher.

After the business meeting, the subject for the afternoon, "The Language Question as it Pertains to our Foreign Population" was ably presented by Mrs. T. T. Martin. A discussion which brought out many points with reference to this particular phase of Americanization followed under Mrs. Martin's leadership.

A social hour with refreshments was enjoyed after the discussion.

Children to Interpret

The children of the grammar grades are busily planning for a Christmas party to be held at the Y.M.C.A. on Tuesday afternoon. Costumes and scenes illustrative of Christmas in other lands will be an interesting feature of the affair.

MISS MARGARET NEWMAN SETS WEDDING DATE

Invitations have been issued for the wedding of Miss Margaret Elizabeth Newman, daughter of Mrs. Mabel Bowen Newman of Lancaster Village, and Mr. August Carl Haas, son of Mr. Frederick Haas of Wilmington. The ceremony will be performed at 2 o'clock on Saturday afternoon, January 20, in the Immanuel P. E. Church. A small reception for the immediate families will follow the ceremony. Miss Newman, a graduate nurse of the Memorial Hospital, is a member of the Staff of nurses of the State Board of Health. She is the granddaughter of the late Mr. and Mrs. Levi Bowen of Newark. The couple will be at home at 2019 Washington Street, Wilmington after February 1.

D. A. R. JUNIOR AIDES WILL ATTEND LUNCHEON

The Delaware Junior Committee of the Daughters of the American Revolution and its advisory board will hold its first state meeting and luncheon at the Hob Tea Room in Wilmington on Saturday, January 20, at 1 o'clock. Guests at the speakers table will include the following national officers: Mrs. Walter S. Williams of Wilmington, vice-president general; Mrs. Raymond Goodell of South Orange, New Jersey organizing secretary general; Mrs. John A. Fritchey II of Harrisburg, Pennsylvania; national chairman of the junior membership; Mrs. Edward W. Cooch of Cooch's Bridge, past registrar general, and State Regent Mrs. John Lee Farmer of Laurel. Miss Dorothy Armstrong of Newark, state chairman of junior membership; Miss Helen Scott of Wilmington, state treasurer of D. A. R.; Miss Blanche Frederick of Wilmington, chairman of the junior committee of the Caesar Rodney Chapter and Mrs. James M. Parsons of Newark, chairman of the Cooch's Bridge Chapter. Junior committee comprise the committee in charge of arrangements.

NEWS ABOUT LOCAL BOYS IN SERVICE

Private First Class Mervin C. Jackson is spending a twelve day furlough with his parents, Mr. and Mrs. Noble Jackson. He is now stationed at Fort Jackson, South Carolina and expects to be sent overseas with the termination of his furlough. Private Roger B. Wooleyhan who has recently been inducted into the service is now stationed at Fort Blanding, Fla. in the tank corps. He is the son of Mr. and Mrs. R. E. Wooleyhan of Cooch's Bridge Road. Private First Class Raymond Edwards who has been spending a nine-day furlough with his wife and small son of Iron Hill has returned to Nicholas General Hospital, Louisville, Kentucky. Private Edwards has recently returned from six months of duty overseas. The War Department has recently announced the promotion of Truxton Wright Boyce of 708 North Franklin Street, Wilmington from captain to major in the Coast Artillery Corps. He received this promotion while attached to the Fourth Army Air Forces in San Francisco, Calif. Major Boyce entered the Army after graduation from the University of Delaware in June, 1941 and received the rating of Captain while stationed at Camp Davis, N. C. His wife, the former Miss Doris Jolls of Newark, is now living in California with him.

LADIES BIBLE CLASS TO MEET THURSDAY, JAN. 18

The Ladies Bible Class of the Newark Methodist Church will hold its business meeting on Thursday evening, January 18, at 8 o'clock at the church. Mrs. Frank Jamison, vice-president, will be in charge of the meeting in the absence of the president. The program will be arranged by Mrs. Lester Beers and Mrs. Herman Wollaston and Mrs. J. H. Rumer will be in charge of the refreshments. There will be an election of officers at this meeting and all members are to be present.

REGULAR MEETING OF LADIES BIBLE CLASS

The regular meeting of the Ladies Bible Class of the Newark Methodist Church will be held on Sunday morning, 9:45. A cordial invitation is extended to all to study with us. "Victory over temptation to absolute obedience to God formed the prelude to a life than can be used by God for the blessing to others" is the subject of discussion this week.

AFTERNOON SERVICES AT HEAD OF CHRISTIANA

Services will be held in the afternoon at the Head of Christiana Church on Sunday, January 14. Sunday School will begin at 1:30 P. M. and Frank H. Butterworth will be in charge of the service. The lesson to be discussed will be "Jesus Signs His Ministry". The regular church service will come at 2:30 P. M. and the pastor, Rev. W. W. Renne will deliver the sermon on the subject "The All-Sufficient Christ". The choir will present special music and everyone is welcome at these services.

Mrs. James Dorschell of near Newark spending two weeks in Miami, Florida with her husband, First Lieutenant James Dorschell, who is stationed there on redistribution.

PERSONALS

Mrs. H. Simpson Hoffercker visited her son, Robert Hoffercker, Seaman First Class at the Brooklyn Navy Yard on Monday. Mrs. Hoffercker also visited with her brother, Mr. Allan George of New York City.

Congratulations are being extended to Mr. and Mrs. Alois Leinen on the birth of a daughter on January 4, in the Wilmington General Hospital.

The ladies of St. John's R. C. Church held their monthly meeting at the home of Mrs. Francis McCann on last Wednesday evening.

Dick Roberts has been confined to his home for the past three weeks with a recurrence of arthritis. He is director of athletics at the Conrad High School, Richardson Park.

Miss Nell Mackey of Nottingham Road is confined to her home with an attack of pleurisy. Miss Mackey is a teacher in the Kenmore Schools, Providence, Maryland and Mrs. E. Orville Otley is substituting for her.

Mrs. Harry W. Davis of 236 West Main Street spent the week-end in Elkins Park and Wynnewood, Pennsylvania, where she was the guest of Captain and Mrs. Frank Dean, formerly of Newark.

Mrs. J. Harvey Dickey of 240 South College Avenue will spend this week-end in Washington, D. C., attending the National Defense Conference. Mrs. Dickey is president of the Department of Delaware, American Legion Auxiliary.

Mr. and Mrs. Paul Hawthorne of near Newark are receiving congratulations on the birth of a son, born January 6, in the Delaware Hospital, Wilmington.

Mr. Paul D. Lovett of Old Oak Road was host on Monday evening to the Mens Bible Class of the First Presbyterian Church.

The senior and junior hostesses at the U. S. O. in Wilmington from the J. A. O'Daniel Unit No. 10 on Sunday were: Mrs. William S. Hamilton, Mrs. J. Harvey Dickey, Mrs. F. Allyn Cooch, Jr., Misses Nancy Cooch, Ella Mae MacLary, Carolyn Chalmers, Virginia and Jean Phillips and Mildred Baylis.

Mr. Ernest Frazer of 196 West Main Street has been confined to his home due to a heart attack.

Mr. and Mrs. Frank Butterworth of Barksdale Road are receiving congratulations on the birth of a son born January 10, in the Memorial Hospital, Wilmington. There are two other children in the Butterworth home, Carl and Audrey.

IN MEMORIAM
In sad and loving memory of our son, Harry Wayne Pierce, who left us one year ago. We know you went as you wished — sticking to your post of duty. We sit here in the evening of life. Talking of the good times we had together which were entirely too short. Your smiling face, we will never forget. But God knows best.
Mother, Father & Family.

HOME EDUCATION

An acquaintance sat by me in the street car and asked how it was with me and mine, and I inquired after her only daughter.

"We are troubled," she answered. "Monica can't decide what she wants to do, and is so discontented."

"She used to show a taste for art," I recalled. "Yes, we thought she had a talent in that direction, but she tired of her lessons. We tried her with music, but she found practicing tiresome. She went in for teaching—thought she liked little children—but her last school was just about all she could stand. She's thinking of being a nurse. It is hard to know what a youngster is best fitted for. Your Mabel always wanted to work in a laboratory, didn't she? I envy you."

"We have much to be thankful for, but the way has not been entirely smooth. Sometimes I think we pay too much attention to talent and not enough to work."

"Then you think talents don't matter?"

"I do think gifts are of utmost importance. In fact, following in the line we are best fitted for is the only way to genuine happiness. But sometimes youngsters get the idea that their talents will produce the magic of success without work and real striving, so that when they come up against obstacles they think they have mistaken their calling, and look around for something easier, something requiring less effort."

"How are we to know—when a boy or girl shows taste for so many things and changes his preference so often—what his real talent is?"

"Childhood, continuing into early youth, is a trying-out time; change is quite an order then. But at the same time, a child should be shown that only hard work and perseverance will bring success in any line of effort."

"Of course you are right." "Most of us have at least a little ability in several directions. If no opportunity comes to follow one, we can follow some other. But occasionally, we find a person with an urge so strong in one direction that, even after years spent in training for some entirely different occupation, he becomes successful only when he follows that urge. In those cases the call is so forceful it is finally heeded, in spite of every hindrance."

"But you think we should have urged Monica to keep up with her art?"

"No, there may have been reasons for her tiring of her lessons—she may have outgrown them. Does she still design and make her own dresses?"

"Yes, she does, and she has a great deal of patience and puts plenty of work into whatever she is making. She

Untagged Fountain Pen Sales Ruled Illegal

Charles W. Hardesty, Delaware OPA director, notified merchants that it will be illegal after Jan. 1 to sell untagged and unmarked fountain pens and mechanical pencils covered by OPA price regulations.

The pens and pencils must be marked with the manufacturer's firm name, or brand; model designation, and retail ceiling price.

Pens and pencils not priced in the OPA regulations or its amendments can not be sold unless application for pricing has been approved by the Delaware district OPA, or unless application has been on file with the district office for 20 days.

If the OPA does not deny the application within 20 days the retailer may then sell the pens or pencils at the requested selling price.

GRANGE 46 TO INSTALL OFFICERS ON JANUARY 15

Krebs School
War Bond Sale
Totals \$289.95
For One Week

Newport — Jan. 11th — War Bond Sales at the Krebs School this week amounted to \$289.95, as announced by Mrs. Elva K. Bogla, War Bond Chairman. Miss Betty Newton's second grade was high in the room contest, their purchases amounting to \$49.55. Grades having 100 percent of their enrollment purchasing bonds or stamps were Mrs. Elsie Lynch's fifth grade; Miss Mary C. Gray's sixth; Mrs. Florence Moore's seventh and Mrs. Margaret Ford's eighth grade.

Pupils of Mrs. Margaret Ford's eighth grade room enjoyed an ice skating party Friday evening after school at the Holly Pond. James Taylor and John Kryslis were in charge of arrangements for the affair.

Mrs. Phyllis Heck, Supervisor, was a visitor at the Krebs School Thursday observing methods of instruction.

Dr. H. V. Holloway, State Superintendent of Public Instruction, was guest speaker at the Christiana Hunted Lions Club on Tuesday evening at the Conrad High School.

Officers elect of Delaware Grange No. 46, P. of H. will be installed on January 15th in the Woman's Club Building, by Mr. and Mrs. Joseph Mitchell and staff from the Harmony Grange.

The Rev. Alex W. Boyer, Rector of the St. James P. E. Church, Newport, held a meeting with the Church School Teachers on Monday evening in the Rectory.

On Thursday evening at 8 P. M. the St. James P. E. Church, Newport, will sponsor an All Men's Card Party in the Parish House. All men of the church and community are invited to attend.

Members of the Women's Auxiliary of the St. James P. E. Church, Newport, will attend the Diocesan Meeting on Thursday morning in the Cathedral Church of St. John, Wilmington. At 1 P. M. the Women's Auxiliary will hold their monthly meeting in the Parish House, Newport, with Mrs. William H. Crawford, President, presiding.

The Rev. Alex W. Boyer, Rector of the St. James P. E. Church, announces that Holy Communion Service was observed on Sunday morning at 7:30 A. M. and again at 11 A. M. Also, the newly organized junior choir sang with the senior choir. They presented "We Three Kings", and the junior members had solo parts.

The Guild of the St. James P. E. Church met Friday evening in the Parish House for their monthly session. Mrs. William H. Crawford and Mrs. Gertrude Comegys were members of the Social Committee.

Mr. William D. Blair, Director of the Newport Methodist Church Choir, entertained members of the choir at his home 2503 Jefferson Street, Wilmington, Friday evening.

On Sunday morning at 11 A. M., the Rev. Paul E. McCoy, pastor of the Newport Methodist Church will complete his series of ten sermons. His subject will be "The Kingdom of God." On Sunday evening at 7:15 p. m., the Junior Choir will sing, and the newly elected officers of the Women's Society of Christian Service of the Newport Church will be installed. Mrs. George Green, President, will be installed, and immediately following the church service, will hold a meeting of the Executive Board.

On Monday evening, the first session of the Christian Workers School was held in the Newport Methodist Church. Sessions will be held every Monday evening for a period of six weeks. The Rev. Henry T. Caldwell of Hockessin Methodist Church will be Dean of the School, and the Rev. Paul E. McCoy, will be the host pastor.

The Rev. Paul E. McCoy, pastor of the Newport Methodist Church, announces that during the week he has organized a new Youth group in the church, ranging between the ages of 17 and 23 years. They will meet in the church tomorrow evening at 7 p. m.

On Tuesday evening, the Circles of the Women's Society of Christian Service met as follows:

Circle No. 1 — Mrs. William Jones and Mrs. Harrison Day—leaders, at the home of Mrs. Day.

Circle No. 2 — Mrs. A. M. Craig, and Mrs. Charles Booth at the home of Mrs. Booth.

Circle No. 3 — Mrs. Alvin Ruth and Mrs. Homer Morris, leaders—at the home of Mrs. Alvin Ruth.

Wesleyan Guild group met at the Steinbaker Home.

Mrs. Peter Martin of Newport left Thursday for Mississippi, where she will visit with her husband Private Peter Martin of Camp Shelby, Miss. She expects to remain in Miss. for two weeks.

Robert W. Maclary, son of Mr. and Mrs. Robert P. Maclary of Newport like has enlisted in the Navy, and left on Tuesday. He is stationed at the U. S. Navy Training Center, Sampson, N. Y.

Mrs. Reed H. Bradford of Newport like who has been ill for the past week has been removed to the Delaware Hospital where she is now a patient. She was threatened with pneumonia.

PATHOLOGIST MEETING AT UNIVERSITY

Joint Group To
Discuss Similar
Plant Problems

Results of their first year of cooperative work will be the chief interest at the second annual meeting of the Jersey-Delmarva Plant Pathologists at the University of Delaware on January 17, according to Dr. J. W. Heuberger, chairman of the group.

Since similar conditions in lower New Jersey, Delaware, and the eastern shore counties of Virginia and Maryland were bringing similar problems to all plant pathologists in the area, the group got together at the invitation of the Delaware Agriculture Experiment Station last year to see if they could profit by working cooperatively. Projects were set up to be carried out in the same manner at all stations interested so that each could serve as a check for the other and at the same time increase the total findings in relation to the individual problem involved, afford in a sound selection more rapidly.

Projects which have been conducted under this plan during the past year and the experiment station project leaders who will discuss the total results are as follows: Apple Sprays, S. L. Hopperstead of Delaware; Peach Sprays, R. A. Daines of New Jersey; Potato Varieties and Seedlings, R. A. Jehle of Maryland; Potato Sprays, J. C. Campbell of New Jersey; Tomato Sprays, J. W. Heuberger of Delaware; Lima Bean Seed Treatments, C. E. Cox of Maryland; Sweet Potato Sprout Treatments, T. F. Manns of Delaware; Sweet Potato Storage Rots, R. A. Daines of New Jersey; Peppers; Varietal Resistance to Viruses, C. M. Haenseler of New Jersey; and Soybean Seed Treatments, C. E. Cox of Maryland.

The rest of the meeting will be devoted to general discussion of plans for 1945 work. A new chairman will be elected, and he will appoint fruit and vegetable committees to make final determination of projects for next year.

Fifteen of the eighteen pathologists in the area have indicated their intention of attending.

Masons Confer First Degree

Hiram Lodge No. 25, A. F. & A. M. held their regular bi-monthly meeting on Monday night in their lodge rooms in the Opera House building with Worshipful Master William G. Singer presiding at the lodge session.

During the meeting the first degree was conferred and several petitions for membership were received.

CERTIFICATE OF REDUCTION OF CAPITAL

Fullerton Manor Apartments, Inc., a corporation, organized and existing under the General Corporation Law of the State of Delaware, DOES HEREBY CERTIFY as follows:

(1) That at a meeting of its Board of Directors duly held and convened, a resolution was adopted setting forth a proposed reduction of the stated capital and an elimination of the Paid-in Surplus account of said corporation in the manner and form and to the extent hereinafter set forth, and calling a meeting of the shareholders having voting powers for the consideration thereof.

(2) That thereafter at a special meeting of the shareholders of the above named corporation called pursuant to waiver of notice signed by all of the shareholders pursuant to the by-laws of said corporation for the purpose of voting upon the question of reducing its stated capital and effecting an elimination of its Paid-in Surplus account, resolutions were duly adopted by said corporation to reduce the stated capital of the corporation by the amount of nineteen hundred forty-five (\$1945.00) dollars and eliminating all of the Paid-in Surplus account of the corporation in the manner set forth in the following resolutions:

BE IT AND IT IS HEREBY RESOLVED THAT the officers of this corporation for and on its behalf hereby accept the surrender for cancellation and retirement from its shareholders three hundred eighty-nine (389) shares of the capital stock of this corporation, thereby reducing its stated capital from two thousand nine hundred ninety-five (\$2,995.00) dollars, consisting of five hundred ninety-nine (599) shares of common stock each of the par value of five (\$5.00) dollars, to one thousand fifty (\$1,050.00) dollars represented by two hundred ten (210) shares of capital stock of the par value of five (\$5.00) dollars per share issued and outstanding.

BE IT FURTHER RESOLVED that simultaneously with the foregoing the Paid-in Surplus account will be eliminated and credited to the account of the shareholders in such manner as they shall designate.

BE IT FURTHER RESOLVED that the present capital account of this corporation be stated as follows:

Stated capital consisting of 210 shares of common stock \$1,050.00

Paid-in Surplus NONE

(3) Pursuant to the foregoing resolutions, three hundred eighty-nine (389) shares of the common capital stock of said corporation were cancelled and retired and all of the other provisions contained in said resolutions were made effective.

(4) That the assets of the corporation remaining after such reduction are sufficient to pay any debts, the payment of which has not been otherwise provided.

IN WITNESS WHEREOF said Fullerton Manor Apartments, Inc. has caused its corporate seal to be affixed and this certificate to be signed by Harry Yavitt, its Vice-President, and William B. Ackerman, its Secretary, this 6th day of December, 1944.

NEWTON'S CHICKS

NEW HAMPSHIRE BARKED ROCKS

Two unusual strains for the poultryman who specializes in meat production. The Newton strains are unusual — not because they have the usual program for pedigree egg production, but because we have one of the most advanced pedigree and progeny-test programs for improving meat production of any R. O. P. breeding farm in the country.

MEAT MEASUREMENTS

Careful measurements are taken of our growing stock in both breeds on body weight, rate of feathering, leg color, livability, width of breast and length of keel. This program has been going on long enough so that it has shown remarkable results in the quality of poultry raised from these strains.

HATCHABILITY

For flock replacement purposes, for any flock owner or hatcheryman specializing in meat or combination meat and egg production, these strains can mean quite simply, better chicks and better income. Hatchability records on several flocks show over 85% hatchability during the normal hatching season.

Uncle Sam Asks Us

TO FILL OUT THE BLANK BELOW

(For Our Own Information Only)

My total annual income is \$
My annual expense for food, clothing,
taxes, rent, etc. is \$
Remainder for spending and saving \$

Have you filled in those figures yet? Well, don't put your pencil down. Take that last figure (the one that tells you the most you can have in War Bonds and in the bank at the end of a year) and divide it by 52 or 12, depending on whether you are paid weekly or monthly. Now you know just how much you have to spend or save each pay day. Save as much of it as you can. We know you can't save all of it. But remember, you pay wartime prices for wartime goods every time you spend a dollar. And remember, too, that every \$18.75 you put in War Bonds will net you \$25 in ten years!

Or if you put your money in a savings account—interest accumulates. Both ways—the more you save, the more you earn.

Our government asks us to follow a plan when we spend—to plan to save. This is the way we can help to win the war—by preserving the buying power of our dollars. And it's the best way to build for a prosperous peace as well!

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP

FEBRUARY CAMPAIGN ON RATS

Poison War To Be Waged Groundhog Day

The winter's annual rat poisoning has been scheduled for February 2, the day usually devoted to observing the action of another rodent, the ground hog, according to Paul L. Rice, entomologist for the Delaware Agricultural Extension Service.

Rats are a menace to public health and private enterprise. They destroy lives of people and animals through carrying diseases. Every year they destroy thousands of dollars worth of food and feed.

On the Delmarva Peninsula they present a particularly serious problem, since much of the feed for the important poultry and dairy industries is in ground form most palatable to them. They also threaten the poultry industry by killing baby chicks.

Necessity for efficient production and good use of all available materials during wartime has emphasized the necessity for controlling rodents.

The annual rat poisoning campaign is a part of the general control program which has been conducted by the Extension Service during the past year.

Details of the program, including complete instructions for safe and efficient use of the two rodenticides to be used (zinc phosphide and red squill) will be presented to farmers within the next few weeks.

1944 SHOWS DECREASED DEATH AND BIRTH RATE

Health Report As Marriages Also Drop Off

Delawareans weren't half as sick in 1944 as it was in 1943.

Statistics compiled week to week by the Board of Health show that 314 men, women and children suffered from communicable diseases during the year, although the number totalled 732 in 1943.

Deaths were again above 1,800 for the year, the total being 1,859, or 38 fewer than in 1943 when 1,897 deaths were recorded by the board.

Births, which reached an all-time high of 4,548 in 1943, fell off 310 to 4,238, with the last week in April, when the stork made 115 deliveries in the city, high for the year.

Marriages, which also set a record in 1943 of 6,175, dropped to 4,922 during the year which ended last night—again using records made available by the Board of Health.

From the Clerk of Peace's office, supplied by Deputy Clerk John L. Malone, comes the fact that the number of marriage licenses issued during the year was 5,838, the lowest since 1940. This compares with 7,227 in 1942, and 6,612 last year.

And figures compiled in the prothonotary's office show that the Superior Court judges granted 271 decrees nisi of divorce during the year, a total which compares with the all-time record figure of 290 in 1943.

Among the 16 communicable diseases reported regularly by the Board of Health, polio is usually about 12th, but during the past year it was third, affecting some 43 persons from July 1 until late in September when the most wide-spread infantile paralysis epidemic since 1916 abated.

State Dental Society Officers Are Installed

Dr. P. K. Musselman, retiring president of the Delaware State Dental Society, presided over the business session and installation of newly elected officers held at the Society's annual meeting Wednesday at the Academy of Medicine, Wilmington.

Officers for 1945 inducted at the meeting were: Dr. Morris Greenstein, president; Dr. Blaine Adkins, first vice-president; Dr. Frank Hoopes, second vice-president; Dr. Richard Stucklen, secretary and Dr. Henry Keaveney, treasurer.

Luncheon was held following the business meeting with clinic sessions scheduled in the afternoon. The meeting was concluded with a dinner at the Shrine Club at 7:00 o'clock.

Broiler Production Is Increasing Here

Two and one-quarter million pounds of broilers will be produced for the Army on the Delmarva Peninsula this week, Clifford W. Shedd, supervisor for the War Food Administration, said yesterday.

The total is equal to the highest purchases made by the Army in any one week, even in the peak period of production.

Army purchases of poultry on the Peninsula since the set-aside order reserving all poultry for the Army have been: Week of Dec. 16, 1,300,200 pounds; Dec. 23, 1,920,000 pounds, and estimated for week of Dec. 30, 2,250,000.

Strickersville Apartment Damaged by Night Blaze

Prompt action on the part of a bucket brigade formed by neighbors was responsible for saving the Old Garrett Store at Strickersville on Tuesday night.

The fire which caused about \$300 damage to the apartment occupied by Mrs. Albert Clark was believed to have been caused by an electric heating pad or an electric stove setting fire to a bed in the apartment.

Neighbors rushed to the scene of the blaze and erected a ladder to a window and forming a bucket brigade, passed water from one to another in an attempt to put out the blaze.

Prompt arrival of the Newark Fire Department, who went into service with their booster lines quickly extinguished the blaze. The building is owned by William T. Ayers.

NEWPORT M. E. CHURCH OFFICERS INDUCTED

Christian Worker School Is Conducted Each Monday

Newport, Jan. 11th — At the evening service of the Newport Methodist Church Sunday evening, the Rev. Paul E. McCoy, Pastor, installed the newly elected officers of the Women's Society of Christian Service. The installation was in the form of a Consecration Service, at which time the lights were dimmed and the Rev. McCoy instructed each officer in the requirements of their office.

The officer of the local W. S. C. S. as installed are: President, Mrs. Geo. Green; vice-president, Mrs. David Stevenson; Recording Secretary, Miss Margery Blansfield; Corresponding Secretary, Mrs. Horace Ingram; Treasurer, Mrs. James Dunlap; Secretary of Missionary Education, Mrs. Leslie Mahan; Secretary of Christian Social Relations and local Church Activities — Mrs. William Hanna and Mrs. Jerry Hambleton; Secretary of Student Work — Miss Rebecca Sayers; Secretary of Children's work — Mrs. George L. Bidle; Secretary of Literature and publications — Miss Irene Blansfield; Secretary of Supplies — Mrs. Jean Scarborough; Secretary of Wesleyan Guild — Miss Lela A. Lynam; Secretary of Spiritual Life — Mrs. Wade Burnett.

Circle Leaders installed were — Circle No. 1 — Mrs. William Jones and Mrs. Harrison M. Day; Circle No. 2 — Mrs. A. M. Craig and Mrs. Charles Booth; Circle No. 3 — Mrs. Alvin Ruth and Mrs. Homer Morris; Wesleyan Guild — Miss Lela A. Lynam.

The Junior Choir sang at the evening service.

At the morning service, the Rev. McCoy concluded his series of sermons on Great Protestant Beliefs. The concluding topic was "The Kingdom of God."

The first session of the Christian Workers School was held in the Newport Methodist Church Monday evening. This school will be conducted every Monday evening for a period of six weeks from 7:30 p. m. to 9:30 p. m.

The Rev. Henry T. Caldwell, pastor of the Hockessin Methodist Church will be Dean of the school. The Rev. Paul E. McCoy of the Newport Methodist Church will be the host pastor.

The Board of Managers include — Chairman, The Rev. A. B. Frye, Secretary — Miss Dorothy Baldwin; Treasurer, Mr. Earl Dawson; Publicity Chairman, Carl Roehm; Registrar, Arthur G. Craig; Literature, George B. Hamilton.

CENSUS OF FARMERS UNDER WAY

U. of D. Extension Personnel On State Committee

Most of the farmers to be questioned by census takers in the 1945 farm census of the U. S. Census Bureau, that started Monday, will be asked 239 questions, while some will be asked 313 questions.

In addition to information about the farmer and his family, area of his farm, his crop, his profits, and production, such questions as whether he has a kitchen sink with a drain, a mechanical refrigerator, power washing machine, and other items will be asked.

The committee for the state, recommended by Dean George L. Schuster, University of Delaware, consists of C. E. Ocheltree, AAA, Newark; Hugh Johnson, agriculture extension station, University of Delaware; Miss Betty Burch, extension editor, University of Delaware; and G. M. Worrlow, acting associate director of extension service.

Members of the New Castle County advisory committee are: Ralph A. Walson, Newark, county agent, University of Delaware Agricultural Extension Service; Barton A. Hopkins of New Castle; Steel Atwell, Hockessin, and Jay Price, Townsend.

MRS. DUNCAN NEW HEAD OF ST. JAMES AUXILIARY

Bishop McKinstrey Guest Speaker At Sunday Service Communion Held

Stanton, Jan. 11th — Bishop Arthur R. McKinstrey was the guest speaker at the St. James P. E. Church, Stanton on Sunday morning at 11:15 a. m. Holy Communion was observed at the service, with the Rev. E. Kenneth Albaugh, pastor in charge.

Tech. Sgt. Albert Jefferis, formerly Superintendent of the St. James P. E. Church Sunday School arrived in this country last Sunday. Sgt. Jefferis has been on foreign duty for over two years, and is now enjoying a leave here with his parents, Mr. and Mrs. Thomas Jefferis.

Mrs. Herman Duncan was elected President of the Woman's Auxiliary of the St. James P. E. Church, Stanton at their meeting this week, filling the vacancy caused by the resignation of Mrs. John Steller.

Miss Lora Little, Principal of the Stanton School, announces that War Bond Sales for the past week amounted to \$573.95. Mrs. Mae Betz is in charge of the weekly sales, and Mrs. Betz' seventh grade was high this week in the amount of bonds purchased.

Mrs. Margaret Wier's second grade pupils held a hobby show at the school this week, and arranged exhibits of their various hobbies. Other grades were guests at the show.

The Women's Society of Christian Service of the Stanton Methodist Church held its monthly business session on Thursday evening at the home of the Rev. and Mrs. Walter S. Green. The February meeting will also be held at the home of Rev. and Mrs. Green, at which time the W. S. C. S. members will hold a Quilting Party. All members are urged to attend and assist with the quilting.

The Married Women's Class of the Stanton Methodist Sunday School held its monthly business meeting and social on Monday evening at the home of Mrs. Walter Minor.

Mrs. Harvey C. Gooding and small son left this week for Texas, where Mrs. Gooding will join her husband, Lieut. Harvey C. Gooding of Camp Swift, near Austin, Texas. Mrs. Gooding, before her marriage was Miss Bernice Stradley, daughter of Mr. and Mrs. Ralph Stradley. She will now reside in Texas with her husband.

The Rev. Walter S. Green, pastor of the Stanton Methodist Church, was in charge of services on Sunday. At the evening service, members of the Methodist Youth Fellowship presented a program of special music.

Robert Fisher of Stanton who underwent an operation in the Delaware Hospital three months ago is still a patient there, and his condition is not so good.

Racing Banned, Horses Arrive At Stanton Oval

Horses have begun to arrive at Delaware Park, Stanton, for stabling since the national ban on horse racing went into effect. One carload, shipped from Hialeah Park in Florida, contained horses of Mrs. Ray Feinberg and G. R. Watkins, Chester, Pa., owners who care their strings at Delaware Park meetings.

FEDERAL JOBS OPEN TO TYPISTS

No Experience Necessary For \$146 A Month

Woodrow Singles, Local Secretary, Board of U. S. Civil Service Examiners, Post Office, has announced a drive for Clerks, Stenographers and Typists for employment in Washington, D. C. The needs of the Federal agencies, particularly of the War Department, Army Service Forces are of the utmost importance to each and every one of us, particularly at this crucial point in the war. Campaigns against Germany were impeded because vital supplies did not arrive on time. If you can't fight, you can do the paper work and supply the goods.

The Navy Department also is urgently in need of personnel, for we must keep vital materials flowing thru to our fighting fleet. Numerous other agencies provide a variety of interesting, important jobs where worthwhile experience can be gained. Every effort is made to place applicants in their preferred agencies.

Salaries start at \$146 a month including overtime, and no experience is required. More can be earned by those with experience. Transportation is paid by the War and Navy Departments to Washington, D. C. Army Service Forces' recruits may have housing reserved in a variety of private homes and other agencies will provide assistance in securing housing. Appointees are met at the station, if they so desire. Counselors are on duty to offer guidance in all phases of the new arrival's adjustment to Washington life. Educational, social and cultural opportunities are a source of profitable and pleasant leisure time activity.

In certain agencies, officials have stated that the work load will increase with the defeat of Germany and many branches will actually have to increase their personnel to match the shift of the war from Europe to the Far East. Mr. W. Singles who can be reached at the Post Office, will be glad to arrange examinations at the applicant's convenience and supply further information for those who are interested in Washington employment.

Veterans are given preference in Federal employment and they are urged to apply. All appointments are made in accordance with current War Manpower Commission Stabilization plans. So, don't delay! Apply immediately to your nearest 1st or 2nd class post office or U. S. Employment Service Office.
