HARKNESS, JOHN C., (A M) Publisher, Hotel Wilmington,
Nos. 819 and 1005½ Market Street. Reporter, Editor and Journalist,

Trade Journals available. Officially certificated Attorney and Counsellor-at-Law in all the Judicial Courts of the State of Maine. Certificated Commissioner of the State of Maine to the State of Delaware. Student of Doctors-of-Law. Authors and Professors Parsons, Washburn, Langdel, Dwight, Dillon and others of the Law Schools of Harvard and Columbia Universities. Certificated a Student of Delaware Law thirteen years under the instruction of the Honorable Charles B. Lore, Attorney-and-Counsellor at Law, then, and who is now Ex-Member-of-Congress, President of the Trustees of Delaware College and our worthy Chief Justice of the State of Delaware, Legal Practice and Instruction in Law, Equity Jurisprudence, International Law, Comparative Constitutional Law and Diplomacy in connection with Henry C. Conrad, Graduate of the Law School of Harvard University. Student of Hon. Anthony Higgins, Attorney-and Counsellor at Law, Ex-President of the City Council and Board of Public Education, late Commissioner of the State-of-Delaware to the World's Columbian Exposition, President of Trustees of the Delaware State College for Colored Students at Dover, Librarian of the Historical Society, with whom business for me or Notifications or Appointments may be left in my absence. In all affairs consonant with truth, justice and righteousness, I desire any person who has no lawyer may receive knowledge of the law and assistance in arbitration so as to avoid trouble, expense or a law suit. Another Lawyer's client I will have no conversation with in regard to his business with his client. Unless and until I offer my Certificate and Application for membership to New Castle County Bar I enjoy a Provisional freedom from professional conservatism in regard to advertising. I am also free to see or cause to be seen my client's opponent with a view to arbitration. Also to give a client such legal instruction and advice as to contracts, dealings, conservative writing and conduct as will avoid subsequent litigation. In cases where all means and resources of arbitration have failed and which must go on the docket I have affiliated twenty members of New Castle County Bar to each one, of whom I may give the Executive business at Court while I assist as Counsellor-at-Law. I shall listen to what each and every one of them may say to me that I may continue to enjoy their respect, confidence and assistance. And yet I am making a broad, grand and strong proposition to the people to avoid trouble, litigation, loss of time, sleep and business. Let the people transact their business so they will have no law suits and if law suits are imminent, arbitrate.—SEE TWENTIETH NUMBER OF HARKNESS MAGAZINE.

Business, personal and law secrets of all consultants are inviolably kept.

TO THE AMERICAN PEOPLE, GREETING.

I. Biography, history, industries and business which benefit the people are originally written and published as local, editorial, regular reading matter in the **Every Evening**, **Daily Republican**, **Morning News**, **Evening Journal**, **Harkness Magazine** and great national trade journals circulating throughout the United States and in Foreign Countries.

II. Correspondence, so far as is desirable, in each of over five thousand newspapers and journals in the United States.

III. Illustrated industrial and business publications of American cities.

IV. Consultations and literary work in Law, Equity Jurisprudence, Comparative Constitutional and International Law and Diplomacy.

V. Information for a right and lawful purpose for any worthy person and from any locality where there are, or may be sent, reporters and press canvassers.

TO WILMINGTONIANS, GREETING.

Our policy is, first, to open the way for our great industrial concerns to give stronger and greater support to our local newspapers and to lead these into a more enlarged, specific and executive business connection and co-operation, with the World's great trade journals in multiplying the thirty million dollars worth of annual products which Wilmington produces in good years. Second, To lead more factories to locate here, on which work we have contracts that invite investigation and favor of our patriotic citizens. Third, to increase the income of Wilmington's newsy scribes and home literati by more work and larger prices. Fourth, to sell home products through the influence and co-operation of the representatives in every business mart of nationally circulated trade journals. One of these we represent includes over forty American cities among the numerous localities operated and is rapidly increasing. It circulates also in Europe, Australia, South America, Canada, etc. We bespeak through this one trade journal alone the incoming of several factories to this city, each having over \$100,000 output annually. They can have two acres of land each, exemption from taxation for ten years, be close to supplies and market and sell land enough within ten years to pay for their building.

We invite successful subscription and advertising canvassers to both salary and percentages. We solicit everybody who can, by way of a quid pro quo in the regular order of business to assist us in increasing the repute and sale of Wilmington products and the number of her factories to the extent of employing thousands more of men.
