

Yule Home Decoration Contest Winners Announced By GNRA

Julian Whitlock, Wilkin Brown, Melville G. Kershaw, R. M. Brown Families Win Firsts In Religious, Tree, Doorway, General Classes; Brookside Homes Included

Assistant executive director of the Greater Newark Recreation Association, R. Thomas K'burg, Jr., has announced results of the annual Christmas decoration contest with a judging committee of Mr. and Mrs. Amos Jaquette, John Mueller, and Mrs. K'burg, touring all of Newark and Brookside the evening after Christmas.

In the religious category, the Julian Whitlock family at 817 Lehigh Road in Binn's won first place with their stable scene.

Dr. E. J. Shoudt of 7 Mulberry Road in Windy Hills was the second place winner, and Don Godfrey of 91 Lafayette Drive in Nottingham Green took third place.

The moderate scene at St. Paul's Lutheran Church on Chestnut Hill Road was awarded honorable mention.

Wilkin Brown's red Christmas tree at 304 Woodlawn Avenue in Lumbrook was the winner in outdoor tree classification.

J. P. Jaquette's tree at 135 Delaware Avenue took second place honors, and E. B. Milburn's tree at 5 Bear Lane was the third place winner.

The Lee and Murray family at 130 Park Place and 420 Beverly Road were awarded honorable mentions.

In the decorated door division, the Melville G. Kershaw family at 112 Tanglewood Lane won first place; Philip MacInnis at 812 Kenyon Lane in Binn's was the second place winner, and W. L. Galle's door at 410 Apple Road was the third place winner.

The Lawrence Polmontier family at 19 Madison Drive, and Dr. J. R. Warren, 22 Kells Avenue, were awarded honorable mentions.

In the general category, R. M. Brown of 202 Woodlawn Avenue, Lumbrook, was awarded first place; Robert Baldwin, at 20 South Kingston Road, Brookside, took second place, and the Thomas Mince family, 119 Diliway Drive in Windy Hills won third place.

The Edward Fitchell family of 201 Radcliffe Drive, Nottingham Green, the C. C. Hedges family of 112 Lehigh Road in Windy Hills, and David Pattenberger's polystyrene display at 44 West Delaware Avenue were awarded honorable mentions.

This contest has been conducted annually for nine years by the Greater Newark Recreation Association for the City of Newark. This was the first year Brookside was included in the judging.

Housing Authority Workshop Planned For Area Leaders

Mrs. Perkins, Richard Fox Plan To Attend Jan. 6-7 Program On Public Housing

Mrs. Joseph R. Perkins, executive director, and Architect Richard P. Fox of the Newark Housing Authority, are scheduled to attend a design seminar on public housing in Philadelphia, Jan. 6-7, sponsored by the American Institute of Architects, the National Association of Housing and Redevelopment Officials, and the Public Housing Administration.

This gathering of architects, individual businessmen, and local, regional, and Washington officials interested in public housing design and development is considered unique in the history of the Public Housing Administration.

The "endless repetition and corresponding dreariness of past public housing communities" has been openly criticized by PHA Commissioner Marie C. McGuire, who recently stated "We want housing that has utility and livability — construction which imbues its occupant with vitality."

Housing for low-income families is no longer conceived as only the provision of better, safer, and more sanitary shelter for the families who are housed, but as a neighborhood-civic opportunity to raise tone, quality and amenity of the entire neighborhood.

Working toward this end, PHA has acquired Consultant Albert Mayer of New York, a leader in housing and community planning for a generation. He has conducted design seminars in Chicago, Atlanta, Fort Worth and San Francisco, and will head up next week's seminar.

National president of AIA, J. Roy Carroll, Jr., of Philadelphia — designer of the Philadelphia International Airport Terminal — will be one of the principal speakers and member of a discussion panel.

Thomas J. McCoy, executive director of the Philadelphia Housing Authority will be general chairman.

Annual Farm-Home Week Slated Feb. 4-6 With Dr. Samuel M. Gwinn As Chairman

This year's program on light horses, will include applied techniques in training and riding a horse; common sense in horse health; and a special session on the United States equestrian team.

A joint meeting with the Delaware African Violet Society, along with a question and answer clinic for home gardeners conducted by the University of Delaware horticulture staff, will highlight home gardening sessions.

"What the farmer can do about prices" will be the main topic of farm price problem sessions. Other topics include market power through group action, and getting and using bargaining power by farmers.

Gwinn says that this traditional event will offer valuable information to both rural and urban people.

Farm and Home Week, a traditional event at the University of Delaware, will be held Feb. 4-6 with activities centered around Agricultural Hall.

Dr. Samuel M. Gwinn, director of the Delaware Agricultural Extension Service, and general chairman of Farm and Home Week for 1964, reports that the three-day program will include sessions on poultry, vegetables, dairy, fruit, home gardening, corn, soybeans, livestock and a special program on the farm price problem. Also, there will be home economics topics with the theme "bounty in the home."

Dr. Samuel M. Banner Year 1964 Cited By President Of Chrysler Corp.

Lynn Townsend Forecasts Auto Sales For New Year To Match Record Of 1963

"Sales of passenger cars and trucks have broken all records in 1963 — and there is every reason for believing that automotive sales in 1964 will reach approximately the same level achieved in 1963," President Lynn A. Townsend of Chrysler Corp. announced in a year-end statement.

U. S. retail sales of new domestically-built passenger cars in 1963 are estimated at 7,350,000 units, and with retail sales of imported cars estimated at 388,000, U. S. new car retail sales are expected to total well over 7,700,000. The previous high was reached in 1955, when 7,400,000 retail new cars — including imports — were reported.

Truck sales for 1963 also are setting a record high, with U. S. retail sales of new trucks in 1963 expected to total over 1,200,000. The previous record was set in 1950 with 1,142,000.

U. S. new car and new truck retail sales combined will be approximately 8,900,000 compared with the previous high of 8,127,000 registered in 1955.

U. S. retail sales of Chrysler-built new cars in the first 11 months of 1963 totaled 578,320, or 13.1 per cent of the retail market for domestically-built cars.

In the same period of 1962, Chrysler's share of market was 10 per cent on a retail sales volume of 621,200 units.

"During the first 11 months of 1963, we exported 64,000 cars and trucks from our U. S. plants. This is a gain of 17 per cent over the 55,000 vehicles exported in the same period of 1962," Townsend reports.

"These sharp improvements in our automotive sales — combined with substantial sales increases in all of our other operations — will push us over the \$3 billion mark in total sales for the first time since 1960."

With net earnings for the first nine months of 1963 having exceeded \$160 million, and with North American factory shipments of cars and trucks in the fourth quarter amounting to approximately 389,000 units as compared with 317,000 units in the fourth quarter of 1962, when net earnings exceeded \$50 million, financial results for the year should be highly satisfactory," President Townsend said.

President Reports

W. D. Gillen

The Diamond State Telephone Company will spend an estimated \$9,522,000 in 1964 for construction in Delaware. President W. D. Gillen reports, the 13th consecutive year in which construction expenditures will have exceeded \$5 million.

"In our Delaware territory in 1963, we added 11,400 new telephone lines, bringing the number in service to 249,000 at year's end. A similar growth rate is anticipated in the year ahead," Gillen said.

Millioner Cites Benefits Offered Those Over 65

Many Delawareans over age 65 may not realize that they have monthly Social Security benefits coming to them, according to Myron Milbourn, manager of the Wilmington social security office.

Payment is not automatic. An application must be filed in order to receive any Social Security benefits.

Milbourn emphasized that two particular groups — those over age 65 (even though still working), and those previously denied benefits because of having not worked enough — should get in touch with his office.

EXPANSION FOR SERVICE

To meet increased demands for its services, the Delaware section of the National Conference of Christians and Jews has expanded its regional board of directors from 30 to 50 persons, and has created an advisory board of 15 to provide guidance on major policy matters.

Circle with Mrs. Leonard Nelson in charge, will give the program "Our Later Years."

A final report has been given for the "Parable of the Talent" project sponsored by this church. One hundred twenty-five persons participated and \$345 was cleared. Each person received one dollar and many various ways were used to make the dollars grow. Projects included homemade fruit cakes, jelly, parties, elder, and the selling of goods.

Ebenezer Fellowship will be entertained next Wednesday 8 p.m. at the home of Mr. and Mrs. Joseph Brown in Newark.

The Women's Society of Christian Service will hold a covered dish supper next Tuesday at 6:30 p.m. in the social hall. The Methodist Men are invited as guests. The Milbourns.

MISS LINDA WALBERT PARTY HOSTESS

A Christmas party was given on Friday, Dec. 18, by Miss Linda Walbert at her home at 707 Harvard Lane, Nottingham Green.

Guests were Brenda Billingsley, Louise Dolan, and Heather Partington, and Jim Cox, David Foster, Steve Rully, and Tom Sherman. All are students at Newark High School.

The guests enjoyed refreshments while they danced and played guessing games, and Christmas carols were given as favors to the girls while the boys received ballpoint pens.

Linda is the daughter of Mr. and Mrs. Lee Walbert.

MISS MCCORMICK GUEST TO SENIOR CITIZENS

Miss Jerry McCormick, a lecturer for the Diamond State Telephone Co., will be the special guest of the January 9 meeting of the Newark Senior Citizens group in the Newark New Century Club.

Miss McCormick's topic will be "changing years" and the meeting is called for 1:30.

PRESEBYTERIAN WOMEN TO HEAR MRS. HAUSER

The Women's Association of the First Presbyterian Church will meet on Tuesday afternoon, Jan. 6, in the Church School Auditorium, 17 W. Main Street, at 1:30 p.m.

The group will be privileged at the time to hear Mrs. Charles Hauser, of Harborside, Pa. Mrs. Hauser has long been active in the women's work of the United Presbyterian Church, having served at one time as a missionary in the southern mountains. She is well known throughout the country as a dynamic speaker and serves now as a member of the National Board of United Presbyterian Women.

PERSONALS

Dr. Charles K. Skinner, who was transferred out of the Air Force in July but is still a member of the Reserve, has been attached to the Air Force Base at Dover, Unmanned, he lives in an apartment over his dental office at 711 Nottingham Road and spent last weekend skiing at Snow Mountain, Vt.

Frederic Jones of West Main Street attended the debate and cation and Christmas ball last Saturday in the Old Armory Ballroom, Durham, N.C., as the guest of Miss Anne Candace Conry of Durham.

Students home for the holidays from Western College include Sandy Scott, Bill Rasmussen, Gary Richard and Pete Davis. Diana Duff, a student at Elmira College, N. Y., is spending the holidays here with her parents.

Miss Blanche McDowell of Baltimore, visited her daughter, Mrs. William Wagonman, Jr., and family in Newark over the Christmas holidays, and was a guest of her two granddaughters who reside in this area — Mrs. Joseph P. Clancy, and Mrs. Carl Williams.

Newark young people home for the holidays include Johnny Jacquette and Frank Scott of Ohio Wesleyan John Cramer from U. S. Air Force Academy, Bill Bower of the U. S. Naval Academy, and Dick Danich and Fraser Jones, Washington College, Md.

Charles Raymonds To Host Trail Club "Hootenanny"

Wilmington Trail Club members and guests will have a Holiday Hootenanny this Sunday, with Mr. and Mrs. Charles Raymond of Laurel Avenue, Roseville Park, as hosts. Mr. Raymond will lead a brisk stroll from his home starting at 2 p.m. and returning just in time for a feast of home-made beef steers, salad, hot beverage, and dessert.

Everyone is welcome, but reservations are a "must" to be certain everyone has full and plenty. Call the Raymonds.

"There's nothing that infuriates a woman more than not being asked to join a club she doesn't want to belong to anyway." — Kenny Bennett, Greenacres (Ind.) Putnam County Graphic.

Walnuts and Chocolate Team in Drop Cookies

Keep your cookie jar filled with real goodies, Walnut Chocolate Cookies. Serve these cookies with a glass of milk for nibbling time, or with fruit for dessert. They're crunchy with California walnuts, flavorful with rich brown semi-sweet chocolate morsels and nutritious. The famed team of chocolate and walnuts was never better set off than in this drop cookie dough that's lightly spiced with cinnamon and nutmeg. Try walnuts and chocolate morsels together in sauces, frostings, cakes, pies, and other desserts too. You'll find plenty of California walnuts available for your cookie baking either in the shell in cellophane bags, or shelled in handy vacuum cans or clear bags.

Walnut Chocolate Cookies
1 cup shortening
2 cups dark brown sugar, packed
1 teaspoon cinnamon
3/4 teaspoon nutmeg
2 eggs
2 cups sifted all purpose flour
1 1/2 teaspoons baking powder
1 1/2 teaspoons salt
3/4 cup dairy sour cream
1 cup quick cooking oats
1 6-ounce package (1 cup) semi-sweet chocolate morsels
1 1/2 cups chopped California walnuts
1 cup raisins

Cream shortening, sugar and spices together until fluffy. Beat in eggs, one at a time. Beat flour with baking powder and salt. Add to shortening-sugar mixture, alternately with sour cream. Stir in oats. Add chocolate morsels, walnuts and raisins. Drop cookies from teaspoon onto very lightly greased cookie sheet. Bake at 375° F. for 15 minutes or until lightly browned. Remove from baking sheet and cool on cookie rack. Makes about eight dozen 2-inch cookies.

Holiday Stain On Clothing, Tablecloth? Home Ec Agent Advises Removal Methods

During the holidays there are likely to be many little accidents that result in stains on clothing, tablecloths and other fabrics. Many of these stains can be removed effectively if you take prompt action, says Suzanne Matto, New Castle County home economics extension agent.

Stains such as gravy, meat juices, sauces, soup and chocolate can be removed by regular laundry methods.

A stain common around Christmas time is caused by candle wax or paraffin. These stains can be removed by first scraping off excess wax with a tableknife blade, then placing the stain between clean white blotters or several layers of facial tissues and pressing it with a warm iron. If any of the stain remains, sponge it with a grease solvent.

Stains from alcoholic beverages, catsup, chili sauce, food coloring or fruit juice on washable articles can be removed by regular laundry methods.

Culinary Classics Topic Of Speaker For Century Club

The Newark New Century Club will have a sandwich luncheon at the clubhouse next Monday at 12:30 p.m., and members are asked to bring their sandwiches. Coffee and dessert will be provided.

Mrs. John F. Link is in charge of reservations and Mrs. J. C. Starnel is luncheon chairman.

Mrs. Alex D. Cobb will be auctioneer for the white elephant sale to be conducted with donations by the members.

Mrs. Max G. Wirick, program chairman, will introduce Helen McCordley, director of consumer service for Abbot's Dairies, who will present "Culinary Classics Around the World."

There will be "light commentary and pictures about food and people, past and present, promising to be interesting and enlightening as you laugh and learn," Mrs. Wirick reports.

Hostesses are Mrs. Lewis Kelsey, Mrs. Robert Sparrow, Mrs. Arthur Briggs, Mrs. Richard Fox, Mrs. Bruce Lutz, Mrs. Robert Wilson, Mrs. Richard Ditto, Mrs. G. Taggart Evans and Mrs. Joseph Harrington.

Cosmetic stains are another problem around Christmas. They can be removed from washable articles by applying an undiluted liquid detergent to the stain or by dampening the stain and working it out with soap or synthetic detergent.

These stains can be removed from nonwashable articles by using a grease solvent such as carbon tetrachloride.

Miss Matto recommends sending nonwashable articles to the cleaners. Trying to remove the stain at home may result in a bigger stain or ruining the article.

Explain the nature of the stain to the dry cleaner.

Gift Rolling Stock Presents Motorist With New Hazard

Police skates, scooters, bikes, wagons and sleds clutter the hearts of many children this Christmas, but they can bring sorrow and tragedy to many families if the children are not doubly careful when using their gifts of "rolling stock" on city streets and suburban roads, warns the Keystone Automobile Club.

"Motorists should be doubly watchful for unexpected forays of children on the streets at this season," said John F. Poland, manager of the new Wilmington, Delaware division of the club.

"Youngsters unskilled in the use of skates or bikes are an especial hazard. Their safety will depend in great measure on the careful operation of motor vehicles," Poland warned.

"Parents also must take their share of responsibility for child safety. Their duty is to impress on children the dangers of traffic-burdened streets and to instill in the youngsters a sense of carefulness in the use of their gifts," he said.

"The Christmas sled will become an increasingly serious problem, as winter progresses, and what we have said in reference to bikes and other vehicles applies with equal force to sledding."

"We would suggest that police keep off for use of children, little-traveled streets and highways, and consider sledding to such areas," Poland concluded.

"Household Hint — When everything else fails, read the instructions." — B. J. Dahl, Chesham (Wash.) Independent.

Even a little lie is dangerous; it deteriorates the conscience. — Pablo Casals

First Contract Awarded For Delaware Bay Ferry

Delaware River and Bay Authority awarded the first construction contract for the Cape May-Lewes Ferry to the Melroe Construction Company, Baltimore — lowest among 11 bidders for construction of a stone breakwater on the Lewes side of Delaware Bay at a price of \$2,400,000.

The contract calls for an extensive survey of \$200,000. Director William J. Miller, Jr., said.

Some 10,000 tons of large stone will be used to build the protective wall a half-mile into the bay.

College Grads, Seniors Offered Coast Guard OCS
College graduates and seniors graduating this January may apply for the Coast Guard Officer Candidate School class starting July 1.

Upon completion of 27 weeks training, graduates will be commissioned ensign in the U. S. Coast Guard Reserve. Those who qualify may fulfill their military obligation through this program.

The Coast Guard OCS is at the Reserve Training Center at Yorktown, Va.

For further information, write Commandant (PTTC-2), U. S. Coast Guard, Washington, D. C.

VALIANT TOWN

CUSTAR'S FINE STAND

The Congressional Record is not always the best place to look for a guest editorial but in this case it produced a real smasher as the following statement read into the Record by Rep. Delbert Latta (R-Ohio) attests:

"Recently I had the privilege of participating in the dedication of a community building in Custar, Ohio. The dedication of a community building is not, in itself, such an event I would normally call to the attention of the House. I do so now, however, because the citizens of this community of approximately 250, knew what they wanted in such a building and then went after it in an almost forgotten, old-fashioned, American way.

"Instead of coming to Washington with hat-in-hand for federal funds, they looked within their own fine community for funds, material and labor. Strange as it may seem, they found everything they desired. Yes, and without the benefit of new taxes or deficit financing.

"They discovered that an old building could be remodeled to suit their needs. Everybody in the community went to work about remodeling it. The mayor, councilmen, clerk, members of the board of public affairs, volunteer firemen, township trustees, the local American Legion Post, the Legion Auxiliary, local businessmen, clergy and the wives of many of the men pitched in and converted this old schoolhouse into a modern, attractive and useful community building."

Cyclamen Offers Weeks Of Blooms At Holiday Season

The florist's cyclamen is a beautiful and popular gift plant for the Christmas season, says Dave Tatum, assistant county agent in ornamental horticulture. The showy red, pink or white blossoms are borne above the mass of rich foliage on long, upright stems.

It conditions are favorable, the cyclamen will continue to bloom for many weeks. The plant, however, requires cool temperatures and plenty of light and moisture. An ideal location would be an unheated sun porch or cool, sunny window with an east or north exposure.

Room temperature should be about 55 degrees during the day and about 45 degrees at night. Watering should always be done from the bottom to avoid injuring the crown or the plant.

Although it is usually best to discard the cyclamen plant after it has finished flowering, the homeowner may wish to keep the plant for a possible repeat bloom the following winter. In this case, the plant should be allowed to go dormant by gradually reducing water supply. It can be summered in a shady spot in the garden.

When growth commences in late summer, the bulb should be re-potted in fresh soil, and regular watering resumed.

The plant must be returned to the house before frost, where, with luck, it again will flower in festive profusion by Christmas.

"It's not the minutes you take at the table that makes you feel fat — it's the seconds," — S. E. McKeel, Ovid (N. Y.) Gazette and Independent.

Annual Test Vital For TB Control

If tuberculosis is to be beaten, early detection is vital. Here Karin Westervelt receives a quick and painless Tuberculin Test from Dr. Fred Graziano of Nanuet, N. Y. while Brother Kevin waits his turn. The test is one of the many methods available today for the detection and elimination of tuberculosis. In spite of the availability of these methods, lack of public concern in recent years has led to the increase rather than the decrease of TB in many suburban communities like ours.

Whatever method is used for testing, the vital test must be taken by individuals. A simple TB test should be taken at least once a year by all family members.

SPEAKING OF INSECTS

with DALE BRAY ENTOMOLOGIST University of Delaware

The greatest service honeybees render to us is not to provide honey but to pollinate our fruits and vegetables. Nevertheless, we haven't begun to learn all the benefits of honey itself.

Honey is made from the nectar which flowers secrete. But you and I couldn't produce honey even if we collected a tubful of nectar and allowed the water to evaporate. It must be gathered and worked on by the honeybee.

An actual chemical change takes place as a result of the bee's activity. Iowa State College estimates that make one pound of honey about 10,000 flights by individual bees must be made.

Honey has often been used in home remedies. Now science is showing that there is more to this than superstition. Researchers in Arizona University have shown that honey stops certain bacteria much the same as penicillin does. It is not known whether all honey from all parts of the country contain this "germ-fighter," but it is present in some — perhaps all.

It is reassuring to know that this natural product can't be altered without affecting its appearance. If water is added to honey the honey will ferment. Cheap syrup is used for dilution, the two substances will separate into distinct layers. So you can be confident that pure honey is almost always pure honey.

It's not always the clothes moth which chews holes in stored clothing. In fact, the odds are that it's one of the carpet beetles. Sometimes the carpet beetles are called "barren moths," but they are beetles, not moths.

As with the clothes moth, it's the young or larval stage of the carpet beetle that do damage. These larvae are covered with fuzzy bristles and vary from slender to fat in appearance, depending on the species. Two adults are small beetles that are either mottled with white, yellow, brown and black or they are pure black. When the infestation is heavy, you may see some of the larvae crawling across the floor.

Probably the greatest damage is done to upholstered furniture and wall-to-wall carpeting. Some control of carpet beetles can be obtained by thorough cleaning, but this is impractical if you have wall to wall carpeting.

Spot treating of carpets with 2 per cent dilutane will protect treated areas. Don't use chlorane over the whole rug — its toxicity is too great to apply on large portions of the rug.

If you have a severe infestation contact a pest control operator. Infested furniture should be sprayed several times with a 3 per cent DDT oil solution. Don't use an oil solution on silk or rayon fabrics. Sometimes the oil solutions will stain certain materials, so before using one, test it by spraying a small spot in an inconspicuous part of the furniture.

The reason you should spray DDT several times is that it kills only the beetles or larvae it hits directly. The residue is ineffective. Clothing can be protected by dry cleaning and storage in an airtight container in which PDB crystals are placed.

Businessmen will meet on six successive Monday nights from 7:30 to 10 in Conrad High School. Registrations are being accepted by Luther Jones, director of adult education at Conrad High School. Businessmen may also enroll at the opening session on the evening of Jan. 6.

George Washington Carver To Be Honored On Sunday

Delawareans this week were urged by Gov. Elbert N. Carvel to join on Jan. 5, "in recalling with gratefulness the splendid contributions which George Washington Carver has made to all humanity."

In a statement issued at Dover, the chief executive noted that George Washington Carver "rose from obscurity to world-wide recognition and esteem largely as a result of his own creative genius, industry, integrity and character," and also pointed out that Dr. Carver "surmounted a physical handicap and unkind prejudice to rise from the lowly status of a slave to pre-eminence in science and education."

Who'd Pay \$5 A Quart For Strawberries? Realistic Prices Result With Progress

Would you pay \$5 for a quart of strawberries? Robert Stevens, executive director of the University of Delaware says this estimate would be the current price for even small-size berries if it were not for improved production methods.

Even with realistic prices, strawberries are one of the highest value crops grown in the East. From 1951 beginning as a small, wild plant, strawberries have been cultivated and improved until those reaching today's markets are priced for their size and flavor.

"Locally grown strawberries will always be in high demand," Stevens says. "They have better flavor and are of superior quality to most commercial types." Surprisingly, though, the number of acres of strawberries grown each year in Delaware has shown a steady decrease and are no longer a major crop.

The decrease may be because strawberries are a "stop crop," and many people do not like to tend them, notes Dr. Vernon Fisher, associate professor of horticulture at the university.

Strawberry growers have found it necessary to have a steady, reliable labor supply, and although several picking machines are in developmental stages, none is available for use.

The strawberry farmer in the past has had to risk his crop to whim of weather. A heavy rain during harvest could ruin his entire crop. Dry spells during the growing season could stunt the total yield. With irrigation to supply plants with water during a dry period, this risk has been eliminated. Yet it is surprising that only about one-third of Delaware strawberry producers have installed irrigation systems, says Dr. Fisher.

The three main strawberry growing areas in Delaware are located near Middletown, Dover and Laurel. Most of the strawberries from these areas are sold at roadside stands or at the Laurel Auction, Stevens says.

Some growers provide the opportunity to "pick your own strawberries," a method of harvesting which has worked very well for the farmer.

Chrysler Forecast

"The record-breaking performance of the automobile industry in 1963 is especially gratifying since it follows a record-setting performance in 1962," Townsend continued. "For the first time in its history the industry has sold over seven million new passenger cars at retail in two successive years. And there are many reasons for being confident that the industry will have another excellent year in 1964."

Conditions in the general economy are excellent and give strong support to expectations for another year of automotive sales at something like the 1963 level, Townsend said.

Second levels of activity are being experienced in construction and industrial production; personal income and employment are at all-time highs; and money available for personal spending in savings accounts and federal savings bonds — now amounts to approximately \$300 billion, another all-time high, he added.

"At Chrysler Corporation we are planning to spend more than \$500 million in 1964 on our program of plant expansion and improvement. This total includes outlays for our new assembly plant in Belvidere, Ill., which will be capable of producing 900 cars a day, and which will employ 5,000 people at peak periods.

"It also includes outlays for a stamping plant to be located near Detroit, which will employ 3,000 people at maximum capacity. Both of these plants are scheduled for completion in the summer of 1965," Townsend concluded.

Another feature of the Center will be construction of one pond near the buildings. The pond will provide all for construction, and the pond will be landscaped and stocked with fish.

Hens Lose 65-64 With Two Seconds Left In Consolation Round Of Loyola Tourney

With but two slim seconds left, a pass by Ed Szczerba went awry and Albright's jump shot to defeat Delaware 65-64 in the consolation round of the Loyola Invitational Basketball Tournament at Baltimore last Saturday night, and the favored Hens wound up last in the four-team tourney after losing to St. Michael's of Vermont in a 100-62 opening round.

St. Michael's won the tournament, defeating host Loyola in the championship finale, 96-89.

Loyola downed Albright, 94-69 in first round play.

"When you meet fired-up teams like St. Michael's and Albright, which played their finest games of the year, you can't give the ball away too many times and still win," Wisniewski said.

"We allowed both teams too many foul shots and against St. Michael's we had 32 personal calls against us. Also Ron Smith has not rounded into the fine form he displayed last season, due to his appendectomy, and that hurt us a lot."

The defeat was the fourth after four straight Delaware triumphs.

Albright, with McNeill the lone letterman in the line-up, scored its second win against six losses.

The Blue Hens held a 40-37 bulge at halftime.

With four minutes and six seconds remaining in the second half, Delaware tried to freeze the ball.

Smith converted a foul to put Delaware ahead 64-63, with 49 seconds left, and Delaware went into a freeze again. But when Smith missed a pass, Albright gained possession to set the stage for McNeill's dramatic field goal.

McNeill, from Atlantic City, led both teams in scoring with 29 points. Delaware Capt. Dave Sysko was high for the Hens with 19, while Smith contributed 16. Szczerba was the other Delaware player in double figures with 10.

Delaware's next start will be at home in a Middle Atlantic Conference engagement with Bucknell this Saturday in Carpenter Fieldhouse at 8:15 p.m.

Nelson Blue Hens To Receive Award From D.C. TD Club

Coach Dave Nelson's undefeated Blue Hens will be honored at the Washington Touchdown Club's 29th annual awards banquet on Saturday night, Jan. 11, at the Sheraton-Park Hotel.

Delaware's Blue Hens were named to receive a silver "Timmie" as "the outstanding small-college football team of the year." The "Timmie" symbolizes the Touchdown Club's work among young football players.

Selection chairman Cliff Battles made the announcement. He said the award would be presented by Sen. J. Caleb Boggs to Coach-Albright, Director Dave Nelson, who led the Blue Hens through an undefeated, untied, eight-game season.

The club inaugurated its small-college award in 1956, when Alfred University was the winner. Winners since then, in order, have been Hillsdale, Northeastern State, Bowling Green, Lenoir-Rhyne, Washington & Lee and last year, Wittenberg of Springfield, O.

The Washington organization's salute to Delaware is the Hens' second such post-season honor. They also were rated No. 1 among the nation's small colleges by United Press International. In addition, the Hens retained the Lambert Cup, emblematic of the top small-college club in the East.

Their supremacy in the UPI vote made them the first Eastern team ever to win the title. They attained 399 points in the balloting, compared to Northern Illinois' 285. Delaware also became the first team to claim the Lambert Cup two years straight.

Several starting positions remain to be settled with elimination bouts scheduled for this morning.

Scheduled starters are David Cross at 95-lbs.; Vic Sadot, 103; Mike Walls at 112; Paul Wickersham, 133; Joe Hollon, 145; Folk, 154; and Bob Rawstrom at 160 or in the unlimited heavyweight class.

Co-Captain Perry Boone is being pressed for the 120-lb. starting role by Creighton Redwood; it's a toss-up between Chuck Shelton and Doug Lucas at 127; Barry Jones and Bob Rowherd are vying for the 138-lb. role; and Gil Ott and Rowan Perkins are the 165-lb. contenders.

"Things are a bit unsettled because of our weakness in the upper weights," Coach Marcantonio said Tuesday, "but we may use Harvey Folk in the 165 or 180-lb. classes."

Folk, co-captain and second team All-State quarterback for Coach Bob Hoffman's Blue Hen Conference champion of the 1963 football season, was conference wrestling champion last year at 145-lbs. and was undefeated until dropping a 1-2 decision to Pope of St. Andrew's in the state title meet.

The Diamond State season for rabbit and pheasant closes this Saturday, but the open season on quail extends through Jan. 31.

A fourth Federal Aid project to be undertaken by the Delaware Board of Game and Fish Commissioners under the Federal Government's Accelerated Public Works program has been approved for Sussex County, according to an announcement by John S. Goldschalk, director of the Northeast Region of the Bureau of Sport Fisheries and Wildlife, U. S. Dept. of the Interior Fish and Wildlife Service.

Delaware's allotment of funds for fiscal year 1964 under the nationwide program for conducting game and fish restoration projects, was \$41,848. Just recently the board received an additional \$20,000.

Principal purpose of the Accelerated Public Works program is to provide local employment to help the economy, and to accomplish useful public works of lasting benefit.

Work under this project will take place at Craig's Pond near Seaford and will involve clearing woody vegetation from 15-acres of pond bottom.

Snow, sleigh bells and wild geese provided a perfect Christmas Eve setting at Seaford last week as we stood on the wooded hill of the Joseph P. Clancy home off Stony Batter Road near Newark.

On horseback, Joe came cantering down the snowy lane amid the

Unscored-Upon, Unbeaten VFW Senior Champions

The VFW senior champions — first team to remain unbeaten, untied, and unscored-upon in the history of the Capital Trail Junior Football League — won their division title with an 8-0 record during the recent campaign, and then whipped the League All-Stars 6-0 in the season wind-up.

The VFW champions from left to right are: (front row) Freddie Conkey, Mike Perry, Gary Carpenter, Billy Kellagher, Pedro Swann, Jeff Heath, and Grier Murray; (middle row) Mike Horney, Bill Fletcher, John Searl, Steve Arimoto, Ken Kennard, and Tom Brattian.

In the back row are Head Coach Bill Kellagher, George Toulson Mike Kellagher, and Asst. Coach Ed Horney.

Andy Marcantonio Reports Starters For Friday Opener

Coach Andy Marcantonio's Newark High School varsity wrestlers will meet Mt. Pleasant in the season opener this Friday at 7:30 p.m. in the Green Knights' gym, with Co-Captains Perry Boone and Harvey Folk at 120 and 134, and Barry Jones, 138, the three lettermen returning from last year's Yellowjacket squad that finished second to William Penn in the Blue Hen Conference.

Several starting positions remain to be settled with elimination bouts scheduled for this morning.

Scheduled starters are David Cross at 95-lbs.; Vic Sadot, 103; Mike Walls at 112; Paul Wickersham, 133; Joe Hollon, 145; Folk, 154; and Bob Rawstrom at 160 or in the unlimited heavyweight class.

Co-Captain Perry Boone is being pressed for the 120-lb. starting role by Creighton Redwood; it's a toss-up between Chuck Shelton and Doug Lucas at 127; Barry Jones and Bob Rowherd are vying for the 138-lb. role; and Gil Ott and Rowan Perkins are the 165-lb. contenders.

Billy's Hen Wrestlers To Travel To Albright

Delaware's matmen coached by Paul Billy, return to action next Wednesday at Albright, and meet Ureanus on Saturday of next week, away.

The Billy battlers face their next home stand in Carpenter Fieldhouse on Feb. 5, with the freshmen and varsity wrestlers of Johns Hopkins University.

The Governor's Gold Cup for three-year-olds on March 21, will afford triple crown aspirants a major test. The Gold Cup at seven furlongs is expected to attract leading three-year-olds pointing for the Kentucky Derby, Preakness and Belmont.

The offer developed after Burton

Ex-Yellowjacket Star Bob Burton To Play Pro Ball With Canadian Champ Tigercats

Maryland football star and former Newark Yellowjacket gridiron and wrestling great, Bob Burton will sign to play for the Hamilton Tigercats of the Canadian Pro Football League for the 1964 season.

The 6-1 and 202-lb. former Newark High athlete, who recently completed his third varsity season at Maryland, said he agreed to sign with the Tigercats after meeting Ralph Szabo, the Hamilton coach, in Philadelphia last week. The signing will take place at the Hotel Du Pont this Saturday.

The offer developed after Burton

excellent in the Dec. 21 North-South college all-star game at Miami.

Long recognized for his blocking and defensive ability, Bob added to his stature by catching all eight passes thrown him by Miami's George Mira in helping the South gain a 23-14 victory.

Carl Voyles, former coach at William and Mary and of Brooklyn of the old All-American Conference, recommended that Burton be signed after watching the Miami game. Voyles was Szabo's coach at William and Mary.

At Hamilton, Burton will join the Canadian League champions, the Tigercats having won the Grey Cup this season.

The Tigercats quarterback is Bernie Faloney, another one-time Maryland standout.

Money-Winning Driver Champion Regains Crown

Billy Houghton, whose name excites the imagination of harness racing enthusiasts everywhere, and who has been a steady campaigner at Brandywine Raceway since the track's inception in 1953, is up to his old tricks again.

Houghton has just been officially declared America's 1963 money-winning driving champion with \$789,836 he racked up personally with his trotters and pacers, thus regaining the crown he had held for eight straight years — 1952 through 1959.

Jackets, Vikings Face Cage Openers In Tuesday Tests

The Yellowjackets of Coach Francis Fulghum at Newark High School, and the Vikings of Coach Tom Miller at Christiansburg High, will open the Blue Hen Conference basketball season next Tuesday, with the Yellowjackets playing at Mt. Pleasant at 6:30, and the Vikings hosts to Brandywine at 4 p.m.

With Norris Saunders as the lone letterman, Fulghum's Yellowjacket varsity squad includes seniors Tom Boyle, Dave Dolgas, and Tommy Word, and juniors Dennis Adair, Vic Chalmers, Frank Deck, Ricky Hicks, Mike Huff, John McCormick, Steve Mitchell, Charlie Pinto and Saunders.

Miller's Viking varsity squad includes two starters from Coach Bob Turnberger's Yellowjackets of last season — Ken Eggleston and Doug Hunt.

Other Vikings are seniors Tom Palmer, Isaac Sizemore, Dan Sullivan and John Vitousky; juniors Keith Handling, Fred McCullough, John Sterrett, and Steve Williams; sophoms Tom Chidester, Dave Graber, and Tony Tomme, and frosh Dave Claus.

Rawstrom's Hens To Face Bullets In Taylor Pool

Coach Harry Rawstrom's University of Delaware swimming teams will face Gettysburg next Wednesday at home in Taylor Pool.

The Hen team will open the dual meet with the Bullet swimmers at 3 p.m., followed by the varsity contest.

OFF AND RUNNING by John I. Day A "Rewarding" Career

As one jockey put it: "It beats driving an elevator or toting luggage", but it is not so that a race rider spends his out-of-the-saddle time at the deposit teller's window at the bank. The jockey too has some expenses. First, he pays his agent, the man who gets his mounts, \$7 for a winner and \$4 for a mount. In stakes, he usually has a percentage arrangement. The jockey also pays his valet, the man who takes care of his "tack", usually \$2 a mount and \$4 a winner. The jockey also buys his riding equipment; everything except the silk jacket provided by the owner. This includes saddles at \$100 or more each; several pairs of boots at \$25; silk and plastic (for rainy weather) pants at

OUR 1963 GOAL: 'A' SAFETY FIRST

"The above drawing made by me shows what teamwork can do," says Inspector Richard Mansfield of Cheshire, Prince George's County. "Maryland was in first place with an average of 91% in the states 1962 performance summary, rated on the following: traffic; school; safety education; public traffic safety education; and safety organization. Maryland was 4 points ahead of Virginia, North Carolina, Arizona and California which states rated 87%, followed by Utah and Michigan with an 86% average.

"Since I was enlisted as a member of this team in 1951 by Paul E. Burke, Director of the Maryland Traffic Safety Commission, Maryland had a reduction in highway deaths for seven years and an increase for four years, which is a very good average despite the fact there are over 12 times more cars today than there were in 1951. This year it is nip and tuck as to whether or not we will keep the death toll under last year."

We sincerely hope that the New Year ushers in much happiness for you and a new era of lasting peace and good will for all the world.
