## WareAbouts

It is our solemn duty and pleasant privilege to pay tribute to the Newark High School football team and Coach Walter Matt and we hereby theoretically eat our words written early in the season that the 1946 Yellow Jackets wouldn't win a game.

We're just as pleased as any of you, and more so than most, that the Jackets finally played a brand of football that bore some resemblance to Newark teams of former years . . . and won their final encounter with the Conrad Redskins, on the local grid, last Thursday by a decisive 19-0 score.

After viewing the 'Jackets in their debut against Brown Vocational, we wrote uncomplimentary things about them in the hope that it might stir them up to a fighting pitch and instill in them a spirit to fight and win. And, our prediction that they wouldn't win a game was made in all earnestness for their initial performance certainly indicated that so long as they played that type of ball they would be beaten . . . and they were—for seven straight games.

However, came the last game and their traditional tangle with Conrad and some of the same "do or die" stuff that inspired the Navy to play Army off it's feet in the final half must have struck the local lads for they definitely played an entirely different brand of ball than exhibited at any previous game this year, and not only racked up three touchdowns but held their rivals scoreless while doing so.

We don't pretend to know how or why it happened, but it did—and we're glad. And, we're also glad that the 'Jackets have made us eat our words for it truly gives us pleasure to do that very thing.

Perhaps, we hope, now that they are imbued with the will to win, they will carry this same determination onto the basketball court and make Newark High a name to be reckoned with when the wins and losses are tallied.

Want ad soon to appear in Dover papers: "Rooms for gentlemen and legislators."

Our thermometer registered twelve degrees Monday night to chalk up the coldest day thus far this year . . . and it won't take much of that kind of weather to freeze the Newark Recreation Association ice-rink and provide keen skating on a safe surface—right here in town.

We regret to advise juvenile readers—and more particularly their parents—that we will NOT be able to publish letters to Santa Claus this year . . . three have already been received. Men are the only people on earth who think they have more sense than women.

The Lewis projected coal strike has forced peace-time restrictions on the use of electricity and gas, much to everyone's disgust. But Newarkers are cooperating cheerfully and wholeheartedly with Mayor Hubert's request . . . which will NOT apply to lighting of indoor Christmas trees at home—if the situation still prevails at Yuletide.

Considerable talk being heard as to whether or not a "special" is going to be run to Tampa for the Delaware-Rollins Cigar Bowl football game on New Year's Day.

A prominent Wilmington business man said to us, on Monday: "My apologies to you but you people from Newark are the dumbest people I ever saw. Why is it you either never know or tell the public what you are going to do about a thing that has as much public interest as this game?"

We don't think his remark was perfectly fair in that it included all the people of Newark when it rightly applied to only a small group who really aren't at all dumb but discreet to a point of aggravation, sometimes.

On the other hand we know a lot of people who talk too much . . . and often when they don't know what they are talking about. So, you pay your money and you take your choice . . . We'll take the boys who wait until they're sure.

Many a poor renter is doing as well as can be ejected. If the Wilmington papers know what they're talking about (and they usually have the inside track on things political) Doc Rhodes is slated to be President Pro-tem of the State Senate when it convenes in January. Congratulations, Doc, it couldn't happen to anyone more deserving or better qualified.

While we're on the subject of "Rhodes," the big stink in the Main Street store of the same name, Thanksgiving evening, was paint—the fresh stuff.

Just finished reading John Marquand's "B.F.'s Daughter," which, to us, was just fair. We're now engrossed in the tale of the "Salem Frigate," which is considerably more to our fancy—we being of the armchair-adventurer specie.

Can you offer a better guide to simple living than the following, from the Sanekirt of 4,000 years ago? It's called "Salutation to the Dawn" and here 'tis: "Look to this day! for it is life, the very life of life. In its brief course lie all the virtues and realities of your existence: the bliss of growth, the glory of action, the splendor of beauty. For yesterday is but a dream, and tomorrow is only a vision; but today well-lived makes every yesterday a dream of happiness, and every tomorrow a vision of hope. Look well therefore to this day!"

## LOCAL HOUND TAKES FIRST IN 13-INCH 'A' CLASS OF EASTERN AKC TRIALS HERE

**Connell's Bankerette Tops 'A' Section; Buckingham's Oakwood Patsy Is Third; Banker's Jimmy Earns First In 15-Inch Running**

The 13-inch class drew 63 entries and had to be divided into two sections, with the winners of each section receiving identical prizes.

Second in the A section of the class was Red Martin Polly, owned by William S. Martin, Salisbury, Md.; third, Oakwood Patsy Ann II, owned by Raymond V. Buckingham, Newark; fourth, Oakwood Bess, owned by Edgar Lawson, Newark; reserve hound, All's Little Lady, owned by Alonzo LeCates, Arden.

## DINNER FOR JACKET TEAM

**Lions To Fete Football Squad**

Members of the Newark High School football team will be honored at a dinner to be given by the members of the Newark Lions Club on Tuesday, December 17, it was announced by President Ira C. Shellender yesterday.

Plans for the affair were outlined at the regular dinner session of the group this week. Chairman for the dinner will be Frank Smith. In proposing the dinner, the members felt that the spirit shown by the team all season, climaxed by its outstanding upset over Conrad here on Thanksgiving Day, deserved some tribute.

Howard Ferguson, of Curtis Publishing Company, was a guest of W. O. White at the meeting, and Harvey Robinson was a guest of Paul Lovett.

## TANK SQUAD IN WORKOUTS

**30 In Drills**

Nine lettermen are among the squad of 30 swimming hopefuls now working out under Coach Rawstrom at the University of Delaware.

The lettermen are Bob Bush, Jack Dougherty, Bob Cofer, Bill Thistlewhite, Al DuBell, John Catts, Henry Lewis, and Harry Huxford. Bush, Cofer and Dougherty hold the school's 300-yard medley record of 3:18.8.

The squad includes: Hal Burt, Murray Campbell, Bode Grier and Thistlewhite, diving; Bush, Cofer, Bill Hamilton, Bob Kelleher, Lowell Ward, Campbell and Huxford, backstroke; Jim Crumlish, Dougherty, and Jack Veale, breaststroke; Jim Baird, John Bishop, Burt, Bush, Henry Cofer, Frank Craig, Campbell, DuBell, Francis Erdle, Gene Fleisher, Grier, Kelleher, Lee Sparks, Bob Stevenson, Wright Bugher, Catts, Paul Heyd and Lewis, free-style.

It was explained that motorists who wait until the last few days before the deadline will find, if adjustments or repairs are required for the vehicles, they will be delayed by the proximity of the Christmas season and New Year's and may be faced with the necessity of doing without use of their automobiles for a period.

## Fireman Atop Train Killed When Head Strikes Bridge

Knocked from the coal car of a speeding train when he was struck by the steel girders of an overhead bridge two miles southwest of Newark, C. D. Lemon, 42, of Washington, D. C., a fireman on a Baltimore and Ohio freight train northbound into Wilmington, was killed last Saturday morning, a police report said.

The fireman, identified as Lemon by B. & O. officials, was said to be passing coal from the tender into the engine when he raised his head above the clearance line and was struck and swept off the train as it passed under the bridge.

Deputy Coroner C. Everett Kelley was called to take charge of the body. Delaware State Police are investigating the accident.

## ROLLINS EAGER TO MEET HENS

**Tars Operate From Double Wing Offense**

Expressing pleasure at Delaware's acceptance of the Cigar Bowl bid, Coach Jack McDowell, of Rollins College, said in a recent statement, "Delaware is undoubtedly one of the best small college teams in the country, and it should be a whole of a game."

McDowell, who came to Rollins in 1929, was graduated from North Carolina State in 1927, after gaining a reputation as one of the finest ball carriers in State's history.

Since coming to Rollins he has compiled an outstanding record. Excluding the 1929 season, when he took over the Tars, who had experienced three winless seasons in succession, McDowell up to this season has turned in a record of 72 victories against 25 defeats and six ties. During that stretch the Tars averaged over 18 points a game.

Rollins discontinued football during the war, and this year McDowell started with green material. The team got off to a slow start but improved as it went along. It lost to George Washington, 13-0, in the opener, tripped Station, 20-0, bowed to Pennsylvania Navy Training Station, 20-14, defeated Station again, 19-0, and last week defeated Ohio Wesleyan, 21-13.

The Tars lost to the University of Chattanooga at Chattanooga, Tenn., on Thanksgiving Day, their final game is with Jacksonville Navy Air Base this Saturday.

Rollins operates from the double wingback and is known through the South for the precision and timing of its attack.

Joe Justice, a Rollins graduate, is the line coach, and Dr. Alex Waite, former South Carolina griddier, coaches the line.

With one exception the team is composed entirely of ex-GIs.

## JACKETS UPSET REDSKINS 19-0 IN TURKEY DAY TILT HERE; FIRST WIN OF YEAR

**Newark Ends Seven Game Losing Streak By Overpowering Conrad High School In Major Surprise Of Scholastic Football Season**

After dropping seven straight games by lopsided scores this season, the Newark High Yellow Jackets suddenly came to life here last Thursday morning to ring up one of the major scholastic upsets of the year by downing heavily favored Conrad High School 19-0 in their annual Thanksgiving Day clash on the local athletic field.

The largest throng to view a Newark game this campaign turned out to watch the Jackets redeem themselves in their season's finale as they not only outscored but completely outplayed the Redskins.

After a scoreless first period, Newark came through to tally in each of the remaining quarters.

Early in the second period, the locals moved on a series of short passes from their own forty to Conrad's two, where Fullback Jimmy Ford went off tackle for the initial score. Ford added the extra point by a similar line play. Newark threatened several times during the remainder of the period but failed to score.

Shortly after the second half kirk-off, Joe Brown recovered a Conrad fumble on the latter's 15. On the very next play, Bill Marrs rifled one to Bob Gregg in the end zone for Newark's second score. The Jackets failed to make the extra point.

Again in the fourth period, several short passes from Marrs to Gregg and Takach carried the ball to Conrad's three. After a line buck by "Beef" Ewing, Gregg spotted Right End John Takach in the end zone for Newark's final tally. The try for extra point again failed.

Conrad gave Newark little trouble and failed to penetrate beyond the Jackets' 30.

## SAFETY COUNCIL IN 27TH MEET

Norman Damon, vice-president of the Automotive Safety Foundation, Washington, D. C., will be the guest speaker at the Twenty-seventh Annual Meeting of the Delaware Safety Council which will be held at 8 p. m. next Wednesday, in The Playhouse, Wilmington.

The Annual Meeting Committee, composed of Robert G. Hackett, chairman, John W. Carpenter, D. M. Huber, Clark W. McKnight, H. L. Miner, Frank L. Reed, John D. Reeder, Mrs. F. G. Tallman, and H. V. Daniel, is preparing an outstanding program. The meeting itself will be divided into three parts—one-half hour for Safety Council reports, one-half hour for Mr. Damon, and one hour's entertainment. Some of the best actors and acts of vaudeville in the east have been secured for this occasion.

In addition to the guest speaker, Mr. Harold V. Maybee, president of the Safety Council, will present his annual report. The report of the nominating committee will be given by Mr. Earl Edinger, chairman of that committee. The financial report will be made by Mr. Harry R. Craig, treasurer of the Council.

City and state officials have been invited to attend and to date more than five hundred reservations have been made for the meeting, which is generally considered as the high water mark of safety in the state.

This will be the Twenty-seventh Annual Meeting of the Delaware Safety Council, which was organized in 1919 under the supervision of a group of civic-minded individuals headed by Mr. Jerome duPont. The Council is a non-profit, non-partisan organization devoting its ability and energies exclusively to the prevention of accidents within the state.

Tickets may be obtained by writing or calling the Delaware Safety Council at 2900 DuPont Building, Wilmington.

## DENNISON TOPS COUNTY CORN RAISERS

John W. Dennison has just been named 1946 New Castle County corn growing champion for producing a yield of 141.6 bushels of shelled corn per acre in a five-acre plot on his farm near Hockessin, according to a bulletin just received from headquarters of the 1946 National DeKalk Corn Growing Contest.

This record yield wins for Dennison the coveted County Corn King Plaque presented each year to the farmer producing the county's largest officially measured yield in the DeKalk contest. This also makes him eligible to participate for state and national corn growing contest awards, as well.

Dennison's winning corn field was checked by disinterested parties, and the information gained by the study of growing practices he used will be utilized to help other farmers improve their corn yields. The corn growing contest was inaugurated eight years ago and has been entered by thousands of farmers in over twenty states and Canada each year.

Other good yields entered in the contest this year by farmers in the county are: R. M. Savin, Townsend, 139.9 bushels per acre; and Edward A. Worral, (DuPont Farms) Newark, 138.9 bushels per acre.

## Newark Students Plan To Adopt Standard Ring

NHS students voted recently on a proposal put forward by the Student Council that the school adopt a standard ring. Until now, each class has had its own ring. If the new plan goes into effect, there will be only one ring for all graduates of the school.

The vote of the students is not a final vote. It must be approved by the Student Council and by Frederick Kutz, principal.

# TO OUR GAS CUSTOMERS

Due to the critical shortage of coal, the Government has urged us to request your voluntary conservation of gas.

## HERE ARE WAYS TO SAVE GAS:

Avoid using your gas range for heating your kitchen.

Plan menus so that whole meals may be cooked in the oven or one dish meals on top burners.

Don't use running hot water to wash hands, shave or wash dishes—use as little hot water as possible—repair leaky faucets.

If you heat your home with gas, keep room temperatures as low as possible—close bedroom doors at night—shut off radiators in unused rooms—and keep fireplace damper closed when not in use.

We urge your voluntary cooperation in saving gas until the present coal crisis has passed.

to the town.

The machines will be installed at from 29 to 22 feet intervals along both sides of the two streets to permit parallel parking.

Decision to purchase the meters was made after several Council members pointed out that the free town parking lot had not proved a success, being used on the average of only 25 per cent of its capacity. It was further argued that the Main Street congestion had not improved greatly since the opening of the lot.

## RED CROSS ISSUES CALL FOR SEWERS

### 675 Garments Prepared By Del. Chapter

A call for volunteer sewers was issued this week by the local Red Cross unit. Meanwhile, state officials announced that a shipment of 675 garments, all for children, has been prepared. The total is the result of the combined efforts of sewing units throughout the state.

According to Mrs. Eleanor Warfield, the chairman of sewing for the local Chapter, this represents a fairly typical shipment for this season, which gives some indication of how the women of the state are responding to the appeals for sewers made by the Red Cross.

Chapter officials point out that there are more than 65 sewing units now working for the Red Cross in the headquarters area, comprising Wilmington and closely surrounding area, while in the branch areas the following towns have one or more units working on this Red Cross project: Newark, Christiansburg, Glasgow, Bear, Middletown, Clayton, Smyrna, St. Georges, Dover, Camden, Milford, Houston Seaford, Georgetown, Lewes, Rehoboth, Millsboro and Dagsboro.

Efforts are being made by the various Red Cross officials to establish sewing units in all communities in Delaware, since the combined efforts of women all over the state will be needed if the Chapter quota of 15,000 garments is to be filled.

According to Mrs. George Sylvester, Production Director for the Chapter, the American Red Cross has assumed the responsibility of clothing and caring for more than 90,000 of the homeless displaced orphans of Europe who are still suffering the effects of the war.
