Tenth and French Streets  
Wilmington, Delaware 19901

May 13, 1976

Representative Orlando George  
Chairman, Appropriations Committee  
Legislative Hall  
Dover, Delaware 19901

**Re: Senate Bill No. 561**

Dear Representative George:

I am writing you this letter concerning Senate Bill No. 561, as Chairman of the Appropriations Committee, with copies to your committee members.

Frankly, I was shocked when I learned that not only had this bill been introduced, but, in fact, that it had been passed by the Senate and was in your Committee. Being the attorney for the Plaintiff, Glenn D. Davidson in the Case of Glenn D. Davidson V. Ernest Dixon, Harold Martin and Harry Towers, which gives rise to the judgment against these three men,

which this bill would pay for, and being aware of the facts in this matter, I feel it is my duty as a resident and taxpayer of this State to send you this letter, so that you and your Committee have a clear understanding of what the facts are.

This Case arises out of a "brutal beating" of the Plaintiff, Glenn Davidson, while a prisoner at Smyrna, along with other prisoners, after a riot on September 1, 1971. (The Plaintiff, Glenn Davidson, was clearly, however, not involved in this riot; and, in fact, this was so clear that it was actually stipulated to by the parties.) Generally, what transpired **after** the riot had been terminated and order had been restored, is that many prisoners who were believed to be involved in this riot were beaten by the guards. The prisoners, including Glenn Davidson, were forced to strip naked on the pretense of being moved to another cell, and then beaten savagely by various guards with batons. In fact, they were forced to run a gauntlet of guards so armed.

As the result of the beatings, at least eleven prisoners, including Davidson, were taken to the prison hospital, and required treatment, including stitches. (The evidence showed that Davidson required 39 stitches on his head, and was badly beaten.)

After a trial in the District Court, Judge Stapleton found that Messrs. Dixon and Martin participated in the beating of Davidson, and that Mr. Towers, who was their superior, had allowed it. The Court characterized the beatings as follows:

"On September 1, 1971, representatives of the State of Delaware practiced premeditated and systematic brutality under circumstances in which there was no call whatever for the application of force. The prison was under the control of the correctional staff; all inmates were secured; and those being transferred to isolation, one at a time, were offering no resistance. While sanctions would, of course have been appropriate for those determined to be responsible for the riot, the disciplinary procedures regularly followed at the institution and the punishment regularly imposed for such conduct were ignored. Resort was to vengeance by violence, not to legal process."

"The beating of Plaintiff Davidson shocks the conscience. He was the victim of unlawful force which can fairly be characterized as "brutal." His assailants clearly violated his right to due process of law under the Fourteenth Amendment. (P. 11) ...."

“Defendent Towers was a superior officer to both Dixon and Martin; while he did not strike Davidson, he was present at Davidson’s beating, had knowledge of it, and acquiesced in it. This is sufficient to render him liable for the injuries sustained by Davidson...in this situation the law considers that Towers was a direct participant in the attack...”

As to Mr. Towers, the Plaintiff produced eight witnesses, including Davidson, who testified that Towers either participated in the beatings or was present when they occurred. This is also true as to the two guards.\*

To more fully explain the situation, I am enclosing a copy of the Plaintiff’s Statement of Facts, which I prepared and filed in the Court of Appeals, which essentially consists of the facts as found to have existed by Judge Stapleton. These facts were taken from the Court’s opinion and those portions are in quotes.

It seems to me that the taxpayers of this State, who are already burdened with a deficit of approximately \$8,000,000 (which in reality, appears to be \$18,000,000) should not be additionally burdened by having to pay the judgment of prison officials, who decided to beat, or who allow the beating of a helpless prisoner, who had done nothing wrong, and certainly, nothing to deserve such treatment. If we allow State officials to treat helpless prisoners in this manner, and, in fact, even condone it by paying their judgment for what can be considered as criminal assault, we certainly cannot expect the public at large to have much respect for our laws and for the General Assembly.

I would ask, therefore, that your Committee, and the House, defeat this bill, since it is unconscionable. In the event that this bill does pass the House, I am sending a copy of this letter to Governor Tribbitt, and I am asking him to veto it.

Parenthetically, I may add that the synopsis in this bill is somewhat misleading, in that it gives the impression that the judgment, with interest and costs, was paid to “settle the prolonged litigation.” The judgment was paid by the Defendants, because they had no other alternative. The District Court had found against them, and had entered a judgment in favor of the Plaintiff. They appealed this decision to the Court of Appeals, and the decision was affirmed. They sought a reargument in the Court of Appeals, and that was denied. The only possible appeal left to them would have been

to the United States Supreme Court, which in reality would have been futile appeal.

Very truly yours,  
L. Vincent Ramunno

The Reading Clerk read the following letter from Governor Sherman W. Tribbitt:

September 2, 1976

Honorable Casimir S. Jonkiert  
Speaker, House of Representatives  
128th General Assembly  
Legislative Hall  
Dover, Delaware 19901

Dear Mr. Speaker and Members of the House of Representatives:

Please be advised that I have accepted the resignation of Bank Commissioner John W. Green, effective September 15, 1976. As you know, this term has expired and when I next have the Senate in session, I plan to submit a new name to the Senate for their consideration for Bank Commissioner.

In addition, I want to apprise the members of the House that we all have found that the banking laws of the State of Delaware are antiquated and need revision. I am in the process of having the present laws studied and will be submitting to the General Assembly in the future my recommendations as far as changes in the banking laws are concerned.

Sincerely,  
Sherman W. Tribbitt  
Governor

### 11th LEGISLATIVE DAY - 1st Session

Governor's Speech

March 18, 1975

Mr. Speaker

Mr. President

Mr. President Pro Tempore

Ladies & Gentlemen of the 128th General Assembly

Members of the Cabinet

Other Distinguished Guests, Delawareans All:

Our State's financial integrity is being shattered by divisiveness. . . and, for the well-being of our citizens, it must not continue.

Today you members of the Legislature have gathered in Joint Session to consider and debate Revenue Estimates for FY 75.

Let us **work** together.

Let us determine **not** who is right, but which figures are most logical. And then use them as a base to establish our position with respect to our needs for additional revenue.

Let us not determine **who** can gain most political benefit from continued bickering over revenues, but who can benefit from our sound financial assessments.

I suggest that all our citizens will benefit from an understanding of the amount of revenue our current tax base will yield.

As I told my Press Conference yesterday morning, three revenue estimates currently are being debated for FY 75.

One is the estimate of the non-partisan Council of Economic Advisors which is made up of individuals from the private sector, the Executive Branch of government, and the Legislative Branch of government.

The second estimate is that of the Republican Minority.

The third is the total stated in House Joint Resolution 44, passed by the 127th General Assembly, which was a compromise figure.

As you will recall, since Democrats and Republicans differed on estimates by about \$14 million dollars, we split the difference and compromised last June on an arbitrary figure, just so we could pass the Budget Bill for this Fiscal Year.

So now we find ourselves - and I do mean **all of us** - not just

the Legislature and not just the Governor - we find ourselves in the position of **not** being able to proceed with the business of rapidly fulfilling our pledge to the teachers and custodians for pay raises, because of the sharply-differing views on revenue for this year.

Basically, the wheels of government have ground to a halt over this basic question: "Does the revenue exist to support increased State expenditures, or must we provide additional revenues?"

This is one critical time when government **cannot** proceed without agreement.

We all know what has been appropriated.

We know that the minimum total for supplemental appropriations has jumped to \$11.9 million.

According to Treasurer Mary Jornlin, total revenue refunds for FY 75 will exceed the amount appropriated for that purpose by \$3 million.

We know that Debt Service will exceed appropriations for that purpose by \$2.4 million. Further, Debt Service holds first claim on General Fund dollars and is a Constitutionally-required expenditure.

We know that soaring energy costs will require an additional appropriation of \$4.6 million to supplement existing appropriations in the FY 75 Budget for energy.

And we know that additional funds are required for such items as the Judicial pay raise, which was passed but unfunded by the 127th General Assembly; and for "DART" to keep Mass Transportation running in this time of energy conservation; and other supplemental requests total \$1 million so far.

I want to impress on the members of this Body that there is sound reasoning behind the numbers I cited yesterday at the Press Conference.

In the area of reversions, we hope to match last year's reversion rate of 2% of appropriations.

So you can see that the expenditure side of the ledger is reasonably clear.

The other side - and the highly controversial side - concerns revenues.

Let me state at the outset that it is the purpose of the Economic Advisory Council to estimate revenue - **not** to consider what it means in terms of a deficit.

I, as Governor, support the Council's estimate.

And let me stress that I had absolutely **nothing** to do with the determination of their figures. That is **their** estimate, which they arrived at independently, and I support it.

I have invited the Council to this Joint Session today. I hope their presentation will help you understand how their estimates were determined.

I hope you members of the Legislature will take advantage of this opportunity to question the Council members, and discuss the Council's estimate, and compare notes on what you think revenue will be, and what they think it will be, and that you will compare the Council's estimates with other estimates. Further, that you will probe all estimates. You must seek to understand the basis for all estimates.

Only then can you determine which are sound and which are political.

The entire aim of this Joint Session is to arrive at an agreement of revenues.

What we need, what the citizens of our State need, is agreement by the Legislative and by the Executive branches of government on revenues for this year.

Is that too much for our citizens to ask of us? - That we concur on a Revenue Estimate, and then proceed, accordingly, based on that framework?

I do **not** think it is too great a request of us.

The longer we postpone agreement now, the more expensive it becomes to the taxpayers of our State.

Let me suggest this to you members of the General Assembly.

I know that this political fighting over Revenue Estimates could go on, and go on, for the next five months. And, I know that Revenue Estimating can be considered fair game for political hay.

But Let me suggest that with our nation's economic picture - and Delaware cannot escape being affected by the national picture - with the national economy the way it is, we cannot foresee a sudden upturn in the economy by next month, or by next summer. It may be longer than that.

And so, precisely because of this difficult economic situation, I ask you to work together.

No doubt there will be strong differences of opinions on

how estimates were arrived at which estimate is best, why this estimate is logical, or that one isn't.

But we must - in this Special Session - determine one estimate that we agree on, so that we can proceed to meet our obligations.

There can be no question that all sixty-two Legislators are concerned with the future of our State, and the well-being of our State's citizens.

The difference comes in how we go about planning for the future of the State and how we view current problems.

I ask your help. I ask for your ideas. I ask for your cooperation, so we can reach agreement and proceed for the sake of all our citizens.
