Mother Of Three Offers Swim Lessons To Youngsters After Drownings In Area

A Newark mother of three has decided to do something to prevent child drownings.

Mrs. Joseph B. Marcone of Eagle Run, Newark, decided to take action after hearing of the Memorial Day drowning of seven-year-old Samuel Nixon, Jr., at Beck's Pond near her home.

Last July 22, a neighbor's nine-year-old child Joyce Barrett, drowned in the same pond.

Neither child knew how to swim, Mrs. Marcone said.

Believing that small children should know how to swim, Mrs. Marcone decided to begin a children's swimming class at the pond last Monday.

Mrs. Marcone will work with children on the shore of the pond playing games with them and getting them used to being around the water.

Lifeguards will instruct children three to eight, at morning classes from 10 until noon, Monday through Friday.

Mrs. Marcone is assisted by Maria Benton, one of the lifeguards regularly on duty at the pond located off Salem Church Road between the Old Baltimore Pike and U.S. 40.

A gradual method is used with the children, determining how much

they can do before they are allowed to get into the water.

The new council met June 21, for the first time in Dover, and scheduled a stewardship retreat for Nov. 10-12 at Drayton Manor, near Worthington, Md.

The program council was provided for in structures set up by the merger conference of Methodist with United Brethren last year in Dallas. It includes the presiding Bishop, the Rev. Dr. John Wesley Lord, district superintendent, and representatives from all boards and agencies in the annual conference.

Mr. Cooke was Wilmington district superintendent, president of the Council of Churches of Wilmington and New Castle counties, has been active duty as a Navy chaplain during World War II, and is a Delaware National Guard chaplain.

PLANNING YOUR EXTERIOR

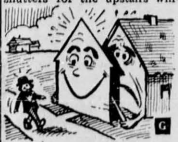

We all know what interior decorating is: it's the art of furnishing and decorating the interior of your home to serve the practical and aesthetic needs of the people who live there. But what about exterior decorating?

The outside of your house is, in its own way, as important as the inside. A stranger will form his first impression of you from the outside of your home; your neighbors will appreciate a neat, attractive exterior; you and your family will take pride in living in a lovely home.

Basically, the art of exterior decorating divides into two main categories: the house itself, and the territory surrounding and leading up to the house. Each should complement the other, to add up to an overall decorating plan.

New paint, new siding, new roofs, and landscaping are among the ways of making the outside of your home more attractive. But one of the most inexpensive and attractive techniques is to decorate your house with shutters, window treatments are important outside as well as inside.

New nylon shutters, now available through larger depart-

ments stores in 19 colors are a lovely solution to the problem of outside window decorating. The shutters are lightweight, easy to install and remove, and almost maintenance-free: all they need is a hosing down to remove dust. They snap easily onto fasteners which you nail to the sides of the house, and shutters for the upstairs windows may be installed from the inside of the house.

Do you favor a cool, blue-and-green color plan? Let the wood furniture be painted an icy blue, and choose dark green for upholstery and shutters. Do you go for exciting contrast? Use red shutters and red seat cushions against plenty of white.

With applied exterior decorating, the back of your house can be as pretty as the front, and as nicely decorated as your winter living room.

TRAIL-BAZING IDEAS

CAMPING OUT IS DEFINITELY "IN" DURING THE SUMMER. BUT STUDY YOUR ROAD MAPS IN ADVANCE. DON'T GUESS ABOUT ROAD DIRECTIONS—ASK. MAKE SURE YOUR CAMPSITE IS WITHIN REASONABLE DISTANCE OF GROCERIES, A DRUG STORE, AND A DOCTOR.

FOR TIMBER TO START A FIRE, THE BEST WOODS ARE BRUSH, BARK, FINE TWIGS OF WHITE PINE, AND INNER BARK OF CEDAR. TO MAKE SURE A CAMPFIRE IS SAFELY OUT, SPREAD THE EMBERS AND COVER THEM THOROUGHLY.

WOT WATER AT CAMPSITES IS "IFFY" SO TAKE ALONG A SUPPLY OF COLD WATER. DETERGENT, YOU'LL NEED THE COLD POWER TO KEEP CLOTHES CLEAN, AND MANY HOUSEWIVES ARE EVEN USING IT FOR THE DISHES.

DRINKING AND COOKING WATER SHOULD BE "PUCE" PLEASANTS. IT CAN BE PURIFIED BY BOILING AT LEAST FIVE MINUTES. YOU CAN COOL IT AND BRING BACK THE NATURAL TASTE BY POURING IT BACK AND FORTH FROM ONE CONTAINER TO ANOTHER.

Local 4-H members who spent last week at state 4-H camp are Aron and David Insinga of Hill'n'Dale; Nancy Archer, Lee and Doug Ennis of Y's Owl; Anne Lomax, Lisa Hyatt, Andrea and Kathy Baird of White Oak.

LEAVE THE COUNTRY.

Of all the ways America can grow, one way is by learning from others.

There are things you can learn in the Peace Corps you can't learn anywhere else.

You could start an irrigation program. And find that crabgrass and front lawns look a little ridiculous. When there isn't enough wheat to go around in Nepal.

You could be the outsider who helps bring a Jamaican fishing village to life, for the first time in three hundred years. And you could wonder if your country has outsiders enough. In Watts. In Detroit. In Appalachia. On its Indian reservations.

Last year, for the first time, Peace Corps alumni outnumbered Volunteers who are now out at work overseas.

By 1980, 200,000 Peace Corps alumni will be living their lives in every part of America.

There are those who think you can't change the world in the Peace Corps.

On the other hand, maybe it's not just what you do in the Peace Corps that counts.

But what you do when you get back.

The Peace Corps, Washington, D.C. 20525.

DECORATING CANS

There are many new different, and unusual uses to which you can put empty Canada Dry cans simply by decorating them.

Thinking of new uses for empty cans and of ways to decorate them appropriately can be fun. With a little imagination and ingenuity you can cover them with just about anything.

For example: You can coat can with plaster of paris and work in interesting designs before it hardens. Or, you can soak cheesecloth on starch and apply to can surface when still wet.

Here are some other uses, when decorating the can is not only appropriate but necessary.

Pebble Can—(Fig. 3) Pebbles, aquarium stones or beads make an unusual covering. First, paint top and bottom rims with glossy enamel. Apply layer of self-hardening clay to entire surface, leaving rims exposed. While clay is still soft, press in pebbles, stones or beads.

News Montage—(Fig. 2) News paper clippings about favorite people or events, will turn a can into a cool holder of odds and ends. First, paint top and bottom rims with glossy enamel. Overlap clippings. Apply with white paste. When complete, dry, apply coat of clear varnish or lacquer.

HEALTH & SAFETY

Mainly for Mothers

by Carol Hart

Family Health and Safety Concern of Brides

More than two million brides will be starting new households in 1969. Among their first chores as homemakers will be planning home safety and family health.

Certainly a new bride and bridegroom should select as soon as possible a family doctor who can become familiar with their medical history and keep tabs on their growing family.

Keep your physician's phone number on the telephone together with any others you need in an emergency—your pharmacist, your fire and police departments, and your local hospital.

The Council on Family Health, a non-profit organization sponsored as a public service by leading members of the drug industry to promote home safety and family health, suggests that the new bride establish good safety habits on the storage, care and use of medicines.

Following are some safety rules every homemaker should know:

1. Plan the contents of your medicine chest. Keep medicines and toiletries in separate cabinets, or, if they must be kept in one cabinet, store medicines on the upper shelves and toiletries on lower shelves.

2. Divide the medicine section into two parts—one for medicines that are to be taken internally, and the other for those medicines that are applied externally.

3. Take inventory of the contents of the cabinet at least once every six months. Discard medicines with damaged or unreadable labels. Flush discarded medicines down the drain. If you have any doubt about discarding a medicine, consult your physician.

4. Just as the manufacturer, physician and pharmacist have their responsibility in respect to medicines, the use of medicinal preparations involves responsibility on the part of the user.

One important thing to remember: Read the label at least three times when taking or giving medicines to your family.

DO YOU KNOW?
IN THE 1850'S WOMEN HAD TO HEAT IRONS OVER A FIRE OR STOVE, THEN USE SHEER MUSCLE TO SMOOTH OUT CLOTHES.

BY THE 1870'S IRONS WERE ATTACHED WITH TUBES, TO STEAM KETTLES FOR NEEDLED HEAT.

TODAY'S IRONS AND IRONING AIDS MAKE LIGHT WORK OF THIS CHORE. MAGIC SIZING, SPRAYED ON AS YOU IRON, MAKES YOUR IRON GLIDE OVER FABRICS AND ADDS "LIKE NEW" BODY AND FEEL TO GARMENTS, WITHOUT THE SCRATCHY STIFFNESS OF STARCH.

Residents of Newark wishing to invite any of the visitors to their homes should get in touch with Mrs. Warren, program chairman.

Other association officers and steering committee members include: Mrs. Gerald Borchardt, vice-president; Mrs. Albert Dunn, secretary; Simon Steinberg, treasurer; Mrs. Cyrus Day, Mrs. Edmund Lacey, Mr. and Mrs. Weinberg, Mrs. Aldred T. Lyman, Dr. Roger Steiner, Robert Cunningham, Mrs. Pfeiffer, Mrs. Arthur Dunlap, Mrs. Russell Remage, Mrs. George Frick,

Mrs. G. Taggart Evans, Mrs. Gordon Gaddis, and Mrs. Pinto.

Funds for the Twin Town program are derived solely from contributions, and the association is making a special effort this year to enlarge the scholarship program that assists young people from both Newark and La Garde-Freinet to participate in the summer exchange program.

Contribution checks should be made payable to the Newark Twin Towns Association and mailed to Newark P.O. Box 1031.

Monkman Wins State Amateur Golf Title In Newark Country Club 18-Hole Playoff

Jim Monkman, 20-year-old American University Junior playing out of Wilmington Country Club, defeated Bob Kauffield 7-6 in Saturday's 18-hole playoff at the Newark Country Club for the 18th Delaware Amateur Golf championship.

Kauffield, a 38-year-old chemical engineer playing for the DuPont Country Club, missed a 10-ft. birdie putt on the 18th hole at Newark last Thursday to the Monkman for the 72-hole lead at 292 and send the state championship tourney into the playoff round.

Ed Richitelli of Newark finished third with a 294 after carding rounds of 73-74-73-74 in regulation play, and Defending Champion Bob Murphy of Rock Manor took fourth place with a 296.

Gibby Young, Jr., of Newark, tied for fifth with 300.

Saturday's match was close until the 15th hole, where Monkman increased a two-stroke lead to four. Monkman had taken a three-stroke

lead after nine holes shooting a 38 to Kauffield's 41.

After going four shots ahead on the 10th, Monkman three-putted the 11th for a bogey, drove into trouble on No. 12 for a double bogey, and bogeyed No. 13. Kauffield, meanwhile, parred all three holes to dead-lock the match.

After Kauffield missed the green with his tee shot on the par-three 14th, Monkman laced a No. 4 iron within 12-ft. of the cup. Kauffield chipped well past the hole for his bogey, while Monkman sank his birdie putt to go two-up.

On the 480-yard 15th, Monkman hit a drive and No. 5 iron to reach the green in two, 60-ft. from the cup, while Kauffield was 20-ft. away in three.

Monkman two-putted for a birdie and Kauffield three-putted for a six to go four strokes down.

"That hole really hurt," Kauffield said. "I just hit a terrible putt."

Both players parred 16 and 17, and Monkman picked up another stroke on 18, taking a par to Kauffield's bogey.

Troubled at the start by the 95-degree heat, neither putted well. "I don't think it was the tension as much as the heat that caused us to putt poorly," Kauffield concluded.

"It was so hot out there, by the time I got to the fifth hole, I didn't care whether I had a bogey or nine," Monkman, the tourney medalist, said.

Bobby Isaac Tops Grand Nationals Winning Drivers

Bobby Isaac of Catawba, N.C., one of this year's best Dodge drivers, hopes to extend an unusual record when he runs in the inaugural Mason-Dixon 300-mile late model stock car race on the new Dover Downs International Speedway this Sunday.

Isaac has won eight Grand National races this year — more than any other driver — and in the course of these victories and eight other races, has led on 2,138 of the laps, eclipsing by 600 laps or more, lap performances of the two Grand National point leaders — David Pearson of Spartanburg, S.C., and Richard Petty of Randleman, N.C.

Both Pearson and Petty are Ford drivers.

Isaac is sixth on the Grand National list.

Dover Downs International Speedway is a new one-mile, high-banked asphalt track built around a 5/8th-mile horse racing track. It has a speed potential up to 140-mph.

Action will start on race day at noon with time trials to determine the starting positions.

The race itself is scheduled to begin at 3 o'clock.

OFF AND RUNNING by John I. Day

A Madden Maxim

Perhaps the most quoted Thoroughbred authority of this century is John E. Madden who, at the time of his death in 1929, had for some 30 years been known as "The Wizard of the Turf." The breeder of 182 stakes winners including Sir Barton, the first Triple Crown winner; Zev, leading money winner of his day and the first Thoroughbred to earn over \$300,000; five Kentucky Derby winners, an equal number of Belmont Stakes winners and enough other winners to make him the leading breeder in point of races won for the first 11 years that the American Racing Manual recorded these statistics (1918-1927), Madden had a maxim for every conceivable situation.

On a recent visit to Lexington, Kentucky, where, at Leslie Combs' Spendthrift Farm, a suckling foal brother to Majestic Prince romped in a field with 10 other foals and their dams, one couldn't help but think of Madden's observation, "Better to sell and repeat than keep and repent." The studly little chestnut son of Raise a Native-Gay Hostess, now rough-housing with his paddock mates, will be sent to the yearling auctions at Keeneland next July. Meanwhile, Combs has turned down an offer of \$300,000 for him, and Frank McManis, who bought his older brother Majestic Prince for \$250,000 at the 1967 sales, wouldn't be surprised if next summer the bidding on Majestic Prince's little brother started at \$500,000.

Program Notes

Everyone is familiar with the vendor's cry of "You can't tell the players without a program" and the same applies to horse racing. Most everyone knows the abbreviations designating playing positions apparently not everyone is familiar with abbreviations used in horse racing.

Keeneland, a race track in the heart of the blue grass breeding area of Lexington, Kentucky where it might be assumed that all are knowledgeable about what was meant by the line "Dk. b or br. f. 3, 1/1 Fella-Circle Leader," takes nothing for granted. A page in their racing program is devoted to explaining every item that appears in connection with a race. The line quoted above is translated: "Dark bay or brown filly 3-year-old sired by 1/1 Fella and out of the mare Circle Leader."

Another item about which questions are frequently asked is use of the asterisk (*). Where it appears beside the weight assigned the horse it means that a five-pound weight allowance has been claimed because the rider is not yet a full-fledged jockey. Where it appears in front of a horse's name it means he was imported from another country.

Thoroughbred Racing Association has published an illustrated 32-page booklet which is based on the questions that it receives in every mail. This booklet, "King of Sports," can be had for the asking. Write TRA Service Bureau, 220 East 42 Street, New York, N.Y. 10017.

Delaware To Get All-State Center From Salesianum

Chuck Marioni, Salesianum's All-State football center, has decided to attend the University of Delaware.

"We are very pleased to have Chuck staying in Delaware to continue his education," says Blue Hen Football Coach Tubby Raymond. "We feel he is an excellent college football prospect and certainly one of the top school players in the state this year."

Marioni, a 190-pounder, played both offense and defense for Salesianum last fall. He was a center on offense and a linebacker on defense for the Sallies.

"Chuck can play either offense or defense for us," says line coach Ed Maley.

"We think he will develop into an outstanding college lineman."

Marioni plans to major in business administration at Delaware.

Mrs. Fred Stiegler Wins Ladies Day Golf Tourney

Mrs. Frederick L. Stiegler won the flag tournament with Ladies Day play last Tuesday at the Newark Country Club.

Mrs. John Dawson took second place, and Mrs. Harry McEvans, third.

Delaware Park Holiday Racing Featured By Dover Stakes, Sussex Turf Handicap

Two-year-old speedsters and sea-seeking their initial success in a soned grass specialists of the stakes event.

Although the Dover is open to juveniles of both sexes, nary a filly was nominated.

The Sussex is the last grass stake of the Stanton season for horses racing on the flat.

The field for this infield extravaganza is expected to come from Jean-Pierre, Abe's Hope, Champion, Swoonland, A Latin Spin, Robot 3rd, Rhinelander, 2nd, Ralustrade, Persister, Irish Rebellion, Moonreinder and Royal Comedian.

On Saturday, the \$25,000-added Sussex Turf Handicap will have its 32nd version with a representative field in prospect for the exacting grind of a mile and three-eighths on the infield grass.

Both of these stakes drew 40 nominations and shape up as a survival of the fittest.

Among Dover hopefuls are the first six horses past the wire in Delaware Park's earlier Christmas Stakes. They are Rollicking, Well Mannered, Fathom Red Roman, Favorecidian and Silver Meteor.

Other fine prospects among those who bypassed the Christmas include Hindiya, Cross Question, Tatol and a number of other good winners.
