NEWARK DELAWARE, MAY 9, 1916

NUMBER 27

DELAWARE DEFEATS ROCK HILL BUT LOSES TO ST. JOHNS

Delaware lost a close and hard fought game last Saturday to the fast St. John's team by the score of 8-6. The defeat came as a surprise to the "Blue and Gold" followers who expected a rather easy victory with Hoch twirling.

Last year these teams played a 17 inning game on Frazer Field, Delaware winning out by a score of 1-0.

The Marylanders scored first when Freney single, was sacrificed to second and came home on an infield out and an error. This tally came in the first half of the second. Delaware came back strong in their half, however, and by fast work on the bases, coupled with several safe drives, brought over 3 runs. The lead again changed hands in the third. The Annapolis collegians made a rally which netted them five runs and gave them a 6-3 lead. This advantage was held until the latter half of the seventh. After scoring two in the fifth the locals tied it up in the "lucky" inning by clean hitting. For a time it appeared as if it would take extra innings to decide. Neither team scored in the eighth. In the first half of the ninth St. John's succeeded in sending two over the rubber with what later proved to be the winning runs. The "Blue and Gold" could not tie it up in their half altho they had a chance. With runners on second and third, Stewart flied to center for the last out.

Hoch, Delaware's star twirler, was forced to retire at the close of the third inning and Webb, a Freshman slabman, took his place. He pitched excellent ball for the 6 innings that he was on the mound, holding the visitors well in hand until the final inning. The score:

In a close and interesting game Delaware defeated Rock Hill College at Ellicott City Md., Wednesday, by the score of 3 to 1. The Blue and Gold team overcame the early lead of the locals in their half of the sixth, when D. Horsey reached third on his hit and came home on H. Horsey's infield grounder. The score remained tied until the eighth. In this inning Pierson singled to center and came home with the winning run on D. Horsey's intended sacrifice when two wild throws were made by the Rock Hill infield. D. Horsey also scored on these errors. In the closing innings both pitchers held their opponents safely with no runs.

The new lineup of the Delaware team, with Morris Pierson, the ex-Wilmington High boy behind the bat, Doherty switched to first and Taggart at short, and with Ferguson and O'Daniel in the outfield, proved to be a speedy combination. The team played errorless ball. The infield pulled off three double plays which killed Rock Hill's hopes on several occasions.

The masterly pitching of Hoch and the infield work of Taggart and D. Horsey were the features of the game.

Arrangement For Inter-scholastic Meet Complete

Final arrangements were made at a special meeting of the Delaware College Athletic Council Tuesday night for the third annual inter-scholastic field and track meet to be held on Joe Frazer Field Saturday, May 13th. Reports submitted by Coach McAvoy indicate that there will be a much larger entry list this year than there were the two previous years.

As usual there will be two classes, 1 and 2. Class 1 is for such schools as Wilmington High, Wilmington Friends, Wilmington Conference Academy, Chester and West Chester High, Tome Institute, Baltimore City College and Baltimore Polytechnic Institute. The entry list in this class will be much larger judging from the present outlook than it was last year. Last year on account of having a dual meet on that day Tome could send no athletes. Coach McAvoy has received word from Tome this year that they will send a complete team for all the events in Class 1. Baltimore Polytechnic Institute will also send contestants in this class.

The largest increase, however, will be in class 2. This is open to all the high schools of the state and those of adjoining states where they do not have the advantage of an athletic coach. There has been numerous queries for information about this class and many schools have said they will send contestants. The entries will close early this week.

Many minor details were arranged by the Council. The visiting athletes will be well cared for. In the morning there will be an exhibition drill by the college cadet corp. At 12 o'clock lunch will be served to all contestants in the gymnasium. The meet will start at 1.30 o'clock. In addition to the two classes in this meet the annual inter-class meet will also be held on this day. This is a change from the regular custom but it has been decided by the Council that the holding of the meet early in the spring will arouse more interest among the classes then it does during Commencement week when there is naturally much else to attract attention.

Coach McAvoy was authorized to appoint the same officials for the day who have served the past two years. There will be a meeting of the officials the night before the meet when the rules will be gone over. No one is to be allowed on the field with the exception of the contestants and the appointed officials who will be provided with badges.

Eben B. Frazer, Stanley Frazer and H. Rodney Sharp were ap-

STUDENTS GIVEN OPPORTUNITY OF SEEING SAFETY FIRST SPECIAL

The Safety First Special which the United States Government is sending out to visit the cities of this section of the country stopped over in Newark Thursday, May 4. The Special consists of twelve steel cars, ten of which contain the Government exhibit. It is with the co-operation of the Baltimore and Ohio Railroad that this wonderful educational movement is being conducted. This company has granted the Government the free use of the all-steel train.

It is the hope of the Government that all people will view the exhibit and acquaint themselves with the full meaning of "safety first" and see the methods adopt-

ed by it to further personal safety.

The interior of the cars have been arranged and equipped by the various departments of the Government including the Department of the Treasury, War, Navy, Interior, Agriculture, the Interstate Commerce Commission, and the American Red Cross Society.

Practically the entire student body embraced the opportunity afforded it to become acquainted with the modern methods employed by the various departments in dealing with their particular problems.

Many thanks are due Dr. Harter for the successful efforts he put forth to have the train stop over in Newark.

pointed honorary referees. Plans were also made for the securing of the badges, cups and banners to be presented. The band will give selections during the meet.

Other athletic matters were considered by the Council in addition to the Interscholastic meet. The date for the Bucknell baseball game, May 26, was approved and the date for the final inter-class game was moved to May 25.

Election of Officers

At the meeting of the "Ag" Club on Thursday evening the following men were elected as officers for the ensuing year: J. W. O'Daniel, President; F. A. Gillman, Vice President; N. W. Taylor, Secretary; D. L. Crockett, Treasurer.

L. G. Mulholland, the retiring President, spoke of the lack of interest in the activities of the club, and urged the hearty co-operation of the members in preparing articles for the "Delaware Farmer."

The members of the club have decided to present Pinero's popular comedy "Dandy Dick."

Score of Delaware's Future Opponents

Bucknell, 0; Dickinson, 1.
Mt. St. Mary's, 7; Loyola, 3.
Haverford, 1; Ursinus, 7.
Western Maryland, 2; M. A. C. 9.

Secretary Houston Touring Delaware

On the invitation of Senator Willard Saulsbury, Secretary of Agriculture David F. Houston made a three-day tour of the State beginning at Wilmington last Thursday morning. The purpose of the tour, as explained by Secretary Houston, was to meet the farmers of Delaware personally, to see first hand what their problems are, and just what is being done in an agricultural way in the State. Dean Hayward, who arranged the itinerary of the trip was a member of the touring party.

Insignia To Be Awarded For Tennis

For the first time in many years Delaware has a collegiate tennis schedule and there is a revival of interest in the sport. In order to retain interest in the sport it has been decided to award the insignia for tennis and at the Council meeting Monday night the following rules to govern the sport presented by Professor George E. Dutton, who is coaching tennis and Coach William J. McAvoy, were approved:

1. The insignia to be granted in tennis shall be D. C. T. T.
2. This insignia shall be granted to those men who are winners in a majority of the matches played by the college exclusive of the first match.
3. The tennis team shall consist of four regular men and one substitute, all five to be selected for each match on the day preceding the match.
4. Members of the tennis team shall observe the same rules of training as are observed by members of other athletic teams.
5. The selection of the team shall be made by the coach, with the aid of the Physical Director, the captain, the manager of the tennis team.
6. The coach shall have the power to remove a man from the tennis team at any time and for any cause which he deems sufficient.
7. The tennis courts shall be reserved for the use of the tennis team during the spring months, every day between 4 and 6 o'clock in the afternoon.

ANNOUNCEMENT

All future meetings of the Athenaeum Literary Society will be held on Monday evenings at seven o'clock in Purnell Hall.

Three of Delaware's athletic rivals, viz: Western Maryland, Susquehanna, and P. M. C. are on Fordham's 1917 football schedule.

Importance of Class Presidents

The president of a class has always held an important position in student life at Delaware College. He has been looked to in the past by both students and faculty as the guiding spirit in his class. But with the institution of student government into student life at Delaware, the importance of the class president has increased several times. He automatically becomes a member of the Student Council and in the two lower classes he is the only member from his class. Thru him the other members of the council expect to hear the sentiment of his class toward the program of business and in regard to every action taken by the council. He is the man who may win the co-operation of his class for or prejudice their action against the work of the council.

The Student Council has done exceptional work already. But its work is only begun. It has been in existence so short a time that most of its action in the past has to be of necessity preliminary work,—a sounding out of the faculty and students, a search for the best method of organization, and a seeking out of the

most effective settlement of everyday problems. More than this enthusiasm for the council is running high now among the students. That is always the way with a new thing. The faculty is sympathetic with this movement. But the real test of student government comes next year. There will be sufficient time then to give it a thorough trial. And one false step may make many an enemy to the whole organization. Every enemy is a broken spoke in the wheel. No wagon bearing a heavy load can afford to have many broken spokes.

Class elections will be held in a week or two; so the Review takes this opportunity to caution every student to lay aside partisanship, if there be any, and nominate and elect a mature, consistent, thoughtful, hard-working man as his class president. Give to the student body (for a class president represents not only his class but the whole college) a student council broad minded, yet firm; one that can take up and carry forward the work next year that has been so well begun.

Straw Hat Day

Next Saturday is Straw Hat Day at Delaware College. Last year it was decided that the day of the Interscholastic Meet should be known as straw hat day; so should it be necessary, let every body make a visit to their hatter's before the above mentioned day.

Engineers Hold Meeting

The Engineer Society held a most intellectual and instructive meeting last Tuesday evening. An article on engineering in the U. S. Army was read by Bowen '18. Smart '17 told of the process thru which cotton passes to become guncotton at Hopewell. Foster '16 spoke on the system used by the Pennsylvania Railroad in promoting men. Foster was followed by Wilson '18 who spoke further on the manufacture of guncotton.

WANTED—The Educators' Association are going to use a number of College students for some high class educational work among school patrons during the summer. Ambitious students either men or women, would have a fine opportunity for pleasant work among pleasant people at a salary from \$75 to \$100, guarantee, the average earning being above \$6.50 per day. Address Mr. John W. Branch, 25 South 61st St., Philadelphia, Pa. —Adv.

Five Cents Per Day

Do you know at the age twenty-one a nuckle a day will create an estate of from \$1000 to \$3000 as follows:—
\$1000 for Natural Death—
\$2000 for accidental Death—
\$3000 for Death—the result of injuries sustained under travel, burning, building, stroke of lightning, conditions.

And In Addition

\$10 per week for disability from accidents.
Send for illustration of complete protection contract. Every policy guaranteed by the State of New Hampshire.

We Make Deliveries

The Women's College of Delaware

Girls who expect to complete courses in Delaware High Schools next June should plan to secure a thorough collegiate training at the newly established and rapidly growing Women's College of Delaware. Although it has been in existence only a little over one year, the college has an enrollment of eighty-five students from several states. Tuition is free to all Delaware students. New buildings, large and capable faculty, beautiful location individual instruction.
Three Departments:

Arts and Science—Designed to give a broad cultural training.

Education—Intended for those who wish to teach in the schools of Delaware and neighboring states.

Home Economics—Intended to give students training in home-making and in teaching Home Economics in the schools.

LOCALS

Spring is here! "Algernon" Arbuckle, an avaricious amateur amaranth and "Baron" Francis O'Rourke were observed plucking those dainty yellow flowers called dandelions the other day.

The other day when the inspecting Army officer was here "Buck" Hoch was out with the flag. As the inspector passed the flag he saluted the colors. Hoch thinking he was speaking to him said "Good morning, how are you?"

Good bouillon, eh, what?

When the minuet was being danced in the pageant the couples kept bowing and bowing. As the dance came to an end a witty soul remarked: "Those people are just like trees with their bows, aren't they? and now they are going to leave!"

Sie 'em Perc, his name is Cantwell.

We beg to compliment the "safety first" department upon the life-like appearance of its wax dummies, as Miss Anna Scott after carefully examining one from tip to toe, finally discovered that it was a real live man when he tickled her under the chin with a pamphlet.

Professor Dutton in English Class at W. C. D.: "Just as soon as I tell a class of boys that they are the salt of the earth, they immediately begin to get fresh."

Wanted from W. C. D. "Lady to accompany Mr. Osumm to church."

7.20 Sunday evening. Seen at W. C. D. five men and two wasps.

Miss Powers—"Yes Marie Antoinette was beautiful and I can't see a thing good in her."

(Evidently Miss Powers doesn't believe that a thing of beauty is a joy forever.)

Dr. Mitchell was present at the dedication of the New Science building recently erected at Juniata College. Pennsylvania College Presidents only were invited but the courtesy was generously extended to Delaware

Debate With St. John's

A debate between Delaware and St. John's College will be held in the Oratory at 8 p. m. of May 11. This is the second debate between these two colleges. The first, held in Annapolis, Delaware was the loser.

The team for Delaware consists of T. S. Carswell, W. T. Mitchell, and C. W. Levy, with M. R. Mitchell, alternate. It is hoped that all will turn out to help Delaware win.

Haverford Defeats Delaware At Tennis

The Blue and Gold tennis team opened its season last Saturday on Joe Frazer Field courts against the strong Haverford racquet players. The visitors, with one exception, won in straight sets the final score being 6 to 0.

Considering the fact that the Delaware team had only had a few days practice, it played a

very good game. McMillan and Gutowitz made a better showing against their men than Walls and Sumwalt although the latter men drew Haverford's two best wielders. McMillan lost his first set 7-5, after a stubborn fight, but lost the second set 6-1. Gutowitz gave Miller a hard fight but lost 6-2, 8-6.

Coach Dutton is working hard with his men this week to try and get a combination together that will make a creditable showing against Swarthmore tomorrow. It is hoped that the Delaware men will make a better showing

in their return match which is to be played at Haverford sometime within the next two weeks.

The results of Saturday's matches are as follows:

Singles

Allen defeated Walls, 6-2, 6-3.
Weller defeated Sumwalt, 6-2, 6-3.
Shipley defeated McMillan, 7-5, 6-1.

Miller defeated Gutowitz, 6-2, 8-6.

Doubles

Allen and Weller defeated Walls and Sumwalt, 6-1, 6-1.

Miller and Shipley defeated Gutowitz and McMillan, 2-6, 6-1, 6-3.

Records Are Smashed When Muhlenburg Trims Delaware

Three new names go down as record holders at Delaware. Hutton '18 now holds the pole vault record of 10 ft. The old record was 9 ft. 6 in. Alexander '18 broke the old record in the broad jump and set down a new one of 20 ft. 4 in. Loose '19 broke the discus record making a new distance 107 ft. Three Muhlenburg records were smashed also. Weber, the fast sprinter, set new times in the 100 yard and 220 yd. dashes while Hubbard made a wonderful jump of 21 ft. 2 1-2 in. breaking the old record by over a foot.

Owing to the loss of Crockett Delaware was greatly handicapped in the hurdles. If Davey had been right a victory for Delaware would have been inevitable.

100 yd.—1st, Weber (M.); Craig (D.); Taylor (M.); 10.

1 mi.—1st, Fitzgerald (M.); Hartmann (M.); Taylor (D.); 4.54.

120 high hurdles—1st, Huer (M.) Wilson (D.); Goering (M.); 17. Running high jump—1st, Bratton (D.); Taylor (M.); Hubbard, Marshall, 5.4.

440 yd.—McGovern (M.); Steele (D.); Fitzpatrick (D.); 53.4.

Shot put, 1st, Devereaux (M.); Brudebaker (M.); Bratton (D.); 38 ft. 3-4 in.

Discus—1st, Gaston (M.); Loose (D.); Devereaux (M.); 116 ft. 10 in.

2 mi. 1st, Bellum (M.); Druckemiller (M.); Gentieu (D.) 11.14 3-5.

Broad jump—Hubbard (M.); Alexander (D.); Myers (D.); 21 ft. 7 1-2 in.

220 yd. dash—1st, Weber (M.) Craig (D.); Marshall (D.); 22 4-5.

Hammer throw—1st, Devereaux (M.); Landis (M.); Bratton (D.); 102 ft.

Pole vault—1st, Hutton (D.); Catts (D.); Hubbard.

880 yd. dash—1st, Steele (D.); Marshall (D.); Taylor (M.); 2.09 1-5.

Muhlenburg, 76.5; Delaware, 49.5.

Lecture on Safety First

On Wednesday morning, May 3, during the regular chapel period, Mr. Stewart Brady of the Pennsylvania Railroad spoke on the subject of "Safety First." Mr. Brady stated that the Pennsylvania operated 26,000 miles of track, distributed in 13 states and yet that in five years, there have been no passengers killed. This record is due to the measure which the railroad takes to prevent accidents. Yet it is a fact Mr. Brady said, that every 16 minutes, on an average, some one is killed by some railroad. Mr. Brady went on to say that there should be some sort of an organization to prevent men from taking risks. As the speaker said, a train is not like an automobile; it cannot choose its path, and whatever it strikes is struck with tremendous force. He said that the railroads are trying to educate

the people to see this fact. They are spending each year \$25,000 to instruct people in safety measures, and many times that sum is spent in "safety first" appliances. Mr. Brady concluded by giving the students some special precautions dealing with railroad dangers, and the request that the students try to educate the people with whom they come in contact into seeing the folly of taking unnecessary risks.

NOTICE

At a meeting of the Faculty held Monday April 17, the following resolution was adopted:

"That in all cases where note-books, themes, etc., must be submitted as a part of the regular term work, that such note-books, themes, etc., must be submitted before the final examination is given, on a date to be determined by the instructor and announced to the class. If such note-books, themes, etc., are not submitted on or before that date the grade for the term's work will be reported as "D" and the student must pay a fee of one dollar for the privilege of submitting his note-book, theme, etc., as a penalty for his tardiness, in addition to the fee of one dollar for re-examination in case he may be conditioned in either term work or final examination. It is hereby understood that such fees for the privilege of submitting note-books, themes, etc., will be collected in the same manner as the fees for re-examinations and the revenue so derived added to the re-examination fund.

Signed: E. Laurence Smith, Dean

Professor Thompson Reports on Western Trip

During the chapel period on Tuesday, May 2, Professor Firman Thompson reported to the student body on his recent visit to the University of Illinois, when he attended the dedication of the new chemical laboratories. Professor Thompson described the building in detail, and said that it is 230 feet square; it contains in the center a large amphitheater capable of seating 400 persons; about this amphitheater there are 61 smaller rooms; 28 of these are used as student laboratories; 20 are used for research work; and thirteen are used as lecture rooms; it accommodates a total of 2,146 students of chemistry. Professor Thompson said that it was very interesting to note the growth of the University; it started in 1868 with 77 students; in 1890 there were 469 students and 2 chemical members of the faculty; in 1916 there are 7,000 students and 62 professors of chemistry. He said that there is very little attention paid to architectural beauty at the University; the new building, while not ugly, is certainly not attractive on the exterior. The interior equipment, however, is the last word in that line. All apparatus and instruments are absolutely modern and up to date. Professor Thompson concluded by remarking upon the belief in the value of research work at the University

of Illinois; he pointed out that it was a principle there that the function of the college was not only to spread old knowledge, but also to bring to light hidden truths.

Collegiate Clippings

Colorado—An appeal has been made to the girl students not to dance with male students who use "strangle holds."

Yale—A lecturer who has been accustomed to address the Yale students annually has had his contract cancelled because the acquisition of a Harvard accent has ruined his voice.

Harvard—The oldest graduate has died. Long live the oldest graduate.

Illinois Wesleyan Over a hundred students are said to have been expelled for dancing. Rumor does not say what they were dancing.

Susquehanna—When the Sophomore class prevented the freshmen from dining at their appointed banquet hall the proprietor of the hall sent a bill for his loss to the Sophomores.

Texas—Seniors at the University of Texas carry canes and wear full dress collars and ties every Monday and Thursday.

Yale—Now then Yale has decided to adopt the sensible plan of numbering her football players the other large universities should also fall in line.—Editorial in metropolitan contemporary.

O tempora! O mores!

Michigan—Candidates for a women's crew have been called for, at the University of Michigan. Women from any of the classes who weigh between 90 and 110 pounds are eligible.

Vassar—Nearly a hundred students are working their way thru college by occupations ranging from posing as artists' models at thirty-five cents an hour to shining shoes at five cents per pair.

Northwestern—A pedometer worn by the referee indicated at the end of a basketball game that he had travelled five miles.

Colgate—Sophomores will be allowed to smoke only corn-cob pipes on the campus after this year.

Kansas—A newly married professor when calling the roll was greeted with "Congratulations professor," by each student in turn.

Chicago—Co-eds at the University of Chicago have gone on strike because they are forbidden to sit on the same side of the room with the men students at lecture courses.

Pennsylvania—It is reported that over six hundred graduates of the University of Pennsylvania are engaged in the European war.

Eddie Mahan, the Harvard pitcher is in demand. The Yankees are the latest to put in a bid for him, but it is thought that if he takes up professional ball Percy Haughton will win him over to the Braves.

The Cap and Bells Club of Haverford College gave the production "All-of-a-Sudden Peggy," in the New Century Club, Wilmington, on Saturday, April 19.

The cutting evil at Yale University has been eliminated by means of the "half-cut" system. If a student is unprepared, he may go to class, signifying that he does not wish to recite, and be credited with one-half cut. In this way he gets the benefit of the lecture and the recitation. The system has proved very satisfactory, both from the instructor's and the students' point of view.

Beginning with the fall of 1917, the tuition fees in the Academic

Departments and in the Wharton School of Finance and Commerce of the University of Pennsylvania will be raised from \$150 to \$200 per annum for new students registering in these schools after the next academic year.

J. A. Gilman, Jr., Harvard's former captain and tackle, who withdrew from college several weeks ago, is to act as line coach at Annapolis next fall.

Yale Sheff seniors gave Princeton 123 votes as the most popular college next to Yale; Harvard received 33 votes; Cornell 27, Massachusetts Tech. received 16, Dartmouth and Williams 9 each; Virginia 5, Wisconsin 4.

Election of Officers

On Wednesday, May 5th the election for Student Government officers for the coming year took place with the following results:

President—Selma Bachrach, Vice-President—Harriet Miller, Secretary—Mary Dennison, Treasurer—Mary Ledenham.
