BASKETBALL SENSATION

Greatest cage clash in Delaware's history will be played in Carpenter Field House tonight as the Varsity and the Frosh tangle to decide the question of the year. Can the Frosh Win? Stadium benefit. Time 7:15 p. m.

CHEERLEADING TRYOUTS

Show your spirit at these tryouts. Both boys and girls are invited. Place: Taylor Gym at 7:00 p. m. on March 12, 13, and 14. See you there!

Playbill and Dance Highlight First Twirp Season at Delaware

The first "Women's Weekend" ever to be held at the University will take place this coming March 16, 17 and 18. A full weekend of entertainment and fun has been planned, beginning with a Playbill on Friday night, a "twirp" dance (girls doing the asking and paying) on Saturday, and Sunday afternoon devoted to open houses at the various dorms.

At the Playbill to be held in Mitchell Hall, 7:00 o'clock, March

16th, the year-old Carlson Cup, now held by Sussex Hall, will be rewarded to the dorm presenting, in the opinion of the judges, the most original and well given play and choral music. A donation admission will enable you to see the girls from New Castle Hall, Sussex Hall, Warner Hall, the three small dorms, Topsy, Turvey and Boletus, and a group composed of girls from the Knoll, Mosher, and Home Management House perform and compete for the coveted award. Commuters interested in participating in the playbill have been assigned to a specific dorm. Each group will be allotted forty minutes in which to present its program.

The dance at the Field House, March 17th from 8:00 to 12:00, will involve a St. Patrick's Day theme complete with shamrocks and a Blarney Stone. A two dollar admission enables you to dance to the music of the Del-melodians, with Chris Walton as featured singer, and spend a half-hour intermission at Old College where free refreshments will be served. It is non-corsage and optionally formal or semi-formal. Tickets will go on sale Friday, March 9th. On Sunday afternoon, March 18th, the girls will turn hostesses at the open houses at their respective dorms. The entertainment will be left to the discretion of each dorm.

The Women's Affairs Committee, composed of the student heads of houses and commuter representatives from each class, is directing the activity. Jane Kitchen, Chairman of Women's Affairs, is General Chairman. Others in charge are: Tickets, Adrienne Ayres; Arrangements, Elaine Ough; Decorations, Jean Cashman; Refreshments, Joan Greenfield, Carolyn Clift, and Sue Brown; Publicity, Betsy Simon; Playbill, Sue Conway and Alice Jane Matthews; Finance, Gerry Dye; General Assistants, Ruth Ann Stevenson, Jean Sloman, and Evelyn Klahr. The girls are working hard on this project and are hoping that the long thought about, first Women's Weekend will be a great success.

Creative Writing Contest Opens Here

The sixth annual Creative Writing Contest, sponsored by the English Department of the University, opens this week. All entries in the contest must be submitted to the committee by Saturday, March 24.

Any undergraduate may submit material, which may represent any field of creative writing. Prizes will be awarded in poetry, fiction, non-fiction prose, and drama. Students may submit as many manuscripts as they wish but are eligible to receive only one prize.

The contest committee is comprised of Mrs. Sara B. Rogers, Robert L. Gale, and Edwin C. Heinle. Judges for the contest will be announced.

Jane Kitchen

Board of Trustees Discuss '52 Budget

The University's Board of Trustees held a special meeting last Saturday morning to consider problems in setting up the budget for 1951-52.

President John A. Perkins said that he reviewed the factors affecting the budget and the university's request to the General Assembly for \$1,432,750 in each of the next two fiscal years.

Among the topics considered were: calls to military service for many students, a loss of income under the GI Bill, and higher operating expenses.

"Calls to military service will reduce the number of our students by nearly 25 per cent, and cause a further loss of income to the university," said the president. "Although the teaching faculty will be reduced considerably, our staff expenditures cannot be cut in proportion to the loss of student fees."

"The loss of income from students coming to the university under the GI Bill will be in effect a loss of a federal subsidy. He stated that because of this loss, and losses from other sources, the expenditures for the present year considerably exceed the income."

"Our operating costs are higher," the president said. "Salaries, both for faculty and other staff, lag far behind the cost of living, and must be improved."

Question — Can Frosh Beat Varsity Quintet?

Red Cross Thanks I.F.C. For Blood

Mr. Francis M. Hammond
President, Inter-Fraternity
Council
University of Delaware
Newark, Delaware

My Dear Mr. Hammond:

It is with a sense of deep gratitude that we write this letter to you—gratitude to you personally, to the Inter-Fraternity Council as sponsors, and to all the splendid students for the success of the Blood Donor Day held at the University of Delaware on Thursday, March 1.

That success can be measured, of course, in statistics—the one hundred and thirty-nine donors who responded to the call for blood, with the ultimate collection of one hundred and sixteen pints of blood. What cannot be measured, of course, is the spirit that motivated the project not only in its inception but in the planning and effort involved to bring it to full fruition.

It should be now, and will be increasingly, a source of great satisfaction to you all that you have made the most intimate gift of all to preserve another's life. The knowledge that it is given for the men fighting in the service of our country, to preserve our American way of life makes the gift more meaningful.

Will you convey to all of these any way connected with the first Blood Donor Day at the University of Delaware our heartfelt thanks?

Yours very sincerely,

(Mrs.) Ethel J. Myers
Executive Director

Sig Ep's Face All-Stars, Stadium Fund Will Benefit

By DON KIDDOO

Can the great freshman basketball team defeat the varsity in a regular, full-length game? This much discussed question will be answered Friday night in Carpenter Fieldhouse when the Varsity Club sponsors its four-star Stadium Fund benefit.

In addition to the frosh vs. varsity basketball game, Sigma Phi Epsilon, champions of the recently concluded intramural campaign, will meet an All-Star team chosen from the intramural ranks. This preliminary will begin at 7:15 p. m.

Mr. and Mrs. David A. Nelson

Lt. Col. Kuehler Military Professor

Lt. Col. W. W. Kuehler, Chemical Corps officer, has assumed the position of professor of military science and tactics, vacated by Col. F. A. Hause.

Colonel Kuehler, a native of St. Louis, attended Washington University there, and received a bachelor of science degree in chemical engineering and a master's degree in chemistry. He entered the Army as a battery commander.

Third on the entertainment list offered by the Varsity Club is an informal dance to be held after the games, to last until midnight. Last, but far from least, will be Coach Dave Nelson's first public appearance before the Delaware student body. Nelson will speak at an informal program to be held during the dance.

50 Admission for Evening

Admission to this big event will be \$5.00, and all proceeds will be donated by the Varsity Club to the Stadium Fund. It will be the first of two public Varsity Club promotions to be held this month. The other will be a Variety Show, to be held in Mitchell Hall near the end of March.

The feature event of this Carpenter Fieldhouse presentation, the varsity vs. frosh game, is one of much interest on campus. The frosh, under Coach Bob Siemen, have racked up 13 victories in 14 starts, losing only to Lehigh by a two point margin. They have averaged 81 points per game this season, and have held the opposition to an average of 51 points. This average winning margin of 30 points illustrates the rough-shod manner by which they have run over all comers except one.

Earlier in the season, the frosh squad frequently defeated the varsity in practice scrimmages. As the season wore on and the varsity improved with competition and practice, the frosh found it increasingly difficult to defeat their seniors, and in recent weeks have had little success, despite a terrific competitive record against other freshman and junior varsity squads.

Dance Follows

The varsity, with a 14-6 record (not including Wednesday night's Swarthmore game), has averaged 64 points per game, while holding the opposition to 51. Excluding Wednesday night's game, they are undefeated on the Carpenter Fieldhouse floor, and are assured of winning the M.A.S.C.A.C., Southern

"Pershing Rifles" Form Basis For Mil. Honor Society

The Pershing Rifles, a volunteer honor company from among the members of the Cadet Regiment at the University, will soon begin actual drill.

Lt. Col. W. W. Kuehler, Professor of Military Science and Tactics, announced that this formation of the unit will be a basis for starting a chapter of the Pershing Rifles at a later date. This is a National Honorary Military Society, principally for students in the basic R.O.T.C., but with officers from the advanced course. It was founded in 1894 by General (then Lieutenant) John J. Pershing at the University of Nebraska.

The Rifles will be a highly trained and efficient organization, and will perform at special military ceremonies and functions.

Cheerleading Tryouts Set For Frosh

Starting from bottom clock-wise: Park Perine, Polly Goller, Gil McCurdy, Joyce Hilty, Nancy Diehl, Ernie Bosetti, Bobby Martin, Al Graves, Mary Jane Guenveur, Bob Rudrow, Bobby Gordy.

Attention all Freshmen! Cheerleading tryouts will be held March 12, 13, and 14 at 7:00 p. m. in Taylor Gymnasium. Both boys and girls are enthusiastically awaited.

The squad intends to use three well-known cheers to judge the prospective members. They are: the Fifteen Raahs, Team Yell and the New Locomotive. Contenders will be judged on coordination, voice and pep.

The cheerleaders are now jointly sponsored by the Varsity Club and the S. G. A. This year the cheerleaders introduced class pep-fests. Next year the squad will work out many new ideas to raise Delaware's spirit.

So come on out! Show your spirit! Don't forget, seven o'clock in Taylor Gym.

EDITORIALS

The Working Press and Dr. Lewis

Many of our commercial newspapers sell sensationalism instead of truth. This is neither fair to those who are in the news, or to the people who read the news. It is a journalist's abuse of their own code—freedom of the press.

A recent example was the misrepresentation of Dr. Richard Lewis through the publishing of a picture which depicted him as a sinister character; the type picture that can be seen on "wanted" posters in the post office. The Associated Press had the choice of two pictures of Dr. Lewis, one was a good facsimile of him; they used the other!

The newspapers should be fair until a court decision is reached, for an old law unique with the United States says, "A man is innocent until proven guilty." Be fair America, let our example guide the destiny of the world.

—R. B.

To The College Students of America:

Today, the United States stands at the threshold of a tremendous era. This is not a time for pessimism. Instead, the most sincere optimism and most positive optimistic actions are required.

You, the college students of America, must develop a strong realization of the duties of your position and the dependency of the world upon you.

It is essential that you now adopt an individual sense of destiny, a confident, forward-looking ambition that, when coupled with personal capabilities, will propel you into the future, demanding as it will be, with complete assurity.

We can no longer remain a nation in which the majority of parents do not wish their children to enter the government. Such a nation is doomed! The people rightfully look to you for leadership. You must realize that you have an obligation to the United States and to the whole world, and it must be your ambition to fulfill that obligation.

It is a tremendous responsibility, but there is nothing to fear. The world lies open before you. You can go as far, do as much as you please. The future is yours to shape; only self confidence is necessary to cross the threshold to peaceful prosperity.

—N. J. S.

Editors Note

To the right of this column is a letter from an interested member of the student body who realized the good of appealing to the source of the difficulty which he felt should be corrected rather than complaining uselessly to those around him.

It is a good sign to see that there are those who feel that a move which affects them personally can elicit a complaint or, at least, a question where it counts. This letter was answered by the mimeod paper which explained the reason for the original editorial's removal. The editors feel, however, that the letter represents a healthy attitude on the part of the student body in general.

Above this, is the editorial, rewritten and agreed upon by the editors.

The Editors

Letters To The Editor

Dear Friends:

Yesterday I directly participated in both the lowest and the highest levels of Indian society. I began the day by taking a 6½ hour train ride from Benares to Patna in a 3rd class railroad carriage. The train was so jammed with people that at most stations it was impossible to open the doors, and passengers got in and out through the windows. What a medley of human nature was to be found in that car! Old age and youth, the infirm and the lame, beggars and soldiers and mothers nursing their babies! And then stepping off the train I was met by the Governor's Aide-de-Camp and chauffeured to the Governor's palace, where amidst luxurious surroundings and countless servants I dined with His Excellency, the Governor of Behar Province. I shall be here for three days as the Governor's guest and plan to visit Patna University and also to run over to Budh Gaya where there is a famous Buddhist shrine erected on the spot where 2500 years ago Lord Buddha achieved enlightenment under the bo-tree.

From Patna I proceed to Calcutta to attend a medical conference and to participate in a symposium on "Eastern and Western Philosophies of Medicine". My wife and children are flying from Bombay to meet me at Calcutta and thence they will go on to Shillong which is a famous hill-station in the Himalayas.

I shall leave Calcutta to begin the greatest adventure of my life. I have already written you about my meeting with Swami Swaruppananda, one of India's greatest living saints. And now I may tell you that he has invited me to accompany him on a three months tour of Tripura Province and Assam, through the villages, and Tibetan borders. We shall travel by jeep, on foot, by bullock cart, by canoe and by elephant. It all seems like a fairy tale to have such a guided tour in the company of one to whom every door is open and to see whom great numbers of people will walk twenty and thirty miles! And with this, the privilege of being in daily contact with him and of receiving his instructions! May I prove worthy of this tremendous opportunity.

God's blessings on you all.
Bernard Phillips

Editor
The Review
Campus Mail
University of Delaware
Dear Sirs:

The Review of March 2, 1951 has the second editorial torn out. That editorial deals with the attitude of the press toward Dr. Richard Lewis and his present difficulties. Why was that editorial removed? This censorship violates the academic freedom said to exist here by Dr. Perkins and the freedom of the press guaranteed by the United States Constitution. It is not necessary to agree with the editorial to see the danger of this censorship. I believe a full explanation of this deletion should be made.

(signed)
Frank Postma

Dear Sir,

In spite of the commendable efforts of the newly formed Student Grounds Committee, the amount of paper and cigarette butts on the campus has shown no noticeable decrease.

The difficulty as usual is calling the attention of the students to this problem. Does the student want a clean and beautiful campus? If I gave an answer to this question it would necessarily be opinionated since I would like to see this careless negligence corrected.

A possible solution to the cigarette butt part of the problem would be to follow the military system which may be well familiar to the student veterans. The service calls it "field stripping the cigarette." It is an extremely simple procedure. When you have finished your smoke, instead of throwing it on the ground and stamping on it, all you do is (1) tear the cigarette paper (2) let the tobacco and ashes spread in the wind (3) roll the remaining paper into a tiny ball and throw it away.

STUDENTS TO CHOOSE STATE'S CHERRY BLOSSOM QUEEN TODAY

**Eleven Coeds Vie
For Title; Voting In
U. Hall 9-4 P. M.**

By CLAUDE TEASE

Today, you can select the lucky girl from the candidates which were introduced in Mitchell Hall on Thursday. The girl chosen is to represent the University of this State at the National Cherry Blossom Festival in Washington, D. C.

The princess will be presented to the public on Friday evening in a short ceremony. There is to be a Varsity-Freshman basketball game at the Field House and following the counting of the ballots, the winning contender will be revealed between the halves of the game.

The polls, open today (Friday, March 9) from 9:00 to 4:00 are on the first floor of University Hall in the alcove.

There are eleven candidates for the title. Kitty Baylis, a member of the senior class, is a P. S. duPont graduate. She is a 21 year old brunette majoring in Elementary Education.

Grace Walker is a Seaford girl. Also an Elementary Education major, Grace will start her teaching career this June, when she graduates.

Ruth Durstein is a blonde senior from Wilmington.

Jean Jamieson, a graduate of Tower Hill High School, Wilmington, is another Elementary Education major. Along with Kitty, Grace, and Ruth, Jean will be ready to launch on her career in June.

Shirley Cannon, still keeping what seems to be a tradition among contenders, is also an Elementary Education major. She graduated from Wilmington High School, and graduates in June.

Sally Bodley is the first departure from the general rule. A Junior, majoring in Medical Technology, she is a 20 year old Smyrna girl.

Alice Martin is a Secondary Education Major. She is from P. S. duPont High School in Wilmington and is now a junior.

Trudy Gilgenast is a Sophomore. Another P. S. graduate, she is following in the same curricular as Alice.

Sue Ferver is also a graduate of Wilmington's P. S. duPont High School. Sue is 18 years old and another Elementary Education major.

Nancy Corcoran follows up the precedent set by four other of the girls by graduating from P. S. duPont. She is 19 years old and is also enrolled in the School of Education.

Anne-Marie Dumas is the only representative of the freshman class. She attended A. I. duPont High School and is an 18 year old Education major.

The importance of your vote cannot be overstressed. Last year's Delaware representative, Diane Kipp, breathlessly stated, "I could never, never forget a minute of it!"

Diane and her parents arrived in Washington on Wednesday afternoon and lived in a virtual dream world for four exciting days and nights. They were escorted around Washington as the guests of the News-Journal Company and a committee of congressional representatives. Receptions, luncheons, dances, and banquets kept the Kipp family occupied.

Vote for the candidate who will represent you at all these affairs this year. Get out and pick the lucky girl, today.

Remember—the first floor of University Hall—Friday, March 9 between 9:00 and 4:00.

CHERRY BLOSSOM CONTESTANTS

'Neath the Arches'

By DICK BURTON

Here we are, well into the windy month of March. As far as the social scene was concerned March came in like a lamb. With the exception of the basketball game last Saturday night on-campus functions were practically non-existent. But nevertheless many Campuses travelled elsewhere to get their kicks.

A survey of the Lower Campus concerning last weekend's activities disclosed the following interesting items: Jean Jamieson went to Lehigh to see "Stump" (not to be confused with the Harris of the same name!) . . . Jill Myers was baby-sitting in Claymont because her lover is at sea . . . Carla Glazer making up for lost time with Harry Cannon . . . Shirley King becoming "upset" after joining the Horsy Set with M'Liz Pettit . . . and A. J. Brandon pining away because of the Delt Banquet in Philly.

Up in the city of Brotherly Love, a group of the local Deltas were guests of the Penn Omega Chapter. Many of the boys arrived early to get in on the Punch Session or "breathe the other way, your wilting my carnation."

Among those with drooping lapel pieces were: Moe "she's hot for the program" Hartnett, Dick "free-loader" Harold, Andy "Ale and Quail" Anderson, and Tom Sanderson. "Horizontal" Ed Milligan showed up with five queens, much to the dismay of local operators. Of course there is no need mentioning that a good time was had by all.

Meanwhile the ATO's were in there pitching. An organized safari journeyed down to Ye Olde Frenchtown on Saturday evening. Among

BLOOD DONORS

Pictured above are the first of 139 persons who donated blood last Thursday when the Inter-Fraternity Council, in cooperation with the Delaware Chapter of the American Red Cross, sponsored a campaign for blood donations for the fighting men in Korea.

From left to right are Lee Stein, Al Lesenby, John Witherford, Norm Setter, Hank Hammond (President of I.F.C.), Don Cherr, and Bill Hearn.

About 100 of the 139 donors were fraternity men. See the editorial page for a letter of gratitude to the I.F.C. from the Red Cross.

Alpha Chi Chems. To Initiate 25 Into New Club

The Alpha Chi Chemists Club, newly formed on this campus, has voted to initiate twenty-five new members, before the end of March, from the ranks of undergraduates in Chemistry and Chemical Engineering. Most of the invitations will go to the Juniors who attended last Wednesday evening's smoker in Brown Hall.

Ken Chapman, president and Yale graduate, announces that the club is planning to become affiliated with Alpha Chi Sigma, national fraternity, within the next two years.

The club will sponsor a long-needed safety program in the laboratories. Other plans for the immediate future include the formation of a committee to provide individual and group graduate student tutoring for undergrads in Chemistry and Chemical Engineering, a Spring beer party, and possibly some plant trips under the joint sponsorship of various interested groups.

Dr. Perkins Speaks To Kappa Delta Pi

Kappa Delta Pi, honor society in education, held its annual initiation and banquet on Wednesday, Feb. 28.

President John Perkins was principal speaker at the banquet, held in the West Wing of Old College. He made a zealous and enthusiastic defense of the educational profession. He was optimistic but at all times challenging to the future teachers, pleading for a high sense of integrity in the individual and a high sense of morality in the profession. Other speakers were Dr. A. J. Dollo and Dr. Russell Stauffer.

The following students were initiated, in the lounge of Brown Hall: Donald Bardo, Mary Anne Biter, Doris L. Buckalew, Mary Bueche, Ruth Clements, Anthony Catola, Teel Dunn, Adele Feldman, William Ferry, Janet Fisher, Norma Jambolsky, Mary Keetz, Joseph Lank, Helen Lilley, Alice Martin, George Mastin, Alice Matthews, Arlene McGee, William Moore, Nancy Russell, Betsy Si-

E-52 Makes Magic In King "Midas" For Kids of Every Age

**Show Will Tour
Downstate Del.**

King Midas and the Golden Touch will be presented by the E 52 Players at 7:30 p. m., Friday, and 2:15 p. m., Saturday, in Mitchell Hall.

There are no reserved seats, but the public is advised to get tickets in advance. Tickets may be obtained by mail from the Players at the University, Newark High School, or the Newark Department Store.

The spectacles of *King Midas and the Golden Touch* include a statue that comes to life, and benches, urns, flowers, and other articles that turn to gold. The real spectacle occurs when Midas accidentally turns his daughter into a golden statue. There is also a fountain which sings when the King dips his hand into it.

King Midas and the Golden Touch rounds out a cycle of children's plays based on fairy stories which began when the E 52 Players presented *Cinderella*. In the last two years, the Players produced *Hansel and Gretel* and *The Princess and the Swineherd*.

Dr. C. Robert Kase anticipates that children will not be the only ones interested in the miracles. "We always find a good portion of the audience composed of adults who seem to enjoy the performance every bit as much as the children they are accompanying. It's the same excuse dad used to give in taking junior to the circus."

The Players have assembled an able cast for the performance of their fourth annual children's theatre show. Parke Perine, President of the Players, has the leading comic role of Chaldeus, the King's dresser. Perine has made memorable appearances as a comedian, first in last year's musical, *Party Line*, in which he played the lead, and in the recent *High Tor*.

Judy Kase, one of two Newark girls in the cast, will play the part of the Princess. Although a freshman, she is not new to children's theatre, having played the part of the good fairy in the University Drama Group's production of *Sleeping Beauty*.

Mae Jane Singer will play Lady Marcle. She is a senior dramatic arts major who recently did an outstanding piece of work in *June and the Paycock* for the E 52 Players. Harold Owen, as King Midas, will be remembered for his portrayal of the father in *Summer and Smoke* last spring. Two veteran actresses will be alternating in the role of Cybele. They are Norma Levine, who played in *High Tor*, and Vivian Woodrow, who played in last year's children's play and also had a comedy lead in *Party Line*.

According to Dr. Kase, some children already are pushing to have some of the earlier productions repeated, so that the selection of a play for another year will present a real problem: *Snow White*, *Little Red Riding Hood* and *Robin Hood* are among those frequently asked for.

After the Newark performances, the play will be taken on tour to schools in Kent and Sussex Counties and to Salisbury, Maryland.

NOTICE

Students wishing to purchase class rings should contact the campus agent,

SAM TALLUCCI, through the college mail, or meet him in front of the Book Store during the following hours:

Monday	9-10, 11-3
Tuesday	8-10, 11-3
Wednesday	9-10
Thursday	8-10, 11-3
Friday	9-10, 3-5

mon, Frances Stevenson, Charlotte Swanson, Frances Thomas, Raymond Townsend, Mary Turner, Wilson Williamson, Virginia Graves, Janet Ralph.

Presiding at both the initiation and the banquet was Donald Stewart, president of the Zeta Omicron chapter

Theta Chi Regional Is This Weekend

This weekend, Delaware's Theta Chi chapter, Alpha Xi, will be host to Theta Chi's from ten other colleges of the Middle Atlantic States. The 1951 Assembly of Region III of the fraternity, to be held here and in Wilmington, will climax five months of preparational activity on the part of the local group.

Rocco Carzo, general chairman of the affair, will complete the preparations Friday evening when he and a group of committee chairmen meet with Mr. Francis Ede, Regional Counselor. A number of other national officers, in addition to Ede, will attend and take part in the weekend meeting.

FROSH TO TAKE ON VARSITY

(Varsity Club Benefit from Page 1)

Division league, if they have defeated Swarthmore.

The varsity will start Dick Evans and Captain Frank Albera at forwards, Jim Kruzinski at center, and Billy Utt and Dick Goldberg at guards. The frosh will open with Jack Ryan and Frank White

pearance Friday night.

Shortly after the feature game is concluded, a dance patterned after the Gold Key Society's "After-the-Game" dance series, will commence. It will be interrupted for Coach Nelson's presentation, then continue until 12 o'clock.

YEARLING CAGERS

Pictured above is the once-defeated freshmen basketball team. From left to right, front row, Ray Hoopes, Jack Ryan, Raymond Crawford, Ed Linsley, VanDyke Pollitt. Standing are managers Fred Warner and Joe Koffenberger, Bill Phillips, Bob Green, Vernon Lamkin, Frank White, George Reed and Coach Bob Siemen.

The team has won thirteen games this season, and has lost only to Lehigh by a two point margin. They will meet the varsity team in a Stadium Fund benefit game Friday night in Carpenter Fieldhouse.

at the forward slots, Vern Lamkin at center, and Ed Linsley and Skip Crawford at guards.

In the preliminary, Sig Ep's undefeated team captained by Bill Shockley, will go against an All-Star team picked from the leading teams of the American and National Leagues. The players will not be announced until their ap-

Blue Hen Cagers Romp Over Ursinus

As another step on their road toward the Middle Atlantic Conference diadem, Delaware's court quintet knocked off an underdog Ursinus five Saturday night, 95-62.

Coach Emmerson's cagers hopped off on the right foot at the start as they posted a 22-7 margin at the quarter. The Bruin never recovered thereafter.

The victory was the fifth straight for the Hens and their fourth in a row in conference play. Through this game, Delaware remains deadlocked in the conference race with the Maroon of Swarthmore, both with a 7-2 record. Swarthmore walloped Haverford, 61-46, and Drexel nosed out PMC, 73-71, in other clashes Saturday night.

Saturday night's triumph saw the Hens establish a new set of scoring records for the Carpenter Fieldhouse court. The 95 points poured through the nets by the Hens topped their old high of 77 made this season against King's and Haverford. The total points for Saturday night's contest — 157 — was another new high, as was the number of field goals by Delaware, 41.

Billy Utt, Delaware's top scorer, was the leading contributor to the new records, hitting for 11 goals from action, while Captain Frank Albera was next with 10. Utt wound up the evening with 28 points and Albera had 20. Jim Kruzinski was next with 19.

This game showed the Hens' fast break at its best. Repeatedly, Ursinus found itself outnumbered — two on one, three on two — and was invariably unable to stave off a score by the onrushing Delaware cagers.

A relatively rough game, at one point fistbuffs were featured. So one-sided was the encounter, Emmerson was moved by compassion to empty the entire bench in an effort to keep the score within reasonable limits.

Delaware	G. F. P.	Ursinus	G. F. P.
Albera f	10 0 26	Winberg f	2 0 7
Evans f	4 2 10	Kuoff f	2 1 3

Hen Fencers Drop Match to Temple

Delaware's swordsmen dropped a 21-6 decision to Temple's strong squad here Saturday. The Hens were outclassed in the foils, 7-2, and were stung, 8-1, in sabre competition. The home fencers made their best showing in the epee class, but still went down, 6-3. The summaries:

Foil
Ranieri, Temple, defeated Moore, 5-2.
Ranieri, Temple, defeated Young, 5-2.
Moss, Temple, defeated Young, 5-0.
Moss, Temple, defeated Johnson, 5-1.
Hunsberger, Temple, defeated Moore, 5-1.
Hunsberger, Temple, defeated Johnson, 5-1.
Wilbur Johnson, Delaware, defeated Ranieri, 5-4.
Wilbur Johnson, Delaware, defeated Hunsberger, Temple, 5-4.

Epee
Lang, Temple, defeated Gause, 3-0.
Lang, Temple, defeated Marvel, 3-1.
Zarrow, Temple, defeated Gause, 3-2.
Zarrow, Temple, defeated Young, 3-2.
Fertel, Temple, defeated Young, 3-1.
David Marvel, Delaware, defeated Zarrow, 3-2.
David Marvel, Delaware, defeated Fertel, 3-1.
Robert Young, Delaware, defeated Lang, 3-2.

Sabre
Roudt, Temple, defeated Prettyman, 5-4.
Roudt, Temple, defeated Pardee, 5-0.
Roudt, Temple, defeated Kirkland, 5-2.
Epstein, Temple, defeated Prettyman, 5-2.
Epstein, Temple, defeated Pardee, 5-4.
Litsin, Temple, defeated Kirkland, 5-4.
Wayne Kirkland, Delaware, defeated Epstein, 5-4.

UP, UP AND AWAY

Johnny DeGasperis (22) goes up, up and away as he drives past Ursinus' Don Young (40) to score a field goal in the 14th Blue Hen victory at the Carpenter Field House last Saturday night. The Birds trounced Ursinus 95-62 as they notched their seventh win in conference play as against two defeats.

Swarthmore Quintet Ends Delaware MAC Championship Hopes; Hens Lose Final 52-50

Wrestlers Crushed In Trials for Middle Atlantic Tourney

Although entering the 1951 Middle Atlantic Wrestling Tournament in Lewisburg, Pennsylvania, with a record of five wins and three setbacks, Coach Whitey Burnham's varsity matmen were unable to secure a single championship.

The Delaware hopes were crushed when Jim Michaels, 175 pounder, and Tom Shultz, unlimited, who were seated first and third in their respective weight classes, were eliminated. Both Michaels and Shultz were defeated by men they had pinned previously. These setbacks put the Hens' two top contenders out of the running for a shield and left Michaels in a fourth and Shultz in a fifth position. Courtney Cummings, 165 pounder, was the only Hen grappler to secure a fourth place besides Michaels.

Bill Helfrick, Ursinus heavy-weight, and only man to defeat Tom Shultz prior to the tournament, was presented an award for being "Wrestler of the Year," having won the heavyweight title for three years in a row and pinning all three of the men he faced this year.

Lafayette and Gettysburg tied for first place honors with 32 points apiece. Delaware was able to secure only five points, 2 by placing two men in fourth position and three were by falls over opponents in the preliminaries.

Chick'n Chat

By ARLENE MCGEE

Talk about spirit! Last week there was as much of it as we've ever seen. The women's pool was so full during the final hours of W. A. A.'s swimming marathon that everybody was literally bumping into each other. For several weeks, competition had been especially strong between the Sophomores and Juniors who had been running "neck and neck" in the marathon race.

In the last hour the Sophomores enlisted everyone they could find to come out and swim to try to overcome the slight lead held by the Juniors. It worked! Although the Juniors were also well represented that last hour, it was the Sophomores who came through to win by the narrow margin of 23 lengths. If you've ever seen 35 people crowding a pool in a last minute distance race, you'll know what we mean when we talk about spirit. Here are the final totals:

1st place Sophomores with 2,421 lengths.
2nd place Juniors with 2,398 lengths.
3rd place Freshmen with 886 lengths.
4th place Seniors with 468 lengths.

Some of the gals who really put in time for their classes were: Grace Ann Goodrich, swimming 364 lengths for the Juniors, Barbara Battin with 344, Joan Leahy with 314, and Nancy Thomas with 138 lengths. Mary Lou Pinder boosted the Sophomore standings with 350 lengths, while Nancy Goynes swam 277 and Denny Wells 161. Lee Dannehower and Audrey Butler swam 148 and 124 respectively for the Frosh. Nancy Nichol was high for the seniors with 92.

The marathon was set up so as to have its results averaged as one of the events in the big swimming meet. March 1st, in the meet which began at 7 o'clock p. m., the Juniors retaliated by winning most of the events and gaining enough points to win the entire meet. The results were as follows:

1st place Juniors 94.5 points
2nd place Sophomores 78.5 points
3rd place Seniors 35 points
4th place Freshmen 17 points

Two Records Broken
Joan Leahy broke the 1950 pool record in the 50 yard free-style by cutting down the old time from 33.5 seconds to 33.3 seconds.
A second pool record was broken

Faulty Shooting at Foul Stripe Spells Defeat for Birds as Dick Evans Stars

By FRED HARTMANN

Coach Fred Emmerson's University of Delaware basketballers dropped their first home game of the season last Wednesday night and the Southern Division title of the MASCAC. A game, spirited Swarthmore quintet edged by them 52-50. Before the contest the teams sported identical records in conference competition, seven wins against two defeats.

Foul conversions told the story of Delaware's near-miss for Middle Atlantic distinction as the Birds connected on only six of their 21 trips to the charity stripe. Swarthmore, on the other hand, though outscored in the field goal department 22-18, capitalized on 16 or 25 foul shots.

Before the Garnet could assemble their scoring attack the Birds had grabbed an 8-0 advantage, with Billy Utt tabbing two field goals, Frank Albera and Dick Goldberg each scoring one. Dick Hall and Joe Carroll provided the Garnet markers. As the first period ended the Hens had chalked up a 13-8 margin.

Big Jim Kruzinski and Billy Utt accounted for the Blue & Gold scoring during the hectic second stanza which was highlighted by an exchange of fists. During the melee, Kruzinski's glasses were shattered, but the big center returned immediately to action and tallied twice from the field. Carroll continued to handle the Garnet attack, but at halftime Delaware still held a 28-21 advantage.

Dick Goldberg scored Delaware's thirtieth point as the second half opened, but after this the Garnet scoring machine hit third gear. Marc Merson, Carroll and Hall combined for five field goals and for the first time in the ball game, Swarthmore led 31-30. Dick Evans shoved the Birds back into the lead with a one hand push shot, but at this point the scoring guns of Swarthmore had found their mark. Dick Hall connected once from the field and twice from the free throw line, while Carroll and George Place tabbed a field goal apiece. The scoreboard read: Swarthmore 38, Delaware 32.

An exhibition of deadly accuracy on the part of Delaware's Dick Evans pulled the faltering Blue Hens together as he collected six of the nine field goals in the third quarter.

During a careful and cautious stretch drive with neither team willing to take chances, Bill Spock drove in for a Swarthmore deuce. Evans dropped a pair of push shots followed by Dick Goldberg's set shot. Then Carroll and Spock each dunked another fielder and the Garnet led 49-46.

Joe Carroll tossed in a foul throw following Dick Goldberg's ejection on personal fouls, then Kruzinski fanned Delaware hopes with a tap-in, but the Garnet held a slim 51-48 margin.

After waiving two foul shots in order to keep possession of the ball, Joe Carroll iced the game for the Little Quakers, 52-48. Jim Kruzinski continued the Blue & Gold race with the clock as he countered with a lay-up shot, but the ball game, which had moved with the measured pace of a Greek tragedy was over and Delaware had missed its first MAC championship in history.

In the preliminary affair, Coach Bob Sieman's Chicks whipped Swarthmore's J. Vees, 81-69.

Seiman's Yearlings Hit Century Mark; Whip Cubs 100-56

Coach Bob Seiman's Chicks, who have been undergoing "growing pains" all season long, turned on a sensational display of scoring power last Saturday night as they dented the scoring column for a 100 points. The Ursinus yearlings, the thirteenth victim which has fallen under the marksmanship of the Chicks, were able to gain a mere 56 points in the contest.

Frank White, a lean and lanky forward from Wilmington, Delaware, paced the Chicks as he dumped 10 field goals and hit six times from the charity stripe for a 26 point total. Four other Chicks hit for double figures in the scoring parade: Matt Lamkin hit for 19, Skip Crawford 18, Bob Green 17, and Jack Ryan accounted for 14.

Delaware Frosh	G. F. P.	Ursinus Frosh	G. F. P.
Ryan f	7 0 14	Faust f	2 1 5

Swimmers End Season In "Big Splash"

Ester Helps Hens Place Second

BY HUGH DOUGHERTY

Harry Rawstrom's swimmers tied for second place in the Middle Atlantic swimming championships title meet in the new Lehigh pool last Saturday. As it has in the past three years in the conference showdown, bad luck dogged the Blue Hens and it was Lehigh and Franklin and Marshall that again provided the trouble.

That Rawstrom's fish failed to cash in was no fault of George Ester, the brilliant sophomore from Rochester who ripped the record boards to shreds. Ester was far and above the outstanding performer in the meet. He sprang from the side of the brand new Mryl Jacobs Memorial Pool on three occasions in the finals on Saturday night, and each time he landed a gold medal and broke, or helped break, a record.

The burly freestyler started it off with a brilliant performance in the medley. Art Mayer, the back-swooker, handed Captain Charley Lloyd a nice lead for the breast stroke leg and Lloyd in turn maintained the pace. Ester ripped off a fast 54.4 hundred and the final time was 3:07. The time was good enough to win by plenty, and established a new Middle Atlantic and University of Delaware record.

Ester Breaks Three Records

Delaware failed to place anyone in the 50 and 100 yard finals, but Ester came back with another fine effort in the 220 to keep the Hens in a threatening position. He duelled with defending champion Bob High of F & M and three other crack swimmers for seven lengths of the grueling trip, and then showed his heels to the field with a brilliant kick in the last two lengths to win by an arm's length over High in a thrilling finish. His time was 2:22.1, a new Delaware record.

An hour later, Ester came back with an even better effort. In the 440, he was again in the fast heat against the best in the league. The race was close for fourteen laps, and then Ester again turned on the heat. He drew away from High and Charley Paules, the two top contenders, and finished in 5:10.1. The performance set a new Middle Atlantic record, a new Lehigh pool record, and a new University of Delaware record as well. The old Hen record was set by Bob Monahan in 1938 at 5:11.2. With it went the last Delaware record that Harry Rawstrom's post-war crop of swimmers had not assaulted.

Hen Favorites Beaten

Ester's efforts kept Delaware alive in what was otherwise a disappointing evening for Hen participants. Two other Hen favorites fell by the wayside to opponents they had beaten previously this season. Charley Presnell wound up second in the diving to Kahler Hench of Lafayette, a man he had topped in Taylor Pool a month ago. Art Mayer experienced all the trouble that can befall a swimmer. Competing against four men he had previously defeated, Mayer jumped

PLENTY OF FISH, BUT...

Left to Right: Bottom row Bill Brady, Art Mayer, Charlie Presnell, George Ester, Bernie Janicki, Jim Jones, George Flamm. Left to Right: top row Paul Potocki, mgr., Orion P. Shupp III, Tom Clements, Don Bardo, Charley Lloyd, Capt., Don Willomborg, Bob Cunningham, Marv Eggert, Coach Harry Rawstrom.

Sure, there are plenty of fish in the sea, but none so greedy as those Hen mermen pictured above; who closed out this season last Saturday at Lehigh in the MASCAC Championship Tourney by breaking two Conference records and three school records. The Tankers bagged an overall record of seven wins against three losses.

off to a quick lead and appeared on his way to another triumph. But he ran afoul of a rope lane marker on the second lap, went under the rope, collided with Lee Peachey of Lehigh, swam back under the rope into his own lane, and then missed completely the next four turns. He wound up a badly beaten fifth, his first defeat of the season. He'll get a chance to come back, along with Presnell, at the Eastern Collegiates at N. Y. U. this weekend.

Another fine Delaware effort went for naught when Captain Charley Lloyd was disqualified in the breast stroke. Turning in one of his better performances of the season, the stocky junior pulled up third but his performance was disallowed because of an illegal turn. Bill Brady salvaged a fifth in this event.

Frosh Tie for 2nd

Other places were taken by Presnell, who scored a fourth in the 200 yard backstroke, by Lloyd, a fourth in the 150 yard individual medley, and by the freestyle relay team of Mayer, Presnell, Don Bardo, and Marv Eggert, that finished fourth.

In the freshman events, Ted Zutz, Tony DiMaio, and Loren Krusberg copped second place in the medley relay, and Krusberg, destined for stardom as a Hen swimmer, came back in the yearling 220 to capture a second in the fast time of 2:25.7. Walt Martin, Dick Goodley, Dan Robertson, and Krusberg came back to take third in the final relay for freshman.

Lehigh's talented swimmers finished with 84 points to capture the crown for the second straight year. Delaware tied for second with F & M at 47 points apiece. Swarthmore, Lafayette, Dickinson, Drexel, West Chester, P. M. C. and Gettysburg finished in that order.

Delaware's frosh swimmers pictured above, ended the current season posting a 3-2 log.

75 YEARS OF TELEPHONE SERVICE

On the evening of March 10, 1876, on the top floor of a boarding house in Boston, the telephone carried its first intelligible sentence.

It seemed like a miracle to our grandparents and great-grandparents. Yet today, the telephone is a part of our everyday living. And that is the real miracle - the fact that the telephone has come to mean so much to so many people in so many ways.

The telephone is an indispensable tool of business and government - today's tremendous job of production and defense could not be carried on without it. It serves in minor emergencies and great ones. It helps maintain family and community ties. And it keeps right on growing and improving.

Never in the history of the telephone has it been so valuable to so many people as right now.

BELL TELEPHONE SYSTEM

Colleges Enforce Teachers' Oath To Halt Communist Infiltration

The Board of Regents at the University of Colorado recently ruled that all faculty members must take the state teachers' oath, and that the administration engage someone to investigate reports of subversive persons on campus.

The oath, which must be signed before a notary public, calls for allegiance to the constitutions and laws of the United States and the state of Colorado. It pledges undivided allegiance to the United States.

The Board hastened to assure faculty members that they were not under suspicion. "I am instructed by the Regents," declared President Robert L. Stearns, "to say that they have all confidence in the loyalty and integrity of the University faculty and are concerned only with such possible exceptions as may develop as a result of further investigation."

Commented the Silver and Gold student newspaper, "Since the Regents are the elected governors of the University, it seems perfectly

proper they should investigate the institution they are governing."

"If the University is a hotbed of Communism, the investigation will point it out. If the University is a healthy functioning, progressive (if the word may be pardoned) institution of higher learning, the investigators will state so in their report."

"At any rate, there seems to be some concern throughout the state concerning the political color of students and faculties here."

Meanwhile, at the University of California, the Daily Californian reports that "At least 23 courses and sections, originally scheduled for this semester have been cancelled because the faculty members in charge of them were suspended for failure to sign the Regents' non-Communist declaration."

Here, in part, is the statement which these faculty members refused to sign: "... I am not a member of the Communist party or any other organization which advocates the overthrow of the United

NOTICE

The Delaware Student Teachers Association will have Miss Margaret Pringle as guest speaker on Wednesday, March 14. The meeting will be held in the lounge of Brown Hall at 7:30 p. m.

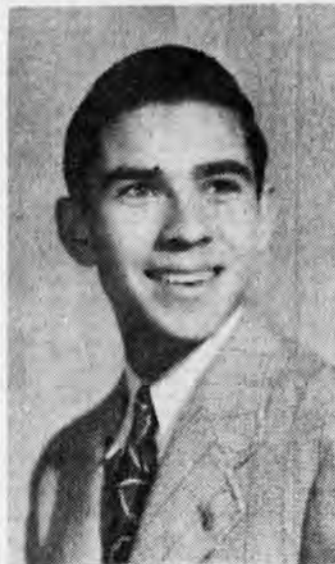

Miss Pringle, an elementary school principal from Glasgow, Scotland, is now making a tour of United States Schools and will be in Delaware ten months. She is a former president of the Scotland Institute of Education, and a member of the executive committee of the World Organization of the Teaching Profession.

All members of the D. S. T. A. and anyone else interested are urged to attend.

States government by force or violence, and ... I have no commitments in conflict with my responsibilities with respect to impartial scholarship and free pursuit of the truth."

The non-signing professors were originally cleared of Communist party membership by a faculty committee, only to be fired last August by the Regents.

Dick Okonow Takes Office As New Vice-Pres. of I. F. C.

DICK OKONOW

Dick Okonow, new Vice President of the Inter-Fraternity Council, hails from Wilmington, Del. A graduate of Pierre S. du Pont High, he was active in yearbook, intramural sports, and high school fraternity activities. During his initial year at Delaware, Dick was made a brother of Alpha Epsilon Pi Fraternity and was active in freshman class activities. Dick is now a sophomore accounting major, Treasurer of the Sophomore Class, Parliamentarian of A. E. Pi, and is now Sophomore Chairman, and is a very busy man on the campus. Dick takes over the office vacated by Mary Guberman who transferred to Miami U.

Cost of Living Goes Up, Up, Up, Up, Up.

The Michigan State News recently made an informal check on the effect the high cost of living has on dating. Here are some of the results:

A coffee date only adds up to 14 cents, but as one male student remarked, "You can't depend on getting a girl who doesn't eat." A guy buying a daily cup of coffee for himself and his "friend" would have spent \$5.60 so far this term. And if he and his date smoke just two cigarettes a day, that would cost him another 80 cents.

Another student declared, "you usually figure on about 70 cents for food alone. That is, of course, unless you get a girl who eats nothing but steak dinners." Most students were of the opinion that a weekend date can add up to \$20, with tickets, a tuxedo and food.

The average cost of a date seemed to run about \$2.50, which the majority of students agreed was worth the price. This would include bowling or a movie, and food.

NEW 1951 Chevrolet

AMERICA'S LARGEST AND FINEST LOW-PRICED CAR!

It has that longer, lower, wider big-car look!

NEW!

AMERICAN BEAUTY DESIGN—Brilliant new styling . . . featuring new grille, fender moldings and rear-end design . . . giving Chevrolet that longer, lower, wider big-car look.

NEW!

AMERICA-PREFERRED BODIES BY FISHER—With strikingly beautiful lines, contours and colors . . . plus extra sturdy Fisher Unisteel construction, and Curved Windshield with Panoramic Visibility.

NEW!

MODERN-MODE INTERIORS—With upholstery and appointments of outstanding quality . . . and with extra generous seating room for driver and all passengers on big, deep, "Five-Foot Seats."

NEW!

SAFETY-SIGHT INSTRUMENT PANEL—Safer, more efficient with overhanging upper crown to eliminate reflections in windshield . . . and with plain, easy-to-read instruments in two large clusters.

NEW!

MORE POWERFUL JUMBO-DRUM BRAKES (with Dubl-Life rivetless brake linings)—Largest brakes in the entire low-price field . . . giving maximum stopping-power with up to 25% less driver effort—and longer brake life.

NEW!

IMPROVED CENTER-POINT STEERING (and Center-Point Design)—Making steering extra easy, just as Chevrolet's famous Knee-Action Ride is comfortable beyond comparison in its price range.

Here's America's largest and finest low-priced car—the newest of all new automobiles—as trustworthy as it is thrifty to buy, operate and maintain.

New with that longer, lower, wider big-car look! New in its strikingly smarter Fisher Body styling and beautifully tailored Modern-Mode interiors! New in safety, new in steering ease, new in feature after feature!

Moreover, it's thoroughly proved in all things, from the finer no-shift driving of its Powerglide Automatic Transmission,* or the finer standard driving of its Synchro-Mesh Transmission to the fleet, frugal performance of its Valve-in-Head engine.

Come in—see and drive America's largest and finest low-priced car—Chevrolet for '51—the only car that brings you so many big-car advantages at such low cost!

PLUS TIME-PROVED POWER *Glide*

AUTOMATIC TRANSMISSION

—proved by more than a billion miles of performance in the hands of hundreds of thousands of owners. *Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

Limited Inaugural For Perkins To Be Held On April 20

by ANN FERGUSON

The formal inauguration of Dr. John A. Perkins as twenty-first president of the University, will be held on Friday afternoon, April 20th.

The induction was planned for some months after Dr. Perkins assumed the presidency on November 1st. Usually, presidents of many colleges and universities are invited to attend or send representatives. A joint faculty-trustee committee decided, however, that because of national conditions, Dr. Perkins' inaugural is to be limited.

After the ceremony, President Perkins will deliver the only principal address. Greetings to Dr. Perkins will be expressed by representatives of the state, student body, faculty, alumnae and alumni.

The program will be held at 3:00 p. m. and if the weather permits, it will be out-of-doors on the green in front of University Hall. In case of inclement weather, the inaugural will be in Mitchell Hall. An informal reception will follow.

On Saturday, April 21st, an all-day conference on human relations will be held. The principal speaker will be Dr. Rensis Lilsert, director of the University of Michigan's Institute of Social Research. All Delawareans will be welcomed at both programs.

Songs Announced For Bidu Sayao Concert Tuesday

Bidu Sayao, leading soprano of the Metropolitan Opera, has announced the selections which she will sing at Mitchell Hall on Tuesday night at 8:15, March 13th, in the fourth of the current Artists Series concerts.

Miss Sayao, a Brazilian, had won fame at home and in Europe before coming to this country in 1936. She sang at the Paris Opera Comique, the Rome Royal Opera, and Milan's La Scala.

Accompanied by Milne Charnley, Miss Sayao will sing: Air de Venus (from Theseus-1675); Amor com-manda (Arietta de Floridants-1721);

two arias from "The Marriage of Figaro;" L'invitation au voyage; Les Ponts de ce; Quand je fus pris au pavillon; Le Nelumbo; Air de Lia; from "L'Enfant Prodigue;" Air: Selva opaca, from "William Tell;" The Bird; Men; Loveliest of Trees; Go 'way from my Window (Appalachian Folk Song); The Green Dog; Bachianas Brasileiras, No. 5; and Cantares.

NOTICE

PREDENTAL STUDENTS

Students planning to enter dental school should read the announcement in Milton Robert's Bulletin Board concerning the earlier acceptance dates now becoming standard, and Selective Service deferments available for superior students planning to enter dentistry.

Registrar Releases Enrollment Figures For 2nd Semester

The Registrar's office has finally released the figures on the decrease of enrollment at the University. A total of 204 students failed to return for the spring semester.

The number entered in the fall session was 1986, of which 1332 were men and 654 were women. The present enrollment is 1782, with 1177 men and 605 women. The drop is due to losing 53 men to the armed forces and other unnamed reasons.

The proportion of women students has increased two per cent since last semester. This trend is expected to continue for some time.

Campus Interviews on Cigarette Tests

Number 14...THE BEAVER

"How eager
can they get?"

For once in his life, our fervent friend admits that eagerness can be over-done! He's alluding, of course, to all these quick-trick cigarette tests—the ones that ask you to decide on cigarette mildness after just one puff, one sniff, one inhale or one exhale! When the chips are down, he realizes cigarette mildness can't

be judged in a hurry. That's why he made . . .

The sensible test . . . the 30-Day Camel Mildness Test

which asks you to try Camels as your steady smoke—

on a pack after pack, day after day basis. No snap judgments needed. After you've enjoyed Camels—and only Camels—for 30 days in your "T-Zone" (T for Throat,

T for Taste), we believe you'll know why . . .

**More People Smoke Camels
than any other cigarette!**

Newark**Dr. Rees Announces
3 Labor Fellowships**

Dean Carl S. Rees of the University's School of Graduate Studies has announced that applications for three Labor Fellowships must be filed with him by April 1.

The fellowships have been made recently available through a grant by the Labor Foundation of Wilmington. They carry a stipend of \$1,500 for 12 months, starting September with a one month vacation for each holder.

Graduate students who have shown a marked ability and exceptional attitude for research in some field of natural science, particularly areas in which chemistry and physics are applied to biological problems are eligible.

'Neath the Arches'

(Continued from Page 3)

the "head-hunters" were: Tex MacIntyre and Merle Lank, Dan Fletcher and Jeannie Hardin, and Dick Hammond and Co. That same evening an informal "Tea" was held at the residence of Bob Hopkins in Wilmington. On hand were: Clark MacWright, Jack Symonds, Earl Walker, and "Shaggy" Mathews. The boys were also very happy to get back their bathtub which had been lifted by the Newark Transit men by mistake.

Congratulations are in order for Dick Mulrooney who pinned Mary Lou Bice last weekend. They really make a sharp couple. We also understand that our old Pal Libby Houston is being married on March 21st . . . lots of luck.

Harter Hall is boasting that it has the most explosive bunch of inmates ever to dwell on this here campus.

At the Hilltop Moosemilk Parlor, Delaware was well represented by Ed "Rock" Cunningham and Marilyn Johnson together with Vines Bachetta and Betty Kem.

Among the many couples tripping the light fantastic last weekend were: Claude Tease and Mary Lou Bowen . . . Dick Grossman seeing a lot of Joan Middleton . . . B. J. Kinder swooning for Ken Chapman . . . and Duke Bonelli playing the odds with Pamela . . . while last but not least, Art "Kemtone" Eglington really showing the boys how up in Philly.

Don't forget that March 16 is The Women's Weekend. The girls have been working pretty hard on their Playbill which will be presented at Mitchell Hall. It looks like it will be a great affair.

NOTICE

The Military Ball will be held April 28. Music is to be provided by the Delmelodians. Decorations for the affair are being designed by Greg Gause and Ed Milligan.

Alumni Corner

(Continued from Page 2)

has been amassing credit points for the top ranking during that time. Bridge players must obtain over 300 credit points in recognized competition to qualify for life master rank.

Willard D. Boyce '23, who retired in February after six years as chairman of the Kent County Democratic Committee, was honored at a dinner by that organization on March 3 in Harrington.

Stuart Allmond '12 has been serving since the first of the year in the University's Maintenance Department as assistant to Mr. McKay. Stu is a veteran of over 30 years in the machine shop business in Wilmington and he is a good man to have around.

'Bye for now—see you next week at this same time at the Corner.

**THE DU PONT
DIGEST**

With silica, water and imagination
Du Pont scientists have found

How to Tame Slippery Floors

Teen-agers in high schools used to have great, if hazardous, fun running and sliding on newly waxed corridor floors. Of late many of them haven't been able to do that. For numerous schools, as well as office buildings and institutions, are now using waxes that have been made skid-resistant.

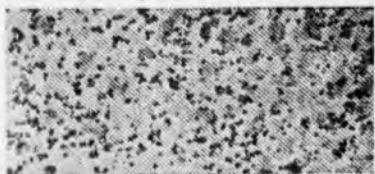

The product that is taming slippery floors is "Ludox" colloidal silica—adapted by Du Pont chemists to floor wax through cooperative research with the wax industry.

If you mix plain sand with floor wax, you'll have an anti-slip surface, but it would be unsightly and thoroughly impractical. With "Ludox," you are using a water suspension of invisible colloidal silica particles less than a millionth of an inch in diameter.

A problem child

"Ludox" was quite a problem child to scientists who developed it. For instance, research men had to know how silica would act in the presence of floor wax. So they turned to the electron microscope and learned that the little silica spheres attach themselves firmly to the surfaces of wax spheres five times their size.

But it was also necessary to find out how "Ludox" affects a waxy film

"Ludox" particles (dark, in this electron photograph) surround the larger wax particles throughout depth of film. Magnified 25,000 x.

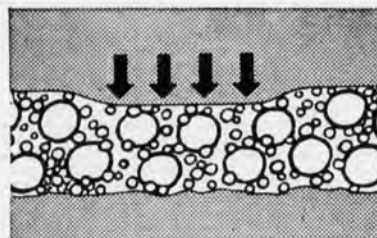

Du Pont "Ludox" makes floor waxes harder as well as safer. Other wax qualities—gloss, freeze- and water-resistance, leveling—are unaffected. It is now used by many manufacturers.

after it is laid down on a floor. While a polished waxed floor looks smooth enough, it is actually a series of hills and valleys and these irregularities have an important bearing on the behavior of a surface.

Working with a waxed surface presented difficulties. The electron microscope functions only if electron beams can pass through the membrane upon which the specimen is placed. And electrons can't "see through" a floor!

Study in duplication

Often, problems like this have been solved by preparing a thin replica or copy of the surface for examination in its stead. However, the conventional method for making a replica—

Cross-section of wax film shows how pressure of foot pushes the hard "Ludox" particles into the wax, causing a snubbing action.

the one frequently used in studying metals—requires solvents. These would dissolve and ruin a wax surface.

So it became necessary for the chemists and electron microscopists to develop an entirely new way to make a replica of a surface. This they did, as part of a research program that lasted several years.

With it some remarkable pictures were made. They showed that many "Ludox" particles stay at the surface of a wax film, even though they are denser than wax. As you walk on a floor, your shoe presses the tiny silica particles down into the wax spheres that make up the film. This sets up a snubbing action which keeps you from slipping.

Much more could be told about Du Pont research on colloidal silica. For example, chemical and mechanical engineers had to develop manufacturing equipment, including a specially designed ion exchange column. Organic and physical chemists used research findings to formulate better waxes, as well as silica-containing adhesives and anti-slip treatments for rayon fabrics. Like practically all Du Pont achievements, "Ludox" is the result of close, continuous teamwork of men and women trained in many fields of science.

DID YOU KNOW . . .

It costs more than \$10,000 on the average to provide the tools, machines, factory space and working capital for an American worker. Du Pont's average operating investment per employee is \$17,800.

Greek Column

Pi Kappa Alpha

Last week held many highlights for the Delaware Pi Kaps with initiations, Wednesday, of three fine men: **Tucker Ware**, **Stan Alexander**, and **Don MacFadden** are now wearing the Shield & Diamond of Pi Kappa Alpha. The Chapter extends its warmest congratulations.

After the ceremonies, a party in honor of the new brothers was the order of the night. Somewhere around midnight Maestro **Bill Stevenson** collected some of our songsters to serenade recently pinned **Mary Lou Conover** with "Let me call you Dream Girl", "Hurray for Mary Lou", "Honeymoon", and "The Dream Girl of Pi K. A." Jim Neal blushed.

Thursday night saw the annual Founder's Day Banquet take place in Old College. After an abundance of steaks were downed and the speeches were digested with equal flavor, an informal reception were held for the alumni at **Pike's Peak**; among whom were brothers **Thawley**, **Joanedis**, **Grubbs**, **Du Bell**, **Lockwood**, **Scari**, and **Short**. Many thanks to **Dean Penrose** for his address at the Banquet.

PIKE NOTES: The bowling team captained by **Don Hoffecker** downed a strong **Theta Chi** team. Many **Pi Kaps**, headed by the example of **Jack Torkelson**, took pleasure in giving blood to the Red Cross with the other Greeks.

Alpha Epsilon Pi

Congratulations, though a little late, are in line with the best of happiness to Brother **Larry Lipstein** on his marriage to the former **Miss Barbara Jacobson**. . . they sure had us guessing.

The good ship **AEPI** seems well on its way to Destination BB-3-24, the **Bucaneers' Brawl** of March 24. If you see the "blue beads" and "blue mustaches" starting to sprout, don't get panicky. . . Mr. Gillette's boys are not on strike. . . it's all for the atmosphere of a dangerous pirate den.

Brother **Favel "Hohothatsrich" Chavin** seems rather worried lately. Medical specialists have diagnosed his case as **Darnmydraft-boarditis**. While in the get-well department, glad to see Brother **Kappy Kaplowitz'** recovery from the flu. . . **Kap** had really been missed on the campus.

Why are **Chuck Gross** and **Ralph Keil** spending so much time in the library. . . that's what **Spike Fink** wants to know. The answer from very reliable sources is that they like the way the books are stacked. Best wishes to **Chuck**, having pinned one lovely book—oops, **Babs Triffleman** of Philadelphia.

Latest from the bard of **AEPI**, **Rappaport** from Newport, is this little gem:

An Ode
Little Miss Muffet
Sat on a tuffet,
Eating her curds and whey,
Along came a spider
Who sat down beside her,
And said, "May I borrow your slide rule?"
(In iambic pentameter, yet!)

Kappa Alpha

The **Kappa Alpha Order** is holding a convention on March 9th and 10th at the **KA** site and a large delegation from the other chapters is expected. A house party on Saturday evening will top the weekend festivities.

There is a general lull in extracurricular activities within the house because ye olde hour tests are taking their tolls. Studying has become the by-word and even **Milton Berle** and **Faye Emerson** are temporarily taking a back seat!

Brothers **Utt**, **Kruzinski**, and **Harris** contributed a great deal to the avalanche of points piled up against the **Ursinus Bears**. The three players combined average was 15.7 points. **Utt** tallied 28 points, **Kruzinski** deposited 19 and **Swish Harris** was held to a double goose egg for one of the few times of his life!

Pledges "**Skip**" **Crawford** and **Jack Ryan** scored 18 and 14 points respectively as the Delaware Freshmen pummeled the meshing for 100 points against the **Ursinus Jayvees**.

The **Ivory Institute of Bones**, Arizona, has announced the application of three of our brothers for membership into their organization. These include **Fred** (Who's gonna pay for my ring?) **Kinkler**, **Art** (Boy Bear II) **Lewis**, and **Jim** "Party pants" **Clower**.

If you're ever in Arizona!

Delta Tau Delta

We are no sooner back from Philly, than we are off again, to Washington this time. The Penn excursion was a huge success—at least **Ed Milligan** and **Will Brown** thought so.

The big event of the weekend, however, was the pinning of **Mary Lou Bice** by **Tom Mulrooney**. An expedition of **Delts** made their way to **Boletus** for a serenade Sunday Nite. Best wishes, **Tom** and **Mary Lou**.

Dave Johnson and **Dorrance Barrell** became two brothers when they exchanged their pledge pins for the Golden Square at a formal initiation, Wednesday night.

The **Delt** basketball team beat the pledges in the annual game on Thursday. The pledge team was composed of **Diz Day**, **Sleepy Strothman**, **Will Brown**, **George Adkins**, **Glen Dill**, **Jack Fairchild**, and **Al Scala**.

Next week-end **Tom "Manhattan" O'Donnell**, and **Art "V-8" Diver** are off to Eastern Region Convention in New York.

Alpha Tau Omega

Spring was unofficially welcomed here at the **ATOMIC Club** last week as the **Brothers** and **Pledge Brothers** gave the House a thorough cleaning. Pledge Brothers **Bill Eyre**, **John Bauer**, **Lennie Whann**, **Bill Harkins**, **Don Rittenhouse**,

John Knapp, **Ross Smith**, **Jay Steinhauer**, **Bill Phillips**, **Fred Werner**, **Jack Williams**, **Allen MacWright**, and **George Hammond** were outstanding in their abilities to wield mops, brooms, and dust rags.

The **ATO Pledge Brothers** have elected their Pledge officers for the Pledge Class of 1951. They are: President—**Allen MacWright**, Vice President—**Maurice Stevenson**, Secretary—**Alden Buehler**, Treasurer—**George Hammond**, and Social Chairman—**John Bauer**. Best of luck, **Pledge Brothers**, you have a fine Pledge Class to work with, and one worthy of your careful attention.

The first bowling match of the year was held with **Delta Tau Delta** on Monday evening, February 26. **ATO** won both games, and took top honors for high single game, high number of total pins (by almost 100), and high team game. Honors go to the **Brothers** on the terrific team: **Brothers Hoch**, **Chance**, **Bauerband**, **Spang**, and **Betts**. Keep up the good work!

Sigma Nu

Last week, swimming splashed into the **Sigma Nu** headlines. In the Intramural meet, **Delta Kappa's** crack team once again won the coveted trophy, taking seconds in the 50 yard free-style and diving and firsts in all the other events.

Brother **George Ester** proved to be almost a one man show in the Middle Atlantic Swimming Championships as he broke two records himself and helped establish a third.

George set a new Delaware mark for the 220 yard free-style and broke the old Delaware and Middle Atlantic record for the 440 yard free-style. He also swam anchor leg on a relay team with **Art Mayer** and **Charlie Lloyd**. This team proceeded to better the previous mark for the 300 yard medley relay.

Another house party was held last Saturday night and once again the brothers had themselves a good time. The surprise of the party, however, was **Arch Ayars**, who made an appearance, date and all!

The long awaited pinning of **Miss Mary Reynolds** by brother **Bill Tammany** finally came about and **Sigma Nu** extends heartiest congratulations to the happy couple.

Theta Chi

The Region three conference is in readiness—Many lovely campus women have signed up to help us in getting dates for our visiting brothers. Our meals range from the meal halls to the Hotel DuPont. Our honored guest will be **Dr. Perkins**. Dancin' in the Gold Ballroom will feature the **Delmelodians**. All in all, each brother is looking forward with great expectations. And before Saturday night rolls around, each **Theta Chi** brother extends sincere thanks to all the girls who helped us out. We really appreciate it!

Intramural boxing and wrestling is well under way, and many brothers and pledges have been training for their events. Going into the semi-final bouts, we are

represented in four weight classes in each separate sport.

Our newly formed pledge class is showing great interest as the house repairs begin. A rigorous schedule has been mapped out for them, and, at present most of them show no work shirking actions.

We were happy, last week, to welcome into our brotherhood **Bucky Walters**, **Andy Schmidt**, **John Allen**, and **Duke Bonelli**.

Phi Kappa Tau

Phi Tau has been adding to its pledge class this past week. The following men, **Ted Michael**, "**Buss**" **Sherrick**, **Don Hornberg**, and **Bill Sherwood** now bring the total to twenty. Pledgemaster **Jim Silva** is getting the boys organized, and the officers of the new pledge class are: **Jim Micheals**, president; **Emerson Adams**, vice-president; **Wayne Kirklin**, secretary, **Jack Dallam**, treasurer.

Court Cummings, **Charlie Rodriguez**, and **Jim Michael** spent the weekend at Bucknell where the Middle Atlantic Wrestling Tournament was held. **Court** and **Jim** both placed fourth in the 167 and 177 pound classes, respectively. **Charlie** says, "No comment."

Tom Atley, field secretary from the National Headquarters in Ohio, dropped in for a visit recently. We were happy that he was so pleased with the progress of our chapter.

Phi Tau extends a hearty welcome to all the chapters of **Theta Chi** meeting here this weekend and hopes that their conference will be a success.

Be Happy Go Lucky!

The guys in my fraternity
Have girls that really rate,
But Lucky Strike is one old flame
That goes on every date!

Bob Buzzell

Sophomore Store Open to All! Skirts, Mugs, Jackets, Caps Sold

By HAROLD SMITH

Settle back in your favorite booth, light up a Chesterfield, get rid of that American Government book, and just relax, kiddies, and I'll tell you a story. Now we'll begin this tale as all good stories begin — ONCE UPON A TIME, about 1949, BSS, (Before Sophomore Store) those of us who craved the finer things of life—i. e. blue skirts, "sealed" laundry bags, gold ties, et al) had to sit idly by, with this situation pressing upon our minds.

But all was not lost! To the rescue came the Second Mercantile Brigade—known to some as the Sophomore Store Committee. These

twenty gallants came charging down upon the university—led by no less a personage than General Richard Okonow—and set up camp in Seminar A. The attackers were hand-picked by the General himself—twenty of the most beautiful and charming co-eds of the Sophomore Class.

The SGA caught the contagious spirit of the sophomores and contributed Seminar A to the cause. The Brigade colors were unfurled, with their motto "Service and Fair Prices for All" inscribed on it, and then came those magic words—the same words that thrilled the entire campus in the recent sophomore musical extravaganza—"CLASS OF '53!"

There before our hungry eyes was the feast!—white caps with the university seal, blue skirts, jackets for the gals, and for the brave stalwarts of the campus there were beer mugs. Just imagine

—Miller's High Life in those terrific white mugs!

Recently, however, it occurred to the Brigade that a still better service could be rendered to the student body. So the Sophomore Store has been closed down for three weeks to replenish the stock. Comes March, we'll really have it.

Besides the skirts, mugs, jackets, and caps, the super-store will feature gray and blue sweat shirts, T-shirts, white wool socks, knitted blue and gold ties (that should scare away the draft board) laundry and bleach bags with the university seal on them (now you can send that laundry home to Mom in style, kiddies,) and sealed bandanas. But comes the big surprise. (Those who wear false teeth need not read this.) The Second Brigade is negotiating with the Palmolive-Peet Company for permission to sell nothing less than Colgate Tooth Paste. This act alone is enough to enshrine the Sophomore Class in our hearts forever—just think what this addition will do to send the campus date-percentage rocketing. If you don't believe me, just read those adds!

Before you doze off to sleep make a memo to visit the Sophomore Store's grand re-opening on March 19. You'll be greeted at the door by one or more members of Dick Okonow's luscious harem, or possibly by the old boy himself—the grand treasurer of the Class
