VOLUME 33

NEWARK, DELAWARE, MAY 22, 1917

NUMBER 27

## COMMENCEMENT AT DELAWARE COLLEGE

### Program In Detail, As Arranged By Special Committee Of Faculty

Announcement has been made by a special committee of the Delaware College faculty of the complete program for commencement, which starts on Sunday, June 10, and closes Wednesday, June 13. The committee that prepared the program consists of Dr. Owen W. Sypherd, Professors George E. Dutton, George A. Koerber, and Charles A. McCue and Lieut. William F. Hoey, Jr., military instructor. The graduating class will number about 20. Despite the fact that a number of students have entered the public service the commencement will be held as planned.

While the three new buildings now in course of erection will be open for inspection, there will be no public dedication of any of them at commencement, as was originally expected. Commencement will simply mark the opening of the new structures. The new buildings are Wolf Hall, which will house all the agricultural departments of the college and the chemical laboratories; the old dormitory building, which has been remodeled into Students' Commons, and the dormitory, which will house about 60 students. The total cost of these three buildings is nearly \$500,000. Wolf Hall and the Commons will be practically completed for commencement, but the new dormitory will not be completed before the starting of the term, next September.

Wolf Hall, the Science building, which will cost about \$250,000, is named after the late Dr. Theodore R. Wolf, for many years a chemist at the college. While there will be no formal dedication of this building, on the afternoon of June 13 a portrait of Dr. Wolf will be unveiled. This portrait will be presented by friends of the family and the presentation will be made by Robert B. Wolf, a son of Dr. Wolf, and a graduate of the class of 1896. He is now superintendent of a large paper manufacturing concern at Berlin, N. H.

### Commencement Program

The program for the entire commencement follows:

Sunday, June 10—11 o'clock, anniversary exercises of the Young Men's Christian Association; address by Governor John G. Townsend, Jr.; 8 o'clock, baccalaureate sermon by Rev. Herbert F. Randolph, D. D., of Grace M. E. Church, Wilmington. Both of these exercises will be held in Wolf Hall.

Monday, June 11—10 o'clock, college farm open for the inspection of visitors; 3 o'clock, class exercises on old campus; 4 o'clock, reception by Dr. Samuel C. Mitchell, president of the college, to graduates and their friends, on old campus; 7 o'clock, open air concert on old campus by mandolin club; 8.15 o'clock, public speaking contest in Wolf Hall for \$30 and \$20 alumni prizes. These prizes will be given for the first and second best essays on some subject connected with the war. It was decided to have the public speaking contest this year instead of the usual debating contest. It will be in charge of Professor George E. Dutton.

Tuesday, June 12—10.30 o'clock,

meeting of trustees; 10.30 o'clock, competitive drill by the three companies of cadets for the Roberts medal; 6.30 o'clock, alumni reunion in the new Student Commons; 9 o'clock, fraternity reunions.

Wednesday, June 13—10.30 o'clock, commencement exercises on the old campus, when an address will be made by Elisha Lee, general manager of the Pennsylvania railroad; 2 o'clock, business meeting of alumni; 2.30 o'clock, visit to Wolf Hall, when the portrait of the late Theodore R. Wolf will be unveiled; 3.15 o'clock, exhibition drill; 8 o'clock, commencement dance, which will be a benefit.

Friends of the college who come to Newark to spend the entire day on commencement are requested, if possible, to bring basket luncheon. Luncheon will be served at the college on this day only to alumni members and official guests. The privileges of Purnell Hall, headquarters for the Y. M. C. A., are extended to all friends of the college during commencement week.

Examinations for admission to Delaware College and the Women's College will be held Friday and Saturday, June 15 and 16, and Tuesday and Wednesday, September 18 and 19.

The Summer School for teachers will be open, first term, June 25 to August 3; second term, August 6 to 31.

The autumn term of both Delaware and the Women's College will begin September 21.

## "AG" STUDENT MAKES SPLENDID RECORD

### Wins Fellowship At Western College

Mr. W. H. Savin, a Senior in the department of Agriculture, Delaware College, has been elected to a research fellowship in Animal Husbandry at the Iowa Agricultural College, Ames, Iowa. Mr. Savin has completed his course in three years, maintaining a high standard of scholarship in all of his subjects. He has also taken an active part in track athletics, oratorical contests, in dramatics, and activities of the agricultural club. On account of the record that Mr. Savin had made the faculty has recently highly recommended him for graduate work in two of the larger institutions of the Middle West, enabling Mr. Savin to choose between fellowships in Kansas and Iowa. Both colleges have replied to the faculty communication stating that the Delawarean's recommendations and qualifications were higher than those received from any other candidates. It is a matter of considerable satisfaction to friends of Delaware College to know that Mr. Savin has made such an enviable record and that his prospects for the future, at one of the best known institutions of the country, are so bright.

## PLAYS AND MANDOLIN CONCERT A BIG SUCCESS

"Review" Substantially Aided  
Last Friday evening witnessed the presentation of the one-act plays, "The Green Coat," and "Honor" by members of the Dramatic Club in a highly commendable manner.

The entertainments began promptly at 8.15 with several numbers by the Mandolin Club. "The Green Coat," a one-act play by Augier and de Musset, followed. E. Ewing, '19, took the female part, Margaret, by name, and was the object for male scrutiny throughout the play. F. B. Martenis, '19, made the classical "Shylock" insignificant as compared to his idea of a Jew's mannerisms and bargaining ability. L. Middleton, '19, as a young artist and C. Lee Weigle, '18, as a lawyer differed on matters of economy. The former claimed that they were down to their last sows but the latter was equally positive that they were never in better circumstances. Following this play, the Mandolin Club made its reappearance and favored the audience with pleasing numbers, among which were "Sunny South," a medley, "Dreamy China Lady," "Teach me to Smile" and "O Sol Mio." The club was encored time and again. The audience was thoroughly pleased and communicated their delight to the club by vigorous applause.

"Honor," by Mr. Irving Reynolds and Mr. F. J. Pohl, concluded the program. This play was looked forward to with intense interest. The writers were clever enough to add a touch of home feeling by naming the college in the play "Buckaware" and the student centre "Infernal Hall." The dialogue was snappy and the action very rapid and full of meaning. It would be difficult to proclaim any participants in the play as stars; each one did his part in his own characteristic way which was all the more evident to those who knew the players.

Financially, the entertainment was very satisfactory. The proceeds will go a long way towards relieving the paper of its debt. In view of the splendid work of the paper it is gratifying to know that it has now been relieved of this embarrassment.

## Engineering Faculty Favors Practical Training

In view of the present national crisis the engineering faculty of Delaware College unanimously expressed itself as follows: First—That the Engineering department of Delaware College should modify its curriculum so as to render to the government any special service in its power. Second—That a training camp be established on June 15 in connection with the Engineering department of this college to supplement the instruction offered in military work and in engineering.

The serious consideration of a summer camp is deemed necessary on account of the practical military and engineering training required of engineers in the service of their country.

All engineering students are eligible for the camp. Full information may be obtained from Dean Cullimore.

## SENIORS WINNERS IN INTER-CLASS MEET

### Baltimore Poly High Scorers In Class I While Vineland High Carry Off Hon- ors In Class II

The Fourth Annual Inter-scholastic Field and Track Meet was successfully staged on Joe Frazer Field on Saturday, May, the twelfth. The Interclass Meet which was held also, was won by the class of 1917. The class of 1918 was second, with the Sophomores third and the Freshmen last. One record was broken and two other records equalled. Tom McDonnell, '20, broke the pole vault record by sixteen inches clear the bar at 11 feet, 5 inches. Marshall, '17, equalled his own record for the 220 yard dash of 23 1-5 seconds as did Crockett equal his record in the 120 yard high hurdles of 17. Marshall, '17, was high individual scorer in the Interclass Meet with 28 pounds to his credit. He won the century, the 220 yard dash, the high jump, finished second in the 120 high hurdles and won the mile run in the medley relay which netted 10 points more. The Sophomores repeated their victory of last year in the one mile relay by again capturing the event.

Summary of events:

100 yd. dash—Won by Marshall, '17; second, Craig, '19; third, Walker, '20. Time 16 4-5.

220 yd. dash—Won by Marshall, '17; second, Crockett, '18; third, Manahan, '20. Time 23 1-5.

880 yd. dash—Won by Steele, '17; second, Taylor, '18; third, Kite, '20. Time 2.10 3-5.

440 yd. run—Won by Steele, '17; second, Bugless, '20; third, Crockett, '18. Time 56 2-5.

1 mile run—Won by Brewer, '20;

(Continued on Page 3)

## Baseball Schedule To Be Continued

Owing to the fact that nearly all our baseball games have been cancelled, a meeting of the Athletic Council was called May 16, to decide whether or not to continue with our present schedule. It was decided to continue. There are only two more games to be played—Western Maryland, June 2, and University of Pennsylvania, June 12.

Owing to the fact that Coach McAvoy and Captain Harold Horsey are both at Fort Myer, it was necessary to elect two men to fill their shoes. Jolls, a former Delaware pitcher, was elected field-coach, and Don Horsey, field-captain.

McCardell will probably fill the vacancy left by Taggart at short-stop. There are several likely candidates for the outfield positions vacated by Captain Horsey and Ferguson.

Owing to the lack of a sufficient number of scrubs, the varsity will practice with the different class teams.

The first Class game will be played May 21, between the Sophomores and Freshmen. The Juniors and Seniors play on the twenty-second of May and the final deciding interclass contest will be played May 28.

Manager Casey of the Freshman team has arranged several outside games with near-by high schools.

## DELAWARE BOY SAILS FOR FRANCE

### More Than A Score At Fort Myer

Between twenty and thirty Delaware College students left Monday for the Officers' Training Camp at Fort Myer, Virginia, in response to a summons from Washington. The number included Athletic Coach, W. J. McAvoy, Harold W. Horsey, '17, Morris R. Mitchell, '18, John A. Hopkins, '17, George C. Brower, '18, F. Tracy Campbell, '17, Leon B. Stayton, '18, E. Earl Plumley, '19, Mitchell J. Fidance, '17, Howard A. Broadwater, '18, S. A. Hamilton, '19, Robert B. Wheeler, '18, Carl L. Fisher, '18, John P. Gum, '18, F. Colen McCoghey, '17, J. W. O'Daniel, '17, J. Alexander Crothers, '16, Harvey C. Bounds, '17, London L. Smart, '18, Owen E. Spruance, '19, J. A. Mather, and L. G. Gibney, graduates, were also called. G. H. Ferguson, James Bice, and Stanley Loomis leave for the camp this week by appointment through the militia.

Arrigo Marconnetti, a Sophomore at Delaware College, has entered the aviation school at Mineola, L. I. J. Hartzell Alderson, '18, and Corbin Fletcher, '20, have entered the regular army. Albert Ruth and Robert Pepper, who graduate this year, will take examinations for commissions at Washington on May 21st.

Rudolph Taggart, a Sophomore, has been transferred from the State Militia to the Engineering Corps, which leaves for France this week. Taggart's home is in Elkton, and he was a member of the militia of that town. He enlisted as soon as the first call was made following the break with Germany. He was a Civil Engineering student and had been making an enviable reputation in his studies.

The students at Fort Myer are regularly enlisted for a three months' period during which they will be put through strenuous training. After three months they will be either commissioned in the regular army or put out on the reserve list.

Lieutenant Hoey, commandant at the College, will probably be assigned soon to one of the Officers' Training Camps as instructor.

## St. Johns Cancels

St. Johns cancelled the game with Delaware scheduled for May 16. The game was to have been played at Annapolis.

The Kappa Alpha Fraternity will hold a business meeting in the Hotel duPont Friday evening, May 25.

## CALENDAR

May 22—Class Baseball  
Seniors vs. Juniors  
May 23 and 24—Annual Inspection of Battalion  
May 26—Tennis  
Delaware vs. Western Maryland at Westminster  
May 28—Final interclass baseball game.

**Literary Societies**

With all due respect to the present officers of the two Literary Societies of Delaware we ask, "Why do they continue to exist?" It has been a well-known fact, among the students at least, that in reality they do not stand for anything and have no influence on student life at "Delaware." In fact they do not exist, except in name. For several years the Literary Societies of Delaware have been entirely regulated by the student body. Only once during each year is there any enthusiasm displayed by the students in the Societies. The annual commencement debate affords this short lived demonstration. This year the Societies have lost their grip on this event. The debate for the approaching commencement is open to all students. Heretofore only Literary Society members could compete.

The organization of the Engineering Society, the "Ag" Club, and the Arts and Science Club dealt a severe blow to the Literary Societies. The formation of these clubs awakened great interest in the students, who immediately began to take an active part in the new organizations. The new clubs made a broader appeal to the students than did the old Literary Societies and the result was a loss of interest in the latter.

At the present time Delaware does not have a student body sufficiently large to support too many organizations and make them all a success. Since this is the case, it appears as though it would be better to carry on a few organizations successfully, than to make a failure of carrying on a larger number.

If the Literary Societies of Delaware are allowed to continue in their present state of demoralization, the college will necessarily suffer. Each year a catalog of the college is published showing the different organizations and opportunities for student activity. The Literary Societies are among the latter. It does not take long, however, for the Freshman to find that the catalog is a fake, as far as the Literary Societies are concerned. If we follow the old adage, "That a chain is only as strong as its

weakest link," it is apparent that in the future the Literary Societies should not be given a place in the catalog.

**Preparations Made For Inspection**

Monday and Tuesday, May 14 and 15, were devoted to drill entirely in preparation for the annual inspection of the Delaware College battalion on May 23 and 24.

On Monday the cadets were given a short hike to Iron Hill, where the day was spent in practicing "extended order." The battalion was formed at 8.20 A. M.; but did not get off until about 8.45; as the officers had to first be given the supposed conditions of the march. The supposition was that body of hostile troops were marching upstate. Our force was to march to Summit Ridge over the Delaware and Chesapeake canal for guard duty. None of the enemy had as yet reached the canal with a possible exception of a few small scouting patrols. Under these conditions the battalion marched the foot of Iron Hill while a map of the region was studied in order to find the best routes and also the lay of the country in general. From here three patrols were sent out with orders to watch for a hostile patrol and to return to the church at Welsh Tract by noon. One patrol went out over Chestnut Hill, another, over Iron Hill; and the third, to Cooch's Bridge. This completed the morning's work which was carried out in true military style.

In the afternoon the entire force marched to the top of Iron Hill, where it was supposed a camp would be made for the night. Outposts were placed at various points along the road to Cooch's Bridge and all other preparations made. After this instruction in outpost duty training was given in picking out targets and in estimating ranges. The cadets reached Newark a little after five o'clock in the afternoon and were dismissed for the day.

Most of Tuesday was spent in practicing "close order" formations. The work consisted of an inspection, Review, Escorting the Colors, etc. The later part of the afternoon was given over to more of the "extended order" in the form of advances by squads, platoons, thin lines, etc.

The work was thorough and it is believed has well prepared the battalion for the coming inspection which will probably be rather stiff. In previous years only one day has been given to inspection. This year there are two days for this work. However, the training has been complete and will no doubt carry the students through with a good showing.

## Crockett Stars For "Delaware" In Middle States Meet

"Delaware" sent seven men to represent her at the Middle States Intercollegiate held at South Bethlehem yesterday, and six of the seven placed. A large crowd saw the athletes of nine colleges compete in the track and field events. The preliminaries were held in the morning and the finals in the afternoon. The meet was won by Lafayette with New York University and Swarthmore as runners-up. "Delaware" finished sixth, beating out the teams of Stevens, Rutgers, Washington and Jefferson and Gettysburg. As this is the first time that "Delaware" has been represented in this meet and since only a few men were entered, Coach Keyes feels pleased with the showing made.

Dave Crockett, the "Delaware" record-holder in the hurdles, was the individual star for the Blue and Gold. The fast timber hopper won the 220 yard low hurdle event and finished second in the high hurdles. In the low hurdles Crockett got the jump on his competitors and led the field to the finish, beating Middleton of Lafayette by a yard, and lowering the "Delaware" record to 26 2-5 seconds. Heine Marston, another Delaware entry in this event, finished fourth.

Paulson, of Lafayette, beat out Crockett in the high hurdles final by a few feet. The race was close and Paulson was forced to go the limit to win. Alexander took third in the broad jump and Loose drew down third place in the discus throw, with a heave of 106 feet 8 3-4 inches. This is a new record, the former one being 102 feet 6 in. held by Loose.

McDonnell and Catts, of "Delaware," tied for fourth in the pole vault, both clearing the bar at 10 feet. McDonnell was off form and did not do as well as had been expected. At the Delaware interclass meet last week, McDonnell established a new record of 11 feet 6 inches, and it was predicted that he would better the mark today but owing to a high wind blowing against them, the pole vaulters were not able to make any high vaults. McDonnell experienced difficulty in hitting the take off.

Marshall was the only "Delaware" entry who did not place. Marshall ran good races in the quarter and half but the pace was too fast in both events, and he did not place in either event.

Captain Steele did not accompany the team although he had been entered in both the quarter and half mile runs. It is doubtful if he will represent the Blue and Gold any more on the cinder path. The point score of the colleges was as follows:

Lafayette, 42 1-2 points.  
New York University, 29 points.  
Swarthmore, 25 1-4 points.  
Dickinson, 15 points.  
Lehigh, 14 1-2 points.  
Delaware, 13 1-2 points.  
Rutgers, 6 points.  
Gettysburg, 5 points.  
Washington and Jefferson, 3 1-4 points.  
Stevens, 0 points.

## Students Urged To Continue Studies

Dean Cullimore represented Delaware College at a meeting of the Association of College Presidents of Pennsylvania held at Pennsylvania College, Gettysburg, May 11th. The following resolutions were adopted:

"In view of the serious need in the near future for men broadly educated, capable of solving the great problems, spiritual and intellectual, that will arise in this country, we believe that students in our colleges of liberal arts should continue where possible throughout their courses of study,

and that all young men who can avail themselves of the opportunities offered by our colleges should be urged to enter.

"We believe further that in consideration of the importance of applied science in the present war, students pursuing technical courses such as medicine, chemistry, agriculture, and engineering, are rendering or are to render, through the continuance of their training, service equally as valuable as those they might offer if they were at once to enroll in military or naval service."

## Donation To Biological Department

The Biological Department has recently received as a gift from Mr. A. M. Albright, of Wilmington, Del., his personal collection of insects. The donation consists of several cases of named specimens which may be termed the scientific collection; (2) several boxes of insects arranged in various designs or figures, which comprise the artistic collection; (3) a number of small boxes with glass top and bottom, containing usually a single showy specimen, which may be termed the display collection. There are also a number of unmounted insects in pockets.

The majority of the specimens were collected locally by Mr. Albright and others, though there are a few from distant points. All are well mounted and preserved and neatly arranged in glass-topped cases, which Mr. Albright constructed himself. They will form a valuable addition to the present college collection.

## SENIORS WINNERS IN INTER-CLASS MEET

(Continued from Page 1)  
second, Taylor, '18; third, Tyson, '19. Time 5.02.

120 yd. high hurdles—Won by Crockett, '18; second, Marshall, '17; third, Marston, '14. Time 17. 220 yd. (cow) hurdles—Won by Crockett, '18; second, Marston, '19; third, Smith, '17. Time 27 sec.

Shot put—Won by Loose, '19; second, Lauritsen, '18; third, Holton, '20. Distance, 32 feet 9 1-2 inches.

Broad jump—Won by Alexander, '18; second, McDonnell, '20; third, Rurstein, '19. Distance, 20 feet 3 inches.

High jump—Won by Marshall, '17; second, McDonnell, '20; third, Mevers, '18. Height, 5 feet 4 inches.

Pole vault—Won by McDonnell, '20; second, Catts, '18; third, Loose, '19. Height, 11 feet 5 inches.

The score is as follows:  
Seniors, 46; Juniors, 35; Sophomore, 32; Freshmen, 23.

It is interesting to note that this year the classes finished in order of their numerals: '17, '18, '19, '20, while last year it was just the opposite—'19, '18, '17, '16—that is, this year the Seniors were first and the Freshmen last, while last year the Freshmen were first and the Seniors last.

Baltimore Polytechnic Institute won first place in class 1 and Vineland, N. J., High School first in class 2.

The meet was full of thrills and the large crowds were sent into bursts of enthusiasm by the spectacular work of some of the contestants. Ten records were broken and two were equalled by the school boy athletes during the meet.

Class 1. Baltimore P. I., first, 49 points; Tome Institute, second, 21; Chester High, third, 20. Class 2, Vineland High, first, 54 points; Kennett Square, second, 13; West Grove and Sudlersville, tied for third, with 8 points each.

A number of local interscholastic records were broken. In Class A records were broken in the 440-yard dash, pole vault and high jump. In Class 2 records were

broken in the one-mile run, low hurdles, pole vault, shot-put, high jump and the one-mile relay.

## Positions Open To Students

The committee on Student Self-aid announces several opportunities for work open to "Delaware" students. At present the following positions are possible:

- (1) An excellent chance for six (6) good men on farms. Two are near Newark. The remainder are in Pennsylvania.
- (2) The Bell Telephone Company wants several good men.
- (3) H. B. Smith Company wants several men who can do lathe work.
- (4) Any number of canvassing jobs.

The committee is now trying to land positions for students with: (1) Salvoy Process Company, Henry Dreer (Florist), United States Cast Iron and Pipe Company, John Roebbing Company.

For particulars concerning any of these openings call at the office of Professor Tiffany, Recitation Hall.

In addition to transacting a General Banking Business, issuing Letters of Credit, Foreign Drafts, Travelers' Checks, Trust Deposit Books and Trust Certificates of Deposits, this Company acts as Executor and Administrator of the Estates of decedents, as Guardian for minors, and as Trustee for dependent persons, and performs all other functions of an up-to-date Trust Company.

### Blue Hen On Sale

Copies of the Delaware College "Blue Hen," edited by the class of 1918, are now on sale at Purnell Hall. According to contract all of the books were not to be delivered until June 1; but unexpectedly they have all been received and have been no sale since Thursday, May 17. The class would like all who have subscribed for copies to get them at once, so that all expenses can be met immediately.

### ALUMNI NOTES

Paul F. Rossell, of Wilmington, a graduate of Delaware College, has been commissioned first lieutenant in the Engineer Officers' Reserve Corps and has been ordered to report at Fort Myer, Va.

W. S. Corkran, Delaware College, 1910, left on Monday for Washington to accept a commission as first lieutenant in the engineer officers' reserve corps. Mr. Corkran upon leaving his home in Wilmington did not know whether he would be stationed at Fort Myer, Va., or Fort Oglethorpe, Ga. Until Saturday he was in charge of Maryland, District of Columbia and Virginia territory as a consulting engineer for the Portland Cement Manufacturers' Association. Mr. Corkran enlisted in Company E, of Newark, Organized Militia of Delaware, in 1906, resigning as a first lieutenant in 1911, when business took him out of the United States.

At a thimble party given to a number of girl friends last Saturday afternoon, Miss Elsie E. Davis, teacher of the Second grade, Newark Public School, announced her engagement to Mr. Robert Weimer, Delaware College, Class of 1916. Mr. Weimer, who is a graduate in the Agricultural department of Delaware College, is located at Mansfield, Ohio, where he and a brother have recently purchased a farm.

The guests on Saturday included the Misses Katherine Steele, Violette Fader, Alice Davy, Helen Steele, Kathryn Heiser, Alice Singles, Florence Steele, Ethel Campbell, Dorothy Mason, Reba Hill, Mrs. Katharine Davis, and Mrs. Margaret Cann.

### Class Elections Deferred

At the meetings held by the Junior, Sophomore, and Freshman classes it was decided to defer the election of class officers until next year. This action was necessitated by the fact that many students have left college. Since it is doubtful as to who will return or how many will return next fall it was thought best to hold no elections at this time.

### Delaware Defeats Drexel In Dual Meet

On Friday, May eleventh, Delaware's track team journeyed to Runnymede, Pennsylvania, and defeated the team of Drexel Institute by a score of 59 to 40.

The times were very poor on account of the wretched condition of the track and the strong wind which was blowing. The field events, however, were much better. Harry Alexander broke his old record, for the broad jump, of 20 feet 4 inches, by a foot and a half. With a strong wind on his back he made a wonderful leap of 21 feet and 10 inches. This record will no doubt stand for some time at Delaware. Catts and McDonnell, both, broke the pole vault record of 10 feet, which was held by "Bug" Hutton, ex-'18, by clearing the bar at 10 feet 1 inch. They refrained from trying for another height so as to save that for the Interclass Meet the following day. Loose was high individual scorer

for Delaware with ten points, which he ran up by taking first place in both the shot put and the discus.

In the races Marshall, Steele and Crockett showed up particularly well, while Hissler and Riley excelled for Drexel. Hissler easily won the mile and two mile runs for Drexel and made excellent times under the disadvantageous conditions.

The results are as follows:

100 yd. dash—Riley, Drexel; Crockett, Delaware; Craig, Delaware. Time 11-1.

220 yd. dash—Crockett, Delaware; Riley, Drexel; Craig, Delaware. Time 24-4.

440 yd. dash—Marshall, Delaware; Steele, Delaware; Peoples, Drexel. Time 56 flat.

880 yd. dash—Steele, Delaware, Marshall, Delaware; Broadman, Drexel. Time 2:20 4-5.

1 mile—Hissler, Drexel; Larkin, Drexel; Taylor, Delaware. Time 4:57.

2 mile—Hissler, Drexel; Larkin,

Drexel; Brewer, Delaware. Time 11 minutes flat.

Pole Vault—Catts, McDonnell, Delaware; tie, 10 feet 1 inch.

High jump—Meyers, Delaware, McDonnell, Delaware, Fairlamb, Drexel. Tied at 5 feet 2 inches.

Broad jump—Alexander, Delaware; Serota, Drexel; Meyers, Delaware. Distance, 21 feet 10 inches.

12 lb. shot put—Loose, Delaware; Peoples, Drexel; Lauritsen, Delaware. Distance, 39 feet 8 inches.

Discus—Loose, Delaware; Wright, Drexel; Calhoun, Drexel. Distance, 101 feet 7 1-2 inches.

### Two More Meets For Delaware

There are two more meets on Delaware's track schedule. On Wednesday, Delaware will compete in a dual meet against Swarthmore at Swarthmore and on Memorial Day, Lehigh will be the opponents in a dual meet on

### Your Glasses Were Fitted When?

If your eyes have not been examined within the past two years they should be looked after now; particularly if you have suffered from a severe illness.

Improper lenses can prove harmful not only to your eyes but to your health as well.

In all Delaware there is no better optical service than ours.

Let us test your eyes and prove it to you.

### DIRECTORY OF ADVERTISERS

We believe in reciprocity. "If you deal with us, we will deal with you" is a fair and square business proposition.

The Review is dependent upon its advertisers. Without their help in the form of advertisements it could not be published. Therefore it is only right and proper that the students and entire constituency of the College should patronize those concerns which patronize the Review. Your trade and business dealings should preferably go to them.

Below is a classified list of those advertisements which appear in "Our" paper and "Your" paper. Look it over and then follow that doctrine of Reciprocity.
