## 'The Barretts of Wimpole Street' Will Be Presented By University Drama Group

Performances To Be Given Thursday & Friday Night

"The Barretts of Wimpole Street," an absorbing romantic drama of Rudolf Beister, will be presented by the University Drama Group on February 13 and 14. Following its brilliantly successful Broadway opening in 1931, the play has firmly established itself as a favorite in the repertoire of the British and American theater. Permission for amateur production was obtained only this fall, and the University Drama Group eagerly accepted the opportunity to present this work.

"The Barretts" concerns itself with the tale of two poets. The tender intensity of their love affair is the dominant theme, motivated by the interplay of fate and experience upon their admittedly mobile emotions. With Katherine Cornell in the leading role of Elizabeth Barrett Moulton-Barrett, and Brian Aherne as Robert Browning, "The B. O. W. S." toured Italy and France in 1944. G. I. audiences, whose reception of serious drama was usually a point in question, set aside their skepticism and

## D. Button Head Of Alumni Office

McDowell Resigns, to Be Sec. of Del. Congressman

Daniel E. Button, veteran newspaperman and an honor graduate of the University of Delaware in 1938, has been announced as the new Director of the Office of Alumni and Public Relations and Executive Secretary of the University of Delaware.

His appointment to succeed John N. McDowell was confirmed yesterday by Dr. William S. Carlson, University president. Mr. McDowell in December submitted his resignation in order to become secretary for U. S. Senator J. Caleb Boggs in Washington, D. C.

Mr. Button comes to the University well recommended by former employers. Following his graduation from the University of Delaware, he attended the Pulitzer Graduate School of Journalism of Columbia University, obtaining his master's degree in 1939.

That same year he joined the staff of the Wilmington Morning News, where he served as reporter, copy editor, sports writer, and assistant on the various desks for more than four years.

In 1943 he became a special assignment reporter and rewrite man for the Associated Press in New York City, remaining in this post for approximately three years.

Last year he accepted a position with the National Petroleum Company as New York Editor of their several trade journals and newsletters.

Mr. Button is married to the former Rebecca Pool, an alumna of the Women's College of the University of Delaware, and they have a ten-month-old daughter, Nancy Howe. They have both been active members of New York alumni groups.

## Attention All Juniors And Seniors

Pictures for the "Blue Hen" must be taken on or before February 17. Just drop into Poffenberger's Studio anytime between 9:00 A. M. and 5:00 P. M. Monday, the 17th, is the deadline!

## Sideburns, Beards Adorn Theta Chi's

Last night as I was walking up the hall I saw this fellow pounding on his door and as I drew near this is what I heard:

"Open the door, Richard. Don't you know me with this beard? It's only the beginning of sideburns and a mustache I'm growing for the Theta Chi Bowery Ball. Say, Richard, open the door. I have to start making plans on what to wear. It will have to be a 'gay-ninety' outfit. Somethin' like a striped turtle-neck sweater, derby hat, spats, and bright suspenders. Come on, Richard, open the door. I know you're in there for I can hear you thinking about what the girls are going to wear. Short split skirts, tight blouses or sweaters, high-heeled shoes, silk stockings with maybe a pink garter showing."

"Hey, Richard, please open the door. It's cold out here and I don't want a cold on the twenty-second. This shin-dig is going to be the most novel and colorful affairs of the school year. I hear the Theta Chi boys are decorating the house to resemble an old Bowery dive and they say Dave Poffenberger is going to be there with his new flash bulb equipment to record some of the most unusual shots of the house, members and guests, ever to be focused on a film."

"Richard, Richard, do you hear me? Open the door."

And darn if Richard didn't finally open the door.

## Mother Of Twelve With 4 Doctorates To Address U. Hour

Dr. Lillian Gilbreth To Be 3-Day Guest of College

A rare treat is in store for the students and faculty of the University at University Hour on February 20. The guest will be Dr. Lillian Gilbreth of Montclair, New Jersey. Mrs. Gilbreth will speak on the subject of careers for women and her trials and tribulations in attaining her Doctor's Degree in Engineering. Mrs. Gilbreth is with-

## Russell Newcombe Co-Editor-in-Chief Of Review Leaves

Headed Brown Hall, K. A., Fought To Set Up S.G.A.

Russell Newcombe, who in his four years here was one of the most active men on the campus, has removed his talents from the REVIEW and other organizations via the graduation route. After having entered the University in the School of Agriculture, he transferred to the School of Arts and Science where he was an English major. At present he is job seeking in Wilmington and making plans for continuing his studies at the Columbia School of Journalism in New York this fall.

A list of his activities while here would be a long one, for he was interested in anything which he believed would lead to better conditions for the students and which

RUSS NEWCOMBE

would promote a better understanding between the faculty and the student body. After his return from army service he became the instrumental factor in the inauguration of the Brown Hall Council which served as a temporary student government. As head of the Council, he fought to secure a more adequate advisory system for the veterans who by this time were re-

(Continued on Page 5)

## I. S. A. Presents Valentine Dance In Women's Gym Saturday Eve

Play Festival Dates Set For April 18, 19

Plans are almost complete for the Fifth Delaware Play Festival, the final program of which is scheduled for presentation at the University on April 18 and 19, 1947. The Rules and Regulations for the Festival, Approved List of Plays, and Application for Entry Blanks have been sent to all school, community, and College Theatres in this area.

Under the rules, entries are being accepted in five divisions: (1) Public Schools at the high school level, (2) Private Schools, (3) Community Theatres, (4) 4-H Club dramatic groups, and (5) Colleges. Entries in the Finals for divisions one and two will be determined by regional and divisional eliminations.

By action of the Delaware Dramatic Association at the November Conference, the Festival will be conducted this year on a competitive basis, with Critic Judges rating and placing the entries in each regional or divisional elimination as well as in the finals.

The Festival offers the opportunity for each dramatic organization to present for public appraisal the finest theatrical performance it is capable of producing. For many students appearing in Festival Plays, it is the highlight of their school careers. Now that the war years are past it is hoped that participation in this experience will not be denied any student through failure of his school to enter the Festival.

## Scholarship Aids Will Be Available To Del. Teachers

Fellowships Made Possible By Grant To U. of Del.

Three types of scholarship-fellowship aids will be available to prospective teachers and to teachers in service in the state of Delaware for the year 1947-48, it was announced by Dr. W. Earl Armstrong, Dean of the School of Education.

(Continued on Page 6)

Al Green To Provide Music For Informal

At the sound of the downbeat at 8:30 p. m. Saturday night, February 15, students and friends of the University of Delaware attending the I. S. A. Valentine dance will be tuned to the smooth mood music of Al Green and his eleven men of rhythm. This informal dance in the theme of St. Valentine will be held in the Women's Gym under the sponsorship of the Independent Students Association of the University of Delaware.

The committee on Atmospheric Conditions is under the capable supervision of Marcia Salkind. The colorful decorations promised will reflect the spirit of the night.

Tickets, \$1.50 a couple, will be on sale at the same old stand in front of the mailboxes in University Hall on Thursday and Friday, February 13th and 14th. Lonely hearts (stags) may pay at the door.

The head wing of the white wing committee is George Singely. Cupid will be at the door to take your calling cards (tickets, that is).

The hovering angels will be Mr. Dolan, adviser to the organization, Mrs. Dolan, and Mr. and Mrs. Bohning.

If you're looking for fun come to the heart to heart dance.

## 1,632 Register For Spring Semester

Ratio Of Men To Women Still Remains At Four-One

According to University officials 1,632 students registered for the spring semester during the formal registration period last week. This is one of the largest numbers of students enrolled at the University of Delaware, second only to the record enrollment of last term.

The entire registration procedure was carried out in the Field House. This arrangement speeded up the process, considerably, since there was no time lost in traveling between buildings, as there was last term. Most of the students, except those who had scheduling difficulties, were able to complete registration in less than three hours.

Of the total of 1,632 students registering for the current semester, 833 were in the school of Arts and Sciences; 537 were Engineers; 109 were Agricultural students; 107 enrolled in the Education Department; and 46 were Home Economics majors. The men outnumbered the women by almost 4 to 1, with 1,283 men registering, as against 349 women.

There were about 100 new students enrolled for this semester, the majority of whom were veterans entering college for the first time.

About fourteen students have registered since the beginning of the term, bringing the total up to almost 1,650 students.

## All Students Attention

Questionnaires for the "Blue Hen" must be submitted on or before February 14, 1947. If you don't have a questionnaire, write your name, class, school (Arts and Science, Engineering, etc.) and major on a slip of paper and address it to "Blue Hen", care Library Post Office. Seniors list all activities, length of military service, branch of service, nickname, and home town.

## IT WORKED VERY WELL!

Photo By Kraemer

Over 1,650 students registered last week in the field house, making an enrollment second in size only to the previous fall term. The use of the field house greatly expedited the entire registration process.

## Where Your Money Goes

Recently students have been questioning the fact that they have to pay for admission to dances which are held under the sponsorship of the University. It has been their belief that the five dollar Student Activities Fee which they paid at the beginning of the semester would cover this expense. In order to clear up this situation, Leonard Dougherty, President of the S. G. A. has requested the REVIEW to print the "Proposed Student Activity Budget" in which the complete distribution of the fee is explained.

### PROPOSED STUDENT ACTIVITY BUDGET Full Year 1947

Student Government Association	\$ 800.00

## These Dead Shall Not Have Died in Vain

Yesterday, February 12, was the birthday of Abraham Lincoln, the sixteenth President of the United States. A man whose childhood was spent in virtually peasant conditions in the Kentucky mountains, Lincoln became one of our greatest statesmen, a powerful writer, and a symbol of union and democracy. The story of Lincoln's evolution from a crude farm boy to the President of this great nation is one of hardship and internal conflict, but one which has given hope for almost a century to all Americans of humble origin for their own advancement.

Today, the birthday of Lincoln has an even greater significance. He believed the Civil War was inevitable and perhaps even necessary. Why? Because Abraham Lincoln had an idea; an idea that was good enough to merit realization at the risk of any cost. In his own words, "This is essentially a people's contest. On the side of the Union it is a struggle for maintaining in the world that form and substance of government whose leading object is to elevate the condition of all men; to lift artificial weights from all shoulders; to clear the paths of laudable pursuits for all; to afford all an unfettered start and a fair chance in the race of life."

And now this idea has assumed a world wide application. It was embodied in the League of Nations, in the Atlantic Charter, and now is the underlying purpose of the United Nations Organization. It is time for a great union of the world; time for nationalism to die, and time for the brotherhood of man to become a reality, and not just a meaningless phrase.

This, too, was a people's war, and it is just as imperative in 1947 as it was in 1863 "that we here highly resolved that these dead shall not have died in vain . . . It is rather for us to be here dedicated to the great task remaining before us." And this task consists of uniting this turbulent world into a union of peaceful, happy nations. Impossible? The Confederates said Lincoln couldn't do it either, but "government of the people, by the people and for the people" has not perished from the earth. It is up to us to carry on this noble work.

—P. M.

## Concert Presented Of Chamber Music

By ROBERT H. M. SIMON

On January 16 the Newark Music Society was treated to a fine evening of Chamber Music by the Sokoloff-Brodsky-Cole Trio in Mitchell Hall. An excellent program was selected consisting of Beethoven's B flat major Trio, Op. 11, the Ravel A minor Trio and the Trio in D minor, Op. 49, by Mendelssohn. The artists played all three numbers with general technical excellence, preserving among them a fine tonal balance and excellent ensemble.

They captured the sometimes boisterous, sometimes introspective, youthful spirit of the early Beethoven trio where Mozart and Haydn could be heard peeking out from behind musical corners. The group was excellent, particularly in the playing of the gorgeous Adagio. The other two movements were well played with vigor and in the best of spirit. The brilliant, difficult Ravel trio was a formidable challenge to which the ensemble responded well as a group, although some individual performances were uneven and detracted from the high level of artistry they had previously attained. At times when the music should have coursed as a voluptuously ethereal flow of rhythmic tones, it was staggering. The group rallied however, and exhibited superior musicianship in playing the well written, ingratiating Mendelssohn trio. They surpassed themselves in the third movement, a sprightly scherzo, which was played with captivating charm and superb artistry. As an encore, the ensemble played the Finale from the G major Trio of Mozart. They played it for what it was, a simple, tuneful, delightful gem.

The finest individual performance was afforded by the pianist, Mr. Sokoloff. He formed the mainspring of the trio and played with fine understanding, excellent control and faultless technique. He was unfortunately hampered by a poorly tuned piano which was particularly noticeable during the performance of the Ravel trio. Orlando Cole, the cellist, lent fine polish to the ensemble with his excellent tone, careful balance and well developed technique. He was quite visibly enjoying himself and his playing reflected it, with great benefit to the trio. The violinist, Jascha Brodsky, played with great zeal and sincerity. However, his artistry perhaps too often was lacking in such all-important virtues as clean technique, careful tone control and polished intonation that evening.

The trio played to a full house which seemed to thoroughly enjoy its artistic rendition of the evening's chamber music.

## Registration

Came the yearly time of torture, when you had to wait in lines; the long fall term had ended and the finals were behind. There had been a short vacation, which was mostly spent in sleep, but the time was past sleeping and other sorts of fun, only two more days and the new term would have begun.

The first part of February the fourth day of the month; the lines had begun forming at nine o'clock in the morning. It was registration day.

The field house was crowded with students in a daze; long lines of desks were spaced across the floor. Professors behind them, and little signs on top, with the registrar's office to greet you at the door.

Signs here, signs there, signs all over everywhere. Do this, do that, get this signed, get that signed. See one man. "You'll have to get permission from your dean for that." "Take this back to your advisor and see what he has to say." And every place you had to stand in line. Stand in line, stand in line, stand in line all the time. Feet grew weary, muscles sagged, but worst of all was the way time dragged. But like all good things, even the line to the Dean's desk finally came to an end.

Nerves were strained and tempers ruffled, a cigarette was badly needed. But one of the signs said "NO SMOKING."

It was raining cats and dogs and the floor was icy-cold, but another sign said "KEEP OFF THE FLOOR IN STREET SHOES." It was unanimously ignored, but rather amusing.

But the worst was saved for the last when the life was at its lowest ebb and the shock was sure to hurt the worst. After all else was done, courses scheduled and cards filled and the ensuing writer's cramp abated, the poor student was shunted to the "Business Office in the Field House" to get his bill made out. The shock was great, the costs were high, but all were living when the day was done, and registration was done for another term.

## The Commons In Limelight Again

By JACK BEACH

A great number of men are dissatisfied with the present arrangement of meal tickets and have requested this writer to lampoon the business office or anyone connected with the meals or meal tickets. Since we have gotten ourselves into, and fortunately out of, one law suit in writing about the meals served at the university we are proceeding with the utmost caution. We would like to make clear that the following figures are not accurate, but neither are they wild guesses. We toy with these figures and make an assumption, frankly that the school is cleaning up on the meals, but it should be remembered that it is only an assumption. If it is wrong, we hope the business office will print a correction. If it is right, we would like an explanation.

A patient counting on fingers and toes last term revealed that only an average of 150 men ate breakfast at Commons as compared to 400 for lunch and 400 for supper. Since there were no five or seven two-meal tickets sold last term, this means that 250 men paid for a breakfast every day who did not eat. Using round figures, we find that a meal costs slightly less than fifty cents. With these figures, a pencil, a match folder, and a college education, it soon becomes apparent that Commons collected seventy-five dollars a day or four thousand, six hundred dollars for breakfasts alone not served last term. We understand that since these meals are contracted for by the students, that they are prepared whether they are eaten or not. Are we to believe that an average of 150 meals were prepared every day last term and then thrown away? If they were, why didn't someone wake up and offer a five or seven-two meal ticket this term as has been done in the past? If they were not prepared, but collected for regardless, the dining halls are making quite a profit. Is it the school's policy to serve meals on a profit or non-profit basis?

When a student reads this column we would rather offer an occasional joke instead of a list of gripes. When we are with a group of fellows we would rather hear them praise the school rather than make issues out of petty gripes that would never exist if a simple explanation or correction was made. Experience proved to us last term, when an issue was carried to the Wilmington papers that the school is not dealing with students just out of high school. The majority of them have had more worldly experience and are not willing to accept things without an explanation. For this reason, can the school explain to us why a five or seven-two meal ticket is not offered? Would the school be willing to print a report on the two dining halls for the last term—the number of tickets sold, number of meals served, and the amount of profit, if any? Is there a reason why they can't, or will not, print such a report?

We await your reply in the next issue of the REVIEW.

## Notice!

Those people you've seen walking around with a divining-rod are not looking for buried gold or a hidden oil well. They're merely the feature editors of the REVIEW looking around for someone to write a column of local chatter and patter. The only requisite is an ability to poke one's nose into all the campus corners and to come out with five hundred words of news a week. If you are interested or know anyone interested please contact the REVIEW. Honestly we need you.

## WEATHER ANGLE

By BILL BERGMAN

February 12th will be partly cloudy with moderately cold temperatures. The 13th will be overcast and warmer, and cloudy in the evening. The 14th will be cloudy followed by snow and sleet which will change to rain Saturday, the 15th. The 16th and 17th will be mostly cloudy and warmer with some intermittent rains. The 18th will have light rain followed by clearing and colder. The 19th will be fair and cold, and rising temperatures will occur the 20th.

# S P O R T S

## Hen Scratches

By DICK KIDDOO

March 3 should tell the tale of next year's football team. The grapevine has it that several members of last year's all-victorious gridmen have been approached by other schools with fat offers of glory and gold. It seems the time has come for the patriarchs of our institution to decide for once and for all whether or not they wish to invade the realm of first-class football colleges. We're predicting that despite high-powered salesmanship on the behalf of certain "gridiron mills," the Hen varsity will remain intact for 1947.

We don't think a better choice could have been made in the selection of co-captains for the coming season. Walt Marusa and Jack Messick have proven themselves great grid warriors, and possess the popularity and sincerity to lead the Murraymen to bigger and better things.

The addition of Maryland and Washington and Lee to the 1947 schedule, plus the fact that the Gettysburg, Muhlenberg and Bucknell elevens will return almost intact and will be anxious for revenge, should provide us with thrills aplenty when the leaves turn brown again. The Old Liners, from the University of Maryland, will present a rejuvenated club, under the field marshalship of Jim Tatum, former Oklahoma U. mentor, who will rebuild almost anew an eleven which failed to show its strength last season under the disputed regime of Clark Shaughnessy. Two boys to watch at the College Park school next year are Tommy Mont, T-formation quarterback who rated an AP All-American mention last year, and Earl Roth, a product of P. S. duPont High School, in Wilmington, who should provide a lot of power to the Marylanders' offense.

☆☆☆

Basketball season is nearing a close, and while somewhat below our rosy predictions, congratulations are due both coaches and players for the best season in several years. The Hens are still holding first place in the Mason-Dixon Conference, and are entrenched in third place in the Southern Division of the potent Middle Atlantic States Conference.

The promise of milder weather turns thoughts to the national pastime, and it is not too soon to talk about Delaware's outlook with respect to the diamond game. Last year's conference-winning nine could remain intact, but newcomers on the campus promise to give the incumbents a good run for their money. A good battle for the shortstop spot looms with the departure of Bill Lambert from the campus. Jim Gilson, a smooth ball-hawk from A. I. duPont High School via the Delaware Semi-pro loop, cavorted under Shack Martin in the 1943 season prior to service in the army, and should meet all comers for the short fielding slot.

Even Billy Cole, long believed a permanent fixture in the keystone position, might well sharpen his claws for a struggle with diminutive Jules Hoffstein for the second base position. Barney Runcie will give keen competition to Phil Doherty for the hot corner. Freshman Gus Bengston, an alumnus of P. S. duPont, but more recently of the U. S. Army, might well add some power to the Hen offense as well as provide a steady outer gardener. Charlie Griffith seems to be a pretty secure fixture in the outfield, but the other spots should be wide open. In the hurling department, things might not be so rosy unless some of several highly touted frosh tossers come through. Bill Shirk, last year's most consistent winner, has left school, but Bill Roy and several other pitchers remain. A good southpaw might put the Blue and Gold right back in the conference race in '47.

## A TOUGH FIGHT

Photo By Staff Photographer

Billy Cole (with the ball) breaks for an action toss during last Saturday's thriller on the Penn Military court, which Joe Brunansky's passers took by a 64-63 count. Jules Hoffstein (19) and Jim McFadden watch expectantly as the diminutive forward tries to connect.

## Matmen Seek 4th Swarthmore Men Win This Saturday In Tank Meet

The Blue Hen grapplers will be gunning for their third straight win and fourth of the season this Saturday in the Field House when they tangle with the Quakers of Swarthmore.

On January 18th, the minions of Coach "Shack" Martin traveled down to Washington, D. C., and bagged a victory over Gallaudet College. Stan Bazela, Bob Carter, Jim Clower, Red Tawes, Dave Scott, Gordon Pirnie, and Mouse Defino all won in their respective classes, while Stanley Thompson lost a decision on points. The final score was a top-heavy 31-3.

Last Saturday the Hens took to the road again and once more tucked a victory under their belts. Lafayette's Leopards succumbed by a score of 17-15, at Easton, Pennsylvania. Jim Clower, Bob Carter, Red Tawes, and Dave Scott all won their bouts on decisions, while Bill Murray pinned Forrest of Lafayette for Delaware's lone fall.

## In the Henhouse

By SCOTTY MURDOCK

The defunct Women's Athletic Association is beginning to gather together the remaining threads of their functioning power, evidenced by an organizational meeting held at the end of last term. The purpose of this meeting was to elect a committee to put up a slate of candidates for the coming election of officers. This committee will furnish their list of candidates for this term very soon. After the list of proposed candidates is made public, an election will be held for eligible voters, those having participated in one sport since last year during the scheduled W. A. A. time. Watch for an announcement of the election.

With the opening of the new term, the net enthusiasts have begun practice at the Women's Gym. For many weeks now, the eager hoopsters have been awaiting the opening of the season at the south end of the campus. Since the departure of Miss Betty Huston, Miss Barbara Hopkins, able physical education director, will take over the reins of the W. A. A. practices. More girls are expected to participate in this sport than in any other, due to basketball's amazing popularity on the women's campus at Delaware.

On Saturday, February 15, the aquatic Hens head for Swarthmore, where the Quakers will provide the opposition in their own tank. Coach Harry Rawstrom's charges are in high hopes of continuing the winning streak initiated at the meet at Lancaster, Pennsylvania, with F. & M., during the recent vacation after exams. They beat the Diplomats by a score of 51-24, by taking seven firsts, three seconds, and five thirds. Jim Baird, Murray Campbell, and Jim Crumlish combined their talents to take the 300-yard medley in 3:27.3, with Bob Cofer and Bob Bush winning the 100-yard freestyle and 150-yard backstroke in 0:58.4 and 1:48.3, respectively. Jack Dougherty triumphed in the 200-yard breaststroke in 2:52.7, while Paul Heyd took the 440-yard freestyle in 6:15.1. Baudy Grier won the diving event with a total of 65.2 points with the team of John Bishop, Jim Baird, Murray Campbell, and Bob Cofer winding up a very successful meet by copping the 440-yard relay honors in 4:09.3.

## Intra-Mural Cagers Compete For Cup

Intramural basketball got underway on February 7 with two functioning divisions, each composed of six teams. The two loops have been designated the National and American Leagues, and to climax the four weeks of scheduled play, the leaders of the respective leagues will meet to decide the championship. With only one week under their belts, the cagers have shown some fast basketball, with Theta Chi, led by Barney Runcie, Bill Owen, Buck Thompson, Ray Ciesinski, and Carl Lasker, showing the way in the American League; and the "Gunners," an independent club, featuring Fran McAllister, Joe Miller, Bill Buckworth, Joe Bradley, and Frank Moore setting a fast pace in the National loop.

Games are played on Friday, Monday, and Tuesday evenings at 7 and 8 P. M., and the turnout of spectators has been more than gratifying through the maiden week.

Friday night's games include:  
7:00 P. M.—"Gunners" vs. Chem. Grads. (N. L.)  
Kappa Alpha vs. Harter Hall (A. L.)  
8:00 P. M.—Blue Hen Club vs. Sigma Nu (N. L.)  
Theta Chi vs. Off-Campus Club (A. L.)

## Del. Basketeers Nose Out P.M.C. 64-63; Tie Broken During Overtime Period

### Messick, Marusa Elected '47 Cpts.

### Gridders Succeed Little All-American T. Stalloni

Jack Messick, scintillating Hen pivotman, and Walt "Moose" Marusa, low-slung ace guard, were elected co-captains of the 1947 Blue Hen gridders last week, succeeding Little All-American tackle Tony Stalloni. Both earned their varsity "D" prior to sorties with the military and will be waging their final campaign beneath the ensign of Bill Murray.

Messick, a red-headed pillar of strength in Joe Brunansky's forward wall last fall, entered Delaware from Media (Pa.) High School, and served his apprenticeship under Barney Hancock, another great center, in 1942. Transferred to the University of Pennsylvania by the Navy's V-12 program, Jack lost no time in asserting himself and won a varsity letter at the Quaker school under George Munger. Back at Delaware last fall, Messick provided a much-needed punch to the Delaware pass defense as well as supplying more than his share of offensive play-making.

Walter "Moose" Marusa, who will be playing his fourth year in the varsity moleskin, matriculated from Wilmington High School, where he served as co-captain of the football team with Fred Spasato, who came with him to the Newark campus. Endowed with an uncanny knack of analyzing opponents' offensive tricks as well as with amazing speed for a person of his dimensions, Walt was named lineman of the week after the Bucknell fray last year by the Philadelphia Maxwell Club.

The choice of the two soft spoken but hard hitting linemen has been greeted with nothing but approval from all hands and their fortunes should be as fair as those of their most recent predecessors.

## Theta Chi Defeats Wash. College Frat.

The Theta Chi fraternity basketball team captained by '42 varsity letter-winner Barney Runcie made their initial jaunt away from the home floor, traveling to Washington College, in Chestertown, Md., last Friday when they met a strong Theta Chi quintet from the Eastern Shore school. The Alpha Xi chapter of Delaware, trounced the "Sho'men's" Beta Eta chapter by a 53-18 count on the Washington College gym floor. The win was the third straight outside intramural play for the Quality Hill squad.

It was Bill Owen and Runcie, both one-time Freeport (L. I.) High School flashes who led the locals to their convincing victory, with Buck Thompson, Ray Ciesinski, Carl Lasker and big Bob Campbell contributing some flashy floor play and deadly action tosses.

The Beta Eta chapter entertained the visitors with a dance and house party after the game.

### Notice!

The following are the times when the Field House and Taylor pool will be open to students and faculty:

Monday through Friday, 7 to 10 P. M.

Saturdays and Sundays, 1 to 10 P. M.

The above times will prevail with the exception of those dates on which there are Varsity or Jr. Varsity contests scheduled. Scheduled intramural contests will have first priority on the use of the facilities on all other dates than those on which varsity or J. V. contests fall.

### "Reds" McFadden Piles Up 17 Points For U. of D.

The University of Delaware basketball team ended a long road trek Saturday night with a victory over the Pennsylvania Military College quintet by a 64-63 score on the Cadets' floor. The Hens were extended into an overtime period before the Brunansky sharpshooters could put the victory on ice.

The oft-beaten Cadets, playing an inspired brand of ball, surprised the visiting cagers by riding to a 34-31 halftime margin. It was in the second half when sharpshooters Bill Cole, Jim McFadden, Bill Nash and Ace Hoffstein began to hit consistently, and the Brunansky men rallied to knot the count at the final whistle. The Blue and Gold matched the Chesterites field goal for field goal, and went on to tally on a foul try for the one point margin.

The victory gave the Hen passers their third victory in Middle Atlantic Conference play as against two setbacks, ranking them third in the standings prior to last night's Ursinus contest.

Jim "Reds" McFadden topped the scorers with 17 points while Van Sant of P.M.C. accounted for 15 on behalf of the losers' cause. Billy Cole and "Knacker" Nash tallied 12 and 13 counters respectively for the Delawareans.

The score:

DELAWARE	G.F.P.	P. M. C.	G.F.P.
Hoffstein, f	4 1 9	Klang, f	0 5 5
N. Duncan, f	2 1 5	Daniels, f	4 3 11
Cole, f	4 4 12	VanSant, f	6 3 15
S. Duncan, f	0 0 0	Gallagher, f	4 0 8
Nash, c	5 3 13	Leonard, c	3 0 6
Zink, c	2 1 5	Wiley, c	4 2 10
McFadden, g	6 5 17	Raber, g	1 0 2
Pauls, g	1 0 2	Lord, g	0 0 0
Loomis, g	0 0 0	Rosen, g	3 0 6
Wright, g	0 0 0	Watkins, g	0 0 0
Levis, g	0 1 1		
	24 16 64		25 13 63

## Snowfall Alleviates Ski Club's Problem

### Temporary Slate Elected At First Formal Meeting

The newly formed Ski Club of the University of Delaware held its first formal meeting in the Lounge of Old College during the past week. Elections were held for temporary officers. The results were as follows: Chairman, Bob Winter; Secretary, Mary Elizabeth Pettit.

At present the Club can boast of 95 members; 34 of these are girls. At the time of the meeting there were two problems, no snow and no skis. Although now there is snow, skis are still a problem. To correct this situation, Mr. Singer, the faculty advisor, did four things. First he went to President Carlson to get University backing for the group. Second, he went to Coach Murray, who in turn wished the organization good luck, but no money. Next Mr. Singer went to Philadelphia and secured the names of five Ski Clubs where he tried to buy used skis, since new sets were \$20. As a last resort Mr. Singer went to the War Assets Administration and found the skis at \$5.00 a pair. They were frozen—no wonder they were so cheap.

Those who have skis have already started to enjoy this sport at Iron Hill and at hills outside Wilmington. In the future the club members will go to the Poconos where they can rent outfits at a great cost for the weekend or for a day.

To keep the group together, Mr. Singer suggests the members go to the meetings and try to get their own skis.

The REVIEW will give full cooperation in announcing dates of meetings and dates of future ski trips.

## College Girl Most Likely To Succeed As Fashion Model Sought In Nat'l. Survey

### Review Sponsors Contest To Locate U. of D. Entry

Beautiful Women of the University of Delaware, here is your chance to make good in the field of Fashion Modeling. A nationwide contest to find the girl who is most likely to succeed as a fashion model is being sponsored by Writers' Associates and Cover Girl Magazine. The qualifications will be judged by well known personalities in the modeling field: Harry Conover, head of the Conover Model Agency, Miss Helen Fraser, director of the Barblizon School of Modeling, and W. Huntington Howland, editor of the national magazine, COVER GIRL.

All that you have to do to participate in the contest is send us your friend's picture, or your own picture, with the entry blank printed below completely filled in.

The University of Delaware is not the only school in this contest.

Similar contests are being held in other schools throughout the country.

All photographs must be in the Review office by Wednesday midnight, February 26. These photographs may be in color or black and white. The decisions of the judges are final. In case of tie, duplicate prizes will be awarded.

COVER GIRL MAGAZINE is going to publish the winners of each of the contests. Besides this, the winners will receive valuable prizes.

The top girl of each school is then eligible for a nationwide contest. The national winner will have her choice of a trip to Bermuda, a scholarship to the Barblizon School of Modeling, or a large, completely equipped traveling case.

Now is your chance to put Delaware on the map, so send your photo of the Body Beautiful to the Review. Vital Statistics may be estimated if need be.

Please enter the enclosed photograph in the contest to select the girl most likely to succeed as a fashion model. Here is the information about her that you desire: (Print)

Name of Student	Waist
Age	Hips
Height	Color of Hair
Weight	Home Town
Dress Size	What Year Student

## Bridge Finals To Be Held At Brown Hall

### Campus Culbertsons To Compete In The Sectionals

Tonight the campus' self-styled bridge experts will gather around the tables of the Brown Hall cardroom for the fourth campus duplicate bridge tournament.

The results of this contest will be weighed against the results of the three other tourneys to determine the four best couples on campus. These teams will compete on Friday night, February 14, in the Middle Atlantic Zone finals of the National Intercollegiate Bridge Tournament.

Competing against us in this zone will be such formidable opponents as University of Pennsylvania, Penn State, Pitt, Georgetown, our football rivals Muhlenberg, and Bucknell; and 17 other colleges. The two best pairs from this zone will go to Chicago for the face-to-face National Finals on April 18 and 19.

In the first campus tournament, Jarvis and Robinson finished first with Wilson and Lattomus second. Seligman and Liarakos finished first in the uncompleted second tournament, with Jacoby and Lipstein second, while Blaier and Jacoby won the third, with Wilson and Lattomus, and Booth and Sadowski tying for second place.

Plans are being made to arrange intercollegiate Bridge matches with teams in this area in addition to the National Tournament.

## Philip Neff Killed In Plane Disaster

### Former Delaware Student; Very Active In Athletics

A former student of the University of Delaware was among ten killed last week when the plane on which he was flying, a Cuban DC-4, crashed into a fog-covered cliff in the Gredos Mountains near Madrid, Spain. The airman was Phillip L. Neff, 21, son of Mr. and Mrs. John Neff of 10 Darley road, Claymont.

Graduating from Claymont High School, Neff enlisted in the Army Air Forces in 1943. He was commissioned a second lieutenant at Selman Field, Louisiana, and assigned to the Fifteenth Air Force as a navigator on a B-17. He flew more than 400 missions over almost all the Axis and Axis-occupied countries of Europe. His first high altitude bombing mission was made on Christmas, 1944, when his squadron attacked an oil refinery at Brux, Germany.

Having been discharged in 1945, he entered this University later the same year. He attended here until last semester when he was granted a leave of absence to serve as a navigator for the Compania Aerovias Cubana.

An outstanding athlete at Claymont High and at this university, Neff was pitcher on the baseball team last spring, and played backfield on the informal football team of 1945. He was active in intramural sports and served both as coach and player on the Brown Hall teams.

## DuPonts To Award Fellowships, '47-'48

### Universities To Choose Nominees And Problems

The du Pont Company announced that it is awarding seventy-five post-graduate and post-doctoral fellowships to forty-six universities for the 1947-48 academic year.

A Post-graduate fellowship in Chemical Engineering was awarded to the University of Delaware. All awards given in the preceding year's program have been continued and one new one has been added, a post-graduate fellowship in chemistry at Oregon State College.

Each post-graduate fellowship provides \$1,200 for a single person or \$1,800 for a married person, together with a grant of \$1,000 to the university. Each post-doctoral fellowship carries an award of \$3,000 with a grant of \$1,500 to the university.

As in the past the selection of nominees for the awards and choice of problems on which they are to work is left to the universities. The individual is under no obligation with respect to employment after he completes his work under the fellowship.

The fellowship plan, which was adopted by du Pont in 1918 and has been maintained with but one interruption ever since, is designed to provide means for advanced training of chemists, physicists and engineers. The chemical industry is confronted with a continued shortage of men and women with broad technical backgrounds.

Forty-two of the post-graduate fellowships are in chemistry, five in physics, fifteen in chemical engineering and seven in mechanical engineering. The plan also provides for six post-doctoral fellowships in chemistry. Awards in the post-doctoral field support the development of young men especially qualified for staff positions on the graduate faculties.

## Foreign Service To Hold Exams In Fall

Examinations for appointment to the position of Foreign Service Officer of the State Department—which is the most popular overseas work, judging from the public's inquiries—are ordinarily held once a year. The next examination will be held in the fall of 1947. The examination consists of a written test covering economics, history, commercial law, maritime law, international law, geography, and one language (either French, German or Spanish). Applicants who attain a grade of 70 or above will be asked to take an oral examination. Eligibility is based on the applicant's ability to attain a combined grade of 80 in the written and oral tests.

Under present procedures, the age limits are 21 to 30. Successful candidates enter the service at a base salary of \$3,240.00 a year.

Information concerning requirements and application blanks, including sample examination questions, may be secured between January and June 1947, by addressing the Board of Examiners for the Foreign Service, Department of State, Washington, 25, D. C.

## Material Is Wanted For Next Cauldron

An 80-page edition of *The Cauldron*, the undergraduate literary magazine, will appear this semester. Contributions of short stories, essays, poetry and play excerpts are now being accepted and will be considered for publication together with the material received last fall. This will give those who have not previously submitted their writing to *The Cauldron* an opportunity to do so now, while it gives an additional opportunity to previous staff writers. Contributions should be mailed to *The Cauldron*, Mail Box E, Library.

*The Cauldron* office, Room B, in the Library, will be open to all interested students, who may read the material which has been submitted and comment upon it. All staff members are requested to drop a note in *The Cauldron* mail box with their own mail box number and school residence.

## Cast Selected For E-52 Production

A cast has been selected for the forthcoming E-52 production of "Storm," a biographical play based on the life of Mary Todd Lincoln, announces Dorothy Catts, chairman of the Casting Committee. William Whedbee, an active member of the Players eight years ago and now back on campus, has been appointed assistant director. Lincoln's birthday was very appropriately spent by the Cast in rehearsing the play, which will be presented on Thursday and Friday evenings, March 6 and 7.

Mary Todd Lincoln	Vidge Vane
Abe Lincoln	Howard Hitchens
Robert Lincoln	Robert Lewis
Robert Todd	Daniel Bloch
Levi Todd	Richard Groo
Elizabeth Edwards	Sybil Levenson
Ninian Edwards	James Quinn
Julia Trumbull	Jane Booker
Senator Charles Trumbull	Roscoe Smith
Senator Culbert	Robert Neimeyer
Senator Fairbanks	Robert H. Levine
Senator Davis	John J. Ruckman, Jr.
Senator Harrington	Andrew Bolton
Senator Bowman	Lee Sparks
Mrs. Blair Gresham	Elizabeth Hutchinson
Mrs. Clara Garrett	Ann Perkins
Porter	Layton Mabrey
Lizzie Keckley	Margaret Guenver
Amanda	Neysa Gold

## Brass Quintet Will Give 2nd Concert

The U. of D. Brass Quintet, composed of U. of D. Band members, will make its second public appearance next Monday, February 17th, at the dinner of the Alumni Development, in Newark. Members of the quintet are Bob Muehler, Bob Walls, Peg Munoz, Sidney Greenstein, and Gordon St. Mary.

The group will again play sixteenth century "tower" music, so seldom heard in modern times, and will be conducted by J. R. King of the music department.

"This restful and beautiful music," said Mr. King, "so often played at eventide in olden times, from the towers of the walls surrounding the European cities, was made popular by the guild musicians of the day. It well deserves a reappearance on modern programs."

The first appearance of the Quintet was before the Women's University Group on January 15th.

## Veterans Asked To Turn In VA Forms

### Delay May Result In Late Arrival Of Gov't Checks

Mr. Paul Adams of the Veterans' Administration asks all veterans to turn in their VA forms, which were distributed on registration day, as soon as possible. He warns that any delay in his receiving their forms may result in a veteran's subsistence check being mailed out much later than usual. There are four forms: Application for Education, Estimate of Compensation from Productive Labor, Term Schedule, and the Training Program and Progress Report.

For the benefit of new students, the Veterans' Administration office is in the basement of the Memorial Library. Mr. Adams also wishes to remind vets that a government insurance expert is in the VA office every Friday to help out veterans with their insurance problems.

Mr. Adams wants all veterans to check their mailboxes and bulletin boards frequently for new developments. There are often different rulings made by the Veterans' Administration which require some information or decision by the veteran.

## Dr. Willard Purdy Is Vespers Speaker

Dr. Willard G. Purdy of the First and Central Presbyterian Church in Wilmington was the speaker at the University Vesper Service on Sunday evening. The theme of his meditation was "Silence." Dr. Purdy cited some personal incidences when silence was much more adequate and appropriate than anything which might have been said.

Dr. Purdy spoke before a combined student-faculty group, including, as guests, Mr. and Mrs. Raymond W. Heim, and Dr. and Mrs. Thomas A. Baker, Miss Edith A. McDougle, and Mr. Herbert H. Finch.

These weekly Vesper Services are sponsored by the D. S. C. A. for the benefit and patronage of all students and faculty of the University and are held in the music room in Old College. The time? 6:30!

## Dorothie Berry To Speak At Hilarium

Miss Dorothie Berry, a representative of Helena Rubenstein, will be the guest speaker at a tea in the Hilarium at 4:00 p. m., Thursday, Feb. 20th. All women students are invited to attend.

Miss Berry's talk will cover as many subdivisions of good grooming as there is time for. Among these will be pointers on good posture, voice, and following the fashions wisely. The care of the skin and the proper use of cosmetics will also be brought out. Miss Berry will try to answer any questions which the girls have on good grooming in a question period following her talk.

HARKIE — by the Drifter

## C. Venkata Rao To Do Chem Research

Andhra Univ. Prof. Here To Learn Latest Methods

The international flavor of the Chemical Engineering Division of the University of Delaware was extended with the arrival of Mr. C. Venkata Rao, head of the Department of Chemical Technology, Andhra University, Waltair, India. Mr. Rao has come to the University of Delaware on a fellowship from Andhra University for the purpose of advanced research in the field of Chemical Engineering. He chose the University of Delaware for study because of his special interest in the field of diffusional operations, which is one of the topics of special attention at the University.

Mr. Rao is a graduate of Andhra University and also holds the Degree of Master of Science (with honors). In July, 1937, he was deputed by the University to undergo special training in the Imperial College of Science and Technology, London, for a period of two years. At this University he became acquainted with Chemical Engineering Research and education as conducted in England. Since returning to Andhra, he has published numerous papers, chiefly in the fields of sugar technology and fine chemicals. He has been lecturing to undergraduate and graduate classes on the subjects of principles of chemical engineering, heavy chemicals, oils and fats, and sugar machinery.

It is understood that while at the University of Delaware, Mr. Rao will put his main emphasis on research, with some attention to advanced courses in chemistry and engineering. He also intends to visit other universities and other parts of the United States in order to carry back to India some of the latest developments in Chemical Engineering education.

## \$200 Prize Offered For Book Review

The opportunity to win as much as \$200 has presented itself to the students of the University of Delaware and all it involves is simply writing a book review of "The Practical Brewer."

The *Practical Brewer* tells a 6,000 year old story of the process of beer-making. The vital statistics are here; The Master Brewers Association of America are offering two prizes for the best book reviews.

Contest rules are as follows:

1. Reviews entered in the contest must appear in college publications and be written by college students.
2. Two copies of the newspaper or magazine in which a review of "The Practical Brewer" appears are to be sent to: Book Review Editor, Master Brewers Association of America, 803 Security Building, St. Louis 2, Mo.
3. Entries must be postmarked before midnight, May 1, 1947.
4. Decision of the judges selected by the Master Brewers Association of America will be final. Entries cannot be returned, and they will become the property of the Master Brewers Association of America.
5. The writer of the best review will receive \$200, of the second best review, \$100. The college publications in which the winning reviews appear will be awarded special certificates of merit.

## New System Aids E52 Group Studies

From now on there will be no need for the members of the E-52 Players to worry about their lessons. During play practice the actors will be able to find time for their previously neglected studies by attending a special study hall being held in Mitchell Hall.

Since the actors have been having trouble being on stage when needed and doing their lessons in between, one of the prompters on duty will be designated to call those needed on stage. From now on those participating in dramatics will find a great improvement in their studies.

## WHO'S WHO!

Colonel R. T. Pendleton, Professor Military Science and Tactics

This month Colonel Randolph T. Pendleton, commanding officer of the military unit here at Delaware, completes 35 years of military service. After graduation from V. M. I. in 1908, he became closely connected with the army school system and is a graduate of the Coast Artillery School, Command and General Staff School at Fort Leavenworth, Kansas, and the Army War College. Colonel Pen-

dleton commanded the 1st French Motor Battalion with the First Army during World War I. This was followed by a term of R.O.T.C. duty at M. I. T. from 1920 to 1924. He then was instructor and director at the Coast Artillery School at Fort Monroe, Virginia. World War II found Colonel Pendleton in Panama with an anti-aircraft unit, and in the Pacific as an observer for the War Department.

Colonel Pendleton lives on Paper Mill Road, a mile and a half outside

of Newark where he owns a ten acre farm. He has two children—a married girl living in Virginia and a son attending grade school in Newark.

The Colonel is extremely interested in firearms, spending considerable time with guns of all kinds. His favorite sports are hunting and golf. During the summer Colonel Pendleton made a few reconnaissances throughout the state for housing for veterans for the University.

## Arnold Leaves To Pursue Art Work

Bob Arnold, whose sketches of campus personalities have made him a prominent campus figure, has withdrawn from the University. His decision to follow a career in commercial art has resulted in the continuation of his studies at the Philadelphia Academy of Fine Arts. At the Academy, Arnold will be under the tutelage of Mr. Nuse, the eminent portrait painter, and Mr. Renzetti, the sculptor, will teach him at the sketch club.

In addition to his studies, Arnold is executing a series of sketches of Delawareans. These will be displayed in the Millard Davis show-window in Wilmington. A different sketch will be presented each week. His present offering is a sketch of "Iron Mike"—Major General John Wilson O'Daniel—former commander of the 3rd Inf. Division, and now commandant at Fort Benning, Ga.

Aside from studies and drawing for purposes of exhibition, Arnold is painting commercial portraits for individuals who desire them. He may be contacted at his studio in Newark—35 N. College Avenue—which is directly opposite the Old College Building. His telephone number is 8741.

## Newcombe

(Continued From Page 1)  
turning in great numbers. When it became apparent that the University would need a permanent student government, he turned his attention towards the writing of a workable constitution. After a series of long, loud, hot discussions and debates, the present S. G. A. was formed.

Another interest to which he devoted a considerable amount of time was his fraternity. After helping to reactivate the Delaware K. A. chapter, he was elected President, and while serving in that capacity headed the committee for the purchase of a new house. The tangible result of this work is the new "K. A. Castle" on Amstel Avenue.

However, the work which made Russ well known to the greatest number of students and also left him open to the greatest amount of comment was his work on the REVIEW. From feature editor he worked his way up to managing editor. With but a mere skeleton of a staff he managed to get an edition out very week, working often until two o'clock on nights before the paper went to press. In recognition of this work and because his ability demanded it, he was appointed co-editor in April,

## Del. Drama Clinic Aids Sussex Schools

Representatives from the Selbyville, Georgetown, Laurel, Seaford and Lewes Schools participated in the Sussex County Drama Clinic held at Georgetown High School by the University of Delaware Dramatic Center, Tuesday, January 22.

Dr. C. R. Kase, Director of Dramatics at the University, discussed with the teacher directors the individual problems of their schools, including play selection, rehearsals, unit courses in the curriculum, and drama organizations. Special consideration was given to the current practice in many schools of extending participation and training to students in all classes through dramatic clubs rather than limiting the activity to the traditional senior class play. Plans were also laid for the Sussex County Public School Tournament in the Play Festival.

'46, and this is the position he held until his recent graduation. Russ and his managing editor, Kurt Seligman, were no strangers to each other, for back in 1943 the two spent a time in jail together. It was only six hours to be sure but it is a subject neither of them weary of talking about.

## Carlson Announces Promotion of Seven Members of Faculty

Dr. William S. Carlson, president of the University of Delaware, recently announced the promotions of seven members of the faculty. These promotions, passed upon at the December meeting of the Board of Trustees, became effective on February 1, 1947. They include:

Dr. Glenn S. Skinner, to Professor of Chemistry.

Dr. C. Robert Kase, Professor of Dramatic Arts and Speech.

Dr. Ned B. Allen, Professor of English.

Dr. Cyrus L. Day, Professor of English.

Dr. Henry Clay Reed, Professor of History.

Dr. Harriet Bailey, Professor of Fine and Applied Arts.

Miss Anna J. De Armond, Assistant Professor of English.

Dr. Allen has been with the University of Delaware since September, 1931. He received a B.A. degree from Dartmouth in 1922 and a B.A. from Oxford, England, in 1926. He received his Ph. D. from the University of Michigan in 1931.

Dr. Skinner was appointed to the staff of Delaware in September of 1928. He received his B.A. from Kansas State Teachers College in 1913. Both his M.A. and his Ph. D. were received at the University of Illinois in 1915 and 1917 respectively.

Dr. Kase has been with Delaware since 1930, with a year's leave of absence to get his Ph. D. from N. Y. U. in 1934. He received his B.A. in Gettysburg College and his M.A. in N. Y. U.

Dr. Day was appointed to the staff in 1931. He received his B.S. from Harvard in 1923 and his M.A. from California in 1925. His Ph. D. was secured at Harvard in 1930.

Dr. Reed was appointed to the staff in September in 1924. He was granted a leave of absence in 1930-31 and 1931-32 for graduate work. His B.A. was received at Bucknell in 1922, his M.A. from the University of Pennsylvania in 1930, and his Ph. D. from Princeton in 1939.

Miss Bailey joined the staff of Delaware in 1928. She received her B.S. from Teachers College of Columbia University in 1927 and her M.A. from Columbia, in 1933.

Miss De Armond has been with the University since 1935. She received her B.A. at Swarthmore College in 1932 and her M.A. at Columbia University in 1934. She was granted a leave of absence from 1939-41 for graduate work in the University of Pennsylvania.

## College Ends Poll Of Students' Wives

Two hundred and sixty seven questionnaires asking what sort of program would be of interest to the wives of students enrolled at the University of Delaware were sent out by a University committee headed by Dean Amy L. Rextrew, of the School of Home Economics. These questionnaires represented an attempt on the part of the University to provide still another service to the expanded student body.

Only 39 of these questionnaires were returned, and the tabulated results indicate that a University-wide Project is neither desired nor warranted at this time.

Of the 39 reporting, all are wives of veterans, 25 are employed, and one is a student herself. In addition the 39 live in separated areas; 15 are living in Newark, 14 in Wilmington, 6 in New Castle, while the others represent individual communities.

If wives in any of these areas wish to organize local groups, a list of others in the area may be obtained from the committee at the University which conducted the original inquiry, whose members include Dean Gwendolyn S. Crawford, Miss Harriet Baily, Miss Beatrice P. Hartshorn, Dean J. Fenton Daugherty, Mr. Charles W. Bush, and Mr. W. D. Murray.

## Lost

In the Women's Gym on Monday February 10 a light brown leather wallet property of Mary Elizabeth Pettit. Initials M.E.P. in gold letters on the outside. Please return it to Dean Crawford's office. REWARD . . .

## To Each His Own

By JACK BEACH

**FEBRUARY**—Everyone will turn over a new leaf and books will be beat the first week.....The Student Union will gain in popularity.....A certain girl from Pandemonium will accept a Sigma Nu pin announcing, "I always did think bow-ties were cute.".....The D. P. will get a face lifting.....Ace Hoffstein will get hot and make 25 points at the game.....Theta Chi's will be easily recognized on campus.....Someone will write a letter to the REVIEW editor complaining about the lack of school spirit at basketball games.....New Castle will catch fire and twenty-five co-eds whose last names begin with "W" will perish in the common room waiting for roll call.....

**MARCH**—The height of confusion will be reached with the new meal tickets.....One hundred students who have seared relations with their girl friends and who think their parents have forsaken them will discover that they have been looking in the wrong mail box....."Open the Door Richard" will become a thing of the past.....The girl from Pandemonium will return her Sigma Nu pin declaring, "I always knew I'd fall for a Theta Chi.".....The rumor will spread that Tex Beneke will play for the next dance.....The Newark Country Club will be the scene for the frat formal.....All the girls in Warner will finally find out why Cavanaugh is called Rolling-pin Cavey.....And will they be surprised.....A certain Theta Chi pin will be returned by the girl from Pandemonium because it's too heavy and a K. A. will be the next lucky fellow.....

**APRIL**—The REVIEW and all bulletin boards will carry notices requesting that all students refrain from cutting campus while the ground is soft.....Flowers will bloom.....Bees will buzz.....A K. A. pin will be returned and the certain girl from Pandemonium will state, "I just can't resist those

Sigma Tau Phi's.....The Student Union will decrease in popularity.....The trees will increase in popularity.....Afternoon classes will seem twice as long.....The football team will be grinding away.....The rumor will go around that they will have spring scrimmage with Army.....The vets will strike for more subsistence.....Their motto will be, "We don't bathe till we get a raise.".....

**MAY**—You will be able to recognize a vet twenty paces to the windward side.....A Sigma Tau Phi pin will be returned and our Pandemonium friend will have her picture in the Review holding hands with a Sig Ep.....Her statement to the press will read: "This is for keeps.".....Co-eds will be tracking white clay into the dining hall on Sunday evening.....A new song will become the rage....."Still a-sitten and a-knocking.".....The Weather Angle will predict three feet of snow for May Day.....Eighteen students will discover that they have been going to the wrong class.....Croll will be seen solo for the first time since pinning Mary Lou.....He will be taking his spring bath.....That fellow who's a-huggin' and a-chalkin' will finally get around to the other side.....

**JUNE**—A subtle announcement will be made that school will be extended a week due to the long vacation we had between terms.....A certain co-ed will return her Sig Ep pin and elope with the janitor of Pandemonium.....The vets will call off their strike.....and sell apples all summer to pay their bills.....A twenty-year record will be broken by the heat wave during exams.....A couple who have been going steady all term will be married.....No one will be surprised.....Ten percent of these predictions will be true and this writer will walk around telling everyone, "I told you so."

### Barretts

(Continued From Page 1)

found the play always enjoyable and the affair fascinating.

The play will be presented in Mitchell Hall on February 13 and 14. University students are admitted to all performances of the University Drama Group without charge. All seats are reserved. Students may obtain their reservations by applying at Mitchell Hall. The Box Office is open daily, except Saturday and Sunday, from 3:30 to 5:00 and 7:30 to 8:30 p. m. beginning Monday, February 3rd. On the nights of February 3rd and 4th, the box office will be open for members of the University Drama Group only to assure their priority in securing seats.

### University Hour

out doubt one of the most amazing women in America or, for that matter, in the world. She was born in Oakland, California, in 1878. She received her Bachelor of Literature from the University of California in 1900, her Master's in 1902, and a Ph. D. in Literature from Brown University in 1915. Then she went into the field of Engineering. She received her Master's in Engineering from the University of Michigan in 1928 and a Ph. D. in Engineering from Rutgers in 1929. Following this she received a Sc. D. from Russell Sage College in 1931, also a Sc. D. from Brown University in the same year, and a Doctor of Law degree from the University of California in 1933.

She was married in 1904 and in the following years found time to raise a family of 12. She has written books on Motion Study including "Time Study," "Fatigue Study," "Applied Motion Study," and "Motion Study for the Handicapped." She also wrote two books on home management: "The Home Maker and Her Job" and "Living With Our Children." She also wrote "Psychology of Management." She has written papers on education, management, psychology and re-education of crippled soldiers. Mrs. Gilbreth contributed an article of Scientific Management to the New International Encyclopedia. She is President of Gilbreth Inc., Consulting Engineers in Management. She holds membership in the American

### Scholarship

(Continued From Page 1)

cation at the University of Delaware.

These aids represent a portion of the program made possible by a \$50,000 grant made to the University by the Delaware School Auxiliary. Fifteen scholarships of \$400 each will be granted to qualified high school graduates or University students who expect to teach in Delaware.

Forty fellowships of \$100 each for summer session work at the University of Delaware will be granted to Delaware teachers whose further training would provide for an improved school program as well as for individual growth.

A maximum of four graduate fellowships for 1947-48, each carrying a stipend of \$800, will be offered to teachers in the state of Delaware.

A committee of faculty members of the School of Education at the University of Delaware will pass on candidates in all three categories.

A special committee of educators representing the public schools in Delaware and also the University has established criteria for the candidates for the student-teacher program. This information has been made available to all of the high schools in the state. Application blanks and further information may be obtained by writing to the School of Education at the University.

Competitive examinations for the fifteen scholarships will be held on February 8 from 10 a. m. to 3:30 p. m. in Wilmington High School, Dover High School and Georgetown High School. Interested students whose marks are in the upper half of the class should report for the examinations at the center nearest their home.

Management Association, The Institute of Management, Taylor Society, American Psychological Association, American Society of Mechanical Engineers and the Phi Beta Kappa.

Mrs. Gilbreth will be the guest of the University on February 18th to 20th. Her schedule includes informal talks with students on the 18th, a Tea in the Hilarium at 4:00 p. m. on the 19th with the women students, and a speech in University Hour on the 20th.

## New Castle Dorm To Hold Open House

The students of New Castle Hall will be at home to an invited group of men students on Saturday afternoon, February 15, between three and five-thirty o'clock. Dean Gwendolyn S. Crawford, Miss Edith McDougall, faculty head of the dormitory, and Miss Grace Berry, also of the faculty, will be guests. Nancy Lou Jernee, student head, and Irene Short, social chairman, are in charge of arrangements.

### Notice!

A member of the Speakers Bureau of the National Students Organization will discuss the aims and purposes of that organization in an informal talk next Monday afternoon.

Time: 4:00 P.M.

Place: Old College Lounge.

All students interested in this nation-wide student movement should plan to be present.

## Health Center Still Offers Flu Vaccine

The Health Center of the University of Delaware still has influenza vaccine to distribute, and Dr. Duenner strongly urges all students who have not had the injection to take advantage of this service. The influenza vaccine is an invaluable aid for effectively combating all colds.
