

Agricultural Clubs Organized

Mr. Cooch Spends Week Visiting Schools

L. H. Cooch, Extension Agent, of New Castle county, spent last week visiting the rural schools of the county, and organizing various agricultural clubs. Prizes to make the work more interesting for the school children are offered by the State Board of Agriculture. A list of the clubs organized and the membership of each follows:

Pig Club—Union School—Lee Pryor, Ralph Buckingham; Fairview—Norwood Missimer, Earle Missimer, Clark Missimer, Robert Patterson; White Clay Creek—Walter Groce, John Foraker, William Porter; Welsh Tract—William Armstrong, Victor Armstrong, Charles Saunders; Milford Cross Roads—Ruth Gicker, Joseph Samworth, Homer Starkey; Forest Oak—Norman Howett; Sunnyside—Ralph and Irvin Stradley, Lewis Stafford, Ernest Stafford, Francis McCallister; Oglethorpe—Frank Morrison, John Thompson, LeRoy Hannum; Salem—William Reynolds, William Johnson.

Potato Club—Union School—Clifford Buckingham; Milford X Roads—Ruth Gicker.

Poultry Club—Fairview School—Elizabeth Cook; Welsh Tract—Verna Bland; Milford X Roads—Eloise Samworth, Clarence Ware; Forest Oak—Donald Eastburn, Annie Lee, Kenneth Conover; Stanton—Guy Lauer, Anna Downing; Sunnyside—Mildred Stradley, Walter Lynam; Oglethorpe—Evelyn Hannam, Nellie Reeder, LeRoy Hawthorne; Salem—Ada Johnson.

ARRESTED FOR ATTEMPTED MURDER

Apsley And Dean Turn Over Prisoner To Authorities

Town Officer M. R. Apsley and Constable William H. Dean made an important arrest last night when they took Frankie Woolford, colored, who is wanted at Georgetown on a charge of attempted murder into custody. On information received from State Detective Oscar Thomas of Georgetown, the officers had been on the watch out for Woolford and late last night located him at the home of Asbury Watson, just outside the town limits. Entrance for the purpose of searching the house was at first refused but when Constable Dean left to secure a search warrant from Magistrate Lovett, Watson turned Woolford over to Officer Apsley. The officers took their prisoner to Wilmington to await the arrival of Detective Thomas, who will take him to Georgetown.

Strawberries In September

Fresh strawberries in September! Think of it. And more, a country editor eating strawberries in September! Shades of a Wilson Administration, will wonders never cease? But it is true. A. Seydell, who lives just above Newark gave us this treat—two boxes of delicious strawberries. These berries are not sports of nature but a new variety of fall bearing berries. Mr. Seydell has gotten these up to a commercial proposition. It can be readily understood that he has no difficulty in selling them.

Mr. Seydell came here from Milford, a little over a year ago. Bringing with him a reputation of a progressive man of the soil, not afraid to try out a new idea. He is making good. His red raspberries made the greatest yield ever known in this section. This was due, it is conceded, to a special method of pruning. His blackberry crop for next season is practically booked. Aside from the sensation he has created in small fruits, his tomatoes and cantaloupes show the trademark "Seydell." The Post heard on Main street this week this suggestive inquiry: "Where can I get Seydell tomatoes?"

All we rural folk would do well to get next to some of Seydell's ideas.

WELL-PREPARED CLASS ENTERS DELAWARE

Men And Women Return To Studies

Delaware College officially opened her doors on Thursday, Sept. 16. The regular routine of class work was started on Friday. Seventy-one of the new Delaware College students are from Delaware and of these 51 are registered from Wilmington, 19 from rural New Castle, 9 from Kent and 12 from Sussex county. There are six other states represented as follows: Maryland, 8; New York, 6; Virginia, 4; Pennsylvania, 3; and Tennessee and New Jersey, 2 each. Five states are represented in the freshman class at the Women's College. The men's Freshman class consists of 84 regular four-year students classified as follows:

Arts and Science, 22; Agriculture (4 year), 20; Engineering, 42. Of the engineers, 15 are taking electrical engineering; 12, chemical; 7, mechanical; 5, civil, and 3, engineering not specified.

In addition to the regular students there are 11 special students taking the two year Agricultural course, admission to which does not require the passing of any examinations.

Arrangements have been made with the State Board of Health to inoculate the students with anti-typhoid serum, on Thursday of this week. Dr. Kollock and Dr. Watson have volunteered their services, the treatment costing the students only the price of the serum.

At the Women's College the total enrollment in the two classes is ninety-four. Of this number forty-eight are students living in Residence Hall, twenty-six are commuters and day students, and ten are specials in Home Economics.

The new Delaware College students and the courses they have elected follows:

Arts and Science Course—D. H. Brown, E. S. Cannon, R. W. Cook, J. L. Malone, Jr., W. M. Pierson, J. P. Truss, C. L. Weigle and W. A. Wise of Wilmington; G. H. Ferguson and G. W. Wilson, of Newark; N. H. Evans and A. Gutowitz, Lewes; J. H. H. Hall, Smyrna; G. Hearne and E. A. Newman, Georgetown; J. A. Mackie, New London, Pa.; J. H. Meredith, Maryland, Md. E. C. Pedrick, New Castle; F. H. Tyson, Middletown.

Four Year Agricultural Course—H. McKay, H. W. Marston, W. Stewart, Jr., and R. D. Sturgis, Wilmington; J. L. Crothers, North East, Md.; R. E. Dickey and J. L. Jefferies, Stanton; H. R. Lindsay, Providence, Md.; G. M. Longland, Mt. Pleasant; A. G. Lowe, Fountain City, Tenn.; J. W. McMullen, New London, Pa.; W. C. Marshall, Lewes; F. L. O'Rourke, Newark; L. Plam, Brooklyn, N. Y.; F. G. Penuel, of Georgetown; T. Raughley, Dover; W. G. Sisler, Knoxville, Tenn.; C. S. P. Weber, Middletown, and F. B. Martinic, New York.

Civil Engineering course—L. (continued on page 4)

Recovering From Poison

Mrs. Nina Jackson of Washington, D. C., who was taken to a Philadelphia hospital last Saturday, suffering from the effects of a dose of poison, bichloride of mercury, taken by mistake, is reported today to be recovering slowly from its effects. She is believed to be out of danger.

Mrs. Jackson, who was Miss Nina Cooch, formerly of Newark, has been for some time governess in the family of Mrs. Charles Ogilby of Chevy Chase, near Washington.

Miss Brust To Act As Judge

Miss Hulda Brust, for two years teacher of primary methods at the Delaware College Summer School, has been asked to judge the exhibit at the Garrett County Fair to be held at Oakland, Maryland, on September 29, 30, and October 1. Miss Brust is at present teacher of primary methods in the Girls' High School, Frederick, Md.

Festival At Jackson School

A festival will be held in Jackson School on this Wednesday evening, September 22. If stormy the following evening.

Hot Weather Interferes With Schedule

Owing to the unusual hot weather that prevailed last week, only one session was held throughout the schools the latter part of last week. In the first grade only one session has been held since the beginning of school on August thirtieth.

Loses Valuable Horse

"It never rains, but it pours," has been the experience of J. Sherman Dayett, near Landenberg. Mr. Dayett one day last week lost a horse valued at \$500, the animal dying as the result of acute indigestion. This makes the third horse he has lost within a year. In addition Mr. Dayett has lost one mule, and at present has a horse recovering from lockjaw.

Students Urged To Respect Property

Dean E. L. Smith, in addressing the students of Delaware College at Chapel last Friday morning urged upon the students a respect for the property of townspeople, referring to the custom in years past of painting the town with numerals, etc. "All actions leading to the development of an antagonistic rather than a co-operative spirit between town and college should be carefully avoided," Dean Smith declared. "We need the support of the town, and the town needs the support of the College. Let us not overlook its wide significance."

Delaware College Extension Lectures

Dr. Vaughn, chairman of the Delaware College Extension Committee, announced that he has in preparation a bulletin giving synopses of lectures offered by the committee this year. This bulletin will be issued within a few days and may be had by writing to Dr. Vaughn. These lectures will be given upon request by members of the Delaware College faculty and the faculty of the Women's College of Delaware to granges, schools, clubs, and other organizations of the State. Further information may be secured by communicating with Dr. E. V. Vaughn, Newark, Del.

Family Out Of Danger

The family of George Crow, at Mechanicsville, all of whom with the exception of the mother, have been suffering with scarlet fever, is reported out of danger. The quarantine will not be lifted for several weeks.

RESIGNS AFTER HONORABLE SERVICE

STUDENT RELATES STORY OF HAZO'S EXPERIENCE

William H. Barton, affectionately known as "Hazo" Barton, superintendent of buildings of Delaware College since 1896 has resigned. Mr. Barton is 82 years old and appears as active as ever. He has earned a rest. Mr. Barton has proved himself one of those capable individuals whose self appointed task is to supply the wants of every one. He could tell at any moment where to find the desired article. A broom, a hammer—anything, Hazo could tell you just where to find it.

A life teeming with interest he made friends with the boys by his thrilling tales of the frontier. The man who succeeds him will have a difficult task. As an official and a story teller, Hazo is some master.

The following account of one of the interesting experiences in Hazo's career, has been recorded by M. R. Mitchell, class of 1918, Delaware College:

WITH JOHNSTON IN '57

It was when the Mormons rose up against our government that I traveled across the continent with Albert Sidney Johnston. We started from Fort Leavenworth on Friday, September 17, 1857. We moved first toward Fort Carney, two hundred and fifty miles distant. From Fort Carney we made our way across the river Platt and to Fort Larney. Our stops

Complete Report From High School Exams

Delaware's State Commissioner of Education, Dr. Charles A. Wagner, has received the complete reports from the entire State of the examinations held on August 20, of pupils from the rural schools seeking admission to the Authorized High Schools within the State. The reports show the following:

Number of pupils entered from New Castle county, 72. Passed, 44; number entered from Kent county, 56; passed, 35; number entered from Sussex county, 60; passed, 38.

Those pupils failing to reach the required averages will be written to and commended on the studies they excelled in at the examination, and they will be advised to return to their home schools and prepare for the next examination, to take place May 6, 1916.

Rummage Sale For Benefit Of Library

Members of the Newark Century Club are planning for a rummage sale to be held next month. Friends interested in the library are requested to lay aside articles for sale.

Carrying Modern Ideas To The Homes

Miss Jefferson, recently appointed Extension Agent in the Department of Home Economics, Delaware College Experiment Station, spent last week visiting the homes in rural Kent county. Miss Jefferson is planning to carry a knowledge of modern household economics to every home in Delaware. Miss Jefferson carries with her charts and materials of different sorts to demonstrate her ideas. Her work is being conducted in conjunction with that of the three county agricultural agents who are touring the State to make demonstrations on the farms.

Party From Michigan Camps Near Newark

Thirty-two members of the Withington Zouaves, a private military organization of Jackson, Michigan, some of them accompanied by their wives, who are on a trip from Jackson to Washington, D. C., and return in automobiles, camped along the Elkton road, near Newark, last Wednesday. The entire party visited Newark on Thursday morning and were interested spectators at the annual class rush between the Freshmen and Sophomores at Delaware College.

EXAMINATION FOR RHODES SCHOLARSHIP

To Be Held At Delaware In October

An examination at which young men may qualify for eligibility to a Rhodes' Scholarship, will be held at Delaware College on October fifth and sixth. By provisions of the will of Cecil J. Rhodes two scholarships are granted in each State of the Union every three years, to provide the means for young men of this country to study at Oxford University, England. The scholarships are granted for three years' time and are of the value of three hundred pounds or nearly fifteen hundred dollars a year. A scholar must pay all his tuition, board and lodging, traveling and vacation expenses out of this sum, and it is not too small for the purpose. The money is paid in four quarterly installments, beginning in October of each year.

Requirements for Eligibility

Candidates may apply either in the State of which they are residents or in the State in which they are attending college. Residents of Delaware are advised to apply in this State, as, because of the smaller population, there are fewer applicants here than in larger States, and therefore a greater chance of appointment.

A candidate must (1) be a citizen of the United States with at least five years' domicile, and be unmarried; (2) by the first of October of the year for which he is elected, have passed his nineteenth and not have passed his twenty-fifth birthday; (3) by the first of October of the year for which he is elected have completed at least his Sophomore year at some degree granting university or college.

Candidates are examined in Latin, Greek, and Mathematics. The examination, however, is qualifying, not competitive, that is, a candidate must pass this examination to be eligible for appointment to a scholarship, but all candidates who pass are equally eligible, and the Committee of Selection does not know their comparative passing marks. The examination questions are unsealed in the presence of all the candidates, and after the examination the replies are sealed and sent to Oxford University, where they are passed upon by a Board of Examiners, and the names of those who have qualified are sent to the Delaware Committee of Selection.

The Committee of Selection in Delaware consists of the President of Delaware College, the Chancellor of the State of Delaware, the Superintendent of Public Schools in Wilmington, and one ex-Rhodes scholar.

Child At Play Cuts Knee

Ruth Vinsinger, the seven-year-old daughter of Mr. and Mrs. Edwin Vinsinger, fell, when running on the playground at school, yesterday, cutting her knee badly. It was necessary to have a physician take several stitches.

Whittier House Rented

Owing to the failure of several prospective students to arrive at the Women's College last week, on account of sickness and death in the families, it has been found possible to make room for the entire resident student body in Residence Hall. Consequently Whittier House which it had been planned to use as an additional dormitory, will be rented for the next year. The decision was made early this week.

Work On New Building Begun

The latest building operation to attract local attention is the printing plant to be erected at the corner of Depot Road and Park Place. The lines of the building were laid out on last Friday. Due to some changes in the original plans, providing for additional space, it is impractical to give the details of construction. The building will be built of Brandywine granite, hollow tile and stucco. So far as possible it will represent a Delaware product. The features of the building will be suggestive of strength and simplicity with provisions for plenty of air and sunshine. Just a plain building, void of pretense—but different enough to arouse curiosity and discussion of its merits.

Rural Routes Combined

Sensation In Local Post Office Circles

National Post Office rulings and policies are local subjects of discussion today. Postmaster Brown has received notice that on the first of the month, the four main rural routes going out from Newark will be discontinued and the postal trucks be put in operation. Two trucks, according to the Post Office Department will give more efficient service at a less cost. That this shows a lack of business investigation and will fail has already been decided by those acquainted with local conditions.

The politics injected into the discussion arises from the fact that the three old men in the service are dismissed with less than 15 days' notice and the youngest man will continue in charge of the new service.

Coverdale, Carrier of Route No. 2, has been in the service for 19 years. Crow, Route No. 1, for 12 years; Guthrie, No. 4, for 15 years. These are all dismissed. Lewis, Carrier No. 3, who was appointed last winter, will continue.

Seniority, usual in Civil Service has played no part. "Just who tipped Saulsbury?" is the mystery. The new regime will be watched with interest and add zest to the Post Master appointment, due now in a few months.

Under the new ruling the four present routes will be divided into two, the first to be known as Route one, and the second as A Route. Mr. Lee Lewis has been permanently appointed carrier for route one. He will have twenty-seven miles to cover. The second A Route, will cover fifty-seven miles. Mr. Coverdale has been temporarily appointed carrier on this route, until a permanent carrier qualifies in a civil service test, which will be open to all of the old carriers.

CHURCH INCREASES PASTOR'S SALARY

Resigns From College Faculty

The salary of Rev. W. J. Rowan, pastor of the Presbyterian Church, Newark, has been increased by voluntary subscriptions, on the part of the congregation, from \$1000 to \$2000 per year, with the use of a paragon, which is considered equivalent to a total of \$3000. The raise in salary is the result of a congregational meeting held early in the summer, called to meet the condition of a growing congregation, which demands the undivided attention of the pastor of the church. Dr. Rowan several years ago was given permission by the Board of Trustees to accept a professorship at Delaware College, in addition to his church work. Since that time, however, changed conditions have made it seem inadvisable to continue this arrangement. A committee composed of J. R. Chapman, chairman; G. N. Brown, Mrs. C. A. Bryan, and Mrs. S. M. Donnell, was named to find the means of raising the pastor's salary. The committee which reported last evening in joint meeting with the Trustees of the church reported \$1740 subscribed by members through the weekly collection. This with the interest from the Hammill legacy will make the \$2000 necessary. It was decided to retain the special committee for a permanent finance committee, to oversee the collections, and direct the financial policy of the church.

Dr. Rowan, who was notified of the action of the Board last evening, tendered his resignation to the College faculty this morning. The resignation will take effect as soon as it is possible to arrange for the care of the classes in Psychology and Public Speaking, which have been under Dr. Rowan's direction.

New Street Laid Out

A new street running from Depot Road to Elkton Avenue, to be known as Gillespie Avenue, is being run, across the property of Mrs. Joseph Malone. Workmen are busy laying concrete pavements on both sides of the new thoroughfare, which lies south of Amstel Avenue.

THE COLLEGE MAN AND POLITICS

The address printed below, delivered by Senator H. F. Hollis of New Hampshire, of the United States Senate, has created a great deal of discussion in academic circles. While all the points made are perhaps not well founded, the fact that words come from an alumnus of Harvard makes them significant.

I was graduated at Harvard in Eighteen Hundred Ninety-two. I believe I am the first Harvard man of radical views to occupy a seat in the Senate. I do not fairly represent Harvard College in the Senate of the United States. I am quite sure that Harvard College is not representative of the United States, nor of New England. She is too conservative, too hidebound. She lags behind the times. In the Middle West the bond between some States and their leading universities is very close. The State legislatures submit questions of public policy to the college faculties, and receive opinions which control their actions. This is particularly the case in Wisconsin. "Imagine, if you please, the Legislature of Massachusetts requesting an opinion from the faculty of Harvard College. Imagine the reception it would get on Beacon Hill, if it should find its way there. It is a great pity that the political arm of our State and National governments should not receive support from our colleges. Our leading college professors look on politics as a low pursuit, a nasty business. Our leading legislators regard college opinion as a joke. Both of these attitudes are very real; they are equally mistaken. There are many brave, patriotic men among the hosts of brains, upright professors on our college faculties. There are many brave, patriotic men among the Senators of the United States. But the college men regard most politicians as corrupt and insincere, while the politicians regard college professors as impractical theorists. Worse than this, they believe that all college views are tainted by the great sums of money which have been bestowed by men of great wealth.

The Upper Crust

"College professors are notoriously ill-paid. They must live respectably; they must associate with people of culture and refinement; they must educate their children at expensive schools and colleges. They cannot save enough to become independent; they are dependent for their very living on the governing board of the college, and the governing board must satisfy the rich men who make princely donations to the college. The belief is prevalent among public men in Washington that every Eastern college is eating from the hand that has robbed the pockets of the people. Until this belief is dissipated, Congress will have little faith in our colleges or in college men.

"A college at best will act the part of an old man, a conservative old man, in politics. Worse than that, it will act the part of an old society man in politics; it is likely to be snobbish, supercilious, and over-nice. We know that the young man is the progressive spirit, the radical in politics. As he gets older he becomes conservative, his political arteries harden, he slows down. Not until he be-

comes too old for radical action does he become important to enter the faculty. The dominant note, then, in college circles is the note of the old man, the man of influence, the conservative.

"And among the students where youth is, we find the chill of conventions, the rule of the social lion. The man in the baggy suit, with the country haircut, stays in the background during his college course; he feels that he has nothing in common with the rich young blade who cuts a dash with his automobile or riding-horse; he sticks to his books, gets what good he can from his college course, leaves no impression on the college constitution, and does not return to commencement. The result is that our colleges represent a very thin upper crust of our great American life. They are always respectable, always conservative, always reactionary. That is why rich men, who find things rigged about right for their money-making operations, are glad to contribute to the colleges. The colleges are the greatest deadweight the capitalists can fasten upon the necks of the American people. The standpat is conservative; wealth is conservative; the college is conservative. They are all in the same boat.

Entangling Alliances

But I refuse to admit that colleges are incorrigible. I refuse to admit that they are beyond salvation. I would begin the reform by declining gifts from men of great wealth. If new buildings are needed I would call on the alumni for contributions, limiting the amount to be subscribed by a single donor. I would increase the income by increasing the tuition fee. An education achieved at some sacrifice is more valuable than one acquired by charity. College life should be less expensive, more simple; it should be standardized. Every man should be compelled to live simply, and to take part in military drill once a week. Automobiles and other forms of show should be prohibited. It is not good for a man to have every thing in life before he is fairly grown.

Class elections should be by Australian ballot, preceded by primaries, and only men of high scholarship should be eligible to office. Every effort should be made to promote a democratic spirit and to crush out snobbishness. I should impose a limit on each man's allowance. If this did not suit the very rich man, he could easily find a college where he would be welcome.

But, most important of all, college men should be taught what is wrong with the world and the way to set it right; what poverty is, and where it exists, what makes it and what will prevent it; what injustice is, its cause and its remedies; the reasons for high cost of living and the way to bring it down; the problems of immigration and how to make country life worth living.

They should be taught human interests, the brotherhood of man, the glory of self sacrifice, the passion of service to mankind. They should be taught these things until they are athirst for the battle against the wrongs and evils and injustices of the world.

Harrington Entertains Temperance Workers

The 26th State W. C. T. U. Convention convenes today at Harrington, to continue during Thursday and Friday. A parade of officers, delegates, visitors, Y. P. B's, and L. T. L's, schoolchildren and others will be a feature of Thursday's program, and the White Ribboners expect to keep up interest with speeches and demonstrations during the whole three days. An automobile ride had been arranged for Wednesday afternoon to show the town's guests its attractiveness, and to give them a glimpse of the country round about, and all stores and private houses have been asked to decorate, and thus with flags or bunting to show their sympathy with the cause.

Delegates upon arrival this morning were met at the station by the train committee, and waiting automobiles conveyed them to the M. E. Church, which is used as the convention hall. At the conclusion of the morning session they were escorted by Boy Scouts to the homes where they are to be entertained.

Speakers for the convention include Daniel Pöhling of the Flying Squadron and field secretary of the Christian Endeavor; W. H. Berry collector of the port of Phil-

adelphia, and Miss Belle Kearney of South Carolina. Special music has been prepared by the Harrington choir, and this in itself will be a feature.

Case Of Bubonic Plague Discovered

After a lapse of nearly a year a case of human plague occurred in the city of New Orleans on the 27th of August. This case was confirmed as true bubonic plague on September 8th. The epidemiological investigations as to the exact source of the infection have not yet been completed but it is believed that it was probably received in the city of New Orleans. Up to date over 91,000 buildings in that city have been rat-proofed and over 435,000 rodents have been captured in traps alone. The occurrence of this case demonstrates the difficulties surrounding the eradication of the disease and indicate that had it not been for the active co-operative efforts of the United States Public Health Service and of the Departments of Health of the State of Louisiana and the city of New Orleans, the outbreak would have reached greater proportions and would have been longer continued. It also points out to other cities the necessity for ridding themselves

of the rodent carriers of the disease and of thoroughly rat-proofing all of their buildings. No fear is felt that this case will be followed by an outbreak. Officers and men of the Public Health Service, well trained in the control of the disease, are on the ground and with the health authorities of the city of New Orleans are taking every precaution to prevent the spread of the disease from the city and within it.

Bankers Appoint Agricultural Committee

Matters of importance to the bankers and business men of Delaware were discussed last Thursday at a special meeting of the Delaware State Bankers' Association in the Hotel du Pont. J. B. Smith, cashier of the First National Bank of Milford, president of the Association, presided. Former Insurance Commissioner Charles H. Maull of Lewes, in an address favored more harmonious business relations between merchants of Wilmington and the people from the three different counties in the State. Philip L. Cannon, of Bridgeville; A. B. Connor, of Felton, and John Richardson, Jr., of Wilmington, were appointed a committee, to be known as the State Agricultural Commission, the purpose of which is to bring the banker and the farmer closer together in a business way. Following the meeting the bankers were the guests of the Delaware State Fair Association at the fair grounds.

That evening the visiting members were entertained at the du Pont Hotel by the local members of the Association. Robert H. Richards was toastmaster. Otto Nowland, president of the Equitable Guarantee and Trust Company, made the address of welcome. The response on behalf of the Bankers' Association, was made by J. B. Smith, of Milford.

It was decided by resolution to hold the annual meeting of the association next year at Dover, on January 1, the one hundred anniversary of the association. The first meeting of the State Bankers' Association was held at Dover, January 2, 1816, but January 2 next year falls on Sunday.

Child Bride To Gretna Green

Joseph Carsley, aged 24, and Delema Masten, said to be only 14, were married at Pivot Bridge M. E. Parsonage, near Chesapeake City last Sunday. The groom, who had been working at Elkton, procured the license in advance. Dover officers came to Elkton in quest of the couple but were outwitted. The couple were separated on their return to Dover, Carsley going to jail on a charge of abduction, but he was released on Tuesday when his girl bride joined him.

Why Worry.... Over Your Family Wash? Let Snow White Laundry Do It

Rough Dry Department

Everything washed, dried, all bed linen, table linen, underwear, in short, all flat pieces IRONED and starch pieces starched ready to iron.

Price, 6c per Pound

Average weight of a family wash 20 to 25 pounds. Cheaper and better than you can have it done when you figure wages, fuel, your own labor for ironing, to say nothing of the inconvenience and bother.

Wrap Your Starch Pieces Separate

and place in bundle of Family Wash.

Each Family Wash is done separately, no mixing of washes, no marking with ink. THE RESULT IS ABSOLUTELY SATISFACTORY.

Flat Pieces by the Dozen, Including 1 Spread
Price 36c per Dozen

Individual Pieces Done at List Price

Our Shirt and Collar Department Cannot be Excelled
Blankets and Lace Curtains Made to Look Like New
Quality of Work, "Snow White"

Our Delivery Truck will be in Newark on FRIDAY AFTERNOON. Our Solicitor will be glad to call on all who may desire further information. Calls may be left at the office of the Newark Post and any bundle collected will be returned on Tuesday. Any bundle collected on Tuesday will be returned on Friday.

Held Up Near Hockessin

Arthur Morrison of Baltimore, reported at Yorklyn on Friday night that while passing along the road between that point and Hockessin in an automobile about 10 o'clock someone called from the road side, "Your car's on fire." He stopped the car and jumping out was faced by two masked highwaymen who ordered "hands up." One man searched his pockets and then the car and ordered him to "beat it." The starter failed to work, and one of the men started to crank the engine. The car made a jump and knocked both men passing over one of them. Morrison rushed to Yorklyn and returned with searchers. All they found at the scene of the hold-up was a derby hat stamped "E. B. H." on the sweat band.

R. T. JONES

PHONE 22-A

Mary Bonner, aged 20 years, of 870 Poplar street, Wilmington, swallowed three tablets which she soon realized were of a poisonous kind. She called her brother and he summoned an ambulance in which she was removed to Delaware Hospital where her condition was reported serious.

Workman's Serious Fall

John Bonner, aged 28 years, of 517 South Heald street, Wilmington, while at work on a new building of the General Chemical Company at Claymont on Thursday lost his footing and fell 30 feet, striking the ground headforemost. He was removed to Chester Hospital where it is feared that his injuries will prove fatal.

Another Blast At Henry Clay

Wilmington and nearby sections were shaken Thursday forenoon by the explosion of about 250 lbs. of semi-smokeless black powder in a rolling mill in the Hagey yard of the du Pont Company at Henry Clay. Fortunately the workmen had left the building after starting the machinery and were not nearby when the explosion occurred. The building was wrecked and windows of houses in a wide area were shattered.

George Daniels, colored, employed by Rev. W. L. S. Murray of Wilmington, is held there charged with robbing the minister's home during the family absence.

Safety First

Use PAXSON'S SANITARY SWEEPING COMPOUND while sweeping.

It catches the GERMS as well as the DUST. If your jobber or dealer does not have PAXSON'S COMPOUND, then write us and we will see that you are supplied.

MANUFACTURED BY

Paxson Manufacturing Co.

219 Sansom St., Philadelphia, Pa.

Packed in barrels, 50 lbs. and tubs for use in stores, factories, theatres, hotels, churches, schools, etc., and in 5c, 10c and 25c packages, for household use.

It cleans floors and brightens carpets, leaving the rooms in a pure sanitary condition from the use of the disinfectant and deodorizer that it contains.

Ask your grocer for a package on the free trial proposition. INSIST on having PAXSON'S SANITARY SWEEPING COMPOUND. ACCEPT NO SUBSTITUTES.

OUR NAME is on all BARRELS and PACKAGES.

Bell Story Number 1

The butcher who made good

You don't see Jones making up his own orders these days. No sir! He's too busy with his telephone-customer calling list.

Time was when Jones—but that's past! He opened up a fine, big field of steady customers—customers who don't relish the down-town trips—when he got a Bell Telephone and started his "Special attention to telephone orders" plan.

Are you trying to grow without the Bell?

HERE AND THERE

Work was begun last week on the steel frame of West Grove's new town hall.

Charles H. Colby of St. Georges, tripped over a loose brick in a sidewalk one day last week and fell heavily, breaking one of his legs.

Wilmington bank clearings last week totalled \$1,896,701.07 against \$1,699,794.47 for the like week last year.

Seven farmers of the Ellendale section have lost all their hogs from cholera.

Mrs. Eugene du Pont has sent her check for \$100 as her contribution to the pension fund of the Wilmington police force.

Chancellor Curtis has granted further time for the du Pont Trap-shooting Club to file its answer to the petitioners seeking to have its matches enjoined as a nuisance.

Mrs. Priscilla Stockley fell down a stairway in Milton, one day last week, breaking her right shoulder.

Herman Bradley, a young man employed on B. B. Bowden's farm, near Seaford, was shot in the side on Wednesday when a rifle which he was cleaning and did not know was loaded, was fired accidentally. It is believed that he will recover.

Cora Lee and Isaac Thomas, colored, of the West Grove section, held at West Chester for supposed connection with the murder of William Lemmon, a well-known farmer several weeks ago, have been discharged.

Falling down a flight of stairs in New Castle, one day last week, Mrs. Suboszk broke both of her arms near the wrists.

John Hall, an aged farmer of the Frederica section, was severely injured, one day last week when his team of oxen, frightened by a buzzard roosting on a fence, ran away and jolted him from his cart.

Robert Denney Moore, aged 87, an inmate of the Palmer Home for the Aged, at Dover, died there last Tuesday from the effects of inhaling gas accidentally on the previous Thursday.

The morocco plant of Charles Baird & Co. in Wilmington, was shut down last week, owing to the war preventing receipt of hides from Europe, rendering 200 workers idle.

But two negative votes were cast on the proposal to install a town-owned electric light plant in Milton.

The foreign laborers at the Rockland paper mills of the Jessup & Moore Company of Wilmington, who struck for higher wages, have resumed work at the old scale.

It is stated that U. S. Senator Henny A. du Pont has informed friends that he will seek renomination, if his health permits, at the Republican State primary next year.

The trouble between union and non-union workmen engaged on the new Court House and City Hall in Wilmington has been adjusted.

A slipping derrick caused a mass of ice to fall upon James Abbott at Milford on Thursday. Bystanders feared his back had been broken but he escaped with bruises and cuts.

Thrown from a runaway team, one day last week, Mrs. Ainsworth Abbott of Ellendale, was severely cut about the head and face.

Roy Bacan, who was severely injured in an automobile race at Delaware State Fair on Friday evening, September 10, has recovered sufficiently to leave Delaware Hospital.

Dr. J. D. Liebermann of West Grove, who treated a quarry boss who was fatally burned in a gasoline explosion, contracted blood poison from the patient's wounds and is reported to be in critical condition.

Newport town authorities are reported considering a local water supply and sewer system. Wilmington engineers, it is said, have offered to prepare plans and supervise construction.

The Automobile Club of Maryland will have sign posts placed along the State road from Elkton to Ocean City.

Ladies of St. Andrew's Church, Andara, will hold a festival on its lawn on Saturday evening.

The Ladies' Aid Society of Cherry Hill M. E. Church, near Elkton, will hold a festival on its lawn tomorrow (Thursday) evening.

Oxford fall fair is on today, tomorrow, and Friday.

Rivermen along the lower Delaware claim that pollution of the stream by oil and other waste matter in city factories and elsewhere along the banks of the stream has caused the decline in shad fishing and will ere long put an end to angling and gunning.

Dorsey Fooks employed in the Layton & Owens plant at Bridgeville, was caught in a veneering machine on Wednesday, and his hand and arm were painfully injured.

Philadelphia parties, it is reported, have purchased the French Hotel in Penn's Grove, N. J., for \$100,000. The bar has been doing a rushing business since the boom started at Carney's Point.

Mrs. Elizabeth Jester, widow of Isaac Jester, aged 98 years, and Mrs. Priscilla Scribner, widow of William Scribner, aged 88 years, died in South Milford on Thursday.

Executors of the late Thomas B. Windsor of Milford, are settling his estate, the heirs all having become of age. Harry B. and Norman Windsor have purchased the old Windsor Hotel and will remodel the fronts of the stores. Mrs. M. E. Windsor has purchased the large mansion on South Front street. The rest of the estate will be settled shortly.

The wife of Tobe Mason, colored, left her three-year-old child locked in at her home near Seaford on Thursday while she went to do washing at a home nearby. On her return she found the child hanging from a second story window, the sash of which had fallen on its neck. The child was finally resuscitated.

DuPont Boulevard Delights Committee

Committee recently appointed by citizens of Milford, at a mass meeting to aid in securing the du Pont boulevard through that town, went to Georgetown on Friday and interviewed General T. Coleman du Pont, and inspected some of the completed sections of the road. The members of the Committee were elated at the appearance of the road, no better than which can be found in the United States in their opinion. The stretch of road from Georgetown to Millsboro has been graded and a considerable portion has been given the reinforced concrete top. This road has not a bend in it for its entire nine miles of length.

The committee of Milford citizens learned that the right of way was practically assured as far north as Ellendale, and is of the opinion that it can secure the right as far north as Milford. General duPont stated to the committee that as soon as the deeds to the right of way are secured he would start immediate operations. "The sooner the better," he expressed it. The committee left feeling much encouraged in that Milford would have the road.

Colonel Theodore Townsend, chairman of the mass meeting held a few weeks ago, received a letter from General duPont in which he stated his willingness to start work and run the road to completion.

Five Years For Gunmen

Joseph Palillo, aged 17, and James Pasquane, aged 20, who on Tuesday evening fired into a crowd of young men at Second and Harrison streets, Wilmington, some of whom they claimed jeered at them, were tried in the City Court on Friday for carrying concealed weapons and Judge Churchman fined each of them \$500 with five years in the Workhouse. One of the bullets narrowly missed Gilbert Edge, for assault upon whom both defendants will be tried in the superior court. Pasquane carried an automatic and Palillo an ordinary revolver.

Give Auto To Pastor

Members of West Presbyterian Church, Wilmington, and a number of friends on Thursday surprised Rev. U. Franklin Smiley, the pastor, with the gift of an automobile as a token of their esteem and as an aid in the discharge of his pastoral duties. He is now closing his third year of service and upwards of 500 new members

have been added to the church since he took charge.

New Dredge For Wilmington

The new dredge Minquas, built at Baltimore for the United States Engineering Department for use in Wilmington harbor, arrived last week in the Christiana, via the cape, in charge of Capt. Leon H. Harris. The dredge is 150 feet long and 50 feet beam, and is of the suction type with the pipe located in the divided stern. A 25-foot launch will act as tender or errand boat for the dredge.

Auto Drops Into Canal

Amos Nevil of West Grove, Pa., while crossing the canal bridge in Chesapeake City last Monday night in an automobile ran against the guard rail and the car dropped about 10 feet into 15 feet of water. The rear curtain was up and the rush of water forced Nevil through the opening. Ropes were thrown to him and he was hauled out badly bruised. The draw had been opened to let a barge pass and Nevil failed to notice the danger signal.

Bear Bites Boy's Leg

James White, aged 11 years, living at Thirteenth and Tatnall streets, Wilmington, last Monday while visiting the Free Zoo in that city got too close to a bear cage and the animal caught White's leg between its teeth. Park guards took the boy, who had managed to break away from the animal, to Delaware Hospital where it was found that he had a long deep gash in the calf of his leg.

Gossip Prompts Suicide

A Georgetown special says that Mary Brittingham, aged 19, daughter of a respectable farmer of that section, rendered melancholy by neighbor's gossip, while alone at the home of her sister, Mrs. Harvey Hitchens, on Wednesday fatally shot herself. She propped a double barreled gun in a corner in the front room of the house and bending over it fired it with a stick, both loads entering her body. She left a note saying she was tired of life and asking for a church funeral.

Consumers' League Plans Whirlwind Campaign

Preparations for the "1000 Member Campaign" to be held by the Consumers' League of Delaware, early in October are well under way. The purpose of this campaign is to add 1000 new members to the league. The executive council feels that the time has come to increase the membership in order that the work of the league may be carried forward on broader lines and that with the interests and backing of more men and women it will be able to increase the scope and effectiveness of its efforts to improve the working conditions of women and children in industry and to obtain for all consumers, food and garments made and sold under fair and sanitary conditions.

The plan is to put the campaign through in a week. Teams headed by the members of the executive council will canvass the city of Wilmington for new members. Each day a tea will be given at which an out of town speaker will present some phases of the work undertaken by the Consumers' League here or elsewhere. The guests at these teas will be largely non-members and while invitations will be sent out, any persons who are interested will be cordially welcomed. Each day reports will be given, showing how many new members each team has brought in.

The members of the executive council who will be leaders in the campaign are: Miss Margaret H. Shearman, president; Mrs. William Stanier, Mrs. Francis E. du Pont, Miss Elizabeth Draper, vice-presidents; Miss Carolyn E. Golding, recording secretary; Miss Helen A. Cranston, treasurer; Miss Anna Woods iBrd, executive secretary; Mrs. Julian Adair, Miss Alice Smyth, Miss Dorothy Hawkins, Mrs. Frank G. Tallman, Miss Winifred Bach, Mrs. C. I. B. Henning, Miss Elizabeth T. Rhoads, Miss Edith Spruance.

Among those who will give teas are: Miss Margaret H. Stearman, Mrs. Charles Warner, Mrs. Willard Jackson. A complete list of teas with dates and hostesses will be announced later. The opening feature of the campaign will be a luncheon to be held at the Hotel du Pont. Mr. Taite is interested in the movement and will give the use of the grill room for the affair.

Women Send Great Petition To Congress

A petition 18,333 feet four inches long, bearing the names of 500,000 women was started from San Francisco to the American

GIVE THEM A CHANCE

"I want work. Not necessarily an easy job either. I'll do anything to help pay my way through College. Unless I get this, it will be impossible for me to stay the year out."

The above is the actual conversation of one of the Delaware Freshmen. The same sentiment has been expressed by several of the new students. One young man applied for the job of scrubbing floors. Further comment is unnecessary. The facts are teeming with dramatic possibilities. An opportunity for real service is forced on the conscience of every reader of these words. A boy who will back up such sentiments must be given a chance. Any one having a few spare hours' work can secure the services of these boys. Some may fall down on the proposition. All right, but give the other man a chance. Here is a chance for practical social service.

Details for employment can be secured by communicating with Professor Tiffany, chairman of the Employment Bureau.

WELL-PREPARED CLASS ENTERS COLLEGE

(continued from page 1)

Middleton and H. F. Weldon, Wilmington; R. B. Aker, Delaware City; R. Y. Taggart, Elkton; M. F. Wood, Wanaque, N. J.; R. C. Wright, Seaford.

Mechanical Engineering—E. E. Plumley and E. S. Webb, Wilmington; I. H. Boggs, Dover; T. D. Crothers, Frederick, Md.; T. N. Lorraine, Jr., Chesapeake City; R. T. Marshall and W. F. Scorch, Chincoteague, Va.

Electrical Engineering—G. F. Brinton, E. E. Ewing, W. McKinney, J. P. Maxwell, W. S. Moore, M. C. Shaw, Wilmington; P. T. Arbuckle, Jr., Cherry Hill, Md.; R. J. Barkley, Clayton; F. Dryden, Chincoteague, Va.; S. H. Giles, Elkton; S. A. Hamilton, Frederica; V. C. Lancaster, New Castle; M. W. Plam, Brooklyn, N. Y.; J. C. Ward, Harrington; W. T. Wessells, Burlington, N. J.

Chemical Engineering—D. P. Barnard, J. G. Craig, I. R. McElwee, W. M. Pierson, E. E. Proctor, J. Robinson, and C. B. Smith, Wilmington; G. R. Cantwell, Elsmere; J. W. Humphrey, Claymont; J. R. Sarafian, New York; W. S. Levey, Christiana.

Engineering not specified—W. H. Wallace, Wilmington; E. H. Downs, Dover; E. H. Messick, Lewes.

Two-year Agriculture course—E. H. Anderson, Dover; W. D. Craig, Wyoming; F. B. Cranston, Stanton; L. D. Fowler, Richardson Park; V. F. Hearne, Laurel; E. W. McIntire, Middletown; C. P. Mendinham, Newport; L. C. Stephens, Philadelphia; J. E. White, Modestown, Va.; C. I. Wright, New York; D. D. Suer, Marshallton.

Special Student in Agriculture—D. S. Folsom, Wilmington.

Permitted to recite—C. R. Tunnell, Georgetown, C. C. Maier, Wilmington; W. S. Fitzpatrick, New York; H. B. Mitchell, Millsboro.

The total number of new students enrolled in the freshmen class at the Women's College is 40, including Miss Edith Spencer and Miss Elsie Wright, both of Newark, special students in cookery.

The new students, in addition to the two special students, are as follows:

Miss Dorothea Russell, Miss Mary Dennison, Miss Helen S. Stuart, Miss Pauline Smith, Miss Victoria Zukowsky, Miss Catherine McGraw, Miss Mary Proctor, Miss Grace Rono, Miss Mary Keenan, Miss Amelia Leichter, Wilmington; Miss Alice Evans, Miss Katherine Bowen, Miss Esther Houston, Miss Elizabeth Jones, Georgetown; Miss Mabel Dobson, Millsboro; Miss Marguerite Lauritsen, Lewes; Miss Susie Kern, Miss Anna D. Scott, Milford; Miss Ruth Satterfield, Harrington; Miss Mary Mason, Laurel; Miss Esther Smith, Bridgeville; Miss Esther Reed, Smyrna; Miss Mary Ross, Porters; Miss Mildred Redgrave, Middletown; Miss Madge Nickerson, Camden; Miss Elizabeth Jones, Dover; Miss Ruth Clark, Delaware City; Miss Lillie Ferguson, Cecilton, Md.; Miss Thera Twitchell, Trenton, N. J.; Miss

Gladys Walton, Iron Hill, Md.; Miss Mary L. Powers, Kennett Square, Pa.; Miss Alta Grant, Wollaston, Mass.; Miss Miriam Dennis, Miss Mary Wright, Preston, Md.; Miss Helen Mackey, West Grove, Pa.; Miss Marion Underwood, North East, Md.; Miss Selina Perkins, Elkton, Md.; Miss Minnie Catterson, Cheswood.

Miss Elizabeth Jones of Dover and Miss Pauline Smith of Wilmington have entered the Sophomore class, having credits for a year's work at Wilson College.

RESIGNS AFTER HONORABLE SERVICE

(continued from page 1)

had white boots, pretty pantaloons, Piccadilly collars, and even tooth brushes. They were pretty fellows. All the "dandies" turned back at Fort Carney. Barton kept on. All I had that wasn't grey was a standing collar. And you couldn't have called that white. I threw it away at Fort Carney with these words:

"Goodbye, old standing collar. In all your pride and starch, I've worn you from December to the seventeenth of March."

Of course there were no roads and we had to make our way as best we could across the prairie. At night we camped in a solid square, that is, with all the wagons side by side so that the tongues were in a straight row like soldiers at attention.

We kept pickets about the camp for fear of Indians. One night (it was the twenty-second of March—five days after I threw my collar away) we heard something galloping across the prairie. A sentry called halt. But the galloping continued. The command was repeated, but to no better effect. We heard it again, "Halt!" The galloping became more distinct. Then the sentry fired. The order was, "To arms!" Johnston looked grand as he prepared for the attack. It was dark but we fired continually. Our camp was completely torn to pieces by the enemy's charge. When at last our assailant ceased his attack, we rushed forward to count the dead. There was only a single buffalo, whose huge carcass was almost torn to shreds by bullets.

At night we would collect huge quantities of buffalo "chips" in blankets and build fires in a parallel row with the wagons. We cooked and talked about the glowing fires. Old Johnston used to come around while we were stewing "lob scouch." He was tall, over six feet tall; and straighter than an arrow. Why, he was so straight that it made me straighter just to look at him. He would tell us how well we were working. And I tell you, it made one feel mighty proud. Yes, old Albert always had a good word for us. That's why I never wear an overcoat. I didn't then, when I ate raw bacon that was about frozen, because Old Albert didn't. And I don't now because I didn't then.

Yes, 'twas grand old days when we cooked and ate around the glowing fire and watched the glow on Albert's face as he said, "Well, fellows, you're doing good work for your country."

Unanimously Declares For Preparedness

The League to Enforce Peace, of which William H. Taft is president in a statement issued on Saturday, declares that efficient preparation for adequate national defense is in no way inconsistent with the purposes of the league, but, on the contrary, is essential thereto. This view was expressed by the executive committee in a resolution and was made public, it was explained, because of the receipt of many inquiries regarding the league's attitude toward the question of military preparedness.

President A. Lawrence Lowell of Harvard University, chairman of the executive committee; President John Grier Hibben, of Princeton; Oscar S. Straus, of New York; Theodore Marburg, of Baltimore, and others were present at the meeting at which the resolution defining the league's position was passed.

Government Guards Against Typhus

While the epidemic typhus fever in Europe seems to be on the decrease because the little insect which transmits it paradoxically goes into winter quarters in summer, the United States Public Health Service has issued a warning to all quarantine officers to keep a sharp lookout for the disease among passengers arriving from Greek and Italian ports. The overcrowding, lack of bathing facilities, and general insanitary conditions brought about by the state of war in Europe have made fiscal year 1914-15 a typhus year. The extensive outbreak which occurred in Austria-Hungary and Serbia is probably responsible for the introduction of the disease into Germany, but as immigration from these countries is at the present time practically nil the Government's sanitary corps considers passengers from Greece and Italy of greater potential health menace. The disease has also been reported in Spain; at Zurich and St. Gall in Switzerland; and Moscow, Odessa, Petrograd and Warsaw in Russia.

Maryland Primaries' Results

The Maryland primaries held last Tuesday resulted in the choice of O. E. Weller, of Baltimore county, Chairman of the State Roads Commission by an overwhelming majority over William T. Warburton, of Elkton, the latter carrying only Cecil, Dorchester, Anne Arundel, Calvert and Frederick counties with a total of 17 votes in the State convention to Weller's 112.

In Cecil county the Republicans voted locally only for Register of Wills and County Commissioners. Thomas B. Miller was renominated for Register for a third term by a vote of 590 to 355 for B. B. Craycroft, and 202 for Arthur Owens. William R. Cameron and John F. Johnson were nominated for long and short term commissioners. Nominees for other offices were unopposed. Comptroller Emerson C. Harrington of Dorchester county,

carried the State for Democratic nominee for Governor by a big majority over Senator Blair Lee of Montgomery county. Lee carried Cecil, Charles, Frederick, Garrett, Montgomery, Prince Georges, St. Mary's and Somerset counties and two districts of Baltimore City giving him 51 votes to Harrington's 78 in the State Convention. Cecil county gave Lee 1337 votes and Harrington 1003. For Sheriff the Democratic vote was Reynolds, 575; Barnes, 582; Benson, 556; Pierce, 235; Chidester, 128; Yerkes, 172. For Clerk of the Circuit Court the vote was, Dr. H. A. Mitchell, 660; J. W. McAllister, 392; Thos. J. Murray, 343; W. H. Deshane, 298; J. A. Rosey, 223; T. M. Calvert, 163; W. G. Purnell, 136; John H. Kimble, 98. For Register of Wills, Rufus D. Bowland, 647; James C. McCauley, 575; E. Kurtz Taylor, 493; Walter I. Smith, 406; R. B. Merritt, 154. For States Attorney, Henry L. Constable, 1282; Omar D. Crothers, 911. For House of Delegates, F. H. Leffler, with a total of 1064, E. N. James with 935 and John W. Bouchelle with 860 votes won nominations. For Short-Term Commissioner, J. T. Cameron received 1161 and James T. Watts, 1048 votes. For County Central Committee Harvey H. Mackey, Dr. Daniel Bratton, and Dr. R. M. Black won with 1322, 1140 and 1043 votes respectively.

WORKING AND SAVING

Working for a living? Making regular wages? Then every time you receive your wages take out of it some sure, certain, fixed sum and BEFORE you spend a single dollar of your wages bring that sum of money here and put it in your Account. It isn't the amount that counts—it's the doing it regularly, systematically—keeping at it all the time.

Save from your wages BEFORE you begin to spend your wages. That is the one, sure, great Secret of Success. Savings First!

—Labor and Thrift are the Cornerstones upon which the Structures of Success and Wealth are erected.

Hours: 8 a. m. to 4 p. m.
Wednesday evenings: 7 to 9 p. m.

A Wonderful Feed

NO MIXING NO BOTHER
It positively produces more milk than any other feed either home mixed or purchased. It is a feed without giving your cow a chance to get sick or troubled. Ready to use right out of the sack without any mixing or bother.

Larrea-feed

Absolutely free from adulterants and fillers. Just the feed you would mix for yourself, is a natural composition of choice southernmost meal, dried, best quality feed, pure distillers grain, wheat bran, etc., and a little salt, that's why it's so good. It is a feed that's easy to mix and easy to feed. An even amount of milk daily from each cow no matter how late in the season. Try Larrea-feed for more profit. Sold on a plan of "Money back if you are not satisfied."

Base Ball Games of the Week

CONTINENTAL CLUB ROBBED—
NEWARK LOSES TO NEW CASTLE

As the result of being practically robbed of three games the Continental Club, which has made such an excellent record in independent ranks this season, has withdrawn from the fake series arranged to decide the independent championship of New Castle county. Such a series could not possibly decide anything if the treatment received by the local club is an indication of how the series is being conducted.

The deal given Continental was without any exception the worst that any club ever received in this county. The treatment was not only unsportsmanlike but it also flouted the spirit of the game.

It now looks as though Continental when the series for the championship was arranged was underestimated and the policy of "anything to defeat Continental" was adopted after the locals secured a good start by getting the first three games. Delaware Hard Fibre of Elsmere had also won three games and the manager of this club assisted in the work of robbing the locals of their three games.

Continental in the first game of the series defeated Wilder A. C. here and later defeated East End A. C. in Wilmington. Both games were won by one sided scores, there being no doubt of which was the best club. On the morning of Labor Day Tremont was scheduled to play here. The umpires made their appearance but Tremont did not come to Newark and the "Umps" very properly forfeited the game to the local club.

In the case of the Wilder game a protest was made on the ground that Montgomery in running from second to third ran too close to the shortstop thereby interfering with his handling a ground ball. The umpire did not allow the kick when it was made on the field because there was no grounds for such a kick.

In the case of the East End game played in Wilmington the home club had but two balls in play. One of these was in such condition as to make it useless and the other one was lost. The management of the home club had no other ball to put in play and Manager Jackson of Continental threw out a ball so that the game would not be delayed. Crow pitched one inning with this ball and as the other one was found he returned it to Manager Jackson after the inning. East End protested because Continental helped them out of a hole by lending them a ball.

At a meeting of the managers of the clubs held in Wilmington several days ago these protests were heard and on the flimsy and foolish grounds above stated, they took all three games away from Continental. The whole matter looked so raw that Manager Jackson at once declined to play any more of the series under such circumstances. He, however, challenged Delaware Hard Fibre for a series of games in case that club wins the fake series that is now being contested.

Newark Loses To New Castle

Manager Ellison of the Newark club took a picked team to New Castle on Saturday and lost a game to the pennant winners by the score of 6 to 0. West had the locals at his mercy allowing only three scattered hits. Newark put up a good game in the field but was weak at the bat. Hogan was hit at opportune times and New Castle scored six runs on as many hits. The score follows:

Galena Defeats Elkton 1 to 0

Elkton and Galena played a fast game of ball on the former's grounds on Saturday by Galena came through a winner. The visiting club scored one run in the first inning but that proved just enough to win. Horsey, a former Tri-State pitcher and the last season in the New England League pitched steady ball for Galena and Hoch, a brother of the Delaware College twirler did the catching. Clay pitched well for Elkton.

Elkton this year has developed some fine young players who should improve and give the club a much faster team next year. If Newark had followed this plan it is likely the club would have had a better standing. The score of the Elkton-Galena game follows:

Elkton

	R.	H.	O.	A.	E.
Dunbar, 3b	0	0	4	3	0
Potts, c	0	0	6	3	1

Jake Hogan, the local pitcher, has received a letter from Connie Mack of the Philadelphia Athletics, asking him to come to the Athletic grounds for a work out. Hogan was recommended to Mack by Bert Everson early last spring and the southpaw went to Shibe Park one day where he pitched to one of the Athletic catchers for a short time. Connie Mack watched his work and made several suggestions as to Hogan's pitching but nothing further was heard from him at that time. It is evident that Mack was impressed with his work, however, as he has again sent for him. Hogan will go to Philadelphia on Monday to see Mack.

Hogan is well known in semi-professional ranks. At the beginning of this season he was rated the best pitcher in the Delaware-Maryland League, and although he did not have as good a season as usual his work at times was excellent. Hogan started pitching for Elk Mills in the Tri-County League several years ago and his great work in the box always kept Elk Mills in the race. Last year Newark won the Tri-County League pennant largely through the fine work of Hogan in the box.

Newark and Continental To Play

For several weeks there has been much discussion relative to the merits of the Newark Delaware-Maryland League team and the Continental Fibre Co. team. The latter club by its fine work against some of the best independent teams of the county won many followers who think they have an excellent chance of defeating Newark in a series of games with Crow or Whiteman pitching.

Announcement was made yesterday that a series of three games between these two clubs has been arranged the first one to be played on Saturday. The receipts are to be divided 60 per cent to the winner and 40 per cent to the losers, the best two out of three to decide the series. These games should attract a large crowd of the fans. While Continental is composed largely of younger players yet they have demonstrated more than once that they have a good team together. Many admirers of Con-

tinental are already contending that they will take the series.

Big Missionary Gathering In Wilmington

The forty-fifth annual meeting of the Philadelphia Branch, Women's Foreign Missionary Society of the M. E. Church will be held in St. Paul's church, Wilmington, on October 6, 7, and 8. The Convention will bring about two hundred officers and delegates, representing the Conferences of Wilmington, Philadelphia, Central Pennsylvania, Erie, Pittsburgh, Wyoming, and part of Central New York. The gathering will be one of the largest missionary conferences that takes place in any part of the country.

Suffragists Celebrate

Leader's Birthday

The devotion of Delaware suffragists for Mrs. John A. Cranston, their leader and State president, was manifested last week by a birthday party given in her honor at the home of Mrs. Charles Warner, Mrs. Cranston was invited to a tea, which she supposed was to be the opening rally for the season, but which proved to be an occasion all in honor of her 69th birthday anniversary, arranged by Miss Mary R. de Vou, Mrs. Warner, Dr. De Lacour, Miss Ella Johnson, and others. It was a delightfully informal occasion; the guests were greeted by Mrs. A. D. Warner, Mrs. Charles Warner, Mrs. Cranston, Dr. De Lacour. After a little time for conversation there were addresses, following which Mrs. Cranston was presented with Dr. Anna Howard Shaw's book, the card saying "The Story of a Pioneer" to the Pioneer Suffragist of Delaware from her friends and followers on her birthday." Miss Emma Worrell presented the book and accompanied it with gracious words of appreciation and congratulation, concluding with "I stand humbly and wonderingly before her, who has never wearied in allegiance." Mrs. F. E. Bach read a poem by Miss Margaret Houston of Georgetown, "To the Grand Old Woman of Delaware." Miss Emma Lora sang "The Little Yellow Rose of Suffrage," and Miss Mary R. de Vou read an acrostic on suffrage, sent in by Miss Mary H. Askew. Mather. Mrs. Cranston showed her appreciation and thanked her friends briefly, remarking, "I am grateful for the tribute and that my 69 years have added to the entertainment."

All her grandchildren were present with one exception, and they helped serve the refreshments. They were Louise, Bertha, and Ethel Phillips; Mary and Virginia Cranston, and Jean Cranston. Others who assisted were Miss Carolyn E. Golding, Miss Mabel R. Golding, Misses Winifred and Barbara Bach, Miss Dorothy Warner, Master Charles and Frederick Warner, Misses Reba and Clara Ginn, Miss Martha Murphy, Miss Ethel Wilson, Miss Evangeline Barsky, Miss Madeline Brown, Miss Margaret Miller, Miss Mary Fletcher, Bayard Hilles, and Frank Stephens of Arden.

Mrs. Cranston will undoubtedly be elected again to the State presidency this fall, despite her protests, voiced again at the party, for suffragists feel that there is no one quite so fitted to be their guide as she.

Horse's Kick Kills Child

Katherine, the three-year-old daughter of Elwood Mills of Cedar Neck, near Milford, was playing in the barnyard lane when the horses were let out to water, one day last week. One of them jumped over the child, one of its hind hoofs crushing the skull back of the ear. A Milford physician and a Philadelphia specialist tried in vain to save the child's life.

Pools Closing Hearing

Judge Herbert L. Rice, sitting as committing magistrate, on Friday adjourned the hearing of Levy Court Commissioner Samuel L. Burris, charged with ordering the closing of the Second Ward pools in Wilmington during the city election last June, until Saturday, September 25. Charles Virden, Edward Saddle and John Hoodcock, election officers, who closed the booth, are charged as co-defendants. Each of the four was held in \$500 bail for appearance on Saturday.

Heavy Girder Crushes Workmen

Five men painting a big steel girder to be used in the New York subway were caught under it at the Edge Moor plant of the American Bridge Company on Friday afternoon. John Smith, a Pole, unmarried, who boarded at Fifth and Church streets, and Joseph

Locento, also unmarried, of 1119 Davis street, Wilmington, were killed, another man was slightly hurt and the two others escaped unhurt. Locentos skull was crushed and an arm and leg of Smith were severed. A travelling crane was passing overhead and a hook at the end of a dangling chain caught the edge of the girder, pulling it over upon the workmen. Smith and Locento were caught and pinned to the ground.

Young Burglar With Record

Zebby Martin, the 17-year-old youth charged in Wilmington with robbing Goldstein's department store, 207 Market street, on September 2, the plunder from which he sold to colored people in Elkton where he has relatives, is also

charged with Brooks Pusey, another youth, with stealing two new bicycles on Sunday, September 12, from H. C. Stout's store, 905 King street, which they rode to Oxford, Pa., where they sold them. Martin, while in Elkton, entered King's hardware store on West Main street through a side window in the rear of an adjoining blacksmith shop, on the night of September 9 and stole a revolver, a lot of pocket knives and cartridges and a pump gun, leaving the latter at a house in Elkton where it was recovered. Martin and his uncle figured in a jewelry robbery in Wilmington about two years ago and was sent to the Ferris School but was paroled.

Bought Baby With Go-Cart

William Keough, clerk at the Robinson House, Delaware City, accompanied Constable Warren Downs last Monday to Kirkwood to levy on the household goods of a colored family. The woman begged Keough to buy an old baby coach for 75 cents so that she might buy food for her children. Keough gave her the money and the coach was put in the auto. On the way back both men heard a baby's wail and found a girl in faint in the coach. They hurried back and found the mother at a neighbor's house. The woman said she thought the baby's sister had her in charge and did not know she was in the coach.

KENNETT CELEBRATES SIXTIETH ANNIVERSARY

Story Of Kennett Presented Last Evening

Kennett Square is in holiday dress this week for the big celebration which the town is holding in commemoration of the sixtieth Anniversary of the incorporation of the borough. There will be parades, pageantry, public meetings, banquets, reunions, memorial meetings, dedication of Kennett's new \$30,000 high school, the "Story of Kennett" presented by home players on two occasions, and many other entertainments for the crowds who are expected during the week. That it will virtually be an "Old Home Week" is assured by the number of responses received from former residents of Kennett who announce their intention to be present.

Preparations for this anniversary celebration have been under way for several months, and are complete in every detail. Strangers will be taken care of and made to feel at home, and will be shown such historic places as Longwood, Cedarcroft, Birmingham or any other points of interest which they may desire to visit.

The celebration opens with the "Story of Kennett," produced by home players in the Firemen's Auditorium, Tuesday night, September 21st. Nine scenes from Bayard Taylor's most popular book will be presented by a cast thoroughly familiar with the late author and the scenes of his writings.

A memorial meeting, Saturday morning, Sept. 25, at 10 o'clock, at Cedarcroft, the home of the late poet at which Hamilton Wright Mable will be the principal speaker, and Helen Boice Hunsicker will sing, will be one of the week's features.

The Historical Pageant, Friday afternoon, Sept. 24, at 2 o'clock, which will be produced in Martin's meadow on the western border of the borough, will be the big feature that will grip the crowd—a more ideal location it would be impossible to find a Southern Pennsylvania. Nature has supplied every detail necessary for an affair of this kind, and the six hundred or more people who will take part in this event, will carry the audience through history from the Indian life of early Pennsylvania to the Colonial period, the visit of the English and the Hessian soldiers, Migration to the West in Conestoga wagons, Educational period, Civil War and the Recruiting of Fred Taylor's Company, Underground Railroad incidents, a complete life of the borough, and finally, a grand parade of all the players.

The special music and songs which have been written, and the new dances which have been arranged, symbolic of the times, will make it an entertainment long to be remembered and one that will make local history for Southern Pennsylvania.

A number of motor parties from Newark are planning to witness a number of the features.

FALL FRUIT CROPS ON

Delaware Apple Growers Report Short Crops

The midsummer fruit crops in Delaware, such as peaches, cantaloupes, and water melons, are practically over, and apples, pears, and sweet potatoes occupy the center of the stage. The apple season is now reaching its height and the growers in Kent county are shipping large quantities to the markets. The Delmarva Star reviews the fruit crop prospect, as follows:

"This being an off year for apples the yield is approximately only from fifty to sixty per cent of that of last year, but the growers are well satisfied, as they are receiving such good prices for the fruit that they are making more money from the 'short' crop than they did from the larger crop last year, and their expenses are not nearly as heavy.

"The apples are in exceptionally good condition this season, and owing to the great steps forward that have been taken by the grow-

ers in the packing, grading and shipping of the fruit they have been able to greatly increase their profits. The pear crop is also in fairly good condition, and many Kieffer pears are now being shipped.

Tomatoes are about over and most of the canneries have about finished the tomato pack. Many of them have packed a smaller quantity than they intended owing to the recent increase in tomato prices. The canners who have contracted for tomatoes at a certain price are able to keep on packing at a profit, but those who failed to contract do not care to pay large prices for the produce, as a large quantity of last year's pack of tomatoes are still left in the storage houses.

"Sweet potato growers are beginning to fear that they may have to combat the same low prices that prevailed for white potatoes this season, as the prices received for the early sweets have been unusually low. Sweet potato digging will not begin in earnest for about three weeks or a month, and an unusually large crop will be harvested in this state.

"According to government statistics the sweet potato crop throughout the country this year will be 87.5 per cent of normal, as compared with 81.8 last year, these figures made on September 1 of each year. For the past ten years, the percentage has been 84, so that the percentage this year is about 3 per cent above the average for the ten years. The acreage of sweet potatoes planted this year in the United States is 660,

THIS WEEK

We want you to see the New Fall Suits for Young Men; special models in Young Men's sizes, 34 to 40 chest.

Patchpocket Suits, \$10 to \$25
Sklined Suits, \$15 and \$20

IN SUMMER TIME

Many people suffer from **EYE STRAIN** caused by the intense brightness of the sun, more particularly when driving or on the water. Frequently colored glasses (of which we have a most complete stock) will give relief—but in other cases it is necessary to have glasses made to correct some error of the eyes that cannot endure the increased strain. In either case consult our Optometrists, they'll advise you conscientiously.

FOOTBALL PROSPECT AT DELAWARE

Promising Material Among Freshmen

Coach William J. McAvoy plans to have the first scrimmage between the Delaware College varsity and scrubs either tomorrow or Friday afternoon. This will give him an opportunity to get a better line on the new material. There are plenty of men out for the team but they are of unknown quality although a number have had some football experience in prep school. The varsity and scrubs will probably line up for the first scrimmage as follows:

Varsity—Groff and Aker, left end; Bratton and Kelley, left tackle; Newton, left guard; Crothers, center; T. Wilson, right guard; E. Wilson, right tackle; Smart, right end; Fidance, quarter back; Wilden, C. Smith, and Taylor, half backs, and Handy, full back.

Scrubs—Fitzpatrick or Loomis; left end; A. O'Daniel, left tackle; Giles, left guard; Pepper, center; M. Mitchell, right guard; W. Plem or L. Plem, right tackle; Myers or Gilman, right end; W. O'Daniel, quarter back; Lauritsen, Siler and Marston, half backs and Lowe, full back.

Captain "Vic" Handy, the big full back, returned this week and was welcomed by the squad. There was some doubt as to whether or not Handy would be back this year and his return leaves but one vacancy in the back field. Crawford who played full back last year and proved one of the best men that the blue and gold has ever had, entered Lehigh this year. Handy last season played half back but with Crawford gone he will likely play full this year.

Groff, left end, and Newton, one of the guards, both of last year's varsity, have also reported for practice. There was a report that these two men would not be able to come out on account of extra work in their senior year. Their return gives Coach McAvoy 5 of the 7 line men of the 1914 varsity. The two men missing are Cann and Grieves, who graduated. Bratton and T. Wilson of last year's scrubs, are being tried out for the places left vacant by Cann and Grieves. Bratton is a sophomore and formerly played on the Tome Institute team. He will likely also be given a trial in the backfield, his regular position. Kelley, who played on the varsity several years ago and returned this year, is also out for tackle. Aker, a Delaware City boy who has had Prep school experience, is making a try for end.

Weldin of last year's Wilmington Friends, and C. Smith, who played on the scrubs last season, will make a fight for the vacant backfield position.

There is also some excellent material on the scrubs that may be developed and make those out for the varsity hustle to hold their positions. There seems plenty of end material. This includes Fitzpatrick, a freshman who, while playing on the DeClinton High School, New York, was picked as an all-scholastic end in that city, and Gilman, a sophomore, who formerly played on the Central Manual, Philadelphia. Myers, of Middletown, who showed up well last year on the scrubs, and Loomis, who has substituted on the varsity at end for several years are others who are out for the end positions.

Papper, who two years ago played several games on the line for the varsity team, is playing center on the scrubs. Most of the other line men on the scrubs are new men. Wilson O'Daniel, substitute quarterback last year for the varsity, is running the scrubs. O'Daniel is the best forward passer in the entire squad and is a hard worker. He will no doubt get a chance in a number of the scheduled games this year.

The backfield of the scrubs is made up largely of new men. Lauritsen played on the scrubs last year. Siler and Lowe, two of the scrubs backfield, entered college this month from Knoxville, Tenn., and Marston, another scrub half-back, formerly played with the Wilmington high.

Coach McAvoy put both squads through signal work and practicing the forward pass this afternoon. The student body is anxious to see the first scrimmage and will be out in force to encourage the scrubs.

THE POLLARDS WRITE HOME

Relate Experiences Of Trip

The following account of sights of interest in the West, is given by Mr. Millar Pollard, from San Francisco, September 14:

"The Rodman Wanamaker" ex-

hibit is certainly marvelous. Among the pictures of Indians shown in this collection are those of one tribe which lives 12,000 feet above sea level. They are dying at the rate of 8 per cent in excess of those born and in 14 years, will all be dead unless something is done. They live on barren, rocky, land and have so little to eat that they have to make soup out of the bark of trees. Their only salvation is to stock their lands with sheep.

"I also saw an exhibit of Rockefeller's on the hookworm."

Miss Helen writes, "Last night a party of us, including our Spanish friends, went through Chinatown. The stores in this section were very attractive. They had all sorts of articles for sale. Stationed at intervals all along the streets, were many policemen."

"In the Educational Building, the 'W. C. T. U.' and 'National Prohibition' booths are attracting immense throngs of people. So, also, is the representation of The Panama Canal."

"We intend going through 'Golden Gate Park' with its beautiful foliage and walks."

"We went into the 'French Building' the other other day and viewed all the styles from Paris."

PEOPLES' COLUMN

Why Not Call Continental Champions?

Now that the baseball season is nearing the end it may be well to look back over the record of the Continental Fibre Company B. B. C. They have defeated such teams as Delaware City, Hockessin, Perryville, Avondale, and some of the fastest teams in Wilmington. They have won 15 and lost 5 games.

After playing two games in the series for the Independent Championship of New Castle county the Continental dropped out owing to a dirty deal received by the Wilmington Club protesting the two games, over nothing more than they were sore because they were defeated. The managers of the other four teams, all being from Wilmington, decided that they should be played over. When the Continental dropped out they had a percentage of 1,000.

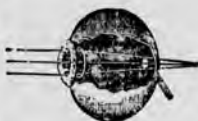

Two of the teams in the series were defeated by the Continental and it should be thoroughly understood that no teams in New Castle county can claim the Independent Championship until they have defeated the Continental Fibre Company B. B. C.

Interested.

WALTON SERVICE

Talk No. 3

HYPEROPIA

In Hyperopia or Far-sightedness the eye is just opposite to the myopic eye described in talk No. 2 last week. The eye shows how the rays of light enter a far-sighted eye and how they would come to a focus back of the retina if it were possible.

A very large proportion of far-sighted people can see without the aid of glasses but at a terrible expense of the ciliary muscle surrounding the lens of the eye, thus causing eye strain with its attendant disorders. 70% of nervous disorders are caused by eye strain, which are relieved by the proper glasses, worn properly.

Have your eyes examined

Real Estate For Sale

As Trustee for the S. E. Hammond Estate, we have for sale two lots; one on the N. W. Cor. Delaware Ave. and South Chapel Street, 103 ft. on Delaware Ave. and 164 ft. on South Chapel Street. Another on S. W. Cor. Delaware Ave. and South Chapel Street, 185 ft. on Delaware Ave. and 117 ft. on South Chapel Street. Any party who could use the same for business purposes would be glad to have a proposition on either or both. Water and sewer connections. No Speculators or Agents.

The Newark Trust and Safe Deposit Co.

SQUIBS

Due to the very short allowance given to some of the College Departments, it has been suggested that the instructors and students will hold a Rummage Sale.

And so Handy is to come back?—well!

"The best way Johnson can help the college is to keep quiet," is an academic comment of our editorial. Those who know will agree the criticism is very impractical. It suggests the impossible.

Residence Hall vs. Town Girls smacks of suffragette methods. Remember, Newark, that these girls are Newark's guests (paying their way) for one year. And Residence Hall, remember, too, that

this is not a boarding school but a State institution and as such gives equal consideration to the fortunate resident student, and the commuter.

If Council keeps on a little longer, we shall challenge any town in

the State to show better streets. Next—Concrete sidewalks. They are coming.

"What's Ethics," raised Hall Columbia. So many people thought we were too personal.

THE DIAMOND FROM THE SKY
