

LOCAL FIRE VOLUNTEERS HOLD ANNUAL DINNER MEET

**Annual Aetna
Banquet Lauded
As Largest And
Best Ever Held**

A record turnout of members and guests attended the annual banquet of the Aetna Fire, Hook and Ladder Company last Friday evening in the fire hall. The affair was described by officials as the best and largest ever held.

In C. Shellenor was chairman of the committee in charge, which was lauded for its excellent work. Others on the committee were: George Neighbors, William Warwick, Clem Valliant, John Tweed, John Cornell, Bertram Jones, Charles E. Moore, and Harold Grant.

Visitors were present from the Hockessin, Middletown, Elkton and Christiana Fire Companies. Music was furnished by George Goodie and his string orchestra.

Six fires were reported in town the week of the largest occurring Saturday afternoon, when a blaze broke out in a bedroom of the home of J. A. Cornell, opposite the University Farm. Serious damage was averted by the quick thinking of one of the children of the family, who slammed the bedroom door, thereby confining the flames to the room. Firemen said the act was a major factor in saving the dwelling. The loss has not been estimated as yet.

Previously, on Tuesday afternoon, a wood fire broke out on property owned by Chester W. Warden, near Glasgow. No serious damage was reported. Friday afternoon, an alarm was sounded at the New London Avenue School, where, it was said, an electric iron set fire to woodwork. The loss has not been estimated as yet.

At noon Saturday, grass caught fire on the Continental diamond grounds, near the "Big Red" sign. The damage was slight, it was said.

Sunday, flames broke out on a 150-acre tract of grass and woods one mile west of Glasgow. Local firemen did not estimate the loss. Monday morning flames caused damage to a shed in the rear of a dwelling at the Pennsylvania Railroad Labor Camp.

YULE PARTY AT ROTARY ON MONDAY

**Group Also To
Mark Annual
Ladies' Night**

The Newark Rotary Club will hold its annual Christmas party and Ladies' Night Monday evening, when there will be an exchange of gifts. Program chairman will be Newman Rose.

It was further announced that beginning with the January 6 meeting, the club will hold its regular dinner session in the basement room of the Academy Restaurant.

Steve Ling, son of a Chinese banker and now a student at the University of Delaware where he is studying Chemical Engineering, was the speaker at the club's meeting Monday night. He discussed observations made in India during a two year stay there while a student at the University of Calcutta.

India, while backward, is anxious to progress, he said, but is hampered by circumstances. A college graduate, for instance, finds it difficult to advance in his field since there are few firms capable of employing his training. Great drawback to the country is the fact that 11 different languages are in use. Excessively humid climate works against initiative and advancement is further burdened by numerous conflicting religions.

Speaker at the Rotary meeting last week was F. W. Jahns, of the Continental-Diamond Fibre Company, who discussed laminated thermosetting plastics. He illustrated his talk with samples and explained their use.

Local Flag Council To Pete Toughkenamon Unit

The local American Flag Council, No. 1, will be host to the Toughkenamon Council, No. 996, on Monday night, when the annual drawing of Christmas money will be held.

Council members from Middletown, Delaware City and Wilmington are expected to be present.

Personality Tests Being Given Newark Students

Group personality tests attempting to measure several personality traits, were given last Monday at Newark High School to grades 10, 11, and 12.

Thus far, the students have been given group intelligence tests, reading tests, and English tests. Opportunity is also given to eleventh and twelfth grade pupils to take a psychological examination and the Kuder Preference test. Results of the latter indicate the students most promising occupational fields in the light of his preference.

The American Council Psychological Examinations are an index to success in further education.

CHURCH TO PRESENT XMAS PLAY ON MONDAY

**Yule Services
Planned Next
Week By First
Presbyterians**

Highlighting next week's Christmas celebration at the First Presbyterian Church will be a play, "Phoebe's Christmas Eve," to be presented Monday evening at 7:30 o'clock in the Sunday School auditorium. Cast and staged by the youth of the church, the play will be under the direction of Miss Miriam Lewis, who recently was appointed director of Young People's Work.

Phoebe, a poor little crippled girl, is left alone on Christmas Eve with only a meager fire, a picture of an angel on a calendar and her ragged doll, Angelina. However, the unexpected events of the Eve not only give Phoebe a happy surprise but promise her a bright future.

The cast consists of the following: Mother, Nancy Dirksen; Phoebe, Phyllis Baker; Angelina, Annette Ely; Dorothy, Nancy Lewis; Reuel, Mary Anne Miller; Old Woman, L. C. Steiner; Doll, Ginger Lanier; Teddy Bear, Bobby MacAlpine; Holly, Jack McDowell; Mistletoe, Jacqueline Barrett; Fire, David George; Pop Corn Ball, Ellen Jane Bywater; Candle Sprites, Bobby George; Christmas-Come, Stephanie Worrlow.

The public is cordially invited to attend the performance.

There will also be other activities during the Christmas Week.

Tomorrow evening at 7:30 o'clock, Beginner and Primary children will enjoy playing and sing at a Christmas Party while they await the arrival of Santa Claus. Parents are urged to bring their youngsters for the fun.

On Sunday morning at the Sunday School hour, White Gifts of money will be offered to China relief in remembrance of the Magi's Gifts to the Christ Child.

The Christmas service with special Christmas music will follow at 11 o'clock.

A Candlelight Service will be held in the evening at 6 o'clock with the Junior Choir furnishing the music in a re-telling of the Christmas Story. The public is invited to help celebrate the birthday of Christ.

CHURCH SERVICES ON SUNDAY

**Xmas Services
Offered By Bible
Presbyterians**

Christmas services will be held on Sunday at the Bible Presbyterian Church.

The Sunday School hour will be held at 10:00 a. m., under the direction of Mr. H. Lloyd Yarnall, superintendent, with classes for all ages. At the close, a Christmas treat will be given to the Beginners, Primaries, and Juniors.

The special Christmas service for the morning worship hour will begin at 11 o'clock when there will be special music and the Christmas sermon by the pastor on the theme: "His Name."

The evening service will be held at 7 o'clock. The greater part of the service will be devoted to Christmas music, and the pastor will give a meditation on "The Prince of Peace."

The young people will meet at the usual hour following the evening service, and at this time, along with singing of carols, the stories behind the different Christmas carols will be given.

All are cordially invited to these services.

PUBLIC TO JOIN CAROL SING TONITE ON CAMPUS

**Caroling Will
Be Preceded By
Xmas Drama In
Mitchell Hall**

A gala session of carol singing around a giant Christmas tree erected on the upper campus between Harter and Brown Hall will conclude the Christmas program tonight at the University of Delaware. Townspeople and those attending the program earlier in Mitchell Hall are invited to join with the students in singing the old familiar Christmas songs.

A brass octet directed by J. Robert King, of the Department of Music, will provide the accompaniment. Octet members are: Bob Muhler, Bob Boyden, Wilbert S. Everett, Gordon St. Mary, George Schmiedhauser, Robert Walls, Pezzy Munoz and Albert Greenstein.

The opening program in Mitchell Hall at 8:15 p. m. will be a dramatization of a Medieval Christmas legend "Our Lady's Tumbler" with Dr. C. R. Kase directing. The university chorus of 90 voices under A. J. Loudis will be featured.

The play's script was prepared by Miss Peggy Munoz, a sophomore, whose version was selected as the best submitted by members of the script writing class at the university. Miss Munoz has also collaborated with William P. Frank, of Wilmington, in preparing a radio adaptation of the drama, which will be presented by the E-52 Players over WILM tomorrow evening at 8 p. m.

Layton Mabrey, versatile E-52 Player, will take the lead in the Mitchell Hall production. He has also designed the sets. James Quinn, also doing double duty, is both a member of the cast and assistant director.

The chorus will offer a variety of Christmas numbers, and the university's symphonic band, under Mr. King, will play several selections. The organist will be Miss Grace Berry, music faculty member.

BLUMBERG RESIGNS AT UNIVERSITY

**Leaves After 27
Years To Accept
Post At P. M. C.**

One of the most popular members of the University of Delaware faculty and a veteran of 27 years service, Prof. Leo Blumberg, has resigned as associate professor of mechanical engineering to accept a position as head of the engineering department of the Pennsylvania Military College at Chester, Pa. It was disclosed last week. His resignation is effective January 31.

On Feb. 1 he will assume his new duties at P. M. C. as professor of engineering, acting head of the electrical engineering department and coordinator of the school of engineering.

He will continue to maintain his residence in Newark and thus will not resign as chairman of the State Board of Boiler Rules. He has also been a member of the State Engineering Licensing Board for the past 20 years.

A graduate of the University Delaware class of 1916, he has the unique distinction of holding graduate degrees in both electrical and mechanical engineering, the latter from Purdue University. He served in the U. S. Army during World War I and following his discharge joined the faculty of the engineering school of the University of Delaware April 2, 1919.

Professor Blumberg was one of the founders of the Delaware Alpha Chapter of Tau Beta Pi, national honorary engineering fraternity, in 1933. Earlier he organized the Delaware Engineers Club, the local group which formed the nucleus of Tau Beta Pi. He has also been faculty adviser of the Delaware student branch of the American Society of Mechanical Engineers. He is a member of Phi Kappa Phi, national honorary scholastic fraternity, of Sigma Tau Phi, social fraternity, the American Legion, and the American Association of the University Professors.

During his long service at the University of Delaware he has always taken an active interest in the extracurricular affairs of the student body and is probably the most popular among alumni of any member of the faculty as many of the arts and science students came to know him as well as his own engineering students.

XMAS EVE SERVICE IS PLANNED AT ST. THOMAS

The sermon will be given by the rector, Rev. William H. Hancock. A candlelight procession will also be held.

On Christmas morning, a Choral Eucharist service will again be held, beginning at 11 o'clock. The Junior Choir will lead the singing, and the congregation will again have the opportunity to join in the Christmas hymns. The Christmas sermon will be by the rector.

MCDOWELL NAMED AIDE TO J. BOGGS

**To Resign As
U. of D. Public
Relation Head**

Appointment of John N. McDowell, well-known publicity director at the University of Delaware, as secretary to J. Caleb Boggs, U. S. Representative-elect, was announced by Mr. Boggs last week.

Dr. William S. Carlson, president of the University of Delaware, disclosed that McDowell's resignation is effective January 31, and expressed regret at the loss of the capable publicity chief.

In addition to serving as public relations director for the university, McDowell also directed the public relations activities of the university's athletic program and alumni-alumnae office. He also was executive secretary of the University of Delaware Alumni Association.

Boggs and McDowell were classmates at the University of Delaware, both being graduated in 1931. A lifelong Republican, McDowell became affiliated with the Active Young Republicans, Inc., during the last campaign.

He came to the university in March, 1938, as executive secretary of the Alumni Association for an indefinite term. He was a member of the varsity basketball squad in his sophomore year, class secretary in his junior and senior year and treasurer in his last year. He was a member of the Review Staff in his second and third year and a contributing editor in his senior year.

A member of Theta Chi Fraternity, he also served on the Inter-Fraternity Council, was president of the Druids and later was president of the national Druid Fraternity, an honorary sophomore fraternity. He was elected to the Blue Key Society, the Dorelics Club and Phi Kappa Phi, honorary scholastic fraternity.

He served in the U. S. Navy during World War II, being assigned to public relations and intelligence work. Released to inactive duty with the rank of lieutenant on Dec. 3, after 33 months of service, McDowell returned to the university as public relations director. From February, 1942, to February, 1943, he also was a part-time instructor in the department of economics and business administration.

He resides with his wife and two children in Newark and he said recently that his family will remain here, although he will be in Washington most of the time.

School Gets \$1291 In Magazine Drive

Final reports on the magazine drive at the Newark School recently, show that the total sales were \$3,622.50, of which the school's commission is \$1,339.95. Costs of the drive are estimated at \$48.50, leaving the school with a net profit of \$1,291.45.

Skaters Asked Not To Test Ice On Town Rink

Local ice skaters were asked this week to refrain from testing the ice on the community skating rink. Holes broken by over-anxious skaters in the thin film now covering the pond will remain after the rink has hardened, officials pointed out.

A public announcement will be made when the area is ready for skating, which, if the promised cold weather materializes, should be within a week or two.

The public is also warned not to throw dirt or stones on the rink. Some debris has already been scattered on the ice and may become imbedded in the surface when the pond freezes, thereby making a dangerous skating hazard.

The service will include three Christmas hymns and a Responsive Reading by the congregation, and a Prayer by the minister.

The following persons will participate in the service: reader, Mrs. F. W. Leontovitch, arranged by Peter Wilhousky; and "Break Forth, O Beauteous Life," a choral from "The Christmas Oratorio," by Johann Sebastian Bach. For the offertory, Mrs. W. S. Martin will play the "Pastoral Symphony." The subject of the minister's sermon will be "The Voice of Christmas."

The annual Candlelight Service will be held on Christmas Eve at 11 p. m. Mr. Robert B. Davis will accompany the organ on the violin, and Mr. M. L. Boyden and Bob Boyden will play a trombone and trumpet duet—"O Holy Night," by Adolphe Adam. They will be accompanied on the piano by Mrs. Boyden.

2 STAFF VACANCIES AT SCHOOL ARE FILLED

**Shop Instructor
Is Appointed; \$50
Award For Senior
Is Also Approved**

Two new faculty appointments were approved and one resignation was accepted at the December meeting of the Newark School Board, last Friday, presided over by President Joseph M. McVey.

The group also authorized a \$50 award to a deserving member of the current senior class as an aid toward further education. The money is interest accrued from the David Chambers Memorial Fund, which was held in trust by the Hillside School until that district was consolidated with the Newark district. The last stipend from the fund was issued in 1943 to Frances Bartley.

One important faculty post was filled with the appointment of Ellsworth L. Hoffman, Jr., as Industrial Arts teacher, who will assume his duties here January 15. A graduate of Albright College, Mr. Hoffman has taken courses at the University of Pennsylvania and is now studying at Millersville State Teachers College, where he will be certified in the field of Industrial Arts at the end of the present semester.

The second faculty appointment was for the New London Avenue School, where Miss Elizabeth Ann Derry was named to teach grades five and six. A graduate of Cheyney, Pa., State Teachers College, Miss Derry taught for three and a half years at the Booker T. Washington School, New Castle, Del.

The lone resignation was submitted by Irvin Derby, who joined the Newark elementary faculty as instructor for grade five this term. Mr. Derby, whose resignation is effective December 20, stated that he is leaving because he is unable to find adequate housing for his family.

The board also heard a report by Frederick B. Kutz, high school principal, on the observations made by Dr. John Shilling during a recent visit here.

Those present at the session were: President McVey, W. Franklin Wilson, Robert S. Gallaher, also Supt. Shae, Principal Kutz and Mrs. Elizabeth Lawrence, school secretary.

YULE PLAY ENJOYED BY CLUBWOMEN

A large audience of members and guests attended the annual Christmas program of the Newark New Century Club on Monday evening, when Mrs. Virginia Grant Collins presented an original version of the Christmas Story in verse and song.

Mrs. Collins was the narrator, and Mrs. Margaret Copson, of Wilmington, was the vocalist. The accompanist was Earl Collins.

The stage set, arranged by Mrs. Richard Snyder and Mrs. Raymond Heim, featured a large creche surrounded by evergreen trees. Tall candelabra were also used. A nativity scene was placed in front of the stage.

The reception room was decorated with pine boughs and cones, and the tea table was tastefully arranged. Tea hostesses were Mrs. Frank Simons, Mrs. R. W. Heim, Mrs. George Hyde, Mrs. F. W. Jahns, Mrs. R. T. Jones, Mrs. Ralph Klair, Mrs. Francis Lindell and Mrs. Anthony Loudis.

Dancing Instruction At NHS Gym Classes

Gym classes at the high school have taken dancing lessons for the past two weeks, under the direction of Mrs. Grace Gibb and Walter Matt, physical education directors.

The classes were instructed in such steps as the fox trot, waltz, and rumba. Proper etiquette for dances was also practiced during the classes.

Library Closed For Remodeling

The Newark Town Library will be closed until further notice, it was announced by the Librarian yesterday.

The room is being remodelled, it was said.

HOUSEWIVES GIVEN SUGAR SAVING HINTS

Recipes For Sweets Despite Sugar Shortage

It may take a little forethought and ingenuity to fill the cookie jar this Christmastime. No relief for the sugar shortage is in sight for some time to come. But enough cake, cookies and candies to fill the holiday "sweet-tooth" can be made from sugar-saving recipes, say Miss M. Gertrude Holloway, State home demonstration leader and nutrition specialist for the Delaware Agricultural Extension Service.

Honey is a satisfactory sweetening agent and adds variety and a desirable flavor to baked products. If you substitute medium thick honey for one-half the sugar in a cake, reduce the

liquid in the original recipe one-fourth. If honey is substituted for all sugar, reduce liquid one-half.

Molasses, like honey, can be substituted for sugar, cup for cup, but most recipes for which molasses is substituted require a reduction in the original liquid content. If you use corn syrup, in place of sugar, the liquid in the original recipe should be reduced by one-third.

The following recipes suggested by Miss Holloway as appropriate for the holiday season, are also sugar-savers:

Honey Fruit Bars

Three-fourths cup sifted general purpose flour, $\frac{1}{4}$ teaspoon baking powder, $\frac{1}{4}$ teaspoon salt, $\frac{1}{4}$ cup chopped dates, $\frac{1}{2}$ cup chopped nuts, 2 eggs, well beaten, 3 tablespoons shortening, melted, $\frac{1}{4}$ cup honey, $\frac{1}{4}$ cup confectioners' sugar. Sift the flour, measure, add the baking powder and salt, and sift together twice. Mix with the chopped dates and nuts. Beat the eggs, add the melted shortening and honey, and blend well. Add this mixture to the dry ingredients and stir until thoroughly combined. Pour into a well-greased pan about 8 inches square and bake for 35 minutes in a moderate oven (350 degrees F.). Cut in strips about 1 inch wide and roll in confectioners' sugar. (The latter is not necessary).

sugar. (The latter is not necessary).

Chocolate Corn Syrup Brownies

One cup sifted general purpose flour, $\frac{1}{2}$ teaspoon baking powder, $\frac{1}{2}$ teaspoon salt, $\frac{1}{2}$ cup shortening, 1-3 cup sugar, 1 cup corn syrup (dark), 2 eggs, separated, 2 squares unsweetened chocolate, melted, 2 teaspoon vanilla, $\frac{1}{4}$ cup milk, 1 cup nuts. Sift the flour, measure, add the baking powder and salt, and sift together twice. Cream the shortening until soft; add the sugar gradually. Stir in the corn syrup in several portions, blending well after each addition. Beat

the egg yolks and add. Then stir in the melted chocolate and vanilla. Add the sifted dry ingredients and nuts alternately with the milk, beating well after each addition. Beat the egg whites until stiff and fold into the batter until thoroughly distributed. Spread in a greased pan about 10 by 15 inches and bake in a moderately hot oven (375 degrees F.) for 20 to 25 minutes or until an inserted toothpick comes out clean. Remove from the oven, cool a few minutes, then cut into bars.

Do you think steel profits are *big*?

Recently in a nation-wide poll most people guessed that steel profits were about 20 cents on each dollar of sales. They said 10 cents would be about right.

Actually, for the past ten years steel company profits have averaged less than 5 cents on each dollar of sales.

Although profits continue low, wages, employment and production are near record levels.

EMPLOYMENT

The number of wage earners is not far from the highest in peacetime steel history—20 per cent above the 1929 level.

WEEKLY WAGES

Weekly wages in steel industry in the third quarter of 1946 were 63% higher than in 1939.

PRODUCTION

Despite strikes earlier in the year, steel production in 1946 was headed toward a new peacetime record until the November coal strike.

STEEL COMPANY PROFITS

Average profit per dollar of sales in 1946 is lower than it was in most good prewar years.

NHS Xmas Decorations Are Work Of Students

Colorful Christmas decorations were completed this week at the Newark schools under the direction of the Art Department with Eugene Kelechava in charge. The main corridors and the inside of the high school building have been enlivened with bright yuletide ornaments.

One of the outstanding features of the project is the large electrical star mounted on the face of the building. Most of the homerooms have decorated trees and set up border ornaments.

The elementary grades have also joined in the spirit of the season, and some rooms have been quaintly re-modeled to appear as toy shops.

We're not sure that we know the lady mentioned in the following item, addressed to Mr. Ward, of the Newark Post, but some of you may know her. Here 'tis:

"The poem 'Herald Thru,' by Susan Sharp Adams, was read over the Stargazer radio station WNYC, on Sunday morning, December 15. This is the third of Mrs. Adams' poems to be read over this station recently, the others being, 'Token of Remembrance' and 'By-Pass' from her third prize award booklet 'Ebb-Tide,' won in 1945. Mrs. Adams is an active member of the Wilmington Poetry Society and is a recent co-winner, with Miss Alison Kimball, of the first prize Biennial Award of the society."

Aetna Hose, Hook & Ladder quarters appropriately lit-up for the firemen's annual meeting, last Thursday, attended by nearly 150 staunch and true flame eaters. Being sixteenth assistant pipeman, (but not in very good standing) we deeply regret the circumstances that compelled our absence from this affair.

Incidentally, the fire house is, as usual, the most strikingly lighted building in (or out) town again this Yule season.

The town honor roll also presents a pleasing sight with its two electrically decorated Christmas trees on each side of the list of names. The accompanying recordings of carols, aired continuously over a loud-speaker arrangement, are also attracting considerable comment . . . but they don't begin to compensate for the absence of the pre-war Christmas street lighting project.

First discernible snow in Newark fell lightly—and briefly—here Monday afternoon about three o'clock. However, lowering skies and weather forecasts do not preclude the possibility of a white Christmas.

If University and alumni officials didn't make one of the biggest mistakes of their careers in letting Alumni and Public Relations Director John N. McDowell resign from the post he has built to its present state of efficiency, we'll miss our guess.

A swell fellow, a conscientious, loyal and diligent worker and a man definitely destined to go some place, McDowell has done more, single-handedly, to publicize and promote University activities than any one or group of men in the state.

Now an ordinary individual may build a home for himself . . . without a lot of F. H. A., O. P. A., and C. P. A. red-tape. Maybe—just maybe—if we live long enough and if pig-headed labor leaders (excuse that, should have been 'big-headed') are whittled down to their rightful size, this country may once again resemble America—before Roosevelt.

The Muhlenberg Mules, rated one-half point favorites over St. Bonaventure in pre-game odds, beat the rating to down the Saints 26-25, at Lexington, Ky., last Saturday.

State duckhunters protesting that 1946 was the worst season in many a year, due to an extremely late fall and the early season-closing date. Rabbit hunters also are loud in their protests over the lack of game . . . but this is not due to the weather or season but rather to the decreased restocking done recently by the State Game Commission, they say.

Notice in Murray Ewing's Cecil Whig where the council of Newark has decided to hold up the placing of their order for parking meters to be installed on Main Street . . . due to strenuous objections voiced by merchants and taxpayers.

For the present this is true—but, the time will come when this step will have to be taken . . . whether we like it or not. But, we agree, that the time is not yet.

Night spots in New Castle County so booked up by expectant New Year's Eve revelers that Smyrna's smart new "Padlock" is drawing reservations from this area.

Hoagy Carmichael's own vocal recording of his smash hit, "Ole Buttermilk Sky" far below rival crooners' interpretations of this popular number.

Former Governor Edward W. Cough's latest historical work, "Delaware Historic Events" hit the bookstands in time to make swell last minute gift items.

With men of the calibre of our Paul D. Lovett on the Board of Trustees at Ferris Industrial School, it's a pretty safe conclusion that former scandalous conditions have been eliminated at that institution.

If you're one of the more than half the motorists in the state whose vehicle registration expires December 31, you'd better hustle and get it renewed as the old tags won't be honored after midnight, January 1.

Not too much publicity has been given the Newark quintet in their quest of County League basketball honors but the locals are battling a cool 1,000 (literally) to date . . . having won three straight games to tie with the Wilmington A. C. for the league lead. These two teams tangled Tuesday night to break the deadlock but, as this was written before the game, we can only hope the Newark hoopers emerged unscathed.

Having heard many favorable comments on the food and atmosphere at the nearby Charm House, we ventured out Sunday to give this well-exploited appetite-quencher a first hand going over . . . only to find about 25 others ahead of us, waiting their turn. Needless to say, it's still all heresy with us but where there's that much popularity it must be deserved.

NEWARK A. A. TAKES LEAD IN COUNTY LEAGUE WITH 39-31 WIN OVER WILMINGTON A. C.

Extend Streak To Four Straight; Previously Overwhelm Hanover By 94-78 Count; Schedule Uncertain After Next Three Circuit Games

Newark A. A. assumed first place in the New Castle County Basketball League Tuesday night, toppling Wilmington A. C. by a 39-31 score. The victory extended the locals' streak to four straight.

Previously, against Hanover, the Newark cagers went on a scoring spree, sinking a total of 45 field goals and 4 fouls to smother unhandy Hanover by a 94-78 count.

No Wrestling Scheduled At Armory Over Holidays

It was announced yesterday by Matchmaker Jimmy Houghton that no wrestling show would be presented at the State Armory for the next two Thursday nights.

Houghton, who recently returned from a trip to New York in search for top-notch mat talent, said that the majority of the wrestlers in and around New York, and elsewhere, were planning on taking vacations over the Christmas holidays.

The next outstanding wrestling show will be presented, however, on Thursday, January 2, and Houghton said that it would measure up, in quality, with preceding shows.

DEL. TRACK DATES SET

Meet Scheduled May 29-July 5

Delaware Park has applied to the Delaware Racing Commission for its traditional dates beginning May 29, 1947, and running for thirty subsequent racing days to and including Saturday, July 5, 1947. There will be three dark Mondays, June 2, 9 and 16.

The announcement was made by Bryan Field, vice-president and general manager, who also stated that the leaders of his course were especially proud of the splendid entry still retained in Delaware Oaks and the Diamond State Stakes, each of which will gross close to \$25,000 in 1947.

In addition, Delaware Park runs three other \$25,000 events, The Kent, The New Castle Handicap and The Sussex Handicap.

Among those remaining eligible for the Diamond State Stakes are: Double Jay, recently voted the leading two-year-old; as well as I Will, Better Value, Blue Border, Pad Lock, Brabancor, Cosmic Bomb, Donor, Jet Pilot, Royal Governor, Khyber Pass and World Trade. Double Jay and Royal Governor are Wilmington owned horses.

In the Oaks eligibles include First Flight, recently voted champion filly; and Telk, Bimlette, Snow Goose, Pipette, Annieopsquitch and Our Pug.

JACKET COURT SQUAD CUT TO 20; DRILLS FOR DEBUT WITH SALLYS HERE JAN. 3

Coach MacDonald Not Optimistic On Prospects For Season; Doubts That Team Will Equal Last Year's Mediocre Record; Men Lack Height

Coach Leo MacDonald cut his squad of Yellow Jacket candidates to a permanent 20 this week as he stepped up drills for Newark's court opener with Salesianum here on January 3.

Pointing out that lack of height and reach among the Jackets' hopefuls are again his major problems in building a starting quintet, the Newark mentor said he was none too cheerful about prospects for the current campaign. In fact, he doubts that the present crop of Jackets will be able to equal last year's mediocre record.

Although he has four experience carry-overs from the '46 varsity, MacDonald pointed out that he has no adequate replacement for Capt. Eugene Schuen, last year's captain, lost through graduation. Besides being the tallest man on the team, Schuen was the leading point maker and a bulwark on defense. Second tallest man, Don Butterworth, was also lost through graduation.

In addition, Newark faces a tight schedule this year, he claims. The Jackets' four victories last year were gained through home and home games with Oxford and Middletown, neither of which are on this year's card. Reserves are another worry. Even if MacDonald succeeds in flooring a fairly creditable starting five, he has experienced manpower to draw on for replacements. "We may win one or two games this year," he said.

The four lettermen are Joe Saccone, Bob Gregg, Tony Cosetti and Don Martin. The remainder of the permanent squad includes: Earl Gray, Ronald Rich, John Miller, Carroll Mumford, Tom Murphy, Jim Ford, Dick Wallaston, Don Renshaw, Don Rumer, Jack Ferro, Phil Harrison, Buddy Palmer, Bill Records, Clifford Moore, Don Trent and Bill Marrs.

Additional supplies are being received daily at the New Castle County Airport by the 20 full-time employees of the Blue Hen squadron.

Among the most recent additions have been four two-and one-half-ton trucks and trailers, four portable air compressors, and several tool kits and special apparatuses for propeller maintenance and wheel changes.

FACULTY PAY RISE IS URGED AT U. OF D.

Two of the most pressing problems facing the University of Delaware are faculty housing and increased salaries. Dr. William S. Carlson, university president, stated in his first semi-annual report to the Board of Trustees at their meeting in Newark this morning.

Action on these two items, the president recommended, should take precedence over anything else to be accomplished this year. For, he said, the procurement and retention of an able faculty is contingent upon solution of these two problems.

Although the university had an unprecedented enrollment of 1696 undergraduates this fall, and although a total of 3663 persons were under instruction of collegiate grade provided and directed by the University of Delaware, it should continue to be realized, the president stated, that the peak of enrollment probably will not be reached until 1948, by which time each of the

classes may have paralleled the present freshmen enrollment of over 800. This means, his report continued, that even the present vastly expanded staff must be further increased. In order to acquire and retain faculty members of the calibre desired, salary schedules must be adjusted to compare favorably with those of competing sources, Dr. Carlson said, and in addition it is urgent that the university adapt and execute some plan to provide adequate housing for staff members and their families.

Dr. Carlson also lauded the high calibre of the students now in attendance and emphasized the fact that the best in education must be offered them. He supported his statement by referring to the results of the American Council

on Education psychological examination administered last September to freshmen entering the university.

Dr. Carlson also informed the trustees that a committee, after a thorough in-

vestigation, has reported favorably upon the desirability of establishing at the university a psychological service center. Such a center, it was suggested, should be activated when the present

educational guidance center now operated in Wilmington by the university under contract with the Veterans Administration has passed its peak of usefulness as a veterans service agency.

BETTER DO YOUR CHRISTMAS CALLING EARLY

Christmas is always a busy season—especially for out-of-town telephone calls. This year it will be busier than ever. There are bound to be delays on Christmas Eve and Christmas Day. The wires will get so crowded that some calls (particularly to distant points) won't get through at all. You'll be wise to start your "Christmas calling" early.

DEL. CANCER GROUP LISTS 3-FOLD PLAN

The fostering of cancer research, the providing of care for needy cancer patients and the dissemination of information concerning control of the disease were given recently as the three-fold purpose of the Delaware Division of the American Cancer Society by Mrs. Thomas D. Mylrea, state commander of the society's field army.

Cancer research, Mrs. Mylrea said, is directed by the National Research Council, which also supervised the development of the atomic bomb.

A portion of the funds collected in the society's annual financial campaign in Delaware is contributed toward the national research program in which \$2,500,000 is being spent this year. Research is directed in the fields of chemistry, biology, physics and nutrition in efforts to find the cause and cure of the disease, which is responsible for one of every eight deaths.

"There is no disgrace in having cancer," Mrs. Mylrea declared. "The disgrace is in neglecting it." Emphasizing that early cancer is curable, she said that the only known cures have been accomplished through three methods—surgery, X-ray, and radium—in competent hands.

Predict Sharp's Election As GOP County Chairman

The election of Bayard Sharp of Centerville, former naval officer, as chairman of the Republican County Committee to succeed Frank W. Schroeder of Delaware City, is expected next week, Mr. Schroeder, who is resigning, disclosed recently.

The present chairman, elected last spring, is secretary to U. S. Senator C. Douglas Buck and can no longer spare the time from this post required for the chairmanship.

"Gripping" Duck Hunters Face More Restrictions

William Baxter, Jr., chairman of Ducks Unlimited in Delaware, said recently that further restrictions on hunting of wildlife next fall may result from continued unjustified complaints of duck hunters in this area.

Mr. Baxter stated that "there is too much 'gripping' of shortage of ducks without the facts to back it up." "The Delaware gunners were handicapped by 'bluebird weather,' which made hunting poor," Mr. Baxter said. He described the bluebird weather as being warm, pleasant days, not good for duck hunting.

The open season for Delaware, in the intermediate zone, opened Oct. 26 and closed Sunday night. The season in Maryland, in the southern zone, was from Nov. 23 to Jan. 6.
