

ON BOARD

S. S. Argentina

Saludos -

Ara Donnie -

The weather is wonderful, the ship comfortable, the passengers pretty uninteresting, the food only fair, the quarters most ample, the Captain an old friend. He shall enjoy the trip. We had your cable and are soon home. Many thanks.

I know as hoping it would be a boy. There are some things we can't control and do anything

about!

The South seem to have very
news abroad - almost complete
isolation. The South & Sunday in
Mimicry when I can see the
books at the Convent.

Marion joins in love & good
wishes to you all. I can't tell
how much we are enjoying
with you. Take care of your-
self.

Truly yours
