

## RECREATION CENTER TO OPEN HERE TOMORROW

**Headquarters  
For Women War  
Workers Opens  
Friday Evening**

The Newark Community Service Center, recreation headquarters for women defense workers here, will open tomorrow evening in quarters established in the Academy building at corner of Main and Academy Streets. The headquarters will be in the right wing of the building next to the library.

Following preparations this week, the center has been comfortably furnished and is provided with entertainment facilities, including a radio, piano, and a variety of games. Materials for letter writing will also be provided. Adding much to the atmosphere will be an open fireplace, which has been prepared for use by the committee.

Residents of the town are invited to visit the center and inspect the work of the committee.

The recreational activities program, of which the center is to be the headquarters, is expected to get underway shortly, offering a variety of entertainment events.

Initial step will be the circulation of a questionnaire among the women workers, which will seek to discover the type activities most popular in the group. By this means, the committee hopes to get definite ideas around which to organize the project.

While believing it has sufficient funds now assured to start the project, the committee stresses the fact that contributions from organizations and civic groups yet unheard from are badly needed. With many groups pledging monthly sums to support the center, the committee expresses the hope that others will follow suit.

The recreation program will also benefit from both performances of the E 52 Players' opening play this season, "The Eve of St. Mark," proceeds of which the players have offered for the work of the project. Tickets sold outside the University are being handled by Mrs. J. F. Dougherty and her committee in charge of the Community Service program.

Executed by the National Council of Civilian Defense and the Town Council of Newark the agreement calls for \$5,000 worth of equipment to be loaned to the Town for the duration. Town officials executed the necessary bond and word has been received from the office of W. V. Logan that supplies will be shipped as soon as possible.

Included in the list of much needed equipment are the following items: equipment for medical teams, equipment for casualty stations, stretchers, folding cots, first aid pouches, 400 arm bands, 119 gas masks, 22 suits gas protective clothing, 90 steel helmets, 20 firemen's helmets, 20 firemen's turn-out coats, 20 pairs firemen's pants, 2 trawler pumps, 2 skid-mounted pumps, 248 pump tank extinguishers, 20 pairs firemen's boots.

Fire Chief Elmer J. Ellison has been appointed property custodian for the equipment which will be placed in the local fire house upon its arrival.

## Install Heating Plant At Possum Park Post

Spotters at the Possum Park observation post need no longer fear the cold winter nights to come. Volunteer workers led by assistant chief observers were on the job this week installing a modern and thoroughly adequate heating appliance designed to provide plenty of warmth on the coldest night. The heating plant, erected on the ground floor, is piped to a ventilator in the watching tower. The mechanical thermostat assures an even temperature twenty-four hours a day and requires little attention. An auxiliary electric heater is on hand for emergencies.

## ALUMNI REUNION AT U. OF D. ON NOV. 7

**Gen. Reybold

Featuring the University of Delaware's annual homecoming program on November 7 will be an address by Maj. Gen. Eugene Reybold, chief of the Army Corps of Engineers. General Reybold, an alumnus of the University, will speak at the banquet Saturday evening.

The homecoming program will open in the afternoon with a football game between the undefeated Blue Hens and Swarthmore College on Frazer field. The kick-off is scheduled for 2:15 o'clock.

Following the game, a reception for the alumni will be held in The Knoll, home of President and Mrs. Walter Hullahen, at which General Reybold is expected to be present.

Other speakers at the banquet in the evening will include Dr. Hullahen who will discuss the "University and the War" and Dr. J. S. Gould, head of the university's Department of Economics and Business, now on leave of absence to serve with the Board of Economic Warfare.

Those returning for the homecoming program will have an opportunity to inspect the unfinished field house.

It was announced that because of transportation difficulties the usual mid-winter alumni reunion and banquet will not be held this year.

Members of the homecoming committee are: Alban P. Shaw, '10, chairman; Charles W. Bush, '03; Harry W. Loose, '20; and Joseph M. Cherpak, '26.

## PTA TO MEET ON MONDAY

**Reservations  
Should Be In  
By Tomorrow**

Due to the fact that Delaware State Education Association will meet today and Friday of this week, and that Newark teachers will attend the two-day meeting in Wilmington, Newark parents who expect to attend Parent-Teacher Association supper meeting next Monday night are advised to telephone their reservations to the High School office by Friday of this week.

Reservations may also be made by getting in communication with Mrs. A. L. Osterhof and Mrs. R. M. Thompson, Hospitality Chairmen. The meeting Monday will be the first meeting of the Association this school year and will feature a nutrition demonstration in the school cafeteria beginning at 6:00 P. M. Parents will have an opportunity to see the Cafeteria in operation and will purchase food that is served daily to the students and at the same minimum prices the children pay. After the supper the general meeting will be held in the High School Auditorium.

Reports will be made by committee chairmen, followed by five minute talks by several speakers on the subject of nutrition. A report will also be made on the results of the membership drive.

## DRIVE FOR SOLDIERS' XMAS GIFTS

**Still Short  
Of Goal As  
End Nears**

Passing the three-quarter mark this week, the Mayor's Committee campaign for funds to provide soldier's Christmas gifts is moving into a intensive stretch drive towards its goal of \$1250.

Assisted by Girl Scouts and other organizations, the committee has raised to-date a total of \$968.00, leaving a considerable margin before sufficient funds are secured to insure a Christmas gift for every Newark boy in the armed services.

Stressing the urgency of the time factor, the committee asks residents who have not contributed to do so as soon as possible in order that those in charge may attend to packing and mailing before the postal deadline on soldier's gifts.

Featuring the drive this week will be a movie benefit at the State Theatre, on Monday and Tuesday for the show "Eagle Squadron". Tickets are being sold by Girl Scouts and by Mrs. R. E. Price and Mrs. Frank Simons.

A last-minute effort to complete its mailing list is also being made by the committee, which urges parents and relatives to send in the names and addresses of men in the service.

## LIONS SEE GRID FILM

**Ladies Invited  
To Charter Night**

President L. T. Staats conducted the regular weekly dinner meeting of the Newark Lions Club, held in the country club, Tuesday evening.

Members present were treated to the presentation of films of the recent Delaware vs. Lakehurst football game played at Wilmington in which the U. of D. gridgers downed the Jack Banta led pros by a 20-0 count.

Projected by Assistant Coach Emory Adkins who was also program chairman of the evening, the film was enthusiastically received as members interested followed the play-by-play description given by Coach Adkins.

George M. Haney, Charter Night committee chairman, reported that the annual Charter Night observance would be held Tuesday evening, November 17, at six thirty o'clock, with ladies invited. A program of entertainment is being prepared and it is hoped that District Governor Banks will be present.

## ALL OUT COLLECTION OF SCRAP NOVEMBER 8

**Army Trucks  
And Volunteer  
Workers To Aid  
In Area Drive**

Members of the Newark Salvage Committee met in Town Council offices Monday evening and designated Sunday, November 8, as the date for an area wide scrap collection day for Newark and adjacent territory.

Col. Rust, chairman of the State Salvage Committee, was present and discussed the tremendous success of a similar drive recently conducted in the Dover area where more than 40 tons of scrap metal were collected in one day. Pictures of the Dover campaign were also shown.

Local salvage trucks, volunteer trucks and army trucks from Fort DuPont will be used in the collection here, November 8. Trucks will make a complete canvass of every home in the Newark area in an all-out endeavor to bring Newark's scrap collection to the highest possible peak.

Residents of the entire area, both in town and rural sectors, are urged to have all available scrap in readiness for the trucks when they call. Town residents may phone Chairman K. W. Oberlin, at 511, and have their names placed upon the collection list, if they desire.

Lunches will be served truck drivers and volunteer workers as they report to unload their collections of scrap at the depot by Mrs. R. O. Bausman and Mrs. A. J. Doordan, canteen committee. Paul D. Lovett has been named to secure volunteers to ride the trucks and assist in the collection.

Other committee heads named at the meeting were: George M. Worrlow, routing of trucks; R. T. Ware, publicity; Eugene Stiltz, to secure volunteer trucks and George E. Ramsey, store-keeper of the scrap.

## KRAEMER ADDRESSES ROTARIANS

**Asks Support  
Of Community  
Service Center**

Father Eugene J. Kraemer made a plea for financial support of the Community Service Center for women defense workers Monday night at the weekly meeting of the Newark Rotary Club in the College Inn. President T. Russell Silk presided.

Outlining the importance of the recreational project being established here, the speaker suggested it was the responsibility of all to contribute either financially or morally.

The center, he said, will open this week in quarters in the Academy building. Father Kraemer is chairman of the budget committee for the plan.

Program chairman at Monday's meeting was Samuel Handloff. Thomas Manns, Jr., of Philadelphia, was a guest.

Speaker at next week's program will be Dr. William F. Campbell, of the Hercules Experimental Station, Wilmington. In charge of the program will be Lester Scotten.

## SCHOOL DRIVE NETS 40 TONS

In their one-week drive, pupils at the Newark Public School raised a mountain of scrap totalling over 40 tons, school authorities said this week, in praising the students for their enthusiastic response.

Boistering the pile on the school grounds were four discarded automobiles, along with a variety of iron and steel salvaged by the children in their homes and neighborhoods.

The one-week drive, officials stress, is only the first stage of the school campaign, with students urged to remain "scrap-minded" for the duration. Other drives, emphasizing various types of waste, will be conducted periodically.

The school drive was greatly furthered when F. T. Warrington, vocational agriculture instructor, assisted by a corps of students scoured the rural sections for waste, using Mr. Warrington's car and trailer and the Salvage Committee's truck.

## Speaks At Rally

Harry H. Dougherty

Harry H. Dougherty, 219 Main Street, the Democratic candidate for representative from White Clay Creek Hundred was one of the principal speakers at the Democratic Rally held at Center Hall, Main and Choate Streets, on Wednesday, October 21st. In his talk Mr. Dougherty stated that this was the first time that he had sought public office and pledged himself to represent the interests of all the people of the district. He also stated that he was retired and had the time to devote to his duties in the Legislature and thus was entirely independent of any employer or other special interests.

## E 52 PLAY FOR BENEFIT OF SERVICE CENTER

**Proceeds of Both  
Performances Of  
Eve of St. Mark  
For Newark Center**

The Newark Community Recreation Center will benefit from the two performances of Maxwell Anderson's new play, The Eve of St. Mark, which the E 52 Players will present in Mitchell Hall on Thursday and Friday, October 29 and 30. Tickets for sale outside of the University are being handled through a committee headed by Mrs. J. Fenton Dougherty and community religious and service organizations. Tickets may also be purchased at Rhodes Drug Store. There will be no reserved seats.

The Eve of St. Mark has been acclaimed by critics and public alike as the greatest war play to come out of the American theatre. It is now running in New York to capacity audiences. The E 52 Players are one of some 45 community and educational theatres offering the play to audiences from coast to coast.

More than one echo of that memorable war play of the 20's "What Price Glory," are to be heard in The Eve of St. Mark. Here is a simple story, describing the induction of a country youngster in the army, who, like millions of other young men, determines to defend that pattern of existence called Democracy.

Walter Winchell calls it the first hit of the year on Broadway. Last Sunday one of the dramatic scenes of the play was presented over the Columbia Broadcasting system. Tickets for the play in New York are selling eight weeks in advance. Never has a Newark audience been given the opportunity to see a smash New York hit while it is still running in New York.

The play is being directed by Mrs. C. R. Kase, who has directed many productions by the local University Drama Group. Francis X. Gallagher is Technical Director.

## DRESSING STATIONS

With the Sector Dressing Station at the St. Thomas Episcopal Church Parish House as a working model, local civilian defense officials plan the erection of six more similar stations here in the immediate future.

Funds approved by the Town Council will be used in furnishing the stations with necessary cots and supplies. H. L. Bonham said yesterday. The six additional stations will be erected at the following locations: Newark Colored School, American Legion Building, Dr. Swan's office, Country Club, New Century Club and in the Men's College gymnasium at the University of Delaware.

## ARTISTS SELECTED BY CONCERT COMMITTEE

**3 Programs  
Arranged By  
Association;  
Dates Listed**

Three celebrated musical artists, including William Kapell, pianist; Charles Kullman, Metropolitan Opera tenor, and Gregor Platigorsky, generally regarded the world's greatest cellist, have been selected by the Newark Community Concert Association for its forthcoming season.

The artists will be brought to Mitchell Hall, University of Delaware, stage through the support of music lovers in this vicinity.

The selections were made recently by the Association's artist committee, following completion of a successful campaign for memberships. Subscriptions this year showed a considerable increase over last, placing the Newark association once again among the leaders in the nation's small town concert groups.

The season will open November 5 with the appearance of William Kapell, rising young American pianist and winner of numerous coveted prizes, who is being increasingly acclaimed by music lovers throughout the country.

Charles Kullman, leading lyric tenor of the Metropolitan Opera, will be next on the program, coming to Mitchell Hall on February 5. Well-known to millions of Saturday afternoon opera listeners, who make up the Metropolitan's radio audience, Mr. Kullman has also sung with the Chicago and San Francisco Opera companies.

Gregor Platigorsky, world's greatest cello virtuoso, will appear here on March 9.

Subscribers will receive their memberships well in advance of the first concert, assure committee members. All concerts will begin at 8:15 o'clock. No admissions will be sold at the box office and no seats will be reserved.

About ten members of the Association comprised the artist committee, which arranged this season's concerts.

**103 Transfers

## RUBBER APPAREL RATIONING

Six Types Of  
Boots And Shoes  
Being Rationed

Delaware farmers wishing to purchase rubber boots or rubber work shoes for use in farm work, must make application to their local War Price and Rationing Board.

Six specific types of men's rubber boots and work shoes have been included under a ration order recently announced by the OPA.

These six types are: Hip-height boots; over-the-knee rubber boots; all heavy short rubber boots; all light weight short rubber boots; rubber pacs and booties 10 inches or more in height; and rubber pacs, booties and work shoes less than 10 inches in height.

To obtain certificates for use in purchasing rubber boots or rubber work shoes a farmer must establish the fact that the actual work he performs is essential.

For those who have rubber footwear on hand here are some things to remember—Rubber is precious—keep rubber footwear away from heat and sunlight—Clean it with mild soap and warm water and rinse thoroughly—Be sure to remove grease and oil promptly—Keep in a cool, dry place—Avoid folding or creasing—Have tears and worn places repaired at once before they get any worse.

# "Thumbs Up

# AMERICA!"

There Isn't ANYTHING  
As Important As  
WINNING THE WAR  
Work and Save  
For  
VICTORY!

It may take everything we've got to win this war but Americans have never lacked the courage to make sacrifices. Personal sacrifice built America . . . made it strong . . . kept it alive through every crisis.

We Americans of today are no less courageous than our forebears. If greater sacrifices are needed to win this war, we shall make them. For in the end, when victory is ours, we shall still have our freedom . . . and courage . . . and our Country. The Pilgrims had no more than that. We need no more to build a greater, stronger America for posterity.

Thumbs up America. Our Country needs our money to fight this war. Have courage . . . keep faith . . . and put all you can into U. S. War Bonds NOW!

## LOCAL BLOOD DONORS ASKED TO REGISTER

The Government is asking for thousands of units of human blood a month to be used in transfusions to save the lives of soldiers, sailors and civilians suffering from shock following injuries, hemorrhage, or burns. The Red Cross Blood Donor service is the answer to this request. It is meeting a basic National Defense need. Through this service, volunteer blood donors have an opportunity to take vital part in the war program.

In reply to numerous questions, prospective donors are advised by authorities that there is no pain involved, only one pint of blood is taken, and the entire procedure requires only forty-five minutes. The donor is fully safeguarded under the direction of competent physicians. Normal activities can be resumed following the donation.

Any healthy man or woman between the ages of 21 and 60 years can be a voluntary blood donor by making an appointment with the Red Cross Blood Donor service.

The Philadelphia Red Cross Mobile Unit will be at the Newark New Century Club on Tuesday, November 10, from 1 to 6 p. m. Donors may register at the local Civilian Defense office any day between 1 and 4 p. m., and on Wednesday and Friday evenings between 7 and 10 p. m.

## HENS' WINNING STREAK MOUNTS TO 11 IN ROW; FACE DICKINSON NEXT

### Blue Hens Place 11 Game Victory Streak On Scales When They Invade Carlisle; Clear Major Barrier By Drubbing Gettysburg 13-0 Friday

With the possibility of an undefeated season emerging gradually out of the dream stage, the University of Delaware gridders will sally forth to Carlisle, Pa., Saturday, to place their victory streak at the mercy of the none-too-gentle Dickinson College Red Devils.

## RED DEVILS PLAN NEW OFFENSIVE FOR HENS

### Doug Rehor Still Tops In Passing Department

Pleased with his charges' showing last week, Coach Benny James, of the Dickinson Red Devils, is planning a more varied attack against the Blue Hens Saturday in an effort to take some of the offensive burden from the shoulders of see Doug Rehor.

Against Washington and Jefferson last week, Rehor was almost the entire show, completing nine out of twenty-one passes, and accounting for considerable yardage on the ground, as the Red Devils turned in a 14-6 victory.

Saturday's meeting on Middle Field between the University of Delaware and Dickinson will mark the nineteenth meeting between the schools, dating back to 1911. Since that time, Dickinson has won 13 games to Delaware's five. Last year, Coach Bill Murray's rugged squad rolled up a 28-0 victory, the first time since 1935 the Blue Hens triumphed.

The Dickinson eleven last season was dubbed Rehor and Company in recognition of the splendid play of this great passer from Loomis, Mass. and spectators last week saw little reason to change it as the big Red and White fullback completed nine out of 21 attempted forward passes for a net gain of 79 yards; carried the ball on running plays 11 times for a net gain of 34 yards; made one of Dickinson's three pass interceptions; punted nine times for an average of 44 yards per boot and returned one of W. & J.'s two kickoffs for 24 yards. In other words, on the offensive Rehor handled the ball for Dickinson 82 percent of the time.

Rehor's showing is no surprise to Delaware followers who may recall his play of last year when he completed 12 out of 34 passes against the Hens for a net gain of 123 yards. Due to his passing the Red and White rolled up 16 first downs to Delaware's five.

## WHIRLAWAY ASSIGNED TOP WEIGHT

Whirlaway, turfdom's leading money winner for all times, may have an opportunity to even the score with Alsab this Saturday, following the former's assignment of top weight of 130 pounds in the renewal of the \$15,000-added Washington Handicap.

Racing Secretary John P. Turner, announced weights for the mile and a quarter event today rated the long-tailed speedster from the Calumet Farm Stable of Warren Wright four pounds over the scale, and assigned Alsab 123 pounds, three above scale.

Among other likely starters is the Washington, Louisiana Farm's Riverland, which has come home first in his last eight starts, but been disqualified twice, will carry three weight of 118, followed by W. L. Brann's veteran Challendon, 117, and Valdina Farm's Valdina Orphan, 114.

## Newark Kegler Misses Bowling Award By One Pin

"Pie" Fulton, kegler for the Continental Plant No. 1 team in the Wednesday Night League, missed winning the News-Journal award in War Savings Stamps for scoring 300 or better in three consecutive games in league competition by one pin last Wednesday.

Bowling against the Texaco combine, he drew individual scores of 199, 201, 212, falling in the first game.

The News-Journal award open to anyone in league competition is \$1 in War Savings Stamps for three 200 or better game scores, with the individual turning in the most such scores getting a \$25 bond.

The same awards are also offered women who score 150 or better in three consecutive games in league competition.

## NEW BAN MAY END ALL DUCK HUNTING

### Navy Rule Prohibits Use of Boats Before Sun-Up

Delaware duck hunters are banned from using boats before sunrise, according to a notification received recently from the Fourth Naval District. The restriction, it is claimed, will practically stop all duck shooting in the area, since hunters, prevented from leaving their docks before sun up, will not be able to reach the blinds and set out decoys in time to catch the early morning flights.

A wartime restriction, prohibiting use of all rowboats and power boats before sunrise was handed down by the Fourth Naval District last March. The district includes Delaware, Pennsylvania and southern New Jersey.

Previous Department of Interior rulings on hunting have prohibited shooting of ducks before sunrise, but it has been the hunters' custom to leave their docks before that time, set out decoys at the blinds, and be ready to shoot the minute the sun rose.

Large flights of ducks disappear very shortly after sunrise, hunters said. Only vessels engaged in necessary commercial operations are exempted from the daylight limitations.

If outboard motors are used to travel to the blinds, the Navy announced, the motors must be detached from the boats while the hunters are shooting. The duck hunting season this year opens Nov. 2, and extends to Jan. 10, having been extended 10 days in length.

## HEN SOCCER TEAM BOWS TO NAVY

### 2 Game Winning Streak Snapped

The Delaware University Booters saw their two-game winning streak broken yesterday as they went down by a 5 to 1 margin before a classy Navy soccer team at Annapolis.

The Navy booters arranged the contest to fill a last-minute cancellation by Johns Hopkins.

The Middies simply outclassed the game Blue Hens for their second successive win.

Delaware's single tally came in the second stanza when Bob Ketchum slipped a scoring boot just out of Navy Goalie Bob Strassle's reach.

Johnny Swank, outside right for Navy, proved a standout, heading the Middle offensive and accounting for two goals.

Delaware's line-up was as follows: goal, Scheuing; right fullback, McMullen; left fullback, DiSabatino; right halfback, Vaughn; center halfback, LeGates; Left halfback, Walters; outside right, Sieman; inside right, Wingate; center forward, Reed; inside left, Ling; and outside left, Irwin.

## Days and Dollars FOR VICTORY

We have never known the time when good, honest, 60-seconds-to-the-minute railroading meant as much to our country as now — for transportation is the vital plus factor needed to win the war.

And B & O's army of more than 50,000 patriotic workers is employing both its days and its war savings dollars to further our nation's drive to victory.

## ARE YOU PREPARED FOR A SUDDEN COLD SNAP?

Don't let an unexpected temperature slump catch you without sufficient coal.

You'll be showing foresight and also aiding your government's war effort by ordering a portion of your coal needs now. With the country's railroad capacity already taxed with war goods, you'll be easing transportation confusion later by buying today.

## GARDEN MEETING

J. M. Styer, of Concordville, Pa., was the principal speaker at the October meeting of the Newark Garden Club at the home of Professor L. R. Detjen on Old Oak Road on Monday evening. Thirty-five members were present.

President J. M. McCleight, who presided, gave a brief talk, in which he stressed the importance of keeping gardens in good condition, especially as a benefit to home morale.

Mr. Styer, who was introduced by Miss Freda Ritz, displayed a large collection of specimens, and illustrated his talk with colored slides. Discussing chiefly the hardy chrysanthemums known as Northland Daisies, he pointed out that the variety is especially suited to this locality, being able to withstand severe winter temperatures. They come in every variety of color and bloom from late August until the middle of November.

In charge of program arrangements was Frank Powell. Next club meeting is set for November 16.

Besides the president, officers present were: Vice-president, Mrs. Bessie Eastburn; Secretary, Mrs. Edward Ginter; Treasurer, Mrs. E. L. Richards.
