Lester and May Band Close Autumn Season With Christmas Ball

Beating Santa Claus to the punch, Frankie Lester and the Billy May Band will usher in the holidays at the Christmas Ball on Saturday, Dec. 10. The dance, which is open to all, will be held in the Dover Room from 8-12.

Tickets will be sold at the Information Desk of the SC for \$3.00 in advance and \$3.50 at the door. Dress for the dance will be semi-formal. Both color and black and white pictures will be taken by the photographer.

A green and gold color scheme will be repeated with green wreaths decorated with gold balls and a tree decked out in gold.

Billy May has long been known for his song arrangements, having worked for Glenn Miller and on some major network programs, among them the shows of Red Skelton, Bob Crosby, and Ozzie and Harriet.

Mr. May began showing off forward-looking musical ideas in the thirties, when he used to have jam sessions in an East Liberty bar with two Pittsburgh friends — Errol Garner, and a wiry boy named Billy Strayhorn, who became as well-known an arranger as Garner a pianist.

May has been a brass player since he began playing tuba as a boy. Billy was never really at home at the piano. "I play an arranger's piano — nobody can understand it," he says. And that may be, but no one has had any trouble understanding his arrangements, which from the start have been not only fresh and inventive, but as solid and thoroughly grounded in technique as if he's spent some intensive years in conservatory study. When asked to account for his arranging and orchestral style, May has the amazingly casual answer that he just picked it up himself.

Some of his first arranging was done with Charlie Barnett's orchestra when he arranged the classics "Cherokee," "Redskin Rhumba," and "Pompton Turnpike." Later he joined the Glenn Miller Band to play trumpet and arrange. After the Miller organi-

zation broke up, Billy came to Hollywood where he was a trumpeter and arranger on some major network programs, among them the shows of Red Skelton and Bob Crosby. In addition to that, this talented artist was musical director on the popular Ozzie and Harriet show.

In the early part of 1951, Capitol Records decided to release a new dance album in which four bands were to perform selections in the style for which they were known.

The session on which the Billy May sides were recorded was one of the most exciting Capitol had held since Stan Kenton's big band first rolled in from Balboa to record. Billy, normally the carefree type, seemed unusually inspired and interested in what he was doing. The band felt it too. After only one "run-through" of the first number there were murmurs of great interest and

Albeneri Trio Plays Tonight In Artist Series At Mitchell

By VIRGINIA ZEC

The Albeneri Trio will perform tonight on the Mitchell Hall stage as a part of the university's Artists' Series programs. The trio, consisting of Artur Balsam, pianist, Giorgio Ciompi, violinist, and Benar Heifetz, cellist, is accepted as being the foremost pla-

no trio in America and Europe today.

They are credited with having revived interest in the piano trio as a form of chamber music and have brought into the spotlight many of the neglected masterpieces of Beethoven, Brahms, Mendelssohn, Schubert and oth-

ers. The Trio is noted for its performances of the entire cycle of Beethoven Trios.

The Albeneri Trio's newest member, pianist Artur Balsam, came to the United States from his native Poland in 1932 and has since become a prominent figure on our musical scene. At present he is engaged in recording the complete piano sonatas of Haydn.

Violinist Giorgio of Florence, Italy, is now head of the violin department of the Cleveland Institute of Music. His two great interests in life are teaching and playing with the Albeneri Trio.

Benar Heifetz, cellist, studied at Russia's St. Petersburg Conservatory. Since coming to the United States in 1937, he has played with the Philadelphia Orchestra under Leopold Stokowski and the NBC Symphony under Artur Toscanini. In his mastery of chamber music, he is unrivaled.

Tonight's concert will be one well worth hearing. Everyone is urged to attend. Curtain time is 8:15 p. m.

The program will consist of: Trio in C major, No. 3 — Haydn

Allegro

Andante

Finale: Presto

Trio in A minor (1915) — Ravel

Moderate

Pantomim: Assez vif

Passacaille: Tres large

Finale: Anime

INTERMISSION

Trio in B flat major, Oppus 97

"Archduke" — Beethoven

Allegro moderato

Scherzo: Allegro

Andante cantabile, ma pe-

ro con moto

Allegro moderato — Presto

ARTIST SERIES — The Albeneri Trio will perform in Mitchell Hall on Friday, Dec. 2 as part of the Artist Series presentations. Pictured left to right Giorgio Ciompi, violinist; Arthur Balsam, pianist; Benar Heifetz, cellist.

Shakespeare's Twelfth Night Plays On Campus Next Week

By MIKE LEWIS

The principals and cast of Twelfth Night are now in the final week of rehearsals for the production on Dec. 8, 9, and 10 at 8:15 p. m. in Mitchell Hall Au-

ditorium. Actual production conditions will prevail after the technical rehearsal on Sunday afternoon.

Dr. C. R. Kase, director of Twelfth Night, stresses the importance of each actor thorough-

ly understanding the part which he is playing. "I doubt that many students who study Shakespeare in the classroom learn as much about Twelfth Night as do our actors. They must know everything about the play as well as about the characters they por-

(Continued on Page 8)

Student Staffs of Publications Meet for Informal Workshop

A workshop will be held on Wednesday, Dec. 7, at 6 p. m. through the joint efforts of the university publications.

The conclave will open with an informal dinner meeting scheduled in the Morgan-Vallandigham room of the S. C. Students on the publication staffs who have Kent Dining

Hall meal tickets may present them in the S. C. for this occasion.

Following this general meeting, each publication will adjourn to its production location where practical applications of publication techniques will be demonstrated by field specialists.

Mr. Stephen Goodridge, former newspaper man now serving on the university faculty, will speak to the REVIEW staff concerning news gathering and writing.

(Continued on Page 8)

'Ritchie and Romans' Return To Rock'n Roll; Play at MRHA Dance

"Ritchie and the Romans" will return to Delaware tonight to play for a casual dance sponsored by the Men's Residence Hall Association in the Student Center.

The dance will take place in the Dover Room from 8 p. m. to 11:30 p. m. "Peanuts," the familiar

comic strip kids, will be featured in decorations.

"Ritchie and the Romans" have played for several Delaware affairs during the past few years. Their most recent appearance was at the Sadie Hawkins Dance, the highlight of Little Women's Weekend, Nov. 18-20.

Admission to tonight's dance will be free with a Men's Residence Hall Association card. The MRHA card will admit a stag or a man and his date. The price is \$1.00 per person for persons not holding a MRHA card.

Cheerleaders Fete

Basketball Squad

Tonight at 7 p. m. in the Carpenter Field House, students will honor the basketball team at a pep fest before the Delaware-Lehigh basketball game on Saturday night. This is the first time that a fest for Saturday night basketball has been held.

Irv Wisniewski, basketball coach, will introduce his varsity squad and give a few words concerning this year's team.

The cheerleaders will judge at this pep fest. They will add these points to those already accumulated. (Continued on Page 7)

Patricia McGuire Appears On Televised Student Panel

Pat McGuire, American Studies major, has been selected as a member of the student panel on the "Dorothy Gordon Youth Forum," a national broadcasting company television show on Sunday, Dec. 4. The panel consists of four student panelists and an adult guest.

Patricia McGuire

Pat is one of the two students representing the university at a student conference on world problems in West Point, New York. In conjunction with this conference, Pat was selected for the television broadcast.

The topic to be discussed by the panel is "How Important to Strengthen the Atlantic Community?" The panel will discuss such questions as the importance of integration of the groups in order to strengthen and maintain European unity in Western Europe, both in the economic and political fields.

Mr. Harvey Williams, President of Philco International Corporation, will be the panel adult guest.

This program is being televised on Sunday, Dec. 4, on WNBC-TV from 12:30 to 1 p. m. and on Sunday, Dec. 11, on NBC from 2:05 p. m. to 2:30 p. m.

Cosmopolitan Group Holds Party and Dance At New Century Club

A combo will be featured at a Christmas Party-Dance held by the Cosmopolitan Club, Dec. 9, 8:30-11:30 at the New Century Club in Newark.

The students of the university are invited to join the foreign and American club members in the stag or drag dance. The New Century Club is a white building one block up from Academy Street on Delaware Ave. (same side and one block from the Political Science Armory).

A casual atmosphere and dance music will be the main feature of the evening. Tom Grenda's combo will play music ranging from Fox Trots to Pol-

kas and Jitterbugs. Grenda's combo has previously played in Wilmington.

An evening of dancing along with refreshments will be given for donation of 25c per person for club members and 50c per person for non-members. No tickets will be sold, but the donations will be collected at the door. If possible, there will be tables placed at the sides of the dance floor in the style used by the German and Polish National Clubs. This seating arrangement makes the atmosphere more informal and encourages talking, singing, and swapping of dances.

Information Team Discusses Navy's New Aviation Program

University men interested in the Navy's new aviation officers program are urged to attend an informal discussion either Tuesday or Wednesday, Dec. 6 or 7, in the Student Center.

An aviation information team from the U. S. Naval Air Station, Willow Grove, Pennsylvania, will be on campus to provide information on how to become a naval aviator.

The new program offers eligible young men an opportunity to become Naval Aviation Observers, Air Intelligence Officers, or officers trained to perform duties in many aerological fields.

An Air Officer Candidate School has recently been established in Pensacola, Florida, where candidates receive a four month indoctrination course prior to commissioning.

Keeping pace with the Air Navy, the Officer Candidate School in Newport, Rhode Island, has enlarged its facilities to accommodate greater numbers of candidates for commissions as

officers trained in shipboard duties or in the duties of the applicants' chances of selection have improved considerably.

Qualifying mental examinations at the students' convenience will be announced at a later date.

Frosh Blazer Show No Sex

This year the emblem on the university blazers will be the same for both men and women students of the class of 1964.

Up to this time blazers have been a tradition for only the women. Men have had blazers, but they have been unlike those of the women. The main purpose of this is to form a tradition with the men similar to that of the women by standardizing the emblem.

There will be a contest in the freshman class to determine the best emblem for the blazers. The student presenting the most appropriate emblem design as decided by the class will receive a free blazer from Robert Rollins Blazers, Inc.

Freshmen Hold First Assembly In Wolf, Mon.

The first freshman class meeting will be held Monday, December 5 at 7 p. m. in Wolf Hall Auditorium.

At this meeting the new class of '64 officers will be presented. President Hayler Osborn will preside, as the class duties are explained and initial suggestions are heard.

Class council members will be chosen by a sign-up method. Interested frosh may submit their name in order to help with this newly formed steering committee.

Cadets Award M Sgt. Sofka Army Ribbon

Retiring Master Sergeant John Sofka of the military department was honored at a review by the ROTC Cadet Brigade on Nov. 22.

Ten of Sergeant Sofka's thirty years of service in the U. S. Army have been spent at the university as Supply Sergeant and Sergeant Major of the ROTC Instructor Group.

Colonel Ragsdale addressed the Cadet Brigade and referred to Sofka as a "friend of the cadet" and a "doer of all things". Colonel Ragsdale and Sergeant Sofka "trooped the line" and inspected the Cadet Brigade.

Sergeant Sofka was then awarded the Army Commendation Ribbon with medal pendant for meritorious achievement during his service at the university. Following this ceremony, the Cadet Brigade passed in review. Company C of the 2nd Battle Group, 1st Lt. Jack Frazier, Commanding, received the best company award for their performance during the review.

Library Shows Pageant Bible

The Memorial Library features an exhibit of a number of pages from the new facsimile edition of the Gutenberg Bible in the lobby.

Arrangements for the special showing were made with the assistance of Mr. W. O. White, treasurer of the Curtis Paper Company, Newark, which is the paper supplier for the limited edition being released by Pageant Books, Inc.

Also being exhibited is a page from the original Gutenberg Bible, a recent gift of Mrs. Donald P. Ross, a member of the Library Associates, an organization interested in the improvement of library resources, especially in the humanities.

The Pageant Bible will be published in two volumes of 648 and 634 pages, 12 1/2 by 18 1/2 inches in size. The off-white, 90-pound stock supplied by the Curtis Paper Company was made especially for this edition and is 100 per cent rag content.

MRHA - WEC Back Concert; Squire Hosts Lillian Messina

Coffee concerts, the cultural series co-sponsored by the Men's Residence all Association and the Women's Executive Council at the university, will present Miss Lillian Messina, soprano, in Squire Hall on Sunday evening, Dec. 4, at 8:15 p.m. Students and faculty are invited to attend.

After many years of determined study toward an operatic career Lillian Messina entered and won her first major competition — the 1958 Metropolitan Opera Auditions.

Miss Messina began singing at the age of two, and subsequently performed with the Miniature Opera Company, and in churches. She also won an Irish folk song contest in New York City. In spite of her love for singing, Miss Messina's early years were devoted to the piano, during which she played recitals, including performances at Steinway and Town Halls.

STUDIED VOICE

Soon after Miss Messina was graduated from the Music and Art High School, she began to study voice with Frank Barberio.

After winning the Metropolitan Opera Auditions, she was awarded a scholarship to the Katherine Long School for two years by the Metropolitan Opera Association and received an award from AMITA, a national women's association. She was also the recipient of other grants for study and training to prepare for an operatic career and to further her musical education.

Young Notes New Exhibit In duPont Hall

Professor Milton G. Young of the Engineering Department has announced the Educational Exhibit by Sperry Gyroscope Company which will be held on the first floor corridor of P. S. duPont Hall in the electrical engineering area.

The exhibit will run from Nov. 29-Dec. 12.

Topics which will be included in the exhibition are the following: airborne navigational radar and radar beacons, automatic flight control for jet, transport, traveling-wave tubes and klystrons, semiconductor devices, inertial navigation, ship stabilization, and missile systems.

TOURED WITH KURT ADLER

During 1958-59, Miss Messina toured as soprano soloist with the Kurt Adler's Golden Curtain Quartet and appeared in many major U.S. cities including New Orleans, Boston, Chicago, Dayton and Akron. She has appeared with the New Orleans Symphony Orchestra and toured with the Boston Opera production of "Voyage to the Moon."

During the past season Miss Messina performed Micaela in the Boston Opera's production of "Carmen" and the role of Gilda in "Rigoletto" in New York City's Central Park. She has just been signed to appear with the New York City Center Opera Company in the coming season.

Chatterjee Visits And Lectures Here

Dr. D. N. Chatterjee, Minister of the Indian Embassy, will visit the campus and give a lecture on Monday, Dec. 5 at 8 p.m. The Minister will discuss "The Political and Economic Development of India" in the Morgan-Vandlingham Room in the Student Center.

Mr. Chatterjee previously visited the University last year. Prior to his Washington appointment he had been stationed in Paris and before his appointment as a foreign service officer, he was a major in the Indian Army.

This is his second appearance in Washington. His visit on the campus is jointly sponsored by the International Relations Club and the Department of Political Science.

Persons interested are invited to attend the lecture and also to meet Mr. Chatterjee personally at a reception to be held in the Faculty Lounge, Student Center, at 4:30 p. m. on Monday, Dec. 5th.

He will lecture to classes in East Hall as follows: Dec. 5, 10-11 a. m., International Relations, Room 103; 2-4 p. m., Seminar in International Relations, Room 203; Dec. 6, 10-11, Political Theory, Room 203. Interested students may attend any of the classes.

White Wins Steer At Livestock Show

Major L. White, AG4, majoring in animal husbandry, won a 1025 lb. Black Angus Steer with a 50c raffle ticket at the Eastern National Livestock Show this fall at Timonium, Maryland. He sold it the next day for \$356.

The Womens Auxiliary of the Maryland Angus Association raffled off the steer to obtain money for a scholarship fund for an animal husbandry student at the University of Maryland. Little did they know that they would also aid in the education of an animal husbandry student at Delaware.

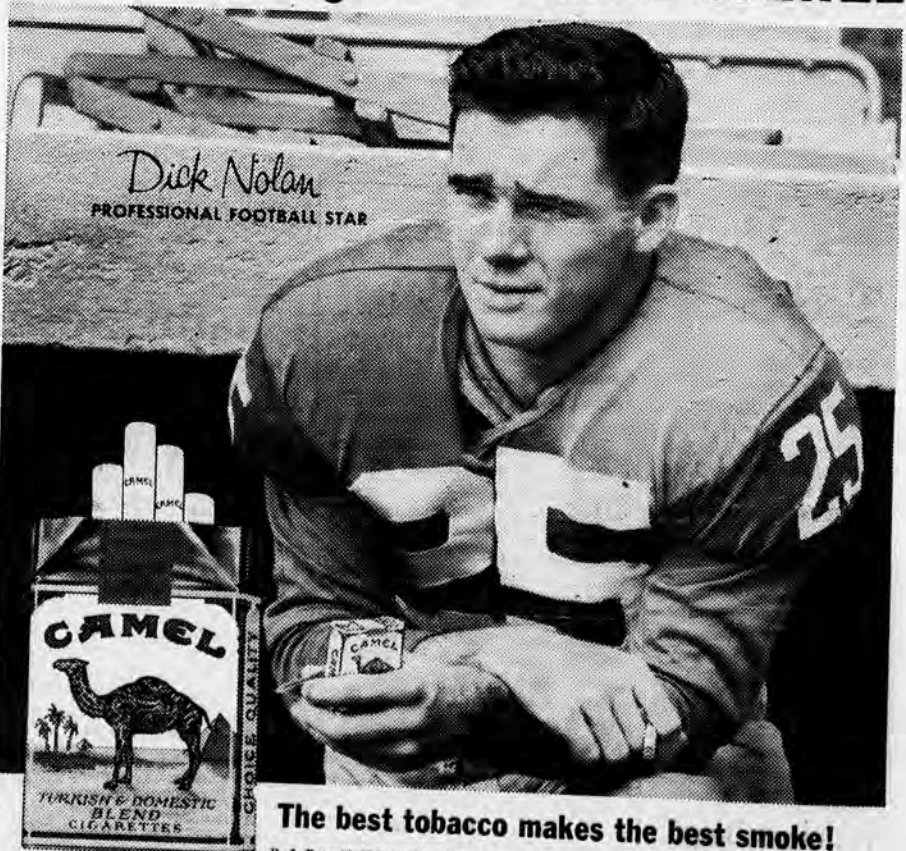

White was attending the show with Dr. John H. Shropshire, associate professor of animal husbandry, and his class in livestock production.

OF COURSE GIVE BOOKS!

A book is such a pleasant way to surprise friends and family on Christmas morning. And a good book is still there to give pleasure long after the Christmas season is past. A book is a very personal gift, too. There is one to please every taste, age and interest. Our thoughtful salespeople will be happy to assist you. (Free gift wrapping, too.)

Have a real cigarette—have a CAMEL

The best tobacco makes the best smoke!

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

University A Capella Choir Presents Christmas Concert

The University Concert Choir, under the direction of Dr. Ivan Trusler, will present its annual Christmas Concert on Wednesday and Thursday, Dec. 14 and 15. Three soloists will be featured in addition to the choir. They are Ellen Hahn, sophomore; Joy Vandever, alto; and Hugh O'Meagher, harpsichordist.

Two performances will be presented this year due to the overflow crowds the last two years. The campus carol sing will be held Thursday night after the performance; but students are welcome to attend both nights. The concert is open to the general public.

A tape recording of the concert will be made and presented over WJBR radio in Wilmington during the Christmas season. The exact date will be announced later.

An orchestra will accompany the choir and soloists. Their appearance is made possible by the Music Performance Trust Fund of the Recording Industries.

Dr. Bush Talks In Film Series

Vannevar Bush, administrator and electrical engineer, discusses his career in industry and government in a Wisdom Series film on Dec. 6 at 4 p. m. and again at 6:30 p. m. in Mitchell Hall.

Holder of many honorary degrees and awards for his work in industrial research and particularly for his contribution to the development of armaments, Dr. Bush, a graduate of Tufts University, was Director of the Office of Scientific Research and Development of the United States Government during World War II.

Bush worked with the navy in World War I as a research engineer in the development of anti-submarine devices. He was given overall responsibility for the development of the atomic bomb and radar.

The other film in this section about administration features Alfred P. Sloan, Jr., Chairman of the Board of Directors of the General Motors Corporation. It will be shown on Dec. 13.

Arrangements to show the Wisdom Series, produced by the Encyclopedia Britannica, have been made by the University Extension Division. The showings of these films take place at 7:30 p. m. on Monday evenings in the P. S. DuPont Auditorium.

Crosby Gives Final Education Lecture Dec. 10

Dr. Muriel Crosby, assistant superintendent in charge of elementary education for the Wilmington Public Schools, will present the final lecture in the current series on Experiments in Education at 9 a. m. on Dec. 10 in Wolf Hall.

Dr. Crosby will discuss the study of changing neighborhoods being conducted by the Wilmington schools in cooperation with the National Council of Christians and Jews.

The series has been offered through University Extension by the School of Education. Tickets to the final lecture may be purchased at the door by the public. Faculty and full-time students, as well as extension students enrolled in the seminar in educational administration, will be admitted free.

Dr. Crosby, who holds her degree from the University of Maryland, has taught elementary school children of all ages. Formerly as associate professor of education at Adelphi College for two years, she has also taught in the summer schools of 14 universities.

Included in the program will be the "Gloria in D" by Vivaldi, and several traditional Christmas songs including "O Magnum Mysterium" by de Victoria; a traditional French song; "Ya Vienne La Vieja", "Carol of the Birds", "Fum, Fum, Fum", all traditional Spanish songs; "I Wonder as I Wander", a traditional American song; and "Carol of the Bells" by Leontovich.

Parker Announces Release of Venture

The fall issue of Venture, the university's semi-annual literary publication, will be available to the public on Dec. 12 in its new size, 6½ x 9.

The material for the fall issue is now at the printer's. The editor, Connie Parker; the editorial board; the advisor, Professor Michael Manheim; and graduate student advisors chose the material from 84 manuscripts submitted by 24 students.

The Venture's aim is to be a well-rounded magazine with student writers from the various schools of the university. Students interested in working on the spring issue are asked to stop in at the Venture office.

Montreal Names Dr. Mosher Guest Lecturer In Chemistry

Dr. William A. Mosher, Chairman of the Department of Chemistry at Delaware, has been named the first Herbert H. Lank Lecturer at the University of Montreal. He recently delivered a series of lectures and seminars at the Canadian Institution.

The lectureship is named in honor of Dr. Herbert H. Lank, a 1925 graduate of the university who was awarded an honorary Doctor of Science degree in 1959. Mr. Lank is president of DuPont of Canada.

The two-day exchange program will send professors from the University of Montreal to the University of Delaware later this year.

Lecture Topic

Professor Mosher lectured on "Organic Oxidation Mechanisms", "Pyridine Chemistry", and gave a special commemorative lecture on "Molecular Rearrangements" to celebrate the 100th anniversary of the discovery of the first organic rearrangement reaction. Reactions of this type are of vital importance in the manufacture of high-octane motor fuels and plastics and chemicals from petroleum as well as in the synthesis of camphor and related materials.

In discussing the lectureship, Dr. Mosher said, "I had the opportunity to visit the University of Montreal last summer in connection with a cooperative research program in which we are involved with a member of the Montreal staff. I was impressed with the staff, facilities, and vigor of our sister institution. Their recent scientific development appears to parallel that in our own university. In addition to the formal lectures, I have been asked to discuss the general problems of teaching chemistry at the university level with their staff and I hope to learn of methods of approach that will be of value to us in Newark."

Lank's Lectures

"We are especially looking forward to having Montreal's Herbert H. Lank lectures at Newark. During the last 10 years we have had a number of informal lecture exchange relationships with American and European Universities including Oxford,

Placement Calendar Offers Interviews

Mrs. Geraldine Wyatt, director of placement, names companies that will send representatives to Delaware next week to interview students in the Placement Office, College Inn Building, Main St.

Interested students should check bulletin boards in the departments or the placement bulletin board in the Student Center to determine the major fields of study of interest to the specific companies.

Cambridge, Manchester, Karlsruhe, Innsbruck, and Basel. These have brought important chemical investigators of the world into contact with the research and student body at Delaware to a degree which is not common in American universities.

Dr. Mosher, a past Chairman of the Delaware Section of the International Chemical Society, is internationally known for his researches in oxidation mechanisms and for his discovery of several new and important types of rearrangement reactions. He has been professor of chemistry and chairman of the department of chemistry at University of Delaware since 1945.

Marine's Selection Team Visits School

Captain William R. Miller, Jr., USMC, senior Marine officer in charge of Marine Corps activities in the Wilmington area welcomed two members of the Marine Officer Selection Team from Philadelphia, Pa. to the university campus.

The Selection Team, which was headed by Captain Margaret R. Pruitt and 1st Lieutenant Robert R. Rogers, was on the university campus on Nov. 9 and 10 to interview students who were interested in becoming officers in the Marine Corps.

Any students who were unable to contact the Marine Officer Selection Team while they were visiting here are invited to contact Captain Wm. R. Miller, Jr. at the Navy and Marine Corps Reserve Training Center, 3920 Kirkwood Highway, Wilmington 8, Delaware or by calling WY-man 8-6695.

Dr. Ferguson Talks To State Legislature

The powers of legislatures are being lessened by the resistance of legislators to progress and change remarked Dr. John Ferguson, a Pennsylvania expert on administrative procedures, to 35 members of the Delaware State Legislature. Dr. Ferguson was the main speaker at a seminar sponsored by the Political Science Department on Friday, Nov. 25 on campus.

Dr. Ferguson went on to tell the 12 Senators and 23 House members of Pennsylvania's steps toward streamline government through such things as central purchasing, uniform account system, stronger civil service. He also likened the state legislatures to "immovable objects" which because of immovable policies must be bypassed by the pressures of modern society. For example the city dwellers who are in fact not really represented in the legislature will not sit back. Reappointment must be given attention.

The day long seminar marked

an attempt to get legislators together prior to session for legislative learning. The program included technical procedures of the general assembly such as rules of house and senate and steps of bill from introduction to passage.

Dr. John A. Perkins, president of the university; and a former State Supreme Court Justice James H. Tunnell, Jr., also addressed the group.

Those participating in the panel discussions included: Senate President Pro Tem Allen J. Cook and House Speaker Sherman W. Tribbitt, leaders of the last session; holdover Senators Reynolds du Pont and James H. Snowden; Deputy Attorney General Charles Paruszewski; Wilmington attorney Henry A. Wise, Jr.; former legislative attorneys Joseph Kwiatkowski and John Biggs III; Wilmington accountant Frank A. Gunnip, and Clifford E. Hall, accountant for the Joint Finance Committee.

Symphonic Wind Ensemble And Concert Band Perform

Instrumental music at the university will take on a new look this year, as the old Concert Band is split into a Symphonic Wind Ensemble and a Concert Band.

Last year almost 90 people were members of the Marching Band, which was too large a number to perform on the Mitchell Hall stage. A group of 55 was selected from the 90 and used in Mitchell, while the full group was used for high school tours and the "pops" concert and Commencement.

This year 110 persons have so far expressed an interest in joining the band, so it was necessary to divide this group into two separate groups with virtually no overlapping. There will be 44 people in the Symphonic Wind Ensemble and 66 in the Concert Band.

Each band will have its own rehearsal schedule and its own program of concerts, with its own set of music. The Wind Ensemble will rehearse on Tuesday, Thursday and Friday at 4 p.m. and the Concert Band on Monday and Wednesday at 4 p.m.

Three concerts on campus this winter and spring and a day of touring to high schools is included in plans for the Wind Ensemble. The Concert Band will present several concerts in the Student Center with guest soloists, and the "pops" concert in the spring. They also will appear at two basketball games as a concert group. Both bands will combine for Commencement.

Vacancies exist in the Concert

Reports For PL550

Due on December 5

Veterans are requested to sign certificates of training and attendance reports and to send them to the Records Office before Monday, Dec. 5 in order to receive PL550 allowances for November.

The Veteran's Administration has informed the Records Office that PL550 allowances for November will be paid on Dec. 14 instead of Dec. 20.

If the Records Office doesn't process these cards on Dec. 6, payment will not be made in time for the Christmas holidays.

Food Expert Visits Campus Talks on Diets

Dr. Katherine H. Fisher, associate professor of foods and nutrition at Pennsylvania State University, will be a visiting scholar at the university today.

During her visit she will meet with home economics classes and with faculty members. She will discuss the topics, "Careers in Foods and Nutrition," "The Challenge of Research and Graduate Study," "What the Consumer Should Know about Chemical Additives in Foods," and "Current Trends in Nutrition."

Dr. Fisher has been a science instructor in a nursing school, a college laboratory assistant, chemist, staff metallographer, and a fellow in nutrition. A graduate of Seton Hill College, Greensburg, Pa., she holds advanced degrees in nutrition and biochemistry from Penn State.

She is the author of a number of publications in professional journals in the fields of nutrition, home economics and agriculture. Last year she was given an Award for Distinguished Service by the Pennsylvania Institutional Food Research and Services Program.

Dr. Fisher is a member of Sigma Xi, Omicron Nu and Sigma Delta Epsilon honorary societies and a number of professional organizations.

Her visit at the university is jointly sponsored by the Visiting Scholars Committee and the school of home economics.

Students Earn Praise

Congratulations to the student body! We feel that they have shown during the past weeks that they are interested and eager to attend campus lectures by prominent individuals whose topics appeal to a wide variety of students.

For instance, we have seen excellent student participation at the Philosophy Club lectures during the year. In fact the lectures have had to be moved from the Morgan-Vallandigham Room to the larger Dover Room to accommodate the crowds. Students have also actively participated in the question periods after each lecture.

Again Tuesday, Nov. 29 we were impressed by the number of students who packed into Wolf Hall Auditorium to hear New York Times Columnist Harrison Salisbury lecture on "The Coming Conflict between Russia and China."

Many students sat on the aisle floor and crowded into the entrances when the seating capacity of the auditorium was exhausted. This huge attendance also seems to show that the students are interested in the situation of the world today. They are not a complacent group of "couldn't care lessers."

After the lecture Mr. Salisbury opened the floor for a question period. Here again students participated asking high caliber questions. We heard, in fact, one professor mention that the quality of questions was a tribute to our university.

The students have shown that they are interested and will participate in lectures. We urge the continuation of appealing guest lecturers during the year. We also remind the students to keep up the good work.

Greek Column

This column will be devoted each week to fraternity news. Any fraternity news which is included in this column should be inserted in the envelope on the bulletin board on the second floor of the Student Center. These articles will be picked up and edited by the Fraternity columnist, Dave Dupree.

ATO

A Playboy House Party makes the scene at the ATO house on Friday, Dec. 9. Manny Klein and his Trio will furnish the entertainment. Dress is formal and decorations will include past playmates and jokes.

KA

Tomorrow night from 7 to 12, the Kastle will shake on its foundations when the "Honeybugs" play for the Rebels' fifth house party. The "Honeybugs" include four singers and four instruments.

Recently, the Confederate Gentlemen of Kappa Alpha started enlarging the basement and hope to have it finished for the party.

Sigma Nu

The Brothers of Sigma Nu are looking forward to a festive Christmas party on Dec. 9. The evening will be highlighted by dinner and dancing as well as a visit from Santa Claus. The band will be Jim Morgan's.

Sigma Nu has just pledged seven new members of the sophomore class: Nate Cloud, EG; Tom Roman, AS; Harold Slater, EG; Nelson Beech, Ag; Rex Mears, Ag; Tom Lyons, EG, and Tom Crompton, AS.

The envelope is waiting . . .

Bridge Contest

There will be a bridge tournament in the faculty lounge of the Student Center Friday at 8:00.

All the bridge tournaments are open to both faculty and students; a good representation is encouraged from both groups.

Billiards will soon begin and all those who are interested are encouraged to sign the sheets which will be posted on the bulletin boards in the dining halls.

Dateline . . .

By BARR HEIMANN

Hi, again everyone!

Belated congratulations to Annette Adams, who made a lovely IFC Queen, and to her court. I understand that the weekend was a huge success.

One of Annette's attendants, Helen Poore, was in the news again, recently. Helen is now a semi-finalist in the contest for queen of the National Motor Boat Show to be held in New York from Jan. 14 to 22. She is one of 14 semi-finalists from across the country who has been entered in the contest by respective local newspapers. Helen is sponsored by the Evening Journal of Wilmington.

Social notes of interest this week include the pinning of Lorraine Millelot, '61 by Bob Graves, a Kappa Alpha graduate of VMI. He is now studying at the Virginia Theological Seminary. Engagements are announced between Virginia Anne Battin, of Wilmington and Jim Brooks, now attending the university; Kay Huxtable of Wilmington and Jim Varley; Connie Pease, '62 and Grant Weber of Wilmington; Kay Ferrier and John Poole, '61; Lynn Beard, '61 and Al Taylor, Sigma Phi Epsilon; and Janet O'Neal, '61 to Martin Renninger, a junior at Muhlenberg. Fran Ryan, '61 recently married Peggy Miles of Wilmington. Best wishes and congratulations to all.

Notice to seniors: please return the Blue Hen questionnaires to Carol Mastrosatti, Room 24, Warner Hall, as soon as possible. Also, get your orders in for your copy of the '61 Blue Hen.

Mademoiselle Reward Talent; NonFiction Contest Now Open

Mademoiselle announces its 1960-61 College publications contest.

This year Mademoiselle is again awarding prizes for the best articles written by an undergraduate, an alumnus, and a faculty member, and to the college periodicals in which each article appears.

For the first time the winning authors will, in addition to receiving cash prizes, be paid for their articles if they are bought for republication in Mademoiselle.

The contest is wide open . . . You may submit articles of any length on any subject as long as they're of interest to students nationally — a good short editorial or a humorous piece can win a prize. Quality is what will count.

Prizes will be given for the best articles published in college newspapers and magazines, and in alumni magazines. Fifty dollars will be awarded to the publication and seventy-five dollars to the author of the winning entry in each of the following categories: the best article written by an undergraduate student, the best by an alumnus, and the best article by a faculty member.

Winners will be announced by October 15, 1961.

Entries will be judged on originality of thought and writing ability. Topics should be of interest nationally to college students. MADEMOISELLE reserves the right to buy from the author any entries submitted to the contest, for republication in MADEMOISELLE. The decision of the judges is final, and MADEMOISELLE reserves the right to withhold the prize in any category if no entry is of sufficient merit.

Entries (no more than three in each category) must be submitted by the editor of the publication and accompanied by the name and address of the editor and the name and address of the author of each article. Entries should be sent to Publications Contest, College and Career Department, MADEMOISELLE, Street and Smith Publications, 575 Madison Avenue, New York 22, Delaware students should contact THE REVIEW or VENTURE staffs.

Only prose nonfiction published during the 1960/61 academic year (beginning September 1960) is eligible. Entries must be postmarked no later than June 30, 1961.

Scratchin' From The Henhouse

Well, I'm sure that you will all agree with me when I say it is certainly great to be back at the old nest after the stimulating rest and recuperation period of Thanksgiving vacation. The Student Center has many, many activities planned to keep all you students busy until Christmas.

In the cultural department, we are presenting for all interested students a feature film entitled "The Informers" to be shown tonight, Friday, December 2. This film is really something that should not be missed. The Wisdom Series will star Prime Minister Nehru of India in the second of the series to be presented on December 6, a Tuesday night. Watch the bulletin boards for announcements of the time and place.

For all you avid bridge fans, the bi-weekly bridge sessions will be held tonight in the Faculty Lounge at 8 for no charge. All students, advanced or beginners, and faculty are welcome. Those of you sports fans who are interested in billiards will have the opportunity to compete in a billiards tournament in the near future. Sign up on the lists now posted.

The Student Center is planning on initiating a new idea in communications. This would be in the form of a campus calendar which would include all social, athletic, and IFC events, club meetings, special speakers and anything else which would be of interest to the students. This plan when carried out would eliminate (we hope) those students who constantly complain of nothing to do or those who never know what is going on.

Are you tired of calling the Student Center the Student Center? If so, you will soon have something to do about it. We believe that the Student Center sounds too cold and austere so as a result we are sponsoring a contest whereby anybody can submit a name which they feel would be suitable. Names so far suggested have been "The Coop, The Roost" and "The Hen House." Try to come up with some really clever names. Put all your entries in the Suggestion Box. The deadline is next Wednesday, December 7. It is your Student Center so really think big!

Don't forget our "really big" Christmas Dance on the 10th with the Billy May orchestra and Frankie Lester. The decorations are really going to be something and the band will be jumping! Tickets go on sale Friday, Dec. 2, at the desk at \$3 per couple, which is quite a bargain. Till next week . . . Big Blue Chick

Eleven-Point Quotation Quiz

Can You Tell Who Said What?

A wise man always has a comment on education and study. This observation is from his personal experience, and therefore, as we near the end of the semester, some words from the wise may offer solace.

Below are listed eleven quotations all having to do with the academic life. How many can you identify? Seven out of eleven and you're Phi Beta material; six correct and you're Dean's list; five or less, and you'd better hit the books a little harder.

1. The learned are seldom pretty fellows, and in many cases their appearance tends to discourage a love of study in the young.

2. Note too that a faithful study of the liberal arts humanizes character and permits it not to be cruel.

Firemen Follow Lead To Blaze; Campus Upset

By Dave Dupree

North campus was activated by the siren of a firetruck on Monday night, Nov. 21.

Somehow an old car seat in back of Harter Hall had caught fire. The local volunteer firemen drove up the alley behind Sharp and Harter in their shiny red fire engine and proceeded to drown the flames.

Giving in to the urge to follow a fire, boys from Brown, Sypherd, Sharp and Harter converged on the scene to cheer the firemen on to greater heroics. Swarming through windows, over walls, and up the alley these male students assembled.

Whereupon the befuddled firemen turned the hoses on this mass of bystanders and succeeded in ruffling a few hens. From the windows of Sharp came the "goonybirds" raining down on the firemen and newly arrived policemen. The hoses were then turned on the windows. After this the town peace officers and flame doublers beat a hasty retreat as the assembled students cheered.

And another quiet studious night ensued as the students returned, after this brief interlude, to their books.

3. Of making many books there is no end; and much studying is a weariness of the flesh.

4. Educational relations make the strongest tie.

5. For the student there is, in its season, no better place than the saddle, and no better companion than the rifle or the oar.

6. Order and simplification are the first steps toward the mastery of a subject — the actual enemy is the unknown.

7. No profit grows where is no pleasure taken; In brief, sir, study what you most affect.

8. Real education must ultimately be limited to men who insist on knowing, the rest is mere sheep-herding.

9. Soap and education are not as sudden as a massacre, but they are more deadly in the long run.

10. I wish that some one would give a course in how to live. It can't be taught in the colleges; that's perfectly obvious, for college professors don't know any better than the rest of us.

11. If I were founding a university I would found first a smoking room; then when I had a little more money in hand I would found a dormitory; then, after that, . . . a decent reading room and a library. After that, if I still had more money that I couldn't use, I would hire a professor and get some textbooks. (Answers on Page 5)

Center Committee Shows 'Informers'

An Academy Award winning movie "The Informers" will be shown on campus this weekend. It will be shown in the small cafeteria of the Student Center on Sunday evening, Dec. 4, at 7:45 p.m.

The Student Center Cultural Committee is sponsoring the showing.

Dr. K. Mather, Guest In Phi Beta Series, Talks On Atomic Age

Dr. Kirtley K. Mather, one of seven Phi Beta Kappa visiting scholars for 1960-61, will offer a public lecture at the university on Thursday, Dec. 8, at 8:15 p. m. in the Morgan and Vallandigham Room, in the Student Center. His topic will be "Science and Religion in the Atomic Age."

His other activities during a two-day visit will include a seminar for geology and biology students on "The Path of Life Through Geologic Time" and two Friday seminars on the subjects, "Earth's Resources and Man's Future" and "Frontiers of Earth Science."

Dr. Mather is professor of geology, emeritus, at Harvard University and president of the American Academy of Arts and Sciences. He also has served as president of the American Association for the Advancement of Science.

SOCIAL SCIENTIST

Particularly concerned with the social implications of science, Dr. Mather has been active in many varied organizations. He served as president of the National Council of YMCA and was a founder of the Boston Center for Adult Education. He has

traveled extensively overseas since 1947, attending scientific, educational and religious conferences.

Dr. Mather is the author of numerous books and articles, including *Old Mother Earth*, *Source Book in Geology*, *Science in Search of God*, and *Crusade for Life*.

Women Serve Tea To Parents

Teas for parents form an integral part of the social life of the women's dorms.

These teas give the parents a chance to make themselves at home with the dorm residents as hostesses. Parents also have the opportunity to meet their daughter's dormmates.

Several dorms have already had dorm parents' teas and others are scheduled for second semester. Thompson has scheduled their tea for Sunday, Dec. 4.

Campus Club News

CAMERA CLUB

Delaware's Camera Club is continuing its function as a campus service organization this year. But the club's main purpose is to provide opportunity and material for its members to develop and work with their own photos.

Wes Yarnell, EG1, was elected president of the club and Bob Sanders, EG3, was elected secretary-treasurer last semester. The club has approximately 15 members including some freshmen and commuters.

The club is a loosely organized group which began formally with the opening of Student Center darkroom facilities two years ago. The photo lab is located on the second floor of the Student Center and its facilities and equipment are available to Camera Club members as well as publication photographers and other students. Club members supply their own developing materials.

CANTERBURY

Canterbury Association is holding a chili dinner Sunday evening at 5:30 p.m. The cost is fifty cents per person.

Rev. John G. Forell, rector of Christ Episcopal Church in Bloomfield, N. J., will be the guest speaker. Preceding the dinner will be

an evening prayer at 5:15. Both will take place at St. Thomas Church, South College Avenue, Newark.

WESLEY FOUNDATION

Carolyn Olson, AS1, president of the Wesley Foundation, announces an evaluation session scheduled for 12:30 p. m. tomorrow at the Wesley House.

Members of the Wesley Foundation will give a party to the children in two cabins at the Governor Bacon Hospital tomorrow evening. Interested members should contact Cookie Olson in Thompson Hall.

On Dec. 10 there will be a planning session to outline programs for the second semester at 12:30 p. m. at the Wesley House.

The choir of the Newark Methodist Church will hold its annual Christmas Concert on Sunday Dec. 11 at 7:30 p. m. University students are invited to attend.

FRENCH CLUB

Judith Gochnerer, president of the French club, announces that the club will hold their annual Christmas Party on Dec. 6, at 8 p. m.

Foreign exchange students from the Newark and Wilmington area are invited to attend the party. Christmas Carols will be sung in French and small gifts will be exchanged among the members of the club.

Several games will be played and refreshments will be served.

NEWMAN CLUB

The Newman Club is planning to hold their annual Orphan's Christmas party at St. Basil's Orphanage in Chesapeake City on Sunday, Dec. 11.

As in past years, the members will take gifts that Santa Claus will distribute to the children. Refreshments will be served.

There will also be a party for the members held at Holy Angels School Hall but the date is uncertain.

OUTING CLUB

The Outing Club will travel to Virginia on Dec. 9-11. The purpose of the trip is to attend the Southern Regional Conference.

A pre-trip meeting will be held Dec. 5 at 7:30 p. m. in 119 Wolf.

The purpose of the meeting will be to discuss the trip and to plan ideas for the rest of the season.

"FIND THE ANSWER, JIM—AND BRING IT BACK"

When Jim Boardman took his B.S. in Electrical Engineering at Colorado State, there was one idea uppermost in his mind. He wanted a job in which he could work his way into management via the engineering route. As he puts it, "I didn't want to stick with straight engineering all my life."

After talking to eight other organizations Jim joined The Mountain States Telephone & Telegraph Company. He soon got the kind of action he was looking for.

His first assignment: How best to improve widely scattered rural telephone service all over Colorado—a sticky engineering challenge. He was given a free hand to work out his own procedures. His boss simply said, "Find the answer, Jim—and bring it back."

Six months later, Jim turned in his recommendations. His plan was accepted.

Next stop: Colorado Springs. Here Jim worked out a plan to expand telephone facilities for this burgeoning community. This plan, too, is now in operation.

Today, at 24, Jim has an important role in planning where, how much, and what kind of telephone service is needed in the Denver area.

Here's how Jim puts it: "We get tough assignments—but we also have the freedom to take hold and do a job. I think the future here is unlimited. If a man wants to do it—it's there to be done."

If you're a guy who can "Find the answer—and bring it back"—you'll want to get with a company where you have the chance. Visit your Placement Office for literature and additional information.

"Our number one aim is to have in all management jobs the most vital, intelligent, positive and imaginative men we can possibly find."

FREDERICK R. KAPPEL, President
American Telephone & Telegraph Co.

Quintet Hosts Lehigh U In Opener, Tomorrow; Eight Lettermen Return

Eight lettermen return to give Delaware's basketball team hope for improvement, as Coach Irv Wisniewski prepares his club for the season's first test tomorrow with Lehigh at Carpenter Field House.

Captain Jack Baly is the top performer returning from last year's squad that turned in a 7-16 record. The 6-2 guard scored 314 points and steadily improved as the season progressed with his final outing his best with a 27-point performance.

VETERANS PLAY

Delaware also has veterans at both forward positions in Tom Adams, 6-2 senior, and Bill Wagamon, 6-4 junior.

Jack Barry, guard, who has one year of varsity experience behind him, but did not play last year, returns to the squad to man the other backcourt position. A newcomer, sophomore Nate Cloud, 6-5 giant, takes over the pivot post.

Barry, who scored 178 points in 1958-59; and Cloud, the top freshman performer of last year, will attempt to handle the duties left vacant by the graduation of co-captains Chuck Hamilton, last year's center and leading scorer; and Gil Mahla, a starting guard.

HENS STRONG

The Blue Hens also have experience and a potentially strong reserve strength. With his starting unit set, Wisniewski is attempting to develop a second unit of almost equal strength around three lettermen. Tom Schomauer, junior, who had a few starting chances last year,

is the key operative in this combination.

Seeing limited action in most games, the diminutive guard, he's 5-11, scored 122 points. Other lettermen, Jay Lynch, 6-4, and Bill Lehman, junior, help round out the unit with sophomore Dick Greenhill, the Chick's second best performer, and Bruce Greene, a good playmaker who sat out his sophomore year.

Al Wentz, another letterman, probably will be used as a swing man with the first and second units when the team needs rebounding strength. Wentz, a senior, is 6-5.

LEHIGH CLASH

Saturday's varsity clash with Lehigh, a Middle Atlantic Conference rival, at 8:15 p. m., will

(Continued on Page 7)

Harrier Team Ends Season; Coach Praises Team Effort

By JIM THOMPSON

The Blue and Gold cross country team closed another brilliant season by scoring its fifth consecutive triumph and sixth in seven starts with a 15-50 victory over Washington College.

So unevenly matched were the two teams that all seven Hen runners crossed the finish line ahead of Washington's first runner. The rout also produced an unprecedented four-way tie for first place as Wayne Callaway, Roy Jernigan, John Ridgeway, and Dave Riggan jogged home together in 23:32.

Jay Lutz, Paul Quinn, and Bob Hurd occupied the next three places for the host club thus completing a "sweep" in cross country—taking all the places before the opponent's leading runner could finish.

COACH'S DELIGHT

Coach Steers expressed delight with his team's 1960 showing and had praise for all the

runners. He attributed the success of his squad to the great team effort and desire of the runners to fill in for injured Captain Wes Stack.

Steers remarks that this year's team had more depth than any in the past and also had the outstanding performers necessary for a winning season in sophomores Wayne Callaway and Roy Jernigan.

With Stack lost to the team, Coach Steers had only one letterman, junior Jay Lutz, on the squad. However several sophomores, led by Callaway and Jernigan, worked hard to cover Stack's absence and improved to the point where they earned the title of "Steer's Sensational Sophs".

SOPHS EXCEL

In addition to Callaway and Jernigan, sophs Paul Quinn, Dave Riggan, John Ridgeway, and Bob Hurd arose to the need with their best performances when the

Hens most needed it. Quinn was always up among the leaders. Riggan's performance against Johns Hopkins was largely responsible for the 27-28 win and Ridgeway aided the 25-34 rout of PMC in what was supposed to be a tough meet. Many times Bob Hurd, as the Delaware seventh man, finished among the top ten thus displacing an opponent's scorer.

Steers feels that the future looks very bright for his young team. He remarks that there were no seniors on the squad and that Stack will be able to compete next year. Joining the varsity from this year's freshman team will be Gary Ragsdale, unbeaten in four starts, and Lee McMaster. Steers sees good potential in both of these yearling standouts.

Also lettermen Tom Crumlish, Eric Schneider, and Mark King, not competing for various reasons this season, will be back. Barring unforeseen injuries and accidents, next season could be the best in the history of Delaware cross country which dates back to 1919.

WINNING SEASON

In addition to giving Steers his second consecutive winning season, this 1960 edition has also passed the all time harrier record above the 500 level. Since 1919 Delaware has won 49 meets and lost 45.

On Friday, Nov. 19, the Blue and Gold harriers traveled to Philadelphia for the Middle Atlantic Championships over the

(Continued on Page 7)

Mermen Entertain Leopards To Open 'Optimistic' Season

A ten-meet schedule and participation in two championship events opens tomorrow for the university swimmers when they entertain Lafayette at Taylor Pool at 2 p.m.

Coach Harry Rawstrom is optimistic about the Blue Hens' chances of repeating last year's 6-4 record, considering the current squad potentially better than any in recent years.

ENTER RELAYS

Delaware, which defeated Lafayette 58-36 last year, also will participate in the first annual Eastern Collegiate Swimming Association Relays at New York University on December 17, and the Middle Atlantic Conference Championships at West Chester on March 3 and 4.

The loss of co-captain Dick Cheadle and Dan Grant left large holes in the butterfly and breaststroke events, but the Hen coach thinks Charlie Derrick, Gary Otwell and Ken Horne, can carry the load.

Co-captain Dan Roosevelt, who holds the Hens' individual medley record at 2:28.8, has developed into a good middle distance swimmer to add to his natural backstroke ability, and can be counted upon for important points. Cal Horn and Dave McDowell, and Co-captain Newt Wattis, add depth to the backstrokers.

SOPHS SPRINT

A pair of sophomores, Howard

Giles, and John Maloney, give the team a good one-two punch in the sprints. Both will be gunning for the records of Fred Friebott, a standout sprinter a few years ago.

Delaware's freestyle depth is

(Continued on Page 7)

Hens Name Grid Foes; Add Buffalo and Ohio U To List of MAC Rivals

Ohio University, the nation's top small college team, and Buffalo, traditionally one of the east's top small teams, appear on the University of Delaware football schedule in 1961.

David M. Nelson, head football coach and director of athletics, said Delaware will play eight games and possibly nine

with a date with New Hampshire still pending.

The Hens seeking to improve on a 2-6-1 record, will play five games in the Middle Atlantic Conference university division with traditional rivals, and Hofstra, of the MAC northern college division, in a return engagement.

Ohio University, located in Athens, Ohio, is a member of the Mid-American Conference. Delaware previously has played Ohio rivals Marshall, which is dropped this year, Bowling Green, in a two-game series that ended in '59, and Kent State, in the 1954 Refrigerator Bowl.

Coached by William Roy Hess, the Bobcats won the Mid-American title this past season and the small-college crown on the strength of a victory over Bowling Green, the defending titlist. The Hens and the Bobcats will meet at Newark on October 28.

The game with Buffalo replacing Amherst on the card, will be the first between the two clubs, although the Bisons have competed with other MAC teams in recent years. Buffalo was 1958 winner of the Lambert Cup, emblematic of eastern small-college supremacy. Delaware was a Lambert Cup winner in '59. The teams will meet at Delaware Stadium on September 30.

Officials of Delaware and New Hampshire are attempting to renew an eight-year rivalry with a date at Delaware Stadium on October 21. The Hens have a 7-1 edge in the series, with the Wildcats' lone victory coming the past season.

The Nelsonmen will journey to Hempstead, N. Y., on October 14 to meet Hofstra in the second of a two-game series. At Delaware Stadium in '60, Delaware snapped a 17-game unbeaten string by defeating the Dutchmen, 20-0.

Delaware will open its season at home, the traditional meeting with Lehigh. They will play succeeding MAC games

(Continued on Page 7)

Hen Gridders End Campaign; Nelson Coaches First Loser

After a 26-0 loss to Bucknell, Delaware ended one of its most disappointing football seasons. The Hen gridgers, pressed throughout the season by injuries to key men, were unable to maintain their strength and depth.

The Blues, while faltering in the scoring column, did well as far as statistics are concerned.

SN Wins Run, Ends KA Rule

Tom Moore of Sigma Nu led his team to triumph in the intramural cross country meet run over 2.3 mile White Clay Creek course. Sigma Phi Epsilon was runner up; with Kappa Alpha, the defending champion, third; and Delta Tau Delta fourth.

Sigma Nu's triumph ended a two year reign by the Rebels as Ed Bacon and Dave Taylor placed third and sixth respectively. Barry Haldeman of Sig Ep was second.

In gaining its second trophy of the young intramural season, the Snakes drew twenty points closer to Sig Ep in the race for the intramural trophy given at the end of the year to the organization with the most points.

Of the four activities concluded to date, Sig Ep has won the other two, taking football and table tennis, while Sigma Nu added the handball trophy to its collection. Sig Ep is ahead in the point race by 70 points as competition in wrestling opened Monday. Finals will be held this Monday at 7:30 in the wrestling room.

Basketball rosters are out with competition soon to begin.

Points scoring to date:

Sports SLANTS

By Howard Isaacs
Sports Editor

Thanksgiving traditionally separates the fall from the winter sports program. Cross country, football and soccer are only memories now as their successors, basketball and swimming, initiate schedules tomorrow. Wrestling begins later on.

It is well, though, to comment briefly on the past, in this last issue before the new season.

Cross country, though dwarfed by football on this campus, emerged as the only winning club of the fall program. Paced by sophomores, the harriers emerged with a 6-1 record for their second winning season in a row.

*Only one letterman, Jay Lutz, was available for varsity competition. A sextet of sophomores, Wayne Callaway, Bob Hurd, Roy Jernigan, Paul Quinn, John Ridgeway and Dave Riggan, provided the strength and depth that has not been apparent in past years.

An unfortunate blow, the loss of Captain Wes Stack, at the beginning of the season did not seriously hurt the harriers, although Stack seemed certain to break some of the records set by Carl Olaf-Homen last year.

The lone defeat by Swarthmore was by one point and partial vindication came in the Middle Atlantic Championships when the Hens surpassed the Swarthmore effort to place fifth.

Gary Ragsdale, the leading frosh runner remained undefeated in four outings during the regular season and placed ninth in the MAC race for yearlings. The fine showing of both freshmen and sophomores this season and the return of several lettermen who did not run this year, point to good things for Coach Ken Steers in the future.

In sharp contrast to the success of the cross country team was the football squad which was plagued by injuries from the outset of the campaign. Deprived of talent

(Continued on Page 7)

Sports SLANTS

(Continued from Page 6)

and depth, the Hens were many times at the mercy of opponents, enduring the poorest season by a team coached by Dave Nelson. The gridders were 2-6-1 for the season. Getting off to a slow start, the Hens dropped four straight games, primarily due to errors. A tie against Marshall and consecutive victories over Hofstra and Temple seemed indications of the ability of the under-rated ball club. However the season closed on a bitter note after overwhelming victories by Rutgers and Bucknell, both shutouts.

Incidentally, Rutgers clinched the MAC title with the win over Delaware, and the Bisons went on to take the Lambert Cup, emblematic of small college champs in the East. Hofstra, one of the two Hen victims, placed among the top ten contenders for the Cup.

When a team has a poor year, especially after winning the MAC title and the Lambert Cup, people look for a scape goat. No one can be blamed for the numerous injuries, but why the disproportionate number of fumbles lost and passes intercepted by the Hens? Why was there a lack of imagination on offense. This was so apparent that one could predict runs on first and second downs and a pass on third down.

Despite the fact that Delaware led opponents in rushing yardage, most offensive drives were stopped short of the goal line. These scoring attempts may have been better sustained through the air or else supported to a greater extent by increased passing.

For some reason Coach Nelson refused to allow his quarterbacks to throw except in the last half of the last game. At that time junior Ted Kempinski emerged as the top passer of the team, though he did not lead in passing yardage.

The outstanding men, offensively, are mentioned in the football wrap-up this week. Several players, who usually don't get the credit they deserve include: Bill Grossman, Dick Hammer, Mickey Heineken, Joe Jerkovich, Pape Lukk, Ray Otowski, Dick Peleguin and Earl Ritchie.

The soccer team fared about as well as the football squad. Gene Watson, in his first year at the helm, led his team to a pair of victories in a nine game season.

Mermen

(Continued from Page 6)

the best in years, with Roosevelt, Don Dillon, Art Webber, and Bob Miller carrying the load.

Despite what appears to be a happy future for the mermen, Coach Rawstrom is concerned about the apparent hold-over strength of four schools that defeated the Hens last year — Bucknell, Rutgers, Lehigh, and Dickinson.

The Schedule:

December		
3	Lafayette	Home
10	Dickinson	Home
17	ECSA Relays	Away
January		
7	Lehigh	Home
11	Gettysburg	Away
14	Franklin and Marshall	Away

7

ed from 6 points to 12. Bill Wagamon did a fine all-around job as he grabbed many rebounds and scored 11 points.

Before the second scrimmage the two teams practiced together. Delaware showed good strength under the backboards as Nate Cloud grabbed 25 rebounds, six short of the all time Delaware record; Bill Wagamon took 14. Dick Greenhill replaced injured Tom Adams in the starting line-up.

This scrimmage gave the team a chance to play against both a zone defense and a man to man defense.

Harrier Team

(Continued from Page 6)

five mile Cobbs Creek course. Delaware's fifth place finish was the second highest in Hen history and avenged the only loss of the season by beating Swarthmore (Swarthmore had nipped the Blue Hens by a single point 27-28 in the second meet of the season).

Delaware, led by Callaway (15th) and Jernigan (17th) scored 172 points to trail St. Joe's 34, LaSalle 74, West Chester 83, and Rutgers 112 in the team scoring. St. Joe's showing superior team depth, outdistanced the field as Kevin Quinn led West Chester's Mervin Brian home in 24:19. Fourth, seventh, ninth, and thirteenth positions went to Hawk runners as second place LaSalle managed only fifth and sixth places in the first ten.

Yearling Ragsdale, although failing to win for the first time turned in an impressive performance as he placed ninth in the freshman classic. Bill Holmes of LaSalle won in 13:03 over 2.34 miles. LaSalle also won the frosh title as the first four and seventh places were taken by the youthful Explorers. Rutgers was second in team scoring. Delaware had only four entries and did not qualify for team scoring.

MAC Rivals

(Continued from Page 6)

with Lafayette, Temple, Rutgers and Bucknell, the league and eastern small-college champ.

	The Schedule	
Sept. 23	Lehigh	Home
Sept. 30	Buffalo	Home
Oct. 7	Lafayette	Away
Oct. 14	Hofstra	Away
Oct. 21	New Hampshire	(Pending)
Oct. 28	Ohio University	Home
Nov. 4	Temple	Home
Nov. 11	Rutgers	Away
Nov. 18	Bucknell	Away

Pep Fest

(Continued from Page 1)

ulated from past pep fest slogans, attendance, and the homecoming float. The spirit trophies will be given to the winning men's dormitory, women's dormitory, and fraternity at the closing of this last pep fest.

Mary Jean Astolfi, captain of cheerleaders, urges students to attend the fest and make this first basketball pep fest a successful one.

There's no stopping a man at DuPont... if he is well educated, with capacity to grow... if he has ideas and job-interest. For as our employees grow, we grow. The more experience they get on the job, the more they come to know about their fields, the more challenges they meet successfully... the better it is for all of us.

That's the philosophy that guides our training program, our way of working. It's the reason why, when you go places

with DuPont, you're in good company... with many other "achievers."

There are good jobs with DuPont for engineers, chemists, physicists and mathematicians — B.S., M.S. and Ph.D. For more information about opportunities here, write us. Tell us your course of study so we can send you the appropriate booklet. DuPont, Room 2430-12 Nemours Building, Wilmington 98, Delaware.

Better Things for Better Living
...through Chemistry

These are the silver wings of a U. S. Air Force Navigator. As a flying officer on the Aerospace team, he has chosen a career of leadership, a career that has meaning, rewards and executive opportunity.

The Aviation Cadet Program is the gateway to this career. To qualify for this rigorous and professional training, a high school diploma is required; however, two or more years of college are highly desirable. Upon completion of the program the Air Force encourages the new officer to earn his degree so he can better handle the responsibilities of his position. This includes full pay and allowances while taking off-duty courses under the Bootstrap education program. The Air Force will pay a substantial part of all tuition costs. After having attained enough credits so that he can complete course work and residence requirements for a college degree in 6 months or less, he is eligible to apply for temporary duty at the school of his choice.

If you think you have what it takes to earn the silver wings of an Air Force Navigator, see your local Air Force Recruiter. Ask him about Aviation Cadet Navigator training and the benefits which are available to a flying officer in the Air Force. Or fill in and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

Christmas Ball

(Continued from Page 1)

enthusiasm and the pitch of excitement continued to rise throughout the session.

The initial preview outside the home office foreshadowed the public's national enthusiasm for Billy's fresh and humorous approach to popular music; there were raves from New York, Chicago, New Orleans until the reaction reached a fever pitch. The rest of the story is well known to every "Big-Band" enthusiast. Billy May was truly an "overnight hit."

Frankie Lester is the band's singing leader. His first recording on his own sold well over 200,000 copies. But, in spite of a promising career as a "single" Frankie still could not forget his love of the big dance band sound. He literally sacrificed his career as a single seeking ways and means of getting back into the band business. He firmly believed young America would always need and want a good dance band.

Before joining the Billy May Band, he sang with the Ted Lewis, Tommy Dorsey, Hal McIntyre and Buddy Morrow.

'Twelfth Night'

(Continued from Page 1)

tray and must create what Shakespeare does explicitly not give them. They must be sure the character they build is consistent with the play."

It is toward this end that the cast has been working for the past four weeks. This is the same directional approach used last year when the E-52 Players broke all attendance records with "Much Ado About Nothing".

Many of the actors responsible for the "standing room only" signs shown during "Much Ado" will be seen in "Twelfth Night." Jack Erthal, AS2, a young courtier last season, will play the self-loving Malvolio. Peter Fisher, AS3, last season's uproarious Dogberry, will appear as a comedian in the foppish role of Sir Andrew Aguecheek. Juliet Wittman, AS3, the charming Hero of "Much Ado", will make her first appearance in a comic role, that of the fun-loving companion to Sir Toby, Maria. Tom Lackman, AS1, switches from Friar Francis to the noble and love-sick Duke of Orsino. Supporting roles are played by Ken Shelin, AS1, and Jack Talley, AS3.

Workshop

(Continued from Page 1)

Mr. Larry Guest and Mr. Ken Jester, from the Lithoprint Co. in Wilmington, will talk with the Blue Hen and magazine staffs concerning layout and design.

The business managers of the publications will meet with Mr. Glenn Dill from the Gallagher-Evans-Dill advertising firm located in Wilmington.

Newcomer to Shakespeare, but no stranger on the Mitchell Hall stage is William Harper, AS2, playing the Falstaffian Sir Toby Belch. Other Mitchell Hall veterans appearing in, "Twelfth Night" will be Kay Salvatore, AS3, as Viola, Sara Hinman as Olivia, and Barbara Fisher, ED4, as Feste.

Other roles are being played by Mike Lewis, AS1; Lyn Lockhart-Mummery, AS4; P. S. Sinclair, AC4; Cindy Stewart, AS3; Dorcas Maddox, ED4; Sally Dickerson, AS2; Charles Mast, AS4; Frank Bohner, AS2; and Jon Wendt, AS2.

Since advanced ticket sales are now well past the six hundred mark, students are encouraged to order their tickets early to obtain seats. The "Standing Room Only" sign may well be posted on performance nights.

Horse Show Held

At Rising Sun., Md.

This weekend the final Horse and Pony Show of the year will be held at Rising Sun, Md. The Eastern Pony Breeders Association will sponsor the two-day event at their show grounds on Maryland Route 276 east of the West Nottingham Academy.

The show will start at 10 a. m. and run until dark. Restaurant facilities and ample parking areas are provided on the grounds.

On Saturday the classes will consist of registered Shetland, Hackney, and Welsh ponies shown in fire harness. There will also be breeding divisions. Among the participants will be many of the finest ponies in the country — national champions which will go on to show at the Pennsylvania National and Madison Square Garden.

On Sunday the hunters and open jumpers take over—with a full classification both in the ring and over the outside course. Some outstanding jumpers are expected, and there will be a special High Jump contest with added purse.

Campus Calendar

December 2-9, 1960

Time	Place	Event
Friday, Dec. 2		
8 p.m.	Dover Room — SC, M.R.H.A. Dance	
8 p.m.	Faculty Lounge — SC, Bridge Session	
8:15 p.m.	Mitchell Hall, Artist Series	"The Albeneri Trio"
Saturday, Dec. 3		
7:30 p.m.	Student Center, Faculty Club Dinner Dance	
8:30 p.m.	Ag Cafeteria, Dela. Student Wives Party	
Sunday, Dec. 4		
7:45 p.m.	Small Cafeteria — SC, "The Informers"	
Monday, Dec. 5		
12 noon	Agnew Room — SC, Parents Conf. Cmte. Luncheon	
4:00 p.m.	Agnew Room — SC, W.C.S.C. Mtg.	
6:00 p.m.	M&V & SC, Campus Y Mtg.	
7:00 p.m.	Faculty Lounge — SC, A.P.O. Initiation	
7:15 p.m.	209 Allison, 1963 Executive Council Mtg.	
7:00 p.m.	Wolf Auditorium, 1964 Class Mtg.	
7:30 p.m.	Agnew Room — SC, Alpha Zeta Mtg.	
Tuesday, Dec. 6

8 p.m.	Agnew Room — SC, A.I.E.E.	
8:15 p.m.	M&V — SC, Dr. Mather — "Science & Religion in the Atomic Age"	
7:30 p.m.	203 Allison, Home Economics Club Mtg.	
7 p.m.	Warner Basement, D.S.N.E.A. Christmas Party	
8:15 p.m.	Mitchell Hall, E-52 — "Twelfth Night"	
Friday, Dec. 9		
11 a.m.	246 Ag Hall, Dr. Mather — "Earth Resources and Man's Future"	
3 p.m.	108 Robinson, Dr. Mather — "Frontiers of Earth Science"	
8 p.m.	Faculty Lounge — SC, Bridge Session	

Hen Gridders

(Continued from Page 6)

Gary Hebert, took passing honors with 20 completions in 61 attempts for 282 yards. He also gained 69 yards on the ground to rank second in total offense. Other quarterbacks with promise are Junior Barry Fetterman and Ted Kempinski, Delaware's only left-handed soph passer.

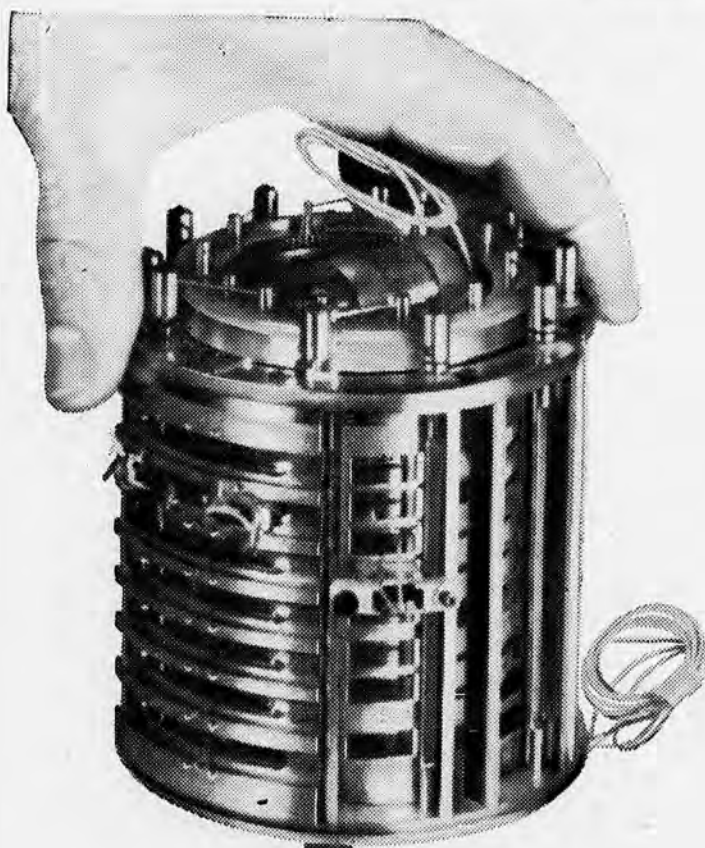

Michael's emerged the team's leading scorer with 32 points. He and five of the six scorers will be back next year. Lorenz took honors on kick-off returns for 222 yards, and punt returns with five for 47 yards. Fetterman's defensive work in the secondary, paid off with honors in number of interceptions, four for 103 yards.

Seniors Missed

A pair of seniors, Mickey Heineken and Pape Lukk, will be missed. Heineken, the team captain and starting end, was the Hens' leading receiver with 10 catches for 130 yards and a touchdown.

Hoping to take up the slack next year will be soph end Ollie Baker, who had seven pass catches for 108 yards, and Fred Rullo, sophomore quarterback and punter.

**TINY MEMORY UNIT
GUIDES GIANT ROCKETS
INTO SPACE**

On this tiny drum, only four and one-half inches in diameter, is recorded all the significant data needed to direct a rocket into space.

As the rocket blasts skyward, the electronic computer, which includes this small memory unit, begins to monitor the flight. The computer continually correlates data on flight progress with data in the memory unit and makes course corrections instantly.

The very small size and weight of this memory unit is an achievement in itself. Yet other difficult problems had to be overcome—shock, prolonged vibration and extremely high G forces. Only by using new materials and design techniques were these problems solved.

People with backgrounds in the sciences, engineering, and liberal arts all contributed to the success of this project. Ideas which create new products can come from anywhere at IBM. From research, development, programming, manufacturing, marketing.

If you would like a job where your ideas can be put to work in interesting and important areas, then you should consider the many opportunities at IBM. The IBM representative will be interviewing on your campus. He will be glad to discuss career openings at IBM. Your placement officer can make an appointment. Or you may write, outlining background and interests, to: Director of Technical Recruitment, Dept. 897, IBM Corporation, 590 Madison Avenue, New York 22, N. Y.

You naturally have a better chance to grow with a growth company.
