The time to end big money and its influence in politics is now. There is only one way to do it—by everybody getting involved.

My 1974 campaign for Congress will be paid for by thousands of small contributions. Contributions over \$100 and contributions from Special Interest groups will not be accepted.

Washington's politicians are sitting on political reform, because they're afraid they can't win without large special interest contributions. 3,000 Delawareans can show them a better way.

In 1787, Delaware was the first State in the Union to answer freedom's call. In 1974, Americans are calling for political reform. Again, Delaware can be the first State to answer. I hope you'll want to help.
