

## Council Majority Vote To Top Planners on Zoning Opposition

Three-Quarters Vote Required To Overrule Planning Commission Majority Opposition To Zoning Changes Defeated 5-2 Council Action; SPCA Terms Approved

A simple majority instead of a three-quarters vote of council to overrule a negative vote of the Newark Planning Commission on zoning code amendments was approved in a 5-2 vote and passage of an ordinance over dissent by Councilmen John H. Fassnacht and William E. Frame, Jr., at the regular meeting of Newark City Council last Tuesday night. Heretofore, a 6-1 vote of approval was required by council to nullify a majority vote of the planning commission rejecting zoning amendments. City Solicitor Clyde M. England, Jr., had advised earlier that a majority decision should apply to both bodies, but in an opinion presented Tuesday, stated that validity of the change is "debatable."

William Pritchett and Julian Rittenhouse were reappointed, and Ronald L. Gardner was elected for three-year terms to the planning commission.

### SPCA Contract

The contract with the Delaware Society for the Prevention of Cruelty to Animals was renewed for another year thru next August at a cost of \$3,000 to the city, for SPCA impoundment of animals and fowl running at large. SPCA activity will be conducted from 8 a.m. to 4 p.m. Monday thru Friday.

The contract for Bellevue Road construction was awarded to Harold D. Crouse for the low bid of \$51,535.

Solicitor England is to prepare ordinances for parking restrictions on Orchard Road and Kent Way, and at Fassnacht's request, to close Rock Lane at its southern terminus to prevent tie-in with Welsh Tract Road.

**High Rise Apartments**  
A petition for annexation and zoning of a tract on Welsh Tract Road for a seven-story building with 110 apartments was withdrawn by Simon Birnbaum, developer of the proposed Provincial Tower project.

Council endorsed Councilman Arthur P. Meyer's proposal for improved traffic flow from south to north of the city, including study of extending Elkton Road to Cleveland Avenue for tie-in with Kirkwood Highway travel.

The plat of Patan, Inc. for subdivision of the Godwin tract into lots on Barkdale Road, was approved with council adoption of the covering resolution.

## Wynn Cites VFW Contest Benefits For School Youths

"Students win more than awards and scholarships when they participate in the VFW Voice of Democracy program," said Commander Carl Wynn of VFW Post 475, in discussing the annual script-writing contest conducted by the Veterans of Foreign Wars.

The contest is open to any high school pupil in the Newark area with awards from the local VFW post and the VFW District.

For state winners, there is a five-day tour of Washington, and five national winners are chosen to receive a total of \$13,500 in scholarships.

In the eight years the VFW has sponsored the contest, 1,500,000 students have participated.

Each entrant must write a three to five minute script expressing personal views on freedom with the theme "Freedom's Challenge."

Scripts are taped and judges select winners.

"One of the greatest benefits to young people who take part in the contest, is that in expressing their feelings on freedom, they gain a better appreciation of their heritage," Commander Wynn concluded.

## Witching Season Safety Measures Cited By Coral Morris For Small Spook Folks

Witching season is here again, tremendously flimsy. Shorten costumes that trail on the ground. It's too easy to trip and fall while dashing back and forth in the dark.

Ghosts are safer than witches—at least on dark streets; motorists can see light costumes much more clearly. If your trick-or-treater insists on being Batman or a witch, wear strips of light-reflecting tape on the costume.

A responsible adult should accompany any pre-schoolers at least. Halloween hazards can be internal too, Miss Morris points out. Children who eat a six-month supply of candy in one night will probably be miserable the next day. Put some of the wrapped treats away and dole them out for several weeks.

Think about the goodies you're handing out: avoid suckers with hard sticks—a fall could spell real trouble. Individually wrapped homemade treats are most popular. If you can take the time and trouble, you can take the time and trouble.

Or, why not give fruit, cookies, popcorn balls or small packages of raisins this year?

## New Century Club Speaker

Mayor Norma B. Handloff will speak at next Monday's meeting of the Newark New Century Club at 1:30 p.m.

The mayor will be introduced by Mrs. Richard D. Jay, and her topic "Newark: Something Old, Something New" should "certainly stimulate our thinking on current problems in Newark," Mrs. George A. Wilkins added.

Mrs. Robert Westcott and Mrs. James Pfeiffer will be hostesses for the tea.

## Mother Of Builder Hugh Gallagher, Jr. Succumbs At 75

Funeral services for Mrs. Rebecca Gallagher, 75, were held 10 a.m., Oct. 8, at St. Joseph's-Brandywine Catholic Church, with interment at Cathedral Cemetery, Wilmington.

Mrs. Gallagher, who died Oct. 6, at Ingleside Nursing Home, was the widow of Hugh F. Gallagher, owner and president of Union Park Motors until 1955. Mr. Gallagher died in 1957.

She is survived by three sons—Hugh F., Jr., of Newark; J. Harry of Wilmington; and Donald J. Gallagher of Broomall, Pa., nine grandchildren, four great-grandchildren; a brother, Henri Hance of Smyrna; and a sister, Mrs. Kenneth Cunniff of Wilmington.

## Dean Lomis Heads Foreign Student Advisory Program

Dr. Dean C. Lomis has been named foreign student advisor in the office of student affairs at the University of Delaware.

A graduate of Southern Methodist University, he holds an MA and PhD from East Texas State, and since 1957, has traveled in Europe, Africa, and the Middle East.

Lomis was a classroom instructor and intern administrator in the Mesquite (Tex.) School District, from 1961 to 1968.

During the time he was a school administrator, he established and headed his own plastics manufacturing company in Dallas, and last year worked full-time as head of his own business which published tourist brochures in Athens, Greece.

He is married and has two children.

## Veterans Offered New Counsel Plan By Elmer Saxton

Elmer Saxton of Newark's J. Allison O'Daniel VFW Post 475, state service officer for the VFW, has started a new program to help veterans.

Saxton will be available for consultation at posts throughout Delaware, and in Newark, will be at the VFW post home on Barkdale Road on the last Wednesday of each month from 7 to 10 p.m.

The returning veteran is entitled to educational rights, pensions, membership, and other claims from the Veterans Administration, Saxton said.

The veteran's wife, widow, children or other dependents may have questions concerning their problem, and if they cannot visit Saxton in the VA Hospital office, Elmer, he will assist them outside of regular office hours.

**TURKEY SUPPER**  
A family-style turkey supper will be served Saturday, Oct. 25, from 3 to 7 p.m. at Kirkwood Methodist Church. Children's tickets are offered at reduced rates, and tickets may be obtained at the door.

## New Poultry Lab Cited By Trabant As Peninsula Aid

USDA Facility Dedicated On Land Leased From UD Near Georgetown Station

The new U.S. Dept. of Agriculture Poultry Research Laboratory in Georgetown, was formally dedicated on Oct. 1, and the new laboratory represents a "long step in the forward march of the Delaware poultry industry," according to Dr. Edward A. Trabant, president of the University of Delaware.

From initial planning through construction stages, complete cooperation has existed between the university, USDA and the poultry industry, Trabant said. Research at the laboratory will complement and add to poultry research in progress at the university, and projects will not be duplicated.

Trabant and Dr. William E. McDaniel, dean of the college of agricultural sciences, urged renewed efforts to obtain funds to staff the laboratory so that research can move ahead. They asked Delaware and Maryland congressmen and poultry industry representatives to help in these efforts.

The research facility is located near the university's Georgetown Substation on 16 acres of land leased to the USDA by the university.

The laboratory is planned for a staff of five scientists and supporting personnel.

Joint research by the USDA and the university will focus on broiler production problems in the Delaware area, particularly on factors that affect broiler quality.

Studies will be directed toward improving efficiency of production, reducing losses to the industry, and improving broiler quality.

## Sheridan Conducts Ocean Floor Study Of Delaware Coast

Oceanographer On Cruise With Six Students At UD On 110-Ft. Research Ship

A University of Delaware oceanographer is conducting a study of the ocean floor and slope off the coast of Delaware as a seven-day exploratory cruise which began Oct. 12.

Accompanying Dr. Robert Sheridan are six University of Delaware students, two research associates from the Marine Laboratory at Stevens, and a staff member of the Delaware Geological Survey.

The cruise aboard Duke University's 110-ft. research vessel "Eastward" marks the beginning of a long term study of the sea floor off the Delaware coast. One place picked as part of the study area is Wilmington Canyon, a deep undersea gorge some 35 miles east of the city of the same name.

The primary mission of the research cruise will be to determine how far an ancient land surface known as the Eocene-Miocene unconformity stretches under the continental shelf.

The cruise, part of the university's oceanography program, provides students with training in geophysics and marine geology.

Six students from the university will accompany Sheridan on a cruise to the Bahamas around Christmas.

A research scientist at the Lamont-Doherty Geological Observatory before coming to the University of Delaware last year, Sheridan has participated in research cruises from Canada to the Bahamas, throughout the Caribbean, and around the waters of Antarctica and Southern New Zealand.

The free public lectures are presented by the department of economics, college of business and economics, and the division of university extension.

## Leo Laskaris Mosaic Panel Presentation Slated Sunday At Willard Hall Building

Art Project Coordinator

The mosaic, 4x7-ft. in size, was commissioned by women's classes of 1928 and 1929, whose members also are providing several benches and a planter to improve appearance and utility of the foyer.

The project has been coordinated by Mrs. Joseph Patovic, past president of the Alumni Association.

A 1939 graduate of the university, Laskaris received his art training at the Art Institute of Chicago.

He is a graduate of the School of Fine Arts in New York. He has exhibited locally and nationally, and two mural commissions are, "The Little World" murals at the Farmers Bank of the State of Delaware in Newark and the Byzantine murals at the Greek Orthodox Church in Wilmington.

Of "Variations on a Theme," Laskaris said "I find inspiration in nature, whether it be light, atmosphere, or organic form. It is with plant life that I first succeeded in developing my thoughts and feelings. Because of their infinite variations in structure and growth, plants give me an unlimited working scope—to distort and reshape depending on the plastic needs of the pictorial statement."

The exhibition is open to the public without charge.

**Mrs. Joseph Patovic**  
The official presentation of a mosaic panel designed by the Willard Hall Education Building at Newark University of Delaware by Newark Artist Leo Laskaris has been scheduled for this Sunday afternoon.

Coinciding with the presentation will be the opening of an exhibition of Laskaris' paintings entitled "Variations on a Theme" in the foyer of the building. The mosaic and paintings will be on display from

## Hallowe'en Activities Planned For City To Perpetuate Former Program Of GNRA

Hallowe'en events for the City of Newark will be conducted by the parks and recreation department with assistance from local service and civic clubs.

Activities begin with window painting for junior and senior high school students on Saturday, Oct. 25, from 10 to 2 p.m. Registrations may be made by presenting a color sketch of the painting to the parks and recreation office at 26 Haines Street by Oct. 23.

For small fry, jack o' lanterns will be exhibited at Eagle Furnace, Main and Haines streets. Pumpkins may be brought to the drive on Wednesday, Oct. 29, between 3:30 and 5 p.m., and should be picked up 10 a.m. Saturday.

Formation for the parade on Thursday, Oct. 30, will begin at 6 p.m. in the Newark Shopping Center parking area. The parade will move west on Main Street at 6:30 to Academy Street and conclude at the Academy Building parking lot. Large floats only need to be registered for the parade.

Procedures for window painting, jack o' lanterns and parade are new. To insure a pleasant experience for all children and persons involved, judging has been limited to floats in the parade, and trophies will be presented to the best three floats.

"The Newark Parks and Recreation Department hopes to continue the philosophy of the Greater Newark Recreation Association, which for many years coordinated Hallowe'en festivities," Director James F. Hall said.

"Citizens of Newark, through city officials and business establishments make this program possible. We invite all residents of the Newark area to participate in working together to promote an enjoyable community event," Hall concluded.

## Aetna Fund Drive For \$34,900 Goal Totals \$25,567.40

Second Mailing Planned To 8,000 Homes In Area For Campaign Donations

President Charles W. Wollaston announced a total \$25,567.40 received from public contributions as of last Sunday to the annual fund drive conducted by the Aetna-Hoosier Hook & Ladder Co. toward a goal of \$34,900 to meet a budget for operating and maintenance expenses of Newark's volunteer fire department.

A second mailing of fund campaign literature with return envelopes for contributions to the fund drive, is being undertaken by the Aetna-Hoosier Hook & Ladder Co. toward a goal of \$34,900 to meet a budget for operating and maintenance expenses of Newark's volunteer fire department.

Fund Campaign Chairman Olan R. Thomas said that 80 per cent of the business firms in the Newark fire district have responded with donations to the fund drive, and the second mailing is to include home residents only.

Newark's volunteer fire department has a budget of \$88,000 for annual expenses, but funds provided by state, county, city and insurance allocations and from membership dues are \$34,900, short of necessary financing. This amount must be raised from public donations, Wollaston stressed.

"If you haven't mailed your annual contribution for support of Newark's volunteer fire department," Olan Thomas added, "please do so as soon as you can."

Aetna firemen serve without pay, but funds are needed for operating and equipment costs.

Newark's fire equipment includes a 20-year-old aerial truck, five fire trucks, a rescue wagon and two ambulances.

## Solomon To Speak Monday On Bretton Woods System

The director of the division of international finance of the Federal Reserve system's board of governors will deliver the third in the series of lectures on international monetary systems at the University of Delaware.

Monetary Order Under the Bretton Woods System" at 8 p.m., next Monday in the Ewing Room of the Student Center.

The free public lectures are presented by the department of economics, college of business and economics, and the division of university extension.

## Leo Laskaris Mosaic Panel Presentation Slated Sunday At Willard Hall Building

Art Project Coordinator

The mosaic, 4x7-ft. in size, was commissioned by women's classes of 1928 and 1929, whose members also are providing several benches and a planter to improve appearance and utility of the foyer.

## Ag College Plans For Careers Day Outlook Program

High School Students Invited For Orientation In Agribusiness Field

Annual Careers Day at the University of Delaware college of agricultural sciences is set for Saturday, Nov. 8, at Agricultural Hall, Newark.

Dr. Ralph P. Barwick, assistant dean of the college, said the program, which begins at 9:15 a.m., is to familiarize high school students with the wide range of career opportunities available in agribusiness.

Theme of the program "Problem Solving Through Science," will be illustrated with a variety of departmental demonstrations and exhibits.

You don't have to live on a farm, or even near one, to have a rewarding career in agribusiness, Barwick says.

"The business of agriculture is the largest single industrial complex in America today, and agriculturally-oriented graduates are in demand," Barwick added.

Courses offered at the college of agricultural sciences are designed to give training needed to take advantage of this demand.

"You can concentrate on agricultural engineering, plant and animal science, entomology, ecology, soils, economics, communications, or education," Dean William E. McDaniel advised.

Careers Day is aimed especially at high school juniors and seniors, Barwick adds, but all high school students are welcome to attend.

High school administrators, counselors, science teachers, agriculture teachers and parents also are invited.

Visitors will have chance to tour college facilities and to discuss admission, curriculum, financial aid and career and employment opportunities with university staff members at an informal luncheon.

Deadline for Careers Day registration is Nov. 3. Send all inquiries to Dr. Ralph P. Barwick, University of Delaware, Newark.

## American Scholars Directory Includes Art History Four

Homer, Roethlisberger, Tatum, Montgomery At UD Listed In New Edition

Four members of the department of art history at the University of Delaware are listed in the new edition of "Directory of American Scholars."

He holds degrees from Princeton and Harvard and was a fellow of the American Council of Learned Societies.

He is the author of "Seurat and the Science of Painting" and "Robert Henri and His Circle."

Roethlisberger was born in Switzerland and educated at the universities of Paris, Florence, London and Berne.

Prior to coming to Delaware he was a member of the Institute for Advanced Studies at Princeton and served on the faculties of Yale and UCLA.

He has written six books and numerous articles on European painting and drawing.

Tatum is a graduate of Princeton where he earned his master of fine arts and PhD degrees. He came to Delaware in 1966 from the University of Pennsylvania where he had been professor and chairman of the department of art history.

Montgomery is a senior research fellow of the Winterthur Museum. Former education editor of the New York Herald Tribune, he is the author of books on American furniture, and a leading authority on pewter.

## 162nd Anniversary Service Scheduled For Salem Church

Homecoming will be observed this Sunday at Salem United Methodist Church, with Dr. John N. Link, Wilmington district superintendent, speaking at the 11 a.m. service marking the 162nd anniversary of the local church.

Mrs. Clarence White will be the organist with special music by the Salem Choir.

Ladies of the church will provide luncheon after the service. Administrative Board Chairman Roy C. White advises.

The Rev. Arley B. Golden is pastor of Salem United Methodist Church.

**Rabid Bats**  
No rabid bats have been found in Delaware recently, according to Dr. Paul E. Catts, associate professor in the department of entomology and applied ecology at the University of Delaware.

The discovery of several rabid bats in nearby Pennsylvania has caused concern about the possibility of a similar outbreak in Delaware. But university entomologists have found no rabid bats and no one has reported being bitten by a possibly rabid bat, Catts says.

Five species of bats are found in the Delaware area. The big brown and little brown bats are colonial. They live together in groups, usually in caves, old barns or sometimes in attics, particularly of brick and stone houses.

An extremely small colonial bat, the pygmy bat, also is found in Delaware, mostly in caves.

The red bat is an example of the solitary type of bat occurring in Delaware. It roosts in trees and migrates in the winter.

The hoard bat is another solitary bat, rare in Delaware.

All bats are susceptible to rabies—as are all mammals including man. Catts says. However, only the large bats, the red, big brown and hoary bat, have teeth large enough to break man's skin.

"But bats, even rabid bats, will not attack man. Of course, if you're trying to force a bat out of your house by chasing it with a broom, you could accidentally get bitten," Rabid bats drop to the ground in

## C. Emerson Johnson To Retire As Head Of Rhodes Drug Store

Pharmacist In Newark Since 1925, Successor To Late George W. Rhodes As Proprietor In 1942, Retires; Albert B. Grant, 1967 Pharmacy Graduate, Takes Over

Another era for a 113-year-old Newark institution ended today with the retirement of C. Emerson Johnson, pharmacist with Rhodes Drug Store since 1925, and its owner-operator since 1942 when he succeeded the late Dr. George W. Rhodes in direction of the local firm at 36 East Main Street.

Albert B. Grant, former pharmacist with Rhodes Drug Store, and most recently employed at Collins Park Pharmacy, succeeded the veteran Newark pharmacist-businessman as owner-manager.

A 1920 graduate of the Philadelphia College of Pharmacy and Science, Emerson Johnson is serving his fifth year as a member of the Delaware State Board of Pharmacy. Former Newark city councilman, he is a director of the Farmers Bank of the State of Delaware and a member of the Aetna-Hoosier Hook & Ladder Co. and the Newark Country Club.

Mr. and Mrs. Johnson will divide their time between residences on Orchard Road in Newark and at Rehoboth Beach.

**1967 Pharmacy Grad**  
Grant, a 1967 graduate of the Philadelphia college, was employed as a pharmacist at Rhodes Drug Store in March, 1968 after serving with the Shively and Grant Pharmacy in Delaware's Georgetown.

He has been associated with the Collins Park Pharmacy for the past six months.

Established in Newark in 1856, Rhodes Drug Store has provided prescription service for the community for more than a century, and adjacent to the college has been a friendly meeting place for generations of university students.

At Rehoboth, Emerson Johnson has promised to stake and steak out a few flounder for friends in devoting more time to fishing than to pharmacy.

"I'm going too old to work in a drug store," Mr. Johnson said to the complete disbelief of all who know him.

## Yule Leather Gift Class At YWCA To Begin Oct. 30

"Would you like to create a thing of beauty and be proud of your creation?" Mrs. Sylvia Zsoldos, YWCA program director, asks.

"You can make attractive Christmas gifts out of carved leather in a class starting Oct. 30, from 7:30 to 9:30 p.m. at the Newark YWCA, with John Santak as teacher."

A class in flower arranging and holiday decorations will start Oct. 28, from 10 to noon, with Mrs. Charles Dunham reviewing basic principles of flower arranging. She will teach how to arrange fresh and dried flowers and to make holiday decorations.

A children's Christmas boutique class will be taught by Mrs. W. Gary Caulfield on Wednesday afternoon starting Oct. 29, with an adult morning class.

Other classes starting the last week in October include swimming, art, bridge, sewing, furniture refinishing, Little One's Workshop, needlework and decoupage.

## Catts On Bats: No Rabies In Delaware Despite Reports In Nearby Pennsylvania

No rabid bats have been found in Delaware recently, according to Dr. Paul E. Catts, associate professor in the department of entomology and applied ecology at the University of Delaware.

The discovery of several rabid bats in nearby Pennsylvania has caused concern about the possibility of a similar outbreak in Delaware. But university entomologists have found no rabid bats and no one has reported being bitten by a possibly rabid bat, Catts says.

Five species of bats are found in the Delaware area. The big brown and little brown bats are colonial. They live together in groups, usually in caves, old barns or sometimes in attics, particularly of brick and stone houses.

An extremely small colonial bat, the pygmy bat, also is found in Delaware, mostly in caves.

The red bat is an example of the solitary type of bat occurring in Delaware. It roosts in trees and migrates in the winter.

The hoard bat is another solitary bat, rare in Delaware.

All bats are susceptible to rabies—as are all mammals including man. Catts says. However, only the large bats, the red, big brown and hoary bat, have teeth large enough to break man's skin.

"But bats, even rabid bats, will not attack man. Of course, if you're trying to force a bat out of your house by chasing it with a broom, you could accidentally get bitten," Rabid bats drop to the ground in

flights. They are very beneficial since they help cut down on the number of insects. "You might call bats one of nature's ways to control insects," Catts adds.

If someone picks the bat up thinking it's dead, he may then get bitten. Animals such as dogs, cats, raccoons and skunks also may get bitten the same way.

Most people find bats frightening. Stories about bloodsucking vampires and old witches tales about bats getting entangled in women's hair are responsible. But Delaware has no vampires and bats have no particular desire to get into your hair, Catts says.

Bats are very beneficial since they help cut down on the number of insects. "You might call bats one of nature's ways to control insects," Catts adds.

A dessert card party will be held in the social hall of St. Barnabas Episcopal church next Thursday at 8 p.m.

The first annual missions conference to be held by Temple Baptist Church opened last night and will continue through Saturday morning in Harmony Grange Hall.

The Rev. Damon Woods, missionary to the Philippines, and the Rev. Bobby Finch, missionary to Japan, will speak, and there will be special music.

The new North Star Elementary School held open house recently for parents and friends. A PTA meeting was held jointly with Hockessin School.

Three-In-One Home Economics Club heard talks by Mrs. Leonard

Nelson and Bertha Kirk relative to detergents, bleaches, water softeners, starches and fabric finishes at the October meeting last Thursday with Mrs. Melvin Weaver of Newark as hostess.

She urged the women to read the tags on garments so that the right product can be used on the right fabric.

Members were reminded of the County Christmas gift and decoration workshop to be held at Agricultural Hall on Nov. 4, from 1 to 4:30 p.m. The club is to send two articles for display and to contribute food for the tea table. Mrs. Howard Bradley and Mrs. Ethel Nelson are the committee.

Mrs. Harold Dexter, family life chairman, urged that children should be taught early in life their home phone number, name and address, and how to dial for operator. Miss Bertha Kirk gave the emergency number for help and a number to hear a recording on dope.

Mrs. Carl Nelson told of vaccine for German measles for young children, and discussed color TV radiation.

Dr. Maynard Rausch was the guest speaker last Friday at the

## Mary H. Gross, 67

### Dies In Hospital After Long Illness

Mrs. Mary H. Gross, 67, of University Apartments, Beverly Road, Newark, died Friday at Delaware Division after a long illness.

She was the wife of Walter W. Gross.

Mrs. Gross, a native of Maysville, W. Va., lived in Newark for the past 2½ years. She and her husband moved to Newark from Hagerstown, Md.

She belonged to Trinity Lutheran Church of Hagerstown and to the Newark Senior Center.

Surviving in addition to her husband are a son, Thomas H. of Newark; two granddaughters; and a sister, Mrs. C. M. Scott of Cumberland, Md.

Services and interment were conducted Saturday morning at Loudon Park Cemetery, Baltimore.

In lieu of flowers, the family suggests contributions to the Leukemia Society of America, Inc.

supper session of Hockessin Friends Fellowship. He illustrated his talk with color slides of his two trips to South America.

Union Grange will elect officers at the grange hall.

White Oak 4-H Club celebrated parents night and its 30th anniversary of organization last Thursday at the Hockessin Friends meeting House. Dean Belt, county leader, Mrs. Belt and their son were guests.

Year pins were presented by Mr. Belt assisted by Mrs. Joseph Mitchell, IV, local leader, to Jeannette Jones, Tommy Mitchell, and Robert Baird, first year; Andrea Maird, Nadine and Cindy Stan, third; Kathy Ryan, Christine Sauers, Kathy Baird, and Lisa Hyatt, fourth; and Anne Lomax, ninth year.

This club was a blue ribbon winner in the county window display contest. The exhibit was at Patterson-Schwartz in Milltown Shopping Center.

Kathy Ryan read the yearly report; Lisa Hyatt and Kathy Baird played a piano duet, and Mr. Belt showed slides of county activities.

Awards were given to Jill Hallman, Anne Lomax, and Laura DeHoff, junior leaders; Mrs. Malcolm Baird, sewing leader, and Mr. and Mrs. Joseph Mitchell.

The traditional candlelight Ceremony was conducted by Mr. Mitchell assisted by Ken Lomax.

Red Clay Creek Presbyterian Church. Mrs. Edward Shurts was elected president of the Women's Association at its October meeting at Fellowship Hall.

Mrs. Neal Zittere is the new vice president; Mrs. Robert Holdway, secretary; and Mrs. Laurence Ford, treasurer.

Ruth Circle meets next Tuesday at 8 p.m. at the home of Elizabeth Hancock on Duncan Road. Needlework Guild garments are to be brought.

Mrs. John Glancy, Westgate Farms was hostess today for Lois Circle.

Dorcas and Esther circles met this afternoon with Mrs. James Alexander on Brackenville Road.

All circles are to bring good used clothing for Sunset Gap School.

Members of the 959 Club after its meeting at the social hall last Thursday, toured the Curtis Paper mill at Newark. Each received a souvenir gift from Curtis Paper Co.

The following were baptised last Sunday by the Rev. Wallace G. Winegard: Eric Nicholas Cleland, Jull Anne Cregar, Tracy Ann Dana, William Key Gottenstrater, II; Wendy Jane Rohl, Christopher David Rothenberger, Robert Elwood Taylor, Jr., Gary John Thomas, and Robert Eugene Woods.

A dedication of church school superintendents, teachers, and officers was conducted by the pastor.

John F. Keen is general superintendent; David E. Harelbeck, assistant; Mrs. Samuel Arnold, secretary; Mrs. William C. Evans, purchasing agent; and Mrs. Harry Ayers and Mrs. Thomas Herlihy III, head teacher recruitment.

Superintendents for the different departments are: Mrs. William Kelley, and Mrs. T. William Elliott, nursery; Mrs. Joseph Sanford, kindergarten; Mrs. John Patti, primary; Richard Herman and Mrs. Howard Smith, junior; and Nancy Cropper, junior high. Fifty-three teachers are on the staff.

Tickets must be obtained for the organ recital to be given by Joel Lippincott on Sunday, Oct. 26, at 7:45 p.m. from members of the senior choir or the church office.

There is no charge but a money

## Laird, Mikity, Young

### Elected LBM Directors

Walter J. Laird, Jr., Emil J. Mikity and Leslie T. Young, vice-presidents of Laird, Bissell & Meeds, Inc., were elected yesterday as directors of the investment brokerage and underwriting firm, according to William C. Lickie, president, and have been admitted as allied members of the New York Stock Exchange.

Laird, Bissell & Meeds, members of the New York and American stock exchanges, is based in Wilmington, and maintains an office in Newark.

contribution is solicited.

A Halloween party preceded the October business meeting of Y's Owl 4-H Club at the home of Chris Hurd.

Prizes for costumes went to Lisa

Nixon and Mark Ellis, hardest to guess; Eddie Neidlein, prettiest; and Monica Schneider, ugliest.

The club planned a baked goods sale at Gregg's store in Yorklyn on Nov. 7.

Parents night will be observed with a covered dish supper and program on Nov. 5, in Limestone Presbyterian Church.

Doug and Alan Ellis, Mary and David Trimble, and Donald Archer are in charge.

New officers were installed by Laurence Ulmer, leader. His grandson, Alan Ellis, is the new president.

Lisa Nixon and Kathy Herlihy were installed as members and Becky Newborn and Linda Young were guests.

Games were conducted by Mark Ellis and Robin Nixon.

Mr. and Mrs. Bradley Vernon of Brackenville Road, have returned from a two week trip to Nova Scotia.

**Episcopal Methodist Church**  
Laymen's Day was observed last Sunday at both services with Russell H. Brelsford, lay leader in charge.

Clark S. Hoffman, Jr., a chemist for the DuPont Co. and James F. Leathrum, professor of computer sciences for the University of Delaware, were the speakers. James Ginn also participated.

The first fall dinner meeting for the Methodist Men will be held next Tuesday at 6:30 p.m. in fellowship hall.

The new officers are Paul Ayars, president; George Pettyjohn, vice-president; James Crow, secretary, and Wesley Taylor, treasurer.

**St. James Episcopal Church**  
Clothing will be collected from next Wednesday through Oct. 31. In addition, sewing and knitting supplies, toilet articles, crayons, tablets, school bags and blankets are needed for Church World Service.

## News of Bear

Mrs. J. Leslie Ford, Correspondent  
Phone 328-6484

A turkey supper will be served by the ladies of Kirkwood in their church on Saturday evening from 4 to 7 o'clock.

The Ladies of Pencader Presbyterian Church will serve an oyster and ham supper in their church on Saturday from 4 to 7 p.m.

The Rev. George A. Leukel will deliver his sermon this Sunday on "Moral But Lost" at Pencader Presbyterian Church, Glasgow, with his Oct. 26, sermon to be on "Our Debt to Luther."

The Bear Home Economics Extension Club will meet Monday at the home of Mrs. William Biddle on the road from Bear to Christians. The club program will be "Come Clean."

Miss Linda Marlene Bowers and Gary Lee Brown were married Saturday, Oct. 4, at 2 p.m. in Red Lion Methodist Church by the Rev. Pusey. A reception followed at the Newport Masonic Temple.

Parents of the couple are Mr. and Mrs. Ronald E. Bowers of Eastburn Acres, and Mr. and Mrs. Howard

Brown of 934 East 17th Street, Wilmington.

The bride graduated from Dickinson High and is employed by Kennard's.

The groom, a graduate of P.S. du Pont High School, is serving in the Navy.

Following a wedding trip, they will reside in Newport.

## "College Try" Program Inaugurated For Fresh

The University of Delaware is inaugurating a program of academic and personal support to 200 entering freshmen.

The "College Try" program is intended to help students successfully complete the freshman year and establish a substantial base on which to complete a degree program.

The project will provide an individual program of academic support for each student and an opportunity to join one of 10 groups of 20 students advised by a faculty member, a counselor and two advanced students.

## ATONEMENT

The Lesson-Sermon in all Christian Science churches in Delaware this Sunday will be "Doctrine of Atonement." Morning service and Sunday school are at 11 o'clock. Wednesday evening testimonial meetings at 8. Everyone is welcome.

IN THE SUPERIOR COURT OF THE STATE OF DELAWARE IN AND FOR NEW CASTLE COUNTY In the Matter of the Change of Name of FRANCIS J. BOYLE, RUTH A. BOYLE, PATRICIA BOYLE, WILLIAM BOYLE, JAMES BOYLE, EILEEN M. BOYLE, and ROBERT BOYLE.

C. A. 1969  
Petition To Change Name  
TO THE HONORABLE THE JUDGES OF THE SUPERIOR COURT OF THE STATE OF DELAWARE.

Your Petitioners respectfully represent:

1. That your Petitioners Francis J. Boyle and Ruth A. Boyle, his wife, are upwards of twenty-one years of age and reside at 729 Drexler Drive, Sherwood Park, Wilmington, Delaware, together with the minor Petitioners herein named, all of whom are now bona fide residents of New Castle County, Delaware, and are citizens of the United States.

2. That Petitioners Patricia Boyle and William Boyle are minors upwards of the age of fourteen years, being respectively eighteen and seventeen years of age who have signed and join in this Petition.

3. That Petitioners James Boyle, Eileen M. Boyle, and Robert Boyle are minor children of Petitioners, Francis J. Boyle and Ruth A. Boyle, and are respectively of the ages of thirteen years, eleven years, and four years.

4. That your Petitioners desire, for reasons personal to themselves, to change their surname to O'BOYLE.

WHEREFORE, your Petitioners pray this Honorable Court to enter an Order changing their surnames to O'BOYLE.

## Frank R. Scarpitti Named Chairman Of Sociology Dept.

Former Department Head  
Howard Harlan To Direct  
New Social Welfare Study

Dr. Frank R. Scarpitti has been chairman of the department of sociology at the University of Delaware. He succeeds Dr. Howard Harlan who will head a newly funded program for undergraduates in social welfare.

Scarpitti graduated from Cleveland State University and received his master's and doctor's degrees from Ohio State.

Before coming to Delaware in 1967 he taught at Douglass College and was a research associate and director of mental health study at Ohio State's Psychiatric Institute.

He is the author of two books including the award-winning "Schizophrenics in the Community." Scarpitti was recently named to the board of directors of the Delaware Citizens Crime Commission; is conducting a study of juvenile delinquency under a research grant from the Crystal Trust; and in 1967, was co-winner of the American Psychiatric Association's Prize for research.

The new social welfare program under Harlan's direction will be added to undergraduate offerings for the sociology major next February. The program has been made possible by a grant from the Department of Health, Education and Welfare.

Purpose of the program is to increase students awareness of experiences encountered in jobs with private agencies and in public assistance.

Harlan joined the University of Delaware as professor and chairman of sociology and anthropology in 1966. Before coming to Delaware he had held similar positions at the University of North Carolina, for three years and at Birmingham-Southern for 17 years.

He completed his undergraduate work at the University of Richmond and received his MA and PhD from the University of Virginia.

## Mill Creek Hundred

(Continued From Page Two)  
Tutors for Ferris School for Boys are much needed either day or evening. Mrs. Marion Owings may be contacted.

A party will be taken to Emily Bissell Hospital next Tuesday evening. Small gifts for prizes are being sought.

The annual turkey dinner and Christmas bazaar will be Nov. 7 and 8.

A country store will be an added feature of the turkey and mushroom supper to be served in Harmony Grange Hall on Saturday from 4 to 7 p.m. Attendance is by reservation only with Mrs. Edward A. Naudin.

Mrs. Mollie Jarrell is chairman of the store, with Mrs. Floyd Ealy and Mrs. Eleanor Lovell, assistants. At its recent session, the following new members were received: Vivian Ball, Jeffrey Narvel, Howard Crossan, Randy Compton, Andrea White, Mr. and Mrs. Donald R. Flessner, Donald L. Flessner, Mrs. Evelyn Compton, Mr. and Mrs. Thomas Bazzoli, Roger Wolfe, and Cynthia Coleman.

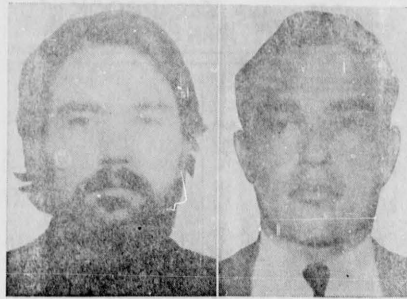

Mrs. J. W. Pennington, women's activities chairman, told of the fancy work contest and the cookoff contest to be held Oct. 29, at Capital Grange Hall. Members were also reminded to bring their donations for the Needlework Guild.

For the youth report, Mrs. Tommy Dempsey told of plans for the state including a public speaking contest, youth degree and ritualistic teams to visit each grange in Delaware; a semi-formal dance on Nov. 28; the prince and princess contest; youth day at the state sessions; and the plan to adopt patients in four cabins at Stockley, the school for mentally retarded, at Christmas.

Thomas Jarrell was elected assistant steward. Mr. and Mrs. Paul Woodward, members for 40 years, were given honorary memberships.

For the program, Mr. and Mrs. Edward Naudin entertained with

## WANTED BY THE FBI

CAMERON DAVID BISHOP

Cameron David Bishop, a violence-minded college revolutionary who is charged with the sabotage of war utilities in the dynamiting of Colorado power transmission towers, is on the FBI's list of "Ten Most Wanted Fugitives."

Between January 20 and 28, 1969, he allegedly was responsible for dynamiting four transmission line towers in Colorado supplying power to defense plants. Wreckage from one blast damaged property nearly a mile away and dozens of square miles near Golden, Colorado, were partially blacked out. A Federal warrant issued at Denver, Colorado, on February 14, 1969, charges Bishop with the destruction of war utilities.

Bishop, who is reportedly an active member of the Students for a Democratic Society, a loudly militant "New Left" group opposed to U.S. involvement in Vietnam and existing government policies, has reportedly voiced a desire to live in Cuba.

He is known to associates as a revolutionist or anarchist who believes in violence to secure social reforms and was given a discharge from the Army for unsuitability after being located, while a deserter, as a mental patient in a hospital. He reportedly has a violent temper, was reportedly hospitalized for using drugs, including LSD, and was convicted of assault and battery in Colorado in 1965. He has allegedly stated his willingness to kill a police officer and has reportedly possessed hand guns, including a .357 magnum, in addition to rifles and dynamite.

A white American, born at Pueblo, Colorado, on November 7, 1942, he is 5'8" to 5'9" tall, weighs 155 to 165 pounds, has brown eyes, dark brown hair, a stocky build and a medium complexion. He has worn a beard, long hair and long sideburns in the past. A tattoo of a skull holding a mirror appears on his right forearm. He has worked as an assistant credit manager, auto parts manager, coffee house operator, laborer, mine worker and truck driver. Consider Bishop armed and extremely dangerous.

Should you receive any information concerning the whereabouts of Cameron David Bishop, you are requested to immediately notify the nearest office of the FBI, the telephone number of which may be found on the first page of local telephone directories.

colored slides of their trip to Hawaii.

Mrs. Lois Tweedy, junior superintendent, reported that Harmony juniors had placed first in the state with their scrapbook, their community service report, and their junior activities report.

Junior officers were installed at a recent meeting by Aline Pierce, state junior superintendent, assisted by State Master Norman T. Dempsey, Mrs. Dempsey, Mrs. Edward Holler, Mrs. Barbara Carr and Mrs. J. Thomas Jarrell.

Harmony Junior Grange held a memorial service for Donna Thompson, 10 years old, draped the charter, and adopted resolutions last Friday evening at its special session.

Donna, the current Ceres, is the first junior to die since this organization was founded 22 years ago. Daughter of Mr. and Mrs. Robert Thompson of Sherwood Park, she had been active although ill with leukemia for the past two years. She was the

## Stevan F. Sayre Joins Placement Office At College

Stevan F. Sayre has joined the staff at the University of Delaware as assistant director of placement. The placement office offers vocational counseling, job placement assistance, part-time and summer employment for students and alumni.

Sayre is a graduate of Lycoming College, completing his master's requirements in education, guidance and personnel services at the State University of New York.

He taught consumer economics and business arithmetic for a year at Greece Central Schools in Rochester, N.Y., and was a business education teacher with the Webster (N.Y.) Central Schools for three years.

first junior princess chosen in 1968. The grange donated \$10 to the Delaware Cancer Society in her memory.

Carolyn Jarrell, lecturer, will have charge of the Halloween party to be held next Friday at 7 p.m.

Linesone Presbyterian Church, Lt. William Briceley of the Newark Police will discuss abuse of drugs this Sunday after a family night turkey supper at 5:30 p.m. in the social hall.

The sacrament of baptism will be administered this Sunday at 11 a.m.

The junior and senior high fellowship with their director Stonwell Kessler, planned last Sunday for their retreat, Oct. 31 to Nov. 2.

Circle meetings were held this week with Mrs. Roger Wurtzel, Mrs. Edward Pruncheon and Mrs. Samuel Brown.

A fall festival will be held at Marshalltown Methodist Church on Oct. 25, starting at noon.

Mr. and Mrs. Richard Aston of Columbus, O., are receiving congratulations on the birth of daughter Joan Elizabeth on Oct. 4. They have a son, Mrs. Aston is the former Marcella Harmon of Hockessin.

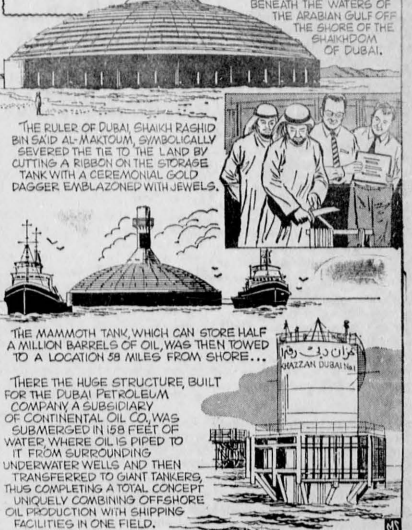

Miss Mary Welch of Reading, Pa., was a weekend guest at the home of Mrs. Sara P. Evans at Marmad.

Mrs. W. H. Narvel, state history month chairman, and Mrs. Sara P. Evans, state librarian — both members of the Capt. William McKennan chapter, Daughters of the American Revolution, attended the state board meeting and tea Saturday afternoon at the home of State Regent Anna E. Gallaher in Newark.

A public sale will be held at the home of Mr. and Mrs. Joseph R. Pierson, Old Wilmington Road, on Oct. 25.

The annual presentation of the fifth degree will be next Wednesday at 8 p.m. in Harmony Grange Hall by officers of New Castle County Pomona Grange headed by Arlie Mays.

## UNIQUE JOURNEY TO THE DEEP

IMAGINE A HUGE STEEL TANK SHAPED LIKE AN INVERTED CHAMPAGNE GLASS ALMOST THE DIMENSIONS OF A FOOTBALL FIELD AND AS HIGH AS A 20-STORY BUILDING! BUILT ON LAND AND FLOATED FROM THE CONSTRUCTION SITE THROUGH A MAN-MADE CANAL, IT WILL STORE CRUDE OIL BENEATH THE WATERS OF THE SHAIKHDOM OF DUBAI.

THE RULER OF DUBAI SHAH RASHID BIN SAID AL-MAKTUM, SYMBOLICALLY SIGNED THE TIE TO THE LAND BY CUTTING A RIBBON ON THE STORAGE TANK WITH A CEREMONIAL GOLD DAGGER ENBLAZINED WITH JEWELS.

THE MAMMOTH TANK WHICH CAN STORE HALF A MILLION BARRELS OF OIL, WAS THEN TOWED TO A LOCATION 59 MILES FROM SHORE...

THERE THE HUGE STRUCTURE, BUILT FOR THE DUBAI PETROLEUM COMPANY A SUBSIDIARY OF CONTINENTAL OIL CO., WAS SUBMERGED IN 58 FEET OF WATER WHERE OIL IS PIPED TO IT FROM SURROUNDING UNDERWATER WELLS AND THEN TRANSPORTED TO OIL TANKERS. THIS COMPLETING A TOTAL CONCEPT UNIQUELY COMBINING OFFSHORE OIL PRODUCTION WITH SHIPPING FACILITIES IN ONE FIELD.

## McKENNAN DAR CITES CONSTITUTION WEEK

Amendments to the Constitution and the Bill of Rights were discussed by Mrs. W. H. Narvel, vice-president, at the first meeting of the Capt. William McKennan chapter, Daughters of the American Revolution, at the home of Mrs. Egbert Klair on Limestone Road.

Mrs. Joseph Wolf, regent, read the president general's message relative to the coming year's events. It was decided to send a summarized newsletter to inactive members as prepared by Mrs. Robert Miller.

Mrs. Henry C. Mitchell, American heritage chairman, spoke about the book "The Bounds of Delaware" by Dudley Lunt.

The chapter will sponsor the annual history essay contest in four schools in grades five thru eight. Awards will be given in each grade.

For national defense, Mrs. Miller discussed the year's theme — One Nation — One Constitution — One Destiny.

Mrs. Leslie McCormick reported four laprobes finished for the Veterans Administration Hospital and urged more robes be made. She also asked for paper-back books.

Mrs. Miller reported 37 letters sent to churches, and 14 schools contacted relative to observance of Constitution Week.

Mrs. Ronald Savidge was welcomed as a member.

## Winterthur Garden Director To Speak For Rose Society

C. Gordon Tyrell, Guest For DRS Annual Dinner Meeting Here Next Week

The annual meeting and buffet dinner of the Delaware Rose Society will be held in the Crown Room of Horne's Restaurant on South College Avenue in Newark next Wednesday at 7 p.m. and acting President Russell Weiss has announced that the speaker of the evening will be C. Gordon Tyrell, director of the Henry Francis du Pont Gardens at Winterthur, who will use color slides to illustrate his talk on English gardens.

Tyrell, a native of Kent, began his gardening career in the greenhouses of the Folkestone Park Service, and later was in charge of outside grounds of Darley Park in Derby.

Following graduation from the horticultural school at Wisley, gardens of the Royal Horticultural Society, Tyrell came to America, and before coming to Winterthur, served on the staff of the Morris Arboretum of the University of Pennsylvania and as superintendent of the Taylor Memorial Arboretum of the Academy of Natural Sciences of Philadelphia.

At Winterthur he assisted Mr. du Pont in developing the more than 60 acres of gardens noted for the naturalized plantings of azalea, rhododendron and other spring blossoming flowers and shrubs. Reservations may be made with F. Allyn Cooch, Jr., 245 West Main Street, and will not be restricted to DRS members.

## Business Education Meetings Attended By Doris Wilson

Doris Wilson, Christiana High School senior, attended a two-day business education conference in Dover last week.

The workshop sponsored by Dennis Loftis, state supervisor of office and distributive education, was to foster interest in establishing Delaware business clubs in high schools of the state.

Speaking at the conference were Dr. Bruce Blackstone from the U.S. Office of Education and Dr. O. J. Byrns, Jr., from the National Business Education Association.

First day sessions were held at the Kent County Vocational-Technical Center at Woodside.

The second day of the conference at the Holiday Inn, was attended by Mrs. James Owen from Christiana High School.

Miss Wilson, a member of the Wilmer E. Shue chapter of the National Honor Society, is the daughter of Mr. and Mrs. Lake Wilson of Brookside.

## 17-Year-Old Girl Named State's Leading 4-H'er

Seventeen-Year-Old Joy Gooden, Wyoming, was named outstanding Delaware 4-H'er at the American Institute of Cooperation in Urbana, Ill., and received a \$30 scholarship at the three-day meeting at the University of Illinois.

She completed seven years of 4-H club work; was state 4-H home improvement project winner in 1968, and was a delegate of the National 4-H Conference in Washington, last April.

## MRS. WILSON'S CLASS TO HEAR MELOTTES

Mrs. Wilson's Bible Class of Newark United Methodist Church will meet next Tuesday at 8 p.m. at the home of Mrs. James Owen, 907 South College Avenue.

Hostesses for the evening will be Mrs. Edward Newman and Mrs. Samuel McFarlin.

The program will feature the Melodettes of Nottingham Baptist Church.

## FRIENDSHIP TEMPLE TO MEET ON FRIDAY

Friendship Temple No. 6, Pythian Sisters, will meet this Friday, at 8 p.m.

The meeting will be conducted in Red Men's Hall on Benny Street.

## SUSAN MURRAY MEETS "TWIN" JOB DAUGHTER

Susan Murray, Princess of Bethel No. 3, Newark, International Order of Job's Daughters, attended the supreme visit of Mrs. Ina Erith of British Columbia to Bethels No. 7 and No. 15 in Columbia. Pa. last Wednesday evening.

While there, Susan found she had a "twin." Princess of Bethel No. 5 of Elizabethtown, Pa. was named Susan Murray.

Also attending from Delaware were Elmer W. Randall, supreme outer guard; Mr. and Mrs. H. Edward Cannon of Wilmington, and Mrs. Margaret Murray of Bethel No. 3, Newark.

## Sisterhood Hears Fragner On County Mental Health

The Sisterhood of Temple Beth El, Newark held its monthly meeting Tuesday evening, with the business portion conducted by Mrs. Emanuel Tigai, president.

Plans for the annual card party and fashion show to be held on Nov. 4, at Oglethorpe Jr. High were discussed, and new discount coupon books were distributed for sale by members.

Fred Fragner, coordinator for the South New Castle County Mental Health Center, spoke on "Mental Health Is Our Business."

## Claude Phillips, Guest For Newark Garden Club

The Newark Business Women's Club will meet next Tuesday at 8:15 p.m. at Howard Johnson's Motor Lodge with Claude Phillips, retired University of Delaware school professor, showing his collection of slides on Delaware wild flowers.

A business meeting will follow the dinner meeting, Mrs. Edward Ginter, adviser.

## Paul Weatherly To Speak Of Community Colleges

Paul K. Weatherly, executive director of the Delaware Technical and Community Colleges, will speak at the Oct. 27 meeting of the Newark branch, American Association of University Women.

Weatherly will report on the progress of these schools — what is being offered, plans for development.

Two-year technical and community colleges are a new educational effort for Delaware.

Weatherly came to Delaware from the post as director of technical, educational centers in South Carolina.

The AAUW meeting on Oct. 27, will be at 8 p.m. in the Student Center.

## Open Barn Dairy Meetings Scheduled For Nov. 5

Two Delaware dairymen will be hosts at the annual open barn meeting at 10 a.m., Wednesday, Nov. 5.

Dairy operations of Mr. and Mrs. Carlton Blend Taylor, Bridge Road, Townsend, and Mr. and Mrs. Fred Sites, Little Creek, will be featured, according to Dr. W. R. Hessel-tine, extension dairy specialist at the University of Delaware.

The event is sponsored by the University Cooperative Extension Service.

## Tomato Accents Busy-Day Oven Stew

Here is an oven stew that will give you some time to yourself. Once you've assembled the ingredients and slipped the stew into the oven, you'll have two wonderful, luxurious hours to spend on whatever project has been waiting. The stew bubbles and cooks in the oven without supervision.

You brown beef cubes with pieces of Italian sausage for a stew treat. Add a convenient sauce of condensed tomato soup. Bake for two hours until the beef is tender and has absorbed the vivacious tomato flavor of the sauce.

The last fifteen minutes of cooking time, add vegetables and finish off the remaining meal preparation. If you take time for a special dessert, try poaching whole peeled pears in a sugar syrup. Drain and refrigerate until ready to use. Then prepare a quick sauce from a package of frozen raspberries. Top with toasted, sliced almonds.

**OVEN BEEF STEW ROMANA**  
1 pound beef cubes (1 1/2 inches)  
1/2 pound mild Italian sausage, cut in 2-inch pieces  
2 cans (16 ounces) cut green beans, drained  
2 cans (10 1/2 ounces) each condensed tomato soup  
1/2 cup water  
1/2 cup chopped onion  
1 large clove garlic, minced  
1 can (16 ounces) cut green beans, drained  
1 can (16 ounces) sweet potatoes, drained

In oven-proof skillet, brown meat and sausage in shortening; pour off fat. Add soup, water, onion, and garlic. Cover; bake at 350°F. for 2 hours. Add beans and potatoes. Bake 15 minutes more or until meat is tender. Makes 4 servings.

## NEW ORLEANS' OWN SHRIMP COCKTAIL

If you visit New Orleans you may find yourself passing up your own favorite shrimp cocktail for the local favorite, Shrimp Remoulade. This is a shrimp marinated for hours in a fiery, reddish-gold sauce, then served as an appetizer, traditionally on flat plates over unusually wimpy amounts of salad greens.

Behind the scenes in the city's restaurant kitchens, especially the famous older ones, you will see an inevitable array of large, flat pans filled with marinating shrimp. Creole style. One nice thing about this tangy remoulade is that all ingredients are familiar, easy to get. Nothing far-out or expensive. And it will work texturizing miracles with the handiest package of all, the convenient kind of shrimp. Canned shrimp remoulade keeps and keeps. Make it a week or more ahead, if you wish, and keep refrigerated. The longer the shrimp stand in the sauce, the firmer, more "chewy" they seem to get.

**SHRIMP REMOULADE**  
- cans (1 1/2 ounces each) shrimp  
3 garlic cloves, cut fine  
1/2 cup horseradish mustard  
2 tablespoons catsup  
2 tablespoons paprika  
1/2 teaspoon cayenne pepper  
1/2 cup tarragon vinegar  
1/2 cup olive oil or other salad oil  
1/2 cup finely chopped green onions, tops included

Drain shrimp. Crush garlic in a bowl and stir in all ingredients, except shrimp. When thoroughly blended, add the shrimp. Marinate in the refrigerator two hours or longer, stirring occasionally. Serve on small portions of shredded lettuce or other salad greens. Makes 6 to 8 servings. (Note: Canned shrimp remoulade is perfect make-ahead party food. Provide party picks and assorted crackers.)

## CITY OF NEWARK DELAWARE CITY COUNCIL Public Hearing NOTICE

October 28, 1969 8:00 P.M. Pursuant to Section 402.2 of the City Charter, Notice is hereby given of a Public Hearing in the Council Chambers, Main and Academy Streets, Newark, Delaware, Tuesday, October 28, 1969 at 8:00 P.M. E. S. T., at which time the Council will consider for Final Action and Passage the following proposed ordinances:

1. An Ordinance Amending Chapter 1, Part 6, By Revising City Employment Policies and Redesignating Supports in Accordance with NIMLO Recommendations.

2. An Ordinance Amending Chapter X, Section 1003, By Further Defining Weeds and By Making Persons Other than the Owners of Land Responsible for Clearing of Weeds.

3. An Ordinance Amending Chapter III, By Requiring Inspection of Certain Work Before Commencement.

Betty Jane Stiltz City Secretary

Newark, Delaware, 19711, Thursday, Oct. 16, 1969

## BUT IT'S A LONG, LONG RAINBOW!

### WHAT PRICE AMERICA THE BEAUTIFUL?

It has been almost four years since Congress passed the Water Quality Act and two years since the Air Quality Act was adopted. Has anybody noticed any improvement in our streams, or in the air over our cities?

Yes, we are on our way to winning our fight against pollution. Voters in many states have voted higher taxes to modernize municipal sewage treatment facilities which in many cases were obsolete half a century ago. Industry is stepping up its pollution control activities and is making important strides. Many companies voluntarily started the anti-pollution crusade back in the thirties and hundreds of millions of dollars have been spent to provide industrial air and water pollution control.

Petroleum companies alone are now spending a million dollars a day to eliminate pollution from their plants. The iron and steel industry has invested over one billion dollars for clean air and water.

Such expenditures do not necessarily mean instant improvement. Air and water pollution control facilities must be designed, built, installed.

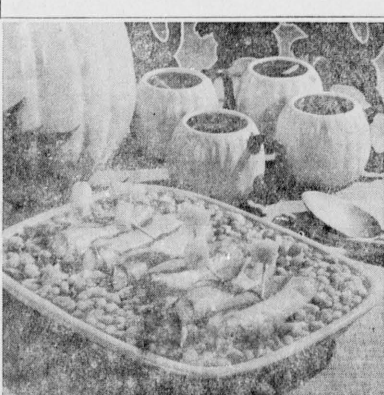

Pollution control equipment is usually expensive. Pollution controls at one foundry added \$4.5-million to the original cost of \$20-million.

But industry's efforts alone will not bring about clean air and water, for 80 per cent of the pollution in this country is from other sources.

Human sewage dumped into our streams after inadequate treatment is our worst source of water pollution.

We will have clean air and water. But this will not happen overnight and it will cost us money. We will be paying higher taxes and higher prices before we are able to see again "Our alabaster cities gleam above the fruited plain."

## Tricky Treats for Fall Meals

Treat your family to a tricky supper. With a can or two of beans and a few clever ideas up your sleeve, you can put together an array of robust skillet dishes, casseroles, sandwiches, and even hot salads.

Choose traditional favorite pork & beans with tomato sauce, or a specialty bean product such as beans 'n' beef, beans & franks, or barbecue beans.

For a younger-pleasing start to Halloween Eve, try this easy, yet hearty, bologna and bean combo. To two cans of pork & beans with tomato sauce add mustard, onion, parsley, and enough horseradish for an attention-gathering kick. Spread the spicy mélange in the bottom of a baking dish, then march bologna wrapped cheese slices down the center. Bake until bubbling. Just before serving, substitute carrot curls topped

with toothpicks for the utilitarian variety that held the bologna together while baking.

Big mugs of melted cheddar garnished with cinnamon sticks make this the cat's meow.

**CAT'S MEOW BEAN BAKE**  
2 cans (16 ounces each) pork & beans with tomato sauce  
1 cup chopped onion  
1 tablespoon chopped parsley  
1 teaspoon prepared mustard  
1/2 teaspoon prepared horseradish  
6 slices (about 5 ounces) mild process cheese  
Bake at 350° F. for 30 minutes. Makes 4 to 6 servings.

## NEWCOMERS

Green Comet broccoli, Stonehead cabbage and Snow King cauliflower are All-America Selections winners of a gold, silver and bronze medal, respectively.

Newcomers to the cabbage family, one to each of the three most popular groups: broccoli, cabbage and cauliflower, are all medalists.

The new broccoli, named Green Comet, won a gold medal; the cabbage, Stonehead, a silver medal; and Snow King, the cauliflower, one of bronze. Imagine what good eating these varieties will make!

All three are hybrids, with the vigorous growth and heavy production that signifies All three reach edible stage exceptionally early.

Green Comet is easy to grow, produces large-size heads of small, tight buds of excellent quality. These are notable for their tardy opening, thus they remain edible for a long time.

Delicious for fall eating, both the big central heads and the smaller, later side shoots are good sized and of a rich, blue-green color.

Stonehead's characteristics are extra-earliness plus small size heads that are very firm and have small cores. The smaller size permits closer spacing, thus yielding more heads from the same area.

This cabbage is very hardy. The heads, when used on the table, are of good quality and excellent flavor.

The great importance of Snow King cauliflower is its earliness. It is edible from 10 to sometimes 24 days earlier than other varieties of the well-known Snowball type. Not only that, but the uniformly-sized heads mature at one time, for one harvest.

Low, low plants; fair sized, flatish heads and good eating will endear Snow King to many gardeners.

These new varieties have been tested for two years in trial grounds throughout the United States and Canada.

If they had not been found to perform excellently under all of the varying conditions and climates in these trials, they would not be medalists.

### Dr. Leon Howard Of UCLA To Offer Public Lecture

Dr. Leon Howard, professor of English at UCLA, will lecture on "Literature as Art and Anticipation: The Case of Herman Melville" at 3 p.m., Oct. 20, in the Student Center Ewing Room on the University of Delaware campus.

Howard is appearing under auspices of the united chapters of the

### Phi Beta Kappa visiting scholar program.

The lecture is free to the public.

### Apollo Space Suit Leader To Lecture Here Tonight

The chief project engineer for the Apollo space suit will give a lecture and demonstration on space suits for the Apollo project at 7 o'clock tonight in Wolf Hall Auditorium.

### PUBLIC SALE OF VALUABLE MERCHANDISE

It is being sold to satisfy the said bank's claim under said conditional sales contract against John Wilkins.

TERMS CASH Oct. 16, 1969

## Stop hunger—Start progress

The underdeveloped nation are in a race with time. While they struggle to catch up with modern progress, mankind's oldest enemies do their damage now.

Hunger and malnutrition kill 10,000 persons a day, maim children for life—stunt their bodies, deaden their minds. Needless diseases cripple and weaken many more. Lack of education and training doom young people and adults to a hopeless cycle of poverty.

America would not be America if we closed our hearts to human agony at home or abroad. CARE is a way to reach the needy in countries whose resources are far less than our own.

Your contribution does more than keep people alive. CARE's Food, Self-Help and

Mexico programs help the hungry grow self-sufficient. Health, education, food production, job training, construction of community facilities from schools to roads and water systems—these are the supplies and services CARE provides in the name of the American people.

Your dollars are multiplied by those you help: local governments share operating costs, and community groups give what they can in materials and volunteer labor. Our Government gives farm abundance for many of the feeding plans.

Every dollar can serve lunch to 90 children... \$10 treats 14 patients at a clinic... \$300 per classroom can buy materials for parents to build a school.

Whatever you give, your

concern speaks straight to the hearts of the millions of persons CARE aids in Africa, Asia, the Middle East and Latin America. Mail your check—for the sake of those who need help so badly, and for the kind of world all of us want.

## Butler, Gast Join University Staff Advisory Group

David G. Butler and Michael F. Gast have joined the University of Delaware office of residence staff as associate and assistant directors. Butler is responsible for developing the staff training program for hall directors and student hall advisors. In addition, he supervises north and south campus residence halls and advises the Men's Residence Hall Association.

Gast administers the east campus of 18 residence halls housing some 2,000 students, and advises student government and assists students in planning educational, cultural and social programs. In addition, he counsels individuals and student groups.

Butler received his BS from the State University College in Oneonta, N.Y. and an MEd in student personnel services from the State University at Albany.

Gast received his BA from Northern Illinois and an MA in student personnel administration from Florida State University, where he served as head resident advisor for a coeducational residence hall housing 1,070 students.

## Wayne Porter Completes Air Force Basic Training

Airman Wayne K. Porter, son of Mr. and Mrs. Charles O. Porter, 705 Salem Church Road, Newark, has completed basic training at Lackland AFB, and has been assigned to Sheppard AFB, Tex., for training in aircraft maintenance. Wayne is a 1969 graduate of Christiana High School.

## Alfalfa Reappears As Hay With Weevils' Absence

Alfalfa is coming back to Delaware hay fields. For the past two years, the alfalfa weevil has not been a major problem, so farmers are again interested in this hay crop.

No one is really sure what happened to the weevil, according to Dr. William Mitchell, extension agronomist at the University of Delaware. And no one knows if the pest is gone for good.

But unquestioned value of alfalfa as high quality hay; the decreasing insect problem, and availability of weevil-resistant varieties probably will cause an increase in alfalfa acreage.

Notice of Tax Exemption for Property Owners Age 65 or over Residing in New Castle County

Applications will be accepted until Mon. Nov. 3 for the \$5,000 real estate exemption allowed to property owners of New Castle County who meet the following qualifications on September 1:

1. Age 65 or over
2. Resident in Delaware three years
3. Living in the dwelling for which exemption is claimed
4. Total 1968 income not over \$3,000
5. Total 1968 income of spouse not over \$3,000

Application forms have been mailed to all persons who held exemptions last year and will be mailed to others on request. Phone 688-6641, ext. 323. Completed applications may be returned by mail or in person to Room 136, Public Building, 1029 King Street, Wilmington. Persons who applied in previous years must reapply and November 3 is the last date for filing applications for the 1970 exemption.

## a Dog's Life

THE LATEST DOG FASHION IS A CLEAR PLASTIC UMBRELLA, ATTACHED TO A LEASH, WHICH HOVERS OVER PUPPY'S HEAD IN RAINY WEATHER.

### PUPPY PLAYTHINGS

BE CAREFUL IN SELECTING TOYS FOR YOUR PUPPY. ANYTHING THAT ISN'T STRONG ENOUGH TO RESIST BEING TORN APART OR SHREDDED CAN BE DANGEROUS. FOAM RUBBER IS ESPECIALLY LETHAL.

### FEEDING TIP

GIVE YOUR DOG HIS MEALS AT REGULAR TIMES EACH DAY. IT GIVES HIM A SENSE OF SECURITY. PUPPIES UNDER SIX MONTHS OLD SHOULD BE FED THREE OR FOUR TIMES A DAY.

From Friskies Nutrition Research Kennels S.P.C.A. or Humane Society

You can lose it.  
You can burn it.  
You can tear it up.

We replace it.

Now, we don't suggest that you start taking U.S. Savings Bonds to parties to light your cigarettes. But if your Savings Bond is ever lost, stolen, mutilated or destroyed, all you have to do to have it replaced are these two things:

1. Notify the Bureau of the Public Debt, Division of Loans and Currency, 536 South Clark Street, Chicago, Illinois 60605. Send in the serial

number, if you have it, along with information about where and when you bought it. And send whatever is left of your damaged Bond.

2. Then complete and return Form PD 1043

which the Treasury will be sending you.

We'll replace your Bond with a duplicate. Or with full payment, if you like. Because Savings Bonds are an investment in your country. And there's no safer investment than that.

Another thing. Savings Bonds are easy to buy, too. Just go to your bank. Or join the Payroll Savings Plan where you work.

## ORGAN RECITAL

The first organ recital in the 1969-70 series at Longwood Gardens will be held at 8:30 p.m. next Wednesday, with Clarence Snyder, organist.

## Green Thumb Tips

Late summer and early fall are stock-taking times in both vegetable and flower gardens. Which crops did well? Which poorly? Why?

It's a good idea to make notes so that you'll have a guide for next year's garden. In these notes, write down possible reasons for failures—for instance, if onions were not carefully weeded and cultivated from the time the seedlings appeared, no wonder they did not grow well. Onions simply cannot stand competition from weeds.

If beets grew exceptionally well, was it not because you added a sprinkle of borax down the row, knowing that boron is needed for best growth?

Do you know that moon flowers are going to be the rage in gardens? The reason is obvious, so get in the swim and order the seeds for your 1970 garden.

These close relatives of morning glories bloom at night—when the moon also shines. Their flowers are white and fragrant.

October is the month in which to divide old clumps of rhubarb. When stalks get spindly and there are fewer of them, it is a sign that the clump needs to be split into small pieces and replanted in well-fertilized soil.

Think ahead to spring and bring into the house this fall the soil and sand and peat you will need to mix for seed starting early next year.

If you didn't sow grass seed in the bare spots in your lawn before mid-September, why not try "dormant" seeding? It works very well and relieves you of just that much work in early spring.

Rake packed earth until it is loosened, sprinkle a little peat moss over it, then scatter the grass seed.

No need to keep it moist as it isn't going to come up until spring. But then it will sprout much earlier than spring-sown grass.

If winter squashes are to be stored, they should first be ripened in the field until their shells are hard.

However, at the same time they must be protected from frost as frost damage will impair keeping.

When harvesting, handle carefully so shells are not injured. Store the squashes spread out on shelves in a dry cellar where temperatures range from 50 to 60 degrees Fahrenheit.

Don't forget to start feeding the birds early.

Weekly Sessions  
On News Writing  
To Begin Oct. 21

The University of Delaware extension division will offer an eight-hour course on news writing from 7 to 9 p.m. for four weekly sessions beginning Oct. 21, in Robinson Hall Room 110.

Instructors will be David McGuire, editor of the Delaware State News; and Joel Smyth, general manager of the News-Journal.

The course is for persons who write copy for house organs or prepare news for civic and community groups.

Instruction will include exercises in writing concisely and making news more interesting. The course is especially recommended for those who have completed the News-Journal course in writing for publicity.

Moody Directs Workshops  
On Arithmetical Skills

A workshop for teachers and math supervisors is meeting every Tuesday evening at the University of Delaware in sessions which emphasize the problem solving approach to learning basic arithmetic computation skills.

Directed by Dr. William Moody, assistant professor in the college of education, the group plans, executes and analyzes teaching methods which put emphasis on realistic learning activities.

Collier, Dubil Join Navy  
In September Enlistment

The U.S. Navy recruiting office in Wilmington has announced that two men from the Newark area were enlisted in the Navy during the month of September.

They are John C. Dubil, son of Mr. and Mrs. John L. Dubil, and Gary L. Collier, son of Mr. and Mrs. Leverett Collier.

They will undergo nine weeks of basic training at the Naval Training Center, San Diego, Calif.

Fall, House Painting Time  
As Engineer Walpole Says

If the outside of your house needs painting, get the job done during the cool fall weather.

Now that the humidity is lower, the surface of the walls will take paint better, according to E.W. Walpole, agricultural engineer at the University of Delaware.

"And cooler weather will let the paint cure properly," Walpole adds. Buy the best quality paint from a nationally known manufacturer, he recommends.

Farmland Tax Meetings  
Slated For Each County

Meetings explaining actions farmers must take to have their land assessed for taxes under a new assessment method are scheduled for each county, according to Dr. William E. McDaniel, dean of the college of agricultural sciences at the University of Delaware.

The New Castle County meeting will be on Nov. 13, at Crothers Brothers Store, Mt. Pleasant, at 8 p.m.

Dunham Advises To Plant  
Tulips This Month, Next

Tulips are one of the most popular of the flowering spring bulbs, says Dr. Charles W. Dunham, associate professor of horticulture at the University of Delaware. But to have tulips blooming next spring, plant bulbs sometime during late September or October.

Choose a well-drained site that will receive sun about half the day. You can improve drainage by raising the soil level in the tulip bed a few inches above that of the surrounding area and by adding sand.

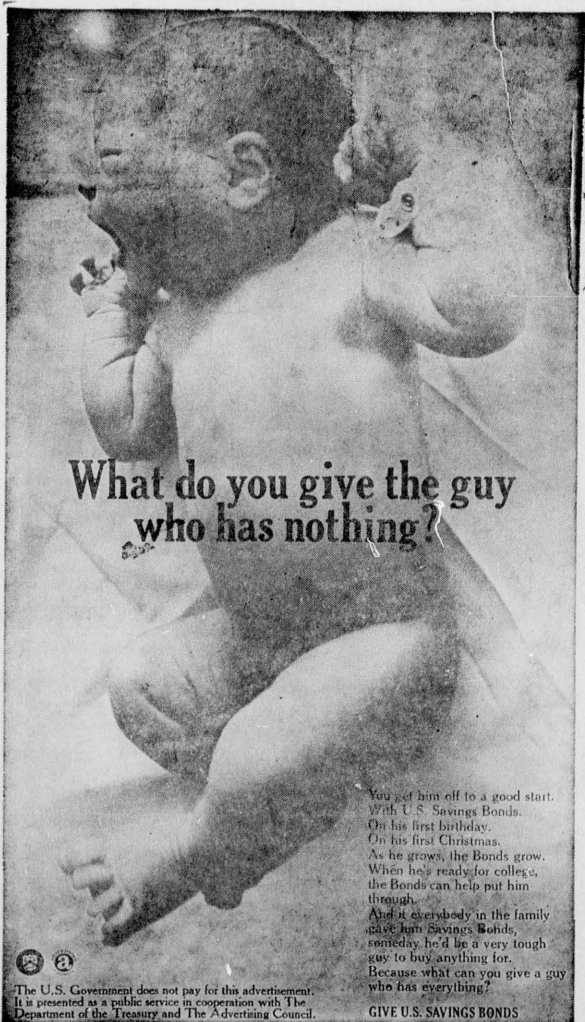

Sgt. Paul Seavy Reports  
On Marine Enlistments

According to Gunnery Sgt. Paul Seavy, local Marine recruiter, young men can enlist now in the U.S. Marine Corps for three or four years, with a limited number of two-year enlistment on a "first come, first served" basis.

All enlistments in the Marine Corps can be delayed up to 120 days for men who want to enlist but may have unfinished business.

## READING REMEDY

The University of Delaware extension division is offering a course to improve reading and study skills in response to requests of adults resuming or continuing their education.

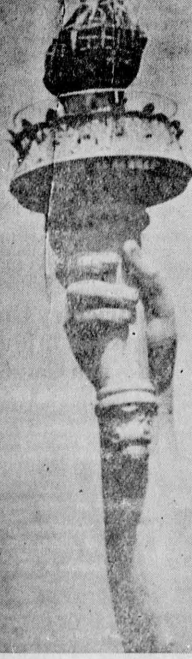

You get him off to a good start. With U.S. Savings Bonds. On his first birthday. On his first Christmas. As he grows, the Bonds grow. When he's ready for college, the Bonds can help put him through. And if everybody in the family gave him Savings Bonds, someday he'd be a very tough guy to buy anything for. Because what can you give a guy who has everything?

## Yellowjackets Defeated 20-0 At Conrad Ending Bob Hoffman's 35-Game Streak

The classic 35-game winning streak of Coach Bob Hoffman's Blue Hen Conference Yellowjackets was ended last Saturday afternoon at Woodcrest when Coach Jim Pletcher's undefeated and unscorred-upon Conrad Redskins defeated Newark 22-0. The last time Hoffman's conference champions lost a football game was in 1965 during an 8-1 season when Coach Billy Cole's Colonials upset the Yellowjackets led by Captains Dick Fulton and Bob Ewing by 20-13. And in 1965, Newark won the first of four straight conference crowns.

Conrad Halfback Jim Reilly gained 160 yards scored two touchdowns; and ran for a two-point conversion to pace the Conrad offense last Saturday, with all of the scoring in the first half. Reilly raced nine yards for the first TD. In the first quarter to give Conrad a 6-0 edge before the 16-0 second period.

In the second quarter, Jerry Downes caught Quarterback Jerry McNease's pass for a 47-yard touchdown play; Reilly ran for two points; and it was Reilly again for a 20-yard scoring scamper, with Fullback Mike Nardo running for the two-point conversion and 22-0 count at the half — and final score, too.

Woody Singles and Bruce Curran experienced a stellar session of large-mouthed black bass fishing in a recent excursion at Sunset Lake, although Woody, a veteran Sunset Laker, wasn't overly impressed with their success. Mr. Singles has experienced even better bass fishing on other occasions at the private paradise in the dammed backwaters of the Christiana just beyond Newark's southern city limits.

"We caught eight nice bass," Woody said, "and most of them were over two pounds and as high as three — good enough."

According to Sportsman Singles, Bruce Curran outfished him 2-1 by using a Rebel lure, one of Florida Frank Buttermuth's favorites.

One of the finest fish — including Sam Todd's 20-lb. king macerel and a personal three-pound Spaniard — seen in a long while was the three-pound spotted weakfish that brothers Neal and Pelham Jones had taken from their still net early Sunday morning a couple of weeks ago in a tidal creek at Marshalberg just across Core Sound from the Cape Lookout Lighthouse. Gentleman Jim Etheridge held the fish high for the attention of a shipmate sleepily sipping a first cup of coffee aboard the Young Lady moored some 50 yards distant at the Jones Brothers wharf — and there's nothing like enthusiasm to dispel lethargy.

A former Florida bait caster for spotted sea trout over the grassy, tidal flats of the West Coast, came to life in a hurry with surprising instant recognition of the fish that has eluded him despite its not too rare appearance in the Chesapeake Bay.

END — AND BEGINNING

Congratulations to Newark High School Coach Bob Hoffman and his Yellowjackets since 1965, who ran up a 35-game straight winning record that is all but impossible in the Blue Conference with each team pointing toward the four-time Newark champions.

Our sympathy goes to Bob Hoffman and his great team of 1969, with their great disappointment in losing to Conrad after those 35-straight victories. But the loss will take off some of the pressure for the beginning of another string of wins.

## Withelder Stars Against Hofstra To Lead Receivers

"He had an outstanding game. He played very well and made several unbelievable catches."

The object of Delaware Football Coach Tubby Raymond's affection is Split End Ron Withelder, who drew plaudits for his play in the Blue Hens' 28-13 win at Hofstra last Saturday.

Withelder, a 5-10 and 180-pound senior from Folsom, Pa., caught six passes for 121 yards and a touchdown in helping the Blue Hens overcome an 0-13 deficit and posted their third win in four outings.

"Ron made a fine reception on the touchdown and he made a spectacular catch to set up another touchdown," Raymond enthused.

"We really didn't realize how well he played until we looked at the movies."

The 121-yard day against the Flying Dutchmen gave Withelder the Delaware career receiving yardage record with 1,343 yards.

Mike Purzycki had the old record of 1,290 yards in 1964-66.

Withelder took over the team pass receiving lead for this season with nine catches for 203 yards.

Tight End Pat Walker of Newark has caught eight for 194 yards.

Fullback Chuck Hall had an outstanding game against Hofstra with 141 yards in 21 carries. He moved up another notch to sixth place on the all-time Delaware rushing list.

Passing offensive backfield coach Jimmy Flynn, Hall now has 1,421 yards in his brief career at Delaware.

Flynn had 1,387 yards as a Delaware halfback in the early '50s.

Hall was joined in Delaware's 1,000-Yard Club by Junior Halfback Dick Kelley. Kelley gained 52 yards against Hofstra, scoring the final touchdown and living him 196 for the season and an even 1,000 yards for his career. He becomes the 13th player to rush 1,000 yards or more at Delaware.

Hall and Walker are tied for the team scoring lead with five touchdowns apiece.

Quarterback Tom DiMuzio continues to lead the Hens in passing and total offense. The versatile senior has completed 32 of 70 pass attempts for 745 yards and eight touchdowns and has picked up 98 yards on the ground.

The Blue Hens' 331-yard rushing effort against Hofstra was their best ground assault of the season.

## Capt. Joe Purzycki, Defensive Backfield Slated For Heavy Duty With Rams Visit

Delaware's defensive backfield is preparing itself for another busy day when West Chester visits Delaware Stadium this Saturday for a 2 p.m. kickoff.

"West Chester has an explosive, pro-type offense and I am sure they will throw the ball," says Blue Hen Coach Tubby Raymond.

"They have the personnel to make the passing game work."

Sophomore Ernie Forchetti is the new West Chester quarterback. He took over when regular Steve Ditt injured his knee two weeks ago.

"Forchetti is a good passer and he runs the ball club very well," Raymond says.

"With the exception of the complete collapse in the fourth quarter against Villanova we have done a pretty fair job," Heinicke says.

The Blue Hens have given up five touchdowns passes in the team's first four games and four of the TD passes came in the final period against Villanova.

Delaware's defense established a school record with 25 interceptions last season and this year's team has maintained the interception rate with 10 in the first four games.

Capt. Joe Purzycki is the individual leader in interceptions with four, including two in last Saturday's come-from-behind win over Hofstra. Purzycki's second interception set up the Hens' clinching touchdown.

Bruce Fad, a senior safety, had two interceptions the week before in helping the Hens to a come-from-behind victory over Massachusetts. Fad's interception and 62-yard return set up the go-ahead touchdown in that win.

"Our defensive backs have been doing a fine job the past two weeks and they are probably the best group of tacklers we ever had in the secondary," Raymond says.

"All of our defensive backs like to hit."

Joining Fad and Purzycki in the defensive backfield are Juniors Ron Klein and Pete Sundheim. Safetyman Bob Maslin has been switched to linebacker, replacing the injured Dick Keller.

"West Chester is a real test for our defense," Heinicke notes.

"They have four receivers going out almost all of the time and they are all very fine receivers. We will have to have our best effort of the season to stop them."

## Chuck Hall Named All-East Fullback After Hen Victory

Delaware's Chuck Hall is the repeat fullback selection on the weekly All-East Division II football squad of the Eastern College Athletic Conference.

The 196-pounder from Springfield, Pa., gained the honor off his effort of 141 yards on 21 carries in Saturday's 28-13 victory at Hofstra.

Three other Delaware players were among those nominated — center John Favero, Defensive Back Joe Purzycki, and Halfback Bill Armstrong for the sophomore award.

## Capt. Bill Mowll Leads Brookside Lion Golfers

Brookside Lions Club received a trophy at the State Lions Club Golf Tournament for having the low net team from New Castle County.

Brookside Lions Club golfers playing in the tournament were Bob Agnor, Don Godfrey, Capt. Bill Mowll, Wayne Peters and President Bob Sauserman.

The tournament was held at the Sussex Pines Country Club on Oct. 8.

## PUBLIC SALE OF VALUABLE MERCHANDISE

This is to serve as public notice that there will be a public sale of a 1967 Plymouth, Fury II, 4dr H.T., 8 cylinders, on the premises of Short's Garage, The Causeway & S. Market St., Wilmington, Delaware at 10:00 A.M., on Monday, October 20, 1969.

This automobile is being sold to satisfy a lien obtained by way of a conditional sales contract which has been assigned to the Farmers Bank of the State of Delaware, and who is the holder thereof.

It is being sold to satisfy the said bank's claim under said conditional sales contract against Jack A. Taylor.

## Bob Turnberger Vikings Hold Dickinson To Scoreless Tie; Face Bulldogs At CHS

Holding Dickinson to a scoreless tie in last Saturday trip to the Ram field, Coach Bob Turnberger's 1-1-1 Vikings host 1-2 Brandywine at the Christiana High School stadium this Saturday with a 10:30 a.m. kickoff.

Dickinson contained the Christiana offense which had run up 35 points the previous Saturday in shutting out Wilmington High School, with Halfback Mel Brooks scoring three touchdowns against the Red Devils on nearby identical 21-yard sprints.

Brooks broke away for an 80-yard run into the Dickinson end zone last Saturday, but the touchdown was called back because of a Viking clipping penalty — a costly clip, indeed.

Dickinson's Jeff Hudson as safetymen, intercepted two Christiana passes to kill Viking threats, and Brooks gained 118-yards rushing despite the dogged stalemate.

## Phillips, Greenplate Take First Places In Cross Country

Dickinson ran its unbeaten string to six in cross country competition in Blue Hen Conference Flight A last Monday with a 26-31 decision over Ch-Christiana.

Jim Phillips of Coach Ken Williamson's Vikings ran the 2.3-mile Banning Park course in 12:45 to finish first, but Dickinson runners took six of the next nine places to earn the victory.

Newark and Mt. Pleasant remained tied for DeLaWarr and Brandywine. John Greenplate of Coach Ray Ciesinski's Yellowjackets covered the Banning Park course in 12:36.9 to lead his team's 16-47 victory.

## 'Whitey' Burnham Named Dartmouth Athletic Director

Alden H. (Whitey) Burnham, coach of soccer and lacrosse at Dartmouth since 1960, will become Dartmouth director of athletics succeeding Michael Slive in December.

Slive has held the position for the past year and will leave at that time to enter private law practice.

An Air Force veteran of World War II and a 1948 graduate of Springfield College where he was an outstanding lacrosse player and a starting halfback on the Chiefs' national championship soccer teams in 1946-47, Burnham coached soccer and wrestling at Delaware for 12 years before coming to Dartmouth.

He received his master's degree from Springfield in 1952.

When he came to Dartmouth, Burnham also coached wrestling in addition to soccer and lacrosse. He was the first three-sport coach in Dartmouth history and continued with wrestling until 1966.

Burnham will continue as soccer coach through this season.

## First Girl Varsity At Delaware Tops Salisbury Eleven

The University of Delaware's field hockey team, first intercollegiate team for women at Delaware, won its opening game of the season last week by defeating Salisbury State College 4-1 on the Perki Place athletic fields in Newark.

Scoring all their goals in the first half, the Delaware team sent the Salisbury eleven down to defeat for the first time this season.

Salisbury had topped Wesley College 5-4, Galludet 4-1, and American University 2-1.

En O'Brien, sophomore from Newark, pushed the third goal in from her left wing position at 19:15.

The game was played on wet, heavy grass as a result of a three-hour rainfall that ended just before game time.

Delaware Coach Agnes Bixler said there was a letdown in the second half, but praised her team for their passing and rushing throughout the game.

## Sam Brickley Out With Knee Injury Of Hofstra Game

Delaware Senior Halfback Sam Brickley will miss at least the next two games with a sprained right knee.

Brickley, a starter for the last two seasons, hurt his leg while blocking on a Delaware kickoff return against Hofstra Saturday.

Trainer Roy Rylander said it was possible Brickley would also miss the Rutgers game, which follows West Chester and Temple.

Brickley's right halfback position will be taken by Sophomore Bill Armstrong, who gained 79 yards in 16 carries after replacing Brickley at Hofstra.

Raymond's Blue Hens Lead In Lambert Cup Balloting  
Delaware, a 28-13 victory over Hofstra last Saturday, continues to lead in the voting for the 13th annual Lambert Cup, awarded to the Division II (middle-sized) eastern college football team for outstanding performance.

Pressing the Blue Hens in second place is Lafayette, after posting a 27-7 victory over Drexel last Saturday.

**PLAY IT SAFE!**  
Start now  
to save  
their hearts

Help your children form good health habits now to reduce risk of heart attack later:

- Encourage normal weight; obesity in youth may persist throughout life;
- Build body health through regular physical activity;
- Serve them foods low in saturated fats;
- Teach them that cigarette smoking is hazardous to health;
- Make medical check-ups a family routine.

Set a good example. Follow the rules yourself and guard your heart, too.
