## SLASH IN STATE EXPENSES MADE

### BUDGET GIVEN ASSEMBLY FOR YEAR 1936-37

Gov. Proposes \$13,093,428 Be Spent on Government and Schools System MARKED DECREASE OF \$7,317 Less Than Funds Voted In 1935; County Elects Take Offices

Following the debate of last week which saw the General Assembly fail to adopt an unemployment insurance bill during the special session called for that purpose, although the boys and girls voted themselves the usual "for services rendered," the regular session opened at Dover on Tuesday.

With the House of Representatives and the State Senate chose their list of attaches and then adjourned. The session reported back on Wednesday, and the Senate will remain out of action until Friday.

**Budget Presented**  
Governor C. Douglass Buck sent a budget to the General Assembly on Wednesday recommending that \$13,093,428 be spent on the state government and the school system in the 1936-37 fiscal biennium—more than a quarter of a million dollars less than appropriated for the present biennium.

The total is \$887,317.48 less than the \$13,980,746.32 appropriated at the last regular session for the general government and schools.

In a tentative general appropriation bill, the Governor sets up \$2,663,354 for the state government in the first year and \$2,777,113.79 for the second period of the biennium—total of \$5,440,467.84 compared with the \$6,392,286.25 appropriated at the last session.

**Restore Teachers' Salaries**  
Although he recommends a cut in school appropriations, he also recommends that the last half of the cut in teachers' salaries be restored.

To this end, he sets \$143,000 for each of the two years. The salaries were cut four years ago on a basis of 10, 15, and 20 per cent, according to the size of each. Two years ago the legislature authorized restoration of all the cuts.

Abraham Hoffman, son of Mr. and Mrs. Louis Hoffman, of Newark, assumed his duties as chief deputy to the newly-elected sheriff, John M. Amer, who was installed on Tuesday.

The new county officials taking office on the same day were: Louis A. Woodward, county comptroller; Claude Howell, county treasurer; Anthony Amer, register in chancery; William Smith, Jr., coroner; Martin G. Hanagan, prothonotary, and Irving H. Craig, clerk of the peace.

**Visiting Nurse Reports 315 Visits For December**

Miss Alice H. Leak, visiting nurse in charge of this section of New Castle County, reported 315 visits for the month of December. The visits included 272 nursing and 43 instructive calls.

Cases for the month were reported as follows: diabetes 1, visits 81; carcinoma 4, visits 32; paralysis 2, visits 10; heart and kidney diseases 10; pneumonia 2, visits 10; intestinal diseases 9, visits 14; fractured hip 1, visits 1; miscellaneous cases 11, visits 27; treatments 32.

Health work: held one health clinic each Wednesday from 1.30 to 4.30. Average attendance 20. Quarantined: scarlet fever 2, whooping cough 1, measles 2, chicken pox 1, scarlet fever 1, whooping cough 1. Birth certificates delivered, 5.

**Missionary Meeting**

The Young Women's Home Missionary Society of the Newark M. E. Church will hold the January meeting in the dining hall of the church on Monday evening, January 11, at 7 o'clock.

Mrs. Margaret Rumer and Mrs. Maud Moore will be co-hostesses.

### NEWARK'S "FIRST" BABY

Newark's first birth of 1937 was recorded at 3.50 o'clock New Year's morning with the arrival of a 7½ pound girl—Betty Jane Cashore.

Born at the home of her grandmother, Mrs. Robert Stine, 40 E. Main St., the infant and her mother, Mrs. Marie Cashore, came through the ordeal in good fashion, according to Dr. M. B. Pennington, who handled the case.

## Eminent Theatre Figure To Speak At College Hour

One of the most prominent figures in the American theatre today will be the guest speaker at the College Hour Assembly at the University of Delaware on Tuesday morning, January 12, at 11.45 o'clock. Mr. Barrett H. Clark, author, dramatic editor, and critic has long been a leader in the realm of the nonprofessional theatre. He will talk on some phase of the relationship between the theatre and our modern life.

**Literary Editor**  
Mr. Clark's experience makes him an authoritative commentator on any aspect of the theatre. He began his career as actor and assistant stage manager with Mrs. Fiske in 1912. Later he became literary editor for Samuel French and editor of "The Drama Magazine." He has published many books on the theatre and edited many anthologies of plays. In 1931 he published the most authoritative biography of Eugene O'Neill, late Nobel prize winner. He is now director of the Dramatists' Play Service for the Dramatists' League of America.

In the afternoon Mr. Clark will be entertained at tea by the members of the E 52 Players, the Footlights Club, and the Puppets Club. In the evening he will be the principal speaker at a Dramatic Conference of dramatic organizations throughout the state which is being held under the auspices of the university.

### Drexel Institute Sets Dates for "Open House"

Several thousand high school students, their parents and teachers are expected to visit Drexel Institute of Technology in Philadelphia on the occasion of its annual "open house" on Friday, January 15, and Saturday, January 16.

This annual two-day event at the college is becoming increasingly popular and, as in previous years, invitations are being extended to high school students, faculty members and parents of students in the entire Philadelphia area.

### Rector Joins Staff as Chef for Phillips Food

George Rector, one of the foremost food authorities in the world, will move to Cambridge, Md., this month when he will join the food staff of the Phillips Packing Company as master chef.

This premier restaurateur, who left New York's "Great White Way" in 1918 to pursue a career as writer and orator on American cookery, has become world famous as a lecturer and author.

While residing in Cambridge, Mr. Rector will retain his home on Park Avenue, New York, and will commute between the two by plane.

### To Hold Dances Weekly

Minnehaha Tribe No. 23, I. O. R. M., will hold a square dance in their room next Tuesday evening, and will hereafter make this a weekly feature of the winter program. The business meeting of the tribe will call at 7.00.

German chemists have found a substitute for hard rubber, horn and celluloid in a substance made from dried animal blood.

## AETNA LEADER TOPS FIREMEN IN RESPONSES

Chief Ellison Answers 60 Alarms; 65 Calls Reported During 1936

### BLAZE LOSS REDUCED

Chief Elmer Ellison, leader of the Aetna Hose, Hook and Ladder Company, volunteer fire organization of Newark, topped a list of eight men who led in answering calls to fires last year. Chief Ellison responded to 60 alarms.

Following at his heels was J. H. Rumer who answered 55. Others in the list are: Assistant Chief Charles Tasker, 41; Herb Murphy, 39; C. Vernon Steele, 37; Cliff Moore, 34; R. Cook, 33; and Charles E. Moore, 29.

### Losses on Decline

A total of 65 calls was answered by the local fire fighters which included 28 in town, 29 within the Newark district and 8 beyond the district. The loss by fire within the town for the year was reported at \$6,070, as compared to \$9,006 during 1935.

The estimated damage by fire within the Newark district this year was \$22,865 while a loss of \$54,000 was reported from the out of district responses. The total loss for the year which amounted to \$82,935 shows a marked decrease over that of 1935 when total damages were estimated at \$200,966.

### Chimneys Cause Trouble

Faulty chimneys led as the chief source of blazes with the company's being called to 20 homes on this account. Other types of fires were: grass and woods 14, automobiles 4, dwellings 13, industrial plants 1, barns 5, miscellaneous 7, garages 0. One false alarm was turned in.

A total of 421½ miles was traveled by the outfit which required 68 hours and 5 minutes of service. Supplies used were as follows: 5 gallon water tanks 16, 35 gallon chemical tanks 4, 2½ gallon chemical tanks 18, feet of ladders used 570, feet of hose used 5,400, gallons of water used 9,800.

According to the report, the hours between 8 a. m. and 4 p. m. proved to be the busiest, requiring a total of 30 calls. Twenty-five alarms were turned in between 4 p. m. and midnight and 10 between midnight and 8 a. m.

A total of 804 volunteers responded to the 65 alarms made in 1936.

### Conservation Program Is Discussed at Washington

Details of the 1937 agricultural conservation program as it applies to Delaware were discussed by seven state representatives at a meeting in Washington last week.

Those attending the session from Delaware were R. O. Stelzer, extension economist, and Dean C. A. McCue, director of agricultural extension, both of the University of Delaware; Harley Hastings, Bethel; Joseph C. Hutchinson, Townsend; Robert A. Garton, Dover; C. Arthur Taylor, Harrington; and Roland J. A. Marsh, Lewes.

## Delaware Entomologist Warns Against Insect Enemies of Ferns; Gives Cures

Among the common insect enemies of ferns grown indoors are mealy bugs, red spiders, and the aphid or green fly, according to Paul L. Rice, extension entomologist at the University of Delaware. The worst of these, he says, is the mealy bug. This white woolly insect works on the under sides of the fronds and in crevices. It can be removed with a splint or toothpick around which a little cotton has been wrapped to form a swab.

If the plant is badly infested, the top of the fern should be cut off within an inch or less of the soil and then treated each day until all the insects are exterminated. Where water pressure is available, a sharp stream directed against the undersides of the fronds and crevices will facilitate removal of the insects. Care must be taken, however, not to injure the new leaves and fronds.

## 4-H MEMBERS JUDGE GRAIN ON SATURDAY

Scholarship as Prize Award For County Champions At Greenwood

### COBB NAMED OFFICIAL

Corn judging contests, held as practice sessions for the annual 4-H Club corn judging contest, which will take place in Greenwood, Saturday, in connection with the annual exhibit of the Delaware Crop Improvement Association, have been held throughout the state for the past month, according to C. E. McCauley, boys' club agent at large, who is in charge of the contest.

"We expect to have more than 65 contestants this year," McCauley said. "More than 20 practice sessions have been held so far this month and we hope to stage a contest which will put all the entrants on their mettle."

### Four 10-Ear Samples

The youthful corn judges will be required to place four 10-ear samples of both white and yellow corn and to turn in written reasons for their placings. They will also place four single ear samples of both white and yellow corn. Winners will be chosen by counties, with each county champion becoming eligible for a scholarship to the annual junior short course, to be held at the University of Delaware early in the summer.

### Cobb to Officiate

A. D. Cobb, state club leader and assistant director of agricultural extension at the University of Delaware, will be official referee of the contest.

According to D. L. Schuster, secretary of the Delaware Crop Improvement Association and professor of agronomy at the University of Delaware, growers have been requesting information and indications point to the largest and best crop show in years.

### University Drama Group Names Play for February

The University Drama Group, consisting of University of Delaware faculty members and Newark citizens, announced this week that the annual production will be offered at Mitchell Hall in February 5.

"Gold in the Hills or the Dead Sister's Secret," a synthetic melodrama of the '90's, has been chosen by a committee consisting of Mrs. C. R. Kase, chairman; Dr. C. R. Kase, Richard Cooch, Taggart Evans, and Carolyn Cobb.

Tryout were held last night while rehearsals will start on Friday evening.

### On Extensive Tour

Mr. and Mrs. Louis Handloff, Newark, and a nephew, Morris Handloff, Philadelphia, are enroute by motor to California via Atlanta, Ga., and the South.

Following a tour of the Pacific Coast the party will go to Florida to winter at Miami.

## COUNCIL TABLES AUTO ORDINANCE

### RETURNS TO NEWARK

Dr. George A. Harter

Retired president of the University of Delaware and professor emeritus of mathematics, Dr. Harter occupied his new home at 236 W. Main Street, yesterday. A resident of Wilmington for the past several years, the venerable educator served as president of the local institution from 1896 to 1914.

## POLICE CAPTURE PILFERED MOTOR

Youthful Duo Arrested Here For Stealing Car; "Frat" House Robbed

Speed marked the efforts of police here on Wednesday when a car stolen from in front of Friends School, 5th and West Streets, Wilmington, was recovered in Newark 28 minutes after state police had informed local authorities of the theft.

Less than three hours later, Edward Tomazuwski, alias Tabo, age 22, 210 E. Sixth Street, and John Maciejewski, 18, 514 Church Street, both of Wilmington, were held under \$1,000 bail each by Magistrate Daniel Thompson for trial before the Court of General Sessions.

### Daughter Parked Car

The pilfered machine, owned by A. J. Hance, Jr., president of the Hance Hardware Company, Wilmington, had been parked in front of the school by his daughter, Modesta, a student.

According to statements given police, Tomazuwski, a former CCC cook, said he saw the car with the keys in it and he and his companion decided to "take a ride."

Maciejewski informed the authorities that his parents had promised to give him a car and that he merely wanted to "learn to drive."

### Police Given Chase

Chief of Police William E. Cunningham met the car as it entered Newark at East Main Street. Giving chase, he apprehended the vehicle near the B. & O. tracks on Chapel Street. Tomazuwski was driving at the time.

Maciejewski, meanwhile, had bolted from the machine and was endeavoring to elude Cunningham by running through the Newark Lumber Company yard. Deputy Game Warden William Wideman, riding past the scene of action, gave chase and succeeded in capturing Maciejewski in a lot back of the lumber establishment.

### Civic Betterment Is Lions Club Subject

Civic betterment — including improved street lighting and a public comfort station in the business section — was the subject discussed before the regular weekly meeting of the Newark Lions Club at the Deer Park Hotel on Tuesday evening.

I. Newton Sheaffer, chairman of the civic betterment committee, outlined plans for obtaining estimates of costs and other details before advancing the ideas. Joseph M. McVey, president, was in charge of the meeting.

A donation of \$20 was voted toward aiding the work being conducted by the committee for the blind of the Parent-Teachers Association, following a suggestion by E. L. Richards.

## NEW PARKING LIMIT FAILS BY BIG VOTE

Proposed 2-Hour Measure Is Dropped; Erroneous "Law" Rescinded

### STATE HELP REQUESTED

Funds Donated for Hospital; Accident Claim Passed; Meters Reported

That Newark's 3-hour parking limit now in vogue on Main Street will not be changed by the present Council was strongly indicated Monday night when the proposed 2-hour ordinance was "laid on the table for future consideration."

The action, following a 5-to-1 vote, ended a mild controversy that has existed since the idea of a change was introduced by Councilman C. Emerson Johnson at the November session.

### "New Law" Rescinded

On a motion by Councilman Charles C. Hubert, the body rescinded the reading of an erroneous ordinance at the December meeting which would have limited parking in the Main Street business district to two hours throughout the day and night with exceptions noted for Sundays.

Before acting on the 2-hour law, which would have been in effect between 8 o'clock in the morning until 8 o'clock at night, Sundays excluded, Mayor Frank Collins polled the Council for opinions.

### Sentiment Contrary

Sentiment was against the proposed measure as Councilman George E. Ramsey, John F. Richards and Herman Wollaston voiced objections filed with them by businessmen and interested individuals. Mayor Collins also spoke against the proposal.

As a means of aiding local police to handle increasing traffic and to relieve them of the growing demands for enforcing state speed laws, Mayor Collins and Chief of Police William E. Cunningham have filed a request for a state police sub-station here.

### Conference Is Held

The idea was discussed with Superintendent C. C. Reynolds on Monday. It will be presented to the state highway department for decision.

In the event that a sub-station in Newark is refused, Mayor Collins has requested that a member of the state force be stationed here for permanent night duty.

## County Auxiliary Units To Meet In Newark February 1

The local unit of the American Legion Auxiliary met in the legion room last Tuesday evening, with Mrs. Allyn Cooch presiding.

Tentative plans for a covered dish luncheon to be held some time in January at the home of Mrs. Paul D. Lovett were made, leaving the date to be announced later.

Mrs. John R. Fader, department president of the auxiliary, told of the delightful Christmas party which was sponsored by the department for the veterans of Perry Point Hospital on December 22.

### To Extend Invitations

Invitations will be extended to all auxiliary units in New Castle County, as well as to all department officers and chairmen, to attend the county meeting which will be held in the legion room, Newark, on Monday evening, February 1.

Mrs. Newton Sheaffer, welfare chairman, reported on the splendid activities during the month of December; and Mrs. Lee Lewis, chairman of junior activities, announced that the junior auxiliary would meet on Tuesday afternoon at which time they planned to study the Flag Code and "The Making of Laws."

The regular February meeting will be held jointly with the county meeting on February 1, with the Newark unit acting as hostess.

### Lesson for January 10

#### NEW LIFE IN CHRIST

**LESSON TEXT**—John 3:1-17.  
**GOLDEN TEXT**—Verily, I say unto thee, Except a man be born again, he cannot see the kingdom of God.—John 3:3.  
**PRIMARY TOPIC**—Jesus Answering a Man's Question.  
**JUNIOR TOPIC**—The Most Important Question.  
**INTERMEDIATE AND SENIOR TOPIC**—How the Christian Life Begins.  
**YOUNG PEOPLE AND ADULT TOPIC**—New Life in Christ.

The only entrance into the Christian life is by the door of the new birth. Regeneration is the act of God whereby the divine nature is imparted to the believing sinner and he becomes the child of God. He who has not entered by this way has not entered at all. He is still dead in trespasses and sins, without God and without hope (Eph. 2:1, 12).

Men are seeking to enter the household of God by almost any other means—culture, reform, character building—and are neglecting God's way. This lesson should therefore be studied and taught with earnest prayer that this foundation truth may lay hold upon the hearts of the hearers of the Word. Let no one who is not born again attempt to teach it to others, lest the blind attempt to lead the blind, and both fall into the ditch (Luke 6:39).

The coming of Nicodemus to our Lord took place at the time when he was in Jerusalem for the Passover. Jesus had chosen six of his disciples, had been at Cana of Galilee, where he performed his first miracle, and had made a brief visit to Capernaum, after which he came to Jerusalem for the feast. In high and holy indignation he had driven the money changers out of the temple. The Pharisees who looked for the coming of the Messiah as a secular conqueror wondered at this new spiritual leader. It was probably as much on their behalf as his own that Nicodemus came to inquire of Jesus. In answering his questions Jesus reveals the necessity, the nature, and the method of regeneration—in other words, the Why, What, and How of the New Birth.

#### I. Why? (vv. 1-7.)

Jesus was not unduly impressed by the dignity and high station of his visitor, nor by the visitor's courteous acknowledgment of his own position as a great teacher. With decisive boldness Jesus declares that this man, a cultured and distinguished ruler of the Jews, must be born again, if he is to see the kingdom of God.

God is no respecter of persons. This "doctor of divinity" must be born again, just as was the illiterate fisherman. D. L. Moody once said that he was thankful it was to such a man as Nicodemus that Jesus presented the necessity of the new birth—or men would have said that only the down-and-outer needed to be saved.

Two reasons are given by our Lord for the "must" of verse 7: (1) The Kingdom of God is a spiritual kingdom, and cannot be entered by way of our human nature; and (2) "That which is born of the flesh is flesh" and is radically and essentially bad. To learn why the flesh is bad read Jeremiah 13:23, and Galatians 5:19-21.

#### II. What? (vv. 8-13.)

The new birth is a divine mystery, not fathomable by human reason. Those who insist that all spiritual truth be put through the little norm of their intelligence will never understand it or receive its blessing. The striking illustration of the life-giving and energizing wind used by our Lord is most illuminating. Wind is unseen, but the results of its movement are evident.

#### III. How? (vv. 14-17.)

Just as there was healing and life in a look at the uplifted serpent (Num. 21:8), so there is life for a look at the Crucified One. Faith receives God's perfect provision for sin.

Verse 16 may well be regarded as the greatest sentence in the greatest Book in the world. It presents the whole plan of salvation—its source, its ground, its recipients, its condition, and its result.

This glorious salvation is for all men—"whosoever"—but some reject it. Notice that God does not condemn them. Their own evil works and desires condemn them (vv. 17-20). God in his grace is ready and willing to save, but men love "darkness rather than light"; for their works are evil.

#### God's Mercy

O God, the whole world is as a drop of morning dew. But Thou hast mercy upon all. . . . For Thou lovest all things that are, and abhorrest nothing that Thou hast made. . . . But Thou sparest all, for they are Thine, O Lord, Thou lover of souls.

#### Doing Well

He doeth much that doth a thing well. He doeth well that rather serveth the commonwealth, than his own will.—Thomas a Kempis.

### Perfect Record Broken

Fulfilling his new duties as Speaker of the House of Representatives is causing John R. Fader, local Democratic leader, to forego many personal practices.

After attending 375 consecutive meetings of the Newark Lions Club since it was organized in 1929, Fader announced at the session Tuesday night that he had lost a "bet" to former Representative Wayne C. Brewer, Republican, by being absent at the December 29 gathering.

While Brewer's mark of 376 remained unbroken, Fader announced that he will endeavor to establish a new record of his own. Both men are past presidents of the body, past commanders of the J. Allison O'Daniel Post No. 10, American Legion, and reside at adjoining properties on Nottingham Rd.

### GLASS MADE OF COAL EXCELLS IN STRENGTH

Wind shields of glass made from coal are now used. This material is called "perspex" and is just as transparent as glass, but has a far greater tensile strength and is only half the weight.

Perspex has been found to retain its clarity unimpaired by the ultraviolet rays of high altitudes where glass has been known to be affected.

Bullet-proof vests are worn without detection.

her home for several days.

Mrs. Rowland Nichols and daughter, Gale, returned to their home, in Avondale. Mrs. Nichols will be remembered as Miss Elizabeth Naudain, formerly of Hockessin.

Miss Margaret Baldwin spent Christmas week with her parents, Mr. and Mrs. J. Parker Baldwin.

#### Club Entertained

Mrs. Clarence Highfield entertained the members of the Home Demonstration Club at her home, on Monday, January 4. At noon a covered dish luncheon was served and enjoyed by all those present.

Following the luncheon, the regular business meeting was held.

Mrs. Kate Dougherty of Newark discussed "The Outlook for the Farm Family of 1937." She also showed the comparison of other years.

Mrs. Henry C. Mitchell, the newly elected president, appointed the following committee chairmen for 1937: Health, Mrs. Dayton Peoples; recreation, Mrs. Fred Trimble; publicity, Miss Sara Pennington; community work, Mrs. Horace P. Dennison; food demonstration, Mrs. C. W. Kiedel; home management, Mrs. John C. Mitchell; annual reports, Mrs. Clarence J. Highfield. Leaders to attend the glove making held at Newark on January 28, were Mrs. Herman Garrison and Mrs. Walter Blevins.

Mrs. Swithen Springer was welcomed as a new member in the club.

## TWO CHURCHES ORGANIZE SAT. FOR NEW YEAR

### Delegates and Committees Chosen at Christiana- Salem Meeting

#### TRUSTEES ARE CHOSEN

By Edna A. Dickey

Christiana, Jan. 6.—Christiana Charge held its Fourth Quarterly Conference on Saturday evening at the parsonage, with Dr. W. E. Gunby presiding. A local preacher's license was renewed for Harold Davis while exhorter's licenses were given again to Vincent Cannon and Harry Appleby, Jr.

#### Select Delegates

The election of Mrs. Frank Hawthorne as delegate and Mrs. Ethel Eastburn as alternate, to the annual conference for a period of four years was confirmed. Splendid reports were given by representatives of various organizations of both Christiana and Salem Churches, which showed that the past year had been one of progress.

Improvements to both churches and parsonage for the year amounted to two thousand dollars, all of which has been paid. Dr. Gunby commended the pastor on his fine leadership and the people on their splendid cooperation. The Rev. Richard M. Green was unanimously invited to return for the eighth year. Refreshments were served by the pastor and his wife after the business meeting.

The following trustees, stewards and committees were confirmed: trustees—Christiana: W. F. Elliott, Frank Hawthorne, Gregg Lynam, Harry Appleby, Alfred Vincent, John Perkins, George McCarns and Wilmer Hawthorne. Those for Salem were: Irving Hutchison, Philip Kemether, William Hutchison, Irvin Dayett, Joseph Singer, D. A. McMullen, Elmer Sentman, William Johnson, and James Lupton.

Mrs. Charles P. Dickey, of Stanton, was the guest of Mr. and Mrs. R. Earle Dickey on New Year's Day.

The next assembly of the Christiana-Salem School will be held on Friday, January 15. Under the direction of Mrs. Margaret Thornton, the first and second grades will have charge of the program. Two new pupils were welcomed, Cora and Doris Baker, formerly of Farmington, Del.

## Educator Speaks At Meeting Held By Century Club

Rev. Ralph Minker, head of the Ferris Industrial School, was the guest speaker at the regular meeting of the Newark New Century Club held on Monday. The educator discussed the aims and policies of the school.

Emphasis was placed by Rev. Minker, on the need for a change from the present methods of housing the boys in large dormitories to smaller units of the cottage type. In this way, the boys could be given a home life which most of them have never experienced.

#### New Members Informed

Part of the meeting was taken up by a discussion of the manner in which the club business is conducted, for the information of new members.

Mrs. T. F. Manns explained the work of the corporation board which deals with financial affairs of the club. In this connection, Mrs. Manns spoke highly of the work of Mrs. A. T. Neale, who has been a member of the board since its organization. Mrs. Louis Stearns explained the work of the executive board.

Following these discussions, Mrs. Douglas Mylrea rendered a group of songs.

Tea was served by the hospitality committee at the close of the session.

Resolutions on paper can be chemically determined.

Mrs. C. W. Maclary and Miss Emma Maclary were guests of Mrs. Elizabeth Maclary and family of 299 E. Main Street, Newark, over the New Year's holidays. Mrs. Maclary also entertained at a family party on New Year's Night.

### Gregson To Preside Over Jr. O. U. A. M. In 1937

"American Flag Council No. 28, Jr. O. U. A. M. closed its books for the old year on Monday night," announced A. Neal Smythe, publicity chairman of that organization, in an interview this week.

"This has been a good year for our council from any angle, but we are not content and are setting higher goals for 1937," he said.

Installation of the following officers by Brother Andrew Ulrich, of Wilmington, will take place on January 14: councillor, Earle Gregson; vice-councillor, Roger Dobson; recording secretary, Francis L. Hall; assistant recording secretary, James Kirk; financial secretary, Raymond McMullen; treasurer, Charles W. Colmery; cond., John Kirk; warden, George Morrison; inside sentinel, Kinsey Whiteman; outside sentinel, Roland Marine; chaplain, A. Neal Smythe, Jr.; publicity chairman, Raymond Davis; representative to S. C., John E. Lewis; alternate, Leonard Trice.

#### To Pay Visit

A fraternal visit will be paid the Eureka Council No. 1, of Wilmington, on January 5, when its officers will be installed.

"Well," said Mr. Smythe, "the old year is about to pass into history and as we look over our past year, we are grateful for our blessings."

"We have greeted new brothers, visited our sick with words of cheer, and all in all it has been a wonderful year," he continued.

"We desire, at this time to pause and thank all for the encouragement and help given us and to express appreciation to THE NEWARK POST for valuable space in the paper for our council items," Mr. Smythe said.

"Our council wishes are that the year 1937 will hold great blessings

### MAGICIAN

"I'm a long distance operator. I don't know how many thousand calls I've handled, but I still get a kick out of it. Here I sit at my switchboard. You, in your home or office, decide that you want to talk to someone who may be many miles away. I say a few words, make a few simple movements with my hands and—Presto!—here's your party! Is it any wonder that I sometimes feel like a magician?"

Business men, too, have found magic in long distance service. Magic that gets more business done in shorter time at less cost. They use long distance to make appointments, secure orders, speed shipments, answer complaints, issue instructions—to make all kinds of business contacts. Long distance has many uses that you should know about. It has obtained results that may amaze you. Let us tell you about them. Call the Business Office.

## LOOK BEFORE YOU LEAP

Men, usually credited with having more mentality than so-called dumber animals, fail very often to demonstrate the truth of that belief. Often—too often—in fact they are inclined to thoughtlessly follow the leadership of wily but persuasive individuals. And, in the majority of instances, where an inducement of "something for nothing" is dangled as bait for artless adherents, the price at the end brings bitterness and destruction.

Such is the labor situation in the United States today. Harassed by strikes, walkouts, lay downs, sit-downs and other forms of labor difficulties, industry, which had been making great strides from the depths of 1932, finds itself confronted by internal foes.

The automobile industry is practically at a standstill due to labor troubles. And with the automobile factories handicapped for parts and materials, no less than 77 allied industries feel the effects.

Right here in Newark, where fibre workers laid plans last Sunday for the formation of a union, the effects of difficulty in the automobile field are being registered.

Orders for fibre parts for new cars and for similar supplies to be used eventually in the production of automobile radios have been temporarily stopped.

Heads of the plants here, however, anxious to keep their mills running and their workers employed are stocking material with a hope that any day orders will be given for shipment.

Unless labor and the automobile industry soon get together and return to the normal production of cars, however, mills here will be forced to curtail programs now being followed.

Such an outcome would strike almost every home in Newark. Local business would be crippled and the leanest days of the recent depression would again settle over the entire community.

They are all possibilities here through troubles elsewhere. Hunger, privation and destitution are hard enough to take when circumstances bring them to the fore and only a foolish man would force them on himself, his family and his home. Yet wise men are often foolish and follow a will-o'-the-wisp to ruin.

## COULD HAVE SAVED 24,000 LIVES!

Twenty-four thousand lives would have been saved and nearly a million injuries prevented between 1926 and 1935 had the national trend in motor vehicle accidents kept pace with the reductions made in states having standard drivers' license laws, according to the National Safety Council.

This conclusion is reached in a new study of license regulations, entitled "Saving Lives Through a Drivers' License Law," prepared by the Council for free distribution.

Here is irrefutable evidence that the human element, not the mechanical, weather or any other agency, is the principal cause of highway slaughter. In states without adequate drivers' law—and unless such laws are periodically overhauled to keep pace with changing conditions they are almost certainly inadequate—persons who are congenitally careless and incompetent have accident after accident, and they keep on driving. Furthermore, almost anyone can get a license to drive, irrespective of his qualifications.

The standard drivers' license law, which has been adopted by a number of states, does not demand too much. It simply requires that no one shall drive an automobile who is physically or mentally incapable of operating it safely—and that all drivers shall, through tests, show that they are reasonably competent to handle a car, and have a good knowledge of traffic laws and regulations. Also, sound drivers' law must provide for the automatic revocation of licenses of motorists who refuse to abide by traffic rules, or who are continually involved in accidents.

The cold statistics prove that a modern license law will save lives and property. Every state should have such a law.

## THE TYPOGRAPHIC ERROR

The typographic error is a slippery thing and sly;  
You can hunt till you are dizzy, but it somehow will get by.

Till the forms are off the presses it is strang how still it keeps;  
It shrinks down in a corner, and it never stirs or peeps.

That typographic error, too small for human eyes,  
Till the ink is on the paper, when it grows to mountain size.

The boss, he stares with horror, then he grabs his hair and groans;  
The copy reader drops his head upon his hands and moans.

The remainder of the issue may be clean as clean can be—  
But that typographic error is the only thing you see.

—Knoxville Express

## SCREEN SNAPS

By "SNAPPER"

### Opera To Be Filmed. Movie Rights for "Tovarich" Sold

Now that Paramount Pictures has announced its intention of filming "Carmen," RKO has suddenly come to life and realized that the opera would make an ideal vehicle for their own Lily Pons. Much dickering is going on between the two studios (Paramount has acquired the music rights to the story), and the net result may be some sort of a compromise with Lily Pons essaying the colorful role. Having completed "That Girl From Paris," her second film, the diminutive Pons has indicated she would like to do a film version of an opera. "I Dream Too Much" and the latest picture are both modern romantic comedies. Paramount had previously indicated that Gladys Swarthout would sing the Carmen role, since she is under contract to them.

Marion Davies is in New York spending most of her time seeing shows. It took just one performance of "Tovarich" to convince her that there was a story she would like to do on the screen. Since the movie rights have been sold to Warner Brothers and since Miss Davies' company, Cosmopolitan, is now aligned with the Warners it seems likely that she may have her way. Although there may be those who might entertain strong doubts as to the blonde comedienne's suitability for the role performed so admirably on the stage by Marta Abba, Italian star.

### State Theatre Briefs Friday and Saturday

Plenty of fun and romantic excitement is in store for filmgoers of this town these two days with the coming of "Love on the Run," a new M-G-M hit co-starring Joan Crawford, Clark Gable and Franchot Tone. Here are the highlights of the picture: It teams Miss Crawford, Gable and Tone for the first time since their memorable success in "Dancing Lady." It is the production in which Miss Crawford and Gable, the popular favorites of "Forsaking All Others," "Chained," and "Possessed" celebrate their fifth anniversary co-starring appearance. The film was directed by one of Hollywood's best directors, W. S. Van Dyke of "San Francisco" fame.

Clarence Mulford's "Trail Dust" starring William Boyd as Hopalong Cassidy will play this theatre Saturday only. This is one of the author's best stories made into a motion picture.

### Monday and Tuesday

Color photography has never appeared to greater advantage than it has in the Selznick International production, "Garden of Allah." This film brings together for the first time Marlene Dietrich and Charles Boyer. The realistic effects are very beautiful with its vast expanse of golden desert, blue sky and flaming sunsets. The costumes of Miss Dietrich blend in exquisite harmony with the settings. The story, based on Robert Hichens' novel is that of a young Tappist monk who, tempted by worldly appeal breaks his vows. Twenty years ago it seemed a daring romance, today this desert idyll is too far removed from modern life to seem real. Basil Rathbone and Joseph Schildkraut head the supporting cast.

Marlene Dietrich

### Wednesday and Thursday

Laurel and Hardy return to the screen in another of their full length features, "Our Relations." A dual identity of two sets of twins furnishes a fast-paced comedy of errors with fun-provoking complications. An elaborate build-up of comedy ideas, in which one set of twins suffers in highly amusing fashion for the mistakes of the others. The screen story is taken from the story, "The Money Box" by W. W. Jacobs. A fine cast support these two comic stars, headed by Alan Hale, Betty Healy and Daphne Pollard.

The mystery of the Gulf Stream is found to be a vast dynamic current that circles the Atlantic Ocean and touches four continents.

"Is my face dirty or is it my imagination?"  
"Your face is clean; I can't tell about your imagination."

The iceberg patrol began in 1912.

## New Parking Limit Fails By Big Vote

(Continued from Page 1)  
The mayor promises drastic action against reckless drivers and speeding motorists who are endangering the lives of law-abiding drivers and innocent children.

**Bonds Voted Redeemed**  
Council passed a resolution whereby \$30,000 worth of bonds due on February 1, 1937, that now carry 4½ per cent interest will be redeemed through the Newark Trust Company and the Farmers Trust Company of Newark.

Promissory notes, carrying 3½ per cent interest and not exceeding \$30,000, were approved by a second resolution.

A donation of \$50 was voted toward the support of the Flower Hospital.

### Claim Is Allowed

Approval was given for payment of \$20 doctor's bill presented by Miss Sarah Slack, 15 Elton Road, who suffered a broken ankle on August 28, last year, when she stepped from an automobile into a hole in the street in front of her home. She was laid up for five weeks.

Clean-up days for the collection of rubbish were designated as January 20 and 21 by the mayor.

Engineer George C. Price reported that 85 per cent of the houses in Newark south of Main Street now have water meters. Fifty installations were recently completed.

Working steadily on the project and considering the possibility of hiring added help, Price hopes to have meters in every building within the town limits before April 1.

## Police Here Capture Pilfered Automobile

(Continued from Page 1)  
**Fraternity Robbed**

Members of the Theta Chi fraternity, University of Delaware, returned from Christmas vacations last Sunday night to find that their house at 153 W. Main Street, had been robbed.

A check-up by Officer LeRoy Hill showed that a saxophone, radio, five suits of clothing, a topcoat and suitcase had been taken.

No arrests were made when cars driven by Lewis C. Lee, 45, of Newark, and Lucy E. Walker, 58, of 809 N. Franklin Street, Wilmington, crashed at Elton Road and Main Street, on Tuesday afternoon. Total damages of about \$90 were claimed.

**Early Morning Accident**  
The first accident of the new year in Newark occurred early last Friday morning on Main Street, near Haines, when a car driven by Henry Crookham, Appleton, Md., collided with one driven by Morris Ewing, W. Main Street.

Thrown from his car, Ewing suffered two broken ribs, a slight concussion of the brain and lacerations of the right hand. He is recuperating at his residence. His wife, who was riding in the car, suffered from shock and bruises.

Crookham is being held under \$1,000 bond pending the outcome of Ewing's injuries. Both cars were badly damaged.

This is Crookham's third arrest on motor vehicle charges in Newark since September 7, last year, when he was involved in an early morning accident near the Flower Hospital after failing to observe a stop sign at Delaware Avenue and S. College.

### Home and Foreign Mission

The Women's Home and Foreign Missionary Society of the First Presbyterian Church will meet in the lecture room of the church on Thursday evening, January 14, at 7.45.

A guest speaker to be announced later will deliver a talk on China. There will be special music for the occasion.

## THE QUESTION BOX

FOR FARMERS - GARDENERS AND HOME-MAKERS

Send your questions to this department for replies from the Agricultural Extension Department of the University of Delaware. Be sure to give your name and address so, if a detailed answer is required, it can be mailed to you from the university. Address your queries to "Question Box," THE NEWARK POST, Box 450, Newark, Delaware.

**Q.—What is the best way to store sweet potatoes in the home?**

A.—Sweet potatoes purchased in the market should be placed in a well ventilated, dry room at about 50 to 55°F temperature. The potatoes must be kept dry, well aired, and cool. It is not advised to store the tubers in closed containers because rot soon follows.

**Q.—Why are flower bulbs planted in the fall rather than in the spring?**

A.—Flower bulbs are planted in the fall of the year instead of in the spring to allow the bulbs to make a maximum size root system which will sustain the flowers with water in the spring and early summer and to give the plant a splendid start to maintain its growth and develop strong flower buds for the next season.

**Q.—What is the best temperature at which to store potatoes?**

A.—The best temperature to store sweet potatoes when tubers are dry and well aired is from 50 to 55°F.

White potatoes should be stored in a well-ventilated, dry but cool cellar with a temperature ranging from 34 to 40°F. Colder temperatures may freeze the tubers or discolor the white tissues with black markings. High temperatures cause the tubers to sprout and shrivel.

**Q.—What is the best method of getting the most out of the fodder crop?**

A.—Shredded fodder can be used as a substitute for roughage if the hay crop is short. If hay is plentiful the best use to make of fodder is to shred and use for bedding. Shredded fodder makes excellent bedding and produces good manure.

**Q.—What is Lespedeza? What varieties are adapted to Delaware (Delmarva) soil and climate?**

A.—Lespedeza sometimes called Japan Clover, is a native of eastern Asia that was first found in this country in Central Georgia in 1846. It is a summer annual that begins its growth in late May but does not reach maturity until September and October. Lespedeza makes a favorable growth even on land that needs lime and is low in fertility. It is probably of the most value as a pasture plant although it makes a very fine hay, often yielding as much as two tons per acre. While there are several varieties of Lespedeza available Korean is the best suited for the soils and climate in Delaware.

## RARE ANIMAL SPECIES RECEIVE PROTECTION

Gorilla, okapi, white rhinoceros, pigmy hippopotamus and 18 other rare African animal species, together with one plant, which is probably the strangest plant in the world, have been accorded absolute protection from hunters.

These specially protected animals may not be killed for ordinary purposes at all, either by whites or natives. Only the highest government authorities may give permission to take them, and then only for important scientific purposes and in the most rigidly limited numbers. An important inclusion in this class is the African elephant, so long as the specimen's tusks weigh less than 10 pounds.

An ordinary giant puffball contains 6,000,000,000 spores (seeds).

Thirteen and one-half miles is the average distance between airplane fields in the U. S.

## A Real Champion

Although overlooked in a shortened review of 1936 district champions contained on this page last week, one of the most outstanding of the lot was Michael (Mighty Mike) Peterson, who wielded a willow with such frequency and aplomb for the Providence cause in the Bi-State League that he ended the season with a glittering mark of .433. Need it be said that he was head and shoulders above all other individual clubbers for the year?

A ranking slugger for many campaigns, Mike soared to the heights in 1936 when he was off to a great start and never dropped much under the lead at any stage of the 40-game schedule.

The doughty little backstop enjoyed a field day on May 17 when he tagged a trio of Havre de Grace hurlers for three home runs, a triple and single in five appearances at the pentagon.

R-W-R

## Set New Marks

Mike's outstanding feat established two new league records and equalled another. His five-for-five exhibition was good for 16 total bases. He drove nine counters across the plate and counted four runs on his own.

The total bases in one game and runs responsible for (13) are both new figures. The three home runs in nine innings matched a similar feat by Harold Koppe, then with Perryville, in 1935. Strangely enough, Havre de Grace pitchers were also the victims of Koppe's slugging.

As a reward for his batting prowess, Peterson received the President's Trophy which is presented annually to the leading individual hitter in the Bi-State circuit.

Harold Marquess, a total loss in 1936, won the trophy with a .467 average while playing with Perryville in 1935.

## Thrills of '36

Without turning to the files for a reminder, the outstanding thrills in local sports last year as they come to mind are as follows:

Basketball: Slender Bob Thornhill's feat of registering 28 points for the Elkton Marrying Parsons against a Crisfield team good enough to win the second-half game. . . . Butch O'Dell's great all-around play for a championship Rehoboth team.

Baseball: Freddie Baldwin's exhibition of pinch hitting on his first appearance in Newark . . . loading the bags on walks, the voluble south-paw retired the next three men on strikes . . . Paul Whiteman's trick of fanning three Perryville batsmen in the ninth inning of the third play-off game for the Bi-State League pennant, after Ernie George had electrified a record crowd with a three-run (and ball game) triple in the first half of the same frame.

Football: Ray Hapes' (Mississippi) 97-yard runback of a kickoff against Temple . . . Dick Roberts' (Delaware) 70-yard sprint after intercepting a Drexel pass . . . Gibby Young's (Washington) 76-yard touchdown return of a punt against Delaware.

There were many others, of course, but the thrills listed will never be forgotten.

R-W-R

## Bow, Wow!

One of the most active and growing organizations in this section is the Eastern Beagle Club which holds forth at the 2000-acre S. Hallock duPont Estate near Milford Cross Roads.

Conducting field trials on an informal basis at monthly intervals throughout the winter, local fanciers state that untamed dogs can never be their proper ratings until they have passed the rigid tests offered by the club.

Buckingham, secretary-treasurer, is said to be the moving force behind the outfit, its chief and ballyhoo builder.

BLUE HENS TO MEET P. M. C.  
CAGE TEAM SATURDAY NIGHT

Little Change In Lineup Expected For Tilt With Cadets; Visitors Boast of Team of Six-Footers; Osteopathy Opening Foes For Soldiers' Campaign

By Bill Fletcher

Coach Lyl Clark's cage team will engage in its first of three tussles before the mid-year examinations against a strong Pennsylvania Military Academy team, playing its second game of the season, scheduled to perform on the home court, Saturday night. Two other engagements, the University of Baltimore and Washington College are slated for January 13 and 16, respectively.

Little change in the Blue Hen lineup is expected. Sheats at center, Daly and Lew Carey at forwards and Captain "Teedie" Wilson and Hayman at guards will probably get the starting call.

## All Six-Footers

It's a toss-up whether Elmer (Whitey) Leyer, 6 foot 4 inch freshman from Philadelphia's Central High, or Wilfred (Casey) Farrell, of Wilmington, a product of P. M. C. Prep School, will start the Delaware contest at the pivot post.

Every player on the P. M. C. team is 6 feet tall, or over, with the exception of Bill Battelger, 5.09, and Al Boandle, 5.11, both forwards; and Danny McFadden, 5.09, a guard.

Frank (Bang Bang) Spang, a forward, is 6.01; Jim Schrader is an even 6 feet; Joe Sekerah, 6.01, and Mal Stevens, 6.01½.

The Cadets will meet the Hens in the second contest on the schedule with Osteopathy providing the opposition Friday night.

Following the Baltimore University tilt on the home boards, the Chickens will journey to Chestertown to put on an act with Tom Kibler's Washington College quintet.

Washington College Strong  
Kibler has a veteran outfit with which to prep for the collegiate championship of Maryland. With Zebrowski at center, Salter and Smith at forwards, and Pfund and Wilmot at guards, he has five men who saw regular service last season.

The Shoremen are expected to make a strenuous bid to retain the title which they won in a play-off series with Mount St. Mary's last winter.

It is still exceedingly doubtful whether Wilbert Huffman, star guard last season, will be out for the cage sport. Huffman is said to be giving up the sport to complete important studies.

Local Riders To  
Vie In 200-Mile  
Race At Daytona

Ernest Jordan and Julian Wollehan, local bike riders, will line up for the 200-mile Daytona Beach Motorcycle race to be staged on Sunday, January 24.

The affair will be staged on the famous course on which so many speed records have been made in the past.

From all reports, the Newark cyclists have a good chance to come home with the prize money as both wheels have been made faster since they made such a fine showing in the 100-mile race at Langhorne.

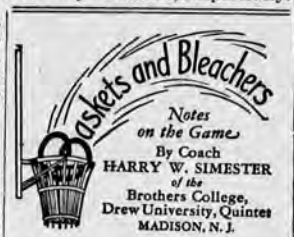

Under Wilmington Colors  
Jordan and Wollehan will be remembered by local fans for their performances at the hill climb contest held at Bloodroot Mountain last fall. They will be riding under the colors of the First State Roamers, a motorcycle club that has recently been organized in Wilmington.

Allen Carter, motorcycle dealer, of that city, will accompany them and John Johnston will act in the capacity of mechanic and timer during the race.

From the looks of all the new bicycles around town during the holidays, there will be quite a few future motorcyclists.

BASKETS AND BLEACHERS  
Defensive Play  
Part A

Say your team can score; can they also prevent the other team from scoring? Offense must be balanced by defense. It takes a good team to set up a strong defense, and an even better one to break it down—there's where some of the biggest thrills come in. In defending its own goal, your team will use one of the two general systems which we will discuss this week and next.

Zone defense is one possibility. It is of two general classifications—the stationary, and the shifting. The former is illustrated by the accompanying diagrams.

These three formations differ only in the placement of the men; the operation is fundamentally the same. Each player is responsible for a definite area on the court, and should not leave that area. When the ball enters his area, he rushes the offensive player for whom the ball was intended, and the other defensive players move toward the edge of the danger zone. They are thus ready to render assistance, and also able to guard their own areas.

The shifting zone type of play allows for more flexibility of movement. The players are not tied down to a particular spot; they move as a unit in the direction of the ball. The front line of players moves about freely, attempting to intercept passes and other prospective shooters. Diagram 3 shows the original defensive positions to be used with the shifting zone defense.

The defense must be set before the offensive team is in scoring territory. This means fast-breaking from offensive to defensive play, and back to the offense the moment your team gets the ball again. To foresee who will get the ball and to act accordingly is much better than a show of speed when the enemy is shooting for the basket.

NEWARK FIVE  
TO MEET "RED  
DEVILS" FRI.

Old Rivals To Meet At Wil.; Gillespie Cuts Local Team to Sixteen

## HEIGHT CHIEF ASSET

By LeRoy Carlisle Hill, Jr.

(High School Sports Correspondent)  
On Friday, the Newark High School "Yellow Jackets" open their season with Wilmington High School on the Red Devil's court. Every year this game is one of the best of the season, as the rivalry between the two schools is very keen.

In 1935 the Jackets came into prominence when they snapped the Devils' winning streak after they had won thirty-one straight contests.

Wilmington is noted for its strong court team and each year have more games on the winning side of the ledger than in the defeat column.

Coach W. K. Gillespie slashed his squad down to sixteen members Monday night and started in earnest to send the boys through their paces in preparation for the tilt on Friday.

## Eight on Varsity

Eight members have been kept on the varsity team while the remaining eight have been dropped to the jay-vee squad. Included among the varsity men are: Bob Ewing, Wilbert Butts, Bob Egnor, Paul Skillman, Carty Douglass, Hugh Morrison, Norv Robinson, George Anderson, Sam Cole, Jack Pie, Bob Stewart, and Bill Hancock.

Boasting plenty of height and good shooting ability, the Jackets are expected to have a good chance of ringing up a victory over their old rivals, something which hasn't been done since the local club snapped the Red Devils long winning streak two years ago.

Two changes have been made in the schedule with the Goldey College date moved up a day from January 12. On January 13, the Jackets will play the preliminary game to the University of Delaware-University of Baltimore tilt.

Girls Perform  
On Tuesday the girls began their intra-mural program with a battle between the tenth and eleventh grades. The former team emerged victorious by a 20-12 count.

COMES TO STATE

Martin Announces Appearance of "Masked Marvel" For January 15

A new departure in pocket-billiard exhibitions will be offered to fans at the State parlors on Friday evening, January 15 when the fourth of the exhibition stars of the National Billiard Program will display his wares in a 125-point match against an opponent yet to be selected for the strongest opposition that can be mustered by Jimmy Martin, proprietor of the local ivory parlor.

The "Man of Mystery" is not an ordinary player, with his identity cloaked in a garb of secretiveness to deceive the billiard playing public. He is a contender and a participant in world championship tournaments, does not pick his spots, nor his opponents, and ten dollars will be forfeited and paid by him to any and all players defeating him on his tour this year.

## No Champs Barred

The only exceptions to this rule or condition being world championship tournaments contestants. So all the local champs have a chance.

The "Man of Mystery" will steal unobserved into town, but his car will proclaim his arrival with its cover-all announcement of his show at the State.

In addition to his pocket billiard match, "The Man of Mystery" will give an unusual display of fancy and trick shots, will play three cushions where requested with any player in the world, as well as snooker if desired.

## Strong Silent Man

He is the STRONG SILENT MAN of Billiards, but if there is anything you would like to know to improve your game, he will show you, in the "Harpo" Marx manner. Who is this Man of Mystery? How well does he play? . . . Can it be Greenleaf? Perhaps it is Taberski! Come and see for yourself, pocket fans.

Morris and Murray Announce They Will Resign Posts; Willing to Help

## SEEK REORGANIZATION

Financial Demands of Stars Too Much to Meet; Given As Joint Reason

By "The Roamer"

Complete reorganization of the Newark baseball team will be the main topic under discussion at the open meeting scheduled to be held in the offices of THE NEWARK POST Friday night.

While no individual invitations have been extended, hopes are held that all officers, directors, players and any interested fans will attend the session, it was stated this week by President Huey Morris, who called the meeting.

## Resignations Expected

Tired of the trying job of continuously soliciting funds from backers and merchants in order that increasing demands on the part of selfishly inclined players could be met, Morris and his chief assistant last summer, Secretary-Treasurer John Murray, plan to resign their positions.

While deeply interested in baseball and particularly anxious to see Newark as an entry in the Bi-State League or accept membership in some other loop, both men are reluctant to again try to fill the exacting roles required of them last year.

## Will Lend Aid

Although anxious to drop their official duties, the two resigning leaders are willing to help the Jackets, or their successors, in every way possible.

It was with the idea of giving the team plenty of notice of their resignations so that replacements can be lined up prior to winter meetings of the larger leagues, that brought about the session tomorrow night.

As Morris stated this week, I announced at the end of the 1935 season that I would not serve the team again in an official capacity. The job requires too much time, no end of inconvenience and carries too much responsibility.

## Every Demand Met

Murray, who handled all funds, stated that every financial demand laid down by players last summer was met. We were endeavoring to win a pennant, he said, and we didn't argue over a few dollars one way or another.

A majority of the squad willingly played for the love of the game and took a "split" each week. On the other hand, however, some players laid down financial demands for their services that could only be met by outside monetary aid.

## Eastern Beagle Club

## Holds Field Trials

The first of several informal field trials planned for 1937 by the Eastern Beagle Club was held on New Year's Day at the duPont Estate near Newark. Some fifty hounds, divided in classes of 13 and 15 inch, participated and some very good dogs were included among the starters, according to Raymond Buckingham, secretary-treasurer of the club.

New officers for the year are: Richard W. Willis, president; Matthew J. Haley, vice-president; and Buckingham filling the important dual role. The next scheduled field trials are set for February 7.

# FLASHES

By BILL FLETCHER

**FOLLOWING A THREE WEEKS' hiatus in Delaware sports, Coach Lyl Clark's cage squad will resume hostilities Saturday night when a team of P. M. C. six-footers will attempt to outshoot the Blue Hens.**

Although keeping a step ahead of the defeat column with three wins registered against "BILL" FLETCHER, the Chickens have failed to wax impressive with their performance and the smooth, coordinating team in practice sessions goes Dr. Jekyll and Mr. Hyde on us when game time rolls around and displays a slamm-bang basketball act which is nothing akin to their rehearsals.

We're not belittling the Hens' show, and after all they have more than held their own on the schedule to date but there's plenty of rough edges to be smoothed over before the boys are performing satisfactorily and Coach Clark is contented.

**AFTER HOURS** of near-perfect clicking behind the scenes, the boys step before the footlights and put on a show far below the par set in their official passing and shooting.

Nevertheless, three victories aren't exactly bitter morsels to slide across the palate while the two defeats handed out by St. Joe's and Rutgers don't give us a case of indigestion. They're both plenty hot clubs.

Followers will be treated to a good brand of basketball when the Hens start hitting things as well in games as they do in the practice sessions but in the meantime, we'll let the three prospects shout for themselves.

Despite the objects standing in the path of the Blue Hen swimming team's march to a successful tank session, Coach Ed Bardo continues to grin when questioned as to prospects for a winning team.

**AND GENTLEMEN**, if you can grin with a mere nine candidates with which to work then you can laugh in the face of a Vesuvius eruption or when standing right smack in the middle of a burning Rome.

Two consistent point winners back from last year—and Coach Bardo can smile—such courage should be rewarded. In Captain "Sonny" Kenworthy and Benjie Swartz, the Blue Hens have the bravest stroke and the diving more in less sewed up in the bulk of the heels.

Kenworthy, who cracked Len Barkley's old frog-stroke mark last year in the initial meet against George Washington University, and proceeded to lack and pound the time down from 2:56.7 to 2:44.7, is slated to reap a tidy share of the points and the 194 mark is never safe.

"Fly through the air with the greatest of ease" Swartz is also expected to give the diving record set by Barry Wilson some difficult moments. "Bee Brunell" equalled the mark last year, and so the highly touted board banger should be cutting some fancy capers this season.

**HIGH SCHOOL FANS** are slated for a pleasing surprise when they witness the initial home appearance of the former Newark "Yellow Jackets" on Friday, January 15. We say former "Yellow Jackets" because the black uniforms with the jail-bird like stripes which has been the customary attire for the last few years, has been passed on to the youngsters and in their place come—guess what?—an all white uniform with black and yellow trimmings.

Personally, we dislike the handle, "Yellow Jackets" and would like to see a couple of ink blots at the guy who labeled them in such a manner. The new attire gives us all an opportunity to re-name the team, and we're open to suggestions.

We'll start with "White Flashes," but that's too much like a gasoline. What do you think?

**Pierce Takes Title in Delayed Billiards Test**

Downing Ernie Cornog, 50-18, last week, Don Pierce captured the winner's portion of the spoils in the long-drawn Newark Amateur Pocket Billiards Tournament which has been underway since the middle of last summer.

A consistent leader from the outset, Pierce was trailed by Cornog in second place and Barney (Hash House) Renshaw, who trailed in third position. There were 18 entries in the meet.

## New Castle County Loop Resumes Court Schedule

With the Ferris School Faculty trouncing Battery H, 40-25, on Monday night; Worth Steel taking a free-scoring contest from Delaware City Faculty, 52-45, on Tuesday; Newark Faculty listed to oppose Newport here tonight; and Middletown Faculty visiting Conrad on Friday, the New Castle County Basketball League swung into the 1937 portion of the current campaign this week.

The league standing is as follows:

## 25 YEARS AGO IN REVIEW

December 20, 1911

### Engagement Announced

Mrs. E. C. Jones has announced the engagement of her daughter, Miss Lelo, to Mr. Gustavus Smith, McClellandville.

### Accident on Chapel Street

A horse driven by Mrs. Joseph Brown of Milford Cross Roads became frightened at an automobile on Chapel street last Friday afternoon.

Mrs. Brown was accompanied by her two children and all three were thrown out when the vehicle struck an obstacle and upset.

Mrs. Brown sustained a fractured collar bone, but fortunately both children escaped with only a few bruises.

The public schools of Newark will open on Tuesday, January 2, after the week's holiday. Studies will be resumed at the college on Monday, January 8th.

### OBITUARY

#### Mrs. Isaac C. Haines

Mrs. Isaac C. Haines, of Christiana, died in Philadelphia, at 3 o'clock, Tuesday morning. The body will be brought to her former home and funeral services will be held on Friday afternoon, at 2 o'clock.

About a year ago Mrs. Haines fell and broke her hip, and on December 15 was sent to a Philadelphia hospital for treatment, but was unable to recover.

#### Hannah Paul Nuttall

Hannah Paul Nuttall, widow of Thomas H. Nuttall, aged 87 years, died in Wilmington on December 3. Funeral services were held on Tuesday afternoon, from her late residence. Interment in Mt. Salem cemetery. Mrs. John Chambers, Newark, is a daughter of the deceased.

John Wesley Worrall, a lifelong resident of Mill Creek hundred, died at the farm on which he was born last Tuesday, December 26.

Mr. Worrall was a G. A. R. man, about eight years ago being the department commander of the local post. At the outbreak of the Civil War he was living in Pennsylvania and enlisted in 1862 in a regiment of that state. He served for nine months, being in the battle of Antietam, Fredericksburg, and Chancellorsville.

Mr. Worrall has been in poor health for the past six or eight months, suffering from heart trouble. He visited the National G. A. R. Encampment in Rochester last summer, however. For the past two months he has grown steadily worse.

Funeral services will be held from his late residence near Ebenezer Church, on Friday, at 1 p. m. Interment in White Clay Creek cemetery. A wife, two daughters, Mrs. Orlando Straborn and Mrs. Harvey Davis, and one son, Isaac Worrall, of Elmira, N. Y., survive.

#### Mr. Wolfe To Marry

Theodore R. Wolfe, Delaware College man, class of 1901, secured a marriage license in Norristown, Pa., on Tuesday, to wed Miss Helen Wolf, daughter of Mr. and Mrs. Herman T. Wolf, of Bala, Pa. The date for the marriage has not been announced.

Miss Wolf has visited Mrs. T. R. Wolfe, of this town, and has many Newark friends. Mr. T. R. Wolfe has lately returned from Japan. His future home will be in Chicago.
