STELZER SETS DEADLINE FOR FARM PROGRAM

Saturday, June 12, Is Named
As Last Day For Filing
1937 Work Sheets

REQUIRED INFORMATION

County Organizations Start
Making Plans For Check
On Performances

Saturday, June 12, has been fixed as the last day on which work sheets for the 1937 Agricultural Conservation Program will be accepted by the county offices. This announcement was made by R. O. Stelzer, extension economist at the University of Delaware, who is in charge of the educational phases of the conservation program in Delaware, after he had received word of the deadline date from Washington.

The June 12 deadline applies to all seven states in the East Central Region, including Delaware, Maryland, and Virginia. Farmers who have not filed work sheets by June 12 will not be eligible to apply for payments under the 1937 program unless they have filed work sheets for the 1936 program, Stelzer pointed out. Those who filed work sheets for the 1936 program are not required to turn in work sheets this year to be eligible for payments under the 1937 program.

Information Necessary

Mr. Stelzer explained that the work sheets are used in preparing information that will help farmers plan their operations in such a way that they will be able to take part in the program this year. However, farmers who file work sheets are under no obligations to take part in the program, should they decide later that they do not desire to do so.

Two reasons make it necessary to set the closing date for work sheets on June 12, Stelzer said. First, information prepared from work sheets filed later than June 12 could not be furnished to farmers in time to be of use to them this year; and, second, the county organizations will have to start making plans for checking performance some time in June and all work sheets will have to be filed before such plans can be made.

Succeeding Newton L. Grubb of Grubb's Corner, Mr. Fader was named to the State Highway Commission by Governor McMullen on Tuesday. The appointment is effective as of May 2.

New Commissioner Is Widely
Known In State; Conducts
Own Business Here

Governor Richard C. McMullen on Tuesday made public announcement of the appointment of Andrew Franklin Fader, Newark, as a member of the State Highway Commission to succeed Newton L. Grubb of Grubb's Corner, Brandywine Hundred. The appointment, widely rumored before the Governor's announcement, is for eight years and was effective on May 2. Both Mr. Fader and Mr. Grubb are Democrats.

Other members of the commission are: Frank V. duPont, chairman; J. Henry Hazel, Dover; and Charles W. Cullen, Georgetown. Mr. duPont, a Republican, will serve until 1943; Mr. Hazel, another Republican, will serve until 1941; while Mr. Cullen, a Democrat, will complete his term in 1939. Thus the board stands two Democrats and two Republicans with Governor McMullen, an ex-officio member.

Came On Birthday

Born on May 25, 1886, in Newark, Mr. Fader received the appointment as a birthday present. He celebrated his 51st birthday on Tuesday. President of the Fader Motor Company and one of the oldest Ford dealers, in point of service, on the Atlantic coast, the new commissioner is a brother of Speaker John Raymond Fader.

A son of the late Mr. and Mrs. Gottlieb Fader, founders of the bakery bearing the family name, Mr. Fader worked his way through the Newark Public Schools and Delaware College. He graduated from the latter institution in 1906 with an electrical engineering degree. Following employment as an engineer at Riverside, N. J., for several years, he first entered the automobile business in Atlantic City.

Returning to Newark in 1910, he opened an electrical contracting business and founded his motor car agency a year later.

JONES IS LOW ON NEW SEWER

At a special meeting of the Council of Newark Monday night, the contract for the building of new storm sewers on Delaware Avenue and Haines Streets was awarded to Julian T. Jones, Wilmington, who bid \$8,523.10. Five bids were submitted for consideration.

Designed by Town Engineer George C. Price, the improvements are planned as a means of relieving flood conditions at the intersections of Delaware Ave. and Academy St.; Delaware Ave. and Haines St.; and Delaware Ave. and Chapel St., following heavy storms.

Open Ditch Completed

Approved at the March session of Council, an open ditch starting below Lovett Ave., on the unimproved section of Haines St., and running across the Maxwell property to a brook south of the Pennsylvania Railroad tracks, has already been completed. Relief labor, working under Price's direction, was used to dig the ditch which starts at a point 570 feet below Lovett Avenue.

The new sewer calls for a 24-inch pipe to run from Delaware Ave., on Haines St., to Lovett Ave., where it will empty into a 30-inch sewer connecting with the open ditch.

"Feeder" pipes will connect from Academy Street on the west and Chapel Street on the east.

Lesson for May 30

THE REMAKING OF JACOB

LESSON TEXT—Genesis 28:16-22, 32:34-35.

GOLDEN TEXT—And he not conformed to this world; but he was transformed by the renewing of your mind. Romans 12:2.

PRIMARY TOPIC—Jacob's Great Discovery.

JUNIOR TOPIC—What Changed Jacob.

INTERMEDIATE AND SENIOR TOPIC—Finding One's Better Self.

YOUNG PEOPLE AND ADULT TOPIC—Face in Face With God.

Front Page News! "Well-Known Crook Converted!" After years of deception, thievery, and all kinds of wickedness, Jacob, "the supplanter," had a transforming experience of the grace and power of God and became Israel—"a prince of God." That is indeed front-page news and the marvel of it all is that we may today proclaim the grace of God in Christ Jesus for the redemption of every one that believeth.

Memorial day is a most appropriate one for our lesson, for the first portion tells us of a memorial stone, and the last section tells of a great victory. We do well on this day to remember the days that are gone, to recall the heroic deeds of our valiant dead. It is right that we should honor them for victories rightly won and for a noble cause. But let us not fail to recognize that the great battles of life are those fought in the realm of the spirit and that the victories won there endure for all eternity. Every teacher of a class in the Bible school should with God's help endeavor to make this a day of blessed memory and victory in Christ for the boys and girls, or men and women of the class.

We consider today two experiences in the life of Jacob, both of which have their counterpart in the lives of many of God's children in our day.

I. A Vision and a Vow (Gen. 28:16-22).

Jacob met God. Have you met Him face to face? Have you had "such a revolutionary experience in some unexpected spot"? What a sacred place it has become in your life. Perhaps it was at mother's knee, or in a little crossroad church, or on a busy city street. God was there—you dealt with him—he blessed your soul—life was changed. Such may be the experience of each one of us. The place where Jacob had this experience had been known only as Luz. Now it became Bethel—"the house of God."

Spiritual experiences are not simply for our pleasure; they carry a real responsibility. Jacob recognized this and set up a memorial and made a vow. The depth of his purpose is revealed by the fact that it touched his earthly possessions.

The pledge of one-tenth to God is in accord with the Old Testament principle of the tithe. Many earnest believers regard the tithe as equally obligatory in our day. Others contend that it is an Old Testament principle only. Well, there is no need to differ too sharply on that point, for it is not clear that as children of God all that we have belongs to Him? Surely then we would not wish shamefacedly to admit that we give less than the Old Testament tithe. All that we have comes from His bountiful hand. He it is that gives "bread to eat and raiment to put on." Let us be cheerful (hilarious) givers of what he has entrusted to us, that his work on earth may be put forward.

II. A Struggle and a Victory (Gen. 32:24-30).

After varied experiences of both victory and defeat Jacob turns back to his own land. He hears of the approach of his brother Esau with 400 men. Before he meets him he spends a night alone. Whether it was in fear or in trust that he approached God on that night, we do not know. But we do read of the great struggle. It was more than a physical battle—real as that was—for here we have God wrestling with a weak and defeated, but proud man, seeking to bring him to the place where he will once for all "let go and let God" have his way with his life.

Into the night of struggle at Peniel have gone God's people in all the centuries, and lo, those who have submitted themselves to the mighty hand of God have come out as those that have "power with God and with men" (v. 28). Such an experience is the key to successful living and fruitful service for God. It is still true that "God resisteth the proud, but giveth grace unto the humble." (Jas. 4:6).

A Strong Arm

Give me the pure heart, O Lord, to feel Thy presence near me. Give me the clear mind that understands. Give me the stainless soul that shall return to Thee fearless when my time shall come. And give me the strong arm to defend, with all my heart, with all my mind, with all my soul, the glory of Thy kingdom.

Doing Right

Do right and God's recompense to you will be the power to do more right.

Mr. Reuben E. Stewart, president of the Delaware State Firemen's Association was a guest and addressed the men. Firestone TIRES

GIVE YOU GREATER PROTECTION AGAINST SKIDDING AND BLOWOUTS

YOU will know the minute you see this tire why car owners everywhere call it the greatest tire ever made to sell at these low prices. The deeper, wider, flatter non-skid tread made of tough, long wearing rubber will give you protection against dangerous skidding.

But tires cannot be judged on tread alone. Under the tread of Firestone Standard Tires are two extra layers of Gum-Dipped cords. This Firestone patented construction feature binds the tread and cord body into one inseparable unit. Every cotton fiber in every cord in every ply is saturated and coated with pure liquid rubber which counteracts the internal friction and heat that ordinarily destroy tire life. This Firestone patented process of Gum-Dipping

gives greater protection against blowouts and is used only in Firestone Tires.

Come in and join the Firestone Save A Life Campaign today by equipping your car with a set of new Firestone Gum-Dipped Tires.

DON'T RISK YOUR LIFE ON THIN WORN TIRES

Protect yourself and your family from the danger of driving on thin worn tires which may cause a serious accident.

DO YOU KNOW
THAT last year highway accidents cost the lives of more than 38,000 men, women and children?
THAT a million more were injured?
THAT more than 40,000 of these accidents were caused by skidding, punctures, blowouts and skidding due to unsafe tires?

Section of smooth worn tire which is more susceptible to punctures, blowouts and skidding.

Section of new Firestone Tire. Not protection against skid, deaths and injuries were caused directly by punctures, blowouts and skidding.

BUY NOW AND SAVE

YOU SAVE yourself and your family from dangerous accidents because Firestone patented construction features give you greatest blowout protection and safety from skidding.

YOU SAVE because Firestone Standard Tires give you low initial cost and lower cost per mile.

YOU SAVE by buying now as tire prices are advancing. The price of crude rubber has gone up 110% and cotton more than 25% during the past two years. BUY NOW AND SAVE.

My No Rub Super-Wax Won't Waterspot

OR COME OFF ON YOUR MOP

YOU might think that, because my No Rub Super-Wax is so easy and quick to put on, it would come off easily, too—but that's not the case. My No Rub Super-Wax is rated highest on the market in resistance to water and wear.

That means you can go over your floors regularly with a damp mop and pick up accumulated sticky dirt and traffic litter, without marring the handsome, lustrous wax finish in any way. Even accidental dropping of water will not cause the wax to spot.

You save money when you use my No Rub Super-Wax because it lasts longer and you don't have to wax as often—but when you're housecleaning and want to clean

off all the old wax, ordinary methods will easily remove it.

For 39 years I've been making a complete line of paints for every home purpose—each mixed from a special formula for a special use—to assure you a better and more durable result. My authorized dealer will be glad to give you free color cards and information on any of them. Visit him today and take advantage of his special money-saving offer on my No Rub Super-Wax in the handy pint size.

THE FORGOTTEN DEAD

Millions of Americans will pay tribute on Sunday—Memorial Day—by bowing in reverence before thousands of graves wherein lie the last remains of the Soldier Dead. It is a beautiful custom, this annual dedication of a special day for paying tribute to heroic sons. It is as it should be.

Memorial Day, however, like all other holidays, will result in added needless deaths. Worse than the toll taken by any war, deaths in automobile accidents mount yearly. Peaks are reached on week-end holidays such as the one approaching.

In remembering and honoring the Soldier Dead, a too often heedless public will do well to remember the millions of Forgotten Dead—the 35,000 souls snuffed out annually by reckless and speed-crazed automobile drivers.

In your journey to see friends, relatives, the visit to the seashore and other diversions over the week-end, use care in driving. You will be constantly reminded of the Soldier Dead on Sunday. Remind yourself, always, of the Forgotten Dead, the suicides and murdered victims of uncontrolled automobiles.

ANSWER TO "HOW MUCH" (A Smile Is Worth)

The following lines came to me on reading your short verse in last week's POST. My answer is the following.

"How Much A Smile Is Worth"
A smile is worth a lot of bliss,
It helps us on our way;
It brings us nearer to God's plan,
And helps us when we pray.

A smile is such a little thing,
But it helps to lift the load
Of sorrow, when we need the help,
To keep us close to God.

A smile will cheer us as we go
To help another's sorrow;
So let us pray to God to keep
Us smiling each tomorrow.

God help us when the end shall come
To be ready with a smile;
And when we get to Heaven,
We'll greet you after while.

SCREEN SNAPS

By "SNAPPER"

State Theatre News Friday and Saturday

In "Wake Up and Live," which plays this theatre these two days, with Walter Winchell, Ben Bernie and Alice Faye in the feature roles, Twentieth Century-Fox believes that

ALICE FAYE

it has the sweetest, hottest, most glorious musical ever to come from its studio. This film musical brings the famed Winchell-Bernie feud to the screen in an eye-filling production that lays strong claim to being the hotchpot of them all. "Wake Up and Live" offers not only the intriguing spectacle of the M. M. Winchell and Bernie feud, face-to-face, but also the singing and dancing of Alice Faye. The laugh-provoking antics of Patsy Kelly, Ned Sparks and Jack Haley; and nine smash song hits by those kings of songwriting Gordon and Revel, add much to the film. The background of the film tells of a small-town vaudeville performer, Jack Haley, who muffs his big radio opportunity when at an audition he gets "mike fright" and faints away. He is later known as the "Phantom Troubadour." You see the picture and then come tell me about it. And as the "Old Maestro" would say "Yow-sah! Ladies and Gents It's the mosta of the besta."

Monday and Tuesday

In that faithful and beautiful playing of "Romeo and Juliet," starring Norma Shearer and Leslie Howard, with which this town will be blessed on Monday and Tuesday there is much to reflect upon. There is the long jump in time from 1597 to 1937. There is the long jump in space from London to Hollywood. What a man this Shakespeare must have been to write a script that would prove as alive as ever after 400 years and that the crossing of an ocean and a continent could not defeat. Words are deathless, if beautiful enough it can be argued. Certainly the sheer poetry of the lines never ravished across footlights more incredibly than here spoken from the miraculous lips of a machine. Incredible is the word for this loyal service to a great poet by the most modern of arts.

Wednesday and Thursday

The dean's office of a large university is the scene of the crime in "Murder Goes to College," a sprightly mystery story with Lynne Overman and Roscoe Karns in the leading roles. The victim is a professor who found a way to control the policy racket by mathematics. Among the suspects are Larry Crabbe, head of the policy mob; Astrid Allwyn, the prof's wife; Marsha Hunt, his sister and several other profs who were in the dead man's debt. Both Overman and Karns have been regarded as among the funniest men in motion pictures for many years but have never appeared as a team before.

Don't forget the State Theatre amateur show June 9. Cash prizes will be given to both young and old. Sign up NOW at the theatre box-office. Good luck to all of you.

Each dentist held 11 clinics which were paid for in order to finish work on a few children. Both dentists offered to hold an extra clinic without charge. Work done is classified as follows: children in attendance at clinics, 48; visits, 110; extractions, 66; fillings, 181; cleanings, 19; x-rays, 2; and treatments, 8.

By action of the executive committee, money to the extent of \$200 from the May Mart fund and \$50 from the Red Cross, was set aside for the purpose of carrying on this dental work.

ROAMIN' WITH
RUTLEDGE

Heartening Words

Countless phrases of praise might be coined regarding the annual dinner given by the University of Delaware's Athletic Council at Old College Commons last Monday. It was that kind of an affair—pleasing throughout.

Taking a lesson from last year, when invited speakers, instead of continuing their remarks to topics with an athletic tone, took advantage of the situation to air personal political views, denounce the New Deal and push individual candidacies for public office, the committee in charge of the dinner this week presented only unannounced speakers, who limited their informal and impromptu remarks to the athletic situation at Delaware. The fact that the speeches were both brief and limited in number, came as a pleasant surprise.

Business Administrator Charles E. Grubb heartened adherents for a new gymnasium by speaking in glowing terms of the new field house which was placed in service this year at Swarthmore. While it is not in Mr. Grubb's power to replace the inadequate pile of bricks known as Taylor Gymnasium, the fact that a man of his position and reputation publicly acknowledges the need for improved athletic buildings and equipment, is heartening and should carry weight.

R-W-R

A Great Idea

To Dr. J. Fenton (Mike) Daugherty, president of the council, goes the credit for thumbing his nose at tradition in scheduling the dinner this year late enough so that participants in spring sports could be included, along with competitors in fall and winter athletics.

Heterotropy, members of the baseball, track, golf and tennis teams of current seasons were excluded from the affair due to the fact that it was held too early to determine letter men in those particular sports. Dr. Daugherty's idea of scheduling the dinner at a date late enough to embrace all athletes is a good one in every sense.

R-W-R

Deserving Award

Dyed-in-the-wool football followers—those strange people who think the whole sports world revolves around the popular fall pastime—were probably surprised, possibly a little shocked, when Tom Pennock was named the most outstanding athlete of 1936-37.

Tom, once a football player, dropped the sport in his sophomore year following an injury to his knee. He carried on, however, in soccer, basketball and track, and proved to be a star of the first order in each form of competition.

While somewhat of a forgotten man in basketball last season, after captaining the team in his junior year, it is our private opinion that without Pennock, the tallest man on a squad that lacked height, the quintet was noticeably weakened.

A prominent and popular figure around the Delaware campus, being active in almost every phase of college life, Pennock easily deserves all honors shown him as an athlete.

It is an odd coincidence that Delaware's most outstanding athletes of the last two years, John Carey and Pennock, might easily find places as leading men in the movies. Handsome men, but not softies, as it were.

R-W-R

They Pass Along

While the dinner on Monday was pleasant enough in every respect, we cannot down a tinge of regret over the passing of figures—good guys, every one—like Jack Hodgson, Jim Dillon, Charlie Schwartz, Pennock and many others. They come, and go. In going, they leave a void that is not easily filled.

And speaking of regrets, won't someone feel distressed over the fact that Eric Viden was not listed with the football lettermen? After the game he played at Chestertown last November, we felt certain that he would be placed in the front rank.

RAGGED START HAMPERS LOCAL
TOSSERS AS CHAMPS WIN, 8-3

Independent Diamond Kings of Delaware Roll Up Early Lead For Easy Win; Conway Hit Hard At Outset; Errors Hurt

By "The Roamer"

Off to a ragged start in the first and third innings last Sunday, the Yellowjackets finally settled down to playing an otherwise creditable ball game, but the damage had been done. Milford's 1936 independent champions of Delaware, minus some important personages, took an 8-to-3 verdict before some 200 faithful Newark followers at Continental Field.

Conway Hit Hard

Limiting the clouting visitors to three blows in the last five innings, Reggie Conway, who worked the full distance for the home horde, was hit hard in the opening four rounds. He was tagged for a total of 13 bingles, ten of which the Milford delegation collected while rolling up an 8-to-2 lead in four stanzas.

Conway deserved a better fate, at that. Bill Barrow and Ernie George, the former with two boots and the latter with a wild heave, erred at important moments in the third to aid Milford in chalking up four unearned runs.

Howard Killen was rapped for ten blows, walked seven and hit another, but the Jackets were hopless with men on the sacks. Fourteen possible runs were left stranded, as one or more Newarkers reached base in every session.

Roberts and Sheats Lead

Dick Roberts, in addition to catching a stellar game, shared hitting honors with Earl Sheats. The former had three bingles, while Sheats had a double and two singles. Johnny Johnson, visiting second sacker, also had a trio of one basers.

Jackie Myers and Barrow each drew three passes. The diminutive Keytoner also pulled the felding gem of the contest when he dashed toward the middle cushion to make a backhanded catch of Johnny Selby's liner, and then whirled around to nip big George Slater off first in the sixth. It was the only double play of the afternoon.

Graham Starts Trouble

Eddie Graham, who covered acres of territory in center field for the visitors, started the Jackets on the downward trail when he walked and raced to second on a passed ball in the initial frame. Snowberger's fly to Sheats sent Graham to third from whence he scored on Johnson's blow to center.

Slater singled to right and Selby promptly shoved two more runs home with a long drive to right center for three bases. Wright and Wilkinson fanned to end the uprising.

Myers gave Newark a run in the first when he walked, stole second, took third on Whiteman's dribbler to Selby and counted as Barrow flied to Graham.

Four In Third

Scoreless in the second frame, which West opened by strolling, Milford counted four unearned runs in the third. Barrow made a bad throw of Johnson's hopper and Slater singled to right. Selby and Wright fanned, but Wilkinson dumped a Texas Leaguer over Barrow's head, counting Johnson and sending Slater to second.

West singled to center scoring Slater and, with Wilkinson racing into third, George's wide throw bounced off the runner to the Newark bench for another run. West took second on the play.

Killen was safe as Barrow fumbled his slow bouncer. Graham singled to center sending West home with the fourth run of the inning.

Register Last Tally

Johnson opened Milford's fourth by rapping sharply to left center for a base. Slater flied to Myers, but Selby walked. Wright loaded the bases with a single to left. Wilkinson came through again with a puny roller that eluded Barrow for a single, counting Johnson.

After West had fanned for the second out, Selby attempted to steal home, but was erased on a neat play by Roberts.

Newark hung up a run in the fourth and showed a momentary

Beagles to Show
At Glasgow Farm
On Sunday, June 6

With the closing date for entries listed as May 29, final plans for the sixth annual dog show sponsored by the Eastern Beagle Club on June 6 were completed this week, Secretary R. V. Buckingham announced yesterday. This year's event will again be limited to beagles and will again be held at Coweview Farm, near Glasgow.

The Eastern club is the only organization of dog fanciers associated with the American Kennel Club, under whose sanction the forthcoming show will be held. Founded in 1915, the local organization has marked a steady growth until it ranks as one of the most important clubs in the country.

Awards Are Increased

Cash awards have been more than doubled, making the event the richest specialty show for beagles in the United States.

Horace F. Shearer, Pittsburgh, Pa., who judged the 1936 show, has again been invited to pass upon the entries. Mr. Shearer is regarded as one of the best authorities on beagles in the world.

Prominent among nearby kennels expected to exhibit are: Foxcatcher Farms, owned by Mrs. William duPont, Jr.; Mr. and Mrs. Alfred E. Bissell's Stockford Beagles; Ross S. Robinson's Grandview Beagles; Sankman Beagles, owned by Dr. and Mrs. Thomas B. Snyder, Phoenixville, Pa.; and Bohemia River Kennels, owned by John W. Scott, Earleville, Md.

Entries are also expected from Coatesville, Baltimore and Chester.

Named the most outstanding athlete during 1936-37 at the University of Delaware, Pennock completes his studies this year. A graduate of Wilmington Friends School, where he played football, basketball and baseball, Tom will enter Hahnemann Medical College, Philadelphia, in September.

An end on the football team at Delaware in his freshman and sophomore years, Pennock was forced to drop the sport due to a knee injury. He has earned varsity awards in basketball and track in four successive seasons, and as a member of the soccer team in 1935 and 1936.

Tom was basketball captain in his junior year and led the soccer team this season. He was also a captain in command of a battery in the university's R. O. T. C. unit.

2nd ANNUAL AFFAIR

By Ace Seeds

Plans for the second annual NEWARK POST tennis tournament, scheduled to start on Saturday, June 26, are now underway with an increased list of competitors over last year expected to take part.

C. Roy Donoho, University of Delaware star, and defending champion who holds one leg on the statuette trophy, is not expected to defend his title. There is a slight possibility that he will be on hand, however.

Starts June 26

The opening match of the tournament will get under way on June 26, in order that all summer school students who wish to play may be accommodated. Definite hours for the play-off matches will be arranged and the participants notified of the time. Failure to appear at the hour will mean the defaulting of the match by the tardy player. This practice will be strictly enforced this year in order to

Eighty-nine Letters Awarded To 69 Blue Hen Athletes At Traditional Dinner Monday; Lew Carey Gets Four Letters; Four Capture Three Awards

Another sports year ended at the University of Delaware on Monday night when the 1936-37 program was brought to a close at the traditional dinner given by the athletic council in Old College Commons. Dr. J. Fenton Daugherty, president of the council, officiated as toastmaster before 100 athletes, coaches, officials and guests.

Awards Are Made

Eighty-nine letters were awarded to 69 athletes as football, soccer, basketball, swimming, baseball, track, tennis, fencing, golf and rifle participants.

Tall Tom Pennock, soccer, basketball and track star of the last four campaigns, was honored as the most outstanding athlete of the year. Lew Carey, re-elected captain of the tennis team and captain-elect of basketball, again topped the letter men by winning varsity awards in football, basketball, baseball and tennis.

In addition to Pennock, other three-letter men for the year were: S. M. (Teedie) Wilson, football, basketball and golf; John Patrick (Nigger) Daly, football, basketball and baseball; and Bob Lippincott, soccer, swimming and golf.

Nine men won letters in two sports, including: Richard Raymond (Pinkie) Roberts, football and baseball; Bob Ramsey, football and track; Lewis (Rube) Hayman, football and basketball; Olaf Drozdov, football and track; Fenton Carey, football and track; Glyn Ware, football and track; Earl Sheats, basketball and baseball; Ferris Wharton, basketball and baseball; and Earl McCord, soccer and baseball.

Speeches Are Short

With no principal speaker listed on the program, pleasingly short and impromptu speeches were made by Mayor Frank Collins, Charles M. Grubb, business manager of the university; John DeLuca, representing the alumni association; and Gerald P. (Doc) Doherty, graduate manager of athletics and baseball coach. Rev. Andrew W. Mayer, pastor of St. Thomas' P. E. Church, gave the invocation.

Other prominent guests at the speakers' table were: Professor Carl J. Rees, Dean George E. Dutton, John Pearce Cann and Baker Taylor.

Captains elected immediately before the dinner were introduced by Dr. Daugherty. Roland Pusey (Boney) Jackson, Newark, was named to suc-

ceed Pinkie Roberts as baseball leader; Lew Carey will again lead the tennis team; Fenton Carey is the new track captain; and Bob Good will head the golfers.

Posthumous Honor

Included in the list of letters given football men was a posthumous insignia for the late T. Blair Ely, Jr., co-manager of the 1936 gridgers. Ely died several weeks ago following an operation at the St. Francis' Hospital, Wilmington.

Dual honors were awarded to Ramsey, outstanding track star, for his performance at the recent Mason-Dixon Conference meet in Baltimore. Ramsey captured the high jump and finished in a dead heat with Glyn Young, Washington College, in the 120-yard high hurdles to aid Delaware capture third place in the standings.

Other Blue and Gold athletes awarded at the dinner for their work in the Mason-Dixon classic were Tommy Hatcherson, 220-yard dash; Olaf Drozdov, shotput; Tom Pennock, javelin; Fenton Carey, 880-yard race; Glyn Ware, discus; and Bill Hamman, pole vault.

Letters were distributed to the following:

THE PROGRESS of the Newark Racquet Club is just as slow as the first couple of meetings indicated it would be. A total of 15 were present at two meetings held for the purpose of organizing the club, a small representation when one considers the fact that there are some 100 tennis players in the town. A small few, unable to attend the meetings, signified their intention of cooperating.

An estimated total of \$50 is needed to take care of initial expenses entailed by the organization's aim to supply various supplies, including tennis balls, rackets, and shoes.

Barrow walked and took second as Sheets handcuffed Johnson with a hot smash for a single. Jackson banged one between Wilkinsons and Snowberger to load the cushions. Roberts scored Barrow with a long fly to Wright. Daly ended the game with a liner to the same man who made a neat running catch.

The Jackets play at Milford next Sunday.

These men are willing to devote time and effort to the formation of a Newark Racquet Club, then why do those who will derive actual material benefits from the organization hold back and neglect to enlist their support, needed so badly, in the form of an entrance fee?

It was hoped that the annual NEWARK POST Tennis Tourney would be conducted by the club, but the slow progress of the organization has removed any possibility.

If you're interested, show it, and get this thing started by contacting Leo Sakaris, New McCully, "Doc" Roberts, Bob Hancock, or this corner, your club entrance fee.

All entries are subject to the approval of the tournament committee.

A membership committee, endeavoring to swell the ranks of the Newark Racquet Club, has made little progress in enlisting members for the organization. It is hoped that the tournament will arouse enough interest in the sport to speed up enlistment of members into the club. Plans formulated at the last meeting of the organization to purchase nets and other equipment for the summer season, have been postponed until funds can be secured through membership dues.

Anyone in possession of a net which will be available for the tournament, is requested to contact this paper. Please mail entry blanks now.

Jackson's Hold Lead As Loop Meets Difficulty

Jackson's Hardware remained atop of the Newark Twilight League by downing the Cardinals, 9-2, last Friday. Deaver was the winning hurler, while Hill worked for the Cards.

A special meeting of the circuit has been called for tonight at the Continental Diamond Fibre Company offices to iron out the question of a game between Jackson's and the National Fibre on Monday.

A game was played with National finishing on the long end of a 6-to-5 score, but claims are made by the Jackson side that a postponement had been requested by National thereby causing some of the losing team's players to be absent.

The Jackson's versus Continental game called for last night was postponed on account of rain.

Auto express service between Newark and Wilmington by Ott Widdoes is the latest proof that Newark is abreast of the times. Yesterday morning the new car made its appearance on the streets. It is a ton and a half truck, built by the Federal Motor Company of Detroit—an up-to-date car in every way.

Mr. Widdoes expects to make daily runs to Wilmington. The exact schedule has not yet been made.

With a car such as this and the man back of it, Newark can be assured of prompt and reliable service.

For strictly up-to-date auto service, Newark certainly leads the parade. And this latest car is not the last one in line either. Aside from express deliveries, we wager it will be in demand for straw rides during the coming season.

Headquarters and schedule will be made known in a few days.

THIS WEEK—150 YEARS AGO

The Story of the Constitutional Convention of 1787

BY RAYMOND PITCAIRN

FOR THE PEOPLE

One hundred and fifty years ago this summer a group of fifty-five Americans planned and wrote an historic document that stands as one of the high lights of human achievement.

It sounded a new note in government. It made government of the people, by the people, for the people practical and lasting. It became the inspiration and the model of democratic governments throughout the world.

It was the Constitution of the United States.

In this and succeeding articles will be told each week the story of how, on the same dates of 150 years ago, those fifty-five men wrought through a sweltering Philadelphia summer, to give the American ideal of freedom both reality and permanence.

The Convention that wrote our Constitution opened formally on May 25, 1787, at Philadelphia, in the historic structure already famous as the birthplace of the Declaration of Independence. Its purpose was to achieve a more practical form of union than was provided under the Articles of Confederation, which had proved so inadequate as to be called "a rope of sand."

To many contemporary observers that opening session seemed relatively unimportant. But later historians learned to acknowledge it as one of the most significant sessions of the entire summer. For on that date the Convention chose George Washington as its presiding officer. Although his voice was seldom heard thereafter in debate, into the final product of that Convention, the American Constitution, was woven much of the strength and grandeur of his character.

Realizing, but undaunted by, the difficulties ahead, Washington faced them with a soldier's simple faith and courage.

"Let us raise," he urged, "a standard to which the wise and honest can repair. The event is in the hand of God."

During those first days, too—on May 29—the Convention received two plans which contained many of the fundamental principles finally incorporated in the Constitution. They were significant proposals—for the people.

One was the "Virginia Plan," introduced by Edmund Randolph, Governor of that state, though largely developed by James Madison. An outstanding feature was its proposal of a National Legislature in which the people should be represented, rather than the separate states.

Its basic principle was probably best expressed by Madison when he wrote: "The genius of republican liberty seems to demand . . . that all power should be derived from the people."

It proposed too, a National Executive and a National Judiciary.

All these proposals were new and at variance with the Articles of Confederation under which the new nation had lived since the close of the Revolution.

The second plan came from another Southerner, youthful Charles Pinckney, of South Carolina. Similar in general principles to the Randolph Plan, it was more specific in detailed provisions.

It was, however, the famous Virginia Plan which formed the basis of the early debates. What was said in those debates and how from them developed the Constitution under which our nation has risen to greatness, will be told in succeeding articles.

Next Week: Unique in Government.
