### "Christmas Eve In Bethlehem" To Be Sermon Topic; Choir To Sing

The Newark Methodist Church will hold its annual candlelight service on Christmas Eve at 11 p. m. The subject of the message by the minister, Dr. A. J. Jackson, will be "Christmas Eve in Bethlehem" and will include a description of Christmas Eve as it is in Bethlehem today.

The senior choir under the direction of Mr. James Crone, director of music, will sing a Christmas anthem entitled "Let Carols Ring," by Charles Black. Mr. Crone will sing a tenor solo—"Cantique de Noel," Mrs. W. S. Martin will play for the Prelude—"Hark, the Herald Angels Sing," by Mendelssohn. Her Offertory will be a number of selected carols. Messrs. Robert Davis and Maurice Field will accompany the organ with their violins in the playing of the Christmas carols to be sung by the congregation. The service will conclude with a trumpet solo by Harlan Tweed, entitled—"Silent Night."

The services on Christmas Day will begin at 11 o'clock at which time the senior choir will sing—"For Unto Us a Child Is Born," by Handel, and Mr. Crone will sing a tenor solo—"Gloria in Excelsis," by Handel. Mrs. Martin's Prelude will be—"Overture from the Messiah" and for the Offertory she will play "The Pastoral Symphony." The subject of the minister's message will be—"The Christmas Assurance." The services on Christmas Day will conclude with a Vesper Service at 5 o'clock in the afternoon.

The public is cordially invited to attend these special services of the Christmas season.

## Public Donations Insure Success Of Actnamens Banquet

### 163 Members And Guests Attend Dinner Friday Night In Firehouse

Thanks to generous donations from the public, the table was anything but bare at the annual banquet of the Actnamens last Friday in the firehouse.

There had been some doubt for a while beforehand as to whether the firemen could feed themselves this year because their reserve funds in the treasury are earmarked for a new tank wagon, but Harold Grant, dinner chairman, said the public, including local industries, had responded handsomely to the company's distress call for gifts of cash and turkeys.

About 163 members and guests, including visiting firemen and Newark town officials, found the table sagging under a sumptuous turkey dinner, and they went away high in their praise of the firehouse cooks.

The members provided their own entertainment during the meal. Clyde Poole and Bill Taylor plunked away on their string instruments. Paris Walker toyed with the piano, and Orville Little wound things up with a few moving ditties on his squeeze box. No serious cases of indigestion were reported.

Rees Jarmon was in charge of the tables, and the floral decorations were provided by two local florists, Betty's and Kie's.

Mayor Ford H. McBerty headed the guest list, along with members of the Town Council.

Visiting firemen were: Ex-Chief Wil-

## 2 Auto Accidents Here On Saturday

### No Injuries Reported; One Car Badly Damaged

Crumpled fenders and battered headlights resulted when two cars collided Saturday morning on South College Avenue near Amstel.

Donald Scott, parked on the wrong side of South College, pulled his Chevrolet sedan out to turn in Amstel Avenue and veered directly in the path of a car driven by John Pollari, of Iron Hill. No one was injured, but the damages amounted to about \$50 for each vehicle.

The same morning a truck, operated by Charles Jackson, of Bridgeville, Del., rammed into a parked car owned by Lorraine Robinson, West Park Place. The truck was backing out of Townsend Road, when it smashed into the car, parked before Miss Robinson's home. The front end of the car was badly battered. The damages were estimated at about \$100.

## 15-Week Danita Strike Settled; Workers Return To Jobs Monday

### Union Accepts Existing Pay Rate; No Contract Will Be Signed Until After Election To Choose Bargaining Agency At Mill

Strikers at the Danita Hosiery plant here began returning to work Monday morning, following a settlement in the 15-week walkout.

Representatives of union and management met Saturday for the final negotiations, with the workers agreeing to return at the present wage rate. Mayor Ford H. McBerty was credited with a large share in bringing about the settlement. It was through his efforts, that a preliminary meeting was called last week between the union and management at the Philadelphia headquarters of the company. This session led to the final settlement Saturday.

About 30 strikers were effected, the residue of the more than 80 that staged the walkout early in September. Many of the original strikers had drifted back to work.

The union members returned to their jobs without a contract, and none will be signed until an election can be held among the workers to choose a bargaining agency. This was disclosed by Joseph Jaffe, attorney for Danita, Byron Weaver, president of the striking local, and Adolph Bennett, strike organizer, could not be reached for comment this week.

The arrangements for the election are being made through the National Labor Relations Board, according to Mr. Jaffe. The vote will offer the workers three choices: an open shop; their old union, Local 107, American Federation of Hosiery Workers; or the new union local formed by the non-strikers during the strike, Local 205, United Textile Workers.

In returning to work, the American Federation strikers agreed to withdraw their charges of unfair labor practices against the company. These were filed last April with the National Labor Relations Board, when the company sought a reduction in wages following the expiration of its contract with the union.

Until the election, the plant will operate as an open shop, and the wage scale will be the same as set by the company following the contract expiration. It was this scale, calling for a pay reduction, which was the major factor in bringing on the strike.

The lengthy walkout was marred by sporadic outbreaks of violence and vandalism. Several brawls between strikers and non-strikers occurred. On other occasions, the homes of non-strikers were splattered with paint and stones were thrown through windows. The property of strikers was also damaged by vandals.

About 40 cases, growing out of the strike, are currently scheduled to be heard in the county courts. Whether or not these will be waived in view of the settlement is not known at this time.

This week Danita officials complimented the Newark Police Force on its excellent work in handling the frequently tense situation. No violence was reported at any time on the picket line.

## Mrs. Essie Little Marks 92nd Birthday; Is Still Active In Club Circles

Mrs. Essie Little, one of the oldest residents of this section, celebrated her 92nd birthday Saturday and was honored at a family party at her home on Pleasant Hill-Corner Ketch Road.

Still active in neighborhood affairs, "Aunt Essie," who carries her years with much grace, received many gifts and was showered with almost 100 birthday greetings.

The party was arranged by her daughter, Mrs. Newton Brackin and her son, J. Clarence Little. Others present were: Mrs. J. Clarence Little, Newton Brackin and sons, Russell and James, Miss Stella Carpenter, Mr. and Mrs. Robert Gallagher.

## School Tax Refund Leaves Glasgow Man In Quandry

Paying taxes gets to be such a habit with W. Lewis Wilkins of Glasgow, that when he received a tax bill from the Newark School District back in 1943 he automatically sent in a payment. He continued to do so for six more years.

Then some conscientious soul at the County Tax Office began checking over returns one day and noticed that Mr. Wilkins did not live in the Newark district and was practically being mulcted every year for taxes he didn't owe.

Officials here were notified of the discrepancy and a refund of \$46.05 for the six years was sent to Mr. Wilkins. He was a little dazed by the whole thing and a little pleased, until he remembered he must owe school taxes somewhere. That's bothering him now.

Operator Of Jiffy Shoe Repair Stricken Suddenly

Louis J. Grello, who operated the Jiffy Shoe Repair here the past year, died Wednesday morning in St. Francis Hospital, Wilmington.

Mr. Grello, who was 22, was the son of Antonio and Domestica Grello, of North Rodney Street, Wilmington. He attended the public school in that city.

In addition to his parents, he is survived by three brothers, Dominick, Joseph and Angelo Grello; two sisters, Mrs. Edith Osowski and Nancy Grello and a nephew, Anthony Grello, all of Wilmington.

The funeral was held from his home Saturday morning with requiem mass following at St. Anthony's Church. Interment was in Cathedral Cemetery.

## Midnight Mass On Christmas Eve At St. John's Church

### Pastor To Be Celebrant At Solemn High Mass Of Nativity; Choir To Sing

At midnight, on Christmas Eve, a Solemn High Mass of the Nativity of Our Lord will be celebrated at St. John's Church. The celebrant of the mass will be the Rev. Leo W. O'Neil, superintendent of Catholic Schools and pastor of the church, assisted by two visiting priests.

The minor offices will be filled by the following, Harold Tully and Joseph Tierney, acolytes; William Doyle and John Talucci, thurifers; Richard Beldyk and John Mank, master and assistant-master of ceremonies, respectively.

Leonard's Mass in F will be rendered by the adult choir under the direction of Frank Rago. The soloists will be John Evans, Miss Catherine Manning and Robert Murphy. Mrs. Francis E. B. McCann will preside at the console of the organ.

Preceding the mass, the traditional Christmas carols will be sung by the choir.

Other masses which will be celebrated on Christmas Day will be held at 8:30, 10:30 and 11:30 a. m.

Confessions will be heard on Friday and Saturday evenings beginning at 7 o'clock and on Saturday afternoon at 4 o'clock.

## Plan Special Movie Series For Children

### Tickets Available For Films To Be Shown At State

Tickets for the series of five movies, especially selected by the Newark Parent-Teacher Association for exhibition to local children, will be on sale at the Christmas program tonight at the Newark schools.

The first film, "The Sea Hawk," will be shown Jan. 7, at 10 a. m. at the State Theatre and the remainder will follow on alternate Saturdays. Others scheduled are: "National Velvet," "My Brother Talks To Horses," "Huckleberry Finn," "Two Thoroughbreds," "Stablemates."

As announced some weeks ago, the project is aimed at improving the type of movies shown children here.

In selecting the series, the P. T. A. secured a list of suitable movies and gave the pupils at the local schools an opportunity to vote for their favorites. Herman Handloff, manager of the State Theatre, is cooperating in the project, and has arranged to secure the films.

## Broken Gas Main Catches Fire On Capitol Trail Sat.

Three fire alarms were sounded here the past week the first coming Wednesday night when a stove caught fire at the residence of Professor D. Hamburg, Orchard Road Apartments.

The firemen found mostly smoke when they arrived, and the damage was slight.

Friday night during the banquet, a call, as you might know, came. It proved to be a defective heater at 420 South College Avenue. There was no damage.

Saturday morning a gas main was broken on Capitol Trail, where the new highway is under construction. The escaping gas caught fire and the Aetnamens were summoned to prevent its spreading. Although the volunteers managed to contain the blaze, their efforts to extinguish it were futile. They stood by, however, until repair crews from the gas company arrived.

## Painting By Local Artist, Now On Display At Betty's, Depicts Battlefront Xmas

### Reminds of the somber Christmas seasons of the war years is an oil painting by a local artist now on display at Betty's Flower Shop.

The painting, entitled "Christmas Reaches the Front Lines," is by Mrs. Grace Beatty, of Lumbrook and was done from a photograph of an actual front line scene in Germany, 1944. The photograph is also on view at the shop.

The picture shows two battle-torn G. I.'s trimming a live Christmas tree near a battered church in the recently captured town of Ederen. One of the soldiers, who is kneeling by the tree, is the nephew of the artist. He is Robert Engelman, then a private with the Field Artillery. The other soldier, standing to hang a decoration, was killed in action a short time after original photograph was taken. He was Pvt. Robert E. Frick of Philadelphia, Pa.

According to Mr. Engelman, the church and the tree were all that was left.

## Presbyterian Youth To Hold Candlelight Service On Xmas Eve

### Manger Scene To Be Enacted At 11 P. M. Service; Soloists To Sing With Chorus

The pre-Christmas celebrations at the Newark Presbyterian Church will be climaxed by a Christmas Eve Candlelight service, at 11 p. m., planned and conducted by the Young People's group of the Sabbath School, assisted by the Special Day's Committee.

The invocation will be followed by the processional with the chorus and the congregation singing "Hark the Herald Angels Sing."

A solo, "The Holy City," by Robert Jones will follow the first prophecy and will in turn be followed by the reciting of the Magnificat by Miss Dora Gibb. Between other passages of appropriate scripture, the chorus will sing "O Little Town of Bethlehem."

"How Brightly Beams the Morning Star" will be rendered by a girls' sextette from the chorus.

Following a solo by Miss Sophie McVey, the manger scene will be enacted, introduced by the "March of the Magi" and the entering of the Wise Men. During the adoration, "Silent Night" will be played on the chimes and followed by the chorus singing "As With Gladness Men of Old."

## Vesper Service To Be Held Christmas Eve At St. Thomas'

### Nativity Tableau And Music By Choirs To Mark Afternoon Service

A new feature in the celebration of Christmas at St. Thomas' Church will be a Vesper Service at 4:30 p. m. this Saturday.

The new service has been planned especially so that families with young children may enjoy the Christmas festival together in church. Both Senior and Junior Choirs will be in the procession and will lead the congregation in singing the well-known hymns of the season.

The Senior Choir will also present a selection of five carols: "What Child Is This?" "In the Bleak Mid-Winter," "God Rest You Merry Gentlemen," "A Great and Mighty Wonder," "Now Yield We Thanks."

The Junior Choir will sing as an Offertory Anthem "If Ye Would Hear" from the Oxford Book of Carols. After the offertory, members of the Church School will present a tableau of the Nativity. The service will begin with the reading of the story in St. Luke's Gospel. The church will be decorated with Christmas greens and lighted with candles. The program has been planned and directed by Mrs. Emmett Kauffman, Mrs. Arthur J. Johnson, and Mr. J. Robert King.

On Sunday, Christmas Day, there will be two services of the Holy Communion at 8 and 11 a. m. The Junior Choir will sing at the 11 o'clock service as has been the custom for the past four years.

## Iron Hill School Sold To Glasgow Man By Newark District

### Earl Leasure's Bid Of \$1,660 Is High For One-Room School Building

The one-room Pleasant Valley School building was sold last Friday to Earl Leasure, of Glasgow, for his high bid of \$1,660.

The building, offered for sale by the Newark Board of Education, has been closed since the school was merged with this district last summer. The sale was concluded at the December meeting of the Board, when sealed bids were opened. Other offers ranged from \$950.

Other business at the meeting included a financial report, which listed receipt of \$9,819.45 in school taxes the past month.

The board members also heard facts on the progress of the Adult Education Program, currently being sponsored by the schools here. The active enrollment in the five night classes totals 97, the board was told.

The drivers' training course, with 25 students, is the largest. The breakdown for the others is as follows: clothing, 21; typing, 16; shop, 16; English for Displaced Persons, 9.

A financial report on the recent high school football season showed a total ticket sales of \$4,813.91. The final figures on over-all expenses are not available yet.

Frederick B. Kutz, high school principal, and Henry Brader, elementary supervisor, reported on their respective fields.

## NHS Plans Gifts For Bacon Health Center

### Each Of 253 Patients To Be Remembered By Local Pupils

Every one of the 253 patients at the Gov. Bacon Health Center in Delaware City will receive a personal gift on Christmas from the students of the Newark High School.

Each homeroom at the school has adopted a group of patients and is preparing gifts for them, which will be presented at a special assembly in the high school auditorium tomorrow morning.

Walter L. Kabis, superintendent of the center, will accept the gifts on behalf of the patients. Later, he will distribute them among the 157 children and 102 adults who are inmates at the center.

The gift giving is but part of a program by the high school students to make Christmas a little brighter for the patients at the center. Last Sunday, the drama group presented the play, "Why the Chimes Rang" to an enrapt audience of crippled children and other unfortunates there.

Both the play and gift giving were carried out under the direction of Miss Ann Stauter, a member of the faculty, who undertook the work at the suggestion of several townspeople.

## Legion Units Will Remember Disabled Vets On Christmas

### Fifth Christmas Of Peace Finds Thousands Still Suffering From War

The fifth Christmas of peace will find thousands of Americans still suffering from results of the war according to Mrs. Robert J. Davis, president of the local unit of the American Legion Auxiliary, who predicted today that the Auxiliary's Christmas activities for war veterans and their families will be larger this year than ever before.

"The number of disabled veterans has increased steadily since the war, as injuries, illness and exposure of war service have made their effects felt," said Mrs. Davis. "Many veterans who have become disabled after discharge from war service have been unable to prove service connection for their disabilities and receive no compensation. A majority of these veterans have wives and children who must share the hardships with the disabled men."

"During the past year more than 400,000 veterans required hospital treatment. Last Christmas, aid from the Auxiliary reached 156,203 veterans and the number is expected to be even larger this year. The Auxiliary's expenditures for aid to veterans reached a total of more than two and one-half million dollars during the administration year recently ended."

"Children of veterans aided by the Legion and Auxiliary in their joint activities during the past year numbered more than 700,000 with expenditures for child welfare exceeding three and one-half million dollars. This extensive aid has been necessary during a period of general prosperity and high level of employment. Since veterans who have disabilities or little seniority in their jobs would be among the first to suffer from a business recession, a large increase in assistance to veterans' families would be necessary in event of an economic slump."

"The Auxiliary joined with the Legion in urging increased compensation for disabled veterans, widows and orphans, which was granted by Congress and becomes effective this month. We felt that this modest increase was necessary to meet the increase in cost of living which has taken place since the compensation rates were fixed. We hope that this will help make it a happier Christmas for many of those still suffering from the results of war."

Bright red paint can be put to many useful purposes around the house, as an aid to the safety and convenience of the family. Containers of poisonous materials such as lye preparations for cleaning drains may be easily distinguished by their red coat. The pall of sand kept on hand for fire control will be easier to find if painted red—as will the outdoor faucets to which a host must be connected in a hurry.

## 1950 Promises Good Living Conditions For Farmers of State

### Slight Drop In Income Foreseen By Specialist

Although 1950 may bring somewhat lower income to farm families, progress in providing better living conditions on farms can be continued, says Miss Louise Whitcomb, extension home management specialist at the University of Delaware.

For several years Delaware farm people have been improving their homes and maintaining a high level of living comfort. Well-stocked homes and accumulated savings will help them in continuing to live comfortably, for family spending patterns once established are not easily changed.

According to Miss Whitcomb, the most likely places for cuts in spending next year will be sums used for gifts and contributions, recreation, house furnishings and equipment. These parts of the family budget are elastic, taking an up or down trend without too much effect on family living. On the other hand, demand for food and clothing will probably remain about the same unless drastic cuts are necessary.

Food supplies are predicted as excellent in 1950. Turkeys will be abundant for Thanksgiving and Christmas—also frozen orange juice for breakfast, more plentiful meat supplies, dairy products, and more ham and eggs for Easter. Food prices are dropping slightly, but food will continue to take the largest sum from the family living budget.

Clothing supplies are good and prices declining, retail prices being down about 7 per cent from last year's high. Supplies of most home furnishings are adequate at present and should remain so in coming months. Families are now

## LITTLE THINGS about the STARS RADIO \* TELEVISION \* HOLLYWOOD

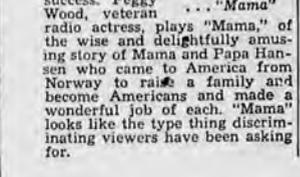

NEW YORK, N. Y.—Radio reporter Lowell Thomas is another of the worldly men who doesn't care for the bustle of Manhattan. Back from India and Tibet, where he tape recorded interviews with numerous dignitaries, he is seen little about town, except to visit an opera or a ball game. Thomas is a fellow who has mastered his business, wrapped it up and taken it home. His home in Pawling, N. Y., is equipped with news wires and a radio studio. A number of his broadcasts, evenings, CBS, come from there. The reporter, 58, who replaced Floyd Gibbons in 1930, soon will be celebrating his 20th year on the air—a record that may never be equalled in his field.

### SOMETHING FOR TV

Television isn't all vaudeville, sports and brash comedians. It is coming of age fast. One of this season's examples: "Mama," a warm, human drama Friday nights on the CBS TV network. This one, with a top flight sponsor and production budget, is based on the novel "Mama's Bank Account," which inspired "I Remember Mama," Broadway stage and later movie success. Peggy Wood, veteran radio actress, plays "Mama," of the wise and delightfully amusing story of Mama and Papa Hansen who came to America from Norway to raise a family and become Americans and made a wonderful job of each. "Mama" looks like the type thing discriminating viewers have been asking for.

NEW STARS ON "STARS" For the new season, "The Family Hour of Stars" (Sunday evenings, CBS)—in its second year of dramatic format—has hired a bright, new cast. Sharing starring roles on the program will be Dana Andrews, Ronald Coleman, Irene Dunne and Loretta Young. Coleman and Miss Young being recent Academy Award winners. Other guests also will be brought in for appropriate roles from time to time. A point of interest about this program is its script policy. The show uses "big name" scripts only when its veteran producer-director (Murray Boland) feels pretty sure they can be rightly adapted to radio. Otherwise original stories by leading radio writers are ordered for the show.

Irene Dunne ... one of four

### ALL CASH PAY-OFF

"Break the Bank," the popular quiz show with the all-cash pay-off, has moved over to a new time and bigger network. It is now heard — and seen — Wednesday nights via NBC. The regular radio show is at 7:30 (EST); the TV program — an entirely different one, incidentally — follows an hour later. Pioneer of the cash give-away era, "Break the Bank" has begun its fourth season, its second as both an AM and TV feature. Last year the average winner on "Break the Bank" received \$349 in cash, while one totaled away \$9020.00. Super-charged Bert Parks, a network veteran of 14 years at 34, continues as the show's emcee.

Bert Parks ... the man to see

able to purchase many household items at lower prices than last year. The Housing Act of 1949 may stimulate work on a large number of farm houses that still need improvement. Construction costs in general have declined in recent months. Most reductions have occurred in prices of building material, especially lumber. Average labor costs have declined somewhat, due to elimination of delays caused by shortages of material, and a better available supply of skilled workers.

Miss Whitcomb believes that Delaware farm families will undoubtedly continue their medical protection and savings into 1950, since during the prosperous years they have found these to give big returns in feelings of security.

Delaware home demonstration clubs now total 70, with an enrollment of 2,223 women, reports State Home Demonstration Leader Gertrude Holloway.

**Doctor Urges Caution On New Cold Cures**

A Philadelphia doctor said recently he saw dangerous possibilities in certain widely-advertised "stop that cold" treatments.

"The current effort by certain drug houses in full-page advertisements to get laymen to 'stop that cold' with antihistamines has disquieting possibilities," Dr. Richard Kern told the convention of the Association of Military Surgeons of the United States.

The Temple University expert on allergic diseases told a reporter he was referring to advertisements of "several" preparations containing some one of a group of drugs known as "antihistamines." He declined to name

the drug houses or the specific products.

Declaring that such preparations were available without prescriptions, he said they contained drugs which were not only incapable of stopping a cold but could produce drowsiness in a "fair percentage" of people even when used according to directions.

**Leaflet Tells Quick, Easy Ways For Marking Xmas**

A new leaflet, "Quick Easy Ideas for Celebrating Christmas," has been published by the Delaware Agricultural Extension Service, announces Miss M. Katharine Jones, home demonstration agent.

The leaflet presents suggestions for gifts, decorations and refreshments that are fun to prepare. Many of them make use of materials on hand.

Among the decoration ideas included in the leaflet is a list of the trees, vines, and shrubs native to Delaware that make attractive Christmas greens. Decorations for table centerpiece and the mantel are described. Several recipes for Christmas candy and cookies are given.

Copies of the leaflet, Extension Folder No. 16, are available from New Castle County Extension Office, New Castle, Del.

# DRAMATIC NEW BEAUTY...

# WITH AN ALL IMPORTANT

# DIFFERENCE

*Soon you'll see brilliant new styling keyed to your comfort, safety, and convenience in the 1950 Plymouth, Dodge, De Soto, and Chrysler Cars.*

BY K. T. KELLER  
PRESIDENT, CHRYSLER CORPORATION

THERE HAS BEEN a good deal of fun poked at automobile designers in recent years. It is said that these talented and hard-working men have become so interested in the vague possibilities of mere "form" that they have forgotten the dimensions of the average garage and the anatomy of the average human body.

Here at Chrysler we learned long ago that unless a car is convenient, efficient, safe, and comfortable—it is not a really good motor car.

SOON, you will see four new Chrysler-built cars—the 1950 Plymouth, Dodge, De Soto and Chrysler. I think you will like them better than any other cars you have ever driven. They are great cars because they are deliberately designed with you in mind.

You want a beautiful car inside and out—the kind of

beauty that is graceful and inviting. You will see this kind of new beauty in the crisp, clean lines of our new cars—in the interior trim and appointments. They further advance the distinctive style already established by Chrysler . . . style that matches "form" to function, that reflects efficient transportation and all-around excellence.

YOU want above all to be safe on the road. Our new cars have a combination of safe-driving features that allow you to see clearly, to drive or stop with ease, to maneuver freely, even in close quarters. You can enjoy the relaxation that in itself is such an important element in safe driving.

Then, you want to be comfortable . . . even getting in and out. You want enough headroom . . . even with your

hat on—enough leg-room and enough elbow-room. You want to be able to sit naturally and not have to adjust yourself. And especially, you want to enjoy your car.

You want your car to serve you at a minimum cost per mile. Here, too, Chrysler's advanced engineering means so much. Each unit in our cars is designed to be dependable and efficient—and to play its part in lowering your operating and maintenance costs.

WE invite you to see them and try them when your Plymouth, Dodge, De Soto and Chrysler dealers put them on display in the near future. For 25 years we have worked and competed always to make cars that excel . . . and these new cars are the greatest values we have ever offered. Because nothing you want in comfort, safety or performance has been sacrificed for styling, their new beauty is functional and honest, and very exciting.

*You get the good things first from Chrysler Corporation*

## For the New Taste In Brownies

Semi-Sweet Chocolate gives fudgy chewiness to your old love "Brownies"

From the Test Kitchen of that famous chocolate manufacturer, who gave you TOLL HOUSE COOKIES, QUICK FUDGE and CONGO SQUARES, comes a Semi-Sweet adaptation of the old, loved Brownie recipe. The use of Semi-Sweet Chocolate instead of the old fashioned cooking chocolate adds an intriguingly different fudginess to these old time favorites. Since Semi-Sweet Brownies retain their moisture longer than the old time Brownies, they keep better—provided, that is, you hide them away from the eager hands and mouths of your family! Try the easy recipe herewith and learn "How to do them up Brownie."

### Queries On Social Security Answered

Address all Queries to Social Security Administration, Customs House, 6th & King Sts., Wilmington, Delaware.

Q. I have been working under social security for the past five years. I have just taken a position which is not covered by Social Security. Is there any way that I can continue payments into the Social Security Fund until I become fully insured?

A. No. Under the present law there is no provision for voluntary contributions to the Social Security Fund. However, if in the future you return to a job covered by social security, the wages you then earn will be credited to your same account and will continue to build up your record toward a fully insured status.

Q. I am 65 years of age and still employed. I understand that I am entitled by reason of my age to an additional withholding tax exemption. Is this true?

A. This is not a social security matter but rather a matter that is handled by the Collector of Internal Revenue. If there is any question as to the number of withholding tax exemptions that you are entitled to, ask your employer to communicate with the Collector of Internal Revenue.

Q. What types of jobs are covered by social security? Does the number of employees and employer has make any difference?

A. Any employer of one or more employees engaged in the usual type of commercial or industrial business is "covered" jobs, regardless of the number of employees in the employer's establishment, are jobs in factories, mills, mines, offices, stores, banks, garages, hotels, restaurants, beauty parlors and the like. Those not "covered" by the act are, in general, jobs in agriculture, domestic service in private homes, government service and work in religious, charitable and certain other non-profit organizations. The self-employed also are not "covered."

Q. My husband and I have worked for an employer for the past three years but no "social security" was taken out of our pay. What shall I do?

A. It is possible that the work you are doing is not covered by the Social Security law. If you have any doubt as to whether your employment is covered, request your employer to secure a ruling from the Collector of Internal Revenue. If this is not feasible, consult your nearest social security office for further advice.

### Smooth Running Home Depends On Housewife

A smooth running household where the family can relax and enjoy living together is one of the most important contributions of the homemaker to a better home, says M. Katharine Jones, home demonstration agent.

The homemaker is the power behind the throne who can encourage the family to play its spending for happiness and improvements toward better living. As evidence of her good management, Miss Jones says, the family is willing to cooperate in sharing responsibilities as well as pleasures.

The way the homemaker manages her time, money and resources is the difference between a household that operates smoothly and one marked by disorder and confusion. In the efficient household one is not conscious of the mechanics behind the scenes which create order and give a feeling of rest-

### CROP Food Reaches Orphans Overseas

These three orphans are part of a group of 41,000 children being fed in a sector of Western Germany with food contributed by America's farm people through the Christian Rural Overseas Program (CROP).

CROP is now shipping food to orphans, widows, the aged, and many others in great need, as fast as farm commodities are collected in America. A total of 35 states, including this one, are conducting campaigns to fill Friendship Food trains. Over 100,000 persons have volunteered their services to canvass for food from farm to farm.

A national goal of 3500 carloads of food has been set by CROP's sponsors: Catholic Rural Life, Church World Service (22 denominations), and Lutheran World Relief.

fulness and cheerfulness. The homemaker has time to enjoy and live with her family because she has planned wise use of her time.

The good homemaker uses every resource at her disposal and makes income secure as far as possible for the good of the entire family.

Good home management has a worthwhile contribution to help promote better living. A worthwhile slogan might be, "Better your home, better your living."

### Women Graduate Students Form New U. of D. Group

A new organization of women graduate students at the University of Delaware, which includes the wives of male graduate students, has been founded with Mrs. Arthur E. Geers as president.

Other officers named by the group, which had the assistance of the University Women's Club in its organization efforts, were: Mrs. Melvin Huber, vice-president; Mrs. George A. Brown, secretary; Miss Martha Walker, treasurer.

Mrs. Geers appointed Mrs. Robert L. Lamberson and Mrs. Richard D. Rice as co-chairmen of a program committee to assist the officers in arranging a January meeting.

Sponsors of the group from the University Women's Club were: Mrs. Jack A. Gerster, chairman; Mrs. Raymond W. Helm, Mrs. Robert L. Pigford, Mrs. John A. Munroe, and Mrs. Carl J. Rees. They were aided by Mrs. Geers, Miss Walker, Mrs. Richard Lindsey, Mrs. Carl Weil and Miss Gertrude Harris.

An adequate breakfast includes fruit, whole grain or enriched cereal, glass of milk, an egg, and a slice of whole wheat or enriched bread with butter or fortified margarine, suggests the Delaware State Nutrition Committee.

# YELLOWJACKET HIGHLIGHTS

A Column of News Contributed By the Journalism Class At Newark High School

### Importance of New Year's Resolutions

The Sophomore English classes at Newark High recently have been writing paragraphs pertaining to the Christmas and New Year's spirit.

"The Real Spirit of Christmas" was written by June Carriero of homeroom 10A. "The Importance of New Year's Resolutions" was also written by a 10A student, Stuart Carswell.

The importance of New Year's Resolutions by Stuart Carswell "A New Year's Resolution serves one purpose—to give one another chance to correct his faults and mistakes discovered during the past year.

Many resolutions, however, are not followed through because they are so foolish that it would be impossible to keep them. Some are, on the other hand, worth keeping and actually help in a person's daily life.

Often resolutions are required to make your living happy in your community. Then too—there are always the resolutions which can be made and left at anytime of the year."

The Real Spirit of Christmas, by June Carriero—"The Spirit of Christmas is something in your heart. It makes you want to dance, sing, hug your classmates and love your teachers. It makes you wish you could give toys, hot meals, and comfortable homes to all the poor of the world.

It's enjoying the simple, homey things like an open fireplace with a glowing fire and cooking all the good things for the Christmas dinner. It's the joy of singing carols with your friends, trimming the tree, kissing under the mistletoe.

It's that tightening of your heart-strings as you gaze at the brilliantly lighted tree and thinking of the Christ Child lying in a manger."

### S. A. Dance Group at Assembly Nov. 23

An assembly of entertainment from Newark High School and other nearby schools was presented in the Newark school auditorium on Wednesday morning, Nov. 23, and later at the Elkton High School auditorium.

The assembly consisted of a South American Dance group directed by Jair dos Santos in which six members performed solos. The Samba, a colorful Spanish dance, was performed by Virginia Thornton and Sylvia Field while the Tango, a slow rhythmic dance was done by James Powers, Theresa Duffy, William Reybold, and Joan Brown. After the dance number drum selections were offered by James Lewis, Joe Clancy, Alta Warrington, Ernest Lloyd, Rose Martin and Bob Markler. Following this, two piano solos were played by Patricia Rose. They were: "Grillen," by Schumann and the "Waltz in C Sharp Minor," by Chopin. Another piano solo was offered by Richard Hardy called "The Wedding of a Painted Doll." From Elkton High School a vocal selection was sung by Pat Richards; Joseph Gosopic performed on the accordion. A dancing team consisting of Donald and Pat Watson from Perryville High School offered a waltz. The last performers, Ielena Lockard and Mary Lou Ewing, a tumbling team from North East High School, displayed some of the intricate routines on the tumbling mats. Sue Jane Field was the announcer for the program.

### Senior Goes To Chicago With 4-H

William Redding went to Chicago to help plan a program for the 4-H clubs. He left Friday, November 25, to attend the "National Club Congress." This trip was sponsored by General Motors, Detroit, Michigan.

Bill Redding, as his friends call him, left for Chicago for a week-end of fun and work. He was to help plan the program of the 4-H for the coming year. He stayed at Stevens Hotel and toured the town seeing many famous stars including Jimmy Dorsey and Gene Autry. The theme of this meeting was "Farm Safety Through the 4-H." Bill says "I had a very nice time."

Vic Richards.

### Name Cards

The annual scramble of seniors to exchange name cards is on. Name cards, for the benefit of those not in school, are better known as calling cards. The seniors of '50 received theirs on December 13.

These cards are exchanged as remembrances between seniors and as souvenirs for underclassmen. The students in other grades ask the seniors for the cards as souvenirs of the classes above them. The seniors also use the cards in their commencement announcements instead of writing their names or having them printed on the announcements.

Bill Everhart.

### Mr. Gibbs Aids Evaluation at Lewes

During the days of December 5, 6 and 7, Mr. Gibbs was one of eleven members of an evaluation committee working at the Lewes High School. The committee consisted of teachers from Maryland, Pennsylvania, and Delaware.

James Wollaston  
Andy Murphy.

The annual meeting of the Kenmore Athletic Association will be held in the Kenmore High School on Wednesday evening, December 28th, at 8 p. m.

All members are requested to attend this meeting as discussions on various activities sponsored by the association will be held. Directors will be elected for the coming year and other matters of importance will be discussed and acted upon. Come out and help make this a big meeting.

The Hens jumped to a 16-7 lead in the first period, lost two points in the second quarter to finish the half with a 26-19 advantage.

They widened the margin considerably in the third stanza to lead 40-29 going into the hectic finale. In addition to DeGasperis, Delaware lost two other stalwarts, Jim Kruszinski and Bill Utt, through personal faults at this point.

The Sho'men's final drive was paced by Don McHugh who with an opportunity to tie the score missed a foul try.

Second to DeGasperis in the Hen offensive was Utt, who turned in nine counters and Kruszinski who provided eight. Scoring honors for the game, however, went to Harry Scallion of the visitors with 20.

Delaware outscored Washington from the field by a 17-16 margin but trailed from the penalty stripe, 15-14.

Delaware's wrestling team split even in two matches held before the court tilt. The Hen varsity matmen bowed to Haverford College's varsity, 22-6, but the Delaware frosh topped Haverford's jayvees (25-13).

## NHS Courtmen Top Elkton In Scrimmage

### Show Marked Superiority In Unofficial Contest

Newark's Yellowjacket courtmen got a taste of action recently when they took on Elkton High School in a scrimmage.

Although no official score was kept the count was overwhelmingly in favor of Newark.

Coach Ray Ciesinski is rounding his varsity into shape for the season's opener with A. I. duPont on the local floor.

Five more home games follow in rapid succession. The Jackets will meet P. S. duPont on Jan. 6, Claymont on Jan. 10, Brown on Jan. 13, Conrad on Jan. 17 and Archmere on Jan. 20.

Their first contest on a foreign floor will be with Salesianum on Jan. 24.

## Ice Follies Open At Arena In Phila.

### Circus Routine Added To Production This Year

The aroma of the tan-bark and the crack of the ringmaster's whip, all on ice skates, has been added to the Ice Follies of 1950 now at the Philadelphia Arena.

The circus atmosphere is established in the sequence, "Circus Day," when six clowns come tumbling down the aisles through the audience, giving away circus peanuts. Then, at center ice, the Green and Gold Troupe presents some acrobatic feats on skates. The acrobats are headed by James McAnany, former Upper Darby High School student now in his second year with Ice Follies.

Following that, 32 Ice Follies perform a precision skating routine in which three foot in diameter bouncing rubber balls are used. Mae Ross climaxes the number as tight-wire diva, even to walking a wire for her entrance.

The entire number, costumed in green and gold from beginning to end, was designed not only for adults, but for their children as well. It is but one of the dozen big production numbers with Ice Follies of 1950.

Evening performances will be held at 8:30. Special matinees are scheduled for Wednesday, Dec. 28, Monday, January 2, and all Saturdays the show is in town. Matinees start at 2:30.

## 2 ON NHS FACULTY AT PARLEY

Two faculty members at the Newark High School took part in the recent American Vocational Association Conference at Atlantic City.

The two were Frank Mercer, vocational agriculture instructor, and Miss Doris Dean, home economics. Both headed several discussion groups at the conference.

## Newark Five Swamps Delaware City, 61-41, In Susky Loop Tilt

### Local Team Shows Improved Form In Second Contest Of Season; To Meet Cecil Legion Team Tonight At Elkton Armory

In their second Susquehanna League game this year, the Newark team trounced Delaware City, last season's loop champions by a 61-41 score, last Thursday at the Elkton Armory.

Building up a first period lead of 13 points the local team displayed a fine brand of ball and was never headed, Jimmy McNeal, who played a floor game, shared scoring honors with Dick Evans. Each turned in 12 points.

Every man on the Newark team except one broke into the scoring column indicating excellent team play. Newark outscored Delaware City 25 to 18 in field goals and also led at the charity stripe, 11 to 9.

## U. of D. Sets \$150,000 As Drive Goal For Grid Stadium Here

### Dr. Carlson Asks Alumni To Cooperate In Making Campaign Successful

The goal of the forthcoming campaign to raise funds for an athletic stadium at the University of Delaware will be \$150,000, it is disclosed in announcements mailed recently to the university's alumni.

President William S. Carlson has written a personal appeal to the alumni asking their "cooperation to make this campaign successful."

"I know that you have a job ahead of you, and that you will work hard so that you may enjoy a football game here at the university" in the coming seasons, Dr. Carlson's letter states.

The letter informs the 6,000 alumni and alumnae that (1) the Board of Trustees has approved the stadium building project; (2) Edgar P. Reese, '29, now is at work as full-time director of the campaign; (3) contributions will be sought from the general public and friends of the university, as well as from the alumni; (4) the stadium is to seat about 12,000 persons; (5) it will be located about a quarter-mile south of the Pennsylvania Railroad on the Newark-Glasgow Road, with a large, hard-surface parking lot.

The campaign is expected to be launched by mid-winter according to Mr. Reese.

Marthale Ness, Correspondent

A few months ago, J. A. Kalb, of Altoona, Pa., retired, and came here to live on the farm home his son, George Kalb, had purchased three years ago. Mr. and Mrs. Kalb Sr., had planned on living the "simple life" in full measure, as they gradually added the finishing touches to the home of Mr. Kalb and his son had built

largely by their own efforts. But just ask the Kalbs, Sr., about that "simple life," now. Soon after moving, Mrs. Kalb fell down the basement stairs, and miraculously escaped with "only" a broken arm and various contusions. The arm proved very stubborn in healing, and is not yet fully usable.

Last Sunday night, about 6 o'clock, came the payoff. Mr. and Mrs. Kalb, Sr., and Mrs. George Kalb plus Kurt and Karen Kalb, were returning from business in Wilmington, and the bad fog became a regular "pea-souper" as they rolled Pennsylvania-ward. When North Star School was reached, visibility was practically nil, and the car ploughed on across Brackenville Road. Janet Kalb tried desperately to make the corner, which had seemed to leap up out of the fog, and as a result, the car went head-on into an embankment, narrowly missing a culvert on one side, and a telegraph pole on the other. Kurt was scratched up about the face, Karen had a sprained ankle. Mr. Kalb is currently sporting a beautiful shiner, plus bad cuts and bruises about the face. Mrs. Kalb, Sr., was propelled from the back into the front seat, and struck the front of the car so forcibly that it netted her some very nasty cuts, two blackened eyes, and the arm so recently broken was bruised in the process. She also suffered some degree of shock. Mrs. George Kalb is the heaviest loser, having sustained a fractured right forearm, and a broken nose, plus bruises and muscular strains.

The car is going to need some repairing, as one might imagine. But a few helping hands will not be amiss in that household with three small children and no good right arms on the distaff side for some weeks to come. London-Britain Township wonders proudly if any other township cares to contest the wonderful turnout in the recent election? Out of a little over

200 possible voters, one hundred and ninety some voters turned out. Of those who didn't turn out, one is a bedridden invalid, now in Wilmington, and three were far away in foreign lands.

The program which took place December 20, at the Landenberg Methodist Church and the movie, "The Glorious Star" were well worth seeing.

I wish I had a nickel for every time someone has remarked, "Aren't the children at Northbank enjoying that play equipment!" It all shows how much we can do for the youngsters if we pull together.

Southbank School is having a party, at which the children will exchange gifts, this Thursday. These children will be eligible for the annual party at Coatesville.

Northbank School has scheduled a program for the Christmas party to which the mothers are invited, and will contribute refreshments this Thursday at 11 a. m. The children have drawn names, and will exchange gifts.

This community extends congratulations to all the students who have made Honor Roll at their respective high schools. Both Lois Lied and Barbara Beth Ness repeated their previous achievements by making First Honor Roll again, this second marking period at the Newark High School. Mildred Gouge and Charles Wallace made Honor Roll at Kennett School.

Dec. 21 marked the occasion of a most enjoyable Christmas party, held at Corner Ketch in Redmen's Hall by Union Grange No. 1.

Mrs. Louis Losee was called to Baltimore by the illness of her father, a week ago Monday. The whole Losee family drove down Saturday, Dec. 17, again, and returned Sunday. They plan to spend Christmas with Mrs. Losee's father, and her sister's family,

in Baltimore. In the "wee sma' hours o' th' mornin'," there came a thunderous knocking at the door of the L. V. Smith home. Now, if you had been accosted by escaped convicts, when peacefully pursuing your hobby in your workshop, as was Lawrie Smith very recently, would you feel very enthusiastic about answering that hammering on the door? No, nor would I. But our hero, nothing daunted, climbed out of bed and answered the summons. 'Twas only some distressed motorists, fortunately.

### Quiz Contest Marks Rotary Xmas Party

#### Club Members And Wives Get Together For Turkey Dinner

The Newark Rotary Club held its annual Christmas party at the Chinese Restaurant Monday evening, with the festivities in charge of Hugh Gibb. Following a turkey dinner the Rotarians, their wives and guests played a musical quiz game. Mrs. Evelyn Martin played about sixteen bars of various popular and classical numbers and the contestants were required to write down the title, composer and production from which the piece was taken. Mrs. Samuel Handloff proved to be our musical wizard and was awarded a harmonica.

William "Shack" Martin led the caroling, with Mrs. Martin assisting at the piano. Following this gifts were distributed and each recipient was required to unwrap and display same.

The meeting room was tastefully decorated with natural greenery by the committee consisting of Jack and Alvin Handloff, William Martin, Arno Loessner, Howard Ferguson and Rodney Dann.

There will be no meeting until January 9, 1950.

### School Groups To See Webster Drama

#### Orders Should Be Placed Now For Jan. 9 Production

Delaware schools intending to send student groups to the matinee performance of Shakespeare's "Julius Caesar," to be staged by the Margaret Webster Players at Mitchell Hall, University of Delaware, on January 9, were urged today by Dr. C. Robert Kase, director of dramatics at the university, to forward their block orders this week.

Dr. Kase said that mail orders, addressed to the business manager, E-52 Players, University of Delaware, would be received at the business office all this week, and he pointed out that the early orders will have the best seats under the reserved-seat plan in effect.

There also will be an evening performance by the Webster Players, Dr. Kase said. This will be "The Taming of the Shrew," and he explained that the matinee of "Caesar" had been added to the regular evening engagement in order to accommodate the school groups at the professional Shakespeare performance.

In addition to mail orders, tickets are available this week and next for block or individual orders, through the Newark Department Store. The Mitchell Hall box-office will reopen Jan. 3, and will be open in the week immediately prior to the performances, on the following schedule: from 3:30 to 5 p. m., and 7 to 8 p. m., daily.

### Social Security Tax Jump Set For Jan. 1

#### Half Per Cent Hike In Tax On Wages Planned

The rise in social security taxes from 1 to 1 1/2 per cent on workers' wages goes into effect January 1, 1950 regardless of Congressional action on the bill amending the present Social Security Law, it was stated recently by Joseph B. O'Connor, Regional Director of the Federal Security Agency.

Mr. O'Connor's explanation was made as a result of numerous inquiries which have been made by both workers and employers regarding the effective date of the tax rise.

"The scheduled increase," he said, "results from Congressional action in 1947 when the original rate of 1 per cent was continued until 1949, and then permitted to rise to 1 1/2 per cent. In the original Social Security Act, passed in 1935, this tax was to begin at 1 per cent in 1937 and go up 1/2 per cent every 3 years to a ceiling of 3 per cent in 1949. However, Congress for a number of years subsequently froze the tax at 1 per cent."

Mr. O'Connor also pointed out that for the present the new tax applies to wages and salaries up to a total of \$3,000 a year from one or more employers.

"The proposed amendments to the existing law increase the taxable wage base to \$3,000, but they are still in the legislative stage. The amendments were passed by the House, and are now awaiting action in the Senate."

Mr. O'Connor emphasized that responsibility for the collection of Social Security Taxes and employers' wage reports connected with them was the responsibility of the Bureau of Internal Revenue, and he suggested that detailed information should be obtained from the Bureau's local collectors.

### Reserves May Apply For Annapolis Entry

To be eligible for appointment a Reservist must have served 14 days on active or training duty between July 1 of the year preceding appointment and the following April.

Free copies of the circular are available from county extension offices in Newark, Dover and Georgetown, and also from the Agricultural Extension Service, Newark.

### Farm Animal Ills Costly; Precautions Will Raise Profits

#### Few Simple Steps Will Serve As Cushion Against Falling Stock Prices

As a protection against falling livestock prices, farmers can take a few simple steps now on their own farms, that will help protect their profits for 1950, says the Delaware Agricultural Extension Service.

According to the American Foundation for Animal Health, the multi-million dollar toll extracted by animal diseases and parasites far exceeds what farmers are likely to lose due to market declines.

Pointing out a few examples, the Foundation said: "Recent estimates indicate that poultry diseases alone cost the nation's farmers and poultrymen about \$100,000,000 a year.

"Brucellosis in cattle is responsible for losses of another \$100,000,000 annually, while the cost of brucellosis in swine and goats accounts for many millions more.

"The annual loss from grubs and shipping bruises alone has been set at \$150,000,000 by livestock health authorities.

"With stakes rising this high, it is more apparent now than ever before that farmers are taking far greater losses from diseases and parasites than they are likely to take from market declines."

To cut down disease losses in the coming year the Foundation stressed: 1—better farm sanitation; 2—early examination of all animals by a veterinarian; 3—proper vaccination of susceptible animals when vaccination is required; 4—more prompt reporting of disease outbreaks; 5—increased "disease awareness" by livestock owners.

#### Dead Line On G. I.

#### Mrs. Little Is 92

(Continued From Page 1)

of her family, being the youngest of 13 children of the late Thomas and Lydia Beeson Moore. Born at the old Moore homestead at Pleasant Hill, she lived there until her marriage to James Little, when she moved to a nearby farm.

Since the death of her husband seven years ago, she has lived alone. "Aunt Essie," as she is called by both relatives and friends, enjoys good health and continues to attend the Ebenezer Methodist Church, where she is the oldest member. For years she taught a Sunday School class for girls and served as treasurer of the Mite Society, now the Mite Circle, for 39 years. She is also a faithful member of the Three-In-One Homemakers' Club, attending regularly when the weather permits.

Two birthday cakes were sent her, one from the Mite Circle and the other from her neighbors, the Gallaghers.

liam J. Lutz, Wilmington; Sheriff Lester Cleaver; Harry Farrow, Fraternal Order of Firemen, Wilmington; Mitchell Bolden and Ernest Foster, Elkton; Henry Eastburn, Christiana; Francis Neide, Olle Eastburn, Stewart Marough and Fred Rosar, Hockessin; Charles Honey, Brandywine Hundred; George W. Duncan, of Talleyville.

Under Mr. Grant on the dinner committee were: Clem Valiant, Bert Jones, Charles Moore, Bill Doyle, John Cunningham, George Teague, George Neighbors, Ernest Reed, Earl Crow, Bill Frazer and Jack Tweed.

#### Curtis Luncheon

(Continued From Page 1)

The facts on Delaware's paper industry were outlined by Howard Mendenhall, representative of the Brandywine Valley Association and chairman of the Delaware Forest Industries Information Committee. Others who spoke briefly at the luncheon were: Sen. Frear, Rep. Boggs and Clayton Hoff, executive vice-president of the Brandywine Valley Association.

During the tour, the visitors saw an exhibit in the firm's office of some of the publications that use the Curtis paper produced in Newark. Among these was a limited edition of Gen. Eisenhower's "Crusade in Europe" and a number of other rare editions.

During the tour, the visitors saw how paper is made, a graphic picture of paper-making from the time rags are received from garment factories until the final processing, after which paper is cut to size, crated and shipped to publishers.

In his talk at the luncheon on Delaware's paper industry, Mr. Mendenhall reported that five paper mills and one paperboard mill rank the state fifteenth in the nation as a paper producer.

The visitors were told that the mills in Delaware produce more than 50,000 tons a year in paper and paperboard and that in 1947 the value of sales rose to about \$11,000,000.

Linking forest conservation with Delaware, Mr. Mendenhall explained:

"Without forests to provide a continuous supply of woodpulp, both paper and rayon industries would soon be their doom. What would this mean to Delaware? In the loss of the paper industry, for instance, Delaware would lose its eighth largest employer—a payroll of more than one and a half million dollars; also a source of several and state taxes of almost a million dollars a year."

While it is true, Mr. Mendenhall pointed out, that Delaware's paper industry is a secondary forestry industry—it is not a primary forest industry—any forest disaster or reforestation agreement with Canada can affect the price paid for woodpulp. Delaware's paper mills which have an investment of over nine million dollars.

However, Mr. Mendenhall did draw attention to the viewpoint that, finally, Delaware is among the timber-producing sections in the country.

He then outlined a seven-point program that could be undertaken to advance toward improving the land and the forest income, and the threat of possible federal reforestation governing the use of timberlands.

The program follows:

1. Initiate an aggressive and economic forestry educational campaign.

2. Activate forestry programs in schools and camps, and promote teaching of farm forestry in the veterans' training programs and in the University of Delaware.

3. Encourage service clubs, granges, garden clubs and other groups to start community forest parks.

4. Start a "Delaware Tree Farm" movement to give public recognition to woodland owners who are managing their woodlands.

5. Discourage forest fires by adopting a "Keep Delaware Green" program.

6. Encourage more tree plantings by starting a "More Trees For Delaware" campaign.

7. Establish a central timber marketing agency to publish marketing reports and to act as a clearing house on buying and selling wood products.
