## 20 years for Women's Expo

PHOTOS BY MARK CORRIGAN

Two decades ago, the New Castle County Chamber of Commerce and women business owners offered the very first Women's Business Expo in an effort to bring women business owners and professional women together for fellowship, education, networking and more.

The event has grown steadily each year and 2010 marks the 20th annual "WXPO."

The Women's Business Expo was held Tuesday, November 16 at the University of Delaware's Clayton Hall, marking the third year UD has hosted the event. This year's Business Women's Expo featured keynote speaker Jennifer Groover, inventor of the Butler Bag, described as the world's best selling compartmentalized hand bag. Local business owner Carla Vicario received the chamber's Entrepreneurial Woman of the Year award. Vicario has owned Ben-Dom Printing, near Newark, since 1995.

Shown in these photos are Vicaro, left, Groover and the Expo exhibit area.

## Holiday fund drive under way

Val's Needy Family Fund and other programs of the Newark Area Welfare Committee are launching their annual holiday fund drive.

Further information on the drive and ways you can help will be published by the Newark Post in coming weeks.

The Needy Family Fund, was started by Newark-area resident Val Nardo, 91, who ran the charity on his own for nearly 40 years. He is now affiliated with the Newark Area Welfare Committee to ensure that his work continues.

The fund, while best known for its holiday baskets for needy families, operates year-around and supplies a food cupboard for those in need.

The work of the Welfare Committee and the Needy Family Fund includes:

- Emergency Assistance fore more than 890 people (458 adults and 434 children) who otherwise would have been without shelter or would have been forced to live in were not unlit or unheated homes or denied other critical needs. Payments of over \$69,000 were made directly to the service provider.

- Food Cupboard - A week's supply of food was provided to 259 families in crisis (comprising 443 children and 372 adults).

Nardo

- Shoe Program - We provided \$5,407 to purchase shoes for needy school children.

- Christmas Program - Boxes of food and turkeys were distributed to 430 families providing food for over 1449 adults and children during the holiday season.

Supporters of the Newark Area Welfare Committee include Newark area residents, businesses, churches, social and service clubs augmented by funding from the City of Newark, New Castle County, the State of Delaware, the Christmas Shop Foundation, The Newark Charitable and Social Club, and the Wilmington Flower Market.

The committee is comprised entirely of volunteers and all funds go to those in need.

**2010 holiday ornament now available**

The 2010 annual holiday ornament produced by the

Newark Historical Society is now on sale. This new ornament, the twenty-first in the series, features the Newark Trust Company at 87 East Main Street. Local businessman Samuel Wright founded the bank in 1905 as the Newark Trust and Safe Deposit Company. It was first located at the back of the Opera House facing Academy Street until it moved to the 87 East Main Street location.

The bank remained locally owned until it merged with the Farmers Bank of the State of Delaware. After that bank merged with Girard Trust the business moved to a new building at Center and Main Streets. 87 East Main Street then housed a series of businesses until it was purchased by the University

of Delaware. The building was razed this summer as part of the University's bookstore project.

The beige ornament with blue imprint is priced at \$6.50. It may be purchased at Minster's Jewelers in the Newark Shopping Center and at the Newark History Museum located in the historic 1877 train station on South College Avenue beside the bridge on the town side of the tracks. The museum is open Sundays from 1 to 4 now through November 28 and by appointment made by calling 368-9845.

**The Christmas Trees Are Coming!**

Christmas trees from their lot on Rte. 4 across from Chestnut Hill Plaza. This year is no exception. The first shipment of Douglas Firs and Fraziers will arrive on November 27 from Pine Valley Christmas Tree Farm, located in Elkton, MD. They will be fresh cut the week they are delivered and are ready for sale. With the help of Sigma Kappa Sorority from the University of Delaware, the second delivery will be unloaded on December 1. The lot is open from noon until 9 p.m., Mon.-Fri.; and from 9 a.m.-9 p.m. on Saturday and Sunday. All profits from the tree sale go back to helping the community.

**"Comic Potential"**

The Chapel Street Players will perform "Comic Potential" by Alan Ayckbourn at The Chapel Street Playhouse, 27 N. Chapel Street, Newark DE 19711. Show times are November 19, 20, 26, 27, December 3 & 4 at 8 pm. November 28 and December 4 at 2 pm.

"Comic Potential" is the story of an ambitious, young writer who falls in love with a robotic actress. While the setting may be futuristic, the universal emotions of infatuation, heartbreak and love hold true no matter what decade human beings inhabit. The show examines the effects that art can have on bringing people together and the ways that love can some-

times overcome any obstacle, including fiber-optic circuitry. Buster Keaton, spit

takes, sleazy hotels and televised soap operas all combine to create a future world that is still very much like our own.

Price: \$5 for Students, \$10 for Seniors and \$15 for adults. Please call 302-368-2248 or by visiting [www.chapelstreetplayers.org](http://www.chapelstreetplayers.org). Directed by Joseph Pukatsch ("Talk Radio", "The Dirty Old Man").

# UD, St. Mark's football and a huge game with Villanova

By JON BUZBY

JONBUZBY@HOTMAIL.COM

St. Mark's completed its perfect regular season with a 28-14 win over Salesianum Friday night in the 41st game between the rival schools. With the win, the Spartans earned the top seed and a first-round bye in the DIAA Division I Football Tournament and will host the lowest remaining seed, Nov. 26 at 7:30 at Baynard Stadium.

"I'm really happy for our seniors," coach John Wilson said. "They've worked extremely hard this year, and they've been terrific leaders on and off the field."

## Now to UD

In a game that would prove to be the one that would catapult the Blue Hens to the top spot in the country in both polls, Delaware defeated the University of Massachusetts, 45-27, Saturday in Amherst.

Top-ranked Delaware (9-1, 6-1 CAA) hosts Villanova (6-4, 4-3) on Saturday at 12 p.m.

My Player of the Game: Senior quarterback Pat Devlin, who was named CAA Offensive Player of the Week for the second time, completed 16 of 22 passes for 240 yards and four touchdowns.

Injury updates: Coach K.C. Keeler said in his weekly press conference that Andrew Pierce (knee) and David Hayes (ankle)

could have both gone back in the game and will play against Villanova.

## Keeler's quips from his weekly presser:

On the UMass game: "Outstanding win on the road. ... Very gratifying."

On Pat Devlin's performance: "When Pat is playing like Pat can, and he has most of the season, we can score some points. ... I have the best quarterback in the country."

On special teams: "Horrible kickoff coverage. ... We'll get some starters back in there on special teams."

On the multiple personal fouls: "I'll take the blame for one of them. But we're form

tackling in the end zone and get a blow to the head call. We tackle a guy five yards in bounds and they call us for a late hit out of bounds. I was upset after the game with our players but then

I saw the films and was more upset with the officials, and it's something I plan to address with the supervisor of officials."

On how this team continues to move forward with no glaring

roadblocks: "It's the great leadership. We've worked hard trying to keep the kids fresh. That's been my number one thing. ...

## ATHLETE SPOTLIGHT

### T.J. DeMatteis

### St. Mark's High School

Sports: soccer (goalkeeper), football (kicker/punter)

Hometown: Newark

Other school activities: varsity basketball and baseball

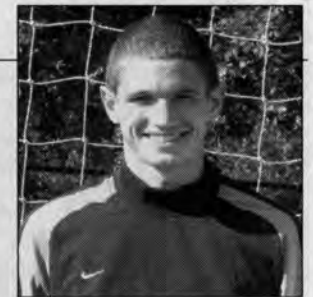

Next year's plans: To attend college and major in construction management.

First fell in love with soccer and football: "I became interested in soccer as a little kid going to

watch my dad's teams play. I wanted to try football in high school as long as it could work out that I could play both."

Thoughts on the seasons: "It has been a great experience. Both groups are great guys and always supportive. With both teams reaching their state tournaments it has been very exciting."

Football coach John Wilson says: "T.J. DeMatteis has been a pleasure to coach. It's been fun watching him mature as a football player. Not only do I have every bit of confidence in him to kick a field goal, but he has a lot of confidence in himself. He's worked

very hard to improve his leg strength, and kicking field goals in the state tournament last year (against Concord and A.I. du Pont) has provided him with much needed experience going into this year. He is a terrific young man in the classroom and the community, and we are very happy that he represents our football team."

# Villanova could get into playoffs with win

## ► SPORTS, from 3

Our kids have a lot of confidence. Whoever we face better be a complete team because we're a pretty good team ourselves."

On Villanova: "Huge one this weekend. Villanova is probably almost every bit as good as they were last year. The difference is they're turning the ball over. We'll get Villanova's best game, plus the addition of them having Matt Sczcur back. ...

This is a team that should have beat Temple at the beginning of the season, and without the turnovers versus Rhode Island and New Hampshire, they'd be sitting here with one [CAA] loss and we'd be playing for the conference championship with the winner to be the number one team in the country."

On senior wide receiver Matt Sczcur (pronounced "Caesar"), who has missed all but four games with a high ankle sprain but is expected to play Saturday: "He's one of

those special, special, special players. He is the toughness of the team, the leader of the team. The whole team plays to his level. Him being back will raise everyone's level of play."

On trying to win the CAA title outright (for the first time since 1995) this Saturday: "It's the best conference in America. ... If we can win this thing outright it's a big deal. The kids all know."

On using the opportunity to win the title outright to motivate his team: "I've learned our

strong point is not using extra motivation. We play our best when we worry just about us being the best Delaware team we can be and go 1-0 today."

On Villanova's playoff hopes: "There's no doubt they have to win to get in, and if they do win, at 7-4 with a win against the number one team in

the country, they'll get in."

Pairings for the 20-team NCAA FCS Tournament will be announced Sunday at 10 a.m. on ESPNU.

## Udairy ice cream coming to the Bob

The UDairy Creamery has announced that it will sell ice cream at all University of Delaware women's and men's home basketball games this season.

Hoops and Scoops kicked off off Friday, Nov. 12, when the Blue Hens took on the University of Maryland Baltimore County at 7 p.m. at the Bob Carpenter Center.

The Delaware women's basketball team will play 14 games at the Bob Carpenter Center this season. The UD men will have 12 home games this year, including their home opener versus Howard University on Friday, Nov. 19, at 8 p.m.

"Fan response at our few

appearances during the 2009-2010 season was tremendous," says Katy O'Connell, communications manager for the College of Agriculture and Natural Resources. "We are excited to have the Creamery back at the Bob."

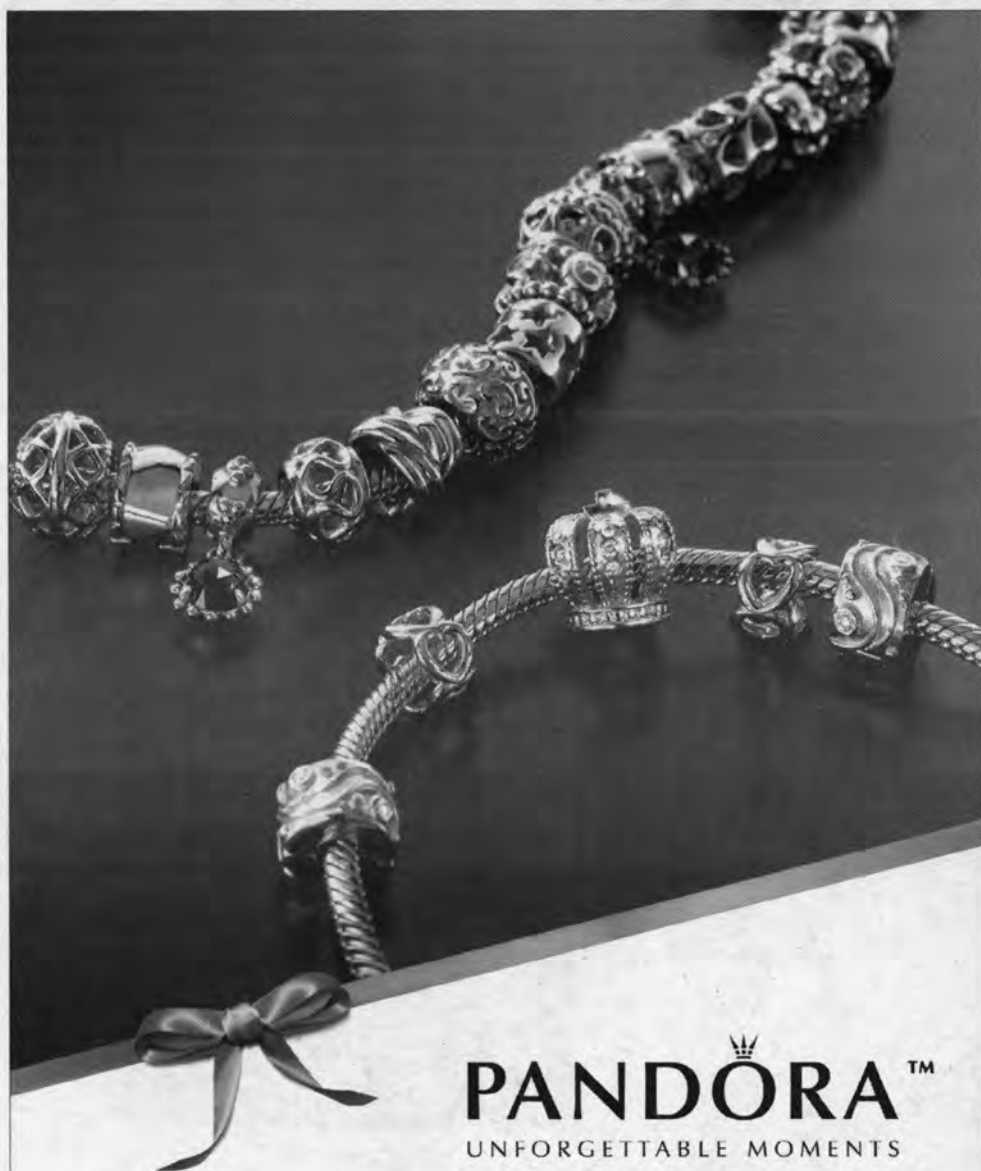

Current ice cream flavors are vanilla, chocolate marshmallow, butter pecan, orange Creamsicle, black raspberry, strawberry, cookies and cream, and mint chocolate chip. The creamery anticipates being able to offer peach and coffee in the near future.

## POLICE BLOTTER

### Vandals ransack Tobacco Zone

Newark Police officers responded to a criminal mischief call, last Tuesday, at Tobacco Zone, located at 1023 S. College Ave. Owners reported that two windows had been smashed with a piece of concrete and that an unknown suspect had entered through the window and removed the cash register from the store. Both the front and rear doors were intact and locked. A search of the premises showed that several items had also been removed from the front display area.

A trail of broken and removed items led to the southern part of the parking lot, possibly showing the avenue of escape. Officers lifted four fingerprints from a glass countertop. No video footage was able to be recovered from the scene.

The owners estimate that the suspect removed \$200 in cash, \$50 in change rolls, and \$300 in cigarette coupons. The register is estimated at \$2,500 and the window damage is approximately \$1,000.

It was the second incident in recent weeks at Tobacco. Earlier the store was robbed.

### Beaver trap removed

Authorities from the Newark Parks and Recreation Department reported that a large clamshell style beaver trap had been removed from a location behind the Christina Mill Apartments, along the Christina Valley Stream. The trap had been placed on Nov. 10 was found missing on Nov. 11. The trap was chained to a tree, which had been cut down. The aluminum trap is valued at \$300. A canvass of the area yielded negative results and no suspects have been named.

### Wawa robbed

Delaware State Police detectives are investigating the robbery of the Wawa Store at Routes 4 and 72, south of Newark, early Sunday morning.

At approximately 2:15 a.m. a male suspect entered the Wawa and proceeded directly to the sales counter. The suspect displayed a knife and demanded cash from the register. The employee complied and the suspect removed an undisclosed amount of money. He fled in unknown direction.

The suspect is described as a white male, 30-40 years of age, 5'08"-5'10" tall, heavy set,

brown/grayish hair, and goatee. He was last seen wearing gray T-shirt with white long sleeve undershirt, dark colored sweat pants, black shoes, wearing a green baseball cap.

State Police detectives are requesting the public's help in identifying the suspect in the attached photographs, or if anyone has any information in reference to this robbery to contact them at Troop 2 at 302-834-2630 ext. 6 or Delaware Crime Stoppers at 1-800-TIP-3333. Tips may also be submitted online at www.tipsubmit.com

### Prankster removes concrete pumpkin

A resident on Country Club Dr., Newark, told police that an unknown suspect had removed an orange cement pumpkin-shaped ornament from her front lawn sometime last weekend. The item was one of three, of which the other two were undisturbed. The pumpkin weighs approximately 50 to 75 lbs. and is valued at \$50. Officers found no evidence at the scene. The resident reported that there had been an attempted burglary at her home two weeks ago, but authorities are unsure if the two acts are related.

## **OUT OF THE ATTIC**

This week's Out of the Attic item is a contemporary view of the Newark Trust Company building located at 87 East Main Street as it appears on the 2010 holiday ornament issued by the Newark Historical Society. The bank was founded in 1905 as the Newark Trust and Safe Deposit Company. It was first located at the back of the Opera House facing Academy Street until it moved to this Main Street location.

The bank remained locally owned until it merged with the Farmers Bank of the State of Delaware. After that bank merged with Girard Trust the business moved to a new building at Center and Main Streets. 87 East Main Street then housed a series of businesses until the University of Delaware purchased the property. The building was razed this summer as part of the University's bookstore project.

The bank is the 21st in the series of annual ornaments that began in 1990 with the Main Street Clock. The beige ornament with blue imprint priced at \$6.50 is on sale at Minster's Jewelers in the Newark Shopping Center and at the Newark History Museum in the 1877 historic train station on South College Avenue. Some ornament back issues are also available. The museum is open Sundays from

1 to 4 p.m. now through November 28 and on other days and times by appointment made by calling 302-368-9845.

Contact the Newark Historical Society by voice mail at 302-224-2408, by postal mail to P. O. Box 711, Newark, DE 19715, or by email to [newarkdehistoricalsociety@yahoo.com](mailto:newarkdehistoricalsociety@yahoo.com).

## UDress to present fashion event

UDress magazine will present its fifth annual Fall Fashion Event at 7 p.m. on Saturday, Nov. 20, in the Multipurpose Rooms of the Trabant University Center at the University of Delaware. Doors open at 7 p.m. The event, which is sponsored in part by HP/Intel, marks the fall release of UDress magazine's 13th issue.

# Church kitchen dedicated

On Sunday, October 10th, members of Newark United Methodist Church dedicated their newly renovated kitchen in honor of the memory of member Edna Cramer. Mrs. Cramer, a longtime, faithful member of the church, was active in the United Methodist Women, Chancel Choir, and Mrs. Wilson's Bible class. She left a generous bequest to the church when she passed away in July 2008. A portion of this bequest was used to restore the church's main kitchen, which was built in the 1960's, and, having endured almost 50 years of wear and tear, was much in need of refurbishment.

The renovated kitchen features new countertops, a two-oven commercial range, double refrigerator, dishwasher, triple stainless steel sink, and quarry tile floors. Additionally, new electrical work, lighting, and plumbing were installed. The modernized kitchen, now outfitted with state-of-the-art safety features, equips Newark UMC for service far

into the future, and will surely facilitate countless meals for missions and social functions.

Rev. Dr. David Palmer, senior pastor, expressed the church's intent to use the new

kitchen to serve the local area, stating, "We'll use the kitchen not only for Newark United Methodist Church, but for the surrounding community as well."

## Thanksgiving Day Breakfast

The City of Newark Parks and Recreation Department invites you to join Newark neighbors and friends for a hearty breakfast and a little fellowship at the 24th Annual Thanksgiving Day Breakfast.

For the past 23 years the City of Newark, area merchants, and many volunteers have come together to offer this very special breakfast on Thanksgiving Day. The goal of this breakfast has been to encourage a warm and caring atmosphere among commu-

nity members, older adults and area students who are unable to share the holiday with family or friends. In addition to a hearty breakfast, participants also get a chance to win some spectacular door prizes.

The Thanksgiving Day Breakfast will be held on Thursday November 25th from 8-10:30 a.m. at the George Wilson Community Center, located across from the University of DE's Clayton Hall at 303 New London Rd. The fee is \$3.00 in advance and \$6.00 at the door. Call 366-7060 for more information or register online at [www.cityofnewarkde.us/parksrecreation](http://www.cityofnewarkde.us/parksrecreation) or at 220 Elkton Rd, Newark, DE.

Sponsored by the Delaware End-of-Life Coalition and the Mental Health Association,

## PAID ADVERTISEMENT Triple Play

"I want something striking" was the message that Alexa wanted to be heard when she discussed her master bathroom renovation in the DreamMaker design center for the first time. It was the recommendation of a friend that prompted Jim and Alexa Tolbert of Perryville to visit DreamMaker Bath & Kitchen in Elkton. Their first meeting was to discuss the possibility of converting the 1980's "builder style" bathroom of their recently purchased waterfront condo into something that would feel more like the home they had lived in for the prior 25 years. Jim and Alexa have come to a place in their lives where the demands of keeping up with a property have been traded for a third floor balcony view of Susquehanna River activities and property maintenance by others.

First on the list was to reallocate space consumed by an oversized whirlpool tub and an undersized fiberglass shower. Second was to replace the peeling linoleum with ceramic flooring. The rest of the renovation was for looks. The details were decided over the course of several showroom visits. The remodeled space included a new claw foot tub, ceramic tile shower and a carrera marble vanity top. A stained glass water scene was built into a wall. With backlighting, it appears as a window and also provided just the right blue that Jim and Alexa wanted to use as the new wall color. The new larger moldings and wainscot are finished in bright white, which is striking against the deeply toned cherry cabinetry.

What the team at DreamMaker didn't know was that the bathroom project was a test. And they passed. When the bathroom was complete the Tolberts suggested they would like to remodel the kitchen as well. As the details of the

kitchen developed, Alexa's propensity for detail revealed itself again in a variety of cherry moldings, carved wood accents and another stained glass piece. The Tolberts commissioned a stained glass water scene which appropriately includes a blue heron fishing among water grasses. The scene starts on one cabinet door and continues uninterrupted to finish on another. It is a testament to the artistry of Barry Chidester of Tiffany Glass in Elkton. By the time the floor-to-ceiling mirrors in the adjoining living room were removed and the new kitchen was installed, the Tolberts thought they were walking into another place.

Just as the kitchen project was wrapping up Chris Johnson, lead carpenter on the job, called Eric and said, "The Tolberts want to do another bath. Can we bring it all together before Christmas?" By this time the Tolberts had become familiar with the DreamMaker process. It was said, "Time spent in planning can become more productive when there is confidence and trust between the client and the design/remodeling team."

A flurry of activity and a few days later, the Tolberts had finalized the details of their third space. All work on the "Triple Play" was completed two weeks before Christmas.

In the course of remodeling, the Tolberts grew to know the workers and appreciated the dedication to clear communication, maintaining a clean workspace, and attention to detail. Alexa was impressed when Chris and Brian entered her home for the first time wearing booties (boot covers).

DreamMaker values the opportunity to be invited into your home. "It is very important that your family is comfortable while work is being done. We can't eliminate the disruption but we can control the inconvenience by proper planning and jobsite management. Maintaining a neat workplace is an ongoing cleanup process, which is necessary for us to provide the experience we expect for our customers".

DreamMaker Bath & Kitchen has a showroom in Elkton and provides full service interior remodeling. ## Cougar sightings nothing new in the Newark area

The sighting of a cougar early Wednesday morning was only the latest chapter of the story of the elusive cat in Delaware that dates back to the 1990s.

Sightings of the cats, also known as mountain lions or pumas, were reported in the 1990s and continued into 2002.

One story in the New York Times claimed the cat had escaped from an owner in Pennsylvania and had fled into Delaware.

The Delaware Division of Fish & Wildlife declared that two or perhaps more cougars were roaming New Castle and perhaps Kent County, according to the website, cougar.net. They were believed to be feeding on deer and Canada geese. Sightings were also reported by State Park rangers at White Clay Creek and Lums Pond state parks in New Castle County. Sightings were also reported in the city of Newark.

Evidence included video, footprint and droppings. There have been no reports of attacks on pets or livestock.

Sightings have also been reported throughout the Delmarva Peninsula all the way to the Eastern Shore of Virginia.

The reports became so numerous that New Castle County Police assigned an officer in the mid 1990s to track the cat and capture it with a tranquilizer gun. The effort, which included bringing cougar hounds from Colorado, failed.

State wildlife officials have not ruled out the possibility

that all animals that have been sighted either were freed or escaped from private owners.

The U.S. Fish and Wildlife Service reports cougars need a lot of room, while noting that no evidence of a breeding population on the East Coast has been found. Males may occupy a range of more than 25 square miles and females between 5 and 20 square miles.

In the latest report, County Police said a 45 year-old man told them he was out walking his dog when it began acting "strange" and pulled toward a nearby wooded area, where he spied a cougar sitting underneath some trees.

The man said he called 911 and watched the cat for about eight minutes. The cougar, which he described as twice the size of his Boxer, then made a high-pitched growl and walked off into the woods, the man said.

Police searched the area, but found no signs of the animal.
