BATH

Sunday July 5<sup>th</sup> 1874

Dear Mother

I would have written sooner but I thought I would wait until today so that I could tell you how we employed ourselves on the 4<sup>th</sup>, Well George and Darnel engaged a yacht and about 8 o'clock yesterday morning we set sail for Beach Haven across the Bay where George worked when he first came down here. When we got there we went over to the surf and watched the people bathing, we didn't go in for the water is still very cold. After we watched them as long as long as we had any desire, we returned to our yacht and set sail for Bonds watering place

Sunday July 5th 1874

Dear Mother

I would have written sooner but I thought I would wait until today so that I could tell you how we employed ourselves on the 4th, Well George and Darnel engaged a yacht and about 8 o'clock yesterday morning we set sail for Beach Haven across the Bay where George worked when he first came down here. When we got there we went over to the surf and watched the people bathing, we didn't go in for the water is still very cold. After we watched them as long as we had any desire, we returned to our yacht and set sail for Bonds watering place

where there was to be a boat race, we got there in plenty time for it, our captain and George went on it, while Darnel and the rest of us went down to the surf and watched the Breakers and picked up ~~sail~~ shells, about time for the race to be over we went back to the Boarding house and seen the contesting yachts come in, it was very windy yesterday and each man was soaking wet, the boats dipped water so that they were up to their knees in water sometimes, George was wet to the skin, but salt water never gives you cold, so that today he is as well as ever, the boat George was in would have won but just as they were going inside

where there was to be a boat race. we got there in plenty time for it, our captain and George went on it, while Darnel and the rest of us went down to the surf and watched the Breakers and picked up ~~sail~~ shells, about time for the race to be over we went back to the Boarding house and seen the contesting yachts come in, it was very windy yesterday and each man was soaking wet, the boats dipped water so that they were up to their knees in water sometimes, George was wet to the skin, but salt water never gives you cold, so that today he is as well as ever, the boat George was in would have won but just as they were going inside

the winning lines their mast broke and Dixies boat that was just behind swept in past them, some of the others were a mile or more behind, after the race we went into the boarding house dining room and had our supper, and then expected to start for home but against we were ready to start there was a gust come up and it just poured and kept it up all night and the wind blew a perfect hurricane, so that we had to take rooms and stay all night and take a fresh start this morning. we started for once in time to see sunrise at sea, and had a very nice sail home. it was a very quiet 4<sup>th</sup> as regards firing I don't think

I don't think

they send any of their fire  
works to this part of the  
country. I expect you were  
glad when the 4<sup>th</sup> was over.  
I was dreadful uneasy last  
week for fear you were sick,  
for I got no letter and the  
papers didn't get here until  
Friday night, and I felt certain  
something was the matter I tell  
you I was glad to see the  
papers come for I took them  
as a sign that you were  
all well. Anna and Darnel  
return to Manahawkin tomorrow  
morning. the children are  
well and often talk about  
Grandma and Uncle Edy  
and Grandpap.  
the birds are first rate though  
I don't suppose that will interest  
you any.  
with love to all I  
remain your loving daughter  
Sade.
