Christmas Dance Of '53 To Employ Theme Of Winter

Featured Mural Depicts Snowy Evening In Park

The theme of this year's Christmas Formal will be "Winter in the Park." Decorations for the dance have been carefully planned to coincide with this theme.

Streamers of crepe paper in white and light and dark blue will be hung from the ceiling forming a tent effect. A large white star will be the focal point in the center of the ceiling, and smaller stars will be hung in the crepe paper "sky." Nancy Ennis and Pat Collins are in charge of this part of the decorations.

Lights to shine through the decorations and to be placed on the floor will be blue gels. These will further carry out the idea of a winter evening. Wiring for this will be done by John Hick-
(Continued on Page 4)

Delaware Poultry Judgers To Travel To Rutgers Friday

The University of Delaware poultry judging team will travel to Rutgers University this Friday Dec. 11, to take part in the annual Intercollegiate Poultry Judging Contest. Twelve colleges and universities take part in the contest each year with the event taking place alternately among them. The team consists of three members—Hap Cook, John Pugh, and George Chaloupka. Roger Brown is the alternate.

A variety of events will await the U. of D. entry upon arrival at Rutgers on Friday morning. After registration, several field trips are planned. All day Saturday will be devoted to judging followed by a banquet that evening.

Trophies will be awarded to the top-ranking teams. Delaware received a third place trophy in 1951. They placed ninth last year. Mr. Mellon has been busily coaching the team this year. He coached the winning Cornell team last year. Accompanying the team to Rutgers on Friday will be Dr. Waller, head of the Poultry and the U. of D.

Three classes of poultry are to be judged at the contest. These are production, marketing and disqualifications.

U. of Del. Students Asked To Enter Bridge Tourney

The University of Delaware has been invited to compete in the 1954 National Intercollegiate Bridge Tournament. Four students representing the campus contract bridge "champions" may apply for this contest.

All plays will be by mail and will be conducted on the individual college campuses in a single session, on a date fixed by the tournament director between February 17 and 21. These hands will be scored by Geoffrey Mott-Smith, author and contract bridge authority, who will determine campus, regional and national winners.

Prizes will include trophy cups for the colleges winning the national titles, one cup for the col-

Ring Out, Wild Bells—

Ring out, wild bells, to the wild sky,
The flying cloud, the frosty light:
The year is dying in the night;
Ring out, wild bells, and let him die.

Ring out the old, ring in the new,
Ring, happy bells, across the snow:
The year is going, let him go;
Ring out the false, ring in the true.

Ring out the grief that saps the mind,
For those that here we see no more;
Ring out the feud of rich and poor,
Ring in redress to all mankind.

Ring out a slowly dying cause,
And ancient forms of party strife;
Ring in the nobler modes of life,
With sweeter manners, purer laws.

Ring out the want, the care, the sin,

The faithless coldness of the times;
Ring out, ring out my mournful rhymes,
But ring the fuller minstrel in.

Ring out false pride in place and blood,
The civic slander and the spite;
Ring in the love of truth and right,
Ring in the common love of good.

Ring out old shapes of foul disease;
Ring out the narrowing lust of gold;
Ring out the thousand wars of old,
Ring in the thousand years of peace.

Ring in the valiant man and free,
The larger heart, the kindlier hand;
Ring out the darkness of the land,
Ring in the Christ that is to be.

In Memoriam
—Alfred Lord Tennyson

Cauldron Staff Prepares Material For Coming Issue

The Cauldron is boiling over! Boiling over with activity, that is, as the editor and her staff prepare to publish another volume of the campus literary magazine.

Virginia Benator, editor of the Cauldron, reports that the stories are pouring in fast and furiously from prospective authors all over campus. But there is still plenty of room for more. Deadline for stories is January 11. There is also room for art work in this year's issue.

Wanamaker Store Offers Graduates M.A. In Retailing

Students of the University of Delaware will compete for a new scholarship to be offered by the John Wanamaker Store of Philadelphia.

Richard C. Bond, president of John Wanamaker, announced today that the John Wanamaker Store will award a scholarship of \$1,000 annually, for one year of professional graduate study leading to the degree of Master of Science in Retailing. The course is to be given in the New York University School of Retailing, New York City.

Mr. Bond said, "We have been giving considerable thought to the opportunities for successful careers in retailing. We at Wanamaker's, and many other leading retailers
(Continued on Page 3)

Anyone who likes to write is invited to contribute something to the magazine. Whether it be funny or serious makes no difference. If it is good, it will be printed.

Financed by the S.G.A., the Cauldron is published each spring and contains poetry and prose stories written by members of the student body. A few articles by faculty members are featured. It is hoped that Robert Hillyer, the U. of D.'s noted contemporary poet, will again contribute.

A feature introduced in last year's magazine will again be carried out. This will be a short write-up about each author. It will tell about the contributor's activities while on campus.

Right now the future looks bright for this year's book. Let's all pitch in and make this the best Cauldron ever.

Military Organizations Plan Formal On Jan. 15

Plans are in progress for the annual Military Ball, sponsored by the Scabbard and Blade Society and the Delaware Rifles, announced Scabbard and Blade publicist James P. Lewis recently.

The proposed dance will be held in the Carpenter Field House from 9 until 1 a. m. on Friday, January 15, 1954. Music for the occasion will be furnished by the Second Army Band.

The dance will be formal; Class A uniforms will be worn by military students and tuxedos by other male students.

MEAL TICKET HOLDERS

The evening dining hall meals for Saturdays will be held at 5:30 p. m. at Kent and Commons beginning with Saturday, December 12, and at that time thereafter.

Four Student Soloists To Sing With Chorus In Handel's Messiah

Portions of Handel's Messiah will be featured in the University of Delaware's annual Christmas program at 8:15 p. m., December 16, in Mitchell Hall.

Following the Messiah, the women's chorus and students will sing Christmas carols at the scene of the creche between Brown and Harter dormitories. Each student will be supplied with a candle for the ceremony.

Handel's Messiah, sponsored by the Music Department, will feature the university A Capella Choir, four soloists, and the Newark High School chorus. Bertram Gamble, instructor in vocal music at the university, will direct the program.

Chem Engineering Dept. Offers New Research Course

Dr. Robert L. Pigford, Chairman of the Department of Chemical Engineering, announced that a special course in chemical market research will be presented next semester through university extension. This course, to be held on Tuesdays from February 9 through June 1, is under the joint sponsorship of the university and the Chemical Market Research Association.

Dr. Pigford stated that to his knowledge, this subject has never been given before in this part of the country and has been given only once elsewhere, at the Case Institute of Technology, Cleveland, where it was highly successful.

The first lecture, to be given on February 9 by R. B. Wittenberg, General Manager of General Tire and Rubber Company in Ohio, will be an introduction to the subject.

Professor Olaf P. Bergalin, of the university Department of Chemical Engineering, will coordinate the entire course, giving examinations and assigning final grades to credit students.

Wilmington Art Society Presents Musical Event

The American Society of the Ancient Instruments will be featured at the first musical event of the December calendar of the Wilmington Society of the Fine Arts, tonight at 8:15, at the Delaware Art Center in Wilmington.

On December 15, the Wilmington Society will round out its year-end program with a talk by Monsieur Marc Thibault of the National Museum in France, who will show color slides of mural paintings in France from the Middle Ages.

The Art Center is open admission-free on weekdays from 10 a. m. to 5 p. m. and on Sundays, 2 p. m. to 6 p. m. It is located on the Park Drive at Woodlawn Avenue in Wilmington.

New Castle And PKT Cop '53 Cheerleaders' Trophies

New Castle Hall and Phi Kappa Tau fraternity were winners of this year's Cheerleaders' Spirit Trophies. The presentation was made during the half-time of Delaware's first basketball game on Wednesday, December 2, at Carpenter Field House. Janet Leary awarded the girls' trophy, and Bob Horne presented the boys'.

The purpose of the trophies is to promote competition during football season between dormitories and fraternity houses for points based on participation in pepfests and team sendoffs, house decora-

The four soloists are: Valerie Ross, a junior French major who will sing the soprano part; Shirley Hanby, a sophomore music major singing alto; Ralph Spotts, a senior agriculture major who will be singing tenor; and Don Emery, bass, who is a mechanical engineering senior. Mrs. Mary Jane Streepy will be the accompanist.

Last year's program, "Amahl and the Night Visitors" was originally planned to be repeated this year, however, a boy soprano could not be found for the major part.

The Brass Sextet, under the direction of Mr. J. Robert King, will accompany the carolers in the ceremony. Players in the sextet include: Frank James, Marshall Baker, Lorin Krusberg, Tony Mitchell, Irv Rinard and Judge McWhorter.

The manger scene, located at the flagpole between Brown and Harter Halls, is sponsored by the University Religious Council, the Student Government Association

Little All-American Team Gives Miller Quarterback Spot

Don Miller, the outstanding Delaware quarterback who sparked the 1953 Blue Hens to the Middle Six Championship, was recently awarded the honor of being placed on the Little All-American third team.

Miller was edged out for positions on the first and second teams by Pence Dacus of Southwestern Texas State, the leading passer among the small colleges of the nation, and the quarterback of East Texas State, a college which has won twenty-nine in a row and is playing Arkansas State in the Tangerine Bowl.

Miller, a junior at the University of Delaware, has a definite advantage of his contemporaries for next season, since both the SW Texas State aerial artist and the East Texas State star are seniors;
(Continued on Page 5)

tions, and an entry in the car parade.

After the close of football season, the trophies are awarded to the recipients of the highest number of points.

For the past two years there have been two trophies, competition between boys and girls having been separated. Before then, one trophy was awarded annually until it was retired to Kappa Alpha fraternity, since they have won the competition for several consecutive years.

Last year's trophies were awarded.

Meet Doctor Cronin, Marine Lab Director

By EDWARD GORRELL

This week the biographical spot light is being played upon Dr. L. Eugene Cronin, a member of the staff of biological sciences here at the university and director of the marine laboratory for the State of Delaware.

Dr. Cronin was born in the neighboring state of Maryland and received his undergraduate training at Western Maryland College. This was succeeded by four years of graduate work at the University of Maryland. His major subjects there consisted mostly of courses in different areas of marine biology.

His work as director of the marine laboratory for the state, is in complete harmony with his work here at the university, for it affords many opportunities to the students in marine research. Dr. Cronin, along with the other members of the biological staff, conducts various field trips to the Delaware Bay and the River, thus giving students an unusual chance for practical experience.

Summers Aboard Ship

During the summer months, however, he devotes most of his time to the university marine laboratory located at Lewes, Delaware. There, at the helm of the research vessel "Scartia," he conducts many subaqueous experiments in order to locate and observe the numerous kinds of life present there. His work then falls into three main sections of endeavor, research, teaching and service.

Enjoys Hobbies

Although most of Dr. Cronin's time is consumed in his work, he still finds a few moments left in which to enjoy his hobbies. These hobbies include photography, sailing and singing. Though the good doctor admits that he really can't sing, he is possessed with the urge to keep on trying. Of the three hobbies mentioned sailing is his favorite, though he has not been able to enjoy it so much lately as he might wish. He owns a small skipjack and hopes to have it in Delaware water in the very near future.

Dr. Cronin is a family man. He has two sons, David and John, aged two and four respectively, who have already been injected with the salty characteristics of their father.

Good Balance At Delaware

Dr. Cronin and his family now live in Delaware. He feels that the university is one of the best institutions of learning in the country, that it is optimum in size, and also that the balance between teaching, research and service is excellent.

With the recent appropriation for a new marine laboratory at Lewes, it appears that Dr. Cronin will spend many more enjoyable years here at the university. Dr. Cronin is one of the members of the biological staff who is helping to carry the work of the university out upon the waters of the Delaware.

Cheerleaders Trophies

(Continued from Page 1)

ed to Warner Hall and Delta Tau Delta fraternity, this year's runner-up in the men's division.

Following is a partial listing of the points as they were awarded:

Totals		Men	Women
Phi Kappa Tau	96.5	New Castle	51.0
Delta Tau Delta	82.5	Windsor	49.0
Alpha Tau Omega	32.5	Sussex	40.5
Breakdowns			
Phi Kappa Tau	26.0	Cannon	15.0
Alpha Tau Omega	14.0	Windsor	12.0
Kappa Alpha	10.5	Hanover	8.5
House Decorations			
Phi Kappa Tau	35.5	Sussex	24.0
Delta Tau Delta	27.5	Cannon	10.5
Alpha Tau Omega	18.5	Hanover	10.5
Car Parade			
Delta Tau Delta	45	New Castle	45
Phi Kappa Tau	35	Windsor	35
Harter Hall	20	Hanover	20

Brown Hall Opens Recreation Room

All students are invited by the Men's Inter-Dorm Recreation Committee to come to the Brown Hall Recreation Room after the Christmas Program on Wednesday night, December 16th.

A committee, headed by Dick Haines and Pete Gohn, is planning to decorate the recreation room, and Bill Sharkey is taking care of publicity arrangements, with assistance from Bill Kramedas and Hal West. Bob Short is in charge of a group planning refreshments. There will be dancing, ping pong and space available for card playing. The party will probably not get under way until 9:30 or 10:00, depending on the length of the Christmas Program and caroling, and it will last until 11:30.

Luncheon Honors

Visiting Speaker

After speaking at the College Hour program on Thursday, Dec. 10, at 11 a.m., Dr. Edgar Fisher attended a luncheon given in his honor in the west wing of Old College.

Among those who attended were President Perkins, Dean Hocutt, Dean Collins, Dean Squire, Dr. Dolan and Dr. Oppenheim. Students also invited were Frank Swain, Mary Ann Rienke, Pat Le-crone, Dave Menser, Mickey Blaine, Glenn Dill, Richard Greenstein and William K. Brown.

Dr. Fisher planned to meet the seminar group in physical science after the luncheon.

The student body was urged to take advantage of hearing an address by such a distinguished personality. If attendance was large enough, future College Hour programs are planned to be continued.

Veterans Choose Givens President

With the approval of its new constitution by the Dean of Students' office and election of James Givens as its first president, the Veterans Organization of the university has officially joined the extra-curricular groups on campus.

Elected with Givens at a recent meeting were Tom Holmes, vice president; Jack France, recording secretary; Jack Ryder, corresponding secretary; and Art Hodges, treasurer.

The constitution, drafted by committee headed by France and Jerry Berkowitz, was presented to Dean Hocutt two weeks and subsequently received its approval from him. Under the constitution, all veterans, according to the classification of the Veterans Administration, are eligible for membership in the organization if they are regular students of the university.

Appointments to committees to study finances, social and academic activities, and other administrative matters are now being considered by president Givens, subject to the approval of the membership at large.

Del. Graduate Joins Jackson Lab Staff

Dr. Donald Simons, recipient of a Master of Science and a Doctor of Philosophy Degree in organic chemistry from the University of Delaware, recently joined the duPont Company's Organic Chemicals Department at the Jackson Laboratory in Deepwater Point, New Jersey, the duPont Company recently announced.

Dr. Simons, formerly of Adrian, West Virginia, obtained the Degree of Bachelor of Science in 1949 from West Virginia Wesleyan College. Since receiving his doctorate, the chemist has been engaged in post-doctoral research at Harvard University.

Girls Select Skits For Fifth Annual Women's Playbill

South Campus is beginning to prepare for its 5th Annual Women's Playbill to be given Monday and Tuesday, March 1 and 2, at 7 p. m. in Mitchell Hall. The playbill will consist of a series of short productions, one given by each woman's dorm and one by the Women Commuters. Rules have been circulated among the groups involved, but most production plans are still in the idea stage.

Each group will be allowed 40 minutes for its program, which will take the form of either a play and choral singing or a musical play. Groups participating are Warner, New Castle, Cannon and Sussex Halls individually; Topsy, Turvey, Boletus and Johnston Halls together; and, as plans stand now, Smythe Hall divided into 2 sections, A and B.

Co-chairmen for Playbill are Ellen Ungerleider, dramatics, and Carolyn Clift, music. Technical Director is Jean deVries.

Judges have not yet been decided upon, but they will represent the Dramatics Department, the Music Department and the university at large.

SGA News

Treasurer's Report

There is a balance of \$4486.76 in the SGA account, \$830.90 in the social fund, and \$7042.75 plus \$10,000 in bonds in the Sinking Fund.

Student Union

The Student Union Committee was granted \$1,000 for use in the Student Union.

Social

The budget is being submitted for the Junior Prom. Work is completed for the Christmas Dance.

Publicity

The Sophomore Publicity Committee is working in coordination with the Publicity Committee on the Christmas Dance.

Men's Executive Council

Plans are being made for the 12th of December Social in Brown Hall.

Women's Executive Council

Plans are being made for Women's Playbill. Smythe Hall has been opened for freshmen women and junior counselors.

Senior Class

The Senior Class is considering setting up a standard graduation announcement. The plate for a new announcement would cost approximately \$90.

Old Business

The Campus Chest Drive grossed \$808.10. Sharp Hall and Pi Kappa Alpha made no contribution, and the 600 commuters contributed \$7.25.

The winter banquet will be held the first Thursday after the Christmas holidays. A motion was made and passed that we have entertainment for the banquet. The KA Quartet and Men's Chorus were suggested. The Executive Committee, Dick Saunders and Ted Zutz will work on the plans for the banquet.

A letter was received from Mr. Loudis of the music department suggesting that the SGA buy their own piano. This will be done if a place can be found in the Field House to store it.

New Business

A committee will be set up to view constitutions of new organizations on campus that come under the jurisdiction of the SGA. They will set up criteria for these constitutions.

The SGA offers its service to the schools for any preparation or aid in the visit of the Middle States Association of Colleges and Secondary Schools.

Respectfully Submitted,
Mickie Blaine
Recording Secretary

Delaware Artists Featured In Wilmington Annual Show

Delaware artists, pupils of Howard Pyle, and members of the Wilmington Society of the Fine Arts are presenting their works in the 40th Annual Exhibition of Paintings and Sculpture at the Delaware Art Center in Wilmington. The exhibition opened early this month and will continue until January.

Known familiarly as the "Delaware Show," the exhibition began in 1912 as the "First Annual Exhibition of Paintings by the Pupils of Howard Pyle," showing on the top floor of the du Pont Building in Wilmington. Since that time, except for two war years, it has been held every year.

In 1923 the exhibit was opened to all artists living in Delaware and later to any out-of-state artists who are members of the Fine Arts Society. Of the Pyle pupils in the original show, only four or five are still exhibiting their works.

As in the past, the exhibit is divided into two parts, with oil paintings and sculpture shown in the winter, and watercolors, prints, and drawings reserved for the spring. Three well-known artists, John Follinsbee, I. Rice Pereira and Milton Avery, are serving as a jury to select the paintings and award the prizes.

Bayard T. Berndt is chairman of the dual show. Committee members for the current section are Margaret D. Dravo, Rachel L. Webster, Rudolf A. Mafko and Charles N. Vinson.

Visitors to the show will be given the opportunity to buy selected works for their homes. Pictures bought may be taken out on December 21.

U. of Del. Students

(Continued from Page 1)

Teams representing Purdue and Princeton Universities won the national championship titles and trophy cups. The Princeton team won playing the East-West boards and the Purdue pair won playing the North-South boards. More than four hundred other students won regional and campus honors.

The address of the committee is: National Intercollegiate Bridge Tournament Committee, 420 Lexington Avenue, New York 17, New York.

Dr. Lyon Joins duPont Research Department

Dr. John Bennett Lyon, a chemical engineer and a recent recipient of the degree of Doctor of Philosophy in chemical engineering from the University of Delaware, has joined the Research Division of the Polychemicals Department at

E. I. duPont Experimental Station in Wilmington, Delaware, the duPont Company announced recently.

Dr. Lyon, a former resident of Washington, D. C., attended the Calvin Coolidge High School in Washington, and in 1950 he received the Degree of Bachelor of Chemical Engineering from the Catholic University.

Alumni President Names Scholarship Committee Of 1954

The appointment of the 1954 Alumni Scholarship Committee of the University of Delaware Alumni Association has been announced by the association's president, Ernest S. Wilson of Wilmington.

The new chairman for the five-member committee will be Raymond B. Duncan of Newark, football coach and a member of the faculty at Newark High School. Mr. Duncan, a member of the class of 1948, was a member of last year's alumni scholarship committee.

Other committeemen named by Mr. Wilson are Robert N. Foulk, class of 1922; Robert H. Richards, Jr. 1928; Alvin B. Roberson, Jr. 1934; and William B. Clements, 1947.

Mr. Foulk, whose home is in Wilmington, is principal of Bayard Junior High School in Wilmington. Mr. Richards, also a resident of Wilmington, is an attorney and is affiliated with the Wilmington law firm of Richards, Layton & Finger. Mr. Roberson, whose home is in Newark, is a holdover member of the 1953 committee; he is associated with Butler's, Inc., of Wilmington. Mr. Clements, also a Newark resident, is an assistant professor of mechanical engineering at the university.

The committee, one of the most important within the Alumni Association, deals with applicants for four alumni scholarships, the principal one of which is the Dr. George A. Harter award of \$500 for each of four years of study. The other alumni scholarships are the Dr. Walter Hullahen, Dr. Samuel Chiles Mitchell, and Dr. W. Owen Sypherd Scholarships, each valued at \$400 for one year.

House Director Announces Activities For Smythe Hall

Behind a parade of suitcases, crates, and all manner of odds and ends the freshman girls scurried back and forth, carrying their belongings from the barracks to their new home, Smythe Hall.

Yes, on December 2, all the freshman girls who live on campus moved into the new brick building. Originally they were supposed to move at the beginning of the semester, but due to the construction strike and other complications the date was postponed. As for the old dormitories, two of them will be torn down while the third, Hanover, will be used temporarily for storage space.

Very few rooms in Smythe are vacant; for the building can accommodate 216 people and approximately 212 girls are now in residence. Although most of the rooms are double rooms, a few are singles; the majority of which are occupied by junior counselors. The idea of the junior advisors living in the dorm with their advisees is new and in the testing stage.

Some of the features of the new dorm are a sun deck and sitting room on the second floor, a thermo-static dryer in each kitchenette, a

large game room and two laundry rooms in the basement and a sunken living room which was furnished by a New York decorator in the modern manner. Future furniture for the room includes a baby grand piano and a radio, victrola combination. Although temporarily there is only an emergency telephone; phones will be installed as soon as possible.

Mrs. Paulina Forwood, house director for Smythe remarked that after Christmas several open houses will be held. One will be for parents, another for friends of the girls, and a third mainly for the state education administration. Among other activities the dorm is planning to go caroling one evening next week, to hold the traditional dormitory Christmas party, to continue support of the foster child, and to begin work for the Playbill. As yet, it is not certain if Smythe will give one performance or if the dorm, being the largest on campus, will divide into two groups for the program.

One thing is certain, the girls are looking forward to a pleasant and profitable year in their new dormitory, Smythe Hall.

Delaware Debate Team Wins Three In Novice Tourney

Delaware's newly organized debate group won three of its eight debates in the Novice Debate Tournament held at Temple University Saturday, December 5.

Forty-two colleges and universities representing a total of one hundred fourteen debate teams took part in the four rounds of debating Saturday morning and afternoon. New York City colleges, including Brooklyn Polytechnic, Columbia University, and City College of New York; Dartmouth College; University of Pittsburgh; and colleges from the Washington, D. C. area were among those traveling the greatest distance to participate in the tournament.

Faculty debate directors and varsity debaters served as judges. In addition to choosing the winning side, the judge gave to each of the two affirmative and the two negative speakers in a debate a written evaluation of his role in the debate.

Delaware's affirmative dropped decisions to Scranton College and Brooklyn Polytechnic while winning over LaSalle and C. C. N. Y. Speakers for the negative lost to Loyola, Dickinson and Pennsylvania and won over Villanova.

William Brown, Robert Swain and Richard Sutton were the affirmative, and John Spencer Hedger, Richard Grant and Joseph Marra the negative speakers from Delaware. Charles Chappius, another Delaware debater, went the group but did not participate. All the debates were on the national college question, "That the United States Should Adopt A Policy of Free Trade."

Tassel, Mortarboard Fete Alumnae At Tea

Tassel, the senior women's honor society, held a tea at the home of Dr. John Perkins, Belmont Hall, last Sunday, Dec. 6. This get-together was held for the alumnae of Tassel and also for the Delaware alumnae of Mortarboard, a national women's honor society.

Mrs. Perkins, the hostess, provided the refreshments. The tea was served by Jane Shuman '53 and Arlene Newlett '52, two past presidents of Tassel. They were assisted by two Mortarboard women. Miss Janet Smith acted as chairman for the affair.

PLACEMENT BUREAU

INTERVIEW SCHEDULE FOR WEEK OF JANUARY 11
DEADLINE FOR SIGNING UP IS WEDNESDAY, JANUARY 6

Date	Company	Classifications to be Interviewed
Monday, Jan. 11	Armco Steel Corporation	All engineers
	Rohm & Haas Co.	All degree CHEMISTS & CHEMICAL ENGINEERS, B.S. MECHANICAL ENGINEERS, B.S. & M.S. PHYSICISTS
Tuesday, Jan. 12	Burroughs Corporation	BUSINESS ADMINISTRATION & ACCOUNTING majors for sales only.
	Pennsylvania Railroad	CIVIL & ELECTRICAL ENGINEERS
	National Vulcanized Fibre Co.	ENGINEERS, CHEMISTS & BUSINESS ADMINISTRATION for sales only.
	Columbia-Southern Chemical Corp. (Subsidiary of Pittsburgh Plate Glass)	CHEMISTS & CHEMICAL ENGINEERS for sales only.
Wednesday, Jan. 13	Armstrong Cork Co.	MECHANICAL & CIVIL ENGINEERS for sales—single men only; LIBERAL ARTS & BUSINESS ADMINISTRATION for sales—single men only; PH.D. CHEMISTS.
	Linde Air Products Co. (Division of Union Carbide & Carbon)	B.S. & M.S. CHEMICAL & MECHANICAL ENGINEERS & CHEMISTS.
Thursday, Jan. 14	General Motors Corp.	MECHANICAL, ELECTRICAL & CHEMICAL ENGINEERS — a few CIVIL ENGINEERS, PHYSICISTS & MATHEMATICIANS
	M. W. Kellogg Co.	PH.D. CHEMISTS (JUNE GRADUATES) — B.S. & M.S. CHEMICAL, CIVIL & MECHANICAL ENGINEERS
Friday, Jan. 15	General Motors Corp.	Same as above.
	Pure Oil Company	MECHANICAL & CHEMICAL ENGINEERS

NOTICE: Information received recently and on file in Placement Bureau regarding opportunities with following organizations: NATIONAL ADVISORY COMMITTEE FOR AERONAUTICS; TENNESSEE VALLEY AUTHORITY; INSTITUTE OF GAS TECHNOLOGY for engineers interested in graduate work; CALIFORNIA STATE HIGHWAY —for Civil Engineers — deadline for filing to take examination which can be given on our campus is January 29; NEW YORK INSTITUTE FOR EDUCATION OF BLIND; AMERICAN ASSOCIATION OF MEDICAL SOCIAL WORKERS.

Dean Backs Drive

Swain Appoints Committee To Direct Safe Driving Campaign On Campus

"I am pledged to drive safely . . . University of Delaware," this is the phrasing on the bumper stickers which will adorn bumpers of many U. of D. cars in the near future.

An SGA committee consisting of Pat Collins, Marianne Reinke, Dave Menser, Stan Lowicki, and Mickey Blaine has been appointed by President Frank Swain to conduct a Safe Driving Campaign on the Delaware campus.

The drive, in cooperation with the National Safe Drivers' League will consist of contacting students, faculty, and other university employees and obtaining their pledge to obey traffic regulations and exercise caution in driving. Most of the drive will be conducted after the Christmas holidays.

Students may enroll in the drive without cost; faculty members, however, will be charged a fee of fifteen cents. All those enrolled will receive a bumper sticker for their car upon signing the pledge card.

The National Safe Drivers' League is composed of people who have banded together to prevent tragic losses of life on the motorways of the nation.

This organization is new; but judging from the enthusiastic response this far, it appears that a major contribution to the cause of motor safety is already assured.

Wanamaker Store

(Continued from Page 1)

across the nation, know that retailing offers these opportunities and that they are numerous. Through this Wanamaker scholarship we feel the college men and women can be better informed about them, and they will be given the financial aid and stimulus to make this study possible."

Eleven prominent universities and colleges have accepted the invitation to participate in the scholarship competition offered by the Wanamaker Store. Those selected are: Haverford College, University of Delaware, Princeton University, Temple University, Bryn Mawr College, Ursinus College, Drexel Institute of Technology, University of Pennsylvania, Bucknell University, Pennsylvania State University and Swarthmore College.

The John Wanamaker Scholarship Award will be competitive among the eleven universities selected. Those serving on the Scholarship Committee are: Mr. John E. Raasch, chairman of the Board of John Wanamaker; Hon. Owen J. Roberts, former Justice of the Supreme Court of the United States, and a trustee of John Wanamaker; Mr. John R. Wanamaker, vice president and trustee of John Wanamaker Store; Mr. David McMullin, vice president and personnel manager, John Wanamaker; Mr. Frederick M. Yost, vice president and sales promotion manager, John Wanamaker.

The senior students of the universities represented will join in the competition for the scholarship. The winner of the competition, selected by the Scholarship Award Committee, will enter the New York University School of Retailing at the beginning of the fall term of 1954. While in New York the student will engage in a program of advance study and work experience. For about 30 weeks the candidate will attend classes at the university in order to gain a comprehensive knowledge of retail store operation from the merchandising, advertising, management, personnel and fashion points of view. For about 10 weeks in October, November and December, the student will acquire planned, supervised experience, at established rates of pay, in one of the leading retailing organizations in the New York metropolitan area.

The award has been instituted as part of Wanamaker's long-range campaign to attract more of the country's top college graduates into the field of retailing. Details concerning the award were discussed at a luncheon held in the Wanamaker Store in Philadelphia on Wednesday, December 2. Among those who attended was: Mrs. Geraldine Wyatt, director of Placement at the University of Delaware. Complete information and applications will be on file in the Placement Bureau on approximately January 15.

Conway, Swain Represent University At Conference

Miss Gail Conway and Frank T. Swain, Jr., represented the University of Delaware at the fifth Student Conference on United

States Affairs which was brought to a close on December 5 after its four-day session at the United States Military Academy, West Point, New York.

Such notables as Admiral Arthur Radford, chairman of the Joint Chiefs of Staff; Mr. John J. McCloy, former U. S. High Commissioner for Germany; and Mr. W. Averell Harriman, former Director for Mutual Security; spoke to the conferees on various aspects of national security and problems of world peace. The round table groups which discussed the four sub-topics of the subject of "The National Security Policy of the United States" presented their conclusions this afternoon at the final plenary session.

Conclusions that the groups agreed on were as follows: *Internal United States*—Primary emphasis must be placed on retaliatory air power within a framework of adequate naval, land and air power as a suitable deterrent to total war. *The Western World*—We should rely heavily upon regional organizations such as NATO and EDC to assist without coercion the free nations of the world in building up their economies and ability to defend themselves. *East Asia*—We urge upon the peoples of East Asia that they develop their own plans for economic improvement and regional security in which we will undertake to provide assistance. *Soviet Orbit*—The Soviets are not likely to risk world war to advance their ultimate objective without strong indications of easy and total success; therefore, American policy should aim toward the economic growth, unity of purpose and defensive strength of the free world.

This final plenary session brought to a close the conference of students representing some six-

Intellect For What?

Late last month, President Griswold of Yale stated that liberal arts in the United States have acquired connotations of "special privilege," "precocity" and "inverted snobism." For this condition, Mr. Griswold wrote, champions of liberal arts themselves are not entirely blameless, for, he said, they have been guilty of smugness and at times have seemed content to live on "rote and reputation." He deplored, too, a tendency to emphasize content in liberal studies as distinct from quality and spirit.

President Griswold's opinions are worthy of respect and invite further analysis, for the short-comings which he pointed out are not unique to specialists in what we call liberal studies. These are general failures and mainly our educational system from first grade through college encourages us to fail in this way and to fail signally.

We educated people tend to look on schooling as an "edge," as a way of setting ourselves apart, a way of becoming superior, a way of demonstrating our worth. Now this purpose in itself is good. No one can quarrel with it. But it can be over-done, and when it is over-done, the results are unfortunate indeed.

For when we "resign" even briefly from our fellows, we immediately begin to lose sympathy for them. We begin to forget how they feel about things. Our concerns become exclusive ones. And this, as Toynbee has said, is bad for everybody—bad for those who withdraw, as well as for those who are left. Communication becomes more difficult. The human part of human beings begins to recede, and we live apart even when we live side by side.

Furthermore, we withdrawers tend to use our edge for self-service—to make money, to gain power and to satisfy our need for a feeling of superiority. We tend to forget that this edge is to be used in the common cause; forget that the support we receive from the so-called masses may be returned only in kind. Thus a great temptation, the temptation of talent, faces all persons of ability and training. And succumbing to this temptation is the special curse of college graduates.

Our personal responsibility in this connection is clear. We must think of our gifts as being in trust. We must become the masters of our specialties, and not the servants. We must teach ourselves to be capable and cultivated human beings, people who accept the privilege and responsibility of living in the bigger world as well as in the smaller.

This is not an easy job, but neither is it impossible. Certainly it is truly a challenge for a life-time.

ASK FOR MRS. BROWN

Letters To Editor

Dear Sir,

I realize this has been a long standing gripe at the university; I mean chaperones. I tried this morning for quite sometime to contact an instructor who would be willing to chaperone an intermission party this Friday night. As usual it took a great deal of walking and opening of doors. But the result was different, this time there were none to be had.

Now I realize that the existing social regulations cannot at the present be in any way drastically altered—that is not what I want. I would just like to see the day when chaperones would not be such a hurdle in the path of any group that wants to have any kind of a social event.

I am of the opinion that many instructors would like to chaperone a house party now and then; however, most students are limited in their acquaintances among the faculty, and it is impossible to ask someone that you don't even know.

I think that much could be gained if some agency of the university, S. G. A., I. F. C., the dean's office, or someone could set a chaperone "bureau." Here instructors could file at the beginning of the year letters stating whether they at any time during the year would like to chaperone a house party. It would simplify things a great deal.

Second. Why is it that the university requires only one couple of chaperones at a dormitory party and two couples at a fraternity party? Couldn't this be a little more equal?

Much could be done to improve the social atmosphere if things were a little more equal. We have proved many times that we can accept responsibility; why not give us some?

Last, it would help a great deal if the university could try not to schedule events for the faculty on the same nights that the students are having their big affairs. I don't mean to imply that this is done intentionally, but it has happened twice this year, at I. F. Weekend and now at the Christmas Dance. Perhaps we were at fault when we set the date for the dance, but nevertheless it would help a great deal if there were closer scheduling between the students and the university.

These are a few suggestions. I hope that no one takes offense, but "where the shoe fits, wear it."

Dave Menser.

Christmas Dance

(Continued from Page 1)

man. Chairman of the general labor committee is Stan Lowicki.

A featured part of the decorations will be the mural, 40 x 12, which will be placed behind the band stand.

This mural depicts a snowy winter evening in the park. Skaters glide gracefully over the ice, and an amorous couple stop for a moment on a convenient bench.

Rob Wilson sketched the entire scene, and Gussie Evans, Carolyn Phillips, Barbara Cubberly, Barbara Shank, Pat Metzler and Karen Venetian painted it.

Music will be provided by Bill Davies and his orchestra. The Dixieland band, a feature of the Davies organization, will present a short dixieland show before intermission.

Chaperones for the dance will be Dr. and Mrs. W. A. Pemberton and Mr. and Mrs. J. Robert King. The rest of the faculty is also cordially invited to attend.

Tickets, which are on sale at \$3.00 per couple, may be purchased in the basement of the library or at the door. The dance will last from 9 to 1 p.m., and it is formal.

NOTICE

Fraternity and Senior proofs must be returned to the Blue Hen office from December 10 through December 16.

Merry Christmas

A Holiday Note

To attempt to give an inspiring Christmas message is somewhat futile, with a passage by Tennyson featured on page one. To express a message of good cheer is an entirely different matter.

With the Christmas holidays a mere week away from our date of publication, we of the Review Staff wish the entire university community a very merry Christmas.

To many the vacation offers the opportunity to let responsibilities cease and remain in a pleasant state of dormancy for a couple weeks.

Washington Irving, in his book, *The Alhambra*, said, "There are two classes of people to whom life seems one long holiday—the very rich and the very poor; one, because they need do nothing; the other, because they have nothing to do . . ."

College students need not fall into either of these two categories, for the Yuletide, by its very nature, offers a multitude of opportunities for those who accept them.

If we chose to consider the word "giving" in a sense other than the commercial sense, we can advance the movement, which unfortunately is stressed but once a year, of furthering "peace on earth and good will toward men."

W. G. D.

'Neath The Arches

By Spen Hedger and Dave Menser

As the spirit of Christmas grows stronger and stronger, the general reaction here on campus has been to organize party after party.

Speaking of peace, we all wonder how much peace will be left for

Sociology Group Visits Settlements

More than twenty students visited the Peoples Settlement House and The Kingswood Community Center yesterday, December 10. This trip was sponsored by the Sociology Club as its first fall activity.

The club first visited the Peoples Settlement House at 408 E. Eighth Street. This organization, founded in 1901, has a long history of promoting social welfare, including a program of recreation and guidance.

The other organization visited by the club was the Kingswood Community Center. The Kingswood Center operates a co-operative house and sponsors neighborhood recreational and health programs. A coffee break was taken at the Walnut Street YMCA.

At the centers the students met the directors and observed them working. Both of these centers have been a valuable asset to the people living in the respective communities.

Four Students

(Continued from Page 1)

and the Review. Singing at the creche will succeed last year's procedure of caroling around the Christmas tree.

Mr. and Mrs. Charles A. Jacot will be host to the carolers in the basement of Brown Hall after the singing. Students, faculty and townspeople are invited to take part in the program.

Paul Mueller. We heard that Paul has given up his fraternity pin to his selected Marian McClellan. Hearty cheers of congratulations go to the new pair.

Also on Saturday night other activities were taking place. Our noble debate and basketball teams left the Delaware climate for a mutual invasion of Philadelphia. The debate team went to Temple University for a novice tournament of verbal wrestling, while the basketballers took on the Ivy League Champs from Penn. Seen among the huge crowd viewing the basketball game were John Tully, Bill Annonio, Shirley Thomas, Bobbie Holmes, and Barbara Taylor.

There was a good representation of the student body at the E-52 production of "The Importance of Being Earnest." After the play, many became entangled with the crowd at Frenchtown. Seen in such a position were Billy Keen and Jean Hayes, Dick Saunders and Barbara Smith, Gill Farrow and Cynnie Fiery, and a host of Delts.

The remainder of the cars were filled with members of the cast and crews of the play itself. At the breakneck speed of a funeral procession the group made its way to Diggers' Dell, summer home of the Mealeys. Shortly after arrival, the hot dogs were simmering in the pot while others were simmering all over the place. Songs floated on smokey air as Harkins and Allen tickled the piano keys, while Hedger made a guitar do all sorts of tricks heretofore unheard of. Gathered about the roaring fireplace were Barbara Miruk, Connie Goodman, Bill Scott, Tony Mitchell, Liz Parkhill, Nancy Allen, guest Bill Hearn, and a host of others . . . needless to add, everyone had a good time.

To continue our thumbnail sketches of the physical education department, we have chosen Miss Della Durant this week.

Miss Durant attended Russell Sage College in Troy, New York, where she received her Bachelor's Degree. After graduation she taught at Beard School in Orange, New Jersey for one year. She then came to the University of Delaware where she has been teaching for three years.

When asked what her favorite sports are, she replied that basketball and tennis are her favorites, although she does not prefer any particular one over the other. Her hobbies are dancing and bridge, the latter of which she is an ardent fan, even though some of her students are able to beat her in the game.

Besides her work with the physical education classes, she sponsors the newly formed Fencing Club on campus and assists with all WAA activities. She is very much interested in camp work and spends her summers as a counselor and instructor in various camps.

When asked about her plans for the future, she replied that she is going to continue teaching, and that she expects to get her Master's Degree sometime in the future.

Conference

(Continued from Page 3)
ty colleges and universities in the U. S., Canada and the Philippine Islands. The conference was held at West Point under the sponsorship of the West Point Debate Council and Forum and the Carnegie Corporation of New York.

While at the Academy, the visiting students were given an opportunity to tour the post and inspect the facilities of the academic departments. The conference officially ended on Saturday afternoon, but the students were invited to remain over the weekend and attend the formal cadet hop on Saturday evening.

For A Carton Of Chesterfields

Pictured here is a University of Delaware senior approximately seventeen years before he became a U. of D. senior. The correct identification of this person will reward three winners one carton of Chesterfield cigarettes each.

The only available clues to this person's identity are the facts that he is a fraternity man and is engaged in numerous campus activities.

Ted Zutz, campus Chesterfield representative, is conducting a three-week contest with a different unknown student being featured each week. A box will be placed in front of the Review office for the answers. These answers must be written on the backs of wrappers of Chesterfield cigarettes and must be placed in the box before Monday night, 7 p.m., following the publication of the paper.

The winners of each week's contest will be announced in the successive issue of the Review.

THE DU PONT DIGEST

Production Supervision

Requires Knowledge of Materials, Machines, and Men

Wm W. Kinsley, M.S. in M.E., Penn. State 1949 (left), production supervisor in Du Pont textile fiber plant, is introduced to new operator by foreman.

Keeping production rolling in a modern industrial plant is a job that appeals to men trained in many branches of science and engineering. If you are looking for opportunities in this field, you won't have to look far at Du Pont, where more than 1,500 members of the technical staff are engaged in production supervision.

To qualify, a man must be able to understand both the mechanical and chemical phases of production. In addition, he should be a good planner and, above all, have a knack for working with others.

Production supervisors are responsible for care of plant facilities, supply of raw materials, supervision of operation and maintenance, cost and shipment of finished products, as well

as personnel relations, training and safety.

Since Du Pont makes over 1,200 products and product lines, it can offer many opportunities in a wide variety of operations to men interested in production supervision. In Du Pont's Organic Chemicals Department, for example, most technical men start in plant development groups, where they gain a background in both the technical and economic aspects of manufacture. Those with interests and abilities in production may then transfer to that field to acquire further, and more detailed, experience. Advancement leads to jobs as Building Supervisor, Senior and Chief Supervisors, and Superintendent.

The responsibilities of these supervisory levels vary, depending upon

George B. Bradshaw, Jr., B.S. Ch. E., M.I.T., Asst. Supt., inspects a unit used in ammonia synthesis operation.

the men, the operation, and the products.

For example, in manufacturing dyes, up to 50 different operations may be carried out. Production and maintenance must be carefully planned and scheduled so that all needs for finished product are met. Temperature, pressure, and quality of reactants must be carefully controlled to insure that each batch of dye will match previous batches exactly.

In making each color, from 6 to 10 different unit processes may be called upon. And, in the course of time, all the unit operations known to chemical engineering come into play. Obviously, production supervisors have excellent opportunities to use and expand their technical knowledge and ingenuity. Equally important, they can acquire background and varied experience that prepare them for advancement to responsible positions in management and administration.

ASK FOR "Chemical Engineers at Du Pont." New illustrated booklet describes initial assignments, training and paths of promotion. Just send post card to E. I. du Pont de Nemours & Co. (Inc.), 2521 Nemours Building, Wilmington, Delaware. Also available: "Du Pont Company and the College Graduate" & "Mechanical Engineers at Du Pont."

The Armchair Umpire

By CHARLES WILLIS

Coach Fred Emmerson's Blue Hen five, sporting a 1-1 record as of this writing, tangles with Lehigh tomorrow night and Rutgers next Wednesday evening before journeying to Hempstead, N. Y., December 26, for the third annual Hostra College Christmas Invitation Basketball Tournament. Both the Lehigh and Rutgers contests will be played on the opposing teams' courts. Coach Emmerson has inserted Don Miller, fresh from the football wars, and sophomore Bob Messick into starting guard positions in an attempt to get a little more backcourt speed and playmaking ability in the starting five. Captain Frank White has been doing most of the scoring and rebounding for the Hens. Sophomores Bob Hart and Jim Kinch are developing quickly and should be able to lift some of the scoring load from White.

Varsity wrestling was the main attraction in Carpenter Field House last Saturday afternoon. Although the Blue and Gold were on the short end of a 31-5 score to an experienced Lafayette squad, Coach Burnham has the nucleus for a winning season. Dale Boyd, outstanding sophomore 123 pound grappler, continued his winning ways by pinning his "Leopard" opponent after piling up an 8-1 point lead. Football captain Johnny Borresen made his debut in the heavyweight class — much to the delight of the onlookers. His aggressive tactics (head-on tackle) provided the crowd with more excitement than did some of the other matches. Bill McCafferty in the 137 pound class and Bruce White in the 157 pound class performed well in their initial varsity appearances.

Short stuff:

Shack Martin, former baseball coach and backfield coach for the football team from 1941 until 1952, was back on campus this past Tuesday renewing acquaintances.

Dale Boyd Continues His Winning Streak As Lafayette Defeats Delaware Wrestlers

Glen Holland (on top), veteran 167 pounder, is pictured during his rugged match with Orlainn of the Leopards last Saturday. Holland dropped a close 3-2 decision.

Sophomore sensation Dale Boyd kept his college wrestling record unblemished, as he scored his seventh consecutive pin over two years, but otherwise it was a blue afternoon last Saturday as a strong Lafayette mat squad scored seven straight victories after Boyd's win to smother Delaware 31-5.

Boyd started the Hens off on the right foot by pinning the Leopard's Wagner in the second period, but then the roof fell in. Actually things could have been different, but the breaks went the other way.

Tommy Bratton worked well but fell victim to a pin by defending M. A. C. 130 lb. champion Ken Snyder, and a match later co-capt. Jerry Angulo was on his way to a victory when a head collision reopened a large gash over his eye which he suffered last year. Angulo was forced to retire and forfeit his match.

Bruce White, last year's inter-mural 157 pound champ, looked like a real veteran in the opening period, only to be caught in a pinning combination midway through the second; and then Gene Holland, definitely a better grappler than his adversary Chuck Oramm of Lafayette, literally "ran out of gas" and dropped a one point decision.

It just wasn't the day for co-capt. Vince Stallone either, as he had Lafayette's Fred Braun pinned only to have the ref call it off the mat. A few minutes later Braun reversed the situation, and it was all over.

The heavyweight match saw the Leopard's Ron Brucker decision the Hens' Johnny Borresen in an exciting match.

The Hens will aim to even their season's record tomorrow in Carpenter Field House when they're host to Haverford.

Blue Hen Of The Week

With the basketball season now in full swing, the Review's nomination for the Blue Hen of the Week is basketball captain Frank White. If you witnessed Delaware's victory over Washington College last week, you could not help but see the outstanding play of Frank. He was also leading scorer against Penn last Saturday.

This 6'4" athlete from Wilmington, who is a business major, began his sports career with three years of varsity basketball, one as captain, and one year of baseball for P. S. du Pont High School. Frank made the all-state basketball team and was voted the outstanding player award in the state junior basketball tournament during his senior year. While still in high school, Frank won the state junior division singles tennis championship for four consecutive years.

At Delaware he was made captain of the freshman basketball and tennis teams. Moving to the varsity squads as a sophomore, he helped spark the basketball team to two Southern Division Middle Atlantic Conference Championships. A mainstay on the tennis squad, he was co-captain his junior year and this year is captain again. His college basketball record shows a 15-point per game average in two years of competition and has him rated as 19th in the small colleges of the U. S. for foul shooting averages.

Last winter, Frank was second in running for the Outstanding Athlete of the state, chosen by the Wilmington sportswriters and broadcasters.

Do you want to get ahead in engineering?

Then—after you graduate—join a company that's expanding in fields where big engineering futures lie.

At Boeing you'll find plenty of room to get ahead in such projects—with a future as a major guided missile program . . . research in supersonic flight and nuclear-powered aircraft . . . America's first-announced jet transport . . . and the revolutionary B-47 and B-52 jet bombers.

You'll find Boeing a stable 37-year-old company, that has grown practically continuously. For example, Boeing now employs 6000 engineers in contrast to 3500 at the peak of World War II. And although Boeing is a large concern, it is so organized that each engineer is

an individual who stands out—and progresses—in proportion to his ability.

Boeing is constantly alert to new techniques and materials—and approaches them without limitations. Extensive subcontracting and major procurement programs—directed and controlled by engineers—give you a varied experience and broad contacts with a cross section of American industry. No industry, in fact, matches aviation in offering such a wide range of experience, or breadth of application—from pure research to production design, all going on at once.

Boeing engineering activity is concentrated at Seattle in the Pacific Northwest, and Wichita in the Midwest. These

communities offer a wide variety of recreational opportunities. Both are fresh, modern cities with fine residential and shopping districts, and schools of higher learning where you can study for advanced degrees.

There are openings in ALL branches of engineering (mechanical, civil, electrical, aeronautical, and related fields), for DESIGN, RESEARCH and PRODUCTION. Also for servo-mechanism and electronics designers and analysts, as well as physicists and mathematicians with advanced degrees.

For further information,
consult your Placement Office, or write:

JOHN C. SANDERS, Staff Engineer—Personnel

BOEING

Dan Ford To Captain Hens In 1954 Football Season

Dan Ford, a junior fullback from Pottsville, Pa., has been elected to captain the Blue Hens through the 1954 season. Ford is the first gridiron captain in three years that has not been from the state of New Jersey. The three former garden state captains were Johnny Borresen, Paul Mueller and Johnny DeGasperis.

The 6'2", 194 lb. athlete alternated at the fullback post with Rocky Carzo during the early part of the season, but superior defensive ability moved Ford into the starting slot after the West Chester game. Dan, or Dick Tracy as he is known to his friends, was a top notch performer at Pottsville Catholic High School and was voted the outstanding senior athlete. He was also a participant in the North-South All Star high school game at Ashland, Pa. in 1950.

Individual statistics for this season show that Ford was the third best ground gainer with 194 yards in 47 carries. His 4.1 average gain per carry placed him behind Jim Flynn's 5.8 and Jim Zaiser's 6.1 average. Dan picked up another

57 yds. in catching 6 of 9 pass attempts.

Dan was selected as Blue Hen of the Week on October 23, for his play the previous week against New Hampshire. Against the Wildcats Ford picked up 62 yards and 2 TD's on the ground in 10 carries and gathered in an eight yard aerial from Don Miller for another touchdown.

Captain Ford is also active in extra-curricular activities. He is a member of Theta Chi fraternity, Newman Club, Varsity Club, and he participates in several intramural sports.

Football Schedule Includes Temple For 1954 Season

The University of Delaware Athletic Council has announced a nine-game football schedule for Coach Dave Nelson's Fighting Blue Hens in 1954.

Returning to the schedule for a renewal of a series dating to 1913 is Temple University of Philadelphia. The Owls and Blue Hens have split even in four previous meetings, with Temple taking the last contest, 13-7, in a thriller at Wilmington Park in 1951. The game scheduled for next season will take place on October 9 in Delaware Stadium.

Five games will be played on the Delaware Stadium gridiron while four are listed for foreign fields. The 1954 Homecoming Game has not yet been designated.

The teams and their past seasons' records are:

Sept. 25—West Chester 7-1	H
Oct. 2—Lehigh 4-5	A
9—Temple 4-4-1	H
16—New Hampshire 6-2	A
23—Connecticut 3-4-1	H
30—Muhlenberg 3-5	A
Nov. 6—Gettysburg 8-1	A
13—Lafayette 5-4	H
20—Bucknell 1-8	H

Hoopsters Trip Wash., 59-46; Bow To Pennsylvania, 78-50

Last week the university basketball team managed to struggle their way through two contests. The first with Washington College and the other with Pennsylvania.

The Washington College game was a poorly played one, and the only bright spot of the night was Capt. Frank White's 20 points. Dela-

were opened up a five point lead at the end of the first quarter but was behind 23-20 at the half. Playing somewhat better than they had at first, they managed to build up enough points to hold off a Washington College struggle for a rally, so that at the final whistle it was Delaware 59, Washington College 46.

The other game took place in

Philadelphia at Penn's Palestra. It was Pennsylvania all the way. Delaware held the advantage for only three minutes being ahead
(Continued on Page 10)

Intramural Highlights

Intramural handball competition is now drawing to a close. In the semi-final matches, C. Goldenberg of AEPI won the top bracket by defeating W. Phillips of ATO, and D. Lecrone of KA won the lower bracket by defeating L. Rosenbaum of AEPI. C. Goldenberg and D. Lecrone will battle for the championship.

Intramural ping pong is now underway. Winners of 2nd round matches are:

Brosius defeated Miller; Hopkins defeated Tighman; V. Pollitt defeated Lecrone; Hoopes defeated R. Pollitt; Lewis defeated Myers; Truax defeated Schupp; Hughes defeated Goldenberg; Brown defeated White; Wortz defeated Duff; Collings defeated McCarthy; Simpkins defeated Tolsey; Sharp defeated McKinley; Hottheinz defeated McElroy; Kelleher defeated Silverman.

Winners of 3rd Round
Brosius defeated Hopkins; Lewis defeated Truax; Collins defeated Simpkins; Hottheinz defeated Sharp.
Winners of 4th Round
Hottheinz defeated Collings.

LATEST COLLEGE SURVEY SHOWS LUCKIES LEAD AGAIN

She hoped that he'd propose by mail,
And when she got his letter,
All he wrote upon the note
Was: "Luckies taste much better!"

Hyman Levy
C. C. N. Y.

Last year a survey of leading colleges throughout the country showed that smokers in those colleges preferred Luckies to any other cigarette.

This year another far more extensive and comprehensive survey—supervised by college professors and based on more than 31,000 actual student interviews—shows that Luckies lead again over all other brands, regular or king size...and by a wide margin! The No. 1 reason: Luckies taste better.

Smoking enjoyment is all a matter of taste, and the fact of the matter is Luckies taste better—first, because L.S./M.F.T.—Lucky Strike means fine tobacco. And second, Luckies are made better to taste better. So, Be Happy—Go Lucky!

To make a hit at Christmas time,
And really spread good cheer,
Give all your friends that smoother smoke—
Give Lucky Strike this year.

Frank G. Wylie
Kansas State College

She's got a red convertible
And flashy diamond rings,
Smokes fresher, smoother Luckies, too—
She likes the best of things!

Fred D. Mitchell, Jr.
University of Texas

Where's your jingle?

It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.

Fraternally Speaking: The Greeks...

Phi Kappa Tau

Thanks, to all the brothers who worked so hard to bring the cheerleader's Trophy to Phi Tau. Special thanks to **Fred Pullinger** for the time and effort he put forth.

Congratulations to **Bill West** who presented his Phi Tau pin to **Miss Pat Harbold**.

John McLaughlin ended a successful soccer season and was elected co-captain of next year's team. He led the team in goals.

Intramural basketball has started with coach **John Siczka** reporting a victory over ATO and a loss to Theta Chi so far.

Dan Strecker did a swell job on the set for "The Importance of Being Earnest."

Our Annual Orphan's Party was held on Tuesday night with refreshments at the house and a trip to the Delaware-Johns Hopkins basketball game.

Sigma Phi Epsilon

The Sig Eps migrated en masse to the Palestra in Philadelphia to watch the Delaware vs. Penn clash. Hats off to the hoopsters for a valiant effort. After the game the guys and dolls adjourned to the home of **Brother Ray Hoopes** for refreshments and dancing. All left with light heads and full stomachs. Among the party-goers were **Bill Reybold** and **Marianne Reinke**, **Roger Fouracre** and **Joan Frazer**, and **Don Williamson** and **Estelle Ryan**. **Bobby Brown** and **Dee Dobson** were also present, but their escorts were incognito. Our thanks are humbly extended to **Mrs. Hoopes** for a swell spread.

The house is patiently awaiting the arrival of Santa Claus, who is to appear Tuesday, December 15, in benefit of the underprivileged children of Newark who will be the guests of Sig Ep. From the looks of our parlor floor the kids better hurry if they intend to find the toys. It seems that some of the brothers are returning to their second childhood.

The Christmas dance Friday night gives us reason to open our doors for an intermission party. See you all then.

Delta Tau Delta

Last Saturday night the number of residents at the Shelter was raised from twenty-five to twenty-seven. Accompanying **Wendy Wheatley** from a hunting expedition down state were two tiny infant muskrats. In spite of loud cries of protest from house manager **Jack Pollock**, **Karl Buretz** and **Bob Wagner** decided to take them in, providing them with free room and board. **Karl** spends more time figuring out a scientific diet than most Brothers think they are worth. Maybe we'll have a pair of new mascots around the house.

Even though **Brother Bob Wilson's** birthday was last Monday, he was rather reluctant to receive the nineteen "gifts" presented by the Brothers. Although his reluctance was strong, he finally got them in the end.

Last Thursday afternoon, **Brothers Day** and **Beh** took off from Newark airport headed for the Eastern Division Conference of the Delta Tau Delta fraternity in Toronto, Ontario. There they met with chapter representatives from all over the East to discuss fraternity problems. We're sure, however,

that the boys were able to squeeze in a little fun on the trip — in fact, we heard there were some twenty excess girls floating around the area until the Delaware boys arrived.

On Sunday afternoon we welcomed a distinguished guest here, **Gordon Jones**, executive veep of the national fraternity. **Gordon** stayed here and observed Delta Upsilon work till Tuesday when he moved to the Maryland chapter.

Alpha Epsilon Pi

The Brothers of our house, 'tis said, Once ate in solemn bliss before The gentle steward learned to dread

Rebukes cast by the hungry hoard.

"Too well cooked!" they cried aloud

"The meal's too hard, too brown, too done."

While in the murmur of the crowd Is heard, "The cooking's just begun."

"I don't eat this, and I don't eat that,

This is too soft, and that too hard,

This is too lean and that too fat, I couldn't do worse, eating in the yard."

And so beneath the angry mob's Wounding remarks, our steward fell.

"I do give up," said he, "this job's Not meant for man nor beast nor hell."

But from the throngs a hero 'rose, Took up the reign, turned back the mob.

He was a knight, a wind that blows, He was a king . . . he was a Schwab.

So now a calm, a still, entraps The walls of our small humble house.

A calm before the storm, perhaps, I hear the kitchen has a mouse.

Theta Chi

Tomorrow night the new OX will be formally unveiled at an open house party. Entertainment will be furnished by "Moose" Monaco and his Fabulous Five.

Congratulations to **Paul Mueller** who pinned **Marion McClellan**, and to **Stan Wojciechowski** who pinned **Mary Jo Hannagan**. Way to go, brothers!

Dea DiSabitino and **Frank Gyetvan** were hosts at a swell party enjoyed by many of the brothers and dates Saturday night. Among those living it up were **Dan** and **Jody**; **Gordy** and **Nicky Ewell**, **Jim Myer** and **Margie**, **John Allen** and **Shirley**, **Paul** and **Marion**, and **Tom Fannon** and **Janet**.

Theta Chi's intramural hoopsters out to recapture the championship lost last year got off on the right foot trouncing Phi Tau 61-37. The club is made up of **Jim Meyer**, **Tom Oves**, **Gordy Murray**, **Frank Gyetvan**, **Dan Ford**, **Warren Allen**, **Bob Hooper** and **Tom Fannon** who all played a good game. **Meyer** led the scorers with 22 markers while **Oves** had 11.

A lot of credit for the work done getting the house ready should go to **Ron Nagle** and **Tom Oves**.

Congratulations to brother **Dan Ford**, recently elected football captain for 1954. All the brothers and **Jody** are looking forward to

an undefeated campaign under **Dan's** leadership.

Don't forget the grand opening of Theta Chi's new house open to all tomorrow night!

Alpha Tau Omega

Last Saturday night a large number of brothers went up to the Delaware-Penn game. Those going included **Art Holveck** and **Jackie**

Vinyard, **Bill Phillips** and **Julie Richardson**, **Don Rittenhouse** and **Faye Meredith**, and **Tom Hopkins** and **Faye Crewe**. Some of the stags included **Stan Crewe**, **Dean Steele**, **Bob Jamison**, **Jim Ehler**, and **Reds Pollitt**. Although we lost the tilt, the evening was not an entire loss because we attended a party at our Penn Tau chapter. That was a party what was a party!

This germanium refining method keeps impurities down to less than 5 parts in a billion

In this refining apparatus, at Western Electric's Allentown, Pa. plant, germanium is passing through multiple heating zones in tandem, producing a bar containing impurities of less than 5 parts in a billion for use in transistors. Note heating coils on the horizontal quartz tube.

A new method of metal refining, currently in use at the Western Electric plant at Allentown, results in the production of germanium that is better than 99.9999995% pure — the highest degree of purity ever attained in a manufactured product.

The need for germanium of such exceptional purity came about when research by Bell Telephone Laboratories in the field of semi-conductors led to the development of transistors, which are manufactured by Western Electric.

The transistor is a tiny crystal device which can amplify and oscillate. It reduces space requirements and power consumption to a minimum.

Germanium crystals of the size required in transistors do not occur in nature; they are artificially grown at Western Electric. At this stage in transis-

Various forms which germanium takes before being used in transistors are shown in this photo. Bar at top is an ingot of germanium after reduction from germanium dioxide. Next is shown the germanium ingot after the zone refining process used by Western Electric. Below the ingots are shown 3 germanium crystals grown by machine, 6 slices cut from these crystals, and several hundred germanium wafers ready for assembly into transistors.

Manufacturing plants in Chicago, Ill. • Kearny, N. J. • Baltimore, Md. • Indianapolis, Ind. • Allentown & Laureldale, Pa. • Burlington, Greensboro & Winston-Salem, N. C. • Buffalo, N. Y. • Haverhill & Lawrence, Mass. • Lincoln, Neb. • St. Paul & Duluth, Minn. Distributing Centers in 29 cities and Installation headquarters in 15 cities. Company headquarters, 195 Broadway, New York City.

It took us back to the great prohibition days.

ATO split its first two basketball games, topping the Deltas 36-28 and dropping a squeaker to Phi Tau 43-39.

Flash of the week: **Art Holveck** failed to pass his "link trainer" test.

Congratulations to **Bill Harkins** and the entire cast of "The Importance of Being Earnest" for a fine performance.

A UNIT OF THE BELL SYSTEM SINCE 1882

(Continued from Page 9)

Sigma Nu

Bob Green and Tom Hopkins were invited to Penn State last week-end; they discovered what the true meaning of "Fraternity House Party" is since the Nittany Lion's social life was in full swing.

Brothers Bill Reed, Ken Edwards, Tom Bratton, Jim Flynn, Jack Miller, plus a few others journeyed to the University of Pennsylvania to witness our basketball game. Although they were disappointed with the game's re-

sult, the many house parties which they attended after the game put them into high spirits.

However, Pennsylvania didn't attract all the brothers, many congregated at the Cedar Inn; included among them were Clark Carbaugh, Pete Brosius, Dave Tait and Ed White.

Congratulations to Brother Dale Boyd for his scoring the only victory for the wrestling team last Saturday against Lafayette.

Kappa Alpha

We entertained our Knight Commander Howard Locke, who along with other distinguished alumni formed an alumni chapter. Young alumni Gorman, Gause and Vanneman, returned, journeyed uptown and vehemently endeavor-

ed to regain their capacities of glorious former years.

Dave Locrone captured the intramural handball championship on Monday afternoon. Everyone noticed that he was two shades darker after the strenuous exercise. There have been many tough and tiresome games throughout the season, but the hard work paid off.

Other athletic events included a novelty at the house, that being the Pygmy basketball team. Although they are quite short, they are rugged individuals. Team consists of: Neil Thomas, Gil Farrow, Charlie Ingram, Bill Wood, Dan Mitchell, Dave Locrone, and Ed Ralph. Wait until wrestling season, there might be a tag-team match.

Many of the members are now spending their free time completing renovations on the alumni room, painting the halls and tiling the shower. A great deal of the more tedious work has been done by Dr. Lewis. We greatly appreciate his help.

Basketball

(Continued from Page 8)

5-4; then Penn went on a scoring spree, and Delaware never recovered until the final quarter when they outscored Penn's substitutes 19-15.

Frank White again was forced into trying to carry the entire load himself, as he got hardly any support. Delaware just couldn't get going, and when Penn solved the zone defense thrown up by Delaware, they pulled ahead rapidly near the end of the first quarter. The score at the half was Penn 63 to Delaware 31.

Coach Emmerson tried all sorts of substitutions, but no combination seemed to do the trick as Dick Heylman and Joe Sturgis kept

piling on the pressure. In the final period Don Miller showed some sparkle by getting nine rebounds, and Bob Messick sank a couple of lay-in shots that gave the good turnout of Delaware fans something to cheer about, but aside from that only an occasional score by Jack Waddington or Dallas Green halted the Penn point spree.

When Frank White fouled out with one minute and nine seconds left in the third quarter, he had 12 points, the most scored by a Delaware player in the game.

Bob Hart grabbed 10 rebounds which was more than any other player on the court could do, but this made little difference to the outcome. Penn made 30 of 82 shots which isn't spectacular, but Delaware made only 17 of 54.

YOUNG AMERICA GOES CHESTERFIELD

FOR THE FIFTH STRAIGHT YEAR CHESTERFIELD

IS THE LARGEST SELLING CIGARETTE
IN AMERICA'S COLLEGES...

by a 1953 survey audit of actual sales in more than 800 college co-ops and campus stores from coast to coast. Yes, for the fifth straight year Chesterfield is the college favorite.

CHESTERFIELD IS THE ONLY
CIGARETTE EVER TO GIVE YOU PROOF
OF HIGHEST QUALITY—LOW NICOTINE

- Change to Chesterfield today — get smoking pleasure all the way!

"At the colleges and wherever we play, I find more and more young men and women going for Chesterfield."

Ray Anthony

CHESTERFIELD

BEST FOR YOU
