Flower Hospital Marks Anniversary November 11

FIRST PLAY THURSDAY

Present Initial
E-52 Group To
Drama Of Year

The eighth season of the E-52 Players, University of Delaware dramatic organization, will be officially opened next Thursday night, November 11, when the group will present its first production of the college year, "Mrs. Moonlight."

The Players' initial vehicle is the story of a woman who remained always young and beautiful. As Mrs. Moonlight, Miss Edith Counihan, frightened at her strange quality of eternal youth, allows her family to believe her dead. After years of absence, she returns to her daughter and later still to her grandson, always as girlish and lively as when she was 18.

Although a new-comer to college dramatics, Miss Counihan is not entirely inexperienced in acting. Besides receiving several prizes for her work in inter-college high school declamation contests, she had the feminine lead in Newark High School's senior play last spring, "Boomerang."

Other members of the cast of "Mrs. Moonlight" are Herbert Warburton, Sybil Keil, Helen Adams, Joseph Tatnall, William Whedbee and Joseph First. Understudies include Ralph Margolin, Thomas Warren, Mina Price, Betty Grimm, Eleanor Robbins and Barbara Hutchins.

Members of the production staff are: Helen Black and Annette Howes, property and costume; Thomas Warren, stage manager; Dorothy Counihan, makeup; Betty Jane Hammond, scenery; Kenneth Steelman, lighting; Margaret Smith, publicity; and Thomas J. Healy, business manager.

Dr. C. R. Kase is the supervising director of the play while Miss E. Jeanne Davis is the student supervisor.

Plans for work for the next few months were discussed. A covered dish supper will be held in the Legion Room, Academy Building, on November 11, after which an Armistice Day program will be presented.

A Christmas party will be staged for the juniors on December 6, while a county meeting is planned for February.

Both the American Legion Post and the Auxiliary unit have been invited to attend a service Sunday evening in St. Stephen's Lutheran Church, Wilmington. Rev. Park W. Huntington, past national chaplain of the Legion, is pastor of the church and will be in charge of the meeting.

Donations To Be Received By Institution

During the week of November 11, the Flower Hospital will celebrate its eleventh anniversary. Contrary to the custom established in former years, collections of donations will not be made in a house-to-house canvass by committee workers.

A plea is being sounded, however, for donations of money, foodstuffs, bedding and other supplies to be left at the hospital.

Cooperating with the idea, the Council of Newark is forwarding the following notice with all bills for electricity.

To Continue Work
"During the week of November 11, the Flower Hospital will celebrate its eleventh anniversary. In order that the people of Newark may express to the management of this institution their appreciation of the services rendered to the people of Newark through this hospital, we are inviting you to contribute toward the support of this institution."

Your donation may be money, food or hospital supplies. Your support at this time will greatly assist the management of this institution in the continuation of the charitable work that has been rendered in the past eleven years by the Flower Hospital.

Sister Is Veteran
Miss Dorothy Counihan, who has also been assigned an important part, may now be considered a veteran actress, having taken part in university dramatics since her freshman year. She was in the casts of "The Green Cockatoo," "Peer Gynt," "Fly Away Home," and "A School For Husbands," all outstanding college productions.

Other members of the cast of "Mrs. Moonlight" are Herbert Warburton, Sybil Keil, Helen Adams, Joseph Tatnall, William Whedbee and Joseph First. Understudies include Ralph Margolin, Thomas Warren, Mina Price, Betty Grimm, Eleanor Robbins and Barbara Hutchins.

Mayor Frank Collins

COLLINS SOUNDS APPEAL

Mayor Issues Proclamation For Red Cross

Following a time-honored custom of opening Red Cross drives in Newark, Mayor Frank Collins issued a proclamation this week appealing to local residents for their support both as workers and contributors. The drive opens on Armistice Day and will continue until Thanksgiving.

In his proclamation, Mayor Collins stated: "Once again the time has come for maintaining a very necessary part of our civic welfare program—the work maintained by the Delaware Chapter of the American Red Cross."

Vital Contribution
"It is not necessary for me to remind citizens of our community that the work of the Red Cross is a vital contribution to the community welfare. We have all seen, during the past year, how effective Red Cross work is, both from the standpoint of the year-round program and that done during times of great national emergency. Perhaps never before has the work of this great national agency been so universally endorsed as in this year during the gigantic relief operations in the devastated River Valleys. It was a great work, done in an efficient manner, and truly deserves our most sincere commendation."

"Our community, I am pleased to say, carried its full share of the responsibility for running this great work, possible, through contributions of our citizens."

Little Is Asked
"The annual roll call of the Red Cross, through which such fine work is supported, is from November 11 to Thanksgiving Day. Memberships enrolled during that time will support the work for the year ahead of us. The Red Cross asks little from the community, yet contributes much to the general welfare of our people."

"It gives me great pleasure, as Mayor of Newark, to set aside the designated period as the time when all members will be asked to renew their memberships and those who have not enrolled before are urged to add their names to the ranks of the Red Cross members in our community."

Mrs. Walter Hultihen, president of the Newark branch of the Delaware Chapter, is chairman of the local drive.

Armistice Day Services
At Presbyterian Church
Armistice Day memories will be revived at the morning service to be conducted by Rev. H. E. Hallinan in the First Presbyterian Church of Newark, Sunday at 11 o'clock.

Members of the J. Allison O'Daniel Post, No. 10, American Legion, the Auxiliary and members of the Junior organizations will be guests and participants in the service. Appropriate music will be rendered by the choir.

In the evening at 7:30 o'clock, the Junior Choir will sing. Betty Karr, Fair Hill, Md., has been invited as guest soloist. Special music will be furnished by the Juniors and a serenade by Rev. Hallinan.

Play To Be Offered
At Newark Church
A comedy, "Aaron Slick from Pumkin Creek," will be presented in the social hall of the Newark M. E. Church on Tuesday evening, November 16, at 8 o'clock.

Members of Mt. Lebanon M. E. Church will present the comedy.

200 ATTEND SESSION OF LOCAL P.T.A.

Mrs. M. P. Northam Guest Speaker Of Newark Group

Mrs. M. P. Northam, president of the Delaware Congress of Parents and Teachers, spoke before an open session of the Newark P.T.A. on Thursday in the high school auditorium. Paul Lovett, chairman of the program committee, presented the guest speaker to more than 200 people gathered for the session.

Mrs. Northam brought to the assembly a clear and wide vision of the association's work, pointing out the urgent need of the closest understanding and sympathy between home and the school in order that both parents and teachers may do the best for the welfare of the children.

Teachers Responsible
"The methods used are the responsibility of the teachers, since they are trained in these," Mrs. Northam declared, "but it is just as necessary that the teachers be familiar with the home life and problems of the parents, since these will invariably be reflected in the school work done by the child."

The speaker pointed out that the children of today are the population of tomorrow, and as citizens they will then reflect the conditions with which we surround them now, in home, school and community. She closed with a plea that careful consideration to the community influence be given and spoke of the almost universal lack of any attempt at providing properly supervised opportunity for recreation in communities of the state.

"Young people need such opportunities in making proper social adjustments and it is the duty of a modern community to see to it that these opportunities may be had in a proper atmosphere."

At the business session preceding the address, Mrs. J. Fenton Daugherty, reporting for the health committee, told of the scope of the work of that group. Valuable steps have been taken and work for the future is well planned.

Pool Project Pays
Ralph O'Connell, reporting on the swimming pool project undertaken last summer, presented an itemized financial statement and reported a surplus of nearly \$50. This amount was voted to be kept intact and used as a beginning for next year's activities.

At this point, Dr. J. S. Gould, president of the organization, pointed out that this activity was purely a P.T.A. project. Sponsored by that group, its success was due to the organized efforts of several civic organizations and the personal efforts and financial aid of individuals.

With mothers of children in the fourth grade, assisted by teachers, acting as hostesses, refreshments were served in the rooms used by the home economics department.

If You Missed Aunt Mary's Letter, Don't Get Sore . . .
Postmaster Cyrus E. Rittenhouse, his staff and numerous subscribers of the local postoffice suffered inconvenience on Friday of last week and Tuesday of this week.

Many people expecting mail were disappointed, although service at the office here was conducted in the usual manner. The difficulty arose when a sack of mail, tossed from the Pennsylvania Railroad's train No. 179 which runs through Newark around 11 o'clock every morning on its way to Washington, failed to find its mark last Friday. Instead of falling into a special container built along the tracks, the sack tumbled under the train and a great deal of its contents was ground to bits.

Happening once was bad enough, but when the same thing was repeated Tuesday morning, Postmaster Rittenhouse was fit to be tied. A long search on both occasions served to recover a great deal of mail that had been scattered for miles in ditches and nearby fields.

A lot of letters, a package of cheese and other matter recovered are beyond ordinary means of identification and Postmaster Rittenhouse would like to dispose of it. If Aunt Mary's letter failed to arrive, don't get sore at the old girl, maybe it's in pieces at the Newark postoffice—beyond recognition.

Mr. Hawkins has sung on the radio, in opera and as soloist with the Philadelphia orchestra. Mr. Schulman began studying the violin at the age of six. He has received several prizes and scholarships and has appeared as soloist with the Brooklyn Little Symphony orchestra.

Johnson Reviews Work By Council; Seeks Lights

Lions Told Of Improvements; To Buy Glasses

"If the Lions Club wishes to cooperate in Community Betterment a deeper interest in who represents them in Council is necessary. Men with ideals and the courage to back them are needed in Council," were the closing words in a lengthy report filed by Councilman C. Emerson Johnson before the local service organization at the Newark Country Club Tuesday evening.

Johnson, expressing his opinion as an individual, "not as a councilman," reported as chairman of the Lions' committee on community betterment.

As a member of the Lions Club and the Council of Newark, I appreciate this opportunity to outline the accomplishments of the town's governing body over the last of the years and to set forth some of the things I hope to see attained by way of civic improvements in the near future," Johnson stated in opening his report.

Praised Methods
Holding nothing but praise for the systematic method of handling the town's affairs, whereby taxes have been reduced, outstanding debts paid and the bonded indebtedness almost eliminated, he added, "There is hope that within the near future we shall be able to liquidate our whole indebtedness and that the citizens of Newark will be in the unique and satisfactory position of being one of the few communities in the United States free of debt."

Johnson also spoke of the \$30,783 worth of street improvements made during the last five years at no added cost to the taxpayers. He explained the workings of the water department and the improvements which have been made in the town's system of mains as increased fire protection.

Suggestions Made
By way of future improvements, Johnson stated, "With a natural increase in population and an anticipated one through the possible locating of new industrial plants in or near Newark, the town will require a more modern and extensive business section, if we hope to retain our share of retail trading."

Main Street, for instance, will have to be equipped with a new lighting system, consisting of standards and underground wiring. The unsightly poles that disgrace Main Street at present will have to be removed," he said.

A parking lot will have to be provided as a means of eliminating the present congestion on Main Street. People, especially women, can then drive to the center of town without fear of unnecessary hazards that exist in traffic such as are found today. Double parking must be eliminated entirely."

Aid To Business
"These various improvements will cost between \$15,000 and \$20,000," Johnson estimated. "Main Street should be equipped with better lights at any cost, however. Fully 90 per cent of local businesses are open at night and good lights, with ample parking facilities are necessary for safety."

In closing his report, Johnson pleaded for progressiveness. "I do not mean to swing too far to the liberal side, but, in my opinion, Newark will grow faster, the whole town look better, if a less conservative attitude is taken."

Waples Suggests
Weldon C. Waples, a member of Johnson's committee in the Lions Club, lauded the business methods used in the handling of the town's affairs and suggested that the service group cooperate with Council in every respect. I. Newton Sheaffer, another member of the same committee, also spoke.

Following a joint suggestion by A. E. Tomhave, Lions' secretary, and Edward L. Richards, chairman of the club's welfare committee, it (Please Turn To Page 8)

COUNCIL AGREES TO AID XMAS LIGHTING

Standards To Be Erected At Once; Walks Discussed

Falling in line with the Chamber of Commerce's plan to decorate Main Street with lights at Christmas time, the Council of Newark agreed to support the move at the November meeting Monday night.

J. Earl Dougherty, treasurer of the commerce group, headed a committee consisting of George C. Jackson, president, and William S. Hamilton, chairman of the street lighting division, which appealed for support.

Council agreed to aid with the erection and dismantling of the lights, will furnish extra transformers to care for the added load on the Main Street line, furnish power at cost, and store the lights when not in use.

Body Acted Thursday
A special meeting of the board of directors of the Chamber of Commerce was held last Thursday night, when it was decided to purchase the necessary equipment to light a portion of the central business district on Main Street.

Eleven hundred lights will be strung from Rhodes Drug Store and the State Theatre to Academy Street, and from Center Street to Chapel. Work on the erection of the standards will be started immediately.

Mr. Hamilton's committee is already contacting merchants for financial support, while public contributions are being received by Mr. Dougherty at the Farmers Trust Company.

The lights will probably be turned on for the first time on Saturday, November 27.

Clean-Up Dates Set
Mayor Collins presided at the Council session which was attended by Councilmen George E. Ramsey, George F. Ferguson, Charles C. Hubbert and C. Emerson Johnson. Secretary-Treasurer C. Vernon Steele and Engineer George Cleaver Price were also in attendance.

November 17 and 18 were designated as clean-up days by Mayor Collins.

Steele's financial report showed receipts of \$10,232.71 against expenditures of \$8,096.40 for the month of October. The town's balance on November 1 was \$7,066.20.

Chief of Police William H. Cunningham's report showed 10 arrests during October, with Magistrate Daniel Thompson collecting \$57 in fines from nine cases, and Magistrate Benjamin Eubanks collecting \$10 from the other case.

Wright To Cooperate
Mayor Collins read a letter from C. W. Mumford, assistant of the J. Allison O'Daniel Post, No. 10, American Legion, thanking Council for support given a benefit carnival staged in September.

A request from the Legion to have veterans register for hospitalization at the Council office was granted.

Mayor Collins read a letter from J. Pilling Wright, president of the Continental Diamond Fibre Company, and one of the largest property owners in Newark, agreeing to cooperate with Council's request for the construction of sidewalks along all streets that have been improved with curbs, gutters and hard surfaces.

Mr. Wright suggested, however, that stipulations be laid down for owners of tax-free property to comply with the request the same as owners of taxable land. His letter pointed to a section of the University of Delaware campus on Delaware Avenue as requiring a sidewalk.

Wall Discussed
Councilman Johnson suggested that an additional request be made for university officials to elevate a portion of their sidewalk on South College Avenue, which becomes covered with water during every fall of rain.

It was pointed out that the sidewalk had a natural drainage prior to the building of the new brick wall along the border of the campus. Now, however, rains flood the whole walk from the curb to the base of the wall, making the walk impassable in many places.

Hubert Offers Measures
Councilman Hubert suggested that the eastbound stop for buses at Main and Chapel Street be moved from the east side of the intersection to the west side as a safety measure, and that parking lines be laid on Chapel Street south of Main. He also suggested that a center line as a traffic control be painted the length of Main Street and asked that piles of leaves be moved from "vital sections as quickly as possible."

Engineer Price was ordered to complete the work suggested by Mr. Hubert as soon as possible.

Council meeting was interrupted (Please Turn To Page 5)

SUNDAY SCHOOL LESSON

By Rev. Harold L. Lundquist, Minister of the First Baptist Church, Newark, Delaware.

Lesson for November 7

CHRISTIAN CHARACTER AND PEACE

LESSON TEXT—Colossians 3:12. "Put on the love, which is the bond of perfect knowledge."

PRIMARY TOPIC—In His Name. JUNIOR TOPIC—In His Name. INTERMEDIATE AND SENIOR TOPIC—How May I Have Peace?

YOUNG PEOPLE AND ADULT TOPIC—The Christian Cure for Strife.

Armistice day is but a few days away, a fact which is probably in mind when the title of our lesson was chosen, for while it speaks of "Christian character," it also refers to "peace." But the peace spoken of here is the peace of God which is the result of peace with God and which issues in holy living. The only hope for this world for a real and lasting peace is in the winning of men and women to glad allegiance to the Prince of Peace, our Lord and Saviour, Jesus Christ.

Altogether proper is the close connection in Scripture between the most profound spiritual truth and practical holy living. Whether it be done in a land of enlightenment or in the midst of heathen darkness the teaching of the deep things of God brings forth in the receptive heart an appreciation of a consciousness and hatred of sin and an appreciation of victory in Christ. All three of these factors emerge in the study of our lesson.

I. "Seek These Things Which Are Above" (vv. 1-4).

Faith in Christ makes us one with him in his death and in his resurrection. We are therefore to live in resurrection power. Our Lord has entered into heaven, and is there seated at God's right hand. If we are in him, if we have died and arisen with him, we are dead to the things of this world and our one desire is to "seek those things which are above."

The mystic union of the believer with Christ brings us so close to God our Father that we may say with the poet:

"Near, so very near to God,
Nearer I feel than to my bed,
For in the person of His Son
I am as near as He."

We are "with Christ in God." He is our very life. Note however that this union with Christ expresses itself in a most practical manner for we as Christians are admonished to:

II. "Mortify Your Members upon the Earth" (vv. 5-9).

The most spiritual Christian is the one who is most sensitive to sin and most earnest in his purpose that it should be mortified—which means "put to death." We may not temporize—we must not compromise with sin. Put it to death.

The list of things which are to be put away includes a number of sins which we recognize at once as utterly inconsistent with a Christian profession. But note also that there are a number of them which are all too common among Christian people—covetousness, anger, wrath, malice, and so forth. Lying and shameful talk are condoned by some (and practiced by many). We have a rather long list of what Dr. Van Dyke called by the anomalous name of "Respectable Sins of Nice People." But a realization of what it means to be a Christian at once rules out as sinful indeed those things which may be received with a false cloak of respectability among some who profess to follow Christ.

III. "Put On the New Man" (vv. 11-17).

Christianity is positive. We put off sin—we put on righteousness. Knowing no lines of racial or creedal distinction we recognize Christ as "all in all." Then as "God's elect, holy and beloved," we are clothed with the Spirit of Christ. Tenderhearted, kind, lowly, meek, of a forgiving spirit, long-suffering; all these Christlike ways of living should appear in those who are hid with him in God. As the encircling band which holds together these beautiful and precious virtues, we have love, "the bond of perfectness" (v. 14).

These outward manifestations of our oneness with Christ have an inward controlling power—for in our hearts "the peace of Christ" is to "rule." The word means to serve as "umpire," as a referee in times of difficulty. There in the Christian man's inmost being we also find the "word of Christ" dwelling, really abiding, and not in scarcity but "richly." Small wonder that there is in such a heart a never-ending song which glorifies God's grace and which helps and admonishes others.

Our final verse sums up the life of the Christian, for in whatsoever he does there is but one motive, one purpose—a willing thankful response to the will of God. He does nothing that he cannot do in the name of the Lord Jesus. It is a gloriously simple and delightful life. Dear reader, if you are not saved, not a Christian, will you not take Christ as your Saviour just now?

Dr. Maurice Bolgey, of Paris advises persons over 50 to avoid exercises which bring the head below the waistline, declaring that such contortions tend to cause a congestion of blood in the brain. In our case the warning is entirely superfluous.

Tour Activities

Our school team is called "Yellow Jackets," but everybody else is busy as bees, especially in activity classes. All of the officers have been elected.

The ninth grade dramatics club elected a committee to choose plays and organize the club. Miss Stauter's section is looking over books to find a Christmas play for presentation. Every week a program is given in class and then discussions follow on good and bad points of expression, action and stage arrangement. After attending all of the classes, I found that the art room was full of various activities. The different projects were leather-designing, wood-carving, lettering, cartooning, sketching, costume designing and clay-working. An interesting organization is the D-Ten Dramatics Club. Monologues by volunteers are being given, and other plays are under consideration. The library club is interesting also. Hobbies are being looked up in the library and articles are being written about them.

Are the Home Ec. students busy? Crocheting, renovating, knitting and sewing are carried on with good will. The chorus supervised by Miss Rittenhouse is certainly going places. They are doing things in a big way. Sixty-four members are now attending, including grades seven to twelve. In about a week three or four members will sing in assembly.

Mr. Gibbs' room has the banner for the best P.T.A. attendance. The P.T.A. business meeting was presided over by Dr. J. S. Gould. The main speaker was Mrs. Manly P. Northam, president of the State P.T.A., who spoke on the "Aims and Objectives of P.T.A." After the meeting, there was a social hour in the home economics room, where sandwiches, made by tenth grade girls, were served with coffee.

The Newark Jay Vees played the New Castle High Cardinal Jay Vees on Monday. There are many promising boys on the team for the varsity squad. Newark won in a score of 28 to 7.

The Newark school is on a drive for money for general associations' needs. The merchandise sales have amounted to about \$100 so far. The school will get half of the earnings. It's pitiful to see. So let's be wise and plead for Peace. For war has done no good. We've had wars in previous years that brought death and disease; So let's go on in years to come, in happiness and peace.

DO YOU KNOW YOUR COAL DEALER? ? ? ?

Born during the depression, the "bootleg coal" business has grown by leaps and bounds until it ranks (undercover, of course) as quite a sizable industry.

That growth has been made possible by an unsuspecting public which loves to be fooled, dotes on offering proof that the late Mr. Barnum's famous quip contains a lot of truth.

Yearly, since the business started, authorities have been forced to protect a public that won't protect itself. A constant check is necessary in order to keep up with infractions of laws governing the delivery of solid fuels by "coal bootleggers."

Forced to purchase surface and inferior coal because legitimate collieries refuse to sell to them, "bootleggers" deliver any grade they can buy at almost any price they can get. The grade of coal sold cannot be judged by legal authorities, but they can and do make a good job of apprehending "bootleggers" for delivering short loads. A drive being conducted in New Castle County this year has already revealed shortages of as much as 500 pounds in a two-ton load.

Not only is the practice of the illicit dealers illegal and unfair, but it is costly to the public in more ways than one. People get "stung" on weight and grade, then have a public burden to pay for protection for their own foolishness.

There are enough reputable coal dealers in business to supply the needs of everyone. Their prices are certainly not too high and they expect nothing more than a profit that is fair. Their existence in a community is essential because their services are obtainable at all times. Illicit dealers, on the other hand, are usually fly-by-nighters who have nothing in mind than their own illegal interests. Know your coal dealer before you buy!

HOW MANY ARE A FEW?

In a somewhat light vein the Christian Science Monitor once asked and discussed the question, "How Many Are a Few?" No conclusion was reached, as there appeared to be no definite authority which might be cited to establish the answer.

Later a correspondent in Newark called attention to the fact that a small Scotch boy had found the answer long ago, according to a story which may be briefly related thus:

The boy was entitled to a "few apples" as a prize for memorizing more verses of scripture than any other member of his Sunday School class, whereupon the teacher gave him three apples. The boy demurred, asserting that he should have eight apples. Pressed for his authority the lad triumphantly produced it from no less a source than the Holy Writ, quoting Peter, third chapter, 20th verse, which says: "Few, that is, eight souls were saved by water."

His contention being incontrovertible, the boy got his eight apples. And, therefore, if anyone should ask, "a few" means eight.

PRINTING THE NEWS

When to print a disagreeable story and when to leave one out of the paper is one of the most troublesome problems of a small-town editor. In the case of a person who is unfaithful to a public trust, or one who is guilty of serious crime, it is not difficult to decide, because the public interest, as well as the public's right to have the news, demands that it be printed.

There are some cases, however, in which the offense is entirely of a personal nature, and in which publishing the story would bring sorrow and embarrassment to innocent persons without serving any beneficial purpose. In these the making of a proper decision is often not easy. If the story is printed, relatives and friends of the person concerned will feel that it is unnecessary; if it is suppressed, the scandal-mongers will be disappointed, and many will insinuate that the editor was "bought off."

These same scandal-mongers would howl the loudest, however, if their own shady actions were held up to public gaze.

So it's hard to please everybody and no editor of sense tries to please everybody. He must let his judgment and his own conscience be his guide.

If he errs on the side of kindness and sympathy for the unfortunate, his error will be forgiven by the more enlightened readers of his newspaper.

Questions From War Veterans

Questions and answers will be printed in this column to acquaint veterans of the World War with privileges and benefits to which they are entitled by the Veterans Administration. Replies are being furnished by J. Q. Smith, assistant commander of the J. Allison O'Daniel Post No. 10, American Legion, and special representative for veterans in this area. Questions can be sent to this paper or to Mr. Smith.

Q.—What is required of a veteran who wishes to apply for hospitalization or obtain admission to a veterans' hospital?

A.—The veteran must be able to produce his honorable discharge or a certified copy of same when making such application.

In an emergency, such as accident or need of immediate attention, a KNOWN veteran can be vouched for by telephone; provided his physician personally advises the hospital that the case is an emergency.

agency case. Such cases will be immediately accepted at the Navy Hospital in Philadelphia for veterans in this area.

Veterans should have discharge available and someone in the family should know where same is located in case something should happen to the veteran himself.

The Countersign

A young fellow who aspired to emulate Clyde Beatty, the wild animal trainer, was excited by the news that lion taming was now taught by mail. He asked a circus acquaintance about it.

"Well, if you ever graduate from that course," advised the friend, "just be sure the lions recognize the diploma before you enter the cage."

SCREEN SNAPS

Friday and Saturday

That Withers girl is on the loose again out where the West begins, and the West was never so wild as when Jane and her gun-totin' grandpop, played by Walter Brennan, create pioneer pandemonium on runaway wheels for her grandest Twentieth Century-Fox comedy, "Wild and Woolly."

Shades of the wild West of Buffalo Bill and Sitting Bull are pale and put to shame when Hollywood's little Miss Mischief goes to town in the Mesa City Pioneer Day Jubilee. Aided and abetted by the best supporting cast she's ever had, Jane twirls a rope and rides like a saddle-born veteran as she revels in the "Days of '49" atmosphere recreated for her by Academy Award winner for the best performance of an actor in the cast which includes Pauline Goddard, Carl "Alfalfa" Switzer, Jack Searl, Bertin Churchill, Francis Fawcett, Robert Wilcox and Douglas Scott.

The feud between Brennan and Churchill is renewed each year when Brennan's candidacy for Sheriff is always defeated by the political machine run by Banker Churchill. Jane carries on this battle with Jack Searl, the banker's son, and Douglas Scott, his snobish stooge. Jane's accomplice, more hindrance than help, is the comical banjo-eyed "Alfalfa."

Monday and Tuesday

Hollywood's newest stars, Robert Taylor and Eleanor Powell, are teamed again in the musical extravaganza, "Broadway Melody of 1938."

When the two players were teamed for the first time last year in the 1936 "Melody," they were both newcomers to the screen, but each in record time reached stardom. Both sing and dance as well as act in the new musical which is said to surpass both "Born to Dance" and "The Great Ziegfeld."

The supporting cast gathered from stage, screen and radio, includes George Murphy, Binnie Barnes, Buddy Ebsen, Sophie Tucker, Judy Garland, Charles Igor Gorin, Raymond Walburn, Robert Benchley, Willie Howard, Charles Graepwin and Roberto Wilkoff.

Nacio Herb Brown and Arthur Freed, the song writers responsible for the hits in the other two "Broadway Melodies," wrote six new songs for the picture, which was directed by Roy Del Ruth and produced by Jack Cummings.

Wednesday

That daring and successful producer and director of photoplays Mervyn LeRoy, sends through Warner Bros. his latest sensational movie, "They Won't Forget."

LeRoy is the young man who made for the films such tremendous things as "I Am a Fugitive From a Chain Gang," "Little Caesar," "Anthony Adverse" and many others.

LeRoy won't touch a story that is dull or routine. Now he presents one that certainly is neither. "They Won't Forget" is the film version of "Death In The Deep South," a novel by Ward Greene that is second in Southern interest only to "Gone With The Wind" and is far more controversial.

It presents the argument that a politically ambitious district attorney, by building up a chain of circumstantial evidence—and at the same time craftily stirring antipathetic hatred—can send to death a perfectly innocent man accused of murder.

In "They Won't Forget," Claude Rains is the villainous prosecutor Edward Norris is his victim; a young Northern school-teacher, Gloria Dickson—a new film girl drafted from a Federal Theatre Project stage play—is the victim's wife; Lana Turner, a 17-year-old Hollywood high school girl, is the one that's murdered; Otto Kruger, of stage and screen fame, is the Northern lawyer that tries to save Norris—and a splendid additional cast completes the roster.

Thursday

A gay and light-hearted dance festival, resplendent with gorgeous uniforms and gowns and gleaming with bright lights and cut glass such as was frequently staged in Berlin during the darkest hours of the late war to maintain popular morale, is a musical highlight of "Lancer Spy."

The most sensational spy story ever screened, featuring Dolores Del Rio, George Sanders and Peter Lorre, "Lancer Spy" recreates a phase of war-time Berlin with a German waltz festa, in which two hundred couples whirl and dip to the immortal music of the Strausses and Schubert.

Marking George Sanders' debut in a leading role, the film offers this unusual player a part generally considered as a "plum" in the acting fraternity. Sanders plays a British spy attempting to impersonate a prominent German official.

Paintings Exhibit

From Sunday, November 7, through Tuesday, the twenty-third, a group of water color paintings by Harry Leith-Ross will be exhibited in the art gallery of the Memorial Library. A private view and tea will be held for Mr. Leith-Ross on Saturday, November 6.

A distinguished artist, Mr. Leith-Ross has received many awards for his fine work, and was one of the judges for the exhibition of oil paintings by Delaware artists, which was presented in Wilmington recently. Because of the many different subjects and moods of the pictures, this exhibit is expected to have a special appeal to the general public. As usual in the case of art exhibits, everyone is cordially invited to view this interesting collection of paintings.

Girls Like Art

Many W. C. D. girls show a great interest in the art courses offered at the college. Often during the fall, on pleasant afternoons, members of the drawing class can be seen sketching various campus trees and buildings. Several students intend to major in art, and one Senior is now doing her practice teaching in that subject.

The Senior hockey team won the annual inter-class hockey contest. The Juniors, lacking sufficient players to make a full team, forfeited a game to their Freshmen opponents. After defeating the Sophomore team, the Seniors won from the Freshmen last Monday, thus becoming the Women's College champion hockey players.

WCD

Soccer Starts

Similar inter-class soccer games will eventually be held. Soccer practice started this week, and are held every afternoon after classes.

While the subject of sports is under discussion, it is not amiss to mention Stunt Afternoon, which was great fun for everyone but the Freshmen. Armed with pillows and foot-rulers, they measured certain specified walks on the campus, while Sophomores and other upper-classwomen cheered from the sidelines. Valuable statistics were obtained by this research; for instance, we now know that the distance from New Castle Hall to the gymnasium is exactly 614 feet. This program took the place of the usual Stunt Night, which could not be worked into the social calendar this year.

A recent check of the 5,120 state prisoners in Alabama disclosed that 837 were ex-convicts, of whom 673 were serving a second sentence, 112 were serving their third, 40 their fourth, eight their fifth and four were serving their sixth sentence. It would be interesting to know how many of these have received former pardons or paroles.

In buying oil alone, auto owners in the United States are mugged \$400,000,000 annually through shortage.

WASHINGTON NEWS

FROM OUR CONGRESSMAN
WILLIAM F. ALLEN

JOBLESS CENSUS—For days the experts worked carefully on the questions to be written on the cards to be distributed to all homes to obtain a correct data of those who are unemployed. On November 16 and 17th, 75,000,000 of these cards will be ready for distribution. These cards are being produced at a rate of 3,000,000 a day. Eighty thousand postmen will have charge of the cards to see that they are distributed. Although some Administration officials are a bit skeptical about the matter, they are co-operating in the venture.

CORN LOANS—According to Secretary Morgenthau, Acting Budget Director Bell has been instructed by President Roosevelt to make a thorough study of the corn situation with a view to making loans to corn farmers. This was announced when a delegation of farm leaders called at the White House to urge the immediate necessity of these loans which would stabilize the price of corn at 60 cents.

AAA ANNOUNCE 1937 PAYMENTS—AAA announced that payments to farmers participating in the 1937 Agricultural Conservation Program will be made at the maximum rates provided under the program as announced last December.

MOTION PICTURES—"The Power Within" a new two-reel silent motion picture film that depicts the historic development, construction and operation of the modern internal combustion engine and operating parts of the automobile, is the latest addition to the Bureau of Mines film library, which now consists of over 4,000 reels that were shown on 100,342 occasions last year to an attendance of nearly nine million persons. Copies of this film, in 16-mm. and 35-mm. size are available for exhibition by schools, churches, colleges, civic and business organizations and others interested. Applications for the film should be addressed to the Bureau of Mines Experiment Station, 4800 Forbes Street, Pittsburgh, Pa. No charge is made for the use of the film, although the exhibitors is expected to pay the transportation charges.

WHEAT SITUATION—Wheat prices during the next few months will depend largely on changes in crop prospects in Argentina and Australia. Soviet Russia's policy regarding exports, the tenaciousness of the political situation in Europe, reports on the area sown and progress of next year's crops in the Northern Hemisphere, and domestic business conditions. For several weeks the decline in stock prices has depressed wheat prices, and general business sentiment will continue to affect wheat prices.

Extensive plans are being made by the various Granges to get as many of their members as possible to go to Harrisburg to take the seventh degree on November 12. This is the first time for a long while that the National Grange has met within such a short distance of Delaware patrons. The only other time that it was as close was in 1914 when it met in Wilmington.

ter months, prices throughout the winter marketing season are expected to be generally low. The current report discusses the supply and demand situation for oranges, grapefruit and apples, the crops of which this year are of near record proportions. The prospective orange supply for winter and spring marketing is the largest on record; the grapefruit crop is indicated to be the second largest, exceeded only in 1936; and the apple crop is expected to be the largest in 11 years.

Gate Imposing Feature
The memorial gate at the main entrance to the new athletic field at Delaware College has been completed, with the exception of a few details, during the last week. It makes a splendid appearance and is really one of the features of the field. The gate is between the gymnasium and the main building. The two large brick pillars are ornamented by a large granite top, attached to each of which is a tablet. The tablet on the pillar at the left on entering the field reads:

"Joe Frazer Field, 1912"

"In Memory of Joseph Heckart Frazer, 1887-1911, B. C. E. 1903. Erected by Eben Boyd Frazer, Helen Heckart Frazer, James Stanton Frazer."

The heavy rains this week have put the contractor back considerably with the work on the field. The deep trench that had been dug around the field where the quarter-mile track is to be located for the drain pipes to go in was partly filled up again by the dirt washing back in it. After these drains are laid and the track with the 220-yard straightaway completed all that will remain will be to level up the field and sow grass seed over the entire ground. Concrete steps from the terrace at the western end of the field opposite the gymnasium to the field have been built.

The University of Pennsylvania Repeats Franklin's Appeal as Its Bicentennial Program Opens

"Little Quad," one of the courtyards about which the dormitories are grouped, and the Provost's Tower, a landmark on the campus today.

MUCH as Benjamin Franklin, generally regarded as the founder of the University of Pennsylvania, made an appeal for financial support of his project in the 18th century in his celebrated "Proposals Relating to the Education of Youth in Pennsylvania," the present-day successor of the original "Academy" plans to anticipate its 200th anniversary in 1940 with a \$12,000,000 fund-raising effort which started October 18.

And even as Franklin sought funds to train Colonial youths in life and day, the present campaign, Dr. Thomas S. Gates, president of the University, has pointed out, will seek to enable the University to enter its third century of service in a position to continue training modern-day American students in "four extremely important things—ethics, character, public service and good citizenship."

These are among facts revealed recently by a University Bicentennial Committee which is planning a year of educational, academic and commemorative events of national significance for the actual Bicentennial observance.

Recognizing the University's influence throughout the country for nearly two centuries, those in charge of the program are seeking to enable students, alumni and faculty to have a part in ceremonies honoring Pennsylvania as the fourth oldest college in the United States and the first actual American university.

Business and professional men from Maine to California, laymen, scholars and others interested in educational, scientific and cultural advancement are to be invited to participate in the program now taking shape, according to a recent announcement by the committee. Bicentennial ceremonies are to include institutions and symposia on subjects of universal interest to be conducted by outstanding American

leaders; Nov. 27, Christiansa at Ivy; Nov. 29, Ivy at Christiansa; Nov. 30, Christiansa at Pencader; Dec. 4, Pencader at Ivy; Dec. 6, Pencader at Christiansa; Dec. 7, Ivy at Pencader; Dec. 11, Christiansa at Ivy.
