NUMBER 44

A MERRY CHRISTMAS TO ALL

STEPS TO CHANGE LOCATION OF POSTOFFICE

BILL INTRODUCED BY CONGRESSMAN MILLER

Representative Thomas W. Miller has introduced a bill in Congress to provide for the exchange of the present Federal building site at Newark, Delaware, which was introduced at the instance of the Board of Trustees of Delaware College. The present building site which has been purchased by the government encroaches upon the land recently purchased by the trustees of Delaware College for new buildings. If the new postoffice should be erected on this building site it would not only destroy the architecture of the government building but would impair the appearance of the college property and the buildings to be put on their land. The trustees realizing this appointed former Representative William H. Heald of the Board, a committee of one to look into the matter. When Representative Miller and Mr. Heald called at the Treasury Department in Washington they found that the only way the matter could be adjusted was by an act of Congress. The supervising architect of the Treasury Department, who has particular charge of such matters agreed with them that in view of the purchase by Delaware College of the surrounding ground it would be to the best interests of the Government, from

an architectural standpoint as well as for other reasons, to have the building site exchanged for one in the same locality and of the same value. Acting in conjunction with the Treasury Department, Mr. Miller has introduced the following bill which has been referred to the Committee on Public Buildings and Grounds:

A BILL

To Provide for the exchange of the present Federal building site in Newark, Delaware.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and is hereby, authorized, in his discretion, to acquire by exchange for the present Federal building site in Newark, Delaware, a new site for said building, and to convey the present site to be given in exchange therefor, by the usual quitclaim deed. Such new site shall be centrally and conveniently located and of such size that an open space of such width, including streets and alleys, as the Secretary of the Treasury may determine may be maintained about the Federal building when constructed for the protection thereof from fire in adjacent buildings.

Farmers' Institute In January

The Farmers' Institute of New Castle County held a meeting in the Delaware State Fair Association office on Monday afternoon. The meeting was called for the purpose of receiving suggestions for the use of the \$120 balance in the treasury. Director Cooch suggested that some money be used for prizes in the pig, corn, and various other clubs being conducted in the county. It was finally decided to hold an institute for the first two weeks of January, the following granges to join in the institute: Harmony, Diamond State, West Brandywine, Rose Hill, Centre, Hockessin, Union, New Castle, St. Georges, Townsend, Blackbird, Middletown, and Glasgow.

Boys And Girls Share In Campaign For Rodney Statue

The campaign to raise the funds necessary for the erection of the proposed memorial equestrian statue to Caesar Rodney, signer of the Declaration of Independence from Delaware, which is being conducted by the executive committee representing the patriotic societies of the state, will soon be inaugurated in all parts of the state when subscription blanks will be placed in all public places from one end of the state to the other.

The blanks are now being sent out by Walter G. Tatnall, secretary of the committee, to all parts of the state. It is planned to place the blanks in public schools where the public school children of the state may make a contribution to the fund for the erection of the statue; in stores and offices in all towns of the state, and with the various fraternal organizations of the state.

Contributing to the fund, if exceeding \$5.00 may be made in three payments during the year, 1916, according to an announcement just made by the executive committee representing the patriotic societies which is conducting the campaign. Walter G. Tatnall, secretary of the committee, has established headquarters at the building of the Historical Society of Delaware, Market street, below Tenth, where he will receive donations to the fund.

PLANS COMPLETE FOR CHILDREN'S XMAS

Admission To Be By Ticket

The Committee in charge of the Children's Christmas Treat to be given in the Opera House on Friday afternoon, December twenty-fourth, is planning to give the "kiddies" the best time of any year. There are plenty of surprises in store for the five hundred little folk who will be entertained as the town's honored guests. In order to see that those for whom the entertainment is intended are admitted, it has been deemed necessary to distribute tickets. Admission, therefore, will be by ticket only. Every child in the town, who is under the Sixth Grade at school, is included in the invited guests. If there are any town children in school or out of school, under the age limit, who have been missed in the distribution of tickets, the committee will appreciate notice of the omission. The Aetna H. H. & L. Co. has gone on record as the only organization in the town which has contributed to the plan's financial success.

Cantata Given With Great Success

A Christmas cantata "The Light Eternal," words by Rene Bronner, and music by H. W. Petrie, was given with great success before a crowded audience, at the Newark Presbyterian Church last Sunday evening. The special choir was composed of Mrs. J. Pearce Cann, Miss Marie Ritz, and Miss Marian Campbell, sopranos; Mrs. E. B. Frazer, Miss Leila Herbener, and Miss Katharine Heiser, altos; Messrs. Harvey Steele, G. O. Smith, C. L. Weigle, and Lee Lewis, tenors; and Dr. W. J. Rowan, basses. Miss Nellie Wilson presided at the organ. Obligato parts were played by Mr. Robert L. Sumwalt, violin, Mr. A. L. Lauritsen, cornet. Solo parts were taken by Mr. Steele, Mrs. Cann, Miss Ritz, Mr. Weigle, Miss Campbell, Dr. Rowan. Duets by Mrs. Cann and Dr. Rowan, Miss Campbell and Mr. Smith, Miss Heiser and Mr. Steele, were pleasing features. The choruses throughout the cantata were especially beautiful.

Following an organ prelude the sweet old story of Christmas was unfolded, with all its hope and cheer, in song. The opening chorus, "Behold the Light Eternal," was followed by the tenor solo, "It Speaks to the World," the bass solo and chorus, "God Hath Given a Son," the chorus with solos, "While Shepherds Watched," the soprano solo and chorus, "Born in a Manger," the tenor solo and chorus, "The Light of Glory," the duet, tenor and baritone, "The Message," the chorus, "The Light of All the World," the soprano solo, "Angel Voices," leading to the final chorus, "Lead Me, O Eternal Light."

Christmas carols will be sung next Sunday morning by a trained choir of young voices.

During his visit he was given a luncheon and entertained at the Wilmington Country Club, by Governor Miller.

CHRISTMAS GREETINGS TO THE COMMUNITY

PROMINENT CITIZENS EXTEND WORDS OF CHEER

From Mayor Hossinger

Christmas is the great homecoming time of the year. At Christmas the thoughts of every man, no matter where he roams, turn to home. To all returning sons I extend the town's hospitality. The people of your old home town welcome you, and hope you may come often to rejoice with them in their material prosperity. The town needs the interest and sympathy, the knocks and boosts of every friend, if it is to continue a thriving and prosperous community.

To the citizens of the town of Newark I extend at this happy season cordial greeting and sincere good wishes that the coming Christmastime may be the happiest you have ever known. May it find a spirit of neighborliness abroad, and a singleness of purpose, for the welfare of the entire community.

Sincerely yours,
J. H. Hossinger
President Town Council of Newark

A Crowning Year For The Community

Newark, educationally, has had a memorable year, for which our community as a whole is thankful. The prosperous condition of our public schools; the addition of a fourth year to our high school; the winning of the cup in a spelling contest by Miss Myrtle Wakeland; the course in Home Economics given the Eighth Grade girls by the Women's College; the Civics Class taught by Dr. Arthur W. Dunn, of the National Bureau of Education; the School Gardening carried on so successfully by Miss Agnes Medill; the Community Meetings last spring arranged by Miss Etta J. Wilson and her committee; the Parent-Teacher Association under the guidance of Mrs. C. O. Houghton; the play in the Opera House given by school children trained by Professor Mary E. Rich; the athletic prowess of the high school; and the spirit of cooperation shown in general, all these go to make up a story of progress of which Principal R. F. Friedel, his corps of teachers and the School Board of Newark must justly be proud.

The activity of the New Century Club, especially its purpose to erect a building suited to its uses; the work of the Sunday Schools and Churches, and the Women's Christian Temperance Union; the fellowship and benefits of the Fraternal Orders; and the plans for a

community Christmas Tree, constitute likewise a signal chapter of achievement for our Town.

Undoubtedly the biggest single fact in the growth and spiritual power of our community has been the establishment of the Women's College and its remarkable progress under Miss Winifred J. Robinson as Dean, and her able staff of teachers. The presence of the increasing body of young women as students, enriches and gives charm to the life of the whole community, leaving not a home untouched with spiritual influence.

The plans for the development of Delaware College are the natural outgrowth of the faith of former citizens of Newark, such as George Evans, the consecration of teachers like Dr. Theodore R. Wolf, and of executives like Doctors Purnell, Raub and Harter, and the cooperation of an ever-widening constituency of alumni and friends.

The year 1915, which records a gift of over \$700,000 to Delaware College by a generous citizen, will be forever memorable. The College and the community are one. The community is the real campus of the College. Every citizen contributes to the shaping of character of the youth who are trained in the bosom of our community. Especially do I desire to thank the good women who receive the men into their homes and give them the loving attention of a mother. Such cooperation upon the parts of homes of Newark strengthens the College and quickens the growth and character and ideals of our students. Such sympathy with youth knits ties of friendship that will prove as strong as they are tender, enduring for life. It is the Crown and Glory of Newark to have a structural share in the making of manhood and womanhood of all this region of country. While we go to our business in shop, store, and farm we do well to remember the glowing idealism that pervades the life and mission of Newark in its vital relation to the world through the presence of hundreds of elect youth destined to careers of large service to mankind. Every student who goes forth from our midst becomes the representative of Newark, to which he feels bound as the child to the home. We may welcome 1916 with its ever brightening prospects for the schools, homes, churches and citizenship of Newark.

High Production In College Herd

Seventeen cows in the Delaware College herd have completed records over a period of one year with an average production of 9,854.5 lbs. of milk and 471.12 lbs. of fat, the equivalent of 550 lbs. of butter. Of the seventeen cows, seven were over five years of age, two between four and five, four between three and four and four between two and three years. Three two year old daughters of the herd bull averaged 8,434.1 lbs. of milk and 491.76 lbs. of butter fat or about 575 lbs. of butter apiece. The imported Guernsey cow Yenadizze's Flors produced in the year 13,861.1 lbs. of milk and 688.23 lbs. of butter fat, equivalent to over 800 lbs. of butter. This is the highest Guernsey record made at the College Farm and the highest of all the breeds with the exception of the record completed by the Holstein cow, Maud H 2d's Lass, in February, 1914. She produced 20,166.8 lbs. of milk and 727.80 lbs. of butter fat, the equivalent of over 850 lbs. of butter. The highest Jersey record made at the College Farm was that of the cow Rose of Greenway, who made 9,666.2 lbs. of milk and 524.5 lbs. of fat or about 629 lbs. of butter.

CHRISTMAS GREETINGS TO THE COMMUNITY

FROM THE PASTORS OF THE CHURCHES

CONTINUED FROM PAGE ONE.

A Christmas greeting to the community! What shall it be? While it ought not in any true sense to conflict with the greetings sent from places of business, school and college, yet it must be different from all such because it has to do with spiritual interests. Then let it partake of the nature of an appeal or exhortation. With our hearts filled to overflowing for the blessings of life, health, food, raiment, shelter, valued associations, the means of improving ourselves socially and morally, the consideration of these favors tending to make us give gifts to our friends and loved ones, let us call to mind God's greatest gift to mankind, His only begotten Son, and let us make Him the returns which He has the right to demand, the return to which the wisest of mortals alluded when he penned the words: "My son, give me thine heart, and let thine eyes observe my ways." The most acceptable gift you and I can present to the Father of light is our lives in a covenant of service for time and eternity.

Wm. J. Rowan

Pastor of the Newark Presbyterian Church.

Editor Newark Post:

The time of Christmas which is close at hand is one not only of joy and festivity, but especially a time set apart for rendering glory to God, and extending a reign of Good Will among mankind and as we contemplate the crib at Bethlehem, we are reminded of the simplicity and humanity of our Savior, and offered a powerful object lesson. To become as little children in order we might one day enter the Kingdom of Heaven. Hence it is becoming that on this day we should aim to be in harmony with the simplicity, beauty, and innocence represented in the Creadon. It gives

me pleasure, therefore, to extend to all the people of this community my best wishes for not only their material happiness at this time, but especially for those spiritual blessings and consolations of which we all stand in need.

Rev. Father Dougherty.

Greeting:—

What has Nineteen Hundred years done to bring about the realization of the prophetic song "Peace on Earth Good Will to Men?"

It is very evident that this cannot be obtained by merely singing the song on one day in the week and spending the six days of the week in teaching our children from the prevalent histories the splendor of battle, and the glory of war, and filling their great nation must be built upon the minds with the idea that every graves of the enemies and the sacred (?) tombs of its own fallen dead.

Neither is peace cultivated by admiring the song with will but spending genius, men and millions in manufacturing the most devilish and destructive munitions of warfare.

Neither will this prophetic song find its fulfillment in the individual life by singing it on the Sabbath and going home with ill-will in our hearts toward our neighbor.

You and I cannot stop the war but where you and I and all the other you and I's of this great nation succeed in driving hate out of our lives and have installed good-will in its place; and when all the individuals of all the nations on earth do likewise, these wars shall cease and "They shall beat their swords into ploughshares, and their spears into pruning-hooks: Nation shall not lift up sword against nation, neither shall they learn war any more."

But the nations can never do this until the individuals lead the way. How easy? It is purely a personal matter. It is solely an individual matter.

Your truly
Joel S. Gilfillan.

Christmas Greeting Beloved Friend:

The swift flight of time brings us once more to that joyous season of the year when all Christendom congregates about the Bethlehem manger cradle to adore the Christ child. Our hearts are warmed by the radiant glory of the holy scene while our spirits are cheered and inspired by that rapturous song of the angelic host, "Glory to God in the highest, and on Earth peace, good will to men." Surely during these happy Xmas days, thro' love and gratitude to God and man, we ought to re-echo the message first sung over the Palestine Plains.

Let our celebration of this Xmaside become significant by the deeper consecration of our selves, our time and talents to the saviour and His services. Let us consistently observe his precepts in every walk of life that His Kingdom within us may be exalted; let us love His Church, esteem it, and ever labor within it that the Kingdom, visible, may grow.

If perchance this year you have passed thro' the sorrow of bereavement, or you have been caught within the toils of sickness or pain, or you are troubled and burdened, then let this greeting assure you of my heartfelt sympathy. May that "peace which passeth all understanding" be your choicest gift this day.

To my co-laborers, and the residents of this parish, and to my fellow ministers I send my hearts greeting. May the plenitude of the season's joys, for you and yours, be complete.

Cordially,

Herman Otto Klug.

Pastor: Ebenezer and Wesley M. E. Churches.

THE SPIRIT OF CHRISTMAS

Spirit of Christmas? Yes, there is. The day, the season, by long custom both Christian and Pagan, we come around this season to have what is best described as the Spirit of Christmas. Its enthusiasm is one of youth, yet age never quite loses its glow. While this spirit of Christmas is universal, it is not a national institution. It is individual. For, if national, today civilization would not blush with shame at drenching a continent with blood. This spirit of Christmas is an attitude of our better selves. It exists around the campfires of Europe but not in royal courts. It exists around the meagre board of the peasant, but not at the tables of council. Christmas is not yet the thought of nations. Sad as is the thought, let not this false interpretation of civilization dim our hopes or dull our activities toward making national policies follow the better and saner minds of the people. By projecting all that is best within us, into our national life, will we the nearer approach the Ideal.

Christmas and Peace are Ideals and dreams, say the Materialists. But so long as the memory of a certain man born at Bethlehem nineteen centuries ago, is followed, there will be dreams and strivings for peace, and a spirit of Christmas. With a bit of sadness for those within the sounds of slaughter, we even yet cling to our Dream and wish you all

A MERRY CHRISTMAS

The engagement of Eleanor Bayne Pilling and Carl Addison Taylor, was announced last Thursday evening at a dinner party given twenty-four girl friends. The guests were seated at six small tables adorned with bouquets of bridesmaid roses. The announcement was made in a most original way. As the last course an ice was served, in red, heart-shaped moulds. In the center of each was a small arrow on which was written the names "Eleanor Bayne Pilling-Carl Addison Taylor." Both Miss Pilling and Mr. Taylor are popular in the social circles of Newark. Mr. Taylor is a graduate of Delaware College, class of 1912, and was conspicuous in athletics circles during his college career. He is now connected with the Pennsylvania Railroad.

Timely Hints for the Holiday Buyer

The wonderful holiday business we have enjoyed has compelled us to keep up our assortments to the highest point of excellence. Those who have not as yet found it convenient to do their holiday shopping will not suffer HERE from want of variety.

Umbrellas Every year Umbrellas prove themselves as one of the most sought for articles for gifts. This year we show a choice assortment for men, women and children. Full range of prices. We put your name and address free of charge on all umbrellas at \$2.00 each and upwards

Leather Goods We feel very fortunate in that we received practically every piece of leather goods on which we placed import orders last spring. These, together with the large line from domestic sources make our line of staple and novelty leather goods a most attractive one. Large showing of Auto Bags, Vanity Bags, Combination Books, Purses, Manicure Sets, Tourists' Sets, Sewing and Jewel Boxes, Card Cases, Desk Sets, address and memorandum Books.

Kid Gloves One can never make a mistake in choosing Kid Gloves for gifts. Early orders placed for distribution through the holiday season permit us to offer our customers unbroken assortments throughout the line. Best values at \$1.00, \$1.50, \$1.65, \$1.75 and \$2.00 a pair.

Handkerchiefs This season the values equal any that were ever shown, the war not as yet showing its results in the quality and variety we are showing in Handkerchiefs for the holidays. Styles and kinds for men, women and children in a most wonderful variety.

Silk Hosiery One or more pairs of good Silk Hose for women as shown here make a gift that is most acceptable. Our sales, while marvelously large have not impaired our range of sizes, colors or prices. Best values obtainable at 50c, 75c, \$1.00, \$1.50, \$2.00, \$2.50 a pair. All nicely boxed for the asking.

Pyralin Ivory There are many ivories on the market, but only one "Pyralin," the one recognized best kind. All brushes are sold back; these together with the hundred and one articles in white, pink and blue for the dressing table, make this article one largely sought after, either for a single piece or in entire sets.

Neckwear The newest effects in Neckwear are shown by us. Constantly in touch with the best sources of supply and by careful choosing you can always find models that are different. Silk Bows, Windsors, Chemisettes and Scarfs are alike well represented.

Linens Were we asked to say what is the best item for gifts we would most likely say LINENS, for the reason that you will not, for years at least, find such values as are now being shown. Damasks by the yard, in pattern cloths; Napkins, Doylies, Lunch Sets, Luncheon Cloths, Carving Cloths, Towels and an endless showing of small linens of all kinds in hemstitched hand embroidered, cluny and Madeira pieces.

Bedding Our selling of Bedding this holiday season is little short of remarkable. The unusual assortment we show makes an impression on all who visit the bedding section. Blankets, \$5.00 to \$18.00 pair. Wool filled Comfortables, \$5.00 to \$25.00 each. Down filled Comfortables, \$5.00 to \$30.00 each. White Spreads in a full range of sizes and kinds.

Reliable Furs Not merely Furs but RELIABLE FURS is what we lay stress on. In choosing furs for gifts avoid all chance by making your selection here, where QUALITY rather than price is the dominant feature. The already large assortment has been largely increased the last few days. Coats Scarfs and Muffs in all the most wanted furs and all sold with our guarantee to be as represented.

Silk Petticoats Scarcity of Silks is reflected in the corresponding scarcity of silk petticoats. Fortunately we have received this week several hundred from our delayed early orders, making our assortments the largest and most complete that we have ever shown at \$1.95, \$2.85, \$3.85, \$4.50 and \$5.00 each.

Garments for Gifts The practical in giving can be carried to its fullest in choosing a garment of some sort for a gift. Choose a Suit, Top Coat, Rain Coat, Waist, street, or evening dress for some one and you will be sure to please. Exchange can be made after Christmas if size is not correct or alterations can be made where needed.

Silk Underwear We have been surprised ourselves at the number of silk garments that have been selected as gifts. We show many, all nicely boxed for convenient choosing.

Christmas Spirit Abroad

HOW TO MAKE DELICIOUS CANDIES

"I've come to you for help," Molly announced to her friend, the Wednesday before Christmas. All my gifts are wrapped and mailed except a few baskets which I want to fill with candy. There are a few people on my list who can be pleased by nothing so much as some home-made sweets. I hate to think of working alone, though. It saves so much time if two can work at it. Hence my call for help! Will you help me?"

The friend responded readily and the girls hurried to buy their ingredients and begin at once. One dainty little basket, adorned with a bow of red ribbon, was filled entirely with dipped grapes. The fondant, made of two cups of sugar and one cup of water, cooked until the syrup formed a soft ball when dropped in cold water, after it had been beaten until stiff, was wrapped in a cloth wrung from cold water, and set aside for several hours. It was then kneaded as one kneads bread, until creamy. Molly took a large spoonful of the cream and put it in an aluminum pan, over boiling water. This she stirred with a wooden spoon until it was completely melted.

In the meantime her friend had prepared the grapes, clipping them apart with as much stem on each as possible. They were washed and thoroughly dried. Molly dipped them one at a time, holding by the stem, in the melted cream, and laid them on oiled paper.

After they had cooled and were very firm, each was wrapped separately in squares of oiled paper. With care not to loosen the stems the delicious confection, placed in a cool place, will keep fresh for several days.

Molly hunted her recipe book and the other baskets were filled with an assortment of candy made from the following:

Turkish Delight

Soak one ounce of gelatine in $\frac{1}{2}$ cup of cold water for two hours. Put one pound of sugar to boil with one-half cup water. When the boiling point is reached add add gelatine, and let simmer twenty minutes. Add the grated rind and juice of one orange and one lemon. Pour into pans. Let stand for from $\frac{1}{2}$ to a whole day, out in squares, and roll in powdered sugar.

This is nice flavored with mint and colored green with vegetable coloring.

Mexican Kisses

$\frac{1}{2}$ cup milk
1 tbsp. butter
2 cups light brown sugar
 $\frac{1}{2}$ cup maple syrup
1 cup nut meats

Mix all but the nuts and boil over a slow fire until a soft ball forms when dropped in cold water. Remove from the fire, add nuts cut up fine, and beat until creamy. Drop from a spoon on sheets of well-buttered paper. Allow to get perfectly cold and hard.

Mexican Candy

2 cups brown sugar
1 tbsp. butter
 $\frac{1}{2}$ cupful cream
1 tsp. vanilla
Pinch salt
2 cupfuls peanuts

Put sugar, butter, salt, and cream in a saucepan to cook. Stir constantly until the mixture boils. Reduce the heat and keep boiling until a soft ball forms when a test is made in cold water. Let cool then beat until the candy thickens. Add nuts and vanilla. Drop from a fork onto waxed paper. Care must be taken not to cook too hard, or beat after the mixture begins to set. Raisins or candied fruit may be substituted for the nuts.

Fruit Fudge

$1\frac{1}{2}$ cups granulated sugar
1 cup maple syrup
 $1\frac{1}{2}$ cups Karo
 $\frac{1}{2}$ cup thick cream or 1-3 cup milk
1-4 cup butter
3-4 cup of fruit—figs, candied cherries, and pineapple—cut in small pieces.

Stir all the ingredients with the exception of the fruit, until thoroughly dissolved. Cover and let

boil three to four minutes. Uncover and let boil, stirring often but gently until a soft ball forms in cold water. Let the mixture become cool. Add the fruit, beat until thick, and pour into pans lined with oiled paper. Cut in squares when firm, then dip in Baker's chocolate which has been melted over steam.

Dear Santa Claus,

I expect you don't want to hear the name of Marjorie Johnson because you know I want such big things. But this year I am going to ask you only for a story-book and a tablet and a pencil. If you want to surprise you can do so. I have my pony cart and saddle so you need not bring these. Please put some oranges and candy in my stocking. I guess I will stop. CHRISTMAS GREETINGS TO THE COMMUNITY

(continued from page 2)

Christmas brings to memory the Glad Tidings of long ago, but not for long ago. Tho we do not hear the angel's sing "Peace on earth and good will to men," yet this message had its effect, for the Christ has given us data, we know where to begin. He gave us principle toward which to aspire. We must recognize these two, as characteristic of the Christ. There can be no thought of Peace without Christ for there was none before Him, for both the religious and the secular were far from peace, prior to his coming. It was the business of His forerunner to bring the hearts of the fathers back to the children, and that of the children to the fathers. This marked the home life, and whatever you find there you find in the community and the government. We can think of no life more adapt for human aspiration than that of the Christ to bring peace and good will. Take the individual who has given himself up to Christ and his principles, and he is that man of peace and good will. So the truth of the angels' message holds good even today, regardless of the war-stricken conditions. May this Christmas with its plenty and peace, in our own beloved land, bring Good Will to every one, a will to be good as well as to do good. May our preparation for defense mean a will to be good, as well as a means to do good. May it be said of us as a people that what we are in character and aim speaks so loud, that people and nations cannot hear what we say in powder and shot. If the angels' song means anything it is this:

Put your hand into the hand of your fellowman, and call him brother. May there ring out from our pulpits therefore this glad note, that men may arise and seek the Christ, and find in Him the King of their lives. Let us not emphasize some denominational phrase, not some congregational tradition, but Christ, and whatever is wrong in man He will make right, by incarnating Himself in our lives. Thank God for the Christmas of good wishes. But above all thank God for the Christ to make a better life, that will bring peace and good will.

Adrian Van Oeveren,
Pastor of Head of Christiana and Christiana Presbyterian Churches.

Horse Thief Caught After Chase
Deputy Sheriff McAllister and Bailiff Towns of Elkton, after a long chase caught William Henry Williams, colored, who had stolen a horse with \$300, a buggy, blankets, etc. from William B. Ralledge, a farmer living near Hares Corner on Friday night. The officers had learned that the thief had visited a gypsy camp near Childs and had tried to get rid of the team, which they later found abandoned in woods near Mechanics Valley. Williams was found on Saturday night at the almshouse near Cherry Hill, where he applied for shelter. He was arrested and lodged in Elkton Jail.

Intending Visitor Suffocated

John Masterson, aged 35 years, employed at Penns grove, N. J. invited himself to a social gathering at the home of John Murphy, 834 Spruce street, Wilmington, on Saturday night and was put out of the

house. He later managed to enter and made himself comfortable in the dining room where early on Sunday morning a blaze started probably caused by sparks from his pipe. Other persons in the house fled to the street and the firemen after controlling the flames found Masterson lying senseless near the rear door. He was not burned but had inhaled smoke and died shortly after reaching Delaware Hospital.

Death of Joseph L. Gibson

Joseph L. Gibson, aged 78 years, for more than four decades cashier of the National Bank of Odessa, who returned four years ago and removed to Middletown, was found dead at his home there on Thursday night. He had been in failing health for several months. His wife died about a year ago. He was treasurer of Union Lodge A. F. & A. M., Middletown for more than 35 years. Two sons, J. Chest-er, Cashier of the Union National Bank of Wilmington, Rev. Charles Gibson, who resides in Pennsylvania and a daughter Mrs. Annie Corbit, of Wilmington survive him.

Fire Destroys Old Mansion.
Fire early on Wednesday morning destroyed the old Rawlins Mansion at Middleford, near Seaford, built in 1813. It had been long occupied by R. C. Purvis, of Middleford, who escaped the flames clad only in his night clothes. All the contents of the house were consumed. A bucket brigade made a hard but fruitless fight to check the flames. The loss is put at \$5,000.

Death of Frank P. Ewing

Frank P. Ewing, Register in Chancery and Clerk of the Orphans' Court, died at Delaware Hospital on Saturday morning of typhoid fever after an illness of three weeks. Mr. Ewing was chosen to succeed Joseph C. Jolls, at the Election in 1914. He resides in Brandy wine.

He had served two terms in the State Senate and also in the lower House. He was a practical carpenter and was for a time a builder and contractor. TREATMENT OF THE SOIL

Announcement From Bacteriological Dept.

Dr. T. F. Manns, head of the department of Soil Bacteriology, makes the following announcement: "The Department conducting through an industrial fellowship, a series of experiments showing the value of peat humus as a means of carrying beneficial soil organisms. In this series of composts there were twenty-three different combinations tried out, in many of which after three weeks of composting, a very rich bacterial flora was found. The beneficial organisms were present to the number of four hundred billions per pound of moist compost and different legumes grown upon the compost showed inoculation within one month. The work indicates that various organic matter may be placed on compost, and when re-enforced with proper mineral constituents and inoculated with soil containing the bacteria of different legume inoculation, together with the organisms which make up the beneficial flora, that it is possible, in the one compost, to carry all the beneficial soil organisms."

It has long been known that manure or other organic matter does not make the best fertilizer or fertilizing material until properly treated with lime, potash, and phosphoric acid. In this series of experiments, we have taken the raw peat and reinforced it with various mineral constituents which not only balances the material for a valuable plant food but makes it ideal for the growth of the various beneficial bacteria, including the legume inoculating organisms.

Women's College Notes

Miss Kenworthy, of the Department of Home Economics of the Women's College, entertained at tea in her home on Saturday, Dec. 18, the students in her courses in clothing.

Miss Jefferson, Extension Worker in Home Economics of the Women's College, attended the convention held in Washington on December 17 and 18, the purpose of which was the discussion of work to be accomplished through Boys' and Girls' Clubs.

The Home Makers' School at Frankford, Delaware, closed on Tuesday, Dec. 14, with appropriate exercises. Diplomas, signifying that the recipient had been absent not more than once in all

the five weeks of the continuance of the school, were presented by Dean Robinson to twenty-two women. By far the most significant features of the graduation were the enthusiasm which the Frankford women have for Miss Jefferson's work, and the eagerness which they display in urging other communities to take advantage of the same opportunities.

Caught on Railroad Crossing

E. G. Burke, 66 years old, of 1213 Scow street, Wilmington, a driver for the Great Atlantic and Pacific Tea Company was badly injured on Friday morning when a train 25 minutes late struck his team on the Central Railroad crossing near Avondale. His chest was crushed and his scalp was badly gashed.

One of the mules drawing the wagon, which was smashed was killed. The train took him aboard and he was sent to the University Hospital in Philadelphia where an X ray examination showed his condition was critical.

The Best Gift Of All

"I shall give her the gift of always seeing the bright side of everything. That gift will be more to her than beauty, or riches, or honors. It is not so much a matter what color one's eyes are as what one sees with them. There is a bright side to everything, if people only knew it, and the best eyes are those which are always able to see this bright side."

—Harriet Beecher Stowe
