## Patrons of School Hear of Health Program

### County Nurse Tells of Plans for the Year

## Home Economics Department Exhibits Work; Christmas Party Planned

In order to clarify in the minds of parents and of teachers in the public schools, the whole matter of what may be expected of the health centre to be established in Newark, a conference with Miss Grace E. Stevens, County Nurse and Miss Lockwood was held in the Grammar School building Friday afternoon.

An illuminating exposition of the whole matter was given by Miss Stevens who emphasized the importance of early corrective measures for minor physical defects which have been shown to exist to an alarming extent among children ordinarily considered to be in perfect health.

She explained the medical inspection inaugurated recently in the local schools and emphasized particularly the necessity of follow-up work. Without subsequent medical attention the medical inspection is meaningless.

One day of each week she together with the local doctors will be on hand to give what aid and advice may be sought. Special attention will be given on these days to expectant mothers who desire help and advice, and to children of pre-school age. Mothers are invited and urged to come for advice.

The Elliott building will eventually be the headquarters for this work, but for the present it will be carried on at the grammar school where the local doctors are assisting Miss Stevens in the primary school. It is hoped to have the permanent headquarters ready early in January.

Miss Stevens said with regard to follow-up work that she had never known of a child whose case was neglected because of inability of the parents to pay for the needed attention. The wide acquaintance of the doctors and nurses in the medical profession makes it possible for them to secure such aid in indigent cases.

The idea of having a community center for the children of the town was enthusiastically received and Mrs. C. O. Houghton was made chairman for arrangements. Every parent and every patron interested cordially invited to come to the M. C. A. at 1 o'clock. Any information concerning the affair will be gladly given by Mrs. Houghton.

After the meeting refreshments were served by the pupils in the Home Economics Department. An exhibit of articles made this year by the pupils of this department was on display. The quality of workmanship and the good taste displayed by the pupils in their choice of materials excited the admiration of those present.

## High School Students To Give Oyster Supper

An oyster supper for the benefit of the High School Athletic Association will be held tomorrow (Saturday) evening from 5 to 8 o'clock in the high school building for the benefit of the association. The committee in charge of arrangements are: Collins, Alma Dunlevy and Evans constitute the committee in charge of arrangements. They promise a fine supper for adults and for 30c to school children. Ice cream, candy and other articles will be on sale.

## Man With Accident In Wilmington

Ruth Jones, County Attorney's Officer met with a painful accident on Thursday when she slipped on the steps of the County Building in Wilmington and dislocated her knee. She was removed to her home here and medical attention given by Dr. C. H. Blake. She will probably be able to resume her duties in a few days.

## READY TO COOPERATE FOR Y. M. C. A. BAZAAR

### Some Chairmen Appointed Plan Committee Meetings

Enthusiastic cooperation in the work of preparing for the Y. M. C. A. bazaar to be held in February is reported by A. G. Wilkinson, chairman. While the plans are only partially completed, those asked to head committees for the booths so far decided upon have chosen their helpers and in some cases have already planned for committee meetings.

The following have accepted chairmanships: Mrs. George L. Townsend, fancy work; Mrs. J. P. Cann, Parcel Post; Mrs. Francis A. Cooch, Cake; Misses Alberta Heiser and Dora Law, candy; Mr. Lee Rose, cigars. Further plans will be announced later.

## Primary Children To Give Christmas Program In Wolf Hall

The children of the Primary School are preparing a Christmas program which will be given at Wolf Hall, on Monday afternoon, December 22 at 2 o'clock.

The children of Miss Wilson's and Miss Rickard's room will give a playlet, "Christmas Day in Mother Goose Land" with Lucy Cresswell as Mother Goose, "In Santa Claus Land" will be given by the little folks with Melville Apsley taking the character of Santa, Corinne Berry, his wife, and Grace Widdoes, his baby.

Parents and patrons of the school will be given an opportunity to contribute a small sum if they so desire, to be applied to the purchase of playground equipment.

## Vital Phase of Americanization Discussed By Missionary Society

The Women's Home Missionary Society of the M. E. church held its regular meeting on Friday afternoon at the home of Mrs. R. S. Gallaher.

After the business meeting, the subject for the afternoon, "The Language Question as it Pertains to our Foreign Population" was ably presented by Mrs. T. T. Martin. A discussion which brought out many points with reference to this particular phase of Americanization followed under Mrs. Martin's leadership.

A social hour with refreshments was enjoyed after the discussion.

## Lieutenant Loomis Visits Newark Friends

Lieutenant Ralph Loomis of Columbia Missouri visited at the home of Dr. and Mrs. E. V. Vaughn over the week-end. He was stationed here during the war, a member of the staff in command of the S. A. T. C. He is now connected with the University of Missouri.

## Children To Interpret English and Dutch Christmas

The children of the grammar grades are busily planning for a Christmas party to be held at the Y. M. C. A. on Tuesday afternoon. Costumes and scenes illustrative of Christmas in other lands will be an interesting feature of the affair. The English and Dutch customs have proved a popular choice with the children who with their parents are preparing the costumes.

## WEDDING

### Brown—Laird

This afternoon at 5 o'clock Leonard A. Brown of Chester, Pa. and Gertrude Laird of Iron Hill, Md. were married at the Presbyterian parsonage by Rev. William J. Rowan.

Mr. Brown was a former resident of Iron Hill. He enlisted in the army when the first call was sent out for volunteers. He was among the first to be sent overseas and was several times wounded in action. The young people will probably make their home in Chester after the holidays.

## THE NEW CENTURY CLUB HOLDS CHRISTMAS MEETING

### First Tuesday of New Year Will Be Art Day

At yesterday's meeting of the New Century Club, Miss Dorothy Wolf of the Women's College read very effectively the playlet "Jannikin and Minnikin."

Mrs. Herman Tyson sang the aria from Robert the Devil and the Choral Club under the leadership of Mrs. J. O. G. Duffy sang a number of Christmas carols. Following this a social hour with refreshments was enjoyed.

This was the last meeting of the old year. The first 1920 meeting will be held on Tuesday, January 6 and will be devoted to art. Miss Ethel Pennewill Brown of Wilmington and Miss Florence Hubbard of the Women's College will have charge of the program.

The music for January will be under the direction of Mrs. J. Pearce Cann.

## Board of Education to Meet Tonight

The Board of Education will hold a meeting tonight when a conference will be held with one of the land owners whose property is under consideration as a site for the proposed new school building. Communications received recently from the State Board indicate that matters are rapidly shaping up for the choice of a suitable location.

## Cantata to Be Given At the Methodist Church

The children's Christmas service will be held at the Methodist church next Sunday morning in combination with the preaching service. The exercises will begin at 10 o'clock.

On Tuesday evening a cantata "A Bona Fide Santa" will be given with the following characters:

Mr. Grant, Francis Lindell. Mrs. Grant, May Duhamell. Emily, their daughter, Francis Bittles. Mrs. Moore, a married daughter, Delena Leak. Jimmy and Mary, her children. Wilkins Cooch and Mary Gray. Mr. Cole, a young minister, W. Paul Bebout. Arthur Cole, his brother, William Bland. Gertrude, Bertha and Frank, friends, Dorothy Hoffecker, Dorothy Cooper and John Hoffecker. A fine program of solos, duets and choruses will be presented by the members of the cast. The annual Christmas treat will be given to the children after the cantata when it is expected that Santa Claus will be present.

## Burning Car Attracts Much Attention

The Aetna Fire Company was called out on Monday afternoon by an alarm sent in from the Pennsylvania station that a car load of oranges was on fire. This car was one of a train of refrigerator cars on a "through" freight bringing southern fruit to northern markets. The fire which probably originated in a hot box was discovered when the train was near Elkton. The crew proceeded to the pumping station east of town where they made unavailing attempts to control the blaze. The oranges were removed and the burning car detached from the train. A shifting engine was pressed into service and shunted the car to the siding near the passenger station, where it was hoped the local fire company could render aid. They were handicapped, however, by the difficulty experienced in securing water. The nearest fire plug is a short distance below The Post building, and attachment to this required more than 1000 feet of hose. This was promptly secured and the fire brought under control before any considerable damage was done to either trucks or track. The damaged car was hauled away yesterday morning.

The oranges were stored in the pumping station until yesterday when they were loaded on a freight car and sent on to their original destination.

## HIGH SCHOOL DEBATORS HOLD PRELIMINARY CONTEST

### Classes Will Compete For Silver Cup

The preliminary trials for membership in the interclass debating teams in the high school were held last Friday. Interest was especially keen this year due to the fact that a silver cup given by last year's class will be awarded to the winners.

The judges were, Miss Grace E. Stevens, Miss Mary E. Rich, Mayor E. B. Frazer and Postmaster L. K. Bowen. Their decision resulted in the choice of the following to represent the different classes: Senior, Paul Steel, Alma Dunlevy, and Helen Pillsbury. Ernest Milklin alternate.

Junior, Courtland Houghton, Charlotte Dayett and Dorothy Cooper. Sarah Pennington, alternate.

Sophomore, (one entrant only), Freshman, Alvin Wakeland, Margaret Burkett and Penrose Wilson. Barclay Armstrong, alternate.

## Fire Company Will Nominate Officers Friday Night

An important meeting of the members of the Aetna Hose, Hook and Ladder Company will be held in the Town Hall on Friday evening next to nominate officers for the coming year. The election will be held the first Friday in January.

## Will Entertain Town Children at Moving Pictures

In accordance with a long established custom the Newark Opera House Co. will entertain the children of the public schools at a moving picture matinee on December 19, Friday afternoon, at 2:30. This is always an eagerly anticipated feature of the Christmas holidays and the Company makes a special effort to secure "movies" that will appeal to the children. This year the attractions will be "Evangeline," a picturization of Longfellow's beautiful poem, and one of the ever popular Mutt and Jeff cartoons which "Bud" Fisher has made famous.

## Please Send Copy Early Next Week

In order that next week's Post may be in the hands of subscribers early Christmas Eve, correspondents and advertisers are requested to send their copy no later than Tuesday noon.

## Everything in Readiness For Grammar School Play

The committees in charge of plans for the play to be given by the Eighth Grade on Monday evening, Dec. 22 at the Opera House have everything in readiness.

The chief characters in the play, "Where Love is there God is also" by Tolstol are as follows: Martin, the Shoemaker, Buford Denny.

The Old Pilgrim, Marion Hopkins. Stepanitch, the old Soldier, Irving Cashell. The Mother, Iva Wollaston. The Apple Woman, Charlotte Hosinger. The Boy, Herbert Leverage. The Voice of the Vision, Catherine Holton. Doorkeeper, John Morrison. Water Carrier, Marian Durnall. Two Soldiers, Alma Chambers and Laura Perkins. A Neighbor, Gladys Berry. The Lamplighter, Reginald Hose. A Working Man, Robert Jaquette.

## Christmas Entertainment At Welsh Tract Monday Evening

Welsh Tract school will give a Christmas entertainment at the school, Monday evening, December 22, 1919, at 8 o'clock. Admission free.

The following pupils have not missed a day since school opened in September: Margaret Reed, Leona Reed, Jane Reed, Henry Whitman, Paul Whitman, Vera Conner, Elmer Smith and Bessie Coleman.

## GRANGE TO HOLD FAREWELL RECEPTION MONDAY NIGHT

### Will Entertain Agricultural Staff and College Students

Newark Grange No. 5 will give a farewell reception next Monday evening, December 22 to Dean and Mrs. Harry Hayward. They will also at this time entertain the new members of the Agricultural staff at Delaware College, the new grange members and the students in the Agricultural department who are not members. Addresses will be made by prominent grange members, music and dancing will follow, and refreshments will be served. An orchestra from the college has been secured.

M. O. Pence is chairman of the committee on arrangements and Miss Marion Brown of the committee on refreshments.

## Sunday School Class Gives Teacher Farewell Party

The members of Dean Harry Hayward's Sunday School Class at the Presbyterian Church paid a farewell visit to Dean and Mrs. Hayward at their home on Monday evening. Fifteen members with Dr. and Mrs. W. J. Rowan as their guests wished them God speed, and happiness in their new home. Refreshments of ice cream and cake were served.

## Mason Concert a Decided Success

The unanimous opinion of those privileged to hear the Mason concert last night was that the program was the best ever heard here. The singers were all artists of unusual ability and the accompanist, the famous Thunder was seldom heard to better advantage. The true timbre and expressiveness of Mr. Mason's voice was shown to excellent advantage in his rendition of "Christ in Flanders."

Regret was expressed by Mr. Mason's many friends here that necessary haste in departing last night left little time for the usual renewing of old acquaintance especially since this is probably his last appearance here.

## Falls Into Excavation at Pumping Station

Laurence Dougherty, fireman at the pumping station was painfully injured on Saturday when he fell 15 feet into an excavation which is ordinarily covered with planking. He sustained an abrasion of the ribs and bruises on the arms but was not seriously hurt.

## Santa Claus Gets a Sack of Mail Today

A number of letters to Santa Claus were received at this office and are receiving his earnest consideration as you will see if you turn to page 2. Some of those who did not finish theirs in time will have an opportunity to send them for next week's paper.

## War Time Prices At Recent Sale

War time prices prevailed at Thomas H. Green's sale held last Thursday according to auctioneer W. S. Armstrong whose price-getting ability is attested by the long list of sales on his calendar for the winter.

"It was some sale—some crowd, and some money," he said.

Chickens brought 40c a pound, hogs 15c and turkeys 57c live weight. Horses sold from \$105 to \$175, cows from \$150 to \$385. Many expressed the opinion that it was in many respects the most unusual sale ever held in this vicinity.

## Head of Christiana

The committee in charge of arrangements for the Christmas entertainment at Head of Christiana announces that an excellent program is in the course of preparation and will be given on Monday evening December 29.

Sunday school will be at the usual hour next Sunday and Communion at 10:45.

## Delaware Loses Dean Cullimore

### Engineering Head to Become Director of Technology College

### To Receive Much Higher Salary from School at Newark, N. J.

Professor Allan R. Cullimore dean of engineering at Delaware College has been named Director of the Newark Technology College, Newark N. J. He has resigned at Delaware, his resignation to take effect at the beginning of the second term February 1, when he will take up his new work at Newark, N. J.

Dean Cullimore has been head of the Engineering Department at Delaware since the fall of 1916 and is recognized as an instructor of great ability. Trustees of the college have made every effort to retain his services but the offer from the New Jersey institution from a financial standpoint was far beyond what could be offered him here. He has had the Newark N. J. offer under consideration for several weeks and, it is understood, had to give his answer at this time as the college is in need of a director.

The announcement of his resignation is unfortunate just at this time owing to the stir in the college circles over other resignations and the alumni investigation, an outcome of Dean Harry Hayward's leaving, but his resignation has nothing to do with these matters.

Dean Cullimore said, "My resignation has nothing whatever to do with the Hayward matter." He has been greatly interested in his work at Delaware and regrets to leave but realizes that the salary offer is far above what he could expect the local institution to meet. He will remain at Delaware to assist in carrying out the program of getting the temporary engineering buildings up even should it compel him to stay a short time after February 1.

For 15 months during the war and after the armistice was signed Dean Cullimore served as a Major in the Army in rehabilitation work. He entered the service April 24, 1918 and was commissioned a Major in the Sanitary Corps. He was at first stationed at the Walter Reed Hospital, Washington and later was sent through Canada to study rehabilitation work there. He next was sent to San Francisco and was made consultant for all rehabilitation work west of Denver. He received his discharge July 8 of this year and returned to Delaware College.

The engineering department of Delaware College has grown in strength and number under Dean Cullimore. He is a graduate of Boston "Tech" where he taught two years. He then took up active engineering work at St. Louis but later went to the Toledo, Ohio University as dean of engineering where he remained four years and came from that university to Delaware in 1916.

The Newark Technology College where Dean Cullimore goes as director has between 700 and 800 engineering students enrolled. It is located in the city of Newark and many young men who work in the industrial plants are enrolled in the night engineering courses.

## Local Minister Lectures Before School Improvement League

Rev. Frank Herson, pastor of the M. E. Church delivered a lecture on Ireland before the School Improvement Association at Jackson School House last night.

## Christmas Service To Be Held Sunday At Presbyterian Church

A Christmas service will be held at the Presbyterian Church next Sunday. The Christmas sermon and the Christmas music will be given in the morning. In the evening the concluding sermon of a series of three recently prepared by Dr. Rowan on the Book of Hosea.

### For The Homemaker's Eye

#### New Salad Dressings

The high cost of living made it almost impossible for the thrifty housewife to include eggs in her cooking recipes, so to relieve this high cost we will make an eggless mayonnaise a feature of the salad dressings today.

#### Eggless Mayonnaise

Place in a soup plate  
2 tablespoons of evaporated milk,  
1/2 teaspoon of mustard,  
1/2 teaspoon of paprika.  
Beat to mix and then add three-quarters-cup of oil, pour in a steady stream, while beating the mixture very hard. Season with  
1 teaspoon of sugar,  
1 teaspoon of vinegar,  
1/2 teaspoon of salt.  
Blend to mix.

To make the genuine Russian dressing, such as is used in the wheat fields of the Ukraine, place in a bowl

1 cup of eggless mayonnaise dressing,  
1 grated raw beet,  
1 grated raw carrot,  
1 tablespoon of sugar,  
2 tablespoons of vinegar,  
1 teaspoon of Chile powder.  
Beat to mix and then use for salads.

#### Cosmopolitan Dressing

1/2 cup of mayonnaise,  
4 tablespoons of evaporated milk,  
2 tablespoons of vinegar,  
2 tablespoons of grated onion,  
2 tablespoons of finely minced parsley,  
Beat to mix.

#### Ironing Embroidery

When ironing embroidered articles, if they are laid right side downward on a heavy turkish towel the space between the figures will be perfectly smooth, and will save you the trouble of running the iron between each separate space.

#### Eggs Take Odors

Eggs are very susceptible to odors and should never be kept near strong flavored food. Many women think that the shell protects the egg from absorbing odors. Try placing an onion beside an egg in the refrigerator to convince yourself.

#### Removing Gum

When gum is on clothing, hold a piece of ice on the opposite side of the goods and the gum will be removed easily.

#### Grate Lemons Easily

If lemons are placed in cold water and allowed to stand a little while they can be grated more easily and in much less time than when dry.

#### Keep Cheese Fresh

Dip a piece of cheesecloth or muslin in vinegar, wrap it around the cheese and put it in a covered dish. Treated this way your cheese will not mold or dry.

#### Mother's Pension Law Benefits the Children

Remarkable progress has been made in legislation providing for mothers' pensions, since the first mothers' pension laws were passed in 1911 in Illinois and Missouri. Now 39 states, Alaska and Hawaii have made some provision for mothers left with young children to support, and at least 5 of the remaining states have mothers' pension laws under consideration. This rapid spread of legislation in so brief a period is indicative of the widespread conviction that no child should be deprived of home life and a mother's care because of poverty alone.

All mothers' pension laws provide for the payment of a stated weekly or monthly sum for each child under a certain age to mothers who are dependent upon their own efforts to support their children and are morally and physically fit persons to bring up their children. There is considerable variation of the laws in force in different states, some providing pensions only for widowed mothers, others including women who are divorced, who have been deserted by their husbands, or those whose husbands are otherwise incapacitated. In three states expectant mothers may receive mothers' pensions, and in a number of instances the mothers of children born out of wedlock come within the scope of the law.

#### Can't You Entertain An Extra Guest Christmas?

Holly in the window, turkey in the oven, presents weighting down the glittering tree, Christmas cheer in the air!

Can't you make room for one more guest in your Christmas heart—especially if it happens to be a little child whose eyes are big and lonesome, and whose little body looks as if it had been hungry for a good long time?

For just 10 cents you can feed the hungry stomach of such a child on Christmas Day. For \$3.00 you can care for it for a whole month. And if you can dig down in your Christmas pocket-book and pull out \$36.50 all in one lump, you

can be godparent to a little boy or girl for a whole year, being put in touch with it through correspondence.

What kind of a child? Well, what do you think about a little ten-year-old boy who for three years worked every day from sun-up to sundown, sawing up branches of trees for fuel? He must support one crippled leg with a huge stone while he worked. One end of a huge cross-cut saw was pressed against his tiny chest, the other braced against the ground, as with outstretched arms he drew toward him the branches which were to make fuel and earn 40 cents a week for himself and an old grandfather.

Or how about a little six-year-old girl who, when the Germans carried away every boy baby from her town, was thrown to the pavement by a burly German when she proved to be a girl? She is permanently crippled. Her mother was taken away by the Germans, her father was killed in the war.

These are just two of the 3,000,000 French orphans of the war. They are being taken care of now, but thousands of others are without help or friendship. All are fatherless, many have lost their mothers, either taken away by the Germans or dead from exposure, privations, or in the bombardments. The Fatherless Children of France, an American organization co-operating with a similar one in France of which Marshal Joffre is the head, is trying to furnish American aid to the extent of ten cents a day per child, to add to the tiny pension the French Government has been able to grant orphans of the war. Every cent contributed for a child goes directly to it. Not one penny is used either in this country or in France for any other purpose; the expenses of the work are borne by generous friends.

Can't you add one of these children to your Christmas list. Not only the money but your friendship will mean to such a child a new belief in the Providence of God, a new love and thankfulness, and will help to wipe out the memories of horror and suffering and the unthinkable atrocities which these children have witnessed.

To become a "godparent" to a child, or to make a Christmas donation, write to Mrs. Walter S. Brewster, Chairman of the Special Campaign Committee of this organization, who will mail a booklet of the little children already helped, to anyone who will send a stamped, self-addressed envelope of business size to her at Room 928, 410 S. Michigan Ave., Chicago, Illinois.

**ARE YOU USING RED CROSS CHRISTMAS SEALS**

**Miss Bissell Explains Scope of Work**

Miss Emily P. Bissell, originator of the Red Cross Christmas Seal, from the sales of which funds to maintain a nation-wide fight against tuberculosis are obtained each Yuletide setson, in speaking of the plan of the center of which is an effort to reach every family in the State, said in an interview recently:

"This the Red Cross Seal campaign managers do not know, but they are endeavoring to reach every one of them by its educational leaflets.

"It is doing this because each household needs protection against tuberculosis, and the little Christmas Seal is the symbol of a big fight to preserve every man, woman and child from infection.

"Every seal that is bought means a penny more towards doing vital preventive work. First will come, penny by penny, the salaries of six experienced school nurses to look after Delaware children. Many infections occur in child-

hood and they must be met and cured. Is it not worth while to go without a little Christmas ribbon in order to save a child from infection by the white plague?"

"Next the pennies will go towards a traveling tuberculosis clinic, penetrating into the lonely neighborhoods where even the roads are almost impassable. Here, far from doctor and nurse are cases that need to be searched out and cured, and infection from them stopped. Is not a little self sacrifice worth while to send this traveling clinic on its way?"

"An open-air school such as Delaware has never had will be possible if enough Christmas Seals are sold. So will open-air roofs in a hundred schoolhouses over the State. So will care of the destitute consumptives at Hope Farm and Edgewood be possible for all cases needing it.

"In this campaign rich and poor take part annually, for the health bonds which are issued can be sold up to \$1,000. More than \$1,000 will not be received from any one, as the purpose is to spread the giving as far as possible in this educational campaign. How many generous givers there are in Delaware, who will put \$1,000 into their bonds cannot be told, but two have

already come forward. "Each for All—this might be the motto of the Red Cross Seal. If each Delawarean will help to protect Delaware from the white plague, the abnormal big death rate in the State will soon be called down, and every home be safer than it has been for years."

**Farm Tractor School**

The Farm Tractor School which will be held at Delaware College, Newark during the Farmers' Week program, beginning Monday, December 29, and ending Friday, January 2, will be open to the farmers of this Peninsula. The tractor course will begin at 11 a. m. Monday and on each succeeding day the schedule will be as follows: Mornings, 8:45-9:45, lecture; 10-12, laboratory; afternoon, 1:45-2:45, lecture; 3-5, laboratory. The laboratory work will follow the principles brought out in the preceding lecture as nearly as possible. Several makes of tractors will be used in conducting the laboratory work.

The lecture topics follow: 1, Definitions and Fundamental Principles; 2, Tractor Principles and Types of Tractor Drives; 3, Fuels and Carburetion; 4, Ignition; 5, Motor Operation and Timing; 6, Lubrication and Oil; 7, Cooling System; 8, Tractor

Adjustments and Repairs; 9, Tractor Ratings; 10, Power Machinery—pulleys and belts; 11, Shall I Buy a Tractor? At farmers or tractor owners who are interested in this free course, should enroll at once, as only 25 or 30 may be accommodated in the work. Address all inquiries to Dean H. Hayward, Newark, Delaware.

**Newspaper Print Shortage**

There is today in the hands of the manufacturers less than three days' supply of paper for the newspapers of the country.

The Newsprint Service Bureau of New York, representing the paper manufacturers, has notified the American Newspaper Publishers' Association that an immediate cut of 10 per cent in consumption is essential.

The American Newspaper Publishers' Association has notified every newspaper publisher of America that unless the newspapers throughout the United States reduce the average consumption of newsprint paper by at least 10 per cent many newspapers may soon be compelled partly or wholly to suspend publication. The association has asked all newspapers to comply strictly with the regulations of the War Industries Board for conservation of newsprint paper and that every economy in the use of paper be observed.

The existing crisis can only be met by sincere and voluntary cooperation on the part of all advertisers and newspapers.

As chairman of this district, I am sending this appeal to every newspaper publisher in Maryland, Virginia, Delaware and the District of Columbia, asking that this public announcement be printed prominently on the first page of his newspaper immediately.

Chairman, Newsprint Service Committee Maryland, Virginia, Delaware and District of Columbia, American Newspaper Publishers' Association.

**Funds Needed For Health Work**

The State-wide campaign for \$35,000 to carry on health work among children of Delaware now being carried on by the Reconstruction Commission, headquarters, Tenth and Market Streets, Wilmington, should enlist the interest of every lover of childhood. As an emergency measure for the conservation of human life, instituted during the war, health centers were opened by the woman's committee of the Council of Defense, at central points in the city of Wilmington. Milk was dispensed and demonstrations given in the modification of milk; visiting nurses were employed, and prenatal clinics were held, followed in several instances by the establishment of regular weekly clinics for the connection of minor ills. Dozens of little lives have been saved, and habits of right living whose value is incalculable have been demonstrated.

At a meeting of the Reconstruction Commission held at Dover last Wednesday, it was decided that the appropriation from the Legislature for carrying on this work should next year be spent largely in the rural districts. Newark has already seen a reflection of this decision in health meetings of the past week, the inspection introduced in the schools recently, and the health centre soon to be opened in the Elliott building.

The release of the state appropriation for rural work, however, leaves the already well established health centres in Wilmington without sufficient funds to carry them on, and for this the \$35,000 campaign has been initiated.

Mrs. A. D. Warner, Mrs. James N. Ginn, Mrs. E. Paul duPont, Mrs. William H. Laird, Mrs. William Coyne are members of the finance committee.

Miss Elizabeth H. Grime of Newark is in charge of the largest health centre, located at Eighth and Lombard Streets, Wilmington.

**Ban Put On Holly Wreaths**

On top of bad crops a severe blow was suffered by lower Delaware farmers when they received notice that holly wreaths would not be received for shipment because of the reported cases of smallpox in Sussex county. Hundreds of dollars are made each year by families around Christmas time by making and selling holly wreaths. With this year's bad crops, many of the farmers were attempting to augment their incomes by turning out the holly wreaths. The order stops this income for the rest of the year.

## SIXTY BOYS AND GIRLS REGISTER FOR CLUB MEET

### Notable Event To Be Held Here Christmas Week

Newark will during Christmas week witness one of the most notable events in the history of the State when 60 or more of the embryo farmers, statesmen and stateswomen will meet at Delaware College for conference. State Club Leader T. T. Martin, County Leader Agnes P. Medill and others interested in Boys' and Girls' Clubs have every assurance of a large and enthusiastic attendance.

The Boys' and Girls' Club program will be one of the most interesting sections of the Farmers' Short Course, which will be held at Delaware College, from December 29 to January 3, during the school vacation period.

A special program has been arranged to meet the practical needs of the young folks. The joy of a swim in the college pool and the fun of taking part in the group games and physical exercises each

day in the college gymnasium will keep these young achievement lads and lasses in fine spirits for the work of the week.

Then on one evening of this wonderful week the boys and girls will have a jolly time at the Y. M. C. A. building, where Miss Mabel Krall, the State Y. W. C. A. secretary, and Mr. Bebout, secretary of the local Y. M. C. A., will demonstrate what these Christian organizations are doing for the boys and girls of Delaware.

One program will belong to the boys and girls themselves at which time they will put on club stunts, sing club songs and give their yells.

It will indeed be a new experience to sleep in Harter Hall and eat together at the Commons, to visit Delaware College, the Women's College and the Experiment Station Farm.

Then to see some real good moving pictures on club work each night at Wolf Hall, will be a fitting close for each full day. The college has purchased a moving picture machine for the Assembly Room at Wolf Hall and ten series of reels on farm and home life have been secured for the week.

Not only will these boys and girls have an opportunity to attend some of the most interesting sessions of the Tractor School and be with the women and men in some of the adult courses, but they will also have special programs adopted to the farm and home projects on which they have been working this year.

Mr. O. H. Benson, the "Big Chief" from U. S. Department of Agriculture, who started and developed club work throughout the United States, will be here for Wednesday night and all day Thursday. Miss Helen Atwater of the Home Economics Department of the U. S. Department of Agriculture, will give a course on clothing work for girls and women on Wednesday evening and Thursday. Work in canning, sewing and bread making will also be provided for the girls and women. Demonstration agents, club leaders and some home economics specialists will care for the girls' program. Dr. Keene of the State Tuberculosis Commission will show slides on playground activities and Tuberculosis in Delaware.

A special program has also been arranged for all the boys on the

study of corn, which will continue throughout the week and close with a state corn judging contest. The Charles Warner Company will award three champions with free trips to Washington, D. C. Prof. Friant, County Agents and Club Leaders will give the instructions in this course. Dr. C. C. Palmer, Prof. Baker, County Agents and Club Leaders will offer a week's course to all the boys in pig and dairy cattle work, which will also close with state judging contest.

The State Bankers' Association, the County Farm Bureaus, and Supplee-Wills-Jones Milk Company, and the William B. Tilghman Co., have provided free scholarships for about 50 achievement champions. Several other boys and girls will pay their own expenses and attend the Club Week.

All persons who desire additional information about the Club Week should write to the State Club Leader, Delaware College, Newark, Delaware.

## "Willing Workers" of Flint Hill M. E. Church Entertained Here

On Thursday, December 11, Mr. and Mrs. Pierce Whitcraft entertained the "Willing Workers" of the Flint Hill M. E. Church from 2:30 until 8 p. m. After a short business meeting a social hour was enjoyed and a bountiful supper served to more than thirty guests. A very pleasant time was spent by these old friends and neighbors of the hostess.

## What is the "Equitable Trust Plan?"

Many are asking this question. Our public announcements have created a wide interest. And well they may for it is a PLAN worthy the consideration of.

Any person who would provide for his loved ones after his death, or for the specific requirements of any dependent during his life.

Any business institution what would make provision against untoward circumstances or for definite future needs. Any thoughtful prudent executive or salaried man who would create an independent estate.

Any experienced investor who would join the investment facilities and experience of this company with his own.

We have explained the Plan and its advantages in a booklet which we want you to read. It is yours for the asking. A personal interview with one of our officers will be to your immediate advantage.

Former Commandant Sends Greeting To Colleges

Colonel Edwin P. Pendleton who was commandant at the College during the war, early this week sent a special greeting to the faculty and students of both Delaware College and the Women's College.

Colonel Pendleton is pleasantly remembered in Newark where he made many friends. He is now living in Washington, having retired from active service in the Army.

Wilmington Merchant to Locate Here

I. Marritz of Wilmington has purchased the stock and fixtures of the John F. Richards store, East Main St. and will conduct there a general store. It is understood that Mr. Richards will continue the grain and feed business.

Mr. Marritz was for some years a resident of Christiana but comes here from Wilmington. A full announcement appears elsewhere in this paper.

Has Poinsetta Plant in Bloom

Mrs. Amanda Gornog has succeeded in raising a poinsetta plant which is now in full bloom. This is a notable achievement in view of the fact that when an inquiry was sent to the Bulletin concerning care of the plant the reply was that being a South African plant it could not be raised in this climate.

Local Farmers Have Record Making Herds

J. T. Edmanson, a local farmer is the proud possessor of the dairy herd making the highest butterfat record for November in the Diamond State Association. The herd of J. Irvin Dayett was a close second and those of Paul Murray and Frank Buckingham were next in order. In the Middletown association the herd of Lee Pennington holds the production record.

The Smile That Wins

It is said of Jenny Lind, the famous singer who was famed and known throughout the world as the "Swedish Nightingale," that she first won her audiences by her smile—completely, before she uttered a note.

Jenny Lind's smile, like the smile of every human being who has won the hearts of devoted admirers, attained to greatness, or made friends, was a smile that had behind it sincerity, kindness, appreciation.

Look for the most attractive or the most popular woman in your community, your class or your town. It is not in general the woman who lives in the biggest house and wears the richest gowns, nor who can talk the most fluently or entertain lavishly, but instead, the woman with the sweetest smile. She is beloved by the many because her smile carries sunshine and beauty everywhere her face is seen. While others may grumble and complain about its being too hot or too cold, she smiles, and whenever she smiles, you are made to feel that her smile is sincere. She may not be much of a talker, in truth, she may sit quietly and listen much of the time, but always she can smile her appreciation.

If there is any one thing in this world that we human beings, like or prefer above all other things, that one thing is appreciation. So this woman, who has so many friends though she talks but little wins us because she can smile her appreciation.

You may not be rich or famous and have no desire for wealth or greatness, but you do want friends. Then smile: smile sincerely, smile happily, joyfully. And always, and unfeignedly, smile your appreciation. For this is the smile that wins.

Your Boy---Any Boy---or Young Man

This Christmas and Next . . . .

Many of us strive by hard work and strict attention to business to support our families, ourselves, and our loved ones, and to save certain sums of money for the "rainy days."

Many of us also find the Christmas season at hand without the wherewithal to furnish our families and our friends with the gifts, remembrances, and pleasures, that we had hoped, or intended to give. We feel sorry—and yet, after all—we can but blame our own shortsightedness.

For an account in the Christmas Savings Club of this Bank would have insured just the kind of Christmas you wanted to have.

Begin Your Next Merry Christmas Now!

Deposit anywhere from 10 cents to \$2 weekly in our Christmas Savings Fund now forming, and receive your Christmas money December 15th, next.

Xmas Gifts of Unusual Value

**DELAWARE STATE CORN SHOW BEGINS TODAY AT DOVER**

**Program Indicates That It Will Be Unusually Interesting**

The 13th Annual State Corn Show held under the direction of the Delaware Corn Growers' Association will begin its session on Wednesday, December 17th by the placing and judging of the exhibits. Prof. Nicholas Schmitz of Pennsylvania State College will be the official judge. Already many entries have been received which indicates that the Corn Show will be unusually interesting this year.

On Thursday at 10:30 Prof. Schmitz will talk on corn production from the standpoint of the seed. Followed by discussion. At 1:30 Prof. J. E. Metzger of College Park, Maryland, will discuss factors influencing corn yields. At 3:30 Thursday a demonstration on selecting corn for seed and for exhibition will be conducted by Mr. A. D. Cobb, County Agent for Kent County. Prof. L. S. Armstrong, Supervisor of Vocational Training and Agriculture in the High Schools of the State, will conduct a contest in competitive judging for the pupils of these schools.

Other features of the Corn Show will be a Grange contest for a silver cup offered by the Delaware State Grange. Each local grange to submit 5 ten-ear samples to qualify in this contest.

The shelling contest for the 10-ears producing the most grain by weight is open to farmers of all states. Already samples have been received from as far west as Ohio. During the past 7 years the first premium in this class has been won by Delaware every year except one when it went Maryland. The largest amount of grain produced by 10 ears in any of these contests was 11 lbs. 9 oz.

The boys clubs of the State will also have corn on exhibition.

The exhibition will be held in the rooms of the County Offices and the speaking in the House of the Legislature, in the State House.

All entries for the Show will close on Wednesday morning at 10 o'clock.

any vacancy by reinstatement, transfer, or promotion.

An eligible register for the position of rural carrier for each county is maintained. A rural carrier after one year's satisfactory service may be transferred to the position of clerk or carrier in a first or second class post office, railway mail clerk or other position in the classified service, subject to such examination as may be required by the civil-service rules.

Only citizens of the United States who have their actual domicile in the territory supplied by an office in the county for which the examination is held will be admitted to the examination.

Application for this examination must be made on application Form No. 1341, which, together with information in regard to the examination, may be secured from the secretary of the local examining board or the postmaster at the post office or post offices named above, or from the United States Civil Service Commission, Washington, D. C. The application should be executed and immediately forwarded to the United States Civil Service Commission, Washington, D. C.

**Contestants for the Board of Agriculture Poultry Prizes**

Twenty-eight poultry raisers of Delaware are now in the contest for the prizes offered by the State Board of Agriculture for the best records of farm flocks, and all are competing for the six-months prizes which will be awarded in June and the yearly prizes which will be awarded in December next. The contestants are as follows: Mrs. E. B. Gates and Mrs. L. B. Miller, Lincoln; O. A. Newton & Son, Bridgeville; A. C. Howe, H. R. Lomax, Miss Marjorie Baldwin, Edmond J. Lewis, C. A. Colill, Mrs. B. B. Vineyard and Gus. Swanton, Milford; Jos. J. Petrasek, West Dover; Ed Todd, Viola; S. E. Evans, Millville; Miss L. Emma Weldin, Wilmington; L. Pratt Cooper, Delmar; Clarence C. Keys, Farmington; Wm. V. Cosden and Wm. Haas, Dover; Mrs. Clara E. West, Clarksville; Miss Dorothy Laver and C. A. Dybeck, Hartley; J. Wilson Green-

field, Marshallton; W. E. Thompson, T. C. Donovan, W. B. Moore, Edward Lynch, Lewes; Robert O. Boyce and Norval Pepper, Seaford.

These contestants are all keeping careful records and will report monthly.

This new proposition has attracted nation wide notice and has received the most favorable and warm endorsement by the agricultural press of the country.

**Peninsula Horticulture Meeting**

The program for the meeting of the Peninsula Horticultural Society in Chestertown, Maryland, January 6 to 8, 1920, is nearly completed and will include the following: Apple growing, W. E. Sanger, Cordova, Maryland; Main Principles of Orcharding, Emmor Roberts, Moorestown, N. J.; Decay of Fruits During the Process of Marketing, by O. F. Burger, U. S. Department of Agriculture; Spraying to Control the Codling Moth, by B. R. Leach, of the U. S. Department of Agriculture; The Control of Orchard Insects, by Dr. Thomas J. Headlee, New Jersey Orchard Management in New Jersey, by Professor Arthur J. Farley; Apple Pruning Experiments and Pollination Studies, by Professor E. C. Auchter, of College Park, Md.; Orchard Demonstration Work, with a moving picture film, by Professor S. B. Shaw, of College Park, Maryland, in cooperation with the U. S. Department of Agriculture; Report on Fungus Diseases, by Dr. Thomas F. Manns, and papers by Professors McCue and LeCato, of Delaware College; Report on Insects, by Prof. E. N. Cory of College Park, Maryland; Vegetable Growing, by George Morrison, Uplands Farm, Maryland; Horticulture on the Eastern Shore of Virginia, by A. J. McMath, Onley, Va.; Better Home Grounds, by B. W. Anspen, Granogue, Delaware. The Balance Wheel of the Social Order, and The Terns System of Land Title Registration, by Dr. F. B. Bomberger, College Park; The Use of Sulphate of Ammonia, by Dr. W. C. Rhode, Baltimore, Maryland.

A number of other speakers will be announced later, but enough have been secured to insure one of the most interesting and profitable meetings ever held on the peninsula. Fruit growers,

farmers and market gardeners should arrange to be present and make exhibit of fruits, nuts and vegetables.

**The Home of Borax Is Scene of Coming Photoplay**

The latest spot to become famous in the romance of the motion picture is Death Valley—a place which its name well fits—on the border line of Nevada and California. This is the place, Gladys Brockwell is the girl, and the recent Nevada gold rush is the time, that figure in the photoplay "Chasing Rainbows," to be shown at the Newark Opera House on Tuesday, December 23.

Death Valley lies below the sea level and the atmosphere is such that even the mules are tired there before they start to work. It is the home of borax, perhaps the only useful thing that comes from the baked alkali soil.

In Death Valley the only way to become known to the outer world is to get lost and die there, and have oneself searched for by rescuing parties, and finally found beneath the wind-shifted sands. The mileposts in this surface inferno are tombstones. Valley veterans will inform the tenderfoot that "two and a half miles southeast of Tim Ryan, August 9, 1905," is to be found good water—that is, good for Death Valley.

Physicians say that the traveller in the valley must be sound of heart, lungs, liver and temper—and then the best way for him to get through the valley is to go round it!

And now Death Valley is immortalized on the screen! Some of the best work in the career of clever Gladys Brockwell is done on the edge of it!

I once worked for an old newspaper editor down in Missouri, who refused to publish the death notice of a merchant who had not advertised in his home paper. He said, "People who don't advertise in the home paper never were alive and their passing away has no news value."—Albany Park (Ill.) Record.

FOURTEENTH DECENNIAL CENSUS OF THE UNITED STATES

President Wilson Explains Nature and Scope of the Work

Whereas, by the Act of Congress approved March 3, 1919, the Fourteenth Decennial Census of the United States is to be taken beginning on the second day of January, 1920; and

Whereas, a correct enumeration of the population every ten years is required by the Constitution of the United States for the purpose of determining the representation of the several States in the House of Representatives; and

Whereas, it is of the utmost importance to the interests of all the people of the United States that this Census should be a complete and accurate report of the population and resources of the Nation; Now, therefore, I, Woodrow Wilson, President of the United States of America, do hereby declare and make known that, under the law aforesaid, it is the duty of every person to answer all questions on the census schedules applying to him and the family to which he belongs, and to the farm occupied by him or his family, and that any person refusing to do so is subject to penalty.

The sole purpose of the Census is to secure general statistical information regarding the population and resources of the country and replies are required from individuals only to permit the compilation of any such general statistics. No person can be harmed in any way by furnishing the information required. The Census has nothing to do with taxation, with military or jury service, with the compulsion of school attendance, with the regulation of immigration or with the enforcement of any national, state or local law or ordinance. There need be no fear that any disclosure will be made regarding any individual person or his affairs. For the due protection of the rights and interests of the persons furnishing information every employee of the Census Bureau is prohibited, under heavy penalty, from disclosing any information which may thus come to his knowledge.

I therefore earnestly urge upon all persons to answer promptly, completely and accurately all inquiries addressed to them by the enumerators or other employees of the Census Bureau and thereby to contribute their share toward making this great and necessary public undertaking successful.

In Witness Whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this tenth day of November, in the year of our Lord one thousand nine hundred and (seal) nineteen, and of the independence of the United States the one hundred and forty-fourth.

WOODROW WILSON
By the President:
William Phillips
Acting Secretary of State.

December
Oh! Holly branch and mistletoe,
And Christmas chimes where'er we go,
And stockings pinned up in a row!
These are thy gifts, December!

And if the year has made thee old,
And silvered all thy locks of gold,
Thy heart has never been a-cold,
Or known a fading ember.

The whole world is a Christmas tree,
And stars its many candles be.
Oh! sing a carol joyfully
The year's great feast in keeping!

For once, on a December night,
An Angel held a candle bright,
And led three Wise Men by its light
To where a Child was sleeping.

Small Towns and Rural Districts to have Evening Classes

Local Committees will be appointed soon

Instruction to be Given by County "Y" Secretary

"What a shame that residents in small towns must miss all these things!" The speaker was a Newark woman, standing in front of a Y. W. C. A. bulletin board, which she encountered by chance, in a cafeteria in an eastern city.

"Evening classes in hat trimming," it read; "Evening classes in spoken French," and at home it is impossible to find them!

But there's a good time coming. The breach promises to be filled for the young men of the community, at least, according to an announcement issued this week from Washington.

"A system of rural evening classes for employed men and boys of the small towns and farming districts of Delaware will be projected in 1920," is the statement of George L. Goodwin, Interstate Y. M. C. A. Secretary. The educational work proposed, it is promised, will not call upon county or township boards for appropriation from the tax funds, but will be supported by voluntary local subscriptions.

In fact, beyond the cost of "Y" supervision, there will be no direct expense as the classes would be taught by efficient volunteers and would utilize existing buildings, such as churches, school houses, garages, barns, machine shops or vacant property available for community use on certain evenings.

"The plan to give the country men and boys of the farms and the industrial and other workers in the small towns of Delaware a chance to remain at home and yet have the benefit of night schooling is one that already has been thoroughly tested out by the "Y" in many farming and industrial communities in all parts of the United States," said Mr. Goodwin. "It

is the plan which Talbot County on the Eastern Shore of Maryland is now operating as an effective measure to keep its young people in local industry. Most of these townships are unable from their tax rate to supply evening schools as part of their free school system and as a result ambitious young men and boys are flocking to the cities, attracted not so much by wages, as by the opportunities for afterwork amusements, schooling and training offered by the great centers.

"To develop this plan, the Interstate 'Y' will at once appoint a general State committee and local committees in every county and neighborhood to present the proposition to the people. The matter will be brought, as it were, to popular vote during the week of February 16th to 24th, when the people of each county will decide whether they can afford not to give these advantages to their young citizens."

Give Valuable Trees For Boulevard

G. E. Bunting & Sons, proprietors of Buntings' Nurseries, Selbyville, Delaware, have given to the State Board of Agriculture some valuable shrubs and trees for planting along the duPont Boulevard between Selbyville and Milford.

Mrs. Coleman duPont has employed a competent landscape gardener to arrange the planting of these trees and shrubs in a way to make the roadsides attractive and to be a practical example of what may be done by the average farmer in Delaware.
