NUMBER 40

DISTINGUISHED GUESTS ATTEND FOUNDERS' DAY

CORNERSTONE OF WOMEN'S DORMITORY LAID
Ex-Governor Miller Presides and Governor Townsend Chief Speaker

Prominent Delawareans and friends of the college attended the third observance of Founder's Day at the Women's College of Delaware last Saturday. Added to the usual interest attending the day were the exercises marking the laying of the cornerstone of the new dormitory, which is to be complete by September, 1918. Honorable Charles R. Miller, former governor of Delaware, presided, and Governor John G. Townsend was the principal speaker at these exercises.

The afternoon's program opened with the Sophomore tree ceremony on the campus, the girls planting an elm for the enjoyment of generations to come. Miss Margaret Reynolds, president of the Sophomore class, presented the spade, at the close of the ceremony to Miss Mary Mitchell representing the Freshmen.

Founder's Day exercises were held in Residence Hall, Dean Robinson presiding. Miss Robinson extended words of greeting, and dwelt, for a moment, upon the growth of the college—from fifty to the present enrollment of 120 with a faculty membership of 22.

The Dean concluded her remarks with the announcement of student subscriptions to the Liberty Loan, amounting to \$2,000, and of an endowment gift of \$150 in Liberty Bonds, by the present Senior class. Miss Edith McDougall, president of the Student Self Government Association, spoke of the benefits of student government, as a feature of the students' training for life.

President S. C. Mitchell spoke of the fulfilled purposes of the college, declaring, "If anyone to date has been disappointed in the Women's College to date, I have not heard of him. So far as I know not a single purpose has failed or been unfulfilled. The college opened its doors at the darkest hour in the history of mankind, Lloyd George speaks of it as the death of civilization. The darkness has been increasing since that opening day three years ago, and it is peculiarly refreshing for us to turn from the awful spectacle of the mad world with all its forces combining for destruction, to this bit of constructive work—where we are building the enduring things in life."

Mrs. Charles R. Miller, representing the Women's Council of National Defense in Delaware, spoke of the work of the organization. "The Council directs the efforts of millions of women," Mrs. Miller said, "the plan of work coming from Washington, and the state organizations taking up the duties in the order in which they are assigned to them. Duties crowd one upon the other, but so long as our men are in the trenches we must neither murmur nor delay, but hold hands with them. The army of men who are ready to fight for America are patriots, the army of women are not assistants to patriots, but real patriots."

"The women of Delaware in the Liberty Loan campaign drawing to a close, have sold over a million and a quarter bonds. They have echoed the spirit of Sergeant Empey, who at the Playhouse the other evening said: 'Buy a Liberty Bond and nail it to the wall as a testimonial to your children that you have obeyed the behest of your government.'"

"Now we come to the Hoover Pledge card, through which we ask the women of Delaware to save, by methods of substitution, such foods as are needed by the soldiers on the swampy plains of Flanders. We must preach selection and substitution everywhere. General Pershing, when entertained in London last summer was asked where he preferred his sugar, in his coffee, or on his strawberries. And so we must make our choice and substitute other nourishment to release food-stuffs for the Allies in need. We hope to get in Delaware during next week 43,000 signatures, which represents 80 per cent of the family population."

"And our children. The children have been called the Second Line of Defense. Certainly it has never been so imperative to shield and protect our children."

(Continued on Page 5)

Conservation Campaign Now On

Pledge Cards Distributed by School Children

School children in Newark entered upon the fulfillment of the first specific duty assigned them in helping Uncle Sam to win the war on Monday, when they began the circulation of the Hoover pledge cards, according to the plan advocated by State Commissioner of Education, A. R. Spaulding.

Cards were circulated on Monday to every child in the grades, asking the little citizens to take them to their homes, and get them signed. Where this plan brings more than one card into a home the children are instructed to take the extra cards to other families in the neighborhood.

Many cards have already been returned with signatures. The first three days of the week will be devoted to the enrollment of families represented in the school, and the last to all other families.

Women Ineligible To Superintendency

The appointment of Miss Mabel Lodge, a candidate for school superintendent of Kent county, is claimed could not be made under the State Constitution, which forbids the appointment or election of any person to a county office, who is not eligible to vote for a Representative in the General Assembly. The exact language of the State Constitution of 1897 on this point is as follows: "Section 11—No person shall be elected or appointed to an office within a county who shall not have a right to vote for a Representative in the General Assembly."

PARENT-TEACHER MEETING WELL ATTENDED

Miss Blodgett Tells Why We Must Save

A largely attended meeting of the Newark Parent-Teacher Association was held last Thursday afternoon in the Grammar School. Principal Koehler, in a short talk, suggested a fine lyceum course for the town. Miss Blodgett, new State leader of home demonstration work, was the principal speaker. In an earnest talk, Miss Blodgett explained why, if Germany is not to win the war, housewives of America MUST conserve all the fats—beef and pork—sugar and wheat.

"Before the war," she said, "Germany produced four-fifths of her food, England only one-fifth. Now Germany has her own vast acreages intact, and in addition certain tracts in France, Belgium, and Russia, under cultivation by prisoners of war. We can thus see, what the United States must do for France and England."

The committee appointed at the last meeting to inspect the school buildings, reported in detail. A resume of the report will be given in next week's issue.

Fatal Accident Near Dagsboro

Governor's Wife Killed When Machine Skids During Storm

Mrs. John G. Townsend, Jr., wife of Governor Townsend, died on Saturday night following a motor car accident near Dagsboro, in which she and the Governor were hurt. While Mrs. Townsend sustained a fractured collar bone, her death is believed to have resulted from shock, as she is thought to have had a weak heart and had been complaining. Governor Townsend was bruised but his injury was only slight. The accident happened shortly after 10 o'clock.

Governor and Mrs. Townsend had been at Newark on Saturday, attending the Founder's Day exercises, at which the governor made an address. They started home late in the afternoon in their motor car, being accompanied by their son and daughter-in-law, Mr. and Mrs. Julian E. Townsend, who, however, left the car at Georgetown, Governor and Mrs. Townsend starting for their home in Selbyville alone.

They were proceeding along the duPont Boulevard, and, handicapped by a storm, they came upon a carriage proceeding in the same direction, just after leaving Dagsboro, but did not see the carriage until very close to it. Governor Townsend, who was driving the car, applied the emergency brake, which caused the car to skid and go over to the side of the road, where it rolled over on its side. Governor Townsend was not thrown from the machine, but Mrs. Townsend was jolted from her seat, and despite his injuries, the governor lifted the machine from her. The car was not resting on her body in such a manner as to crush it, and apparently her only injury was a fractured collar bone.

About this time a motorist named Truitt from Millsboro drew up, and learning of the accident, left his party along the road and started for Selbyville with the Governor and Mrs. Townsend in his car. Mrs. Townsend spoke one or two words after the accident, and it is believed that she did not live over ten minutes.

Arriving at the Townsend home in Selbyville, Mrs. H. E. Evans and Geo. E. James were summoned, and following an examination they expressed the opinion that Mrs. Townsend died from shock.

The Governor's injuries consisted mainly of bruises and he was not seriously hurt, although it is said, suffering from shock.

The sad news cast a gloom over the entire State, especially in Selbyville, and there were no services at the M. E. Church there Sunday. Governor Townsend and members of his family are members of this church.

Secretary of State Everett C. Johnson, of Newark, left for Selbyville Sunday afternoon, arriving there that night.

Mrs. Townsend was a charming woman, having a pleasing personality. She was 44 years of age and she and the Governor were married about 27 years ago. Before her marriage she was Miss Jennie L. Collins, daughter of Mr. and Mrs. Edward Collins, of Worcester county, Md. Both her parents are dead. In addition to her husband, she is survived by six children—Julian E. Townsend, Mrs. Edith Tubbs, John G. Townsend, Jr., Preston L. and Master Paul Townsend and Miss Lyla Townsend. All live at home with the exception of Julian E. Townsend and Mrs. Edith Tubbs.

The funeral took place this afternoon, with services at the house in Selbyville, at 1 o'clock p. m., and interment in Red Men's cemetery in that town.

Wheat Stacks Destroyed By Fire

Five stacks of wheat on the farm of Charles Ayers, near Iron Hill, which is tenanted by his son, Joseph Ayers, were destroyed by fire one night the middle of last week. It was estimated that there were 2000 bushels of wheat in the four stacks, partly covered by insurance. The origin of the fire is unknown.

Change of Residence

Miss Emma Lilley has vacated the Haines property on Main street, to spend the winter with her brother, T. L. Lilley. John Powell moved into the dwelling this week.

LOCAL BANKS RECEIVE \$104,000

SUBSCRIBERS TO SECOND LIBERTY LOAN IN NEWARK REPORTED

Newark banks on Monday morning reported subscriptions to the Second Liberty Loans, amounting to \$104,300. Owing to the fact that many large amounts were subscribed through out of town channels, previous to the beginning of the local drive, it is impossible to give the exact figure, representing the sum subscribed by residents of Newark.

Miss Annie Hossinger, chairman of the district between the B. & O. and South College Avenue, including Elkton, Delaware and Amstel Avenues, won the honors in the local campaign, reporting a larger amount and more subscriptions than any other captain.

The sum subscribed through the local banks represents 432 individual subscriptions. The names follow:

Dr. S. C. Mitchell, Walter C. Curtis, Daniel Thompson, Cora V. Thompson, H. Warner McNeal, Harry Hayward, J. H. Hossinger, Gertrude L. Blodgett, Ernest Frazer, Alice P. Shellender, John

Pemberton, George Pemberton, Pusey Pemberton, Alfred A. Curtis, Eben B. Frazer, Jas. S. Frazer, Jr., Frank Collins, Edwina Long, Alice L. Roop, Senior Class Women's College, Margaret H. Springer, J. Leonard Lewis, Jno. E. Lewis, Alice P. Ahern, S. B. Herdman, Walter R. Powell, Margaret R. Janvier, Aetna Fire Company, Jno. I. Atkinson, Jno. C. Grier, Harvey B. Steele, Paul G. Swayne, Jennie A. Foster, Claud C. Spiker, Florence C. Parrish, Dr. Raymond C. Reed, W. B. Smith, Sol. Wilson, Lydia Fader, Winifred Fader, Eleanor Fader, Violet Fader, Raymond Fader, Amos Osmond, A. Wallace Evans, Chas. B. Evans, D. Raymond McNeal, Rev. W. J. Rowan, Fred E. Clark, M. O. Pence, Bayard Murray, Gertha O. Gray, E. V. Vaughn, O. W. Widdoes, Chas. P. Steele, Mrs. Earnest Frazer, Walter Leak, Stella J. Thomas, E. C. Wilson, Jane R. Maxwell, Lydia J. Chambers, Annie M. Cooch, Mrs. Harry Hay-

(Continued on Page 4)

RED CROSS MEETING THURSDAY

To Consider Soldiers Xmas Gifts

Mrs. C. B. Evans, chairman of the Newark Red Cross organization, has called a meeting of the association to be held at headquarters in the Elliot building on Thursday afternoon, at four o'clock, for the purpose of taking action relative to sending Christmas packages to soldiers in France. Miss Grime, chairman of the Soldiers' Committee, stated today that wool is now in the hands of twenty knitters. An urgent call will come this week for scarfs, and those at work on these are urged to forward them at the earliest possible moment.

Guests At Luncheon Last Saturday

On Founders' Day, October 27, a number of guests were entertained at lunch at the Women's College. The lunch served to these guests was in keeping with the numerous changes instituted by the matron, Miss Churchman, in the menus in the college dining hall in accordance with the necessity for economy caused by the war. The rolls had barley substituted for a portion of the wheat, and a goodly amount of oatmeal instead of wheat in the cakes. Among the guests were Governor and Mrs. Townsend, and Mrs. Julian Townsend; former Governor and Mrs. Miller; Mrs. Edwin F. Grice, of Philadelphia; Mrs. A. D. Warner, of Wilmington; and Mrs. Charles Evans, of Newark.

SEND THE SOLDIERS A XMAS GIFT

Do you want to send a Christmas present to a soldier? It is planned to send every soldier in France a Christmas package.

Each is to be of practically the same size and shape and to be wrapped in brown paper tied with red cord, and to have a Christmas label which will give a greeting from America.

Each of these packages must be ready to go before the middle of November, and will be forwarded by the Red Cross, but they are to come from someone who wants to send one.

If you want to send a Christmas package, this is what you can do:

First, get a piece of cotton cloth, preferably khaki-colored, or extra size handkerchief, 27 inches square, and the center of the handkerchief you use as a pad of writing paper as near 7 1/2 inches as possible. On this place enough of the following articles to make \$1.50 worth. You can use any of these you wish, and if there is anything else you would like to include, all the better:

Khaki-colored handkerchief, writing pad, envelopes, pencil, postals, (in paper cover), scrap-book, made, containing a good short

story jokes, etc.; knife, such as Boy Scouts use; mirror, steel, handkerchiefs, khaki-colored, neckties, mouth organ, electric torch, compass, playing cards, mechanical puzzles, games, tobacco, pipe and pipe cleaners, cigarette papers, water-tight match box, chewing gum, fruited, chocolate and other sweetened crackers, in original packages, fruit cake, preserved ginger, salted nuts, prunes, figs, hard candy, dates, raisins, chocolate in tin foil, licorice.

Nothing should be sent in the Xmas package that would not keep from the time of packing till Christmas.

It is best to pack the dried fruits and other food products in small tin or wooden boxes. The hard candy would probably be safe in tin-foil or cardboard. No soft chocolate or other candy that will crush should be used, and no liquids or articles packed in glass should be put in.

Arrange all the articles chosen on the pad of paper so that the whole package shall not be more than five or six inches high.

Then wrap and tie in the handkerchief with one inch Christmas ribbon and place a Christmas card under the

bow of ribbon. On this card you can place your name and address.

Wrap the parcel again in heavy light-brown manilla paper, tie securely with a red cord and put on a Christmas label.

Bring your package to the Delaware Red Cross by November 10, and then you can be certain that some soldier boy will get your gift at Christmas time.

In Newark, take the package to local headquarters on Main street, Mrs. C. B. Evans, chairman.

It is hoped that Delaware will make a great showing of these Christmas packages. They are needed by the hundreds of thousands from America, as troops are going over all the while and it is desired that every man shall have one of these packages from home. You do not know how much it may mean to some far-away lad in khaki to open this little package and find your gift and your greeting.

All articles asked for in the packages, it is announced by the Red Cross may be purchased at cost at the R. L. Topkis and Son store, 415 Market street, Wilmington.

Opportunity of a Lifetime

EDEN PARK GARDENS

Break Ground for 500 City Homes

Mayor Lawson Turns First Earth Toward Relieving Housing Congestion

The first step toward relieving the congested housing conditions in this city which have caused so much concern, was taken Thursday morning, when actual work was started on the construction of 500 houses at Eden Park Gardens, in South Wilmington. These 500 houses are to be ready for occupancy within one year from this date, and they will go a long ways toward providing quarters for many families now living under conditions that have been termed most unsanitary.

The inauguration of the work was attended by some ceremony. Mayor John W. Lawson was present and turned the first spadeful of dirt for the foundation of the first house. The Mayor made a brief speech, in which he spoke favorably of undertakings and expressed the hope that the project will be carried through to completion without difficulty.

H. H. Richardson, special engineer with the board of harbor commissioners, and H. T. Price, a member of the board of assessment, were among other officials present.

The above etching, showing Mayor Lawson with a spade in his hand, was taken Thursday when His Honor dug the first bit of terra firma at Eden Park Gardens, starting the excavation for the first cellar of a house in the new city.

Mayor John W. Lawson Says:

"One of the most pleasing acts since assuming the office of Mayor, was that of removing the first shovel of earth to start the building operations at Eden Park Gardens. 'Here in this beautiful tract of land, so accessible to all parts of the city, and of such vast area, you have, to a large degree, the solution of our housing problem.'"

The Sin of Contentment--99 per cent of the People in America Are Contented

Or rather 99 percent of the people are not sufficiently discontented to do what they ought to do.

Everyone knows that Real Estate is the road to wealth; but less than one percent of the people of America have taken this road.

The people you envy most are those who own property. Yet you are content not to own property yourself.

How do you justify yourself except by the sin of contentment, by the luxury of laziness, by the fallacy of idle hope?

You see this little one percent of your neighbors always getting richer and richer.

You see them always buying a lot, or a house, or a farm—always

investing in property.

The sin of contentment bears a heavy penalty. You are going to pay the penalty in your latter years. Your loved ones must pay too.

Why don't you foster the spirit of discontent—the spirit of progress?

Refuse to be happy until you have something to be happy about. Follow the few who have, not the many who could have.

Whether you have a hundred dollars or a hundred thousand make some investment today.

WE WILL MAKE YOUR PRESENT SAFE AND YOUR FUTURE CERTAIN.

FACTS About Wilmington, Delaware

The Most Prosperous City of the East

Furnished by

THE CHAMBER OF COMMERCE OF THE CITY OF WILMINGTON, DELAWARE

The richest city per capita in the United States. Per capital wealth increasing more rapidly than in any other city in the country. Over \$50,000,000 invested in manufactures alone. Annual pay roll considerably over \$18,000,000. Home of Explosives business of America. Home of the Glazed Kid and Morocco business. Home of the Vulcanized Fibre business. One of the largest producing centres for Ships. One of the largest producing centers for Steel. The center of the Passenger and Freight Car industry. Population in 1911—87,000; in 1917—110,000. 124 Passenger Trains through city daily on 3 Railroads. 50 Miles of Electric Street Railway; 4 Interurban Lines. 10 Banks and Trust Companies, with resources of \$80,330,219. 8 City Playgrounds, 7 Football and 15 Baseball Fields. 91 Churches; 31 Public, 19 Parochial and Private Schools. 539.74 Acres of the finest Parks in America. Average annual temperature only 53 degrees. 1029 Building Permits issued during 1916. Factories in all lines begging for MORE Men. 22,000 Houses in the city, and NOT ONE FOR RENT.

PACK GOODS SHIP. PED CAREFULLY

"Pennsy" Issues Warning To The Public

How shippers of the Pennsylvania Railroad can aid in avoiding the waste and destruction of more than \$2,000,000 worth of freight every year is shown in Loss and Damage Bulletin No. 7, which has just been issued by the company. The purpose of the Bulletin is to urge shippers to pack their goods properly and to use containers that are strong enough to stand transportation.

The value of freight injured in transit on the Pennsylvania Railroad has doubled since the war. This is due, in a very considerable extent, to efforts on the part of shippers to economize in the use of packing materials, and to the use of weak or second hand containers.

The Bulletin is illustrated with a series of photographs showing actual examples of improper packing and the collapse of weak containers. One picture shows a shipment of axes, which have broken through paper boxes never intended to carry such hardware. Another illustrates a damaged shipment of macaroni, which had been packed in light paper boxes. Other pictures illustrate similar conditions encountered in shipments of denim, cotton yarn, cotton piece goods and sheeting.

The Bulletin says in part: "Before the war, loss and damage on this railroad cost over a million dollars a year. This year it will reach two million dollars. Such a waste is indefensible.

"You are not responsible for all of this. We do some of it. That is the reason we want to co-operate with you to stop it. We are doing our best to handle your goods properly, but it is hard to do when containers are so light that they won't hold together.

"You can help by:

- 1—Using stronger containers. Boxes should be strong enough to carry the commodity safely.
- 2—Packing your goods properly.
- 3—Crating your furniture better.
- 4—Marking your goods plainly and removing all old marks.

"We can appreciate your desire for economy in packing your goods in these days of high prices for wood, nails, paper, etc., but as we said before, we believe if packages are better prepared it will save money for both of us."

Inspector Plummer Now At Petersburg

Postal Inspector M. S. Plummer, now stationed at Petersburg, Va., who was formerly in charge of the local district, visited Delaware friends this week.

Mr. Plummer is hobbling about with the aid of a cane as he's suffering from a badly sprained ankle. He fell from an army transport at Petersburg and considers himself fortunate that his leg was not broken.

Mr. Plummer now has charge of the postal arrangements at Camp Lee, the big cantonment just outside of Petersburg. He has a big force of clerks and assistants under his supervision and cares for the mail of the 40,000 soldiers in that camp.

New Officers Installed

Grand Master George N. Bailey and staff last week installed the following newly elected officers of Oriental Lodge No. 12, I. O. O. F.: Past grand, Roland D. Herdman; noble grand, Frank C. Jester; vice-grand, Ralph L. Hagey; secretary, Thomas A. Mullin; permanent secretary, Charles W. Colmery; treasurer, S. B. Herdman; R. S. and N. G., William M. Gamble; L. S. to N. G., Daniel Skoll; warden, Isaac Van-son; conductor, George T. Johnston; R. S. R., T. Raymond McMullen; L. S. S., Frederick W. Henning; outside guardian, Daniel Krapf; inside guard, C. R. E. Lewis; chaplain, Edgar McMullin; R. S. to V. G., George W. Griffin; L. S. to V. G., William F. Rupp.

Serve Meals On Election Day

Ladies of Glasgow M. E. Church will serve an oyster and poultry dinner and supper in the basement of the church on Tuesday, November 6th, Election Day. Ice cream, fancy articles, and cake will be for sale. Everybody welcome.

GIRLS TELL OF CLUB WORK

Increased Membership In Y. W. C. A.

On Tuesday evening the members of the Y. W. C. A. held their business meeting. Because of the increased membership, it was agreed to reduce the annual dues to 25 cents. The President reminded the girls that before long they

will be called upon to raise money for the War Work Council. The Sunday evening meeting was led by Miss Mary Mason, of Laurel. The subject was "Our Eight Weeks Clubs." Miss Mason called upon four of the girls who had formed clubs in their home towns, to give some account of things attempted and accomplished. Miss Bernice Hastings told of the success of the club at Laurel, which had a membership of twenty. Miss Helen Bancroft's club at Wyoming was smaller but satisfactory work was done. Miss Mary Wright, of Preston, Maryland, and Miss Messick, of Bridgeville, both had interesting clubs. The work of these clubs, which was interrupted by the return of the students to college, will be resumed next summer.

The heaviest ironing becomes wonderfully easy with an electric iron. Always hot, it saves miles of walking to and fro with a heavy iron in your hand—you iron in half the time—costs a few cents for current. Guaranteed.

Caleb Burchenal To Speak On Sunday

The Sunday morning service in the Presbyterian Church, Newark, will be devoted to the cause of temperance. Caleb E. Burchenal, well-known lawyer of Wilmington, will address the meeting. A cordial invitation is extended to everyone.

All Day Meeting At Ebenezer

Next Sunday, November 4th, there will be an all day meeting at Ebenezer Church, the occasion marking the beginning of revival services there. The pastor, Rev. J. W. Gray, will be assisted by several visiting ministers. Mr. Frank Baker, of Epworth Church, Wilmington, will be present and render several vocal selections.

Moves To Prince Edward Island

James Spiers, for the last five years connected with the College Farm, leaves with his family tomorrow, for Prince Edward Island, Canada, where he will operate his own farm. Mr. Spiers was herdsman at the College Farm for three years, and general manager for two. He will be succeeded by Thomas Kinch of Nyack, New York.

Jones Property Razed

The residence formerly owned by R. T. Jones on Main Street, is being razed, as a part of the general development plan of Delaware College. The stone wall, the boundary line of the new campus, will be continued to this point, and a second stairway, corresponding to the one at the east end of the wall, built in the near future.

PERSONALS

Professor and Mrs. Bishop, former residents of Newark, now of Doylestown, Pa., were guests of their daughter, Miss Helen Bishop, at the Women's College last week.

Mrs. John Pearce Cann has returned after a stay at the Delaware Water Gap, Pa.

Mr. and Mrs. Harry Hershey, of Harrisburg, were the guests of the latter's grandparents, Mr. and Mrs. Amos Osmond, this week.

Misses Mary and Florence Little, of Richardson Park, and Mr. Edward Noe, of Washington, spent the week-end with Miss Edna Campbell.

Mr. and Mrs. Norris B. Slack, Miss Eva Slack, Mr. and Mrs. Elmer Ewing and Miss Frances Ewing of West Chester, spent Sunday with Mr. and Mrs. Robert Campbell.

Miss Frances Medill spent the week end at Atlantic City.

Mr. and Mrs. Leo Rossell, of Wilmington, were the guests on Sunday of Miss Agnes Medill.

Mrs. Joseph Shafer, of Chesapeake City, Md., who received injuries in an automobile accident near Chester last week, is convalescing at the home of her nieces, the Misses Fader.

Mrs. Emma Burnett, of Dover, is the guest of Mrs. J. P. Wright, Judge Pennell and wife, of Dover, were the week-end guests of Mr. and Mrs. J. P. Wright.

Judge O'Neil and son, Gordon O'Neil, of Baltimore, were the guests on Sunday of J. H. Hossinger.

Miss Margaret Doyle has accepted a position in the office at E. L. Richard's lumber yard.

Miss Ella Frederick, of Wilmington, was the week end guest of Miss Edith Lewis.

Sergeant Herman Little, of the 137th Machine Gun Battalion, stationed at Camp Dix, Wrightstown, N. J., spent Sunday at his home near Newark.

Social Notes

Among Halloween parties for the real young folk of Newark, was one on Monday evening given by Ethel Anderson. Katharine and Edna Holton have issued invitations for a masquerade on Thursday evening of this week.

Mr. and Mrs. Lee Cooch have issued invitations for Friday evening of this week to a number of guests to meet Mr. and Mrs. George L. Townsend, of Middletown. Mr. Townsend has recently purchased a building lot on Gillespie avenue, and will build a Newark home in the near future.

On last Saturday evening the Sigma Nu Fraternity held its first informal dance of the fall term in the Newark Century Club. The dance was well attended, there being about eighty-five people present, including the members of the chapter, and a number of local and out-of-town guests. The affair was a most successful one and every moment of the time was thoroughly enjoyed by those present.

On Saturday evening, October 27, the Delaware Alpha Chapter of the Sigma Phi Epsilon Fraternity gave its initial party of the year at the chapter house. The decorations throughout the house were in keeping with the autumnal season and the colors of the fraternity.

The evening was passed with dancing and both instrumental and vocal music.

Office Force Entertained

Men of the Continental Fibre office force were entertained last Saturday by Mr. S. J. Wright, president of the company. The party witnessed the Penn-Pitt football game on Franklin Field, and took in a show at the Adelphi Theatre. The number included Messrs. N. N. Wright, Ernest Wright, W. A. Tierney, R. L. Haney, R. R. Roberts, F. E. Mote, J. N. Cashell, Earl Dawson, and C. C. Hubert.

Friends Entertained

At Masquerade

One of the most original parties of the Halloween season was that given last Saturday night by Miss Anna Miller, at the home of her sister, Mrs. James McKinsey, near Newark. Every detail, from the jack-o'-lanterns that grinned a welcome from the top of the gate posts, to the final "good-night", was in keeping with the "spooky" days of late October.

Big black cats appeared at every window, and gorgeous autumn leaves, black cats, witches and devils combined into weird decorations throughout the house. Three ghosts met the guests at the door, silently ushering them to the chamber where tall tale wraps were discarded before the new comers mingled with the other guests. A great fire on the hearth blazed a welcome, and furnished the only light around which the fantastic folk gathered to hear ghost tales. After the guests unmasked dancing afforded entertainment. About eight guests were present.

DISTINGUISHED GUESTS ATTEND FOUNDERS' DAY

(Continued from Page 1)

children. The Delaware Association of college women have selected for their winter's work the taking of a voluntary census of the school children of Delaware.

Mrs. Edward C. Grice, president of the Home and School League of Philadelphia, made a stirring appeal to the girls to be true to themselves, and measure up to the challenges of democracy. She said in part:

"No word is more frequently used than 'Democracy.' Yet I imagine if I were to ask a dozen of these people to define it for me, I should get a dozen definitions. One of the various definitions that appeals most to me is the one which says: 'Democracy is an attitude of faith in the integrity of man.' To Americans I believe Democracy means the freedom that is demonstrated in the right we claim to make our mistakes and pay for them. If you will grant me the premise that Democracy is an adventure in the spirit of man, I should like to outline briefly some of the challenges that it brings to these young women.

First, it challenges every woman to know her relation to the future generation; second, it challenges us to deal with realities, third, it challenges us to self expression; fourth, to enlist in the war against evil; and fifth, and of supreme importance, to develop a God-sense, 'for a woman without religion', Mrs. Grice declared, 'is like a rose without fragrance. Democracy deals with the spirit and woman has a vital place in it.

"We're not born all at once, but bit by bit—the body first and then the spirit. Our mothers bear the birth pangs of our bodies, but we ourselves must bear the birth pangs of the spirit.

"If we respond to these challenges, then indeed will there be a new order of things. Then, indeed, will we have a love of the land such as we have never known."

Lay Corner Stone.

Former Governor Miller presided at the laying of the corner stone of the new dormitory, which followed the exercises in Residence Hall. The following articles were placed in the stone previous to the sealing:

Signatures of faculty and students of Women's College of Delaware. Photographs of Dean Robinson, First Glass, Governor Townsend and Everett C. Johnson.

Bulletins and Hand Book of W. C. D.

Plan of Development.

Paper on Student Self-Government by Miss Selma Bachrach.

Copies of Newark Post and Delaware Ledger.

Fashion pages of Vogue.

New dime, nickel and penny.

President Wilson's message, April 2.

Liberty Bond Advertisement.

Posters of the Red Cross, Temperance, Food Conservation and Enlistment.

Pictures of newest type of aeroplane.

American flag.

Pictures of Shakespeare pageant.

Pictures of Old College Hall in process of remodeling.

Picture of Lady Eglantine.

"What the Women's College has accomplished in the past three years challenges our admiration," said Mr. Miller, "and what has been done by the student and faculty and Dean Robinson meets with the highest approval. The plans for the college started with little response and there was not a great deal of enthusiasm shown at the dedication of the building three years ago, October 10, 1914. None had the foresight or optimism to foresee that we would be present today to lay a corner stone of the new building, made possible by the Legislature." Special tribute was paid by Mr. Miller and the other speakers to Dean Robinson and her splendid work with the young women under her care.

Governor Townsend was the final speaker at the exercises.

He commended Dean Robinson on what had been accomplished during the life of the college.

Here the Governor added:

"While not intimate with your daily routine, I am thoroughly acquainted by State-wide comment of the life here. I express, only State pride, when I congratulate those responsible. Your class room success, striking as it is, is no more than the home life you have given our girls.

"There breathes here an atmosphere of all that is best in Delaware, rich in thought. The spirit pervading the life in Residence Hall, simple, without frills or ostentation, has touched the heart of the people. We can with utmost confidence send our daughters to your care, knowing well they are surrounded by the ideals of home. At no institution is there a more perfect example of Democracy, than exists within these walls. These things are pleasingly qualifying in this day of extremes.

"It is interesting to note that the General Assembly gave gladly and without question this new building. They recognized, at last, that they were building for themselves. It is in

every sense a State institution, designed to serve her needs. It leads, by mingling with our people. It advances by acknowledging a community of interests. All in all, the Women's College of Delaware, is rendering a truly great and ever widening service.

"Proud are we all, that here, Delaware is training the mothers of American citizens, and with such training, we take increased hope. With such an institution we face, with confidence, the future. Congratulations and God-speed."

The exercises came to a close with the singing by the student body of "Old Delaware," following which all present went to Frazer Field to see the football game.

Kennard & Co.

SEASONABLE SUGGESTIONS

The season's height is here and selections in every department represent careful choosing in order that our customers might have the choice of the market's offering. Many illustrations are evident where early contracts reflect great advantages to the consumer. We suggest a number of items that possess worth beyond the prices asked: Trefousse & Co., the recognized leading brand of real French Gloves, are offered at \$2, \$2.25, \$2.50 pair. Dependable washable Cape Gloves, \$2.00 pair. Silk Hose at \$1.00 a pair are splendid values. Extra heavy black Silk Gloves, \$1.35 a pair. Veils and Veilings. Holiday line of Ivory-Pyrallin now ready for your choosing.

New ideas in Neckwear are shown daily. A large consignment of Blankets just arriving gives our bedding section unusual prestige.

Japanese Cotton Crepes in plain colors and stripes are in great demand and are absolutely fast in colors. It is advisable to secure all the Linens you can at today's prices.

All wool still prevails here in our dress goods department. Wonderful values are still obtainable.

Whatever your Silk requirements they can be supplied here.

GARMENTS AND FURS

Not merely garments and furs but choice of their respective kinds are shown here. Wool Coats, Plush Coats, Wool Suits, Wool Dresses, Silk Dresses, Dancing Frocks, Separate Skirts and Waists are all equally shown in a wide range of styles. Furs, whether secured from us or elsewhere should come from some house in whom you have confidence as fur selling is largely a matter of confidence here. We guarantee all furs to be as represented.

Coats, Scarfs, Collars and Muffs in the season's most favored furs.

We solicit charge accounts from those of established credit, and prepay delivery charges on all purchases within a reasonable distance.

WEAK ATTACK KEEPS DELAWARE SCORELESS

Swope And Goldstein Prove Too Strong a Combination For Blue And Gold

Delaware College lost its third football game of the season on Saturday when Dickinson won 9 to 0 before a large crowd. Captain Swope, the big half back, and Goldstein quarter back, who have been playing football for many years on Pennsylvania College teams, were the stars for the visitors. Delaware could not stop the hard drives of Swope and time after time he went through the line for 5 yard gains. Goldstein's open field running, forward passing and his running of the team were all material aids in the victory of Dickinson.

The game that Delaware played on defensive was all that could be expected but the eleven was very weak on offense and it would seem that poor judgment was used in not varying the attack more in the early part of the game. The attack was varied in the last quarter and consequently Delaware made some substantial gains by forward passing and open field playing.

Delaware was on the offensive practically all the time during the first half. Some severe penalties imposed on Dickinson by the officials for rough work, off side and holding no doubt kept the visitors from scoring one or more touchdowns in that half. The Blue and Gold in this half fought hard to keep Dickinson away from their goal and until the last minute of play it looked as though they would succeed. With less than a minute to play Goldstein drop kicked a lucky field goal from the 15 yard line. It was lucky as the ball hit the goal post and bounced over.

In the third quarter Dickinson's backs, led mostly by Swope, made a hard drive on Delaware's line and Swope succeeded in carrying the ball over near the end of the quarter. Swope missed the goal.

Some changes in Delaware's backfield seemed to improve the team but the punch is not there yet. Loose played full and had a couple of chances to get through the visitors line for long runs but on both occasions stumbled and fell. Stewart played his first game at half back and did fairly well. "Mike" Plam again did the best work in the backfield. The feature of Delaware's game was the brilliant playing of Meyers at end. Captain Wilson, Lauritsen, and Carter also played well. Holton played his first game at centre.

During the first half Delaware although no material gains were being made, continued to smash at Dickinson's line. Not a first down was made by the Blue and Gold in that half. Later in the game the attack was varied and some good gains were made but it was too late. Rita was sent to quarter for Tonkin near the close of the third period. He did the forward passing and while some were successful, fully completed his work very careless as often the ball would be thrown ten yards from any Delaware player. McCaughan's punting was very poor. The line-up:

Delaware	Dickinson
Meyers..... I. e.	Pritchard
Carter..... I. t.	R. Young
Lauritsen..... I. g.	Halloway
Holton..... I. c.	Wernicke
Roach..... I. e.	Hoff
Wilson..... I. t.	Healey
McCaughan..... I. e.	Glowa
Tonkin..... I. e.	Goldstein
Plam..... I. e.	W. Young
Stewart..... I. e.	Swope
Loose..... I. e.	Rockwell
Substitutes—Delaware, Mackie

for Roach; Rita for Tonkin; Dickinson, Wynne for W. Young. Goal from field—Goldstein. Touchdown—Swope. Missed goal from touchdown—Swope. Time of quarters, 12 minutes. Referee, Eberle of Swarthmore. Umpire—Braumbaugh of Lehigh. Linesman—Lewis of Harvard.

Men Near Frozen In Wild Mountain Stream

William Duncan and George Holt, hero and villain, respectively, in "The Fighting Trail," the Greater Vitagraph serial now running at the House Theatre, were almost frozen to death during the making of a scene for the sixth episode, which will be shown

Thursday, November 1st.

The play called for them to battle on a bald rock high above a swirling mountain stream in the mountains of California and then plunge into the rapids below. Both men are powerful swimmers and they were supposed to

swim only a short distance to make the scene effective. But the scene was taken in mid-February and the waters were intensely cold. Despite their strength, the men were almost frozen before they were rescued.

—Adv.

Whether it is for complete plumbing work for a new house or a small repair job, any service we perform large or small receives the same careful attention and skillful handling. We have the experience, the knowledge and the facilities to do any job right, at the right figures. Get our estimates.

W. D. DEAN NEWARK, DEL.

The Government First!

Tremendous as is the present activity in the marshalling of men, food and munitions for the conduct of the war, the placing of the Bell System unconditionally at the disposal of the Government has relieved one paramount factor of preparedness.

Yet with the growth of our military establishment, the demands upon the Bell System are bound to magnify. Increased activity in commerce and industry also means more need for telephone service by private business. But there must be a careful weighing of the importance of the two.

Every American who wants to help win this war should bear in mind that private service must give way to Government service should emergencies require that everything be subordinated to the telephone demands of the Army, the Navy and other representatives of the Government.

The Diamond State Telephone Company
E. P. Bardo, District Manager
Wilmington, Del.

Gunning Season is at Hand

The crack, crack, of the rifles is heard on the river shores, and the sportsmen return at night with delicious morsels in their game bags.

Don't, because of strenuous days, forego YOUR gunning trip. Get together your gun and cartridge belt, and your ammunition. And, by the way, ask the next group of sportsmen you hear swapping tales, how many of them carry Winchesters.

A FULL LINE OF "WINCHESTERS" AND GUNNERS' SUPPLIES IS TO BE FOUND AT

The Store that Saves you Money SNELLENBURG'S

MARKET AND SEVENTH STREETS

Store Opens 8 a. m.

Closes 6 p. m.

Saturdays 9.30 p. m.

No transaction is complete in the Snellenburg store until you are absolutely satisfied; that's our policy. Wear must prove your first impression of quality. If it should not, then it's our desire and privilege to refund your money—cheerfully. You are the judge.

COOL, CRISP AUTUMNAL DAYS

Just a hint of the real cold weather that's coming—weather necessitating a good warm overcoat, and your old one is rather shabby.

Yes, and it's true, too, that clothing prices have jumped and are still jumping, but that needn't necessarily keep you from having a new Overcoat—not a bit of it.

Snellenburg Overcoats

can still be bought at prices affording actual savings to the purchaser. An array of up-to-date models embracing the finest overcoatings of foreign and domestic weaves.

Tailored in our own factory, they come direct to you, thereby excluding the middleman's profit and saving you from 25 per cent to 35 1-3 per cent.

Of course the styles for the most part are military in effect, being double breasted and having fairly long, full skirt; wide collars and lapels; belt all 'round—buttoned or buckled—slant or patch pockets of generous dimensions. Full of "pep" and appealing strongly to the snappy dresser.

Then you will also find a goodly sprinkling of belted backs, pinch backs and those full, loose-backed coats which hang from the shoulders in free and easy lines, giving the wearer an air of comfort and distinction. In fact, our stock comprises models to suit most any man regardless of how fastidious he may be. Prices are as follows:

**\$15, \$18, \$20, \$22
\$25, \$30, \$35, \$40**

FALL AND WINTER SUITS FOR MEN AND YOUNG MEN

Now please consider this: Our factory made earlier and heavier purchases for this season than ever before. Wool is scarce and so is cloth, but our vast purchasing power enabled us to buy before prices went up.

This combined with the fact that we manufacture our own clothing and eliminate the middleman's profit makes it possible for us to sell clothing at practically last year's prices, meaning quite a saving for you.

For the young man we are showing the popular trench models, belted backs and plain backed, body tracing models with slant, vertical slash, patch or plain pockets.

Equally well can we meet the tastes of the conservative business man.

\$15, \$18, \$20, \$22, \$25

—Snellenburg's—second floor—elevator

See a few of the many models on display in our spacious show windows, or better still, come in and try them on. Our salesmen will gladly serve you.

Mrs. Delaware Wright, Mrs. Harry Dayett, Jr., spent Sunday with their aunt, Mrs. Walter Laws, near Elkton, who is somewhat improved after a serious illness.

The masquerade dance held in Glasgow Hall last Saturday was well attended and enjoyed by all present.

APPLETON

Rev. Mr. Clyde preached an able sermon at Head of Christiansa on Sunday. He will fill the pulpit for some time to come.

Mrs. Charles McCauley, of Andora, is visiting her cousin, Mrs. S. Teresa Kimble.

Mr. and Mrs. W. T. Lofland recently attended the funeral of Mrs. Emma Barbon of Lancaster, Pa.

Mr. and Mrs. John Taggart, of Claymont, visited J. E. Zebley and family on Sunday.

Mrs. Paul Peterson was a recent guest of her brother, W. E. Gallaher and family near Lewisville, Pa.

Members from this section attended Head of Christiansa Sewing Circle at the home of Mrs. Howard Scott, near Barksdale, on Saturday evening last.

Movie Exhibitors

Are Patriotic

The United States Civil Service Commission has received an expression of the patriotism of practically all the exhibitors of motion pictures in the United States. The Government is in need of thousands of typewriter operators and stenographers of both sexes for war work in Washington, and through its 3,000 local boards of examiners in that many cities, the Commission requested the owners and managers of motion picture theatres to allow free of charge an announcement on their screens of this need of the government. The refusals were so few as to be negligible. Not more than a hundred of the 20,000 odd exhibitors who were approached declined to render to the people the service asked. Even these can not be charged with disloyalty; most of them held decided views as to their duty to their patrons who pay for entertainment only. The only criticism of the Government came from three exhibitors who declined on the ground that it was proposed to place a tax on motion picture tickets. One owner asked remuneration in the sum of 25 cents a week, and another stipulated that he was to be relieved of any responsibility for damage to the slides furnished by the Government. The slides cost less than 10

cents apiece. Almost without exception the "movie" men were not only willing, but were even eager to serve the Government in the manner requested. This hearty response from 20,000 business men representative of every part of the country has a striking significance. It is interesting to note in this connection that the estimated daily attendance at motion picture shows in the United States is ten million. This allows an average of 500 for each house.

Thrill Notes

"Save the grain" is the motto now. Using silage to feed the cow.

You like canned fruits and vegetables during the winter. Silage, says the United States Department of Agriculture, is the dairy cow's canned stuff.

After all is said, the fact remains that the two necessary war foods are bread and milk. For winter milk production nothing equals the silo.

A Piece of Good Fortune

In these days of high prices it is refreshing to find one article of nation-wide demand that will not cost more than it did last year, and yet will be more valuable than it has ever been.

The Youth's Companion subscription price, \$2.00, will not be increased. The 62 issues of 1918 will be packed full of the best stories by the most popular writ-

ers. The Editorial Page, the Boy's Page, Girls' Page, Family Page and all the departments will bring a vast amount of cheer, good entertainment and information for every reader in the family circle.

By special arrangement new subscribers for The Companion can also have McCall's Magazine—the fashion authority—for 1918, both publications for only \$2.25.

This two-at-one-price offer includes:

1. The Youth's Companion—52 issues in 1918.
 2. All remaining 1917 issues of The Companion free.
 3. The Companion Home Calendar for 1918.
 4. McCall's Magazine—12 fashion numbers in 1918.
- All for only \$2.25.
- THE YOUTH'S COMPANION, Commonwealth Ave., Boston, Mass. New Subscriptions Received at this Office.

AMMUNITION for the GREAT DRIVE

THE LEGAL SIDE

United States Supreme Court:

In a unanimous decision, said:

"By the general concurrence of opinion of every civilized and Christian community, there are few sources of crime and misery to society equal to the dramshop. The statistics of every State show a greater amount of crime attributable to the use of ardent spirits obtained at these retail liquor saloons than to any other source. It is a business attended with danger to the community, and THERE IS NO INHERENT RIGHT IN A CITIZEN OF THE STATE OR A CITIZEN OF THE UNITED STATES TO SELL INTOXICATING LIQUORS BY RETAIL." (137 U. S., page 86—Crowley vs. Christiansen.)

THE INDUSTRIAL SIDE

LIQUOR AND LABOR

Turn the Breweries and Distilleries into Factories for the production of clothing, shoes, furniture, food supplies, implements, vehicles, and other useful articles, for which there is an ever-increasing demand—always greatly accelerated by prohibition—and there will be employment for four or more persons for each one who loses his job because of prohibition.

\$100,000 invested in the manufacture of (Government Census)

Liquor gives employment to	8 persons
Cotton Goods gives employment to	46 persons
Bread gives employment to	47 persons
Silk Goods gives employment to	65 persons
Shoes gives employment to	89 persons
Clothing gives employment to	97 persons

Moreover, LABOR receives only 2 cents of every dollar spent for Booze as against 16 cents if spent for any of the other products named.

THE FINANCIAL SIDE

BOOZE BALANCE SHEET

Nation Drink Bill, year ended June 30, 1916	\$2,438,037,985
Nation's Liquor Revenue (all sources) same year	247,453,543
Nation's Loss to Liquor Traffic for year	\$2,190,584,442
Abolish this annual loss from the Liquor Traffic and in one year the American people could pay for another Liberty Loan	\$2,000,000,000
Pay for another Red Cross Subscription	100,000,000
And have left over for other governmental purposes	\$90,584,442

Also Conserve

The vast amount of grain and other food materials now wasted for the manufacture of beer.

The incalculable loss from the many ruined homes, broken health, debauched morals, blighted childhood, and cost of crime, disease, and pauperism caused by drink.

Recapitulation

The Liquor traffic is a CHANNEL of revenue—not a SOURCE. It collects the revenue from the consumer, and charges 100% commission.

It is poor policy to pay an institution \$1.00 to collect 10 cents FOR you. Especially when the 10 cents is collected FROM you.

It is a Losing Business to Our Country—Close It Up

THE MORAL SIDE

GRAND JURY REPORT

"It seems to us that the time is ripe for eradication—not of man, but a business, that men might be free from the damning influences and effects of intoxicants, with the resulting crime, misery and lowering of moral standards of the individual and home, and the increased cost to the commonwealth in supporting criminals and paupers resulting from its continuance."

The above is from the report of the Philadelphia Grand Jury, made to Judge Davis in April, 1917, and which further said:

"We find that 90% of the inmates of Moyamensing prison are there through drink, and more than 80% of the 6,716 cases in the General Hospital and Almshouse are attributable to the same cause."

"The conservation of the health, morals and life of our citizens, as well as grain for food purposes—now wasted in brewing beer—demand the national prohibition of the liquor traffic."

THE ECONOMIC SIDE

Greater Menace Than U-Boats

More food grain, many times more, is destroyed annually in the making of Beer than is being sunk by German U-boats.

Grain Wasted In 1916

BY BREWERS		BY DISTILLERS	
Barley	52,400,000	Corn	32,100,000
Corn	13,600,000	Barley	4,500,000
Rice	2,400,000	Rye	3,100,000
Total	68,400,000	Total	39,700,000

These 68,400,000 bushels of grain wasted annually by Brewers (3,418,485,181 pounds—34 pounds for each man, woman and child in the United States) would equal

CARGOES FOR OVER 1,000 VESSELS OF 1,600 TONS EACH.

While the U-boats are sinking, on an average, only about 25 ships (all classes) per week, and but a small percentage carry grain exclusively.

If the American people desire really to conserve food, let them put a stop to the manufacture of Beer as well as of Whiskey.

Beer and Whiskey have been close associates—lived under the same roof—stood behind the same bar—for many years. No State has killed one without at the same time executing the other, and this wholesale execution has taken place in 26 States in the Union.

Congress has killed only John Barleycorn. Why not bury Gambrinus also—very much the greater food waste of the two—in the same grave?

THEIR OWN SIDE

WHY THE SALOON IS GOING

In its issue of September 10, 1908, Bonfort's Wine and Spirit Circular (Official Liquor Organ) said:

"Saloons have been run in violation of law and decency until it looks as if they are doomed to extinction, except in the largest cities. A sufficient percentage have been disorderly, have sold to intoxicated men, have sold to women and to minors, have conducted gambling adjuncts, have kept open after legal hours and on Sundays, etc., to create a hostile sentiment that has crystallized into a war of extermination, and the saloon as a factor in society would seem to be doomed. We realize that this is a big admission, but the facts demand the admission, that our trade may properly grasp the situation. If the saloon can not be successfully defended, if the cry of personal liberty will not save it, then let it go."

That was nearly ten years ago, and the saloon has so persistently maintained its bad reputation that at last all agree ITS DEATH KNELL IS SOUNDED.

WILLIAM McKINLEY:

"By legalizing this traffic we agree to share with the liquor seller the responsibilities and evils of his business, the most degrading and ruinous of all human pursuits."

B. M. ARTHUR

(Chief of the Brotherhood of Locomotive Firemen):

"If I could I would inaugurate a strike that would drive the liquor traffic from the face of the earth."

LIEF JONES

(Labor Leader and M. P.):

"I recently met the finished article of the liquor trade. He was lying in the gutter. He had no hat; the hat trade was suffering. His coat was full of holes; the tailoring trade was suffering. He had no shirt; the hosiery trade was suffering. He was dirty; the soap trade was suffering. Indeed, I can hardly mention an industry which was not affected by that man's inebriety."

DAVID R. FORGAN

President City National Bank, Chicago:

"In favor of national prohibition during the war and forever after."

GLADSTONE

(to the London Brewers):

"Gentlemen, you need not give yourselves any trouble about the revenue. The question of revenue must never stand in the way of needed reforms. But give me a sober population, not wasting their earnings in strong drink, and I shall know where to obtain the revenue."

THE LIQUOR TRAFFIC INCREASES TAXES

The police court, the jail, the infirmary, and police force, and the penitentiary are maintained largely to take care of the product of the saloons. Added to this is the great cost of the vast number of criminal cases resulting from the booze habit.

MASSACHUSETTS BUREAU OF LABOR:

"In other words, 84.41 per cent of all the 29,072 crimes were due to intemperance habits, and 82 per cent were committed while the criminal was under the influence of liquor."

THEODORE ROOSEVELT:

"The business is not like any other business, and the actions of the saloon-keepers themselves conclusively prove this to be the case. The business tends to produce criminality in the population at large, and lawbreakers among the saloon-keepers themselves."

MAJ. GEN. FREDERICK DENT GRANT:

"Ninety-five per cent of the desertions and acts of lawlessness in the army are due to liquor. If I could by offering my body as a sacrifice free my country from this fell destroyer, drink, I would thank God for the privilege of doing it."

AMERICAN MEDICAL ASSOCIATION:

"Alcohol is wholly without drug value, either as a tonic or stimulant or in any other therapeutic way."

ARCHBISHOP MESSMER (Milwaukee, Wis.):

"The material ruin of tens of thousands of families and the moral ruin of tens of thousands of young men and women can be traced to the saloon. It is this universal fact, not fanaticism, that has caused a tidal wave of prohibition to roll over the land."

PHILLIPS BROOKS:

"If you should sweep intemperance out of our country there would be hardly poverty enough left to give healthy exercise to our charitable impulses."

ARCHBISHOP JOHN J. KEANE (Dubuque, Ia.):

"As a man and a Christian I say, 'Damn the saloon.' If I could cause the earth to open and swallow every saloon in the world, I would feel that I was doing humanity a blessing."

"OVER THE TOP" IN DELAWARE, November 6, 1917

NINE MORE MEN READY FOR CALL

Frederick J. Pohl Exempted
By Local Board On De-
pendency Grounds

Nine additional men in the rural New Castle County District have been certified for military service by both the Local and District Exemption Boards and are now subject to call. In addition to these the Local Board has certified four other men for service and has exempted ten on various grounds.

Among exemption claims allowed by the Local Board is that of Frederick J. Pohl, who was formerly an instructor in English at Delaware College and whose case attracted considerable attention. After severing his connections with Delaware College Mr. Pohl rented a small farm in Cecil County, Md. He was among the first called in the selective draft and passed the physical examination. He then filed a claim for exemp-

tion with the District (State) Board on occupational grounds. This claim was disallowed and he appealed the case to President Wilson who also refused the appeal.

After President Wilson refused the appeal Mr. Pohl, as is provided under the rules of the selective service, pressed an appeal for exemption on dependency grounds before the Local Board. He claimed he was entitled to exemption on the ground that his aged parents were depending on him for support and this claim was allowed by the Local Board. All appeal cases to the Local Boards are automatically reviewed by the State Board and until that board acts the action on the appeal is not complete.

The men certified for service by both boards follows:

George W. Perry, Yorklyn.
W. Hart Scott, Hampton, Va.
W. R. Powell, Newark.
R. B. Thompson, Townsend.
Leedon E. Harrigan, Newark.
Joseph E. Evans, St. George's.
Arthur B. Hope, Delaware City.

Isidore Rosensweig, Coatesville.
Harry Gatier, New Castle.
The following have been certified for service by the Local Board:

R. O. Bausman, Newark.
George W. Walker, Newark.
Henry Wilson, Wilmington.
Benjamin Ellingsworth, Farnhurst.

The following have been exempted by the Local Board:

Edward Huber, (Alien), Marshallton.

Reuben S. Duncan, (In Service), Ashland.

J. F. McLaughlin, (Physically Disqualified), Henry Clay.

Elwood Clark, Elkton.

Romero DeAngelis, Henry Clay.

Frederick J. Pohl, (Aged Parents), Elkton.

Albert E. Zacheis, (Aged Parents), Delaware City.

Lanzo Filippio, New Castle.

A. W. Cramer, (In Service), Brandywine Springs.

James P. Watts, (In Service), Townsend.

Bible Classes At Women's College

Thursday evening marked the beginning of the Bible Study classes at the Women's College. The Freshman class is to be led by Mrs. G. A. Counts, and the Sophomore class by Miss Caudell, of the faculty. The Seniors and Juniors will meet together in a class to be organized this week by Dr. G. A. Counts, of the faculty.
