## AAUW Prize Books Go To Rosa Fuste, Virginia R. Powel

The Newark branch, AAUW, has presented annual book awards to Rosa Fuste of Christiana, and Virginia Ruth Powel of Newark high schools.

The awards, reference books suitable for the class of 1970, are presented to girls with scholastic achievement in an academic course and evidence of serious interest in scholarship, evidence of character and purpose to profit from a college education, and contribution to the high school community.

Miss Fuste is secretary of the French Club, ranked 11th in Delaware in the National French Contest, has a 4.00 academic average; is president elect of the National Honor Society, and plans to study medicine in college.

Miss Powel, one of the top five in the class of 1970, is interested in classics, attended the Delaware Science Symposium, is a member of the All-Star Band, and was elected to the National Honor Society. She has plans for college and graduate school.

## Wm F. Stafford To Play Trombone In Tour Of Japan

William F. Stafford of Bear has been selected for the eighth annual tour of the United States of America School Band and Chorus and will travel to Tokyo today for a three-week tour of Japan.

Son of Mr. and Mrs. Thomas W. Stafford, he was chosen by a committee of musicians for his quality musicianship, character and leadership — the only one named from Delaware.

Stafford, graduated from Christiana Senior High School this month, has performed with the Delaware All-State Band for two consecutive years and played trombone in the Newark Symphony Orchestra.

At Christiana, he was first trombone in the school's concert band and played lead trombone in the stage band.

He plans to enter the University of Delaware in September.

## CHS Eddie Fischer To Visit Finland In AFS Program

Eddie Fischer, son of Mr. and Mrs. Edward E. Fischer, 5 Kitty Lane, Newark, will spend July and August in Finland as a participant in the American Field Service program.

Eddie obtained a scholarship through the American Field Service chapter at Christiana High School where he will be a senior next year.

He will spend his first three weeks as a junior counselor for the English language at Mikkel Gymnasium, located in the central part of Finland in the lake area. The remainder of the summer will be spent with a Finnish family.

Eddie is a member of Christiana High School AFS Club and is active in the Viking Voice school paper, the Debate Club, A Capella, and Theatrics.

He was selected to All State Chorus for two years, is a member of the National Honor Society, and received a scholarship last summer to Archmere Academy.

## Three Supervisory Posts Announced By School Board

Gurungo, McLain Named  
To Administrative Posts  
At NHS; Bowen, Christiana

## Robert Bull Heads Specialty Foods Research Project

Profits, costs and merchandising requirements of specialty foods are being probed for the first time in a special research project of the Food Business Institute at the University of Delaware.

Field research will be concluded this summer, according to Prof. Robert Bull, institute director.

Findings are scheduled for release in September.

The work is supported by a grant from the National Food Distributors Association.

It covers case-examples items in five categories: snack foods, refrigerated specialties, gourmet items, dietetic foods and candy.

For the first time, coming out of this investigation, the supermarket industry will have an economic definition of a "specialty" food.

It will be made in terms of break-even points for sales, turnover and profits that dictate distribution channels, and merchandising support which yield greatest return on investment.

Richardson Heads Committee Of 100 Check Presentation

A check for \$5,000 was presented to the government of New Castle County for a special study connected with the county's department of planning.

Edward H. Richardson of Newark, president of the Committee of 100, a businessmen's group interested in economic stability and vitality of the county, made the presentation to County Executive William J. Conner, and Council President C. Douglas Buck, Jr.

The study deals with application in the county of "planned unit" development.

Richardson explained that need for such a study was evident last fall, and his group agreed to provide funds up to \$5,000 to secure a qualified expert selected by the planning department.

## Red Cross Learn To Swim Program Slated At HJ

The Delaware chapter, American Red Cross, will sponsor its 50th annual, learn to swim program throughout the state this summer.

Locally, classes will start Monday, July 7, at the Howard Johnson Motor Lodge on South College Avenue.

Persons wishing to enroll should register by telephoning the Red Cross in Wilmington.

## New London School Renovation Slated For Immediate Action

City Manager To Proceed With Interior Demolition,  
Negotiate For Renovation; David Gallo Provides Bids,  
Architects' Plans For Reconstruction Of Building

Immediate action for renovation of the New London Avenue School as a recreation center was approved; City Manager Edward R. Stiff submitted the 1970-74 capital program for \$1,797,000; and amendments to an ordinance granting a franchise for a community antenna television system to Rollins Broadcasting of Delaware, Inc., were adopted in a 5-2 vote with a final reading at last Tuesday night's meeting of Newark City Council.

With receipt of a report from J. E. Plotts of L. H. Doane Associates, Stiff recommended that council authorize negotiations for renovation of the New London Avenue School building. The report states that the building can be used by removing the interior wall structure on the first floor to provide one large area in place of five rooms; and by constructing a new floor and roof at an estimated cost of \$28,000.

Architectural work, plumbing and other interior improvements were estimated to raise the total cost to some \$50-\$60,000.

Dave Gallo's Contribution

Councilman Arthur P. Mayer pointed out that David Gallo as an interested resident of the city, had paid an architect to prepare a design for renovation of the school building, and had received a bid of \$32,000 for such renovation. Mayer urged that the city review Gallo's plans "already paid for," and Gallo submitted the plans "and bids" to Stiff.

The city manager was authorized to proceed with interior demolition and to negotiate for building renovation bids.

The five-year municipal capital program for \$1,797,000 submitted Tuesday night by Stiff, was referred to the planning commission.

City Solicitor Clyde M. England, Jr., explained amendments to the ordinance awarding the CATV franchise to Rollins, including annual payments of \$10,000 to the city in 1969; \$4,000 in 1970; and \$5,000 thereafter for a 20-year period with a 10-year renewal option — an increase over the original offer of \$1,000 annually — or five per cent of annual operating gross income.

Final Cable

Rollins is to provide a dual cable system with 16 TV channels and 12 FM stations, and the "head end site" is to be located outside the city.

England explained.

Mayor Norma B. Handoff and Councilman John H. Fasnacht opposed the measure in the first place, with Fasnacht observing that it would be a "healthy situation to have two (CATV systems) in the county," and stating that of two rejected applicants for the franchise "WNKK would do a superb job."

At final readings, council approved ordinances providing additional parking restrictions and traffic control; and adopting the BOCA Building Code with amendments.

Solicitor England explained that the proposed anti-litter ordinance scheduled for a final reading Tuesday night, was more comprehensive than past legislation, and "prohibits foisting off of handbills on persons who don't want same." England concluded that the ordinance was enforceable.

## Jean W. Sinclair Memorial Planned By Local Library

A memorial fund honoring the late Jean W. Sinclair has been established by the Newark Library Commission, Chairman Samuel Handoff announced this week.

## OUR HEALTH

By J. M. Amberson, M.D.

Question: What are "sun sores?"

Answer: Sun sores, also called "fever blisters" or "cold sores" are painful blisters that erupt periodically on the lips, mouth and nose. They are actually virus infections medically known as herpes simplex and they are triggered by overexposure to the sun, a common cold, gastric upset, tooth trouble or simply by hormonal changes that occur before menstruation. There's not too much that can be done for them and they usually clear up in ten days.

Dusting with antiseptic powder and dosages of Vitamin B help speed the healing and a dermatologist can prescribe antibiotic ointments to fight infection. Since herpes simplex is viral in origin, it's possible to get immunization for a recurrent condition. Consult a doctor about this—and don't try to self-medicate, cover-up, or wish away the sores. It shouldn't be done.

Question: Is baldness hereditary?

Answer: In many cases, the premature loss of hair or a generally thinning condition can be traced back via family lines. But some cases of baldness are due to conditions over which we do have some control. The leading causes of

baldness are seborrhea (excessive dandruff), nutritional deficiency, scalp infections, hormone imbalance, impaired circulation, injury to the scalp and body infections or disease and, of course, heredity. Many doctors consider seborrhea a prime culprit and, in fact, two British skin doctors in a study of 344 cases of premature baldness found that 320 cases were associated with the seborrheic condition. For persons for whom dandruff is the important factor in their balding, there's good news because this condition can be controlled. Coping with dandruff starts with the use of specially formulated antidandruff shampoos like Sebulex. It immediately removes loose dandruff and excess oil and its penetrating action softens and removes crusty scales from the scalp. In baldness cases due to hormone problems or dietary deficiencies, a qualified dermatologist can often suggest a regimen or medicines that can arrest action reverse the balding process. In all cases, a doctor, not the local barber or hairstylist, is the one to see. With all the talk about hair today and how much of it there is around, it might be startling to find out that there's a definite trend toward baldness. Doctors predict that after puberty over 80 percent of men lose their hair to some degree—and between 15 and 20 percent of women. Though baldness has traditionally been a standing joke to those involved, it's no laughing matter!

## The Barbecue Beverage

Cooking on the outdoor barbecue is one sure way of keeping the kitchen cool during the summer months. But even so, the chef (usually male) can get mighty hot and thirsty working over the glowing coals. To keep him happy in his work, provide a pitcher of iced tea so he can sip while he bastes and broils. Because it's non-sweet, it won't build up another thirst in a few minutes; and because it's non-fattening and non-filling, he can drink as much as he likes without ruining his appetite for his chef d'oeuvre.

- Iced Tea by the Pitcherful**  
(Makes 2 quarts—10 servings)
- Bring 1 quart of freshly drawn cold water to a full rolling boil in a saucepan.
  - Remove from heat and immediately add ½ measuring cup of loose tea or 15 teabags.
  - Stir. Cover and let stand 5 minutes.
  - Stir again and strain into a pitcher holding another quart of cold water.
  - When ready to serve, pour into ice-filled glasses.

**The Instant Way:** Simply combine 4 rounded tablespoons instant tea with 2 quarts cold tap water. Stir, add ice.

Richard H. Cole Advises On Soybean Weed Control

Growers who can significantly increase crop yields, improve crop quality or remove troublesome weeds from farm rotation, are in need of improved soybean weed control in 1969, according to Richard H. Cole, associate professor of crop science at the University of Delaware.

Cole told those attending the third annual Delmarva soybean meeting that deep-seeded broadleaf weeds are more difficult to control in soybeans than in other crops.

Turn Loose With Tuna Mousse  
When The Weather Waxes Hot

Tuna Mousse is terrific when it's torrid outside. It makes a refreshing main dish that is easy to prepare. Light as Tuna Mousse looks and tastes, it is high in nutrition because canned tuna in vegetable oil is comparable in complete protein to lean meat. Have you gotten on to tuna's money-saving ways in your meals? Canned tuna costs so little, it is one of the very best bargains in protein foods today. Many families are serving tuna twice a week to keep up nutrition and flavor in their meals at modest cost.

**Tuna Mousse**  
1 envelope unflavored gelatin  
1½ cups cold chicken broth, divided  
1 tablespoon lemon juice  
2 cans (6½ or 7 ounces each) tuna in vegetable oil  
½ cup diced celery  
¼ cup diced green pepper  
1 cup heavy cream, whipped  
Sprinkle gelatin on ½ cup of the chicken broth in saucepan to soften. Place over low heat, stirring constantly, until gelatin is dissolved. Remove from heat; stir in remaining 1 cup broth and lemon juice. Chill until mixture is the consistency of unbeaten egg white. Mix in tuna, and celery and green pepper. Fold in whipped cream. Turn into a 4-cup mold; chill until firm. Unmold to serve.  
Yield: 6 servings.

Peace To Prevail  
With Witnesses' July Convention

"Although unrest and agitation mark many of the nation's cities, a peaceful atmosphere will be manifest at our international convention," said Lois A. Eklund, local presiding minister of Jehovah's Witnesses.

"Witnesses from Newark will be among those who converge on New York City by the thousands for their 'Peace on Earth' international convention starting July 7," he added. Eklund made these statements in speaking to the local congregation about plans to attend the week-long convention at Yankee Stadium.

The majority of the expected 80,000 will be family groups and sessions will be held for Spanish-speaking delegates in addition to English.

More than 22,000 will be teenagers and young children.

## Stevens Reports On Need For City Tree Fertilizer

Forest trees receive most of their fertility needs through decaying leaves, branches and plant materials, according to Robert F. Stevens, extension horticulturist at the University of Delaware.

But lawn and street trees must receive nutrition from fertilizer—particularly if root areas are restricted.

Best time for fertilizing trees is late fall, winter or early spring, between November and April. But don't fertilize newly set trees.

In general, use one pound of fertilizer per inch of trunk diameter 4-ft. above the ground.

"Children need direction and by taking them to our Christian assemblies we supply some of that need," Eklund emphasized.

"In this way they will benefit by our good example of true Christian orderliness in addition to profiting from a Bible-based program that is geared to their timely needs."

Zeisberg Contest  
Chem Engineering  
Winners Reported

Two University of Delaware chemical engineering students have won prizes in the Zeisberg contest sponsored by the Philadelphia-Wilmington section of the American Institute of Chemical Engineers.

Paul H. Kimpel, III, a junior won first prize in the laboratory report category, and was awarded \$50 in technical books.

David D. Correll, a senior, took second prize in the scientific report category and received \$25 in technical books.

Prizes are awarded annually for excellence in report writing by chemical engineering juniors and seniors.

The award is given in memory of Fred C. Zeisberg, former president of the American Institute of Chemical Engineers.

Eight universities from the Delaware Valley participated in this year's contest.

## LAURA PATRICIA BALL, BRIDE

Mrs. Charles Clayton Dimeler, Jr.

The wedding of Miss Laura Patricia Ball and Charles Clayton Dimeler, Jr., took place Saturday, June 20, at 7:30 p.m. in Red Clay Creek United Presbyterian Church with the Rev. Dr. Edgar C. Irwin officiating. A reception followed at the Cranston Heights Ballroom on Kirkwood Highway.

The bride is the daughter of Mr. and Mrs. Calvin H. Ball of 4605 Linden Hill Road, and the bridegroom is the son of Mrs. Woodford D. Moore of New Castle and the late Charles C. Dimeler.

Escorted by her father, the bride wore a silk organza gown with Chantilly lace trimming. It had a

natural waist-line, long, pointed sleeves, and an A-line skirt. Her lace mantilla and illusion veil fell into a chapel train. She carried a cascade of white roses and miniatures, carnations centered with a white orchid.

Miss Vicki Lyn Ball was maid of honor for her sister. Bridesmaids were Miss Cindy L. Busse of Wilmington and Miss Vivian P. Ball of Limestone Road, a cousin of the bride.

James Brooks of Wilmington was best man, and ushers were Robert Conaway of Newark and James Wagner of Wilmington.

After a honeymoon to Williamsburg, Va., the couple will reside in Dunlinden Acres.

The bride, a graduate of Dickinson High School, is employed by General Motors Acceptance Corp.

Mr. Dimeler, a graduate of Clayton High School, attended Springfield College, and is with the General Motors Acceptance Corp.

The bridegroom graduated from the University of Delaware and attends graduate school at California Institute of Technology.

They will live in Pasadena, Calif.

## Take Time For A Tasty Refresher

Fresh or frozen fruits plus milk and ice cream are the tasty and nutritious components of Melba Shakes. Quick to make in either blender or electric mixer, a fruit flavored milk shake is unbeatably warm weather enjoyment.

A favorite blend of peaches and raspberries is found in this cool beverage, the result being a creamy taste treat great for between meal snacks or as dessert after luncheon or dinner. Important, too, is the wonderful nutritive value of Melba Shakes. Beverages that are rich in milk and ice cream contain high quality protein, minerals and vitamins. Serving a tasty, nutritious milk shake is a good way to provide these nutrients.

**Melba Shakes**  
3/4 cup chilled sweetened raspberries  
3/4 cup chilled sweetened sliced peaches  
Dash of salt  
2 cups chilled milk  
2 pints vanilla ice cream  
Mint, optional

Save a few raspberries for garnishing glasses. Combine remaining raspberries, peaches, salt, milk and 1/2 pint ice cream in blender container. Blend until smooth. If no blender is a portable, use electric mixer; cut peaches and ice cream into small pieces before mixing, or if frozen fruits are used, defrost before using. Pour into tall chilled glasses. Top with remaining ice cream; garnish with raspberries and mint sprigs. Makes 6 servings.

**ALAN MUELLER WEDS BARBARA HOINOWSKI**  
Miss Barbara Ann Hoinowski and Alan Arthur Mueller were married Saturday, June 7, at 2 p.m. in the Unitarian Fellowship Hall, Newark, by the Rev. Robert M. Hemstreet.

The ceremony was followed by a reception at the Swiss Inn, Elkton.

The bride is the daughter of Mr. and Mrs. Edward J. Hoinowski of Wilmington.

The groom is the son of Mr. and Mrs. Milton A. Mueller of Kansas City, Mo.

Matron of honor was Mrs. Grady L. Prickett of Newark.

Best man for his brother was Keith J. Mueller of Kansas City.

Edward A. Hoinowski of Wilmington, brother of the bride, was the usher.

The bride graduated from Conrad High School and was employed by the DuPont Co.

Mr. Mueller graduated from the University of Missouri, where he was a member of Kappa Tau Alpha journalism honor society. He is employed by the News-Journal in Newark.

After a wedding trip to Antigua in the British West Indies, the couple will reside in Newark.

## Coach Dan Peterson's Blue Hen Cagers Face One Of Delaware's Toughest Cards

Delaware's 1969-70 basketball team is faced with what is probably the toughest cage schedule the Blue Hens ever played.

Coach Dan Peterson's team will play 24 games, including 14 against Middle Atlantic Conference university opposition.

"I feel that this is by far the toughest schedule any Delaware team has played," says Peterson. "We play some outstanding teams during the regular season, and are in one of the finest tournaments in the country."

The Blue Hens will participate in the Milwaukee Classic, Dec. 26-27, meeting powerful Marquette in the second-game of the four-team tournament. Wisconsin and Utah State are the other teams in the tournament. New teams on the schedule include Catholic University, Maryland, Montclair State, and Rider College.

The Hens will play a home-and-home set with Rider in the MAC's western section of the university division.

Other teams in the western section are Bucknell, Gettysburg, Lafayette and Lehigh.

"We should have excellent competition in our section of the uni-

versity division," Peterson says. "Lafayette and Lehigh will be very much improved, Bucknell and Gettysburg made the MAC playoffs last year — and Rider is always strong."

In addition to the home-and-home series with their MAC western section opponents, the Blue Hens will have a pair of games with both Drexel and West Chester.

Single games are scheduled with Catholic University, Franklin and Marshall, Rutgers, Temple, Maryland, Montclair State, PMC and Albright.

The game with Temple will be part of a Dec. 20 Palestra double-header with Penn and Villanova in the other game.

The Hens will play half of the 24-game schedule in Delaware Fieldhouse, Peterson will have seven lettermen returning from last year's 11-10 team.

Delaware has a record of 42-26 in Peterson's three years as head coach.

"We should have another representative team this coming season," Peterson notes. "We have the nucleus of last year's team coming back and we have a few freshmen who will help us."

## Mason-Dixon 300 Dover Field Led By Richard Petty

Richard Petty, winner of more Grand National races than any other driver in history, hopes to add another mark to his victory list when the top drivers of the circuit compete in the inaugural Mason-Dixon 300-mile at Dover Downs on Sunday, July 6.

Petty is one of auto sport's most daring and skillful performers.

Through most of his career he rode for Plymouth and his light blue cars bearing the number 43 have become a symbol of victory wherever late model stock cars are raced.

Last year he switched to Ford and took the number 43 with him. Currently he is one of the top contenders for the 1969 championship.

In order to win a championship on this high speed racing circuit a driver has to be good on the short tracks both dirt and paved as well as on the super speedways that measure from a mile up to 2.5 miles.

Petty takes them all—big, little, dirt, asphalt or concrete—in stride and you'll find him in front, or close to it, in any race he runs.

The new Dover Downs International Speedway, measuring exactly one-mile and variably banked on the straights and turns up to 24 degrees, should be easy riding for this talented young man who loves high speed.

The action will start at noon, Sunday, July 6, with time trials to determine starting positions. The Mason-Dixon 300 is scheduled for the green starting flag at 3 p.m.

## Hutchison, Straughn Tie For First In NCC Golf

Jim Hutchison and Carty Straughn tied with net 68's to share first place in the handicap vs. par golf event last Sunday at the Newark Country Club.

On Saturday, Walt Ingram, Howard Edgar and Sank Richards tied for first in the same event with 73's.

## Kay Fletcher Takes Second In Archery Mid-Atlantic

Kay Fletcher of Newark took second place in the women's freestyle Class A of the Mid-Atlantic Archery Tournament at Richmond, Va., last Sunday.

Mrs. Fletcher compiled a 1,394-point total in finishing second to Carol Anderson of Washington with 1,441 points.

from such requirement because of senior citizenry. "My friend Mr. Mumford doesn't need a license — he doesn't look or act it, but he's over the age limit — a senior citizen," the younger of the pair explained.

"And I had a licensed pinned right on the brim of this cap — until some kid took it out of the car parked here at the pond a couple of weeks ago," the slightly junior member of the twosome added with some embarrassment.

"So both of you are fishing without licenses," Warden Bailey smiled with a simple statement of fact. "Good luck," he said sincerely, and left with no further ado.

Franklin H. Bailey could have spoiled a pleasant afternoon in the performance of the job for which he is employed — but he didn't. With good judgment, he believed an unlikely story — and the not-quite senior citizen was spared any further explanation and a trip to a magistrate.

It was true, too — the lost license tale. A couple of juvenile fugitives from school had been camping out beside a fire on the shore of the pond several weeks before, and a wet, dirty 10-year-old cigarette smoker right out of Huckleberry Finn had offered us a pack from an almost positively pilfered carton, in an attempt to mollify the adults whose fishing the boys had spoiled by splashing in the shallows.

The fishing license left pinned to the brim of a cap in the car, was missing when checked out later at home and if one of those kids didn't take it, he'll do as a prime suspect.

"We're lucky they didn't take anything else," Carroll W. Mumford said philosophically.

Which leads us back to Warden Franklin H. Bailey. We appreciate his friendly courtesy — his judgment — and the fine firmness underlying a pleasant conversation.

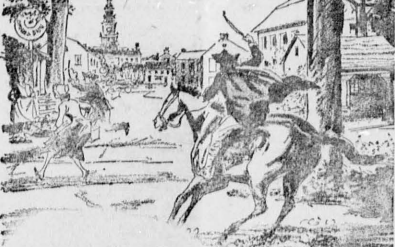

The Delaware Game and Fish Commission is to be commended for its appointment of Frank Bailey as a game warden.

## OFF AND RUNNING by John I. Day On Time

It is not recorded whether the Delaware jurist, Cesar Rodney, set a time record when he leaped into the saddle and headed for Philadelphia to sign the Declaration of Independence, but he is quoted as having observed, "Time is of the essence," and indeed it is on the race track.

The timing of races once depended on swift reflexes and a reliable split-second stopwatch. Today electric eyes are mounted at each sixteenth of a mile around the track. Depending on the distance of the race to be timed, the operator activates certain of the eyes to time each quarter. A beam of light is projected at each eye which "blinks" as the lead horse breaks the beam. The time for that quarter is immediately flashed on an infield board visible to the public.

For years a controversy raged over the record for a mile and a quarter, established in the 1913 Suburban Handicap at Belmont Park when Whisk Broom II was clocked in two minutes flat. First to "vindicate" Whisk Broom's timer was Cover Up, caught by the electric eye of the Teletimer at Hollywood Park on July 26, 1948, in two minutes flat. The world record for the distance today is held by Noor (1:58 1/5), and last year Damascus and Nodouble were each clocked at the distance in 1:59 1/5.

## OFF AND RUNNING by John I. Day A Matter of Opinion

Many observers were a bit surprised this spring when Miss Barbara Jo Rubin obtained a Jockey's license at New York's Big A without the need of legal talent and promptly won her first ride at Aqueduct. However, before the Ladies Auxiliary of the Jockey's Guild (if one is eventually formed) votes a "Man of the Year" award for Trainer Howard "Buddy" Jacobson who gave the pig-tailed lassie her big chance, they should re-read the publicity which followed her victory. It seems that Jacobson did the right thing for the wrong reason. He told an interviewer he had put Barbara Jo on his horse to prove a point about jockeys. "I just wanted to show that any decent professional jockey could win with the right horse . . . If the horse is ready to win, any competent jockey should be able to win with him," Jacobson, the leading trainer in New York in five of the past six years had expressed this opinion long before the advent of the girl rider. He further observed, "Jockeys are no different than airline pilots. When you get to your destination you don't jump off the plane and congratulate the pilot, do you?" Perhaps not, but that afternoon when Barbara Jo Rubin jumped off the filly Brava Galaxy in the Aqueduct winners' circle, the camera recorded Trainer Jacobson rewarding her with a kiss.

## Top High School Scorer Raymond Slated For Hens

Andy Raymond, one of the top scorers in the history of high school basketball in the State of Delaware, has decided to attend the University of Delaware.

Raymond, a sharp-shooting guard from Rehoboth High School, informed Delaware Basketball Coach Dan Peterson that he will attend the university this fall.

"We are very excited and pleased that Andy has decided to stay in Delaware," Peterson says.

"He is a proven scorer and may be the best prospect ever to come out of the Henlopen Conference." Cat-quick at 5-11 and 160 pounds, Raymond was the leading scorer in the state this year with an average of 30.3 points.

He led his team to the Eastern Division championship of the Henlopen Conference with a 15-4 record and was named first team All-State.

Raymond's three-year career total of 1,235 points ranks him fifth on the all-time Delaware high school scoring list.

## Scores Second Ace

Wesley H. Barrows

Father of a pair of golf professionals — Wes, Jr., at Shawnee, and Ronnie at Rehoboth — Wesley H. Barrows scored the second hole-in-one of his amateur golf career last Saturday.

Playing at the Newark Country Club, Wes scored the 131-yard 17th hole with a No. 7 iron.

He was playing in a threesome with Walt Ingram and Sank Richards.

## Mary Wisniewski Wins Weekend Hurdles Events

Mary Wisniewski won the 200-meter hurdles in 35.0 and Carol Thomson took the 50-yard hurdles in 7.1 last Sunday at the Region II Women's AAU Track Championships at Tower Hill School.

Mary won the 50-yard hurdles in 7.2 on Saturday at the Middle Atlantic Junior Olympic Championships at Reading, Pa.

## LIGHTNING SAILOR

Frank Nelson of Newark won second and third places with two races of the Fleet 192 Lightning class on the North East River last Sunday.

## \$20,000-Added Blue Hen Stakes Slated As Saturday Feature For Delaware Park

There's better than a fair chance that Saturday's \$20,000-added Blue Hen Stakes at Delaware Park will have among its contestants a potential champion of this year's two-year-old fillies.

Among outstanding eligibles for this 12th running of the 5-1/2 furlong speed test are some of the fanciest fillies seen in action anywhere this year.

They include Chance Hill Farm's Ridin' Easy, heroine of Delaware Park's Polly Drummond and Aqueduct's Fashion Stakes in brilliant style; Carter Thornton's Little Tudor, also a two-time stakes victress including Keeneland's Bewitch and Churchill Downs' Debutante, and two of the most regally-bred allowance race winners of the Stanton meeting — Bruno Ferrer's Native Tumbler and Mourning Stable's Lead Me On. Both these highly esteemed junior misses are daughters of the famed Native Dancer.

Should Ridin' Easy duplicate her Polly Drummond victory in the Blue Hen, she'd become the first filly to sweep the two stakes.

During its comparatively short history, the Blue Hen has twice been won by a national champion—Cicada in 1961 and Regal Glean in 1966. There could well be another this weekend.

Owner Robert E. Lehmann, whose Parisian Parfait scored an easy triumph in last year's Blue Hen, has a nominee this time in Needle Case, who failed to finish in the money in this season's Polly Drummond.

by GIBBY YOUNG

'NUFF SAID:

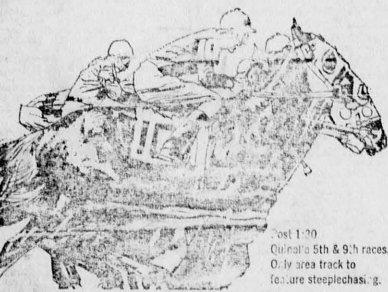

The less said the better concerning any personal performance in the Delaware State Amateur Golf Championship Tournament played this week—but we're proud of Gibby, Jr., who was tied for fifth place going into the third round of the 72-hole title tourney with a pair of 74's.

An opening round 48-48—96 pretty well killed Dad off, and Tuesday's 77 didn't offset the damage done.

Our congratulations to those who made the cut at 138, and to the new champion!
