

NEWARK BOY KILLED IN ACTION IN GERMANY

**William H. Dean
Killed December 7
Was Captain Of
Football Team**

Official word was received Thursday, December 28, by Mrs. William Home-wood Dean, Jr., of Trenton, New Jersey, of the death of her husband, Sergeant William Home-wood Dean. He died in action in Germany, on December 7.

Sgt. Dean was born in Newark on December 9, 1913 and graduated from the Newark High School in June, 1933. While attending Newark High School he excelled in athletics of all kinds and during his senior year he was captain of the football team.

In the fall of 1933 he joined the U. S. Army Signal Corps at Fort Monmouth, N. J. In 1936 he was awarded a trophy for being the best "All-Around Athlete" at the Fort, having excelled in basketball, track, and football. Upon leaving the service in 1938 he was employed by the Pennsylvania Railroad.

Prior to his entering the service for the second time, he was a prison officer at New Jersey State Prison at Trenton.

He re-entered the service September 1, 1943 and was stationed at Camp Van Dorn, Miss. He had one furlough the last of February which time was spent with his wife and daughter, and neither his sisters nor his parents saw him in uniform.

Bill wrote very cheerful letters and has sent several pictures back to his family. He was awarded the Bronze Star Medal for distinguishing himself by heroic achievement in connection with military operations against an enemy of the United States. He was also an Expert Infantryman and had won several marksmen's medals for both the pistol and the rifle.

He was a member of the Wire Gang with the 83rd Infantry Division. This group kept the lines of communication in repair at all times. In the last letter to his parents, Mr. and Mrs. William Home-wood Dean, Sr., of Newark he spoke of enjoying two turkey dinners for Thanksgiving. The letter written November 28 was from Somewhere in Luxembourg. His last letter to his wife was written December 1.

Sgt. Dean is survived by his wife, Laura Kellers Dean and two-year-old daughter, Donna Lee Dean of Trenton, N. J.; his parents, Mr. and Mrs. William Home-wood Dean, Sr., and his sister, Mrs. Raymond M. Benson, Mrs. Albert Dennis Bradford and Miss Margaret H. Dean, all of Newark.

Enoch L. Vandergrift's Rites Held Tuesday

Funeral services were held on Tuesday afternoon December 26, for Enoch Leech Vandergrift who died on Friday, December 22, at the Wilmington General Hospital. Services were conducted from the R. T. Jones Funeral parlors by Rev. Andrew W. Mayer with interment in St. James Cemetery, Stanton.

He is survived by his widow, Mrs. Kate Vandergrift, who resides at their late residence of 287 East Main Street. The deceased, who was in his 90th year, had been a life long resident of Newark, having moved away for a short time and returned within the past few years. A daughter, Adelaide, died recently.

NEWARK COUNCIL IN MONTHLY SESSION

**51 Arrests
Are Made
By Police
Department**

The Newark Town Council held their regular monthly meeting in the Council Chambers on Tuesday night instead of Monday due to the regular meeting date coming due on New Year's night.

Mayor Charles C. Hubert presided at the meeting and councilmen present were: John Hopkins, Norris N. Wright, Herman Wollaston, Norman E. Battersby and George E. Ramsey.

Town treasurer, George E. Ramsey, reported a cash balance on hand as of November 30 of \$31,119.58; receipts for the month of December were \$13,471.03 making a total of \$64,590.61; disbursements for the month of December were \$11,343.62, leaving a cash balance on hand December 30 of \$53,246.99 plus War Bonds amounting to \$80,000 which gives the town a cash worth of \$133,246.99.

Included in the receipts for the month of December were electric receipts of \$7,232.78; power receipts \$3,234.72; water receipts \$1,462.69; property taxes \$260.90; magistrates fines \$554.00; interest on War Bonds \$250.00.

Chief of Police William Cunningham reported 51 arrests for the month of December classified as follows: indecent exposure, fighting on streets, using profane language, driving an unregistered vehicle, non-support, larceny and parking, one arrest for each offense; threatening bodily harm, two arrests; resisting arrest, three arrests; assault and battery, five arrests; drunk, 16 arrests; disorderly conduct, 18 arrests.

Fines collected by Magistrate J. H. Rumer amounted to \$376.30, one case was committed to the workhouse and three cases were dismissed. One sailor was turned over to the military authorities. One larceny case and three accidents were investigated.

192 police calls were received during the month and the police car patrolled 2141 miles during the month.

Town Supervisor George E. Ramsey reported that new poles were placed on the west side of Wilbur Street by the telephone company so the electric wires had to be changed from the east side to the west side from Cleveland Avenue to North Street. The street lights were changed over at the same time. Trees were trimmed on Wilbur Street. One leak in water main was repaired and one new water tap was installed on West Park Place.

There were 15,138.000 gallons of water pumped during the month of December.

Two \$10,000.00, 2 1/2 per cent War Bonds were purchased during the month of December.

ANDERSON AT MIAMI

**Pilot Will Be
Reassigned**

1st Lieut. George F. Anderson has arrived at the Army Air Forces Redistribution Station No. 2 in Miami Beach, Florida, for reassignment processing after completing a tour of duty outside the continental United States.

Medical examinations and classification interviews at that post, pioneer of several redistribution stations operated by the AAF Personnel Distribution Command for AAF returnee officers and enlisted men, will determine his new assignment.

He will remain at the redistribution station about two weeks, much of which time will be devoted to rest and recreation.

Lieut. Anderson was a B-24 pilot in the Southwest Pacific. He is the son of Mr. and Mrs. J. F. Anderson, 201 Nottingham Road and is a graduate of the Newark High School.

ATTACHES COMMITTEES NAMED TO LEGISLATURE

**Gov. Walter Bacon
Will Take Oath
Of Office On
January 16**

The 110th General Assembly organized Tuesday, January 2 and at the opening session of the Senate, Senator George W. Rhodes and Senator William H. Ayres acted as the committee to receive the certificates of election after which the oath of office was administered by Dr. MacCollum to Senator J. Carl McGuigan, George F. Binder, John R. Butler, Fred S. Bailey, Irvin T. Hastings, and Harvey H. Lawson, all elected in November.

The list of attaches occasioned some surprise when William F. Wilgus of Ocean View, was elected secretary of the senate, a post held during several of the past sessions by Mrs. Vera G. Davis of Dover. It was understood that Mrs. Davis lost out by one vote in the Republican caucus preceding the organization of the Senate.

Other attaches are: Secretary to the president pro tem, Janis Clendaniel of Lincoln; assistant secretary of the Senate, Hon. John F. Lynn, former Municipal Court judge of Wilmington; reading clerks, Robert L. Armstrong of Wilmington, and E. Cogwell Barnard of Woodside; bill clerk, William P. Pennington of Kenton; assistant bill clerk, Mrs. Nan Law Woods of Richardson Park; document clerk, W. B. Dorey of Harbeson; Sergeant-at-Arms, Columbus Januzzio of Wilmington, James W. Cannon, Jr., of Milford, H. Rodney Smith of Georgetown, and H. C. Nickle of Delaware City; telephone messengers, Harold Hill of Smyrna and James Please turn to Page—4

NEW COUNTY OFFICIALS TAKE OATH

**Officers Are
Sworn In At
Courthouse**

Eight New Castle County officers, elected in the November election, assumed their positions at the Courthouse Tuesday morning when several of them were sworn in by Judge Frank L. Speakman. Others had previously been sworn in last week.

Robert A. Derrickson, of Blackbird Hundred, became Sheriff for a two-year term, succeeding Elmer C. Taylor. Mr. Derrickson took his oath of office last Friday before Judge Speakman.

B. Irving Armstrong who also took the oath of office before Judge Speakman last Friday, became County Comptroller.

George Gray Thouron entered upon his second term of office as Clerk of the Peace, having been sworn in last Thursday.

Coroner James F. Hearn took his oath of office Tuesday before entering upon his second term, having been the sole Republican county officer elected in November.

Adam J. Rosiak began his duties as Register in Chancery and Clerk of the Orphan's Court, having had the oath administered last week by Chancellor W. W. Harrington.

James M. Maloney was sworn in before Judge Speakman before beginning his initial term as Prothonotary. John J. Hartnett took the oath as Levy Court Commissioner at a meeting of the Court held Tuesday morning.

J. Rogers Holcomb began another term as Receiver of Taxes and County Treasurer after having been sworn in by Judge Speakman.

PILOT IS GRADUATED

Another class of fighter pilots was graduated from the Aloe Air Field, Victoria, Texas, on December 23 in a ceremony similar to that being enacted at pilot training schools throughout the Army Air Forces Training Command.

At Aloe Field, the graduates received many hours of instrument, formation, and night flying in the AT-6 Texan single engine advanced trainer and a comprehensive ground school course.

Among the graduates was Flight Officer James M. Greer, son of Mr. and Mrs. Charles W. Greer of Milford Cross Roads. He is a graduate of the Newark High School and is married to the former Miss Virginia VanMeter of 61 Margaret Street.

GRANGE OFFICER DIES IN HOSPITAL

**Funeral Services
Are Held For
Wm. P. Naudain
Yesterday**

William P. Naudain, 63 years old, lifelong farmer of Mill Creek Hundred and leader in rural affairs, died Sunday in the Wilmington General Hospital after a long illness.

He had served for some years as a member of the state executive committee of the Delaware State Grange, having been reelected at the convention held during December at the Newark New Century Club. He was Past Master of the New Castle County Pomona Grange and Past Master of Harmony Grange. Mr. Naudain was president of the Mill Creek Hundred Fire Insurance Company and a member of the Newark Ration Board.

He also had been active in Democratic party affairs in Mill Creek Hundred and at one time served as chairman of the hundred committee.

Mr. Naudain was a graduate of Delaware College. He is survived by three sons, William H. Naudain, Edward A. Naudain, and Lieut. Warner W. Naudain, who is serving with the Army in Belgium.

Funeral services were held at his late home near Harmony School yesterday afternoon at 2 o'clock with the Rev. Gordon Ruff, pastor of Red Clay Creek Presbyterian Church, officiating. Interment was in Red Clay Creek Cemetery.

LOCAL GIRL CITED FOR BOND TOUR

**Pfc. Counahan
Commended by
WAC Commander**

Private First Class Edith M. Counahan, stationed with the WAC Detachment at the Holabird Signal Depot, Baltimore, Maryland, has received a special letter of commendation from Colonel Laurence Watts, Commanding Officer of the depot, for meritorious performance of duty with the Holabird Signal Depot War Bond Caravan team which toured the state of Maryland in conjunction with the Sixth War Loan Drive.

The citation states that Pfc. Counahan "working without regard to hours, often under very difficult conditions, by superior spirit of loyalty and discipline, insured the excellent accomplishment of all phases of the mission."

Pfc. Counahan is the daughter of Mr. and Mrs. James D. Counahan of 41 Townsend Road. She is a graduate of the University of Delaware and holds a masters degree from Western Reserve University, Cleveland, Ohio. Prior to entering the Army in August, 1944, she was scenery designer for the Youngstown Playhouse at Youngstown, Ohio. Her brother, James R. Counahan, is serving with the U. S. Navy.

DOG TAGS NOW ON SALE

Dog tags for the year 1945 are now due and may be secured at the office of J. H. Rumer, magistrate, located in the town council building. Dog tags are due the first of the year and must be paid before the first day of March to save a penalty.

E BOND SALE TOTAL IS \$138,512.50 AT END OF DRIVE

**Grand Total
Of All Bonds
Sold In Drive
\$1,512,947.00**

Since the last report was published in the paper \$37,387.50 worth of "E" Bonds have been sold in the Newark area bringing the total sales of "E" bonds for the Sixth War Bond Drive to a total of \$138,512.50, which exceeds the quota of \$125,000 by \$13,512.

These figures given for the Sixth War Bond Drive are all purchase value and not the face value of the bonds which would increase the figures by a great extent. All sales were cash and cleared through the local banks or post office.

The grand total of all types of bonds sold during the Sixth War Bond Drive were \$1,512,947.00 which is more than the total sales of both the Fourth and Fifth War Bond Drives put together.

A. Frank Fader, general chairman of the committee in charge of the drive for Newark and vicinity stated that he is more than pleased with the efforts put forth by all the team captains and their volunteer workers who were responsible for making the drive the great success that it proved to be.

The \$532,000 worth of bonds purchased by the University of Delaware was a big help in putting the drive across in such a fine style and the \$20,000 worth of bonds purchased by the town council was also a great help.

SGT. BROWN RECEIVES CITATION

**Is Serving
With Military
Police Group**

One of an original detachment of 100 military policemen who reached England in December 1942, Sergeant George T. Brown, formerly of Newark R.F.D. No. 1, has rounded out his second year of duty at the Eighth Air Force B-17 Flying Fortress Station in England.

Attached to the 94th Bomb Group, shortly after his arrival in England, Sgt. Brown, as one of the station military company, has constantly helped maintain the high standard of conduct set by the American troops in that vicinity.

Sgt. Brown is the son of Mrs. Mary E. Brown of Newark, R.F.D. 1 and prior to his joining the service he was a truck driver. He joined the Army in June, 1942 and received his military police training at Camp Ripley, Minn.

The 94th Bomb Group, to which Sgt. Brown is attached, has been cited by the President for the heroic bombing of the Muhlentau aircraft assembly plant at Brunswick, Germany. This group also participated in the Third Bombardment Division, England to Africa shuttle bombing of Messerschmitt aircraft assembly plants at Regensburg, Germany in August, 1943 for which a Presidential Citation was awarded the entire division.

PENSIONS INCREASE

**Social Security
Up During 1944**

The number of monthly old-age and survivors insurance benefits in force in the area served by the Wilmington office of the Social Security Board increased by approximately 25 per cent during 1944, it was announced yesterday by Roger R. Minker, manager, in a year-end statement.

A total of 2,240 beneficiaries received \$440,000, divided as follows: Retired workers, \$242,200; wives of retired workers, \$39,600; children of retired or deceased workers, \$79,200; young widows with children, \$55,200; widows 65 or over \$35,200, and to aged parents, \$22,200. The number of beneficiaries in the past year increased by 250 in the state.

"That old-age and survivors insurance is truly a family insurance plan is demonstrated by the fact that more than three of every five beneficiaries are women and children. This proportion holds true among the nation's 1-120,000 beneficiaries," Mr. Minker said.

BANK STATEMENT EXPLAINED

**Mr. Matthews
Tries Novel
Experiment**

Something new — something different. Bank gives explanation of various items contained in its bank statement in simple language anyone can understand.

The Newark Trust Company statement just published is the first that comes to our attention which was quietly explained for the public. There is nothing mysterious behind figures. Every item tells the exact story — for example, the item of "Loans and Discounts". Everyone knows what a loan is, but many people have never thought to the fact that "Discounts" are also loans. The various items of collateral securing the loans are also explained.

Also explained is what is meant by "Assets" and what the "Undivided Profits" and "Reserve" accounts mean.

Every other item on the statement is explained in a clear, concise manner. Edward F. Matthews, treasurer of the bank has taken a lot of time and trouble to help educate the public to the Newark Trust Company is for its customers.

MATERNITY CARE FOR GI WIVES

Wives Eligible To Federal Aid

Wives of service men may obtain pre-natal, hospital, and post-natal care under the government's emergency maternity and infant-care program, Col. A. W. Foreman, state director of selective service, pointed out Monday.

Everywhere in the United States, and in Alaska, Hawaii, and Puerto Rico, doctors and hospitals are participating in the program through the state health departments.

The wife is eligible for this care wherever she is, regardless of legal residence. If she has difficulty in making her arrangements, Colonel Foreman advised, the local health department or the state health department will help her, and care will be provided to the extent that it is available in the community.

Mrs. GI Joe has a right to this maternity care any time after her husband has been inducted into the service and until he has been promoted to a rank above the fourth pay grade in the Army, Navy, Marine Corps or Coast Guard. Wives of aviation cadets are also entitled to this care.

Her baby, too, can receive certain medical, nursing, and hospital services through this program, he added, if the baby should become ill any time before his first birthday.

COMMERCIAL CERTIFICATE NEED NOT BE RENEWED

War Operators Gas Rations To Remain Good Indefinitely

In response to inquiries being made by commercial motor vehicle operators, Clarence E. Keyes District Manager at the Office of Defense Transportation at Wilmington today stated that Certificates of War Necessity issued to these operators are good indefinitely until cancelled and need not be renewed on an annual basis.

Under ODT regulations, operators do not have to have their certificates reissued unless they propose to change the character of their services or the territories for which the present certificates were issued.

At the same time, the ODT called attention to the fact that on last October 15, it transferred to the Office of Price Administration the handling of certain of its gasoline ration functions relating to temporary allotments of gasoline.

Under this transfer of duties, the

OPA now is responsible for the collection of gasoline ration coupons or checks in the hands of operators at the close of the quarter for which they were issued. For this reason, commercial motor vehicle operators should turn in all fourth quarter ration coupons at the end of this year to their OPA Local War Price and Rationing Boards (instead of to the ODT district offices). Such surrender must be made not later than January 8, 1945.

FOR VICTORY—

WHY 85 MILLION AMERICANS HAVE BOUGHT WAR BONDS

They didn't do it to get \$4 for \$3, any more than our fighting men are risking their lives for service pay. They did it to save American lives, to save time—because they know that the quickest way to clean and final victory is to overwhelm the enemy with superior equipment—no matter what the cost. They did it for America—for Victory. And they'll keep on buying bonds until victory is won.

But that \$4 you'll get back in 10 years for every \$3 you put into War Bonds now is important, too—mighty important, both to you and to America. Because we must not only win the war but the peace. And to keep the wheels humming so that there will be jobs for all, we'll need money—all of us. Money for repairs, replacements, education, travel. Money we can draw on out of reserve—War Bond money. So for Victory today—and prosperity tomorrow—keep buying Bonds, and keep the Bonds you buy!

FOR SECURITY IN A CHANGING WORLD

Your WAR BOND is the best investment in the world —keep it

KEEP FAITH WITH OUR FIGHTERS—BUY WAR BONDS FOR KEEPS

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

JANUARY 12 DEVOTED TO VEGETABLES

Days Program
Designated At
Farmers Week

One of Delaware's most outstanding contributions to the war effort is through the production of food from large acreages of fruit and vegetable crops. To help farmers increase this production, both for the benefit of the war food production and for their own profit, one day of Farmers' Week will be devoted to studying improved methods of vegetable production within the State. Friday, January 12, will be Vegetable Day on this schedule.

Particular attention will be given to the problems of tomato production, since tomatoes are one of the most vital war food crops, and an important crop to Delaware growers. Results of recent tomato investigations in Delaware will be the basis for this study.

Sweet corn and lima beans will also be given important attention, since they are both becoming increasingly important as canning crops in local areas, and both early and late potatoes will come in for their share of the discussion.

Since control of insects and diseases is one of the most vital factors in successful production of vegetables, most of the afternoon program will be devoted to studying their control, with a round table discussion on production and pest control of vegetable crops at the final meeting for the day.

Growers are urged to take advantage of this opportunity to learn the latest information developed within the State for efficient production. The program begins at 10 o'clock Friday morning, January 12, and will be over about 3:30 Friday afternoon.

Young People To Hold Services At Glasgow

Beginning Sunday, January 7, services will be held in the Glasgow Methodist Church on Sunday evenings from 7 to 8 p. m.

These meetings will be in charge of the newly formed Young Peoples organization of the church.

EXHIBITION OF ART AT UNIVERSITY

Paintings
Exhibition

On January 3rd sixteen paintings by leading abstract artists of this century will be shown at the Art Gallery, University of Delaware. The exhibition, "Variety In Abstraction" includes works by Braque, Gris, Leger, Malevich, Mondrian, Hellen, Kandinsky, Klee, Arp, Miro, Masson, Duchamp, and Malra.

James Johnson Sweeney, an authority on abstract art as well as other developments in 20th century painting, directed this exhibition for the Museum of Modern Art and has written the information labels which accompany each picture.

Mr. Sweeney points out that the type of painting commonly described as "abstract" is an outgrowth of a desire on the part of early 20th century painters to emphasize order in a picture. Every generation of artists focuses its attention to certain features of artistic expression that it feels the previous generation neglected. One of the outstanding characteristics of our period in all its aspects is its lack of order. In the field of painting, Mr. Sweeney states, a recognition of this lack and a conscious and exacting search for a remedy has produced some of the finest and most characteristic work of our time.

There are two main currents in the abstract painting of the 20th century; one characterized by an intellectual, structural, classical approach; the other more emotional in spirit, fluid and organic in design and romantic in its spontaneity.

The first of these two trends is based on cubism, initiated in Paris about 1908, by Picasso and Braque and carried on by Mondrian and Malevich. The second follows the work of the Russian Wassily Kandinsky, who in Ger-

many about 1910 began to reduce the representational forms in his pictures to their elements and to emphasize the rhythmic patterns of his compositions. But, instead of the geometrical motives of the cubists, Kandinsky employed for the most part fluid, organic forms related in a decorative harmonic order. Visitors to this exhibition will see how Klee and Arp took up Kandinsky's early rhythmic order of abstractions as a base for their personal fantasies, to be translated further by younger abstract surrealists such as Masson and Miro. Some painters have combined them in a single picture as Kandinsky occasionally has done. These paintings with Mr. Sweeney's descriptive labels, will give the visitor a glimpse of the rich variety to be found in the work of the abstractionists.

The exhibition, circulated by the Museum of Modern Art, will remain on view until January 23rd, after which it will continue its tour.

The University Art Gallery will be open daily from 8 A. M. to 5 P. M. Saturday 8 A. M. to 12 noon and on Sundays from 7 P. M. to 10 P. M.

WHAT KEEPS THE WHEELS ROLLING . . .

YOUR SAFETY FIRST

This "behind the scenes" photograph shows the complicated mechanism which is the "bottom side" of a trolley coach. Maintenance work on it can only be done by expertly trained men.

To meet the vastly increased wartime needs for public transportation — the facilities of Delaware Coach Company have been severely taxed. Our problem has been to carry a greatly in-

creased load—with little more additional equipment, a limited amount of replacement parts and manpower.

We have kept the wheels rolling, thanks to our specialized Maintenance Men who work ceaselessly day and night with your safety and comfort constantly foremost in their minds. Theirs — a valuable contribution to the war effort.

Mr. Vansant is a graduate of the Henry C. Conrad High School and is engaged in farming near Kemblesville.

NAVY MOTHERS CLUB MEETING AND ACTIVITIES

The Navy Mothers Club will meet on Thursday evening, January 18, at the home of Mrs. E. J. Helmbeck, 47 West Delaware Avenue.

All members are urged to be present as there will be an installation of officers.

The club received a letter of appreciation from one of the boys to whom Christmas greetings were sent which read as follows:

"Dear Navy Mothers,
Thanks a million for the Christmas card. Back home Christmas cards do not mean so much to people, but out here they mean something to the fellows. They know they are being thought of not only by relatives or loved ones, but by friends and neighbors as well.
Here's hoping you keep your good work until this chaos is over by making homesick sailors less so.
Roger E. Kennard."

J. H. (Sureshot) Rumer

Anything appearing in this column is purely the opinion of the writer and does not express the views or policy of the paper. Any exceptions should be taken up with the writer.

The entire staff of the Newark Post wishes to take this opportunity to thank each and every one who sent Christmas greetings to the paper. Many were received by the members of the Armed Forces who are away from home and are getting the paper sent to them each week.

Fire Chief Elmer Ellison stated this week that Sureshot made a mistake about the damage to the Newark Lumber Company fire last Thursday morning. Well, Sureshot makes a lot of mistakes but would suggest that the Fire Chief post a sign at each fire stating the amount of damage so that Sureshot will have the right figures.

Fire Chief Charles Honey of the Brandywine Hundred Fire Company has been appointed Fire Chief at the U. S. Government Storage Depot located south of Newark. We are glad to have Chief Honey as a close neighbor and if he ever gets in trouble we all are sure that Chief Ellison will race to his assistance.

Again we ask what is going to be done about that Playground and Recreation Center for the children of Newark. I have just heard that a small town close to Newark has just decided to build a swimming pool for the children. The other town is only a small place but they have the interest of their children at heart. What is the matter with the people in Newark? Why not have a committee of public spirited citizens, some of them women, get together and raise enough money to finance a decent community project.

If we have some nice place for the children to play (winter and summer) we will be doing a lot to take the kids off the streets and nothing will help to curb juvenile delinquency any more than the proper kind of recreation. Is the workshop at the Main Street School was opened up that would give the kids a place to go and make things.

Then most of the older children want some place to hold dances. There is a nice auditorium and gymnasium at the high school. During school hours the place is an asset — After school hours — IT IS A LIABILITY. The school property belongs to the taxpayers and their children — Why not use it more often?

In the little country school there is something doing all the time. Parents' Association meetings, Card Parties, Dances. In the big schools — Just a little "Book Larnin'".

It is reported that after the regular meeting of the local tribe of Red Men on Tuesday night there was a "500" game started and Jim Scarborough and Valiant Havelock walked over to Fowler and Lee Fall. Fowler was reported as hunting some one who would give him lessons.

It is also reported that at a recent dinner party held by the 182 Men's Lodge, Vaughn Havelock ate twelve oyster shells and took enough home to last him the rest of the week.

The Danila Hostess Manufacturing Company held their annual Christmas Party at the Shrine Club on Saturday, December 23 with Ivan Nagle acting as the master of ceremonies. Mr. Nagle sang several numbers for the enjoyment of those present. Chief of the songs he sang was "When Irish Eyes Are Smiling".

The mystery surrounding that party is "Who Lost Their False Teeth?" We are told that the Great Schultz would not cooperate with the magician who wanted someone to help with his card tricks.

Bud Rehmyer won a set of dishes in one of the contests that were held. Then we are told that Frank Smith, the fellow who operates the gas station at the corner of Main and Chapel Streets was present. Frank is always on the job when there is a FREE FEED.

The stocking makers really had a fine time according to all reports. There were about 180 people present at the party and there was a chicken dinner with all the trimmings. There were eight vaudeville acts and plenty of refreshments, games and dancing.

Then there is still that person who struck and killed the soldier on Elkton Road some time back who has not been apprehended by the Police Department as YET. It would be nice if the driver of that car would walk in and give himself up. Just because he has disposed of the car is no reason to think he is going to get off with it. Sureshot may blow his top off some day and then someone will be in trouble.

Town Supervisor George E. Ramsey left today for his annual trip to Hot Springs where he will enjoy the sunshine and nice warm climate for the next month. Mr. Ramsey has stated that after his vacation at that resort he always feels ten years younger. That might be a fine place for some of our other old fellows to visit. After a few visits we would be back in our second childhood.

AIRCRAFT ENGINE RESEARCH AT U. OF D.

Extensive Experiments Planned In Near Future

An extension of the war research projects on aircraft engine being conducted by the Division of Chemical Engineering in cooperation with Pratt and Whitney Aircraft and the appointment of new personnel to replace two research men who have been recently drawn away to undertake special war assignments, was announced today by Dr. W. C. Snyder, Acting President of the University of Delaware.

This research and development program, which has been under way the last two years, has just been extended for another six months period. The work under this program is directed toward the experimental investigation of the cooling characteristics of aircraft engines. This work is a natural outgrowth of the basic developments in the Chemical Engineering Division of the University in the field of Heat Transfer. It emphasizes the utilization of techniques and equipment to problems in the field of heat transfer to the most effect.

The University has announced the appointment of Mr. A. E. Fogelberg as Research Fellow in Chemical Engineering and Mrs. Jacqueline Walker as Research Assistant in Chemical Engineering, and the transfer to other war work of Messrs. A. W. Lemmon, Jr., and Joe L. Carl, Research Fellows in Chemical Engineering. Mr. Fogelberg, who resides at 1412 Delaware Avenue, Wilmington, Delaware, graduated in June, 1944 from the University of Delaware in the Division of Electrical Engineering. Mr. Lemmon has taken a position with the National Defense Research Committee at Washington, D. C., and Mr. Carl has accepted a post in the Research Department of the Elliott Company, Jeannette, Pennsylvania.

In the last two years Mr. Lemmon developed a group working on electrically heated cylinder models; this group includes Mr. Fogelberg, Mr. Percival R. Roberts, Jr., Mrs. Shirley Triffen, and Mrs. Barbara Pactor. Mr. Carl has worked with Mr. J. W. Westwater, Research Fellow in Chemical Engineering, on full-scale engine cylinder cooling. Others working at present on these projects include Dr. D. U. Greenwald, Assistant Professor of Mechanical Engineering and Mr. W. L. Bennett, Research Assistant in Chemical Engineering, on visual-flow studies. The work is in general directed by Dr. E. M. Schoenborn, Associate Professor of Chemical Engineering, and Dr. A. P. Colburn, Professor of Chemical Engineering.

Other Heat Transfer research projects under way in the Chemical Engineering Division at the University include one for the National Advisory Committee for Aeronautics on liquid-cooled aircraft engines by C. S. Sutton, Research Fellow in Chemical Engineering, and one on vapor condensers and subcoolers for the Andale Company, of Philadelphia, Pennsylvania, by F. G. Carpenter, Research Fellow in Chemical Engineering. Mr. Sutton resides at 1311 Franklin Street, Wilmington. In

addition, plans are under way in cooperation with industrial groups for an extensive research project on heat exchangers, which will be undertaken in the near future. With these various projects in Heat Transfer, the University of Delaware is becoming one of the leading centers in the country for research and graduate training in this important field.

DAIRY DAY PROGRAM TO COVER MANY PROBLEMS

Final Day Of Farmers' Week To Be Devoted To Dairymen

The final program for Dairy Day, January 10, during Farmers' Week is aimed at two important objectives — increasing Delaware's milk production right now to meet wartime needs, and developing efficiency of the local dairy industry to meet post-war competition.

National production still falls short of needs for this vital food, and since increasing herds is a long-time program, increases must be made through building up low production levels. Increased production per cow in Delaware will also be essential to local dairymen in order to produce profitably for normal demands.

In his discussion on "Producing Milk Efficiently", G. M. Worflow will emphasize remedies for present labor problems in the industry and give specific suggestions for meeting these problems.

Mastitis regularly causes losses estimated at about 25 per cent in Delaware milk production. Extensive research conducted at the University of Delaware during the past year on this problem will be discussed by Dr. C. C. Palmer.

Discussions of better all round dairy nutrition and more and better pastures will cover the feed situation.

Emphasis will be given to a better breeding program for the long-time program of herd improvement for more efficient production.

To bring them up to date on what can be done about the present need for more milk, and to get a good start in meeting the competition of the post-war period, dairymen are urged to attend the Farmers' Week program at the University of Delaware on Wednesday, January 10. The program starts at 10 o'clock.

Big Stables To Keep Horses In Training

The racing ban it seems isn't going to mean a holiday for the horses. A plan revealed that almost all the big stables contemplating in Philadelphia will keep their horses in training. They want to be ready when racing is resumed, and, as one trainer explained, if the horses were turned out it would take three months to bring them back into condition.

One Person In Every 20 In Government Jobs

Nearly one person in 20 is on a governmental payroll in this country.

There are 155,106 separate, active governmental units in the United States, the Census Bureau reported today, with 8,503,000 civilian employees as of Oct. 1.

The total included 1,306,000 teachers and other school employees.

Half of the total, or 3,335,000 are on the federal payroll.

The governmental units are divided as follows: Federal government, 48 states, 3,950 counties, 18,919 townships or towns, 16,220 municipalities, 108,579 school districts, and 8,299 special districts.

DELAWARE FARM FRONT THIS WEEK

Income Form Must Be Filed By January 15

Final program for Farmers' Week at the University of Delaware schedules Monday, January 8, as Egg Production Day; Tuesday, January 9, Broiler Production Day; Wednesday, January 10, both Dairy and Apple Production; Thursday, January 11, both Turkey Production and Peach Production; and Friday, January 12, Vegetable Day.

All information on a special crop will be presented on the same day for benefit of farmers who are unable to attend the entire short course. The program offers farmers an opportunity to learn important new developments in their own line of production.

On or before January 15, all farmers, regardless of age, who have had a gross income of \$500 or more during the past year must file either a declaration of income tax liability or a final income tax return. A letter explaining essential points of the income tax regulations pertaining to farmers was sent to all farmers in the State recently by the Delaware Agricultural Extension Service, enclosing a check sheet for farm expenses. With this form properly filled out, farmers can get help on filing their final returns from Bureau of Internal Revenue representatives in local communities during the next two weeks. Schedules for this help are available from county Extension offices.

Information on the AAA program in Delaware is being presented on the Delaware Farm and Home Hour, Station WDEL, regularly each Thursday afternoon at 1 o'clock.

Effective December 13, the OPA has announced a ceiling price of \$14.75 per hundredweight, Chicago basis, for all live barrows and gilts. Ceiling for sows, stage, and boars is \$14.00.

The ceiling price of wheat has been increased by 4 cents per bushel at all levels of distribution in order to reflect parity to producers.

Grower-processors of minor packed fruits, berries, and vegetables, including grower-owned cooperatives, have been given a formula by which they can figure ceiling prices. Up to this time, these processors were required to apply to the OPA national office for specific authorization of maximum price of each item.

Early ordering is again the farmers' best insurance on getting necessary fertilizer, insecticides, and fungicides for the 1945 crops.

Production of farm machinery, except wheel tractors, repair parts and attachments, is behind schedule on account of critical military requirements.

STANTON

Stanton, Jan. 4th — Miss Lora Little, Principal of the Stanton School, announces that the school reopened after the Christmas holidays — on Tuesday morning. Mrs. Mae Betz, War Bond Chairman, conducted the weekly sale of Bonds on Tuesday.

The Woman's Auxiliary of St. James P. E. Church, Stanton met on Tuesday afternoon at 2 p. m. in the Parish House, with Mrs. John Stelle, President, presiding.

Mrs. Bessie Crawford marked her 80th birthday on Thursday. Mrs. Crawford is confined to the home of her daughter, Mrs. William H. Hollett, near St. James P. E. Church, by illness.

Use of V-Mail Urged To Save Shipping Space

The Army and Navy today urged greater use of V-mail in writing to service men overseas in order to conserve transportation space.

The services expressed concern over recent drops in the use of the microfilm service by both service men overseas and civilians at home.

The Army and Navy want civilians to use V-mail for four out of five letters, reserving air mail for an occasional long letter or one requiring enclosures.

1945 FOOD OUTLOOK IS BLEAK

Beef, Butter Forecast Is Very Dismal

Civilians can expect no increase in food supplies so long as the war in Europe lasts, at least, and some items such as butter, poultry, pork and bacon will become increasingly short in the next few months, the nation's leading food distributor said today.

In its monthly outlook for January, the Great Atlantic and Pacific Tea Company said reports from more than 140 field buying offices throughout the country indicated the constantly expanding demands of the military and lend lease would further deplete the nation's lightly stocked food basket.

It predicted beef supplies would be extremely short, although the quality will be improved; less pork than last month despite heavier slaughtering, all of which is earmarked for the military and lend lease; less veal and lamb than in December and extremely short supplies of ham, bacon and pork.

Much shorter supplies of butter were forecast but a slight improvement in cheese was predicted, the poultry outlook was described as "dismal" and fish production as uneven but in fair supply.

The fresh fruit and vegetable supply will be curtailed in January as winter plantings have decreased 10 per cent over 1944 and production is expected to decline 16 per cent. Added to this is the heavy mid-December frost which struck Florida and Texas, two heavy winter producing states.

Two bright spots are eggs, which are coming into record production, and sundries such as jellies, peanut butters and macaroni, substitutes for scarce butter and other foods, and spices, particularly black pepper, long a war casualty.

Ferrying Group Leases Restaurant For Club

Officers of the Second Ferrying Group have leased the Howard Johnson restaurant at Hare's Corner for temporary officers' club headquarters until their New Castle Army Air Base clubhouse, destroyed Dec. 20 by fire, can be rebuilt.

Blueprints for a new clubhouse at the base have been approved by Ferrying Division Headquarters in Cincinnati, O. It was revealed by the public relations officer. Arrangements for the lease were made by Lieut.-Col. William B. Hooton, commanding officer.

"WILL I COME MARCHING HOME TO A WORTH WHILE JOB?"

"I'm just a G. I.—fighting for you... for a decent world... for a sound America.
Some day, I hope, I will come marching home.
What will I find?"

Will he find a strong America where he will have a chance to go to work and earn dollars which are worth while? Or will he just march from wartime hell to peacetime hell?

That depends, to a large extent, on YOU... on how you spend the money and save the money you are now earning.

If we on the Home Front plan our spending and our saving... if we spend less, save more... then we may reasonably expect post-war America to be O.K. But if we blow in our money... if we try to spend it as fast as we make it... then we're bidding

up prices, pulling down the buying power of the dollar, crippling business, heading toward trouble.

Planning is the answer. Take a pencil and work out your own plan for spending and saving. Out of your figures will come a sensible method for spending. Then, too, you can determine how much to save. Put your surplus dollars into War Bonds and into your bank account. Then we'll head toward victory on the Home Front, too!

As a matter of loyalty, it is up to each and every one of us to have a sound, worthwhile American dollar when our fighting men return.

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.

JANUARY 15 FINAL DAY FOR FILING 1944 FORMS

March 15 Is Deadline For Declarations On 1945 Income

It may not be a happy new year thought, but as any income tax payer your next appointment with your Uncle Samuel is less than two weeks off. Jan. 15 is one of the important tax dates of 1945. In fact it will steal some thunder from the most notorious of all income tax days, March 15.

There is a new and special inducement to many taxpayers to wind up all their 1944 income tax obligations by Jan. 15 instead of March 15. Millions of persons will do just that.

Jan. 15 is the deadline for:

1. Paying the final installment of your estimated tax for 1944, if you owe it.
2. Filing an amended declaration of estimated tax for 1944, if it looks as though your estimate of last April 15 was wrong and you want to adjust your final payment. You aren't really required to file this amended declaration unless you underestimated the tax by more than 20 per cent.
3. Filing an original declaration of estimated tax for 1944 if you are required to file one and have not yet done it. Farmers especially are affected by this because they were not required to make such a declaration last April.

The deadline for those three actions was originally Dec. 15 and was extended by Congress.

Anybody who is supposed to do any of those three things can simply ignore it if he files his final 1944 income tax return by Jan. 15 and pays all of the tax due on it.

Whether you do this or not, don't forget that declarations of estimated tax for 1945 will be due March 15. The number of people who have to file that declaration will be less than the number that had to file the declaration for 1944.

For 1944, taxpayers had to file declarations if their wages were more than \$2,700 single or \$3,300 married. For 1945, taxpayers will have to file the estimates if their wages are more than \$5,000 single with an addition of \$500 for each additional exemption such as a wife or dependent. For both 1944 and 1945, declarations are required if the taxpayer earns more than \$100 from sources not subject to withholding taxes.

If you don't elect to file your final 1944 return by Jan. 15, you must of course file it by March 15, the traditional time.

March 15, by the way, is the final deadline for those who postponed part of their 1943 taxes at the time the nation first went on a pay-as-you-go basis. If you still owe part of the 1943 tax, a separate bill will be sent by the collector.

Nearly all of those who file their returns Jan. 15 will use the regular blank (Form 1040), because the new and simpler blanks, in the form of withholding receipts, are not required to be distributed by employers until Jan. 31. Few employers will have them ready by Jan. 15.

LIONS CLUB MEETING

**\$301,433 In
Bonds Sold**

The regular weekly dinner meeting of the Newark Lions Club was held at the Newark Country Club on Tuesday evening with president Fred C. Evans presiding.

Congratulations were received by the club from H. Wendell Henry, Lion District Governor who congratulated the club for taking first place in the District rating contest.

Frank Fader, chairman of the stamp and bond sale committee, reported recent stamp and bond sales were \$4,581 bringing the total sales of the club to \$301,433.00. Mr. Fader also reported that the total sales for the town of Newark in the Sixth War Bond Drive were \$1,512,047 of which \$138,512.50 were for the "E" bonds which is well above the goal set at \$125,000.

FARMERS CENSUS TO START MON.

The nation's six million farm operators can get their answers ready.

The Census Bureau said its 1945 census of agriculture will start January 8. This event takes place every five years.

About 20,000 full-time enumerators have been trained for the two-month task.

Only farm operators will be interviewed—not their employees.

Every farm operator will be asked about his production in the 1944 crop year and his inventory as of Jan. 1, 1945.

He will be asked the location of the farm average, how many live on it, how

many houses they live in, and what facilities the houses have; the value of the lands, buildings and machinery; and the amount of mortgage debt.

Operators will be requested to give the number of workers, paid and unpaid; amount of work done by the operator and his family; total cash outlay for labor throughout the year; and the number of days on which the farm operator may have worked off the farm for pay or profit.

In addition, a certain number of operators, on a sample basis, will be questioned on many other subjects, such as fertilizer and feed purchases, livestock, amount of timber cut and motor vehicles.

The census will begin in the face of the fact Congress has not appropriated funds to tabulate and publish the results.

Congress provided for preparation and field work, but it refused in December to appropriate \$5,500,000 more to complete the project.

Statement of Condition

DECEMBER 31, 1944

Assets

Cash and Due from Banks	\$ 717,715.42
This amount represents our legal cash reserve which we are required to carry against deposits. Our requirements call for \$70,039.89. We hold \$147,675.53 in excess of the necessary legal amount.	
U. S. Government Bonds	3,166,288.93
These are United States Government Bonds which the bank carries in its investment account.	
Other Bonds and Investments	538,490.03
Represents the very highest grade corporate obligations of the nation's municipalities and leading industries, railroad, utilities, etc.	
Loans and Discounts	587,710.79
This amount has been loaned to the business men, farmers, and home owners in this community. Secured by marketable stock exchange securities, mortgages, or supported by sufficient equity in a business statement.	
Banking House and Fixtures	33,020.51
Represents the amortized cost of our building and equipment used in the transaction of Newark's banking business.	
Other Real Estate	5,013.92
Property which came into possession of the bank in the ordinary course of business. Market value exceeds book value.	
Other Assets	3,011.95
Miscellaneous assets of the bank such as prepayment of interest on government bond purchases which will be returned at the next interest maturity date on the bond.	

This represents the total of the asset items above, or gross amount of the bank's resources available to meet its total liabilities below.

Liabilities

Capital Stock	\$ 100,000.00
Represents the capital investment of our stockholders in the institution. Two thousand shares of ownership at \$50.00 par value per share.	
Surplus	100,000.00
While this account bears the title of surplus, it represents additional capital which has been accumulated in the business by the stockholders for the protection of the bank's depositors.	
Undivided Profits	97,296.15
An additional amount which could have been withdrawn as profits but left in the business by the stockholders as further addition to the capital funds to provide still greater protection for our depositors.	
Reserves	45,800.37
This amount has been built up out of the stockholders' earnings and set aside as a reserve for contingency against losses or bond investment depreciation. All slow or doubtful items have been charged off and the market value of the U. S. Government and Other Bonds and Investments exceeds book value.	

THE FIRST FOUR ITEMS TOTAL \$343,096.52. THIS AMOUNT REPRESENTS THE TOTAL EQUITY OF THE STOCKHOLDERS IN THE INSTITUTION. EXCLUDING U. S. GOVERNMENT DEPOSITS FOR WHICH THE BANK HAS PLEDGED U. S. GOVERNMENT SECURITIES, THE RATIO OF DEPOSIT LIABILITY TO THE STOCKHOLDERS' OWNERSHIP IS APPROXIMATELY 9-1. THIS IS FOR THE PROTECTION OF OUR DEPOSITORS. THE LOWER THE RATIO, THE GREATER IS THE PROTECTION PROVIDED FOR DEPOSITORS. COMPARED WITH RATIOS OF INSTITUTIONS IN OTHER AREAS.

Reserve for Taxes	10,000.00
This money set aside to pay taxes which are payable, but not yet due.	
Demand Deposits	2,259,312.46
Represents the funds deposited with us in checking accounts subject to withdrawal on demand by the business concerns, farmers, and individuals of Newark, Delaware, and vicinity.	
Savings Deposits	1,067,413.89
Besides exceeding their quota of War Bond purchases, the good citizens of this community have deposited savings account money with us to the extent indicated by this total.	
U. S. Government Deposits	1,362,220.00
These represent monies left on deposit with us by the United States Government. For said deposit, we have pledged United States Government securities.	

Other Liabilities	9,208.68
This item represents miscellaneous expenses, employees' withholding taxes, old age benefit deductions which are not yet due for payment.	

This total represents the total liability of the bank due for deposits held, stockholders' capital ownership, and taxes.

SEVERAL THOUSAND OF THE CITIZENS AND BUSINESS MEN OF THIS GOOD COMMUNITY DO THEIR BANKING BUSINESS WITH THE NEWARK TRUST COMPANY. WHY NOT MAKE THIS YOUR BANK?
