**Battersby Wins Over Moore As  
Local Vote Backs State Trend**

J. Caleb Boggs

Norman S. Battersby

Norman S. Battersby, Republican candidate for the General Assembly from the Newark area, rode to victory with the GOP party in the county and state in Tuesday's off-year election.

He piled up a plurality of 498 votes over his Democratic rival, Leo V. Moore, who early conceded defeat. Mr. Battersby, who will be serving his first term in the state legislature, earned a total of 1720 votes in the Ninth Representative District against 1222 for Moore. The victor, a veteran member of Newark's Town Council, gained pluralities in each of Newark's five voting districts. The complete tally follows:

9th Representative District White Clay Creek Hd.			
	Moore, D.	Battersby, R.	
1st Dist.	205	286	
2nd Dist.	364	446	
3rd Dist.	244	343	
4th Dist.	224	267	
5th Dist.	185	378	
Totals	1222	1720	
Majority		498	

The total vote, while not as high as the 1948 presidential election, was unusually high for an off-year election.

The balloting in the Ninth District, which includes Newark and vicinity, reflected the GOP victory in the county and state. Newark voters favored Republican candidates for all state offices, picking U.S. Representative J. Caleb Boggs, GOP incumbent, with a plurality of 623 votes over his opponent Henry M. Winchester. The totals were 1776 for Boggs and 1153 for Winchester.

Results from the Ninth District on other state offices follow: Attorney general—D. Cooch, 1155; R. Young, 1774; state treasurer—D. Boyce, 1128; R. Emerson, 1815—state auditor—D. Baker, 1085; R. Enterline, 1755; insurance commissioner, D. Ferguson, 1160; R. Murphy, 1768.

**American Dental  
Association Okays  
Water Fluoridation****Dr. Musselman Reports U. S.  
Dentists Propose Use Of  
Fluorine In Water**

Dr. P. K. Musselman, Newark dentist and Delaware's delegate to the recent annual conference of the American Dental Association in Atlantic City, reports that one of the highlights of the 3-day session was the passage of a resolution putting the association on record as approving fluoridation of community water supplies.

Dr. Musselman is father of the plan to begin a mass fluorine experiment here. The project, approved over a year ago by the Town Council, is still meeting with delays and stumbling blocks.

Town authorities say the necessary machinery is now installed and ready to operate at the water pumping station but that delivery is still awaited on supplies of sodium chloride.

The American Dental Association's resolution is of interest, Dr. Musselman points out, in view of the opposition to the proposed Newark fluorine experiment, which reached its peak just before the Town Council gave its final okay to the plan. The objection then was that the introduction of sodium fluoride into the water supply could be a public health hazard. The Dental Association's position denies this and recommends water fluoridation.

The complete text of the resolution follows:

"Whereas, numerous studies have demonstrated a decreased incidence of dental decay associated with the presence of fluoride occurring naturally in drinking water, and

"Where, there is a rapidly accumulating body of data derived from direct studies of the artificial addition of fluoride to drinking water, and

**Council May Study  
Rent Control Issue****Question of Extension May  
Come Up Tuesday**

The question of continuing rent controls in Newark may come up at the November meeting of the Town Council next Tuesday at 8 p.m. in the Council Offices, 24 Academy Street.

A federal law passed some time ago grants local communities the authority to allow rent controls to expire or to continue them until June 30, 1951. If no action is taken, the controls will automatically expire on Dec. 31. The Town Council has the power to extend the ceilings by simple resolution until the June deadline.

Other items that may possibly come up at Tuesday's meeting are progress reports on the plan to convert part of the old Academy building into a new headquarters for the town government, the proposal to seek state aid for maintenance of thoroughfares and the ever pending fluorine experiment.

## News of London-Britain Vicinity

Martha Lee, Correspondent  
Phone Kemblesville 2171

A surprise bridal shower was held at the Grace Gallery, of West Grove, on Wednesday evening, the evening of the engagement of Miss Galloway to Mr. Calvin Crossan, Landenberg. The shower was given by Mrs. Helen Crossan.

Miss Galloway is the daughter of Mr. and Mrs. John F. Galloway, of West Grove. Mr. Crossan is the son of Mr. and Mrs. Calvin Crossan, Landenberg, and of Mrs. Helen Crossan.

Beulah C. Hoopes and son and daughter, the Calvin B. Hoopes, gave the shower. The hall was decorated with a profusion of fall flowers, and green and gold, favorite colors of the bride and groom, were emphasized.

Among the many beautiful gifts were a program of entertainment, a square dancing was enjoyed by a hundred guests. Ice cream, cake, mint and coffee were on the refreshment list. Mrs. Jim Paxson, provided music for the occasion.

The choir of the Newark First Presbyterian Church had an "Old Clothes" party in honor of Halloween, recently. One of the members tells me it was marvellously entertaining. It turned out to be a mother and daughter came attired as "Master and Dog," the mother in an old-fashioned motoring outfit, goggles and cap, and the daughter in a black and white dog costume. The mother was a very pretty girl and the daughter was a very pretty girl. They were very popular and set up such a terrific racket that unmasking became necessary. A tribute to the spirit of the party!

Cliff Owen was home Thursday night. Jimmie Sanfords, and returned to Ft. George Meade, after a week packed with seeing all the sights possible to see in that time. Richard Swan is now master of the London Grange; lecturer is Mrs. St. John; chaplain, Mrs. Ella Swain; overseer, Ellis Astle; gatekeeper, Harry Swain; secretary, Mrs. Ford; treasurer, Edwin Guthrie; clerk, Andy Ford; assistant steward, Paul Bush; lady assistant steward, Mrs. Swain; Ceres, Mrs. Ann; Pomona, Mrs. Anna Swain; Mrs. Mary Pratt.

Mr. Louis Losees spent a pleasant day, Nov. 5, when they drove to Brunswick to spend the day with friends.

Jimmie McVey is on the list of those youngsters who have been "through the mill" as regards this "T" and "A" mess—or tonsillectomy and adenoidectomy, if you prefer. "Hen" says she went surprisingly well and that she looks like a trooper, but she has an embarrassing experience when she left her in charge of a two-year-old across the hall from Jimmie. Sooner were arrangements complete than here came Jimmie back to room with a wholehearted "Mother" when he saw Hen. She flew to, of course, and the next thing knew the two-year-old was out of bed and down the hall after his

mother. Little Jimmie Paxson is home after surgical attention undergone in West Chester, and well wishers are thinking gratefully of the much better chance little people have these days, in so many ways.

The Halloween party held in Landenberg Hall for the school children (pre-school too) of the community took place Oct. 30 at 8 p.m. and in addition to being extremely well-managed, thanks to the committee, and the co-operation of all involved, it was a pleasant occasion, and the costumes gave evidence of much interest and effort. This is the third party, and each year more people dream up better ideas until the affair is by way of becoming an institution. The children were judged in three age groups, with

about three or four awards in each group, and the costumes were so good, the judges really had a time. Being very preoccupied with our own group, we may have missed some of the awards. We remember agreeing that the Raggedy Ann and Andy deserved recognition, and that we wondered who that pumpkin was that won a prize, and that Patsy Kraus made a charming witch, but we never did find out who were the two characters who won a well-deserved prize as "two old bags," and made everyone laugh to watch them waddle about the floor. Little Susie Hixon was dreamily done up as a feudal maiden, and the little fireman in red flannels and the right sort of hat was really cute. But all the time our mind was on getting that wedding party off properly.

Kirkwood Highway

Those motorists who were on the highway last Friday, not far from the Polly Drummond Road, were treated to a rare sight at about 4:45 p.m. Out of the shadow of McCann's woodland ran a young deer—straight across the fields and over the highway directly in front of a car. Clearing the

fence with a bound, he made his way swiftly across Judge Morris' property, stopping once to stare back at the amazed onlookers.

Speaking of animals in the neighborhood, have you seen the growing flock of sheep peacefully grazing on the property of Herman Hopkins, Capitol Trail; or the shy little lamb tagging close to its mother in Talbert Chalmers' pasture, Possum Park Roa; or the appealing little bull-dog pup who has come to keep Florence Maxwell company on Polly Drummond Road?

Mrs. Herman Hopkins has been confined to his home all this past week, because of a severely cut foot. The accident happened while he was cutting down some old apple and cherry trees.

We are also sorry to learn that "Chubby" Ingram, Eastburn Heights has been quite ill for the past two weeks, suffering with a virus infection.

Capitol Trail residents are pleased to at last be able to use the new section of highway through Eastburn Heights, connecting with the dual highway.

Mrs. Daniel DuHamell, Capitol Trail, was taken to the hospital last Wednesday, for the removal of his appendix. He returned to his home on Tuesday and is recovering rapidly. Robert is looking forward to returning as soon as possible to his classes at Brown Vocational High School.

It is hoped that Mrs. David Eastburn, Mill Road, has recovered from a painful back condition in order to carry out her plans to accompany a group of Newark women on a trip to the UN headquarters, this Wednesday. White Clay Creek Presbyterian Church

Herbert Brown, president of the Young Adult Fellowship, announces that the group voted at its last meeting to finance the repairing and recovering of all of the pulpit chairs. Willard Johnston and Mrs. Elizabeth Benson were appointed to find out about repairing the carpet on the platform and on the pulpit steps. The group decided to hold their annual turkey dinner on the regular meeting night in December. The committee follows: John Murray, Mrs. Margaret Johnston, Miss Margaret Lamborn, Mrs. James H. Bishop, Miss Elizabeth Brown.

Mrs. Howard Bradley, chairman of the ways and means committee of the Improvement Society, wishes to thank all those who gave so generously of their time and materials for the automobile carrying out of the luncheon served at Alan Morrison's sale. The \$106 per cent profit will be used for the improvement program of the church.

Next Sunday, Nov. 12, Rev. B. B. B. will bring a message on "A Song of the Night" at the 11 a.m. church service.

There will be a meeting of the Westminster Fellowship on Sunday evening at 7:30 p.m.

**If you, personally, have not yet inspected and driven one of this year's Plymouth, Dodge, De Soto or Chrysler cars, you probably ought to do it some day very soon.**

Over the months since these cars first went out into owners' hands and on the road they have stirred up a wave of *owner satisfaction* that is beyond anything in our experience and probably is something new in the whole world of motor cars.

It isn't just one feature or another that these people are so excited about. It is everything about the cars, from the way they *look* to the way they *feel* . . . from the smooth, quiet, power and economy of their engines, to their wonderful comfort on all kinds of roads.

Outstanding, amongst other things, are the comments in praise of the way these cars are actually *built*. Along the production lines, our workmen and equipment are putting these cars together to *stay* put together better than cars have ever been before. And apparently this difference is something people like.

What all this means to you, of course, is simply that here—on the word of owners who have driven and lived with them—are cars that are *better worth your money than any you've ever had.*

Whether you're planning to get a new car

now or not, take a few minutes to see and drive these cars. And, while you do so, ask yourself these questions . . .

Is it *really* wise to keep your present car much longer? How much sound value and transportation is *left* in it by now? Is it costing you more to run and keep up than a car should?

Along with that, find out exactly what a new car would cost you now. It may be considerably less than you guess.

Finally, ask yourself this . . . With present uncertainties about taxes, living costs, and all the rest, you *can* at least count on this—that trading your car now for a new Plymouth, Dodge, De Soto or Chrysler will make your family's transportation safe and sure for a long time ahead.

Talk to one of our dealers. You'll find them good men to do business with. Over the years our dealers have been carefully sought out and encouraged to be the ablest and most responsible group of car dealers in the world.

Come see one of these men and drive our cars. Their greater worth to owners is an outstanding thing this year. And the more you look ahead, the *more* this kind of worth stands out!

## Is Feature Of Schools' Observance Of Education Week

Education On Trial Title Of 5th Grade Drama This Afternoon

A highlight of the current observance of American Education Week in the Newark schools was the presentation of a play, "Education on Trial," at the afternoon in the school auditorium.

The play, staged by Mrs. Hilda Marzullo, 5th grade, centered around a mock trial of educational subjects, personified as individuals, to determine which is guilty of the present world confusion.

The program was one of three special assemblies given during American Education Week, which closes Saturday. Open house is also being held throughout the week, giving parents and the general public an opportunity to visit classes and attend the various programs.

The jury included: Tom Griffith, chairman; Bill Colburn, Laura Wollaston, Bill Spinnington, Bonnie Twaddle, Kay Pollari, Judy Hein, Barry Norwood, Tim Smith, Charlotte Bowser, Dan Burris, and Joe Hitchens.

Also on the program will be two selections by the fifth grade orchestra, "Merry Widow Waltz" and "America the Beautiful."

The entire class will sing three songs and recite a choral poem, "The Rump." Another feature will be a tap dance number by nine girls: Lois Hyre, Linda LeGrange, Rose Ann McMullen, Jean Harris, Janet Tyler, Pat McNertney, Nancy Muller, Lee Pursell and Laura Wollaston.

## Membership Drive Continued By PTA

The second phase of the fall membership drive by the Newark Parent Teachers Association is now underway.

The first, carried out some weeks ago by a faculty committee, signed up exactly 1,111 parents. The current phase, in charge of a committee of parents, will attempt to enroll the remaining non-member parents of Newark school children.

General chairman of the parent committee is Mrs. Elizabeth Skold, who has drawn up a list of parents not yet enrolled in the PTA. These will be approached directly by drive volunteers under Mrs. William Carter and Mrs. Willis Jackson.

A newly drawn up permanent file of parents of Newark school children is being handled by Mrs. Russell Hardy and Mrs. Clemence Valient.

## NAACP Meeting

(Continued from Page 1)

A brief meeting will also be part of the program. On the agenda for the meeting is the selection of a nominating committee to prepare a slate of officers for the coming year.

Rev. George Walton, president of the chapter, announced that a youth chapter of the organization will be formed on Friday evening, Nov. 17 at the Community Center. The chapter will be open to young people of post-high school age. Plans are also being made to organize a group of boys and girls of high school age. In charge of the youth work are Mrs. Naomi Greenberg and Miss Gloria Howard.

A series of classes and movies will be sponsored by the recreational committee of the NAACP and will be held at the community center. Mrs. Ethyl Clowers, chairman of the committee, will schedule classes in first aid, home sewing, square dancing and ballet dancing. Recreational and educational services will also be offered.

## U. S. Foreign Policy Topic For Smoke Talk

The first of the year's Smoke Talks at the University of Delaware, again sponsored by the Department of English, will be held at 7:30 p.m. on Wednesday, Nov. 15. The topic is to be: "Should Our Foreign Policy Be Determined Primarily by Idealistic Considerations or by Self-Interest?"

The moderator will be Wayne J. Pollari, assistant in the Department of Political Science. The two opposing keynoters will be Raymond Mammarella of Wilmington and Parke Perine of Lewes, both of whom are political science majors. Students, faculty, and the public are invited to attend and to participate in the discussion.

## U. of D. Parking Woes Discussed At Rotary

Speaker Says More Meters Would Be Hardship

University of Delaware students are in a parking squeeze, Art Diver, president of the University senior class told members of the Newark Rotary Club at their meeting Monday night.

With the 800 students commuting daily, he pointed out, there are in the neighborhood of 600 cars on the campus. Since there are only 323 parking spaces, the problem becomes one of both the university and the town of Newark.

Diver explained that the University has tripled its available parking area in the past few years. The institution is now working on new parking facilities. Another new lot for 63 cars is proposed. Bids for it come to \$5,000.

He also stated that the university is planning to cut down the number of commuters by constructing more dormitories. He felt that parking meters on streets where students now park would be an unfair hardship for them and would not solve the safety problem caused by narrow streets.

## 3rd Graders Stage Play On Wednesday

Special Program Marks Education Week

The play, "A Good American," featured an assembly by Mrs. Margaret Alves' third grade yesterday in the high school auditorium. The program was a part of the school's observance of National Education Week.

The cast included: Tommy Davis, Barbara Walls, Janina Kacina, Ann Sprecker, Margaret Day, Billy Rahn, Bruce Jackson, Richard Handloff, Alvin Roberson, Bill Roemer, Bobby Young, Andrea Lanier, Kay Logan, Diane Silverman, Jay Nachod, Fred Cray, Lynn Colburn, Kathy Kacavas, Betsy Able, Grace Baker, June McCall, and Rudy Dinkel.

Bob Handloff was the program's announcer. The Bible reading was by Dot Zimmer and Kathy Kay. A poem was recited by Nancy Pigford.

In addition to the play, a dance was staged by the following students: Barbara Weeks, Kathy Linden, Patsy Gray, Shirley Smith, Carolyn Wright, Margaret Lenning, Joan Dollo, Allen Reinhart, David Gray, Edith Anderson and Carol Mosher.

At the conclusion, the entire cast sang, "There Are Many Flags in Many Lands."

## Xmas Seal Sale To Start November 20

1950 Design Is By Andre Dugo

Below is a preview of the 1950 Tuberculosis Christmas Seal. The seals have arrived at the headquarters of the Delaware Anti-Tuberculosis Society in Wilmington, according to Dr. William Marshall, Jr. of Milford, president of the society.

This year's seal was designed by Andre Dugo, internationally famed artist who gained fame in Hungary and Paris for his paintings before he came to America in 1939. He also designed the Christmas Seal for 1943.

The 1950 seal features three little angels, one singing from a scroll of music as her companions play musical accompaniment. The predominant colors are red and green.

The 1950 seal sale, proceeds of which will be used to finance the society's state wide program for the coming year, opens on Nov. 20 and will continue until Christmas.

As in former years, the seals were supplied by the National Tuberculosis Association, with which the Delaware Anti-Tuberculosis Society and 3,000 other voluntary tuberculosis associations are affiliated.

Delaware's and the nation's first Christmas seal sale was launched by the late Miss Emily P. Bissell in 1907. Miss Bissell was president of the Delaware Anti-Tuberculosis Society for 40 years.

As usual the Christmas seal sale will be conducted by mail beginning Monday, Nov. 20th, 1950.

There are more than 6,000 known species of grasses.

## To Study School District Reorganization Plan Here

School board members and principals from Glasgow, Eden, Christiansa and Newark will hold a joint meeting Tuesday to study the proposed state-wide plan for the reorganization of school districts as it affects this area.

Much of the ground work for district reorganizing in New Castle County has been drafted.

The local educators will hear details of the project from Mrs. T. D. Mylrea, a member of the county school district reorganization committee.

Tuesday's session will serve as a preliminary briefing for a meeting of all county school board members and administrators scheduled for Nov. 27 in the Tower Hill School, Wilmington, when details of the entire county reorganization plan will be outlined.

## Top Pupil Salesmen Attend Free Show

Students who sold over \$10 in magazine subscriptions in the recent school drive here will be guests at the showing of "The Happy Years" Tuesday afternoon at the State Theatre.

The theatre is cooperating with the schools in providing the treat for the youngsters.

## U.S. Industrial Strength

### Key To Military Defense

American industrial strength, which has outstripped the world under the "consumer control" of the free market system, will be the keystone for whatever military strength we develop. Harold Brayman, director of public relations of the DuPont Company, said Nov. 2.

In an address which was the first of a lecture series by various speakers on topics in economics at the University of Delaware, he declared that "only in the development of that strength can there be any peace, or any security, for us as individuals, and for America as a nation."

### New Gym Fashions For Boys Are In Order

In a recent conference with Mr. Matt, the teacher of gym classes at Newark High School, he expressed to us his reasons for requiring a new gym "fashion" composed of white shirt, white gym shoes, and white socks. Included in his reasons were two which he considered most important: cleanliness and uniformity.

There has been some discussion of the new "fad." Some boys who had bought gym supplies during the summer are now not allowed to wear their equipment because it may be blue or brown instead of the required white.

Although the idea is new and some do not agree with it, it has its good points. Perhaps this is the turning point for boys' gym fashions at NHS.

### Our Trip To New Castle

Our fifth grade class took a trip to New Castle on Oct. 31. First we went into the Old Dutch church. Some of the floor is brick. There is a marble stone in honor of a preacher who preached there in 1707. We went across a cobble stone street to the Immanuel Church. This is an Episcopal church. There is a cemetery outside the church. Inside is the grave of Robert Clay, one of the preachers. Again in this there is some brick floor.

After that we went to the Amstel House. There is a big green umbrella that belonged to George Read's son, William Read. This is about 110 years old. In one room George Washington had been a guest at an important wedding. After that we saw the Dutch House. In it we saw very old rooms, old dishes, furniture, two bedrooms, and a kitchen. The kitchen floor was brick. There were skins on the floor in the living room and dining room. They had very winding stairs and small rooms. There was a very old Bible and old glasses. The garden was nice.

In 1662 New Castle was settled. In 1951 New Castle will be 300 years old. I enjoyed the trip very much.

## Jackets Trample Mt. Pleasant; Favored Over A. I. DuPont Sat.

**Knights Swept Aside, 33-6, As Jackets Continue Streak; A. I. DuPont Seen As Toughest Assignment Remaining On Newark Schedule**

Newark High's high-flying Yellow Jacket grid team, one of the three remaining unbeaten schoolboy elevens in the state faces what looms as the toughest assignment remaining on the schedule this Saturday, when they tangle with A. I. DuPont. The kick-off is set for 2 p.m. on the DuPonters' gridiron.

The Jackets' overwhelming, 33-6, victory over Mt. Pleasant last Friday took them a step nearer the mythical state crown. Only rivals for the honor are St. Andrews and Bridgeville. Although both are unbeaten, neither has faced opposition as stiff as Newark's.

Past records point to another Jacket victory this Saturday, but the Kennett Pikers may prove fate's choice to pull over the ever threatening upset. A. I. has a veteran club, which hasn't been able to find itself yet this season but may suddenly move into high this Saturday. So far the DuPonters have dropped contests to Laurel, Wilmington High and Salesianum and boast wins over Mt. Pleasant and Conrad. Their leading scorer, Ronny Buchanan, is always a threat on the gridiron.

Newark came through the Mt. Pleasant fracas without serious casualties. Bunny Blaney, the county's top point producer, accounted for two of the Jackets' five TD's. His blocking mate, Earl Schaan, gave some powerful assists in the backfield, throwing two outstanding blocks that flattened their human targets.

Following is an account of the game by Jim Seydell, a member of the journalism class at the Newark High School:

"Newark's powerful eleven chalked up their sixth victory last Friday night on the Bellefonte gridiron. The Yellow Jackets scored in every quarter to defeat the Green Knights of Mt. Pleasant by a score of 33 to 6.

"Newark's first touchdown came in the opening minutes of the ball game, when Donnie Thorpe, the Jackets' defensive lineman, hit a Knights' back and caused him to fumble. The ball was recovered by Jim Bueche on the 20 yard line. Three plays later Earl Schaan crashed over from the one yard line. Bunny Blaney converted. In the same period Don Umbrecht, a Knights' back, scooped up a Newark fumble and raced 65 yards for Mt. Pleasant's only touchdown. Mt. Pleasant's point after touchdown pass was not good.

"Bob Bontin's interception made way for Bunny Blaney's 45 yard yardstick run. Blaney also kicked the extra point.

"Mt. Pleasant took to the air, but not for long. Andy Murphy intercepted a Mt. Pleasant pass that stopped their attack.

"Newark struck again in the third period when a touchdown drive carried them 57 yards. Hank Correll scored from the six yard strip. Blaney's extra point was good.

"In the final quarter Dave George bootlegged over from the six to score Newark's 4th touchdown. Blaney's try for the point after touchdown was wide. The final touchdown was scored on a pass from Correll to Blaney. Again Blaney's try for the extra point was wide. The last play was a pass from quarterback Andy Murphy to Bill Knotts as the gun sounded."

### Dynamo Dairying In New Castle County

The modern dairy cow depends upon the electric dynamo, says Edward H. Schabinger, New Castle County Agricultural Agent. High quality milk production now relies upon dependable electric power facilities than ever before.

"This is because the largest volume of milk is produced in regions where rural electrification from high lines is predominant. And Delaware is in one of these regions," says Mr. Schabinger.

Mr. Schabinger gives the farm of William Naudain of Newark as an example. Mr. Naudain keeps his milk production up and his labor down by using many electrical devices. He uses electric fences, electric switches for lights, fans, water levels in drinking cups, mechanical barn cleaners, milking machines and controls, electrically controlled milk coolers and electric hot-water heaters in the milk house.

## Friends Defeats NHS Varsity Hockey Team

The Newark High hockey team's first defeat came recently at the hands of Friends School on the latter's field.

Marsh, center, and Burr, right inner for Friends, scored during the first ten minutes of the game. Newark got on their defensive and kept the score unchanged at the end of the first half.

During the second half Friends' Marsh broke through and drove one. Burr followed with two more to make the score 5 to 0 in Friends' favor.

Friends' Jr. Varsity took the game from Newark's Jayvees at a 2 to 0 score. Goals were made by Carter and Alexander.

Newark held A. I. DuPont to a 2-2 tie on Nov. 2.

The scoring was all done in the first half by A. Tierney and June Moore for Newark and Wallace for A. I.

S. Klahr and E. Davis, Newark's left wing and center, brought the Junior Varsity through with a 2-0 score over dupont's J. V's.

### Two Girl Scout Leader Workshops

About 20 women, 15 from Newark and the remainder from Wilmington, Elsmere and Odessa, attended a recent Girl Scout leaders workshop here.

In two sessions at the Century Club, the women received instruction in the making of baskets from local grasses, the fashioning of dolls on wire and hints on the wearing of belts.

### Pedestrian Accidents Due To Carelessness

"My feet are killing me!"

Do you realize how literally true that can be if you walk carelessly? It is literally true for about nine thousand pedestrians each year. And while some victims are struck down by reckless drivers, studies show that three out of four pedestrians involved in traffic accidents were violating a law or committing an unsafe act. You can keep out of the grim statistics on pedestrian accidents by conscientiously observing a few common-sense rules as outlined by the Delaware Safety Council.

### HOW TO BE AN ACE

on Party-Line Telephones

You'll rate tops with your party-line neighbors if you'll follow these two brief suggestions for party-line courtesy:

1. When you start to make a call and find the line in use, hang up gently and give the other person a few minutes to finish his call.
2. When, while talking, you realize that your neighbor is waiting to make a call, hang up in a few minutes and free the line.

Little courtesies, yes... but they pay big returns in better service for everyone on the line.

## Blue Hen Eleven Facing Bleak Wind-Up To '50 Grid Campaign

**Washington And Lee, Southern Conference Leaders, Strong Bucknell Bisons Next on List; Generals To Invade Wilmington Park Saturday**

With the Washington and Lee Generals and the potent Bucknell Bison coming up in one-two order, the University of Delaware gridgers, routed Temple University, 39-0, last Saturday at Philadelphia, face a bleak week to the 1950 season.

The Generals, who move into Wilmington Park Saturday, are currently leading the Southern Conference. Their only defeat was by single digit downs to Virginia and Tennessee.

The General's field general will be Gil Bocetti, master manipulator of the split-T.

### Final Greener Pasture Award Is Set For Nov. 17

The final Greener Pastures award will be made by Governor Elbert N. Carvel at a state-wide evening meeting, November 17, it was announced by Claude E. Phillips, Extension Agronomist at the University of Delaware recently.

This presentation of a silver coffee service to the state winner will climax the 1950 Greener Pastures campaign in Delaware. All pastures enrolled in the contest were watched and checked throughout the summer. The final judging in the counties was made the last week in September. Since then the state judging committee, composed of C. E. Phillips, William H. Mitchell, Asst. Extension Agronomist, and Delmar J. Young, Extension Dairy Specialist, have met and decided on the state winner.

At this same meeting there will be an open discussion on the lessons learned from this year's campaign. Plans for the 1951 contest will be made. All interested in the campaign are invited to attend the meeting. It will be held in or near Dover, about 8 p.m. The exact place and time will be announced in the near future.

## Region Women Will Train Members For Hospital Work

**Daniel Auxiliary Will Step Up Aid To Hospitalized Vets**

Training of additional volunteers in duty in veterans hospitals will be given by American Legion Auxiliary, according to Mrs. William A. O'Daniel, chairman of the unit. The increasing number of war veterans requiring hospital treatment has increased the need for auxiliary hospital workers, she stated.

During the past year the American Legion Auxiliary has had 8,831 volunteer hospital workers on duty in Veterans Administration hospitals in all parts of the country. These women, trained for their work, gave a total of 32,383 hours to hospital service during the year. They performed a wide variety of services for the hospitalized veterans, contributing to the comfort, cheer and recovery of the hospitalized men.

Experience has proven the value of the auxiliary's hospital volunteers and they are planning to increase their numbers. Mrs. Swan said. "The women come from Auxiliary Units located near the hospitals and all are given a training course before being assigned to duty. They can be recognized in the hospitals by their distinctive uniforms adopted nationally last year. They find the work very interesting and rewarding, and give much time as they can spare to hospital service. During the past year 17 of them qualified for a gold stripe on their uniform sleeve, showing that they have served 1,000 hours in the hospitals."

Training courses for new workers will be conducted at the V.A. Hospital, Elmore, in October and November. Qualified auxiliary members living near enough to the hospitals to perform regular duty there will be employed for training. We expect to have more than 10,000 trained volunteers serving the hospitalized veterans during the coming year."

## Parents Invited To U. of D. Parley Dec. 9 On Reading

A conference for parents, to discuss what they can do to help their children in reading, is being arranged by the University of Delaware's reading clinic for Saturday, Dec. 9.

The conference is planned to achieve the following objectives: To improve our understanding of children; to help promote harmonious school-community relationships; and to foster better living through renewed faith in cooperative, democratic action.

The conference will be an all-day affair, starting at 9:30 a.m. in the auditorium of Wolf Hall on the Newark campus, and continuing until 3:30 p.m. "Anyone who is interested is invited to attend," said Dr. Stauffer. "We expect to have parents, teachers, educators, and other adults in the community present. Residents not only of Delaware, but of the neighboring states, are invited."

## N.Y. Critics Butt Of Hoax By Hart Prior To Opening Of Play

In Moss Hart's harum-scarum comedy, "Light Up The Sky," which opens in Mitchell Hall tonight. It is the critics who unite Broadway footlight folks trying out a new play in Boston. Until the critics rave reviews convince them that they have a hit, these show people heap insults and invectives upon one another following the play's premiere. But though Boston critics serve as Hart's deus ex machina in "Light Up The Sky," the New York critics were the butt of a delicious hoax perpetrated by Hart at the Broadway opening of his play.

In the playbill for "Light Up The Sky," Hart had ascribed the following "antique" lines to Old Skroob in "The Idle Jester":  
"Mad, sure? Ah, yes mad indeed but observe how they do light up the sky."

So accustomed had the critics become to reading quotations from Hart Crane and T. S. Eliot in their programs, inserted there by such a serious playwright as Tennessee Williams, that it seemingly did not occur to them that Old Skroob might be one of Hart's own creations, which is just what he was.

But the critics on New York's two leading dailies appeared to take Hart at his word. "The author has taken his text from a line in 'The Idle Jester,'" said Howard Barnes with a perfectly straight face in his Herald-Tribune review of "Light Up The Sky."

"The Idle Jester" and its benign author have so far escaped this department's careful research into the treasures of old literature," wrote Brooks Atkinson in the N.Y. Times. "Possibly Old Skroob was the patriarch of Skroob, England, from which Elder Brewster and the Separatists emigrated to Holland for religious freedom in 1609. This is only a guess. . . . He is a hard man to track down in the reference libraries."

It was not until several weeks after the opening of "Light Up The Sky" that Hart confessed that the idle jester of "The Idle Jester" was no other than Moss Hart himself. It would seem that this confession put an end to an awful lot of research in New York critical circles.

The line from "Old Skroob" certainly provides a good invitation to the loud, whirling pleasures of "Light Up The Sky," which will continue to play at Mitchell Hall through Saturday, November 11, under the direction of Mr. Herman Middleton, member of the Department of Dramatic Arts and Speech at the University of Delaware. This is a presentation of the University Drama Group players and includes in its cast: Geraldine Wyatt, Mina Press Brown, Major John E. Arthur, Captain George R. Anderson, G. Taggart Evans, Ervin Miller, Dr. Michael Kubico, Edwin Hein, and Chris Gantheume.

## LITTLE THINGS about the Stars

TELEVISION - RADIO - HOLLYWOOD

By GEORGE LILLEY

NEW YORK, N. Y.—What many critics called last season's best new radio show, "The Halls of Ivy," starring Ronald and Benita Colman, is back again, Wednesday nights, NBC. This one offers Colman as a serious-minded college president ("Dr. William Todhunter Hall"), Benita as his gay, vivacious wife ("Victoria"), one-time English variety star. The situation comedy, twinkling with wry, subtle humor, was conceived by a man with whom you probably are familiar, Don Quinn, creator of "Fibber McGee and Molly." Colman, an Academy Award winner, widely conceded to be Holly-

wood's most consistently reliable actor, long feared radio. The Jack Bennys broke the ice, inducing Ronald and Benita to make guest appearances on the Benny show. Then along came rolly-polly Quinn (five-foot-nine, 200 lb.), a man who never went to college, with his campus script. Looks now like the Colmans will be in radio for a while.

... "Dr. Hall" and Mrs. — "The Halls of Ivy."

## TV's THEATER

One of the few television programs offering films especially made for the TV medium is "Fireside Theater," Tuesday nights on the NBC-TV network. A year old, the program last season ran two short

features, usually bizarre and eerie, each about 12 minutes in length. This year the films run a full half-hour, consist of romantic dramas, comedies and thrillers especially written for TV filming, as well as adaptations of well known short stories. The features are being made at the Hal Roach studios in Culver City, Calif. Producing them for "Fireside Theater" is the television unit of many-handed Bing Crosby Enterprises, Inc. (movies, real estate, orange juice, breatholaters, et al.)

## "HOLIDAY'S" HOST

acts, dramatic guests and a permanent ballet headed by dance director June Graham. Starring singer is pert Betty Brewer, who books in from Hot Springs, Ark. Betty came around a year ago singing "Don't Cry, Joe," and everybody has been happy about her since. You know pretty well about Don. F. colleges claim him: Columbia (Llanque, Ia.), Marquette, Georgetown, Waco, Texas. He wanted to be a lawyer, turned out to be a top poker player and possibly radio's best liked master-of-ceremonies.

## 114,700 Served By Diamond Phone Co.

Employees Now Total Over 1,000

The Diamond State Telephone Company now serves more than 113,700 telephones throughout the state, J. Frank Cox, vice-president and general manager of the company, said recently.

"We're serving more subscribers than ever before and we're serving them all—not only by our own technical measurements of quality, but also by the all-important verdict of the public itself," he said.

Volumes of toll and long distance calling have been steadily increasing, he said.

The company has spent more than \$2,000,000 so far this year in building new plant to expand and improve the service in Delaware and plans to expand \$2,850,000 by the end of the year, he added. "This brings the post-war total to over \$14,000,000."

In discussing the many responsibilities of management, he declared, "the biggest contribution management can make to job security is to operate the business successfully—earn more than it spends—and keep moving ahead."

Only regular workers qualify for Farm Social Security, according to Willard T. McAllister, extension specialist in agricultural economics at the University of Delaware. McAllister explains that a calendar quarter is a three-month period ending March 31, June 30, September 30, or December 31. He says only cash wages are considered in the \$50 that must be earned during the last qualifying quarter-year. Rent, board, farm products, and other wages of this kind will not help farm workers qualify for Social Security.

McAllister reminds farm workers that they can be qualifying for Social Security now. If they work regularly between Oct. 1 and Dec. 31, they start getting Social Security credit when the program goes into effect Jan. 1, 1951. If workers have any questions, they should contact the three Social Security field offices in Delaware—Wilmington, Dover, Georgetown—or get in touch with their county agricultural agent.

### Customers' Corner

Our checkers have a difficult job. Some of them punch 20,000 cash register keys a week.

That's why we're so careful selecting and training those who operate our checkout stands.

We're proud of their well-earned reputation for efficiency and accuracy.

But despite their best efforts, honest mistakes may occur.

You will be doing them and us a favor if you will call their attention to any errors.

### A&P's Price Policy

• Storewide low prices on hundreds of items every day... instead of just a few "one-day" or "week-end specials."

• Advertised prices are guaranteed for one week, even though market prices go up. We believe this policy helps our customers save more money.

• With the correct price marked on every item, plus an itemized cash register slip... you know what you save at A&P.

## BETTER THAN A FEW WEEK-END "SPECIALS"...

**A&P's Storewide Low Prices on Hundreds of Items Every Day... Instead of a Few One Day or Week-End "Specials"**

A&P believes you have a right to save any day you shop—instead of only on special days or week ends. In addition to hundreds of storewide low prices every day, A&P guarantees all advertised prices for a full week, even though market prices should go up. This policy helps you save more on your total weekly food bill.

(Prices shown here guaranteed Thursday, Nov. 9th through Wednesday, Nov. 15)
