Teachers; Dean Penrose

Despite wet weather, more than 450 persons turned out for the first fall meeting of the Newark Parent Teachers Association last Thursday in the high school auditorium.

Highlight of the evening was the production and interviewing of 15 new faculty members by Dr. C. M. Olson, who used a microphone in order that the audience could hear the conversations. This novel method of interviewing the assembled parents with the school faculty proved highly interesting and entertaining.

The speaker was Dr. W. O. Penrose, of the school of education, University of Delaware, whose topic was "What the PTA Can Do To Improve School Affairs." Dr. Penrose suggested that a number of small committees be appointed to study various aspects of the school program in order to obtain an overall picture of the educational system here.

C. M. Cooper, PTA president, announced committee chairmen appointments as follows: Membership, Mrs. O. Skold; program, C. M. Olson; news and means, W. H. Fisher; hostesses, Mrs. H. H. Goddin; magazine, Mrs. C. M. Olson; homeroom mothers, Mrs. C. M. Cooper; safety, W. J. Wasserman; legislative, J. P. Sinclair; publicity, P. L. Stiegler; health, Mrs. D. Anderson; hallowe'en, H. H. Schaubert; school board liaison, R. L. Har-

Officers serving under Mr. Cooper are: First vice-president, Mrs. Skold; second vice-president, L. Miller; secretary, W. B. DeLong; treasurer, Miss Kay Kepler.

Reports were presented on the Day Camp held last spring; the organization of homeroom mothers, the PTA dance at the field house last spring; and the homeroom contest on PTA attendance. A prize for the latter is two dollars cash awards to the classroom with the largest percentage of parents at PTA meetings. This month's prize went to Mrs. Palmer's second grade section. The prize is highly sought after by the children, and parents are urged to attend in order to aid the competition. Following the meeting refreshments were served in the cafeteria by the committee of mothers of fourth grade pupils.

**County Red Feather
Drive Starts Today****Restricted House To House
Canvass Planned**

The 1950 Red Feather campaign opens today in New Castle County. In a radical departure from previous drives, no intensive house-to-house solicitation is planned in residential areas, according to county campaign officials. Only in new developments will canvassers go from door to door.

However, all business, plants, stores and offices will be thoroughly canvassed.

The new method is being adopted, officials say, because most donors prefer to give from their place of work in order to take advantage of payroll deduction plans and to be included in office or plant totals.

Statistics kept over the past four years indicate that only a small percentage of contributors give their donation from the home. Officials emphasized, though, that this applies only to long established residential areas. New home developments will be canvassed from door to door.

The first event will be the annual Hallowe'en Mardi-Gras, formerly sponsored by a special town committee. Details on this year's program will be outlined soon, Sposato said.

A final report on the six-week summer project, released this week, indicated that the rejuvenated program, which included playground activities, swimming classes, soft and hardball leagues, and an arts and crafts class, had proved highly successful.

Most popular phase was the playground program, with some 500 youngsters taking part for a daily average of over 150 at the three centers. Total attendance was 6,141.

The swimming classes drew a total enrollment of 41 youngsters, with 13 learning to swim, 10 passing the intermediate requirements, six the advanced tests and 12 the life saving qualifications. In charge were Mrs. Joanne Bauer and Arthur Mayer, both accredited Red Cross instructors. The combined instructional and recreation attendance at the pool was 4,527, with 830 of these representing instructional attendance.

Mr. Sposato will continue to serve as the program director until May, 1951.

**Gov't Danger Trends
Outlined To Rotary****Worth Steel Official
Addresses Club**

Trends dangerous to the future of our democratic government were pointed out to members of the Newark Rotary Club on Monday by P. O. Zwissler, manager, Industrial Relations, of the Worth Steel Company.

Zwissler quoted Abraham Lincoln as saying "You cannot strengthen the weak by weakening the strong." He went on to point out trends toward bureaucracy, increasing taxes, and increased government employment. He said that the average citizen works 12 weeks a year for the federal government.

"Good government," said Zwissler, "may protect the poor, but it may penalize others at the expense of human rights and prosperity."

Zwissler, a native of New York City who has studied at Trinity College, Harvard Law School, and Columbia University, has formerly been connected with the U. S. Steel Co. and the Sperry Gyroscope Co., and his own law practice. He came to the Newark Rotary Club through the Speakers Bureau, Chamber of Commerce, Delaware, Inc.

Booster Night at Union Grange No. 1 was a successful event. A covered dish supper was enjoyed prior to the program in charge of Mrs. Eulalia Dempsey. The program consisted of a talk by Worthy Master Dan Harris, piano solo by Betty Ann Greenplate, current events by John Miles, a skit by Gene Dempsey and Ralph Crossan, a pianologue by Mrs. Mary Wallace and Miss Catharine Dempsey. Vocal solos by Mrs. Alban Buckingham, National Master's message by Theodore Dempsey, State Master, and Mrs. Paul W. Mitchell were guests and spoke.

Union Juvenile Grange resumed its meetings Saturday. The youth planned projects for this fall, bird houses and home signs for the boys, tea towels, pot holders and decorated flower pots for the girls. On Nov. 18, the group will visit Harmony and will hold a Halloween party Oct. 28. The members re-

officers.

Booster Night at Harmony Grange attracted almost 100 members, guests, state and national officers. Mrs. Joseph Mitchell had charge of the program. Worthy State Master Paul W. Mitchell talked about the early members and paid tribute to Mrs. Elgarda Derickson, a charter member of 76 years, the 50 year and 25 year members. Solos, an essay, skits, a monologue, and a game comprised the program. On Oct. 2 a pumpkin and apple pie contest will be held at the "Ceres," "Pomona and "Flora" program.

Harmony rural school held its annual flower and vegetable show last week at the PTA meeting. There were over 50 exhibits. The Floyd Bradley medal went to Maryann Springer, who tied with Sallie Evans. Sallie was the winner of the 1949 medal. Prizes of pottery novelties donated by Mrs. Pliny Stewart, who with Mrs. William Duffy were judges, were won by Barbara, Robert, and Faye Cannon for vegetables; Sallie Evans, Joyce Cannon, and Sophia Springer for flowers. Ribbon awards were won by all the students.

Miss Mary Welch, Mrs. Zimmerman, and the Bellemers, all of Reading, Pa., were visitors on Sunday of the L. H. Penningtons.

Excavation work has been started on the new home of Mr. and Mrs. Harold Narvel on Limestone Road near here.

People are answering these 6 questions with the greatest demand in history for Chrysler-Built cars!

We can't put words in people's mouths, of course. And it seems we don't have to try...

Go to your friends who've bought Chrysler-built cars... and ask how they like them.

From our dealers everywhere we've had reports of owner satisfaction that exceed anything we've met in 25 years of building cars people like and respect, and buy again.

The reason why is simple and clear cut... throughout these cars we've taken industry standards a step ahead, and what we offer is the greatest built-in value in every Plymouth, Dodge, De Soto, and Chrysler car in our history.

If you haven't yet discovered this fact... come see our cars—drive them—compare them against all others for:

Fine engineering that means extra satisfaction in the way your car runs, handles, and stands up.

Design for people that gives you extra room for your head, shoulders and legs—full vision all around—a more comfortable, and more convenient, and safer car.

Fine materials that mean longer life in working parts and greater pride in the trim, appointments and fabrics in your car.

Careful workmanship that means tighter fit of parts, nothing left loose to rattle or fall apart, thorough checking so that every last detail will be right.

Beauty of appearance that is smart, modern, and enduring. Functional beauty that goes with the car's wonderful performance and outstanding inner value.

Dependable Service that increases the life of your car and your pleasure in driving it. Our dealers are men of character and ability—carefully selected for their integrity. And you can count on honest value in car care, trade-ins, and new car purchases when you deal with them.

People soon learn where there's extra dollars' worth. And the record demand for Chrysler-built cars shows where they've found it. Your nearby dealer will welcome the chance to let a Plymouth, Dodge, De Soto, or Chrysler prove it to you on the road to your own satisfaction.

At the recent meeting of the London Home and School League, it was suggested that each member make an effort to bring a new member to the next meeting. The league is open to every parent and to every child interested in the welfare of young people. Start your campaign for the person you plan to bring to the next meeting which will be at 8 p.m., Oct. 1.

The wings at Northbank were celebrated in place last Saturday by a committee consisting of Roy Smith, Ed Hixon, Bob Krause, and George Kalb. Now there'll be no more craniums, etcetera when youth-ling swimmers make the structure "get up and dance."

That "Christmas" tone in Irene San-ger's voice is there for a reason. Her mother, Mrs. Martha Prescott, is bringing these and Sandy's Jimmie for a visit. After a short stay, Grand-son Jimmie will head back to London for a few months.

The George Kalbs and the Morris Johnsons, plus Mrs. Prescott and Jim-mie, attended the DuPont Experimental Picnic at Rockford Park, Wil-kes-Barre, on Saturday.

Mr. Edgar Kimble plans to drive to his cousin, Mrs. Bessie Overly, at Elmville, Tennessee, and Bristol, Virginia, for a visit with old friends. Kimble has some interesting tales to tell about that section of the coun-try, which is in the Smoky Mountains.

On this visit, Mrs. Overly will go to Florida, and Mr. Kimble will return to Kemblesville.

East Swain, Kemblesville, attended the Exposition at Springfield, Mass., last week in company with four other boys from Delaware. Frank Mercer, Agri-culture instructor at Newark High School, accompanied the group.

September 14 to 17 inclusive was an important three days in the lives of art and Karen Kalb. Grandpa and Grandma John Kalb took them on the trip to New York, where the group visited the Alexander Rihms, and vari-ous other relatives. Not least on the trip was the visit to the huge airfield, Wright Field.

The Bill Nichol home is really shin-ning these days, what with that new job, and all the spanking fresh paint. After teacher at Northbank, Mrs. An-ger (Grace) Ford, tells me that she did anything startlingly different during vacation, but did have a most enjoyable three week course during summer school at State Teachers Col-lege in West Chester, Pa. The course was in elementary social studies.

Mr. and Mrs. Albert Walker had a wonderful trip this summer, when they were down into Virginia for several days. Among the places they saw were Jefferson's home, Monticello, Harper's Ferry, the Luray Caverns at Luray, Virginia, and part of the way they travelled on the Skyline Drive. The Walkers saw friends in Washington, D.C. on the trip. We imagine Mrs. Walker will have some interested lis-teners when she describes some of those places to her students at Southbank.

Music is being brought to the South-bank students again this year by Mrs. George Jones, and Mrs. Philip Kraus. Art is being given a place in the Southbank curriculum on the third Wednesday afternoon of each month.

Mrs. Fred Klauck is presenting the opportunity for development in this direction to the children. Said young ones seem to anticipate Wednesdays as a treat, what with music or art in prospect for those afternoons. Thank you, Mesdames Jones, Klauck and Kraus!

Cliff Owen left recently with an advance party of four men, for Fort George Meade. The rest of the company, (923rd Ordinance, H.A.M.) left Sept. 22 for the Fort. Cliff will rendezvous with them on the road and escort them on into camp. Prior to leaving, Cliff has been guest of honor at numerous social functions over the past month.

We are sorry to note that Jean Hayden is bedded with a bad case of grippe, and Mrs. George Jones is caring for David, while Agnes Sanford is caring for young Marcia. We understand that Mrs. Poole, and Mrs. Mary Pierson have been in on that set-up in a helpful way, too.

Mr. and Mrs. Samuel Vible are "going places" with their new home in Strickersville, on the Lewisville Road. We understand that Mrs. Vible, the former Miss Francois, is opening a business in Newark. Good luck on your new ventures, Vibles.

Miss Gloria Francois, whose marriage to G. O. Drummond, from West Virginia is scheduled to take place shortly, is also to live in a new home being constructed next to her mother's and sister's places on Lewisville Road.

The population of Strickersville was recently increased by one when the Norman Halls became the proud parents of a second son. The two boys will be good pals, we feel sure, since "big brother" is only one and a half.

The Otto Drobeck's recently entertained Mrs. George Jones, and Mrs. Neva Cook at Avalon, N.J. We understand that the Drobeck's of Chamber's Rock Farms recently enjoyed a visit from their son Peter Drobeck, and his wife. Mr. Peter Drobeck teaches at Syracuse University.

One of the bigger recreational projects of this area is being revived for the 1950-51 season. The first session of the New London Bowling League took place September 21, and there will be a regular Friday night session at the bowling alley in Newark for the winter season.

Seventy-nine percent of Sussex county's farm income comes from broiler chickens.

YELLOWJACKET HIGHLIGHTS

A Column of News Contributed
By the Journalism Class At
Newark High School

Teacher of the Week Miss Ellen Fitts

If you happen to see a cute brunette who looks like one of our new senior girls walking down the halls of Newark High School, don't whistle—that's the girls' new gym teacher.

Her dark brown hair is cropped close to her head, her green eyes sparkle with lots of energy and she carries all 5-foot-3-inches of her with an airy spring.

Miss Fitts, born in Chester, Pennsylvania, and schooled at Overbrook, went to the University of Pennsylvania. During high school she took part in many sports and was captain of the lacrosse team. While in high school she decided to be a gym teacher because of her interest in sports. Her practice teaching was done at Haverford, Pennsylvania, and then she came to Newark High School for her first teaching job.

When asked her opinion about the activities of Newark High, she replied, "The Leader's Club is a very good idea but my muscles are a little tight after my first workout with the modern dance group."

Practice for varsity hockey was started a couple of weeks ago and Miss Fitts predicts a good season if the hockey field is ready for use in time for enough practicing. She thinks there is good material among the fifty girls going out for the team. She hopes to be able to have a swimming club this year also.

Miss Fitts spent her summer as a counselor at a camp in Maryland called "Happy Valley" where she taught swimming and tennis.

Football—Subject of Yesterday's Assembly

Newark High's 1950 football squad sponsored an Assembly yesterday in the high school auditorium. The plans were under the supervision of the football coaches Mr. Fred Sposato, Mr. Roman Ciesinski, and Roland Anderson, and Mr. Walter Matt, physical education director.

Speeches were made by each member of the squad. In addition, Henry Correll, 1950 captain of the eleven, and the coaches made short talks.

Newark's cheerleaders were present and participated in the "pop" program by leading cheers and school songs.

Bill Hawthorne.

Students Discuss Problems of Car Owners

At a meeting held at the high school on Wednesday, September 20, the problems involving students who drive cars to school was discussed with a previously appointed committee.

The committee composed of a group of school boys had been cooperating with Mr. Kutz in trying to settle problems arising.

A regulation requires students driving to school to leave cars parked during the entire day since the school is responsible for each student during the entire school day.

The committee of students decided that any student who desires to move his car during the day must have a note from his parents assuming full responsibility and relieving the school of an important responsibility.

Student of the Week Henry "Hank" Correll

"The team is going to go places this year," were the words of Henry Correll, captain of Newark's 1950 football squad, when he was interviewed by Thomas Burke and members of the Journalism class on Thursday, Sept. 21.

Hank, a senior, is president of the Hi-Y Club and is active in other school functions. He plays right halfback. His main interest is football, although he likes baseball and basketball.

Henry, a member of a family of seven, is interested in agriculture for a career. His favorite subject is plane geometry and his favorite food is fried chicken.

When asked to comment on Newark's school paper "Yellow Jacket Buzz," Henry said, "It's a good paper, but I don't enjoy the gossip column."

Henry spent the summer as a counselor at Camp Barnes in lower Delaware. He supervised campers in activities such as boating, handicrafts, and other types of play.

When questioned about the U. S. and the present war in Korea, Henry commented, "We're doing the right thing, I think."

Thomas Burke.

N.H.S. Cheerleaders Ready For 1950 Season

Last Saturday you saw girls in yellow blouses and black skirts leading the N.H.S. student body in cheers and helping the team on to victory. Now we're going to introduce these girls to our readers and new students. They are Kay Knighton and Jean Moore, co-captains; Helen Starky, Agnes Tierney, Mary Lou Strickland, and Ann Welton.

These girls will participate in school football assemblies and on the football field during the entire football season and other sports of the year. They practice cheers and songs on Tuesdays and Thursdays, under their new sponsor, Mr. Eugene Kelecheva.

Jackets Swamp Elkton In Grid Debut; Brown Here On Saturday

Newark Shows Impressive Form In Overwhelming Marylanders, 34-13; Sposato Expects Tougher Going Against Brown; Kickoff 2:15 P.M.

After romping over Elkton High, 24-13, in the season's opener last Saturday, Newark High's Yellowjacket gridgers, far from easing up the pace of practice drills, intensified their workouts this week in preparation for much stiffer competition this Saturday against Brown Vocational.

The Jackets will play host to the Bruins in the first home game of the campaign. The kick-off is slated for 2:15 p.m.

While local fans who saw the 1950 edition of the Jackets last Saturday were high in their praise of Fred Sposato's well-drilled aggregation and foresaw a "big season" for Newark, Sposato himself was still cautious about predictions. He pointed out that Newark was the pre-game favorite and that Elkton is less strong than usual this year.

Every man on the 33-member Newark squad saw action last Saturday. The Jackets shoved across their first touchdown in two plays after getting possession of the ball for the first time.

Sposato says he'll get a better line on his boys this Saturday when they'll be under sterner pressure. Brown will be out to avenge last year's 21-7 defeat at the hands of Newark and will bring with them an outstanding backfield threat in Joe Marra, a shifty ball carrier with a supercharge pair of legs. Marra is also a sprint star on Brown's track team.

The Jackets came through the Elkton fracas without serious casualties. Bunny Blaney sprained his ankle slightly, but Sposato expects him to be in shape for Saturday's clash with Brown.

Downfield blocking, the Jackets' major offensive weakness in pre-season practice, showed considerable improvement in the Elkton contest, according to Sposato.

However, another offensive "bug" showed up in poor backfield and line timing, which resulted in a number of backfield-in-motion penalties.

Following is a complete account of the Elkton-Newark game by Vernon Baker, a journalism student at Newark High:

"Newark kicked off to start the game and forced Elkton to kick after just four plays from their own thirty yard line.

"The Yellowjackets returned Elkton's punt to the forty. Earl Schaan smashed for a first down and from there Hank Correll went over and put Newark ahead 6-0. Earl Schaan's skillful toe made it, 7-0.

"The Yellowjackets again kicked off and again Elkton was forced to punt. After a few plays Bunny Blaney scored but a mate was off sides, and the play was called back. The next play Blaney scored again but once more it was called back on account of unnecessary roughness. The quarter ended with Elkton again being forced to punt.

"The opening moments of the second quarter saw Bunny Blaney go far to his right, leap into the air and throw a long pass to Henry Correll who scampered across the goal line to make the score, 13-0. Earl Schaan missed the extra point.

"David George, Dick Lawson, and Merritt Buchanan proved to be able replacements for Correll, Blaney and Murphy.

"Late in the second quarter Newark threatened again when Merritt Buchanan threw a pass to Dick Lawson which covered 30 yards to the 18-yard line. David George cracked to the seven when the half ended.

"Newark kicked off to start the third quarter and again the power of the Jacket line crushed any possible Elkton offensive. Newark took over the

Newark Nine Eliminated From Penn Mar Play-offs

The Newark AA was eliminated from the Penn Mar League play-offs last Sunday when they went down for the second time in a row before Kennett Square.

The Pennsylvanians overcame an early Newark lead to win, 7-3.

A statistical round-up on the season, including batting averages, will be published next week, according to Manager Leroy Hill.

NHS Band To Play At Brown Contest

The Newark High School Band will perform Saturday, Sept. 30 when the annual football clash between Newark High and Brown Vocational takes place here Saturday.

The band will add color and spirit to the game as the members go through their routines. First, they will march down the field peeling off in rows of threes. Later they will form three airplanes signifying the coming in of football season.

At the half the band will form, first, a heart and play "Let Me Call You Sweetheart." After that they will go into the formation of a small schoolhouse. All formations combined will make up a musical romance showing our love for our school and team. Coming out of the schoolhouse formation, the band will form an automobile showing that NHS' team is and will roll along.

Marshall Signs Up For Another Hitch In Marines

Sherdon W. Marshall, 25, son of Denny S. Marshall, 49 Center Street, was discharged from the inactive reserve and immediately enlisted in the U. S. Marine Corps in Baltimore, Md., recently for a period of three years.

Marshall served in the Marine Corps Reserve on active duty from October 1943 to July 1946. All his service was within the continental United States.

A graduate of Newark High School, he was employed by the Pennsylvania Railroad at Wilmington prior to his enlistment.

Private First Class Marshall has been transferred to Marine Corps Schools, Quantico, Va., for refresher training.

He is married to the former Betty Jane Yoder of Johnstown, Pa. His wife resides at 1410 Montgomery Road, Willow Run, Wilmington, with their two children, James, five, and Linda Ann, six months.

Hens To Face Avengeing Rams At Wilmington Park Saturday

Veteran West Chester Eleven Eager For First Win In Delaware; Loss Of Quarterback Guthridge Is Blow To Hen Offensive

Jolted, 21-0, in the season's opener with Lehigh last Saturday, the varsity of Delaware grid machine will be seeking to grind out the year's victory in the home debut Saturday night against West Chester State Teachers College. The kickoff is set for 8:15 in Wilmington Park.

The contest should be a bitter one, since Glen Killinger's Rams will be out to avenge three previous defeats. Packed with veteran talent, West Chester is pointing for a win. Their last two losses to the Hens were the only defeats the Rams suffered in their past two campaigns.

What's more, the teachers have yet to earn a victory over Delaware. Closest they came was a 7-7 tie in 1941 at the opening of the present series. In 1942, they went down, 20-0, and 1948 the count against them was 19-0.

Last year they came a little closer, throwing a scare into the Murraysmen by taking a 14-0 lead in the first half, only to go down, 27-14, as the Hens rallied in the final stages.

Wayne Schneider, tricky Ram quarterback, whose soaring punts kept the Hens on their heels last year, will be serving up more of the same Saturday. The Rams claim they are two deep in every position. Killinger plans to use an offensive and a defensive backfield.

The Hens, on the other hand, will not be in peak offensive shape, due to the loss of Frank Guthridge, number one quarterback, who suffered a fractured ankle in the early stages of the Lehigh game and will be out of action for at least a month.

The 150 pound bundle of courage went down under three Lehigh linemen on a quarterback "keep" play, and X-rays later showed a slight "green" fracture of the tibia bone.

The loss of Guthridge is a major blow to Delaware football hopes for the year. A crack passer and excellent field general, the little Charlotte, Vt., senior was expected to be one of the major threats in the new Delaware single-wing split-T attack. Replacing him presents a problem to Coach Bill Murray. Charley Smith, last year's quarterback, has been shifted to a halfback post this year and has himself been out of uniform for two weeks with a bad knee injury. Even if he is ready for the home opener against West Chester Teachers College this Saturday night at Wilmington Park, it is doubtful that he could master his old chores in a week. In all probability, the Hens will be without a quarterback for at least a month.

The school is one of a number established at various air bases throughout the United States by Lt. Gen. Curtis E. Lemay, commanding general of the Strategic Air Command.

Employ Handicapped Week, October 1 to 9

Employers Being Asked To Provide Openings

As a result of Congressional proclamation, the week of Oct. 1-9 has been set aside as National Employ the Physically Handicapped Week. Accordingly, Gov. Elbert N. Carvel has proclaimed National Employ the Physically Handicapped Week to be observed during this period, in Delaware, and again appointed Professor Raymond W. Heim, director of Delaware Vocational Education and executive officer of the Rehabilitation Division, as chairman of the Delaware Committee for this event. Mr. G. King, director of vocational rehabilitation, was appointed co-chairman.

During the next week, starting Monday, October 2 through Friday, October 6, there will be special hours for the enrollment of handicapped persons and the listing of, and placement into, job opportunities which, it is hoped, will be made available on the part of Delaware's many employers. The Wilmington office of the Vocational Rehabilitation Division, Concord Ave., and the Delaware State Employment Service, 6th & Shippen Sts., will be opened from 9 a.m. to 4:30 p.m. daily. In Dover, there will be special representatives at the Office of the State Employment Service from 9 a.m. to 4:30 p.m. on Thursday, October 4, and in Georgetown these representatives will be located in the State Employment Office from 9 a.m. to 4:30 p.m. on Friday, October 6. If handicapped persons are unable to report to these offices, they are requested to write to the Office of Vocational Rehabilitation Division in Wilmington, or the State Employment Offices in Wilmington, Dover, or Georgetown, and a representative of the Vocational Rehabilitation Division will call at their homes.

How You Can Help
If you can employ a person at this time, or if you know of an available opening, or if you know a physical handicapped person who needs medical attention or job training, contact the Delaware State Vocational Rehabilitation Division at 11 Concord Avenue (phone Wilm. 5-3331) or any Delaware State Employment Office.

30,000 Polio Cases Predicted This Year

The National Foundation for Infantile Paralysis now expects 30,000 cases of polio this year, instead of the 25,000 previously estimated.

Some 2,138 new cases were reported last week, bringing the year's total so far to 17,370. If the 30,000 figure is reached, it will be second only to the 42,173 last year.

Student Council Members Installed Bueche Is President

At the second high school assembly of the year, held on Wednesday, September 21, officers and representatives to the 1950-51 Student Council were installed.

After President James Bueche was duly installed by Mr. Frederick Kutz, principal, he in turn inducted the other class and homeroom officers. Kay Knighton was installed as vice-president; Patricia Meade, as secretary; and Jane Clark, as treasurer. Each gave a short address covering the subjects of school activities, functions, and responsibilities of both the Student Council members and every student of the school. Following these addresses the remaining members of the Council were administered the oath of office by their president, James Bueche.

Following the swearing in of the Council members James Bueche presented the sportsmanship awards which were offered last year at the close of school. Each homeroom chose two persons, a boy and a girl, who in every way represented the ideals of a good sport. The following certificates were awarded by James Bueche:
